Other scenes in Snow film show the African camel an onery and tempermental cuss; fighting antelopes as dangerous as their smaller cousins are inoffensive, wise baboons and fearful chimpanzees. The old natural history lore, together with studying the behavior of captives in Zoos, resulted in a number of incorrect impressions which an actual Jungle film dispels. After seeing the belly-crawling, slinking lion, the stampeding elephant herd, the wild camels, the dangerous oryx and bush bucks, and the skilful manner in which the simian mother protects her young, the more thrilling fact replaces the outworn fable.

COMMISSIONERS' COURT IN SPECIAL SESSION

Decides to Continue Dipping Until October 1st.

Commissioners' Court met in special session yesterday and decided to continue dipping operations in this county until October 1st, when final action will be taken to either continue the work until the county has been released or cease dipping altogether.

It had been decided at a previous meeting to cease dipping September 12, and an order entered to that effect, but it was deemed advisable to continue for awhile longer at least and try to devise means of financing the cleanup campaign to the finish. Inspector E. J. Murray has taken chargo of the work in this county and will continue along liberal lines until final action by the commissioners. It will come over from Hondo every few days to assist in every way he can.

The county is out of funds to continue dipping operations and unless some plan of financing the clean-up work it is bound to suspend, when, it is claimed, a rigid quarantine will be thrown over Bandera county and stock will not be permitted to be moved.

DEMOLISHES FINE AND BREAKS DISHES IN THE SAME PLACE

Demolishes Fine and Breaks Dishes in James Cox's Home

The belief that prevails that lightning will not strike twice in the same place was shattered last Monday afternoon when a bolt struck a brick flue on the Fitzgerald building and passed into James Cox's living rooms in the upper story of the building, where a kitchen safe containing dishes was shattered, the dishes broken and spoons, knives and forks mutilated. The bolt demolished the brick flue. About a year ago a bolt of lightning struck a corner of the building and passed into Mr. and Mrs. Cox's apartments, but only slight damage was done at the time.

Arranging a Musical Concert

Preparations are being made for a grand musical concert at the St. Joseph's School auditorium in the very near future. Artists from San Antonio will be presented, among them being some of the musicians who rendered such an excellent program over the WOAI radio last Tuesday night. The date will be announced later.

Local Laconics From a Lovely Land

A fine rain fell here Monday.

T. H. Phillips and little daughter, Joyce, were Kerrville visitors last week.

Mr. and Mrs. Loyd were in Medina Saturday.

Miss Robison is visiting her aunt, Mrs. Whitson Justice.

Will Parker and Enoch Moffit have started shearing goats.

Mr. and Mrs. Cleek will leave this week for San Antonio where they will make their home for awhile.

Ed Hinds took a bale of cotton to Fredericksburg last week to be ginned.

Mr. and Mrs. John Dale and daughter, Miss Pearlie were Medina visitors last Tuesday.

Miss Jewell Wilson was the guest of Miss Sylva Keese Monday.

A singing was enjoyed at V. W. Cleek's Sunday night.

St. Joseph's School

St. Joseph's School opened in the new building Monday, with three teachers present. Eight grades will be taught, the curriculum being the same as in public schools. New equipment is arriving for the new school building, which includes pressed steel desks and within a short time it will be fitted up in proper shape. Nine months term will be taught.

School Opens

Bandera High School opened Monday morning with full faculty present. Mrs. Butler of San Antonio, is principal, and Miss Donna Fryekburg, Miss Evelyn Watkins, Miss Hattie Freckburg and Miss Laura Mae Thetford are assistants. School starts off with very encouraging prospects, and it is freely predicted that the term will be successful in every way.

E. J. Murray and W. A. King, tick inspectors, were here from Hondo Tuesday, trying to discover the whyness and wherefore of the elimination of tick elimination in this county.

The New Era sanctum was brightened by a visit from Mrs. J. A. Head last Tuesday. We appreciated the call, not only because we were glad to see Mrs. Head able to be about after an illness of several weeks duration, but also because we feel honored to have a pleasant chat now and then with our pioneers and Mrs. Head is one of them. She did not get to attend the old settlers' reunion during the county fair on account of being seriously ill at the time, but is looking forward to the big reunion that will take place here next May, when she hopes to see all of her old friends.

Miss Stella Coughran returned from San Antonio, Tuesday.

WHY NOT BE INDEPENDENT?

Abraham Lincoln is one of the most outstanding examples of what a man may make of himself if his desire to succeed a great enough. It is within the power of any person who earns to have financial independence — in time. One doesn't need to be much schooled to save at he needs to teach himself how to spend. It is seems so easy to treat one's self to that temporary, tingling exhilaration of spending five dollars for something he thinks he wants, than to feel that permanent, solid feeling of independance that comes with its denial and saving that five spot. Future comfort and prosperity will live and grow in the savings account if you start now.

We pay 4½ per cent. interest on savings.

A Pioneer Teacher

Among the visitors to Bandera this week were L. H. Bucey, of Fort Worth, and Mr. and Mrs. Lee Bucey of Center Point, who spent Tuesday and Wednesday here with Mr. and Mrs. W. H. Fitzgerald. Mr. L. H. Burney taught school in this county forty-five years ago, wielding the birch and teaching the young idea how to shoot in the little rock school house known as Lone Star, sometimes called Dugout. He has been here to see some of his former pupils, Mrs. Harriet Chipman, Mrs. Frank Barnes, Mrs. E. Buck, Mrs. John Offiff, Mrs. N. Lewis, John Ross, Mrs. J. A. Head, and others, all of whom were delighted to once more greet their old schoolmaster. The Burney brothers called and spent a short time in the New Era office, and they say they are coming again, perhaps to the Old Settlers' reunion to be held here next May.

Miss Margaret Schoenert returned to San Antonio Tuesday after spending a few weeks with her parents, Mr. and Mrs. W. E. Schoenert She will accept a position as stenographer with a business firm there.

Miss Loris Faris came up from San Antonio to spend Sunday with homefolks.

Talk Bandera's resources to every stranger you meet. Tell him about our wonderful climate, about our abundant water supply, about the possibilities for development here. Be a booster for your own home town.

Our neighboring city, Kerrville, is getting a lot of good advertising these days. Kerrville has a live commercial club, and they are doing things over there. And results are already apparent in the steady growth of that town.

Never mind what you think of the Ku Klux Klan, or the Jewish race, or the Knights of Columbus or the situation in Morroco. If you are 100 per cent American and a 200 per cent Banderian you will attend the meeting at the Cox Opera House Monday night.

Is it to be a debate between a Ku Klu Klan and the Knights of Columbus for the benefit of the Jewish Relief Society of the Freedman's Aid Bureau? Better attend the meeting at Cox Opera House net Monday night and learn something that will interest you. Every citizen of Bandera county urged to be present. It's free.

The summer vacation season has passed, and about all the campers along the Medina river have returned to their homes in the cities. To them it has been a great boon to come out into these hills and pitch a camp along the beautiful Medina river. They are all coming back next year, and of course, others will come with them.

When the Lord made this glorious region He made it so that the inhabitants could dwell here in happiness. He made some of it suitable for farming, and some of it suitable for stock raising. And that is the best combination for any country. If all the land here was level and smooth only farming would be followed, whereas every farmer has a few cows, or sheep, or goats or hogs to run on the rough land. If he hasn't, then he is not taking advantage of the range the Lord placed here for him.

A. P. Kehoe and J. M. Hunter of Bandera, were in town last Friday and paid the News office a visit while here. Mr. Hunter is quite a booster of the Bandera New Era, a splendid newspaper, and one that reflects credit to the town in which it is printed. He informed us that he will begin the publication of a magazine in this month, which will be devoted to early Texas History, and as this part of the country played an important part in the making of such a history, we can expect some very interesting stories in the very first issue. "The Frontier Times" will be the name of the new publication, and it will be published monthly. —Center Point News.

In 1869 we started in business in a small way. Our business has increased with leaps and bounds and we are now probably the largest retail store in Texas. Nearly 50 years without a failure.

"There is a Reason"

Ford News Story

The first of the new type Ford cars which recently arrived in Bandera, are now on display in the show room of the Herpel Motor Co., Ford dealer.

The higher radiator, now standard in all Ford types, has brought a general improvement throughout the entire line and a new radiator apron blending with similar apron effects in the fenders gives the front of the car a highly finished appearance.

The Touring car shows a decided improvement having a more streamline effect. It is low, in appearance, a feature adding much to the attractiveness of the slanting windshield and one-man top.

The Ford Runabout is likewise much improved and looks more sturdy.

The Coupe is entirely new in body and construction. There is a more trim exterior appearance, more comfortable seating arrangement and greater luggage carrying capacity. From the dash there is a graceful sweep in the cowl to the radiator. The doors are wide and heavily framed. A larger compartment at the rear gives increased room for luggage and the new type fender is more secure. Ventilator in the cowl and a visor over the windshield add to the exterior appearance, effecting a high quality aspect.

Interior arrangement is most convenient and the upholstery is choice. The seat is deeply cushioned and the cushions are divided making it easy for filling the gasoline tank which is under the seat. A small recess at the rear of the seat is handy for small parcels. The door windows are equipped with revolving type window regulators permitting any desired ventilation. Doors are provided with locks.

The higher radiator has greatly enhanced the beauty of the Ford Four-Door Sedan. The car, highly popular since its introduction a year ago because of its low graceful lines, now presents a more sturdy appearance.

Another feature coming as the result of the change made in the front of the car, including larger cowl, radiator, and hood, is that occupants of the front seat are afforded more space, thus insuring added riding comfort.

Many other little improvements and refinements are noticeable by including revolving type widow regulators for all door windows and a dome light for illuminating the interior.

The new cars will be on display at the show rooms of Herpel Motor Co. for the next few days.

Staggered!

J. M. Hunter, editor of the Bandera New Era, went on an alliterated jag last week and the front page of that newsy paper carried the following headlines: "MEDINA MISSIVES— Minor Mention of Miscellaneous Matters, Methods and Manners," "TARPLEY TOPICS— Tersely Told, Typographically Tendered and Tolerably True," "VANDER POOL VISIONS—Voicing Views of Very Valuable Vocations, Visiting and Vacationing," "TUFF TIDINGS—Timely Topics Telling Tales of Truthful Tint," "WINAN'S CREEK WINDINGS—Warblings of Welfare and Welcome Wisely Written." And on the same page was a story about a jug of bootleg liquor disappearing at the Camp Verde Barbecue— Kerrville Mountain Sun.

We find a number of expired subscriptions on our list. We don't want to lose any of them, but if you fail to get your paper next week, better investigate the cause. The date of expiration is shown printed opposite your name on the margin.

How Bandera' Impresses a Stranger.

The climate is the principal attraction. The days, while warm at times, the nights are always cool and the weather at no time oppressive as in lower altitudes. There is never a night during the summer when a light covering is not needed before morning. Water for domestic purposes is abundant and healthful. The scenery is pleasing to the eye and while not so rugged as in other sections is beautiful in its rolling hills. The Medina river is a clear running mountain stream with deep holes and fishing for bass is fairly good. For those fond of this sport, and that proximity to the headwaters of Medina Lake, only eight miles distant, gives to the fishermen every advantage possessed by points near Medina dam. Camping places along the Medina river are ideal, the river banks being thickly lined with stately cypress trees, affording dense shade, and wide grassy slopes reaching back to the hills free of brush and undergrowth makes it appear like a well kept city lawn. Wide spreading live oak trees furnish abundant shade and add to the beauty of the scene. Nature has provided the grounds inside of Bandera limits for an 18-hole golf links, where the expenditure of a small sum of money on same would attract tourists from all over the state to indulge in their favorite pastime.

A flowing well at a shallow depth is said to possess wonderful medicinal qualities. Many visitors drink of the water and declare it have been greatly benefitted.

The people are kind, sociable, but not fully alive to the resources which this region possesses and which are lying dormant. More old men whose ages range from 65 to 96 years, can be seen on the streets of Bandera than any other community of its size in the state, and most of them have been here all of their lives, or the greater part of them. This is testimony as to the healthfulness of the climate.

The natural resources are many and varied in their quality. Cotton, corn, oats and the sorghums all do well. The settlers have devoted most of their energies to raising sheep, cattle, goats, hogs, horses and mules, and have paid little attention to agrieulture or horticulture. Here and there small farms have produced abundantly under crude cultivation. Peaches, pears, figs and apples can be seen growing and producing abundantly in many yards and gardens and receiving little care or attention. Grapes grow wild along the creeks. Flowing wells have been found throughout the valley at depths varying from 500 to 700 feet, and with a little assistance from a small gasoline engine can be made to water from 40 to 80 acres of land. Water plenty of water for irrigation during periods of drouth fruits and vegetables of all kinds can be grown in abundance the year round.

The formation immediately surrounding Bandera lies favorably for oil development. Polly's Peak, a noted land mark about 5 miles from town, is the center of a vast structure covering several miles. Outcropping rocks surrounding this peak indicate a perfect structure. Geologists have classified this formation as the lower cretaneous and the Pennsylvania series are supposed to be in reach at a depth not exceeding 1500 feet. In times of extreme drouth it is claimed that oil seepage appears in Bandera creek near this structure.

Bandera has not yet been discovered, though as it is away among the hills San Antonio is the nearest city, is scarcely aware of the existence of such a delightful retreat. A few adventurous spirits have penetrated its wilds and spent their summers here, enjoying the balmy climate and the beautiful surroundings, bathing in the clear deep water holes, shooting squirrels and fishing for bass and camping out under trees, or stopping in town at the hotels. The road from San Antonio to the Bexar county line is excellent, and then and stretch of three miles in Medina county is encountered. The balance of the road to Bandera is fairly good, but can be improved. Understand Medina county has appropriated the money to improve the gap through which the road passes and next year it is claimed the entire road will be in first class shape. When Bandera arrives and comes into her own she will be entitled to the designation of the Queen City of the Hills in the territory lying adjacent to San Antonio.

ROBS CALOMEL OF NAUSEA and DANGER

Medical Virtues Retained and Improved —Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated"-calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Any druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

Baptist Association at Ingram

The thirty-sixth annual session of the Medina River Association met with the Ingram Baptist Church Thursday evening, August 30 and continued until Sunday afternoon. It was preceded by the meeting of the Association of the Woman's Missionary Union. This meeting of the women was a great inspiration to all who were present and interesting. Among the reports that were given by Mrs. Faye Turley Parks gave a very graphic report of student life of the Woman's Missionary Training School at Seminary Hill, Texas and of its great blessing upon the lives of those who go there for training. Mrs. Parks and her husband return to Seminary Hill this week to take up the work again as students in the Southwestern Baptist Seminary and Training School. Mrs. J. M. Carroll of San Antonio, who is district president of the W. M. U. was present and in a splendid way presented the claims of the proposed Southwest Baptist Hospital.

The Associational sermon was preached Thursday evening by Rev. Scott, pastor of the Bandera Baptist church and returned missionary from China. He interested the assembly with a vivid description of South China.

Friday morning the Association was called to order by the corresponding secretary, Rev. S. F. Marsh, the modrator having moved from the Association. The following officers were elected for the ensuing year; S. F. Marsh, Junction, moderator. W. T. C. Briggs, Kerrville; corresponding secretary; R. H. Hall, Center Point, clerk and F. E. Garrett, Kerrville, treasurer.

The Association adopted the advanced plan of appointing committees for giving a report at the next Association in advance and not following Glonger the old plan of making this appointment at the seventh hour. This will give each committee ample time to gather such information as is needed, that the report may be really instructive and worth while.

The Ingram church entertained royally. Brother and Sister Earle, the pastor and wife, are a fine pair and seem to be doing a good work at Ingram.

The Association meets next year with the Turtle Creek Baptist church. Rev. B. L. Ray, pastor. The fifth Sunday meeting in December meets with the Center Point Baptist church.

One more church was added to the Association, which is Center Point Baptist church, organized and pastored by Brother Harries both of Center Point. We welcome this band of workers in our fellowship, which is second to none we know.

Trail Drivers' Reunion.

The Old Time Trail Drivers' Association will convene at the Gunter Hotel in San Antonio, October 4th and 5th. This date is that set for the Confederate Reunion, and although held at different halls, will afford an opportunity for pioneer cattlemen and the old Confederate veterans to get together after sessions and exchange reminiscences. Many are likewise members of both organizations. George W. Saunders, president of the Old Time Trail Drivers Association, arranged the meeting with the above mentioned object in view, and states that in all probability the meeting this year will surpass all past conventions of the association. He is arranging a pleasing program for the entertainment of the members.

There is going to be a meeting at the Cox Opera House next Monday night that will be of interest to every man, woman and child in Bandera county. You may not think you are interested, but you know you are, for questions that affect the very life of our community will come up for discussion, and if you are not there to voice your sentiments then you will have no kick coming if the community goes to the bow wows. You'd betted be there.

Boarders Wanted.

Two or three school girls wanted for boarders during the coming term.—Mrs. Lee Montel, Hamilton cottage.

Mrs. A. Meadows began teaching the Lone Star school last Monday morning. This school is over on the Julian, and is sometimes called Dugout.

An election will be held in the Pipe Creek and Deskin school districts on October 6, to decide if the people want to consolidate those two districts. Temporary consolidation is already in existence and school will begin at the Baptist church at Pipe Creek next Monday with Joy Tilley as principal and Miss Grace Sartorius as assistant.

Miss Colleen Ford, of San Angelo, is teaching the Winan's Creek school.

Delbert Hicks and sister, Mrs. Lee Mansfield, went to San Antonio Sunday, returning Monday.

Mrs. L. H. Tyler, of Belton, is the guest of her brother, Dr. John H. Erwin, and wife for a few weeks.

Will Hatfield, of Medina, has accepted the principaship of the Tarpley school and entered upon his duties there Monday.

Bays Atkins, who underwent a serious operation at a hospital in San Antonio a few weeks ago, was able to come home last week, and is steadily regaining his strength.

Misses Donna and Mona Mayfield entertained a number of their friends, with an ice cream social recently in honor of their friends, Miss Mildred Rouse, of San Antonio and Miss Anna Carpenter of Utopia. The guests were Misses Daisy and Sue Carpenter, Pearl Elam, Eratha Garison; Messrs. Bascom Johnston, Paul Garison, Clyde Elam, Archibald Driggs, Will and Marvin Hatfield and Billie Carpenter.

"Shine," the colored boy has put in a bootblack stand in James Lee's Confectionery. He has ruled that his "parlor" is to be run on a strictly cash basis. The other day a man known to be "slow pay" dropped in to have his shoes shined, and suggested to the colored boy a desire to pay at a later date. "Shine" had some quick thinking. "I'se sorry, boss; I sho is," he replied, "but I jest kaint do it. You see, Mistah Adamson an' me done make a' agreement dat if I didn't lend no money he won't shine no shoes, an' I jest kain't break dat agreement."

Veteran Amasa Clark visited in San Antonio, Sunday.

Roscoe Hayes has gone to Pleasanton to enter school at that place.

Grandville Wright has moved his family to town for school purposes.

Miss Hughie Mayfield went to San Antonio Sunday for a few days' stay.

Miss Lossie Padgett has been employed to teach the East Verde school.

Misses Ruth and Irma Hicks are attending Main Avenue High School in San Antonio.

Charlie Moore has moved over from Hunt to his place on West Verde. Mr. Moore owns a ranch at Hunt also.

Miss Jessie Johnson has accepted the principalship of the Utopia school and entered upon her duties there last Monday.

Elmer Heinon was in town Monday and flanked us with a dollar and a half to keep the little old home paper prosperous.

H. E. Rambie, the Mason Creek ranchman, was a business visitor in the city Monday, and dropped in to enroll as a subscriber to the Frontier Times.

The next meeting of the Medina River Baptist Association is to be held at Tarpley. The next Fifth Sunday meeting is to be held at Center Pont.

Roy E. Rricards came in from Electra last Saturday, and will visit relatives and friends here for awhile before going to California to accept a position.

Miss Jennie Kirkland and Miss Mary Keese, popular schoolmarms of the Medina community, were here Friday, returning home from the teachers' institute at San Antonio.

Mr. and Mrs. Mark Davenport have returned from a business and pleasure trip across the Rio Grande into Mexico in the region of Piedras Negras. They spent several days in that region.

Ed Herpel of the Herpel Motor Co., was over from Boerne Monday to deliver a new Ford car to purchaser. Mr. Herpel is a live wire in our neighboring town and he is selling lots of Fords all through this section.

W. R. Fletcher and son Claude, made a business trip to Austin last week. While there they were the guests of John Smith, a former citizen of this county. Mrs. Smith and Marion Smith left this county several years ago and located at Melvin, where they have prospered.

W. A. Fitch, of San Antonio, spent a couple of weeks in Bandera, returning to his home last Friday. Mr Fitch was pleased with Bandera, and he saw many things while here that our own home people fail to see, namely, numerous opportunities to develop our marvelous resources. He prepared an article for publication in the New Era and it will be found in another column.

Mr. and Mrs. Will Batto and daughter, Miss Leona, returned Saturday from Hondo where they attended the big fair. Mr. Batto purchased a couple of fine he will place in his fleck. He also registered goats over there which he bought a Red Duroc pig. Says he finds it does not cost any more to raise good stuff than it costs to raise scrub stock and he wants the best.

We are pleased to learn that Miss Margaret Montague, who spent some time in a Boston hospital, afterward going to Waterbury, Conn., to visit her brother, John V. Montague, has so far recovered as to be able to return home. She will arrive next week, accompanied by her sister, Mrs. Rose Gardiner, who has been with her during her absence.

Miss Sue Carpenter of Tuff, Miss Anna Carpenter of Utopia and Miss Mildred Rouse of San Antonio were visitors at the New Era sanctum Monday. These young ladies were on their way to San Antonio, where Miss Sue Carpenter will probably secure a position as a telephone operator. Miss Anna Carpenter is telphone operator in the Utopia office.

NOTICE OF ELECTION.

The State of Texas
County of Bandera

Whereas on the 8th day of September D. 1923, a petition was presented to me, for an election in Common School Districts Nos. 14 and 21 of this county on the question of Consolidation of said districts, and said petition bearing the requisite number of signatures of the legal voters of said districts, and being in every respect in conformity with law,

Now, therefore I, A. L. Mansfield, in my capacity as County Judge of Bandera County, Texas do hereby order that an election be held on the 6th day of Oct. A. D., 1923, at Pipe Creek school house in said common school district No. 21 of this county as established by order of the Commissioners Court of this County and of record in the minute books of said court, to determine whether a majority of the legally qualified voters of those districts desire to consolidate themselves into one Common School District to be known as Pipe Creek Consolidated Common School District No. 21. R. E. Buck is hereby appointed presiding officer for said election in District No. 21, and he shall select two judges and two clerks to assist him in holding the same, and he shall, within five days after said election has been held, make due return thereof to the Commissioners' Court of this County, as is required by law for holding a general election.

The ballots for said election shall have written or printed thereon the following:

FOR CONSOLIDATION.
AGAINST CONSOLIDATION.

All persons who are legally qualified voters of this state and of this county and who are residents of said districts shall be entitled to vote at said election. The Sheriff of this county shall give notice of said election by posting three notices at three public places in said districts for three weeks before the election.

Dated the 11th day of September A. D. 1923.

A. L. MANSFIELD.
County Judge, Bandera County, Texas.

MEDINA MISSIVES

Minor Mention of Miscellaneous Matters, Methods and Manners

Will Hatfield, who is teaching at Tarpley, visited homefolks last week-end.

Glenn Meadows and Earl Mansfield, of Bandera, were visitors here Sunday.

Marvin Hatfield and Bascom Johnston went to Tarpley last Sunday.

Miss Vivian Keese, of Rocky Creek, is the guest of her cousin, Miss Lois Tobey, this week.

Mr. and Mrs. Josie Justice visited Mr. and Mrs. Whitson Justice Sunday.

Mr. and Mrs. Hugh Saunders came up from San Antonio for a week-end.

Chem Mayfield and sisters, Misses Donna and Mona of Westrong were here Saturday and Sunday.

G. T. Mitchell has returned home from Port Arthur.

Miss Nell Robinson, of Crystal City, visited her aunt, Mrs. Whitson Justice, last week.

Mrs. Chapp Miller and children, of Uvalde, are guests of her parents, Mr. and Mrs. E. F. Tilly at Medina.

Miss Mildred Kelly, of Medina, will leave today for Austin where she will teach this winter in the public schools there.

The P. T. A. met Friday, September 14, at the home of J. A. Newcomer, and decided to have a banquet in December, the proceeds to go to the building fund. Ice cream and cake was served in honor of Mrs. Barnett Stiles, who left Monday for Austin.

Mrs. Barnett Stiles, accompanied by Misses Ethel Mandle and Mattie Mae Newcomer and Cecil Carr, left Monday for Austin where she expects to temporarily locate, taking with her the young ladies and young Carr. Misses Newcomer will enter high school and Cecil will enter the State University.

The Specialty Shop

Mrs. Alice Bolton announces the Fall Millinery Opening on Friday, September 22. A nice line of hats and millinery will be on display, as well as piece goods and dress patterns, of which she will carry a good assortment. The ladies of Bandera and surrounding communities are invited to call and get acquainted and see the display arranged for their inspection. The Specialty Shop is in the same building formerly occupied by Mrs. Stella Coughran.

The Kentucky Derby.

All sorts of thrills in suspense and excitement will characterize the presentation of "Thor Kop, Kentucky Derby" at the Bandera Theater tomorrow night. You can almost hear the clamor and feel the heart suspension of the last few seconds of a neck and neck finish on the race course. "The Kentucky Derby" is the year's melodramatic triumph, presented with an all-star cast including Reginald Denny famous hero of "The Leather-Pushers" series. Friday night Sept. 21. Usual prices.

A Bandera Enterprise

The establishment of a monthly magazine, the Frontier Times, in this town is a boost for Bandera. This magazine will circulate all over this state and will go into homes in distant states. It stands in a class by itself, for there is not another magazine in the world devoted to border history, and every copy that is mailed out from here will draw attention to Bandera, causing people to ask, "Where is Bandera?" Some will even consult their maps and directories to learn Bandera's location. The contents of the magazine will interest the boys and girls of the whole country, as well as the old folks, and we are hopeful that a wide circulation will be obtained. We have sent out several hundred of these magazines this week, and will continue to mail them out until the end of the month. If you failed to get one let us know. Better still, send in your subscription and get the twelve numbers. They will be worth the dollar and a half you pay for a year's subscription.

MARRIED

Mr. Renzie H. Bills and Miss Mary Hays were united in marriage at 8 o'clock this morning at the City Hotel, the ceremony being performed by Rev. E. A. Potts, pastor of the Methodist church. It was a quiet home wedding, only a few friends and the immediate family being present. After the ceremony the newly married couple departed for Sabinal where they will reside. The groom is a prosperous young business man of Sabinal, and the bride is one of Bandera's best girls. She is the daughter of Mr. and Mrs. C. R. Rugh, was born and raised here, and is loved by all who know her. The New Era extends congratulations and wishes Mr. and Mrs. Bills joy and happiness through life.

LITTLE BOY DIES FROM RATTLESNAKE BITE

Douglas Pingleton is the Victim. Passed Away Tuesday.

Douglas Pingleton, eight-year-old son of Mrs. W. M. Pingleton of Indian Creek community, was bitten on the leg by a rattlesnake last Sunday afternoon, while playing with other children in a pasture near his home. Dr. Butler was hastily summoned and treated the little fellow but to no avail, he died late Tuesday afternoon after suffering agreat agony. As he had been running and playing just before he ran over the snake and was bitten it is thought he had become heated, which caused the poison to rapidly circulate through his system.

Douglas was a bright lad, and a favorite with all who knew him. His widowed mother has the heartfelt sympathy of the entire community in the loss of her little boy.

Funeral services were conducted yesterday afternoon by Rev. R. F. Cuni, of San Antonio, interment was made in Bandera cemetery.

Mrs. Harriet Chipman spent a few days at the ranch this week.

RARE MUSICAL TREAT FOR BANDERA SEPTEMBER 29

Benefit Entertainment Will Be Given at St. Joseph's School

Miss Marie de Ham, well known dramatic soprano and famous trio composed of Mr. L. Pulipan, violinist, Miss Lucy Banks, pianist, and Mr. O. McCreless, 'cellist, assisted by Miss Victoria Montague, pianist, all of San Antonio, will appear in recital here at 8:00 P. M. on September 29th at St. Joseph's school auditorium.

The program selected for the concert here should please everyone, as compositions of classic origin, as well as familiar and well-loved melodies will be given music that makes it highest appeal; music humorous and sentimental to charm and delight the young and old, is promised for the evening's entertainment.

All who appear on the program have recently been heard over the radio and delighted their audiences far and near.

Miss de Ham, whose wonderful voice demands the highest praise, studied in the Boston Conservatory of Music, and has appeared in concert in different large cities of the United States, in addition to accompanying the violin and 'cello, she will also be heard as a soloist.

Miss de Ham's accompanist for the evening will be Miss Victoria Montague, who needs no introduction to Bandera, having been born and raised here. She is remembered as being an accomplished musician, who received her early musical education here and later studied in Chicago and Mexico. She also will be heard as a soloist.

This concert is to be given for the benefit of the new St. Joseph's school.

Sidney Harper Acquitted.

Eagle Pass, Tex., Sept. 5.—In the case of State of Texas vs. Sidney Harper, on trial since Monday morning, the jury Saturday afternoon after being out 48 hours, brought in a verdict of not guilty.

Harper was convicted in the District Court of Uvalde county last year of the murder of a negro boy born baby and sentenced to 99 years in the penitentiary. The case was appealed to the Court of Criminal Appeals and was reversed for a new trial, and on a change of venue was sent here for trial. This has been one of the hardest fought criminal cases in the annals of Maverick county and owing to the prominence of the defendant, has created widespread interest. Many people from Utopia and Sabinal, witnesses, friends and relatives, have been here all through the trial.—San Antonio Express.

Tell Your Community and Keep Telling 'Em

Every man, woman and child that has one cent of non-interest bearing and unsecured deposit in this bank has same guaranteed by the GUARANTY FUND SYSTEM of Texas—which system has a membership of over nine hundred Banks with approximately $65,000,000.00 Capital and total resources of approximately $225,000,000.00

This system has been in operation in Texas twelve years, under which plan no non-interest bearing or unsecured deposits has ever lost a single dollar.

This system has passed through one of the hardest depressions, following the World War, the country has ever known, and STOOD THE TEST and MET ITS OBLIGATIONS by paying 100 cents on the dollar.

Therefore this bank offers you absolute safety without a doubt or worry.

Mrs. Alice Bolton has purchased the millinery store from Miss Stella Coughran and took charge last Thursday. Mrs. Bolton is an experienced milliner and dressmaker, having been engaged in that line at Uvalde.

Pouring Profanity.

Great gobs of profanity has been poured out this week on that awful three-mile stretch of road between Medina County on the highway to San Antonio. The rains have made that portion almost impassable. It is said that the mud is all the way from a foot to three feet deep in places and it takes powerful motors to get through. It is a crying shame that the work of repairing that three miles of roadway is being delayed. We don't know who is to blame. Guess Bandera is to blame to some extent. It is said that the money necessary to build the three miles of road is available and could be expended. Some time ago State Highway Engineer came to Bandera and gave out the information that the work would soon be let. If funds are lacking to complete the work or if something is needed to meet the requirements our citizens should find it out and get busy and push the work to a rapid completion. Every day that piece of road remains in its present condition counts that much against our town.

WHY NOT BE INDEPENDENT?

Abraham Lincoln is one of the most outstanding examples of what a man may make of himself if his desire to succeed's great enough. It is within the power of any person who earns to have financial independence — in time. One doesn't need to be so much schooled to save as he needs to teach himself how to spend. It is seems so easy to treat one's self to that temporary, tingling exhilaration of spending five dollars for something he thinks he wants, than to feel that permanent, solid feeling of independance that comes with its denial and saving that five spot. Future comfort and prosperity will live and grow in the savings account if you start now.

CALOMEL OF SEA and DANGER

Medical Virtues Retained and Improved — Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel is by far generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objection able qualities which have here tofore limited its use.

In biliousness, constipation, headaches and indigestion, and in great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean level, purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the money as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

Bandera County Man Is Peace Officer.

The following article was recently published in an El Paso paper. The subject of the sketch, Mr. A. E. Hill, is well known to many of our people:

Policeman A. E. Hill has four bullet wounds, received in a battle with highwaymen, as marks of his El Paso police service.

It was while he was with the department in 1914 that he and other policemen received the call that the highwaymen had been traced to south El Paso. Hill and others followed them and were suddenly surprised by shots. He was shot through the abdomen, shoulder, hand and arm and spent several weeks in the hospital.

A few months later he was employed by the Santa Fe as special agent participated in the breaking up of a band of box-car robbers. Nine of the alleged robbers were surprised in a camp by Mr. Hill and a companion, one was killed and several were arrested during the fight which followed.

Mr. Hill was born in Bandera county, Texas, August 3, 1877, and lived there until he moved to to La Luz, N. M., in 1910. He farmed and ranched at both places.

Then he came to El Paso, was appointed to the police department, went to the Santa Fe and rejoined the police department in 1918. He has worked as a patrolman most of the time since. Mr. Hill is married and has eight children, four of whom are in school in Los Angeles, Calif. These at school are James, 17 years old; Alex, 15 years old; Abbie, 13 years old and Esther, 10 years old. Those at home are Sam, Hector, Estelle and Martha. The family lives at 3617 Manzana street.

Nothing Overlooked.

A salesman sold a bill of goods to a merchant in a small town. They were returned as not satisfactory. The wholesale house undertook to collect anyway and drew a sight draft on the bank at the merchant's town. The bank returned the draft unpaid. Then the house wrote the village postmaster and asked if the merchant was good for the amount of the bill. The letter was returned O. K'd at the bottom of it. Next the postmaster was asked to put the bill in the hands of a local lawyer for collection. The answer received by the wholesalers ran as follows.

"The undersigned is the merchant on whom you tried to palm off your worthless junk. The undersigned is also the president of the bank that returned your draft. The undersigned is the postmaster to whom you wrote and also the lawyer whom you tried to get to collect your bill. And if the undersigned were not the pastor of the local church, the undersigned would tell you to go straight to the devil."

Coming! The Frontier Times.

The ... of Frontier Times ... issued from the press, ... attains 32 pages of interesting frontier history and should meet with popular favor among those who love Texas. A copy of this magazine should be placed in the hands of every boy and girl who are studying Texas history at school because it will help them to gain a knowledge of the early days in this state when history was in the making. Frontier Times will be issued monthly, appearing about the fifteenth of the month preceding the date of issue.

As the time approaches for the opening of the hunting season the city fellows begin planning where they will go hunting. The report has gone out that turkey and deer are plentiful in the Bandera hills, and in consequence we look for hundreds of hunters to pour in here this fall. Our ranchmen should at once begin posting their pastures and put up bars to keep them out. Pass them on to the next county. The loss, resulting from stock killed during the past season will be remembered.

There seems to be some confusion as to who are elegible to membership in the Old Settlers' Association that is being organized in Bandera county. For the information of all we will say that any person who came to Bandera prior to 1903 and has lived here continuously ever since may become a member of the Association. There will be three classes of membership. In the first class all who have lived in Bandera county more than fifty years will be admitted and the badge will be a red ribbon. The second class will include all who have resided in Bandera county more than thirty years, and the bagde will be a blue ribbon. The third class will include those who have resided in the county more than twenty years, and the badge for this class will be a yellow ribbon. It is intended to make the membership dues for men $1.00. per year; lady members free. Two or three of the old timers have sent us money for their dues, which has been put to their credit. But we ask that no money be sent to us or to anybody else until the old settlers' association has been duly organized and officers elected. Send in your names and pay when somebody is qualified to receive same. It is expected steps for permanent organization will be taken early next year.

The Ethridge Real Estate Co. is receiving a good many inquiries in regard to real estate values in this section from parties elsewhere who are seeking a location. If your property is for sale, and you have it priced reasonable, list it with Ethridge and he will find the buyer for you.

It is mighty easy to start a report going, and when it gets started it is like a snowball rolling down hill. The further it goes the bigger it gets. Just whisper into somebody's ear that John Doe is a Ku Klux and the first thing you know he is a bleagle or some other high mucka-muck in the order, according to report. We doubt if there is an initiated member of the Ku Klux in Bandera, reports to the contrary notwithstanding.

Mass Meeting is Postponed.

The mass meeting scheduled to be held at the James Opera House last Monday night, had to be postponed on account of the heavy rains. The meeting will be held at a latter date, when matters pertaining to Bandera's upbuilding will be discussed. Considerable fun resulted from the call of the meeting. The report gained currency that it was a debate between the Ku Klux Klan and the Knights of Columbus, and another report went the rounds that it was called for the purpose of discussing the tick eradication work, and another report was to the effect that the school was to be cussed and discussed, while others contended that it was a road meeting. We had all sorts of telephone calls and inquiries as to the nature of the meeting. We regret that it could not be held at the time selected, but feel that it will take place and every man who love's his county's best interests will be there. It is for community welfare, community progress and the man who does not fall in front and pull is going to be invited to get behind and push. Get up and hustle for old Bandera, is the slogan.

NOTICE OF ELECTION.

The State of Texas
County of Bandera

Whereas on the 8th day of September A. D., 1923, a petition was presented to me, for an election in Common School Districts Nos. 14 and 21 of this county on the question of Consolidation of said districts, said petition bearing the requisite number of signatures of the legal voters of said districts, and being in every respect in conformity to law.

Now, therefore I, A. L. Mansfield, in my capacity as County Judge of Bandera County, Texas do hereby order that an election be held on the 6th day of Oct. A. D. 1923, at Deskin school house in said common school district No. 14 of this county as established by order of the Commissioners Court of this County and of record in the minute books of said court, to determine whether a majority of the legally qualified voters of those districts desire to consolidate themselves into one Common School District to be known as Pipe Creek Consolidated Common School District No. 21. O. E. Morgenstein is hereby appointed presiding officer for said election in District No. 14, and he shall select two judges and two clerks to assist him in holding the same, and he shall, within five days after said election has been held, make due return thereof to the Commissioners' Court of this County, as is required by law for holding a general election.

The ballots for said election shall have written or printed thereon the following:

FOR CONSOLIDATION.
AGAINST CONSOLIDATION.

All persons who are legally qualified voters of this state and of this county and who are residents of said districts shall be entitled to vote at said election. The Sheriff of this county shall give notice of said election by posting three notices at three public places in said districts for three weeks before the election.

Dated the 11th day of September A. D. 1923.

A. L. MANSFIELD.
County Judge, Bandera County, Texas.

Mr. Perner is a graduate battery mechanic, has had experience in this line, and will appreciate the patronage of the public.

dera County School

A friend of the school children of Bandera county has offered a set of school reference books to any school in Bandera county of for more than two teachers, under the following conditions; viz:

For an essay to be written on the following subject, "What Are the Most Vital Needs of the Schools of Bandera County Today?"

The essay is to be written by any pupil not above the 7th grade, and of not less than 200 words in length. The books are to belong to the school whose pupil writes the best essay. Three judges will be selected, and the essays must be in my office not later than October 27th, 1923.

A. L. MANSFIELD, Co. Sup't.

A Good Man Returns.

We are pleased to learn that our good friend, T. W. Click, has moved back from San Antonio to his ranch near Luna. Mr. Click moved to San Antonio a short time ago, but the lure of Bandera land was too strong—he had to come back. Oh, well, San Antonio can't hold a candle to Bandera when it comes to living conditions.

Tell Your Community and Keep Telling 'Em

Every man, woman and child that has one cent of non-interest bearing and unsecured deposit in this bank has same guarranteed by the GUARANTY FUND SYSTEM of Texas—this system has a membership of over nine hundred Banks with approximately $65,000,000.00 Capital and total resources of approximately $225,000,000.00

This system has been in operation in Texas twelve years, under which plan no non-interest bearing or unsecured depositor has ever lost a single dollar.

This system has passed through one of the hardest depressions, following the World War, the country has ever known, and STOOD THE TEST and MET ITS OBLIGATIONS by paying 100 cents on the dollar.

Therefore this bank offers you absolute safety without a doubt or worry.

THE FIRST STATE BANK

OF BANDERA

Meets With Popular Favor

The Frontier Times, issued last week, is meeting with popular favor wherever received. The many letters we are getting from people in all parts of the state indicates that our monthly magazine is going to be a welcome visitor in many homes. We printed 1,000 copies of the October number, and now that the supply has been almost exhausted. The November number of the Frontier Times will be issued about the middle of October, and if you want to be certain of getting a copy of it you should send in your subscription at once, as, within a very short time there will be no back numbers available. The contents of the November number will be announced in the next issue of the New Era. It promises to be even a better number than the first one. Sample copies are 15c each, regular subscription price is $1.50 per year, and worth every cent of it.

Schreiner Institute Opens

On Tuesday of last week the Schreiner Institute, preparatory school for boys, opened its first term, at Kerrville, with an enrollment of fifty-five boys. It is anticipated that before the term closes the registration will have reached 100.

The Bandera B. Y. P. U. rendered an interesting program at Pipe Creek last Sunday.

Fine Pears.

Mr. and Mrs. G. Hicks, and son, Delbert, were here from Tarpley Saturday, and Mr. Hicks came str ying into the New Era with a sack of the largest pears we have ever seen. They were of the Keifer variety, and some of them measured 14 inches in circumference and weighed about two pounds each. He says he has one pear tree that is 32 years old and it yields 25 bushels of pears every season. The pears Mr. Hicks brought us are of excellent flavor and very delicious.

Some of the leading ranchmen of this section have taken up the campaign of trapping flies on their places and the movement is gaining ground rapidly. Chas. Real has taken up the work at his ranch on Turtle Creek and is getting his neighbors interested. Some of the large ranches on the Divide have used traps with great success, and the hearty co-operation of all the ranchmen in the Hill Country would result in a great annual saving from the fly nuisance if it could not be abated entirely.—Kerrville Mountain Sun.

James Cox and Earl Gray went to Medina Lake one day last week and caught a nice string of fish. They very generously divided with the New Era editor, for which we are duly grateful.

WHY NOT BE INDEPENDENT?

Abraham Lincoln is one of the most outstanding examples of what a man may make of himself if his desire to succeed's great enough. It is within the power of any person who earns to have financial independence—in time. One doesn't need to be so much schooled, to save, as he needs to teach himself how to spend. It is seems so easy to treat one's self to that temporary, tingling exhilaration of spending five dollars for something he thinks he wants, than to feel that permanent, solid feeling of independenage that comes with its denial and saving that five spot. Future comfort and prosperity will live and grow in the savings account if you start now.

We pay 4½ per cent interest on savings.

VANDERPOOL VISIONS

Voicing Views of Very Valuable Vocations, Visiting and Vacationing.

Rev. O. J. Cole has returned from an extended trip to several points over South Texas, where he participated in revivals and held a protracted time. He preached at Vanderpool Sunday.

Miss Genie Love, one of the efficient telephone operators of the Sabinal exchange is spending the week with her parents, Mr. and Mrs. P. O Love of Mill Creek.

Ruby Haby, daughter of Mr. and Mrs. Thomas Haby of the Divide, is attending the Utopia school, and staying with her grandparents, Mr. and Mrs. Louis Haby.

Lynn Cooley and Curley Thompson have returned from a three months' sojourn in California.

Oscar Tamuke, of Utopia was a Vanderpool visitor last Sunday.

Pete Polvado, who has been in delicate health for some time, was taken to Utopia last week for medical treatment. He is reported to be in a serious condition.

We are glad to learn that Mr. and Mrs. C. M. Vaneleave have returned to our community to reside after spending several months in Sabinal. They are accompanied by their daughter, Mrs. Lee Bridges and little son, Thomas.

Elder O. G. Maltsberger and family departed last week for California. They have rented their place to Fayette Porter.

Mrs. Burtle Anderson and Mrs. Jack Anderson, of Tuff, were guests of Mrs. Henry Schemmelpfennig Saturday and Sunday.

Mr. Pruitt, a ranger of Del Rio, in this community, was accompanied by S. L. Humphries of Comstock.

Miss Grace Love is attending school at Sabinal.

The wedding bells have again pealed forth their chimes in this community. Mr. Josie Hans and Miss Etta Stapleton were married on Wednesday, September 19. The groom is the son of Mr. and Mrs. Nick J. Hans and the bride is the daughter of Mr. and Mrs. Henry Stapleton. Their many friends wish them much happiness.

Chas. Bauerlein, of Tuff, is in our vicinity visiting his sister, Mrs Jess Weed, who will accompany him home for a few week's stay.

Mr. and Mrs. Lee Briggs are rejoicing over the arrival of a fine boy on the 23rd inst.

Rev. O. J. Cole of Utopia, Miss Nellie Wood of Spicewood, G. M. Foster, Misses Hortense Casparis and Opal Clayton of Vanderpool, were guests at the home of L. S. Foster Sunday.

Another one of those successful meetings was held at the Vanderpool Baptist church, at the home of Mr. and Mrs. O. M. Clayton Saturday evening.

Rev. A. Steems, of Stockdale, pastor-elect of Utopia and Vanderpool Baptist church, was here the past week to accept the pastoral call of the two churches.

O. W. Lindsey made a business trip to Medina Saturday.

Under Two Flags

"Under Two Flags" will be shown at the Bandera Theater tomorrow, Friday night. It is rarely that the screen offers so complete a chronicle of romantic adventure as has been presented in this stupendous version of Ouida's immortal novel. Retaining all of the exotic coloring, the fiery tempo, the passionate thrill of the story, this play is one of the film treats of the year. Priscilla Dean is the star in the role of Cigarette, the daughter of the regiment. Don't fail to see this wonderful picture.

Recital Saturday Night.

The musical entertainment at St. Joseph's School next Saturday night promises to be the big event of the season. Well known artists will appear on the program and will please the big audience that will pack the auditorium. Admission charge, 25c and 50c. The Bandera New Era

Published Every Thursday at Bandera, Texas.

J. M. HUNTER, Editor and Proprietor.

Entered as second class matter at the postoffice at Bandera, Texas.

Advertising Rates—One insertion 30c per column inch. Contract rates 25c per column inch display ads. per week. Local readers one cent per word each insertion, with a minimum charge of 15c. Cards of thanks, 50c. Lodge and church resolutions or obituaries five cents per inch per insertion. All church, lodge and notices for charitable institutions where an admission fee is charged five cents per line each insertion.

The New Era's creed: Bandera county best interests.

The New Era's politics: A good county government.

The New Era's religion: Worship of God, who made Bandera land.

The New Era's aim: To at all times boost Bandera.

The New Era's hope: That every citizen will do likewise.

That old custom that has prevailed here for so many years of "letting the other fellow do it" when anything is to be done for the upbuilding of the town is going to be relegated to the realms of oblivion, if Bandera is going to make any advancement. One or two or three people can not build a town. It must be done collectively and every citizen must put his shoulder to the wheel. If you can't push or pull, then don't get in the way for there is danger of getting run over.

Joe Burkett, of Eastland, candidate for governor, writes the New Era that he will make a tour of the adjoining counties early in the year, opening the campaign at Llano on January 3. He will address the citizens of Bandera on January 6th in behalf of his candidacy for governor at which time he will be glad to meet as many of the people as possible.

While strolling around last Sunday we wandered along the grassy banks of the beautiful Medina river and there we noticed an old canal or as some term it, "The old mill race," long since fallen into disuse for the reason that the old mill had washed away many years ago. The old mill race was constructed in the fifties, and beautiful water for a flour mill that was operated by our earliest pioneers. It is said that the canal, which was about a mile in length was dug by Polish women.

A dam was put in the river at a point adjacent to the Loop, and the mill was located near the Pyka Crossing. The construction of this mill race required not only engineering skill, but hard labor as well. Those old pioneers, few in number but determined in spirit, were equal to the occasion and acted collectively and built an industry that not only provided breadstuff but afforded employment as well. Musing on these things while inspecting this old canal last Sunday we wondered if that old pioneer spirit of co-operation that existed here in the early days is passing, along with the old order of things, but we do not think so. We believe that whenever the test comes the present generation here will put their shoulders to the wheel just as their ancestors did, and carry out successfully any undertaking that is for the good of the community.

Chas. Schreiner Company

KERRVILLE, TEXAS

Dealers in General Merchandise

The House of Quality

In 1869 we started in business in a small way. Our business has increased with leaps and bounds and we are now probable the largest retail store in Texas. Nearly 50 years without a failure.

"There is a Reason"

Judge Noonan of Hondo advises Judge, Mansfield of Bandera, that the advertising for bids for construction of that three miles of the Bandera-San Antonio road which passes through Medina county is being held up until another piece of road work which is to be done in Medina county is advertised, which will be done in a very short time. This is encouraging news, and we hope the contract will soon be let. Bandera is suffering as does every day on account of the awful condition of that three mile strip, besides the worry to autoists and truck drivers who are compelled to use it in its present condition.

Report comes from the Bandera boys who "went West" recently that all are getting along fine. Raleigh Davenport, Clinton Risinger, Robert Blunt, Boyd Stevens and Jeff Gray have positions in Los Angeles, California. Nace Jureczki, Lester Cravey, and Harless Gray are working at Grand Canyon, Arizona, while some of the Tarpley and Vanderpool boys have located at Selma, and other California points. Some of these Bandera county folks are well pleased out there, while it is said others are ready to come back to "Home Sweet Home."

Dr. Erwin and the New Era editor take this means of informing the public that they have no more money to loan out. Recently the past few weeks we have received many telephone calls and personal applications for loans ranging from $10 to $20, and it hasn't not been able to supply the urgent requests, except in one instance—that of an itinerant school teacher. For this we would like to borrow $15 or $20 ourselves.

We are grateful to the editors of all the papers in surrounding counties for the publicity given Frontier Times, J. M. Hunter's new magazine. The Kerrville News, Center Point News, the Mountain Sun, the Comfort Log, Leakey Leader, and other papers gave the magazine nice write-ups and the Fredericksburg Standard devoted nearly three columns to a boost for us, publishing one of our stories as a sample. We appreciate the publicity given, and right here we want to assure our neighbors that they are at liberty to use any of the matter published in Frontier Times, and all we ask is that due credit be given.

A grand musical concert is to be given at St. Joseph's School auditorium in this city Saturday night, September 29. Among the artists who will appear on the program is a Bandera girl, Miss Victoria Montague, now of San Antonio, Miss Marie de Ham, dramatic soprano, formerly soloist at the Cathedral in Boston, was previously a student at the New England Conservatory. She won fame in Central America and in the City of Mexico before coming to San Antonio. Miss de Ham appeared on a WOAI radio program several weeks ago, and at that time delighted hearers with her rich voice. Miss Montague will play the piano accompaniment for Miss de Ham. Other popular artists who will appear on the program are Mr. L. Tilipon, violinist; Mr. O. McCleless, 'cellist, and Mrs. Lucy Banks, pianist.

Your neighbor is the fellow you are a neighbor to. You may live next door to a man and yet be no neighbor to him. Cultivate his acquaintance and treat him with consideration, and you are likely to find him a pretty good fellow, no matter how you have previously sized him up.

J. M. HUNTER-STARTS FRONTIER MAGAZINE

Bandera Publication Like No Other One of Its Kind in the United States

First copies of a new publication called the Frontier Times received in San Antonio last week mark issuance of a magazine which probably has no counterpart elsewhere in the United States. It is a magazine of 32 pages and is devoted to frontier history, border tragedy and pioneer achievement and the publisher is J. Marvin Hunter. Aside from the valuable historical data it contains, including a sketch of Jack Hays, Texas Ranger; a story of the massacre of John Webster and party; the history of Fort Inge on the Leona, the hunt for the Bowie Mine in Menard, the life story of Quannah Parker and half a dozen other equally interesting stories and sketches, the magazine has a distinct value to the collector of unusual publications. Mr. Hunter is the author, editor, printer, pressman, and binder. Published 500 miles from a railroad, the only materials for the magazine which Bandera county does not produce are paper, ink and half-tone cuts. Not only is the publication unique, although one-man magazines have been printed before, but its appearance is that which can be achieved only by an experienced craftsman. The magazine is better printed and better edited than many which are more ambitious in scope. Mr. Hunter, it will be remembered, is the man who wrote and set in type the History of Bandera County, a well bound and handsomely illustrated book, every bit of the work being one in the Hunter shop including manufacture of binding. Hunter's work is done at odd times from the issuance of his regular weekly which, by the way, was the first weekly paper in Texas to install a radio receiving set for collection of news. These items caught from WOAI station and Southern Equipment Company at San Antonio, are compiled and printed as regular telegraph news.—San Antonio Express.

Grandma Anderson.

Late Sunday afternoon, Sept. 16th, a congregation of relatives and friends assembled at the Adams cemetery to pay a last tribute of respect to the memory of their aged friend, Grandma Anderson. In compliance with the expressed wishes of the deceased, the funeral serman was preached by Elder Carl F. Wheeler.

Grandma Anderson was born Sept. 4, 1836, and therefore was in her 87th year when she died. These 87 years, more than forty were spent in Bandera county and many of us have fond recollections of the former years when she was going about doing good and we are glad that in some small ways we have been permitted to serve her in return.

She is survived by eight children as follows; R. L. Anderson of Somerset, Texas; J. B. Anderson of Ingram, G. W. Anderson of Ingram, G. W. Anderson, A. J. Anderson and W. H. Anderson of Tuff; P. H. Anderson of Rocky Ford, J. R. Anderson of Duncan, New Mexico and Mrs. Stotts of San Antonio, Texas. She is also survived by eighteen grandchildren and 19 great grand children.

The bereaved family extends thanks to all who so kindly assisted in many ways in the last sickness and death of this pioneer mother.—Contributed.

ROBS CALOMEL OF NAUSEA and DANGER

Medical Virtues Retained and Improved —Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents, for the large family package; ten cents for the trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

D., 1923, a petition was presented to me, for an election in Common School Districts Nos. 14 and 21 of this county on the question of Consolidation of said districts, and said petition bearing the requisite number of signatures of the legal voters of said districts, and being in every respect in conformity with law,

Now, therefore I, A. L. Mansfield, in my capacity as County Judge of Bandera County, Texas, do hereby order that an election be held on the 6th day of Oct. A. D., 1923, at Pipe Creek school house in said common school district No 21 of this county as established by order of the Commissioners Court of this County and of record in the minute books of said court, to determine whether a majority of the legally qualified voters of those districts desire to consolidate themselves into one Common School District, to be known as Pipe Creek Consolidated Common School District No. 21. R. E. Buck is hereby appointed presiding officer for said election in District No. 21, and he shall select two judges and two clerks to assist him in holding the same, and he shall, within five days after said election has been held, make due return thereof to the Commissioners' Court of this County, as is required by law for holding a general election.

The ballots for said election shall have written or printed thereon the following:

FOR CONSOLIDATION.
AGAINST CONSOLIDATION.

All persons who are legally qualified voters of the state, and residents of said districts shall be entitled to vote at said election. The Sheriff of this county shall give notice of said election by posting three notices at three public places in said districts for three weeks before the election.

Dated the 11th day of September A. D. 1923.

A. L. MANSFIELD
County Judge, Bandera County, Texas.

Mr. Street Hudspeth returned Saturday from Galveston, where he expected to spend several weeks, but owing to an attack of illness he was forced to return home.

Mr. and Mrs. Virgil McCarthy have moved up from Pipe Creek. Mr McCarthy has been appointed deputy sheriff and jailer by Henry Stevens, and has entered upon his duties.

The Grand ball at the Cox Opera House last Saturday night was well attended. A band from Comfort furnished the music. Mr. Cox announces another grand ball to be given on Saturday night, October 6.

The two-year-old son of Mr. and Mrs. Felix Rippey, who live north of town, drank a small quantity of kerosene last Saturday and for a time was thought to be in a serious condition. We are pleased to report the little child has fully recovered.

Mr. Sheffield, of the South western Bell Telephone Co., was here last week overhauling the local Southwestern system and putting it in first class shape. Manager J. F. Tait says the line works so distinctly now that you can hear what the other fellow thinks before he gives utterance to it.

Several real estate deals are pending in this community, the Ethridge Real estate Agency influences, and there seems to be an activity in this line. Mr. Ethridge says he is getting a good many inquiries in regard to ranch and farm property, and if you want to sell now is the time to list your land with him.

Miss Victoria Montague, who is connected with the U. S. Arsenal at San Antonio, came up last Saturday to spend a day or two with her mother, Mrs. Chas. Montague. Miss Victoria will appear on the musical program to be given at St. Joseph's School auditorium next Saturday night.

Leopold Haby and son, Arnold, were up from Medina Lake Saurday, accompanied by Sebastian Tschirhart. Mr. Haby gave good report of conditions in his district and says an abundance of rain has fallen which is of great benefit to the range. Mr. Tschirhart has fully recovered from injuries he received some time ago when a vicious horse kicked him in the face. His nose was broken and for a time he was in a serious condition.

T. C. Berry and his manly sons, Tom and Milburn, were here yesterday from their ranch on Red Bluff, and paid the New Era a visit. Tom had a narrow escape from death last Saturday night, when a car he was driving went through a bridge that had washed out near Center Point. He fell about twenty feet and sustained a broken rib, as well as painful bruises. Just a little later another automobile plunged throgh the same bridge and a young lady, a Miss Schwethelm, was seriously injured and is now in a hospital at Boerne.

Mr. and Mrs. H. Harwood, of Pipe Creek, were visitors in the city Friday and paid the New Era sanctum a call.

Joe Pyka left Monday for Galveston to re-enter the State Medical College, after spending awhile with his parents, Mr. and Mrs. Frank Pyka.

Reyer Risinger is moving to the Creyer farm this week, and Ike Stevens' family is moving in from that farm to town to occupy Mr. Risinger's residence.

Miss Hollice Fryekburg's Sunday school class, chaperoned by Rev. and Mrs. E. A. Potts, enjoyed a chicken roast Monday evening on the river at the Hondo Crossing.

Albert Bryant of Goose Creek Texas, is visiting old friends in this vicinity. Mr. Bryant lived here many years ago, and finds many changes have taken place since he left this good land.

Mr. and Mrs. Joe Postert were in from their ranch Thursday and paid the New Era sanctum an appreciated visit. Mr. Postert was raised in this section and is strictly a booster for all that is here.

Mrs. L. H. Tyler, who had been the guest of her brother, Dr. John H. Erwin, and wife for several days, departed Friday for her home at Belton. Mrs. Tyler greatly enjoyed this her first visit to Bandera, and expects to come again soon.

Our little friend, Master J. B. Rawls came down from Lima Saturday to spend a few days with the editor. J. B. finds much interest him in the printing office and says when he grows to be a man he is going to be an editor or a Baptist preacher.

—Come, bring your family and lay in a supply at my closing out sale. I have bought property elsewhere and must close out here.—W. Y. Knight, Medina.

Mr. and Mrs. Earl Gray have moved up from San Antonio, and Earl has resumed his former position of driving the mail bus to and from San Antonio.

Mrs. Alice Bolton's millinery opening at the Special Shop last Saturday was well patronized and she sold many hats to the ladies who called there. So great was the sale that she has had to restock with a larger assortment, and we are informed that it exceeded all expectations. Mrs. Bolton appreciates the patronage of the public and will keep on hand at all times a full line of millinery and trimmings.

—I have sold my store house. My residence is for sale, also selling my stock of goods cheap.—W. Y. Knight, Medina. 2t

Mr. and Mrs. J. W. Evans threw open the doors of their hospitable home last Saturday night and gave an old fashioned dance for the old folks. Tom Gray, John Ross, Ernest Kindla and Joe Postert danced nearly all night like they used to dance forty years ago, and it is said they knocked all the splinters off the floor.

The glad news comes to Mrs. Chas. Montague that her daughters, Miss Margaret Montague and Mrs. Rose Gardiner, who have been in the North for the past three months, started for home Tuesday, and were expected to reach San Antonio last night. Miss Margaret had been in a hospital at Boston for quite awhile, after which she and Mrs. Gardiner went to Waterbury, Connecticut, to visit their brother, John V. Montague. All Bandera folks, as well as her friends elsewhere, will be pleased to learn that Miss Montague has almost fully recovered from her illness, which for a time was regarded as quite serious.

Jesse Ferguson, of Cotulla, came Monday for his wife who had spent several weeks with her sister, Mrs. George Fee, and other relatives at Medina and Bandera.

Mrs. Chapman and children, of San Angelo, are here to spend the winter with her sister, Miss Coleen Ford, the efficient teach- er of our school.

Mrs. W. W. Whitley.

Mrs. Will W. Whitley died Tuesday night at her home on West Verde Creek, after an ill- ness of several months. The news of her death comes as a shock to her many friends over the county, and the sympathy of the entire community goes out to the bereaved ones.

Mrs. Whitley before marriage, was Miss Zoe Dickson, and she was born and reared on Big Pool Texas. She had lived in Ban- dera county many years, where by her kind and affectionate dis- position she had gained a host of friends. Besides the sorrow- ing husband, she leaves eight children bereft of a mother's love and care, the youngest of which is seven years old.

Mrs. Whitley was born Aug. 6, 1883, and was therefore 40 years old.

Funeral will be conducted at Bandera cemetery sometime to- days. Reverend E. A. Potts, pas- tor of the Methodist church con- ducting the services.

The New Era joins in extend- ing condolence and sympathy to the bereaved family.

Cattle Dipping Case Appealed.

The San Antonio Evening News says:

Appeal to the Fourth Court of Civil Appeals here has been tak- en in the cattle dipping injunc- tion, heard before Judge Covey C. Thomas at Cotulla Monday. In the meantime, the injunction remains in force, the plaintiffs, cattlemen of Southwest Texas having been victorious in the first hearing on the motion to make the injunction permanent.

Defendants, officials of the State Live Stock Sanitary Com- mission, after entering a plea of privilege attacking the jurisdic- tion of the District Court at Co- tulla, gave notice of appeal when the plea was overruled by Judge Thomas. Early action is expect- ed in the case of the appellate courts.

The injunction prohibits live stock sanitary officers from fil- ing complaints in the 38th Dis- trict for failures to dip tick-free cattle. The orders of the court also requires inspectors to in- spect cattle at dipping vats on reasonable notice and to permit their shipment if they are found free of ticks. The suit was launched to define the legal powers of the Live Stock Sani- tary Commission, cattlemen as- serting that under their regula- tions they were enforcing unnec- essary conditions not within terms of the tick eradication law.

J. W. MINEAR INJURED IN SAN ANTONIO

Former Bandera Citizen Is Struck by Train at Crossing

The following appeared in the San Antonio Evening News last Tuesday. The injured man is Joseph W. Minear, a former citizen of Bandera. His many old time friends here anxiously await news of his condition, and all are hoping he will soon re- cover:

J. W. Minear, aged 73 years, 140 East Cincinnati Avenue, was struck by an I. G. N. train south of Morales Street crossing Tues- day morning seriously injured. Sev- al of his ribs were broken one of the broken bones piercing his lungs. He was taken to the Ro- bert B. Green Memorial Hospi- tal.

Mr. Minear was on his way to the Frost National Bank to transact business, it was said at his home. His hearing is poor and it is thought he did not know of the approaching north- bound passenger train until struck.

Undergoes Operation

The many friends of William Campbell, bookkeeper at Boyle Brothers' establishment, will be pleased to learn that he is steadi- ly recovering from an operation for gall stones. The operation was performed last Thursday at a hospital in San Antonio.

Mrs. Jennings of San Marcos, eldest daughter of Mr. and Mrs. Bob Thompson, is here with her son and daughter on a visit.

Mr. and Mrs. Jess Weed will leave the latter part of this week for Taft, California where they intend to make their home.

The people of this community were made to feel very sad on last Monday morning on re- ceiving the message from Utopia that Riley Polvado, who had gone there for a few days before for treatment, died about one o'clock Monday morning. He was laid to rest in the Vander- pool cemetery at 3 o'clock that afternoon. Rev. Williams, pas- tor of the Methodist church at Utopia, conducted the service. A large crowd was in attendance. The deceased, who had been in ill- health for some time, was 30 years of age, and leaves a young wife and two little daughters, his parents, Mr. and Mrs. John Polvado, Sr., brothers and sis- ters to mourn this irreparable loss. The community extends sin- cerest sympathy to the bereaved ones. Relatives from off attend- ing the funeral were Mr. and Mrs. Kelsaw of Austin, T. S. Raby and family of the Divide, and a number of relatives from Utopia.

Rejoice and be glad! The three-mile stretch of the Bandera-San Antonio road in Medina county is to be made into a first class government standard road right away, advertising for bids on the work now being done. To the outside world it may seem a very trivial matter, this making of a three-mile stretch of road, but that short distance is the obstacle that has been standing in Bandera's way for so long a time. That piece of road has kept many people away from here; more automobiles have been damaged in travel over that stretch than any other; more profanity has been expended in trying to get over that bit of road during wet weather than any other; more ridicule has been given Bandera on account of that strip than Bandera deserves. Now the road is to be fixed and the work is to be done under State Highway supervision at a cost of $12,000 for the three miles. Sound the big bazoo! Herald forth the glad tidings. Tell the world that the world can now come to Bandera and come across the Alps on a smooth road.

The November number of Frontier Times will be issued about the fifteenth of this month. If you are not subscribed you should do so at once to insure getting a copy of that interesting number.

There be several things on the calendar that portend good for Bandera. Just keep your ear to the ground and you'll hear something before long that will cause every old pull-back to "get right up in the collar."

The Uvalde Leader-News issued a splendid 20-page edition last week. It was chuck full of interesting reading and well patronized by the business firms of Uvalde. Editor J. H. Hardy and H. P. Hornby are giving those Uvalde people a paper they ought to be proud of.

Some folks may call the New Era visionary, but we have a telescopic eye and can see a long way into the future. If we should publish all we see in store for Bandera we would be certain to be yanked up and tried for lunacy. That's why we don't publish it. But we see it just the same, and are content to wait for the good things to draw near-er.

Commissioner O'Bryant Resigns.

County Commissioner Ben O'Bryant, of Vanderpool, was here Monday and informed us that he had tendered his resignation as commissioner of that precinct, effective immediately. Mr. O'Bryant has served faithfully during the time he has been in office, and his many friends very much regret his action. An appointment to fill the vacancy will be made within a short time.

Worth the money—only $1.50 per year. The Frontier Times.

"There is a Reason"

Bandera Boy Scouts Entertain.

The Boy Scouts of Bandera gave a splendid entertainment at the school auditorium last Saturday night, before a large crowd, the spacious hall being well filled. The entertainment was arranged for the benefit of St. Joseph's school and prominent San Antonio musicians who appeared on the program were Miss Marie Ham, dramatic soprano; Miss Lucy Banks, pianist; Miss Victoria Montagne, pianist; Mr. L. Tulipon, violinist, and Mr. O. McCreless, 'cellist. Each number was fully appreciated and brough great applause. It was indeed a treat to all who were present and much praise and thanks are due to those who arranged the entertainment and brought such splendid artists to Bandera. We hope other entertainments of this character will be given.

Miss de Ham's singing was wonderful, and her rich, voice demands highest praise. She studied in the Boston Conservatory of Music, and has appeared in concert in different large cities of the United States, in Mexico and Central America. Her enunciation is so perfect that every word of her songs was understood by the audience that filled the big auditorium. She had been heard over the radio by a number of Bandera people before coming here.

Mr. L. Tulipon is one of San Antonio's best violinists, and is a musician of rare ability. He studied in Europe and America under the best teachers and played with symphony orchestras in New York and other cities. His artistic interpretation, combined with his wonderful skill and complete understanding of his instrument, captivated the audience Saturday night, and won much praise for this unassuming artist.

Mr. McCreless showed a complete mastery of the 'cello in rendering difficult numbers in accompaniment with the violin and piano. In each trio number of Mr. McCreless' instrument was pleasingly blended.

Miss Lucy Banks is a real artist as the piano. She possesses a finished technique, unusual ability, and is a perfect accompanist.

It was a real pleasure for the Bandera folks to hear Miss Victoria Montagne, who was Miss de Ham's accompanist. Miss Montagne is an accomplished musician, having received her early musical training right here in Bandera and later studied in Chicago and Mexico.

Picnic Dinner.

A picnic dinner at Dripping Springs on the river was given by Mrs. Chas. Montague last Sunday in honor of the pianist artists of San Antonio. An elaborate spread of everything possible or good things to eat, the horseback riding, wading and kodaking added very much to the pleasing of all. The guests invited were Mrs. Chas. Montague, Frank Montague and family, Mrs. H. H. Carmichael, Miss Marie de Ham, Miss Lucy Banks, Mr. L. Tulipon, Mr. O. McCreless, Mr. Rush Forrest, Miss Mimi Mero, Mr. Mack Boyle, Miss Victoria Montagne and Miss Lorna Duffy. "Shine" did the honors of the great helper. The distinguished visitors hope to have the pleasure of returning to the most beautiful spot soon. They say Bandera is the natural recreation place for here is to be found so many amusements, such as swimming, fishing, horseback riding, mountain climbing, right at our very door, which are not to be found at many resorts.

Special at St. Joseph's.

WRITES GOOD LETTER

Tells of Wonderful Conditions in That State, and Also Praises this County

Dear Editor—I just couldn't resist the opportunity of letting you know how much we appreciate the "Little Old Home Paper." Every Tuesday it comes slipping in just like a ray of sunshine on a cloudy day. We read every word of it, even the "want ads." And every week you will allow me a "teeny-weeny" bit of space in your valuable paper, I will endeavor to give you a brief outline of our location, surroundings, etc., and I also want to say something about Bandera before I'm through.

We are located in the western part of the San Joaquin Valley, Kern county, town of Taft, California. The entire valley is a desert, but thousands of acres are under irrigation, a portion of it is still a desert waste, worthless for agriculture, but worth millions in oil. Had one passed through here ten years ago they would have found nothing save a trackless waste, apparently the most worthless part of the globe. Today you can no more count the oil wells than you can count the stars. Over two hundred companies are operating here. One company alone—the Standard—employs over 2,000 men. The monthly payroll for the entire field is over a million dollars. Just close your eyes and try to imagine the tremendous business the merchants and other business corporations are doing here. One of the leading banks, the Bank of Italy, has resources of $270,000,000. I could write page after page about the results of the immense wealth here, but I must not tax your patience.

I must agree with Mr. Fitch, whose article you published a short time ago, in that Bandera county is rich in unlimited resources, which, when developed will make Bandera and the country around it the most prosperous district in America. There is the golden age of opportunity, the golden age of life. Few of us realize the perfect state of existence which we have reached. On every hand you people have an ideal situation. Bandera, best of all the world, holds a wealth beyond comprehension, the people should rejoice in all this glory is but natural; that they should appreciate the beauty is but right. I long to see it a community, where the perfect home environment is to be found, where educational institutions have reached the highest pinnacle of efficiency. Pardon my digression, if such it may be. Bandera county is my old home and I still have its best interests at heart and still entertain the those who seek the interests of the beautiful will find in Bandera the very apex of their desires.

INCOGNITO

Contract for Road Work to be Let

Judge A. L. Mansfield is in receipt of the following letter from State Highway Engineer, J. D. Fauntleroy:

Dear Sir:—Your letter of September 24th addressed to Mr. George A. Armistead has been referred to me for answering. I wish to advise that the section of Medina road within limits of Medina county has been ready to be advertised for bids for some time. However this department was advised that Medina county desired to advertise this work at the same time they received bids on two short sections of State Highway No. 3 passing east and west through Medina county. These two sections on State Highway No. 3 are now ready to be advertised and we have written to the county judge of Medina county authorizing him to receive bids on October 30th for Bandera road and for the two short sections on State Highway No. 3.

Very truly yours
J. D. FAUNTLEROY
State Highway Engineer.

This is cheering news to our people who have been worrying so long about that three-mile piece of road in Medina county which connects us with San Antonio, and over which all of our traffic goes. Arise and sing!

Our services can't be beat.—Geo. W. Saunders Livestock Commission Co., San Antonio and Fort Worth, Texas. (adv.)

NAUSEA and DANGER

Medical Virtues Retained and Improved.—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab, at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

SOMEBODY'S DARLING

Into a ward of the white-washed walls,
Where lay three hundred beds in a row,
Where the dim light fell through the tall windows
Where the cheerful sunshine never did go,
Where day by day, and night by night,
We watched the white-faced sufferers there,
Where the dead and dying lay,
Wounded by bayonet, shell and ball,
Amid the clashing of musketry,
The fearful strife and deadly war,
Mid the cruel screams of the wounded,
Lay Somebody's Darling.

Somebody's Darling was young and fair,
Somebody's Darling had golden hair,
Somebody's Darling had soft brown eyes,
Somebody's Darling was dear and wise,
Somebody's Darling was all to me,
Somebody's Darling was more than life,
Somebody's Darling was my husband

Master J. R. Rawls, who was the guest of the editor all last week, returned to his home at Lima Monday.

Miss Amy Thalmann, who holds a position in a library at San Antonio, came up to spend last week-end with homefolks.

Mrs. Bryan Autrey was here from San Antonio several days this week visiting her parents, Mr. and Mrs. W. E. Mansfield.

C. L. Farrer says he has put on a motor boat service from his ranch to Medina Dam and can supply fishing parties with transportation.

A deal is being consumated this week whereby J. M. Hunter is buying the Luke Mazurek residence in the western part of the city. Consideration $1,500.

Mrs. John Batto, of Hondo, has been the guest of relatives here and at Tarpley the past week. She will return home this week.

Mr. and Mrs. Fletcher P. Layton and Master Thomas Coleman were here from Medina Saturday night to attend the recital at St. Joseph's School auditorium.

Master Claud Fletcher had the misfortune to fall and painfully injure his knee while at Medina Lake last week. A blood vessel was broken, in consequence of which his knee is badly swollen and very stiff.

A special program was rendered at the Baptist church Sunday morning commemorating the Sunday School and state mission work. The program consisted of appropriate special songs, recitations, etc., and was splendidly arranged in every detail.

Oscar Perner opened his battery and radiator repair shop Monday in the building next door to the First National Bank. He has installed machinery to meet the demands of the local trade and will add other lines from time to time as business demands. Mr. Perner is a practical workman and will render satisfactory service to the public.

Mr. and Mrs. Hoppe White went to Harper Tuesday on a visit.

Mrs. J. R. Holt spent a few days with friends in San Antonio last week.

Rev. A. E. Rector, presiding elder of this district, will be in Bandera next Monday to hold an adjourned session of quarterly conference.

Delbert Hicks, who is attending A. & M. College, orders the New Era sent to his address so he can keep in touch with happenings in the old home county.

There are two stray Bourbon Red turkey hens at the home of W. J. Davenport, Sr., which the owner may get by proving ownership and paying for this notice.

Mr. and Mrs. Earl Gray have taken charge of the hamburger stand established by Ike Stevens. Mrs. Gray will serve the hamburgers, while Earl will be driver of Gray Brothers' moving service car to San Antonio.

Word comes from Oil City, La., that a bouncing baby boy was born to Mr and Mrs. Jim Lewis of that place on September 24. Jim's many friends here will be pleased to learn that he is a pa, and all hope the youngster will grow to be as good a man as his father.

Austin Carlton and Marvin Hunter, Jr., went to San Antonio Friday, returning Sunday. Mrs. C. T. Carlton came home with them and will remain during the fall. Prof. Carlton is teaching in San Antonio.

Inspectors E. J. Murray of Hondo and H. F. Wurzbach of San Antonio were here last Thursday looking after eradication work. Mr. Wurzbach will have charge of inspection work in this county in the future.

Editor White of the Center Point News, accompanied by his brother, Frank E. White, was in Bandera last Friday and paid the New Era sanctum a fraternal call. Bro. White is giving those Center Point people a splendid paper and is strictly a booster for his home town.

Messrs. Sylvester Mazurek and J. A. Haby, good citizens of the Utopia section, were here Monday to attend the tick meeting. These gentlemen called at the New Era office and inserted posted notices warning hunters and trespassers to keep out of their pastures. Mr. Haby says there is no game in that region except sheep and goats and they are going to be protected.

Mrs. Fletcher P. Layton of Medina has gone to San Antonio to introduce her Self Explanatory Piano Lessons, taking with her Miss Lois Mayfield as assistant, together with Mrs. Henry Lewis, who will remain in San Antonio a few days before going to Port Arthur to make her home. Mrs. Lewis has been the telephone operator at Medina for sometime, and her many friends regret her departure, but all hope she and Mr. Lewis do well in Port Arthur. Also we are all predicting that Mrs. Layton will receive a hearty welcome in music circles in San Antonio and that her course of instruction will readily meet with public favor.

The Curtis Publishing Company's course in Salesmanship was launched by the students of Bandera High School this week. The course is very much in demand among the schools of the country, many in our own state having accepted it. It has the endorsement of some of our foremost educators. During the Sales Plan the students will secure some very valuable sales training, carrying out in practice, the principles which were given them in a lecture by H. A. Barton, vocational director for this district. The school has been organized into two divisions, one competing against the other for the greatest number of sales.

Bitten by a Rattlesnake.

Herbert McCarty, a sixteen year old boy who lives on Indian Creek, was bitten on the leg by a rattlesnake last Thursday evening, while hunting near Tarpley. He sat down on an embankment to rest a few minutes and when he arose the reptile, which was concealed nearby, struck him. The boy and his companion killed the snake and then with a pocket knife cashed the wound so that it bled freely and went to a nearby ranch where home remedies were applied until Dr. Butler could get there. The lad is now getting along all right and has almost recovered.

Trail Drivers Reunion.

The Old Time Trail Dirvers will hold their annual reunion in San Antonio, November 2nd and 3rd. Every old cowboy should make it a point to be there and greet his friends of the old trail days. If you are not a member of the association take the opportunity to join at the big reunion.

Celebrates Birthday.

Little Miss Mildred Langford celebrated her sixth birthday with a party at the home of her parents, Mr. and Mrs. A. B. Langford, last Thursday afternoon from 2 to 5 o'clock. Various children's games were enjoyed, after which marshmallows crackers and candy was served. Those present were Lela Thalmann, Elizabeth Peters, Loy Ellen Thalmann, Della Peters, Etoil Peters, Margaret Davenport, Lucille and Mildred Langford, Wirth Langford and Charlie Thalmann.

Installs New Filling Station.

A handsome new filling station has been installed at W. E. Burr's garage, which is fitted with electric lights and all conveniences. A 500-gallon tank was planted underground to supply the gasoline, which is automatically measured and delivered to customers. The convenient arrangement which Mr. Ruge has put in will be appreciated by the public.

Buys a Good Farm.

Through the Ethridge Real Estate Co., a deal has been made whereby C. M. Click, Jr., of San Antonio, purchases from Chas. Gersdorff the place formerly owned by Ed Batto, east of town. Consideration $7,000. Mr. Click will shortly move thereto.

Corner is Improved

The corner at Lee Mansfield's store and Billings Drug Store has been greatly improved since the new concrete culvert was put in there. The street which leads down hill has been graded up and the danger that heretofore existed at that point has been practically eliminated. Commissioner J. H. Holt has done some good work there.

Kid Mohair at 75c.

San Diego, Tex., Oct. 9.—Top prices this year were paid last week for about 105,000 pounds of fall mohair by the Menard Company of Menard, of which Henry Vander Stucken is manager. L. M. Murphy of Del Rio purchased 60,000 pounds for S. W. Bridges and Company, Boston, paying 75c per pound for the kid hair and 41c per pound for the grown hair. The average price was 46.10c per pound, the percentage of the kid hair being about 15 and the goat 85.

Adams and Leland of Boston bought through John E. Allison of San Angelo 45,000 pounds of mohair which was shipped from Menard last week. It was reported that prices as high as those received in Sutton county a fortnight ago, when J. M. Lea purchased 100,000 pounds for Draper and Company, Boston, were paid. At that time 80c was received for kid hair and 42½c per pound for grown hair.

Texas fall produced of mohair is estimated at approximately 3,500,000 pounds, compared with 3,000,000 pounds in the spring.

Gordon Evans, manager of the Hansen Ranch, was transacting business in the city yesterday.

The sad news came from San Antonio last Saturday morning that Joseph Minear had died in that city, as a result of injuries sustained when he was struck by an I. & G. N. passenger train a few days previous.

The body was brought to Bandera for interment Monday morning, the funeral being conducted at the cemetery by Elder D. S. Palmer, and in the presence of a large concourse of friends all that was mortal of the old pioneer was consigned to the tomb.

Joseph Minear was a pioneer citizen of Bandera county. He came here when quite a small boy, grew to manhood here, and served in Captain John W. Sansom's ranger compafy. He was well known and liked by everybody in the old days, and a few years ago he moved to San Antonio to reside.

In reporting his death the San Antonio Light said:

The body of J. W. Minear, 73 years old, who died at a local hospital at 11:30 Saturday morning as a result of injuries sustained when he was struck by a I. & G. N. passengert train a 9:30 Tuesday morning, will be sent to Bandera, Texas Monday by Porter Loring., funeral director for interment.

According to information fur-

nished the police, Mr. Minear was walking south along the main tracks a short distance beyond Morales street when he was struck by the train, which it is reported, was approaching the depot.

Evidently Mr. Minear did not hear the train approaching, and if he did, probably he thought he was far enough from the tracks. When struck by the train, he was hurled from the tracks.

The first examination by the physicians disclosed nothing more than two broken ribs and body bruises, and it was not believed that the accident would prove fatal. His condition, however, grew steadily worse, he having been seriously injured internally. One of the broken ribs penetrated his lungs, according to physicians.

Mr. Minear formerly was a member of the Texas Ranger force, joining Capt. John Sansom's Company of rangers in 1870. This company was stationed at Camp Verde, Texas and later went to Fort Griffin on the Clear Fork of the Brazos river. He remained with the rangers until 1873, when he helped drive a herd of cattle from Bandera to Wichita, Kans. In the fall of 1873 he went to Corston, Union county, Iowa, with a herd of cattle.

Born in Texas, Mr. Minear had lived in San Antonio twelve years, residing at 140 East Cincinati Avenue.

He is survived by his widow, Mrs. J. W. Minear; two sons, E. W. and J. H. Minear all of San Antonio; three daughters, Mrs. Ethel Wall, San Antonio, Mrs. Sophia McDougall, Fort Worth, and Mrs. Nora Freeman, Anderson, S. C.

WHY NOT BE INDEPENDENT?

Abraham Lincoln is one of the most outstanding examples of what a man may make of himself if his desire to succeed a great enough. It is within the power of any person who earns to have financial independence—in time. One doesn't need to be so much schooled to save as he needs to teach himself how to spend. It is seems so easy to treat one's self to that temporary, tingling exhilaration of spending five dollars for something he thinks he wants, than to feel that permanent, solid feeling of independence that comes with its denial and saving that five spot. Future comfort and prosperity will live and grow in the savings account if you start now.

Miss Hazel Hay spent Saturday night and Sunday with Miss Daisey Carpenter.

Returns From Western Trip.

Mr. and Mrs. C. W. Bush returned last week from a trip overland to New Mexico. They started to California, but owing to the altitude being too high for Mrs. Bush they were forced to turn back at Deming. Not with standing the disappointment occasioned by their enforced return Mr. and Mrs. Bush enjoyed the trip immensely. Mr. Bush informs us that they will shortly go to Eureka Springs in Dimmitt county, on a visit.

Will Move to California.

E. A. Drake of Boerne, visited friends at Pipe Creek last week. He has just returned from a three months trip through Wyoming, Colorado and California. While away he bought a home in Santa Ana, California, and will move there within the next month or so.

George Hinds, Lord Mayor of Lima, was among the visitors in the city Saturday.

Jack Coose and Ted Hillman attended the dance at Bandera Saturday night.

Ginned 92 Bales.

The Farmers' gin has turned out ninety-two bales of cotton this season. It is estimated that more than 100 bales will be ginned before the season is over. To the outsider this may seem like a very small cotton crop, but let it be known that only a small acreage was planted in cotton, and the yield was around a quarter of a bale to the acre. The chief staple that is raised in Bandera county grows on the backs of sheep and goats, and it beats a cotton crop.

Where I Want to Live.

In a charming little village built among the hills, where there's peace and pleasure remote from grinding mills—is where I want to live. Where birds sing unmolested in the bushes growing wild, where the butterems and violets lift up their heads and smile—is where I want to live. Where tender hearts unite, jewels are found in rugged frames; where men seek less for riches than for honest, manly worth—is where I want to live. Where children grow like lilies untouched by life's travail; where old respected customs are the order of today; where every man is brother to his neighbor across the way—is where I want to live.—Mary Louise Thompson.

During the past two weeks we have received over a hundred letters from people all over the United States inquiring about Frontier Times, our new monthly magazine. It seems to be meeting with popular favor and we feel very much encouraged we feel very much encouraged over its prospects of success. When such institutions as the University of Texas, Leland Stanford University, Princeton University, Harvard, and other Universities of the country give endorsement to a publication by subscribing for it, such action stamps that publication as one of merit, and that is just what has occurred in this instance. Frontier Times will be read in the leading universities of the country. It contains the history of the most thrilling kind, and it should be placed in the hands of every boy and girl in the land. November number of Frontier Times will be issued from the press next Monday, October 15.

We haven't any time to argue with the man who says Bandera will never amount to anything. We know Bandera is going to make the best town in this part of the state, and we're so busy working to that end that we haven't time to discuss its drawbacks with the fellow who has been here always and has made no effort to make a better town.

An Opportunity for Some Bandera County School

A friend of the school children of Bandera county has offered a set of school reference books to any school in Bandera county of not more than two teachers, under the following conditions; viz:

For an essay to be written on the following subject, "What Are the Most Vital Needs of the schools of Bandera County Today?"

The essay is to be written by any pupil not above the 7th grade, and of not like a 2000 words in length. The books are to belong to the school whose pupil writes the best essay. Three judges will be selected and the essays must be in my office not later than October 27th, 1923.

O. E. Umlang of Utopia was a visitor to Uvalde last Saturday. Otto came around to the Leader-News and renewed his subscription for the best paper at Uvalde. Says that his canyon is in fine shape. The rains came in a very well behaved way and did not damage the roads and river crossings. The traffic from Leakey had been coming by Utopia on account of a crossing being gone in the Main Frio. Oats were being planted in the Sabinal canyon and it looked like a good crop was in posspect.—Uvalde Leader-News.

Road Contract to Be Let.

The following advertisement is now appearing in the Hondo Anvil-Herald. The piece of road work to be let is that portion of the Bandera-San Antonio road that has been the cause of so much profanity and loss of religion in the past several months:

Notice to Contractors.

Sealed proposals addressed to R. J. Noonan, County Judge, for the improvement of certain roadways of Medina county, will be received at the office of the county Judge at Hondo, Texas, until 2:30 P. M. Monday, November 5th, 1923, and then publicly opened and read.

Work to be done consists of clearing grubbing, excavation, construction of drainage structure and placing of gravel surfacing, all under Standard Specifications of the State Highway Department, governing the building of a gravel road. The road will be 2.88 miles long, and known as State Aid Project No. 359 Bandera Road in Medina County.

The county will set aside cash funds for paying its pro rata share of the cost of the above road and these funds will be paid the contractor as long as the money lasts. When these funds are exhausted through payment of monthly estimates, the contractor thereafter must expect to wait until the State Highway Department releases from time to time its own funds for this work.

Detail plans and specifications of the work may be seen for examination and information obtained at the office of the County Judge and County Engineer, Hondo, Texas; also at office of Walton & Arneson, Engineers, 418 Gunter Building, San Antonio, Texas, and at the office of the State Highway Department, Austin, Texas.

A certified, or cashier's check for $3562.00 made payable, with our recourse, to the order of R. J. Noonan, County Judge, Medina county, must accompany each proposal as a guarantee that the bidder, if successful, will enter in contract and make bond in accordance with requirements of the specifications. The right is reserved by the party of the first part to reject any and all proposals or waive technicalities. Proposals shall be submitted in sealed envelopes marked "Bids for the construction of State Aid Project No. 359, Bandera Road in Medina county," and the bidder's name shall be marked in the upper left hand corner of said envelope.

All bids received will be retained by the Department and will not be returned to the bidder.

Married in Chicago.

The New Era is in receipt of the following item, which is of interest to friends of the bride and groom in Bandera:

A very pretty home wedding was held Saturday, September 22, when Miss Marjorie E. Stayton, daughter of Mr. and Mrs. Chas. J. Stryton of 5425 Hirsch Boulevard, Chicago, was united in marriage to Mr. G. Richard Cravey of Bandera, Texas. Miss Ruth Stayton, only sister of the bride, acted as bridesmaid, and bride acted as bridesmaid, and Mr. Frank H. Grund, also of Chicago, was best man. The young couple left immediately for a trip through the southwest and will locate in San Antonio.

REMEMBER, when you go up the river you can get gas, oil, spark plugs, tubes and tires at Robert Brown's Buckhorn Garage, five miles above Medina. Page, five miles above Medina. He also sells Lee Puncture Proof Tires, the best made.

ROBS CALOMEL OF NAUSEA and DANGER

Medical Virtues Retained and Improved —Dangerous and Sickening Qualities Removed Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of it sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original sealed packages, price thirty-five cents for the large family package; ten cents for the trial size. Your druggist is authorized to refund the price and guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

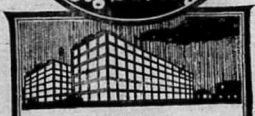
The Most Extraordinary Farm Electric Plant Opportunity Ever Offered to the Farmers of This County

A Whole Carload of the Famous Delco-Light plants-Your Chance to buy at a big Saving



Notice

The Delco-Light Plants referred to in this special offer are standard Delco-Light Plants, fully covered by the regular service guarantee as to material and workmanship, and fully protected by the liberal service policy. Each plant has the famous 4-cycle, air-cooled, valve-in-head Delco-Light engine, and the thick-plate, long-lived Delco-Light Storage Battery. Any one purchasing a Delco-Light Plant as a part of this special carload order is assured of the same satisfaction he would receive in placing his order individually, —the same satisfaction now enjoyed by 175,000 Delco-Light users.

I KNOW that there are dozens, yes, hundreds of homes in this county where Delco-Light is needed and wanted. For you have told me that some day you would want the blessings of electric light and power.

You have visited your neighbors. You have seen the bright atmosphere of their homes,—happy, joyous children whose lives have been gladdened, the mothers from whose shoulders the burdens of toil have been lifted, the fathers whose interests in life have been broadened, and whose profits have been increased,—all because of Delco-Light.

And now, folks, I come to you with an amazing offer. Only a few of you—only those of you who will join me in a great project of co-operative buying can share in this remarkable offer.

To you I am going to offer Delco-Light—the standard electric light and power plant—installed, equipped, including the lighting fixtures, all ready to flood your home with the blessings of electrical sunshine at a price that has heretofore been unheard of. You can save by acting *now*.

Will You Join Your Neighbors In Buying a Carload of Delco-Light Plants?

I have made a proposition to the Delco-Light Factory. I have told them that I want to place a large quantity of plants in this county during the next few days. I have asked them if they will ship a whole carload of Delco-Light Plants direct from the factory to me.

I explained to them what a tremendous benefit it would be to me to have that many more satisfied users of Delco-Light in this county. These new users would show Delco-Light to their friends and neighbors and talk about it, and as a result it would help me wonderfully in selling more and more plants. The Delco-Light Company is willing to ship the carload, which will result in a great saving in freight. And I have added my generous bit. I will do the wiring at a ridiculously low figure. I will give absolutely at cost a generous part of the equipment that is needed to get the benefit from Delco-Light.

Are You Ready?

Due to this wonderful plan you can now have Delco-Light for less money than ever before—probably half of the cost that you expected.

Through the wonderful benefits of co-operative buying you can now give your family that joy and happiness that is only possible through electric light and power. You will have power to do the chores, for the washing machine, the separator, the churn, the feed grinder; electricity to heat the iron, to pump the water, and light—clean, safe, economical light that transforms your home from a place of danger and gloom to one of cheerfulness and deep content.

The number of plants that we have arranged to get on this plan is limited. You will have to act quickly. You will have to respond immediately. But the terms are so generous, the price so low, the advantages so great that if you ever at any time in the future expect to modernize your home, to make it a better, healthier, happier place in which to live and work, *now* is the time to do it.

Don't wait one minute. Simply mail the coupon. This does not obligate you in any way. It merely indicates that you are interested, and we will send you full details of the plan; we will tell you of the wonderful savings, and quote you a price such as you have never believed was possible. Mail the coupon or telephone now. This is the first time such an opportunity has ever been offered, and it may be the last. Act *now* if you want to save.

Good Shape.

Old Bandera county is in good shape to pass through the winter season. The range is in the best possible condition, stock are fat, the hay crop is a good stuff enough to do those in the hills all winter, every farmer has hogs in the pen for his meat supply, the thrifty Bandera man has put up an ample supply of canned fruits and vegetables, the sorghum mills have been busy turning out the molasses just as soon as the cold weather comes the first aspect of the porker will be heard and then will come feasting and fun, barbecues, chitterlings, backbones, chitterlings and such, along with apple pies, pumpkins, hominy and all those other trimmings that go to make the month worth living. Verily, folks, it's great to live in old Bandera county, where such things prevail the whole year around. It's great to have the appetite to enjoy these good things. A man may not own an appetite when he comes here, but after he stays awhile his appetite will be something to brag about.

The People Pay the Bills.

Wives and daughters of Congressmen, and the families of ladies, will not be permitted free seats at the next session of Congress, to purchase through the House and Senate stationery room dainty toilet accessories. The congressmen themselves must look elsewhere for golf clubs, fishing tackle and poker chips. Stocks carried in the stationery rooms will be for answering business purposes solely.

The drastic order of things results from a provision in the last legislature appropriation bill that "no part of the funds for the stationery rooms shall be used for the purpose of purchasing by or through the stationery rooms articles other than stationery office supplies essential to and necessary for the conduct of public business."

After the enactment of this law the superintendents of the stationery rooms conducted bargain counter sales until the shelves have been cleared of a great assortment of articles not essential to the conduct of public business, and henceforth the storerooms will be decorated with meatless pens, typewriter ribbons, erasers and pencils.

Congressman Thomas L. Blanton (Dem.), of Texas, is the great reformer of the stationery rooms. He learned that playing cards and poker chips could be purchased there. He ordered a whiskey flask and the obliging superintendent "sent out and bought one, although the deal had been entered upon. Then Blanton, a Texas and exploded his indignation. Members of Congress were accused of using the stationery rooms to purchase, at special discount rates, all sorts of things not needed in their official duties or required in an official capacity. This attack led to the new law.

Golf clubs and balls, fishing rods and tackle, handbags, brief cases, toilet sets and curling irons, hair brushes and tooth paste, hunting knives and automobile tires, vanity boxes and Gladstone bags, speedometers and horns—in fact, most every article appealing to the masculine and feminine love of luxury and sport could be found formerly in the aisles of the lawmaker's stationery rooms.

An ever-willing superintendent who held his office, under political patronage, was quick to meet the wishes of Congressmen. The stationery rooms were patronized liberally for the holiday trade, birthday and graduation events, and occasions calling for remembrances from fellow Congressmen, and its passing will be mourned.

Cousin to J. A. Head.

During the past few weeks the papers in this country have been full of items concerning Walter W. Head, newly elected president of the American Bankers' Association. Mr. Head is a cousin to J. A. Head of Bandera. He is quite a young man to occupy the responsible position to which he has been elected, but his ability as a shrewd business man has been recognized and he is regarded qualified to head the great organization.

DON'T SELL WOOL OR MOHAIR ON ANIMAL'S BACK.

R. D. Lasprum, prominent raiser of Angora goats and formerly secretary of the National Mohair Growers Association resents the effort being made by certain interests to beat down the price of wool and mohair. He says that statement that mohair would sell for 35c this fall is without foundation. The conditions do not warrant it. The goats are in good shape and the fall clip is always the best and that difference in the price of mohair. Kid hair brought around $1.20 in Boston the thanks. He proves by statistics from leading author ities that the world crop is short; that the demand for mohair products is very active and if the raisers will concentrate their clips in warehouses and not sell on the animal's back, the market will soon open and they will realize a much better price than what is offered now.

Speaking before the Rotary Club Monday noon, Mr. Lasprum said:

"I believe that Uvalde should take a deep interest in this marketing of wool and mohair. There must be close onto a million lbs. of mohair and around a half million pounds of wool, and the spending of the money derived from its sale is a great help to all business people in this section.

"The goat and sheep men are busy on their ranges, and do not always have time to keep up with the market conditions. They are for their interests in jeopardy. A recent statement in the Express from some party was to the effect that the wool and mohair crop this fall would not command a ground price, but would sell around 25c. I say the conditions do not warrant it. There is a25c per pound duty on all imported mohair into this count y. South Africa has been suffering from disastrous drouths. Turkey has not recovered from the effects of the war and will not produce more than a normal crop and the world supply is generally short. The market is not sparkling for the wool and mohair is in the hands of the growers. The clips are now coming in and in Uvalde, Kerrville, Del Rio, San Angelo and other points in this part of the State there have their warehouses filled with the clips and then the market can be expected to open. It is dangerous to sell your wool on the range. The low given has a tendency to effect the market price and the market price should not be determined until the bids are made after the clips have been placed in the warehouses."

Mr. Landrum showed to us articles from the Angora Journal substantiating what he said.

In the September issue and the report from a special correspondent at Bailford, England, this correspondent says: "However, I do not think we shall see any lower prices than obtain today, at least, there is no need for them if the buyers have patience. The consumption now is quite sufficient to take care of every pound of mohair grown, and we may be sure that before the advent of the next south African clip both firsts and kids will be entirely out of the way."

Again the same correspondent says, "Latest cables from Port Elizabeth report that a nice steady though somewhat quiet business is being done. American buyers are very active in Constantinople, where prices are certainly well in advance of those current in Bedford. We do not see why they should be, but the fact is there and might as well be faced. Of course there are alternative merchants in that part of the world and if one buys his example is followed by another."

In a splendid article referring to a statement made by a buyer that "the present policy of brokers for bulk on the part of Cape mohair farmers is a great mistake and will lead to R. P. Hannan, vice president of the Port Elizabeth Produce Association, and an authority on mohair and attending to Eastern Province Herald, says: "During the past few years American competition has been keen and America has been prepared to pay a big extra money for extra quality. She is not prepared to pay a heavy duty on quality that she does not want. Last summer it was possible to sell super summer kids at 50d, and inferior and medium or stained kids were worth 25d. On the same day summer firsts from young goats were sold at 33d. when strong firsts were only wanted at 9d to 10d a pound.

The farmer has been well paid by America during the past two seasons for producing quality and the tendency now is to breed smaller fine-haired goats and to cull and slaughter big-bodied goats producing robust hair."

Showing that America is not in the foreign market bidding for this product and is able to pay the 25c per pound duty on the top of the foreign price the same article says: "Bedford can, I think, be assured of getting a fair price for the clip of this season she allows America to again out bid her on it. There is still more strong hair in the clip than South Africa than is desirable, but very rapid strides have been paid recently and are still being made to increase the proportion of fine hair and to decrease the proportion of strong hair."

A cape market report states: "Bedford reports to mid-June about nine hundred bales of kid mohair sold at 81.06 to $1.12 per pound. Prevailing prices were $1.04 to 1.08. Most of it to U. S. buyers."

Current Cape mohair was selling at 32c to 36c. Stocks on hand at Port Elizabeth were 240,000 pounds kid hair, 1,200,000 pounds mature hair.

Advices from Turkish markets indicate not more than 600,000 pounds of mohair expected this year, the first of which may arrive at Constantinople in June. No stocks remain of previous clip in that market apparently.

The Bailford trade with America is large raw mohair, mohair yarns and piece goods are keep Bailford spinners busy.

America motor car body build ers have evidently discovered a wonderful cloth in mohair plush for the inside linings of the body. It is a trend in the United States as in England, to use closed cars, which means a bigger consumption of covering material.

The change in body style has made a change in the character of upholstery. According to the latest reports the American market for mohair plushes is very good, with a good proportion of smooth still unsatisfied, because American manufacturers are not turning out plushes as fast as they are wanted.

The Leader-News is pleased to print the above information from Mr. Landrum and will always be glad to co-operate with the goat and sheep raisers for the welfare of their industry. Any article or information for the good of the cause are welcomed and as the Leader-News enjoys a good circulation in Uvalde we believe will be of benefit in putting the information not only before the producers but also others who are interested in the industry.—Uvalde Leader News.

A Correction.

In S. F. Fitzgerald's ad last week cottonseed meal was priced at $2.25, which was a typographical error. It typographical error. It should have been $2.35. As an evidence that people read the ads in the New Era it remains for Mr. Fitzgerald to enumerate the calls he has received for cottonseed meal at the mistaken price.

Jiggs' Side Wins.

In the salesmanship contest in Bandera High School last week, wherein the school was divided into sales forces designated as Jaggies and Jiggs respectively, the Jiggs side won by a good majority, and the losers will give the victors a party tomorrow night. The article sold was Country Gentlemen, something near a hundred subscribers being secured for that publication by the contending forces.

Old Settlers' Attention.

We are going to organize an Old Settlers' Association in Bandera county. Send in your name at once if you will join. The membership fee will be one dollar a year, which dollar can be paid on delivery of badge. All old settlers over eighty years old will be given a life long membership free. We are going to arrange for a two days' reunion some time next year, and will provide a meeting place somewhere on the Medina river at Bandera. A brush arbor will be built and a large platform will be erected for all purposes. If you want to come and camp all conveniences will be provided for you. But join the association now, and let's get things moving. Send in your name to J. M. Hunter, at the New Era office.

SOME VIEWS BY NEPHARIOUS CU

The Begrudge Philosoph Writes the New Era An other Letter.

Mistur Editur New Er Here I cum agin, altho you wont publish my last letter bi cos the ink blotches. I still cont that if the county commissioners would dip the ticky cattle bootleg booze it would soon sop up the county, and some of inspecturs, too. But since you do not seem to want me to send sich matters I will turn my attention to other things.

Cynthia Ann was a talkin the other day about when she and us girls and boys and she lowed we had more fun in that day than the youngsters has now. In our courting days used to saddle up an old gray mare I owned and borrowing another horse from one of my neighbors who had a side saddle I would go over to see Cynthia Ann on Sundays and we would go horseback riding. When Cynthia Ann announced she was ready to go she would come out in a long black skirt, also called it a "riding habit," and I would lead the horse up to the door step for her to get on. Sometimes I would have to give her a lift by holding out my hand and she would set her dainty little foot in it, and I would heave her up. Them old courting days can never be forgotten by us, Mistur Editur. And I will never forget the day she promised to marry me. I gazed into the depths of her soulful brown eyes and read my fate long before she spoke the fatal "yes" that clinched us in it. Now for more than fifty years we have been cotretting in double harness, and we have pulled together just fine. Sometimes I have been a little balky, but Cynthia Ann always had a way to make me go the long run. Old Granny Goss she was over to our house the other day and said old Dave Rogmor told her that before I got a bit out of style to git married. Thank goodness, me and Cynthia didn't get married before such things was ever heard of, and we are going to stay married the balance of our lives.

There is said to be some oil excitement coming for this neck o the woods, and before long we are expecting to see streams of liquid gold a-shooting into the air. I think the oil world is going to be put down near my land, and if it does and they git it I tell you, Mistur Editur, I am agoing to be a rich man, and then me and Cynthia Ann are going to take life easy. No, we will not leave dear old Bandera county if we've been here so long no other place would suit or seem like home to us. We're too old now to go out somewhere else and make new friends. The old friends we have had here for the past fifty years are good and loyal and true, and they are good enough for us.

Well, I'll quit now, and rite agin, and maybe next time tell you some good news about our oil well.

Yours truly,
NEPHARIOUS CUSTON

Elder Durst to Preach.

Elder John S. Durst, of Junction, will preach at Rocky Creek school house on Sunday, October 21st, which by the way, is his eighty-second birthday. Brother Durst is well known to the brotherhood for his zeal and energy in the Lord's work. He has been a minister in the Church of Christ for more than fifty years, and despite his extreme age he preaches with great power. For many years he was county judge of Kimble county, and is well known throughout that portion of the country.

Judge A. L. Mansfield is spending a few days this week visiting the schools of the county. His circuit at this time includes the upper county region.

Mr. C. W. Weidmann, manager of the Century Life Insurance Co., was here from San Antonio Tuesday.

Of Interest to You.

The November number of the Propeller Times, which has just been issued from the press, contains sixteen good stories of the early day happenings in Texas, narratives that are new and thrilling. This magazine contains thirty-two pages, and is published monthly. The subscription price is $1.50 per year. Its style of make-up is like that of magazines published forty years ago. It carries you back to frontier times, and is all that its name implies. It is the only magazine of its kind in the world. You will enjoy every number of Propeller Times, and your children will look forward to its coming every month if you enroll as a subscriber. Get the current number and read about Ben Dragoo's Race for Life when he was chased by the Indians. Mr. Dragoo is now nearly ninety years old, and lives in Kimble county. Read about buffalo hunting, about the Bloody Career of Billy the Kid, about the terrible sufferings of Virginia Webster, who was a survivor of the Webster massacre and was taken captive by the Indians. And in the November number, which will be issued on November 15, will appear more thrilling stories, among them a story of "Humpy" Jones's terrible vengeance wreaked upon negro soldiers at Menard, Jack "COLD IN THE HEAD"

SEIZE YOUR OPPORTUNITY

By Mae-Aileen Erb

A hare scoffed at a tortoise for the slowness of his race, and at the suggestion of the latter, agreed to run a race with him. The hare was sure of his superability to win that she treated the matter lightly and indulged in a nap beforehand; but the slow, steady tortoise plodded on and when the hare awoke, she found that he had won the race.

In our musical life are countless hares and tortoises. The tortoises—bless their persevering hearts—we can usually rely upon "getting there" sometime; but as to the hares, some do, while the majority never arrive at all. Failure on the part of the hares is far more of a discredit and a disgrace to themselves than it would be for a tortoise to lose after having made a plucky effort to win.

Many students possess talent, were it combined with certain essential qualities of the mind, would lead them to the very heights of success, yet through lack of these, they never rise above mediocrity. Instead of having a powerful, dynamic force within themselves to drive them on to the attainment of a definite goal, they are satisfied to glide along in an easy, matter-of-fact way. They are like an engine without steam, or a ship without a rudder. Here is a list of words which everyone should read and ponder:

Indifferent	Ambitious
Superficial	Persevering
Lazy	Thorough
Erratic	Tireless in Effort

Students of music, wake up! Take an inventory of yourself. Check off the above qualities and see on which side you belong. Are you confident that you are utilizing your capabilities to their utmost? Even if you do not intend to specialize in the subject, have foresight enough to become highly proficient as is possible in the time you are able to devote to it. Anything worth doing at all, is worth doing well. Your parents are spending a certain amount yearly on your musical education. Is it capital well invested? Are you squandering the money or are you making it pay ever-increasing dividends of benefit and pleasure?

Y. BILLINGS & SON
BANDERA, TEXAS

Mrs. Fred Boyle died at a hospital in San Affonio last Thursday morning and was buried in the Catholic cemetery Friday morning. The funeral services were conducted by Rev. Father Boivin in the Catholic church.

Mr. Campbell recently underwent an operation for gall stones and for a time he seemed to be making good recovery, but his condition took a turn for the worse and he began to sink rapidly. He died as he had lived, a good Catholic, and was conscious to the last, receiving extreme unction at the hands of the priest.

Deceased was born in County Donegal, Ireland, in 1852, and came to America about forty years ago. He first secured employment as a bookkeeper in Cincinnati, Ohio, where he spent several years, later going to Paduach, Kentucky. Still later he went to Mississippi, where he spent several years, and while there he invested in good farm property. Three years ago he came to Bandera to accept a position in Boyle Brothers general merchandise store. He had been acquainted with Mack Boyle of that firm for many years, the two having met in Cincinnatti when Mr. Boyle came over from Ireland to make his home in America. Mr. Campbell was a quiet, unassuming gentleman, and liked by everybody. He was never married, and is survived only by a brother somewhere in Mississippi, and two or three nephews and nieces in Philadelphia. His passing is mourned by the whole community.

Will Raise Turkeys.

John Risinger arrived from Alice, Texas, last week and has concluded to remain in Bandera in partnership with his nephew, Royce Risinger, he will engage in turkey raising on an extensive scale.

Delightful Social.

The social given the school children last Friday night at the home of J. R. Price, was a most delightful affair. The boys and girls appeared in all sorts of costumes, games were played and refreshments were served. A great time is reported by all who attended.

J. A. Head and his sister, Mrs. Emma Howe, leave this week for Ft. Smith, Arkansas, on a visit to relatives. Mr. Head will return in about two weeks, but Mrs. Howe will make a longer stay.

Kendall county officers are searching for a Mexican who, on last Sunday afternoon, shot and killed Mrs. Candalaria C. Hernandez. The woman was shot because she would not leave her husband and children and elope with the slayer. The tragedy was witnessed by the Hernandes children and a priest.

The November number of the Frontier Times, which has just been issued from the press, contains sixteen good stories of the early day happenings in Texas, narratives that are true and thrilling. This magazine contains thirty-two pages, and is published fhonthly. The subscription price is $1.50 per year. Its style of make-up is like that of magazines published forty years ago. It carries you back to frontier times, and relates its name implies. It is the only magazine of its' kind in the world. You will enjoy every number of Frontier Times, and your children will look forward to its coming every month if you enroll as a subscriber. Get the current number and read about Ben Dragoo's Race for Life when he was chased by the Indians. Mr. Dragoo is now ninety years old, and still lives in Kimble county. Read about buffalo hunting, about the Bloody Career of Billy the Kid, about the terrible sufferings of Virginia Webster, who was a survivor of the Webster massacre and was taken captive by the Indians. And in the December number, which will be issued on November 15, will appear more thrilling stories, among them a story of "Humpy" Jackson's terrible vengeance wreaked upon negro soldiers at Menard, Jack Potter's experience on the old cow trail, an account of Jack Hays' battle with the Mexican army over on the Hondo, and other true historical sketches. Every issue you miss of this wonderful magazine is a distinct loss to you. Subscribe today.

Old Settlers, Attention.

We are going to organize an Old Settlers' Association in Bandera county. Send in your name at once if you will join. The membership fee will be one dollar a year, which dollar can be paid in indivisery of badge. All old settlers over eighty years old will be given a life long membership free. We are going to "arrange for a two days' reunion some time next year, and will provide a meeting place somewhere on the Medina river at Bandera. A brush arbor will be built and a large platform will be erected for all purposes. If you want to come and camp all conveniences will be provided for you. But join the association now, and let's get things moving. Send in your names to J. M. Hunter, at the New Era office.

WHY NOT BE INDEPENDENT?

Abrahaln Lincoln is one of the most outstanding examples of what a man may make of himself if his desire to succeed a great enough. It is within the power of any person who earns to have financial independence — in time. One doesn't need to be so much schooled to save as he needs to teach himself how to spend. It is seems so easy to treat one's self to that temporary, tingling exhilaration of spending five dollars for something he thinks he wants, than to feel that permanent, solid feeling of independance that comes with its denial and saving that five spot. Future comfort and prosperity will live and grow in the savings account if you start now.

Mohair Coming In.

Mohair is coming in rapidly to the warehouse of the Bandera County Ranchmen & Farmers' Association. About 20,000 pounds have been brought in thus far, and it is estimated that fully 70,000 pounds will be stored within the next two or three weeks. Sheep shearing is now in progress and some wool has already come in to the warehouse. Prospects are bright for a good price for both wool and mohair of the present clip.

D. E. Colp Appointed.

Governor Neff has appointed D. E. Colp on the State Parks Board. This board was created by act of the last Legislature, which contemplates a system of State parks, but made no appropriation for purchase of same. The act provides that the board shall obtain options on State park sites and make recommendations to the succeeding Legislature to acquire such sites.

It is planned that board shall take over the options now held and being negotiated for the State Park Association, which has already done much work in that direction. A number of sites have been offered and some regarded with approval. They range from the Davis Mountains on the west to the magnificent Rhabb tract near Brownville, valued at $86,000 and from Frio canyon site near San Antonio to Palo Duro canyon in the Panhandle. The Rabb tract has been tendered free of cost, although its owners have been offered $86,000 for the property. Some of the acreage has also been tendered free, but it will be up to the Legislature to make appropriation for the Davis Mountains park and most of the other sites.

Scratch up Body of Infant.

Officers are working on a case which will probably lead to the arrest in connection with the finding of the body of an infant in a feed lot near Winters, Runnels County, Thursday, where the chickens had scratched it up. Physicians expressed the opinion that the baby had been dead about four days.

Charlie Singleton and Mr. Grimes went to Hondo on business last week.

Mr. George Dickson, our postmaster, has been real sick, but is much better now.

Charlie Chick was quite sick last week with dengue fever.

Alf. Chick and Jim Glass went to Hondo last week on business.

John Graham and wife, visited Mr. and Mrs. Claud Graham Saturday and Sunday.

Mrs. Fletcher Layton, of Medina, visited Tarpley friends last week-end.

Sheep Industry is Prosperous.

Nearly 225,000 head of sheep were moved from Texas ranches to market during September, according to records of the Livestock Sanitary Commission of Texas. However, this record, showing 216,258 head of sheep, represents only sheep moved from quarantined premises or counties on certificate, the total movement being far in excess of this number.

The Livestock report of the September movement, which is the largest on record, was from Val Verde and Edwards counties, which are in the heart of quarantine for sheep scabies eradication. The largest previous movement recorded was in June, when 202,000 heads of sheep were issued by J. H. Rasco, chief sheep and cattle scabies inspector of the commission.

Movement during September was to many points throughout the United States. "Kansas City, Joy, Ill.; Fort Worth, Toledo, Ohio; Brawley, Cal.; San Antonio, Oma and Clovis, N. M.; St. Louis, Chicago, Melcher, Iowa and El Paso were the principal points of destination.

Despite the unusual movement the market has remained good, in the opinion of Mr. Rasco, who declared that the sheep industry is in a prosperous condition and that there is plenty of grass and water in most sections.—Dallas News.

Bandera county is under strict quarantine, and it is unlawful to move horses, mules, or cattle anywhere. Read the quarantine order which appears in this issue of the New Era, and which became effective on October 12.

Judge A. L. Mansfield, is actively engaged in arranging a meeting for the teachers of Bandera county schools to take place on Saturday, November 10, at which time a very interesting program will be rendered. The place of meeting has not yet been determined. We are heartily in accord with this movement, and Judge Mansfield is to be credited with taking necessary steps to bring all the teachers of the county together. Only good can result from such a meeting.

Candidates are beginning to crop out in several Texas counties. We don't know why so early, but guess it is due to the good rains that have fallen over the state. Up in Concho county a man has already announced for sheriff, and over in Gillespie county a man has announced for Legislature. What worries us the most, however, is the fact that our favorite, Henry Ford, for president, is still on the fence; and has not yet declared himself. Howbeit, he is a receptive mood, and is still our choice.

You have been intending to contribute to the fund for the erection of a monument to our Bandera county soldier boys who died in the World War, but you have been just putting it off until you could spare a dollar or two. Now don't put it off any longer. Let everybody respond and soon enough will be donated to erect that monument. See the list in the New Era, and total it yourself, and you will find that less than $200 has been subscribed so far. And the movement was started almost a year ago. Will we erect a monument to the soldier boys? Let's get busy.

Frontier Times for November was issued from the press last Monday. The current number of this interesting monthly is full of thrilling sketches of the early days in Texas. Subscriptions to the magazine are coming in from all parts of the United States, and we make prediction that before the close of the first volume it will have a circulation of several thousand. If you have not subscribed for Frontier Times you should do so at once, as in a short time, it will be impossible to supply back numbers; in fact, the first edition has already been exausted. Frontier Times is printed in Bandera, on the fifteenth of each month. Price $1.50 per year.

They Are Essential.

The New Era has always contended that good schools, and good roads go hand in hand and are necessary to the growth and prosperity of any community. Judge Mansfield returned last Thursday from a visit to schools in the western part of the county, and we requested him to give a report of the conditions as he found them in the communities he visited. This report is given below. We want the reader to particularly notice what he says about the roads. How on earth can we expect to have good schools when some of our roads are impassable—the only way to get over them being on horseback? It is a crying shame that we can't get to some of the communities in this county without going miles and miles out of the way. A route through Seco Pass is absolutely necessary, yet we have to go horseback to get through that way. Bandera county, being a mountainous region, is going to have to spend thousands of dollars in road building, and the sooner it is done, the sooner the people will profit by it. Let's build roads and schools. Judge Mansfield says:

Mr. J. M. Hunter:—In reference to my visit to the schools in the western part of the county I found them making splendid progress. The teachers are all doing their very best, not only to educate the children with the text books furnished by the state, but to instill in the minds of the children and patrons a school spirit that will help to build better schools in Bandera county. The set of questions and books that are offered by our mutual friend for the best essay on "What are the Most Vital Needs of the Schools of Bandera County," has created much interest and is helping to encourage the people along these lines. All of the schools are going in for the scheme, this set of excellent books. But I found the condition of the roads in the county is proving a hindrance to real school work. In some of the roads the children necessarily have to travel are very rough. It is impossible to get from the Medina Valley to the Sabinal Valley with a car except by one route and that is very rough and dangerous. The road by Crockett school to Nalyon school is passable if you go on horseback and lead your horse part of the way down the mountain. If you have a sure-footed horse you can ride over the Seco Pass on the Bandera and Utopia Road. Hope you can get time and see these roads yourself.

A. L. MANSFIELD

The rains of the past week have more than demonstrated the need of good roads in this county. But it seems that the people are very much like the old fellow in Arkansas whose roof had a hole in it—when it was not raining it did not need fixing, and when it was raining he could not fix it. The time to work our roads is in dry weather.

Married in San Antonio.

Mr. Clinton C. Kelly, formerly of Medina, and Miss Jova Mc-Clinstock of San Antonio were united in marriage on October 11 the ceremony taking place at the Beacon Hill Methodist church. The bride is a very popular and pretty girl, while the groom is a young man that has many friends in and around Bandera and Medina. Their host of friends wish them much prosperity and happiness.

THE TRAIL DRIVERS BOOK REVIEWED.

The following review of "The Trail Drivers of Texas" appeared in a recent issue of the Dallas News. The tribute of praise was written by J. Frank Dobie, professor of English in the Oklahoma Agricultural and Mechanical College at Stillwater, Oklahoma. The editor of the New Era, who compiled the two volumes of the book mentioned, feels very grateful to Mr. Dobie for this review:

When in 1915 George W. Saunders, pioneer cowman of Texas, organized the Old Trail Drivers of Texas, his motivating idea seems to have been to raise funds for building a monument to those who a long generation ago drove their epic herds from south of 26 degrees to far, far north of 36. But now, whether or George W. Saunders ever sees a graven image of a trail driver or not, he has, unconsciously almost, builded in two volumes called "The Trail Drivers of Texas," a monument that will outlast stone or brass, and it may well be doubted whether any pictorial sculptor can ever reflect with such fidelity the extraordinary men who have for all time recorded themselves, ingeniously, accurately, and, withal, amply in these volumes.

The first volume appeared some three years ago. The second volume is but recently off the press. J. Marvin Hunter has acted as editor—a task more difficult, and more important, than at first sight, than editing a dead and deadening play of some of Shakespeare's successors—for he has with good judgment refused to change the style of expression employed by the trail drivers themselves in their narratives. For the volumes consist of the sketches of hundreds of old horsewranglers, cowboys, cowmen, camp cooks, rangers and Indian fighters associated with the cattle empire; they are a unique compilation of autobiographies, some all too short, some engagingly long, all, with but few exceptions, graphically interesting.

"The Trail Drivers of Texas" is not literature. Neither is Hakluyt's "Voyages," literature. Yet I have long thought the latter far superior in reality, in dramatic interest, in the reflection of a great body of men of a great age—the English seamen of the "spacious times" of Queen Elizabeth—to Kinsley's "Westward Ho!" which is literature. "The Trail Drivers of Texas" has the very stuff from which literature is made, as Emerson Hough acknowledged and demonstrated in his "North of 36." Yet these volumes are more than mere source books. They are a remarkable social document. A hundred years hence people will read them for a picture of men and times they record as we now read the diary of Samuel Pepys for its reflection, not only of the individual Pepys, but the age of the Restoration.

This is high praise; it is meant for such. Take these sketches from "The Trail Drivers of Texas," take Andy Adams' "The Outlet," take "North of 36," and if nothing else had been written on the subject, if nothing else were ever written, yet we should have a full and a just picture of the most picturesque—probably the most epic movement of men in the western hemisphere—the movement of 48,000,000 cattle and 10,000,000 horses by 35,000 men in twenty-eight years' time (estimate given by Saunders) over a weedless and herbless and waterless land, stretching from the Gulf of from far into Mexico—clear to from far into Mexico—clear to the Dominion of Canada.

Here is recorded the story of one man who set forth from Lockhart, Texas, in 1867, with a herd for Western Kansas, his plan to flank all settlements, his desperate hope to sell his cattle somewhere, he knew not where, as intrepid as the guideless seekers 400 years ago for a Northwest passage. Here, with the naive placidity with which the brand might be recorded, is told how two brands met and mingled somewhere out in that stretch of a thousand miles of No Man's Land, and how a battle ensued between the herdsmen in which nine were killed.

Here are the rules that were laid down for their cowboys by the Snyder brothers, who handled hundreds of men and tens of thousands of cattle:

"1. You can't drink whiskey and work for us.

"2. You can't play cards and gamble and work for us.

"3. You can't pray cards and gamble and work for us.

"4. You can't pray cards and gamble and work for us.

ROBS CALOMEL OF NAUSEA and DANGER

Medical Virtues Retained and Improved —Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most unbeatable remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts, a good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price to any person who will say he is not thoroughly delighted with Calotabs.—(Adv.)

QUARANTINE

I. Whereas, the Live Stock Sanitary Commission of Texas has determined by reason of tests conducted by its authorized representatives or inspectors that fever infection exists in Bandera County, Texas; and

II. And whereas said fever tick infection being contagious, infectious and communicable disease is a serious menace to the uninfected and exposed counties constituting the Free Area in the state of Texas and that it is necessary for the Live Stock Sanitary Commission of Texas that Bandera County, Texas, be quarantined;

Now, therefore, in accordance with the provisions of Section 17 Chapter 38 of the General Law of the State of Texas as passed by the Third Called Session of the 36th Legislature a quarantine is hereby proclaimed in and around Bandera county, Texas, and said county is hereby placed under quarantine effective the 12th day of October, A. D. 1923 on account of fever tick infection and is subject to the following rules and regulations:

All premises, cattle, horses, mules and asses located in Bandera county are hereby quarantined and no cattle, horses, mules and asses shall move or be permitted to move from any premises in said quarantined county unless and until such live stock are certified to by an authorized inspector or unless a permit is issued by said inspector in either case said certificate o permit shall be issued by said inspector only after necessary inspection and dipping as hereinbefore provided for in territory under quarantine. Any person firm or corporation who moves cattle in violation of the foregoing rules and regulations or any owner or caretaker who permits the movement of any livestock without a certificate or permit of an authorized inspector of this commission shall be punishable under the laws of the State of Texas. The above provisions are applicable to railroad companies and other transportation companies and they are hereby forbidden to accept for transportation or to transport any live stock from any of said quarantined area unless such live stock be accompanied by a permit or certificate from an authorized inspector of the Live Stock Sanitary Commission under the rules and regulations regulating said movements.

IV. All owners and caretakers of cattle, horses, mules and asses located in said quarantined area shall take up tick eradication under the rules and regulations of the Live Stock Sanitary Commission and continue same to eradication until their premises and live stock have been freed from infection and exposure to fever ticks.

V. All railroad companies in said quarantined area shall lock all shipping pens located therein and permit no cattle, horses, mules or asses to enter same unless accompanied by a permit or certificate from an authorized inspector of this Commission.

VI. The Live Stock Sanitary Commission hereby establishes the foregoing quarantine, and adopts the foregoing rules and regulations to be in effect in and around said quarantine area on and after the 12th day of October, D. 1923.

Witness our hands this the 10 day of October, A. D. 1923.

Sam Clark will be in Bandera every Saturday with a truckload of fresh vegetables and fruits. He will pay top prices for eggs.

We have a client who wants to buy a cottage and some acreage in Bandera. List your property for sale with us.—Ethridge Real Estate Co.

Mr. Joe Proctor, pride of the Proctor family, arrived Monday, October 12, and is now the property of Mr. and Mrs. Arnold Proctor at Medina. October 10 was also the birthday of Mrs. Arnold Proctor, who was Miss Pearl Hodges, daughter of Mayor Hodges.

The Bandera Mercantile Company has completed the remodeling of the building occupied by them. The front has been changed and the entrance moved to the center. Some good work was done at the same time. Work when completed will be one of the most modern establishments in this section. Wonderful improvements and conveniences are being added to the building.

Mrs. W. Lewis and daughter, Miss Thursday, were in from their home on the Medina river Monday. They reported that the rains had been very beneficial to crops in that section. Miss Thursday has been quite ill for several weeks, but is now improving.

Mrs. Alexander, who has been in a hospital at San Antonio the past several weeks, returned home Saturday. She has about recovered from her recent illness.

Captain Dan H. Mauldin was in from his ranch on the Medina river Monday. He reports that the cotton crop in that section is looking fine but about one-third of it is open. The rains have delayed the picking of cotton.

Two of our Bandera citizens became involved in a difficulty on Main Street last Saturday afternoon, but no blood was drawn, nor damage resulted. Each of the participants were fined in the justice court by Judge Dorsey in accordance with the action of the grand jury.

We have a client who wants to buy a stock farm of not more than 320 acres, must be well priced right and near Bandera town. If you want to sell your property list it with us.—Ethridge Real Estate Co., Bandera.

All who have plans that are in need of repairing or tuning please phone me. I have a man coming who will do this work in the next few days. Tuning $3.00.—A. F. Carlton.

Inspector Wurzbach of San Antonio was here Saturday and paid this office a visit. Mr. Wurzbach says the cessation of dipping operations in this county is very much to be regretted, and he hopes the people will see the mistake that has been made in this matter, and have greater compliance. He says that several more dippings will clean up the county, and suggests that inasmuch as the county is without funds to continue the work that individual stock owners get together and do the work, charging ten cents per head for all stock dipped which would provide a sufficient fund to complete the work.

Boosting Bandera.

According to agreed reports from men who have just acted in detail of the interesting situation, a Bandera County farmer saved a cotton crop from destruction by boll weevils and worms and added hugely to his bank account at the same time during the season just ending by the simple expedient of keeping a flock of turkeys in his cotton field. Fortunately, his field was so fenced that the turkeys could not escape—and birds. And, after a short while, they gave indications of a desire to leave their task. As the younger ones grew in size and activity, they too, evinced a determination to exterminate the pests of the cotton fields of the south. And they did. This fact is susceptible of the proof with mathematical accuracy—than which there is none higher. Whereas, the field with the turkeys at guards produced about a bale to the acre, a field directly across the road,land of equal fertility and cultivated just as thoroughly, made a miserable failure in the matter of growing cotton. The man with the cotton plus the turkeys sold his product at a fine price. He sold some of the turkeys at high profit and he has others that, probably, will be on the dinner tables of San Antonians for Thanksgiving Day. While all the thinkers who think of saving the cotton from weevil and worms are casting about for some remedy against them, give a thought to Bandera turkeys and the work they have wrought.—A San Antonio banker who has financial knowledge of the shape the turkey-cotton grower is in at present is the most frequent relator of this cotton fact. Eventually they will get the weevil and worm. Let the turkeys do it now.—San Antonio Express.

Will Pool 20,000 Turkeys.

The Mason News says the turkey raisers of that county will pool 20,000 turkeys this season. Already more than 6,000 of the birds have been pooled. According to the pooling arrangement committeemen are selected from each community in the county and these committeemen arrange the date of sale, do the selling, and transact the sale for the farmer. An offer of 25 cents per pound has already been made for the turkeys in that pool. Now the Bandera county turkeyraisers can do as the Mason county folks are doing and it will insure a better price for their birds with a minimum expense for handling. Let the farmers of this county get busy, secure a county agent and systematically market their turkeys. For the past several years our farmers have had to take just whatever the turkey buyers were disposed to offer. By pooling their turkeys this condition will be remedied and perhaps reversed.

Gus Reinarz, of Pipe Creek, was transacting business in the metropolis Saturday.

Success Assured.

The subscriptions being received to Frontier Times from all parts of the country assures the success of that unique publication. Since the November number was issued from the press many congratulatory letters, with subscription remittances have been received. Everybody is pleased with Frontier Times, which, by the way, is devoted to border tragedy, pioneer achievement and trail driving reminiscences. There is not another magazine of its kind published anywhere. It is printed right here in Bandera, and every issue that is mailed out is a boost for Bandera. People abroad are hearing about Frontier Times, and are sending in for it. A five dollar ad placed in the Dallas Semi-Weekly Farm News brought thirty-three subscriptions to date, and they are still coming. Ads will be placed in the San Antonio Express, Houston Chronicle, and other leading state papers, as well as in the National Tribune of Washington, D. C. telling of Frontier Times, and within another year we expect its circulation to reach several thousand. If you have not yet subscribed to it do so now. You can't afford to miss a copy, for it contains only true history. If you have never seen Frontier Times, send only fifteen cents for a sample copy of the November issue. If it does not please you send it back and we will refund your fifteen cents. But we know you will want to keep it, and will order it sent to you for a year. We have no copies of the initial number, October, left on hand.

WHY NOT BE INDEPENDENT?

Abraham Lincoln is one of the most outstanding examples of what a man may make of himself if his desire to succeed a great enough. It is within the power of any person who earns to have financial independence — in time. One doesn't need to be so much schooled to save as he needs to teach himself how to spend. It is seems so easy to treat one's self to that temporary, tingling exhilaration of spending five dollars for something he thinks he wants, than to feel that permanent, solid feeling of independence that comes with its denial and saving that five spot. Future comfort and prosperity will live and grow in the savings account if you start now.

The glory season is here. Sparribs and backbone! Turnip greens, sweet potatoes! Hog-and-hominy! Arise and Sing!!!

Texas histories barely mention the great battle which took place on the Hondo in 1842 between Jack Hays' forces and General Woll's Mexican army. Read the account of this fight in the December number of Frontier Times, as related by Rev. Z. N. Morrell, who participated in the battle.

The hunting season opens next Thursday. And then along will come the hunters from the cities and elsewhere to slaughter the little game that is left. The automobile has made it possible for the city dweller to go to remote points and spend a week or two each season hunting deer and turkey, and the result is that our wild game is being rapidly killed off. If you don't want your fences torn down, your stock killed, better take steps at once to protect your property from invasion by posting your pastures according to law.

We had the pleasure of attending Church of Christ services at Rocky Creek last Sunday, and heard Elder John S. Darst of Junction deliver two able discourses. Brother Darst is eighty-two years old, last Sunday being his birthday, but the burden of years have not impaired his power as a preacher. He has been preaching the Word for more than sixty years, and established congregations all over West Texas. We hope this grand old man will be spared many years longer to continue his good work.

Bruce McCarty was in Saturday to consult Dr. Erwin in regard to weed pulling. Now Mr. McCarty takes the position that weeds should be allowed to grow in a man's front yard in order to provide shelter and protection for bugs, insects and germs and thereby keep them from getting into the house for shelter. But he says his wife insists that the weeds be destroyed, not merely cut down, but pulled up and carried away and burned. And as that job falls to him, Mr. McCarty is anxious to have a full theory as to the beneficent qualities of the weeds sustained. Hence his visit to Dr. Erwin. The genial medico advised him to get a pair of buckskin gloves and get down to pulling weeds.

Commissioner Jim Holt has been doing some good road work during the past two weeks. With the aid of a tractor he has been dragging the roads in this precinct, and the work done has helped a whole lot to overcome the heaviness since the rain.

TRAIL DRIVERS REUNION

The Old Trail Drivers of Texas—and some from even beyond the state—will gather in San Antonio for their ninth annual reunion November 2. The reunion will continue for two days and the place of meeting will be the Gunter Hotel. About 500 are expected to attend the meeting, according to George W. Saunders, president of the Old Trail Drivers' Association, which is composed of men who drove cattle overland from Texas ranges to the pioneer days of elsewhere in the country. Texas. Sons of men who drove the Trail are also eligible to membership in the association.

Many men who have since attained prominence in other lines once drove the Trail, and perhaps the most notable instance of this is C. M. Cureton of Austin, chief justice of the State Supreme Court, who will be in attendance. It is said that the friends of Chief Justice Cureton that he drove the trail as a hand working for $30 a month. He drove into the Northwest, possibly going as far as Wyoming. Mr. Cureton will deliver an address on that occasion.

The founder of the famous Goodnight herd of buffalo, Col. Chas. Goodnight of the Panhandle country, will also be here, according to a letter received by Col. Wm. Slaughter of San Antonio, a lifetime friend. Colonel Goodnight attracted the attention of the Nation when he assumed protection of a herd of buffalo in the old days and began crossing them with cattle. The herd and the efforts of Colonel Goodnight to preserve the buffalo, caught the attention of the whole country, and as a result others here and there over the great West caught the fancy and began to round up and preserve the few remaining, fast thinning herds.

Jack Potter of Clayton, N. M. son of the famous Fighting Parson" Potter of Southwest Texas, will be another visitor. He, too, drove the trail in his day, and is a man somewhat after the fashion of his illustrious father. He is ranching in New Mexico. Other visitors from a distance are M. Garner of Texarkana, Ark., former South Texas man, and L. T. Clark of Quannah.

But the person who will attract the most attention, perhaps is Mrs. Amanda Burke of Cotulla. Mrs. Burke never misses a reunion. About 1872 Mrs. Burke drove with her husband from Corpus Christi to Abilene, Kan. She made that trip in a buggy, driving behind the hers. She now owns a large ranch in the Cotulla country which she has managed for many years, following the death of her husband.

Col. W. B. Slaughter, formerly a prominent cattleman of the Panhandle, now a resident of San Antonio, who has the distinction of driving a herd of 10,000 buffalo from the Panhandle to Colorado, a distance of several hundred miles, will also be present.

John B. Kendrick of Wyoming U. S. Senator and former Governor of that State, used to drive cattle from Texas to the Cheyenne finally settling in Wyoming Kendrick's home was in Williamson county, near Georgetown, and he is remembered by many of the trail drivers who will be present at the reunion. Also, it may be possible that he will come to San Antonio for the reunion, for two urgent invitations are going forward to him to do so. One is from Geo. W. Saunders, president of the association, and the second is from Col. Ike T. Pryor.

Driving cattle to the Northwestern States became a great, organized industry by the time the railroads developed to where they took over the business. Beginning with small herds it was soon learned that large herds could be driven just as easily, and before the end of trail days herds numbering 3000 were pushed along the trail. Perhaps the greatest living trail drivers are Col. Ike T. Pryor of San Antonio and John R. Blocker of Big Wells. In one year Colonel Pryor, operating alone, sent up 15 herds, each numbering 3,000 cattle. Mr. Blocker, as a partner with others, in one year sent up 100,000 cattle.

The great social event of the reunion will be the ball on the night of November 2. Dances predominating are the old-fashioned ones, such as the Virginia reel, the quadrille, and the Lancers.

The following officers of the Old Trail Drivers' Association President, George W. Saunders, vice-president, J. B. Murrah; treasurer, W. W. Collier, secretary, R. F. Jennings, sergeant-at-arms, Wm. B. Kemp.

Mr. Saunders announces the following program for the occasion:

Meeting called to order by President George W. Saunders, 9 a. m.; invocation by Chaplin Stewart Pearce; address of welcome by Mayor John W. Tobin; response to address of welcome by Chief Justice Cureton of Austin; address, "Uncle Bill" Atkinson, of Gonzales; address by R. L. Ball; address by Col. Ike T. Pryor; reading by Raymond Bedor; reading by John Newton; adjourn for noon.

Meeting called to order by President Saunders at 2:30 p. m.; address by C. B. Lucas; address by Ed C. Lasater; address by J. H. Murrah; address by J. W. Clayton; appointment of committee on resolutions and announcements by President Saunders; general discussion of old time days; address by Lake Porter; reading by Miss Marion Jennings; Oscar J. Fox presents four of his cowboy songs with the words from John A. Lomax's collection, "The Old Chisholm Trail," "A Home on the Range," "Cowboy's Lament," "Rounded up in Glory," adjourn until 9 p. m. grand ball.

Meeting called to order by President Saunders at 9 a. m. November 3; address by W. Col Washer; address by H. H. Williams; address by H. H. Hunter; reading of resolutions; a general powwow; adjourn for barbecue for members and invited guests.

Meeting called to order by President Saunders at 2:30 p. m.; memorial service by Chaplin Pearce; reading financial statement of association; taking up unfinished business; adjourn until 1924.

Herman Harper's friends have been wondering why his handsome physiognomy is adorned with a beautiful black eye. Some were inclined to think he had a mix-up with a pugilist but the truth has at last leaked out. Mr. Harper has a pear tree which grows extra large pears. This season right up in the very top of that tree was a monster pear which kept growing larger and larger. Every day he would go out and gaze up at that pear and wonder how big the blamed thing was going to get. The other day while he was watching that pear grow it suddenly broke loose from its moorings and came tumbling down. Biffed him square in the eye, and as a result that optic has been sadly discolored ever since.

Mrs. A. J. Edmondson.

Mrs. A. J. Edmondson died Monday night at the family home in this city after an illness covering several years. The remains were shipped to Thorndale Tuesday for burial. Mrs. Edmondson, whose maiden name was Miss Dulcie Harris, was born in Coryell county June 27, 1880. She came to Bandera about a year ago for the benefit of her health, but without avail. Besides her husband, she is survived by four children, and by whom have the sympathy of the entire community in their great loss. Mrs. Edmondson was a member of the Methodist church and a most excellent woman. The remains were accompanied to Thorndale by the bereaved husband and children, and Mrs. M. A. Harris, mother of Mrs. Edmondson.

Posting Pastures.

The hunting season opened today. As a protection against the inroads of hunters and trappers, many Bandera county ranchmen are posting their pastures and warning trespassers to keep out. See the Posted Notices which appear on the third page of the New Era. These ranchmen mean what they say in those notices and will enforce the law to the letter wherever trespassers are caught.

Recital Postponed.

The recital advertised to be given by Prof. A. P. Carlton's music class tonight has been postponed until next Thursday night, November 8. The program will appear in the New Era next Thursday.

Giving Good Service

During this rainy weather when the roads are in such bad condition, Bandera's mail from Kerrville comes in right on time, without delay. Will Gray and his son, Earl Gray, maintain a good schedule, and go rain or shine. The portion of the road which crosses the corner of Medina county is enough to discourage the most expert driver in its present condition, but the Bandera-San Antonio service cars negotiate that bad strip every day and bring in passengers. Quite a contrast to conditions of less than three years ago, when the mail failed to get here for two or three days at a time.

Caught a Big Fish.

Saturday night, Chas. Eckhart and W. W. Whitley caught a catfish, in Medina Lake, which weighed fifty-seven pounds. The big fellow was caught on a trotline, along with several smaller fish.

Armistice Dance.

On Monday night, November 12, an Armistice dance will be given at the Cox Opera House in Bandera. Come and celebrate the signing of the armistice that brought the great world war to an end. Bring your friends. Music by Comfort band. A good time for all.

Comfort News Changes Hands.

A deal will be consumated today whereby Mr. McAteer disposes of the Comfort News, and A. P. Kehoe assumes charge of that excellent weekly. Mr. McAteer established the News several years ago and has made it a success financially and otherwise, and while we regret to lose him from the ranks of journalism we hasten to extend to Mr. Kehoe, the welcome hand. Mr. Kehoe is well known in Bandera, having been here for some time, but during the past year or two he has been connected with St. Mary's College at San Antonio in the capacity of teacher of English and mathematics. He is well fitted for the duties he has assumed and we predict that he will keep the News up to the high standard of excellence maintained by his predecessor. Mr. McAteer has not announced his plans for the future, but we understand he will continue to reside in Comfort and engage in another line of business.

Miss Frances Jureczki is critically ill at a hospital in San Antonio, where she underwent an operation for appendicitis. Her mother, Mrs. John Jureczki, is with her. At a late hour yesterday afternoon little hope was held out for her recovery.

Fish Hatchery at Medina Lake.

Work started last Saturday on the fish hatchery at Medina Lake, the contract for construction having been awarded to a Boerne firm. The cost of the hatchery will be approximately $8,000. The U. S. government agreed long ago to maintain a hatchery at Medina Lake for the exclusive stocking of that body of water if the plant was built by the generosity of the region. As soon as the hatchery is completed the government will appoint a superintendent or government salary and take over the plant. There will be three pools, one for the propagation of rainbow trout, an exceptionally desirable game fish suggested by members of the bureau of fisheries at Washington and apparantly united to Medina waters, judging from experiments in the last year. Millions of big mouth bass will be turned into the lake when the hatchery, insuring the fate of being a fisherman's paradise as long as the hatchery is in operation.

Injunction Granted.

Judge Burney, in Hondo, last Monday granted an injunction to Leopold Haby & Sons against trespassing and hunting on the Haby ranch lands in Bandera and Medina counties. By the terms of the injunction all persons are restrained from hunting or trespassing there, and such persons as violate the injunction will be held in contempt of court, and that's a serious offense which carries a jail sentence. No fine and no incarceration. The petitioners were represented by W. S. Ethridge.

WHY NOT BE INDEPENDENT?

Abraham Lincoln is one of the most outstanding examples of what a man may make of himself if his desire to succeed s great enough. It is within the power of any person who earns to have financial independence — in time. One doesn't need to be so much schooled to save as he needs to teach himself how to spend. It is seems so easy to treat one's self to that temporary, tingling exhilaration of spending five dollars for something he thinks he wants, than to feel that permanent, solid feeling of independence that comes with its denial and saving that five spot. Future comfort and prosperity will live and grow in the savings account if you start now.

We pay 4½ per cent interest on savings.

Rev. Potts Transferred.

The annual conference of the Methodist church closed last Sunday night at Gonzales, with the reading of the appointments of the pastors for the coming year.

The appointments that are of special interest to Bandera are as follows: Bandera Station, H. R. Washington, Medina and Tarpley, J. C. Evans. Rev. A. E. Rector remains on the district as Presiding Elder, while Rev. R. A. Potts is sent to Midfield and Markham, two growing little towns in the rice fields of Matagorda county, where mosquitoes and ducks go in flocks. Rev. Potts says he is very fond of hunting.

Rev. Washington will arrive tomorrow and will occupy the pulpit at the Methodist church Sunday.

Mrs. H. A. Harris, who has been with her daughter, Mrs. J. Edmondson for several months, left Tuesday for Thorndale.

Are You, Mr. Brown or Mr. Jones?

Brown and Jones were business friends and of the same age. At the age of 35 each took out a life insurance policy for $5,000.00 Brown bought a limited-pay contract costing $155.00 annually, while Jones bought an Accumulation policy for $159.50 in which the insurance cost was figured at $81.50. At the end of the first year being set aside by the insuring company in a special Accumulation Fund to the credit of Jones, interest being allowed on the excess payments. As time passed they made occasional benefits that had accrued under each policy. Here is the result of their observation:

At all times both contracts gave the same amount of insurance protection. At $1,000.00 end of five years, Brown's policy had a cash surrender or loan value of $325.00, but which he could not use without forfeiting or reducing the amount of his insurance. Jones had a credit of $340.00 which could be withdrawn without reducing his insurance and which amount in event of his death would be paid to his beneficiary as additional insurance. In ten years Brown's policy had a surrender or loan value of $1,100.00, while Jones had $858.00 to his credit. Brown could secure $325.00, but only by placing a lien on his policy and reducing his insurance that amount, but he would still continue to pay the full premium plus the interest, while Jones could withdraw the $858.00 and continue his insurance on a basis of the insurance cost.

Brown's policy becomes 'paid-up' at the end of twenty years at which time it had a surrender value of $2,830.00 so that while the company is carrying only $2,170.00 of the insurance for which Brown still contributes the interest exacts on his cash value. At the end of twenty years Jones had $2,244.00 in his Accumulation Fund account, the interest being set at 4 per cent would more than pay an insurance cost of $81.50, and in the event of death his beneficiary would receive the $5,000.00 insurance plus $2,244.00 of Accumulation credits. More than that, Jones has the privilege of withdrawing thi s Accumulation in full and continuing the full amount of insurance by the annual payof the insurance cost.

Should Brown fail to pay premiums on his policy after they become due he can exercise one of three options: Take the cash value and surrender his insurance, or apply the cash value to the purchase of paid up or extended insurance for whatever time or amount it will buy. In Jones' case, his insurance is automatically extended for the full amount long as there is enough to his credit in the Accumulation Fund to pay a quarterly premium on the insurance cost basis and when this fund is exhausted he can still continue his policy in force by paying the insurance cost.

Does not the policy held by Jones strike you as being the more profitable one of the two? I so see W.J. Davenport Jr., representing the National Life Insurance Co.

One of the subscribers to Frontier Times came in last week and requested an extra copy of the little magazine. Said he had loaned his copy to a neigh-bor, and the neighbor did not return it and he wanted to keep a complete file of all the issues. Now we don't want to urge peo-ple to be selfish, but we want to whisper this tip: If you loan your copy of Frontier Times you may expect to lose it. The best thing to do is to persuade your neighbor to subscribe for it too.

In the December number of Frontier Times will appear an account of the killing of a Co-manche chief over on the Hondo by Smith. The story is re-lated by D. P. Smith, who now lives in San Antonio. The In-dians had killed Rube Smith and had taken his scalp. The three Smiths mentioned in the story were not related to each other. The next day after the killing of the chief certain settlers of that community skinned the dead In-dian and made saddle strings and whips of the hide. If you have not yet subscribed for Frontier Times do so at once and read this story in the next num-ber, which will appear about November 15.

Every good word you say for Bandera echoes around the world. Every knock is heard only here at home.

Bandera is getting lots of out-side publicity these days, and many people who never before heard of our wonderful region are beginning to learn that Ban-dera is on the map and offers vacationists and tourists the best attractions and prettiest scenery in all Texas.

It is easy enough to tell of the good things we have in Bandera-land, but a difficult task to dig up anything real bad. For in-stance, the other day a man wanted to say something real mean about his neighbor and the worst thing he could think of to say about him was that he used to steal hogs here in the early days!

Why should Bandera be con-tent to grope in darkness when we have so many things here to attract the investor? Just a lit-tle more boosting, and a united effort will bring many things to this town that are needed in a well regulated community.

The Old Time Trail Drivers will meet in annual reunion to-morrow at San Antonio. Quite a number of Bandera folks will attend. One of the features on the program is "Rye Whisky," played and sung by two Bandera boys, Virgil McCarthy and Elmo Newcomer.

They have a right to refuse to publish what they think their readers should not be allowed to know. They have a right to refuse to publish what they think their readers should not be allowed to think. They have a right to refuse to publish what they think their readers should not be allowed to feel. We try to treat all of our readers alike, all religious denominations are given the same consideration, all business interests are treated fairly. Because the editor mentions this affair or that concern as an item of news in a com-mendable manner is no sign that we are identified with it or en-dorse it. We try to disseminate the news of the community im-partially and without favor or prejudice, and in fairness to everybody.—Bandera New Era.

That has been the policy of this paper ever since it was es-tablished, but after 41 tryout of nearly thirty-five years, we are free to concede that said po-licy is a failure. No matter how good our intentions, we have al-ways come in for censure when ever we publish articles com-mendatory of any church, lodge, organization, school, business in-stitution or individual. There was always present to criticize same and say that some ulterior motive prompted the writing of the article in question. Often-times the average newspaper man al-most loses faith in humanity—thinks the whole world is knock-ering and backbiting among the people he is trying to serve. The fact that the newspaper man sees some good point in Smith and puts it in the paper doesn't suit Jones one bit. Smith has faults, and that is what Jones thinks the newspaper ought to roast. Alas and alack, it's a big job trying to please every-body, and the Mercury long ago gave up that undertaking. The policy outlined by the Bandera paper is the one we are following and intend to follow, wheth-er it suits everybody or not.—Weimar Mercury.

visitor at our sanctum Monday and regaled us with some of his experiences with snakes since coming to Bandera county in 1852. Mr. Clark is now 78 years old. He served in the Mexican War, and was in all of the desperate fighting from Vera Cruz to Mexico City in 1847, and he says, that notwithstanding that he had been in many close places, exposed to the sweeping fire of cannons when men were falling all about him; passed through the cholera plague in San Antonio, had been attacked and beaten by highwaymen and left for dead, and had been in close quarters during Indian times, the one thing that had been dreaded and feared above all other things was the deadly rattlesnake. He has had some close calls and at different times has barely escaped the sharp fangs of the reptile.

"One time," Mr. Clark says, "I in company with Lee Walker I was walking along on my place, when I felt a jerk at my trousers leg, near the hip. I supposed I had struck a bush that hung to me and paid slight attention to it. In a moment I felt a hard tug and something struck heavy my leg just below the knee. Looking down I beheld a large rattlesnake hanging on to me. He had evidently struck at me as I passed and his fang became fastened in my garment. While debating just what to do with my attachement, and before I could fully realize my dangerous predicament, the snake loosened loose and escaped in the brush.

Here the old Veteran became very reminiscent and continued in the following vein.

"I have seen lots of snakes, large and small, in my lifetime, and have known many people who were bitten. I never knew an absolute specific for the bite of the rattlesnake. A remedy that will save the life of one victim will fail in another case. I have never known anyone to be bitten while asleep by a rat-tlesnake. But I have known them getting in bed with folks. I remember one time when my wife and I hauled a load of wool to San Antonio. We camped in the outskirts of town and spread our bed on the ground that night. During the night while we were asleep a large snake crawled over our bed. The move-ment woke both of us and my wife asked me if I felt that snake crossing the bed. We lay per-fectly still and the reptile crept-ed away without molesting us.

"One of the most peculiar ex-periences I ever had with snakes happened just after I moved to the place I now occupy some many years ago. Our log cabin contained two rooms with dirt floors. The doorway between these rooms had a log across the bottom of it. One night my wife started to step into the other room and as she lifted her foot across this log she heard the warning rattle of a snake. We procured a light and found a monstrous big rattler coiled up by the side of the door ready to strike. We killed him, and my little boy, Ike Clark, said 'Papa tomorrow night there will be another big snake there after his blood.' Sure enough, the next night after dark as my wife started to step into that room she heard a hiss and a rattle, and when we lit the tallow light we found another big snake coil-ed in the place where we had killed the big one the night be-fore.

"When I lived over on the Guadalupe in 1851, we had an old hen setting in the back room of our cabin. One night, we heard a disturbance in the back room and the old hen set up a quarrelsome cackle, so we inves-tigated, and found a large snake had crawled into the nest and swallowed all of the eggs. We killed the snake cut it in two, got the eggs out of its belly, put them back under the hen, and in due time they all hatched and we raised a fine brood of chickens from them.

"On another occasion I was going to Obineke's shingle camp up in the Milsted bottom. I had with me a small puppy, and as we were going along a rattle-snake sprang at the dog and struck him on the head. I felt sure the pup would die, for his head swelled out of all pro-portion, but he did not seem to suffer any pain. But in a few days the swelling went away and my purp was all right again.

"I used to carry a six-shooter all of the time in the early days and was a pretty good shot then-it, and many is the time that I have taken the head off a rattle-snake with my pistol. There are not as many snakes here now as there was in the early days, but they are just as large and just as poisonous. Boys and girls who run about the hills and pas-tures should always be on the alert, because you can't tell where you will find the reptiles coiled and ready to strike."

NAUSEA and DANGER

Medical Virtues Retained and Improved —Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is the "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund your money as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

Cemetery Work.

Work at the cemetery is still in progress. Our Cemetery Association president has been giving her personal attention to this work and when it is finished the grounds will present an improved appearance, gratifying to all who are interested in the care of our burial ground. All friends of the association who have not paid dues this year are hereby reminded to do before November 10th, when the annual report is made.

SECRETARY

Mr. and Mrs. Frank Hullings leaves this week for Berkley, Texas, on a visit to her parents.

Miss Myra Jennette Hunter spent several days with friends in San Antonio the past week.

Felix Newcomer, of Pipe Creek, is spending the week with Mr. and Mrs. Virgil McCarthy.

Tom Gray reports the sale of a Delco electric plant to G. Hicks of Tarpley. The plant will be installed soon.

W. R. Thomason, a prominent ranchmen of the Pipe Creek region, was a business visitor in the city Tuesday.

Mr. and Mrs. I. E. Adamietz and little son went to San Antonio Tuesday, accompanied by W. S. Ethridge.

Mrs. L. N. Coffey, who has been visiting her mother, Mrs. M. T. Weldon, the past month, left Saturday for her home at Comstock.

Mr. H. J. Babitt, who ranches near Pipe Creek, was a visitor last Thursday, and remembered the little old home paper with a subscription renewal.

Mr. and Mrs. I. N. Fletcher were here from Utopia this week visiting their son, W. R. Fletcher and family. They go from here to San Antonio for a few days' stay.

Mr. and Mrs. Geo. N. Appleby and two children, accompanied by P. H. Swayze, and sister, Miss Mildred Swayze, were up from San Antonio on a pleasure trip Sunday.

J. W. Short returned Thursday from Seguin where he had been at the bedside of his brother, H. E. Short, who recently underwent a surgical operation.

Mr. and Mrs. Charlie Schott, of the Red Bluff region, were visitors in the city Tuesday. Mr. Schott is still wearing that smile that won't come off. Good rains and fine grass was his message.

Sterling Durst, of Junction, arrived last week to spend some-time in Bandera. Mr. Durst has been appointed game warden for this region and will make his headquarters in Bandera. We are glad to have Sterling with us, as we have known him for twenty years, and we know he will enforce our game laws to the letter.

Rev. E. A. Potts is arranging to move his family to Midfield, Texas, where he has been appointed to the pastorate of the Methodist church. He expects to ship his household goods this week. During the year Rev. and Mrs. Potts have been residents of Bandera they have endeared themselves to the people of this town, and our good wishes follow them to their new home.

Will Ernest Newton returned Saturday night from New Orleans where he has just completed a course in the mechanism of the Linotype. On Monday he took charge of the machine in this office and has set most of the type for this issue. He has been handicapped by finding not only the machine needing some adjustment but the gasoline burner and the engine out of order, and the boss too lame from rheumatism to be of any help to him, but he is up and coming with it now, sets a clean proof and is going to make good. —Rondo Anvil-Herald.

Miss Laura Duffy left last Friday for San Antonio, where she will spend a few days before going to Comfort to make home. Miss Duffy's sister, Mrs. A. P. Kehoe is moving to Comfort, where she will become publisher of the Comfort News. We commend these excellent people to the citizens of Comfort, and while we regret to lose them from our midst we are glad they will be located nearby and we will see them occasionally. For many years Miss Duffy owned and operated the Riverside Inn here, which under her management became one of the most famous hostelries in West Texas.

Ginning Notice.

We will make final run for season on Saturday, November 17. Remember the date, and bring in your cotton.—Farmers Gin Company. 2t

The contract for the building of a road of government standard across the corner of Medina county on the Bandera-San Antonio highway was awarded to Mr. Schriever of Seguin last Monday by the Medina county commissioners. The road is to be finished before July 1, 1924, and it is expected that construction work will begin at once. The State Highway Department made an appropriation of $9,000 to supplement the $3,000 appropriated by Medina county for the 2.88 miles of road across the Medina county corner, making $12,000 that is to be expended on this project. Bandera citizens have been praying a long time for this highway to be put in first class condition, and now that the contract has been let, although several months may elapse before it is completed, we are all rejoicing that we are to have a first class road over what is now the worst piece of highway in the whole state of Texas. Arise and sing!

Married in San Antonio.

Miss Agnes Duff and Mr. W. August Kalka were married in St. Leo's church, San Antonio at 3 o'clock last Sunday. The church had been decorated in white carnations for the event. The bride was dressed in white crepe de chine. Miss Agatha Pyka was bridesmaid and Mr. Gus Blackwell was best man. Mrs. Duff accompanied her daughter to San Antonio and was present at the wedding. The bride is the daughter of Mr. and Mrs. F. J. Duff and has many friends in this community. The groom is the son of Mr. and Mrs. C. J Kalka of this city and is a worthy young man. The Era joins in wishing the newly married pair joy and happiness through life.

Makes Location for Oil Well.

The Humble Oil & Refining Co., have made the location for a new well in the Vander pool region, the location being on Hi Thompson's ranch. The company is under contract to begin drilling by December 1, and it is expected that the rig will soon be in place and the work started. The Vanderpool field is the thoroughly developed and it is encouraging to know that the Humble Oil Co., which is a branch of the Standard Oil Co., has become interested in this section. The drilling of the Wood-Texas well two years ago to a depth of 4,000 feet proved that there is oil in that section, and the field is going to be developed.

George D. Hunter, deputy state game warden of Medina Lake, died of heart failure in San Antonio Monday night.

The Frontier Times the new monthly magazine established by J. M. Hunter, is steadily gaining in popularity all over the state. New names are constantly being added to the subscription list and fresh letters received we are led to believe that the Frontier Times is pleasing everybody. The Dallas News of last Sunday had the following to say about the first issue of Frontier Times.

"Frontier Times is the name of a new magazine edited and published by J. Marvin Hunter, Bandera, Texas. It announces itself as a magazine 'devoted to Frontier History, Border Tragedy, and Pioneer Achievement.' The first number, October, 1923, contains among other articles 'Jack Hays the Famous Texas Ranger,' 'The Hunt for the Bowie Mine in Menard,' 'Life Story of Quanah Parker,' 'The Cry of the Death Bird,' 'Belief in the Efficacy of the Madstone.'" The editor recently distinguished himself in editing two volumes of memoirs of the "Trail Drivers of Texas." His father formerly edited a pioneer magazine and some years ago the son printed an earlier historical magazine of the Texas Frontier similar to the new venture he is now undertaking. There is no doubt a place for such a magazine in Texas, and if the Frontier Times follows the pace set by the first number, it will find a ready welcome."

Frontier Times for December will contain the following sketches:

"Humfp Jackson Wreaks Vengeance on Negro Soldiers at Menard."

"Rev. Z. N. Morrill Tells of the Battle on the Rondo."

"Colonists of Navarro and Denton Counties Fight Indians."

"Seven Mexicans Disguised as Indians Captured and Executed."

"Reminiscences of Ed Carnal, a Texas Ranger."

"Ben Dragoo Tells of the Capture of Cynthia Ann Parker."

"Kill an Indian Chief and Saddle Strings Made from His Hide."

"Sketch of James Moss and the Battle of Packsaddle Mountain."

And other interesting sketches. The December number of Frontier Times will be issued from the press November 15. Price $1.50 per year, or 15c per copy. Back Numbers cannot be supplied. Address all orders and make checks payable to J. M. Hunter, Bandera, Texas.

Caught With Three Does.

Game Warden S. O. Durst located a party of seven Bosque county men in camp near Red Bluff yesterday, and found three does killed, in their possession. He promptly arrested all of them, and confiscated the venison. The men all gave cash bonds for their appearance in Justice Court here, and the game warden came back to town rejoicing over the first catch he has made in Bandera county.

WHY NOT BE INDEPENDENT?

Abraham Lincoln is one of the most outstanding examples of what a man may make of himself if his desire to succeed is great enough. It is within the power of any person who earns to have financial independence — in time. One doesn't need to be so much schooled to save as he needs to teach himself how to spend. It is seems so easy to treat one's self to that temporary, tingling exhilaration of spending five dollars for something he thinks he wants, than to feel that permanent, solid feeling of independence that comes with its denial and saying that five spot. Future comfort and prosperity will live and grow in the savings account if you establish now.

VANDERPOOL VISIONS

Voicing Views of Very Valuable Vocations, Visiting and Vacationing.

Rev. J. W. Storms and wife came in Sunday to fill his first appointment for the ensuing year.

Oscar Gabriel and family, accompanied by Lonnie Thompson and Pete Hanson, motored in from Selma, California, where they have been the past three or four years. They decided that there is no place like dear old Bandera county, and are going to erect a handsome residence on their ranch. We gladly welcome them back to our midst.

Alvin Briggs, of Comstock has purchased the Gass ranch up on Evans Creek.

Lamar and Othello Casparis, of La Pryor, were seen on our main street Saturday in a new Ford.

Rev. O. J. Cole and family departed last Thursday for Bishop where Rev. Cole has accepted the pastorate of the Baptist church. Many friends greeted to give them up.

Lennis Lloyd left Thursday for Corpus Christi on a business trip.

Miss Rosa Thompson was called to Sabinal last week to the bedside of her cousin, Mrs. Heard. Later news came that Mrs. Heard died. We extend our condolence to the bereaved ones.

The geologists for the Texas Humble Oil & Refining Co. were in our midst last week and drove the first test well on the ranch of Hi Thompson, just east of his old ranch house in the old field. Work will begin as soon as possible.

Sells Mohair.

This week the Bandera County Ranchmen & Farmers Association sold their fall clip of mohair, amounting to about 75,000 pounds, to Frank M. Montague at 43½c for goat hair and 45c for kid hair. Mr. Montague is buying for a Boston firm. The mohair will be shipped out the last of this week. This sale, coming on the heels of the wool sale recently made by the Bandera County Ranchmen & Farmers' Association, will material ly aid our goat and sheep raisers.

Foot Ball Game.

Schreiner Institute will meet the Texas University Freshmen in a football game at Kerrville on Monday, November 12.

This will be a hard game for Schreiner, since the Freshmen team is composed of last year's football stars from the various high schools of the state—men who will be eligible for the varsity squad but they hope for a good game.

The Schreiner team, which was defeated by Brackenridge High School of San Antonio a few weeks ago, upset the dope last Saturday by defeating the Baptists from San Marcos Academy who had recently defeated the San Antonio high school.

Schreiner has carried away the long end of the score in all of her other games, but is training hard for what they believe to be the hardest game of their schedule.

Bandera Girl Died Saturday.

Miss Frances Jureczki of this city died at a hospital at San Antonio last Saturday afternoon at 4:15 o'clock after an illness of two weeks' duration. She underwent two operations within a few days before her death, which resulted from septic pneumonia. The remains were brought to Bandera and interred in the Catholic cemetery Sunday afternoon.

Frances Katherine Jureczki was born in Bandera May 30, 1907, and was therefore sixteen years and five months at the time of her death. She was the daughter of Mr. and Mrs. John A. Jureczki Besides her parents she is survived by two sisters and four brothers. Frances was a favorite with all who knew her and her death has caused great sorrow among her many friends who sent profusion of flowers which banked the mound that marks her last resting place. At test the high esteem in which she was held, Rev. Father Bolvin, pastor of the Catholic church here, conducted the funeral.

Deceased had been employed in San Antonio about three months before she was stricken. The New Era joins in extending condolence and sympathy to the sorrowing family.

Prof. W. N. Saathoff, county school superintendent of Medina county, is expected to be in attendance at the Get-Together Meeting to be held in Bandera next Saturday.

Rev. H. H. Washington, the new pastor of the Methodist church, arrived Friday and preached his introductory sermon Sunday. Rev. Washington is a young man of pleasing address and we join in welcoming him to Bandera.

Frank M. Montague attended the meeting of the cattlemen of Southwest Texas with the State Livestock Sanitary Board at San Antonio Saturday. The conference was for the purpose of arriving at a better understanding on tick eradication, and it is well that Bandera county was represented by Mr. Montague. Prospects are very favorable for permission being given stockmen of this county to move clean cattle to shipping points.

We found Mr. and Mrs. Hal S. Hudspeth at the Trail Drivers' reunion at San Antonio last Friday and Saturday and they were enjoying the program immensely. Both of them are looking well despite the fact that Mr. Hudspeth recently suffered a severe attack of typhoid fever. Their daughter, Mrs. Allie Belle Nicholson, is still confined to her bed seriously ill. She has been removed to San Antonio, and her many friends here will be pleased to learn that she is now steadily improving and on the high road to recovery.

We found our old friend, Y. J. Delavan enjoying himself at the Trail Drivers' gathering in San Antonio last Friday. Mr. Delavan at one time lived in this county, and says he is coming to see his old friends here one of these days. He enrolled his name on our growing list of subscribers.

The Trail Drivers' Reunion.

Last Friday and Saturday we attended the Old Time Trail Drivers reunion held at the Gunter Hotel in San Antonio. About four hundred of the old cowboys were present, coming from all parts of Texas, and many from New Mexico, Arizona and other distant parts. Those who went to the reunion from Bandera were John Ross, E. F. Kinsla, Elmo Newcomer, Virgil McCarthy, Frank M. Montague and J. M. Hunter. Others intended to go but the had weather and almost impassable condition of the roads prevented. Friday was given over to sightseeing and a general reunion of old friends. Friday night a grand ball was given in the ball room of the Gunter Hotel, which was packed to its utmost capacity. The old time dances were very pretty and the costumes in vogue forty or fifty years ago were much in evidence the ladies wearing the old fashioned hoop skirts. Old men and women who had not forgotten the figures went through the mazes of the quadrille, the reel, the waltz, and the schottische with graceful movement. Quite a contrast to the modern manner of dancing. After Saturday morning's session the members of the association and guests were loaded on large sight seeing cars and transported to Brackenridge Park where a grand barbecue was enjoyed, provided by the president, Mr. George W. Saunders. At the barbecue somebody asked John Ross what he was eating, and he said it was a piece of goat meat called "Chevon" but he did not know what part of the goat the Chevon belonged to—the head or the tail.

Ernest Kinsla came home limping. Reckon on his wooden foot at the grand ball and got it twisted. Virgil McCarthy and Elmo Newcomer carried off the musical honors, when they gave the old cowpunchers, "Rye Whiskey" in their characteristic manner. These boys play and sing old "Rye Whiskey," and go through all of the antics of a man who has imbibed freely of the liquid that has been banned by the Volstead act. They made a hit at the convention, and the rendition being pronounced the best music on the program, and at the grand ball Friday night George W. Saunders was re-elected president of the association. Steps were taken to republish the first volume of the "Trail Drivers of Texas," the first edition having been exhausted.

—All groceries, hardware and dry goods I have at a bargain, because I am selling out.—W. Y. Knight, Medina.

Mr. and Mrs. Elmo Newcomer, of Pipe Creek, spent several days with friends in San Antonio last week.

Prof. G. A. Dibrell writes from Floresville to renew his subscription to the New Era. Says he muchly enjoys the great weekly's visits. Prof. Dibrell at one time was principal of Bandera High School and has many friends here.

The County School Board met in regular session Monday. Only routine business was transacted. The board heartily commended Judge A. L. Mansfield for taking steps to get the teachers of the county together in a business and social meeting next Saturday.

C. Y. Billings, the druggist, returned Friday from Fredericksburg and Harper, where he spent a couple of weeks with old friends. He says he had a most enjoyable time.

Get-Together Meeting.

ROBS CALOMEL OF NAUSEA and DANGER

Medical Virtues Retained and Improved —Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs"

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines, thus stands upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

REMEMBER, when you go up the river you can get gas, oil, spark plugs, tubes and tires at Robert Brown's Blacksmith Shop, five miles above Medina. He also sells Lee Puncture Proof Tires, the best made.

Mr. H. Wright, one of the substantial ranchmen of Bandera county, died at San Antonio last Thursday night, and was buried here on Saturday. Mr. Wright had been afflicted with rheumatism for some time, and for several weeks previous to his death had been under treatment in San Antonio.

Henry Clay Wright was born in Tennessee in 1854, lived a few years in Kentucky, and came to Texas in 1875, settling at Waco, where he resided eight years. He came to Bandera county in 1884. He was married in Kentucky to Miss Marilda Speck, who, with two sons, John Wright and Granville Wright, survive him.

By dint of hard labor and close economy Mr. Wright secured vast holdings in this county, amounting to more than 4,000 acres of fine land along the Medina river. He waas also owner of several business houses and residences in Bandera, and was interested in the development and upbuilding of Bandera. He had been a member of the Baptist church for many years.

Funeral services were conducted at the Baptist church Saturday afternoon by Rev. M. J. Scott, the pastor, assisted by Rev. H. H Washington, pastor of the Methodist church. Interment was made in Bandera cemetery. The pall bearers were W. J. Davenport, Sr., J. W. Short, H. E. Rambie, W. J. Davenport, Jr., W. H. Fitzgerald and E. T. Peters.

We regret to chronicle the passing of this good citizen. He will be missed from our community where for so many years he had been one of its leading men. Our sympathy is extended to the bereaved wife and two sons in this hour of sorrow.

Woman Killed Near Utopia.

Mrs. Albert Nunnelley, wife of a ranchman near Utopia, was accidently killed Sunday while assisting in the search for a wounded deer. From accounts reaching Bandera of the tragedy, it seems that a lad, twelve or fourteen years old had shot a deer, which escaped into the brush. Mrs. Nunnelley went to help him look for the deer, and becoming separated in the search, she was mistaken for a the deer and shot. She died almost instantly.

All of the available trucks in the community were engaged last Friday and Saturday hauling to Center Point the 60,000 pounds of mohair bought by Frank Montague from the Bandera County Ranchmen & Farmers Association. The roads were heavy due to the late rains, and it was fortunate that a short cessation of the rainy weather occurred during the hauling period.

Miss Lila Johnson, who is teaching school at Lytle, came up last week to spend a few days with her parents, Mr. and Mrs. H. G. Johnson.

BANDERA LINES

The Get-Together Meeting of the teachers of Bandera county which took place in Bandera last Saturday was a step in the right direction, and it was so successful and beneficial that other meetings of the kind will be held at regular intervals. The problems discussed and the methods suggested for efficient school work were of mutual help to those present. Judge A. L. Mauritz arranged this meeting with the object in view of bringing about a better spirit of cooperation and understanding in school work over the county. About twenty-five teachers were present from different schools. The next meeting is to be held at Medina, the date to be announced later.

Among the visiting teachers from over the county we saw Miss Rose Whitley of Middle View school, Miss Johnnie Padgett of East Verde school, Joy Tilley of Pipe Creek school, W. O. Hatfield and Miss Olivia Alden of Turpentine school, Miss Jennie Kirkland of Lima school, E. C. Brazil of Honey Creek school, Mrs. Whitson Justice of Rocky Creek school, Mrs. Susie Davis of Medina school, Miss Irene Curl of Mason Creek, school, Carl F. Wheeler and Mrs. Alice Fuller of Crockett school.

Dinner was served on the grounds at the High School building. A basket ball game had been arranged between Medina and Bandera teams, but the Medina team could not get here.

Commissioners court was in session this week with the full board being present. Proceedings will be published next week.

Ralph White, operator of the Ranlera Theater, was over from Center Point Monday, ad informed us that owing to the almost impassable condition of the roads he would not give regular shows until the weather conditions become more normal. He has not been able to get here for the regular Friday and Saturday night program for almost a month. He may be here Saturday night, but is not sure. Due announcement will be made when he will come.

WHY NOT BE INDEPENDENT?

Abraham Lincoln is one of the most outstanding examples of what a man may make of himself if his desire to succeed s great enough. It is within the power of any person who earns to have financial independence — in time. One doesn't need to be so much schooled to save as he needs to teach himself how to spend. It is seems so easy to treat one's self to that temporary, tingling exhilaration of spending five dollars for something he thinks he wants, than to feel that permanent, solid feeling of independenace that comes with its denial and saving that five spot. Future comfort and prosperity will live and grow in the savings account if you start now.

We pay 4½ per cent interest on savings.

Jessie Adams of Tuff and Clarence Love of Upper Mill Creek, departed for Ozona.

Miss Nellie Wood left Tuesday for her home at Spicewood, Texas, after a few weeks stay with her sister, Mrs. J. P. Casparis and family.

Albert Vancleave and Wilson Clayton have been making up some mighty fine sorghum and ribbon cane syrup this week.

Mr. Riddle, of Sabinal, is up in Vanderpool purchasing turkeys, paying twenty cents per pound.

The box supper at Little Creek Friday night was a decided success.

Mr. and Mrs. S. O. Loyd, of the Short ranch, were down Saturday guests of their daughter, Mrs. Albert Vancleave.

A very sad accident occurred 6 miles below Utopia Sunday afternoon at 3:30. A. E. Nuneley's thirteen-year-old son had wounded a deer an his aunt, Mrs. Albert Nuneley, was helping him to locate it and were some distance apart. He saw her moving in the brush and mistook her for the deer and shot, killing her instantly. Mrs. Nuneley was buried at the Jones cemetery at 4 o'clock Monday afternoon; funeral services being held at the Church of Christ by Elder Montgomery of Sabinal. The deceased leaves a husband, two little sons and a little daughter, besides a host of relatives and friends to mour the death of this noble Christian lady.

Lark Clayton and wife, of Sabinal, accompanied by their daughter, Mrs. Grace Smallwood and baby of Utopia, spent Thursday and that night with Wilson Clayton and family.

The choir practice at the hospitable home of Mr. and Mrs. J. N. Word Sunday night, was well attended and much interest manifested.

O. M. and Jeff Clayton, accompanied by Misses Pearl and Opal Clayton, were shopping in Utopia Saturday afternoon.

Mr. and Mrs. Louis Loyd left this week for Beaumont where they will reside. We are very sorry they moved from this section but wish them success in their new home.

O. M. Bridges, a prominent merchant of Ft Worth, accompanied by his wife, motored to Vanderpool Saturday and are guests of the gentleman's sister, Mrs. J. S. Cooley and family. On Sunday they took his parents, Mr. and Mrs. J. M. Bridges of Mill Creek, by surprise. Hadn't seen his parents in 21 years.

People of this community are putting good wood on the grounds at the oil well location and board has been secured for seven of the hands of the company at Mr. Bridges' and Mr. Thompson.

Rev. J. W. Storms failed to fill his appointment here Sunday, on account of the rain.

Another Wool Sale.

Last Thursday the Bandera County Ranchmen & Farmers' Association sold 16,000 twelve months wool, spring clip, in Boston at 48 cents per pound. This is considered a good price and coming right on the heels of the sale of 80,000 pounds of mohair recently made, puts a whole lot of money in circulation.

Miss Eratha Garison, of Medina, was here Saturday returning home from a visit to San Antonio.

—Heavy duck pants and duck coats at $1.99. I am selling out. —W. Y. Knight, Medina.

Miss Agatha Pyka, who is attending the Alamo Business College at San Antonio, spent several days with home folks last week.

Little Miss Patsy Risinger, of San Antonio spent several days this week with her grandparents, Mr. and Mrs. J. F. Tait.

John Ross held "open house" at his home below town Saturday night, when his neighbors and friends were present in to participate in a big snee. A fine time is reported.

Veteran Tom Laxson returned last week from a protracted visit to his son at Beaumont. He attended the Confederate Veterans reunion in San Antonio in October and went from there to Beaumont, where he spent several weeks. Mr. Laxson says he had a fine time while away.

Mr. Lee Cravey and Mrs. Clara B. McCracken, both of Bandera county, were happily married in the courthouse here Tuesday afternoon, November 6, 1923. Justice of the Peace, A. M. Lamm, performing the nuptial ceremony. The happy couple will make their home at Tarpley where they have many friends who join the Anvil Herald in congratulations and best wishes.—Hondo Anvil-Herald

The showing made so far this year by our Bandera county wool growers is very encouraging to say the least. From statistics furnished us by the Bandera County Ranchmen & Farmers' Association we learn that the returns on over 50,000 pounds of fall mohair sold to Frank Montague recently brought in around $39,000. This is the largest shipment of mohair ever made from the association's warehouse. A few days ago the association sold 16,000 pounds of the spring clip of 42 months wool in Boston at 48 cents per pound. In other words more than $90,000 has been put in circulation right here in the past sixty days or over $125,000 so far this year. The fall clip of wool to be shorn here should bring around $35,000. Over 50,000 pounds of the fall wool has already been brought in to the warehouse. Fred Thalmann, the efficient manager of the Bandera County Farmrs' and Ranchmen Association, takes a very optimistic view of conditions and says, that while the growers here did not get high prices paid for wool in the spring, they are more fortunate than many Texas sheepmen. Some of the older warehouses which sold their wool and mohair did not do so well as Bandera. Altogether Bandera county is very fortunate and the vast sums that have been placed in circulation through the sales effected by the Bandera County Ranchmen & Farmers' Association have gone a long way in restoring prosperity to this favored region.

Last week's Comfort News came to us with the name of Andrew P. Kehoe at the masthead. Mr. Kehoe's initial step in getting out a country weekly reflects great credit and from the tone of his salutatory one would imagine he was an old hand at the business. He may lack the mechanical experience, but Mr. Kehoe has the literary ability to make a first rate editor, and we are predicting that he will give those Comfort people an excellent home paper.

We sympathize with Editor R. Dollahite of the Rocksprings Leader, who lost his printing plant in a disastrous fire which swept that town recently. Bro. Dollahite writes us that the good people of his county are going to help him get going again, and that a new plant will be ordered with which to print his paper, which since he fire is being printed in Kerrville. The Leader has been a booster for Rocksprings and its editor deserves all of the assistance he can get in this time of misfortune.

R. L. Morris, commissioner of Precinct No. 3 is here from Lima this week attending the regular session of commissioners' court. Mr. Morris gives good report of conditions in his bailiwick, and says the range s in fine shape for winter.

The November number of Frontier Tides will be mailed out tomorrow. If you have not yet subscribed for this highly interesting monthly magazine, published right here in Bandera, you are missing something. Ask those who take it. We cannot supply back numbers. The demand is steadily increasing and we predict that in a few years Bandera county will be proud of the growth of Frontier Times.

The contractor is already making preparations to get to work on constructing the Bandera-San Antonio road where it crosses the corner of Medina county. The fence on each side of the road where it conflicts with the right-of-way survey along the 2.88 miles that is to be made a first class road, is being set back and within a short time graders and other crews will be engaged in making that awful stretch into a fine highway. Arise and

The recital given by A. P. Carlton's violin class at the Cox Opera House last Thursday night was a highly interesting entertainment, the pupils giving interpretations that were pleasing to everyone present. Prof. Carlton is quite a master in his chosen profession as is evident from some of the difficult numbers presented by pupils whose course of instruction had covered only a very few months. The class will go to Medina for a recital in that city in the near future.

M. R. Thalmann and R. N. Padgett attended the quarterly meeting of the United Goat and Sheep Raisers' Association at Utopia last Saturday. Mr. Thalmann informs us that the next meeting of the association will be held at Uvalde at which times steps will be taken to erect a warehouse at Sabinal by the association, which may be made a branch of the Bandera warehouse.

Prof. Carl Wheeler and sister, Mrs. Alice Fuller, teachers of the Crockett school at Tuff, were in attendance at the Get-Together meeting here last Saturday. These teachers are among the foremost instructors of Bandera county. They have taught the Crockett school a number of terms, and the people of that community are mighty well pleased with the work they are doing. Within the past year a new school house has been built and new equipment provided which makes Crockett school one of the best rural schools in the county.

What Do You Do With Your Sundays?

Do you spend them in idleness or in unprofitable employment? Remember that they are as important as the other days of the week in making a wholesome life. Your soul needs refreshment as well as your body and your mind. Come to church next Sunday and renew your acquaintance with God. If you are a Methodist or a Baptist your church doors are open to you. If the church of your choice is not represented in Bandera, you still have awaiting you a cordial welcome and handshake.

Methodist Church: Sunday School at 10 A. M., followed by a special talk to children by the pastor. Preaching at 11 A. M. and 7 P. M. The evening service will begin with 20 minutes of lively singing.

Baptist church: Sunday School 10 A. M. Preaching at 11 A. M. and 7 P. M. Senior B. Y. P. U. at 6 P. M. Prayermeeting each Thursday at 7 P. M.

THIS little chart shows that for years Goodyear Tire prices have been kept below the average price level of all commodities. Goodyear Tires today cost 39% less than they did in 1914. And they are the best tires Goodyear ever made. This is a good time to buy Goodyears.

As Goodyear Service Station Dealers we sell and recommend the new Goodyear Cords with the All-Weather Tread and back them up with standard Goodyear Service.

ROBS CALOMEL OF NAUSEA and DANGER

Medical Virtues Retained and Improved —Dangerous and Sickening Qualities Removed. Perfect Tablet Called "Calotabs."

The latest triumph of modern science is a "denaturized" calomel tablet known to the drug trade as "Calotabs." Calomel among the most generally useful of all medicines thus gains upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

REMEMBER, when you go up the river you can get gas, oil, spark plugs, tubes and tires at Robert Brown's Backhorn Garage, five miles above Medina. Also sells Lee Puncture Proof Tires, the best made.

After living in Bandera for 42 years, during which time he voted in elections and served on juries, Robert Maudsley of that town, discovered that he was not an American citizen. He forthwith appeared before Naturalization Examiner Charles F. Tuckerman and made application for citizenship. The examination for citizenship was handled under the tenth subdivision of Section 4 of the Act of June 29, 1906, which provides that in cases where persons are under misapprehension that they are citizens of this country they forego the filing of a declaration of intention to become citizens. Maudsley was born in England in 1853 and came to Texas in 1881 and has resided at Bandera ever since.—San Antonio Express.

POSTED—My pastures in Bandera and Medina counties are posted and everybody is warned to keep out. No hunting, trapping or trespassing will be allowed. Violations will be rigidly persecuted.—Charlie Schott.

POSTED—The old Schott Ranch

After living in Bandera for 42 years, during which time he voted in elections and served on juries, Robert Maudley of that town, discovered that he was not an American citizen. He forthwith appeared before Naturalization Examiner Charles P. Tucker to make application for examination for citizenship. His case was handled under the tenth subdivision of Section 4 of the Act of June 29, 1906, which provides that in cases where persons are under misapprehension that they are citizens of this country they forego the filing of a declaration of intention to become citizens. Maudley was born England in 1845 and came to Texas in 1881 and has resided at Bandera ever since.—San Antonio Express.

A FRIEND WRITES:

"You can get more real life insurance for the money with the National Life Association than in any company I know of."

A $10,000.00 Policy will pay that amount to your family or estate at death—either in a lump sum or installments over a period of years. Or—it will pay YOU in event of Total and Permanent Disability from accidental causes, before reaching the age of 70. $1,000.00 a year for ten years or it will pay you $5,000.00 in a lump sum for Total and Permanent Disability from any cause, after reaching age of 70.

Rate age 40—$19.41 per $1,000 Other ages at proportionate rates.

—G. W. Elam came down from his ranch near Tuff Monday.

—Misses Ruth and Irma Hicks came up from San Antonio Saturday to visit homefolks.

—The Armistice dance at the Cox Opera House last Monday night was attended by a large crowd and everybody had a good time.

—Miss Amy Thalmann came up from San Antonio last week-end to spend a few days with homefolks. She was accompanied back to San Antonio Monday by her mother, Mrs. Louise Thalmann.

—Mrs. H. G. Johnson has critically ill the past few days. Her condition was such that her daughters, who are teaching school at different points in the state, were summoned to be by her bedside.

—Homer Mansfield returned last Thursday from a trip around the world. He has been working on a ranch over in Edwards county and from the route he had to follow to get home he says it seemed like he was going around the world.

—Warren Hunter came up from San Antonio to spend Sunday with homefolks. He was accompanied by his classmate, Will James of Pharr, who became so enamored with Bandera's "chearms" that he says he is coming again soon.

—Our good friend, Col. Ben Batto, dropped in to see us Tuesday, and we greatly appreciated his visit. Mr. Batto is among our oldest citizens, having passed the fourscore years in this part of Texas. He is still active and hearty.

—Miss Annie Habenicht, who is attending Alamo Business college in San Antonio, came up Friday to spend a few days with her parents, Mr. and Mrs. A. Habenicht. Miss Annie is making excellent progress in her school work, and her many friends here are predicting a successful career for her.

Commissioners Court

Usual proceedings of commissioners court, which adjourned Wednesday as follows;

Quarterly statement of Mark McHelyea, county clerk, examined and approved.

Monthly reports of Henry Stevens, tax collector examiner and approved.

Quarterly reports of C. W. Harris, justice of the peace of Precinct No. 3, and C. R. Coxley, justice of the peace of Precinct No. 1, examined and approved.

Quarterly report of First State Bank of Bandera, depository of Bandera County, examined and approved.

Quarterly report of Mrs. John F. Hodges, county treasurer, approved.

W. H. Burns appointed constable of Precinct No. 1.

Quarterly report of Henry Stevens, tax collector, examined and approved.

Mrs. Lydia Dunlap.

Mrs. Lydia Dunlap, a pioneer resident of Bandera county, died at her home near Pipe Creek on Wednesday, November 14, and was buried last Thursday. Mrs. Dunlap was 78 years old, and had lived in Bandera county more than fifty years. She is survived by five children, Armina Dunlap, Robert Dunlap, John Dunlap, Elmira Dunlap and Mrs. John Andress.

It is sad to chronicle the passing of the pioneers, the men and women who gave the best years of their lives to the development of our land, and made it possible for the present generation to live in comfort and luxury where in the years that have flown the pioneers dwelt in picket houses and endured the privations, and hardships of frontier existence.

Mrs. Dunlap was a typical pioneer mother, and from girlhood shared the dangers of her neighbors, raising her family and helping to make the community better for her having lived therein. She was a good woman, a devoted mother, and her kindly face will be missed from the home circle and from all over that community. Our sympathy is extended to the bereaved children.

Mrs. Will Gray and children Darcus and Blanche, were here from San Antonio Friday on a visit to friends and relatives.

To Build a Bridge.

And now immediate steps are to be taken toward building a bridge at the Hondo crossing at Bandera. The river at this point has needed a bridge for lo, these many years, and we do not understand why the bridge has not been built ere this. M. F. Johnson has taken the matter in hand, and is now soliciting funds with which to construct a concrete bridge. Every citizen should contribute liberally. If you do not see Mr. Johnston and the subscription list go around to one of the banks and leave a substantial donation there for this worthy purpose. At one time nearly enough funds were raised for building a bridge there, but for some reason or other the matter was allowed to drop, and the money was returned to subscribers. Let's carry the present project through to completion. Build a substantial bridge for the use of the publis. It is needed all of the time.

—Dale Dean was in from Mason Creek Tuesday and favored the New Era with a visit. Mr. Dean says Mason Creek school, under the direction of Miss Annie Rose, is making excellent progress, and he announces that a supper and entertainment will be given there Friday evening, November 30, for the purpose of which is to raise funds for the school.

WHY NOT BE INDEPENDENT?

Abraham Lincoln is one of the most outstanding examples of what a man may make of himself if his desire to succeed a great enough. It is within the power of any person who earns to have financial independence—in time. One doesn't need to be so much schooled to save as he needs to teach himself how to spend. It is seems so easy to treat one's self to that temporary, tingling exhilaration of spending five dollars for something he thinks he wants, than to feel that permanent, solid feeling of independence that comes with its denial and saving that five spot. Future comfort and prosperity will live and grow in the savings account if you start now.

Mrs. Claude McCurdy and Grandma McCarthy were Bandera visitors recently.

School Children Like It.

The school children of Bandera county are interested in Frontier Times. Some of the teachers of our county schools are using this little magazine in their class work by reading historical articles to the pupils. Parents should place Frontier Times in the hands of their children for it will give them more real true history than they can possibly hope to get out of their school histories. And besides, the old folks like to read it too. Frontier Times is the only magazine in the United States devoted to frontier history, border tragedy, and pioneer achievement, and it is published right here in Bandera. Subscription price $1.50 per year.

The Herpel Motor Co. of Boerne reports recent deliveries of new Ford cars to Mrs. Emma Hammond, Medina; C. C. Gazaway, Tarpley; Sid Stevens, Medina; and Oscar Hillman, Lima.

During the World War, conditions in Bandera county were very much the same as existed in all other counties of Texas. High prices prevailed and when the war ended the bottom fell out. Sheep that had been bought at $14 to $20 a head went down to $1 or $3 a head. Cattle which had been purchased at $45 per head could not be sold at any price. Other live stock tumbled in the same way. The stockmen and farmers were forced to borrow money to carry on their business. Money was hard to get. Our two banks were loaded to the brim with paper which they had to carry in order to save their customers from bankruptcy, and right here we want to make the assertion that if the two banks of Bandera had not been liberal to the danger point the stockraisers would have been in dire distress. The wool and mohair market was way off and prospects were mighty gloomy until the spring of 1921 when there was a turn for better, and ever since that time the sheep and goat raisers of Bandera county, by co-operative effort have been getting on their feet. The Bandera County Ranchmen & Farmers' Association has been marketing wool and mohair at good prices. The people who were involved deeply in debt are paying out. It has been a long struggle, but the dawn is at hand. They are in better shape than they have been for years. True, there is a poor market for cattle, but other livestock and farm products are in demand. The rains that have put the range in fine condition for winter have also put a fine season in the ground for next crop. Old Bandera county is going into the prosperity column next year. Arise and sing!

We hear many of our citizens complaining about the wet weather of the past month. We heard some of these same folks complaining several months ago about the dry weather, and hoping it would rain. Oh, well, there is but one thing to do about it. Just let it rain.

Next Thursday is Thanksgiving. We will not be able to observe the day as some of the citizens will observe it—by shoulering a gun and going out into the hills to kill a big bird—or a grand old gobbler. But we are going to tote around a monstrous appetite for the turkey that should land on our table.

As the holiday season draws near it finds Bandera people in better circumstances to make purchases of Christmas presents than for a good many seasons past. The wise advertiser, at home or abroad will be quick to see the opportunity offered and will call attention to his holiday stock through the only medium in Bandera county, the New Era, which goes into almost every home in Bandera county.

There is a fite—but the philosophers say a tree—saying that all things come to those who wait. Perhaps the railroads is that the County Court of Medina County has formally let the contract for the construction of that part of the Bandera-San Antonio road that lies within the confines of the division passed. No road men of any sort, anywhere could be of more importance or of more pleasure to San Antonians. It presages the consummation of something that has long been sought and, for years to vain. It means the arrival in due time, and it is hoped a short time, of a type of highability over every inch of the highway between the capitals of Bexar and Bandera. Of course, some roads are incapable of passing. That little stretch of less than three miles across the corner of Medina has been nearly so, and for many years that hope of betterment had given way to de-

Due to pressure from the Highway Commission the city officials of Medina yielded to the wishes of everybody along the route, to those of everybody in Bandera, and everybody in San Antonio and there is virtual unanimity in the matter. It is of important consequence to the life of Bandera. It will give to Bexar's sister county on the north a real outlet to the world. It will afford San Antonians by the thousands pleasurable chance to visit a community they love without too many thrills and too many spills. It is linking up a link in the State highway system that ought, and will, give satisfaction to every advocate of good roads throughout Texas.—San Antonio Express.

With the completion of a good road all the way from San Antonio to Bandera, and the cooperative efforts of the San Antonio Chamber of Commerce in sending tourists and visitors to that city to outlying, districts for pleasure and recreation, Bandera will respond to the pressure by growing beautifully. New homes will be built, new businesses will be established, new demands will be created. Already plans are under way for certain big things for this town, which will in due time materialize.

Now that Medina county has let the contract for the building of that three miles of road on the Bandera-San Antonio highway often referred to in the past as "Hell's Highway," and the work is to be done within the next few months, the proposition of making a first class road from Bandera to the Medina county line will be placed entirely up to the citizens of this county. We have been snorting and raising sand about the condition of that Medina county strip when as a matter of fact there are some short stretches on our portion of that road, stretches that are not exactly impassable during wet weather, but with increased traffic they will soon become so. Let us begin now to make arrangements to build a road that will be as good as the other end of the road. It is true that $22,000 was expended (perhaps wasted) on this part of the road a few years ago, but we should profit by the experience expensively gained in spending that $22,000, and spend the next $22,000 with mature judgment, effectively and lastingly. $100,000 would not be too much to spend on our end of the road, because it would all come back to us in a few years in the shape of increased business, increased population and increased tourist traffic.

NOTICE OF ELECTION.

THE STATE OF TEXAS
COUNTY OF BANDERA

Whereas, on the 9th day of November A. D. 1923, a petition was presented to me, asking for an election in School Districts Nos. 3 Laxson Creek Common School District and No. 5 Medina Independent District of Bandera County, on the question of consolidation of said Districts, and the petition bearing the requisite number of signatures of the legal voters of said District, and being in every respect in conformity with law.

Now, therefore, I, A. L. Mansfield, in my capacity as County Judge of Bandera County, Texas, do hereby order that an election be held on the 22nd day of December A. D. 1923, in the Medina School House in No. 3 as established by the Commissioners' Court of this County and of record in the Minutes books of said Court in Vol. 6 pp. 227, 228 to determine whether a majority of the legally qualified voters of these districts desire to consolidate themselves into One Independent School District No. 5 of Bandera, County, Texas.

A. V. Pue is hereby appointed presiding officer of said election in District No. 3 Laxson Creek and he shall select two judges and two clerks to assist him in holding the same, and he shall within five days after such election has been held make due return thereof to the Commissioners' Court of this County, as is required by law for holding a general election.

The ballots for said election shall have written or printed thereon, the following:

"FOR CONSOLIDATION."
"AGAINST CONSOLIDATION."

All persons who are qualified voters of this State and of this county, and who are residents of said District, shall be entitled to vote in said election. The sheriff of this county shall give notice of said election by posting three notices at three public places in said district for three weeks before the election.

Dated the 19th day of November A. D. 1923.

ROBS CALOMEL OF NAUSEA and DANGER
Medical Virtues Retained and Improved — Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."
The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calotabs are the most generally useful of all medicines thus centers upon a wider field of popularity, multiplied profits from those objectionable qualities which have heretofore limited its use.
In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was frequently rendered impossible on account of its sickening qualities. Now it is the tastiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No dinner. Calotabs are sold only in original, sealed packages, price thirty-five cents—for the large family, ten cents—for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

REMEMBER, when you go up the river you can get gas, oil, spark plugs, tubes and tires at Robert Brown's Buckhorn Garage, five miles above Medina. He sells the Low Gravity Gas Tires, the best made.

ROBS CALOMEL OF NAUSEA and DANGER

Medical Virtues Retained and Improved —Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs"

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel is the most generally useful of all medicines and centers upon a wider field of necessity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, and its use was often neglected on account of its sickening qualities. Now it is the fastest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no ills. A good night's sleep and the next morning you are feeling fine, with a clean liver, purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package, ten cents for the small trial size. Druggists are authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

REMEMBER, when you go up the river you can get gas, oil, spark plugs, tubes and tires at Robert Brown's "Buckhorn Garage," five miles above Medina. He also sells Lee Puncture Proof Tires, the best made.

New Touring Car

Looking at the new touring car from the side, you are at once favorably impressed with the effect of longer, more graceful lines secured by enlarging the cowl and raising the radiator.

Slanting windshield and one-piece top lend material aid in giving the entire car a lower, more stylish appearance.

An apron connecting the radiator with the fender skirts is also a decided improvement.

A comfort feature much appreciated by owners, is the additional leg room provided by the enlargement of the cowl.

Allow us to show you the entire line of new Ford cars now on display in our show room.

These cars can be obtained through the Ford Weekly Purchase Plan.

LIFE INSURANCE
The entire activities of the world revolve themselves into a vast multitude of families striving to satisfy the wants of each, and, in addition, to accumulate a competency—something to leave to dependents. The one means of accomplishing the success of both efforts, should death intervene before you have accomplished your purpose, is Life Insurance. See W. J. Davenport, Jr., local agent for National Life Association of Des Mines, Iowa.

New Touring Car

Looking at the new touring car from the side, you are at once favorably impressed with the effect of longer, more graceful lines secured by enlarging the cowl and raising the radiator

Sloping windshield and one-man top lend material aid in giving the entire car a lower, more stylish appearance.

An apron connecting the radiator with the fender skirts is also a decided improvement.

A comfort feature much appreciated by owners, is the additional leg room provided by the enlargement of the cowl.

Prompt and Courteous Service Assured

Did It Ever Occur To You:

That We live only one day at a time?

That—Only one man in five can get life insurance, and while you may be one of the five who can get it this week, you may be one of the four who can't get it next week!

That—Your breath and liabilities don't end at the same time!

That—Only one fire insurance policy in 1,200 becomes a claim, while every life policy is bound to mature!

That—A life policy is a will that no lawyer can ever set aside!

That— Neighboring sympathy for the widow is good, but the company's draft is better!

That—The most worthless assets found in any man's estate are his good intentions.

That—You don't mean to take the chances but that you will let your family take them!

That—You may be one out of 97 of every hundred to make a failure in life!

That—It takes a cyclone to lift the house off the farm, but it takes a life insurance policy to lift the mortgage!

For Life insurance see W. J. Davenport, Jr.

Tom Burns and Earl Burns of Fort Worth are visiting Messrs. W. D. and J. W. Glass at Tarpley. They are thinking of locating somewhere in Bandera county. Messrs. R. N. Brace of New York City, Frederick King of Oklahoma City, and Robert Floyd of San Antonio, were guests of Austin Carlton, last week, and while here they were taken up to the head of th river by Mr. Carlton and J. R. Price for a hunt, which they enjoyed.

WHY NOT BE INDEPENDENT?

Abraham-Lincoln is one of the most outstanding examples of what a man may make of himself if his desire to succeed a great enough. It is within the power of any person who earns to have financial independence — in time. One doesn't need to be so much schooled to save as he needs to teach himself how to spend. It is seems so easy to treat one's self to that temporary, tingling exhilaration of spending five dollars for something he thinks he wants, than to feel that permanent, solid feeling of independence that comes with its denial and saving that five spot. Future comfort and prosperity will live and grow in the savings account if you start now.

Dr. A. L. Breeding, of San Antonio, was the guest of Ed Mansfield Saturday and Sunday. He came up to bring Bruce Mansfield, who has been undergoing treatment in San Antonio for ear and eye trouble.

W. R. Fletcher went over to Utopia Friday, returning Sunday. Mr. Fletcher says prospections are being made by the Humble Oil & Refining Co. to at once begin drilling the new test well in the Vanderpool region.

The grand jury is composed of W. R. Fletcher, foreman, R. M. Wentworth, Joe Newcomer, W. H. Fisher, G. Wright, F. E. Whisenhunt, G. Hicks, H. E. Pickens, J. R. Price, I. L. Duke, J. H. Burns, and Walter Meadows. Bailiffs are Albert Jurezeki, Pete Laxson, John Underwald and Manuel Faris.

The supper and entertainment at Mason Creek which was advertised for tomorrow night, has been postponed indefinitely.

Don't Let It Happen Again

A few people failed to go to church last Sunday, and allowed their souls to go hungry, while they were caring for their bodies and trying to have a good time. They forget that all pastors of themselves need food, just as all parts of a n engine need grease, occasionally. And they forget also that life's greatest joys can come only when the spirit and mind are both satisfied. Shall we not all remember this when the church bells ring on next Sunday morning?

Baptist church. Sunday School at 10 A. M. Senoir B. Y. P. U. at 6 P. M. There will be no preaching services next Sunday, as the pastor is forced to be out of town on account of the illness of his wife. Prayermeeting Thursday at 7 P. M.

Exasperating COUGHS—

NOT only you—but all those around you are annoyed by the constant hacking of a persistent cough. Dr. King's New Discovery heals coughs quickly by soothing the mucous membranes to throw off the clogging secretions. Has a pleasant taste. At all druggists.

DR. KING'S NEW DISCOVERY

Judge Burney's charge to the grand jury last Monday morning was right to the point, and was delivered in his usual original extemporaneous manner. He instructed it upon the minutes of the twelve good and true men sworn, the oath they had taken should supercede every thing else in guiding them in their conduct as grand jurors. Friendship, love hope of reward, malice, spite or hatred must have nothing to do with their actions in finding bills for infractions of law, and he charged them that it was their duty to investigate all offences committed within the county of which they had or may receive any knowledge. And that grand jury is made up of just such law-abiding men as will make Judge Burney's charge as it was meant.

Now we are still talking about that San Antonio road. Our readers may think we are not going to quit ranting about it until it is fixed—and they think right. It is a short stretch of mighty mean road between Dog Creek and Bandera Creek that ought to be repaired before the next rain comes. A few loads of gravel will do the work. Then after that is done, there are other stretches that are simply crying for help. When that Medina county stretch on this road is put in first class shape, and that will be soon, Bandera is going to have to put her end of the highway in just as good condition. This should be kept in mind and Bandera is going to do it.

NOTICE OF ELECTION.

THE STATE OF TEXAS
COUNTY OF BANDERA

Whereas, on the 9th day of November A. D. 1923, a petition was presented to me, asking for an election in School Districts Nos. 3 Laxson Creek Common School District and No. 5, Medina Independent District of this County, on the question of consolidation of said Districts, and the petition bearing the requisite number of signatures of the legal voters of said District, and being in every respect in conformity with law.

Now, therefore I, A. L. Mansfield, in my capacity as County Judge of Bandera County, Texas, do hereby order that an election be held on the 22nd day of December A. D. 1923, at the Medina School House in said Independent School District No. 5 as established by the Commissioners', Court of this County and of record in the Minutes book of said Court in Vol. 6 pp 227, 228 to determine whether a majority of the legally qualified voters of those districts desire to consolidate themselves into one Independent School District No. 5 of Bandera, County, Texas.

A. Y. Pue is hereby appointed presiding officer of said election in District No. 3 Laxson Creek and he shall select two judges and two clerks to assist him in holding the same, and he shall within five days after such election has been held make due return thereof to the Commissioners' Court of this County, as is required by law for holding a general election.

The ballots for said election shall have written or printed thereon, the following:

"FOR CONSOLIDATION."
"AGAINST CONSOLIDATION."

All persons who are qualified voters of this State and of this county, and who are residents of said District, shall be entitled to vote in said election. The sheriff of this county shall give notice of said election by posting three notices at three public places in said district for, three weeks before the election.

Dated the 19th day of November A. D. 1923.

A. L. MANSFIELD
County Judge Bandera, County Texas

THE STATE OF TEXAS.

To the Sheriff or any Constable of Bandera County, Greeting:

You are Hereby Commanded to cause to be published once each week for a period of ten days before the return day here of, in a newspaper of general circulation, which has been continuously and regularly published for a period not less than one year in said Bandera County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the Estate of H. C. Wright, deceased, Granville Wright has filed in the County Court of Bandera County, an application for the Probate of the last Will and Testament of said H. C. Wright, deceased, filed with said application, and for the Testamentary of the estate of H. C. Wright, deceased, which will be heard at the next term of said court after the expiration of Monday in January A. D. 1924, the same being the 21 day of January, 1924, at the court house thereof, in Bandera, Texas, at which time all persons interested in said estate may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said Court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Bandera, Texas, this 12th day of November A. D. 1923.

MARK McBRYDE, Clerk
County Court Bandera Co. Texas

A Good Thing - DON'T MISS IT.

Send your name and address plainly written together with 8 cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchitis, "flu" and whooping cough; and tickling throat; Chamberlain's Stomach and Liver Tablets for stomach troubles, indigestion, sour pains that smart the heart, biliousness and constipation; Chamberlain's Salve, needed in every family for burns, scalds, wounds, piles, and skin affections; these valued family medicines for only 8 cents. Don't miss it.

J. P. Price came in from Medina Lake Saturday after an absence of several weeks. He was engaged in surveying some land there. Mr. Chisum says work is going steadily forward on the hatchery which the state will maintain at the Medina Lake, as a grand juror this week.

THE extremely fair prices asked for Goodyear Tires year in and year out are shown in the chart above. Good-year Tires are selling today for 45% less than in 1920; 39% less than in 1914. Despite this, their quality was never so high as now. This is a good time to buy Goodyears.

ROSS CALOMEL OF NAUSEA and DANGER

Medical Virtues Retained, and Improved, —Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumphs of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objections able qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

Ford Trucks Are Bought On Performance Records

If you were to ask a hundred or a thousand—Ford owners, why they use Ford trucks, in preference to all others, they would likely say, "Because the Ford stands up."

After the Ford stays on the job month in and month out, with very little mechanical care, and with practically no expense for parts or replacements.

They know that underlying endless grind of daily service is the initial cost.

You could emphasize the fact that this truck does, not its initial cost.

Ford Trucks can be had on the Ford Weekly Purchase Plan.

TURKEY RAISERS

Remember, it is not this year's large crop of Turkeys that is causing low prices, but the way you marketed last year's crop, when you held too late for THANKSGIVING and CHRISTMAS demands, causing

Fourteen Million Pounds

to go in the freezers of the country as a carry over for this year's market. TEN MILLION POUNDS of this carry over would have gone into consumption had you used judgment in marketing, and the remaining Four Million consumed before this holiday, leaving the market wholly dependent on this year's kill, which would have produced a healthy situation and better market this year.

You Are Doing the Same Again

Listen:—If you hold your turkeys until well in December you will have a slim chance of getting over 7 to 10 cents, besides you will have no market next year. About 25 per cent of the crop has been moved. For a healthy situation, 75 per cent should move during the two holidays.

—OUR ADVICE—

is to keep selling; sell part your flock, gamble with the other part. Don't act foolish—you can't put the market up by holding the few thousand head in your community. They are raising them everywhere. Sell every day, don't wait until too late. We are dressing now for Christmas, Turkeys to reach New York by freight must reach our plants by

DECEMBER 5th—

For a few days after this date it is possible same will move by express, but in opinion none will move in this manner, and after this date it will be a proposition of storing the surplus for the 1924 trade. If you use your heads and sell the surplus down, a fair market is assured for the 1923 crop and a good market for next year.

We published about 30 days ago a word of warning throughout the country. Many of our customers believed it and sold, obtaining 4 to 7 cents per pound more for their turkeys than the present market.

What are you going to do this time? Study it over; act as your judgment tells you. When Ready to Sell, see our manager, A. D. Brown.

Fell Sixty Feet.

The little son of Prof. Carl Wheeler at Tuff fell off a bluff at the Tuff school house last Friday, and was seriously injured. Although the little fellow fell a distance of about sixty feet no bones were broken, although he was painfully brubed about the head and face. Dr. Butler was called to attend him, and reports that he is getting along very nicely.

Drilling to Begin Soon.

The big rig of the Humble Oil & Refining Co. is being moved to Vanderpool, and the derrick will soon be finished for the test well to be made there. Owing to the bad weather the rig has been delayed, as the roads are almost impassable in that region. We understand local labor is being employed there to help get the drilling under way. It is not definitely known just when the well will be spudded in, but plans are rapidly going forward and we hope to announce in a very short while that drilling has started.

To Hold Bazaar.

The Young Ladies' Sewing Circle of the Catholic Church will hold a Bazaar at St. Joseph's School Auditorium next Saturday, where appropriate Christmast giftss will be sold. See the display advertisement

Another Wool Sale.

A few days ago the Bandera County Ranchmen & Farmers' Association sold their fall clip of wool, amounting to approximately 100,000 pounds, to C. D. Stokes, representing a Boston firm. We understand the price was around 35c per pound. Just as soon as the roads are passable the Association will begin shipping the wool, probably at the end of this week.

The sales of wool and mohair by the Bandera County Ranchmen & Farmers' Association during the past three or four months have amounted to half a million pounds, and the price in each instance has been very satisfactory to the growers and has put considerable money in circulation in this region, which helps to make prosperity.

Married in San Antonio.

George B. Tait, manager of the Southwestern Bell Telephone Co. at Fredericksburg, and Miss Lucille Barber of Beeville, were married in San Antonio on Wednesday of last week. The groom is the son of Mr. and Mrs. J. F. Tait of Bandera, and has many friends in this city who hasten to extend congratulations and best wishes.

Uncle Tom Stevens was in from Bandera Creek yesterday transacting business.

TARPLEY TOPICS

Some of our prominent citizens attended court in Bandera last week. Note got in Sail, so far as we have learned, but of course they would not tell it.

Warren Hunter was over from Bandera last Saturday doing radio work for J. H. Burns.

L. Hicks made a business trip to Hondo and Bandera last week.

R. N. Padgett made a trip to the Miller Ranch last Sunday.

Mrs. Johnson of Utopia was a visitor at R. N. Padgett's last week-end.

T. S. Brackett has returned home from Phoenix, Arizona. He has a new Ford, but says he doesn't like it for it paces on good roads. He never did like a Ford.

Mr. Chandler, of Waco recently visited his sister, Mrs. J. D. Smith.

Roy Jennings, of Hondo, was up last week trying his luck as a hunter. He hasn't reported any luck to date.

Hiner Pomerlin was up from Hondo last week.

I am afraid the Postmaster and J. H. Burns are going to have to stand a church trial for getting dance music over their radios. They seem to be running a race to see who can hear the most.

O. L. Coughran says a Ford is the cheapest thing a man can own when it rains every day.

Somebody that carries a heavy life insurance should ask Dr. Evans what [illegible] his dog and why. But not I.

Mrs. J. P. Foster and Mrs. J. M. Evans spent the Thanksgiving holidays in San Antonio and report a nice time.

W. E. Bridges, of California, is visiting his sister, Mrs. J. H. Dean.

D. C. Hill and family will soon move to San Antonio.

A very happy little event Thanksgiving week was the party given for the little folks of the community by Little Miss Beulah Belle Wright on Tuesday afternoon from 2:30 to 4:30 p. m. The room was beautifully decorated in autumn colors. On a table ordered with scenes from Holland was a reproduction of the first Thanksgiving in America. The log church house with many Pilgrim worshippers entering there in, a wigwam surrounded by Indians, a Thanksgiving table loaded with eats and a miniature cedar forest around all, with a reproduction of the Mayflower on the wall above and the date, 1620 all forcibly brought to the children's minds the real significance of Thanksgiving. This was made more impressive as Little Beulah Belle Wright, dressed as an Indian maiden, and Little Joseph B. Burns, dressed as a little Pilgrim maid, stood hand in hand, after receiving their guests, and told the beautiful story of the "Pilgrim Fathers."

Many happy games, such as turkey drawing contest and turkey hunt, filling a fruit basket, peanut race, telling why they were thankful, made the moments quickly fly. Mrs. Jim Glass and Mrs. Burns helped to make the afternoon merry, for which the children heartily thank them.

On Wednesday afternoon the school literary society gave a most excellent Thanksgiving program. It is splendid to see our children developing so nicely. We appreciate any spirit of cooperation that may be manifested by the good people of the community.

Miss Carrie Willis and co-worker visited her parents, Mr. and Mrs. R. E. Willis, during the holidays. Miss Carrie is teaching at Fowlerton.

Misses Katherine and Lossie Padgett were at home for Thanksgiving.

Mrs. Wes Dean was the guest in the home of Hope Dean during Thanksgiving.

Mrs. Leighton is in San Antonio.

Lee and Tom Burns of Fort Worth, are enjoying the hunting season as guests of Mr. Glass.

The Schreiner Wool and Mohair Commission Company of Kerrville has sold at private sale the accumulation of fall clip wool aggregating about 600,000 pounds. Thirteen cars were shipped Friday and Saturday, carrying approximately 400,000 pounds and the balance will go forward at an early date. The price received was very satisfactory though it cannot be given out at this time with accuracy as it is based upon the final grading of the stock. In this instance there were some exceptionally clean clips and the growers who delivered carefully sorted and selected wool will profit by their effort.—San Antonio Express.

Mr. and Mrs. C. E. Lewis, who have been visiting friends and relatives here the past week, returned to their ranch near Sabinal yesterday.

Settlement Requested.

All of my customers now indebted to me are respectfully requested to come forward and make settlement before January 1, as I am closing my books. No credit after January 1.—Tom Gray.

Letter From California.

Fowler, California, Nov. 20-23

Dear Editor:—

I have been intending to write to the little old home paper ever since we have been in California but things go as such a stand out in the desert we have to write. We reside over every week, and look for a letter from home. We always thoroughly enjoy it from first to last. The New Era, crammed with advertising matter, but a day later is welcomed, and enjoyed just as much as the last number received, not caring his age, or how many times it has been read. We read it over and over again, and our neighbors always borrow it after we have finished it. We have been taking the New Era for about 15 years, and it is the largest and best paper for its size that we have ever seen.

Your boy's letter to read from here. It is fine for the boys to have a chance to write to the home paper, and see their name in print. I would be glad to see a letter from every boy in the county. The New Era could publish a letter from every boy in the county, and not fill the paper. I would be glad to see a letter from every boy in the county, and not fill the paper. I would be glad to see a letter from every boy in the county, and not fill the paper.

Our boys are all grown up and married, and our next new generation is coming on. We have been in California for about 30 years, and have seen many changes. We have built per cent to the main line, some of which are now a level among Yosemite National Park, General Grant National Park, Lassen Peak and other important places. All of which can be reached by auto from Selma.

San Joaquin Valley is about 240 miles in length and about half as wide. This was once literally a desert. The rainy season in the winter months put enough moisture in the ground to produce wonderful wheat crops, which 30 years ago was about all that was planted. But later experiments with grapes proved so successful that raisins soon became the leading industry. Cotton is suggested another until the people found that by irrigation by means of pumping plants, also the canals were from the rivers which are fed from the melting snows in the mountains, that any kind of fruit could be grown. Peaches, apricots, plums, prunes, figs, olives, walnuts, and all kinds of berries are the main crops grown down on the level. Lemons and oranges are grown up near the foothills. Even the hillsides are planted in orange groves. Leaving the orange belt and reaching a little higher you find the apple belt, then the land of pines. As in Texas, we have cotton gins here to bale the cotton for the market. In every town no matter how small, you will find canneries and packing houses to take care of the fruit and other products. These of course give employment to hundreds of men and women throughout the valley making the country very thickly populated.

This is a wonderful country for people who are not able to own homes, and have to make their living by working for wages. The industries of this section are controlled by big corporations such as the Raisin Association, the Peach and Fig Growers' Association, the Edison Company which boasts of the largest power plant in the world. The plan is inside that ordinary labor cannot, is to be six times greater than Panama Canal, or digging of 83 miles long, 500 feet wide and 30 feet deep. Then running through the mountains, filling the water behind mountains, like a big undertaking requires the employment of much money. The pay roll of this amounts to about $25,000 per month. The power is expected to several years to complete undertaking.

Dusting is also one of the industries of the big oil concerns are using lines for transportation from the fields to the refineries. Along the lines there is a pumping plant which pumps oil from one plant to another every seven miles. Every three freshers, three engineers, and one chief engineer. Each station is like a small town equipped with houses, stores, etc. Each employee is furnished water, lights and modern up-to-date houses for their families.

My husband, Frank Dean, is employed by the Associated Oil Company. Our station is just four miles from Fresno, on the S. P. Railroad, and on the main state highway.

With best wishes to all our friends, I remain,

MRS. FRANK DEAN

NOTICE OF ELECTION.

THE STATE OF TEXAS
COUNTY OF BANDERA

Whereas, on the 9th day of November A. D. 1923, a petition was presented to me, asking for an election in School Districts No. 3 Lanson Creek, Common School District and No. 5 Medina Independent District of this County, on the question of consolidation of said Districts, which petition bearing the requisite number of signatures of the legal voters of said District and being in every field in conformity with law.

Now, therefore I, A. L. Mansfield, in my capacity as County Judge of Bandera County, Texas, do hereby order that an election be held on the 22nd day of December A. D. 1923, at the Medina School House in said Independent School District No. 5 as established by the Commissioners' Court of this County and of record in the Minutes books of said Court in Vol. 6 pp 131 to determine whether a majority of the legally qualified voters of those districts desire to consolidate with Common School District No. 3 Lanson Creek, and the petition bearing the requisite number of signatures of the legal voters of said District and being in every respect in conformity with law.

Now, therefore I, A. L. Mansfield, in my capacity as County Judge of Bandera County, Texas, do hereby order that an election be held on the 22nd day of December A. D. 1923, at the Medina School House in said Common School District No. 3 as established by the Commissioners' Court of this County and of record in the Minutes books of said Court in Vol. 6 pp 227, 228 to determine whether a majority of the legally qualified voters of those districts desire to consolidate themselves into One Independent School District No. 5 of Bandera, County, Texas.

A. V. Pue is hereby appointed presiding officer of said election in District No. 3 Lanson Creek and he shall select two judges and two clerks to assist him in holding the same, and he shall within five days after such election has been held make due return thereof to the Commissioners' Court of this County, as is required by law for holding a general election.

The ballots for said election shall have written or printed thereon, the following:

"FOR CONSOLIDATION."
"AGAINST CONSOLIDATION."

All persons who are qualified voters of this State and of this county, and who are residents of said District, shall be entitled to vote in said election. The sheriff of this county shall give notice of said election by posting three notices at three public places in said district for three weeks before the election.

Dated the 19th day of November A. D. 1923.

My business will be operated on strictly a cash basis. All Repair Work, Automobile Supplies and Accessories, and all Service other Trips must be paid for on delivery of car. It takes cash to operate any business, and experience of the past proves that I cannot give credit to others and pay cash myself. So please do not expect to get credit. By going on a strictly cash basis I will be enabled to give a 10 per cent discount for cash on all labor and accessories purchased from me.

Hall's Catarrh Medicine
Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE contains two ingredients which Quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health. Sold by druggists for over 40 Years. F. J. Cheney & Co., Toledo, Ohio.

ROBS CALOMEL OF NAUSEA and DANGER
Medical Virtues Retained and Improved —Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."
The latest triumph of modern science is a "denaturized" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines, thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have here-tofore limited its use.
In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab, at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.
Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

"There is a Reason"

Licenses Will Be Higher.

Automobile licenses will be higher next year and must be paid by January 1st or there will be a penalty of 25 per cent added.

The increase in license issued this year according to weight of car and horse power, and as an illustration of the increase in cost of license, last year a Ford was $7.50. This year a Ford touring car will be taxed, $10.40 or more. Tax Collector Henry Lee gives us the following assessment:

Ford Runabout, without starter, $10.00.

Ford Runabout, with starter, $10.40.

Ford Runabout, with starter and demountable rims, $10.80.

Ford Touring, without starter $10.40.

Ford Touring, with starter, $10.80.

Ford Touring, with starter and demountable rims, $11.20.

Ford Coupe, with starter and demountable rims, $12.00.

A tax of 17½ per horse power is fixed and this goes to the County for road purposes. State tax is 40c per hundred pounds on cars weighing 900 to 2,000 lbs hundred on cars weighing 2001 to 3,000 pounds; 70c on cars weighing 4,500 to 5,000.

Ford
Four-Door Sedan

Fully equipped, $685, f. o. b. Detroit

Inside and out, the new Ford Four-door Sedan shows improvements of far more than usual importance.

It is lower and sturdier in appearance. New cowl, hood, radiator and apron add size and finish to the front. Sun visor, and wide, well-finished aluminum doors with bar handles perfect the design of the body.

Silk window curtains, deep broad-cloth upholstery, dome light, door lock, window regulators and handles, all finished in nickel, complete a refinement you would expect only at a far higher price.

The car can be obtained through the Ford Weekly Purchase Plan

Fine Time at Bluff.

On December 22nd, 1:30 p. m. there is going to be a bazaar, ice-cream and goat roping at Bluff school house. There will be a fancy work department, candy, hamburgers, pop corn, candies, candy and cakes for the most handsome boy, and the prettiest girl. There will be steer riding and goat roping at 1:30 and 4:30 in the evening. Prizes will be awarded. There will be a program late in the afternoon, and will be followed by a Christmas tree. Proceeds go to the school. Everybody Come.

Amicably Settled.

The muddle which was stirred up in our local high school the first week by the suspension of Marvin Hunter, Jr., Charles Whitley, and Claibourne Davenport for alleged damage to school property, was amicably settled when the matter was brought before Judge A. L. Mansfield, County School Superintendent, who ruled that the board of trustees erred in suspending the boys. Rather than agitate the matter further and after general explanations it was decided to permit the boys to return to school and drop the matter altogether. So once more the white-winged dove of peace rests in our fair community.

Attorney W. S. Ethridge represented J. M. Hunter, while Judge J. A. Eaves represented the school board.

A Malicious Deed.

Last Sunday night some miscreant entered the home of John Bockelew, near Bluff, and while Miss Irene Bockelew was asleep shot off her hair. The deed was discovered when the young lady awoke next morning. No trace of the intruder has thus far been discovered, and no clews as to his or her identity have been unearthed.

Revolution in Mexico.

A revolution against the Obregon government has broken out in Mexico. The revolutionists have taken Vera Cruz, Jalapa, and other points have been taken and an army is expected to march on to Mexico City.

Utopia Oil Well Prospect Bright

The Humble Oil Company is starting out on their oil well above Utopia on a larger scale than that used for the Vanderpool well two years ago. Mr. Otis B. Fullen, the field manager for the company, in charge of the work states that the location of the well has been decided by geologists and that men are now hauling the machinery. This new well is only three miles from the old well at Vanderpool. And it is to be hoped that the efforts put forth this time will bring the oil.

That the Humble Oil Company is going into this oil well on a larger scale is seen by the amount of machinery and timber that has been shipped to Sabinal. Last week four cars of machinery arrived and this week two cars of timber came in and is being rapidly unloaded and hauled to Utopia. They have two boilers so that the work will not be halted by boiler trouble.—Sabinal Sentinel.

Did It Ever Occur To You:

That—We live only one day at a time?

That—Only one man in five can get life insurance, and while you man be one of the five who can get it this week, you may be one of the four who can't get it next week?

That—Your breath and liabilities don't end at the same time?

That—Only one fire insurance policy in 1,200 becomes a claim, while every life policy is bound to mature?

That—A life policy is a will that no lawyer can ever set aside?

That— Neighboring sympathy for the widow is good, but the company's draft is better?

That—The most worthless assets found in any man's estate are his good intentions.

That—You don't mean to take the chances but that you will let your family take the chances?

That—You may be one out of 97 of every hundred to make a failure in life?

That—It takes a cyclone to lift the house off the farm, but it takes a life insurance policy to lift the mortgage?

Town Moves To Paved Highway.

Utopia, Tex. Dec. 11.—Both Texas and Pacific Railroad was built through Paris, years ago, a siding was put in half way between here and Blossom and it was made a flag station, known as Reno. A village of about 200 inhabitants built up around it, with a school, churches, stores, a gin and other building. It also had a postoffice until it was abolished by the establishment of a rural route. Within the last year a concrete highway has been constructed between Paris and Blossom, being a section of Highway No. 3. It runs nearly parallel with the railroad, three quarters of a mile north of Reno. Within the last two or three months the village of Reno is being abandoned and moved to the highway, giving it the preference over the railroad.

The new Reno has four stores, each of which has a filling station, on account of which it has been dubbed "Gas City."

Working on the Highway.

Contractor Stone and his crew are at work on the Bandera-San Antonio road where it crosses the corner of Medina county. It is estimated that the 2.88 miles of this road which has been newly built will cost in the neighborhood of $17,000, and it, is being done under specifications of the State Highway Commission. The work is to be completed by the first of July, but as the contractor intends to expedite matters as much as possible it is not believed that that much time will be required to complete it. We think before the ides of March arrive Bandera folks can go to San Antonio over a first class road all the way. Arise and sing.

A Banking System that has helped Revolutionize the business of Farming—
The operations of the Federal Reserve System are especially favorable to the farmer. His borrowings to cover cost of fertilizing, planting, harvesting, and carrying his crop can be rediscounted by this bank with the Federal Reserve Bank] and an abundant supply of credit at moderate rate thus assured.
This bank realizes to the full extent the vital importance of the farmer's work and is genuinely desirous of extending to the farmers of this community the benefits resulting from its membership in the Federal Reserve System.

VANDERPOOL VISIONS

Albert Vancleave has accepted a position with the telephone company of San Antonio and will work there till the fifteenth of this month and then will work in the postoffice. His wife and little son will join him in two or three weeks. We regret very much to give these folks up. But wish them well in their new home.

Mr. and Mrs. Ben O'Bryant are rejoicing over the arrival of that 12-pound daughter the 4th inst.

T. W. Massey and son, Tommie, and nephew, Thurmond, also his father came in this week from Stamford and Mr. Massey says he experienced a snow storm while there, and that people have to buy coal for fuel—no wood at all. So he says there is no place like Bandera county where we have most all the coons up one tree.

J. A. Landrum of Utopia, is putting up a brick chimney for L. S. Foster this week.

Messrs. Bemar and Gilbert of La Pryor, came up Saturday morning and were guests of J. P. Casparis. They returned home that afternoon.

Rev. J. W. Storms, of Utopia will fill his appointment here Sunday, provided the weather will permit.

The construction of the oil derrick begins Monday.

Orion Cooley happened to a painful accident Friday while cutting weed. The axe slipped and cut his out taking off a portion of his foot, taking off a portfoot, but he is doing nicely now.

TUFF TIDINGS

J. W. Frame departed for the land of sunshine and flowers after a few days visit with friends and relatives here. Mr. Frame is well pleased with California and says he intends to make his home there for quite a while.

The little son of Mr. C. F. Wheeler is improving nicely. We hope he will soon be able to attend school again.

Mrs. R. H. Light visited Mrs. Sam Frame Saturday.

A nice crowd attended church at the school house Sunday, and every one enjoyed the sermon by D. S. Palmer.

The little daughter of Mr. and Mrs. Joe Sutherland died last Thursday after several weeks of suffering and was laid to rest in the West Prong cemetery. The family has the sympathy of the entire community in their hour of bereavement.

Mr. and Mrs. John Adams were the guests of Mrs. O. W. Livingston Sunday.

Heavy Rains.

Havy rains have fallen throughout this section, and the ground is soaked full of water. Yesterday the mail to San Antonio could not leave on schedule time on account of Bandera creek being on a rampage. The Medina river has been on a rise for several days and it is still rising this (Wednesday) afternoon.

S. H. Ford and wife, were here from San Antonio, a guest of Mrs. Ford's parents, Mr. and Mrs. B. F. Faris, last week.

Doctor Injured in Auto Crash

Little hope for the recovery of Dr. J. F. Hines, 1419 Garden St., who was injured seriously Tuesday morning in an automobile accident, was held Tuesday night at the Santa Rosa Infirmary, where he was taken immediately after the crash which occurred directly in front of his home.

According to hospital authorities, the doctor is suffering from brain concussion, and probable fractures. He had not regained consciousness late Tuesday night and physicians were awaiting the completion of X-Ray examinations to determine the extent of his injuries.

The accident, according to police records, occurred at 10:30 Tuesday morning, when the car occupied by Dr. Hines, was was struck by a heavy car operated by F. W. Croskin, 927 South Alamo Street, as the doctor drove into his yard into the street.

—San Antonio Express.

Dr. Hines is a brother-in-law of F. P. Layton of Medina. Mr. Layton left for San Antonio yesterday in response to a message announcing the distressing accident.

Ships Car Load of Turkeys.

R. J. Davenport shipped his third car load lot of turkeys yesterday for the Davenport Brokerage Company. These turkeys were bought near Bandera, Mr. Guy S. Rambie has been at Bandera all week attending to the purchase of the turkeys. These turkeys were driven from Bandera to Center Point, Texas for shipping to St. Louis by G. S. Rambie and O. E. Ramsey. Mr. Davenport shipped two carloads of turkey for the Thanksgiving market from Sabinal a few weeks ago to St. Louis. Turkeys are selling now for 10 cents per pound.—Sabinal Sentinel.

Mrs. Mayfield Died Suddenly

Mrs. S. E. Mayfield, one of our pioneers, died suddenly at Medina last Friday, morning and was buried Thursday afternoon in the presence of a vast concourse of sorrowing friends and relatives. Rev. H. Price conducting the funeral services.

Samantha Elizabeth Mayfield was born in Alabama December 17, 1843, and had she lived three days longer she would have been eighty years old. With her husband and seven children she came to Bandera county in 1878, and resided here ever since, rearing her family near Medina. Her husband, B. H. Mayfield died in 1912. Grandma Mayfield was loved by all who knew her. She was known throughout that region, and helped to create the splendid social order that now exists in the Medina community. She was the mother of 12 children, eight of whom are still living, as follows: Walter Mayfield of Medina, Brieve Mayfield Harry Mayfield, Sam Mayfield, Mrs. T. A. Buckner of San Marcos, Mrs. L. A. Holster of Shreveport, La., and James H. Mayfield of Medina. Owing to the impassable roads Mr. and Mrs. T. A. Buckner with Sam Marcos and reached Center Point where their car broke down, were unable to get to Medina in time for the funeral.

The sympathy of the entire community is extended to the bereaved ones. We will all miss the gentle influence of Grandma Mayfield, who was one of the noble women of our land.

Death of a Pioneer

Mrs. Mary Heder, pioneer resident of San Antonio, died on Tuesday, December 11, at the family home at Arsenal and South Laredo Streets in that city where she was born seventy-three years ago. The funeral was held in the residence at 4 o'clock Wednesday, with burial in City cemetery No. 2. The pall bearers were Tom Leighton, Ed Leighton, Gene Stumberg, Adolph Runnel, Frank Gloeckner and Dr. A. L. Berchelmann.

Mrs. Heder was born in San Antonio July 1, 1850, at the old Wipff home on Arsenal and South Laredo streets. Her father was John B. Wipff and her mother was Agatha Basse Wipff, both of whom came to San Antonio in 1848, from Alsace Lorraine, France. Her husband was David Heder and came to San Antonio with the Union Army in 1865. He conducted a brewery for many years after the war and also owned the first cotton gin in Bexar county. It was situated at South Laredo and Arsenal Streets.

Surviving her are a daughter, Mrs. Mary Heder Baker, a sister, Mrs. Agatha Schmidt; three grandchildren, Louis A. Heder, Marie Baker, M. F. Baker, Jr., and one great grandchild, Doris Jeanne Heder.

Buy your sausage casings at Mansfield's Meat Market.

Wool Brings Good Price.

The Bandera County Ranchmen & Farmers' Association is now putting out returns on over 100,000 pounds of fall wool, the prices ranging from 30 cents to 37½ cents per pound. It is noticeable, however, that only a few bags brought the low price of 30 cents, the greater portion bringing between 35 and 36 cents per pound.

The association yesterday sold the balance of the spring wool stored in Boston, consisting of about 6,000 pounds, mostly off-grade wool, being black buck, burry lambs, and medium, out of the spring consignment of 190,000 pounds shipped sometime ago. This cleans up the entire 1923 accumulation of the Bandera County Ranchmen & Farmers' Association, and it has all been handled and disposed of in a very satisfactory manner.

Auto Turns Over

Dr. John H. Erwin sustained painful bruises yesterday when his auto turned over in the Mansfield Lane, two miles west of town. The windshield was broken and steering gear was somewhat broken.

School will dismiss tomorrow for the holidays.

Senator Hudspeth Contributes to the Monument Fund

Washington, D. C.,
Dec. 15, 1923

Mr. J. Marvin Hunter
Editor, New Era,
Bandera, Texas.
My dear Sir:

Recently in reading your valuable paper, I noted a move on the part of your patriotic citizens to erect a monument on the square at Bandera on which would be placed the names of the Bandera boys who gave their all to establish universal democracy throughout the world to save the world for civilization.

Having been born in Bandera County and spent my early childhood there, this stirred within me a feeling of deep emotion. I wish to become a contributor in a small way to this splendid and patriotic movement and I am enclosing you my check in the sum of $5.00, which I will thank you to turn over to the proper party in charge of this matter.

Very truly yours,
C. B. HUDSPETH

Will Wed Tonight.

At the Baptist church tonight Ethridge C. Brazil will lead to the altar Miss Evelyn Price, the ceremony to be performed by Rev. M. J. Scott, pastor of the Baptist church. The groom is teacher of the Honey Creek school and is also a minister in the Baptist church. The bride is the daughter of Mr. and Mrs. J. R. Price of this city. Both bride and groom have many friends in this and adjoining communities, who will hasten to extend congratulations and best wishes for a happy and prosperous journey for them through life.

Merry Christmas

The New Era wishes its thousand and more readers a very Merry Christmas and a Joyous, Prosperous New Year.

Following a time-honored custom, the New Era will not be issued next week. We are giving our faithful printers a rest. Our next issue will appear January 3, 1924.

The Humble Company is going to develop the Vanderpool field. The New Era is not a prophet, but we are going to venture the prediction that a gusher will be brought in before the March winds cease to blow.

Sometimes an editor feels like tearing his hair because news is so scarce he can't find enough to fill up his paper. But not so with this editor. When we can't find anything to fill up the paper, we just tear our shirt boosting for Bandera.

And it still rains in Bandera-land. Which means good crops next year. A fine season is in the ground. If you did not get to sow your oats on account of the wet weather you can plant corn on that ground in the spring, and if you plant corn you ought to grow a few pigs to eat the corn. Corn and pigs make a good combination.

The necessity for a bridge across the river at the Hondo crossing grows every day. At the present time and for several weeks the river is fordable only in certain places. Since the heavy rains of the past few days all the fords are deep and can not be crossed in automobiles. Will our people never wake up to the need of a bridge there?

There will be happiness in Bandera homes this Christmas. The boys and girls who are away attending school will be coming home, absent brothers and sisters will come to gladden the hearts of our parents. Old Santa Claus will remember all of the little folks, because this has been a prosperous year with most of the daddies who are on speaking terms with old St. Nick, and the real Christmas spirit is in evidence. Let us wish that it will be the happiest Christmas you ever had and that it will be surpassed by the next.

Within a few days old 1923 will have passed into history, and we find ourselves one year older. When we look back over the months that have passed we wonder what good have we done—but somewhere along the line we have done something that is of benefit to humanity, that will be remembered by somebody. A kind word spoken, a charitable deed, a favor rendered will still be fresh in the memory of somebody. That we have been productive of good, and we have had a part in doing it never fear.

"There is a Reason"

Frontier Times, the new monthly magazine which is published right here in Bandera, came out with its January issue this week. The January number contains many interesting sketches, among which will be found the following:

The Killing of Ludwig Spaeth
Captain Buck Barry Was a Noted Fighter.
A Memorial to Collin McKinney.
Trouble With the Cherokee Tribe,
Good Old Times in Texas
Legend of the Haunted Spring,
Trail of Blood Along the Texas Border,
Legend of the Spanish Mine,
Geo. L. Harris Recalls Early Days,
The Tragedy of Legion Valley
A Tribute to Policarpo Rodriguez.
Dutch Henry's Raid Near Fort Elliot.
Wrapped His Beard for Indian Scalps.
Mrs. Durst Lived Under Three Flags
A Texas Cowboy Coming Down the Trail,
Great Battle at Painted Rock,
The Mission de Los Olmos,
The Four Wallace Stuffed with Hickory Nuts

And other interesting sketches that will entertain and instruct. Frontier Times is published in Bandera, and will be sent to you for $1.50 per year.

It is a shame that certain interests can manipulate the market and force down the price of turkeys right at the season when the turkey growers are expecting to realize profit on their year's work. Thousands of turkeys are raised in this county. A month or two ago the price was around 21 cents per pound. Today the farmer is doing well if he can get 11 cents. And yet, in the northern and eastern cities it is said that dressed turkeys are selling for 75 cents per pound. Something wrong somewhere. It behooves our turkey raisers to organize and market their birds in a systematic manner, and not depend on the buyers to set the price.

The New Era editor has been a resident of Bandera almost three years. Since coming to this town he has been buried in his office like a gopher in his den. The mechanical work of the office rests upon his shoulders, the editorial duties of the paper likewise enclose him. He has not had the opportunity to get out and "loaf" with the crowds in town, therefore he misses many an item that would be of interest to the public. But he has Bandera's interests uppermost in his mind at all times, and everything that is for the good of this town and county is given first consideration. The enforced confinement is not at all desirable, but the work must be done. If you don't believe the New Era office is a busy place, just drop in some time. Would you believe it, there are business men and citizens right here in this burg that never phid us even a social call, never seem to know that there is located here an institution that is working for their interests night and day. Of course they care not they seem mighty neglectful about coming around and giving a word of encouragement occasionally. Other fields are calling, but we love Bandera and people and right here we are sticking regardless of the seeming indifference on the part of some of our fellows.

Wedding bells will be ringing this happy Christmas time. It's such a joyous season the young folks just must get married.

County Test.

Humble Oil & Refining Company has unloaded several cars of material at Sabinal in Uvalde County which is being hauled overland to a point in Bandera county about three miles from the location of the old Wood-Texas oil well test in the Vanderpool district and a test is due to be spudded in.

Leases on a large block of acreage in western Bandera county were taken by the Humble Oil & Refining Company some months ago under a contract to drill within a specified time. The location for the test was made recently by the geological department of the company, Geo. B. Fuller, field manager for the company, has been on the ground recently superintending the moving of the derrick and material and rig to the location.

Six carloads of material arrived at Sabinal within the last two weeks and includes two boilers. The location of the well is said to be south of Vanderpool and only a little north of Utopia in Uvalde county. Rainy weather and bad roads has considerably hindered and delayed getting the material on the ground.

The Humble's test is the only big company test going down in that part of the country at this time. The Wood-Texas well went to a low depth and at times had showings that were said to be good but was finally abandoned. Geologists are said to have located some good structures in that part of the country and the Humble's test is supposed to be on one of them.—San Antonio Express.

John Ross says he has a sow that brought three litters of pigs the past year. And he sold the pigs at $3.00 each. Twenty-three pigs at $3.00 each brought in $69.00. Not bad for one old sow. Raise hogs and corn.

The Pipe Creek School Board has purchased two acres of land from Jim Newcomer, and will move the Deskin school house there to serve until the community is in position to erect a more substantial building. The Pipe Creek and Deskin districts were recently consolidated.

The exercises and Christmas tree at Riddle Verde school house will be attended by quite a number of our townspeople.

We Challenge Comparison.

What this policy will do if you carry a policy for $10,000:

1st. If death comes from ordinary causes your beneficiary gets $10,000.

2nd. If killed by accident before the age of sixty your beneficiary gets $20,000.

3rd. If permanently or totally disabled before age sixty (a) you pay no more premiums; (b) we pay you $100 per month as long as you live and are so disabled; (c) at death we pay your beneficiary the sum of $10,000.

4th. If such disability occurs after the age of seventy, we pay you $1,000 each year for ten years, less only the annual premium. In event of death within the ten years the remainder of policy goes to the beneficiary.

5th. Old age disability settlement. At any time after age of seventy if the insured shall for reason of accident, sickness, or mental or bodily infirmity, be or become permanently incapacitated from doing any labor or business, the insured may surrender this policy and receive one half of the face value of the policy or $5,000.

Rate age forty, $236.40 per year. See W. J. Davenport, Jr., local agent.

OUR HEROIC DEAD

On the monument to be erected in Bandera to the memory of the Bandera county boys who made the supreme sacrifice in the World War—yielded up their lives in freedom's cause, will appear engraved the following names;

LESLIE BOWNDS	WADE PEARCE
ERNEST POLVADO	BLAKE DAVIS
SAM CLARK	JOHN V. KALKA
OSCAR HABY	HENRY LOESSBERG
JAMES POLVADO	ARTHUR PADGETT
LOWELL PATTERSON	CHARLIE EVANS
RAYMOND ECKHART	NATHAN BAKER
ELMER SCHUMAKER	NEWT PETTY
TWIGG L. WOOD	FRED HAMMOND
EDDIE BURLESON	HENRY BAUMER
ROY HINDS	CARL A. MERO

Won't you contribute a dollar or more to the monument that will perpetuate the memory of these boys? Send your donation to Miss Margaret Montague, treasurer of the monument committee.

Mrs. John Mansfield went to San Antonio Sunday.

O. J. Boivin, of San Antonio is the guest of his brother, Rev. Father P. J. Boivin, for a couple of weeks.

Rob Cox, who ranches between Bandera and Center Point, was in town yesterday and remembered the printer.

Owing to the inclement weather State School Superintendent S. M. N. Marrs, who was billed for a speech at Medina last Saturday cancelled his ngagement.

If you have visitors during the holidays, write their names on a slip of paper and send to the New Era for mention in our next issue, January 3.

Three big dances at Cox Hall during next week. Christmas ball, December 25, another dance December 29, and again on the night of December 31. Everybody come and have a good time.

Mr. and Mrs. Raleigh Davenport and Boyd Stevens arrived from California, Monday. They say, California is a great state but there is no place like Bandera.

Capt. Joe Pfostert was in town Saturday and says the "goose hangs high" despite the wet weather. Says if a man will stick to this country when it is dry it will certainly stick to him when it is wet.

Next Saturday the citizens of Medina and Laxson Creek school district will vote to decide whether or not they wish to consolidate the two schools in those districts. A great deal of interest is being taken in the proposition.

Lee Risinger is receiving donations to the Harding Memoral Fund. Contributions to this fund are being made by all who realize that President Warren G. Harding virtually gave his life in the service of his country.

O. W. Freeman and family arrived from Ganado, Jackson county, last week to reside in good old Bandeerland. Mr. Freeman is an industrious farmer and has rented land from J. A. Miller. We welcome this good family to Bandera.

The Bandera B. Y. P. U.'s will give a social at the Baptist parsonage Friday night. Everybody invited to attend and bring along the nickels and pennies to pay according to stature. If you are short you may get a almost free. If you are long you will need several pennies.

W. R. Fletcher and J. E. Chisum braved the bad roads and made a trip to Vanderpool the early part of this week. Mr. Fletcher says the derrick for the Humble Oil & Refining Co.'s new test well is being built and drilling will start within a very short while.

The hauling of the 100,000 pounds of wool from the warehouse in Bandera to Center Point was finished last Saturday. The road was in such awful shape that the old way of hauling with wagons and teams had to be resorted to. Trucks that were used on the work got stuck in the mud and had to be pulled out.

We Wish All a Merry Christmas and a Happy New Year

BILLINGS & SON

Robert Cosgrove, who recently went to Phoenix, Arizona, writes his grandfather, Amasa Clark, as follows: "We had a nice trip out here. We reached Bracketville on Friday night and it started raining and we had to stay there over a week, but after we left Bracketville we had good weather all the way, and we saw lots of pretty country. I am working at the orange packing house here, and getting $4.00 per day. I had to look for a job a good while before I landed this one, and I was wishing I was back in Texas. It is hard to get work here. Yesterday was Thanksgiving and I did not have to work. Joe Holt and wife came to see us and after dinner we went out to see the orange and grapefruit orchards. It has been raining here some, and we have had frost a few times. Every time I go to town with my boots on the people here look at me as if they were ready to run. All of the people here who are not sick are cripples. Just any place in Texas is good enough for me."

Send the New Era and Frontier Times as a Christmas present. The two for only $2.50 one year.

All of my customers now indebted to me are respectfully requested to come forward and make settlement before January 1, as I am closing my books. No credit after January 1.—Tom Gray.

The rig for the Utopia oil well will be completed in a week's time. Four of the men who have charge of building the rig for the Humble Oil Company Well passed through Sabinal this morning. They will erect a standard rig on the ground and expect to complete the work in a week. They came from Eastland, Texas and the contractor is Mr. A. G. Harder. Machinery for this well has been hauled to Utopia and is on the ground and the rig timber is being carried up also.—Sabinal Sentinel.

DIED

On December 14, 1923, near Medina in Bandera County, Sister S. E. Mayfield quit this earthly house and went to be with God. She was indeed a saint, and the influence of her devoted, Christian life will live as long as time shall last. Winter was on her head but eternal spring was in her heart. She loved her church, her pastor, and all of God's people with a deathless devotion. Sister Mayfield was born in Alabama, December 17, 1843. On July 4, 1861, she was married to B. M. Mayfield. From this union twelve children were born. Eight of these are still living to mourn her going. She did not suffer pain. Just in a moment like the dropping of the sun behind the hills her life went out. She had fought a good fight, kept the faith, and is gone to receive the crown. To her loved ones we would say,

A day and you will meet,
A night and you will greet,
Her Pastor

VANDERPOOL VISIONS

A quiet and pleasant Christmas has been enjoyed in this vicinity. A real interesting and entertaining program, selected and dictated by Prof. Wm. Murphy and Miss Laura Garnett, was rendered by the pupils of the Vanderpool school on December 24th and as usual the Christmas tree was lovely. A large crowd attended.

Miss Gladis O'Bryant, who is attending the Comstock school, came in to spend the week of vacation with her parents, Mr. and Mrs. Ben O'Bryant.

Miss Gracie Love, attending the Sabinal school, was at home with her parents, Mr. and Mrs. P. O. Love, for the Yuletide season.

Mrs. Long, of Corsicana came in Christmas Eve to spend the holidays with her son, Clyde and family of North Vanderpool.

Messrs Jessie Adams and Clarence Love departed for Ozona after a few days stay with their parents.

Those entertaining this week were Mr. and Mrs. J. P. Casparis on Tuesday evening, Mr. and Mrs. Preston Ward on Thursday evening and Mr. and Mrs. Clyde Adams Saturday evening.

Mrs. Albert Vaseleave and little son, A. W., left Saturday for their new home at San Antonio.

Mr. and Mrs. F. M. Rainey motored to Sabinal Thursday.

Word comes from California that Mr. and Mrs. Richard Irving have safely arrived since the arrival of that beautiful little miss, on December 24th.

The oil well drillers, Gail, Ferguson and Fuller, for the Humble Oil & Refining Co., came in Friday, and drilling will begin in about 18 days. The derrick is completed and the wood is on the ground.

Drilling Soon to Begin

Report comes from Vanderpool to the effect that preparations are rapidly going forward for the spudding in of the new oil well to be drilled by the Humble Oil & Refining Co. In spite of the delays occasioned by heavy roads and wet weather, the drill is on the ground, the derrick is up, the crew has been assembled, and everything is about in readiness for drilling to at least four thousand feet.

Consolidation Defeated

In the election at Laxson Creek December 22, to decide if Laxson Creek and Medina school districts should be consolidated the proposition was defeated by a vote of 12 for and 22 against. For some reason or other no election was held at Medina on that date.

Jim Arnold has returned from Austin where he was in conference with the State Highway Department, the last three days and met with the county commissioners to discuss certain matters relative to the construction and maintenance of the Bandera-San Antonio road within the confines of this county. According to the proposition he submitted Bandera county is to take over the maintenance of this highway from Medina county line to Bandera for a period of six months, the maintenance work to be done under the supervision of Mr. Stoker. For this maintenance for twelve months the state will appropriate $3200, which if necessary may be supplemented by Bandera county for construction purposes.

The work of building a first class piece of road on that three-mile stretch across the corner of Medina county is now under way but has been hindered somewhat by the bad weather of the past few weeks. However, it is planned to rush the work as much as possible, and probably be finished in two or three months. Bandera is going to have a real highway to San Antonio almost before we realize it. Glory be!

Remember the address by Senator Joe Burkett, candidate for Governor, at the court house next Saturday at one o'clock p. m.

Alvarenor Nolte has signed and filed in the State Department several changes in the rules of the Live Stock and Sanitary Commission pertaining to the shipment of cattle. These new rules differ from the old rules in that they allow the movement of cattle to market on one dipping, provided they are free of ticks, and they do not require the dipping of the entire herd before any part of the same can be moved, but only requires the dipping of the particular cattle intended for movement. They allow the movement of cattle into the free area on one clean dipping, regardless of the classification of the county and do not require that cattle going into the free area be moved to a public dipping station or stockyards center for final dipping but allow the movement direct from the county in which the animals originate.

Joe Burkett to Speak.

Hon. Joe Burkett, of Eastland who is a candidate for Governor, will be here Saturday where he will be to speak in Bandera next Saturday at one o'clock p. m.

Undergoes Operation

Mrs. James Hager of the Hansen ranch, was taken to San Antonio last Thursday where she underwent an operation for appendicitis. Her condition is reported satisfactory.

Prompt and Courteous Service Assured

Captured a Still

Sheriff Stevens and Ranger Captain B. C. Baldwin found a small still several gallons of whiskey and several barrels of mash on a farm near town a few days ago. Urban Jureczki was placed under arrest and brought to town. He was later released under $1,000 bond.

Happy Christmas Dinner.

A bounteous feast was spread Christmas Day at the home of Col. and Mrs. J. A. Head, at which their children and families were invited guests. A great array of good things burdened the parental table and all partook in the most happy manner. Those present were the host and hostess, Colonel and Mrs. Head, Mr. and Mrs. Robert Chipman and children, Mr. and Mrs. A. B. Langford and children, and Mr. and Mrs. Will Hays. Other guests were Mr. and Mrs. Virgil McCarthy.

Delightful Dinner.

Mr. and Mrs. John Mansfield gave a delightful dinner at their ranch home last Friday in honor of their guests, Miss Angy Phillips, Miss Ola Varnie and Mr. Jake Short. The dinner consisted of five courses, daintily arranged and thoroughly enjoyed. Other guests were Leslie Short, Marcellus Rambie, Miss Emily Ruth Rambie, Fred Tidmann and Rhea Mansfield.

Col. Geo. W. Saunders' Appeal

Colonel George W. Saunders, president of the Old Time Trail Drivers' Association, has issued an appeal to the patriotic citizens of Texas, asking for donations to the fund that is being raised for the erection of a monument to the memory of the early trail drivers, pioneers of this great state. As the appeal is quite lengthy we are unable to publish it in this issue of the New Era, but it will appear next week, giving a list of donors who have so far responded.

In Honor of a Bride

On Saturday evening December 29th, Mesdames Aaron Meadows and W. J. Davenport, Jr., were hostesses at a beautifully appointed dinner given at the home of Mrs. Davenport in honor of her sister, Miss Jessie Johnson, a bride of the week. The rooms were prettily decorated with ferns and candles were used with a very pleasing effect. The center piece was a large cut glass bowl filled with fragrant violets. During the course of the dinner beautiful musical selections were rendered by Miss Eugenia Johnson, a sister of the honoree. Those present were Miss Jessie Johnson, Mrs. A. L. Mansfield, Mrs. Minnie Mansfield, Mrs. Charles Meadows, Mrs. Rose M. Gardner, Mrs. Mabel Cohen, Mrs. A. B. Langford, Misses Margaret Montague, Eugenia and Lula Johnson, Mrs. Aaron Meadows and Mrs. W. J. Davenport, Jr.

Miss Ana Carpenter, of Utopia is the guest of Miss Sue Carpenter.

Mrs. Jessie Weed, of Vanderpool is staying with her parents, Mr. and Mrs. Bauerlein for awhile.

Mr. and Mrs. Amos Weed are the proud parents of a fine boy, Jim Henry, born December 20, 1923.

Mr. and Mrs. Lewis Sutherland of Lima, are moving to our community. We give them a hearty welcome.

Polk Palmer of Kerrville is spending his vacation with homefolks.

Mr. and Mrs. Henry Bauerlein are the proud parents of a baby girl, born December 29, 1923.

George and Clyde Elam and Miss Pearl Elam were Medina visitors Saturday.

Everybody enjoyed the party at the home of George Hay Thursday night.

Mr. and Mrs. T. S. Weed and family of Utopia, returned Sunday after few days visit to relatives there.

All enjoyed the program given by the school children December 21, regardless of bad weather.

Mrs. J. W. Zumwalt and children are visiting her daughter, Mrs. Raymond Massey, of Vanderpool.

Grandpa Thomas was in this community Sunday and Monday getting cedar posts.

Fresh oysters at the Bandera Cafe every Friday. Come and get them.

Its poll tax paying time. Women as well as men now have to pay poll tax. This is campaign year and there will be several elections held. Get your poll tax receipt and be prepared for any emergency.

The Boerne Star has installed a linotype machine. We congratulate Brother Davis upon his enterprise. With the addition of a linotype to his equipmnt he will be in a position to give his readers a better paper.

We are grateful to all of our friends who sent Christmas remembrances. From all parts of the country came Christmas cards bearing good wishes. It is a great blessing to have friends and very comforting to be remembered by those friends. God bless every one of them.

Up in Concho county several candidates have already announced for office. While the candidates have come out into the open in Bandera county yet the political bee is beginning to buzz and we know of one or two who are expected to toss their hats into the ring within a very short time.

Christmas passed quietly in Bandera. Appropriate programs and Christmas trees at the churches, dinners, parties, and functions at the homes, dances during the week at Cox's Hall, made up the festivities. No rowdyism, drunkenness or misbehavior on the part of anybody to mar the joyous season.

A new year is upon us, with promise of being a very prosperous one. Bandera county goes into 1924 in the best possible shape. Abundant rains have fallen, insuring good crops. Our stockmen and farmers are in good shape. Bandera is to have a first class road to San Antonio. Drilling for oil in the western part of the county is under way. Altogether we are looking forward to a great year, 1924.

Bandera county has been allowed $545 State aid for our schools that have applied for such aid.

A petition was circulated here last week and numerously signed asking Governor Neff to permit Game Warden S. O. Durst to remain stationed in Bandera permanently. Since Mr. Durst has been here he has been quite active in apprehending violators of the game laws, and it is desired that he remain with us.

Bandera experienced a gasoline and kerosene famine a few days last week. The roads were impassable, due to the excessive rains, and oil trucks could not get here. Users of gas were compelled to go to Pipe Creek for their auto fuel. All of which is forcible argument for better roads.

Earl Mansfield returned Friday from Mason where he spent Christmas.

Mr. and Mrs. Joe Postert visited friends at San Antonio several days last week.

Col. Upton Lorentz was here from Medina Friday night on his way to San Antonio.

Messrs. Arden and Eddie Leibold, accompanied by their father, were in the city Friday.

Louie Haegelin was in from the ranch Friday, and called in to advance his subscription figures.

C. Anderson and Wm. Wallace of the Red Bluff region, transacted business in Bandera Friday.

Mr. and Mrs. Booker Davenport came in from San Antonio Monday after a few days visit there.

Mr. and Mrs. E. E. Coughran and children were over from Tarpley Friday visiting friends and relatives.

The Fifth Sunday Meeting of the Medina River Baptist Association was held at Center Point beginning last Friday.

Rev. H. H. Washington, pastor of the Methodist church in Bandera, spent a few days with relatives at Austin last week.

Edgar Pickens, who lives near Pipe Creek, was a business visitor in the city Friday and called to renew his subscription to the New Era.

Misses Elen and Winifred Thalmann of Fort Worth, and Miss Amy Thalmann of San Antonio, spent the holidays with their mother, Mrs. Louise Thalmann at the ranch.

F. C. de Montel was here last Thursday rteurning to Jourdanton where he has employment. He spent Christmas with his parents Mr. and Mrs. Chas. de Montel, at Camp Verde.

H. Conn, who lives on the Emil Heisler ranch near Pipe Creek, was a visitor in the city Thursday. Mr. Conn wants to secure some goas and sheep on shares. He has good range and is prepared to take proper care of animals placed in his charge.

Oscar Heinen was a visitor Thursday and besides renewing his mother's subscription to the New Era and ordering Frontier Times sent to her address, he ordered the little old home paper to continue its weekly visits to his brother, Harry Heinen at Port Arthur.

Miss Eratha Garison has been appointed Home Demonstration Agent for Dawson county, with headquarters at Lamesa, and left Saturday to assume her duties. Miss Eratha is splendidly fitted for the position she has taken and those people at Lamesa were fortunate in securing her services. The New Era will keep her informed about home happenings.

Among the Chrismas visitors at the home of Gabe Anderwald were Mr. and Mrs. William Frederick of Seguin, Mr. and Mrs. Ben Gablick of Boerne, Louis Potter of Boerne, and Mr. and Mrs. Storms of Floresville. Mrs. Frederick and Mrs. Gablick are daughters of Mr. and Mrs. Anderwald. Uncle Gabe says a large crowd came to his home on Christmas Day, among them being Dominie Dugos and family, and all of them seemed to enjoy themselves.

Rev. M. J. Scott and family attended the Fifth Sunday meeting at Center Point.

Brian Montague, of Alpine, and Joe G. Montague of Fort Stockton, came home to spend Christmas with their mother, Mrs. Chas. Montague.

Miss Pauline Ethridge is at the bedside of her mother at the Santa Rosa hospital in San Antonio. Mrs. Ethridge is recovering from a severe attack of appendicitis for which she underwent an operation several days ago.

Little Misses Maggie and Lunette Chipman, of San Antonio, spent several days last week with their great grandfather, Col J. A. Head, and other relatives here. These little girls are the daughters of Mr. and Mrs. Jess Chipman.

Messrs. John Hinds, Jack Coose and Ben Haught, all of the Lima region, negotiated the mud one day last week and came down to the county capital. Jack took advantage of the opportunity to renew his subscription to the little old home paper while here.

Mr. and Mrs. Ed Edwards were shopping in the city a few days before Christmas and called at the New Era sanctum to renew their subscription to the little old home paper. Mrs. Edwards is teacher of the Privilege school and informed us that her pupils rendered a pleasing Christmas program.

Capt. J. W. Walker was in from Laxson Creek Friday and paid his respects to this office. Captain Walker is one of the old timers of this section. He came here when Camp Verde was a frontier post, and he had some thrilling experiences in those early days, sketches of which will soon appear in Frontier Times.

Our good friend, John A. Weimers, accompanied by his brother, Ben G. Weimers, was over from Hondo last Saturday and called to see us. Mr. Weimers is farming near Hondo this year and he says that ere another year passes we can tell our readers he is farming near Bandera. He is a live wire wherever he is located and we need him in these diggings.

Will Ernst Newton, linotype operator on the Hondo Anvil-Herald, spent Monday night with Warren and Marvin Hunter. Will Ernest worked in the New Era office a few months ago, later going to New Orleans to take a course in the Mergenthaler Linotype School, from which he graduated and secured his present position. We are glad to know the lad is making good.

Elder D. S. Palmer and wife were here from Tuff Friday night on their way to San Antonio. Elder Palmer was shipping two truckloads of hogs to market and says the road from Medina to Bandera is in very bad condition, made so by the rains. He has been suggested that funds be raised by private subscription to make needed repairs, and several have signified their willingness to contribute liberally.

S. A. Stevens was in town Friday and called to renew his subscription to the New Era and also to order Frontier Times sent to his address. He informed us that the usual Christmas reunion of the family took place at his home, when brothers and sisters and members of their families gathered to partake of a fine Christmas dinner. Among those present on the happy occasion were Mrs. J. T. Stevens, Mr. and Mrs. Wiley Meadows, Walter Rees and family, Sam Stevens and family, Mrs. E. Hammond, Tom Hammond, Sidney Hammond and Ed Stevens.

The New Era editor and children, Myra Jennette, Marvis, Jr. and Rachel Hunter, went to Comfort one day last week and spent a very pleasant two hours with Mr. and Mrs. A. P. Kehbe and Miss Laura Duffy. Mr. Kehoe is fitting into his new occupation as editor of the Comfort News mighty nicely, and the family are delighted with the pretty little town of Comfort. During the past couple of months Mr. Vincent J. McAteer, former editor, has been assisting Mr. Kehoe in the office to gently breaking him into the work, and training him for the duties incumbent upon an occupant of the editorial sail sag.

Sam Smith and Earl Weed, of Medina, were here Saturday.

Roy Mansfield came up from San Antonio to enjoy Christmas at home.

Harold Young, of Fredericksburg, spent the holidays with friends in Bandera.

Mr. and Mrs. Louis Russell, of Harper, spent a few days with relatives here last week.

Rudolph Scheele and family spent several days with relatives at Comfort the past week.

Mrs. John Mansfield and Miss Amy Phillips were in from the ranch Saturday shopping.

Misses Josephine and Frances Postert were pleasant visitors at the New Era sanctum Saturday.

Mrs. Frank Fisher, of San Antonio, spent the holidays with her parents, Mr. and Mrs. B. F. Faris.

Miss Eva McGuire, of San Antonio, spent Christmas with Misses Ruth and Irma Hicks at the ranch.

Robert Mazurek and Miss Julia Kalka, of White Deer, arrived last week to visit friends in Bandera.

Mrs. A. P. Langford and children and Mellitt Lippold, of Hondo, visited relatives here last week.

Miss Laura Mae Thetford went to Tilden and Miss Evelyn Watkins went to San Antonio to pass the holidays.

Jake Short, who is attending the State University, spent Christmas with his parents, Mr. and Mrs. J. W. Short.

Mr. and Mrs. E. H. Dahse, of Austin, spent Christmas with Mrs. Dahse's parents, Judge and Mrs. A. L. Mansfield.

Mrs. Butler, principal of Bandera High School, accompanied by her daughter, Lois, went to San Antonio and other points to spend the holidays.

Miss Zona Johnson, who teaches at Big Lake, and Miss Lila Johnson, teaching at Lytle, came in to pass the holidays with their parents, Mr. and Mrs. H. G. Johnson.

Miss Ola Varner, who is teaching school at Melon, Texas, came in last week to spend a few days with friends. Miss Ola is a popular favorite here and her many friends were glad to greet her during the happy season.

Joe G. Montague attended the funeral of his cousin, Ralph Tom at Cambellton last week. The young man was accidently killed while handling a shotgun. Deceased visited the Montague family here a few months ago.

Miss Emma Hodges, who is teaching school at Johnson City, came home to spend Christmas with her parents, Mr. and Mrs. John F. Hodges. She returned to Johnson City last Saturday. Mrs. Hodges accompanied her to San Antonio.

Ernest Haby, who is attending school in San Antonio, is spending a few days with his mother, Mrs. Henry Haby. He informs us that he will finish school work this year and will probably enter the State University next term.

Among the guests at the home of Mr. and Mrs. Joe Postert during the past two weeks were Edward Postert of San Antonio, Mrs. Gorge Postert and infant of Casper, Wyoming, Mrs. O. C. Herbieb and children of San Antonio, and Mr. and Mrs. Andrew Pyka.

Charlie Schott and E. F. Edmondson of the region below Pipe Creek were transacting business in the metropolis last Thursday. Mr. Schott says evidently somebody pulled the bung stopper out and threw it away about a month ago, for it just kept raining.

The New Touring Car $295 DETROIT

A Striking Value—at $295

Copsidering the improved appearance of the new Ford Touring Car, one would naturally expect a proportionate advance in price.

Larger scale production, however, has made it possible to incorporate in this new type touring car a number of decided improvements without increasing its cost to the purchaser.

A comparison extending over a long period of years will reveal the fact that the present price is actually the lowest at which the five-passenger open car has ever been sold.

The Ford Touring Car stands today, as it always has, a most remarkable value in the motor car field.

F. M. Buckelew, of Medina, spent several days here this week, the guest of Rev. H. H. Washington.

Owing to the protracted spell of wet weather many of our farmer's have been unable to sow oats. But if they fail to grow an oat crop they can plant corn.

Miss Click, representing the Cadmean Chatauqua Association, arrived yesterday to interest our citizens in signing up for a chautauqua here some time in April.

Work is progressing on the Bandera-San Antonio road across the corner of Medina county, despite the bad weather. Contractor Stone has a crew at work cutting out the right-of-way and getting ready for grading.

Ed Ross, who has been in the United States Marines, reached home Tuesday night, and will remain here for awhile with his father, John H. Ross. Ed has been stationed in the Dominican Republic for over a year, but during the past few months he has been at Charleston, South Carolina.

Frontier Times for February will be issued about the 17th of this month. It will contain some very interesting history. Ask those who have read this little magazine and learn what they say about its contents. Frontier Times contains 32 pages, is issued monthly, and is printed right here in Bandera. Send a dollar and a half for a year's subscription.

Mr. and Mrs. George Beitel, of San Antonio were Yuletide guests of Mr. and Mrs. Joe Cellahan at their ranch below Pipe Creek.

G. W. Edwards, formerly a citizen of the Pipe Creek community, writes from Animas, New Mexico, to order the New Era to visit him during 1924.

When you have visitors or know an item of news just step to your telephone and call the New Era office. Or better still write the names of your visitors on a slip of paper and sen to us for publication. We will appreciate your kindness.

We haven't said much about the matter lately, but don't get the idea that the proposition to erect a monument to the memory of our Bandera county boys who made the supreme sacrifice in the World War, has been abandoned. Now is a good time to make a donation to the fund for that purpose.

Edwin Ellebracht, aged 18, of Doss, Gillespie county, was killed Tuesday by a flying piece of metal after he and a party of companions touched off a charge of dynamite in a piece of old pipe during a New Year celebration. Young Elebracht and another boy took refuge in an old blacksmith shop when the fuse was lighted. As the charge exploded a fragment of the metal was hurled through the galvanized side of the shop and after cutting through his companion's sweater it struck Ellebracht behind the ear. Death resulted almost instantly.

Miss Minnie Sweet of Cleveland, Ohio, and G. Backer of Kansas City, were guests of Mr. and Mrs. W. E. Ruge last Friday.

Misses Ruth and Irma Hicks, who are attending school in San Antonio, came up to spend the holidays with their parents, Mr. and Mrs. G. Hicks, at the ranch near Tarpley.

Mr. and Mrs. James Stacy were here from San Antonio to spend Christmas with Mrs. Stacy's parents, Mr. and Mrs. J. W. Anderwald.

Mr. and Mrs. Charles Manning and baby, Louise, of San Antonio, spent the holidays with Mrs. Manning's parents, Mr. and Mrs. Jack Olliff.

The rainfall throughout this region during 1923 exceeded the average. The San Antonio weather bureau reports over 32 inches here, which will measure up about the same in this section.

The many friends of Gorge L. Dickson, postmaster at Tarpley, are glad to larn that he has recovered from his recent attack of illness and is able to be at his post of duty. Mr. Dickson was in a hospital at San Antonio for several days.

Walter Britsch and bride returned from their honeymoon trip the first of the week and left yesterday for their future home at Hondo. Walter starts the New Year right by ordering the New Era to make weekly visits to his home the next twelve months.

A number of New Era subscribers availed themselves of our December offer to send this paper and Frontier Times at the club rate of $2.50 per year for the two publications. We have decided to continue this rate through January, and will accept subscription at that low rate. The regular price for the New Era is $1.50, but if you renew your subscription to the New Era you can get the two for $2.50.

At the regular meeting of the stockholders of the First State Bank of Bandera, held December 29, all of the old officers and directors were re-elected for the ensuing year, as follows: Officers—J. W. The first wedding of the holiday season was that of Mrs. Eldridge C. Brazil and Miss Evelyn Price, who were married at the Baptist church in Bandera Thursday evening, December 20. The happy couple spent the Morris ranch, Vocs and other points on their honeymoon.

Smith-Faris

Mr. Ned W. Smith and Miss Lorie Faris were married December 21 at the home of Mr. and Mrs. S. H. Ford in San Antonio. The groom is an industrious young man of San Antonio and the bride is the daughter of Mr. and Mrs. R. F. Faris of this city. They came up to Bandera and spent a few days with the bride's parents, Mr. and Mrs. Smith will make their home in San Antonio.

Britsch-Lane.

On Saturday, December 22, Mr. Walter Britsch and Miss Amanda Lane were happily married at the home of Rev. H. L. Atkins. The groom is the only son of Mr. and Mrs. Gus Britsch and the bride is the daughter of Mr. and Mrs. Henry Lane. Both are excellent young people and will make their home near Hondo, where the groom is engaged in farming. Rev. Atkins performed the ceremony.

Stevens-Ross.

Richard Stevens and Miss Carrie Ross were happily married December 22. The room is the son of Mr. and Mrs. Ike Stevens and the bride is the daughter of John Ross. Both were raised in Bandera and have many friends here. They will reside in San Antonio.

Loesberg-Surber.

George Loesberg and Miss Grace Surber were happily married at Kerrville last Sunday. The groom is an industrious young man of this county and is the son of Mr. and Mrs. A. G. Loesberg, while the bride is an estimable young lady of Kerrville. They will make their home in Kerrville, where the groom has a good position.

Patterson-Johnson

Herbert Patterson of Nixon and Miss Evelyn Johnson of Medina were happily married at the bride's home Sunday, December 23. They are worthy young people and well liked by all who know them.

Gregory-Johnson.

A very pretty wedding was solemnized at the home of the bride's parents, Mr. and Mrs. H. G. Johnson, Tuesday, January 1, at 10:30 A. M., when their daughter, Miss Jessie, was married to Mr. John H. Gregory of California.

They marched in to the strains of Lohengrin's Wedding March, played by the bride's sister, Miss Eugenia Johnson, and while Rev. M. J. Scott pronounced a short but impressive ceremony "The Flower Song" was played softly. Following guests were present: W. J. Davenport, Jr. and family, Mrs. H. H. Carmichael, Mr. and Mrs. A. B. Langford, Mr. and Mrs. A. Meadows, Mrs. James McElroy, Marcellus Rambie, Misses Annie, Emily Ruth and Mildred Rambie and Selma Grace Mansfield.

Another Step Forward.

Bandera is preparing to take another step forward, by building a bridge across the Medina river here. M. F. Johnston informs us that he is meeting with good success in raising funds for the building of the bridge, and hopes to have enough subscribed within the next week or 10 to insure its construction. Within a few days a meeting of the subscribers to the fund will be called at which time a committee to oversee the work will be selected, the contract let and work pushed right on to completion. Glory hallelujah! Arise and sing!

No Apologies to Offer

The New Era was called upon this week to correct some of the statements made in the item published last week in regard to the capture of a whiskey still and the arrest of a man in this community. It is claimed that only a small part of the facts were given and no mash was found. Be that as it may, possession of a still and even a small quantity of whiskey is a violation of State and national laws, and we do not propose to apologize to our readers for giving such news publicity. The only object we have is for not giving full details of the arrest. The most vicious, contemptible creature on the face of the earth today is the wretch who will manufacture and sell the poison that is being dispensed throughout our nation in violation of law and causing more deaths than the world war and the influenza epidemic combined. If the bottomless pit of Hades were given an emitic and caused to vomit forth its vilest contents, the dregs of the black vomit would be found to be moonshiners and bootleggers and the slime that engulfs them would be the stuff they manufacture to satisfy their own victims. The New Era is always ready to make correction of any statement that is published which may reflect upon the standing of a citizen, but we fail to see where the "standing" has been injured in this instance, and we have no apologies to offer.

in he stated that Texas is spending too much money in the education of men and women in the higher institutions supported by the state and not enough on the boys and girls in the common schools. He is for strict economy and would eliminate certain state and county offices. He wants to see the board of control abolished and many of the departments and bureaus in the capitol consolidated. The Senator would reduce the legal tax rate of the State from 10 to 8 per cent, thereby saving to the people of the borrowing class a sum almost large enough to support our State Government.

He would advocate laws that would encourage the investment of capital. Especially would he give to Texas more cotton and woolen mills. While he strongly advocated favorable laws for capital, yet he would see that labor was safeguarded at all times.

The Senator delivered a forceful address and was liberally applauded and congratulated by almost everyone who heard him.

Burney Wants Turkeys

J. W. Burney, Inc., Kerrville, has a half page ad in this issue of the New Era, announcing a great Turkey and Poultry Rally at Kerrville January 14 to 17 inclusive. Prices paid for turkeys will be 15c per pound, chicken hens 13½c per pound, old roosters will be 6c per pound, and no culls wanted. Here's the raiser's opportunity to get something within reason for their poultry. Don't forget the dates. Take your turkeys to Kerrville.

VANDERPOOL VISIONS

Lee Nelson of El Paso spent the Yuletide season with his cousin and family, Mr. and Mrs. Thomas Massey.

Henry Moore, of Denton, is the guest of his brother, John Moore, of North Vanderpool.

Mrs. Jim Zumwalt and two little children, of Tuff, spent the holidays with her daughter and husband, Mr. and Mrs. Raymond Massey, and her sister and family, Mr. and Mrs. Henry Schemmelpfennig.

The beautiful residence of Mr. and Mrs. Thomas Haby is almost completed and they are moving in.

There was a scene of gaity New Year's day at the hospitable home of R. G. Thompson's, where a number of their relatives and friends were invited to partake of a splendid and delicious dinner. All had a delightful time.

Quite a number of the Vanderpool young folks attended the social at the lovely home of Mr. and Mrs. Joe O'Bryant, Friday evening, given by their daughter, Miss Anna Belle, in honor of her cousins, Miss Gladis and Lee O'Bryant, who left Saturday for Comstock to re-enter the high school there. Other guests of honor were the sisters of Mrs. Ben O'Bryant, Miss Arnola Humphries, a teacher of Pecos High Bridge school near Comstock, Mr. and Mrs. J. C. McCormick of that place, who spent a day or so with Mrs. Ben O'Bryant and family, returning home Saturday. All the guests had a jolly time, playing many amusing and interesting games. Refreshments were served, the menu consisting of Bavarian Cream, angel food fruits, salad and hot chocolate and coffee, with a plate favor of a pretty poinsettia.

Messrs. C. V. Orman, B. Gayle, C. W. Ferguson, Johnnie Thompson and Arnold brothers are the hands that are working at the test well. The boiler has arrived and work will be moving right along and drilling will begin shortly.

Word has been received from Del Rio that the young son of Rev. Bevy Briggs, formerly of this community, but now of that place, with a friend was hunting in his father's pasture, both boys were shot and killed by some other hunters.

Mr. O. L. Hanson left for his home at Sanderson Thursday after a few days stay with his brother, Jim, and family. He was accompanied home by John Wilkens.

TUFF TIDINGS

Mr. and Mrs. O. W. Livingston entertained O. L. Adams, Tuff, Orville Stokes, Neal Carter of Medina, and Miss John Stone who is teaching school in Medina, at their home last Sunday. The air was "snappy" causing a person to enjoy a hot meal, so each one laid aside their share of fried chicken, hot biscuit, pumpkin pie and fixings.

Misses Irene and Sadie Adams left last week for San Antonio to resume their studies after spending their vacation at the home of their parents, Mr. and Mrs. O. L. Adams at Tuff.

Mrs. Fred Sutherland and daughter, Ana were Kerrville visitors Friday and Saturday.

J. W. Zumwalt went to Fredericksburg Sunday for medical treatment. Mr. Zumwalt has been on the sick list for several days.

Mr. and Mrs. Clint Palmer returned to their home in San Antonio Sunday after spending several days with Mr. and Mrs. P. S. Palmer.

Mrs. E. R. Sutherland visited Mrs. R. Light Thursday.

Rev. Price filled his regular appointment at Riverside Sunday.

Thomas Bauflein went to Fort Worth to visit his father.

School opened Monday after two weeks vacation.

Mrs. G. W. Anderson is visiting in San Antonio this week.

Mr. and Mrs. Jeff Reyes are the proud parents of a fine baby girl, born January 6.

Doctor Sheral is visiting Mr. and Mrs. D. S. Palmer a few days.

ACCORDING TO CUSTOM

What is your custom? Time times this expression occurs in the New Testament. Its custom was." Twice it is spoken of Jesus and once of Paul. Jesus went on the Sabbath, as His custom was, into the synagogue for worship, and He went to the mountain as His custom was to pray. Paul went, as his custom was into the house of the Lord to preach. We are all people of custom (habit). Where do you go, as is your custom on Sunday? According to custom tomorrow night is the time for the old fashioned singing, and we meet at the Baptist church this week.

While in San Antonio last Sunday we spent the forenoon with Col. George W. Saunders, president of the Old Time Trail Drivers' Association. Mr. Saunders is very enthusiastic about the erection of a monument to the memory of the old trail drivers. He has issued an appeal to the people of Texas to donate $5 this fund, and help to raise thirty thousand dollars for the purpose. It is estimated that there are yet living at least six thousand men who went with cattle over the old trail to the northern markets in the early days. They helped to make the history of this state. They braved the dangers and endured the hardships in order to blaze the trail. Their memory should be fittingly kept by the erection of a monument to perpetuate their wonderful achievement. If three thousand people of Texas would donate $10 each it would be sufficient. Let every patriotic Texan send Mr. Saunders a donation, be it only a dollar and help build this monument.

In this issue of the New Era will be found the statements of the financial condition of our banks. The showing made is very encouraging and reflects that Bandera county citizens are in good shape financially.

We met our old friend, Hon. D. S. Davenport in San Antonio last Saturday night, and he informed us that he will enter the race for State Senator in this district against the present incumbent, Mr. Ridgway. Mr. Davenport is at present member of the Legislature from San Antonio. He was quite active at the last session of the legislature in introducing certain primary bills and other measures. He stands four square on every proposition he advocates and is not difficult to locate. Says he will be around to see the boys up in the forks of the creek in due time.

It is poll tax paying time and you should not forget that your poll tax must be paid before February 1. This is an election year and all the candidates will want to see you if you have a poll tax receipt.

In this good year of 1924 old Bandera is going to march forward with great strides. The completion of that stretch of road which crosses the corner of Medina county will ive us a first class highway to San Antonio; the construction of a bridge across the Medina here at Bandera will be a great convenience to people who live on the other side of the river, and will encourage the building of homes on the ast side; the drilling for oil in the eastern part of the county will develop our resources along that line; the farmers are in good shape, and the stockmen have plenty of water and grass. Let the welkin ring with rejoicing, for old Bandera is going to swim this year.

"There is a Reason"

Geo. W. Saunders' Earnest Appeal

On Behalf of the Old Trail Drivers and Old Pioneer Texas Cattlemen for Funds to Build a Fitting Monument at Brackenridge Park, San Antonio.

Very few people at this late date realize what the trail driving days meant to the development of Texas and the Northwest. The great trail-driving period in the history of Texas was a period in the history of Texas was a great chapter—very, very great. It was a picturesque period, a romantic era. The proceeds of the 10,000,000 cattle and 1,000,000 horses sold to the Northern markets and paid to Texas stockmen by the trail drivers; the flood of immigration and capital into our State, caused a value to be placed on Texas lands during trail days, and caused the greatest development ever known in the United States.

The dangers and the privations endured by those old empire builders while accomplishing these great achievements are almost unbelievable.

The two books I published, Volumes I and II of the Trail Drivers of Texas, give an authentic account of those trying days. The circulation of the billions of dollars produced by this industry, passing as it did directly through the channels that were open to receive it, created the prosperity that has been in evidence in Texas for so long and enjoyed by the followers of the trail blazers.

You will agree with me that no set of men are more deserving of a monument to perpetuate their memory than these old trail drivers and old pioneer Texas cattlemen.

I gallize the depressed financial condition of our country. I only ask each one according to his means.

We are receiving donations in amounts from five dollars up; the largest to date is two hundred dollars. Send all checks to W. W. Colier, Treasurer, at the City National Bank, San Antonio, Texas. Ike T. Pryor and Jim Dobie of San Antonio and J. A. Miller of Bandera are trustees for this fund, and will see that it is properly spent. Don't delay—send what you can at once, which will encourage others. I will publish names and doners weekly, but not the amount given. There is at this time thirteen hundred and fifty dollars in the treasury sent in by the following parties:

When this campaign is closed each donor will receive a nicely bound booklet free, containing the name and address of each donor, other data on trail life, and a list of the early ranch and road brands. This will be nice to hand down to coming generations. They can point with pride to the monument that their ancestors erected. All newspapers or magazines that publish this article and send me a copy or clipping will be placed on the list of donors to this fund. We would appreciate a check from them, also.

This appeal is meant for all loyal Texans. Don't consign this to the waste basket. Show it to your friends. All a red-blooded Texan needs to make him send in his check is to see this article.

I am sending circulars all over the State and feel confident they will respond liberally to this most worthy enterprise.

San Antonio has been the meeting place and the stamping ground for cattlemen since the Battle of San Jacinto and is the logical place for this historic monument.

We cannot stump the State for this fund and are depending on this article to do the work. Now let us Texans show the world that we have a warm spot in our hearts for the developers of our State. Let us speed up this fund and erect this grand structure so many of them can view it before they depart this life.

We are not begging. We only ask for free will contributions.

We are proud to proclaim that work on building the Bandera San Antonio highway across the corner of Medina county is well under way, and going forward rapidly. When that road is finished old Bandera is going to wake up.

Frontier Times for February will be a hummer. This little magazine is full of true history of the articles being written by some of the best historians in the state. Every time you miss a copy you lose. It is only a dollar and a half per year, and is published right here in Bandera. In fact Frontier Times is helping to put Bandera on the map.

Worth the money—only $1.50 per year. The Frontier Times.

We regret to learn that J. H. Burns, the enterprising Tarpley merchant, contemplates leaving this county and going to other fields. Mr. Burns announces that he has sold his mercantile business and house to his brother, Dick Burns, who is a thorough-going young business man, which in a measure makes up for the going of J. H. Burns, who has legions of friends throughout the county and all will regret to lose him, no matter who tries to take his place. Wherever he goes he will carry with him the best wishes of all his friends, and we hope he will decide to return to old Bandera county some day.

County Commissioner R. L. Morris was down from Lima Saturday and informed us that there is considerable road work going on in his preeinct just now. There has just been completed a good bit of road grading and graveling in Medina, for a distance of about 1,000 yards, over a stretch that has been needing attention for some time. The citizens of that community co-operated in the work. And this week a crew it at work fixing a stretch of bad road above Medina, under direction of Mr. Sewall. When help was solicited for this work, seventeen wagons and teams were volunteered.

The First State Bank of San Marcos was robbed last Friday night, the yeggmen securing over $24,000 by blowing the safe. Seven robbers participated, but made their get-away.

W. L. Fries and son, Ralph, were in from Winan's Creek Monday.

Family laundry work done. No ironing. For prices see Mrs. C. W. Davis at the old Herschell Lewis place.

Mrs. J. E. Chisum, who underwent an operation at San Antonio last week, is reported improving.

J. V. Miller, one of the New Era's staunch friends, was here from the Medina region last Friday.

A. V. Pue was in from the ranch Monday and dropped in to order Frontier Times sent to his address.

The New Era editor and daughter, Miss Myra Jenette, Hunter and Miss Mabel Thalmann went to San Antonio Saturday, returning Sunday.

Mrs. W. S. Ethridge, who is in a hospital in San Antonio, recovering from an operation for appendicitis, is reported to be improving rapidly and will soon be able to return home.

Oscar Callaham and four sons, of Menard, were guests of his brother, Joe Callaham, and family at the ranch several days last week. He went to Pearsall Monday to visit relatives in that section.

Messrs. D. M. Newcomer and Simon Schneider, worthy citizens of Pipe Creek, were in the metropolis Monday and Mr. Newcomer came around and contributed a dollar and a half to our fund for the widow and orphans relief.

Mr. and Mrs. Joe Callaham and children, Calvin and Miss Leola, were in from Pipe Creek Monday and brought the editor some excellent pork sausage. Mr. Callaham says he finds it profitable to make his sausage of his hogs, for which he finds a ready market.

Here's an item we missed last week: Mr. and Mrs. J. F. Tait took Christas dinner with their daughter, Mrs. Fred Risinger, in San Antonio. Present there also were their son, George Tait and bride of Fredericksburg. A most delightful affair it was. We don't usually work up items as old as this one, but it is such an unusual happening for Mr. and Mrs. Tait to go away from home that it is of interest to their friends to know that they visited San Antonio.

TARPLEY TOPICS

We are having lots of cold weather and fat hogs are dying fast.

The price of cattle seems to have an upward trend and some are unloading.

J. H. Burns has sold his mercantile business to his brother, J. R. Burns.

G. L. Dickson, our postmaster, is slowly regaining his former health after a severe illness and a good long stay in the hospital. He says they treated him rough in San Antonio.

Pat Coffey and E. L. Bennett visited Dr. Gipson at Lytle last Sunday and report the Doctor improving, which the Tarpley people are glad to hear.

The postmaster spent Saturday night and Sunday with R. N. Padgett and family.

J. T. Wright is very sick at this writing.

Miss Edna Silvers has been quite sick with diptheria, but is rapidly recovering.

C. G. Leighton says he has a splendid wood sawing machine, but it won't work long at a time.

Ben Tomerlin, of Hondo, has moved to the Hill place. Mrs. Hill has moved to San Antonio.

Alfred Sauthoff is in mourning. He expects to visit San Antonio soon.

Coughs that hang on—

Break them now before they lead to more serious trouble. Dr. King's New Discovery stops coughs quickly by stimulating the mucous membranes to relieve and clogging secretions. It has a pleasant taste. All druggists.

Mr. and Mrs. Henry Adams and Mrs. C. W. Harris were here from Medina Tuesday.

Mr. and Mrs. G. L. Elam, who are ranching out beyond the West Verde, were in the city Thursday and called at the News Era office to subscribe for the little old home paper.

Tom Boyle, Jr., sells the San Antonio Evening Light. Let him deliver it at your home every day.

Those sterling gentlemen, J. C. Hillman, Ferdinand Hillman and L. N. Rawls, were here from Honey Creek on business Tuesday and paid the New Era sanctum an appreciated visit.

Richard de Montel was here from Camp Verde last Thursday and dropped in to leave some spondulix to grease the machinery of the New Era establishment. Says he wants the little old home paper to keep on coming on.

Mr. and Mrs. Otto Weltner were here from Camp Verde Tuesday, accompanied by Mrs. and Mrs. Chas. Wallrath and sons, who were returning to their home at DeHanis after spending several days at the Weltner ranch. Mrs. Wallrath is a sister to Mr. Weltner.

MEDINA MISSIVES

Mrs. B. F. Langford Sr., Mr. and Mrs. John Langford and children, of Bandera, visited L. D. Shuptrine and family Sunday.

The young folks enjoyed a outing at John McMahon's last Monday night. The singing was given in honor of Miss Myrtle Baker of Laxson Creek.

Mr. and Mrs. Riley Tippy, of near Bandera, have been visiting Mrs. Rippy's mother, Mrs. Wilkins a few days this week. Mrs. Wilkins has been sick for several weeks.

Mrs. Whisenhunt and daughter Miss Rachel, were San Antonio visitors last week-end.

Mrs. J. E. Browning was the guest of her friend, Mrs. M. P. Hall a few days this week.

Mrs. A. W. Mayfield and daughter, Mrs. C. C. Allen, and the son, of West Prong visited Mrs. Mayfield and family last Sunday.

Miss Jessye Hay visited her sister, Hazel at Kerrville this week. Hazel is in the hospital having underwent an operation for appendicitis a few days ago.

Mrs. Price Mayfield and family were guests of Mr. Walter Mayfield last Sunday.

The box supper given here last Saturday night was a success. The proceeds were to be given for the benefit of the road work at Medina. $90.00 was realized.

There will be a call meeting of the P. T. A. next Friday evening, January 18th at 4 o'clock at Mrs. W. Y. Knight's. The program will be rendered. We want to urge every member to be present as this will be a business meeting.

Medina is still looking for a Dr. to Mr. Austin Carlton's office class, rendering a program soon.

Mr. and Mrs. Sherill, of California have moved to Medina to be here. We heartily welcome them to our midst.

Mr. Moore and Mr. Howard Comstock, were guests of R. E. Moore and family last week.

Mrs. M. D. Kelly visited the home of A. W. Mayfield on West Prong Tuesday.

Coon Hunt

A jolly crowd of young folks participated in a coon hunt at Rambie ranch one night last week. No coons were caught, but all succeeded in capturing ten skunks and two opossums.

Those in the party were Misses Ida and Emily Ruth Rambie, Ruby Curl, Messrs. Marcellus Hale and Ernest and Bennie Rambie.

Mrs. Frances Balleau and little son John, visited her sister, Mrs. O. D. Keese and family the past week.

Mr. and Mrs. Dave Seale and Mr. and Mrs. Grant Seale were guests of Mr. and Mrs. Leslie Hinds Sunday.

Roy and Arley Keese spent Saturday night and Sunday with their uncle.

Last Thursday evening Miss Viola Buckelew and Mr. Theodorie Swinney were quietly married at Medina at the home of the bride's cousin, Frank Buckelew. Rev. F. M. Buckelew performed the ceremony. They will make their home at Bluff.

Sunday morning, Misses Thelma Miller, Ruby, Ella, Gracie, Lucinda and Amy Hillman, Emma Gene Hough, Mary, Sylva and Clara Keese and Ted, Bill, Alex and Sam Hillman went up on Honey Creek and took some pictures.

Little Miss Maggie Wilson was the guest of Little Miss Lutie Miller Sunday night.

Mr. and Mrs. John Dale and Miss Sylva Keese were Medina visitors Saturday.

A singing was enjoyed at Mrs. Coose's Sunday night.

John T. Wright Dead

We regret to chronicle the death of Captain John T. Wright, one of the county's best citizens, which occurred at his home near Tarpley Friday, January 11. Captain Wright had been sick for some time, but became worse about a week before his death. He was the father of eleven children, eight of whom are living. Three of his children, Mrs. Ivy Wright, Jim and Lonnie Wright were at his bedside when the end came. Burial took place at the Tarpley cemetery at 4 p. m. Friday.

Captain Wright was one of Nature's noblemen. He was loved and esteemed by all who knew him, and it is with great sorrow that we chronicle his passing, for a good man has gone from us whose place cannot be filled. The world was made better by his having lived among us, for he exerted an influence for good wherever he lived. Our sympathy goes out to the sorrowing children in their affliction.

Alfred Reinard Dead

Alfred Reinard was in from Pipe Creek yesterday and dropped a dollar and a half in the slot to keep the old home paper coming.

Spudded In.

About two years ago Bandera county people were eagerly looking forward to the bringing in of a gusher in the Vanderpool district, when the Wood-Texas well was going down. Eventually a depth of four thousand feet was reached, and a charge of nitro-glycerine was put in, but it failed to fetch the oil, and then all was disappointment. We say all, reservedly, for there were two or three people who had faith in that region and did not give up because of the apparent failure. They went right to work and kept at work, with the result that the Humble Oil & Refining Co., a branch of the Standard Oil Company became interested in that district, and entered into contract to throughly test the field. Last Friday the new well was spudded in and before Saturday night a depth of thirty feet had been reached. This company is going right down to the oil if there is any, and we believe there is, for geologists from various big companies have visited the region and say the structure is just right. Enough oil was found in the Wood-Texas well to justify further development, and that this test is going to be thoroughly tested.

George W. Elam, the well known ranchman, was here from Tuff Friday.

Drowned in Medina Lake.

Becoming panic-stricken by the sinking condition of the skiff in which he and two comrades were going to a hunting camp on Medina Lake, E. C. Gerhardt, 24 years old, an employe of the Public Service Company, of San Antonio, jumped overboard and was drowned in an attempt to reach the shore about 9:30 o'clock Saturday night.

The other occupants of the boat, Ed Dugan and Louis Hoffman, held on to the overturned craft until help reached them about 30 minutes later.

They had gone to Medina Lake to spend the week-end duck hunting and were en route from Fred Christilles' wharf to Elm Island when the accident occurred. They were traveling in a small skiff with an outboard engine attached and succeeded in rounding Masterson's Point without mishap.

Here they encountered rough water and before they were able to bring the craft about it had shipped a good deal of water.

Then it was that Gerhardt leaped from the boat. It overturned. He immediately started to swim for the shore which was about 250 yards away, but had only gone about 50 feet when he suddenly called for help in a minute later sank beneath the surface, according to Dugan and Hoffman. They clung to the boat until they were sighted and rescued by Henry Litchen, of Christille's wharf, who had been up the lake towing a hunting party. The disabled craft was easily ascertainable in the moonlight and Lichten hastened to it with all possible speed.

The exact time of the accident was ascertained by a watch which Dugan's watch stopped from being in water but the exact location is not known as it was dark and the overturned boat drifted somewhat before they were rescued. It is said, however, that they believed the lake had a depth of water of about 140 feet.

Garhardt had been in the employ of the Public Service company for about a year and was a native of San Antonio.

He is survived by his widow, one small son and a number of other relatives.

Cemetery Association.

The work in the cemetery continues. If you are a member and have not paid your dues, please do so at your earliest convenience. If you are not a member and interested in the beautifying of our cemetery send in your dollar and become a member of the Cemetery Association. Several new members have been added to our list, among whom are Mrs. J. P. Heinen and Mrs. Lee Robison of Bandera, Mr. and Mrs. D. S. Palmer of Tuff, Mrs. C. E. Lewis of Uvalde, Mrs. Ivey Burney, of Fort Worth, Mr. Aaron Thallman of Hondo, and Mr. James Thallman of Florida, who also sends a donation to the tree fund.

VANDERPOOL VISIONS

Rev. J. W. Storms will fill his regular appointment Sunday.

Miss Allie Word has gone to Del Rio where she will spend a month or so with relatives and friends.

Messrs. Henry Steven s and Royce Risinger, of Bandera, were in Vanderpool assessing and collecting taxes. Most of the people of the surrounding country came to Vanderpool that day.

The Humble Oil & Refining Co. spudded in Friday afternoon and are moving right along. Well 30 feet Saturday.

A. E. and O. M. Clayton were trading in Sabinal Thursday.

C. F. Jones took down a load of fat hogs Friday to Sabinal.

Mr. and Mrs. R. J. Rainey, of Mill Creek, and Mr. and Mrs. A. E. Clayton of Vanderpool, were in the home of G. E. Clayton Sunday to see that beautiful granddaughter, little Miss Enla Eyelene, who came to abide with Mr. and Mrs. G. E. Clayton the 4th inst.

Turkey buyers from Sabinal and San Antonio were here this week paying 10c per pound for turkeys.

Mr. and Mrs. Alfred Noel and little son, James, were shopping and sight seeing in Utopia Friday afternoon and visiting Mrs. Noel's parents, Mr. and Mrs. Webb, of Lower Utopia.

Ainsley Yunley of Utopia, was in our community this week buying goats from Thomas Massey and Joe Lawless.

Mr. Gayle, one of the drillers, when unloading the boiler, got one of his fingers badly crushed which necessitated his going to San Antonio for medical treatment. He is doing fine now and is at work.

E. J. Rainey left Monday for the Almo City to ship out a car of, mixed vegetables to Waco Ft. Worth and Dallas.

G. M. Foster made a flying trip to Utopia Saturday afternoon.

Miss Carrie Ivy spent Friday and Saturday with her aunt, Mrs. F. Jones, of North Vanderpool.

The social club was entertained by Miss Vera Bridges on Thursday evening.

Changes Headquarters.

Ruge's Bandera-San Antonio Service Line has changed Headquarters in San Antonio to the Union Bus Station at 219 East Travis Street, instead of the National Garage. The same schedule as heretofore will be maintained.

Lee Walker was in from Laxson Creek Tuesday.

BLUFF NEWS

Mr. and Mrs. L. D. Ferguson and children of Pear Valley came in Thursday to spend a few days with Mrs. Ferguson's mother, Mrs. M. J. Walker. They returned home Sunday. Mr. and Mrs. Ferguson are both well known here and have many friends who wish they would return to this county to make their home.

Mrs. John Walker and son, Willie, went to Kerrville Monday. Willie returned Tuesday, but Mrs. Walker spent several days with her mother, Mrs. Yoast, who has been very sick.

Bro. L. D. Ferguson and children, Owen and Fay, and John Walker and daughter, Miss Clara, were Medina visitors Friday.

Bro. L. D. Ferguson and children and Miss Clara Walker visited reatives at Lima Saturday.

Miss Emma Gene Hough spent the week-end with her friend Miss Mary Keese.

Little Miss Haytee May Jackson was the guest of her little friend, Miss Mina Swinney, Sunday night.

Mr. and Mrs. Ed Crist of Medina were guests of J. F. Buckelew and family Saturday night and Sunday.

Willie Walker visited relatives and friends at Camp Verde, Friday night and Saturday.

A large crowd of relatives spent Saturday night at the home of John Walker. Those present were Mr. and Mrs. L. D. Ferguson and children of Pear Valley, Mrs. C. A. Reed, Mr. and Mrs. L. A. Reed, Mrs. Cora Shipman and children and Alfred Walker of Lima. They all had an enjoyable time.

Attention, Old Settlers.

A meeting is called for all of the old settlers to meet at Cox's Opera House in Bandera, Saturday, January 26, at 2:30 p. m. for the purpose of organizing an Old Settler's Association, and taking preliminary steps to hold an old settler's reunion in the early summer. Every man or woman who has lived in Bandera county twenty years or longer is eligible to membership in the association and it is desired that every one of them attend the meeting on January 27, at which time officers of the association will be elected.

Miss Fern Bussis, a pupil in Bandera High School, was awarded a prize of five dollars, offered by T. M. West of San Antonio, for the best essay on the "Natural Resources of Bandera County."

Advertising Rates—One insertion 30c per column inch. Contract rates 25c per column inch, display ads per week. Local readers one cent per word each insertion, with a minimum charge of 25c. Cards of thanks, 50c. Lodge and church resolutions and obituaries five cents per line each insertion. All church, lodge and notice for charitable institutions where an admission fee is charged five cents per line each insertion.

The old settlers of Bandera county are called to meet in this city on Saturday, January 26, for the purpose of organizing an Old Settlers' Association. It is desired that every man and woman who came here up to 20 years ago be present and join the organization. Bandera county history has been making history for almost seventy-five years, and there are many citizens here now who came to this county, forty, fifty and sixty years ago. Amasa Clark came to Bandera in 1852, and George Hay came here in 1854. There are yet living several of the original Polish colonists who came here in 1855. We want every old citizen to be on hand at the meeting mentioned above. We want to organize a fraternizing association that will help to provide entertainment for these citizens. A reunion will be held in the early summer, and steps will be taken at this meeting to arrange for it. Let every old citizen attend.

Don't worry about the candidates. If you get a poll tax receipt they will be around to see you in good time. If you don't get a poll tax receipt they will treat you like a Chinaman.

It's getting near time for us to begin bragging about Bandera's beautiful scenery. We have the prettiest scenery in the world, and people are going to learn about it when our roads are put in shape for tourist traffic.

Frontier Times for February will be issued this week. One number is well worth the annual subscription price. Get it.

And Bandera county has a new oil test well started. The Humble Oil & Refining Company spudded in at Vanderpool last Friday. With the standard rig they are using it is predicted they will go to a depth of 3,000 feet inside of ninety days. We are all hoping they will bring in a gusher.

New Era readers always look forward to the coming of the little old home paper. It brings the news of the country and they all want it.

Don't, for one moment, get the idea that the plan to erect a monument in Bandera to our soldier dead has been abandoned. That monument is going to be built if it takes ten years to do it. But it is not going to take ten years. We publish the list of subscribers to the fund in another column of this issue. Look it over, and if your name does not appear thereon you know how to get it there. Make a liberal donation at once and let's get the monument in place. Every day we procrastinate is an injustice to the memory of those heroic Bandera county boys who gave their lives that we might enjoy liberty.

Ford

THE UNIVERSAL CAR

Looking Ahead

LAST Spring a total of 350,000 people were disappointed in not being able to obtain deliveries of Ford Cars and Trucks, as orders were placed faster than cars could be produced.

The demand for Ford Cars and Trucks this Spring will, according to all indications, be far greater than last Spring.

Winter buying has been increasing at a greater rate than ever before.

Actual retail deliveries the past 60 days totaled 308,170 Ford Cars and Trucks, an increase of 1961 a day over a year ago.

Over 200,000 people have already ordered Ford products on our purchase plan, the majority of whom will take delivery in the Spring.

The above facts are given with the suggestion that you list your order with a Ford dealer if you contemplate the purchase of a Ford Car or Truck for use this Spring or Summer and wish to avoid delay in delivery.

Ford Motor Company

Detroit, Michigan

You need not pay cash for your car. You can arrange to make a small deposit down, balance out of the income in easy payments. Or you can buy on the Ford Weekly Purchase Plan. This plan gives you the ordered order but and insures delivery of your car at a time to be determined by yourself.

Game Warden S. O. Durst has been asked regarding certain restrictions covered by the fish and game laws, and in order to get information before the public he requests us to quote the following sections of the Fish Laws of this state:

If any person shall barter or sell, or offer for barter or sale, any bass, perch, crappie, or catfish, taken from the fresh waters of the counties of Comal, Guadalupe, Bexar, Kerr, Bandera and Real, he shall upon conviction be deemed guilty of misdemeanor and fined in any sum not less than $5.00 nor more than $50.

It shall be unlawful for any person, firm or corporation, to take, catch, seine, entrap by any means, or have in their possession any bass, perch or crappie, or catfish taken from any public fresh waters in the counties of Comal, Guadalupe, Bexar, Kerr, Bandera and Real, from the first day of February to the first day of May of any year.

Any person violating any of the provisions shall be deemed guilty of misdemeanor and upon conviction shall be fined in any sum of not less than $10 nor more than $50.

Frontier Times for February will be a hummer. This little magazine is full of frontier history, articles being written by some of the best historians in the state. Every time you miss a copy you lose. It is only a dollar and a half per year, and is published right here in Bandera. In fact Frontier Times is helping to put Bandera on the map.

Several candidates have announced for office in Kimble county. There's going to be some announcing in Bandera county before long. Better pay your poll tax.

At the Fitzgerald Ranch.

During December the ranch of W. H. Fitzgerald was the scene of several gatherings. On December 8, a delightful dinner was served, the occasion being in celebration of the birthday anniversary of Mrs. W. H. Fitzgerald and son, Henry Fitzgerald. Mr. and Mrs. Lee Burney came over from Center Point the day before, bringing a wild turkey which Mr. Burney had killed on his place and it was nicely baked and served on the menu. Those present on this occasion were Mr. and Mrs. W. H. Fitzgerald, Mr. and Mrs. Lee Burney and Mr. and Mrs. Henry Fitzgerald.

On Christmas Day Mr. and Mrs. Fitzgerald entertained the following guests with a sumptuous dinner: Mr. and Mrs. Ed Heinen and family, Rev. and Mrs. B. A. Meyers and family of Austin, Mr. and Mrs. Lee Burney of Center Point, Mr. and Mrs. R. E. Leslie and family of San Antonio.

Again, on December 30, the hospitable doors of the Fitzgerald ranch home swung open to receive a happy throng, composed of children, grandchildren and friends of Mr. and Mrs. Fitzgerald, at which time another bounteous spread was enjoyed. Those present were Mr. and Mrs. M. M. Fitzgerald and family, Mr. and Mrs. Jess Fitzgerald and family, Mr. and Mrs. W. H. Fitzgerald, Jr., Mr. and Mrs. Ed Heinen and family, Mr. and Mrs. W. L. Barbe and family of Sweetwater, and Mrs. Lee Burney of Center Point.

The graveling of Main Street where it crosses the draw just beyond Lee Mansfield's store is a good piece of work, and well done. Now, that swag adjacent to the street where water sometime stands should be provided with drainage and that part of the street will look pretty good.

Quite a number of New Era subscriptions are expiring just at this time. We hope all will be renewed promptly. In renewing remember you can take advantage of our offer to send the New Era and Frontier Times together for one year for only $2.50, if you wish to do so.

The Spartans of Thermopylae present no more daring bravery and sacrifice than those of Travis and his companions at the Alamo. The battle of the world do not eclipse for desperate the battle of San Jacinto. The butchery of Fannin and his command at Goliad were as cruel and inhuman as any perpetrated during the Inquisition. The half vanished mysteries of the ROMANCE AND TRAGEDY of our State's history are presented by Frontier Times as an enduring monument to the memory of the Texas pioneers who labored, struggled and sacrificed that FREEDOM'S FLAG might forever wave over this fair land of ours.

The editor of Frontier Times is a native of Texas and knows personally many of the men and women whose sketches will appear in these columns. His father, John Warren Hunter, was one of the best historians the state ever produced, and at the time of his death, which occurred at San Angelo in 1915, he was engaged in compiling a history of Texas and her heroes. We have a vast accumulation of historical data—thrilling in the extreme—representing more than thirty-five years' effort in collecting, and we are still gathering data of this kind, which is to be used in Frontier Times, that our boys and girls, the old and young, and future generations, may read of the exploits, adventures, undertakings, and heroic achievements of the men and women who made Texas the wonderful state she is today. Send us a dollar and a half for a year's subscription. Get your neighbor to do likewise, and thus help us to perpetuate the history of our forefathers, that future generations may be inspired by the same lofty courage and patriotism.

We Challenge Comparison.

What this policy will do if you carry a policy $10,000:

1st. If death comes from ordinary causes your beneficiary gets $10,000.

2nd. If killed by accident before the age of sixty your beneficiary gets $20,000.

3rd. If permanently or totally disabled before age of sixty (a) you pay no more premiums; (b) we pay you $100 per month as long as you live and are so disabled; (c) at death we pay your beneficiary the sum of $10,000.

4th. If such disability occurs after the age of sixty and before seventy, we pay you $1,000 each year for ten years, less only the annual premium. In event of death within the ten years the remainder of policy goes to the beneficiary.

5th. Old age disability settlement. At any time after age of seventy if the insured shall by reason of age, sickness, or mental or bodily infirmity, be or become permanently incapacitated from doing any labor or business, the insured may surrender this policy and receive one half of the face value of the policy or $5,000.

Rate age forty, $256.40 per year. See W. J. Davenport, Jr. local agent.

TUFF TIDINGS

Mr. and Mrs. Joe Teague, of Medina, were guests of Mr. and Mrs. O. L. Adams Saturday night and Sunday.

We regret to report that Uncle Logue Carpenter is on the sick list this week. We hope he will soon recover.

Mr. and Mrs. S. W. Frame visited Mr. and Mrs. R. H. Light Sunday.

Mrs. Sutherland took a load of fat hogs to San Antonio last week.

Misses Bertie and Zona Light visited their aunt, Mrs. A. U. Weed, Sunday.

R. H. Light made a trip to Kerrville for O. L. Adams last week.

Willie Zumwalt happened to a serious accident one day last week while cutting brush. He struck a limb and his axe bounced and struck him on the leg, fracturing the bone. He was taken to Medina for treatment immediately and is doing nicely at this writing.

The little daughter of Mr. and Mrs. Jim Frame has been sick for several days but is improving.

O. W. Livingston went to Medina Saturday.

Mr. and Mrs. J. W. Zumwalt visited Mr. and Mrs. Fred Sutherland Monday.

Changes Headquarteers.

Rupe's Bandera-San Antonio Service Line has changed Headquarters in San Antonio to the Union Bus Station at 219 East Travis Street, instead of the National Garage. The same schedule as heretofore will be maintained.

Felix Lascowski dropped in last Saturday to renew his subscription to the little old home paper.

Robert Brown was down from Pecan Valley Thursday and informed us that good work is being done on the road above Medina. He says the bridge across the North Prong of the Medina at the Bauerlein Crossing, will be constructed early this spring.

Mr. and Mrs. G. G. Hinds, of Lima, J. F. Hinds and daughter Miss Gladys, of Willow City, and Mr. and Mrs. Felix Jung of Fredericksburg, were in the city Monday, and the ladies paid the New Era sanctum a short visit. J. F. Hinds and daughter and Mr. and Mrs. Jung have been visiting the family of G. G. Hinds and other relatives for several days. They returned to their homes in Gillespie county the early part of the week.

Bert Means Dead.

The many friends of Bert Means will be shocked to learn of his death which occurred at San Antonio last Friday night, following an operation for appendicitis. Mr. Means was born and raised in Bandera county and for many years lived seven miles above Medina. He moved to San Antonio a few years ago to accept employment with the Public Service Company of that city. He was 37 years old and is survived by his wife and five children, who have the sympathy of many friends here.

Burial was in Rosedown Cemetery in San Antonio last Saturday.

Attention, Old Settlers.

A meeting is called for all of the old settlers to meet at Cox's Opera House in Bandera, Saturday, January 26, at 2:30 p. m. for the purpose of organizing an Old Settler's Association, and taking preliminary steps to hold an old settler's reunion in the early summer. Every man or woman who has lived in Bandera county twenty years or longer is eligible to membership in the association and it is desired that every one of them attend the meeting on January 27, at which time officers of the association will be elected.

Going Toward China.

The Thompson No. 1 test well at Vanderpool is drilling right along, having reached a depth of over 600 feet since spudding-in on January 11th. A standard rig is being used in drilling this well with day and night shifts working. Last week one of the tool workmen happened to a painful accident when he entangled in some of the machinery and sustained three broken ribs. Since drilling started everything has moved along nicely and it is not anticipated that any delay will be encountered in pushing the well to a depth of 4,000 feet if necessary. This test is being watched with interest by oil men all over the country as it is in a new region which has never been developed, although the Woodstock well which was drilled there two years ago virtually proved the existence of oil there.

Recital Friday Night.

The recital given last Friday night by the music pupils of Mrs. Claud Stevens and A. J. Carlton, was a very interesting affair, and enjoyed by all who attended. The proceeds of the recital were given to the High School for the purchase of athletic equipment.

John T. Walker of Chalk Creek, was transacting business in the city Thursday. He was the editor's guest Thursday night.

Turkeys Sell at 18c Pound

There was a great deal of activity in the turkey market in Bandera last week when Jesse Mansfield, a local buyer bought around 37,000 pounds, paying therefor up to 18 cents per pound. It is estimated that about $6,500 was paid out for turkeys here at the end of the week. Mr. Mansfield announces that as soon as the season opens he is going to buy chickens, designating a certain day in the month as "Chicken Day," when top prices will be paid for the fowls.

WINAN'S CREEK WINDINGS

Two crews of hands with engine and grader each, are doing some splendid work on the Bandera-Medina road.

Mr. B. F. Isaloff, of Kendalia, came up Saturday to help Mr. Eder with the sawmill.

Adliff Batto left early this month for Chicago, where he is taking a mechanical course. Success to you, Adliff.

Mrs. George Fee and children are home from a few weeks visit to her parents on West Prong.

Mr. Klenstein is sporting a new Ford car.

Mrs. Frank Hay, of Bandera, spent several days in the home of her son, Bruce Hay.

Little Miss Jewel Surber spent the week-end in Bandera with her teacher, Miss Ford.

John Kalka and sister, Miss Julia of White Deer, visited in the home of their aunt, Mrs. J. L. Moravietz, last week.

Bernard Duke has been working in the county clerk's office for the past several days.

R. E. Blunt and son put up the guttering on Mr. Bausch's new home last week.

Quite a crowd tendered Mr. and Mrs. E. Hicks a surprise party Friday night. A good time is reported by all.

Miss Florence Fries, accompanied by Mrs. D. R. McCarty, spent Saturday night with her mother, Mrs. W. L. Fries, who has moved to town to put the children in school.

VANDERPOOL VISIONS

Spring oat-sowing and land-breaking is in full sway in this part.

Several of the citizens of this community are hauling easing for the oil well.

Turkey buyers were in this part this week, paying 12c per pound.

Preston Word has hauled several truck loads of lumber up from Rabold this week for his father, who is preparing to erect a new mercantile establishment just a short distance west of the store and post office.

The Taylor school is going to Utopia Saturday night to render a play entitled the "Arizona Cowboy," for the benefit of the school.

Mrs. Lydia Lloyd and little daughter, of Corpus Christi are here on a visit to her relatives, C. E. Jones and family, Henry Schemmelfennig and C. E. Loyd, of the family.

R. H. Ryan has just purchased the old W. B. Ivy place on Evan's Creek.

Jessie Adams and Clarence Love, of Ozona came in Thursday to see homefolks for the week-end, before returning Monday.

Th movie at Vanderpool Monday night attracted quite a crowd of folks.

Mr. Carlyle Wilbur Ferguson tool dresser for H. O. and R. Co. on last Wednesday became entangled in the fly wheel of engine No. 1, sustained three broken ribs. He was rushed to San Antonio for immediate treatment by specialists. Lamar Casparis was employed to take his place as tool dresser. They are now are now drilling between 600 and 800 feet.

One of the most delightful social affairs of the week was Friday evening, when Mr. and Mrs. N. J. Hans entertained a number of their friends at "42" and other interesting games. A pretty feature of th party was the original and attractive way of matching partners. The hostess passed paper caps of four predominating colors, with colors of different trimmings and the couples with the same color of cap and trimmings played partners. The caps were worn through the games and added a touch of color to the many faces. At the close of the games each table was provided with a pretty tea service and tea was poured while a delicate repast of sandwiches, olives, stuffed dates topped with cream, cake and pickles. All the guests hope to be entertained again in this hospitable home soon.

Alvin Matthews and Bud Reavas, of Little Creek, have been over this week assisting G. M. Foster in moving and remodeling some of his fences and hanging double gateson his ranch.

Mrs. J. F. Walton and little daughter, Ruby Ray, spent Saturday afternoon and Sunday with Mrs. Walton's Son Moore.

Ham Thompson received a telegram from his wife at Taft, Cal., telling him that they were presented with a fine Texas New Year present of all—a handsome little son, who arrived Wednesday. Mrs. Thompson is at the home of her parents, Mr. and Mrs. R. V. Lafeece of that city.

E. J. Rainey returned Saturday from an extended business trip to north and central Texas and was accompanied from San Antonio by Messrs. Bushby and Hassler in trucks. All departed from the latter place with the trucks loaded with sheep. Mr. Rainey had purchased of Mar. Ray Wentworth of Utopia and took them to San Antonio market.

G. M. Foster and brother, L. S. wife and little son Hoyt were shopping in Uvalde Thursday and visiting in the home of A. U. Foster of that city.

TARPLEY TOPICS.

We are having the coldest weather experienced for many years, which is hard on young stock.

Quite a number of our people sold turkeys in Bandera last week.

The tax collector and assessor visited us recently.

E. Hinds, of Bandera, was on the streets of Tarpley last week.

J. H. Burns was absent from Tarpley several days last week on business.

Rev. Evans, of Medina, preached two sermons at the Methodist church last Sunday.

T. S. Brackett spent the night recently at the Hansen ranch. Says he wasn't lost a-tall, but was just looking for trapping ground, but we have a delicacy in asking him just why he was over on that side of the mountain. Somebody else might ask him.

R. N. Padgett & Sons sold quite a number of muttons to parties near Utopia.

We hear that Dr. and Mrs. C. A. Melbeth have moved from Harper to Utopia.

C. H. Leighton and son, Joe, visited Hondo last week, and C. G. came back bragging about the many stunts his Ford could perform under certain conditions.

C. H. Leighton says he isn't farming this year. Neither is Joe Leighton.

For seventy-five years Bandera county has been making history. The first Bandera county event we have recorded is the Battle of Bandera Pass, where Jack Hays and his rangers fought a great battle with Indians in 1844. Then we have the coming of Elder Lyman Wight and his colony of Mormons, in 1854. When this colony arrived here they found Aunsa Clark already here, for he came in 1852, when there were only three families here making shingles. Veteran Clark is still here. In 1855 the Polish colonists came to cast their lot in this wilderness. There were sixteen families in this colony, just from the old country. They were poor peasants, unused to frontier life and could not speak the English language, but they cast their lot here, began to till the soil and develop the country, and some of these original colonists are still here. Many of them raised large families, and their descendants are among the well-to-do citizens of Bandera today. Other early settlers are with us even now, men and women of the sturdy frontier type. They blazed the way for the splendid civilization that we enjoy. They endured the hardships and privations of the early days, drove back the Indians, established homes, built schools and churches. It is only fitting and appropriate that we organize an old settlers associations in order that these old pioneers may meet in reunion once each year to renew old acquaintanceships and greet their friends of other days. Next Saturday such an organization will be perfected and arrangements made to hold a reunion here this summer. If you have lived in Bandera county more than twenty years you are eligible to membership. Attend the meeting at Cox Hall Saturday at 2:30 p. m.

The price paid in Bandera last week for turkeys was eighteen cents per pound. Lee Mansfield hopped out and bought several thousand pounds of the birds and distributed around six thousand dollars among our farmers, all of which helps wonderfully.

Bandera county needs better roads, and Bandera county is going to build better roads.

Pay your poll tax now. You are going to need a poll tax receipt mighty bad before the year ends.

Next Saturday the old settlers will meet at Cox Opera House to effect an old Settlers' Association. It is desired that every old settler in the county be on hand and join the association. Officers will be elected, committees appointed and arrangements made for holding of a reunion in Bandera sometime during the coming summer.

Marvin Hatfield, this editor's namesake, who is attending school at San Marcos, writes as follows: "All of the students from Bandera county that are here get much enjoyment from reading the New Era and Frontier Times. We always look forward to the day when the New Era comes. It usually arrives on Saturday, and if it is a day late it adds to our anxiety. We feel it is just a big letter from our kinfolks and friends. Since Medina county road is going to be worked I guess we will not have so much trouble in getting home during rainy weather. Now that the people have the road-working idea in their heads I hope they will stay with it and get a real good road through the county. Sam Mayfield, a former resident of Medina, who is now living here, was operated on for appendicitis, January 5th. He is getting along all right now."

M. F. Johnston informs us that about $1100 has been subscribed toward building a bridge across the Medina at the Hondo Crossing, and more is needed. Subscriptions will soon be collected and the list of donors will be published in the New Era. It is expected that enough funds to build the bridge will soon be raised and a committee will be appointed to take charge of the work.

J. M. Pepper, who lives five miles below town, was a visitor Monday and brought us some fine turnips. Mr. Pepper advanced his subscription figures while here.

NOTICE TO STOCKMEN

The Live Stock Sanitary Commission has appointed the following Inspectors, J. F. Neal, A. G. Jureczki, and J. R. Patton.

If you want to move cattle, horses, mules, and asses within the county of Bexar, call on one of the above inspectors and if he, after inspecting them finds them free of fever ticks will give you a permit to move them within the county, but if found infested with fever ticks wil have to be dipped, as it is a violation of the law for any movements to be made without being certified to by an inspector.

And, if you want to move cattle, horses, mules and asses out of the county of Bandera into any other county or to market, get in touch with one of the above inspectors and if he finds them free of fever ticks he will give you a permit to the nearest vat to the county line on your route out of the county, where I will meet you and pass you over if found free of fever ticks. Your local inspector will also have to be there to certify the movement.

If you intend to move cattle, horses, mules or asses in the near future and are not sure that they are free of fever ticks I would advise you to get in touch with your inspector and give them an official dipping so you are sure they are free of fever ticks when you offer them for final dipping.

All small herds better go together by notifying your inspector so he can get you together in order to reduce the cost per head or herds.

Now you stockmen of Bandera county, I have done all there is in my power to get these inspectors appointed in order for the Live Stock Sanitary Commission to permit me to meet you at the county line and pass you out if I find your movement free of fever ticks and am willing to put this extra burden on myself, to meet you at the county line to pass you out, when I already have about all I can do with Medina county and will have to do all of my office work at night and am willing to cooperate with you For this reason I am going to ask for your cooperation with me in the future in this tick eradication work.

Yours Respectfully,

Romance and Tragedy Adorn the Pages of Texas History

FRONTIER TIMES should be used by teachers in every school in Texas, for it contains historical data that is not obtainable in our school histories. Teachers should use it in their class work, by reading the sketches to their pupils, who will find them not only interesting, but instructive as well. We have no boasts to make of the typographical appearance of this little magazine, for we are doing our best to give it the appearance of a magazine printed forty or fifty years ago, but we do claim that its contents are of great value to the student of history and will prove of great aid in giving to the rising generation a knowledge of conditions that existed in Texas a half century ago.

There is no country on the North American continent that can present a more romantic and tragical history than can Texas. From her earliest period there has clustered around her ROMANCE AND TRAGEDY. The records of her early explorers is a story of incomparable Romance, and Tragedy is stamped on every page. Texas was long regarded as a land of mystery, rich in LEGEND, TRADITION and FABLE. Many of her early explorers risked their lives in their persistent search for the fabulous gold of Gran Quivira and the Seven Hills of the Alfados. The search of Ponce de Leon in the swamps of Florida for the Fountain of Youth, presents a story more romantic, if that of Juan de Humana searching for Gran Quivira and of Juan de Zavala in search of El Cerro de la Plata. The heroic action of Captain Smith is no more romantic than that of Angelina, the Indian Maiden, binding the wounds of the French traveler, Beliste. Irving's record of the conquest of Granada presents no more tragical scene than that of Texas colonists wresting an empire from the hands of the Mexican despots. The Spartans of Thermopylae presents no more daring bravery and sacrifice than those of Travis and his companions at the Alamo. The battles of the world do not eclipse for decisiveness the battle of San Jacinto. The butchery of Fannin and his command at Goliad were an equal inhuman as any perpetrated during the inquisition. The half vanished memories of the ROMANCE AND TRAGEDY of our State's history are presented by Frontier Times as an enduring monument to the memory of the Texas pioneers who labored, struggled and sacrificed that FREEDOM'S FLAG might forever wave over this fair land of ours.

The editor of Frontier Times is a native of Texas and knows personally many of the men and women whose sketches will appear in these columns. His father, John Warren Hunter, was one of the best historians the state ever produced, and at the time of his death, which occurred at San Angelo in 1915, he was engaged in compiling history of Texas and her heroes. We have a vast accumulation of historical data—thrilling in the extreme—representing more than thirty-five years' effort in collecting, and we are still gathering data of this kind, which is to be used in Frontier Times, that our boys and girls, the old and young, and future generations, may read of the exploits, adventures, undertakings, and heroic achievements of the men and women who made Texas the wonderful state she is today. Send us a dollar and a half for a year's subscription. Get your neighbor to do likewise, and thus help us to perpetuate the history of our forefathers, that future generations may be inspired by the same lofty courage and patriotism.

When you have visitors or know an item of news just step to your telephone and call the New Era office. Or better still write the names of your visitors on a slip of paper and sen to us for publication. We will appreciate your kindness.

A number of New Era subscribers availed themselves of our December offer to send this paper and Frontier Times at the club rate of $2.50 per year for the two publications. We have decided to continue this rate through January, and will accept subscription at that low price. The regular price for the New Era is $1.50, but if you renew your subscription to the New Era you can get the two for $2.50.

He is rated as one of the most capable men in his profession having passed before the State Board of Examiners in optometry with highest honors in Topeka, Kansas, and his grade before the State Board of Examiners was 97.5-6. When in need of work in his line you should call on Dr. Rittiman.

There Will Be No Regrets

That is the motto which a certain football team in Texas adopted last year, and they lived up to it by going through the season undefeated. There need be no regrets in our moral and religious lives either, so long as we play the game as persistently and as conscientiously as did the members of that football team. Every time we neglect a religious duty or fail to worship God at the appointed times we are preparing the way for regrets later on, when we are called upon to give an account of our stewardship. Your place in your church awaits you. Don't forget the community singing at the Methodist church Friday evening. It is a union meeting, and has an inspiration for everybody.

Methodist church: Sunday school at 10 a. m., followed by a talk to children from the pastor. Preaching 11 a. m. and 7 p. m. The topic for the morning is "Seeing Things." Mid-week meeting of devotion and study Wednesday at 7 p. m.

Baptist church: Thursday evening and Sunday services as usual. No change and no need to miss.

Teachers Rally.

A rally of the teachers in this county will be held at Medina, February 23rd. A nice program has been arranged for the occasion, the schedule of which is given in this issue of the New Era. Some ago the teachers of the county met in Bandera and had such a splendid and instructive session that it was then and there decided to hold a rally at regular intervals in different parts of the county. The meeting at Medina promises to be a very interesting affair, and every teacher, as well as patrons of the schools, is urged to be on hand and participate.

Old Settlers' Association.

That meeting held at Cox's Opera House last Saturday for the purpose of organizing an Old Settlers' Association was fairly well attended, there being about sixty of the old timers present. Without any preliminaries the meeting got down to organization, and the following officers were elected:

President, Lee Risinger.
Secretary-treasurer, W. S. Ethridge.

Executive Committee—J. M. Hunter, George Elam and Chas. Eckhart, G. W. Wright.

Reception Committee— Mrs. Mattie Haines, Mrs. A. Heal, Mrs. H. Chipman, Mrs. Walter Ruge, Mrs. Henry Haby, Ernest Kindla, A. G. Jones, Mrs. J. W. Cox, Mrs. M. E. Faris.

Badge Committee—Mrs. Chas. Eckhart, Mrs. Bob Surber, Mrs. Gabe Anderwald.

It was decided that any man or woman who is over forty years old and a resident of Bandera county is eligible to membership, and may join the association on payment of one dollar per year membership dues. All persons who have been residents of Bandera county sixty years or longer will not have to pay dues. Badges will be provided for all members and will be issued to those who have paid dues.

The association will hold its first reunion the first week in July of this year, probably on Friday and Saturday, July 4th and 5th. Great preparations will be made for entertainment of the old settlers at that time, and a great home-coming of former Bandera county folks is expected.

Now, let every man and woman who has the history of Bandera county and appreciates the glorious work of our pioneer fathers and mothers, hasten to join the Bandera County Old Settlers' Association and make it one of the most enjoyable social bodies in the state. Send in your name for membership today to the Secretary, Mr. W. S. Ethridge.

Dominic Dugos Celebrates.

Last Sunday Dominic Dugos and his good wife clebrated the 20th anniversary of their wedding, with a fine dinner spread for a few invited guests, among whom were Mr. and Mrs. Gabe Anderwald, Mr. and Mrs. Custant Dugos, Mr. Anderwald and family and Raymond Anderwald.

On Monday night the celebration was continued with a delightful dance which was attended by a large crowd of relatives and friends, and everybody had a good time. Frank Buck, in wishing Mr. and Mrs. Dugos many returns of the happy occasion, expressed the hope that he would be able to attend the celebration of the fortieth anniversary of their wedding and with his "family" jointly celebrate with them.

Dr. C. A. Sherrill of Medina, was a visitor in the city Monday.

The County Fair.

Bandera will have a County Fair. That is glad tidings to herald forth to our readers. At a meeting in this city last Saturday a complete reorganization of the fair directory was effected and now stands as follows: W. E. Mansfield, president; M. R. Thalmann, secretary; A. L. Mansfield, treasurer; Mrs. Chas. Eckhart, lady manager. Other directors and committees will be selected later. The work of arranging for the fair will at once begin, and it is hoped and expected that better co-operation will be given this year to make the fair all that it should be. From time to time the New Era will keep the public informed of the committees' doings and call for such assistance as they may desire.

Returns From Visit

Mr. and Mrs. D. J. Lloyd, of Lima, were here yesterday, returning from a visit to their daughter, at Port Arthur. Capt. Lloyd dropped in to "howdy" with the editor and left a dollar and a half jingling in our palm. We find him to be a very interesting gentleman, a true type of the old time Texan, and some of these days we are going to steal him from the grind of business and go up to his domicile and make him tell us a lot of his early day experience.

Watch for the Symbol of Safety

The sign of the "Guaranty Fund" is a symbol of safety to depositors.

Through the medium of the Depositors' Guaranty Fund Law, the State of Texas has provided this splendid protection for the benefit of every man, woman and child; and, whether the people avail themselves of its privileges or not, the Safety and Solvency of this mighty fund is open to every depositor through the Guaranty Fund Banks of Texas.

Theodor Tom Dead.

Mrs. Chas. Montague received word on Monday announcing the death of Mr. Theodor Tom, a prominent ranchman, at Campbellton, Texas. Mr. Tom had been ill for some time, in fact ever since the tragic death of his son, Ralph Tom, who was accidently killed by the discharge of a shot gun during the Christmas holidays. Mr. Tom's wife is a neice of Mrs. Montague, and is well known to many of our people, for she taught school here in 1890, when she was Miss Ada Brown, and all of these friends will sympathize with her in the loss of her husband. Frank Montague, on receipt of the news that Mr. Tom was slowly sinking, left for Campbellton Tuesday and remained there for the funeral.

Miss Ellen Billings Married.

As we go to press we learn of the marriage of Miss Ellen Billings to Mr. L. L. DeLamore on January 25, at New Braunfels. The New Era hastens to extend congratulations and best wishes for the newly married pair. The bride is a most excellent young lady, and is the daughter of Mr. and Mrs. C. Y. Billings of this city, and has the friendship of all who know her. She was almost raised her, but for the past year has held a responsible position with a large mercantile firm in San Antonio. The groom is a rising young business man of San Antonio, and enjoys the confidence and esteem of a large circle of friends. May Life's journey be one of unalloyed happiness and prosperity to them.

VANDERPOOL VISIONS

Forrest Johnson, of Rock Springs, is in our midst this week visiting friends.

Barney Vancleave and family, of Cline and nephew, Ralph Vancleave were here last Thursday, guests of Mr. Vancleave's parents, Mr. and Mrs. C. M. Vancleave.

Mr. and Mrs. P. O. Love were callers at the home of J. S. Cooley Friday.

Mr. Allen of Sabinal, and another carpenter of that city, are putting up the J. W. Ward store with the assistance of C. C. Cooley.

The Thompson well No. 1 was shut down several days at the depth of 510 feet with a hung bit. Work was resumed Monday. Mr. Abek Long, a sailor of California, came in last week to visit his brother, Clade Long and family of North Vanderpool. He, in company with his nephew, left Thursday for Mexia, then to Oklahoma and then Mr. Long will go back the northern route. He had a thirty days' furlough.

Mr. and Mrs. Rufus Wysinger entertained a jolly crowd of young folks Friday evening.

Miss Genie Love, one of the efficient telephone operators of the Sabinal switchboard, came home Sunday evening to stay a day or two as her mother was called to the bedside of her daughter, Mrs. Frank Williams, who is suffering from a severe attack of appendicitis. We are pleased to learn that Mrs. Williams is doing nicely and her mother will return home Tuesday.

The friends and relatives of Andy Ferguson, who was formerly a resident of this community, will regret to learn of his being so dangerously ill and still growing weaker. He is in Sabinal.

Mrs. J. M. Bridges, of Mill Creek, accompanied by her daughter, Mrs. J. S. Copley and son, to Utopia Saturday afternoon.

Rev. Storms will fill his regular appointment at Vanderpool Sunday if weather permits.

The C. C. Butt Grocery at Kerrville has an ad in this issue, giving prices on some of their groceries, and invite the patronage of Bandera county people who trade at Kerrville. Look up the ad and compare their prices with those you have been paying. The Butt Grocery always makes the lowest prices and can save the consumer money on every purchase. When you go to Kerrville don't fail to visit their establishment.

TUFF TIDINGS

Mrs. Rachel Buckelew of Utopia, is spending a few days with her brother, J. W. Zumwalt.

J. I. Frame made a business trip to Medina Saturday.

The patrons of the school got together Saturday and cleared off the school yard and scrubbed the floors. Preparations are being made to fence the school grounds.

Grandma Zumwalt and Mrs. Buckelew were guests of Mrs. J. I. Frame Friday.

E. R. Sutherland was a business visitor in San Antonio this week.

A. W. Weed visited his brother, T. S. Weed, at Utopia Saturday.

Mrs. O. W. Livingston has been quite sick this week but we hope she will soon be well again.

Misses Bertie Light and Ethel Smith, this week guests of Misses Gladys Sutherland Sunday.

O. L. Adams made a business trip to San Antonio Thursday, returning home Monday.

TARPLEY TOPICS.

R. S. Padgett made a trip to Utopia this week.

J. H. Burns and family made a trip to Rio Frio last week returning Sunday.

Mrs. H. C. Hill, of San Antonio, is in Tarpley visiting friends.

Guy Stewart, of Utopia, visited R. N. Padgett and family this week.

Alfred Scathoff was in San Antonio several days last week.

D. C. Wheeler went to San Antonio last week to be operated on, but we are glad an operation was not necessary. We hope he will soon be well again.

Mr. and Mrs. Earl Watson, of Devine, visited M. L. Scathoff and family this week.

C. C. Simpson, of Hondo, was shaking hands with his old friends in Tarpley Saturday.

C. B. Leighton took exception to the writer referring to his Ford performing "stunts," although it was some trick pony, but we still stick to the word, "stunts."

We were pleased to see our old friend, Gus Britsch, in Tarpley Monday.

With the completion of a good highway from Bandera to San Antonio there will come to this town many needed improvements. Already plans are being made for the construction of several substantial, modern business houses, and new businesses will be established, new homes built, new citizens come in. The increase in tourist traffic and vacationists will require greater hotel facilities and even now we understand there are quiet plans going on to take care of the expected demand in a great big way. We trust that the report that when our road to San Antonio is finished it is a portion of Loop No. 10 of the Old Spanish Trail, as well as a state highway and hundreds of tourists will be routed over it. Better get ready for the crowds this summer for coming they will be, and we have to take care of them, or let them go elsewhere.

Three years ago Bandera organized a Chamber of Commerce which functioned for awhile and then went to sleep. Some say it is dead. But as nobody has any recollection of attending the funeral, we conclude that it is still sleeping. But it is going to have to wake up soon to begin with the momentous things that are coming to Bandera. There are problems that will confront this town within the next six months that must be handled by a live, working, public body. If left to individual effort they will pass us by, but as regular wide-awake chamber of commerce can land them. Individual effort gets us nowhere—collective effort always wins.

As it is generally known Trail Loop No. 10, which has been marked and logged from San Antonio to Bandera and Kerrville, passes through Medina, up Wallace Creek and across the mountain to Kerrville, where it connects with the Old Spanish Trail proper. State Highway No. 27, as officially laid out, runs from San Antonio to Bandera, and out through Bandera Pass to Center Point, where it connects with the San Antonio-Kerrville highway. The State Highway Commission has been asked to change the designation of Highway No. 27 to conform to the route marked by Trail Loop No. 10, and put it through Medina and up the North Prong via Wallace Creek. This is the most scenic route and one of grandeur and beauty, and the roadbed is really in better condition than the present route. Action by the State Highway Commission can be hastened by energetic action on the part of Bandera county citizens.

It is said that "Bread cast upon the waters will return after many days," but some of the bread we used to buy here, was thrown into the Medina river and has not yet returned. It went to the bottom.

Met a man the other day who was loud in his vociferations about the condition of the road to Medina. Said it is a shame that white folks have to travel this road. And it is a shame, just as he says, but investigation revealed that when efforts were being made to construct a bridge across the river at Ranger Crossing this same man donated but very little to its building. And when funds were asked some time before that for the improvement of the road to Tarpley he refused to contribute for the reason that he did not have to travel the Tarpley road. Now this is why Bandera county has no better roads than she has. It is because there is a disposition here to "Let the other fellow do it." There must be unity and concerted action in road building and everything else if we accomplish any lasting good. The road to Medina, as well as other roads in the county, has been badly damaged by the excessive rains that have fallen during the last three months, but the roads are being repaired just as fast as possible and the work is being done just as good as the means at command will allow. It takes money to build roads, and as the county taxes are not sufficient to construct first class roads, private donations and volunteer labor is frequently asked for. There is the solution for our road problems. But the roads in such condition as required by the State Highway Commission and the State will take them over and maintain them, and we will be forever free of the constant complaining about "impassable" conditions.

We have recently come into possession of a wonderfully interesting book, "With the Border Ruffians," written and published in England by R. H. Williams. It embraces the western experience of the author, 1852 to 1868, and gives many historical facts with which some of our Bandera county citizens are familiar. Williams was a soldier of fortune, and landed in this region in 1860. He owned a ranch over on the Frio, and during the Civil War he enlisted in the Confederate service, and was with General Ben McCulloch when San Antonio was captured, later going with a small detachment of troops to Camp Verde and capturing that post with its stores and herds of camels. He was a member of Duff's command when the battle on the Nueces took place with a large party of Germans from Gillespie and Kendall counties who were going to Mexico to keep out of the war and the description of the fight does not reflect credit on the officers in command of the Confederate forces. The book is thrilling from start to finish, and because it deals with many events that transpired in this section we are going to reproduce many of the sketches in Frontier Times, the first one to be published in the March number of our little magazine.

Today is the last day for paying poll taxes for this year. If you fail to get a poll tax receipt you will be deprived of the privilege of voting in any election this year, and besides you will have to pay your poll tax later anyhow. Can't get around it. The man who does not pay his poll tax is generally classed as a Chinaman, and it is said Chinamen eat rats. Don't be a Chinaman.

Bandera will have a fair this year. Complete reorganization has been effected, and an early start will be made to prepare for the best fair Bandera ever had. It is expected that everybody will line up for co-operation to make it so.

Milked a Mule.

Lige Dodd, a farmer near Ouachita, Arkansas, got even with the chap who was stealing milk from him recently. Dodd's cow had been off in her milking, and investigation revealed fresh foot prints in the vicinity of the cow barn each morning, so Dodd switched a particularly disagreeable mule to the stall, transferring the cow to the mule's stable in the barn. The cow milked well the next morning and Dodd reported to the officers that he found a battered tin pail and a form hat recovered from the stall occupied by the mule, as well as signs of a hasty departure made by the culprit who attempted to milk that mule.

Shout it from the housetops! Bandera will soon have a first class road to San Antonio, and this summer there will be more tourists, vacationists, campers and pleasure seekers here than ever dreamed of. We have just the ideal region they are seeking for rest and recreation. Beautiful camping places, picturesque scenery, good fishing, inviting bathing pools, and all those things that make life one grand sweet song. Now, let's tell the world.

We know Bandera has more worthless, good-for-nothing dogs per capita than any other town in the state. These curs bark and howl all night and keep the people awake. There should be a tax put on every dog that inhabits this town, and that would eliminate the most worthless kind. People can raise chickens or hogs as easily as they can raise dogs, and with more profit. Try it and see.

Join the Old Settlers' Association. Send in your name to the secretary at once. In a few weeks we are going to publish a list of the members of the association and we want to see how many people in Bandera county are ready to do their bit toward helping the old timers have a grand reunion. The yearly dues are $1.00, but if you have been living in Bandera county sixty years or longer, you will not have to pay dues unless you prefer to do so voluntarily. Join the Old Settlers.

This is campaign year. Already the pot is boiling over in national politics. There is a tempest in the Teapot Dome affair—a great scandal has arisen. But get yourself a fan and "keep Cool-idge." In state politics several candidates have announced themselves for governor, among them Farmer Jim Ferguson of Temple. For a time it was thought that Governor Neff would be a candidate for president at the behest of William Jennings Bryan, but since the "silver-tongued Orator of the Platte" has given his endorsement to a Florida man's candidacy for president of these United States it is hinted that Governor Neff will be a candidate for United States senator. There are clouds upon the political horizon, and the outcome is uncertain, but Bandera county people are noe worrying. All of the qualified citizens have paid their poll taxes and their wives' poll taxes, and are ready for the fray. There is a lot of local political talk going the rounds about county offices, and a few prospective candidates for such offices are beginning to brush up their hats preparatory to tossing them in the ring, while others have their ear to the ground listening for some good encouragement.

In using honey as an anti-freeze mixture in automobile radiators, it should be mixed with water, half and half. Engine head gaskets and hose connections should be tightened up before using the solution as the honey-water will pass through apparently tight connections, causing stickiness. The solution becomes more efficient with evaporation from steaming, whereas an alcohol solution loses strength. A dollar and a half's worth of dark honey, and fit for table use, should last all winter. —Dearborn Independent.

An old settler was heard to remark last Saturday when he first came to Bandera county fifty years ago San Antonio was a small place, and he could have secured a section of land adjoining that town for a pair of boots. Another old timer asked him why he did not make the trade. "Didn't have the boots," chirped Old Settler.

POSTED—All of our lands are posted and hunting, trapping or in any manner trespassing is strictly prohibited. Keep out.—Mrs. H. C. Wright, Granville Wright, John Wright. Nv22

J. A. Miller of Bandera, who drove the Trail with cattle way back in 1873, came downtown Wednesday and will stay around two or three days, visiting. Mr. Miller has one of the show places of Bandera, a place famed for its beautiful, vis fine water, its beautiful scenery, etc. Another thing which sets Mr. Miller out distinctly is his public spirited disposition, and as evidence of this let us cite the fact anew that more than two years ago he deposited his $100 toward the monument fund of the Old Trail Drivers Association. That $100 has drawn interest since that time at the rate of 4½ per cent. And Mr. Miller is neither the richest nor the youngest man in the game. He's built that way. About his place up in the Bandera Hills—his headquarters house is 4 miles from the town of Bandera, and is situated 50 feet above the city—and, mind you that is in a land of hills and high altitudes—he has a spacious lawn. His every door and window overlooks vast areas of mountain and valley—the blue, rolling mountains rising here and there on every hand in the far, blue distances. Meadow and plain lay in between. A matter of a dozen years ago he bought some sixty property here from L. J. Hart, and Mr. Hart urged him to move into town and enjoy life. "Not much I will," said Mr. Miller. "Up at home I have pure mountain air, the finest water there is, and the most beautiful scenery they make. My exercising, eating and sleeping cost me nothing, and I am doing well on it. It would cost me money down here, and I might not get enough of any one of them. I'd better stay." And stay he did. As to exercising, he may do a lot of that on his porches. He has two of them—one on the ground floor and the other on the second floor. Each porch is 10 feet wide, and here are the 'phones in it. It is the out-porchin'est house, almost, that ever was, and is justly the show place of Bandera life.—Cattle Clatter, in San Antonio Express.

And that's the truth. Cattle Clatter did not overdraw the picture. Mr. Miller has the finest homesite in all this region, and an elegant home. In addition to exercise, he gets his share of it. There's not a man on his ranch who can hold a light to him when he tackles a piece of work. He does not believe in leaving things half done, but goes—to full length. And that's why he has made his domicile the prettiest and most valuable ranch in this section.

Begin to make your preparations now for exhibiting some of your farm products at the County Fair. Raise stuff for big display. Even though it may seem early to begin, it is the time to start. We had a good fair last year. We are going to have a better fair this year.

The New Era appreciates the loyalty of the people residing in the rural precincts of Bandera county. Almost to a man they stand by the little old home paper and patronize it just as much as their means will allow. To show our appreciation we are doing our level best to make them the best newspaper Bandera county has ever had. Send us the news when you have visitors or your folks go a-visiting and see how eagerly we publish it.

The condition of old Bandera county is the best that it has been in at this time of the year for many seasons. Fine rains have fallen, grass is good on the ranges, a fine season in the ground insures good crops this spring, and the cold weather we have had has chilled the ground to such a depth that fruit trees will not likely bog early and this indicates a good fruit crop. Taken all around, 1924 is going to be a banner year for this county.

Every man and woman who is for Bandera old and a bona fide citizen of Bandera county is eligible to membership in the Bandera County Old Settlers' Association. And every man and woman ought to join. We are going to have the biggest reunion of the old settlers here this summer ever held in this part of Texas. They are coming from everywhere to this reunion, and the grandest kind of entertainment is going to be provided for them. Join the association, and get a badge which will entitle you to all the privileges and pleasures of the big reunion.

NOTICE TO STOCKMEN

The Live Stock Sanitary Commission has appointed the following Inspectors, J. J. Newcomer, A. G. Jureczki, and J. H. Phan.

If you want to move cattle, horses, mules and asses within the county of Bandera, all of the above inspectors are, and if he, after inspecting them finds them free of fever ticks will give you a permit to move them within the county, but if found infested with fever ticks will have to be dipped, as it is a violation of the law for any movements to be made without being certified to by an inspector.

And, if you want to move cattle, horses, mules or asses in the near future and are not sure that they are free of fever ticks it would advise you to get in touch with your inspector and give them an official dipping so you are sure they are free of fever ticks when you offer them for final dipping.

All small herds better go together by notifying your inspector so he can get you together in order to reduce the cost per head or herds.

Now you stockmen of Bandera county, I have done all there is in my power to get these inspectors appointed in order for the Live Stock Sanitary Commission to permit me to meet you at the county line and pass you out. I find your movement free of fever ticks and am willing to put this extra burden on myself to meet you at the county line to pass you out, when I already have about all I can do with Medina county and will have to do all of my office work at night and am willing to cooperate with you for the reason I am going to ask for your cooperation with me in the future in this tick eradication work.

Yours Respectfully,

Former Bandera County Citizen Dies.

All of the old friends and acquaintances of Mr. J. B. O'Bryant, a former citizen of this county, will be pained to learn of his death, which occurred at Hot Springs, New Mexico, on January 29th, 1924, after an illness covering about two weeks.

Mr. O'Bryant was born at Benton, Arkansas, October 17th, 1848, and came to Bandera with his parents when he was quite a small boy. He resided in this section many years, moving to Caballo, New Mexico, about ten years ago, where he resided until his death. He lived in Uvalde and Real counties for some years, and was one of the commissioners at the time Real county was organized.

In 1872 Mr. O'Bryant was married to Miss Nettie J. Norton and to them were born nine children, seven of whom are living: Lowit; Sam O'Bryant of Tofl, California; Ed O'Bryant of Alfred, Texas; Mrs. C.B. Schweinfurt, Mrs. Mina Storms, Joe B. O'Bryant, Jr., and Mrs. W. R. Fletcher of Bandera. His wife Nettie J. O'Bryant, died in 1893, and in 1897 he married Mrs. May Sergant. To this latter union were born nine children, six of whom are living. They are Carl O'Bryant, who lives in Arizona, Lottie, Ted, Harold, Wesley, Rosetta and J. D., all living in New Mexico.

Mr. O'Bryant, during the many long years he lived in this region, bore the reputation of being an upright, honorable citizen, and had the esteem and good will of everybody. The New Era joins in extending sympathy to the bereaved family.

K. K. K. Meeting.

The Knights of the Ku Klux Klan of Bandera county held a special meeting near the road between Bandera and Tarpley Pass on the night of February 1. A large crowd was present and quite a number of new members were initiated into the Invisible Empire. A good time was enjoyed by all.—Bandera County Klan, No. 325, Realm of Texas.

Entertains Friends.

Mr. and Mrs. Frank Duff entertained at their ranch last Sunday in honor of Mrs. Henry Barnes and children. A big turkey dinner was spread and greatly enjoyed. An excellent supper was served at night at which time the following additional guests were present: Mr. and Mrs. August Kalka, Miss Edna Silvers, Mr. Ivy Smith, George Riley and Ralph Wheeler. A most enjoyable time is reported.

Bandera Is Waking Up.

That old Bandera is awakening to her best interests was evidenced last Monday night when about twenty-five of the representative business men of the town met at Cox's Opera House to consider the proposition of inviting the Epworth League Encampment location committee to visit Bandera and select a site for holding the League's annual summer encampment. This League committee is out on a tour of inspection of various sites from which to select a permanent one and it occurred to the citizens of this town very suddenly and forcibly that that Encampment should be located right here, and accordingly the meeting Monday night was called for the purpose of ascertaining if Bandera could meet the demands of the location committee, and the meeting decided those demands could be met, so accordingly I. E. Adamietz and E. T. Peters were sent to San Antonio early Tuesday morning to confer with the encampment location committee and offer them a site. Just what this town, where there is plenty of shade trees, running water, bathing pools, boating water, hills to climb, ayran dells, rugged crags, and all those things that appeal to the vacationist, and which is particularly desired by the location committee. A tract of 200 acres will be purchased and donated to the Epworth League Encampment if Bandera is selected as a permanent site.

Dr. J. O. Butler was made chairman of the meeting. He appointed I. E. Adamietz and E. T. Peters to confer with the League committee. A committee composed of J. W. Short, W. R. Fletcher and F. C. Billings was appointed to secure options on a suitable encampment sites, and a committee composed of E. T. Peters, Mack Boyle, A. L. Mansfield, J. M. Bowman and Glenn Meadows, was appointed to solicit funds for the purchase of the site which may be selected.

Mr. Adamietz and Mr. Peters went to San Antonio and conferred with the Methodist committee Tuesday morning, but were informed that it was probable that Kerrville will be given the encampment in view of the fact that that town had offered flattering inducements for its location there, but the committee hastened to assure our representatives that in the event the encampment was not located at Kerrville our offer would be given immediate consideration and the committee would come here to investigate. The fact was apparent that Bandera had not awakened soon enough. The Methodists have been casting about for several months seeking a suitable location for their summer encampment. They had been offered nothing by Bandera and of course never knew that Bandera had anything to offer. But Bandera is awake now, and if we can't locate the Methodist encampment here, we can secure some other encampment or a State Park, which will mean just as much to the town.

Another meeting was held Tuesday night to receive the report of the committee, and also to hear the report of the committee selected to investigate the securing of a site for that purpose. Messrs. J. W. Short, W. R. Fletcher and F. C. Billings compose this committee, which reported that several sites had been inspected and owners of the land had been asked to name the lowest price they would take for their holdings. Several choice tracts adjacent to the river were inspected and on one or two of them the price quoted was very reasonable. This committee will remain in force for sometime yet, or until a site has been selected and purchase negotiated.

It was determined at the meeting Tuesday night to secure the location of a State Park or an encampment, or both, for Bandera, and in order to secure same the people must offer a suitable site, and it is the purpose of this movement to accomplish this. Therefore it is desired that every man and woman who is interested in securing a park or encampment unite in the movement and lend their best efforts in the accomplishment. Another meeting will be held at the Cox Opera House Tuesday night, February 19, and it is hoped that everybody will be there. When heads think together they plan together; when they plan together they work together, and when they act together they are bound to accomplish something. Attend the meeting Tuesday night, February 19.

Boost for the Fair.

Don your boosting garb and boost for the County Fair. It's not too early. Here are the fair officers:

President—W. E. Mansfield.
Vice President—C. Y. Billings.
Secretary—M. R. Thalmann.
Treasurer—A. L. Mansfield.
Lady Manager— Mrs. Chas. Eckert.

Committees and assistants will be named in due time. Let's get behind these fair officers and make this year the biggest event of its kind ever held in Southwest Texas.

Good Roads Boosters.

Judge C. W. Harris, E. H. Sewall, Joe Newcomer and Vernon Powell were here from Medina yesterday, talking good roads. They are interested in a movement to improve the road from Bandera to Medina, and on up the North Prong to follow Trail Loop No. 10 to Kerrville, and they are of the opinion that a bond issue for the improvement of that highway is the proper step to take right at this time. And we heartily agree with them. We commend them for their good judgment and we believe those Medina people will vote solidly for the improvement of the road that will become a great artery of traffic and tourist travel. Surely, old Bandera county is awakening!

UTOPIA NEWS

Mr. and Mrs. Chas. Harper spent Sunday in Sabinal.

R. N. Padgett from Tarpley was here Friday.

Fred Smith made a business trip to Uvalde and back Friday.

Mrs. Harvey Donoho spent Friday in Sabinal with Mrs. Homer Stone.

Born to Mr. and Mrs. J. H. Maudlin, February 2, a fine boy.

Miss Doris Landrum spent the week-end with home folks in Uvalde.

R. B. C. Ware and family spent Saturday in Sabinal.

A. E. Manley is at Rock Springs buying sheep.

A. E. Umlang went to D'Hanis Sunday.

Rev. Storms and R. A. Masters made a business trip to Uvalde Thursday.

Mrs. Craven returned from Waco where he was called to the bedside of his father.

Messrs. Hicks and Masters from Bandera were in our midst Saturday.

W. B. Chaney Dead.

W. B. Chaney, a well known citizen of the Myrtle Creek section, died at his ranch home last Thursday, and was buried at the Jones cemetery. Mr. Chaney had been a citizen of this county many years, and was highly respected. He is survived by two sons, Joe Chaney of San Antonio and Ross Chaney of Bandera. Mr. Chaney had been ill for several months, and but recently returned from a sanitarium in San Antonio where he took treatment for quite awhile. Our sympathy is extended to the bereaved family.

VANDERPOOL VISIONS

Mr. and Mrs. Henry Stapleton were host and hostess to the Society Club Saturday evening. All report a most enjoyable occasion.

Mrs. Ernest Rainey, of Mill Creek, was visiting in the home of J. S. Conley, Saturday and Mr. and Mrs. A. E. Clayton and daughter, Eunice, were guests of L. S. Foster.

The Thompson No. 1 test well has been shut down again with a hung bit and had to await several days for more tools to arrive.

Lamar Casparis was called to La Pryor Monday by Mr. Harmon to take a position there.

Miss Rosa Thompson and father have just had a telephone put in. Mr. Harper came out Thursday to install it.

Mrs. Thomas Haby and little daughter, Ruby, of the Divide, were down in Vanderpool Wednesday shopping and spent the night with Mrs. J. P. Casparis and family.

Mr. and Mrs. Clyde McReynolds of Utopia, were guests of Mrs. McReynolds' sister, Mrs. Wilson Clayton and family Saturday night and Sunday.

Ben O'Bryant and brother Ed and sisters, Mrs. Bob Fletcher and Mrs. Casper Schweinfurt, returned Friday from Caballo, New Mexico where they were called to the bedside of their aged father. We regret that their father died Tuesday night. The deceased was formerly a citizen of this county and was one of the pioneer settlers and helped to fortify this country from the Indians. He was one of the country's splendid characters and was loved by all who knew him. Mr. O'Bryant was a devoted Christian of the Baptist church and the citizens who now enjoy the fruits of a peaceful settled country owe much to the pioneers like him. He goes to a rich reward and leaves behind him an invaluable heritage, not in stocks and bonds, but in the things that count for infinitely more than money. Surviving Mr. O'Bryant by his first wife are Ed O'Bryant, near San Antonio; Joe O'Bryant of Utopia, Mrs. W. R. Fletcher of Bandera; Mrs. Lou Swinfeurt of Utopia; Mrs. Mina Storms of Utopia; Ben O'Bryant and Vanderpool; Sam O'Bryant, Taft, California; and by his second wife these are Carl, Ted, Beuton, Wesley, Lottie and Rosetta, all five years old, all living in New Mexico. Our sincere sympathy is extended all these relatives in the loss of their dear father.

Every old settler should hasten to enroll as a member of the Bandera County Old Settlers' Association. The annual dues are only one dollar per year, and those who have been here sixty years or longer will have no dues to pay. Pay in your dollar at once to the secretary, Mr. W. S. Ethridge. Badges will be printed in a short time and distributed to those who have paid dues, and the badge will admit you to everything when the big reunion is held here July 4th and 5th.

On the first page of the San Antonio Express, first column, each day, there appears a fine feature headed, "THINK." It is usually preceeded by a Bible quotation or reference as a starter, and then follows some excellent short articles mostly pertaining to the resources or achievements of different towns and counties in Texas. The first thing we always read in the Express is that column "THINK," and we always think it fine.

William Jennings Bryan spent last Saturday in San Antonio where he delivered an address against the Darwin theory of evolution. While there is no man in Bandera who is willing to argue that he descended from a monkey, we think Mr. Bryan should have come to Bandera and made us a talk. He could have told us probably, if he is going to "leg" for Pat Neff for President of the United States.

With the passing of Woodrow Wilson, America loses one of the greatest men of modern times, and our nation mourns. It was his steady hand that guided our country through the uncertain and trying period of the World War, and his clear brain kept the old Ship of State sailing on an even keel. His name will live through the ages as one of the greatest men America ever produced.

We're still talking about good roads. Bandera county should have as good roads as will be found anywhere in the state, for we have plenty of the best road-building material right at hand. The thing most needed is a systematic method of road construction and the funds to carry on the work. There are plenty of people here who are willing to contribute of their labor and means to building good roads if the proper steps are taken to line them up, but it must be done in a systematic, business-like way. A shovelful of dirt thrown here and a load of gravel dumped there will not build good roads. It takes co-operative effort and lots of hard work to build a substantial road. We are glad to note that everybody is talking better roads. It's a good indication that old Bandera is going to have better roads.

Frontier Times for March.

The March number of Frontier Times, our little magazine will be issued from the presses February 15, and will contain the following interesting sketches:

"The Lost Gold Mine of the Guadalupe Mountains."

"The Gospel West of the Pecos."

"Thrilling Tales of Frontier Days."

"Daring Hold-up Between Fort Concho and Abilene."

"The Lofty Courage of a Frontier Boy."

"The Killing of Riley Walker."

"George Brdun Came to Texas in 1856."

"An Englishman's Experience in Texas."

"On the Buffalo Range in 1873

"A Trying Trip Alone Through the Wilderness."

"The Scalping of Josiah Wilbarger."

"The Texas Rangers."

And other good sketches.

Frontier Times is now six months old. Its circulation is steadily increasing, new subscriptions coming in all the time from all parts of the country, and every copy of this little magazine which goes abroad is a boost for Bandera. If you have not subscribed for it yet you should do so. Take advantage of our offer to send the New Era and Frontier Times, both for one year, for only $2.50. Some of our friends are not only subscribing for Frontier Times for themselves, but are also sending it to others. Old and young find much to interest them in this magazine. The young folks like it because they learn more of the history of our glorious state, and read about the hardships and struggles of our pioneers, Indian raids, massacres, the deeds of daring Texas rangers, and early day events. The old people like Frontier Times because it brings to their memory many events with which they are familiar, and they see mention of people they knew in the far distant past. Frontier Times makes no pretense to typographical beauty, but stands as a chronicler of neglected history, and is devoted to Frontier History, Border Tragedy and Pioneer Achievement. If you want a sample copy of the March number send us fifteen cents and you will be promptly supplied. But, better still, send us a dollar and a half and receive the little magazine a whole year, twelve numbers.

Now, if the good ladies of the community take a hand, we are going to have a real honest-to-goodness fair in Bandera. With such energetic workers as Mrs. Bob Surber, Mrs. J. W. Cox, Mrs. Pete Anderwald, Mrs. M. E. Faris, Miss Stella Coughran, and others, directed by Mrs. Chas. Eckhart, the lady manager, a feeling prevails that the fair is going to be made the best ever held in this county.

Tax Collector Stevens announces that 1300 poll taxes were paid in Bandera county up to February 1st, compared to 1250 the year before. An increase of fifty is shown, which is encouraging, to say the least. And that means that 1300 votes will be cast in the next election, with a few more for exemptions.

The New Era makes a charge of fifty cents for publishing a card of thanks. We kindly ask those who send in matter of this kind to please enclose the small amount, as we do not enter same on our books.

Just tell the world, Bandera is going to have a big county fair this year. The date has not yet been set, but the fair is going to be held.

The above list is merely a starter. Every man and woman who is forty years old and resides in Bandera county is eligible to membership. Annual dues in the association one dollar. If you have resided in Bandera county sixty years or long er you will not have to pay dues. Badges will be issued to all members in good standing. Badges will entitle you to all the privileges of the association and at the big reunion to be held here each year. The association needs funds, and in order to raise these funds the small membership fee of one dollar is asked, which covers the year's dues also. Send in your dollar to the secretary today.

The location of the Epworth League Encampment at Bandera would be a splendid thing for this town in every way. It would mean that fully three thousand people would come here every summer, people who otherwise would not come, and apart from those who come on a general vacation and camping trip. The coming of several thousand people each summer to Bandera would certainly help our town in a business way. Then the mixing and mingling with the Leaguers would have a wholesome and elevating effect on our community's social affairs. But if Bandera secures such an encampment Bandera is going to have to dig up the cash to buy the encampment site of 200 acres and donate it to the Epworth League Encampment. The League will erect the necessary buildings and improve and beautify the premises donated. If Bandera loses this opportunity it will be lost forever. Dig, brother, dig!

Did you ever run a tournament? Some of the old boys of yesteryear know what we mean, but we doubt if there is a member of the younger generation who ever heard of a tournament. Well, they are going to hear of one, and see it too, for a grand tournament will be arranged for the Old Settlers' reunion to be held here in July. And already, John Ross is training his old cowpony for the contest. Says if he wins he is going to lay the wreath at the feet of the best looking widow in the community.

Yea, verily, boys, there will be an old fiddlers' contest at the Old Settlers reunion in July. And only old timers will be allowed to play the old tunes that used to make the echoes a half century ago. One old time fiddler told us the other day that his fingers are getting so stiff he can't play any more. But Uncle Andy Jones says when his fingers get that stiff he will use his toes, for he's going to be right in the big middle of that fiddlers' contest.

THE UNIVERSAL CAR
Forecasting A Tremendous Spring Demand
739,626
more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.
In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.
This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.
These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

When J. R. (Bob) Ransome, the Cleburne editor who died a few days ago, was forty years old he penned a very sweet poem to the passing of his time, and we are herewith reproducing it. What man is there, who has reached the age of forty years and spent that span of time in doing his duty that does not feel the heart-beats and beautiful sentiment expressed by Bob Ransome!

"I am forty years old today. A great many people do not live as long as I have already lived, and accomplish a great deal more than I have. Many of others live a great deal longer, yet are unknown out of the village in which they toil. At 40 the passions of life are mellowed by the experiences of time, and one feels the slowing up of the pulses once fiercely beating with hopes in which limitless ambitions were centered. At forty, one knows a great deal more than he did at twenty. He has mixed and mingled with the world, elbowed the eager crowd in the market place, tested the calibre of friends, felt the virulence of enemies, has had hopes blasted, ambitions destroyed, has suffered and in the silent watches of the night has lain awake and felt his heart beats, while tears of regret fell from weeping eyes. At forty the average man has had his share of happiness. He has been able as he journeyed on to the great eternal home, to pluck from the garden of hopes some memory-making moments. Here and there among the fragrant flowers is the reflection of a friendly hand-clasp, a kiss from scarlet lips, while beating hearts tell the wild tattoo the love that riots there. Out from the fleeing years there are recollections of baby fingers, of chubby arms clasped tight around daddy's neck in trusting tenderness and sincere devotion. There were June nights when twats twinkling with lovers' hands clasped, a newly married man and wife projected plans for the future and beckoned for the coming of their sweet anticipation from out of the mystic garden of dreams where hope sang of happiness. There are friendly smiles that come floating back along life's dark and rugged tract, acts of sympathy, comfort and assistance that filled the heart with thankfulness. There are inviting from the memories of the days of long ago the sweets of mother love, the undying devotion of her who gave me life, and, with patience and pain cared for my infant wants when little feet could not yet patter over the floor, and baby prattle was but a meaningless sound. Then father's kindly face, while in his eyes shone the love that was in his heart, always sacrificing that I might be comfortable and happy, is a picture hung in the gallery of my heart, and brother and sister, and the playmates of my youth, the girls with golden tresses and the lassies whose hair was brown, the boys, comrades of the old swimming hole, who barefoot and tanned, fished, gathered freckles in the sun, as loyal as ever grew among the Texas flowers, or breathed on Texas plains. As men come and go, as fortunes ebb and flow, I have had reasonable success, and ought to be happy. I have my family to look after, a loving wife and four children, who my friends say, I ought to be proud of, and I confess that I am. I can be useful to others, and at the same time earn a living for my family. Among those who know me I have the average number of true friends, while others hold me as an honest man, worthy of their confidence. I have acquired a philosophic thought that helps me to turn the back to stinging disappointments that hurt me in my youth, so that they miss my heart, causing only slight abrasions on the flesh that in spite of all the gracious goodness of providence, I feel a sadness in my added years, I know that I have passed the line that starts the journey down the hill of life, and too soon the halting, stumbling step will come along with age, when, with sense dulled, passions dead, ambitions fled, in the corner I may have to sit and from the store house of memory, clinging fast about the days that have long since past, conjure up pictures painted there for the time when the shades come on and the shadows lengthen on the garden walk."

Frank Montague of Bandera shipped 3 cars of thoroughbred cattle from Comfort on Monday. They went to the Tom ranch at Campbellton.—Comfort News.

Can You Beat It?

We do not refer to the cartoon which comes out in the newspapers each day by that name, but rather to your attendance at church; Can you beat the record which you made last month in attending the church services? We always get more enthusiasm in what we do and more life in ourselves when we try to beat our former records. Let us remember that when the times come to go to our places of worship. The community singing is to be at the Baptist church this week, and all who like good singing are cordially invited.

Methodist church: This is the week for our quarterly conference. Brother Rector will be here for a big rally meeting Saturday evening at 7 o'clock, and will preach Sunday morning. Other services as usual.

Baptist church: Regular services for the week. Junior B. Y. P. U. Sunday afternoon at 3 o'clock. Open welcome to all.

Ellis Krause, who is attending business college in San Antonio, came up the end of last week to spend a few days with his parents at Pipe Creek.

Mr. and Mrs. Earl Gray went to Junction Thursday to see Mrs. Gray's mother who is seriously ill. Earl returned the next day but Mrs. Gray remained for several days.

Mrs. I. E. Adamietz is spending a few weeks with relatives at Cuero, during which time her lonesome husband is wondering how on earth any man can be content to be an old bachelor.

Be sure to read Lee Mansfield's ad in this issue. See the price he will pay for chickens on Saturday, February, 9th.

Ike Stevens and son, Glenn, and Charles Blakeney returned Sunday from California where they spent the last several months. Old Bandera is good enough for them they say.

There will be a box supper at Bluff school house night, at school house. Everybody invited to come and enjoy themselves. Tomorrow (Friday) night, February 8. Come.

Game Warden S. O. Durst went to Junction the first of the week to visit his aged father, Elder S. O. Durst, who has been quite ill. We are pleased to learn that Brother Durst's condition is much improved and hope he will soon be able to get about.

Prof. Austin Carlton's violin class will give a recital at Medina Friday night, February 15.

DR. KING'S NEW DISCOVERY

Will Ellebracht, a long-time friend to the New Era editor, was here from San Antonio Monday. Mr. Ellebracht is field representative for the Alamo Iron Works.

George Maass and Miss Tena Loesberg were married at the home of the bride's parents, Mr. and Mrs. A. G. Loesberg, on Indian Creek, last Monday. Judge A. L. Mansfield performed the ceremony.

Frank Rodway, district tick inspector, will be in Bandera next Tuesday, February 12, to meet the cowmen of the county to discuss future tick eradication work here. All stockmen are urged to be on hand.

Miss Lora Thallman returned Sunday from a three-weeks' visit to friends and relatives at Hondo. She spent a few days this week with Miss Myra Jennette Hunter.

The entertainment given by the Ladies Home Mission Society at the Methodist parsonage last Friday evening was a very delightful affair and thoroughly enjoyed by the large crowd present. Refreshments were served.

Mrs. W. R. Fletcher returned from Caballo, New Mexico, Saturday where she was summoned to the bedside of her father, J. O. O'Bryant. But she arrived there too late, as Mr. O'Bryant passed away a few hours before her arrival.

Last Friday Game Warden, S. O. Durst, arrested two young men over in Medina county for killing a deer out of season. They were taken to Hondo and plead guilty to the charge, and were fined by the Hondo justice of the peace.

Mr. and Mrs. George Devoll of San Antonio, Mr. and Mrs. Charlie Ruede and family of Pipe Creek, D. T. Lewis of Pipe Creek and Dewitt Dater of Bandera, were guests at the home of J. M. Pepper, five miles below town, last Sunday.

Mr. and Mrs. Gabe Anderwald entertained a number of friends at their home last Sunday, among them being Tom Anderwald and family of Pipe Creek, Mr. and Mrs. John Anderwald, Henry Adamietz and family, Mrs. Haiduk, Frank Pyka, Joe Mazurek, Clements Dugos, and Misses Frances and Cecil Kalka. Games were played, refreshments were served and all had a fine time.

L. A. Heder was here from his ranch near Medina Friday and dropped in for a chat with the editor. Mr. Heder is an enthusiastic good roads booster and is looking forward to the time when Medina will be on a designated State highway. He says the time is coming when the farmers of this section can work in their fields during the fair weather and haul their produce to town during the rainy weather. Good roads will make this possible.

Masqueraders Notice.

At the masquerade ball at James Cox's Opera House next Thursday night, February 14, masks will be removed at 10 o'clock. Unmasked persons will not be permitted to dance until all masks have been taken off. Put on your masks and come. Prizes will be given the best masked, and also to the ugliest mask on the floor.

Aged Citizen Dies

William M. McMahon, Sr. died at the home of his son, John McMahon, at Medina last Friday night, after an illness of several days. Mr. McMahon was 80 years of age and had lived in this county several years, coming here from Callahan county. He leaves, eight children, four of whom were present at the bedside the end came. The funeral services were conducted by Rev. J. C. Evans, pastor of the Medina Methodist church, and burial was at Medina cemetery Saturday afternoon at 4 o'clock.

Mr. McMahon was a good citizen, a firm friend and a generous, upright man. The sympathy of the community goes to the bereaved children. An extended obituary will be published next week.

Clark-Tope

Orange Clark of Bandera and Miss Cora Selva Tope of Charlotte, were married at Jourdanton Saturday, February 9, and arrived here Tuesday to make their home. The groom is the son of Mr. and Mrs. Amasa Clark, and was raised here. He is an excellent young man and has the esteem of all who know him. The bride is the daughter of Mr. and Mrs. J. W. Tope of Charlotte, and is a very amiable young lady. Our best wishes are extended to Mr. and Mrs. Clark and we hope they will have a happy prosperous journey through life. They will reside in this community.

Asks for Bond Issue.

Surely, old Bandera county is waking up! And now comes the people of the western part of the county asking for an issue of $25,000 bonds for the improvement of the roads in that section. The petition, bearing the signatures of many of the leading citizens of the Vanderpool and Utopia region, was presented to the Commissioners' Court Monday. At the time this was written action had not been taken on the petition, but it is presumed an election will be ordered, and here's hoping the proposition will carry, and that end of the county will get good roads.

Tick Eradication.

Quite a crowd of stockmen and farmers met at the court house Tuesday to hear Fred Rodway, federal tick inspector, discuss the present situation in Bandera county. Mr. Rodway made it plain that the Federal authorities are going to insist that Bandera county clean up the ranges, and that when a rigid quarantine will be enforced, as other counties will be cleaned and it will be done as a matter of protection. He gave an outline of the plan to be followed; and will return here sometime in March to assist our ranchmen in overcoming certain obstacles that are now in the way.

The United Goat & Sheep Raisers Association will hold their annual show and sale at Rio Frio August 5th.

For the past several months the New Era has been talking about the erection of a monument in Bandera to our soldier dead—our heroic boys who gave their lives in the great World War, made the supreme sacrifice that you and I, and future generations might be safe from the iron heel of tyranny. Slowly contributions have been coming in to the fund for this purpose, and many have signified their willingness to give to the cause. Now here is where individual effort is getting nowhere very fast. The committee selected for this purpose at the outset should take the matter in hand, and push the solicitation for funds, raise the amount necessary and erect that monument.

There will be another good meeting of the citizens of Bandera next Tuesday night at the Cox Hall, to discuss matters pertaining to the welfare of this town. At the last meeting committees were selected to get prices on suitable encampment sites hereabouts, and look into other matters. These committees will make reports at the meeting Tuesday night. And some other important matters will likely come up. Now, if you are interested in Bandera's future you ought to show your interest by attending these meetings. Your very presence helps.

The editor had the pleasure last Friday afternoon of attending a meeting of the Medina Parent- Teachers' Association, held at the home of Mr. and Mrs. W. T. Knight in that city. Our presence there just happened so, as we were captured by an enthusiastic P. T. A. worker and conducted into the meeting, and after we were once inside we were so delighted we had no desire to run away. A strictly business meeting was held, after which a delightful social program was given and dainty refreshments were served. Rev. A. R. Rector, presiding elder of the Methodist church made a splendid talk to the patrons and teachers of the Medina school, and which could well be heeded by the fathers and mothers of the community. Judge A. L. Mansfield, who had also been captured and escorted thither, was called upon and made a good talk to the large crowd present. We won't go into full details of the meeting, but we want to take this opportunity to congratulate Medina on having such an energetic and progressive organization as the Parent-Teachers' Association. Every community needs such an organization, and it will certainly accomplish wonders for the community.

Say stranger, we're telling you about Bandera. If you are not a stranger you know about Bandera. If you are a stranger we want you to know about Banderland, the blessed.

The Methodist Encampment mentioned in last week's New Era, goes to Kerrville, and we congratulate that hustling town on securing this big plum. Kerrville is reaching out for those things and getting them by united effort, and those big things are just what are making Kerrville a great city. We are proud of our neighbor and we feel not the slightest jealousy because she is getting big things. Bandera wanted that Methodist Encampment, and, suddenly realized that we wanted it mighty bad, but we woke up to the fact too late to interest the location committee in our attractive region. When our committee went to confer with the Methodist committee it was learned that Kerrville's proposition had been tentatively accepted, and we could only blame ourselves for not setting the alarm clock and getting up before breakfast. But we are awake now. We are going to reach out for everything in sight. The many good things this town has missed in the years that have passed has taught that collective action must be taken. Individual effort gets us nowhere. We know of several men here who have always been agitating, working, striving and pulling to get things going along progressive lines, and are still at it, while others have just been standing around waiting for them to succeed and thereby get the benefit of their labors. But now everybody has woke up to the realization that all must work for those things that are for the town's good or the town can't get them. When men begin to think together they begin to plan together; when they begin to plan together they get together; when they act together they can accomplish something worth while.

The New Era is arranging to add a new feature to the great family weekly. Beginning with the second issue of this paper in March we will give, once each month, a magazine section composed of a colored comic section for the little folks and a line of general news, frontier stories and household hints for the grown-ups. This feature will appear once each month and will be given without any raise in the New Era's regular subscription price. But this feature has nothing to do with our regular monthly magazine, Frontier Times. It is seperate and apart from that magazine, and altogether different. Frontier Times is in no way connected with the New Era, except that the editor and owner of the New Era is also editor and owner of Frontier Times. The magazine feature we will add to the New Era is furnished us by the Home Color Print Company of Fort Worth, who has contracted to supply this feature to us for the next twelve months.

Everybody should send in their name at once for membership in the Old Settler's Association. Don't delay. We want to know just how many badges to prepare for the members. If you were born in Bandera county and have reached the age of forty send in your name. If you are living in Bandera county now and have reached the age of forty you can join. Get in the procession.

Notice the date opposite your name on the margin of the New Era. It shows when your subscription expires. We don't overlastingly ding-dong our subscribers about paying up when their subscription expires. The date is there to remind them when their time is out, and then renewal is in order.

The above list is merely a starter. Every man and woman who is forty years old and residing in Bandera county is eligible to membership. Annual dues in the Association one dollar. If you have resided in Bandera county sixty years or longer you will not have to pay dues. Badges will be issued to all members in good standing. Badges will entitle you to all the privileges of the association and at the big reunion to be held here each year. The association needs funds, and in order to raise these funds the small membership fee of $1.00 is asked, which covers the year's dues also. Send in your dollar to the secretary today.

At a meeting of the fair directors last Saturday the initial steps were taken toward holding a County Fair in Bandera this year. No date for the fair has yet been set, but it was decided to charge an admission fee this year. Heretofore the fair has been free to everybody, but this has proved a very unsatisfactory method inasmuch as it has not enabled the offering of suitable premiums and prizes, and has caused a deficit in the treasury. There is a debt of about eighty dollars outstanding from the last fair, which represents premiums that go to certain schools in the county. At the meeting Saturday arrangements were made to take care of this indebtedness and the money will be awarded to the Medina and Bandera schools according to the terms laid down in last year's catalogue. Now we hope everybody will pull for the fair this year. Let no discord or disaffection arise to mar its success. The fair workers are going to do their best to make the fair all that it should be, and with your help it will be the best fair ever held in Southwest Texas.

It is now unlawful to catch bass, crappie, trout, perch, or catfish out of the Medina river. State says you can't catch 'em until the first of May. If you catch 'em the State will catch you, and you'll have to pay dear for your folly. This closed season is a fine thing, and we are glad it is in effect. When the season opens May 1, we'll find that we have worlds of fish in our Medina river, and fishin' will be good.

Now is the time to buy a Ford car. Cheaper now than ever before. Let me figure with you.—JAS. L. COX, representing Faust Motor Co. Comfort.

At the Old Settlers' reunion to be held here July 4th and 5th, a big parade will be arranged, in which will appear floats and vehicles illustrative of early days. An ox-drawn wagon will probably head the parade.

Everybody should advertise the Old Settlers' Reunion to be held here July 4th and 5th. Invite your friends to come. Let it be made a great home coming event for those who have been away from Bandera for so long, and who now live in various parts of the United States. With in a short time we will print envelopes announcing the big reunion. Use these envelopes in sending out your letters everywhere. We will furnish them in packages of 25 to 100 at low cost. Every business firm should have reunion advertising printed on their business envelopes. Tell everybody about the reunion.

Col. J. B. Buchanan, of Ft. Worth, was here last Saturday and spent a delightful half hour with the editor. Col. Buchanan is an old time newspaper man, and his good right hand has not yet lost its cunning by any means. He is now connected with the Home Color Print Company of Fort Worth, and his business is to interview the editors of Texas weeklies and offer them improved features for their papers.

In last Sunday's San Antonio Express appeared a picture of the San Saba High School graduating class, in which group was to be seen the smiling likeness of Miss Ora Anna Greer, a former Bandera girl. Miss Greer is the daughter of Dr. and Mrs. Jos. Greer, who moved to San Saba about eighteen months ago. We congratulate Miss Ora Anna on the successful completion of her high school studies.

Box Supper at Bluff.

It was the mother's good fortune and pleasure to attend a box supper at the Wallace Creek school house last Friday night, and we had a most enjoyable time. Wallace Creek school has been successfully taught this term by those splendid young ladies, Misses Tennessee White-head and Mary Keese. The patrons there informed us that it has been the most successful term they have ever had, and were loud in their praise of the teachers for making it so. But the funds to conduct the school longer had been exhausted, and the box supper was given as a means of raising more money to continue the school as long as possible. A large crowd was present and bidding for the boxes was very spirited at times, especially when a certain large box was set forth to dazzle the fond gaze of certain young men. Pitted against each other they soon ran up bids on the box to $6.75, and the lucky boy got to eat with the fair lady who prepared the dainty contents of the elaborately decorated box, and everybody was glad. The sale of boxes brought $38.00, which will be used as stated above. Then by private subscription an additional amount will be raised and Wallace Creek school will continue for awhile longer. Judge A. L. Mansfield was there in all his glory to encourage the Wallace Creek patrons in their good work and interest in school matters. He made an excellent talk in which he highly praised the teachers of the school and commended the patrons for what they have done. There is some talk of consolidating the Wallace Creek and Rocky Creek schools which, if done, will be of great advantage to both communities.

Buy your sausage casings at Mansfield's Meat Market.

When you have visitors or know an item of news just step to your telephone and call the New Era office. Or better still write the names of your visitors on a slip of paper and send to us for publication. We will appreciate your kindness.

Our services can't be beat.—Geo. W. Saunders Livestock Commission Co., San Antonio and Fort Worth, Texas. (adv.)

Frontier Times for March.

The March number of Frontier Times, our little contemporary, will be issued from the press February 15, and will contain the following interesting articles:

"The Lost Gold Mine of Guadalupe Mountains."

"The Gospel Went to the Ox."

"Thrilling Tales of Frontier Days."

"Daring Hold-up. Bell, Fort, Concho and Abilene."

"The Lofty, Courage of a Frontier Boy."

"The Killing of Riley Acker."

"George Braun Came to Texas in 1856."

"An Englishman's Experience in Texas."

"On the Buffalo Range in the Early Days."

"A Trying Trip Through the Wilderness."

"The Scalping of Josiah Wilbarger."

"The Texas Rangers."

And other good stories.

Frontier Times is now 3 months old. Its circulation is steadily increasing, new subscriptions coming in all the time from all parts of the country, and every copy of this little magazine which goes abroad is a boost for Bandera. If you are not subscribed for it yet you should do so. Take advantage of our offer to send the New Era and Frontier Times both for a year, for only $2.50.

Dr. McBeth, of Harper, has bought the ranch of John Isaac, said to contain 18 miles from Sabinal, for $17,000.

The New Era makes a flat rate of fifty cents for publishing card of thanks. We kindly ask those who send in matter of this character to please enclose the amount, as we do not want to be out the same on our books.

Quite a number of New Era subscriptions are expiring just at this time. We hope all will renew promptly. In renewing remember you can take advantage of our offer to send the New Era and Frontier Times both for one year for only $2.50, if you wish to do so.

Pat McCarty Killed

Bruce McCarty received a telegram last Thursday announcing the death of his brother, Pat McCarty, who was killed in an auto wreck at Summerton, Arizona. Details are lacking, as no further information has been received. Deceased was about 38 years of age, and leaves a wife and three children. He left Bandera in 1919 to go to Arizona to take the management of a large ranch near Summerton, which position he held until his death last Thursday. Pat McCarty was well known and highly respected in this county. He was a conscientious, industrious, upright gentleman, and his death is greatly deplored by all who knew him.

Fair Dates Set.

The Bandera County Fair will be held here August 18, 19 and 20. This date has been definitely set by the fair directors. Already steps are being taken to make this the best fair ever held here. The catalogue is now in preparation, and advertisers should get it their copy in early to the secretary who will arrange it for them.

Entertainment Postponed.

St. Joseph's School Entertainment has been postponed to Friday night, February 29, on account of the new Steinway piano not arriving on time.

The Uranal Masquerade Ball at Cox's Opera House, Thursday night, February 14.

I have been asked a number of times to write on "Kissing." I am going to respond here and now. This is somewhat of a delicate, yet thrilling subject, about which everyone knows more than they ever tell. We all kiss—it is a habit with us. It is practiced by men and women of all ages, regardless of sex, creed, complexion, lodge, and the Ku Klux Klan. It is great fun, but it gets little piggly—there's prickly feelings up and down our spine. It is very much better than wine to warm the blood and cheer the soul. It is a first rate cure for the "blues." The Blue Devils positively refuse to stay around where it is being indulged in. We all know experience is the best teacher, and this subject can never be thoroughly understood without a demonstration. They say there are microbes in kisses, but if you think the girls of Crystal City don't like microbes, just try them once. Kisses, like grapes, bananas, Fords, and trouble, usually come in bunches. After the first one the picking comes easy. Sometimes kisses come in peaks, but in this case four pecks do not make a bushel. Some terrible things can be caught by kissing. You ought to see the poor fish my sister caught. She said he got caught in her hair net, but then that's nothing. Lots of poor fish used to get caught that way. And it usually cost them 25 cents a catch. Dot says, "Well, why don't you kiss me?" George replies, "I was in doubt," and then immediately asks, "Why don't you give me the benefit of the doubt?" Oh, we girls like it all right. A boy asks a girl if it would be petty larceny if he kissed her, and she tells him it would be grand. Try this on your piano. Kissing is at the same place that holding hands was 20 years ago. This may seem a peculiar subject to write upon, but it is interesting, the same as football games, ice cream and the latest style in knickers. And we must keep up with the times. Probably some time I may win fame by starting a correspondence school for the teaching of this art. Think it over. Call it "The as an applied art"—"Windy Wolf," in Zavala County Sentinel.

At the Old Settlers' Reunion to be held here July 4th and 5th a great parade will be arranged. Elaborately decorated floats of every description will be in that parade, depicting the early day life. The coming of the first Others, Elder Lyman Wight and colony of Mormons, the Polish colonists, Jack Hays' Rangers, the shingle-makers, the Indian fights, the cowboys, the cattle drivers, and many other things will be portrayed in that grand event. There will be a great platform erected for the old folks to dance on—like they used to dance in the days gone by. There will be a tournament run, and a shingle-making contest, and a wedding. Yes, a real honest-to-goodness wedding. A substantial purse will be offered to the couple that will get married at the great assemblage during the reunion, and if a young couple can't be induced to get married publicly, then some old couple who have been married fifty years will be produced to celebrate their golden wedding ceremony. Yes, verily, the old settlers are going to have a rip-snorting, high-ball time at their reunion in Bandera this summer. Are you coming? Sure you are. Then send in your name for membership at once. A membership fee large enough to pay all of the privileges of the reunion.

Last Thursday we stated that Vernon Powell came to Bandera with the Medina road boosters. The chap we were calling Vernon Powell happened to be Ed Caton of Medina, and when we went up to Medina Friday afternoon Mr. Caton met us as soon as we got there and said he was not offended in the least, but he feared Vernon Powell would be, for Vernon is mighty proud of his good looks and don't want anybody trying to look like him. We think we can placate both gentlemen, by saying that both are extremely handsome fellows but do not look anything alike, and the cause of the mix-up was due to the fact that while we were writing that item about Medina road boosters somebody came in and said something about Vernon Powell being a good roads booster and we just accidently ushered Vernon into Ed Caton's pew.

Celebrate a wedding. Yes, a real honest-to-goodness wedding. A substantial purse will be offered to the couple that will get married at the great assemblage during the reunion, and if a young couple can't be induced to get married publicly, then some old couple who have been married fifty years will be produced to celebrate their golden wedding ceremony. Yes, verily, the old settlers are going to have a rip-snorting, high-ball time at their reunion in Bandera this summer. Are you coming? Sure you are. Then send in your name for membership at once. A membership fee large enough to pay all of the privileges of the reunion.

BLUFF BULLETINS

In our last report we stated that Miss Tennessee Whitehead was going to teach a month of pay school, but Miss Tennessee has accepted another position and Miss Mary Keese will teach here.

Born, to Mr. and Mrs. Will Baker, a girl, Alta Lee, on February 17.

In our last report we forgot to mention the birth of a baby girl to Mr. and Mrs. Heneley, on February 10.

Mr. and Mrs. Ira Baker were guests of Mrs. Baker's parents, Mr. and Mrs. Will Baker, Saturday night and Sunday.

Mr. and Mrs. Tom Mears and children were guests of Mr. and Mrs. Lane Jackson Sunday.

Misses Enid Mears and Jim Chisum of Willow City were in this community last week.

Claud Evans was the guest of Tom Mears Monday night.

Recital at Medina.

Prof. Carlton's violin class went to Medina last Friday and gave a recital at the Methodist church there. "A large crowd of Medina people turned out etc. hear the class and highly praised Prof. Carlton and his pupils. Those who participated in the recital were Misses Pauline Eldridge, Lora Langford, Eunice Price, Gladis Holloway, Myra Jenrette Hunter, Lois Butler Frank Hodges, Joe Frank Gebhart, Burgin Davenport, Edwin Schoenert, Rhea Mansfield, Miss Donna Fryckburg was the piano accompanist.

Miss Leo Price Married.

Miss Lenora Price, daughter of Mr. and Mrs. J. R. Price of Bandera, was married Sunday to Mr. Henry Mills at Alfred, Texas. This comes as a surprising bit of news to the many friends of the bride here, and all hasten to extend congratulations and best wishes. Miss Price is a teacher in the school at Alfred. She came home to spend the Christmas holidays, and was accompanied here at the time by Mr. Mills, who is a gentlemanly young man, and made many friends with all who met him. He is an industrious young farmer of the Alfred community.

Pat McCarty Killed

Bruce McCarty received a telegram last Thursday announcing the death of his brother, Pat McCarty, who was killed in an auto wreck at Summerton, Arizona. Details are lacking, as no further information has been received. Deceased was about 35 years of age, and leaves a wife and three children. He left Bandera in 1919 to go to Arizona to take the management of a large ranch near Summerton, which position he held until his death last Thursday. Pat McCarty was well known and highly respected in this county. He was a cattleman, industrious, upright gentleman, and his death is greatly deplored by all who knew him.

Fair Dates Set.

The Bandera County Fair will be held here August 18, 19 and 20. This date has been definitely set by the fair directors. Already steps are being taken to make this the best fair ever held here. The catalogue is now in preparation, and advertisers should get their copy in early to the secretary who will arrange it for the printer.

Entertainment Postponed.

St. Joseph's School Entertainment has been postponed to Friday night, February 29, on account of the new Steinway piano not arriving on time.

Another Good Meeting.

Tuesday night the citizens of Bandera held another rousing meeting at Cox Opera House, at which the matter of securing encampment sites for such organizations as societies, fraternal, benevolent and religious, as should desire playgrounds, in this favored region. The committee reported that several sites had been secured by option and other sites were being looked into, and all are very desirable. Other matters, such as road improvement, road building, civic progress, and general community welfare were taken up and discussed at some length, chief among which was the matter of co-operating with Medina in securing a continuation of Highway 87 from Bandera through Medina to Kerrville, and also putting the Bandera-San Antonio road in condition to meet the requirements of the State Highway Department and make it a highway of the standard known as class. Pipe Creek community will be asked to co-operate with Bandera in this matter, and it is the hope that we soon will have a real highway extending from San Antonio through Pipe Creek, Bandera and Medina to Kerrville. Tuesday night, March 4, at which time every citizen interested in Bandera's development will be expected to be present. Absence indicates lack of interest.

Big Birthday Dinner

Last Sunday was L. C. N. Stevens' birthday, and he was—but say, now, we are not going to tell just how old he is, for he is such a young looking man folks would think we were exaggerating. Anyway a fine dinner was spread in his honor at the family home near Bandera Pass, and a number of frends gathered to help celebrate the happy occasion. Those present were: Mr. and Mrs. Earl Eckling, Mrs. Olin Davenport and two children, Mrs. Alton Ridley, all of San Antonio; Mr. and Mrs. Ben Stevens and two sons, Mr. and Mrs. Vic Saul and little son, Mrs. Len Rayfield, John Stevens and Miss Luelba Stevens.

Picture Show Saturday Night

Fred Cox was here from Comfort last Saturday and arranged to place Tom Rayfield in charge of the Bandera Theater, Beginning next Saturday night, a regular program will be given, at least once a week, and sometimes oftener. A good picture will be shown next Saturday night, and you should not fail to see it. Ralph White will come over from Center Point to assist Mr. Rayfield in getting everything going right.

For a Highway

Judge A. L. Mansfield, E. H. Sewall and Ed Calon went to Austin Monday to appear before the Highway Commission to ask for a highway from Bandera, through Medina, up Waller's to Kerrville. They were accompanied by Senator Real of Kerrville.

Celebrates Birthday Anniversary

Mr. D. J. Lloyd, of Lima, was pleasantly surprised with a social gathering of friends and relatives at his home last Sunday, the occasion being his 68th birthday. Among those present were Mr. and Mrs. Pete Wilson, Mr. and Mrs. Chris Wilson, Mr. and Mrs. Ed Hinds, Mr. and Mrs. John Dale, Misses Bertha, Ruth and Paralee Dale, Misses Marie Maggie and Opal Wilson, Misses Jessie and Johnnie Dale, John and Louis Wilson, Mr. and Mrs. Will Keese, Will Keesee, Jr., Ira and Miss Keese, Miss Ora Keese, Mr. and Mrs. A. F. Lloyd of Fort Worth, and Miss Minnie Lloyd. A great feast was spread, the table being loaded with good things to eat. The birthday cake with its 68 red, white and blue candles, was a very pretty adornment. Many congratulations were showered upon Mr. Lloyd, and all expressed the hope that he would enjoy many more such birthdays.

Meeting Called.

A meeting of the subscribers to the fund for the building of a bridge at the Hondo Crossing is called for Saturday, March 1, at 2:30 p. m., at Cox's Hall, for the purpose of arranging to begin construction the bridge. Mr. Meyers, of Comfort, will likely be present and all details of the undertaking will be entered into. —M. F. Johnston.

Box Supper at Rocky Creek

A box supper will be given tomorrow (Friday) night for the benefit of the school there. Everybody invited.

VANDERPOOL VISIONS

The J. N. Word mercantile establishment is completed and is a handsome structure. The post-office is in the store also.

Will Bisbee, wife and baby, of Little Creek, accompanied by Mrs. Bisbee's brother, Mr. Boltinghouse, came through Vanderpool Saturday enroute to visit Mrs. Bibee's sister and family. Mr. and Mrs. Frank Tante of North Vanderpool.

Miss Allie Word returned last week from a month's visit to relatives at Del Rio.

Harley Clayton, of Sabinal, has been in this community the past several days buying steers for the Ft. Worth market.

Mrs. John Polvado, Sr., was agreeably surprised last Saturday by her mother, Mrs. Ratliff and sister, Mrs. Donharmer and family, all of San Saba, who came for a few days stay. Her mother will spend the remainder of the winter with Mrs. Polvado, and Mr. Donharmer and family left the latter part of this week for San Antonio where they intend locating.

G. M. Foster was transacting business in Sabinal Wednesday and was accompanied home by his brother A. D. of that city, who spent Thursday with him and that night with his brother L. S. Foster and family, who accompanied him home Friday.

Clarence Love motored to Sabinal Saturday and was accompanied home by his three sisters, Misses Genie Love, telephone operator of that city, Gracie Love, who is attending school there, and Mr. and Mrs. Frank Williams and little daughter of near Sabinal, returning Sunday afternoon.

E. J. Rainey one of our hustling business men, came in Saturday from the Alamo City and other parts of the state. He left Sunday afternoon for the historical city to attend to some unfinished business.

Mrs. Lee Bridges and little son, Thomas, spent Sunday with Mrs. Ernest Rainey of Mill Creek.

Mr. and Mrs. W. W. Chisum were happy to have as their week-end guests, their nieces, Misses Cleo and Francis Chisum and their brother, Charles Henry, all of Seguin. They accompanied their uncle, W. W. Chisum express agent of Sabinal, up to his ranch southeast Vanderpool Saturday night. The young folks enjoyed a stroll upon the mountain Sunday morning, returning to Sabinal in the afternoon.

The Thursday test well No. 1 is progressing nicely drilling around near 1000 feet. Field manager Fuller pronounces some good indications showing up.

TARPLEY TOPICS.

Little Miss Dorothy Hicks is quite sick at this writing. We hope she will soon be in school again.

Mr. and Mrs. Ike Evans entertained the Forty-Two Club Saturday evening. Everyone enjoyed the social. Those present were J. J. Leighton, H. W. Billings, L. W. Dean, and J. B. Sparks and their families, Misses Vashti Dean, Mary Dean, Clara Purvis, Edith Jones, and Sadie Robison; Messrs. John Coffey, Dick Burns, Jake Sparks, Sam Jones, Milton Purvis, Johnnie Wright, G. L. Dickson, and Cl. Hicks. Mrs. L. W. Dean will entertain the club at an early date, and we hope she will serve as good chocolate candy as did Mrs. Evans.

Willie Ahrens, of Camp Stanley, visited, R.C. Boales Sunday.

Mr. and Mrs. G. Hicks spent Sunday on Hicks' Creek, visiting Mr. Hicks' mother.

Ike Evans, Wes Dean, and a few boys had a fine wolf chase one night last week. Ask Ike about it.

UTOPIA NEWS

Rev. Storms and R. A. Masters have gone to San Antonio on business.

Mr. and Mrs. C. M. Donohue and children spent Saturday in Sabinal.

Mesdames Manley, Nunley and Kincheloe entertained the Missionary Society at the parsonage Wednesday afternoon. Sandwiches, cake and tea were served to about fourteen members.

The Ku Klux Klan held an open air meeting Thursday night. A large number of visiting Klansmen from surrounding towns were present. Sandwiches, pickles and coffee were served to about a hundred members.

Prof. Dorow and son, Edward, of Leakey, were here Saturday.

Two games of basket ball were played between Leakey and Utopia on the Utopia court Saturday afternoon. The first game was played by the grammar school teams, and ended with a score of 16 to 6 in favor of Utopia. The second game was between the high school teams and ended with a score of 36 to 9 in favor of Utopia.

Miss Lenora Harper spent Sunday with her parents, Mr. and Mrs. George S. Harper.

Mrs. R. N. Word and baby returned Sunday from Sabinal.

Three years ago the New Era editor landed high and dry on Bandera, and from the very first we have been clamoring for better road to San Antonio. We realized that until such a road was built Bandera could not hope to make any progress or development. That three-mile stretch of road across Medina county was awful—and there seemed to be no prospect of ever getting it improved, unless the citizens of this town went down in their pockets and produced the money with which to do the work. And that was far from their intentions we knew, and they would have repaired the road long ago. So the New Era began to howl about the road. We talked about it, dreamed about it, and almost swore about it when we had to travel over it. Finally others took up the subject, and after three years of causing and discussing the hope is about to be realized. Graders are now building a road across Medina county on the Bandera-San Antonio highway, and the work is being done under supervision and according to specifications of the State Highway Department, which will maintain it. Furthermore, the State Highway Commission has contracted with Bandera to establish and maintain patrol graders on the Bandera county portion of this road, and already some excellent work has been done by Commissioners J. L. Edwards and J. B. Holt. There were times when we felt like our clamorings were without avail, but now, gentle reader, we feel like shouting in the good old Methodist way. Glory hallelujah! Arise and sing!

Bandera county has a working board of commissioners. The board was in session last week for four days, and thoroughly went into all of the county's affairs. Every minute of the time was occupied, and in order to expedite matters night sessions were held without extra expense to the county; in fact the county was saved a tidy sum by the extra time work done by these commissioners this term. There is no question about the earnest desire of the present board. Judge A. L. Mansfield, J. B. Holt, R. L. Morris, J. L. Edwards and J. V. Porter, to give Bandera county the best and most economical administration possible, and we are pleased to note the good results on every hand.

The entire spring accumulation of Sutton county mohair, approximately 175,000 pounds, has been sold in advance of shearing at 50c per pound for grown hair and 75c per pound for kid hair. And it is also reported that Menard and Edwards county goat raisers have sold around 200,000 pounds of mohair at the same price. J. M. Lee of Del Rio, representing Draper & Co. of Boston, was the buyer.

Another evidence of Bandera's awakening is apparent in the determination to build a bridge at the Lando Crossing here. Ever since the beginning of Bandera the people of the Julian, East, Middle and West Verdes, as well as citizens who live just across the river from town, have been handicapped by the lack of a bridge on which to cross when the Medina river was on even the slightest rise. A few years ago an effort was made to raise funds with which to build a bridge, but the effort failed. A short time ago M. F. Johnston, with characteristic energy, set about to raise funds with which to build a concrete bridge at this point—and the bridge is going to be built. Almost enough money has been subscribed and we feel that which is lacking can be easily made up. Mr. Meyer, the well known bridge builder, will probably be given the contract to construct the bridge, in which event we know a first class job will be done; as he has built several bridges in this section and without failure or complaint. But we want our people to realize the necessity for immediate action, as the spring freshets will soon be in evidence, and the bridge should be put in as soon as possible. A meeting has been called of the subscribers to the fund for the purpose of building that bridge, and every man interested should be there. And if you have already donated to this fund you are urged to deposit your donation at either bank in Bandera at once.

Verily, old Bandera county is waking up in all communities. Bandera is reaching out for better roads and amusement location; Medina is after better roads and a bond issue for the purpose; Tarpley wants a better school building; Vanderpool and the western portion of the county have asked for a bond issue for better roads; Pipe Creek recently consolidated with the Deskin school district, and we expect these people there will soon begin to clamor for a better school building. All of these things are but symptoms of a great upheaval toward better things—"growing pains" as it were that foretell development. When the giant is asleep he is inactive, of course, but when the giant is awake he is a mighty individual. Bandera seems to be a giant that has never realized his strength. Mighty things will be accomplished here when Bandera is fully awake.

The editor made a trip to San Antonio last Friday afternoon, passing over that stretch of road that is being built across the three miles in Medina county. We noticed crews of graders at work and they are getting the roadbed graded up in fine shape. Within the next two months that stretch of road will be finished in first class condition, and thus a great barrier to Bandera's progress will be removed. Arise and sing!

Frontier Times for March was issued from the press last Friday, and has been mailed out to its increasing number of readers. It is full of thrilling frontier history, and if you have not yet subscribed you are missing something. It will visit you for one year for a dollar and a half.

Notice the date opposite your name on the margin of the New Era. It shows when your subscription expires. We don't everlastingly ding-dong our subscribers about paying up when their subscription expires. The date is there to remind them when their time is out, and then renewal is in order.

An Indian Massacre

It is planned to arrange a skirmish battle and Indian massacre at the Old Settlers' Reunion here July 4th and 5th. A log house will be built as a settler's cabin, an attack will be made by Indians, settlers will be massacred and scalped, and a body of rangers will swoop down and annihilate the Indians. The stage for this thrilling tragedy will be on the loopy and sixty or seventy horsemen will participate. There's going to be something doing every minute of the time at the reunion of the Old Settlers of Bandera county. Write and tell your friends to come.

Frank Montague of Bandera County, arrived in San Antonio Friday, coming from Del Rio, where on Thursday, he sat with the executive committee of the State Sheep and Goat Raisers' Association, assembled quarterly meeting. He reports that on Thursday Mrs. Montague had a message informing her that her uncle, Pat McCarty, well known in Bandera county, and in San Antonio, had been killed in an auto wreck in Arizona. No particulars were wired. Mr. McCarty was foreman of Frank's Bandera ranch, while Frank was in the army. McCarty was reared in the Hico country and has an extensive acquaintance up in that section of the country. About Frank in the army: there are seven of the splendid Montague boys, and six of them were in the army. Four of the six saw service overseas, Frank being one of the six. All the Montagues are handsome, brainy chaps, and nearly all of them, the best we can figure it out are lawyers, judges, scattered all up and down the livestock country. Being ranch reared boys, they just naturally stay in the ranch countries. Now, Frank is so splendid and keen you'd think right off the reel that he was mustered by a colonel when he got back—nothing less than a captain, at worse. But Frank laughs at the insinuation. "Not a bit," he says, "just a buck private—that's all." However, on cross examination, he was forced to admit that he was promoted "Oh, yes," he says gracefully "I was promoted to private of first class!" The kid and lamb crop of the Bandera county promises to be nearly 100 per cent, he said yesterday. Also, the wool and mohair crop will be good, for the sheep and goats have wintered well. Shearing will begin by February 25, he says. The Montague boy's come of pioneer stock of the best and they count as uncle that great cattleman of the yesteryears, Capt. John Lytle.—Cattle Clatter in San Antonio Express.

Teachers to Meet at Medina.

The teachers of Bandera county schools will hold their regular get-together meeting at Medina next Saturday. All teachers are expected to be present for questions will be discussed that will be of mutual interest to all. The patrons and friends of our schools are also invited. The program for the meeting appears in another column.

Heel Fly Time in Texas

A few months ago the New Era published an interesting serial story, "Heel Fly Time in Texas," written by John Warren Hunter, and dealing with events along the Mexican border during Civil War. We have had many requests for this thrilling story in pamphlet form, and we are pleased to announce that we will soon be able to supply copies to those who desire to read this story complete. Beginning with the April number of Frontier Times the story will appear in that magazine serially, and from the type we use in printing the story, a booklet, under that title will be printed. We hope to have the booklet ready for distribution sometime in April. The price will be fifty cents per copy.

Masquerade Ball.

The masquerade ball at the Cox Opera House last Thursday night was about the largest attended dance enjoyed in Bandera for some time. An immense crowd was present and the costumes were very elaborate. Mrs. Earl Gray was awarded the prize for having the prettiest costume. She represented a butterfly. Sergeant Wright of San Antonio won the "booby" prize for having the most comical costume. He represented "Rooh McNutt." The judges were Messrs. Chas. and Gus Britsch, and Ernest Kindla.

MEDINA MISSIVES

A large number of teachers and pupils of Bandera county were present here for the Teachers' Rally last Saturday.

Everyone enjoyed the Recital given at the Methodist church last Thursday night by the Miss Lawton and Mr. D. O. Tallman. About $11.60 was realized which was given as a committal payment on the Methodist church piano.

The infant of Mr. and Mrs. Henderson of Bluff died last Sunday night, and was buried at the Medina cemetery Monday. Our sympathy is extended to the bereaved family.

We are glad to report that Mrs. O. D. Stokes still improving and hope she will be able to brought home soon.

C. S. Fee and family, O. A. and L. J. Keese and families were guests of W. A. Tobey Sunday.

Harry Tobey and sister, Miss Lois and Miss Archie Mitchell attended the box supper at Rocky Creek last Friday night. $33.00 was received, which will be added to school funds for having a longer school term.

Mrs. Coulter and Mrs. R. B. Forest visited Mrs. O. D. Stokes at the Kerrville hospital one day last week.

T. H. Phillips and Ted Hillman of Lima, were in Medina last Saturday.

Mrs. O. P. Baker visited Mrs. M. P. Akin on West Prong last weekend.

The B. Y. P. U. enjoyed a social at the home of Mr. and Mrs. Cliff Freeman Friday night. Cherry pie was served. A large crowd was present.

Miss Donna Steinle, of Jourdanton, is the guest of her cousin, Mrs. A. V. Pue.

Collier and little granddaughter, of San Antonio, are visiting Mr. and Mrs. Joe Tobey.

"In Little Folks' Town," a cantata at St. Joseph's School auditorium, Friday evening, February 29.

Teachers' Rally at Medina.

Teachers of Bandera county schools met in a big get-together rally at Medina last Saturday and enjoyed a great time, a veritable "feast of reason and flow of soul." Teachers present were Miss Laura Mae Thetford, Miss Evlyn Watkins, Mrs. A. Meadows, Miss Tennessee Whitehead, Mrs. Whitson Justice, Miss Jessie Rambie, C. F. Wheeler, W. O. Hatfield, Mrs. Alice Fuller, Miss Jennie Kirkland, Miss Sonora Jackson, Mrs. Susie Davis, C. F. Freeman and Mrs. Mae Freeman. The program was well carried out and everybody showed a splendid interest. The Medina Band furnished excellent music, which was appreciated by everybody. In the spelling match between the pupils and patrons and teachers, the patrons and teachers won, but have nothing to brag about. Twelve were chosen on each side. Prof. Wheeler and Miss Jennie Kirkland being left to win against Miss Viola Forrest, a sixth grade Medina pupil, and the young lady proved herself a formidable antagonist in the match. Some of the good old time spellers like Judge Mansfield, Prof. Freeman and W. Y. Knight went down early in the game. The judges were Mrs. A. Meadows, Mrs. J. E. Brown-ing and Rev. Evans. Misses Olga Knight and Laura Mae Thetford gave out the words.

The dinner spread by the good ladies of Medina was simply fine and if anyone went away hungry it was not the fault of the Medina ladies.

This will be the last teachers rally for this term. There is no doubt but that these get-together meetings have been of great help to school work in Bandera county, and it is to be hoped that with the beginning of the next school term the Medina rally will be kept up.

John R. Storms Dead

John R. Storms, formerly a practicing attorney of Bandera, but for the past several years a resident of Kerrville, died at San Antonio last Thursday. He was well known throughout this section, and had many friends who regret to learn of his death.

Officers and Directors Elected.

The Bandera County Ranchmen & Farmers' Association held its annual stockholders' meeting in Bandera last Saturday. The old board of officers and directors were re-elected as follows: W. E. Mansfield, president; A. D. Kutzer, vice-president; Fred Thalmann, secretary-treasurer and general manager. Directors, W. E. Mansfield, A. D. Kutzer, Fred. Thalmann, R. D. Garison, W. R. Thomason, R. N. Padgett, F. E. Whisenhunt.

The Association finds itself in pretty good condition, and on a firm foundation, due to good management and sound judgment. It is one of the best organizations in the country and has been the means of helping the sheep and goat raisers of this county get top prices for their wool and mohair.

Sheep Show at the Fair.

Bandera County Fair will have A, B and C type sheep show. Sheep to be sheared after the first day of March, 1924. In the goat department a long and short fleece show will be arranged. Short fleece is goats sheared after February 1, 1924. There will also be a wool and mohair show with premiums to be given on best display of wool or mohair, and on best three fleeces shown by exhibitor. Wool to be judged on type, length, density and firmness, and mohair on quality, length and lustre.

ATTENTION SHEEP AND GOAT MEN

With the approach of the 1924 wool and mohair season the outlook is very bright for the sheep and goat men. In this connection we wish to state that the demand for fine mohair is exceptionally good, and we therefore believe that it will be to your advantage to sack yearling hair separate from other mohair.

BANDERA COUNTY RANCHMEN & FARMERS' ASS'N

Mrs. Will H. Hayes Dead.

Mrs. Will H. Hayes died early Tuesday morning at the home of her parents, Mr. and Mrs. J. A. Head, in this city, after only a few hours illness. Her infant, a boy whose name would have been Henry George Hayes, died at birth, and together the mother and son, were tenderly laid to rest in Bandera cemetery yesterday afternoon. Funeral services were conducted at the Methodist church at 2 p. m. yesterday afternoon by Rev. M. H. Washington, the pastor, assisted by Rev. M. J. Scott, pastor of the Baptist church.

Mrs. Hayes, nee Miss Roberta Jone Barnes, was born in Bandera, June 28, 1891, being at the time of her death, 32 years and 8 months old. She was the daughter of Mrs. J. A. Head. On October 11, 1922, she was happily married to Mr. Will H. Hayes of this city. For many years she was a consistent and faithful member of the Methodist church, and identified with Sunday School and church work. She taught school in this county for twelve years, three of which were in Bandera High School.

Such, in brief is the life story of a most estimable and lovely young woman. Her pure life spent amid the happy environments of a pleasant home, budded forth as a rare flower, a benediction and a blessing to all with whom she came in contact, and her passing is mourned by

Elaborate Dinner

Friday after Mr. and Mrs. R. S. Pardue and a number of their friends, all of San Antonio, passed through Bandera on their way to their delightful summer home on the J. H. Bruce ranch near the Medina River to spend the week-end.

On Saturday Mr. and Mrs. Pardue entertained with an elaborate dinner, complimenting Miss Louise Adams and Mr. Barney Peters, who came up from San Antonio Saturday morning. The dining room was especially attractive with the wealth of Dresden ware holding the confections and blue blossoms. In the center of the table a large cut glass bowl filled with cut flowers, covered the cover of Japanese embroidery, was a tall Dresden bowl filled with bright crystalized fruits. On the massive buffet and serving table were other bowls in dainty coloring filled with blue cut flowers.

Those enjoying Mr. and Mrs. Pardue's hospitality were Mrs. Cornelius, Mrs. H. S. Corrington, Mrs. W. F. Sibert, Mr. and Mrs. J. H. Bruce, Misses Louise Adams, Lois Cunningham, Alice Gotaz, Mele Sibert, Dorothy Breen, Flossie Sibert, Minnie Bruce, Anna Mae Mansfield, Mary Nancy Peters, Ernest Cornelius, Leroy Gunn, Terry Adams, Hubert Bruce, Frank Rhea, Earl and Hayden Mansfield.

E. E. Coughran was here from Tarpley Monday and paid this office an appreciated visit. Mr. Coughran says his children have been quite ill with influenza.

Sheep and Goat Raisers Meet.

The Sheep and Goat Raisers' Association of Texas met in annual convention in Del Rio last week, and was attended by hundreds of friends throughout this region. It is hard to realize that she has been taken from her home and loved ones, but she will we be greeted by the smiling sunlight of her cheerfulness and this impresses upon us the sadness and loneliness of her departure, and like every friend she admired her pure, character, gentle ways and lofty ideals. To the bereaved husband, mother, brothers and stepfather we extend our sincere sympathy, for we keenly feel the grief that has overwhelmed them so suddenly, and we would comfort them with the assurance that the Almighty Father doeth all things well, and some sweet day there will be a happy reunion with loved ones, where parting or death, will come no more.

A great concourse of sorrowing friends attended the funeral at the Methodist church, and followed the remains to the cemetery, and the great banks of floral offerings were as a tribute to the goodness and purity of a true wife and daughter who has gone from us.

Henry Barnes of Eagle Pass, came in Tuesday, called here by the death of his sister, Mrs. Will H. Hayes.

All church, lodge and notices for charitable institutions where an admission fee is charged five cents per line each insertion.

Only a few days ago, to illustrate the nerve of some people, the New Era received a request to "print a full page platform of one of our candidates for governor, free of charge." Now let's see: It would have cost us $10 to have set the type for that page and another $10 worth of labor for the make-up, and presumably $25 we would have got for making a particular candidate to run for a particular office. But we didn't give it. However, we promptly advised him that a page space in the Bandera New Era, one issue, would cost him $25, and upon receipt of his check for that amount we would publish his platform as an advertising matter. The silence on his part is becoming oppressive.

Bandera County Fair will be held August 14, 15, and 16, instead of August 18, 19, and 20, as stated last week. The officers of the fair are already actively arranging to make this the best fair we have ever held. The different precincts of the county are beginning to line up, workers are being selected in each community, plans are being made to give each district its premium, and the committee will soon be called together for a general conference. It is desired that every individual who can arrange to put on exhibition some sort of farm product or livestock begin now to getting ready for the big fair. And remember the date.

When copies of Frontier Times are valued at $1.00 each, it is encouragement to be publisher. That is the price an Austin collector of historical data and manuscript has just paid for fifteen copies of back numbers of the little magazine. Fifteen dollars for fifteen copies, three copies of each issue. And Frontier Times is only six months old. We sell current numbers at fifteen cents per copy, but we can not supply back numbers. If you want to be sure to get Frontier Times you should subscribe for it, the price is only $1.50 per year, and every copy is worth the annual subscription price.

When seen yesterday, George W. Saunders was in a greatly encouraged mood as a result of several late donations that have come in regarding the monument fund for the trail drivers and pioneer cattlemen of Texas. Since the last regularly published list of donors to the fund, there have been several well known names added thereto. The following names are now added to the list of donors, Charles Schreiner and Sons, J. R. Gillet, W. T. Rupe, C. S. Broadbent, A. S. Billings, Geo. Etumberg Jr., Fred Steubing, W. H. Adams, C. F. Hinds, C. E. Johnston, Charles Graebner, James Gallagher, Thomas Franklin and estate of Richard King. Mr. Saunders gave out the following statement yesterday: The fund is nearing $2,500. Tight money is causing many men once that are anxious to donate to this most worthy fund. The general financial condition of our State is improving fast and I feel confident that this $30,000 fund will be completed this year. Ten dollars each from 3,000 donors will raise this fund and that is a small matter for the big state of Texas. Everyone should be interested in this monument to these pioneers of Texas, who did so much for what we have today. We have received several donations of $100 and $200 and several of $50 each, but the majority are of from $5 to $10 each. At this rate it will not take much more than $2,000 donations to reach $30,000, and I know that many will respond to our call when they learn of the opportunity. I am going to call a meeting in June of the officers of the Old Trail Drivers' Association and of all members of the association that can attend. I will ask the Chamber of Commerce and business men of the city to attend this meeting at which we will appoint committees to put on a drive in this and other cities. We will also select a design for the monument. It was suggested at and voted by all present at our reunion held in 1920 that a statue of myself on a horse should be placed on this monument. My idea is that a longhorn Texas steer would be much more appropriate, as that would be a true representation of the Old Trail Drivers and pioneer cattlemen of Texas. I want all interested parties to give this some thought before our meeting. I expect this fund to go over the top before our reunion, November 6 and 8 this year, and the monument completed and unveiled at our reunion in 1925. I know those who are proud of Texas history and the men who did so much to bring about this development will help make good my predictions. Send all donations to W. W. Collier, treasurer of the monument fund, care of the City National Bank, San Antonio.—Cattle-Clatter in San Antonio Express.

Tick Catching

A most interesting item to some of us is the item of $500,000 appropriated for the Live stock Sanitary Commission. $180,000 of this item for the animals known as tick catchers or inspectors that infest the cowmen worse than the ticks ever did the cow. Now listen. This crowd uses $160,000 for traveling and other expenses. God only knows what those other expenses are. Now listen again. This bunch are supposed to be cowmen. Yet they have $5,000 for law enforcement.

After eight ong years of bitter experience and careful observation and study I now know to my own satisfaction that this tick eradication is an impossibility. The idea is not practicable and is not supported as theory. I would therefore veto all the expense of tick tradication and stop all this nonsense at once. All that sought to stop and save at least $300,000 to the tax payers. —Extract from platform of James E. Ferguson in his candidacy for governor. There is something in it to think about. Another interesting extract will appear in the Forum next week.—Ferguson Forum.

W. Y. Knight, for many years a merchant at Medina, left this week, with his family, for Austin to reside. We regret to lose this estimable family, for Mr. Knight was a progressive, energetic citizen, and during his residence in this county has made hundreds of friends who wish him health and prosperity in his new location.

Worth the money—only $1.50 per year. The Frontier Times.

Post of Useful Life.

Friday, February 22, marks the eighty-sixth birthday of a man whose life history is so colorful, and incidentally, useful, that it reads as a long connected chain of fiction. The man is Charles Schreiner, native Frenchman, pioneer, State Ranger, Indian fighter, financier and public citizen of whom Kerrville and Southwest Texas are justly proud. Coincidentally, his birthday falls on the same date as Washington's.

A look back into the life of the venerable old gentleman reveals the struggles of an early time, fraught with hardships, difficulties and, in many cases, danger. Born in the little village of Riguewihr, France, in 1838 he came with his parents to America at the age of 14, settling on Turtle Creek in 1857 shortly after his marriage.

Followed years of struggle against an undeveloped wilderness filled with savages. But the battle against difficulties bore its fruits and Captain Schreiner secured a footing with the opening of a small store in 1869, after serving in the Civil War and facing the trying days of reconstruction. The little express store which was the seed from which grew industries now of huge proportions and generous returns.

An active interest in public affairs was rewarded with the election of Captain Schreiner as district clerk, which office he filled for two years and was elected county treasurer. He served in that capacity for 30 years, until business compelled him to resign.

An incident of his interest in connection with his term as district clerk in the moving of the county seat from Comfort back to Kerrville shortly after he was elected. The process was simple, not to say primitive. Taking a yoke of oxen under the wheels of a wagon for a light vehicle, hacks and buggies were then unknown. On the clerk went to Comfort for the records and brought them back on the ox cart in a four barrell—and the barrel was less than half full.

As the evening of life fades gradually into dusk the aged pioneer may look back upon his four score years of useful service to his country and sigh peacefully with the realization that this task has been well done.

Kerrville and friends throughout the State will join in wishing Capt. Chas. Schreiner many, many happy returns of the day. —Kerrville Mountain Sun.

OBITUARY

Once more our quiet little town has been visited by what we call "death." On Friday night, February 8th, 1924, just before midnight, the white flag was hoisted, signifying a surrender, and Grandpa McMahon breathed his last mortal breath, and his ransomed soul took its flight to the world above. He was born in Grimes Co., Texas, November 22nd, 1843. At the age of 17 years, he volunteered and served four years in the Confederate army. He was wounded in battle at Pleasant Hill, La. In 1867, at the age of 25 years, he was married to Miss Mary Elizabeth Francis. To this union, was born ten children, four girls and six boys, two of whom preceded him to the better world. His companion died 25 years ago, left him to battle life alone. Grandpa McMahon, as many were wont to call him, had a host of friends, and was loved and esteemed by all who knew him. In the year 1909, under the preaching of Rev. W. F. Waldrop, he was happily converted and was baptized by him. Some two months ago, he began to fail in health, and as he began to grow weak, he realized that his days were about spent. He came down to Medina and spent the last few days of his earthly career at the home of his son, John. He suffered but little pain. Some ten days before he died, this writer was with him alone, and in answer to some questions I asked, he expressed complete resignation to the will of God, and said he was ready to go. Only a short time before the breath left him, he told those in attendance, that it was all over, and again expressed a perfect resignation and readiness to go, and died in perfect peace. Yes, a father has gone; but he has left a heritage of great value. He will be missed in the home of his children; but the memory of a loving father will abide and supply his absence. He was buried at Medina on February 9th, 1924 this writer, assisted by Rev. W. H. Price and Rev. W. F. Buckelew. Good Bye, till we meet again.

J. C. EVANS

L. A. Heder and W. A. Tobey were here from Medina Saturday on business.

Keeping Them Down on the Farm.

Ten years ago it was the ideal of every country boy to marry the best and prettiest girl in his community and to own the best improved farm in the county. Now that is out of date. Every average boy wants to go to the city before he is grown, land a job and be a sport. The screen catches the boy, the farm screens the girl, so they go for a gay life. And when he had lost his job and spent all he joined himself to a farmer who sent him out to feed the hogs. And the poor boy was so hungry he would have eaten the hogs food had he not been afraid of being caught. He likes to feed hogs but it is awful to be hungry. The redeeming quality about this lad was that he decided that it was good enough for him down on Dad's farm. You can best keep your boys and girls at home by supporting your church, your school and a community social life.

J. P. Hodges returned last week from a business trip to San Antonio, LaPryor and Peapsall.

Mr. and Mrs. Jess Chipman were here from San Antonio yesterday to attend the funeral of Mrs. Will W. Hayes.

Miss Annie Habenicht, who is attending school in San Antonio spent a few days last week with her parents, Mr. and Mrs. A. Habenicht.

A. F. Vollmering and Willie Spratt were over from Tarpley Saturday and paid this office an appreciated visit. Mr. Vollmering renewed his subscription to to the New Era.

Miss Iris Faris delightfully entertained a large crowd of friends Friday night at her home. A good time is reported by all.

Mrs. Cora Bickenbach, who spend last week with her brother, J. M. Hunter, and family, left Sunday for her home at Mason. Marvin Hunter, Jr., accompanied her to Fredericksburg.

Big dance at Cox's Opera House Saturday night, March 1st. Everybody come, and have a good time.

Miss Minnie Mae Mansfield was given a surprise party by a large crowd of her friends last Saturday night, the occasion being her fifteenth birthday. A fine time was enjoyed by all who were there.

Otto Seward, of Philadelphia, Mississippi, spent a few days here this week with W. S. Eskridge. He is the son of M. P. Seward, a former resident of Hondo and who is well known to many of our citizens. Mr. Seward informs us that his father is doing well in Mississippi.

Miss Agatha Mazurek who is attending school in San Antonio, was home for a few days last week visiting her parents, Mr. and Mrs. Julius Mazurek, returning there Monday.

Remember the meeting at Cox Opera House next Tuesday night, and be there. Every citizen is interested in the matters which will come up for discussion at that meeting.

All who have subscribed to the fund being raised for the purpose of building a bridge at the Hondo Crossing are requested to deposit the amount of their donation at either bank in Bandera. —M. F. Johnston.

A fine turkey dinner was served at the home of John H. Ross last Sunday. Besides the family the following guests were present: Mr. and Mrs. Tom Mahan, Roll Davenport, Miss Mabel Thalmann and Miss Ave Lee Stevens.

George Barnes, of Port Arthur arrived yesterday to attend the funeral of his sister, Mrs. Will H. Hayes.

In our report of the commissioners' court proceedings last week it was stated that Rd Division of Medina had been paid $100 for road work, when in fact that sum was paid by the commissioners for the gravelling of the main street in Medina. Mr. Caton merely supervising the work. Mr. Caton states that he was not paid anything for his work.

Owing to failure to receive the film there was no picture shown at the Bandera Theater last Saturday night. Tom Rayfield, who is to be the new manager of the show, says he will be in good shape to put on a program Saturday night, March 8. On account of the entertainment at St. Joseph's school, there will be no picture show tomorrow night.

Mr. and Mrs. Bob Davis and son, Bob, Jr., were here from Rio Frio last Friday, guests of Mr. and Mrs. M. R. Thalmann. Mr. Davis is secretary of the United Goat & Sheep Raisers' Association, and says they are planning to have the largest sheep and goat show in the state this year at the annual show and sale to be held at Rio Frio August 5th, 6th and 7th. Premiums will be large and a free barbecue will be served. M. R. Thalmann is on the committee for the big event.

Pat Faust was oer from Comfort Saturday on business.

Notice of Hearing to Appropriate Public Waters of the State

No. 818

Notice is hereby given, to whom concerned that H. Sewall, the postoffice address of whom is Medina, Texas, did on the 23rd day of February, A. D. 1924, file his application in the office of the Board of Water Engineers for the State of Texas, in which he applies for a permit to appropriate of the unappropriated waters of the State, from the Medina river, a tributary of the San Antonio River, in Bandera County, Texas, sufficient water for irrigation purposes, to be diverted by means of a pumping plant, said pumping plant to be located at a point which bears S. 34 E. 355 varas from the upper corner of S. S. Callander Survey No. 163, on the West bank of the Medina River, in Bandera County, Texas, and is distant in a westerly direction from Bandera, Texas, twenty miles.

Notice is hereby further notified that said E. H. Sewall proposes to install a pumping plant, to consist of a No. 4 Centrifugal pump operated by a 6 horse power Fairbanks-Morse engine, having a lift of 20 feet and to divert therewith sufficient water for the irrigation of 1315 acres of land situated in Bandera County, Texas.

A hearing on the application of said E. H. Sewall will be held by the Board of Water Engineers for the State of Texas in the office of the Board at Austin, Texas, on Monday, March 24th, A. D. 1924, beginning at ten o'clock A. M. at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board in Austin, Texas, this the 23rd day of February, A. D. 1924.

Ethridge Sells Home.

Judge W. S. Ethridge last week sold his bungalow home west of town to Mr. Otto Seward of Philadelphia, Miss. Mr. Seward expects to become a citizen of Bandera during the coming summer. We are pleased to learn that Judge Ethridge will continue to make Bandera his home and will probably build a residence closer in.

Box Supper.

A box supper will be given at Middle Verde school house next Saturday night for the benefit of the school. Everybody invited.

The Tuesday Night Meeting

At the meeting of citizens of Bandera held at Cox's Opera House several important questions were discussed, principally the matter of improving the Bandera-San Antonio road to the Medina county line to conform to the State Highway regulations. There is some talk of asking for a bond issue to put this road in the proper condition and a committee has been appointed for the purpose of putting the question squarely up to the people of this road district. Among other matters discussed was the question of equipment and sites to fraternal, benevolent and religious bodies to induce the location of permanent summer encampments here. The committee in charge of this part of the program has secured options on several choice tracts along the river near town, and report negotiations pending for others.

Boost for good roads.

Road Meeting at Medina.

The citizens of Medina will hold a mass meeting on Saturday March 15, at 2 p. m., at which time Senator Julius Real of Kerrville will talk about the proposed State Highway from Bandera to Kerrville, via Medina and Bluff. His main subject will be, "Will it Pay Commissioner Precinct No. 3 to Vote Bonds to Build a Good Road from Wiman's Creek to the Kerr County Line, and if so, How Much Will it Raise Your Taxes?"

Everybody invited to come Representatives from Bandera and Pipe Creek will attend.

Before selling your mohair see us. We have a better price.—W. J. Davenport & Co.

In Little Folks Town.

The cantata, "In Little Folks Town," given at St. Joseph's School last Friday evening, and repeated Sunday evening, was a highly pleasing entertainment and those who attended are loud in their praises of the little folks performance. It was intended as a Washington's Birthday program, but owing to failure to receive the new Steinway piano in time it was postponed for a week. The following program was rendered:

Duet— Elsie and Blanche Adamietz.

Reading—Alice Jureczki.

Vocal Solo—Isabel Mazurek, Accompanist, Adela Jenschke.

Trio— Festival March—Isabella Mazurek, Hedwig Adamietz, Isabel Anderwald.

In Little Folkts' Town, a cantata in two acts. First act Grand scene in Little Folks' Town. Second act showing carnival consisting of Fairyland parade, Little Folks' Town Musicians, Noted Dancers, Tiny Tots, Little Pilgrims, Famous Choppers, Soldier Boys on Parade, Diminimites, Emigrettes, Chords from Fairyland, Baseball Champions.

Duet—Adela Jenschke and Elsie Adamietz.

The Witness —Lawyer, Rufus Haby; Farmer Gooseberry, Valentine Kalka.

Flag Drill—Girls.

Piano Solo—Adela Jenschke.

Good Shoe Animals.

F. E. Whisenhunt, who ranches near Medina, is mighty proud of a ram he received from Ohio in January. This ram sheared 25 pounds in 11 months. Last week Mr. Whisenhunt received a superfine billy kid from Zysett & Sons of Oregon. Both of these animals will be exhibited at the Bandera County Fair, at which time he also contemplates showing some goats with 17 months clip on.

TARPLEY TOPICS

J. H. Burns has moved to Rio Frio.

C. G. Leighton had the misfortune to burn his Ford over, but we are glad to learn no one was seriously injured. Mr. Leighton got one knee pretty badly bruised. He and his son, J. J. Leighton were returning from Eagle-Pass, where they had been called by the illness of C. G. Leighton, Jr.

Prof. Wm. O. Hatfield went to San Antonio last Saturday to consult an eye specialist.

G. L. Dickson is on the puny list again.

Mrs. M. L. Southoff, who was called to the bedside of her aged mother last week, has not yet returned.

Johnnie Wright visited homefolks at Bandera last week.

We are glad to learn that the reported death of Dr. Gipson at Lytle was false, and that he is really improving very fast. We hope he will soon be in good health.

The protracted meeting at the Baptist church is set for the third Sunday in July. Everybody urged to attend.

Singing is announced at the Baptist church every Sunday evening at 7 o'clock. Everybody come and help to make it a big time.

Capt. Thos. P. Grant has installed a radio.

Judge A. Mansfield passed through Tarpley last Monday on his way to visit schools of the west end of the county. He is still subscribing for the afflicted as he goes. Some electioneering scheme Andy has.

During month of March many subscriptions to the New Era will expire. If you do not remember when your time is out just notice the date opposite your name on the margin of this paper. If it reads Mar17,'24 it means that your subscription expires on March 17. If it should happen to read Mar17,'23, you are a year behind. Uncle Sam is very strict now with newspapers in observance of the subscription laws and will not permit the publisher to send his paper to a subscriber unless it is paid with in reasonable time.

Bandera people do not realize that there is published right here in their home town a little magazine that is helping wonderfully in the matter of putting Bandera on the map. We mean by that that Bandera is becoming known all over the country through the circulation of Frontier Times, a little 32-page monthly magazine devoted to Frontier History, border tragedy and pioneer achievement. The circulation of Frontier Times is not confined to Bandera—it goes to Maine, to Connecticut, to Missouri, Kansas, Oklahoma, Arkansas, Louisiana, Alabama, New York, California, Arizona, New Mexico and other states, and it is getting in popularity all the time because it offers something different to its readers. Only the other day we received a letter from a man in far-away Iowa, who sent in his subscription, and said: "Where is Bandera? It must be a good sized town to support such a live magazine as yours. And it must have a wonderful history itself to supply you with the kind of material you are using." Another man writes from Childress, Texas: "I never heard of Bandera until I received a copy of your magazine, Frontier Times, so I just looked it up on the map and I find it is near San Antonio. I have always wanted to visit South Texas region, and whenever I do I am sure going to visit Bandera." Frontier Times is just six months old, but already its circulation is approaching the 1,000 mark, and we are predicting that inside of three years we are going to have 10,000 subscribers—from Maine to California. And here's hoping you will be one of the 10,000.

What man is there in Bandera county who would not go down into his pocket and contribute if he had the assurance of a first class highway from Bandera to the county line on the San Antonio road, or from Bandera to the Kerr county line in the other direction? The building of good roads throughout the county is becoming more necessary every day. At the present time the road to Medina is almost impassable and the road to Tarpley is a "fright" and other roads are nothing to brag about. We must build better roads.

Talk on for Bandera!

Already the little town of Bandera, backed by all the population of the county, is making ready for a homecoming and historical pageant of its early settlers and their friends on July 4th and 5th. Nestling in a vale as peaceful as the Avoca of Tom Moore's inspired lines and encircled by misty mountain tops, Bandera looks and feels like it might have been allocated by divine hands. Through the heart of the town and through most of the county the Medina meanders down from its birthplace in the hills to the plains below. In all the beautiful scenery of Texas there is not a prettier spot or one better calculated to raise one's spirits to the proper level for a proper observance of the nation's birthday. Bandera will have a highway by that time—unless no unforseen occurs—and there should be just as many San Antonians there on the glorious Fourth as were in New Braunfels for the last anniversary of Pecle Sam. That better road gives to all Southwest Texas another recreation spot that is worth visiting again and again.—San Antonio Express.

Already considerable interest is being taken in the coming election of trustees for Bandera school district. There seems to be general dissatisfaction with the present board, and talk is rife in regard to selecting a new board all around. Heretofore it seems to have been the custom to wait until the day of the election to decide on who should be trustees, and generally at the last moment some sort of a yarn was started to arouse a spirit of antagonism. But we hope it will be different this year; in fact there is a determination on the part of the people who have the best interests of he school at heart, to see that the selection of trustees be made openly and above board, and full publicity is going to be given to everything that smacks of political chicanry in the coming election. We have plenty of good trustee material here in Bandera, men who would willingly serve on the board if they have the assurance that the people really want better school conditions. We are informed that the election tickets will be printed and will contain several names. Just who these candidates will be we do not know, but we would like to offer as a suggestion that three of the following gentlemen be named to serve on our school board next term: Dr. John H. Erwin, Lee Mansfield, Dan Buck, C. Y. Billings, Dr. J. O. Butler, Ben Jurecski, M. R. Thalmann, John Langford, R. E. Power, Ernest Kindla, E. T. Peters, J. A. Head, Chas. Rugh, J. N. Mickle, W. R. Fletcher, L. H. Hayes, A. B. Langford, Chas. Risinger. These men are all interested in the upbuilding of Bandera's school interests, and there are many others that could be named as well. Now, there should be a selection made that will be generally satisfactory to all patrons, and it should be done openly—not in some fence corner or behind a barn.

NOTICE OF ROAD BOND ELECTION

The State of Texas)
County of Bandera) To the resident, property tax paying voters of Road District No. 2 of Bandera County, Texas.

TAKE NOTICE that an election will be held on the 5th day of April A. D. 1924 within Road District No. 2 of Bandera County, Texas, to determine if said District shall issue bonds and if a tax shall be levied in payment thereof, in obedience to an election order entered by the Commissioners Court on the 1st day of March, 1924, which is as follows:

On this the 1st day of March, 1924, the Commissioners Court of Bandera County, Texas, convened in special session at the regular meeting place thereof in the court house at Bandera, Texas all members of the Court to-wit: A. L. Mansfield, County Judge, J. H. Holt, Commissioner of Precinct No. 1, J. L. Edwards, Commissioner of Precinct No. 2, R. L. Morris, Commissioner of Precinct No. 3, J. V. Porter, Commissioner of Precinct No. 4, being present, came on to be considered the petition of G. M. Potter and 63 others, praying that an election be held in Road District No. 2, of Bandera County, Texas, in the sum of $25,000.00, bearing 5½ per cent rate of interest, maturing at such time as may be fixed by the Commissioners court, serially or otherwise, not to exceed thirty years from the date thereof, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads or turnpikes, or in aid thereof, whether or not a tax shall be levied upon property of said Road District No. 2, of Bandera County, Texas, subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and,

It appearing to the Court that said petition is signed by more than fifty of the resident property tax paying voters of said Road District No. 2 of Bandera County, Texas; and,

It further appearing that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Road District No. 2 of Bandera County, Texas; and,

It further appearing that said Road District No. 2, of Bandera County, Texas, has been duly established by order of the Commissioners court of Bandera county, dated the 1st day of March 1924, of record in Book ... pages ... of the minutes of said court, and the boundaries thereof are herein described and defined in the order of the Commissioners Court establishing such district as follows, to-wit:

It further appearing that said District does not embrace any part of a political subdivision or defined road district that has been heretofore established and has issued bonds which are now outstanding and unpaid;

IT IS THEREFORE CONSIDERED AND ORDERED by the Court that an election be held in said Road District No. 2, of Bandera County, Texas, on the 5th day of April, 1924, which is not less than 30 days from the date of this order, to determine whether or not the bonds of said Road District No. 2 of Bandera County, Texas, shall be issued in the amount of $25,000.00 bearing 5½ per cent rate of interest, and maturing at such times as may be fixed by the Commissioners court to exceed thirty years from the date thereof, and whether or not a tax shall be levied upon the property of said Road District No. 2 of Bandera County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Articles 627 to 641, inclusive, of Chapter 2, Title 18, Revised Statutes 1911, as amended by Sec. No. 1, Chapter 203, Acts of 1917 Regular Session.

All persons who are legally qualified voters of this State, and of this county, and who are resident property tax payers in Road District No. 2 of Bandera County, Texas, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

All those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The polling places and presiding officers of said election shall be respectively as follows: At Taylor School House Voting Precinct No. 6, with Joe O'Bryant as presiding officer, and at Vanderpool School House Voting Precinct No. 7 with Oscar Clayton as presiding officer.

The manner of holding said election shall be governed by the General Laws of the State of Texas, regulating general elections when not in conflict with the provisions of the statutes herein above referred to.

Notice of said election shall be given by publication of a copy of this order in the Bandera New Era, a newspaper published in the county, for four successive weeks before the date of said election, and, in addition thereto, there shall be posted other copies of this order at three public places in Road District No. 2 of Bandera County, Texas, for three weeks prior to said election.

The County Judge is hereby directed to cause said notices to be published and posted, as hereinabove directed, and further orders are reserved until the returns of said election are made by duly authorized election officers and received by this court.

Given under my hand with the seal of the Commissioners Court affixed, this 3rd day of March, 1924.

A. L. MANSFIELD
County Judge.

Notice of Hearing to Appropriate Public Waters of the State of Texas

No. 818

Notice is hereby given to whom concerned that E. H. Sewell, city postoffice address of which is Medina, Texas, did on the 23rd day of February, A. D. 1924, file his application in the office of the Board of Water Engineers for the State of Texas, in which he applies for a permit to appropriate of the unappropriated waters of the State, from the Medina river, a tributary of the San Antonio River, in Bandera County, Texas, sufficient water for irrigation purposes, to be diverted by means of a pumping plant, said pumping plant to be located at a point which bears S. 34 E. 355 varas from the upper corner of S. S. Callander Survey No. 163, on the West bank of the Medina River; in Bandera County, Texas, and is distant in a westerly direction from Bandera, Texas, twenty miles.

You are hereby further notified that said E. H. Sewall proposes to install a pumping plant, to consist of a No. 4 Centrifugal pump operated by a 6 horse power Fairbanks-Morse engine, having a lift of 20 feet and to divert therewith sufficient watter for the irrigation of 13½ acres of land situated in Bandera County, Texas.

A hearing on the application of said E. H. Sewall will be held by the Board of Water Engineers for the State of Texas in the office of the Board at Austin, Texas, on Monday, March 24th, A. D. 1924, beginning at ten o'clock A. M. at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board in Austin, Texas, this the 23rd day of February, A. D. 1924.

JNO. A. NORRIS
C. S. CLARK

Mrs. Paul Baxter, of Mason Creek, was shopping in the city Monday.

Mr. and Mrs. J. R. Price and ...and Mrs. R. G. Brazil spent Sunday at Morris' Ranch.

Uncle Jehasile Pealt, a county ward, died Monday night at the home of John Dale, near Lima.

Miss Edna Stevens came up Saturday from San Antonio to spend Sunday with her parents, Mr. and Mrs. Henry Stevens.

Miss Myra Jennette Hunter has been appointed to take the scholastic census, and entered upon her duties this week.

Mrs. James Evans and little son returned to San Antonio Saturday after a pleasant two-weeks visit to relatives here.

Mrs. C. W. Manning and infant came up from San Antonio Monday to spend a few days with her parents, Mr. and Mrs. John Olliff, on East Verde.

Ed Caton, road booster and progressive Medina citizen, was a business visitor in the city last Thursday.

Chas. Britsch, of the Middle Verde region, was a visitor in the city Saturday and called in to order the New Era sent to his address every week.

F. C. de Montel came up from Jourdanton, Tuesday, and will spend a few months with his parents, Mr. and Mrs. Chas. de Montel at Camp Verde.

Mrs. and Mrs. C. M. Click, Sr., accompanied by their son, Jack, were here from San Antonio Friday, guests of their son, C. M. Click, Jr., and family.

We are pleased to learn that F. A. Masters and his brother, Verdie Masters, who have been quite ill with measles at their home on Winan's Creek, are very much improved and on the road to recovery.

Mrs. John Olliff and Miss Edith Olliff, of East Verde, were visitors to the New Era sanetum Monday. Mrs. Olliff renewed her subscription to the old home paper, and while she was in the city she also enrolled as a member of the Old Settlers' Association.

Messrs. Ed Caton and Joe Newcomer were down from Medina Tuesday, talking better roads. Medina folks are talking pretty strong about a bond issue for the improvement of their road and will hold a mass meeting on Saturday, March 15, at which time Senator Real will deliver a talk on the question.

Prof. W. O. Hatfield, principal of Tarpley school, was a visitor last Friday and informed us that his school is going forward nicely. Those Tarpley people are considering the building of a new school house, and there is a general revival of interest in school matters. Prof. Hatfield is very enthusiastic over the coming County Meet.

Little Alleen, five year old daughter of Mr. and Mrs. Jim Holt, narrowly escaped being burned to death last Thursday afternoon, when her clothing caught fire at a washpot in the yard. Promptness on the part of her brother, James Holt, in extinguishing the flames that almost enveloped the child, saved her. She was painfully, though not seriously, burned on the back but has almost recovered.

Pat Faust, of the Comfort Auto Co., was here last Friday, accompanied by Editor A. P. Kehoe of the Comfort News. Mr. Faust called in to place a nice ad in the New Era announcing the exceptionally low price of Ford cars. Mr. Kehoe spent an hour—to us a very pleasant one—in the New Era shop. He is making the Comfort News a real live paper and a credit to the town in which it is published, and we are glad to know that the people there are appreciating his efforts. He has many friends in Bandera and every one of those friends ought to be regularly receiving the Comfort News.

Mrs. A. Mumaw, of Beasley, is spending a few weeks here with her daughter, Mrs. Frank Billings.

Before selling your mohair see us. We have a better price.—W. F. Davenport, & Co.

Miss Marie Rawls, daughter of Mr. and Mrs. L. N. Rawls, of Money Creek is reported quite ill with pneumonia.

Chas. Eckhart caught a big wolf in a trap Tuesday night, which had been depredating in the Middle and West Verde region for the past three years. The wolf had been trapped a number of times before, but managed to escape, but at last Mr. Eckhart made his capture sure, and brought the pelt to town to show to his friends.

The Money Is Needed Now

Please deposit the amount of your donation to the bridge fund in one of the banks of Bandera at once. We are ready to start construction of this bridge as soon as all of the money is paid in. Perhaps you have neglected to make this deposit, but please do it today no longer as we want to begin work right away.

COMMITTEE

Celebrates Birthday.

John H. Ross phoned us yesterday morning that he was feeling mighty spry after the big event at his home Tuesday night when he celebrated his 62nd birthday. Said all the good-looking ladies of his neighborhood brought in cakes and pies, and other good things to eat and a great feast was spread, which was greatly enjoyed by the crowd who attended. A big dance followed. Mr. Ross' nephew, Robert Elam, and wife of San Antonio, were in attendance. Mr. Ross says he is getting younger as the years go by, and can reel on his wooden foot as lively as any of the boys of today.

Card of Thanks.

We wish to extend our sincere thanks to every one who so lovingly assisted in everyway during our great sorrow occasioned by the death of our wife and daughter, Mrs. Will H. Hayes. Especially do we wish to thank Mrs. Hamilton and Mrs. Mark McBryde for their kindness and to all who sent beautiful floral offerings.

Heel Fly Time in Texas

A few months ago the New Era published an interesting serial story, "Heel Fly Time in Texas," written by John Warren Hunter, and dealing with events along the Mexican border during Civil War. We have had many requests for this thrilling story in pamphlet form, and we are pleased to announce that we will soon be able to supply copies to those who desire to read this story complete. Beginning with the April number of Frontier Times the story will appear in that magazine serially, and from the type we use in printing the story a booklet under that title will be printed. We hope to have the booklet ready for distribution sometime in April. The price will be fifty cents per copy.

Stage Coach Days in Texas

When "Big Foot" Wallace Acted as Guard, Driver and Manager

BY AN OLD SETTLER.

The airplane, which today skims through the clouds at the rate of two miles a minute, has its perils for the traveler. And so did the lumbering stage coach of long ago. Now it is "engine trouble," then it was Indian trouble—there's not much difference.

Before railroads bound the east and west, the stage coach served for carrying U. S. mail and such passengers as were willing to take chances with the hostile red men. It was a great "institution" and around it there clings the memory of early romance and daring exploits.

Stage lines extended far westward from different points in Texas. There was one line out of Fort Worth that reached the Pacific coast, crossing the Rockies in Arizona and the great Mohave desert, beyond the Colorado river. Treacherous Comanches and Kiowas depredated along the way through this region and the overland stage was often a mark for their attacks. Another line, laid out in the fifties by the intrepid J. J. Gladden, a beloved pioneer engineer, extended westward from San Antonio, forming a junction with the northern route at Fort Stockton. This line went by Fort Clark, Camp Hudson and Fort Lancaster.

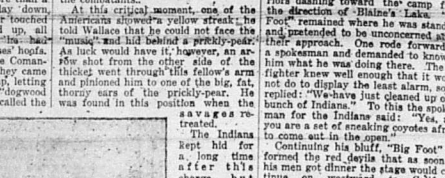
On one occasion, Indians attacked a coach going over this route where it passed through what is now called Dead Man's Gap, in the Comstock country. Lieutenant Herne, whose wife in after years married Admiral Dewey, pursued this band into the Guadalupe mountains, the west side of the Pecos river, and had a desperate fight with them, losing several of his men.

Sometimes during young folk spent their honeymoon riding the stage coach into the golden west. A Gladden bride of San Antonio, well known to the old timers, made such a trip and upon their return home with the Apache massacre at Doubtful Canyon, immediately for them, however, Kit Carson and a party of brave westerners were present and the result was the doctor and his bride.

The pioneer stage driver had to be a fearless fellow. It was no position for any other kind of man. Human bravery cannot always triumph over savage treachery, or against overwhelming odds. It was necessary, therefore, to have several guards accompany each coach on these long trips through the wild country beyond civilized borders. Among the well-known Indian fighters of that day and time was "Big Foot" Wallace. He knew the West, and he had good judgment and nerve that never, or failed. The government chose him to guard the mail between San Antonio and El Paso, and he was furnished seven men as assistants for this perilous work.

"Big Foot" Wasy.

On one of Big Foot's trips, the party stopped at Devil's River at noon to give the stage horses a chance to rest and graze. The camp was made near Little Round Mountain, where the old Spanish Trail crosses that stream. "Big Foot" was just a little uneasy; it was Indian country, and on all sides, he had seen where at least twenty horse s had crossed the road a few miles to the rear. Also signal smoke was observed rising in number of places and then disappearing. Both of these incidents indicated the presence of Indians, so Wallace told the driver to leave the coach at the edge of the brush and for all of the passengers and guards to remain together, close to it, when they lay down for their noon rest.



"Daring Young Folk Spent Their Honeymoon Riding the Stage Coach into the Golden West.

Being unable to shake off the premonition of an Indian attack, Big Foot climbed to the top of a hill where he could scan the country for miles around. He remained on the hill long enough to give the party a needed rest, and then sauntered back to camp and crept up quietly to play a trick on Ben Wade, one of his guards. Just as he bent over Ben, a horse raised his head and snorted; Wallace knew instantly that it meant Indians, and awakened all the guards and passengers. Ben Wade was always ready to sleep when there wasn't any eating to be done, and when he awakened and found that the commotion didn't mean anything more than a probable Indian attack, he lay down, again. His ear had not scarcely touched the blanket, than he jumped up, all excited, and declared that he had really heard the clatter of horses' hoofs. In a few seconds twenty-three Comanche Indians were in sight. They came right up and charged the camp, letting loose a regular flood of "dogwood switches," as the old pioneers called the arrows used by many savage bands in those days.

White Men Answer Challenge.

With rifles and pistols the men answered the challenge and at the first volley four Indian horses dropped dead. One of the Americans was wounded and a pack mule killed. The Indians withdrew and rode around to the other side of the little hill. This gave Wallace's party a chance to reload all weapons, and they did so with the greatest possible haste. The Indians again charged, entirely surrounding the camp, yelling loudly and hideously for the purpose of striking terror to the hearts of the whites. A chief had been killed in the first encounter, and the warriors came back, bent on revenge. Three times they charged the little party of men in the thicket, and at one time came up so close that hand-to-hand fighting took places between several of the combatants.

At this critical moment, one of the American guards—a yellow streak—told Wallace that he could not face the "music," and hid behind a prickly-pear. As luck would have it, however, an arrow shot from the other side of the thicket went through this fellow's arm and pinioned him to one of the big, fat, thorny ears of the prickly-pear. He was found in this position when the savages retreated.

The Indians Kept Off.

For a long time after this charge, but they did not bother Wallace. He knew they were waiting for the stage coach to start, and did not propose falling into their trap. The men were cautioned to remain on the ground, directly under the coach, where they could not be seen. Presently an Indian raised his head cautiously to see what had become of the pale faces. Another Indian did likewise, which made altogether too tempting a target; eight rifles flashed simultaneously and four more "bucks" dropped dead to the ground.

For about fifteen minutes there was no sound, nor any movement on the part of an Indian. Eventually an arm poked up through the grass and a rope was fastened around one of the four dead savages. This performance was repeated until all the four savages were dragged out of sight. "Big Foot" then announced that the enemy was satisfied, and preparations were made to move on. He decided to take a look, however, before departing and rode again to the top of the little hill. It was very fortunate that he did so, for the first thing his eyes beheld was a bunch of forty painted Comanche warriors dashing toward the camp from the direction of Blaine's Lake.

"Big Foot" remained where he was standing, and pretended to be unconcerned about their approach. One rode forward as a spokesman and demanded to know of him what he was doing there. The old fighter then told them that he would not do to display the least alarm, so he replied: "We have just cleaned up on a bunch of Indians." To this the spokesman for the Indians said: "Well, and you are a set of sneaking coyotes afraid to come out in the open."

Continuing his bluff, "Big Foot" informed the red devils that as soon as his men got dinner the stage would continue on westward to California Springs, where a halt would be made for the night. Then he leisurely rode back to the camp.

Bluffing the Indians.

The forty warriors left three of their number to watch the maneuvers of the whites while they set out in the direction of California Springs. Preparations were then made by the stage party to leave, and, after it was thought that the Indians were far enough away for all to retreat in safety, the heads of the stage horses were turned eastward. "We must get back to Fort Clark as fast as we can travel," declared Wallace, "for we haven't any chance whatever against such a force of well armed Indians. They have guns instead of 'dogwood switches' and the only thing we have on our side is that we are more personally acquainted with them to be such; but what a change, my regard for them men, will undergo in a few months. Ask me what kind of men these candidates are about the first of July, and I will make haste to tell you if you would fairly burn that ten of them are fiends incarnate who are intent upon ruining this government, destroying all the liberties and institutions framed by the fathers and enslaving the people. Why one of the number is an intellectual prodigy, a christian gentleman, a patriot and a hero, who would gladly give the last drop of his blood to save the people's taxes, build up their schools, line the state with hard-surfaced roads, preserve the liberties wrought out by the hands and prayers of the forefathers, light the lamps of prosperity on every hillside and in the valleys of the state, and finally, when we have lived happily and prosperously through a long stretch of years, land every one of us on a safe bank in Paradise. I don't know why such a man should be defeated in a few weeks, but they don't it's part of politics and if it were not so there would be very little fun in the game.

I can speak of the matter of electing a Governor for our state in words and tones that will offend nobody. I can discuss with a degree of intelligence and patriotism the kind of a man we should select to guide the destinies of this great commonwealth. To be frank with you, right now I am very anxious to see a man of broad vision, sound judgment and constructive ability in the state white house—a man of business acumen, who can point out a way to escape the ills now afflicting the people, a man who is honest and can obtain the co-operation of the members of the Legislature in so shaping the business affairs of the state that the educational and eleemosynary institutions will be better cared for and the burden of taxation can be reduced. This anxiety is due to all the people, and notwithstanding the fact that all know it will not be an easy task, there is a general belief that a wise Governor and wise law-makers, working together in harmony, can bring about the consummation so devoutly wished. What a pity we can't go right now and select the officials to guide the destinies of our great state, while life has been injected into the body politic. CURRENT COMMENT

By J. H. LOWRY

POLITICS, ISSUES, ETC.

As this is written the coming of politics is heard in the land like the mutterings of far-off thunder, and soon state and nation will be shaken with one tory, excitement, opinion, recrimination and other concomitants of political campaigns. Already the political cloud is much larger than a man's hand and its growth is so rapid we know the deluge is not far away. When a political campaign is approaching people shudder and tremble before it like cowering demigods before the thundering Jove. They saw how much better it would be for all if we could escape such things, go on with business as usual undisturbed, pay our accustomed attention to churches and other good things and stay on good terms with our neighbors; but after the campaign comes, touches its virtus into their souls and warms them up the same people wonder how they could get along without it, and dread the ennui that awaits them at its close. The political orators have been kindled and as yet are burning low, and the political pot has not begun to simmer—so far right now it should undertake to tell the people what kind of men the eleven fellows who are running for Governor are. I would probably say all are decent men, but—

But, take a little glance into the future, say about the tenth of July, and what will you see? I see a fellow throwing his hat high in the air, going through physical gyrations that make me think of painted savages, and I hear him shout: "It's a certain candidate isn't elected the will be enslaved, and thieves and become an habitation for every devil, even as Babylon of old. To me that fellow looks very much like my latest photo. And I am confident that you will scrutinize him closely you will say he is your own dear self.

But do not understand me as contending that there is no good in political campaigns, or that I would, if I could, turn my back upon them and destroy them forever. With all their faults I love them still, and believe that they work out much good to the country and people. They are safety valves that permit us to blow off a lot of fighting energy that might cause us to do something—even if we had no way of getting rid of it. A steam boiler would explode without providing a way for the steam to escape, and pretty soon there will be a blow-up with forceful consequences. If we had to talk hard times, and poverty, and taxes, and corruption in office all the time with no chance to blow off in political campaigns and at the polls, we would soon become bellowing, roaring and destroying anarchists, seeking to destroy everything in sight. It is so in countries where no opportunity at the polls to "turn the rascals out." And then, a political campaign has a great educational and inspirational value. From the platform in the towns and cities, in the school houses in the rural districts, and at the picnics, where the ticks and chiggers hold high carnival, the politicians teach us history, patriotism and many other good things that but for them we would never have known. Many of us here would have known where liberty was born if the politicians hadn't told us of the storming of the French bastile and the placing of the fleur de lis upon the brow of the French people, and of the wringing of Magna Charta from King John by the hard-headed English barons at Runnymede. We wouldn't prize our liberties half as much as we do if the campaign orators didn't draw wonderful pictures of liberty guiding frail boats and barques across pathless seas and lighting its unquenchable fires on the altars of America's congressional fires. We wouldn't appreciate and hallow the memory of heroic spirits like Putnam and Marion if the political speakers didn't tell us, with silver tongues, how these patriots lived in the swamps on one potato a day in order that we might enjoy the freedom of heart, mind and hand that permits the highest and humblest citizen of our land to work out his destiny unhampered. Most of our poetry—especially our patriotic verse—we learned from the candidates on the stump, and we thrilled us by reading the classics and at the same time builded within us higher and nobler aspirations. How many times have the political speakers welded into our hearts a determination to swat wealth and stand for men at every opportunity by repeating love for the honest toiler by eloquently declaring, with Mr. Goldsmith—

"Princes and lords may flourish or may fade,
A breath can make them, as a breath hath made;
But a bold peasantry, a country's pride,
When once destroyed can never be supplied."

The political speakers made it impossible for princes and lords to shinny on the side of the Atlantic, and filled us with an abiding love for the honest toilers by eloquently declaring, with Mr. Goldsmith—

"I'll fares the land—to hastening ills a pray—
Where wealth accumulates and men decay."

"And so we have no "deserted villages" in this country, as there were in Mr. Goldsmith's land, and most of us have learned Mr. Goldsmith's poems without knowing the expense of buying or the trouble of reading his books. Moreover, the politicians have nerved our souls and steeled our souls to hold out a little longer by telling us the stories of the siege of Lucknow and Ladysmith, and encouraged us to keep going, though the nights be dark, by reading to us Joaquin Miller's poem on Columbus. And so I say political campaigns have their value and should not be despised. But, frankly, isn't it possible for us to have more decent campaigns, and to employ our judgment more and our passions less in the selection of men to guide the destines of our great state?

Before leaving the subject, I would like to say a few words about political issues. The Democrats of old taught us that issues, not men, should guide us in marking of our ballots, meaning, of course, that we should be more interested in the enactment of safe, just laws than in elevating men to positions of power and emoluments. As a rule, we are guided largely by issues in the marking of our ballots—but by what kind of issues? I recall a county election in the county in which I live, about thirty years ago, in which the issue was whether the candidates had been for or against James S. Hogg at the previous election. On this issue candidates were elected or fell by the wayside. The sheriff, tax collector and county clerk. And intelligent men seemed to be in that support or non-support of "Hogg and Commission" qualified or disqualified candidates for positions of service in the positions named. Some years after I saw the issue of whether candidates had voted for or against Joe Bailey for delegate to the National Democratic convention injected into an election in Baldwin county in the town in which I live. And what of the issues of the campaign now coming on? Shall we give our support to a candidate for Governor because we believe he offers the best plan for placing the state on a cash basis and stopping the hawking of state warrants at a heavy discount? Are we studying candidates to bring about a better enforcement of our laws? I sincerely hope so, but, brethren, I fear that we will pay little attention to these things, and will give our support to, or withhold our support from, candidates because they did or did not stand with us years ago on issues that have been settled, or because they do or do not agree with our views on matters that should have no place in the selection of men for legislature, judicial or executive positions. You may be one of a few who will ignore dead issues and disturbing social questions in marking your ballot, but if you are you may be sure that you, like Shylock or Caleb, are part of a minority serving the best interests of your country.

GARDENING TIME.

Last August gardening appeared to have been an abandoned industry in this country and I was confident the garden acreage would be cut at least 95 per cent this year. It was virtually impossible to find a man who would ever plant or cultivate another garden. Men who stood beside their parched tomato and bean vines then were economists—they were men who counted expense and yield, profit and loss, and they had retired from gardening forever, fully convinced that it was a losing game. Hoes and rakes and spades could have been purchased for a song, since the owners would have no further use for them, and financiers missed a golden opportunity to make several hundred per cent on investment by failing to buy all the garden implements in the land. The men of whom I speak, as they stood beside their parched plants, figured and figured. On one side of the paper they had figured the cost of seed, fertilizer, how much they had paid for fertilizer, how much they had paid for plant spaded up, how much for seeds, etc. On the other side of the paper were figures showing the value of the tomatoes, beans and potatoes grown. The outgo exceeded the income several times, and the men saw how they could have purchased as many more vegetables than they had grown with the money they paid for labor, fertilizer and chasing out the neighbor's boar and the rooster's harem of hens—and they wisely decided never again would they engage in the laborious and unprofitable business of gardening. But a few days ago the merchants received their supplies of garden seeds. The men who swore last August that they would garden no more forever, gazed upon the big seed potatoes in the sacks, and upon the pictures of the red tomatoes, the big heads of cabbage and the long green cucumbers, and they beheld all the seed growers said about how the seed would germinate and how the plants would yield. Great is man's faith when the sap begins to rise and the birds begins to sing. Every fellow who swore last August that he would garden no more, is now looking for a place to set up the garden plot. Cold figures of profit and loss fade into mist before the pictures of big tomatoes and cucumbers, and the urge of springtime.

GROWING TEXAS SPINACH.

(Continued From Preceding Page.)

heretofore, if their own farms will not supply their needs, they buy acreage from small growers.

During 1923, most of the Texas spinach crop went by freight, this being preferable to express under certain conditions. Austin Hunter explains that because this gave them an advantage over the Laredo district in reaching the eastern markets in time. Every fellow who swore last August that he would garden no more, is now looking for a place to set up the garden plot. Cold figures of profit and loss fade into mist before the pictures of big tomatoes and cucumbers, and the urge of springtime.

"According to J. Austin Hunter, state market news specialist, the spinach industry has a wonderful future in Texas. But, Mr. Hunter points out, there are certain factors which will have to be changed if the industry is to expand. In the first place, the markets which have been so far developed are amply taken care of by the present acreage. New York, Boston Philadelphia, and Pittsburg are the three eastern markets, and it is to these places that Texas has been sending most of its spinach. But at these places she is thrown into competition with Virginia, which can ship by water at a much lower transportation cost than Texas can by rail. The cure for this situation, according to Mr. Hunter, is to find markets for spinach which are nearer home. Chicago, Kansas City, Cincinnati, Minneapolis, and Detroit are buying spinach in large quantities, but not nearly on such a scale as New York.

"The new markets will have to be developed by advertising," said Mr. Hunter; "the people will have to be told what spinach is, and how good it is for them. Of course, the cost of such advertising will be considerable, and it can be done only by the organization of some kind of co-operative association among the growers to defray the advertising expense.

"Production has reached the point where, if the business is to be continued at a profit, it can no longer depend on the freezing out of more favorably located shipping points in the East, but must develop a demand in its own trade territory, where cheaper transportation gives it the upper hand in competive demand."

GROWING TEXAS SPINACH

FOR EASTERN MARKETS

By HOWARD C. MARSHALL.

The spinach grower faces odds that confront possibly no other producer in the country. He grows a product that is highly perishable, and he is closed to market at best in Chicago; more often it is New York. His necessities are moisture, but not too much moisture; cool weather, but not a freeze; swift transportation, but not too swift, or a glutted market will result. If he makes a good crop, while Dade of Virginia is cut short by a freeze, (which is fortunate for the Texas growers) he thinks his day has at last arrived, although he is likely to notice that, instead of having to find the thermometer hovering around 20 degrees, and his investment of the season lost. He grows his crop and harvests it in a season when anything can happen.

But in spite of all difficulties, more than half a million good eastern dollars found their way into Texas last year as clear profit for Texas spinach growers. More than twelve hundred freight cars were required to move the crop, and $650,000 was paid for freight, icing, and refrigerating ice. About nine thousand acres of Texas lands, which would otherwise have been idle during the winter, were put into cultivation to produce this crop.

Average Yield.

This year 8410 acres were put into spinach cultivation, but this year's crop has been cut down, principally about Austin. The average yield per acre in Texas over a period of four years is 2726 bushels. However, the price is more than making up for the losses due to freezing, taking the country as a whole, for spinach is commanding unusually good prices in the markets of the East and Middle West, particularly in New York and Chicago.

To the average person in Texas, the name "spinach" suggests a green vegetable and little more, for Texas has not yet developed a taste for this edible so much as the East, Northeast, and Middle West. Even the northern route at Fort Stockton. This line went by Fort Clark, Camp Hudson and Fort Lancaster.

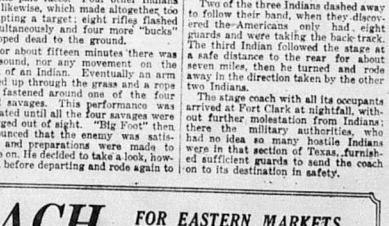
Texas and Virginia are the main spinach producing areas in the United States. Formerly, Texas led all other regions, but in recent years it has been surpassed by Virginia because of the latter's nearness to the big eastern cities, and her ability to use water transportation. In Texas, there are really three districts where spinach is grown in commercial quantities: The Laredo district, embracing Frio, LaSalle, Webb, Dimmit, Zavalla and Medina counties; the coast district, including Hidalgo, Cameron, Nueces, Brazoria, Fort Bend, Wharton, and Matagorda counties; and the central district, including Travis and Hays counties. At one time Travis county, particularly about Austin, was the greatest spinach producing era in the world, but more favorable climate and cheaper labor has pushed the Laredo district to the front.

Spinach requires a cool, moist climate, but it is very susceptible to freezing. In fact, it is on freezing that most growers have come to depend; and it is this that makes the deal such a big gamble. If either the Austin, the Laredo, or the Virginia crops are frozen out, then it means big money for the other two sections. Sometimes it happens that all are frozen. This year, the Laredo district seems to be the most fortunate of all, for Virginia and Austin both have been hard hit by cold weather, while the Laredo growers have so far escaped. As a result, the Laredo planters are reaping big returns.

Spinach growing is spreading rapidly throughout South Texas due to the fact that it follows cotton, being planted in October. "In this way two crops can be grown. There are three kinds of land on which spinach is produced: Bottom lands, uplands, and low sections in the Laredo district suitable for irrigation. Bottom lands yield on an average about three hundred bushels; uplands, one to two hundred bushels; and irrigated lands, four to five hundred bushels. Some exceptional irrigated fields have yielded as high as nine hundred bushels per acre. Although it would appear that bottom lands are more to be desired for planting, the uplands have the advantage in that they are more easily accessible for cutting after hard rains, and drain better. Neither does upland spinach run to stem as much as that grown in lower places.

How It Is Planted.

In some parts of the state, spinach is planted by sowing broadcast, but about Austin all seed is drilled into the ground. From ten to twelve pounds of seed to the acre is the average planting, but many persons plant as high as twenty-five to thirty pounds, expecting to thin out the resulting heavy stand by a series of cuttings. Fertilization is little employed in Texas, except in the irrigated sections of the extreme southwest. Nevertheless, experts agree that fertilization in nitrates would mean thousands of dollars to the growers, because of the increased quantity and quality of the production. Spinach is very exhausting to the soil, and certain, if not that it is often planted on bottom lands which overflow, it would be difficult to get along without continued fertilization.



Cutting Spinach in a Field Near Austin. (The Mexican Boy is Stripping Dead Leaves from the Plants).

No cultivation whatever is required to produce a bumper crop of this vegetable. It is planted, and when it has reached the right height, it is cut. The crop is harvested entirely by hand, Mexicans and negroes making up the bulk of the laborers. Sometimes very young girls and children aid their parents in this work. A butcher knife and a bushel basket of thin wood are the sole equipment of the cutters. The plant is grasped in the left hand, and the one big root is severed at one stroke. As the plant is brought up, the loose dirt is shaken away, all dead leaves are stripped off, and the plants or bunches are dropped into the nearby basket. When this is filled, it is carried to the field foreman, who directs the hundred or more cutters, and he gives the laborer a little metal check, which indicates that he has filled one basket.

The filled baskets are carried from the farms to the packing sheds or railroads in small one-ton trucks. Such small trucks are used not only because of their original cheapness, and the ease of their upkeep, but also because of the fact that they have to travel over difficult roads to reach where most of the farms are located. Each truck will hold approximately 100 bushel baskets.

In the Laredo districts, most of the work is done where the crop is grown. Particularly about Austin, spinach is handled by a new method that fertilization in nitrates would mean thousands of dollars to the growers, because of the increased quantity and quality of the production. Spinach is very exhausting to the soil, and certain, if not that it is often planted on bottom lands which overflow, it would be difficult to get along without continued fertilization.

ed that several trucks can be unloaded at the same time. The spinach is thrown over a low wall with pitchforks on to a platform about waist high, reaching this platform it is raked into the wire baskets, which are then taken to washing vats with short hooks, and is stirred in the water to remove all dirt, and to freshen it. It is then thrown on a second platform conveniently placed before the packers. These take about half a basketful of spinach into a basket, pitch in a shovel full of ice, and complete the filling with another rake. This process is followed by the removal of the basket to a small truck for transportation to the car door. Usually one man is employed to perform each of the tasks mentioned, the chain of workers following one another in regular order. At this shed it takes about ten men to load a car in eight hours; but as the daily output is six to eight cars, a much larger corps of workers is required, the length of packing space in which each set of packers operated being reduced, and the output being thus increased. As a rule, not more than two men are employed in the loading of a car, but when speed is desired, three work in this capacity. One man in the vestibule of the car receives the baskets, and slides them first to the right and then to the left to the two other laborers, who places them in position. A remarkable amount of speed can be secured in loading a car by a group of skillful loading ers operating in such shifts.

Marketed in a Variety of Ways.

Spinach is marketed in a variety of ways. A very small amount is shipped by independent growers at points in Texas—Fort Worth, Dallas, Houston, San Antonio, etc. In these cases, the grower simply hands by express, the vegetables in bushel baskets to produce houses in these cities. But by far the greatest amount of spinach in Texas, particularly that about Austin, is controlled by a few men, who usually own their farms, and the packing sheds. In operating these sheds, if their own spinach is not ready for cutting, and their packers are idle, they will usually buy up acreage from the small, independent growers. The independent grower is always wholly at the mercy of the big packer and grower, for he must sell his crop, which is perishable, for whatever he is offered.

Many big brokerage firms with headquarters in New York, Chicago, and other markets own their packing houses in Texas, and often own their farms. As in the case mentioned

Dinosaur Eggs at $5,000 Each

Laid Millions of Years Ago and Found in Desert Sands.

With the price of eggs already scandalously high here are some to be sold at not less than $5000 each, and it's not a case of profiteering.

The uncovering of Dinosaur eggs, millions of years old hidden in the bleak and barren sands of the desert of Gobi in Mongolia, the findings of the Roy Chapman Andrews' expedition of the Academy of Natural Sciences of New York, have struck the popular imagination as no other scientific discovery of the generation. Imagine eggs of such age and laid by creatures as high as a big house and with the bulk of several elephants! It is these Dinosaur eggs that are now being offered for sale by the Academy of Natural Sciences of New York at $5,000 each.

And yet ever since Dinosaurs have been known to be reptiles, it has been suspected that they were probably egg layers. All reptiles alive upon the earth today—all our snakes—reproduce by means of eggs. True, the eggs sometimes hatch before they are lain, but this does not alter the fact. Science has long held the idea that the giant reptiles of the Mesozoic age laid eggs and yet they never expected to get definite and exact evidence.

Birds Much Younger.

Eggs are extremely fragile objects as we all know, and the conditions for their fossilization must be just right. The eggs of birds have been found preserved in the rocks, but birds are late comparatively with the gigantic creatures of the Age of Reptiles. The dry sands of the deserts of Gobi in the dryer atmosphere have preserved the eggs down to our own time. Not only are the eggs themselves preserved, but also because of this fact that they have to cover difficult roads to reach where most of the farms are located. Each truck will hold approximately 100 bushel baskets.

Roy Chapman Andrews Examining Some of the Eggs.

In the Laredo districts, most of the work is done where the crop is grown. Particularly about Austin, spinach is handled by a new method that fertilization in nitrates would mean thousands of dollars to the growers, because of the increased quantity and quality of the production. Spinach is very exhausting to the soil, and certain, if not that it is often planted on bottom lands which overflow, it would be difficult to get along without continued fertilization.

No cultivation whatever is required to produce a bumper crop of this vegetable. It is planted, and when it has reached the right height, it is cut. The crop is harvested entirely by hand, Mexicans and negroes making up the bulk of the laborers. Sometimes very young girls and children aid their parents in this work. A butcher knife and a bushel basket of thin wood are the sole equipment of the cutters. The plant is grasped in the left hand, and the one big root is severed at one stroke. As the plant is brought up, the loose dirt is shaken away, all dead leaves are stripped off, and the plants or bunches are dropped into the nearby basket. When this is filled, it is carried to the field foreman, who directs the hundred or more cutters, and he gives the laborer a little metal check, which indicates that he has filled one basket.

The filled baskets are carried from the farms to the packing sheds or railroads in small one-ton trucks. Such small trucks are used not only because of their original cheapness, and the ease of their upkeep, but also because of the fact that they have to travel over difficult roads to reach where most of the farms are located. Each truck will hold approximately 100 bushel baskets.

Particularly about Austin, spinach is handled by a new method that fertilization in nitrates would mean thousands of dollars to the growers, because of the increased quantity and quality of the production. ROCKDALE DOLLAR BILL PAYS 78 DEBTS.

In the "Buy at Home" campaign being waged at Rockdale, a one dollar bill paid a total of 78 debts. Rockdale is in earnest and is waging the six weeks "buy at home" campaign with vigor and effect. A close check has been kept of this particular dollar bill, and its achievements only slightly indicate what buying at home means to the merchants and incidentally and indirectly to every citizen of the town.

DENTON STUDENTS WHO EARN THEIR EXPENSES.

Students in the College of Industrial Arts of Denton have set a new example of what energy, persistency and well directed effort will do in overcoming obstacles of life when one is really determined to acquire a good education but is without the necessary funds. During the past school year, in the eight and one-half-month period, students were paid for their own work an approximate total of $20,000. Students for work done in the dormitories were paid $14,280, while students engaged in doing odd jobs received $1,287.50.

MARSHALL HAS A WOMAN BLACKSMITH.

From time immemorial we have honored and loved the village blacksmith, and now that women have taken to the work we may love them even more. As proof of this, we call attention to the accompanying the story of the woman blacksmith and horse shoer of Marshall. She is Mrs. James A. Mathews. She is said to be a short and stocky-built and weighs about 166 pounds and can hardly be taken for a hardy blacksmith but this blond lady is said to be able nevertheless to hold her own with the doughtiest smithy. She is the assistant to her husband in making and fitting fine horseshoes.

MUCH IMPRESSED WITH SOUTHWEST.

Colvin B. Brown of Washington, D. C., of the Chamber of Commerce of the United States, told 300 Fort Worth business men at the Kiwanis Club luncheon at the Texas Hotel that the Southwest is peculiarly favored—not so in fact, than most other sections of the United States.

Mr. Brown declared that in spite of charges against high officials of the Government recently, "there is no cause for loss of faith in the Government."

WAXAHACHIE TO ENCOURAGE FARMERS IN CROP ROTATION.

The Chamber of Commerce of Waxahachie has decided to offer a number of prizes to the farmers of that section of the state for the largest amount of crops raised on five-acre tracts resulting from proper rotation of crops each year over a series of years. This move is taken in order to stimulate and encourage proper rotation of crops as well as to diversify the soil and prevent wearing them out, and also to stimulate a more intesified cultivation of crops that will likely result in building up Ellis county.

FIRST TEXAS WOOL SELLS FIVE CENTS UNDER LAST SEASON.

Draper & Company of Boston, Mass., through their agents, J. M. Lea of Del Rio and Ensley Oglesby of San Angelo, have purchased between 75,000 and 80,000 pounds of choice wool principally from the Menard County Texas, growers at 45 cents per pound, or five cents per pound under what the market opened this same time last year. It is the first big lot contracted in Texas this season. Heavy selling of wool does not usually open in Texas before the middle of March. Wool men, however, are disposed to hold their wool until better prices are offered and the belief seems to prevail that wool shall finally bring around 55 cents per pound.

CHARTER GRANTED TO EX-STUDENTS OF STATE UNIVERSITY.

That ex-students of the State University of Austin have banded themselves together into a corporate (or association) body and have been granted a charter by the State of Texas, is announced by John A. Lomax, Secretary of the association. The association shall exist for 50 years and has no capital stock. The purpose of the corporation is the "support of benevolent, charitable and educational purposes" by securing financial and other aid to students at the University of Texas; by encouraging generally sentiments favorable to the University of Texas; the creation of and good fellowship among former students of the University of Texas."

ORIENT RAILROAD ORDERED SOLD.

The Federal Court in session in Kansas City, Kansas, has ordered the Orient railroad to be sold to satisfy a government lien of $2,764,637. The order of sale stipulates the purchaser shall continue to operate the road. The date of sale has not yet been announced. Ben F. McLean, President of the Fourth National Bank of Wichita, Kansas, is the receiver appointed to sell the road's 737 miles of track and operates between Wichita, Kansas, and Alpine, Texas, with a gap between Sweetwater and Santa Anna, Texas. The road also has 350 miles of trackage in Mexico, of which one line runs through Chihuahua from Las Pampas to Guerro and the other line runs from Topolobampo on the Gulf of Lower California to La Guna. The Orient was organized in 1901 and went into a receivership in 1917. When the Revolution in Mexico and the World War began the road got into financial straits from which it has never fully recovered. As a result of these financial difficulties, the United States Government advanced $2,500,000 to help keep the road in operation, but when it developed that the receiver would not be able to pay off the company's debt due the Government the Federal Court ordered sale of the road to satisfy debts.

SOUTHWESTERN COWMEN TO MEET IN HOUSTON.

Houston is preparing to put the "big" in "big little one" for the cowmen of the Southwest when the Southwestern Cattle Raisers' Association meets in Houston, March 18, 19 and 20, 1924. Among other attractions will be a monster rodeo to be produced by Tom L. Burnett, millionaire rancher and rodeo producer of Wichita County, Texas.

NEWSPAPER MAN CANDIDATE FOR LIEUTENANT-GOVERNOR.

Will C. Edwards of Denton, Texas, editor and publisher of The Denton Record-Chronicle, is a candidate for the office of Lieutenant-Governor of Texas. Mr. Edwards represented his county in the last Texas Legislature, has served eight years as Democratic County Chairman, two years as State Democratic Executive Committeman, three years as Red Cross Chairman, is an ex-president of the Texas Press Association and is now president of The Denton Chamber of Commerce. He is forty-five years old and has lived forty-one years in Denton.

PANHANDLE PIONEERS PLAN BIG MEETING.

June 27, 1924, the Adobe Walls celebration will be held somewhere on the Plains of Texas in anniversary of the famous Adobe Walls Indian battle. Pioneers from all over the North Panhandle recently met at Canyon City and so decided. When the celebration is held it is expected that ex-cowboys, scouts and Indians from Western Kansas and Oklahoma will all take part in and lend color and romance to the occasion. The intention is to make the celebration one long to be remembered and to erect a suitable monument in commemoration of the event. A considerable sum of money for such monument has already been collected. It is expected the site of the old Adobe Walls fort will probably be choosen as the place for holding the celebration and erecting the monument.

CRUDE OIL PRODUCTION FOR 1923.

Texas in 1923 produced 128,311,000 barrels of crude oil as compared with 118,063,000 in 1922, the interior department announced in a summary of the nation's oil production. Of Texas output, 25,370,000 was in the Gulf Coast regions and 63,314,000 in the rest of the state.

California, the petroleum giant, had output of 103,229,000 in 1923, as compared with 138,468,000 in 1922.

Oklahoma produced 159,873,000 in 1923 compared with 149,571,000 in 1922.

Arkansas produced 34,459,000 in 1923 as compared with 12,712,000 in 1922.

Kansas produced 27,963,000 in 1923 as compared with 31,766,000 in 1922.

Louisiana produced 24,766,000 in 1923 as compared with 35,376,000 in 1922, and Wyoming produced 14,047,000 in 1923 as compared with 26,715,000 in 1922.

In 1923 all records were broken in the production of petroleum in the United States, 725,702,000 barrels having been transported from production properties.

TEXAS CENTENNIAL WORLD FAIR.

April 12, 1924, an election will be held in the 253 counties of Texas for the purpose of electing delegates to senatorial district conventions to determine whether and at what town in Texas shall be held a Centennial World's Fair.

The decision to take this forward step of holding a World's Fair in Texas is due to the efforts of the pioneers who first settled Texas is considered by all of the delegates who attended the convention at Austin the greatest and most important forward step in Texas. It is expected that such a fair will receive world-wide patronage and will bring millions of dollars that will be spent in connection with the fair and be brought into Texas from outside sources. It will afford the best opportunity Texans will ever have to let the whole world know about Texas people, the history of the State and its institutions, the richness of its unsurpassed resources, its wonderful climate and soil and the abundance and variety of its products of all kinds. It is believed that in no other way can the advantages of Texas be so well brought to public notice. The exposition has the entire support and backing of many of the most prominent and successful business men from every walk of life.

TEAGUE RAISES $1,100 FOR CROP CONTESTS.

Business men of Teague are not going to lag behind when it comes to doing things for the betterment of their trade territory. Recently they have subscribed a fund of $1,100 to be offered to farmers in the Teague trade territory for the best crops grown under certain conditions. Plans for the contest will be announced later.

NEW BRIDGE ACROSS BRAZOS RIVER.

A new bridge is to be built across the Brazos River at Richmond. This is of importance to the traveling public of the whole state, as it is a bridge that is to connect the State Highway east and west through Richmond.

The Commissioners Court has opened the bids and the bridge is to be a steel cantilever bridge. The plans are being sent to Washington for approval and soundings are to be made for the concrete piers.

SHENANDOAH WILL VISIT FORT WORTH.

Notice that the Shenandoah, the giant American dirigible, will arrive in Fort Worth by the end of May or early June, has been received by the Fort Worth Chamber of Commerce from Washington. The airship will be in Fort Worth from Lakehurst, Long Island, and will take on a supply of helium, gasoline, oil and other stores.

Work on the mooring mast has commenced and will be completed in time to receive the giant gas bag. The mooring mast is being erected on a field adjacent the United States helium plant, five miles north of Fort Worth.

72 KILLED, 256 INJURED AT GRADE CROSSINGS, 1923.

Accidents on highway grade crossings last year in Texas took a toll of seventy-two lives with 256 persons injured, according to a report just issued by the State Railroad Commission. Except for the year 1922, in which seventy-eight persons were killed, this is the largest number of deaths at railroad crossings in six years. Forty-four of the deaths and 214 of those injured were due to automobile accidents. The total number of killed and injured at crossings for the last six years was 1,969.

Stop! Look! Listen!

GENERAL SNOWFALL OVER TEXAS.

One of the heaviest snowfalls in years was general over the greater part of Texas February 24th and 25th. Reports from many sections say the snow will greatly benefit the farmers, while from isolated sections advices are that it will delay sowing and planting, due to excessive moisture from previous rainfall during January and February.

The snow was heaviest in sections of West Texas, the depths ranging from eight to fourteen inches between Alpine and San Angelo and from two to four inches between San Angelo and Crowell, south of Red River. A depth of over thirteen inches was recorded at San Angelo.

Cattle and sheep men do not expect material losses as a result of the snow, since all cattle and sheep are reported in good condition. A few losses to young lambs are reported from some sections.

PRECAUTION AGAINST FOOT AND MOUTH DISEASE.

Because of an outbreak of the foot and mouth disease in California, quarantine against the record of any livestock from this state has been placed in effect by Governor Pat M. Neff. Circular letters have been issued by the Texas Live Stock Sanitary Commission to all registered veterinarians in Texas directing them to report any suspicious illness among livestock immediately to the Commission for investigation.

Under the orders, no livestock of any description may be moved to Texas from any other State in danger of being infected with foot and mouth disease, except after having been inspected and certified to by an authorized inspector of the Bureau of Animal Industry, an employee of the Texas State Sanitary Commission or a recognized veterinarian authorized to do such testing and certifying.

Warning that the disease is contagious to human beings, not fatal but dangerous, was issued by State Veterinarian Dr. Clogg.

The last outbreak of foot and mouth disease in the United States occurred in 1918 and it spread rapidly nearly all over the country, causing losses running into the millions.

The Border Towns of Texas

Where Two Races Meet as Friends, Dwelling in Peace and Harmony. By AUSTIN CALLAN.

A Typical Mexican Woman With Two of Her Children.

There are races of people so different in every respect that the indefinite line of separation drawn between them by the Almighty should never be wiped out. It has been unquestionably established by human experience that while certain mixtures of blood raise the standard, other mixtures lower it. But no one can doubt the wisdom, the justice, the Christian duty of all the different types and races of earth's peoples dwelling in peace and being friendly one to another.

Along the borderland towns of Texas we have two distinct races—the Latin and the Anglo-Saxon. In some of these towns the American race predominate, while in other towns the Mexican race predominate. At El Paso and Del Rio there are more natives of our own country than there are foreigners. At Eagle Pass, Laredo and Brownsville the opposite is the case. But the relationship of the two races in all of the towns mentioned is invariably the most pleasant.

No Race Clashes.

One of the first questions a stranger will ask when visiting a town along the Rio Grande river, is, how the Americans manage to get along so well with the Mexicans. It seems that there would be a great deal of trouble resulting from this mix-up," is a frequent remark, while many visitors timidly venture the opinion that "I certainly couldn't ever feel safe here."

A sufficient answer to these doubting Thomases are the facts of history. Did you ever hear of any race clashes on the border? Has the Governor at any time been called on to send troops to Eagle Pass, Del Rio, Laredo, or El Paso to quell a mutiny between the American people and the Mexican people? The solution of the race problem down here is simply the using of common sense and fair play. Of course, a number have always possessed these two human traits and they are most valuable.

When martial law landed in Vera Cruz during the Huerta rule in Mexico, relations between the two governments were strained almost to the breaking point and even when John J. Pershing led the punitive expedition across the international line at Columbus, the thing resulted. In fact, from the fall of the Diaz regime to the overthrow of Obregon, clouds have appeared on the horizon from time to time to threaten the peace of the two nations.

Of course, border raids have taken place. Outlaws of Mexico have killed peaceful citizens of our country. But in no instance could race prejudice be held responsible for one of these crimes. Bandits perpetrated them, and we have bandits in Texas, who rob banks, hold up defenseless citizens and take life.

The Mexican child of the border town is given the same school advantage as the American child. There are separate schools in the lower grades, and best results are obtained in that way. But when high school is reached, foreigner who can shake the grades is given a chance, not only to finish under the most favorable circumstances, but to win class honors. Joquin Rubio, a Mexican boy, carried off the highest honors one year from Del Rio high school, and this has been repeated by other Mexican children along the border towns.

By being square with the Mexicans the Americans along the border have contributed to their enlightment and raised the living standard among them, without breaking down the social line or stirring up the false hope of amalgamation. For the most part, the Mexicans live unto themselves and they do not undertake to mix with the Americans only in a business way. They have no desire to coalesce one race with the other. Nevertheless, a Mexican, who is a dependable citizen, is regarded as a good asset to any border town, and the natives of this country esteem him for his good conduct irrespective of his race.

There was a time when politicians of the border towns used the Mexicans of the more ignorant classes in a way that was no credit to either race. The "bull pen" in which opposing forces were corralled the voters several days before an election and held them by the use of good whiskey and red liquor, was a disgraceful institution. But the bull pen is gone and no office-seeker will now attempt to win in this manner. The Mexican is a free independent citizen, and when a candidate solicits his vote, he must use somewhat the same tactics as he employs with the American.

The Mexican A Good Customer.

Most of the border towns on the American side of the river look to the Mexican side for trade. This is especially true of Eagle Pass and Laredo; anything that disturbs business on the other side, demoralizes it on this side. For instance, when the bridge was recently washed out at Eagle Pass, at least ten thousand of Mexico's customers were cut off from the American stores. Most of the population of Piedgras Negras, the Mexican town opposite Eagle Pass, trade on the American side, and you will often see a woman making the long trip across the bridge for nothing but to cash a check.

Piedgras Negras was also called C. P. Diaz during the latter part of the Diaz administration, but was changed back to its old title at the time Carranza maintained the provisional presidency there. In those days, many of the blue bloods of Mexico were forced to take up their residence in Eagle Pass which greatly added to the prosperity of that city, for they spent money freely.

SHADES of the LONGHORN STEER

By DONALD B. DAVIS.

Shades of the longhorn steer! What could the cowman think half a century ago, could he return to the Texas of today and see the sleek, fat, blocky type of steers, graded, standardized and sorted into lots as like as two peas, being shipped northward for development or prime beef by the cattle feeders of corn belt states.

Gone is the scraggly steer of yesteryear, with his immense horns, his skinny legs, his light hindquarters and a maximum weight of 700 pounds at the age of seven years. In the place of the constantly increasing numbers, comes the standardized Texas-bred "Whiteface," a tidy, blocky, high-grade calf, produced by the thousands, shipped to the corn belt at weaning time, and there fed for market until at the yearling age a weight of 1000 to 1400 pounds is attained.

Such is the achievement of the modern Texas "Whiteface"—of "cattle built right."

No longer does the cowman spend many weeks on the Texas trail, grazing his wild steers northward from the native Star State to Kansas or Montana. Instead, the choice calf crop of Texas is put into special stock cars, made up into cattle trains moving at express speed, and shot northward on a passenger schedule to corn belt feed-lots. The trains are for daily feed, rest and water—just as passengers on continental trains are halted for meals at railroad eating houses.

In corn belt feed-lots the former corn belt standardized feeder calves go to pastures and to feed-lots for grass and corn development and finish. Then, in the pink of perfect perfection they are shipped to the great markets for slaughter. From them come America's choicest beefs and most succulent steaks.

Texas cattlemen have made the modern, standardized feeder-calf a staple product in northern markets. Only the feeders, in a few brief years, have learned to look to the Lone Star State for quality feeder cattle of this type. In effect, the Texan grades his crop of commercial "Whiteface" calves have found a great and profitable market for a standardized, trademarked article. The uniform blockness and quality of the calves represent the effects of standardization. The whiteface is the trademark.

W. Frank Hastings, the late manager of the S. M. S. Ranch at Stamford, Texas, goes the honor of pioneering the idea of this direct-sale of feeder cattle, he was a practical cattleman able to judge the relative values of quality and a salesman who could sell his product once he had produced it. Hastings built up such faith in his "Whiteface" calves that he was able to sell them, by mail, to corn belt feeders that never saw them. The feeders themselves did not see the calves thus bought until they were unloaded at the corn belt railroad stations. For fifteen years the S. M. S. Ranch organization has sold from five to eight thousand cattle annually in this manner.

Prize Winning Hereford Calf Exhibited at Caldfress, Texas, Fair.

Meanwhile, the Matador and other big ranches have developed a similar trade, and organization or ranch owners throughout Texas have been formed to carry on such work co-operatively.

Efficient breeding of high-grade "Whiteface" calves sired by pure-bred bulls, brought to Texas from America's finest purebred herds, is the first essential to success. Effective organization, proper grading of the calf crop, successful sales effort and economical management are the other factors.

At Marfa, Texas, the Highland Hereford Breeders' Association held its annual meeting and reviewed the work of the last year.

The report of Secretary A. C. Easterling showed 12,358 head of feeder calves from the Highland district marketed at auction in the corn belt at a small cost per head. The prices received were well above the current market for feeders of similar quality. Corn belt stockmen were willing to pay the extra premium because the cattle were of a standardized, known quality, and true to them fresh from the breeding herds, with a minimum of shrink and lost weight. They knew that they could shoved into 'em" and make substantial gains.

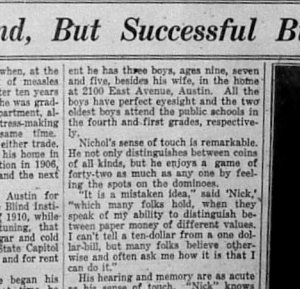
For the range cattleman, this fast-developing method of breeding and marketing has insured profits in future years and a solution for the unsatisfactory business conditions resulting in part from poor breeding and in part from unscientific marketing.

This much is sure. Cattle cannot be profitably produced and sold today in the same manner as when grass was free, wages and other expenses inconsequential, and stock cattle of little value. Instead, there must be constant improvement in the quality of calves produced, using the best of pure-bred bulls on high-grade cows. This effort standardizes the calf crop, enables the cattleman to get a cow and calf basis, and then to take the short route to market.

Shades of the longhorn steer! How the cattle baron of the seventies and eighties would open his eyes with astonishment at the wonderful change that the years and high-bred bulls have brought about!

Arthur Nichols, Blind, But Successful Business Man

By HORACE C. WALKER.



ARTHUR NICHOLS.

"Did you be prosperous and happy were totally blind and had a family support? Arthur Franklin Nichols, better known as "Nick" to his friends and customers, is the State Agent at Austin, in which he has charge operated a cigar and cold drink for the last thirteen years, has been totally blind the past twenty-three years, which he is prosperous in business, happy and optimistic in his outlook on life.

During ordinary years my income runs something better than $3,000 and during years when the legislature is in session I take in between $4,000 and $5,000," said Mr. Nichols.

Mr. Nichols was born in Grayson County, Texas, forty-two years ago, on the old Sloga. When he was only six years old his parents moved to Sherman, which was his home for several years. His eyesight was bad from birth, and he received no schooling. He came to the State Blind Institute in Austin in the fall of 1894, at the age of fifteen years. He had been in school five years, when, at the age of twenty, an attack of measles left him totally blind. After ten years at the institute in Austin, he was graduated from its literary department and took up the study of music. He remained at the institute for two years more, and then left to take up the battle of life for himself.

Nichols' sense of touch is remarkable. He not only distinguishes between coins of all kinds, but he enjoys a game of forty-two as much as any one by feeling the spots on the dominoes.

"It is a mistaken idea," said 'Nick,' "which many folks hold, when they speak of my ability to distinguish between the money of different values. I can't tell a ten-dollar from a one dollar-bill, but many folks believe otherwise and often ask me how it is that I can do it."

His hearing and memory are as acute as his sense of touch. "Nick" knows every person who works in the Capitol, from the Governor to the janitors. He also remembers the "old-timers" of the legislature the moment he hears their voices, despite the fact that he sees them but once every two years.

"Few life insurance companies will write a blind man a policy; but 'Nick's' health is of the best, therefore his life is insured for several thousand dollars. What is what he considered the recipe for success in life? Mr. Nichols said, "I've had lots of ups and downs, but I've stayed with it and I've got ahead. I don't like trouble with most folks is, they just don't stick."

RABIES PERCENTAGE HIGH

"All worthless dogs should be killed," declared Dr. J. T. Wilhite, director of the Pasteur Institute, at Austin, "and only those of real value should be immunized, where a fee should appear. Some persons are foolish about dogs, and common worthless specimens at that."

The percentage or rabies, (or hydrophobia) among dogs is running very high in Texas. Of the 150 dog heads examined at the Pasteur Institute in February 45 per cent were found infected with rabies.

TEXAS FARM NEWS

BRIEF REVIEW OF FARMING OPERATIONS THROUGHOUT THE STATE.

Lynn county has joined hands with 186 other Texas counties, in employing a county agent.

There seems to be a shortage of merchantable cattle, and high prices are expected.

Sheepmen, generally, believe that clips will be worth as much or more this season than last. Many of the sheepmen are holding their wool for better prices.

The syrup standardization plant of the Eastex Syrup Corporation in Lufkin has started its season of syrup making. The plant is operated along scientific lines.

Much terracing is being done throughout Texas. This in part is due to extensive campaigns carried on by County agents, who have pointed out the danger of soil erosion.

Winter oats, that were frozen early in the winter, around Waco, are coming out again since the rains and snow. Farmers in Central Texas are behind with their spring work.

A temporary organization of a co-operative poultry marketing association, with headquarters in Austin, has been perfected. It will serve poultry raisers in Travis, Hays, Blanco, Williamson, Caldwell and Lee counties. Austin is to be the market, buying and storage center, as well as having the general office of the organization.

West Texas cattlemen report that cattle have gone through the winter in good condition and have required little feeding of the winter has been mild enough to provide sufficient pasturage.

Pecan raising in Texas within the near future will be conducted on the same large scale that orange growing is now carried on in California, said J. E. Pearce, owner of a large pecan grove near Austin.

The continued decline of cotton is causing the planting of more feed stuff in Austin's territory. Planting of corn, which usually takes place in that part of the state in February, has been delayed because of rains.

Dr. L. G. Cloud, State Veterinarian, states that influenza is killing many horses and mules in Texas. He says about the only treatment possible is proper nursing, and that the particular danger is in the development of pneumonia from the disease. He warns that persons buying mules and horses should be sure that the animals have been vaccinated, which is effective as a preventative measure.

Five carloads of fine Jersey milk cows have been shipped from Parker county during the past few weeks. Two went to Arizona and Utah, went to El Paso, later to be sent to Old Mexico. Parker county has supplied a number of the markets of the eastern states with large numbers of these cows, as well as the western and northwestern states, during the past few years.

Mr. Charles H. Gable, specialist in charge of the investigations in Texas of cereal and forage crop insects, reports that the investigations this winter reveal only very slight infestation of small grain by green bug, and unless very abnormal conditions prevail during the months of February an March, no anxiety need be felt on this account.

The Chamber of Commerce of Hillsboro has announced that $1,000 in prizes will be distributed to the farmers of Hill county through the Hillsboro Fair, $500 will go for best crops of corn and $500 to best crops of cotton.

The poultry business in Texas is having tremendous development. Commercial hatcheries are running overtime, and the demand for day-old chicks will far exceed the supply, in the opinion of leading poultry raisers.

Cattle have wintered well in the Panhandle section and have more flesh than the average at this time in the year. There is a feeling among cattlemen that the outlook for the cattle business is more satisfying than in several years.

Sometime ago the general disposition among Texas farmers was to plant the option as possible. Since cotton prices have begun to go down there is a tendency to plant a ample supply of feed stuff in addition to cotton.

County Agent Roy Saunders has received a number of gold medals which he distributed to five dr six farmers who raised ton litters of pigs at the age of 6 months in the recent ton-litter contest by the Texas Swine Breeders' Association of Collin county.

Governor Neff has planted pecan nuts started from trees growing at the head of the grave of Gov. Hogg. It is the intention of the Governor to transplant trees from the nuts within the Capitol grounds, reserving two of the trees for his farm in Coryell county.

Range conditions throughout West Texas, especially in El Paso's territory, have been further improved by rains and snow, which will provide moisture to start grass for cattle and weeds for sheep and goats, insuring ample spring pasture.

Tom Green county farmers and ranchmen believe the best way to get rid of jackrabbits is by the drive routes. Therefore, sixteen men in the Grape Creek community, north of San Angelo, shouldered their guns and in three evenings killed 1500 rabbits.

The Conyers Live stock and Feed Corporation of Marlin, which does a large export business with Panama, Brazil, and other South American countries, have exported five head of fine Shropshire sheep to British Guiana, which were purchased by this Government.

Recent freezes in East Texas have proven very beneficial to farmers who have broken fields of Bermuda grass for the purpose of cultivating or reclaiming sod ground. However, the recent freezes have been very damaging to oats and some parts of Central and Southeast Texas.

The San Angelo National Bank will finance girls and boys of that county in the raising of high grade turkeys, the boys and girls to repay the bank as soon as their turkey crop is sold. The movement is for the purpose of placing more and better turkeys on West Texas farms and ranches.

Texas produces from sixty to seventy-five per cent of the early onions grown in the United States. California and Louisiana are the other chief producers. The Texas production is 1,656,000 bushels, equivalent to 3,200 carloads, which brought the growers $3,108,000.00 at shipping points. The number of acres planted in 1923 was 12,680. The first commercial crop of onions was grown at Laredo in 1897. Much of the crop goes to Northern terminal markets, such as New York, Chicago, Philadelphia, Cleveland, and

With an increase in price of from 25 to 50 per cent, and with a more liberal classification of grades, cucumber growers in East Texas counties will plant a very heavy acreage. Henderson county now has eight stations where cucumbers will be handled for shipment.

Last year Texas wheat farmers produced 16,370,000 bushels of wheat on 1,559,000 acres, an average of 10.5 bushels to the acre. It sold for a little under one dollar per bushel, and was the sixth in value among Texas crops. Texas was the sixteenth State among the wheat-growing States in the Union.

Comptroller Lon A. Smith, of Austin, owns a White Leghorn hen that laid an egg measuring six and one-half by eight inches and weighed five and one-half ounces. The hen is eccentric in her laying to the extent that she lays large size eggs on Sundays and normal size eggs on other days.

An incubator of 5,000-egg capacity has been installed by Dudley Bros., owners of the Oak Ridge poultry farm near Ranger, to do custom hatching. It is the first incubator built to provide for the needs of Ranger poultry raisers who operate no incubators of their own.

Among the unusual and unique enterprises in Texas is the plan to preserve plant located at League City, Texas. Proof of the fact that this plant is proving a success as a financial venture lies in the statement that now it is being greatly enlarged by the addition thereto of twenty new kettles and the factory will be virtually doubled in size in order to take care of the fig crop of this season and the increased demand for fig preserves made in Texas.

The Attorney General's Department at Austin has advised the West Texas Chamber of Commerce that as soon as the 51,000 acres of land recovered for the State of Texas from the Orphanal Freehold Syndicate of London out of the 3,000,000 acres of land given to this syndicate for the construction of the State Capitol it will be placed on the market for sale after said lands have been surveyed. The last Legislature of Texas passed a bill appropriating the lands in full for sale to the public. First the Land Commissioner must survey these lands and then, under the law he must offer them to the public for sale.

Texas citrus fruits became a real factor on the markets of the country. About 250 cars will have been shipped from producing areas in the lower Rio Grande Valley at the close of the season March 1. Shipments last season amounted to 142 cars, of the previous season about fifty-four cars. Approximately 85% of the trees are grapefruit, 12% oranges, and 3% lemons. Most of the Texas oranges and grapefruit trees are produced by budding to sour lemon stock, which is especially adapted to Rio Grande Valley soil and conditions, and has the added advantages of being immune.

Most of the Texas commercial cabbage crop is grown in the lower Rio Grande valley, in Hidalgo and Cameron counties. There is usually considerable acreage in the Rio Grande valley just above Laredo. The acreage of the entire crop this year is about 7,000 acres, which was about 4,070. During the three preceding years, however, the acreage ranged between 10,000 and 16,000. It was the very low market of 1921 and 1922 that brought about the great reduction. The Texas production was 6,240 cars in 1920, 3,886 cars in 1921, 5,770 cars in 1922, 1,600 cars in 1923. The production this year will be above that of last season, but under normal.

Horses and mules have been in steady demand, at good prices in the Brownwood section.

Some peach buds have been frozen in East Texas, but damage to this crop is not believed to be heavy.

In the county of Dallas there has been much interest manifested in the culling and improving of poultry.

Illinois and other States have representatives in the Panhandle looking for stock cattle. Amarillo reports a shortage of aged steers.

Wheat in the Val Alstyne section of Grayson county, North Texas, is growing well, and a fair yield is already expected. The acreage is short.

Five cars of feeder yearling steers were recently sold to eastern buyers at $56.50 per head f. o. b. loading point, which was Aspermont, Texas.

Robert H. Wyche, a 1923 graduate of A. & M. College of Texas, has been appointed superintendent of the agricultural sub-station at Beaumont, Texas. He succeeds A. H. Price who resigned to enter agricultural extension work in Arkansas.

Texas produced 6,350,000 bushels of rice from 159,000 acres in 1923 and the value of the crop as sold by the growers was approximately $7,314,000. Texas ranked second only to Louisiana among the States producing rice and harvested nearly 20 per cent of the crop of the country, which was 33,256,000 bushels. Louisiana ranked first, with a production of 15,840,000 bushels, and California and Arkansas were the third and fourth in rank. Jefferson county is the largest producer of rice in Texas.

The last census gave Texas a total of 1,502,111 pecan trees, but leading pecan growers agree that there is at least 10,000,000 pecan trees in the state. They base their estimates on a count of trees along certain representative streams. But they also agree that only about one tree in ten produces merchantable nuts. The 9,000,000 barren trees, according to leading horticulturists, could be put to the class of producers in a few years by careful topworking and grafting processes.

The Texas broom corn industry is growing. Last year the state produced about 750 cars, which at twelve tons to a car meant about nine thousand tons. The money value was nearly $1,000,000.00. There are two varieties grown, standard and dwarf; the northern counties of Texas grow the dwarf, while the south counties produce the standard. Cutting and curing at the right time is very important in order to obtain the uniform pea-green color which brings the best price.

In 1923 Texas produced 9,195 carloads of watermelons, a clear margin of 2,008 more than Georgia, which ranked second among the States, with 7,187 cars. Florida was third, with 5,404 cars, and California fourth, with 4,749 cars. There is a growing demand for the watermelons as varieties continue to improve. The standard commercial varieties are: Tom Watson, Halbert, Triumph, Alabama Sweet, Harrison, Reagan and Georgia Rattlesnake. The market for Texas watermelons is now mainly in States between the Mississippi River and the Rocky Mountains. By an extensive advertising campaign throughout the Middle Eastern States, setting forth the flavor and wholesomeness of the Texas watermelon, a much larger market could be created. The cantaloupe growers of the Imperial valley of California met with considerable success in advertising their cantaloupe last season.

Terracing is still in progress in every part of Smith county; but this work has been badly hampered by wet and freezing weather.

Smith county tomato raisers are optimistic over the outlook for the coming season. The acreage is normal, some estimating, however, that it will be slightly greater that last year.

County Agent Adams has just completed the preliminary organization of the Gregg county, East Texas, boys and girls agricultural clubs for the new year. The county has grown in boys and girls agricultural club work during the past four years from a membership of nine-in 1920 to the present membership of 261.

Conditions of cattle ranges over Texas vary from poor to good; but opinions on the whole are favorable. The cattleman is glad that grass, with potential green stuff, is near at hand. It is believed the industry will be stimulated within the next few months.

Brief Texas News.

ANOTHER CANNERY FOR TEXAS.

Arrangements have been completed for the erection of a modern canning plant at Bay City, Texas.

LARGE ACREAGE TO BE PLANTED IN RICE.

Orange farmers are making arangements to plant 4,000 acres of land in rice.

COLLIN COUNTY FARMERS WILL INCREASE ONION ACREAGE.

Collin county farmers expect to plant about 4,000 acres in onions this year. This will be a considerable increase over last year's onion acreage in this county.

NORTH TEXAS TOWN JOINS WEST TEXAS C. OF C.

PULLED LINCOLN'S FUNERAL TRAIN.

Dad Wemple of Bonham, was one of the engineers who pulled the funeral train of Abraham Lincoln, when the train, carrying the body into Springfield, Ill., passed over his division. Dad is now living in Bonham and Engine No. 27 of the Texas & Pacific Railroad is his special pride.

IMPORTANT COTTON SEED BOARD.

The Thirty-eighth Legislature of Texas created a State Board of Plant Breeder Examiner which has recently been appointed and plans have been made for the State supervision of the raising of cotton seed in Texas. The law provides for this Board to license cotton seed breeders and growers, after examination and payment of a fee of $10.00. The holder of such a license is entitled to advertise his seed as "certified seed." The purpose of the law is to prevent and control the sale of impure seed.

RANGERS SENT TO FORT McKAVETT.

Transfer of the company of rangers commanded by Captain Tom Hickman, which has been stationed at Corpus Christi for a year, to Fort McKavett, on the county line between Schleicher and Menard counties, has been ordered by Adjutant General T. D. Barton.

Fort McKavett was originally established by the United States Government in 1857, being one of a chain of forts erected on the frontier for protection of American citizens against ravages of the Indians. It has long since been abandoned, but on its site has grown a town.

(Continued from Preceding Page)

bore the name of Paso del Norte—The pass to the north." It is the principal border town on the Mexican side, and the oldest. In early days its adobe houses reached to where the center of El Paso is now situated, because the Rio Grande then flowed much farther north than it now does.

The Mexican population of the border towns, on this side of the river, generally keep busy. Most of the farming in the irrigated districts around El Paso, Laredo, Del Rio and Brownsville is done with Mexican labor, which is also indispensable on the sheep and goat ranches. The Mexican men, when trained, makes a very good worker at most anything and the women have solved the servant problem in many homes of the Southwest. They are employed along the border almost exclusively for this purpose. Another occupation, extensively engaged in by the Mexicans, is making candy, tamales and enchaladas. The familiar sight in any border town is a vender going from house to house offering these edibles for sale.

But it would not be fair to a truly worthy people to leave the impression that they are fit only for toil and the making of tamales. Then give an opportunity many Mexicans prove very shrewd in business, and all along the borderfrom Brownsville to El Paso, Mexicans operate mercantile enterprises of every character and in some of these to a larger per cent of their own their homes than do Americans.

We have a good neighbor for the most part, in the Republic of Mexico, and the way we get along with nationals of that country on the border shows that we can court their friendship and business relationship to the advantage of both countries. We have no right to judge the better citizenship by the riffraff. All we need is to understand that a lot of resident getting together, and this understanding has come to the borderland. It shows a great occasion for either rejoicing or sorrow. We say it manifested by the deeds of American philanthropists who met war-scourged refugees at the banks of the Rio Grande river with bread, when they were driven to this side by bandits, and we heard it in eloquent sincerity on the other side of that river when Wilson fell and Harding died.

There has been no amalgamation like the races along the border and there will be none. But each knows and respects the other; all trade together and work as one for the upbuilding of the towns and it is an agreeable and understanding situation. The waddling Mexican wash-woman, who rinses the suds from her tool-worn hands and sits down on the dirt floor to eat her dry tortilla and drink her black coffee, looks out through a sitting window from under her straw-covered hut and sees the land of a people she believes will not break faith with her employers, because of its position of honor and independence and wealth.

A LITTLE FUN
Jokes to Make You Laugh

WANT ON, WANT EVER.

"No, Herbert, I am sorry; but I am sure we could not be happy together. You know I always want my own way in everything."

"But, my dear girl, you could go on wanting it after we were married."

DON'T TELL THE LANDLORD.

Mrs. Van Flatte: "Henry, we really must have more room to live in. Don't you think we could get a larger apartment?"

Henry: "Wait a while, can't you? Perish the thought we'll be taking off our winter underwear."

There was a man in our town
Who was so wondrous wise
That he always knew good liquors
Yet it blinded both his eyes.

SHE BEAT 'EM TO IT.

An official of the board of health of a certain town notified a citizen that his license to keep a cow had expired. In reply the official received this epistle:

"Monsieur Bord of Helt—I just got your notis that my licens to keep my cow was expire. I wish to inform you, Mister Bord of Helt, that my cow she beat you to it—she expire five weeks ago. Much oblige. Yours with respeck, Pete."

WAVING PROSECUTION.

The Judge—This lady says you tried to speak to her at the station.

Young Man—It was a mistake. I was looking for an elderly woman with a girl, whom I had never seen before, but who'd been described to me as a handsome blond with perfect features, fine complexion, good figure, beautiful dressed hair.

The Young Lady—I don't care to prosecute the gentleman. Any one might have made the same mistake.

SUSPICIOUS.

There was an elderly washwoman who had a proposal from a young man as she hen carried over the wash.

The proposal made the washwoman very thoughtful. She washed for some minutes in silence. Then she looked at the young man closely and said:

"Are ye sure ye love me?"

"I sure do," said he.

She went on with her washing again. Then she stopped once more. She looked at the young man more closely than ever.

"Ye ain't lost yer job, have ye?" she said.

IMPREGNABLE FORTIFICATIONS.

General Sterling Price of Missouri was one of the best fighters in the Confederate army, but he was a scholar in inverse ratio. Complex tactical movements in practice did not stagger him, but translation into the actual business of problem on paper was beyond his power.

During the early days of the Civil War he visited General Beauregard, who was a graduate of West Point, an expert mathematician, a civil engineer, and an authority on military tactics and strategy.

At lunch, Miss. Beauregard had opportunity to put his theory into practice, and had placed about the city what he termed "a series of impregnable fortifications." He asked General Price in a carriage to view these fortifications, carefully explaining their merits. Then he asked General Price what he thought of the system.

Price straightened himself up and said thoughtfully, "Well, I hain't never seen them like it but once before." "They were pretty effective, weren't they?"

"Yep, fine! I done tuk 'er."

TAKE A NUMBER, PLEASE.

After a loud and prolonged exhortation in a Holy Roller meeting, the preacher called for testimonials. A devout young lady of color arose and shouted her story.

"Lhs' night Ah was in de arms ob de debbil; an' tonight Ise in de arms ob Jesus."

A hushed but excited voice from the back of the room interrupted her.

"Got a date fo' tomorrow night, sistah?"

NOT RESPONSIBLE.

Uncle Josh was comfortably lighting his pipe in the living room one evening when Aunt Maria glanced up from her knitting.

"Josh," she remarked, "do you know that next Sunday will be the 23th anniversary of our wedding?"

"You don't say so, Maria," responded Uncle Josh, pulling vigorously on his corncob pipe. "What about it?"

"Nothing," answered Aunt Maria, "only I thought maybe we ought to kill them two Rhode Island Red chickens."

"But, Maria," demanded Uncle Josh, "how can you blame them two Rhode Island Reds for what happened 25 years ago."

HAS THIS EVER BEEN DONE BEFORE?

A young woman who was reared in an Eastern Kansas town read in a poultry journal that poultry-raising was remunerative, so she decided to try it. She purchased an incubator and set her on thirteen eggs. She wrote to a poultry journal that poultry-raising was much to her liking and wondered how long the hen should remain on the eggs. The paper wrote back, 'Three weeks for chickens and four weeks for ducks." Later she wrote to the poultry journal as follows: "Many thanks for your advice about the setting hen. She remained on the nest three weeks and at the end of that time there were no chickens hatched. As I did not care for ducks, I took her off the nest and sold the eggs."

HE TRYS TO COOPERATE.

In an English school the children had been examined, and their eyes tested, according to the educational authority's latest decree. Those who were suffering from defects had notes given them to take home. Among the note-bearers was one of the name of Willie Jones, and the note he bore was as follows:

"Dear Sir—I wish to inform you that your son William shows signs of astigmatism which ought to be attended to at once.—Yours faithfully, J. W., Headmaster." In the afternoon Willie brought this reply:

"Dear Sir.—I don't know just what Willie's been doing, but I walloped him well this dinner-time, and you can have another go at him if he isn't any better. —Yours truly, William Jones, Sen."

UNCLE SI.

"There goes Slim Sissum in his new flivver," and Uncle Si grinned as he tied up a sack of sugar for a customer. "While Slim was learnin' to drive the thing," continued Uncle Si, "he ran agin a tree and busted the radiator; then he backs off the tree an' bumps into a fence, tearin' up the tail lights. But the best joke on Slim was when he tuk the enjine all to pieces to see why the dern thing wouldn't run an' couldn't git the pieces back tergether again. He sent for one of them fellers who diskivered nothing wrong with the enjine—thet all the car needed was gasoline. Jest befo' takin' the enjine to pieces Slim purty near invented a kind off tryin' to start 'er without eny gasoline in the tank."

AUTO HINTS

Common yellow soap is the best material with which to make emergency repairs if the gas line springs a leak. The same applies to a leak in the water cooling system.

Remember that the rapid production of cars and their equally brisk sale means that the paint on your new car is newer than it used to be when cars appear to ride hard. Sometimes a large tool under the seat, such as the jack, will press against the seat cushion springs and reduce their effectiveness accordingly.

The best way to start a motor when the battery is discharged, even after it has stood idle for a long time, is to jack up one of the rear wheels and turn it by hand with the clutch in and high gear engaged. The spark should be retarded and only a small throttle opening allowed. Before removing the jack the gears should be shifted to neutral again.

Inspection of tires and rims frequently will prevent unnecessary trouble and annoyance. Rims that have become a large tool under the seat, such as the jack, will press against the seat cushion springs and reduce their effectiveness accordingly.

A seat cushion that is not properly set in its base will often destroy some of its comfort and appearance. Have the car appear to ride hard. Sometimes a large tool under the seat, such as the jack, will press against the seat cushion springs and reduce their effectiveness accordingly.

HOME PROBLEMS.

SPRING HOUSECLEANING.

As surely as the spring young mom's fancy lightly turns to thoughts of love, so does the housewife's thoughts turn to the spring housecleaning. We were taught by our mothers that housewife ever needs a complete cleaning time. She always keeps it clean enough but for some other reason than for her own peace of mind she needs to make many changes. After the long "shut in" days the housewife needs to make some changes in her surroundings. Mother Nature herself teaches us that. After the long winter, in which she was garbed in her dull brown dress, she suddenly bursts forth a gay creature in wonderful colors and styles.

The hot summer sun makes it advisable for us to take down our beautiful lace curtains and draperies. I know a thrifty housewife who could not endure the look of the bare windows she said they were so cold and friendless. So she bought some very inexpensive white wash material; this she made up into straight curtains with a hem on the two sides about three inches wide, which she had hemstitched; when hung they were drawn back with a straight tie-back that had been hemstitched; then she used a valance of a pretty but inexpensive piece of cretonne. A different color scheme was used for each room. The effect was extremely pleasing and the tie-back permits the free entry of air.

Another item in our spring plan is the changing of pictures. If a picture is allowed to remain in the same place year in and year out, it soon fades into the wall and we seem, and we forget it is there. However, no matter how small your supply of good pictures is it is a good plan to lay a few away each year then next year put these up and put away a few of the others. If this practice is followed it will seem like getting a new present each year. Put the pictures away carefully. If they can be wrapped in tar paper all the better; if not, wrap in newspaper paper and a few moth balls will do as well. Be sure to put them away out of the reach of children or thoughtless servants. A picture will closely should become a very dear and intimate friend.

Another step in the cleaning of the cellings and walls. The woman who is so fortunate as to have a vacuum cleaner usually has an attachment for this purpose. If not, then the old standby of wrapping a clean rag around the broom will serve the purpose.

A spring cleaning at this time would be a good time to make all of those needed repairs and improvements. The screen door that needs replacing, the shutter that is off and all of the things that you have been making up about throughout the winter. Now is the time to have them repaired or the flower bed and has become ragged. Now is the accepted time to make these repairs.

Besides, the windows have to be washed; also the many, many things that go to make up a spring and early fall cleaning.

Don't forget the yards and the outhouses, they, too, need your attention at this time.

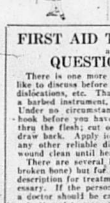
Let us partake of God's pure air. After the long, cold winter days, when the house was closed up, there is a musty, musty odor that can only be removed by the fresh air and sunshine.

Then last, but not least, we must take a sensible house cleaning and rejuvenating. With the advent of the new "birth of flowers and birds" let us put away our dark and gloomy thoughts. Think HAPPINESS and you will be HAPPY. Look at the beautiful trees bursting into leaf and the wonderful beauty of the flowers; do these not give you a new faith of a GREAT LOVE? Put on your new "mental dress," and today let us see all of the beauty and glory of nature. Read good books and plays and make to yourself the resolution that you will be a better man or woman, parent and a better Christian. This is the most important of all. Our "mental housecleaning" at this time of our "spiritual renewal" will never come; it is always TODAY.

Mrs. Stute.

LATE FASHIONS.

Ladies' Dress. This advanced model is very exclusive and quite easily made. A very attractive style can be obtained by making up in handkerchief linen or dainty gingham. This requires 2¼ yards 36-inch handkerchief linen and 1¼ yards of the gingham. This will make a very attractive dress for the whole season and will laundry beautifully.



Child's dress. Little sister will be more than pleased with this very unique and distinctive pattern. A blue or pink plaid gingham is very serviceable and quite pretty. It will require 2¼ yards of 36-inch gingham, ¼ yard of 27-inch white aigue and 1¼ yards of edging for size 4. For a "better" dress this style is prettily made up in a solid colored linen with white trimming.

The general style of clothes has changed very little this spring. Straight lines and simple models seem to be the prevailing note in the early arrivals.

GARDEN REMINDERS.

There are many hints that I might give you that would be of value to you, but I think there are others that I might give you that you are already acquainted with; therefore, if I can be of help that is all that is necessary for me to do; not, perhaps, you can hand this to some neighbor who does need this information.

Sow cauliflower, celery and lettuce in the open.

Straw used as a mulch around the roots of strawberries will preserve the moisture during the hot summer months.

Sow the asparagus seed early in March. Prepare the bed by very deep breaking and turn under stable manure and bone phosphate in liberal amounts.

Pansies and celery should be watered well. Neglect on this line will spell failure.

If your soil is sour, apply lime.

When digging carrots, be sure that you have dug them all, as they will become weed pests.

If soil is very poor, then, you must apply cow manure. Add wood ashes, and if acid, sprinkle with the manure. Lime alone has been used with good results if well raked over several foot around the roots.

When a plant is out of place it is as much a nuisance as a weed and must be cut down, accordingly.

The old canes and dead ones should be cut out of your berry batch. Eight or ten canes to a hill is sufficient.

Round rings about two and a half inches wide cut from oatmeal boxes, then slipped over tomato and cabbage plants, will be an easy and effective way to combat the cut worm.

If a record is kept of when each vegetable and flower is planted it will be very interesting to see just how long the seeds need to germinate.

In planning your flower garden, do not leave out the old favorites. Their simple beauty is ever appealing to the flower lover.

There are three watchwords of success—for the garden lover, and they are: Timeliness, Thoroughness and Persistence.

If my little hints and reminders have been of benefit to you, sit down and write me a letter and let me know. Box 1012, Fort Worth, Texas.

HOUSEHOLD HINTS.

Old screen wire from windows and doors make an excellent drying rack for fruits, vegetables and seeds. It will protect them from the birds and chickens, and yet, not shut out the essential rain and sunshine.

Soak all large seed twenty-four hours before planting. If said seed are not planted at once they will dry out and are slow to start growing. Never saw small seeds on a windy day, as you will lose many.

If your soil is sour, apply lime to counteract the acid.

March is the ideal month for planting figs and starting cuttings.

I have found newspapers very handy to pad an ironing board.

Keep baby out in the early spring sunshine. Children who are kept indoors all winter are pale and sickly looking. Let her play in the sand under proper supervision. Let her romp and play. Let her picking, they need to be cultivated often to keep down the weeds and help them to grow. Do not let the little tots eat until the sun has dried the early dew.

Gloved hands protect children's hands from bruises. An ordinary pair of cotton gloves can be purchased from almost any department store. They are cheap, the money.

When we come to die, all that we can take with us is our good and a kind word. "Let no slow, descending sun pass by without a good deed done."

Mix salt with the flour before adding it in making gravy and thickening; beat with an egg beater, and it will be smooth in a few minutes.

A few drops of lemon juice added to boiled potatoes before cooking will improve them.

If you have any suggestions that you would like to pass on to help your fellow man, or woman, send them to me, and I will print them in this column.

Mrs. Stute.

FIRST AID TREATMENT and QUESTION BOX.

There is one more subject that I would like to discuss before we go into fractures, dislocations, etc. That is the removing of a barbed instrument, such as a fish hook. Under no circumstances try to pull out a hook before you have first pushed it on thru the flesh; cut off the head and then draw back. Apply iodine to the wound or any other reliable disinfectant. Keep the wound clean until healed.

There are several kinds of fractures (a "broken bone) but for our purpose a general description for treatment is all that is necessary. If the person is seriously injured, a doctor should be called to the home; do not attempt to move the injured person, but do so under the doctor's instructions. For a simple break, the person can be taken to the doctor's office. This should be done as soon as possible, never more than twenty-four hours after the accident.

The general symptoms of fractures are: Pain, swelling, discoloration, deformity and loss of power.

Never "take a chance" that a fracture will heal of its own accord. Physicians is necessary to set the bone so it will grow back by the proper position. A deformity is unsightly and a great handicap. After any injury, if there is the slightest danger of internal injury, a doctor must be seen.

Next month, I will tell you how to remove an injured person.

TESTED RECIPES.

(My favorites this month.)

Mrs. Stute's Baking Powder Biscuits.

2 cups flour
3 teaspoons (level) baking powder
½ teaspoon salt
1 tablespoon butter or lard
¾ cup (scant) milk or water

Sift dry ingredients, rub in the butter with tips of fingers, add milk and mix lightly. Put on board and roll to thickness one inch with biscuit cutter. Bake quickly in a hot oven in a shallow, well buttered tin. Biscuits should be first turned on one side then the other, then butters both sides and makes them brown nicely. Handle dough as quickly and lightly as possible. Do not knead the dough.

Never Fail Pie Crust.

1 cup sifted pastry flour
½ teaspoon salt
½ teaspoon baking powder
1-3 cup lard
2 tablespoons cold water.

Sift dry ingredients, rub in the lard until thoroughly mixed (this is important,) then add water. Take a little more than half of the dough, toss on a slightly floured board and roll quite thin. For a pie with a top crust line inside of pan with this sheet of dough. For lemon pie, etc., put over back of pan and press down around edge, cutting off excess dough. Punch many times with the prongs of a fork. Add cut remnants to remaining dough and roll thin. Use as top crust or for bottom crust as just described. Bake pie crust in hot oven.

Delicious Lemon Pie Filling.

1 teaspoon salt
3 tablespoons cornstarch
2 tablespoons flour
Grated rind of one lemon, juice of two lemons
2 eggs.
1½ cups water

Sift dry ingredients, add water, mix thoroughly, and cook in a double boiler until thick. Add yolks of eggs (beaten) and juice and grated rind has been mixed. Remove from fire and cool.

MEDINA MISSIVES.

Judge A. L. Mansfield and William Eilers, Supervisor for the State Aid Department, were here last Monday and Tuesday. Monday evening Mr. Eilers gave an interesting talk to the school. He was asked by Judge Mansfield, "What kind of school system is shown at Medina School?" The answer was: "This school shows better school spirit than any school I have visited for a long time." We know our school house is not the best, but we hope to make it so some day in the near future.

Shearing was enjoyed at Mrs. Tallman's last Sunday night.

R. E. Cotulla, geologist for the Texas Pacific Coal & Oil Company was here last week looking over the country.

Senator Real of Kerrville will be here next Saturday March 15 to speak in the interest of good roads and better roads. Everybody come.

Mrs. Sherill visited her daughter Miss Floy Sherill, at San Antonio last week.

A crowd of young folks enjoyed a party at Mr. and Mrs. H. L. Porter's last Saturday night.

Mrs. Orville Stokes was also brought home from the hospital in Kerrville last Tuesday. We are glad to report that she is getting nicely since her operation.

Judge Mansfield informed us that he was going to try to get State School Superintendent S. M. Norris to be present at one of the schools to deliver their diplomas to the graduates.

Next Sunday afternoon last week a large crowd of Mrs. Tallman's and John McMahan's friends gave them a surprise party at the home of Mrs. Tallman. The color scheme was beautifully carried out, having received the room with lovely red and white roses, with the tables in the color. A number of useful presents were given the two honorees's. Refreshments of cake, candy and cocoa, were served and an enjoyable evening spent. A good musical program was rendered.

Professor W. O. Hatfield came from Sarpley last week-end to visit homefolks.

Marvin Evans, who has been in best wishes and congratulations.

Mrs Beulah Smith was the guest of Mrs. M. P. Akin a few days this week.

The Hill Country Tract and Corn Meet will be held at Kerrville March 21 and 22.

CAMP VERDE AND BLACKETT

Mr. and Mrs. Geo. Reeves and children Milton and Mildred, were in Kerrville Friday.

Mr. and Mrs. Bertie Oatman returned to their home in Kerrville after spending a few days with Mr. Oatman's parents, Mr. and Mrs. Charlie Oatman.

Mr. and Mrs. A. D. McBryde and children, Alberta and Marvin, returned from San Antonio Thursday.

D. C. Reeves and son, Raymond, went to Center Point Sunday afternoon.

We are very glad to report that the little son of Mr. and Mrs. B. E. Lackey, who has been very ill with pneumonia, is now improving.

Rev. F. M. Buckelew, of Medina, visited our school Thursday afternoon and entertained the pupils with an interesting talk of his life while an Indian captive.

Miss Cleoria Smith was the guest of Miss Alphon Edens Sunday.

Howard Lackey, of San Antonio is spending a few days with his father, B. E. Lackey.

Miss Merrie Jackson and Miss Lee Griffin were guests of Mrs. Tucker Sunday afternoon.

L. A. Smith made a flying trip to Center Point Sunday afternoon.

Mrs. Ben Mayo of Medina was the guest of Mrs. Marvin Mayo on Monday.

Ladies Meet Today.

The ladies of the Bandera County Fair organization will meet this afternoon at 2 o'clock at Cox's Opera House for the purpose of arranging details in connection with their work. Miss Ethel Hamilton of the State Department of Agriculture, will be present to discuss home demonstration work and other matters.

Medina Couple Married.

Will Stokes and Miss Eunice Teague were married at Medina last Tuesday night Rev. F. M. Buckelow officiating. The groom is the son of Mr. and Mrs. H. R. Stokes, and the bride is the daughter of Mr. and Mrs. Joe Teague. Both are worthy young people, and the New Era joins

Corn Planting Time

Corn planting has been under way for several days, but was interrupted by the rains yesterday. The ground is in fine condition and prospects for a corn crop were never better at this season of the year.

The Class Play.

The senior class of Bandera High School presented a very interesting and laughable play at the school auditorium last Friday evening, entitled, "A Mistake." All who attended were highly pleased with the characters roles assumed by the seniors. We did not learn the amount netted the class, but understand it was quite a tidy sum.

A Narrow Escape.

The little two-year-old child of Mrs. Chapman, who has apartments in the Carmichael home, narrowly escaped serious injury one evening last week when he fell from the upper porch to the ground, a distance of about 20 feet. The little child was picked up by its mother and Dr. Erwin hastily summoned, but aside from the shock no injury was sustained.

Supt. Marrs Invited.

Judge Mansfield has invited M. N. Marrs to come to visit Bandera sometime in May, preferably about May 20, at which time he will be invited to deliver an address to the senior class of Medina High School. The purpose of asking Mr. Marrs to come is to discuss school work in general. In accepting the invitation it is probable that Mr. Marrs will come also to discuss P. T. A. and Mothers' Club work

Mrs. Magdalina Leibold

Grandma Leibold, one of the early settlers of this section died at Moore, Texas, on February 29, and was buried at Devine.

Mrs. Leibold, nee Magdalena Beltz, was born in Germany in 1834 and came to Texas when eighteen years of age. She remained here one year and returned to Germany, but came back to America and remained here. When she was 25 years old she was married to John Leibold, and to them were born five children, four of whom are living: Mrs. Otto Ruede of Moore, Mrs. Leibold of Hondo, Eddie and Anton Leibold of Bandera, Mrs. Orville Surber, another daughter, died a few years ago, leaving two little girls. Mrs. Leibold had 17 grandchildren.

The many friends of this good old pioneer mother were pained to learn of her death, which occurred after a brief illness at the home of her daughter at Ruede, at Moore. Funeral services were conducted by Rev. Otto Goritz of Devine.

Fruit Crop Little Injured

Despite the cold weather of the past two or three weeks it is said the fruit crop suffered but little injury. Trees are now in full bloom, and if we can get by a little longer without severe frost old Bandera county will have a big fruit crop this year.

Road Meeting at Medina

Next Saturday the citizens of Medina precinct will hold a mass meeting to discuss the building of a better road from Bandera through Medina to the Kerr county line, or better from Wesson's Creek, as that marks the beginning of that precinct. If the necessary steps should be taken to build that road, Bandera will be expected to build the gap between this town and Wesson's Creek. Senator Real of Kerrville will deliver an address at this meeting and fully explain how this road can be built as well as give some interesting statistics in regard to road construction, bond issues, taxation, etc. Every citizen of Bandera who can possibly go should attend this meeting. Medina is thoroughly alive to the need of good roads and those people are going after better roads in a way that shows they mean business.

Boost for good roads.

Picture Show Saturday Night

A good screen production will be shown at the Bandera Theater next Saturday night. We have not been furnished with the title, but Tom Rayfield has booked some extra good feature pictures and Saturday night's picture will be of that class. Ralph White came over from Center Point last Saturday and put on a couple of pleasing comedies which delighted all of the little folks. He is "breaking in" the new operator, Mr. Rayfield, and under a very short time Bandera's picture show will again be going on schedule time.

BLUFF NEWS

Mrs. C. A. Reed and son, Dan of Lima, spent Saturday night and Sunday with John Walker and family.

Mr. and Mrs. G. B. Hubbel moved to Turtle Creek last week. We are sorry to lose them, but we wish them good luck in their new home.

Miss Clara Walker was a week-end guest of Miss Mary Keese.

Mr. an Mrs. Vick Lohn and Mr. and Mrs. Will Parker, Mrs. M. H. White and son, Jep, were visitors in the Chamberlain home Thursday.

Mr. and Mrs. Vick Lohn visited Mr. and Mrs. Will Parker Sunday.

Bill Hillman, of Lima, was a Bluff visitor Saturday afternoon.

Virgil Miears visited William Baker Sunday.

Ross Turner visited in the L. B. Freeman home Sunday.

Mrs. Lane Jackson is spending this week with her parents, Mr. and Mrs. Tom Miears.

Box Supper at Middle Verde

The box supper given at Middle Verde school house last Saturday night for the benefit of the school, was a very delightful affair. About $20 was realized from the sale of boxes.

TARPLEY TOPICS.

Mrs. H. Burns was over from Pipe Creek last Saturday.

Supt. W. Bennett, R. Whitley, guests of Mrs. Hondo visiting his brother, Mr. and Mrs. Orville Keese Sunday.

Miss Marie Wilson spent last Sunday with her sister, Mrs. E. D. Keese.

Misses Clara Walker and Ray Keese, guests of Miss Mary Keese Saturday night.

Mrs. Jones, who has been visiting at Port Arthur, came in last Saturday night and is glad to be with her children again.

We are glad to see Leo Smith out after his illness of pneumonia and glad to know that he is improving.

Mrs. Bill Phillips is visiting her daughter, Mrs. Jno. Mullins, at Pipe Creek.

Mrs. Lee Bennett left Saturday for Midland to make her home.

Orville Keese and two children, Cora Schiu and Howell and Miss Ruby Keese were visitors in the Orville Keese home Saturday morning.

Mr. and Mrs. Ed Hinds spent Saturday evening and every one enjoyed the ice cream.

Mrs. Wilson home.

Cynthia Shipman and children were guests in the Reed home Saturday night.

The district social was enjoyed by a large crowd at Mr. and Mrs. Walt Pellers' Saturday night.

Mr. and Mrs. Orville Keese are elsewhere. Mr. and Mrs. H. W. Billings will entertain the Sunday night and the writer is hoping for more chocolate candy as we are very fond of that particular kind. But when will be the time for Mr. and Mrs. Orville Keese to entertain the club when the grandmothers above mentioned will run to shoot-the-breeze and Joe's table runs in that way, too.

Mrs. Evans, of Medina, was in our midst last Saturday and Sunday, filling his regular appointment at the Methodist church. We are always glad to welcome Brother Evans to Tarpley.

Mohair Bringing Good Prices

From reports from over the eastern part of the state the price of wool and mohair is looking good. In many places the goat will pay more to keep than sheep. Farmers are contracting their mohair before shearing at very satisfactory prices. Wool pries also are upward trend, and sheepmen are happy. Bandera county markets many thousands of pounds of wool and mohair every year, and this one thing brings in considerable revenue.

LIMA LINES

Mr. and Mrs. Andy Reed and little son, of Ft. Worth, guests of Mr. and Mrs. Orville Keese Sunday.

Mrs. Wilson spent last Sunday with her daughter, Mrs. E. D. Keese.

Misses Clara Walker and Ray Keese, guests of Miss Mary Keese Saturday night.

Mrs. Jones, who has been visiting at Port Arthur, came in last Saturday night and is glad to know that she and her children are improving.

Mrs. Bill Phillips is visiting her daughter, Mrs. Jno. Mullins, at Pipe Creek.

Mrs. Lee Bennett left Saturday for Midland to make her home.

Orville Keese and two children, Cora Schiu and Howell and Miss Ruby Keese were visitors in the Orville Keese home Saturday morning.

Mr. and Mrs. Ed Hinds spent Saturday evening and Sunday in the Wilson home.

Cynthia Shipman and children were guests in the Reed home Saturday night.

The district social was enjoyed by a large crowd at Mr. and Mrs. Walt Pellers' Saturday night.

Mr. and Mrs. Orville Keese are elsewhere. Mr. and Mrs. H. W. Billings will entertain the club Sunday night and the writer is hoping for more chocolate candy as we are very fond of that particular kind. But when will be the time for Mr. and Mrs. Orville Keese to entertain the club when the grandmothers above mentioned will run to shoot-the-breeze and Joe's table runs in that way, too.

Mrs. Evans, of Medina, was in our midst last Saturday and Sunday, filling his regular appointment at the Methodist church. We are always glad to welcome Brother Evans to Tarpley.

Old Settlers Enrolling

While the enrollment of members of the Bandera county Old Settlers Association has not been as rapid as it was hoped when the association was effected, the old timers are coming in steadily to take membership, and to publish the full list of members in a short time. Every man and woman above forty years old should join this association and prepare for the big reunion that is to take place here July 4th and 5th. Makes no difference how long you have lived in the county, if you are now forty years old you are entitled to membership. All men and women who have lived in the county sixty years or longer are requested to pay dues, but all other members are assessed $1.00 per year.

While our offer to send the New Era and Frontier Times each one year, for $2.50 holds good you should avail yourself of the opportunity. The offer will be withdrawn soon.

This week the New Era puts on a new feature—a magazine section, containing something for every member of the family. This magazine portion will be given away each month. If you like it tell your friends about it. Remember, the entire magazine feature belongs to the New Era and is separate and apart from J. M. Hunter's monthly magazine, Frontier Times.

Friends of W. R. Fletcher are urging him to enter the race for representative from this district. Thus far Mr. Fletcher has not announced to the public, if he consents his friends will solicit and he will ably represent the people in the legislature, for he is capable, and is thoroughly posted on all matters that effect. Here's hoping the pressure of his friends will be strong enough to induce him to make the race.

Frontier Times for April is being issued from the press this week. It contains sixteen very interesting pages of frontier life. Every school boy and girl likes Frontier Times, because it appeals to them and is authentic historical data.

"There is an awakening all over Bandera county to the need of good roads. And Bandera county is going to have good roads."

The New Era's editorial last week in regard to the election of a county board of trustees for Bandera school district seems to have aroused considerable discussion pro and con, which is but what we wanted it to do. Perhaps our people will be aroused to the needs of our schools, and discussions of such matters should be indulged in. No matter what motives the New Era may be accused of having it endorsed the fact that this paper does not deem the interests of our boys and girls of greater importance than mere whims. The New Era stands for a thoroughly competent board regardless of who they are.

Bandera County Fair is to be held August 11, 15, and 16. Great preparations are being made to make it the best fair in Southwest Texas. The directors in charge are going to work faithfully to this end. Are you lining up solidly with them, or are you going to just stand aside and lend no help?

Construction of a bridge across the Medina river here will begin just as soon as the money which has been subscribed is paid in. The committee in charge of the work insists that all subscriptions be paid in promptly without further delay.

The Hill Country Tract and Literary Meet will be held at Kerrville March 21 and 22.

VANDERPOOL VISITORS

C. J. N. Word has moved his merchandise and rear office into the new building and it looks quite inviting.

Quite a number of Vanderpool citizens were transacting business in Sabinal this week.

Mrs. H. E. Rogers formerly a resident of this vicinity, but now of San Antonio, came in Saturday to attend the funeral of her sister-in-law. On Sunday morning she left together with Mrs. Hughes and accompanied by their nephew, J. L. Johnson and his daughter, Miss Maybel, out at Rock Springs, to visit with them until relatives left.

Mr. and Mrs. A. J. Woodard, of Sabinal, were visitors in Vanderpool last week. Grant Stowell, Warden Durst, and Judge Mansfield, all of Bandera, the latter visiting the schools around here and making some splendid talks on the importance of seeking an education.

O. E. Clayton and Ernest Rainey have returned from a business trip on the Nueces.

Mrs. Jim Hannan was the guest of Mrs. J. J. Walton Sunday and R. H. Ryan and family spent the day with Lon Moore.

The choir practice at the O. M. Clayton home was well attended and much interest manifested by all.

Nalyon School closed Thursday. Miss Crocker, instructor of the school, left Saturday for San Antonio Sunday. She taught a splendid term for them.

Mrs. W. S. Harlan depart this life, February 25th, 1924, at the age of 55 years, and 4 months. She was a native of Mississippi, coming to Texas in the early days with her parents, Rev. and Mrs. S. D. Smith, living in this community several years, professed faith in Christ and united with the Missionary Baptist church at the age of 16 and was a consistent member to the close of her life. Her Christianity was quiet and unobtrusive, faithful, dependable and devoted to her church. On August the 22nd 1883, she was united in marriage to W. S. Harlan and to this union were born seven children, all of whom are living in and near Clovis, California, where the family moved to from over 7 years ago. The children are Mrs. Willie Watten, Jr., Mrs. J. T. Polvado, Mrs. Ittaline Henderson, Horace, Leyman, Madison and Stevie, Jr.. The body of the deceased was brought back here by the grief stricken husband to be laid to rest in the Vanderpool cemetery. Funeral services were conducted by Rev. J. W. Storms, Saturday evening. A large crowd of friends and loved ones attended to pay a long, last loving tribute to her memory. Concerning the Immortal Life, one has said:

"It seemeth such a little way to me,
Across to that strange country—the beyond;
And yet not strange, for it has grown to be
The home of those of whom I am so fond;
They make it seem familiar and most dear,
As journeying friends bring distant regions near."

Road Meeting at Medina

The citizens of Medina will hold a mass meeting on Saturday March 15, at 2 p. m., at which time Senator Julius Real of Kerrville will talk about the proposed State Highway from Bandera to Kerrville, via Medina and Bluff. His main subject will be, "Will a Pay Commissioner Protect No. 2 to Vote Bonds to Build a Good Road from Wingan's Creek to the Kerr County line, and if so, How Much Will it Raise Your Taxes?"

Everybody invited to come. Refreshments from Bobdery and Pipe Creek will attend.

Hoel Fly Time in Texas

A few months ago the News Era published an interesting serial story, "Hoel Fly Time in Texas," written by John Warner Hunter, and dealing with events along the Mexican border during 1916 and 17. The story had many requests for this thrilling story in pamphlet form, and we are pleased to announce that it will soon be able to supply copies to those who desire to read this story complete. Beginning with the April number of Frontier Times the story will appear in the magazine serially, and, from the type we use in printing the story a booklet under that title will be printed. Be sure to use the booklet ready for distribution sometime in April. The price will be fifty cents per copy.

NOTICE OF ROAD BOND ELECTION

The State of Texas, County of Bandera) To the resident property tax paying voters of Road District No. 2 of Bandera County, Texas.

Notice is hereby given that an election will be held on the 5th day of April A. D. 1924 within Road District No. 2 of Bandera County, Texas, to determine if said District shall issue bonds and if a tax shall be levied in payment thereof, in obedience to an order entered by the Commissioners Court on the 1st day of March, 1924, which is as follows:

On this the 1st day of March, 1924 the Commissioners Court of Bandera County, Texas, convened in regular session at the regular meeting place thereof in the Court house at Bandera, Texas all members of the Court to-wit: A. L. Mansfield County Judge, and B. Holt, Commissioner of Precinct No. 1, J. L. Edwards, Commissioner of Precinct No. 2, R. L. Morris, Commissioner of Precinct No. 3, J. W. Porter, Commissioner of Precinct No. 4, being present, came on to be considered the petition of G. M. Fewter and 63 others, praying that Road District No. 2 of Bandera County, Texas, in the sum of $24,000.00, bearing 5½ per cent rate of interest, be issued by said District, to be expended in constructing, maintaining and operating macadamized, gravel, or paved roads or turnpikes, or in aid thereof, and that a tax shall be levied upon property of said Road District No. 2 of Bandera County, Texas, subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the payment thereof at maturity, and, after hearing and considering the petition for the purpose of paying the interest on said bonds and to provide a sinking fund for the payment thereof at maturity, and, after hearing and considering the petition, the Court finds that the same is signed by more than 50 per cent of the resident property tax paying voters of said Road District No. 2 of Bandera County, Texas, and,

It further appearing that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Road District No. 2 of Bandera County, Texas, and,

It further appearing that said Road District No. 2 of Bandera County, Texas, has been duly established by an order of the Commissioners court of Bandera County, Texas, on the 1st day of March 1921, of record in Book 2 page 54 of the minutes of said court, and the boundaries of said District described and defined in the order of the Commissioners Court establishing such district, as follows, to-wit:

Medina Will Ask Bond Issue

A rousing mass meeting was held at Medina last Saturday, when initial steps were taken toward securing better roads in that community. Senator Real of Kerrville, delivered a stirring address in which he advocated the issuance of bonds for the purpose of building a good road from Bandera through Medina to the Kerr county line, which, when done, will be met by Kerr county with a road building program. The school house in Medina was filled beyond its seating capacity, and a large number of ladies being present, manifesting that they too are interested in good roads. Following Senator Real's speech a petition asking the county commissioners to call an election for the purpose of voting a bond issue of $25,000 for the project, was circulated and numerously signed, and the petition will be presented at the next meeting of the county commissioners. Senator Real said, in part:

"I am pleased to stand in the presence of this audience in full fellowship of a yearning desire which I have entertained for many years—an opportunity to raise my voice for the development and upbuilding of our several communities in one of which I live. I do not hesitate to say that I have no personal interest in view for myself or any set of individuals more than to see this entire section in a substantial manner connected with the outside world by a system of good roads. The Spanish Trail, thus putting into operation one of the most important scenic highways in the United States. It has been suggested that the funds might be raised by private subscription, but this method has been tried too many times with failure as an inevitable result. The only possible method by which people can base their plans with perfect safety is the bond issue. The Kerrville district voted a $75,000 bond issue which carried on the second ballot by a unanimous vote, and among its strongest supporters now, are the people who were formerly against the proposition. One of the greatest arguments in favor of the bond issue aside from the unlimited results of the highway, if the fact that at least 75 per cent of the funds raised for construction will revert back to home people, making ample allowance for 25 per cent to be spent for cemtnt and other purposes. Along this line I wish to be early to suggest that the greatest possible care be exercised when it comes to dispensing public funds, as great responsibility occur in road construction as a direct result of the absence of discretion in the proper handling of funds. When I say that 75 per cent of the funds raised will revert to home people it is with the understanding, of course, that the funds are to be under proper supervision. The figures indicate a $25,000 bond which I believe will be sufficient with proper construction, seeing that all the material needed for the entire stretch of road in San Antonio's length I believe is there.

"Referring again to the Kerrville bond issue of $75,000, I wish to emphasize the fact that it has proved to be the greatest investment the people ever made, and if I was not profoundly sincere in making the statement, that it will, if completed mean the same to you, I would not be here today on this errand, and I am free to say that Bandera county and no other county will ever reap the good results of good roads without bonds for sufficient funds.

"I hope, and I am sincere in the matter of time when the people of my belief, that it is only a question of time when the people of the Medina valley will arise in a united effort to secure the good result to be derived from a first class road to SanAntonio and other points.

"In conclusion I wish to say that on my way over to Medina my car "stuck" in both crossings of the Medina river and I venture this a substantial evidence that bridges and roads are in demand in this section. As a last word, if the election is held, I hope to have some friend call me over the 'phone and say 'The issue carried by an overwhelming majority.'"

After the speech expressions of gratitude and good feelings were heard on all sides and Mr. Real was heartily applauded.

TUFF TIDINGS

We are sorry to report Mrs. R. D. Garison very sick with the measles, but hope she will soon be on the road to recovery.

Medina is going to ask for a bond issue for the purpose of building a good road from Wiman's Creek to the Kerr county line. From the fact that the petition asking for an election for this purpose has been numerously signed we are led to believe that the bond issue will carry by an overwhelming majority. And Medina is showing signs of progress, while Bandera—what is Bandera doing?

The people living in the region north and northeast of Bandera should be served with a rural mail route. In fact there should be at least two rural routes running out of Bandera, one to serve the people of West Verde, Middle Verde, East Verde and the Julian section, and the other to traverse the region embraced by Bandera Pass, Mason Creek and Privilege communities. If the proper steps were taken we believe such rural mail routes would be established.

At the present time the road leading from Bandera to Kerrville is in an almost impassable condition. The rains have badly washed some sections of the road and in some places the "hogs" seem bottomless. But Medina is going to solve her part of that road problem by voting bonds to build a good road from that town toward Kerrville.

When the Old Settlers Reunion takes place in Bandera on July 4th and 5th it will be attended by the greatest crowd ever assembled here. We are getting letters from people from all sections of the country saying they are coming to meet their old friends and enjoy Bandera's hospitality at that time.

Good roads and good schools go hand in hand. They are necessary to the development and progress of any community. Bandera county needs good schools and good roads.

The dog poisoner is abroad in the land. The first of this week several canines died from strychine poison, and as it seems to have been scattered promiscuously over town those who have a valuable dog should keep him tied up for several days. While it is true that Bandera has a surplus of worthless curs that should be put out of the way, yet the practice of scattering strychine over the town is to be condemned because it usually gets the best dogs, while the worthless mangy curs escape.

The work of building a bridge across the Medina river at the Hondo Crossing is expected to start within a very few days. The money which was subscribed for the purpose has not all been paid in, but is now being collected. As soon as it is all in hand the work will start and the bridge rapidly completed.

Old Settlers' Reunion

Directors of the Bandera County Old Settlers' Association met at Lee Risinger's office last Thursday afternoon and took preliminary steps toward arranging the program for the big reunion to be held here July 4th and 5th. The program thus far arranged is as follows:

FIRST DAY—FRIDAY

Grand Parade, with floats depicting the various periods of Bandera's history: Amasa Clark, the first citizen; Elder Lyman Wight's Colony; Polish Colony; Shinglemakers; Ox Wagons; Bandera Waterworks; Frontiersmen; Emigrants; Indians; Minute Men; Scouts; Cowboys; Ladies on Horseback; Decorated Autos. Parade will form above courthouse and cover principal streets on way to reunion grounds on the Loop. W. E. Mansfield will be marshal of the day.

Tournament— Directed by John Ross. Sometime in the afternoon. Prizes will be awarded.

Shingle-making contest, by the old time shingle-makers. Entrance free. Sometime in the afternoon at the reunion grounds.

Patriotic Speeches, morning and afternoon.

Reading of the Declaration of Independence.

Old fashioned dancing and music. Platform will be built on reunion grounds under the shade of the trees. Only old settlers who have badges will be permitted to dance on this platform.

SECOND DAY—SATURDAY

General Reunion and Meeting of the Association. Selection of a place for holding next reunion in the county.

Grand Barbecue.

Indian Fight and Massacre, in which Indians, Rangers and Settlers participate. Directed by Chas. Eckhart.

Old Fiddlers Contest.

Other Amusements.

Additions will be made to this program from time to time. Everybody is coming. Get ready for it. If you are an old settler enroll as a member of the association at once, and get your badge as soon as they are ready. Red Badges will indicate paid membership. Blue badges will indicate more than sixty years residence in Bandera county.

Concessions will be sold on the following stands: Ice cream, soda water, lemonade, orangeade, hamburgers, doll racks, balloons and carnival novelties.

The Hill Country Track and Literary Meet to be held at Kerrville Friday and Saturday of this week promises to be an interesting and enthusiastic affair, wherein will participate pupils of the various schools of the Hill country. Among the schools that will be represented will be those of Kerr, Kimble, Bandera, Gillespie and Kendall counties. We have not yet been advised which schools of Bandera county will be represented, but we can venture the guess that Medina and Tarpley schools will be there in full feather.

Notice of Hearing to Appropriate Public Waters of the State of Texas
No. 818

Notice is hereby given, to whom concerned that E. H. Sewall, the postoffice address of whom is Medina, Texas, did on the 23rd day of February, A. D. 1924, file his application in the office of the Board of Water Engineers for the State of Texas, in which he applies for a permit to appropriate of the unappropriated waters of the State, from the Medina river, a tributary of the San Antonio River, in Bandera County, Texas, sufficient water for irrigation purposes, to be diverted by means of a pumping plant, said pumping plant to be located at a point which bears S. 34 E. 355 varas from the upper corner of S. S. Callander Survey No. 105, on the West bank of the Medina River, in Bandera County, Texas, and is distant in a westerly direction from Bandera, Texas, twenty miles.

You are hereby further notified that said E. H. Sewall proposes to install a pumping plant, to consist of a No. 4 Centrifugal pump operated by a 6 horse power Fairbanks-Morse engine, having a lift of 20 feet and to divert therewith sufficient water for the irrigation of 13½ acres of land situated in Bandera County, Texas.

A hearing on the application of the said E. H. Sewall will be held by the Board of Water Engineers for the State of Texas in the office of the Board at Austin, Texas, on Monday, March 24th, A. D. 1924, beginning at ten o'clock A. M. at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board in Austin, Texas, this the 23rd day of February, A. D. 1924.

It further appearing that said District does not embrace any part of a political subdivision or taxing road district that has been heretofore established and has issued bonds which are now outstanding and unpaid;

IT IS THEREFORE CONSIDERED AND ORDERED by the Court that an election be held in said Road District No. 2, of Bandera County, Texas, on the 5th day of April, 1924, which is not less than 30 days from the date of this order, to determine whether or not the bonds of said Road District No. 2 of Bandera County, Texas, shall be issued in the amount of $25,000.00 bearing 6% per cent rate of interest, and maturing at such times as may be fixed by the Commissioners court, serially or otherwise, not to exceed thirty years from the date thereof and whether or not a tax shall be levied upon the property of said Road District No. 2 of Bandera County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Articles 627 to 641, inclusive, of Chapter 2, Title 18, Revised Statutes, 1911, as amended by Section 1, Chapter 203, Acts of 1917 Regular Session.

All persons who are legally qualified voters of this State, and of this county, and who are resident property tax payers in Road District No. 2 of Bandera County, Texas, shall be entitled to vote at said election, and all favors desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

All those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The polling places and presiding officers of said election shall be respectively as follows: At the Public School House Voting Precinct No. 6, with Joe O'Bryant as presiding officer, and at Vandergrift Store, voting Precinct No. 7 with Oscar Clayton as presiding officer.

The manner of holding said election shall be governed by the General Laws of the State of Texas, regulating general elections when not in conflict with the provisions of the statutes herein above referred to.

Notice of said election shall be given by publication of a copy of the terms of said election are made by duly authorized election officers and received by this court.

Given under my hand with the seal of the Commissioners Court affixed, this 3rd day of March, 1924.

Report comes that the Thompson Test Well No. 1, at Vanderpool has reached a depth of 800 feet and is now awaiting the arrival of 12-inch casing.

W. W. Whitley was in from West Verde Friday and renewed his subscription to the New Era. He informed us that his son, Charlesc was afflicted with the measles.

C. L. Farrer and Mrs. Lela Foster were married in San Antonio last Thursday. The bride formerly lived at Tredell, Texas, and the groom ranches near Medina Lake. The New Era extends best wishes.

Mr. and Mrs. George Fake who have been spending the past few months with Mrs. Fake's father, C. L. Farrer, have returned to their home in San Antonio.

Mr. and Mrs. Pomp Freeman left this week for their home at Ozona after spending several days with relatives and friends here. They will go via Mason to visit Mrs. Freeman's aged mother, Mrs. M. J. Rogers.

Mrs. Chas. Rugh, who has been doing treatment at the Kenedy Hot Mineral Wells has so far recovered that she will be able to take a month's rest, and will spend the month with her daughter, Mrs. R. H. Bills, at Sabinal.

Mrs. W. Y. Knight writes from Austin to tell the New Era that the family is now located in the Capitol City and are well pleased with their surroundings. Mr. and Mrs. Knight until quite recently resided at Medina, and their many friends throughout this region wish them good luck in their new location.

Ruth, the eleven-year-old daughter of Mr. and Mrs. W. J. Davenport, Jr., is critically ill with pneumonia, following an attack of measles. Several days ago the services of a trained nurse were secured, but yesterday the little girl's condition became so critical that an additional nurse was secured.

E. O. Mayer, photographer of San Angelo, who has been making views around Bandera the past few days, has our thanks for a collection of views of buildings made in this city. Mr. Mayer says he is coming back to Bandra within a short time to make pictures for our people.

Last Monday while fording the river at the Hondo Crossing the strong current carried August Whitley's horse down stream and lodged him under the foot bridge at that point. August was thrown into the water and made his way to the bank, and then mounted the bridge and succeeded with difficulty in extricating his horse from a dangerous position. The river was on a two-foot rise at the time, which made the current swift.

Heel Fly Time in Texas

A few months ago the New Era published an interesting serial story, "Heel Fly Time in Texas," written by John Warren Hunter, and dealing with events along the Mexican border during Civil War. We have had many requests for this thrilling story in phamphlet form, and we are pleased to announce that we will soon be able to supply copies to those who desire to read this story complete. Beginning with the April number of Frontier Times the story will appear in that magazine serially, and from then type we use in printing the story a booklet under that title will be printed. We hope to have the booklet ready for distribution sometime in April. The price will be fifty cents per copy.

B. F. Bellows Dead

Benjamin Franklin Bellows, 80 years of age, father of Mrs. Joe North of Ozona, died at his home in Sonora Wednesday morning, March 19, 1924. In the month of November, he suffered a stroke of paralysis from which he never recovered, and the stroke, coupled with his extreme old age, caused his death.

Mr. Bellows was born in the state of New York, about eighty years ago, and moved to Texas about forty-five years ago, since then being a resident of this state. He came to Ozona in the year 1893 and lived here about five years, going then to Sonora, his home since that time.

Mr. Bellows was a Civil War veteran, serving in the Union Army during the War between the States. He was married to Miss Emma Fowle, to which were born three children, Miss May, who died in Ozona, being mechanically, has a special carburetor, and will make 20 to 25 miles on a gallon of gas. Must sell at once—A. P. Carlton. Bert Bellows, of San Antonio, and Mrs. Joe North, of Ozona. Ladies Meeting

The meeting of the ladies at the Cox Hall last Monday afternoon, called for the purpose of arranging details of the County Fair, to be held at Bandera August 14, 15, ad 16, was a very enthusiastic affair, and the necessary steps were taken to make the County Fair a great success the best ever held here. About fifty ladies were present, and all showed a willingness to do what they could in any capacity, to assure the success of the fair, and the various ladies' committees were given instructions as to how they should proceed. The matter of arranging premiums in the different departments was fully discussed and arranged, and will be properly prepared for the fair catalogue, which it soon to be issued. Mrs. Chas. Eckhart, the lady manager, is very enthusiastic over what has been accompanied so far, and is proving herself a real inspiration to her co-workers. Now, if the people of the community will lend their assistance as freely as the ladies are doing the County Fair will be an event that will be talked of for months after the fair is over. The New Era will publish the names of the various committees and an outline of the program of the fair work within a short time.

The young folks enjoyed a delightful social at the Methodist parsonage last Friday night.

Celebrates 88th Birthday

Judge George Hay celebrated his eighty-eighth birthday last Sunday and he and his good wife were given a dinner at the home of Mr. and Mrs. B. F. Langford, Jr., on that occasion. As March 25th was also the 80th birthday of Mrs. Hay, it was intended as a joint celebration. Only Judge and Mrs. Hay, Mrs. I. B. Langford, and Mr. and Mrs. B. F. Langford and family were present.

The many friends of this aged pioneer couple rejoice to know that both are enjoying excellent health, and wish for them many more happy birthdays. They have been in Bandera a long time, both coming here when quite small. Judge Hay reached this place in the spring of 1854, and has resided here almost continuously ever since, with the exception of a few years spent in Hondo.

Billings to Build

Plans have been drawn and preparations are being made for the erection of a new building on Main Street by C. Y. Billings & Son, Hunter, and the building is to be 24x50, will be modern and fireproof throughout. Construction will begin within a very short time.

The epidemic of measles is still holding sway in Bandera with several new cases reported this week.

B. F. Bellows Dead

Benjamin Franklin Bellows, 80 years of age, father of Mrs. Joe North of Ozona, died at his home in Sonora Wednesday morning, March 19, 1924. In the month of November, he suffered a stroke of paralysis from which he never recovered, and the stroke, coupled with his extreme old age, caused his death.

Mr. Bellows was born in the state of New York, about eighty years ago, and moved to Texas about forty-five years ago, since then being a resident of this state. He came to Ozona in the year 1893 and lived here about five years, going then to Sonora, his home since that time.

Mr. Bellows was a Civil War veteran, serving in the Union Army during the War between the States. He was married to Miss Emma Fowle, to which were born three children, Miss May, who died in Ozona, being the eldest. Other children are Bert Bellows, of San Antonio, and Mrs. Joe North, of Ozona. The East Verde school, closed last Friday with appropriate exercises. This school was successfully taught by Miss Johnnie Padgett and patrons are all highly pleased with the good work done.

Commissioner J. B. Holt has had a crew at work fixing that bad stretch on the Ridge Road, just beyond the cemetery. Some good work was done there and a fearful hog which has been a source of annoyance for years has been eliminated.

Mrs. Harriet Chipman returned Monday from the ranch, where she spent several days. Aunt Harriet says she is looking forward to the Old Settlers' reunion here in July and that she and Grandma Jones may enter the contest for best looking girls.

L. H. Hayes, who was badly hurned up when his truck turned over on the San Antonio road several days ago, was brought home from the hospital Sunday and is getting along nicely. Mr. Hayes sustained three broken ribs and several painful bruises. His many friends are hoping he will soon be well.

Our services can't be beat.—Geo. W. Saunders Livestock Commission Co., San Antonio and Fort Worth, Texas. (adv.)

Frank Billings made a business trip to Kerrville Monday.

Wafren Hunter came up from San Antonio to spend Sunday.

Mrs. P. A. Burris, of Killeen, is here on a visit to her son, C. Burris and family.

James Cox's new building is about ready for occupancy. It will be used as a restaurant and lunch room.

Mrs. A. Munaw, who is here on a visit to her daughter, Mrs. Frank Billings, was on the sick list this week.

Mr. D. T. Holekamp, of the Holekamp Auto Co., was here from Comfort Tuesday on business.

The program for the County Meet appears in another column of this paper. Several schools in the county will participate.

Sheriff Henry Stevens went to Pipe Creek Sunday, but we cannot imagine what on earth he went for.

D. D. Doyle, of Kerrville, was in the city the first of the week and stated that he would be here to attend the Old Settlers' reunion in July.

Harold Young, who lives near Fredericksburg, visited friends in this city Saturday.

W. S. Ethridge and Dave Cox made a business trip to San Antonio Friday.

Mrs. M. E. Holt was in from Indian Creek Tuesday and enrolled as a member of the Bandera County Old Settlers' Association.

Joe Yillemain was up from Pipe Creek Saturday and came in to renew his subscription to Frontier Times.

Robert Blunt and August Wehley departed Saturday in a Ford racing car for California, where they expect to secure employment.

Mrs. J. S. Daugherty of Houston and her sister, Mrs. Jim Smith of Lexington, Kentucky, are here for a month's sojourn at the home of E. Buck.

The condition of J. N. Evans, who has been ill for some time does not seem to improve. His friends throughout this county are hopeful that he will soon be on the road to recovery.

The Lone Star school, over on the Julian, closed last Friday and pupils and patrons enjoyed a picnic there Saturday. Mrs. A. Meadows successfully taught the Lone Star school this term and patrons are well pleased.

R. Lee Walker, of Larson's Creek, was in town last Thursday, and called in to order the Era sent to S.P. Davis, Van Nuys, California, a former Bandera county citizen. Mr. Walker was returning from San Antonio where he spent a week.

Jake Short, who has been attending the Southwestern University at Georgetown, came home last week, the regular term having closed. He returned to Georgetown Monday to take up special work in the University.

Captain Chas. de Montel and sons, Frank and Lee, and Mrs. Lee Montel, were here from Camp Verde Monday. Captain Montel says he used to take part in the tournaments in the old days, and may decide to try his hand once more during the Old Settlers reunion next July.

GROCERIES AT COST

I am selling Groceries at cost, that I may buy more dry goods.—Sylvester Adamson, proprietor of the Little Cash Store. 2t

John Ross, who will direct the tournament at the old settlers' reunion here July 4th and 5th, says that tournament is going to be a big feature of the big event. There are many old time reunions, runners in this region. Some of them may be like the old stage horse—a bit stiff in the hind legs, but they have not forgotten how to catch the rings.

Before selling your monair see us. We have a better price.—W. J. Davenport & Co.

Little Miss Ruth Davenport, who was so critically ill with pneumonia last week, is very much improved and on the road to recovery. This will be glad news to all who have so anxiously awaited, tidings from the sick room from day to day as the little girl's condition grew steadily worse, and now all are rejoicing that the crisis is passed.

Charlie Schott and his manly son, Rudolph, were up from Red Bluff Creek Monday with mohair, which Mr. Schott sold for a good price. He says the clip was light this season, but what the mohair lacked in weight was offset by the high price, and he is pretty well satisfied. He orders the New Era sent to his brother, A. J. Schott, Riverside, California.

Heel Fly Time in Texas

A few months ago the New Era published an interesting serial story, "Heel Fly Time in Texas" written by John Warren Hunter and dealing with events along the Mexican border during Civil War. We have had many requests for this thrilling story in pamphlet form, and we are pleased to announce that we will soon be able to supply copies to those who desire to read this story complete. Beginning with April number of Frontier Times the story will appear in that magazine serially, and from the type we use in printing the booklet under that title will be printed. We hope to have the booklet ready for distribution sometime in April. The price will be fifty cents per copy.

Mrs. F. A. Masters accompanied by Verdie Masters, was in from Wiman's Creek Monday and paid the New Era sanctum a pleasant visit. Mrs. Masters says that her husband, who has been seriously ill with pneumonia following an attack of measles, is now convalescing and will soon be able to be out.

We are paying 55c per bushel for oats.—C. C. Butts Grocery, Kerrville.

Medina sent quite a delegation to the meeting of the Bandera County Ladies held at Cox Hall last Monday. Among those who came from that thrifty community were Mrs. C. W. Hudgins, Mrs. E. H. Sewell, Mrs. Robert Brown, Mrs. A. Moore, Mrs. E. Justice, Mrs. Ed Caton and Mrs. A. V. Pue. Ed Caton came along as sort of chaperone and to talk a little good roads. He piloted a bevy of these fair ladies down into the New Era sanctum after the meeting and told us every one of them were going to vote for a bond issue to build that good road from Wiman's Creek to the Kerr county line.

We want to buy Johnson Grass and Cane Seed.—C. C. Butt Grocery, Kerrville.

Col. J. W. Carter, well known and loved member of the gang, is ill at the home of a nephew in Pipe Creek, in Bandera county, and his friends have been very anxious about him. It is reported that he had another stroke and that it is more serious than the one a year or so ago. He is not entirely confined to his bed, but gets up ocasionally. Mrs. Tuesday received a letter written Sunday night by a daughter of Col. Carter, who had come down from Fort Worth to see him, and her version was very reassuring. All is good news to a wide circle of friends of the veteran representative of the Fort Worth Star-Telegram. Clatter in San Antonio Express.

MEDINA MISSIVES

Miss Hattie Mae and Leslie Jackson, of Rocky Creek, were guests of their uncle and aunt, Mr. and Mrs. Enoch Moffett, a few days this week.

The fair committee will meet next Tuesday afternoon, April 1st, at the Medina Drug Store. All ladies interested in the County Fair are urged to be present at this meeting.

A large crowd was present at the Interscholastic League meet last Saturday, many schools from all parts of the county were represented.

Mrs. D. Laton entertained her Sunday School class with an April Fool's party last Tuesday night. A large crowd was present and an enjoyable evening was had by all. Refreshments of ice cream and cake were served.

Mr. and Mrs. Joseph Surber are the proud parents of a baby girl, born to them last Saturday.

Mrs. C. S. Fee and children of Rio Frio visited Mrs. Fee's father, Rev. Priest Hill, Sunday.

Mrs. Irene Buckelew of Bandera is attending school at Medina this week. While running errands for her sister, Mrs. Buckelew got a bad fall from her bicycle, spraining her left ankle. We hope she will be able to be back at school with us in a few days.

Mrs. Frank Whitehead was taken to Kerville one day this week where she underwent an operation. At last report she was doing nicely.

CAMP VERDE AND BLACKETT

Miss Ray Lee has returned home after spending a few days with her sister at Lima.

Mr. and Mrs. Charley Oatman and family visited in the home of B. F. Lackey Sunday.

Howard Lackey of San Antonio spent Sunday with his father, B. F. Lackey.

Mr. and Mrs. Silas Tucker visited Mr. and Mrs. D. C. Reeves and family Sunday.

Rev. Lerner conducted services at Camp Verde, Sunday.

Rev. Adair, of Center Point, holding the services.

Mrs. Ernest Taylor and baby and Mrs. N. E. Taylor went to Kerrville Saturday.

Morris Witt, Marvin McBryde and Miss Myrtle Jackson and Obera McBryde attended the rodeo at Kerrville Friday afternoon.

Miss Dannie Ranch visited Miss Myrtle Jackson Sunday.

B. Tucker and R. D. Howard left out of Kerrville visited Mrs. Silas Tucker Sunday.

VANDERPOOL VISIONS

Saturday evening Mrs. Olds Long was hostess to the "Bridge Club." The rooms were beautifully filled with cuttings of the Emerald Isle and Tarpley seeds and the card prize favors emphasizing the same idea. At the close of the game the hostess won in the cut and Mrs. W. F. Cox, Jr., in the consolation. After paris fell high Russian cream and angel cake were served to the following guests: Mesdames Cox, Jr., Mrs. Long, hostess, Mrs. Ed Holt, Mrs. Ben Holt, Mrs. Sam Stevens, Mrs. Ed Holt, Mrs. Tarpley

At the Old Settlers' Reunion to be held in Bandera July 4th and 5th, will be heard some of the old time cowboy songs which will be given by men who used to trail the cattle to the northern markets. Songs that were sung to quiet the restless cattle by the cowboys on the night herd, and which have long since been put into history. There will be dug up and sung for the benefit of the present generation.

Next Saturday is the day Bandera will elect a school board. It is said that two tickets will be put in the field, but we only know of one, which contains the names of Dr. John H. Erwin, John F. Langford and Dan W. Buck. These gentlemen are fully qualified, and make a splendid board and we hope they will be elected.

May Hold Teachers' Institute in Kerrville.

An institute for schools of the 19th Congress will be held next September, if present plans go through, according to Supt. B. A. Ewanklin of the local schools.

Such a convention was discussed last Saturday at a banquet given by Schreiner Institute for teachers visiting the Hill Country Track Meet. A number of school people were in favor of forming such an institute and steps will probably be taken to do so.

Judge Marshall of Bandera came over Saturday for the especial purpose of being present at the discussion and to assist in putting some of the ideas across. Other superintendents who were in attendance expressed favor of the proposition and urged that the institute be started next year.

The plan of holding a teachers' institute here has been discussed among local teachers and a number of those in the schools of Kerr county for some time past, it is said. Starting of a move for its formation was gladly welcomed by Mr. Hunter and the News editor has a wager as to which place has the prettiest scenery, Center Point or Bandera, he is to come over and "go" with us on a "pretty scenic tour," then we go to Bandera and look. We're sure the rumble here will convince him without our going over there.—Center Point News.

Write and tell your friends that Bandera County Fair, to be held August 14, 15, and 16, will be the best fair in all of Southwest Texas. Preparations for the fair are going steadily forward.

"There Is a Reason"

To Wed at the Reunion

Last week the New Era called for some couple to volunteer to be married at the Old Settlers' reunion in Bandera July 4th. We have found the couple. And the wedding is going to take place as per schedule. We are not privileged to give the names of these worthy young people, at this time, so don't ask us to do so. It is enough that we publish their names until the week before the reunion. Now it is planned to give the bridal couple a "shower" of everything immediately following the wedding. Every lady in the county is requested to participate in the "shower" by donating some useful article, napkins, tablecloths, bed linens, window curtains, needlework, anything. Every man in the community is asked to participate by donating kitchen-ware, rolling pins, crockery, cooking utensils, furniture, or anything else that will help the newly married pair set up housekeeping. Come on, now, and let's make this the biggest and grandest wedding ever pulled off in Bandera. The New Era will head the list with a bed and springs to be bought from B. F. Langford & Son. Who will furnish the mattress? And can we find ten men who will donate cash enough to buy a cook stove? Just think of it! A wedding affair reception that will be witnessed by thousands. Already the ladies of the community are planning to decorate an altar suitable to the occasion, so it will be a grand affair. When we called for a couple to volunteer to get married on that date we were told we would not be able to get the couple. But we've found a winsome lass and a blushing loonx and that wedding is going to take place. The bridal couple will be happy, pair will appear in the New Era June 27, so look for them.

Editor Marvin Hunter, of the Bandera New Era, his son, Marvin Hunter, Jr., of Bandera and Miss Lill Young, of Fredericksburg, who accompanied them from Bandera, were pleasant visitors at the News office last Friday afternoon. Editor Hunter is publishing such a good paper at Bandera and gets such a splendid line of advertising we asked how he done it. If there is anything to the answer he gave us, we should be getting out a 16-page all home-print paper. He said that the beautiful scenery and the pretty girls of Bandera was what made the New Era such a fine paper. Well, well, Hunter you surely know that we have got beaten badly on both. The lovely scenery about Center Point is picturesque, the girls of our town are the most beautiful to be found in the land, and now for you to say that those rugged hills about Bandera, which you call beautiful scenery and those girls (you say) are pretty, is the cause of your good paper, has certainly got us guessing. Anyhow Mr. Hunter and the News editor has a wager as to which place has the prettiest scenery, Center Point or Bandera, he is to come over and "go" with us on a "pretty scenic tour," then we go to Bandera and look. We're sure the rumble here will convince him without our going over there.—Center Point News.

THE STATE OF TEXAS

To the Sheriff or any Constable of Bandera County, Greeting:

YOU ARE HEREBY COMMANDED to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the county of Bandera, State of Texas, and you shall cause said notice to be printed at least once each week for a period of ten day exclusive of the first day of publication before the return day hereof;

NOTICE OF APPLICATION FOR PROBATE OF WILL IN THE STATE OF TEXAS.

To all persons interested in the estate of Magdaline Liebold, deceased.

Alton Leibold has filed in the County Court of Bandera County, an application for the Probate of the last Will and Testament of Magdaline Liebold, Deceased, filed with said application, and for Letters Testamentary of the Estate of said Magdaline Liebold, Deceased, which will be heard at the next term of said Court, commencing on the 3rd Monday in April A. D. 1924, the same being the 21st day of April, A. D. 1924, at the Court House thereof, in Bandera, Texas, at which time any interest in said Estate may appear and contest said application, should they desire to do so.

HEREIN FAIL NOT, but have you before said Court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Bandera, Texas, this 8th day of March A. D. 1924.

MARK McBRYDE, Clerk
County Court Bandera Co. Texas.

From Lewis Strickland

Placerville, Calif., March 24, '24
The Bandera New Era:

I have been thinking I would write a few lines to Bandera as I lived there from 1876 to 1898 and was well acquainted in that little old burg, and I see so many names of old time friends that it makes me feel as if I would love to visit it once more. The old home on Mason creek where H. D. Rambie now lives was the home of my dear mpther for over forty years. I was born in Texas in 1857, and at the close of the Civil War I went to ranching cattle and branding mavericks, and rode the range for 30 years.

I knew many of the old cowboy drivers and men that used to ship from Corpus Christi, Indianola and Harrisburg. Among them was Shanghai Pierce who drove every fall and ranch stock shipped, I think, mostly from Harrisburg, as he lived close to Matagorda Bay; also Choate & Bennett were early trail drivers. They drove up to our house one evening just about sunset—four of them in a big four-horse hack and they loaded with money, seventy-five thousand dollars in gold and silver, so much silver in one sack. They told a man who lived with us, by the name of Charley Bayers, that if he would carry it in the house he could have it but he could not stand up with it. He was a large man, stood over six feet and weighed about 200 pounds. They carried the money in the house and set it behind the door at the head of mother's bed and left it there until they got ready to leave next morning.

LEWIS STRICKLAND

Old Physics Test With Sand Stopped Rumble in Sedans

A simple experiment with sand known to every one who has studied physics, has resulted in the adoption of a soft material for the roofs of all cars made by the Lincoln Motor Co. Detroit, instead of the former metal covering. This change has resulted in the absolute elimination of the rumble often heard in closed cars.

One of the most annoying features to the owner of a the closed car is noise. Years ago it was impossible, engineers thought, to prevent the deep rumble heard at certain times. It was well known that the rumble came from the roofs of closed cars, but just how this could be overcome was not known.

The Lincoln engineers decided that a simple experiment with sand, which is taught by every physics teacher, would show them the cause of the rumble. One day a stepladder was secured and the roof of a sedan was covered with fine sand. The engine was started, and by watching the sand it was found that at certain speeds regular patters were formed.

Just as regular as clockwork the sand would form into two patters, at the rear, resembling two targets such as are used on rifle ranges for revolver practice. third pattern would be formed at the front of the roof in the shape of squares, with edges slightly dented. Time after time this experiment was tried and found to be the same.

It was next tried to weight the top down to prevent the roof from vibrating, which caused the patterns to form. It was found that it took fifty-five pounds of weight to prevent the vibration, and, of course, such weight added to a thin roof was impossible to use, and the softer covering was prepared, which did away with the rumble and greatly improved the appearance.

The New Era makes a charge of fifty cents for publishing a card of thanks. We kindly ask those who send in matter of this kind to please enclose the small amount, as we do not enter same on our books.

It further appearing that said District does not embrace any part of a political subdivision or defined road district that has been heretofore established and has issued bonds which are now outstanding and unpaid;

IT IS THEREFORE CONSIDERED AND ORDERED by the Court that an election be held in said Road District No. 2, of Bandera County, Texas, on the 5th day of April, 1924, which is not less than 20 days from the date of this order, to determine whether or not the bonds of said Road District No. 2 of Bandera County, Texas, shall be issued in the amount of $25,000.00 bearing 5½ per cent rate of interest, and maturing at such times as may be fixed by the Commissioners court, serially or otherwise, not to exceed thirty years from the date thereof and whether or not a tax shall be levied upon the property of said Road District No. 2 of Bandera County, Texas, subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity;

All persons who are legally qualified voters of this State, and of this county, and who are resident property tax payers in said District No. 2 of Bandera County, Texas, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

All those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The polling places and presiding officers of said election shall be respectively as follows: At Taylor School House Voting Precinct No. 6, with Joe O'Bryant as presiding officer, and at Vanderpool School House Voting Precinct No. 7 with Oscar Clayton as presiding officer.

The manner of holding said election shall be governed by the General Laws of the State of Texas, regulating general elections when not in conflict with the provisions of the statutes herein above referred to.

Notice of said election shall be given by publication of a copy of this order in the Bandera New Era, a newspaper published in the county, for four successive weeks before the date of said election, and, in addition thereto, there shall be posted other copies of this order at three public places in Road District No. 2 of Bandera County, Texas, for three weeks prior to said election.

The County Judge is hereby directed to cause said notices to be published and posted, as hereinabove directed, and further orders are reserved until the returns of said election are made by duly authorized election officers and received by this court.

Given under my hand with the seal of the Commissioners Court affixed, this 3rd day of March, 1924.

NOTICE OF ROAD BOND ELECTION

The State of Texas)
County of Bandera) To the resident property tax paying voters of Road District No. 2 of Bandera County, Texas,

TAKE NOTICE that an election will be held on the 5th day of April A. D. 1924 within Road District No. 2 of Bandera County, Texas, to determine if said District shall issue bonds and if a tax shall be levied in payment thereof, in obedience to an election order entered by the Commissioners' Court on the 1st day of March, 1924, which is as follows:

On this the 1st day of March, 1924, the Commissioners Court of Bandera County, Texas, convened in special session at the regular meeting place thereof in the court house at Bandera, Texas and all members of the Court to-wit: A. L. Mansfield, County Judge; J. B. Holt, Commissioner of Precinct No. 1; J. F. Edwards, Commissioner of Precinct No. 2, R. L. Morris, Commissioner of Precinct No. 3, J. V. Porter, Commissioner of Precinct No. 4, being present, came on to be considered the petition of G. M. Recording Texas History

J. Marvin Hunter of Bandera paid The News a fraternal call last Friday. Mr. Hunter is the editor and publisher of the Bandera News-Era and also of the Frontier Times Magazine. This magazine is unique—the only one of its kind published in the United States. It is a magazine devoted entirely to the history of the Southwest, which formed the Texas was evolving from pioneer days to its present high plateau. The narratives are writing either by those who actually participated in the thrilling events described or by witnesses. It is no hearsay history down in black and white as handed down by those who narrated by the parents and grandparents. From Our Times is but six months old yet its subscribers number in the thousand and are increasing daily with wonderful rapidity. This magazine should be read by every person who wants to know the plain truth about the growth of Texas. It should be placed in the hands of the growing boys and girls, so that they may fully realize the debt that they owe to the brave pioneers who blazed the road to Bandera Pass needs repairing in several places.

By OSCAR HI

Along the Old Cow Trail

Panhandle Jim and His Red Top Boots Captive an Indian Maiden.

By AUSTIN CALLAN.

Over two hundred cow-punchers of the old days met in San Antonio on November 3rd, 1923. They were from every part of the state attending the annual meeting of the Trail Drivers' Association. George Saunders is the president of this association and all Texas knows George. He's a noble Roman of the Southwest. J. B. Murrah, of the State Live Stock Sanitary Commission, was also a prominent member in attendance, and there were others like Joe Jackson of Abilene, ex-president of the Cattle Raisers' association and Gordon Burrows of Del Rio, who made many trips over the Chisolm trail, when Indians were a dick along the way as flappers are now in a Broadway cafe.

Reading the proceedings of that great gathering, where the red-blooded men of a half a century ago met to live in memory again the camp scenes of days forever gone, we recalled a story told by Clay Mann more than thirty years ago. That is the story: Jim Murray was know as "Panhandle Jim," a name given to him by Mr. Mann, who was one of the early cattle buyers of the west and perhaps the biggest buyer who ever entered the game.

The title was acquired on the Mann ranch in Coleman county. This ranch was established in the early seventies when Clay rode a little pony away from old Birdville in Tarrant county to make his fortune out "where the West begins, and where sandwiches are thin warmer." On one occasion the Mann outfit was gathering cattle along the Colorado river. A peddler from down about San Saba came by with a load of sweet potatoes. Mr. Mann bought a bushel and Jim Murray liked them so well that he took a long handled frying pan and fried up a mess for the crowd. Several times the remark was made that it looked like there was no chance to ever get the name of Murray on the panhandle again and from that time on the punchers all called him "Panhandle Jim."

"The Long Horns Strung Out on the Lonesome Trail, With their Noses Turned Toward the North."

"Panhandle" a Social Favorite.

In the spring of 1874 or 1875, Mr. Mann put up a herd of cattle for delivery at Cheyenne, Wyoming. A month before they were started out on the trail, a big dance was given at the Kin Elkins home camp, Camp Colorado, complimentary to the boys who were going away. The frontier belles were all present and until a very late hour they "tripped the light fantastic toe" to the music of Jep Brown's fiddle and the jangle of spurs.

"Panhandle" was a social favorite, and Jim Madison said that this was due to the fact that he had won enough money on a horse race to buy a pair of boots with red stars around the tops. At any rate, the girls "fell" for Panhandle and before the dance wound up, one of the favorite belles of the settlement had promised to be his bride.

The next morning the boys were hustled from their bunks before daylight. "We want to get away and drive as far as we can while the dew is on the grass," said Mr. Mann, "then we will let the herd drift along and graze." . . . It was a cool morning; a late spring norther had sprung up during the night and there wasn't a cowboy in the outfit that didn't feel good enough to do a little bucking when saddled. Panhandle Jim had a pretty bay horse in his mount branded 2 D. This horse was of Rebel racing blood and spirited, and he put on a pitching exhibition that would prove a thriller today in the Burnett's Rodeo. Panhandle was able to stay in the saddle, however, without "pulling leather," and this added to his laurels and made him a regular hero with the ladies at the Kin Elkins home, who were up in time to witness the performance.

Shortly after sun-rise farewells were spoken and the long horns strung out on the lonesome trail, with their noses turned to the north. Jim Ivy and Bob Morgan pointed the herd. Bob Mann and Henry Ford worked at the flank and Panhandle was back with the drags. There were a number of other boys, whose names have passed from memory, but not their valuable service.

The country to be traversed was very wild at that time. Some buffalo were still on the range and deer and antelope were plentiful. It was along about Tecumseh Peak that a drove of antelope was encountered which must have numbered more than a thousand. The game laws were in force then and the average hunting party ruthlessly slaughtered it. But Clay Mann had vision, and he instructed the boys to never kill any more game than could be used to advantage. As a consequence, two antelopes were brought to camp. Jim Ivy, who was riding a swift horse and was known as one of the best shots in the west, tumbled these over with his faithful old "Can-an'-ball."

The trip was not accompanied by any special thrills from there on until the outfit passed over the state border. Once a tribe of Indians halted the boys in the Wichita mountains and for a while it looked like there was to be some real excitement, but the red skins were given a beef, which was all that they asked, and went their way rejoicing.

An Indian Pow-wow.

In the northwest corner of the Indian Territory the herd was bedded one night close to where the Cherokees were holding some kind of a pow-wow. Henry Ford suggested to the boys that they saddle up and ride over.

That'll be a dinged good way to leave the herd without any hands," said Bob Morgan. "Them Injuns will commence runnin' us an' never stop until they jump us off into Red River."

"Yes, an' skin up Panhandle's purty boots as he hits it through the tall sage grass," added Jim Ivy.

But Henry assured the boys that if they behaved themselves properly there wouldn't be any trouble, so the outfit doffed up in their gladdest rags and went over. A big buck welcomed the visitors with the Indian sign which Bob said either meant "sit down," or "go chase yourselves." He could not be certain which, as he had forgotten his Indian lingo. But the boys were attracted by a very good looking Indian maiden, who was dancing for the amusement of the assembly, so they put a favorable interpretation upon the grunts and sat down with good intentions.

"We're dressed as well as they are, anyway," whispered Jim Ivy to Bob, "so me as if it must have been wash day and that the squaws left the bucks breeches hanging on the clothes line."

"Yes, but watch that Jane out there shake her moccasins," put in Panhandle. "By gosh I'm going to get up and rattle my old hoofs with her."

"You'll get your throat cut," warned Bob Morgan. But before the words were barely out of Bob's mouth, Pan was in the middle of the circle knocking the back, step and making his spurs jangle like a jazz band. For a moment a dozen frowns came across the face of the old chief of the tribe, who was seated with the rest of the savages on the ground.

Observing this sign of disapproval, Bob said: "Right here is where a fool and his friend soon parts. I think I am needed back at the herd right now. There might be a stampede any moment."

But when the chief saw that the Indian girl who amused by the capers of the cowboy, he commenced laughing and slapping his hands together. This was a signal for all to accept the act in a spirit of friendliness and the "massacre" was indefinitely postponed.

Bob eased back to his former seat on the ground and after biting a jaw-full of tobacco from a plug which he carried in his hip pocket, was heard to remark: "By jinks, one had jist as well be born lucky as with good sense."

During the evening Panhandle Jim and Venitta, the Indian girl became quite friendly—so friendly that when the boys started back to camp they could not resist the temptation of giving her a good-by hug, at which the girl appeared startled and pulling loose from the cowboy's arms, she asked in broken English: "You no got a squaw?"

"No," replied Panhandle, and then she smiled, throwing a kiss at him as he turned away.

"Wop!" declared Bob, "those shop-made boots with the red stars have lassoed another filly."

"O, I guess not," answered Panhandle, "but the little dickens is as cute as she is wild. I couldn't help liking her."

"Of course not," continued Bob, laughing as he sang one of the favorite songs of the old trail days, with the words slightly changed:

"I never I pass this way again
And the girl I love she won't find me,
I'll hurry back to my pretty little girl,
The girl I left behind me."

Romance Along the Trail.

It was about the middle of the following afternoon that the boys came out of the Indian Nation and was turned northwest in the direction of Cheyenne. A summer's sun was beating down on the punchers, as they rode along by the side of the cattle and it was very dusty, for the country that was now being traversed had not been favored with rain for months.

Looking back, Jim Ivy saw a fog at the top of a ridge in the distance, and showing it to one of the other men he said: "Pears to be something following us on a horse." Several times between then and dusk the object was observed, but it was not the same distance behind the herd, and it was evident that the rider did not wish to catch up. Ivy related the incident at the camp fire that night and Bob Morgan offered the suggestion that perhaps some gay young buck had formed an affection for Panhandle's boots and was bent on stealing them. He then said that Pan had better sleep with them on his feet.

No more words were spoken regarding the incident, and everybody "turned in" early. By ten o'clock the camp was silent, except for the loud snore of Old Bob, the negro cook. Jim Ivy staked Jack Rabbit, his favorite horse, only a few yards away from the chuck wagon and was sleeping under the wagon because, he said, it's full moon hurt his eyes. Along about twelve o'clock, maybe a little later, Jack Rabbit jerked up his head and snorted in such a way that Jim knew something was wrong about the camp.

Several of the boys were awakened by the noise and got up and joined Jim in making a search of the adjacent territory. About a hundred yards from the chuck wagon there was a little thicket in which a person could easily hide. Taking their guns and approaching this thicket, the cowboys cautiously surrounded it. Then Henry Ford agreed to go in and make a reconnaissance.

When Henry had got well into the thicket he thought he heard a rustling among the leaves at the other end of the thicket and someone breathing deeply. Advancing a little further, he was startled by the scream of a woman. The men accompanying Henry had drawn pistols ready for work, if resistance were offered. When Jim Ivy struck a match, a woman jumped up from her bed among the leaves as the flame lighted her face. Jim exclaimed:

"Venitta! What on earth are you doing here, girl?"

"My fellow pale face," she said, in a trembling voice. "No send me back my people. Indian girl love heem very much."

"But we are going far to the north," declared Jim, "it would not do for you to go 'long. We are just a bunch of bad cowboys."

"O, never, good white man," she begged, "me once went vere far, an' ride swift horse in hunt. Me no 'fraid an' no make trouble. Jes' love heem. Ah, ah! do not take me back."

Jim saw that it was useless for him to reason further. "The Indian women are just like the American women," he said to Bob Morgan, "when they get a chance to win an argument with either the one or the other."

"Then what shall we do with her?" asked Henry.

"Turn her over to Panhandle," replied Jim, "he's the one who threw a match in the powder house an' I guess every blamed one of us will be blowed up."

In the light of the camp fire, which Bob Morgan had brightened up by adding a few pieces of wood, Panhandle pleaded with the girl to return to the Indian tribe. She finally agreed to this on condition that he would come to her after the herd had reached the trail. Then she nimbly sprang to the back of her little pony and turned away, waving Panhandle good-bye, and saying: "Venitta go now, but Venitta heart stay."

A high fell over the camp and there was not much eyes among some of those rough cowboys. Ivy put the big black coffee-pot on some coals that he raked out, and adding to it a little more water, said: "Boys, from here on to Cheyenne we're going to hang at the flank of this herd an' there ain't goin' to be any more durned monkey-business."

CURRENT COMMENT

By J. H. LOWRY

APRIL DAYS. April is supposed to be like a certain church of history, very lively one day and dead as mutton the next. Somehow, truth just won't hang around, but always takes its departure on weighing-a small fish.

But, April brings us other things which amply and gloriously compensate for its unseasonable cold, its belated cold bills, its deluges and its flatterers and their attacks upon the truth. It is in April that the bills of the honeysuckle sell and give their glories of tint and fragrance to the golden and sweeten the air with their perfume. It is in April that the lukewarmness was overcome. But April isn't like that church—April is cold, most of the time, and always at the wrong time—the time when people have no coal or wood, and can't get any for love or money. Last week most of us bought a few hundred pounds of coal to finish up the winter, but have "finished up" the coal all right, and winter comes up smiling each recurring morn and always spends the day. And in April, more than when the clouds are worn to a thin fringe, and rains even when the sun is shining.

• • •

April gets a very bad start. It began with April Fool jokes, and this is because you to do foolish stunts by giving you a bare-faced lie about a dire catastrophe to something or somebody, and then calling you a fool when you try to laugh but have a strong inward urge to pound the purveyor of the falsehood into pulp. And April is chargeable with inducing many other lying that men do than any other month, for it is April that ushers men into spring fancies, and laziness always suggest going fishing, and when a man is not saying all fishermen are liars, neither do I say it is impossible for a fisherman to tell the truth. I incline to the opinion that if some fellows should go fishing and catch, in an hour or two, a hundred pretty bass or trout, weighing from one pound to one and a half, and swatting the festive fly, a winged creature that has always shown an affectionate regard for your dome of thought and for your dining table. Furthermore, within the short space of two months your anatomy will be a range of red, fiery bumps raised by the persistent chiggers and you will forget, as you try to scratch these smarting flesh fills away, that those bumps were ever raised upon your frames by the bitter cold. Yes, in a few weeks you will forget all about deluges and, coal bills and bestow your energies in sounding your ear-drums in a mad effort to murder the musical mosquitos. And when bedtime comes, instead of hunting more blankets and placing warmed brick to your feet, you will apply lotion to the wounds made by the ticks that stick closer than your kin folks, or the friends that want to borrow money. Ere there is a waxing and a waning of another moon you will have ceased to worry over the spindling crop, and be fussing at the ice man over the smallness of the block he left for a dime and the quality of the shrinking product. Think not of the little ills of early April; look beyond them to the glories to be revealed in a few short weeks, to which they are not worthy to be compared. Eight weeks from now you who are worrying because winter will not go will be reaping all the joy and excitement attendant upon shaving the lawn with a dull lawn mower. All things come to those who wait.

BOBBED HAIR. When I first knew man he was meddling in woman's affairs; he is the same meddlesome creature now, and has been throughout the stretch of years that intervened between that ancient date and the present good hour. When I became acquainted with gems bobbed he was telling wife and daughter they should not wear hoop skirts, the big wipe contrivance for corraling the female woman and made so much space between her and her dress that she looked very much like an inflated balloon; a contrivance that frequently caused rather startling revelations when the wearer attempted to sit down in a chair. The orders, as I remember, were given in words that were positive and in tones that left no doubt of the speaker's earnestness. After hearing the self-constituted heads of the household place so forcibly the ban upon the styles that were then coming into vogue I felt sure that never would I see a member of one of the households arrayed in hoop-skirts, and that the new-fangled style of spreading woman out to such awful dimensions would never gain a hold in the quiet little community in which I lived. The manufacturers of hoop-skirts, however, paid no attention to the forceful orders and threats of the husbands and fathers; on the contrary, they made additions to their machinery, hired more help and made more hoop-skirts. Neither do the dry goods dealers manifest any fears of a dropping off of the hoopskirt trade. They filled their stores with hoopskirts and placed big advertisements in the papers saying they had just received from the most up-to-date manufacturers large shipments of hoopskirts of widest dimensions and could fit every woman, no matter what her height or size, in the latest creations from the centers of fashion. While the man made louder protests and direr threats, the hoop-skirts increased in diameter and circumference until it was very difficult for two wearers thereof to meet and turn around in a room of average size, and the demand increased, and the style grew in popularity until every woman in the country was the owner and the wearer of hoops. After a run of a few years the fickle goodness of fashion issued another decree, and hoopskirts and woman parted, perhaps forever. When this scribe left agricultural pursuits and took up the early spring jobs was to gather up the old hoopskirts so the gardens could be plowed.

• • •

Some years later the pendulum of style swung as far backward at it had swung in the opposite direction in hoop-skirt days and it was decreed that woman's dress should be as close and tight in its fit as it had been loose and voluminous in days before. Where from four or more yards had been necessary for a garment under the hoopskirt regime, two or three yards were ample under the new decree. The dresses under the tight close-fitting regime did not fit any closer than an umbrella cover fits an umbrella or the wrapping fits the package, but it was easy to see that in wrapping herself tightly and snugly woman had done about as good a job as the most expert umbrella maker or pork packer. The appearance of woman in the close-fitting garments raised the ire of husbands and fathers and caused them to do many foolish stunts and throw many real gems of profanity into the ozone. They swore by all that was good and bad that their wives and daughters should never appear in such outlandish garments, and said many harsh things of the prevailing style and its devotees. But the mantua makers and the dry goods merchants did not become alarmed. The factories turned out garments a little smaller, the magazines showed pictures of femininity wrapped a little tighter, and the dry goods men increased their orders, enjoying a more lucrative harvest as the days passed on. And day by day, in every way, women learned the art of crowding her avoirdupois into smaller garments and placed the days of short dresses came. How short they were you well know; I dare not say. Again the husbands and fathers protested, and again the press and publist raved; but the protests and raving were answered by greater abbreviation, and the scenery grew in interest.

• • •

This brings me to the question of bobbed hair. It began with the smaller girls, spread to the larger girls, was welcomed by the younger matrons, and now, like death, claims all ages for its own. And today there are men ripping and rearing over the country, swearing that their wives and daughters shall not bob their hair. Seeing how little they have learned from history, how quickly they have forgotten the lessons of the past, I am not sanguine that they will. Unless a woman has her hair bobbed she never can know how she would look with short hair, and unless she can never experience the thrill that comes with the first appearance before friends after a visit to the barber and hearing them say how fine she looks. Of course I am not taking sides on the bobbed hair issue. I am avoiding it just as I am the Klan and evolution issues, but as I am the proprietor of hair pins, I would sell out, or at least lease my machinery for a few years. If I were the proprietor of a tonsorial establishment I would put on more barbers and hire more barbers. That's just what I would do.

Speaking of the ground hog, I can not help believing he is a worthless Republican. I do not say this because a ground hog is as hard to get out of his hole as a Republican is to dislodge from a good office, but because the two are so much alike in their wicked predictions. Four years ago the Republicans predicted—they would in the country two million majority and then went ahead and carried it by a majority of about six millions. And the pesky ground hog went to forecasting six weeks of winter, gave us ten weeks. I despise such exaggeration in the fulfillment of prophesy.

If You Haven't Much Money

How Some Students Work Their Way Through University of Texas.

By HOWARD C. MARSHALL.

Just a few years ago, Robert Stoll, age 18, of Taylor, Texas, was busily engaged nailing a few boards on the ceiling of a room, in the front part of his place, under the blow of the hammer and struck him in the left eye. In spite of the finest medical attention, young Stoll has never regained not only his left, but also of his right eye; he was totally blind.

At the time of the accident, he had completed the seventh grade in the Taylor public schools. Today he is a graduate of the University of Texas, holds a Bachelor of Arts degree, and is a member of Phi Kappa Phi, the highest honorary scholastic fraternity in the country. He will receive his Master of Arts degree at the close of the present session.

"When I knew that I would be blind the rest of my life," quietly states Mr. Stoll, "I realized that I would have to get an education, I made up my mind to go to the University of Texas, and to stay there until I had attained my goal. I intend to take my Doctor of Philosophy degree before I finish."

Robert Stoll did not have a rich father to help him financially, but his quiet determination told him that there was a way. He resolved to earn the necessary money for his scholarship, and, notwithstanding a handicap that would have caused most boys to despair, total blindness, he has earned every penny of his expenses during his four years as a student of the University of Texas.

Invented Two Slot Machines.

"I knew that I could not mow lawns, or wait on tables, or be a clerk in some store, or do any other of the hundred and one things that the average high school boy can do to work his way through college; I had to have something that would vest me. I noticed that the boys in B hall, the man's dormitory were always running down to the corner store for candy, cigars, etc. So I brought the things which they wanted to their very doors, by means of those three machines which you see there. Two of them are my own inventions."

One of these machines, to which he pointed, looks very much like the familiar chewing gum slot machines that are seen in nearly all railroad depots. It delivers into the hand of the purchaser an ordinary Hershey chocolate bar when a nickel is deposited in the proper slot. Another built along the same plan handles cigars. In addition to these, he procured two ordinary chewing gum and peanut slot machines. All were put up in the corridors of B hall, and are now doing a rushing business. Stoll's only duties in connection with his machines, consist of in visiting them once daily for refilling purposes, and for gathering in the money which has been spent by gum, peanut, and chocolate-hungry students.

This is only one illustration of the courage and determination that is sending hundreds of boys to our State University in the quest for higher education and training. It is only illustrative of what almost any boy can do if he has the grit and the determination to work his way through school. It is being done by hundreds of boys with the same spirit of Robert Stoll in a student body of 4700 that has resulted in one-sixth of them working their way through the University of Texas.

How It Can Be Done.

Block Smith, secretary of the Young Men's Christian Association at the University of Texas, was asked the question:

"Can the average high school boy make all necessary expenses, and at the same time keep up with the ordinary school work?"

This was Block's reply:

"Of course he can; hundreds of the boys are doing it. But the average high school boy should, if possible, have about one hundred and fifty dollars when he arrives in Austin to keep him going until he can find employment. This will also enable *him to get* a better start on his first year subjects without being too much worried over financial matters at the beginning. If he has that much money, he can undoubtedly make the remainder of the necessary amount to himself through four years of university work."

There are really three ways by which students are making their way through the University: First, by regular positions and odd jobs after school hours; second, by unusual and unique money-making schemes; and third, by working during summer vacations.

The first group is the largest one, and the one most sought after by the students, for work of this type is steady, and, as a rule, comes when it does not interfere with study hours. These positions include: Waiting on tables, washing dishes, drying dishes, tending furnaces, and work of a like nature about the boarding houses. For this work a boy will be given, as a rule, his board in addition to his room, and he is expected to put in from three to four hours of labor daily, though the actual time is often much less. Examples of odd jobs which are available from day to day are: Mowing lawns, delivering messages, moving furniture, driving automobiles for timorous ladies, and watching children while their parents are away from home. Two boys are employed at the State Treasury, in the Capitol, though their guarding duties consist in going to the treasury at six o'clock in the afternoon, studying their lessons until the usual bedtime hour, and then retiring and spending the nights comfortably in beds near the vaults.

At the University cafeteria alone more than thirty boys are employed, their work consisting of washing and drying dishes, running the steam table where the meats are kept warm, and waiting over the counters by which the hungry college students pass three times daily with their aluminum trays. Cafeteria employes are paid thirty-five cents an hour during the first year and forty cents thereafter, and they are allowed to work three and one-half hours each day.

Other steady positions which net the holders from thirty-five to one hundred dollars a month include: Clerical and stenographic work in the different departments of the University and at the State Capitol, general clerking in Austin stores after class hours, collecting for Austin merchants, drumming trade for business houses, (particularly tailor shops and boarding houses), taking tickets and acting as ushers at the Austin theaters, serving as assistants and tutors in the various departments of the University. Six students are employed in the mechanical departments of the Daily Texan, the official daily newspaper of the University, and several others in the mailing, advertising, and editorial departments of The Texan.

Tommy Word's Experience.

Of course, it should not be believed that a boy can jump off the train at Austin, and find a fifty or sixty dollar a month job waiting for him, for usually these desirable positions are held by the students who have been at the University for more than one year. But the average high school boy can be sure of finding something to do that will provide him with board and room, and

Hatching and Care of Baby Chicks

By F. W. KAZMEIER.

A recent investigation unearthed the astounding fact that only fifty per cent of eggs hatched are raised, and in many cases, less. The thinking person will at once admit, there must be something wrong with the general principle causing such a loss, and that the basic foundation of a business that permits so much loss is not properly secured.

There is a reason for the above rather alarming facts. Some of these we shall endeavor to discuss in this article.

The hen lays the egg so it will be hatched into a chick, not for human consumption, as so many believe. The hen makes all plans, for the purpose of producing the egg, so that at the end of the 21 days it may develop in a perfect baby chick.

Cause of Poor Hatches.

Unless the breeding pen consists of vigorous and healthy stock, it cannot produce chicks that possess these wonderful advantages and essentials. A weak hen can only produce a weak-germed egg, that, if it hatches at all, the chick can only be a weakling that will have more or less of a lingering existence and certainly will not grow and produce a profit for its owner. What is a weak hen? Is it true that it is hard to distinguish weakness in chicks. Our answer is, no. It is possible and even a pleasure to hatch and raise strong chicks, and it is most discouraging to have to raise weak and ailing chicks. In view of all of this, the successful poultry raiser keeps in touch with the breeding pen.

Every individual in the breeding pen should be a strong, robust, healthy individual. A hen with a glossy plumage, short stubby beak, and head, prominent, bright clear eyes, active, singing, with a large bright red comb and wattles, to some extent measures up to our standard of a vigorous hen. The male should measure up to the same standard, in fact more so. The male bird that is gallant, active, and a great fighter, is the one fit to head the breeding pen. The most vigorous male, with the loudest and longest, proclaims his right to be placed at the head of the breeding pen.

Too many persons expect weak, inferior breeding stock to produce strong, healthy and beautiful baby chicks. This of course is impossible.

The breeding stock should be allowed free range, and an abundance of green food. A closely penned flock will not produce as highly fertile eggs and strong chicks as free range stock. It is not possible to get around this fact.

Lack of an abundance of green food for the breeders, is positively going to reduce fertility and hatchability. Any kind of succulent green food, like green clover, lettuce, sprouted oats, and alfalfa, or even grass of any kind will answer the purpose.

Milk fed to breeding stock is sure to help increase the fertility and hatchability of eggs-for-hatching.

Chilling also reduces the vitality of hatching eggs. Any temperature below 50 degrees is injurious.

Saving eggs for hatching for more than a week is sure to lower the vitality of hatching eggs.

Forcing the breeding stock to lay an abnormally large number of eggs, by such unnatural forcing methods as electric lights, forcing mashes and stimulants, is bound to reduce the vigor of the chicks hatched from such eggs.

A hen as a hatcher is one about out of date. The hen has no superior as a hatcher, but she is simply too slow for the present generation. She can hatch 15 eggs in 21 days, while our modern incubators take care of as many as one million-eggs at a setting.

The hen knows her business. The incubator is a machine without any sense or knowledge. For that reason the operator must know his or her business. If he or she does not, then the chick will not properly hatched. It may hatch, but it has been brought into this world at a disadvantage. Thousands of baby chicks are handicapped by not being properly hatched; they live a short time, or remain unprofitable weaklings all their lives. It pays to see to it that the chicks are hatched right and under the proper conditions, but it would take too much space to discuss in an article of this length. It is not so important, however, because baby chicks are now offered for sale by many so-called hatcheries or baby chick producers, who know the hatching business and the science and art of incubation like the Chinese thousands of years ago, who carefully guarded this information and passed it from generation to generation, and finally it was lost, along with much other valuable information.

Baby Chicks and the "Mother Brooder."

Raising the Little Chicks.

Since space does not permit our going into detail, we shall have to resort to the next best thing and that is to enumerate a few facts the successful chick-raiser always observes.

A little chick comes into this world perfectly helpless, no protection from cold or heat, no sense of taste or smell, not very much strength, but sufficient nourishment to keep it alive for several days, or until it becomes strong enough to search for feed.

Do not feed the chicks until they are at least 72 hours old.

When they are 48 hours old remove them from the incubator into their brooders, that have been thoroughly warmed up and dried out.

The best coal heated hovers and blue flame kerosene hovers are the best. Natural gas burners may be used where natural gas is available. Electric hovers are satisfactory for small flocks in cities.

Sand on the floor is an ideal litter.

The brooder should be kept warm enough to keep the chicks on the edge of the hover all the time.

We have found that one of the real secrets of feeding baby chicks is to give them whole milk and no water if the fget two weeks, and then either skimmed milk, sweet or sour, and water. It pays to buy whole milk for your chicks the first two weeks. There is nothing like it, and nothing that will quite take its place.

The best way of feeding, is to use any of the high grade buttermilk starting feeds manufactured by responsible feed manufacturers, and feed according to directions. Our experience has convinced us that the best plan is to keep the dry buttermilk starting feed before the chicks all the time in shallow feeders.

After the first week, allow the chicks to run outside in the direct sunshine. Sunshine filtering through glass is not as desirable as direct sunlight.

The chicks should have green food, of some kind. It must be tender and juicy. Young green clover, or any other grass, is satisfactory.

Keep the chicks warm, but not too hot, in clean well ventilated brooders, with dry buttermilk starting feed before them all the time, all the whole milk they want to drink the first two weeks, and watch them grow.

IF YOU HAVEN'T MUCH MONEY.

(Continued From Preceeding Page)

which he can later step into better paying work. Perhaps the experience of Tommy Word of Kingsville, Texas, assistant yell leader of the school, and one of the most popular men in the whole University, illustrates the point better than anything else:

"When I arrived in Austin, explained Tommy, "a couple of years ago, I hunted a list of the boarding houses about the University, and telephoned the proprietors. At the third call, I landed a place for straight old hashing. Well, I was pretty short two days later for being too green, but I found another place right off. I've tackled a bit of everything since I've been here, but I'm sure the fget two weeks of it turned out as he can easily do it. The whole town wants to help him."

Tommy Word is now right hand man to Miss Lucy Gay, the University cafeteria, and is, in addition, a skilled collector for one of the biggest business firms in Austin.

While the aforenamed means of working one's way through the University are the most reliable, and are most followed be students, there is always the chance that a boy will strike a job that is original and worthwhile, can make quicker, bigger, and easier money.

An enterprising young scientific student, Jimmy Maloney, of Commerce, Texas, organized a college dance orchestra composed of himself and seven other students, and for two years the "Jimmy Joys" were the rage of Austin and the surrounding country, and great were the financial returns of the venture. During the second year of his career, Maloney and his band were offered a contract with the Majestic big-time vaudeville circuit. Since that time, this organization has appeared in nearly every state as head-liners on the Majestic programs.

Student Window Cleaners Company.

The Student Window Cleaners Company is one of the newest schemes, also, that is already providing employment to six students. It is a national organization, being orginally instituted at the University of Colorado at Boulder Colo., by W. C. Rase and W. E. Rose, brothers, both of that city. By means of ladders, and specially designed safety appliances, with the application of Hon Ami, the students can

The land will be sold to the highest bidder, a minimum price having been set by the land office.

SAN SABA MARRIAGE LICENSE CLERK BUSY.

This is leap year, and that the San Saba maiden heart beats high with matrimonial intent is demonstrated by the official score board at the marriage license clerk's desk. An increase of more than fifty per cent in number of marriage licenses issued to date is recorded for this little city as against the same date last year.

SANITARY ENGINEER NAMED FOR DALLAS SECTION.

Edgar Wheeddon, consulting engineer for Bonham, and a graduate of Cornell University, has been appointed sanitary engineer for the Dallas district by State Health officials. His work will be principally to direct the fight for mosquito control, supervise water purification and sewage disposal plants and to prevent stream pollution.

TEXAS WOMAN BECOMES JAILER.

Mrs. Tom Smith of Corsicana, Texas, has been appointed deputy sheriff and jailer of Navarro county, to succeed her husband who recently died. It is said that she is the only woman jailer in the United States. She has been given a full fledged deputy sheriff's commission by Sheriff Walter Hayes and will have complete charge of the jail.

TEXAS PRAIRIE DOGS EXPENSIVE PESTS.

It is estimated that there are about 400,000 prairie dogs in Texas and that they destroy every year enough grass and other food products to feed 1,563,- 500 head of cattle. They are called dogs but in reality belong to the squirrel family. It is claimed 52 of these little fellows will consume as much grass as one sheep, and 250 will eat as much grass as one cow. An organized and systematic fight is to be made in an effort to exterminate them. The department of Agriculture of the United States is interesting itself in this extermination fight.

IMPORTANT COURT DECISION.

Judge Guy Rogers of the County Court at Law of Wichita Falls, Texas, in the case of Eighty-Eight Oil Syndicate vs. Charles F. Noble Oil Company, held that a firm operating under an assumed name and which failed to file an affidavit and certificate with the County Clerk setting up the names of the various owners of the business as provided by statute could not recover under a contract made by it, as it was operating in violation of the penal code of the State of Texas. If this decision is sustained on appeal by the Supreme Court, it is expected to have a very important bearing on many firms doing business in Texas.

SAN JACINTO BATTLE GROUND ROAD BEING IMPROVED.

The road from Houston to the San Jacinto battle field, where Santa Anna fell and real liberty in Texas was born, is being greatly improved. When the work is completed it will have cost $134,000, and then this famous battle ground, so dear to the hearts of Texans, will be accessible to visitors from all over the state.

DOG SAVES FAMILY AND HOUSE FROM BURNING.

The home of Mr. and Mrs. James Heeter of Decatur, Texas, would have been destroyed by fire if their faithful bull dog, that was sleeping on the back gallery, had not awakened when the kitchen caught fire. The dog set up such persistent howling and barking that he awakened the family and probably saved their lives.

MIDLAND GOES RABBIT HUNTING.

It is unusual for business houses to close doors an entire day and the citizens engage in rabbit hunting. But such was the case in Midland recently when 350 business men, with guns took in a rabbit drive that resulted in over 1500 rabbits being killed. Rabbits have become a menace to farmers in the Midland community by depredating the growing crops.

CLARIFIER PLANT TO RESUME OPERATIONS.

A. N. Chase, superintendent of the Darco Company plant at Marshall, has announced that the plant will resume operations after April 1st, that year. This is one of the largest plants of its kind in the south and converts lignite coal into a chemical clarifier. The plant was built several years ago by the Darco Powder Company of Wilmington, Del.

$500 FOOD PRIZE OFFERED WOMEN.

Mount Pleasant business men have completed arrangements for the distribution of $500 in cash prizes to women and girls of Titus county for the largest and best displays of conserved foods. The displays are to be entered in the contest Thursday recognized home demonstration clubs, under supervision of Mrs. S. D. Murphree, home demonstration agent for Titus county.

MEXICAN QUAIL FOR SMITH COUNTY.

A. L. Pinkston of Tenaha, Deputy Game Warden for nine East Texas counties, will distribute some Mexican quail in Smith county in order to replenish the fast diminishing native Bob White stock. A number of the birds were placed on a farm a few miles west of Tyler and additional quail will be distributed until other localities are covered.

STATE SANITARIANS TO MEET.

In these times we are being taught how to live correctly and sanitarily. Many Texas cities and towns have their sanitary officers and city health officers. These sanitarians have formed a state association and will hold their state meeting at Houston in November, 1924, for the purpose of conferring on how to clean up Texas and keep it clean physically.

NEWSPAPER MEN THANK FAT STOCK SHOW MANAGER.

Newspaper men from out of town presented a resolution of thanks to Mr. Ed Henry, manager, and the officials of the Southwestern Exposition and Fat Stock Show, being held at Fort Worth March 8 to 15, for the many courtesies extended them during their attendance upon the show. The total attendance this year was more than 125,000, exceeding 1923's record by 20,000, it is believed.

FORT WORTH GIRL TIES WORLD'S RECORD JUMP.

Miss Junie Arnold, student in the North Fort Worth High School, recently tied the world's record for the woman's running high jump, her score being four feet and seven inches, according to E. S. Farrington, athletic director in the public schools. Miss Arnold's feat was accomplished in the regular pentathlon competition, which is conducted in Central, Junior, Arlington, North Side and Arlington Heights High Schools of Fort Worth, under the auspices of the physical training department.

3,000,000 ACRES NOW VALUED AT $10.00 PER ACRE.

Commissioners who appraised the Capitol reservation lands and made selection of the State's acreage under the judgment of recovery have filed their report in the Travis County District Court. It fixes the average valuation of 3,000,000 acres of land the State gave for the erection of the Texas State Capitol. At the time the lands were given for the Capitol they were valued at 50c per acre, or $1,500,000. The entire 3,000,000 acres were inspected by the commissioners, in order to arrive at a fair average value. Until the report is confirmed formally by the courts, the 57,871½ acres recovered from the syndicate will not be subject to sale by the court.

MEXIA TO HAVE FERTILIZER PLANT.

Plans are being made for building the largest fertilizer plant in the state at Mexia, Texas. Mexia was selected because it is claimed that it is so located that the black land farmers of North and Central Texas as well as the sandy land farmers of East Texas will be more accessible and therefore easier served by the plant. A building 140 feet wide and 250 feet long is to be constructed.

COLORADO COUNTY HAS POTASH DEPOSITS.

Near Columbus, Colorado county, a red salt has been discovered that yields 10.8 per cent potash. Dr. J. A. Udden of the University of Texas, in discussing this important find, said: "Discovery of potash in Colorado county is in conformity with several other similar deposits that have been found in several Gulf Coast Counties." Colorado county is one of the southern counties of Texas and indications are favorable that the deposits may cross the State line.

IMPORTANT TEXAS PROPERTY TAX DECISION.

The Supreme Court of Texas recently made a new law for the property owners in the case of Hoffman Fuller vs. Wood from Washington County, Texas, when the court held that a property owner has the privilege of paying taxes, interest, costs and penalties on one or more parcels of his assessed property without being required to pay the same on all of his holdings. The tax collector had refused to accept the payment on one parcel, insisting it must be paid on all.

TEXAS CITRUS FRUIT LAND BRINGS ENORMOUS PRICE.

It is believed the highest price ever paid for land to be used for farming purposes in the South was paid recently when Elwood Pomeroy near Velasco, Texas, sold to Barnet I. Hoffman, Kansas City contractor, a 20-acre citrus fruit farm for $100,000, or $5,000 per acre. Another tract was also included in the deal and it brought practically $2,000 per acre. Mr. Pomeroy came to the Rio Grande valley 15 years ago and purchased these lands at $65.00 per acre.

EL PASO'S TEXTILE MILL.

Ground has been broken for El Paso's $500,000 textile mill and the plant is expected to be ready for operation in October of this year. The buildings are to cost $125,000. Contracts calling for construction of spinning, weaving and dyeing buildings. Construction will be entirely of concrete and steel. The spinning building will be 104x400 feet. The mill will start operations with 5,000 spindles, provision being made for the addition of 1,500 more as soon as business warrants.

The machinery contract has been let also and all machinery is to be delivered by the time buildings are completed.

$1,000,000 ALLOWED FOR HELIUM PLANT.

One million dollars will be allowed for the production of helium gas at the government's plant in Fort Worth as disclosed by the army appropriation bill reported to the House. The army bill carries $500,000 and the naval bill will make like provision, the total sum to be used jointly by them and the Bureau of Mines. The total sum will mean the production of about 1,000,000 cubic feet of helium per month from Texas natural gas.

The cost of producing the non-flammable gas is between $60 and $70 per cubic feet. Helium is being used in all of the air ships of the army and the navy and the first one this year will need between 2,000,000 and 3,000,000 cubic feet.

PRIZE WINNING BULLS AT FAT STOCK. SHOW.

Victor, a Hereford bull owned by the Glat Farms of Midland, was named senior and grand champion of his breed in stock-judging contest at the Fort Worth Stock Show.

Good Domino, owned by Wallace and C. E. Good of Grandview, Mo., took the ribbon for junior champion Hereford bull.

In the Aberdeen Angus judging Playman of Miami, Oklahoma, was awarded the prize of senior and champion bull, while the junior and grand championship heifer of that breed went to Sunshine's Blue Ribbon, also owned by S. C. Fullerton of Miami.

Pocahontas Sunrise, owned by Frank R. McDermand of Kansas City, was senior and grand champion of the Aberdeen Angus and Sni-A-Bar Royalist, owned by Bell Sni-A-Bar Farm of Grain Valley, Mo., was junior champion of this breed.

In Jerseys, the senior and grand champion bull was Ed C. Lasater's Tormentor June Prince, while the junior champion was Kelly St. Clair Plymouth Lad, owned by Elbert C. Hampton of Crowley, Texas.

Ralph Lamport & Son of Merkel took the junior and grand champion in Hereford cows with their Clo Ann, while the junior champion of this breed was Miss Stanway 8th, owned by Paul Hahnewold of Denver, Colo.

WOMAN TO MAKE RACE FOR SHERIFF IN HUNT COUNTY.

Announcement has been made in Greenville by friends and relatives of Mrs. Joe S. Willingham of Quinlan that she would make the race for Sheriff of Hunt County, assuming the candidacy of her late husband, who died of pneumonia.

Mrs. Willingham has stated that she will make an active campaign of the county.

As far as is known this is the first woman to announce for the office of Sheriff in this part of the state.

CATTLE RAISERS' ASSOCIATION ELECTS NEW PRESIDENT.

Herbert L. Kokernot of Alpine was elected president of the Texas and Southwestern Cattle Raisers' Association, at Houston, at the closing session of the forty-eighth annual convention of that body, while San Antonio was chosen as the place for the next meeting. Both Mr. Kokernot and San Antonio were selected by unanimous vote.

Richard M. Kleberg of Kingsville was named first vice president, C. C. Slaughter of Dallas second vice president, W. E. Connell of Fort Worth treasurer and E. B. Spiller of Fort Worth was re-elected secretary. Mr. Spiller will serve in this capacity the ensuing year for the fifteenth consecutive term. New members of the executive committee are eight in number.

FOUR BRONZE STATUES TO CONFEDERACY.

Four of the magnificent bronze statues which will adorn the Littlefield Memorial to the Confederacy to be erected at the south entrance to the University of Texas, have been shipped from New York and will arrive here in Austin are to be placed in the rotunda of the Capitol for exhibition. The first four are Jefferson Davis, Robert E. Lee, Albert Sidney Johnson and Woodrow Wilson.

The bronze figures are eight feet in height and will surmount the $250,000 Confederate memorial that Major Littlefield provided in his will for the University.

H. A. Wroe, trustee under the Littlefield will, said it would be three years before the memorial is completed and that it will be at least two years before it will be ready to receive the four bronze statues.

CONFEDERATE PENISONS $42.09 FOR QUARTER.

Confederate pensions for the next quarter will be the highest ever paid in Texas and will be $32.00 each, against $31.91 being paid for the current quarter, which terminates on May 31, 1924. The new amount was approved at a conference between C. V. Terrell, State Treasurer, and Lon A. Smith, State Comptroller, and will be sent out as of June 1, 1924.

Increased revenues and deaths among the old veterans and their widows is responsible for the increased amount to be paid those living. There are now more than 13,000 pensioners, a material reduction under the number of ten years ago. With the war over sixty years ago the average age of the surviving veterans is close to 80 years. The advanced average age means a heavy annual mortality rate.

Old veterans residing in the Confederate Home and the widows of veterans domiciled in the Confederate Woman's Home receive half the amount of pensions paid those not in the homes. For the next quarter they will get $16.60 each, plus their regular board, clothing and quarters in the homes.

TEXAS SCHOOL FUNDS SHOW BALANCE.

For the first time in many years the school funds of Texas will show a balance left over. It is claimed the prosperity figures will continue through 1924.

There are 1,304,270 school children enumerated in Texas and one of the largest school payments in Texas was recently made when warrants for $4.00 per capita were drawn. This made the amount apportioned for each year to-date this year $12.00 and a warrant that broke the Texas record for single apportionment was drawn for $5,217,080. A third warrant is also drawn for $500,000 to supplement this amount from a previous warrant. It is claimed by State Superintendent Hall that the entire sum of $12.00 per child will be paid by May 1, 1924, and that he will permit accumulations through the months of July and August to be added to the month of September when the next apportionment will be made. These school finances are said to be in much better condition than for many years. It is said the apportionment next year for each child will exceed $12.00 per child, but will not reach $15.00 per child, and that not a cent of this year's taxes has been used for the increase of text books but all text books have been purchased out of the balance of 1922 to 1923. During this year school book purchases amounted to $356,413.39 and other expenditures for office expense in handling the

Ghostly Radio Broadcasts

With No Receiving Apparatus Messages Are Heard From All Over the World.

Out in Brandamore, Pa., a little upstate town about 70 miles from Philadelphia, lives Edgar D. Boyer, a telegraph operator, who works in the little isolated railroad station of the town, which is on the Wilmington-Reading line of the Reading Railway.

By a weird and strange freak of radio, Mr. Boyer hears radio broadcasts from Alaska, Central America, Spain, France, England, Canada and practically every station in the United States. Such a record of reception would be remarkable for the best radio receiving set that is on the market today, and yet Mr. Boyer receives every one of these stations on the little antiquated receiving set of a small telephone system used only for communication along the railroad line.

It is a phenomenon that nobody can explain, and yet it is true. This old telephone system in a little way station far out in the backwoods, and miles from anywhere, is many paces ahead of the most complicated receiving sets and papers that Wanamaker's had a large broadcasting station in Philadelphia.

"Never every day since then I have heard some radio station over the telephone. A peculiar thing about it is that the stuff never comes over the 'phone at 7 o'clock in the afternoon, and sometimes sometimes all through the evening. On Christmas night, for instance, I heard Madrid, Spain, testing on 16,000 meters.

"After I first heard these broadcasts over the wire I decided to get a real receiving set of the three-tube type, and also study up on radio reception. Then I realized that I had stumbled on something unusual and queer, and I decided to write to several places about it.

"Now, what do people I wrote to thought I was a good-natured liar, because I never heard from one of them, and I thought life in the woods had gone to my head. Newspapers, big broadcasting stations and Leland Stanford University, one of the stations I got on the line, all ignored my letters. I then gave up asking anybody to come down to the station and listen in.

"Finally I thought I would try to interest people in the receiver, and wrote still there was anything as clear as your could want.

"Finally, I reasoned that it was coming from the 'phone in the horn I have on the telegraph sounder to make the signals louder.

"I was scared for a moment, and for the want of something else to do I walked over to the telephone receiver and picked it up. As soon as the receiver came out of it so loud and distinct that I felt the entire office. On its telegraph instrument the whistling was clear, although a little distorted, but on the 'phone it was as clear as a bell. Puzzled, I listened until the whistling stopped. Then I heard someone say, 'This is Station WOO, the Wanamaker station in Philadelphia.' I knew then what was up, for I had read in the papers that Wanamaker's had a large broadcasting station in Philadelphia.

"Now every day since then I have heard some radio station over the telephone. A peculiar thing about it is that the stuff never comes over the 'phone at 7 o'clock in the afternoon, and sometimes sometimes all through the evening. "It is a Weird and Uncanny Experience to Listen in on the Receiver at Brandamore."

Horace Beale, who owns and operates a broadcasting station at Parkesburg, Pa. Thomas Appleby, a radio engineer in Philadelphia, who took the trouble to come down and look the thing over. It was after his visit to the station that I heard Eiffel Tower, Paris, France. Finally I got a talk in English on the Fleming valve at 2:40 p. m., Eastern standard time. This was followed by singing in French by a man and woman. Then an announcer said in French and English that it was a high power test on 16,000 meters from Station Paris. After that he introduced a speaker by the name of Dr. Geo. as I understood it, and the station then left the line.

"My knowledge of foreign languages is very scant, but I have heard stuff over the line that I know was Spanish from Havana, and French from the Canadian station. Not so long ago I heard someone, 'Hello, hello, hello, Google' from a station in Galveston, Texas.

"My stations are coming in like wildfire now, as you will note the reception of Canada, Spain, Alaska and Central America. But several weeks ago I couldn't get a thing on it. We changed the batteries on the telephone and there was no more radio for a while. I thought I had spoiled the combination, but it came on again after a week. Thunder or lightning has no effect on the reception, and it is perfect even when I can't get a thing on the tube set because of interference."

Vocal Sounds But Not Instrumental.

There are many peculiar things about the telephone radio receiver besides getting distant stations, and they make the thing all the more freakish. For instance, Mr. Boyer will hear an announcer at the broadcasting station say: "The Blank Orchetra will now play a dance number, 'Way Down South.' For a few minutes there will be nothing over the line, and then Mr. Boyer will hear the announcer say: "The last number you listened to played by the Blank Orchestra was 'Way Down South.' Our next number will be another dance piece, 'Ain't Love Grand?'" And Mr. Boyer will not hear one note of the music. Nothing but voice comes over this freak 'phone. If a person is singing, and is accompanied by a piano, the voice comes over fine, but the listeners cannot hear one note of the piano music. Even when the voice comes over in sufficient volume equal to that coming from the loudest talking machine, not one note of the music can be detected.

Another peculiarity about the receiver is that it only receives the station that is transmitting on the longest wave length. For instance, if WOO and WDAR, in Philadelphia, each transmitting on different wave lengths, 509 meters for the former and 395 meters for the latter, should have the same amount of force, or allowing that WDAR was more powerful, Mr. Boyer would receive WOO to the exclusion of WDAR. This is one reason why Mr. Boyer receives so many distant stations. The telephone instrument receives only that broadcast which is on the longest wave length or the air at that particular time.

Mr. Appleby gave full confirmation to Mr. Boyer's report and offers an explanation of the freak performance. He believes there are many phases of this accidental condition worthy of a thorough investigation, because they may hold principles that may be applied to the future development of radio reception.

The telephone and telegraph wires are strung on the same poles for the same number of miles, and Mr. Appleby thinks both lines play an important part in the strange reception.

"It is a weird and uncanny experience to listen in on the receiver at Brandamore," said Mr. Boyer, "and I can readily understand that many to whom these facts have been communicated have appeared skeptical. The reception of one station at a time, and then the automatic non-interfering properties of the system, has been unknown heretofore, and seems to involve phenomena of which radio scientists are no doubt ignorant. The most remarkable point of all is the elimination of all but the longest wave station transmitting at any particular time.

An Unexplained Freak.

"When I listened in I heard the voices of singers, male and female, from well-known broadcasting stations, coming in so loud that they could be heard all over the room. There was not a trace of accompanying music, the filtering medium acting upon these circuits in without parallel in radio. I know of no means by which music accompanying a singer whose voice we would contain the same number of vibrations could be so effectively separated as to permit only the vibrations of the voice to the exclusion of instrumental tones of the same frequency vibration.

"I believe the rectifying signals are transferred actively to the telephone line. The two lines are strung on the same number of poles for the same number of miles. The rectifying agent in this particular case may be a corroded connection in the telegraph line or a high resistance electrolytic ground, such as may be found if a branch of a tree were in contact with the telegraph line with sufficient bark worn off to expose a sap moist surface. There is one thing sure, that what acts as a rectifier does not interfere with the normal operation of the telegraph and telephone lines."

Mr. Boyer never knows what station is coming next, and he says that he isn't surprised any more when he gets a far-off one. To get Manchester, England, one night, Alaska another night, and Spain and South America on the following night, is some record, and he is, no doubt, the envy of everybody in this wide land who has a radio receiving set.

LARGEST SPREADING TREE IS IN TEXAS

By HORACE C. WALKER.

Treaty Oak, just off Sixth street, near the banks of the Colorado River, in West Austin, Texas, is the largest living tree in North America, according to Mr. Walter H. Caldwell, owner of the tree for the past forty years. The age of this venerable patriarch is said by University of Texas botanists to be at least 500 years.

The spread of Treaty Oak is 120 feet in diameter, and its circumference is one-fourth of an acre, by accurate measurement.

Mrs. Caldwell bought tree in 1852 from Judge Ireland, who had owned it two years before from James H. Raymond, the first treasurer of the State of Texas. Judge Ireland had built the tree with the intention to preserve it because of its size and the tradition which clustered about it; but when he began the subdivision for the township of Texas he was forced to let the lot upon which the tree stands. Then Stephen F. Austin established a little trading station on the banks of the Colorado River, more than 100 years ago, one of his first acts was a treaty with the Comanche Indians under the tree. By this treaty, which is in force for many years, the surrounding north and south from the trunk of the oak tree marked the boundary line between the Indian territory and the full white settlement. It was during that the ancient father of the tree received its name.

The Comanche and the Tejas Indians used to make regular pilgrimages to this landmark, which was regarded by them as an object of venerable worship.

Treaty Oak is a mature god. Traditions of the Texas Indians would meet under the tree annually to barter and trade. Evidently, even in these early days, the site which was later chosen as the capitol of the greatest state in the Union was regarded as the center of the Southwest long before civilization and modern forms of government existed, probably before the discovery of the western hemisphere, if the age of the tree, as given by Texas University botanists, is correct.

In past years, Mrs. Caldwell affirms, she examinated practically every spreading tree in North America of any size she knew of in order to see how her tree ranks in its record of greatness.

"The 'George' and 'Martha Washington' oaks in Audobon Park, New Orleans, are the largest trees that approach the size of mine, but the largest of these

measure only ninety feet in diameter of spread. These two trees and the famous 'Americus Georgia' in the state of that name, are the only three I have ever seen that approach anything like the size of my Treaty Oak," declares Mrs. Caldwell.

She has been a tree lover for many years, is a member of one of Austin's oldest families, and tells tale after tale concerning events and happenings connected with the father of American trees.

"One day before the Civil War," says Mrs. Caldwell, "Senator Morgan Hamilton of Texas was dining with us, a neighbor's family in the afternoon he accompanied three sedate young ladies over to the ancient oak tree to admire its beauty. They had been there but a few minutes when suddenly all three ladies screamed and three of them ran around the senator. They had seen three Indians Apache Indians, I believe, and in the excitement of the moment, when we have been cared for in this way, she assures. It is her plan to have young trees made and placed on sale, the funds from which will go toward the purchase of the ground upon which the tree stands. The back lot, which the tree covers, is valued at $6,000 by Mrs. Caldwell. In this lot, she points out, no one can ever disturb the tree, and it will be preserved for another 500 years, and probably even longer.

YOUR HOME TOWN.

In previous talks on your Home Town

we have discussed the importance of the trade and credit conditions of your town, the value of your newspaper, the importance of a Chamber of Commerce, and the importance of a Trade Day. Now we will discuss the value of a Trade Day to the farmer.

It is very essential, therefore, for your town to have a Trade Day. If it is located in a farming community, it is bound to have a good will and confidence of the farming classes. Try to create a reliable market for all the produce they bring to your town and offer a fair price. Always pay the best prices for the farmers' products you show that you are doing all in your power to further their interests and that you are mindful of their welfare. One of the biggest blunders committed by any small town is to fail to offer prices paid to farmers' grain, hay, cotton, etc., that equal those paid by other towns. Farmers will not put into effect the Trade Day plan and decide to get it for a year or two. Every day of this kind is a day lost. Trade Day should be a regular day, and should be advertised in the local paper, into closer touch with the farmers and the

territory of your Home Town contracts, the town is doomed to failure. The farmers' trade is the backbone and mainstay upon which are surrounded by and dependent upon the products of the soil as their main sources of income.

Tell the farmers to bring to your town anything they may have to trade or sell—whether it be livestock, produce, or second-hand articles. By employing a good auctioneer these sales can be put over with snap and effectiveness. Trade Day is one of the best mediums of getting the farmers to come to your Home Town, where they can meet them on common ground, exchange friendly greetings and discuss important matters which affect the welfare of both town and community. It always has been a wonder to the writer of these Home Town talks that more towns have not put into effect the Trade Day plan and stuck to it year in and year out. Every day in the week, aside each month, is a day lost. Trade Day should be a regular day, and should be advertised in the local paper, into closer touch with the farmers and the

The thriving towns of Hillsboro and Gatesville, Texas, have recently adopted the Neosha plan, which plan, in brief, is a co-operative plan of every-day-merchandising and community development idea that had its origin in Neosha, Mo., in 1913, and has been unanimously adopted and faithfully carried out by the Neosha town. The Neosha plan is said to be capable of greatly extending the trade territory of any Home Town.

BRBAKS RECORD BUILDS HOUSE.

Buck Lucas of Douglas, Texas, established a new record for building a house in Texas. It took him just 3 hours and 10 minutes, which is only one-fifth of the time consumed by the builders of Industrial Texas.

SAN MARCOS SEEKING TEXTILE MILL.

The citizens of San Marcos are making their efforts toward obtaining a textile mill like the one at New Braunfels, and it is believed that as a result of their determined efforts, another mill of 10,000 spindles will soon be added to the roll of Industrial Texas.

BIG SPRINGS HOLDER OF TROPHY.

Holder of Big Springs finished first in the calf roping contest and was awarded the big purse of $250 and a silver trophy cup. Elmer Jones of Merritt of Cheyenne, Wyoming, and Bob Stuart of Fort Worth were the runnersup in the order named.

DAVE WHYTE WINNER.

Dave Whyte of Fort Worth, a former world's champion, was runnerup, followed by Patty Ryan, of Miles City, and Roy Mays of Erick, Oklahoma.

TEXAS FARM NEWS

BRIEF REVIEW OF FARMING OPERATIONS THROUGHOUT THE STATE.

Reports from around Clarksville say a great deal of fertilizer is being used in that section this year.

In some sections the use of fertilizer will be resorted to speed up the crops where they are late.

Farmers are nearly a month late with corn planting in North Texas. The corn first planted is expected to rot.

John Pickett of Gilmer, Upshur county, acting for a group of farmers, loaded a car of sweet potatoes for shipment, which was sold on the track for $2.00 per bushel.

Reports from West Texas and the Panhandle indicate a splendid season for ranges and a good reservoir of moisture for the crops, especially growing wheat.

There is such a demand in Angelina county among the farmers for terracing that O. C. La Grone, Angelina county agricultural agent, says he will find it impossible to meet all requests made upon him for this character of service. Terracing of hillside farms is fast becoming a regular practice in Angelina county.

President H. G. Lucas of the Texas Pecan Growers' Association of Brownwood, issued a call for a meeting of the association at Fredericksburg, June 9, 10 and 11.

Aggie Colonel, who at judged champion harrow at the Southwestern Exposition and Fat Stock Show hog contest. This hog was shown by Texas A. & M. College. The A. & M. College hogs were the big winners of hog exhibits all the way through.

J. M. Wagner of Paint Rock, one of the successful poultry men of Hopkins county, during January and February sold $170.14 worth of eggs. Five years ago he paid $11,000 in cash for his farm and lately refused to sell it for $22,000.

Judging from reports throughout that state, it is evident that Texas cattle raisers have decided that it is more profitable to stock their farms with blooded stock than to continue to raise scrubs, and many have indicated their intention to stock their farms with better breeds. This is especially true of farmers who are not extensively engaged in cattle raising, such as farmers in Ellis and other North and East Texas counties.

Farmers will resort to diversification in some parts of Texas on a larger scale than heretofore and the acreage to tomatoes, melons, blackeyed peas and other small fruits and vegetables will be increased.

Farmers of Lampasas county are manifesting more interest in securing the best cotton seed for planting than ever before, and the acreage this year, planted to choice seed, will probably be several times that of any previous year.

Emil Behrens, a Lee county farmer living near Giddings, sold 428 dozen eggs, which netted him close to $130, during December, January and February. The amount did not include eggs consumed at home by the Behrens family, nor those used for setting.

Directors of the Chamber of Commerce of Longview have accepted a plan to pay $500 for the best acres of cotton raised in the Longview trade territory. Already twenty-five farmers have asked to be allowed to sign up. The $500 will be divided into three prizes.

A consignment of two cars of hogs from Oklahoma, meant for the packers, turned out to be the grand champion cartot of the 1924 Southwestern Exposition and Fat Stock Show. The consignment was purchased from a breeder by Edgar Kenyon of Thomas, Okla.

Reports from various sections of the state indicate that the damage to fruit from freezes of the 9th and 10th of March is not so great as was at first thought although in some sections the peaches and plums have been damaged.

In Travis county much corn will be replanted, according to information from Austin, while crops and gardens are reported three weeks late in Houston county. Reports of a similar nature have been received from other counties in South and East Texas.

More than a hundred acres will be planted in cucumbers around Pinsburg this year, according to pledges made by Camp county farmers. A contract for a salting plant has been closed with a pickle factory and construction on the building and vats will start in time to receive the spring crop.

Ellis county retains the lead in cotton production, according to the Government report on ginning to March 20. Williamson county follows with 110,480, McLennan 101,586, Collin 92,270, Nueces 92,256, Navarro 89,993, Hill 89,393, Bell 71,451, Hunt 71,299, Kaufman 69,629.

August Basck of the Concord country, in Lee county, says he planted corn as late as May 20 last year and gathered a heavy crop, having had little rain on the crop after planting. Basck says every farmer who keeps his ground well stirred after he once gets his crop in can't keep from making a good crop this year with the extra heavy moisture stored up from six months of rainy winter weather.

Contracts are being signed up for the California blackeye pea crop in East Texas at a minimum price of $2 a bushel, according to J. B. Henry, manager of the Henry Pea Company of Athens. The advantage of price is due to the drouth in California. For a period of forty-six years, Mr. Henry says, The Henry Pea Company handles several hundred cars of peas annually and is said to be the best authority on peas in Texas. The company operates a large plant at Athens, with a kiln drier for peas before they are shipped, preserving them from weevils and other insects. J. B. Henry, who is the successful manager of the plant at Athens has had eighteen years

A trainload of fed lambs were shipped from the irrigated section of Toyah valley to Kansas City. The lambs were bought by the farmers last fall and fattened on alfalfa and grain. This is proving to be profitable industry. Two cars of fed lambs and five cars of fed cattle were shipped recently from this section to Fort Worth.

The Panhandle Live Stock Association convention recently held in Amarillo, and the Southwestern Exposition and Fat Stock Show, at Fort Worth, has greatly stimulated the cattle market in the opinion of prominent cattlemen. This together with the splendid snows in the Panhandle Plains country and West Texas, has given the ranchers and cattlemen renewed optimism.

Farmers of the Hillsboro trade territory are becoming greatly interested in the five-acre cotton and corn crop contest, sponsored by the Hillsboro Chamber of Commerce, as is evidenced by the fact that already thirty-five farmers have entered the contest, and more are enrolling each day. The Chamber of Commerce is offering $1,000 in prizes, $500 being split into good sized prizes for the best production of corn on five-acre tracts, and $500 for the best production of cotton on five-acre tracts.

Farmers about Ranger are planning to plant large acreage this year to watermelons. Clyde Winstead, an expert melon grower of Parker county, recently addressed a group of the local farmers on the culture and marketing of melons and urged them, if growing melons for shipment, to raise and market only the best. He said there was no profit to be made off of inferior melons, and it was not worth while to raise melons unless it was intended to produce the best.

Continuous rains and snows of the last two weeks, and especially the rains of 18th and 19th of March, have greatly hampered farming operations in North, East, South and Central Texas. Reports from Navarro, Travis and adjoining counties are that farming operations are thirty days behind. In many sections farmers are despairing of getting in their early corn crop. Many signify their intention of planting corn lands in some other kind of feed, probably peanuts.

The second ton litter contest has been instituted by the A. & M. College Extension Service, as in co-operation with the Texas Swine Breeders' Association, to continue in the state this year. Any farmer in a county employing a county agricultural agent or which a director of the Swine Breeders' Association resided may enter, provided his application is sent to A. L. Ward, A. & M. College Extension swine husbandman and secretary of the association, before April 1. Prizes totaling $250 will be offered by the association and several hundred dollars more will be offered by breed associations and commercial bodies, making it possible for a large number of entrants to profit other than by the success of their own feeding experiment in profit returned on production. Prizes already definitely extended make it possible for a single entrant to win more than $200 in awards. Medals will also be awarded to designate the winners. Ton litters contest is the original designation given to the feeding test and that name has persevered though it would more properly have been called the two litter contest in Texas as the high gear, or the winning contest, requires a litter weighing 2,000 pounds at 180 days of age. Two pigs from each litter are weighed and the average weight of the two pigs is considered the weight of the litter. Pigs must be farrowed between September 1 and December 1, inclusive, and must be weighed at 180 days of age or less. Pigs must be registered or eligible to registration. Pigs must be fed in accordance with the rules of the contest. Pigs must be fed in accordance with the rules of the contest. Pigs must be fed in accordance with the rules of the contest

HOME PROBLEMS.

BLANKET WASHING.

Now, that spring is here, I can hear you say "we must wash the blankets; but, dear, how I do dread to wash that new one; they always look so shabby afterwards." This is not necessary if they are washed carefully and properly. A few discrete and economical women will wash her own rather than send them to the laundry. I am going to give you detailed directions for washing, and, if followed to the letter, you should have perfect results, that next fall, when you get them out they will look as good as new once.

Wool is an animal fiber and is very sensitive to heat. The natural oil in the wool is one of the factors that protects it and gives it the characteristic look. Therefore, we must use all precaution to protect and preserve this oil.

The first secret is the temperature of the water. A temperature about 105 degrees is about correct. The next step is to select a good soap. A white soap or flakes is most desirable. If a bar is used, do not rub on the material but make into a jelly by dissolving a medium-sized cake in two quarts of water. If your water is soft, soap is all that is needed, but if the water is hard, dissolve one or two tablespoons of borax in a small amount of water and add to the water before you do the soap. Make a good suds of the soap before you put in the blanket. Squeeze the suds through the blanket and do not rub. It can be washed in this manner as with the woolen blankets.

Rain water is excellent to wash any blanket with and should be used whenever it can be had.

Rinse in two waters as near the same temperature as the wash water as possible. Add the soap if very hard, as previously directed.

Shake vigorously before hanging. If large blankets, this is best done by two people.

Hang over the line evenly. If stripped, let them run perpendicular, so there will be less danger of fading and running into the other color.

Next to drying out-of-door an indoor heated dryer is the next best method. However, always place in the sunshine before putting away, if only in the window.

A blanket of wool and cotton combined is washed in the same manner as a woolen blanket.

The duets of blanket should always be smoothed as follows. Don't rub on the board. Don't rub in direct line of the blanket. Don't hang by the edges or end to dry.

HOUSEHOLD HINTS.

A mother in California recommends a very instructive and economical practice for the children. If broken toys are put in a box and kept for rainy day, then get out the glue and mend the dresses and make other repairs, mend the tops. This will serve two purposes, the toys will seem as good as new to the children, will save money, and will be a source of pleasure and amusement for one of those trying rainy days, when they are shut in and cannot get out. Save your old magazines and papers, especially fashion news, pictures, many other illustrations will do. Furnish each child with a pair of scissors which can be bought at a five and ten cent store. Keep them hanging on a nail or hook for each child. Teach them to be neat by sitting on newspapers and cutting all the trash afterwards. Put the dolls in an envelope and mail to the nearest children's hospital that you know of. They will be a great joy to some poor little "shut-in" girl or boy, besides amusing the children and teaching them mattress.

A small paint bag with a two-inch hole cut in it makes an ideal bag to hold hooks for the clothes line. Be sure to place a perch under the entrance. Suspend from a limb by a wire. They will repay you for your trouble in keeping the garden free from pests, fight the sparrows from taking their nest. Teach the children to sew.

If you haven't done your spring painting do not delay any longer.

Any hints that you wish to pass on to your neighbors will be published if sent to Mrs. P. O. Box 544, Fort Worth, Texas.

LATE FASHIONS.

Girls, here is a lovely C'rone negligee for the bride or the sweet girl graduate. I am giving you this pattern ready so you can make it yourself. This will save about half the price and you will have better material. For the bustles I suggest a burnt orange color trimmed with baby blue. For a blonde, a light green trimmed in darker green. Use 4-3-8 yards dutch crepe de chine for a size 36, and 1¼ yards of trimming.

Doesn't this charming pair of pajamas smack of the sea? I think it does. I suggest a chic. If made up in contrasting shades of blue and pink with ducks in lovely. White trimmed in blue or pink is very pretty, too. Size 36 requires 3¾ yards 40-inch material and 4 yards 40-inch material for trimming. They may be ordered with initial or some design.

Dame Fashion still degrees sleeveless dress for spring wear.

The slim silhouette still is the favorite for this season.

FIRST AID TREATMENT and QUESTION BOX.

Last month I stated that I would tell you how to move an injured person. This applies to very sick persons as well.

A stretcher can be made of several different things. A very stout sheet, a bed spread, a portiere of canvas, or anything that is strong enough to hold a person's weight. A very common and handy way is to use two long coat sweaters or three short coats and a long person. These are turned wrong side out and two long poles run through the sleeves. The tails are put together and the sleeves are pinned securely around the pole.

A well person must try the stretcher before the injured one is put on it. Two poles, buggy shafts may be used or the sides of the bed or anything that is strong. To put the injured person on the stretcher, one person each must stand on either side of the patient, place their hands under the shoulder and under the hip. If possible, a third person should lift the feet, and if one is broken. Lift gently and place in position with as little jar as possible. If person is to be carried any distance in a wagon a litter of straw or hay is placed in the bed and the stretcher placed on this. If carried in an automobile, the stretcher can be placed on the back of the seats and secured or held in place. If the head is injured, be sure that it is elevated.

When a bone is broken, the part should be mobilized and given special care. I will tell you about this next month.

CHEESE AS A PART OF OUR DIET.

Cheese has too long been considered a "tid-bit," or delicacy, when it should constitute a portion of a well balanced diet.

Cheese has been considered as hard to digest, but this is not true. It is a highly nutrient food, eaten in excessive quantities and thoroughly masticated, but a fact, cheese is highly assimilative, but should not be used in the place of the sick because of the very concentrated protein content.

There are many appitizing ways to serve cheese and there are many different kinds and classes. Some of the different kinds are: American Full Cream, Swiss, Limburger, Cream, Roquefort, and Pimento cheese. Then there is a list of those not so well known but equally as good and very appetizing: They are: Pineapple, Gouda, Edam, Sapp, Italian Gotteneiter, Asiago, can Cheddar, grated Parmesan, Camembert, Stilton, Swiss and Cottage cheese. Some appetizing ways to serve cheese is given at the end of this article.

The main principal in cooking cheese is not to cook it too long or it will be tough and unpalatable.

In the manufacture of cheese a different method is used than in "home made" cheese. An outline of the process will show you that it as a food well deserving of your attention. The cows begins with the pasteurizing of the milk to destroy any bacteria that might impair the taste. Then this milk is acidified by the action of the lactic acid bacteria which causes the milk to sour. Then rennet is added which causes the casein to coagulate and separate from the whey. The curd is then stirred, pressed and put in a cool place to ripen and develop flavor. In some cheeses there are added different ingredients at different stages in order to give flavor. The main ingredient in pure milk which we all know is one of the fundamental foods.

A delicious sandwich may be made by adding finely chopped sweet green pepper and olive to grated American cheese. Mix the ingredients thoroughly and add enough mayonnaise dressing to spread easily. Salt may be added if desired. Toast the bread and serve while hot, if so desired, or use on whole wheat slices for picnic luncheon.

TESTED RECIPES.

Cottage Cheese.

I think most housewives are familiar with this delicious dish, but if you are not, try it and I am sure your family will like it.

Let skimmed milk sour until it is "thick." Set on top of the stove with a pan containing water for about two hours or over direct heat until the water is in the boiling point. Pour the curd into a clean cloth, hang over a nail or the faucet and let drip all night. Keep in a cool place until ready to serve. Then cut in salt enough to season to taste and add enough cream to make attractive. This may be varied by adding nuts, raisins or any dry fruit and some people like a little paprika. Do not cook too long.

Kumyss.

1-6 cake yeast 1 tablespoon water
1¼ tablespoon sugar 1 quart of milk

Make a thin syrup of the sugar and water and cook one minute. Soften the yeast in two tablespoons of lukewarm milk. Heat the milk until lukewarm, add the other ingredients and shake. Put in sterile bottles (boiled twenty minutes) that have a good cork. Place in upright position for twelve hours, at 70 degrees F; then turn on to side at 50 degrees F (lower part of ice box). It is ready for use after the first twenty-four hours; often kept for several days, but it is best if used the second or third day. Puncture the cork with a stout needle to let out the gas before opening. It should look like thick foamy cream.

This is especially for people who can not ordinarily take milk. Also for invalids.

Hominy and Dates.

¾ cup fine hominy
1 1-3 cups boiling water
¼ teaspoon salt
6 dates

Put hominy, water and salt in top of double boiler and cook two hours. Add more boiling water if mush seems stiff and thick. Stone and chops the dates and add to the mush about three minutes before serving. Dates are delicious served with rice or combined with any cereal and sifted much as the above recips.

Mrs. J. R. (Dick) Johnson and two children, Margaret and Junior, were guests of Mrs. E. H. Sewell one day last week.

Mr. and Mrs. Ben Thomas and nephew, Thomas Coleman, visited L. N. Rawls and family of Hoopey Creek last Sunday.

E. P. T. A. met with Mrs. J. E. Browning Friday, April 1st. The following officers were elected: President, Mrs. LeStour Akin; first vice-president Mrs. D. Caton; second vice-president, Mrs. M. E. Faris; third vice-president, Mrs. Ed Caton corresponding secretary, Mrs. J. E. Browning, and treasurer Mr. Joe Newcomer. The next meeting will be with Mrs. Ed Caton the second Friday in May.

Everybody, old and young, is invited to a box-supper on the Methodist church lawn, Friday night, April 18.

One day last week, while cutting wood, Austin Smith cut his foot badly with the ax.

Mr. and Mrs. Wm. Hatfield were guests of Mr. and Mrs. C. W. Bush last Sunday afternoon.

Mr. and Mrs. Sam Adams and little son, James, of Pearsall were week-end visitors to Mr. Adams' mother, Mrs. J. M. Adams.

Dr. and Mrs. C. A. Sherrill attended church at Lima last Sunday.

Mrs. E. Wyatt and Mrs. J. C. Gallant and little son, Archie, returned from San Antonio Friday where Archie underwent an operation at a hospital for mastoid trouble. We are glad to report the little fellow much improved.

Birthday Dinner.

A birthday dinner was given last Sunday at the home of Joe Callahan, near Pecan, in honor of Mrs. Callahan, Mr. and Mrs. Reinarz, and Mr. Morganstein. Everyone comes to us that the guests had a most delightful time and greatly enjoyed the bounteous spread. Those present were Mr. and Mrs. Orlando Morganstein and family, Mr. and Mrs. Gus Heisler and family, Mr. and Mrs. Gus Reinarz, and Grandpa Heisler.

VANDERPOOL VISIONS

E. F. Ridney returned Friday from an extended business trip to San Antonio and Temple.

The box supper given by the Vanderpool-Taylor school for the benefit of the school building was well attended and a neat sum was realized.

W. W. Harlan came in from San Antonio and Ed Menard where he had a pleasant stay with relatives.

Mrs. Ralph Duff's wife and three children, some of whom have been with Douglas Arizona, for some time, they had been visiting relatives and are now spending a pleasant time with Ralph's mother who has been very ill for some time, grippe at the home of his sister Mrs. John Polvado, Sr.

Mrs. Ed Short, of Bandera, was on the Divide purchasing cattle.

Mrs. C. M. Vandeveer was called to Sabinal Friday to the bedside of her son, Donald, who is quite ill with the measles.

H. C. B. Pancake Tuesday for his home in St. Louis after visiting his brother, R. H. Ryan and family.

Mr. George Polvado and Miss Jewell Norman were happily married at Lockey March 29. The bride is the accomplished daughter of Mrs. Norman, and the groom is the young son of Mr. and Mrs. George Polvado, Sr. These are highly respected young people of this community and are receiving the congratulations and best wishes of their many friends.

Frontier Times for May

The May number of Frontier Times, that interesting little magazine devoted to frontier history, border tragedy and pioneer achievement, is off the press from the press next week. As usual it will be full of thrilling stories of the early days, and will delight old and young. Every boy of yours has been begging now would be a good time to keep his pealing. Every copy is worth the annual subscription price, because it contains true history told in thrilling tales. The May number of Frontier Times will contain 48 pages.

Election of Trustees.

At the election held in Bandera last Saturday, three trustees for Bandera County School District, Dr. John D. Erwin, John Langford and De W. Buck were elected by overwhelming majorities. The vote stood as follows: Dr. Erwin 107, John Langford 94; D. W. Buck 86; E. F. Kindle 10, Frank Hay 16, C. C. Burris 3; Dr. Butler 1, Lee Risinger 1. Only the three first names appeared on the printed ticket, and the vote given the others was complimentary—not because they were running for the office, but merely an expression on the part of the voter as a preference in the matter. The gentlemen elected to constitute the next board of trustees are well qualified to serve, and we are making the prediction that they will be untiring in their efforts to build up Bandera's school.

Miss Duffy Here on Visit.

Miss Laura Duffy came up from San Antonio Saturday and will spend several weeks with friends in Bandera. Seems that old times to have Miss Duffy with us, and everybody is hoping she will decide to remain permanently. She has been greatly missed since she left this town a few years ago, and she says she has missed Bandera folks very bit as much as they have missed her.

Willard the Wizard

Bandera has enjoyed a real treat this week, furnished by one of the best known entertainers of the times, Professor Willard, the Magician. Professor Willard came to Bandera the first time about thirty-five years ago, and at that time delighted audiences with his wonderful sleight-of-hand performances and, magic. After an absence of over twenty-five years he comes again to delight and entertain.

He gave two exhibitions this week and will hold the boards at the Cox Opera House again, Friday and Saturday nights, and we make the prediction that he will have a crowded house each night. He gives a clean, moral entertainment, instructive and pleasing to old and young, and full of mystery. By request of several citizens he will repeat the performance of the "Royal Mail," a troupe of singing and dancing dolls, on Saturday night.

We are glad to endorse such high class entertainers as Professor Willard, who is ably assisted by his wife and son, and we feel that when we attend their show we get the full value of the admission price and more. We would urge the parents to take their children to the entertainment Friday and Saturday nights, at the Cox Opera House. They will miss a rare treat if you fail to attend.

BLUFF BULLETINS

Mrs. Francis Turner and daughter, Miss Fay, spent Sunday with their aunt, Mrs. Frank Chamberlain.

Mrs. Will Meffee spent Monday afternoon with Mrs. L. B. Freeman.

Mrs. and Mrs. W. C. Swinney and little children attended church at Lima, Sunday.

John Walker made a business trip to Bandera Monday.

Willie Walker is working for D. B. Seale on Rocky Creek this week.

Mr. and Mrs. Brazil of Honey Creek attended singing at Bluff Sunday night.

Willie Edwards, who lives over in Kerr County attended church here Sunday afternoon.

John Buckelew and little son, Earl, made a business trip to Kerrville Monday. They brought back two fine Jersey cows.

Trustee election was held here Saturday. L. B. Freeman and Ora Russell were elected as trustees. The school board is now composed of L. B. Freeman, Ora Russell and Gene White.

A large crowd enjoyed a singing at the home of L. B. Freeman Sunday night.

Marvin Terry visited R. Spencer at Turtle Creek Monday.

Arthur Terry and Roy Burkes came up from San Antonio Saturday to visite Arthur's parents, Mr. and Mrs. Terry.

C. A. Mayo, of Camp Verde, spent Saturday night and Sunday with his cousin, John Walker and family.

Costume Party.

One of the jolliest events of the season, was a costume party given last Saturday night by Miss Minnie Bruce at her home two miles north of town. A big crowd was present, several being there from Tarpley, Medina and Center Point. The costumes were somewhat elaborate and comical. Hubert Bruce won the tacky prize, a cornbread cake, which was passed around. Refreshments of cornbread and molasses were served at ten o'clock and at eleven o'clock lemonade and cake were served. Everybody had lots of fun.

LIMA LINES

Rev. D. S. Palmer, of Tuff, preached here Saturday night and Sunday morning, and W. C. Swinney of Bluff preached Sunday afternoon. We had dinner on the ground, and a good time all around.

Quite a number of our ranchmen marketed their mohair in Kerrville last week, receiving sixty-two and one-half cents and eighty-two and one-half cents per pound.

Considerable interest was manifested in the school election last Saturday. Our new board will be T. H. Phillips, G. G. Hinds and Val Chick.

The people of Lima will present a petition to the commissioners court next week asking for an election to vote $2,000 bonds with which to build a new school house. It is desired that the election be called for the same day we are to vote on road bonds for the building of a first class road from Medina to the Kerr county line. Lima people are wide awake, and we are going after better schools and better roads.

Our school is progressing nicely under the able management of Miss Jenne Kirkland and Miss Thelma Miller. The pupils are now practicing for a big entertainment to be given at the close of the school.

TUFF TIDINGS

Prof. Carl F. Wheeler was a San Antonio visitor last week-end.

Mr. and Mrs. John Adams were guests of Mr. and Mrs. W. W. Livingston Sunday.

Mr. and Mrs. S. W. Frame were the guests of Mr. and Mrs. J. I. Frame Sunday.

Joe Houston, of San Antonio, is the guest of Mr. and Mrs. G. W. Anderson this week.

R. H. Light was a business visitor in Bandera last Thursday.

Fattening Beeves.

Fred Thalmann is feeding 120 beeves which he will ship to Fort Worth at the end of this week. Shipment will be made from Center Point.

For Commissioner.

Kesper Dugos announces this week as a candidate for commissioner of Precinct No. 1. Mr. Dugos served in this capacity fourteen years, and says that while he was in office the indebtedness of the county was reduced from $80,000 to $3500, which speaks well for the executive ability of those who at that time composed the board of county commissioners. He says he will guarantee, if elected, to work the roads of the precinct more judiciously expend the road and funds allotted to him where the greatest good will be done, and will be personally and close attention to his official duties and look after the county's best interests at all times.

Eggs Wanted.

Buckner's Orphan Home has made an appeal for eggs, and in order to meet this appeal eggs will be received a t the Baptist church in Bandera next Saturday evening. They will be collected and shipped to Dallas on Monday. You are requested to donate as many eggs as you will, from one egg to one hundred dozen.

Home Demonstrator Coming.

Miss Bennie Campbell Demonstrator Agent in Home Economics for the Co-Operative Extension Service of the A. & M. College, will be at the following places on the dates mentioned for the purpose of telling our people what wide-awake Texas committees are doing: Bandera School House, April 15th, 7:30 p. m.; Crockett School House, April 16, noon; Pipe School House, April 16th, 7:30 p. m.; Crockett School House, April 17th, noon; Tarpley School House, April 18th, noon; Pipe Creek School House, April 19th, noon.

It is desired that everybody in the communities above mentioned, who are interested in demonstration work, be in attendance.

Bandera has elected a new board of school trustees. It was a clean sweep, and we are glad of it. Now, we are not going to sing praises and rebuke the outgoing board for things they have done, or things they have not done. They have had uphill work from the time they went into office, and we are disposed to sympathize rather than censure, believing that they tried to do their best. But now, we have a new board, and new problems are to be faced—problems that perhaps never existed before in this community. We want to get behind that board and help, not hinder, in every way we can. Bandera school must be improved or else it will be a school that will not amount to much. There has been something radically wrong somewhere, or else Bandera would today have an affluent school. In order to build up our school we must have more school money, we must have efficient teachers, we must have co-operation. Unless the school is improved people who live here will move to where they can get better school facilities, and people who are seeking a location will not come here for school purposes—unless we have good school facilities. The suggestion has been made that an additional school be built for maintenance. We must have a Parent-Teachers Association. We must encourage the spirit that is now developing for better schools. Think on these things. Get your shoulder to the wheel and "Let's go!"

Medina community is going after that bond issue of $25,000 to improve the road from Winan's Creek to the Kerr county line. The petition asking for an election will be presented at the next meeting of Commissioners' Court. We have had a number of the Medina citizens to ask: What is Bandera going to do about improving the road from Bandera to Winan's Creek when Medina votes to improve the road from Winan's Creek to the Kerr county line?" We believe we can safely say, in answer to that question that Bandera is going to close up that gap and make it a good road all the way from Bandera to the Kerr county line. It's poor business policy to not do so. When Medina gets a good road to Kerrville it means that lots of business which now comes to Bandera from that community will go to Kerrville unless we have a good road to hold such business. Bandera may seem to be asleep, but just wait until business that rightfully belongs here begins to go elsewhere and see us come alive.

The New Era stands four-square for good schools and better roads. The people of this county are entitled to these things and should have them.

Boost for good roads.

Before a great while that three-mile stretch of the Bandera-San Antonio road in Medina County will be a finished proposition. What are we going to do about making our end of the road—that portion which leads from Bandera to the Medina county line—equally as good as the road through Medina county?

All young men and old ones, too, who are willing to participate in the big Indian fight during the reunion should notify Charles Eckhart, or any of the committee. It will soon be time to begin drill work.

Vanderpool has lined up in the front rank of progress. Last Saturday that community voted in favor of $25,000 bonds for road building, the vote cast in the election being 81 for the bonds and 31 against. Vanderpool has set an example for other sections of the county, and we predict they will not be slow to follow.

What are you planning to do to help make the County Fair a success? If you live on a farm or ranch you should begin now to think about making an exhibit of something which you are producing. We want to make the finest agricultural and live stock display this year that has been seen in the county. If you raise hogs, chickens, turkeys, bees, cattle, horses, sheep or goats select some of your animals to put on exhibition. If you raise corn, oats, potatoes, cane, fruit or other produce, make your plans to bring some of it to the fair. And don't forget to write and tell your friends about the County Fair.

During the past two or three weeks the community has had its full share of oil scouts, lease seekers and geologists. The New Era hopes to announce before long some real interesting news for our readers.

The Thompson Test Well No. 1 now being drilled at Vanderpool by the Humble Oil & Refining Co., has reached a depth of around three thousand feet. Just what indications have been developed we are not in a position to say, but the New Era would not be surprised any day to get the glad news that t he well has been brought in.

MARK McBRYDE, Clerk
County Court Bandera Co. Texas.

The fishing season will open on the first of May. Already local fishermen are talking about the big fish they are going to catch. Dr. Ergin was seen but in his cow lot the other day looking for a place to dig worms. Somebody told him that worms which hibernated in a cow lot grow to unusual size, and he is going to buy a spade and soon begin the digging.

Heel Fly Time in Texas

A few months ago the New Era published an interesting serial story, "Heel Fly Time in Texas," written by John Warren Hunter, and dealing with events along the Mexican border during Civil War. We have had many requests for this thrilling story in pamphlet form, and we are pleased to announce that we will soon be able to supply copies to those who desire to read this story complete. Beginning with the April number of Frontier Times the story will appear in that magazine serially, and from the type we use in printing the story a booklet under that title will be printed. We hope to have the booklet ready for distribution sometime in April. The price will be fifty cents per copy.

A whiskey still and complete plant was found in a cave just over in Kerr county near Bluff Dale day last week. The Kerr county sheriff took possession of the still, but the operators were not apprehended.

Prof. C. T. Carlton and Mrs. Eugene Corder and children came over from Sabinal Saturday, and went to San Antonio Monday, accompanied by Mrs. Carlton and Austin Carlton, to spend a few days. Prof. Carlton has been teaching the Utopia school, the term closing last Friday.

Last Sunday morning a brooder house on the premises of J. W. Cox caught fire and was totally destroyed. Just a few moments before the fire was discovered about two hundred chickens were released from the house, else they would have all been burned.

A carload of cement has been purchased to be used in the construction of the bridge at the Hondo Crossing. This cement will arrive this week. It is estimated that in addition to the $1600 already subscribed to the bridge fund about $400 more will be needed to complete it and the committee will likely be around to see you within a short while to ask you to donate a little more. Just as soon as the necessary funds are paid in the bridge will be built, and the sooner the better.

Mrs. Huffmeyer Dies

Mrs. Emil Huffmeyer died at her home in San Marcos Wednesday, April 9. She had been ill only a very short time, and her death came suddenly. Mrs. Huffmeyer was the mother of Mrs. C. R. Rugh of this city, and was well known to many of our people, having resided in Bandera many years previous to moving to San Marcos several years ago. She was a most estimable woman, and the news of her death is received with much sorrow by her friends here. Her husband, Emil Huffmeyer, who died last January, was for a long time engaged in the mercantile business in Bandera, his store occupying the corner where the establishment of Frank Davenport & Co. is now located. The following children survive: Walter Huffmeyer, San Marcos; Henry Huffmeyer, San Marcos; Mrs. Mila Rugh, Bandera; Mrs. Kate Wallace, San Antonio, Miss Medina Huffmeyer, San Marcos; Miss Lizzie Huffmeyer, San Marcos.

Bandera is steadily building. Within the next few months many new people will come here to make their homes and an unprecedented growth will take place.

The county campaign is beginning to loom. Candidates are not numerous here as in some counties, but we keep hearing rumors of prospective aspirants for different offices, and about the time the chiggers begin to bite we expect there will be several in the field.

Among the features of the Old Settlers' Reunion will be a wrestling match between Uncle John Pyka and Lee Risinger, they were boys together and in the olden days they used to try their strength in fond embrace, but neither ever could throw the other. Uncle John says he is going to "dirty" Lee's back on July 4th, or quit trying.

Bandera County's Fourth Annual Fair will be held August 4, 15 and 16. Keep these dates in mind and make preparation to bring in some of your products or live stock for exhibition from the preliminary work that has been done by the ladies connected with the management we are convinced that the fair will be the best ever held here.

The rains of the past few days have been a wonderful help to the planted crops, and now everything is looking green and growing rapidly. Old Winter seems to have lingered in the lap of spring," but now that Winter has passed on and Spring is here in all her beauty the trees are all in fresh foliage and Mother Earth is nurturing the growing crops in a most pleasing manner. The fruit crop, which was somewhat damaged by the late cold, will be more abundant than at first anticipated. Bandera county is not in bad shape by any means, and prospects are very encouraging.

Veteran Amasa Clark spent a pleasant half hour in the New Era sanctum a few days ago, and talked about the Old Settlers' reunion and how he is looking forward to it with a great deal of anticipation. He says when he came here in 1852 he found a party of shingle-makers camped on the present site of Bandera, and he anchored right here and took up the work of making shingles for San Antonio market. He became an expert, and says although he is almost blind now he is going to enter that shingle-making contest on July 4th and show the present generation that his good right hand has not lost its cunning. He does not expect to be the fastest in the contest, but he is going to rive shingles to show that he can still make them and make them well.

Get Ready

Next week we will announce the list of donations to the Old Settlers' Reunion bridal shower made to date. Many of the ladies of the community have expressed a willingness to donate articles to this shower, but some of them do not know exactly what to give, fearing they will give articles that have been subscribed by someone else, and it is their desire to give something different. We would ask all of the ladies to call at once at the New Era what they expect to contribute, whether it be pillow cases, bed spreads, sheets, napkins, table scarfs, lingerie, center pieces, towels, or any other necessary linen. By this method it is hoped to make the shower as wide a range as possible. Men may also participate in the shower by giving furniture, crockery, kitchen ware, etc. Please notify the New Era at once. Let's make this the biggest wedding ever pulled off in Bandera.

Willard the Wizard

Willard the Wizard closed his series of entertainments at the Cox-Opera House last Saturday night, and went on his way with kindliest feelings toward the good people of Bandera. He pleased everybody with his high class entertainments and we are all hoping he will return before many months to entertain and delight us. Mr. Willard has been appearing before the footlights for more than fifty years, most of which time has been here in Texas. His sleight-of-hand performances are mystifying and astounding and he performs them with such ease and rapidity that he keeps his audience guessing what he is going to do next. He will always draw a good crowd when he comes to Bandera.

Boost for good roads.

Young Men Held Up and Robbed

Burglars entered the room of Clinton Risinger and H. H. Gray at 808 East Fifth Street early Sunday morning, and when discovered by the two inmates they forced them to hold up their hands and surrender all of their available cash and watches. While one of the burglars kept Gray and Risinger covered the other ransacked the room, taking what he pleased, their fancy, which included wearing apparel, mostly freshly laundered shirts and underwear. About sixty dollars in cash, two gold watches, a photograph of two Texas girls, presumably the sweethearts of the young men, was among the loot selected to be carried away. When they had finished their work, the burglars piled a lot of unlaundered clothing in the middle of the floor of the room and commanded the young men to seat themselves upon the pile, and then leisurely departed with the injunction that they remain seated until danger of apprehension was passed. Risinger and Gray are both from Bandera, Texas, where their parents reside. When interviewed by a News reporter Risinger said he did not mind the loss of his watch and money, but he felt humiliated that a Los Angeles burglar could so easily take advantage of a man from Texas, but that if he would "return a certain shirt and the photograph all would be forgiven.—Los Angeles (California) News.

Richard Stevens Twirling

The Pittsburg Plate Glass Company team whitewashed the strong Kerrville Athletics Sunday at Kerrville, 20 to 0, with Stevens on the mound. The Glass City hurler was in fine form, holding the Athletics to two hits, both singles, while he struck out eight men.

Meanwhile his mates backed him in approved fashion; both batted and with the stick. Naylor led the hitting with a double and single, while Burke rashed a triple. Sherrod and Naylor fielded well on the left side of the inner works.

Next Sunday the Glassies meet the New Braunsfels Tigers in New Braunsfels.—San Antonio Evening News.

Candidates for Matrimony

TO "DADDY'S GIRL:"

I read your proposition in the New Era a couple of weeks ago and I very forcibly appeals to me. You say you are good looking, and I believe you are. You have put the proposition square up to the Old Settlers' Association to furnish the groom for the wedding at the reunion on the 4th of July, and in order to help the Association in providing that groom I am willing to go to the extreme and if a man don't volunteer I am at your service. Above is my photo, and it's a good likeness too. Come on, "Daddy's Girl," if you are game, for I'm "Johnny on the spot."

JOHN H. ROSS

While a couple has already been secured for the big wedding to take place on July 4th at the reunion, we have no hesitancy in saying that room will be made for another couple, and now that our good friend, John Ross, has volunteered to accept the position of "Daddy's Girl" we see no reason why there should not be two weddings on that glorious ocasion.

Ford Steel Body Truck $490 f. o. b. Detroit

Why Commercial Users Prefer the Ford

There is much significance in the fact that more than 75% of all commercial cars of one ton capacity or less in the United States are Fords.

This overwhelming preference for Ford haulage units has its basis in the low cost of Ford transportation, the rugged construction of the truck itself, and its unusual adaptability to every line of industry.

Mechanical excellence, simplicity of design and ample power are further factors that have contributed to the popularity of the Ford One-Ton Worm Drive Truck.

The Ford One-Ton Truck equipped with an all-steel body and cab is now available as a complete unit, priced at $490 f.o.b. Detroit. Screen sides and canopy roof that may be easily fitted to this unit are supplied at small additional cost.

"There is a Reason"

I spent first Sunday with the good people at Riverside about ten miles west of Medina. The day was warm and lovely and other things combined to make it an ideal day for a profitable, happy outing. Rev. W. H. Price preached at 11 o'clock to an attentive crowd composed mostly of church people, and again in the afternoon at 2:30. A sumptuous dinner was spread at the usual hour, the good women of the different communities all ate, and no complaints were heard as to a deficiency in the food supply. The afternoon services being over, after swapping thoughts concerning crop conditions and the prevailing best prices of the present years slip of wool and mohair, many shook hands and all departed quietly for their homes, promising to

[illegible] the first Sunday in May if possible. Let's should so permit. It was the writer's good pleasure on this trip to spend a few hours with old friend [illegible] Taff community. Among these kind editor, please allow me to [illegible] special mention of Jack Anderson, whose home is about one and a half miles west of Medina at a dripping spring on West Prong about five or six miles west of Taff. Jack has sheep, goats and cattle, all of the latter which are in a thriving condition. He entertains business like progressive ideas and methods and thinks there are a few things over which one should never worry—the things he can help and the things he cannot help. Worry is hurtful to both body and mind, therefore a man should keep his business in front of him and push it along, and not allow the business to push him. In proportion to his investment is the great problem of human life and he should be just as well pleased with forty acres of life, no more no less. Dear reader, be sure that what you put into life will, in the end, bring you the most satisfactory returns. This, in the judgment of your humble writer will be found to be the true philosophy of life. Worry begets like is a rule without exception and a rule which all will do well to remember.

Refer next to Eli Loyd, whom the writer has known for fifty years. Mr. Loyd lives on the Divide, about 12 miles east of Vanderpool where he has lived and been engaged in the stock business for many years. At present he has goats, cattle and hogs, and though his age now is 74, he frequently rides eight or ten hours over that rough section carefully looking after his stock. This dear old comrade joined a mounted company while yet a young man, and was in the famous Indian fight on Pack Saddle Mountain in 1873. In this fight he received a wound in both arms, scars of which he will carry to his last resting place. Let me say in passing that Mr. Lloyd's is one of the substantial citizens of Bandera county and stands four square for an educational, commercial, progressive citizenship.

Farmers and ranchmen throughout the west half of Bandera county are optimistic over the recent, copious rains that have fallen here. The outlook for better crop conditions were never more encouraging. All nature is under the smiles of pleasantness and peace, and the gloom of winter may be heard to say, "Excelsior." The dawn of days of better times is more visible, and all seem to be filled with warm sunny growing days that seem so near. With best wishes.

UNCLE ZEBIDEE

Sell Wool Clip

Fully 1,000,000 pounds of the spring clip mohair were sold last week to Boston and Philadelphia concerns by the Schreiner Wool and Mohair Commission company of Kerrville. The average price was a fraction over 71 cents per pound, it is understood. Mr. Lea, representing Draper & company of Boston, was the buyer of 800,000 pounds of the shipment, the remainder going to A. Cohen & Company, representing John and James Dobson of Philadelphia.

The sale of this large quantity of mohair will clear the big warehouse, being the entire accumulation of the spring clip. The average price of better than 71 cents was obtained on kid.

The present consignments are said to be the largest accumulation sold in Texas and top the average price paid at other concentration points in the state.

BOTH PHONES BANDERA, TEXAS

The State of Texas,
County of [illegible]

To the resident taxpaying voters of Road District No. 3 of Bandera county, Texas.

TAKE NOTICE that an election will be held on the 17th day of May, 1924, within Road District No. 3 of Bandera County, Texas, to determine if said district shall issue bonds and if a tax shall be levied in payment thereof, in accordance with an election order entered by the commissioners' court on the 14th day of April, 1924, which is as follows:

A. L. Mansfield, County Judge, J. B. Holt, Commissioner of Precinct No. 1,
A. L. Edwards, Commissioner of Precinct No. 2,
R. L. Morris, Commissioner of Precinct No. 3,
and Lee Turner, Commissioner of Precinct No. 4.

Being present, came on to be considered the petition of J. H. Autry and 132 other persons, praying that bonds be issued by said Road District No. 3, of Bandera county, Texas, in the sum of $25,000, bearing 5½% per cent rate of interest, maturing at such times as may be fixed by the commissioners court, serially or otherwise, not to exceed thirty years from date thereof, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, and whether or not a tax shall be levied upon the property of said Road District No. 3 of Bandera County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof, at maturity; and

It appearing to the court that said petition is signed by more than fifty of the resident property taxpaying voters of said Road District No. 3 of Bandera County, Texas; and

It further appearing that said Road District No. 3 of Bandera County, Texas, has been duly established by an order of the Commissioners' Court of Bandera County, dated the 14th day of April, 1924, of record in Book Z, Page 68, of the minutes of said court, and the boundaries thereof are here in described as described and defined in the order of the commissioners' court establishing such district as follows, to-wit:

IT IS THEREFORE CONSIDERED AND ORDERED by the Court that an election be held in said Road District No. 3 of Bandera County, Texas, on the 17th day of May, 1924, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District No. 3 of Bandera County, Texas, shall be issued in the amount of $25,000, bearing 5½ per cent rate of interest, and maturing at such times as may be fixed by the commissioners' Court, serially or otherwise, not to exceed thirty years from the date thereof, and whether or not a tax shall be levied upon the property of said Road District No. 3 of Bandera County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Article 624, to 642, inclusive, Revised Statutes, Title 18, Revised Statutes, Chapter 20), Acts of 1917, Regular Session.

All persons who are legally qualified voters of the State and of this County, and who are resident property taxpayers in Road District No. 3 of Bandera County, Texas, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The polling places and presiding officers of said election shall be respectively as follows:

At Medina, School House, Voting Precinct No. 3, with E. H. Sewell as presiding officer. At Lamar, School House, Voting Precinct No. 4, with G. G. Hinds as presiding officer. At Crockett School House, Voting Precinct No. 1, with C. Adams as presiding officer. At Camp Verde School House, Voting Precinct No. 9, with Otto Weltner as presiding officer.

The manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in The Bandera New Era, a newspaper published in Bandera County, Texas, once each week for three weeks before the date of said election, and, in addition thereto, there shall be posted other copies of this order at the public places in Road District No. 3 of Bandera County, Texas, for three weeks prior to said election.

The County Judge is hereby directed to cause said notices to be published and posted as herein above directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this Court.

Given under my hand with the seal of the Commissioners' Court affixed, this the 14th day of April, 1924.

A. L. MANSFIELD,
County Judge.

School Dedicated

Dedication ceremonies conducted at St. Joseph's School last Tuesday marked the culmination of a movement that was started less than two years ago by the Catholic citizens of this community, their efforts being crowned with success in the erection of a handsome new two story stone school building to take the place of the frame building which had been used for several years. The success of the efforts of these people is, to say the least, remarkable, when it is known that they are not of a wealthy class, and the number is not considered great, but by cooperation and earnest endeavor they have erected a building, modern in all respects, that would do credit to a larger town and a greater congregation. The dedication ceremonies were impressive and according to the rites of the Catholic church, about twenty visiting priests coming from San Antonio, Austin, Castroville, Fredericksburg, Selma, and other places to participate in the ceremonies. A reception was tendered the visitors on Monday night, when refreshments were served, and patriotic and stirring addresses were delivered. On Tuesday at noon a barbecue was enjoyed and the dedicatory services held.

The following distinguished visitors were present and assisted in the ceremonies: Right Reverend Bishop Drossaerts of San Antonio, Very Reverend Gerlach, dean of Fredericksburg, Rev. J. J. Robling of San Antonio, Rev. Michel of Castroville, Rev. Nichel of San Antonio, Rev. Lockwood of San Antonio, Rev. Schneider of San Antonio, Rev. Rainville of San Antonio, Rev. Hellwig of San Antonio, Rev. Wirtz, of Selma, Texas, Rev. Echart of Castroville, Rev. Sexton of San Antonio, Rev. Moriarty of San Antonio, Rev. Vallve of San Antonio, and Very Reverend Schumacher, the president of St. Edwards College of Austin.

Ed Coughran Married

Ed Coughran surprised his many friends this week by going to San Antonio and bringing home a winsome bride. He was hapily married last Sunday night by the Harlandale Methodist church parsonage in that city to Miss Blanche Billings, Rev. R. F Girl officiating.

The Coughran is one of Bandera's enterprising young business men, and has a host of friends all over this county who will be pleased to learn that he has won as his bride a most excellent and accomplished young lady. The bride is the daughter of Mr. and Mrs. Chas. H. Billings of Nixon, and is quite popular in the community where she has lived for a number of years.

The New Era joins in extending to Mr. and Mrs. Coughran congratulations and best wishes.

Riverside Review

A large crowd gathered at the home of Mr. and Mrs. H. L. Carpenter, to celebrate Easter Sunday. The people began to gather about 10 A. M. and after visiting and singing beautiful hymns a sumptuous repast was served on the lawn 'neath the shade of a large live oak tree. When all had done full justice to the good eats, Easter eggs were hidden and the "kids" had a lively time searching for them. Then after more visiting and singing the good people departed for their several home. Those present being: Mr. and Mrs. T. H. Davis, Mr. and Mrs. F. O. Watson and family, Mr. and Mrs. G. W. Elam, Mr. and Mrs. J. C. Werner, Mr. and Mrs. Wilson and family, Mr. and Mrs. Bolen and family, Mr. and Mrs. B. D. Pierson, Mrs. Jim Zumwalt and family, Mrs. Jack Anderson, Mrs. Jeff Keese and daughter, Mrs. Rhodes, Miss Pauline Poe, Misses Pearl Elam, Bessie Wilson, Lizzie Stuart, Messrs. Clyde Elam, Roscoe Stuart, Alf. Freeman, Paul Garison. In the evening Mr. and Mrs. Davis and Misses Elizabeth, Neva and Genevive Fine called on Mr. and Mrs. Carpenter and enjoyed a "feeding."

A farewell social was given at the home of Mr. and Mrs. F. O. Watson Thursday evening in honor of Mrs. F. H. Ames and sister, Miss Sue Carpenter, who are departing for Sacramento, California. All had a very enjoyable time.

Miss Pauline Poe of Laxson Creek community is now spending a few days in the home of Mr. and Mrs. Carpenter.

NOTICE OF ELECTION

The State of Texas

County of Bandera,

Notice is hereby given that an election will be held on the 17th day of May, 1924, at the Lima Schoolhouse in Common School District No. 7, of this County as established by order of the county board of trustees of date the 3rd day of April, 1924, which is of record in Book 1 designated as Record of School Districts, on page 100, to determine whether a majority of the legally qualified property taxpaying voters of said district desire the issuance of bonds on the faith and credit of said common school district in the amount of $2,000, the bonds to be in the denomination of $100 each numbered consecutively from 1 to 20, both inclusive, payable yearly thereafter and bearing 5 per cent interest per annum, payable annually on April 10th each year, to provide funds to be expended in payment of accounts legally contracted and outstanding for equipping a Public Free School building of wood material within said district, and to determine whether a sufficient annual tax upon all taxable property within said district sufficient to pay the current interest on said bonds and to create a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this state and county and who are resident property taxpayers in said district shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words; "For the Bonds."

And those opposed shall have written or printed on their ballots the words; "Against the bonds."

T. H. Phillips has been appointed presiding officer for said election and he shall appoint two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the commissioners court of this county as is required by law for holding a general election.

Said election was ordered by the County Judge of this county by order made on the 15th day of April, 1924, and this notice is given in pursuance of said order. Dated the 15th day of April, 1924.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any constable of Bandera County, Greeting:

You are hereby commanded to summon B. F. McClung, by making publication of this citation once each week for 4 successive weeks previous to the return day hereof, in some newspaper published in Your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 38th judicial district; but if there be no newspaper in said judicial district, then in a newspaper published in the nearest district to the said 38th district, to appear at the next regular term of the district court of Bandera County, to be holden at the courthouse thereof in Bandera, on the 4th Monday in May, 1924, the same being the 26th day of May, 1924, then and there to answer a petition filed in said court on the 22nd day of April A. D. 1924, in a suit, numbered on the docket of said court No. 978, wherein Mrs. E. J. McClung is plaintiff and B. F. McClung is defendant, said petition alleging that plaintiff and defendant were married on or about 26th day of August, A. D. 1910 and lived together as husband and wife until on or about the 11th day of January, A. D. 1914, when defendant abandoned plaintiff with out any just cause and from said time has remained away from plaintiff and refused to contribute to her support in any other manner than with plaintiff as her husband and has absented himself from the State and away from plaintiff. Plaintiff asks for divorce and for all costs of suit and for restoration of her former name, E. J. Coleman.

Herein fail not, but have before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness, Mark McBryde, clerk of the District Court of Bandera county, Texas.

Given under my hand and seal of said Court, in the town of Bandera, this, the 23rd day of April A. D. 1924.

MARK McBRYDE.
Clerk of District Court of Bandera County, Texas.

Issued this the 23rd day of April A. D. 1924.

Frontier Times for June

The June number of Frontier Times, Bandera's growing magazine, will be issued May 15. Besides other interesting sketches of frontier history, the June number will contain a thrilling account of the Battle of Dove Creek, fought between 600 Texas Rangers and 2,000 Kickapoo Indians, January 8, 1865. This battleground is on Dove Creek, a tributary of the south Concho, above San Angelo. The Texans were defeated with great loss, and as if to add to their suffering and hardships a heavy snowfall, amounting to three or four feet came upon them. But read about it in the June number of Frontier Times.

For a short time longer we will accept subscriptions to the New Era and Frontier Times at $2.50 for the two publications.

Last Sunday afternoon one of ...

...the prettiest weddings that has taken place in Bandera was witnessed at the Baptist church when Mr. Fabian Atchison and Miss Annie Rambie were united in bonds of wedlock. The church had been decorated with ferns and potted plants, and purposely darkened for the occasion. A few moments before the bride and groom entered candles were lighted producing a very pretty effect. Misses Lee Langford and Evelyn Mansfield were ushers, and at the appointed time, to the strains of a beautiful wedding march rendered by Mrs. Claud Stevens, the bride and groom entered and slowly marched up the aisle to where Rev. M. J. Scott, pastor of the Baptist church, was in waiting and there took the vows that made them man and wife. After the impressive ceremony had been performed, the bride and groom turned and slowly marched down the aisle and out of the building and entered the waiting automobile and hastened away on their honeymoon trip.

The bride wore a traveling costume of beige poretex twill with accessories to match, and carried a beautiful boquet presented to her by the local chapter of the Eastern Star bearing the emblematic flowers and colors.

Both bride and groom were born and reared in this county.

Dr. Erwin has been mighty restless the past few days—anxious for the fishing season to open up. When asked a few days ago why he did not take his can of bait and fishing pole and go down on the river and catch a string of fish he answered that he Durst not.

An election will be held at Wallace Creek on the 17th of this month to determine if an additional tax of fifty cents on the $100 shall be levied for school maintenance of the upper part. Those people of the upper part of the county are coming alive on the question of better schools and better roads.

Think of what it will mean to Bandera to have a good road to Medina, a good road to Tarpley, a good road to Center Point, a good road to Pipe Creek, and a good road to the Verdes. Bandera will be the hub from which will radiate good roads, bringing ten times as much business to this town than at present received. Talk about good roads!

A campaign is to be launched for an additional tax for the maintenance of Bandera High School. We understand that we can vote as sixty-five cents on the $100 valuation in addition to what we already have, and in order to place the school on the plane where it should be we should vote just as much tax as will do that very thing. We understand that there will be some opposition to the additional tax, but we believe it can carry by a good majority, and we know it is badly needed.

The suggestion has been made that in order to get sufficient money to build roads leading in to and out of Bandera that a bond issue of $100,000 be voted by this road district. The talk is being made that when Medina votes $25,000 bonds to fix the road from Winan's Creek to the Kerr county line Bandera will not build her portion of the road to Winan's Creek, and this line of talk is being used to defeat the proposition that is to be voted on the 17th of this month. Bandera is going to build roads during the next few months and the Winan's Creek road is one of them. With $100,000 bond issue $25,000 could be spent on the Winan's Creek road, $15,000 on the Tarpley road, $10,000 on the Center Point road, $10,000 on the Hondo road, and the remaining $40,000 on the San Antonio road, this last named figure being supplemented by an equal amount from the State Highway Department. Bandera is going to build roads next year, and if not now it must have a bond issue let it be one that will benefit the whole district.

Oregon Trout to be Placed in Medina Lake

A shipment of 25,000 steel-head trout have recently arrived from a Government hatchery in Oregon to be placed in Medina Lake. Tests of water temperature by the Government experts made at Medina Lake several months ago showed that it was ideally adapted for rainbow trout, and a number of the mountain game fish were placed in the lake. The experiment proved successful and resulted in the decision to try the propagation of the steel-head species in this climate.

The Oregon steel-head trout grows to an enormous size, some of them attaining a weight of 20 pounds. Steel-heads have never before been introduced this far South; but Federal fishery experts are confident they will thrive in the cold waters of the Medina.

Lima will vote $2,000 bonds for the building of a new school house on May 17th.

Material for the bridge at the Hondo Crossing on the Medina River is arriving and in a short time actual construction of this long needed bridge will begin.

Tarpley marching in the line of progress! That district voted bonds last Saturday to the amount of $2,000 for the building of a new school house, and also voted an additional maintenance school tax.

Everybody is talking about the old settlers reunion to be held in Bandera on July 4th and 5th, and predictions are being freely made that this big reunion will bring more people to Bandera than has ever before been brought together here at any one time. The big parade, the Indian fight, the tournament, the shingle making contest, the old fiddlers' contest, and the arranged wedding constituting the program, are being talked about, with the wedding holding the main topic of conversation. Everybody is wondering who will be the bride and groom on this occasion, and everybody has a different guess. The ladies are preparing a wonderful bridal shower and the men are going to come in for their share in helping to make it a shower of good things all around. The details of this wedding will be arranged and directed by one of Bandera's pioneer mothers, and the decoration scheme and altar preparations will be carried out by ladies connected with the reunion work. That it will be a big wedding goes without saying, and the generosity of Bandera county folks will be evidenced by the wonderful shower of bridal gifts which will be bestowed upon the happy bride and groom.

Never lose sight of the fact that Bandera county needs better roads and better schools. When you forget these things you have lost interest in your town and community.

NOTICE OF ELECTION

The State of Texas

County of Bandera,

Notice is hereby given that an election will be held on the 17th day of February, 1924, at the Schoolhouse in Common School District No. 7, of this County as established by order of the county board of trustees of date the 3rd day of April, 1924, which is of record in Book 1 designated as Record of School Districts, on page 100, to determine whether a majority of the duly qualified property taxpaying voters of said district desire the issuance of bonds on the faith and credit of said common school district in the amount of $2,000. the bonds to be in the denomination of $100. each, numbered consecutively from 1 to 20, inclusive, payable serially from their date and bearing 5 per cent interest per annum, payable annually on July 20th each year, to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a Public School house building of wood material within said district, and to determine whether the Commissioners Court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and to provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this state and county and who are property taxpayers in said district shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words, "For the Bonds." And those opposed shall have written or printed on their ballots the words; "Against the bonds."

T. H. Phillips has been appointed presiding officer for said election and he shall appoint two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the commissioners court of this county as is required by law for holding a general election.

Said election was ordered by the County Judge of this county by order made on the 15th day of April, 1924, and this notice is given in pursuance of said order. Dated the 15th day of April, 1924.

To the resident taxpaying voters of Road District No. 3 of Bandera County, Texas.

TAKE NOTICE That an election will be held on the 17th day of May, 1924, within Road District No. 3 of Bandera County, Texas, for the purpose of said district issuing bonds and if a tax shall be levied in payment thereof, in obedience to an election order entered by the commissioners court on the 14th day of April, 1924, which is as follows:

A. L. Mansfield, County Judge, and H. Holt, Commissioner of Precinct No. 1,

J. L. Edwards, Commissioner Precinct No. 2,

R. L. Dorris, Commissioner of Precinct No. 3,

J. V. Porter, Commissioner of Precinct No. 4,

being present, came on to be considered the petition of J. H. Autry and 132 other persons, praying that bonds be issued by said Road District No. 3, of Bandera county, Texas, in the sum of $25,000, bearing 5½ per cent rate of interest, maturing at such times as may be fixed by the commissioners' court hereafter, or otherwise, not to exceed thirty years from date thereof, for the purpose of constructing, maintaining and operating a macadamized, graveled or paved roads and turnpikes, or in aid thereof, and whether or not a tax shall be levied annually on property of said Road District No. 3 of Bandera County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

And appearing to the court that said petition is signed by more than fifty of the resident property taxpaying voters of said Road District No. 3 of Bandera County, Texas; and

It further appearing that the amount of bonds to be issued does not exceed one-fourth of the assessed valuation of the real property of said Road District No. 3 of Bandera County, Texas, as the same duly estblished Texas, and

It further appearing that said Road District does not embrace any part of a political subdivision or defined road district that has been heretofore established and has issued bonds which are now outstanding and unpaid;

IT IS THEREFORE CONSIDERED AND ORDERED by the Court that an election be held in Road District No. 3 of Bandera County, Texas, on the 17th day of May, 1924, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District No. 3 of Bandera County, Texas, shall be issued in the amount of $25,000, bearing 5½ per cent rate of interest, and maturing at such times as may be fixed by the commissioners' court hereafter, or otherwise, not to exceed thirty years from date thereof, and whether or not a tax shall be levied upon the property of said Road District No. 3 of Bandera County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Article 627, to 641, inclusive, of Chapter 2, Title 18, Revised Statutes, 1911, as amended by Section 1, Chapter 201, Acts of 1917, Regular Session.

All persons who are legally qualified voters of this State and of this County, and who are resident property taxpayers in Road District No. 3 of Bandera County, Texas, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The following places and presiding officers of said election shall be respectively as follows:

At Medina, School House, Voting Precinct No. 1, with E. H. Sewell as presiding officer. At Lima School House, Voting Precinct No. 4, with G. G. Hinds as presiding officer. At Crockett School House, Voting Precinct No. 8, with O. L. Adams as presiding officer. At Camp Verde School House, Voting Precinct No. 9, with Otto Weltner as presiding officer.

The manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in Bandera County Bee Era, a newspaper published in the County, for four consecutive weeks before the date of said election, and in addition thereto, there shall be posted other copies of this order at three public places in Road District No. 3 of Bandera County, Texas, for three weeks prior to said election.

The County Judge is hereby directed to cause said notice to be published and posted as herein above directed, and further orders are reserved until the return of said election are made by the duly authorized election officers and received by this Court.

Given under my hand with the seal of the Commissioners' Court affixed, this the 14th day of April, 1924.

NOTICE OF ELECTION

The State of Texas

County of Bandera,

Notice is hereby given that an election will be held on the 17th day of May, 1924, at Lima Schoolhouse in Common School District No. 7, of this County, established by order of the county board of trustees of date the 3rd day of April, 1924, which is of record in Book 1 designated as Record 1 on the 3rd page, page 100, to determine whether a majority of the legally qualified property taxpaying voters of said district desire the issuance of bonds on the faith and credit of said common school district in the amount of $2,000. the bonds to be in the denomination of $100 each, numbered consecutively from 1 to 20, both inclusive, payable serially from their date and bearing 6 per cent interest per annum, payable annually on April 10th each year, to provide funds to be expended in payment of indebtedness contracted in constructing and equipping a Public Free School building of wood material within said district, and to determine whether the Commissioners Court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding a tax upon all taxable property within said district sufficient to pay the interest on said bonds and to provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this state and county and who are resident property taxpayers in said district shall be entitled to vote at said election, and all voters desiring to support the proposition to issue said bonds shall have written or printed on their ballots the words; "For the Bonds."

And those opposed shall have written or printed on their ballots the words; "Against the Bonds."

T. H. Phillips has been appointed presiding officer for said election and he shall appoint two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the commissioners court of this county as is required by law for holding a general election.

Said election was ordered by the County Judge of this county by order made on the 15th day of April, 1924, and this notice is given in pursuance of said order. Dated the 15th day of April, 1924.

The State of Texas,
County of Bandera,

To the qualified taxpaying voters of Road District No. 3 of Bandera county, Texas.

THIS NOTICE that an election will be held on the 17th day of May, 1924, within Road District No. 3 of Bandera County, Texas, to determine if said district shall issue bonds and if a tax shall be levied in payment thereof, in obedience to an election order entered by the commissioners court on the 15th day of April, 1924, which is as follows:

A. L. Mansfield, County Judge.

J. B. Holt, Commissioner of Precinct No. 1.

J. L. Edwards, Commissioner Precinct No. 2.

R. L. Morris, Commissioner of Precinct No. 3.

J. V. Porter, Commissioner of Precinct No. 4.

being present, came on to be considered the petition of J. B. Autry and 132 other persons, praying that bonds be issued by said Road District No. 3, of Bandera county, Texas., in the sum of $25,000. bearing 5½ per cent rate of interest, maturing at such times as may be fixed by the commissioners' court, serially or otherwise, to exceed forty years from date thereof, for the purpose of constructing, maintaining and operating macadamized or graveled public roads and turnpikes, or in aid thereof, and whether or not a tax shall be levied upon the property of said Road District No. 3 of Bandera County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

It appearing to the court that said petition is signed by more than fifty of the resident property taxpaying voters of said Road District No. 3 of Bandera County, Texas, and

It further appearing that said district does not embrace any part of a political subdivision or defined road district that has been heretofore established and has issued bonds which are now outstanding and unpaid;

IT IS THEREFORE CONSIDERED AND ORDERED by the Court that an election be held in said Road District No. 3 of Bandera County, Texas, on the 17th day of May, 1924, which is not less than forty days from the date of this order, to determine whether or not the bonds of said Road District No. 3 of Bandera County, Texas, shall be issued in the amount of $25,000, bearing 5½ per cent rate of interest, and maturing at such times as may be fixed by the commissioners' Court, serially or otherwise, not to exceed forty years from date thereof, for the purpose of constructing, maintaining and operating macadamized or graveled public roads and turnpikes, or in aid thereof, and whether or not a tax shall be levied upon the property of said Road District No. 3 of Bandera County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

All persons who are legally qualified voters of this State and of this County, and who are resident property taxpayers in Road District No. 3 of Bandera County, Texas, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The following polling places and presiding officers of said election shall be respectively as follows:

At Medina, School House, Voting Precinct No. 3, with E. H. Sewell as presiding officer. At Lima School House, Voting Precinct No. 4, with G. H. Hinds as presiding officer. At Crockett School House, Voting Precinct No. 8, with O. L. Adams as presiding officer. At Camp Verde School House, Voting Precinct No. 9, with Otto Weltner as presiding officer.

The manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the statutes hereinabove referred to.

Notice of said election shall be given by publication in a newspaper of this order in The Bandera New Era, a newspaper published in the County, for four consecutive weeks before the date of said election, and, in addition thereto, there shall be posted other copies of this order at three public places in Road District No. 3 of Bandera County, Texas, for three weeks prior to said election.

The County Judge is hereby directed to cause said notices to be published and posted, as herein above directed, and further directed to see that the returns of said election are made by the duly authorized election officers and received by this Court.

Given under my hand with the seal of the Commissioners' Court affixed, this the 14th day of April, 1924.

A. L. MANSFIELD.
County Judge.

Shower for Bride to Be

Mrs. A. E. Mansfield entertained with a miscellaneous shower Saturday afternoon, from 3 to 6, complimenting Miss Annie Ramhill, whose marriage to Mr. Fabian Garison was solemnized Monday afternoon at the Baptist church. The shower was a complete surprise to the bride-to-be who was enlightened only when a mock wedding party entered the living room to the strains of "Here Comes the Bride." The mock bride and groom, Mrs. Fred Mansfield and Mrs. Elvina Hicks, were preceded by the mock minister, Miss Emily Ruth Pace, who carried a huge book from which a very amusing ceremony was read. This bride and groom were adorned with the gifts, consisting of aluminum pans, roasters, rugs, towels, etc. The flower girls also carried kitchen utensils from which after the ceremony Selma Grace Mansfield read an amusing selection entitled, "Husbands," which together with games and contests completed the entertainment for the afternoon. Refreshments of delicious cake and lemonade were then served. Those present were Mesdames J. W. Short, John H. Erwin, Frank Billings, Rose Gardiner, J. E. Chisum, Alice Bolton, John Bruce, Mona Hamilton, Fred Mansfield, Lee Mansfield, E. Hicks, J. H. Bruce, Julia Meadows, A. Meadows, Minnie Mansfield, Arthur Mansfield, Ed Scott, W. J. Davenport, Jr., and Claude Stevens; Misses Emily Ruth Rambie, Irene Curl, Estelle Williams, Frances Montague, Lena Schlabaer, Evelyn Mansfield, Mildred Rambie, Selma Grace Mansfield and the honoree.

Kicked by a Horse.

Charles de Montel, ranching near Camp Verde, was seriously injured last Monday afternoon when he was kicked just under the right shoulder by a horse. Dr. John H. Erwin was called and found several ribs badly fractured and Mr. Montel suffering great pain. It was that he had gone out after some goats and was about five miles from home when it happened, and had dismounted to pick up a kid that had been stepped on by his horse, when the animal suddenly reared and kicked him down. Notwithstanding his injuries, Mr. Montel who is a fine 75 years old, taught the horse and managed to get on him and rode to the ranch of Otto Weltge, where he was given first aid. His many friends hope he will soon recover from his injuries.

Ladies Will Organize.

At a meeting of the Bandera School Board Tuesday night it was decided to urge the ladies of this community to organize a Parent-Teachers' Association or revive the Mothers' Club to assist in building up the best school in Southwest Texas. We hope and trust quite a number of ladies here express the belief that such a movement should be put to work and they are willing to join and do all they can for the school. That steps of this kind must be taken in order to help build our school is apparent to everyone, and we are sure the ladies will do their part.

MEDINA MISSIVES

Miss Agnes Tobey came in from Hot Springs, New Mexico, here last week to attend the bedside of her mother, Mrs. W. A. Tobey, who was stricken with paralysis one day last week. Mrs. Tobey's condition shows some improvement, and from reports we are entertained for her recovery.

Mrs. Dan Patterson and children are in from San Marcos this Saturday to visit home folks. They were accompanied by their daughter, Mrs. Lon Rayford, who remained an extra week with the Patterson folks.

Miss Ethel Briggs and Carlos Aschbaldi were San Marcos visitors one day last week.

Mrs. Lee Hamilton and children came in from San Marcos Saturday to visit home folks.

Mrs. Ed Hamilton and children are entertained for a few days this week by Mrs. Hamilton's parents, Mr. and Mrs. W. S. Gallagher, of San Marcos, who were accompanied with this beautiful region.

Mrs. Dan Patterson was down on a visit to her father, N. C. Patterson.

George Elam and Horace Elam, of Dallas, are guests of their family of G. W. Elam near Medina.

Misses Sadie and Irene Adams, of Dallas and Rockbridge, are spending a few days with Mrs. Adams' parents, Mr. and Mrs. W. S. Gallagher, of San Marcos. Mrs. Adams is also entertained

Can Pay Bonds Serially

...White Judge A. L. Mansfield was in Austin last week, the Attorney-General for the State recommended that all road bonds which are voted in this county in the future, as well as bonds recently voted, be issued serially, payable annually, one bond to be paid each year during the period in which they are to run, thus reducing the interest on such bonds. When bonds of this kind are made to mature each year it means a great saving to the tax-payers of the county in which such bonds are issued. For instance: An election is to be held on May 17 to vote bonds to the amount of $25,000 to improve the road in Medina precinct, and in the event the bonds are voted, that road district can have them mature serially and they can be made payable $500 annually for the first ten years and $1000 annually for the last twenty years, effecting a saving of at least $500 and avoiding the necessity of carrying a sinking fund during the thirty years in which the bonds are to run.

VANDERPOOL VISIONS

Mrs. Emmett Banta and little daughter are here from Corpus Christi visiting relatives. Mrs. Banta and husband have just closed their third term of school at Corpus.

Mrs. Ernest Rainey was the guest of Mrs. Ham Thompson on Saturday.

G. M. Foster, Oscar Moore, Andrew Moore, Thomas Massey, Mrs. Raymond Massey and Miss Allie Word attended the carnival in San Antonio last week and report a pleasant time. Some of them would have enjoyed it more had they not encountered those dreaded measles.

Mrs. J. K. Word is delighted to have her nephew, Everett Jones, of Del Rio for a few days stay with them.

Mrs. Arant and daughter, Mrs. E. L. Stewart and husband, reported Monday for their home at Crandell...on, Texas, after a few days outing on the beautiful farm and ranch of C. M. Vandercook on Mill Creek.

R. G. Thompson is having some remodeling done on his residence and his sister, Miss Rosa Thompson is having a windmill and tank erected on her ranch.

The many friends of Mrs. Fabion Hicks regret to learn that her condition has grown serious since she underwent an operation for gall stones.

Doss Kennedy of Sabinal was an attendant of the Taylor school picnic and spent a portion of the evening in Vanderpool.

Clarence Waller of Fresno, California, came in Saturday to visit relatives and old friends here. He is the eldest son of Mr. and Mrs. S. J. Waller, formerly of this community, but now of California. He is the guest of his college mate, Orian Cooley.

Frank Rogers, a rancheman of the Divide was a guest in the home of his brother-in-law, J. S. Cooley Friday night.

The Taylor school picnic Friday was an all round success. A large attendance was there. The music by the Mexican band was grand and the program rendered by the pupils was quite interesting and instructive. An abundance of delicious eats and cold drinks were served.

A very pretty Know Nothing party was given Saturday afternoon at the home of Mr. and Mrs. E. L. Bridges. The rooms were ...sprinkling in their beauty of lavender and white flowers and the color scheme was carried out in the brick ice cream, and the unique favors of white and lavender parasols, indicative of spring showers. The program consisted of "42" and the games and the afternoon were very much enjoyed.

McAdoo Controls State

William G. McAdoo, candidate for the Democratic nomination for President was victorious in the county conventions held in Texas Tuesday. Late Tuesday night returns from 119 counties showed that he had received a total of 696 pledged delegates to the State convention at Waco on May 27. The total number of votes to be cast at the latter convention is 1,257. Thus McAdoo has a majority of 77 votes from the 119 counties in the 232 in Texas.

Even if McAdoo should receive but a small portion of the votes in the 113 counties in the State his majority is considered large enough to control the State convention.

Senator W. Underwood had received but 43 pledged delegates in the returns from the 119 counties, while 175 delegates from these counties will go to the State convention uninstructed.

McAdoo's victory came after a stiff opposition waged by Governor Neff, who fought for an uninstructed delegation to the National convention. He declared McAdoo to be "one city" and "too many things to explain."

The Underwood forces were virtually smothered in the McAdoo landslide. Orange county, home of W. E. Lea, Underwood's manager for Texas, proved loyal to the Underwood candidacy because of a statement made in the press Tuesday by Mr. Lea in which he charged McAdoo's strength to be ascribed by the support of the Ku Klux Klan. Lea's name was stricken from the list of delegates to the State convention from Orange county. The Orange County convention will send its delegates to the State convention uninstructed.

Underwood carried but one of the larger counties of the State, El Paso, where he received a unit delegation of 16 votes.

The effect of the campaign Governor Neff waged for an uninstructed delegation was seen in many of the counties in Central Texas, most of the delegates going to the convention uninstructed.

Getting ready for the fair: Now is the time to begin making preparations to place farm products on exhibition. It will be the best fair ever held in Bandera. August 14, 15 and 16.

Principal Elected

The Bandera school board met Tuesday night and elected Prof. J. McDonald of Christine to head the faculty of Bandera High School next term. Mrs. McDonald was also given a position in the school as primary teacher. Mr. and Mrs. McDonald come highly recommended, and we are sure the Board was fortunate in securing their services. They have been teaching at Christine for several years and have successfully taught in other towns of Southwest Texas and the coast country.

Pie Supper at Tuff.

The pie supper at Tuff, which was to have been given next Saturday night, has been postponed until Saturday night, May 17. Everybody invited to attend, and enjoy themselves. Proceeds to go to buy equipment for the Crockett school.

You Will Want to Read it

The June number of Frontier Times will come from the press about May 15th. It is going to be such an interesting number that you will want to read it. This little magazine carries you back to the old days, and tells of many incidents with which you are familiar. The old time audience all enjoy reading Frontier Times. Just ask them what they think of Bandera's little magazine and every one of them will tell you it is the best that is published.

Build Road to Lake

Now that the bridge is to be built across the river here the matter of improving the road to Medina Lake is being talked about. This summer thousands of people will come to Bandera if we will provide a good road to the head of Medina Lake, and the only route that can be provided is to cross here at Bandera and go down on the other side of the river. The matter should be taken in hand and at once and by the time our bridge is completed the work on the road should be well under way.

Qualified Voters

A correspondent writes to ask: Who is a qualified voter in a bond election?" Our answer is that any man or woman over 21 years of age who is a qualified voter in every other way, and who is a property tax payer in the district or precinct wherein a bond election is held, is qualified to vote in such election.

Dr. and Mrs. A. R. Hays and two sons, of Baird, Texas, spent last week at Spicewood ranch, guests of Mr. and Mrs. Walter Gelbin, and to visit their father, Colonel J. W. Carter at the Spice wood ranch.

Mrs. Harriet Chipman returned last Saturday from Center Point, where she spent a week with Mr. and Mrs. J. M. Witt. She says she had a most delightful time. J. D. Witt brought her home.

Bandera High School will be improved if the additional maintenance tax of 35c on the $100 valuation is voted at the election to be held in this school district on May 31.

Now that the fishing season is open every true sportsman will observe the laws governing the catch.

The suggestion made last week that Bandera road district vote $100,000 bonds for improvement of the San Antonio road, the Tarpley road, the Medina road the Center Point road and the Hondo road has met with general approval, and much favorable comment has been heard about the proposition. One thing is certain: Bandera county is not going to make much progress until our roads are improved, and the only way to improve them is to improve them.

An election has been ordered to be held in Bandera Common School District on June 7 for the purpose of increasing the maintenance tax of our school from 15c to 50c on the $100 valuation, an increase of 35c. If the proposition carries it means that Bandera will have improved school facilities and a better school. Vote for the tax.

Last week in mentioning the fact that A. B. Stocker of the State Highway Department is to take over the maintenance of the Bandera-San Antonio road, we stated that $1,000 would be available for the work June 1 if Bandera county would raise an additional $1,000. We should have said this $1,000 would be available for construction, instead of maintenance. An appropriation of $1,000 has been made for maintenance of this road and is now being spent for that purpose, but no appropriation has been made for construction work. The proposition of Mr. Stocker, on the fifty-fifty basis, will probably be met by our county commissioners in session next week.

Fine rains have fallen throughout this county, which will materially benefit growing crops.

Warren Hunter, son of the New Era editor, and who is attending the Alamo Business College in San Antonio, painted the design to be used on the monument to the Old Trail Drivers to be erected in Brackenridge Park in San Antonio. The design is a typical old long horn Texas steer. The painting, which is said to be perfect in all details, has been placed on exhibition in Hertzberg's Jewelry Store window in Houston street in that city.

F. P. Layton was down from Medina last Thursday and called to see the New Era editor. Mr. Layton discussed the proposition of voting bonds for $25,000 for the improvement of the road from Bandera through Medina to the Kerr county line and said he regretted that the amount of bonds asked for was not $50,000 instead of $25,000, as it will take that amount and more to put the road in the shape it ought to be put in. He was assured that Bandera will do her part in improving the Medina road from this town to Winan's Creek when the bond issue carries.

Work on the bridge across the river here did not start Monday as scheduled on account of the absence of Otto Meyers, who is to have charge of the construction. Mr. Meyers was delayed in coming over from Comfort, but will arrive today, and the work will immediately begin.

Contradicting False Report

A report has been circulated to the effect that Bandera community will not take any steps to repair or improve the Medina road to Winan's Creek in the event Medina community votes for the bond issue to improve the road from Winan's Creek to the Kerr county line. This report was evidently started purposely to defeat the Medina bond issue, and in contradiction of it the following statement is made by the business men and citizens of Bandera:

TO WHOM IT MAY CONCERN: We the undersigned business men and citizens of Bandera endorse the proposition of building a good road from Bandera to Winan's Creek, the report that we are opposed to said proposition to the contrary notwithstanding. We want to see that portion of the Bandera-Medina road put in the best possible condition, and we expect to use our best efforts to make it so. (Signed) J. M. Hunter, James Cox, B. F. The above list of names were secured within just few minutes after this denial was circulated, and voices the sentiment of the people of Bandera in regard to the building of a good road from Bandera to the Kerr county line.

Chas. Farrer has established a camp site and boat line at his ranch on Medina Lake. Mr. Farrer will look after the boating feature. Mr. Farrer will soon have twelve row boats and two motor boats for hire to those who seek the pleasures of Medina Lake fishing. He will be fitted out to accommodate the public in the best possible manner. Fine bait can be obtained, boats hired, and camping facilities provided in a very short notice. Spend a season at his camp location, and you will enjoy it.

James N. Evans

It becomes our sad duty to chronicle the death of another honored pioneer citizen of Bandera county. Mr. J. N. Evans died at his homoe on East Verde Creek last Monday night, after an illness covering several months. Fumeral services were conducted at the family home Wednesday morning by Rev. H. H. Washington, pastor of the Bandera Methodist church, and interment was made in Bandera cemetery.

James N. Evans was born at Seguin, Texas, September 27, 1853, and came to Bandera more than forty years ago. On April 16, 1895, he was married to Mrs. Louise Eckhart, and established his home on East Verde Creek. Suriving him are his widow, three children, Miss Nola Evans of San Antonio, James Evans of San Antonio, and Eldred Evans of Bandera, and the following step-children: Chas. D. L. McCulloch of Moore, Mrs. Annie Lay of Lorenzo, Mrs. Oscar Koehl of Alpine, and Miss Callie Evans of Alpine.

For forty years this good man has been identified with the interests of this county, and during this long span of years he made hundreds of friends who are pained to realize that he has passed from the walks of men. He was an upright, honorable citizen in every sense of the term, and he will be missed from the ranks of the Old Guard, which is becoming thinner every year. Our sympathy goes out to the bereaved widow and children.

Election at Medina Saturday

Next Saturday the property taxpaying voters of Medina precinct will vote on the question of issuing $25,000 bonds for the improvement of the road from Winan's Creek to the Kerr county line. And if the proposition carries Bandera will come along and improve the road from our town to Winan's Creek, thus giving a first class road from San Antonio through Bandera all the way to Kerrville. We know there are some who say they will never be done, but that's their own private opinion and does not enter into the question at all. Those Medina people have started a movement that will be far-reaching in its effect on the road-building projects of the county. If it carries other communities will get right in line, and soon old Bandera county will have a system of first class roads. The people of Medina precinct are taking great interest in the coming election and most of them will cast their votes for the issuance of the bonds. Medina has always been rated as the most progressive community in the county, and the women there are among the chief boosters. All eyes are on Medina at this critical stage of the county's advancement. Neighbors, what will your verdict be?

Miss Edna Stevens, who is attending Draughon's Business College in San Antonio, spent Sunday with homefolks here.

PIPE CREEK NEWS

The play given Friday night by the 8th and 9th grades of the Pipe Creek school, was a decided success and enjoyed by all.
The Pipe Creek Cemetery Association met Saturday afternoon. The cemetery is in good condition now, but we have run short of means to keep it so and we wish that all interested would send in $1.00 to help keep the good work going. Anyone wishing to send in money will please send it to T. A. Lewis, treasurer.
Mrs. Reede of Austin, is visiting his sister, Mrs. H. E. Pickens.

The young folks enjoyed a dance at G. A. Whites' Saturday night.
Singing at the church Sunday night was well attended and enjoyed by all.
Vernon Hodges was a visitor in San Antonio Sunday. We wonder what is so attractive. Ask Vernon.
Lawrence Edwards, who has been quite sick with shamps, is improving.
Ed Edwards is building a new grainary in this city.
Edwin Vawter left Monday for Loesch, Montana, to visit his brother, Walter.

Meeting Saturday

A meeting will be held at the Cox Opera House next Saturday afternoon at 3:30 o'clock for the purpose of organizing a Parent-Teachers' Association or reviving the Mothers Club. All friends to the school are urged to attend.

Big Explosion Threatened

Report has it that there is to be a big explosion some time tomorrow that will wreck all prospects of the Medina road bond issue carrying. Now if voters are warned to look out for last minute reports. Remember they are put out to defeat the measure as a last resort on the part of the opposition. The explosion that is threatened will be a mere bubble to the quake that will shake old Bandera county when she wakes up to the need of good roads.

Arm Broken

Charles Harvey, the little son of Mr. and Mrs. M. R. Thalmann was thrown from a horse Tuesday and sustained a fractured arm. The broken bone was promptly "set" and the little fellow is getting along all right.

Speaking Monday Night

A gentleman from the State Department of Education will speak at the Bandera High School Auditorium next Monday night. His subject will be along educational line. The publis invited to hear him.

Frontier Times for June

The June number of Frontier Times will be issued from the press today. The little magazine contains quite a collection of interesting frontier sketches in the new number, one of them dealing with one of Bandera county's pioneer women. The last installment of "Heel Fly Time in Texas" appears in the June number. This story has also been printed in pamphlet form and will be ready for distribution next week. If you have not yet subscribed for Frontier Times you should do so while you can avail yourself of their special offer to send it and the New Era both one year for $2.50.

For Commissioner

J. V. Porter announces this week as a candidate for the office of County Commissioner of Precinct No. 4. Mr. Porter is now serving his first term, having been appointed to take the place of Ben O'Bryant, resigned. During his incumbency Mr. Porter has proved himself capable of handling the county's affairs, and is giving real satisfaction to his constituents. He was raised in the Vanderpool section and is too well known to need introduction at our hands. He asks the support of the voters of his precinct, promising if elected to do his very best to serve the best interests of the county.

Col. Upton Lorentz was here from Medina Monday on business.

VANDERPOOL VISIONS

PIPE CREEK NEWS

The play given Friday night by the 8th and 9th grades of the Pipe Creek school, was a decided success and enjoyed by all.

The Pipe Creek Cemetery Association met Saturday afternoon. The cemetery is in good condition now, but we have run short of means to keep it so and we wish that all interested would send in $1.00 to help keep the good work going. Anyone wishing to send in money will please send it to T. A. Lewis, treasurer.

Otto Ruede, of Moore, is visiting his sister, Mrs. H. P. Pickens.

Masters Reese and Glynn Heinen are spending the week with their grandmother, Mrs. E. C. Newcomer.

The young folks enjoyed a dance at G. A. Whites' Saturday night.

Singing at the church Sunday night was well attended and enjoyed by all.

Vernon Hodges was a visitor in San Antonio Sunday. We wonder what is so attractive. Ask Vernon.

Lawrence Edwards, who has been quite sick with mumps, is improving.

Ed Edwards is building a new grainary in this city.

Edwin Warter left Monday for Lorena, Montana, to visit his brother, Walter.

Meeting Saturday.

A meeting will be held at the Cox Opera House next Saturday afternoon at 3:30 o'clock for the purpose of organizing a Parent-Teachers' Association or reviving the Mothers Club. All friends to the school are urged to attend.

James N. Evans

It becomes our sad duty to chronicle the death of another honored pioneer citizen of Bandera county. Mr. J. N. Evans died at his home on East Verde Creek last Monday night, after an illness covering several months. Funeral services were conducted at the family home Wednesday morning by Rev. H. H. Washington, pastor of the Bandera Methodist church, and interment was made in Bandera cemetery.

James N. Evans was born at Seguin, Texas, September 27, 1853, and came to Bandera more than forty years ago. On April 16, 1895, he was married to Mrs. Louise Eckhart, and established his home on East Verde Creek. Surviving him are his widow, three children, Miss Nola Evans of San Antonio, James Evans of San Antonio, and Eldred Evans of Bandera, and the following step-children: Chas. Eckhart, of Bandera, Mrs. Hayden Harris of San Antonio, Mrs. Jake Cooley of Bertmont, Mrs. Ben Williams, of Bandera, and Mrs. C. D. Thalman of China, Texas. Also three brothers, Frank Evans of Bandera, Will Evans of Moore, and four sisters, Mrs. D. L. McCulloch of Moore, Mrs. Annie Lay of Lorenzo, Mrs. Oscar Koehl of Alpine, and Miss Callie Evans of Alpine.

For forty years this good man has been identified with the interests of this county, and during this long span of years he made hundreds of friends who are pained to realize that he has passed from the walks of men. He was an upright, honorable citizen in every sense of the term, and he will be missed from the ranks of the Old Guard, which is becoming thinner every year. Our sympathy goes out to the bereaved widow and children.

Election at Medina Saturday

Next Saturday the property taxpaying voters of Medina precinct will vote on the question of issuing $25,000 bonds for the improvement of the road from Winan's Creek to the Kerr county line. And if the proposition carries Bandera will come ahead and improve the road from this town to Winan's Creek, thus giving a first class road from San Antonio through Bandera all the way to Kerrville. We know there are some who say they will never be done, but that's their own private opinion and does not matter into the question at all. Those Medina people have started a movement that will be far reaching in its effect on the road-building projects of the county. If it carries other communities will get right in line, and soon old Bandera county will have a system of first class roads. The women of Medina precinct are taking great interest in the coming election and most of them have cast their votes for the issuance of the bonds. Medina has always been rated as the most progressive community in the county and the women have been among the chief boosters. All eyes are on Medina at this critical stage of the county's advancement. Neighbors, what will your verdict be?

Miss Edna Stevens, who is attending Draughon's Business College in San Antonio, spent Sunday with homefolks here.

Big Explosion Threatened

Report has it that there is to be a big explosion some time tomorrow that will wreck all prospects of the Medina road bond issue carrying. Now the voters are warned to look out for last minute reports. Remember they are put out to defeat the measure as a last resort on the part of the opposition. The explosion that is threatened will be a mere bubble in the snake that will shake old Bandera county when she wakes up to the need of good roads.

Arm Broken

Charles Harvey, the little son of Mr. and Mrs. M. R. Thalmann was thrown from a horse Tuesday and sustained a fractured arm. The broken bone was promptly "set" and the little fellow is getting along all right.

Speaking Monday Night

A gentleman from the State Department of Education will speak at the Bandera High School Auditorium next Monday night. His subject will be along educational line. The public invited to hear him.

Frontier Times for June

The June number of Frontier Times will be issued from the press today. The little magazine contains quite a collection of interesting Frontier sketches of the new number, one of them dealing with one of Bandera county's pioneer mothers. The last installment of "Heel Fly Time in Texas" appears in the June number. This story has also been printed in pamphlet form and will be ready for distribution next week. If you have not yet subscribed for Frontier Times you should do so while you can avail yourself of our special offer to send it and the New Era both one year for $2.50.

For Commissioner

J. V. Porter announces this week as a candidate for the office of County Commissioner of Precinct No. 4. Mr. Porter is now serving his first term, having been appointed to take the place of Ben O'Bryant, resigned. During his incumbency Mr. Porter has proved himself capable of handling the county's affairs, and is giving real satisfaction to his constituents. He was raised in the Vanderpool section and is too well known to need introduction at our hands. He asks the support of the voters of his precinct, promising if elected to do his very best to serve the best interests of the county.

Col. Upton Lorentz was here from Medina Monday on business.

The ladies of Bandera are going to organize for work to aid our school. A live Parent-Teachers'" Association or Mothers' Club can do wonders when all the women help.

Next Saturday the people of Lima will go to the polls and vote to build a new school house in their community. Those Lima people are very much alive to the issue.

And up on Wallace Creek the people are going to vote a special fifty-cent maintenance tax for school purposes. The election is to be held next Saturday. Glory be! Old Bandera county is certainly waking up, and getting progress.

Three years ago the New Era began to contend for a bridge or slab at the Ranger Crossing, and for improvement of this community. Today we have a first class bridge at that point, and construction of a bridge under way at the Hondo Crossing. But there is a whole lot yet to be done to our roads.

New Era readers may wonder why we are going so strong on good roads this week. We have always been strong for good roads, but the time is now, and next Saturday our good friends in Medina precinct will vote for or against the proposition to issue $25,000 bonds for the building of a good road from Winan's Creek to the Kerr county line. The eyes of the county are on Medina. It has always been considered a progressive community. Will the verdict returned next Saturday be disappointing?

CITATION BY PUBLICATION
THE STATE OF TEXAS.

To the Sheriff or any constable of Bandera County, Greeting:

You are hereby commanded to summon B. F. McClung, by making publication of this citation once each week for 4 successive weeks previous to the return day hereof, in some newspaper published in your county; if there be no paper in said county in district, then in a newspaper published in the nearest district to the said 38th district, to appear at the next regular term of the district court of Bandera County, to be holden at the court house thereof in Bandera, on the 4th Monday in May, 1924, the same being the 26th day of May, 1924, then and there to answer a petition filed in said court on the 23rd day of April A. D. 1924, in the cause numbered on the docket of said court No. 978, wherein Mrs. E. J. McClung is plaintiff and B. F. McClung is defendant, said petition alleging that plaintiff and defendant were married on or about 26th day of August, A. D. 1910 and lived together as man and wife until on or about the 11th day of January, A. D. 1914, when defendant abandoned plaintiff with not any just cause and from said time has remained away from plaintiff and refused to contribute to her support or in any manner live with plaintiff as her husband and has absented himself from the State and away from plaintiff. Plaintiff prays for divorce and for all costs of suit and for restoration of her former name, E. J. Coleman.

Herein fail not, but have before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness, Mark McBryde, clerk of the District Court of Bandera county, Texas.

Given under my hand and seal of said Court, in the town of Bandera, this the 23rd day of April A. D. 1924.

Old Fiddlers' Contest
An Old Fiddlers' Contest will be pulled off at the Old Settlers' Reunion here in July. Every old time fiddler is urged to send his name. Rules governing the contest will be announced later. Only old time tunes will be played.

A grand barbecue on July 3 will be one of the features of the Old Settlers' Reunion. Every citizen who will donate a sheep or a goat or a beef to the Association for this purpose is requested to notify this office at once.

Already more than sixty old settlers have joined the Bandera County Old Settlers' Association, but there are many more who should send in their names at once. Don't wait until the last union to join. Badges are soon to be distributed, and if you want to be sure to get a membership badge avoid the last minute rush by joining now. Membership due are $1.00 per year. If you have lived in Bandera county more than sixty years you will have no dues to pay.

Frontier Times, Bandera's monthly magazine, receives the following favorable mention from the editor of "Texas Legend," the new book just out:

"Frontier Times, which is a monthly at Bandera, is, to one interested in Texas folk-lore and pioneer reminiscences, the most interesting magazine now published within the borders of the state. Of it J. Marvin Hunter is editor and publisher. During the eight months the Frontier Times has appeared it has printed as many Texas legends in addition to folk-lore of other forms as one who is interested in folk-diction, folk metaphor, etc., will find in this magazine invaluable source material. Mr. Hunter compiled the two volumes of Trail Drivers of Texas published by George W. Saunders of San Antonio. He has written also a history of Bandera County."

Getting ready for the fair. Now is the time to begin making preparations to place fine products on exhibition. It will be the best fair ever held in Bandera. August 14, 15 and 16.

Displayed His 'Roll' and Lost
Farm and Ranch: An item appeared in the daily papers recently which told of a business man who carried a pocket book containing $600, in order to extract enough money to purchase a railroad ticket. Not long after he discovered that the pocket had been picked. Another item told of a man who had $30,000 in gold buried in his cellar. Becoming frightened over the occurrence of many burglaries, he dug it up and deposited in a bank for safe keeping. This money had been buried fifteen years. At 4 per cent, simple interest, it would have returned him $1,200 per year. As he appeared, he did not need the money for living expenses, the interest would have been compounded and the increase would have amounted to several thousand dollars more. He lost more than $20,000 by keeping his money hid in the cellar.

In one case the man carried on his person a sum large enough to tempt pickpockets and he displayed it in public. In the other, the man kept his possession a secret. Both would have profited had they used a bank through which to transact their business. The modern bank renders service to large and small depositors. They are generally protected by bonds an dinsurance to the extent that depositors seldom lose. More money is lost every year by hiding it out, or by carrying it around on the person, than is lost in a number of years through the banks of the country. Banks are among our safest business institutions, also among the most useful.

May Drill Here

The New Era hopes to announce within a short time that plans for drilling for oil in this vicinity be matured and all arrangements made to make a deep test. Such plans are now being worked out and we hope soon to tell our readers all about them.

Sweeping Victory

The election held in Medina precinct Saturday to vote bonds for $25,000 to improve the road from Winan's Creek to the Kerr county line resulted in a victory for the bond issue. The issue carried 299 to 75, and the vote is given as follows:

Medina, for 210; against 52.
Tuff, for 47; against 8.
Lima, for, 42; against 7.
Blackett, for 0; against 13.

And thus have the people of that community once more gave ample and convincing evidence of their determination to build up their section. The "ice is broken" now for better roads in Bandera county, and already plans are being made to build roads in other communities. Forward, march!

School Bonds Carry

Lima voted on two good propositions last Saturday and carried both of them overwhelmingly. In the road bond issue they voted 42 for and 7 against the bonds. And in voting $2,000 bonds for the erection of a new school house the opposition only mustered a very lonesome five votes. These people of the upper part of the county are very much alive.

VANDERPOOL VISIONS

Improvements still making progress. New dwellings being completed and many plans for future improvement. The lumber yards of Sabinal and Uvalde will be kept very busy if they fill all the orders and bills that are contemplated at some time in the future, but for the present we will be content with relating of actual improvements under way. The R. G. Thompson residence is quite lovely with its coat of paint and the carpenter, Mr. Allen of Sabinal is general manager of the carpentering work. It will be completed in modern style and is conveniently arranged for every particular. Two acres of property home of Mr. and Mrs. G. E. Clayton is going up at a rapid stride. O. C. Gabriel, A. E. and O. M. Cantu and L. E. Cantu are putting the finishing touches on the painting of their homes.

George Humphries and sister, Miss Armelia of Comstock, returned in by way of Sabinal Saturday and was accompanied to Vanderpool by Misses Jessie and Gracie Love. The two former sons and family, Mr. and Mrs. Ben O'Bryant of Mill Creek and the latter, their parents, Mr. and Mrs. P. O. Love. Mr. Humphries and sister left Monday for their home. They had visited relatives at Austin, Weatherford, Dameron and other points over the state.

Mr. Clarence Waller and friend, Mr. Orian Cooley, reported last week, the former for Fresno, California, the latter accompanied him as far as Comstock where he has a splendid position with the George Humphries Garage of that place.

Mr. and Mrs. S. O. Loyd, of the Short ranch on the Frio, were recent callers at the home of Mr. and Mrs. John Scoggins Friday and that afternoon they, in company with Mrs. Al Chaney, were Utopia shoppers.

Preston Love attended the Tuff pie supper Saturday night and reports quite an enjoyable time.

Mr. Frank Williams and to-be daughter, Alice Mildred, left Saturday for their home at Sabinal after a week's delightful stay with her parents, Mr. and Mrs. P. O. Love of Mill Creek. Her brother, Clarence, took her home and he is going to bring home his sister, Miss Gracie, who has been attending school there. She will also meet Miss Sybil O'Bryant, telephone operator of Del Rio. She will visit her mother at Utopia for a few days.

Several people of this and surrounding communities will attend Bandera county next week: Dale Patton, R. L. Duke, Marshall Stuart, A. A. Hanson, O. M. Clayton and P. O. Love.

Of interest to a large number of friends was the union of Mr. Curtis and Miss Erma Polvado Wednesday evening, May 14th at the Utopia parsonage. The ceremony, which was short, sincere and most impressive, was performed by the pastor, Rev. J. L. Stobaugh. The marriage was attended by relatives only. The bride is the youngest and beautiful daughter of Mr. and Mrs. John Polvado of Utopia, one of the county's most highly respected families and citizens. Miss Erma has been reared and educated here and is a young lady of more than ordinary talents and her sunny disposition and admirable traits of character makes her very attractive. Sex is to be humbly consulted in making the wise choice. The groom is the eldest son of Mr. and Mrs. W. G. Curtis, of Utopia, who are one of the strong factors of that town. Mr. Curtis is one of the leading business men of that booming little town and has been in the mercantile business with his father and is now keeping an ice cream parlor and short order house. He is esteemed as one of the town's most exemplary and notable young men and possesses a natural ability for making success. With a splendid wife at his side he could not fail and nothing seems to be in the way of success and happiness for these popular young people. Best wishes are extended them from their many friends.

The Baptist protracted meeting, which began here on Thursday night before the fourth Sunday in June and lasts over the fifth Sunday. Rev. Stobaugh will assist his help.

Wool Coming In

The shearing season is in full swing and wool is now coming in to the ware house of the Bandera County Ranchmen & Farmers Association. More than fifty thousand pounds is now stored there and it is expected that within a few days the accumulation will amount to around 100,000 pounds. Growers are urged to rush their wool in to the warehouse, as a sale will soon be made and the sale can be arranged more satisfactory all around if the wool is in the warehouse.

The Bandera New Era

Published Every Thursday at Bandera, Texas.

J. M. HUNTER,
Editor and Proprietor.

Entered as second-class matter at the postoffice at Bandera, Texas

Bandera High School must be improved, or else people who live here will go somebody else to educate their children, and those who would like to move to Bandera will stay away because of our lack of school advantages. Here's the situation in a nutshell: Bandera High School is taught to and through the tenth grade. A boy or girl graduates here, but they have not finished their education by any means. If they want to go higher through the eleventh and twelfth grades, in order that they can enter the State University or some other university or college, they must go elsewhere to finish their high school course. That fact is brought home to the parents of this town at the close of every term of school. Most of the parents here cannot afford to send their children away to school, and thus the boys and girls are deprived of an education, and turned loose to fight life's battles with only a smattering of knowledge. It is within our reach to improve Bandera High School and secure the necessary affiliation. Will we turn down this opportunity?

District court meets in Bandera next Monday. The docket this term will be unusually heavy, several liquor cases, theft cases, rape cases, and a number of minor offenses to be disposed of. As a usual thing Bandera's district court term is short and very few violations of the law to be dealt with.

Already some opposition to the voting of an additional tax of thirty-five cents for the maintenance of Bandera High School. There is but one motive to impel any man to oppose the proposition and that is lack of due interest in the educational welfare of our boys and girls.

The present tax for maintenance of Bandera High School amounts to fifteen cents on the $100 valuation and it is proposed to increase this tax to fifty cents, the increase amounting to only thirty-five cents. If there is a school in the state that is successfully maintained on a tax rate of fifteen cents we would like to know where it is and how it manages to exist.

On Saturday, May 31st the citizens of Bandera will vote on the question of increasing our present school tax from fifteen cents to fifty cents on the $100 valuation. If the proposition carries it means that Bandera will be in position to improve our high school and get affiliation.

Now it's up to the people of Bandera to decide if we are to improve our high school. Vote for the tax to be increased.

Veteran Wheeler Dead

W. D. Wheeler, for many years a citizen of this county, died at the home of his daughter, Mrs. J. E. Harrell in San Antonio, May 4th, after an illness of three months. Mr Wheeler was born in Georgia, March 9, 1842, and came to Texas in 1853, his parents settling at Limestone county, nine miles above old Springfield. He joined Captain Tom Harrison's company of rangers in 1861. There were about 100 members of this company, and they secured their ammunition and supplies at Fort Belknap on the Brazos. For a time Mr Wheeler was stationed at Camp Cooper west of Belknap on Hubbard Creek, and while in the service he had many skirmishes with Indians, and was in a big fight which took place on Elm Creek, near the line of Young county, ten miles from the company encamping a large party of Indians. He killed and scalped an Indian who was slipping in to steal horses one night, and at another time he killed and scalped a redskin and kept the scalp for some time. When his ranger company was disbanded at Lampasas Springs, Mr. Wheeler joined the Confederate Army and served through the Civil War. He was in Capt. Peek's company, Eighth Texas Regiment, Wall's Brigade.

Surviving him are nine children, as follows: John Wheeler of Port Lavaca; Mrs. S. E. Fox of Triplett, D. C. Wheeler of San Antonio, Mrs. J. E. Harrel of San Antonio, W. J. Wheeler of Hondo, Mack Wheeler, A. D. Wheeler of San Antonio, Mrs. H. Ed Postert of Bandera. His wife died here May 16, 1907.

Funeral services were conducted at the Sloan & Pelfrey undertaking parlors and interment was made in Mission Burial Park in San Antonio.

Veteran Wheeler was well known and highly respected in this county, and his passing will be regretted by all who knew him. To the bereaved children we extend confidence and sympathy.

A message by cable from London girdled the earth in eighty seconds. It was sent direct by telegraph from London to Penzance, by cable to Halifax, then over telegraph lines to Bamfield Creek, British Columbia. From there it was cabled to Sydney, Australia, relayed across that continent by land wires, and sent by cable to Dublin, whence it was relayed to Capetown, which in turn sent it back to London, England, via the Azores.

Ira Sparks, an Indiana carpenter, who left Honolulu alone in a twenty-three-foot boat en route "to the Holy Land, to take up the work of Moses," landed in the Philippines, Island of Mindanao, March 22. He was at sea seventy-three days without sighting land.

"There is a Reason"

Rainbow Trout

Medina Lake bids fair to become the home of the steel rainbow trout, which heretofore has thrived only in the cold waters of the Northern streams. Experiments that have been made in the propagation of this fish in Medina Lake the past 18 months have produced very encouraging results, and Medina Lake is destined to become one of the big places for the propagation of the specie.

Since the first shipments was made in 1922 the trout have thrived in Medina Lake. The process is now regarded as having passed the experimental stage, only recently out of 25,000 eggs that have been deposited in Medina Lake, only 500 failed to mature, which is considered a remarkable showing.

Now a shipment of 50,000 eggs of rainbow trout is to be made within the next few days from Saratoga, Wyo. to Medina Lake the arrival of which is eagerly waited.

When these eggs mature bigger things are looked for in the way of supplying anglers with their favorite pastime, which will make Medina Lake one of the greatest fishing resorts in this section of the country.

Mark Riley, superintendent of the United States Fish Hatchery at San Marcos, who also has the supervision of the propagation of fish in Medina Lake, is watching the results with interest with the view of placing Medina Lake in the front rank as a fishing resort.

Last week two of our neighboring papers started out with another year of usefulness to the communities they serve. The Boerne Star began its twentieth year of service to the people of Boerne and Kendall county. Since 1919 it has been under the supervision of its present manager and owner, Editor Davis. During this time it has built up a circulation of around 1,500 and has grown from a one-man hand set shop to one equipped with modern printing machinery. Editor Davis has recently installed a late model linotype.

At the same time the Bandera New Era also changed its volume number and began its journey with the fourth year, succeeds the old Bandera Enterprise, of ten years ago, when that paper's plant was destroyed by fire. Since that time the owner of the paper has been under the efficient management of J. Marvin Hunter, a versatile and tireless worker, who, in addition to publishing a weekly newspaper also finds time to publish a splendid monthly magazine—The Frontiersman—devoted to the early history of this section of the state. Mr. Hunter has published a number of newspapers in this part of the state and along with his father, the late John W. Hunter, is well known throughout this country. A couple of years ago the Eagle editor was in the New Era office. Mr. Hunter showed us the first copy of a little four-page, four-column paper that he once published at Landon. He had an old Washington hand press and an apron full of type that he borrowed from the Mason County Herald. So limited was his body type that it was necessary to set and print two pages, then throw in the type before he could set the remaining two pages. He told us of dodging the stage driver for two weeks because he didn't have the sixty cents to pay for bringing the type from Mason.—Junction Eagle.

Woman Killed

Kerrville, Texas, May 14—Mrs. A. Z. Acree, 40, was killed while asleep at 5:30 Tuesday morning by the accidental discharge of a rifle in the hands of her husband.

The tragedy occurred at the Acree home, 11 miles south of here. Acree had arisen and was in a room adjoining.

He took his rifle of 32-calibre from a rack, and in leaving the room to join a brother stumbled against an incubator in the darkness and fell, against a rocking chair. The hammer of the gun struck an arm of the chair, discharging it.

The bullet passed through an open door and entered the top of Mrs. Acree's head.

Death was instantaneous physicians believe. An inquest and post mortem examination were held.

Twenty-five per cent of the 2,500,000 public school pupils of the country are taking business subjects, according to authorities connected with the United States Bureau of Education.

Let's Erect a Monument Like This.

The above cut shows the monument that about $300 has been subscribed and most of it paid in to the students of the Agricultural & Mechanical College who made the contributions, as a similar design. It would be a fitting tribute to these noble boys for the citizens of this county to place such a monument on the public square in Bandera. For the past several months the New Era has been urging the erection of such a monument and Monument Committee.

Will Thresh Grain

I will receive my new thresher in a few days and will be ready to thresh your small grain when the season opens.—Frank Mansfield.

Oregon's compulsory school law, which requires, with certain exception, all children between eight and sixteen years of age to attend public school, has been declared unconstitutional by the Federal District Court, sitting in Portland.

Misses Edna Stevens and Annie Habenicht, who are attending business college in San Antonio, came up last Friday to spend a few days with homefolks.

Veteran Amasa Clark brought the New Era editor a generous supply of Haught berries Saturday, for which he has our sincere thanks.

Getting ready for the fair? Now is the time to begin making preparations to place farm products on exhibition. It will be the best fair ever held in Bandera. August 14, 15 and 16.

Roy Chipman was in town Saturday and called to renew the subscription of his brother, Emmet Chipman at Lowell, Arizona. He informed us that Emmet was recently seriously injured in a mine near Globe, Arizona, but has fully recovered.

D. E. Bomar, of Kerrville, was here Saturday introducing one of the most convenient and simply constructed typewriters we have seen—the Remington Portable. He left one of these handy little machines at the New Era office, and we will be pleased to show it to anyone interested in securing a machine that will do the same work that any other typewriter will do, and at a minimum cost.

THE STATE OF TEXAS

To the Sheriff or any Constable of Bandera County, Greeting:
You are hereby commanded, Rae Risinger, administrator of the estate of A. M. Mosem, deceased, having filed in our County Court, his final account of the administration of the Estate of said A. M. Mosem, deceased, docketed 333 on the Probate Docket of Bandera county, together with his application to be discharged from said administration.
YOU ARE HEREBY COMMANDED, That by publication of this writ for twenty days in a newspaper printed in the county of Bandera you give due notice to all persons interested in the account for final settlement of said estate, to appear and contest the same if they see proper to do so, on or before the July Term, A. D. 1924, of said County Court, commencing and to be holden at the Court House of said County, in the town of Bandera on the 3rd Monday in July, A. D. 1924, the same being the 21st day of July, A. D. 1924, when said account and application will be acted upon by said court.
Given under my hand and seal of said Court, at my office in the town of Bandera, Texas this 28th day of April A. D. 1924.

NOTICE OF ELECTION

THE STATE OF TEXAS)
COUNTY OF BANDERA

Notice is hereby given that an election will be held on the 31st day of May, 1924, at the School House in Bandera Common School District No. One of this county, as established by order of the Commissioners' Court, at Bandera County, Texas, on the 25th day of April, 1923, and of record in the Minutes of the Commissioners Court of said county in Vol. No. 6 at page 105, to determine whether or not the maintenance tax of the hereto-fore authorized in said District shall be increased so that the maintenance tax of said district shall hereafter be a tax not of the rate of .25c for the $100.00 valuation of taxable property in said district for said purpose.
E. B. Caffall has been appointed presiding officer for said election, and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the Commissioners' Court of this County, as is required by law for holding a special election.
All persons who are legally qualified voters of this State and county and who are resident property tax payers in said District shall be entitled to vote at said election and all voters who favor taxation for school purposes shall have written or printed on their ballots the words: "For increase of School Tax," and all those opposed to such taxation shall have written or printed on their ballots the words, "Against increase of School tax."
Said election was ordered by the County Judge of this county by order made on the 5th day of May, A. D. 1924.

CITATION BY PUBLICATION
THE STATE OF TEXAS,

To the Sheriff or any constable of Bandera County, Greeting:

You are hereby commanded to summon B. F. McClung, by making publication of this citation once each week for 4 successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 38th judicial district; but if there be no newspaper in said judicial district, then in a newspaper published in the nearest district to the said 38th district, to appear at the next regular term of the district court of Bandera county, to be holden at the court house thereof in Bandera, on the 4th Monday in May, 1924, the same being the 26th day of May, 1924, then and there to answer a petition filed in said court on the 23rd day of April A. D. 1924, in a suit, numbered on the docket of said court No. 978, wherein Mrs. E. J. McClung is plaintiff and B. F. McClung is defendant, said petition alleging that plaintiff and defendant were married on or about 26th day of August, A. D. 1910 and lived together as man and wife until on or about the 11th day of January, A. D. 1914, when defendant abandoned plaintiff with out any just cause and from said time has remained away from plaintiff and refused to contribute to her support or to live with her as her husband and has absented himself from the State and away from plaintiff. Plaintiff prays for divorce and for all costs of suit and for restoration of her former name, E. J. Coleman.

Herein fail not, but have before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness, Mark McBryde, clerk of the District Court of Bandera county, Texas.

Election Next Saturday.

An election will be held in Bandera next Saturday to determine if it is the wish of the taxpaying voters of this common school district to increase our present school tax from fifteen cents to fifty cents on the $100 valuation. By voting the increased tax Bandera High School will then be in position to secure State aid. Every voter is urged to turn out and exact his or her vote for the increased tax.

Bridge Completed.

Th concrete bridge across the river at this point was completed last Saturday, and Otto Meyers, who superintended its construction, returned to his home at Comfort. Bandera is proud of this bridge and should be, for the people of this town have been handicapped for lack of a crossing at this point for 70 years. The bridge was built by popular subscription at a cost of more than $1700. F. F. Johnston is due much praise and credit for his untiring efforts in soliciting the funds and bringing the proposition to a successful finish. Many of our citizens not only donated cash, but also gave labor toward the bridge.

Boost for good roads.

For Commissioner.

H. L. Morris announces this week as a candidate for re-election to the office of County Commissioner, Precinct No. 3.

Mr. Morris has now served his first term in that office, and has rendered efficient and careful service to his constituents. He recognizes the New Era to express his appreciation to the people of his precinct for their cooperation and assistance since he has been in office and assures them that if they see fit to re-elect him he will continue to strive to give them best service. Mr. Morris has proved that he is thoroughly qualified to discharge the duties of that office, and he asks the support of the voters of that precinct in the November election.

Entertainment Saturday Night

The cantata given by the pupils of the St. Joseph's School last Saturday night, was a very pleasing affair, and carried out in a splendid manner by the boys and girls of that school. "Mid Fairyland" represented Fairyland, and the costumes worn by the little folks were very pretty and each part was effectively carried out. This entertainment marked the closing of the St. Joseph's School for the term. Quite a crowd of patrons and friends were present.

Mr. and Mrs. Vic Stevens and children attended the show in Kerrville Saturday night.

Miss Jessie Phillips arrived Tuesday from Little Rock, Ark., to spend several days with her uncle and aunt, Mr. and Mrs. John Mansfield.

Mr. and Mrs. Vane Stevens attended the closing xercises of the school at Camp Verde Thursday night.

Frank Mansfield and Miss Jessie Phillips motored to Medina Lake Sunday afternoon.

Mrs. John Mansfield and Miss Aimee Phillips were guests Saturday afternoon of MrsCar richa l of Bandera.

Lew Stevens and John Mansfield spent one day the past week up the river angling for the finny tribe, but we couldn't obtain a verified report of the number of fish they caught! ? ? ? ?

L. N. Stevens and daughters, Miss Lue and Mrs. Vic Saul, were shopping in Bandera.

Miss Vida Jones visited her aunt, Mrs. Lewis Smith, at Camp Verde the past week.

Services at Pipe Creek.

The New Era is requested to announce there will be services at the Pipe Creek schoolhouse by the Church of Christ Latter Day Saints. The public invited to attend.

You Should Take It.

Frontier Times is an interesting monthly magazine published in Bandera. It is well worth the subscription price of $1.50 per year. You should take it.

For a short time longer we will accept subscriptions to the New Era and Frontier Times at $2.50 for the two publications.

Watch the date opposite your name on the margin of the New Era. It shows when your subscription expires.

Miss Nora Ross Injured.

While playing with other young people at her home last Saturday afternoon, Miss Nora Ross, 12-year-old daughter of John H. Ross, sustained a broken limb, and a badly wrenched ankle, and was taken to a hospital in Kerrville for treatment. It is said the young lady had climbed up to a high elevation and, was descending on a Xmas pole when the wire broke and she fell to the ground, a distance of about 20 feet. She landed on her feet, but with such force that a bone between the knee and ankle resulted, as well as a few bones in the ankle being wrenched. Dr. John H. Erwin is hastily summoned and after giving first aid treatment, sent the young lady to Kerrville where an X-ray examination revealed that the bone between the knee was split and fractured. She is now getting along very nicely at this writing.

Gered by a Bull.

W. H. Crain, an aged citizen of the Pipe Creek community, was seriously injured Tuesday when he was attacked by an Indian bull on his ranch. He suffered a broken rib and a deep gash over the thigh, besides many bruises. Dr. J. O. Butler was called to see him, a nd though in a serious condition, he is expected to soon recover.

Progressive Indian Creek.

Indian Creek school district voted last Saturday a tax of 25c on the $100 for school purposes. The measure carried, unanimously, not a vote being cast against the tax. Hurrah for Indian Creek!

Various sections of the county are represented in district court here this week.

Ernest Adams, raiser of fine goats, was here from Medina yesterday.

R. D. Garrison was down from the ranch yesterday with wool for his warehouse. Mr. Garison and his good wife recently had a severe seige of measles, but have fully recovered. He informs us that his son, Rev. I. V. Garison, of Fort Worth, is now afflicted with measles.

John Hinds and little son were here from Honey Creek yesterday.

W. Y. Miller and B. H. Stokes are among the court visitors from Medina.

District Court.

District court convened in Bandera Monday, with Judge R. H. Burney presiding. After empaneling the grand jury court got down to busines and began on what promises to be a very busy session, possibly going full two weeks, as there appears on docket a general assortment of cases. The following gentlemen compose the grand jury: R. S. Smith, foreman; John Bruce, B. F. Langford, O. M. Clayton, E. Patton, E. Hicks, S. L. Stevens, J. A. Noel, A. N. Rawls, Jim Newcomer, Joe Villemain, and C. P. Jones.

Proceedings up to last night: State of Texas vs. Walter Crain, manufacturing liquor; continued.

State of Texas vs. Buck Weaver, manufacturing liquor; continued to await action of the Court of Criminal Appeals.

State of Texas vs. Gordon Evans; continued on application of defendant.

Louis Stephens, material witness, fined $200 for non-appearance. Writs of attachment ordered issued, and bond fixed at $250.

State vs. O. J. Bean and H. R. Bean, transferred from Edwards county.

State vs. F. M. Montague, assault; jury trial, acquittal.

The case of G. S. Ferguson vs. Henry Stevens et al, occupied the attention of the court Tuesday and part of Wednesday morning. It was passed to a later time, when criminal docket slackens.

The grand jury is combing as with a fine tooth comb, but up to the hour we closed our forms no bills had been made public.

F. J. McCarthy was up from Pipe Creek yesterday.

Rev. Washington Married.

The New Era is in receipt of the following announcement:

"Mr. Lafayette Washington announces the marriage of his daughter, Jewel Evelyn, to Rev. Harvey H. Washington on Thursday, May twenty-second, nineteen hundred and twenty-four, at Terrell, Texas. At home after May 30, Bandera, Texas."

This will be pleasing news to the many friends of Rev. Washington, who is pastor of the Bandera Methodist church. The New Era extends congratulations and best wishes to him and his happy bride.

The newly married pair arrived in Bandera Tuesday, and are now easily domiciled in the Methodist parsonage.

For District Attorney.

Judge W. C. Baker, of Kerrville, announces in the New Era this week as a candidate for the office of District Attorney of the 38th Judicial District. Judge Baker is a man of pleasing address, and is a very capable lawyer. He served several terms as district attorney in St. Mary's Parish, Louisiana, and was district judge there from 1918 to 1920, resigning that office to come to the Hill Country of Texas for the benefit of his health. Since coming to this section he has come in contact with the people in his professional capacity, and by his polished manners and efficient handling of legal matters entrusted to him, has made hundreds of friends throughout the district. If elected we are sure he will discharge the duties of the office in a fearless and thorough satisfactory manner. His announcement is made subject to the action of the democratic primaries.

J. W. Barret Dead

News was received in Bandera yesterday of the death of J. W. Barrett, which occurred at San Antonio Tuesday night. Heart failure is reported to have been the cause. Mr. Barrett was well known here, and was a brother-in-law to Ike and Allie Stevens. He lived n his county until 12 years ago, when he moved to San Antonio and for a number of years had been connected with the Texas Oil Company. He is survived by his widow and four children, Miss Edna Barrett, J. W. Barren and Woodrow Barrett, all of whom have the sympathy of a host of friends here.

George Stevens Dead.

George Stevens, a former Bandera county citizen, died at Benson, Arizona Monday, May 26, according to a telegram received by Henry Stevens yesterday. Deceased was 67 years old, and had resided n Arizona the past fifteen years. He leaves a wife and six children, the children all being married except one daughter. Three brothers and four sisters also survive, Messrs. Henry, Tom and L. N. Stevens of Bandera, Mrs. Lula Brown and Mrs. Maggie Kisser of Arizona, Mrs. Jim Jones of Junction, and Mrs. John Boerne, and Mrs. John A. L. Jones of Junction.

George Stevens had hundreds of friends throughout this section who are pained to learn of his death.

THE STATE OF TEXAS)
COUNTY OF BANDERA)

Notice is hereby given that an election will be held on the 3rd day of May, 1924, at the school house in Bandera Common School District No. One of the county, as established by order of the Commissioners' Court of Bandera County, Texas, on the 24th day of April, 1924, and of record in the Minutes of said Commissioners' Court of said county in Vol. 2, on page 166, to determine whether or not the maintenance tax of the law heretofore authorized in said district shall be increased so that the maintenance tax of said district shall hereafter be a tax or of the rate of 35c on the $100.00 valuation of taxable property in said District and to determine whether the Commissioners Court of this county shall be authorized to levy, assess and collect annually a tax of not to exceed 35c on the $100.00 valuation of taxable property in said district for said purpose.

F. R. Caffall has been appointed presiding officer for said election, and he shall select the judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the Commissioners' Court of this County, as is required by law for holding a general election.

All persons who are legally qualified voters of this state and county and who are resident property tax paying qualified voters shall be entitled to vote at said election and all voters who favor the said election shall write or have written or printed on their ballots the words: "For Increase of School Tax," and all those who are opposed to same shall have written or printed on their ballots the words: "Against Increase of School tax."

Said election shall be ordered by the County Judge of this county by order made on the 6th day of May, A. D. 1924.

School Tax Election.

The election held in Bandera Common School District No. 1 Saturday to determine if the school maintenance tax in this district should be increased from fifteen cents to fifty cents on the $100 valuation, created lively interest and brought out the voters. The measure carried by a majority of 22 votes, 116 votes in favor and 93 votes cast against the increase of the tax. This school district has only 228 qualified votes, which leaves 19 votes that were not cast. Several of these were absent from the city, and known to be in favor of the tax. Anyway the proposition would have carried if all of the absentees had voted against the tax. It is gratifying o know that Bandera is determined to improve her school facilities. The increased tax will help to put our school on a better plane and enable us to get state aid.

Reunion Committee Meets

The executive committee of the Bandera County Old Settlers Association will meet this afternoon to make plans for holding the big reunion at Bandera July 4th and 5th.

BANDERA CREEK

The farmers started reaping grain this week, which has been delayed on account of recent rains.

Miss Cleora Smith, of Camp Verde, spent Monday with Miss Vida Jones.

Mr. and Mrs. John Mansfield, Misses Aimee and Jessie Phillips, Mr. and Mrs. Vic. Stevens and little sons, Denton and Maurice, were shoping in Comfort last Wednesday.

L. B. Jones, Ran and Heck Jones, hauled their wool to Kerrville last Friday.

Mr. and Mrs. Earl Denton, of Kerrville, were guests of Mr. and Mrs. Vic Stevens, the past week.

Mr. and Mrs. Felix Rippey and children were evening guests of Mr. and Mrs. L. B. Jones and enjoyed "42" and ice cream until late.

Miss Vida Jones and mother, were dinner guests of Mrs. I. L. Stevens and daughter, Eva Lena, last Thursday.

Mr. and Mrs. Stevens and daughter, Miss Lue, accompanied by Len Rayfield, went to San Antonio last Thursday, to visit Mrs. Rayfield, who is convalescing from an operation.

Miss Aimee Phillips went to San Antonio Saturday to meet a friend, Miss Aleen Wagner of Little Rock, Ark. who will visit her for several days.

Mr. and Mrs. A. D. McIlroyde and daughter Miss Vera, of Camp Verde, were Sunday evening visitors of Mr. and Mrs. L. N. Stevens.

Mr. and Mrs. Vic Stevens and Misses Lue Stevens were dinner guests, Sunday, of Mr. and Mrs. John Mansfield.

Mr. and Mrs. Tom Boulware, of Center Point were visiting his sister Mrs. L. B. Jones the past week-end.

Mr. John Stevens and Slick Jones, attended the Rodeo at Kerrville Friday.

Missie and Aimee Phillips entertained a bridge last Friday evening, at the pretty new home of their uncle and aunt, Mr. and Mrs. John Mansfield honoring Miss and Mrs. Earl Denton.

Guests of Mr. and Mrs. Vic Stevens; the guests being limited to a few friends. Tables for the players were placed in the living room, which was made more attractive with masses of larkspur and wild daisies. Miss Jessie Phillips won high score for ladies and Mr. John Mansfield was awarded the gentleman's prize. Dainty refreshments of strawberry ice cream and cake was served to about fifteen guests.

VANDERPOOL VISIONS

Deed Snow returned last week from Ingram accompanied by his father, Jim Snow and family. They are now living on the Reeves ranch south of Vanderpool. Jack Haile of Menard, in company with Mr. Simmons of Junction were calling at the home of Mr. Hailes' sister, Mrs. S. O. Loyd and family of the Divide, this week and Mr. Simmons leased the Henry Haby ranch there. He will move soon.

Mrs. John Polvado, Sr., went to Utopia Wednesday shopping and visiting with her daughter Mrs. Rex Curtis.

Rev. and Mrs. J. W. Storms departed the first of the week for San Antonio to visit relatives. They will go to Belton and attend the closing of school and bring their daughter, Miss Minnie who attended the past session.

Mrs. R. A. Masters and little son, A. W. returned the middle of the week from an extended visit to relatives at Port Arthur. She reports a pleasant trip and says that her parents, Mr. and Mrs. W. H. Barnes, joined them there and that her father's eyes were giving him considerable trouble.

G. M. Foster departed Wednesday for Selma, California for a month or two's visit to his brother, J. F. Foster and family and relatives at other points over that state.

Grandpa Garrett, of lower Utopia, is spending the week with his granddaughter, Mrs. Aled Noel of this vicinity.

Miss Genie Love, telephone operator at Sabinal, came up Sunday accompanied by Miss Alta Hardaway, Gilbert Jackson and L. B. Starling, all of Sabinal, and spent the day with Miss Love's parents, Mr. and Mrs. P. O. Love, of Mill Creek.

The farewell dinner at G. M. Foster's Sunday was a delightful occasion. Rev. J. W. Storms of the Church of Utopia, W. F. Murphy and family of north Vanderpool, J. P. Casparis, W. W. Chisum and wife of Sabinal and L. S. Foster and family were in attendance.

Miss Sybil O'Bryant of Utopia was the guest of Miss Gracie Love Thursday night and Friday. And in company with Clarence Love attended the lovely party at Mr. Johnson's of Taylor community.

Mrs. Hilda Evans and two little sons of Honey Creek are spending the week with Mrs. Evans' grandparents, Mr. and Mrs. Eli Loyd, of the Divide.

Howard Eckhart, son of Mr. and Mrs. Chas. Eckhart, who has been attending A. & M. College, walked off with very high honors there, according to the following letter received by the New Era. We are all proud of the record this young man has made, and his friends are betting on him every jump:

College Station, Texas, May 27, 1924.

Editor Bandera New Era:

Dear Sir:—This note is to advise you of the exceptionally good work that your fellow townsman, Howard C. Eckhart, has been doing the past two terms at the A. & M. College. He has made the Freshman stock judging team and placed very high in the contest. His military record is a credit to any soldier. He has been selected among one of two probability students to represent the College for the Hal Trophy. This is indeed an honor, and especially so for a first year cadet. He has also been recommended for Corporalship in F. Company in 1925. His scholastic record is beyond reproach and in all probability he will receive his B. A. Degree in Agriculture in the ensuing year. You should feel proud to have such a student from your city. Yours truly,

C. DAN JACKSON

BANDERA CREEK

Uncle Andy Jones, son Virgil and daughters, Misses Florida and Mehala, went to Kerrville last Saturday.

Mrs. John Mansfield, Misses Aimee and Jessie Phillips, and Allen Wagner, were shopping in Bandera Wednesday afternoon.

Mrs. Nellie Rippy, and daughter Susie Mae, were shopping in Bandera last Friday.

Miss Aimee Phillips and guests, Misses Jessie Phillips and Allen Wagner, were evening guests of Mrs. Minnie Mansfield last Thursday.

Mr. and Mrs. Vic Stevens made a business trip to Kerrville Saturday evening.

Mrs. L. N. Stevens and daughter, Miss Lue Elba, were shopping in town Thursday afternoon and were accompanied home by Mrs. Vic Saul, and baby, who will spend a few days with them while Vic is moving cattle to Hondo.

Mr. and Mrs. Vic Stevens, Mrs. V. Saul, Miss Lue Elba Stevens, John Stevens and Earl and Ran Jones attended the hop given at the home of Mr. and Mrs. S. Tucker at Camp Verde last Friday night.

Mr. and Mrs. Albert Reese of Center Point, spent the week-end with Mr. and Mrs. L. B. Jones.

Mr. and Mrs. George Jones, of Camp Verde, were evening guests of Mr. and Mrs. L. N. Stevens Saturday.

Misses Lorraine and Ione Ford, guests of the Misses Fuller of Bandera are spending this week with Misses Aimee and Jessie Phillips at the home of their aunt, Mrs. John Mansfield.

Mrs. L. B. Jones is spending a few days visiting friends and relatives in Verde Dell this week.

Rina Mansfield was an evening guest of Mr. and Mrs. John Mansfield Sunday.

TARPLEY.

Everybody rejoicing over the crop prospects.

Rev. J. C. Evans preached at the Methodist church Sunday.

G. Hicks and family returned from a visit to Indiana Monday.

Dr. Stanley, of Latch'e, was in Tarpley last week, seeking a location.

Rev. R. L. Ray writes from Stacy that he is having a good time at work on his farm there.

J. D. Wright made a business trip to Bandera Tuesday.

Those who contemplate taking violin lessons, commencing in September, are requested to notify me by letter at once. Charges $5.00 per pupil.—A. P. Carlton.

A Good Picture Show.

Bandera is fortunate now in having a first class moving picture show. The programs being given twice each week by Messrs. Hollis and Kelley White of Center point are meeting with general favor. Last Thursday night these young men gave their initial screen exhibition and again on Monday night they came over with a most excellent production. Music Thursday night was furnished by Sam Copenhaver, bandjoist, and Miss Rita Bruff, pianist, and Mrs. George Meeks. On Monday night Mrs. William Hancock and Mrs. H. C. White presided at the piano. Friday night "The Sting of the Scorpion" will be shown, and if you really enjoy a first class picture show you will not fail to attend.

Building Addition to Store.

Some months ago R. F. Power opened a cash and carry grocery store in a little building east of the postoffice. Within a short time his trade had increased so much that he had to build an extension to his store. His business has just kept on increasing and he is now building a larger addition to his establishment by widening the building. Mr. Power does business in a business way and we are pleased to note his steady growth.

Big Wool Sale.

Approximately 135,000 pounds of wool has been sold during the past week by the Bandera County Ranchmen & Farmers' Association 110,000 pounds being eight months' clip, which was purchased by Hollowell, Jones & Dowdell of Boston, and 25,000 pounds twelve months clip purchased by Studley & Emery of Boston. The prices paid for the wool were in range with other recent sales of wool of similar quality, varying according to grade. The 135,000 pounds sold is in storage in the Bandera warehouse, and will be shipped out in a few days.

Fifth Sunday Meeting.

The Fifth Sunday Meeting for the Medina River Assogiation will meet with the Bandera Baptist church on Friday evening before the fifth Sunday in June. An interesting program has been prepared for this meeting which will appear in the New Era next week.

Dr. L. J. Gregory, the well known dentist of Boerne, has an ad in the New Era. Bandera people in need of dental work should go to Doctor Gregory, as his work is thoroughly satisfactory in every way and his prices reasonable.

Talking About the Reunion.

From all sections come reports that the people are talking about the big reunion of the old settlers to be held at Bandera July 4th and 5th. The people are coming from everywhere. It is estimated that fully six to ten thousand people will be here during the two days celebration, and the problem of caring for these visitors is what is worrying the committee in charge of arrangements. Now, it is urgently requested that everybody interested in the reunion attend the meeting at the Opera House Saturday, and if not a member of the association they should join at once and lend their aid and advice in making the reunion a grand and glorious event. Every citizen of the county should be interested. It has been a long time since Bandera county had a real old time celebration. People seem to have grown selfish in this fast age of commercialism. Let's get away from setting ways for just a little while and make the old settlers feel that the Time Clock has turned backward a few years and they are once more living in the good old days. Talk for the reunion, boost for the reunion, and work for the reunion. You are going to meet friends at the reunion whom you have not seen in many years. It will be a happy occasion all around.

The San Antonio Light reaches Bandera less than three hours after it is printed, the 3:30 edition being brought out on the service car, Master Thomas Boyle delivers the Light to your door promptly. If you want the very latest news let him take your subscription.

VANDERPOOL VISIONS

King Casparis and family, of Johnson City, have returned home after a pleasant visit to their relatives, R. H. Rhyan and J. P. Casparis.

Fred E. W. Banta came up from Corpus Christi this week after his wife who has been visiting her parents, Mr. and Mrs. Eli Reed of Rock Divide, and also her sister, Mrs. Henry Schemedling of Vanderpool. Accompanied by her nephew, Fred Schemedling they went to Corpus Christi, where all will attend summer normal.

A. E. Nunneley and sons came in from Rock Springs with 600 goats for themselves and Will Miller of Utopia.

Mr. and Mrs. Thomas Leonard have sold their crop, leased their place to Mr. T. M. Clayton, and will go to New Mexico for awhile. Mr. Clayton and family arrived from Selma, California, recently.

The silver wedding celebration of the W. W. Chisum ranch Sunday was well attended by their relatives from different parts of the state. All had an enjoyable time, plenty to eat and prepared in the most appetizing ways. The guests spent three or four days.

Mrs. Sterling Fisher and two children and Miss Anna Carpenter departed Thursday for Selma, California, to visit relatives.

Mr. and Mrs. A. E. Clayton took Mr. and Mrs. Farr down below Utopia to the bedside of their son-in-law, Mr. Smith, who had the misfortune to get his hand cut off in a reaper.

Mrs. T. J. Haby, and children Ernest and Ruby, of the Divide, were the guests of L. S. Foster and family, and also A. W. Clayton.

LIMA LINES

Misses Vivian Reese and Thelma Miller went to San Marcos Monday where they will attend school. Miss Vivian has been doing there the past few months. Miss Sylva Reese was the guest of Miss Izaura Bartley Wednesday night.

Mr. and Mrs. Le Dale and children were the guests of Mr. and Mrs. Fred Sutherland Saturday.

Mr. and Mrs. P. M. Wilson and son Chris, were in Medina Saturday.

Louis Sutton and little sisters, Lillie and Tillie were Kerrville visitors last week.

Mrs. Orville Keese and children and Miss Laura Bartley were in Medina Saturday.

Mr. and Mrs. John Dale and M. C. Helm were in Medina Saturday.

Misses Sedie Adams and Josephine Manning and Jesse and Johnnie Adams were at Lima Sunday evening.

Miss Laura Bartley was the guest of Miss Sylva Keese Saturday night.

Miss Lillie Hinds, of San Antonio, spent the past week with home folks.

A large crowd enjoyed the party at Mr. and Mrs. O. A. Keese's home Saturday night.

O. A. Keese was a Medina visitor Saturday.

Miss Johnnie Padgett, left Saturday for San Antonio to take a summer course at Westmoreland.

Stricken with Appendicitis.

Miss Thelma Richards was stricken with appendicitis Monday and was taken to a Kerrville hospital where she underwent an operation. At last reports she was getting along nicely and hopes are entertained that she will make rapid recovery.

Priest Baby Wins Honors.

Mrs. Henry Haby spent several days in San Antonio last week where she attended the exercises of St. Mary's College, when her son, Ernest Haby, was one of the graduates and carried off nine honors. Ernest is at home for awhile, but will probably enter the Rice Institute for a four years course. This is an ambitious young man and his friends in Bandera are predicting a glorious career for him.

Harper Man Pleased.

Mr. and Mrs. Lee Faris and son, Birman, left for Bandera Saturday morning to visit Mr. Faris' brother, Mr. Ben Faris, returning home Sunday evening. They report everything in fine shape in that section, many to want to visit them, too, when they tell about getting some nice peaches from Mr. Herman Harper, and told all about the garden truck down there. With so many late cold spells and cut worms, the gardens here are late. Mr. S. A. Ezell ran the butcher shop during their absence.—Harper Correspondent in Fredericksburg Standard.

LIST OF LANDS AND LOTS DELINQUENT

For Taxes of 1923, in Bandera County, Texas

REPORTED IN COMPLIANCE WITH PROVISIONS OF CHAPTER FIFTEEN, REVISED CIV IL STATUTES OF 1911.

THE STATE OF TEXAS
COUNTY OF BANDERA.

I, Henry Stevens, Tax Collec or of said County, do hereby certify that the land and lots listed on the following three pages and assessed on the tax rolls of said County for the year 1923, are delinquent for the taxes of 1923, and that there was no personal property for "seizure and sale" as required by Article 7692, Revised Civil Statutes of 1911, and therefore I am entitled to credit for the taxes shown and herein reported delinquent.

THE STATE OF TEXAS.

COUNTY OF BANDERA. In the Commissioners' Court:

WE CERTIFY that we have examined the following three pages of Collector's report of lands and town lots assessed on the Tax Rolls of Bandera County, for the year 1923, which are delinquent for the taxes of 1923, and find the same correct, and that Henry Stevens, Tax Collector, is entitled to credit for the taxes shown thereon, as follows, to-wit:

Given in open Court, this the 13th day of May, A. D. 1924.

A. L. MANSFIELD, County Judge.
J. H. HOLT.
J. L. EDWARDS.
R. L. MORRIS.

TO WED JULY 4 AT THE REUNION

Miss Eunice Price

Mr. Harold Young

Herewith we are pleased to present the photos of the young couple who have consented to be married at the Old Settlers' Reunion in Bandera on July 4th, Mr. Harold Young of Fredericksburg, and Miss Eunice Price of Bandera. It was our intention at the outset to keep secret the names of this couple until just before the ceremony, but the curiosity of the public has been aroused to such a degree and so many requests have poured in urging that their names be made public that we have decided not only to give their names but print their pictures as well. Mr. Young, the groom-to-be, is a young farmer of Fredericksburg, and is 22 years old. He is an industrious young man of pleasing address, and we hope worthy of the young lady who has consented to be his helpmeet for life. The bride-to-be, Miss Eunice Price (if we just said Eunice everybody would know her), is a Bandera raised girl and loved by all. She is the daughter of Mr. and Mrs. J. R. Price of this city, and is 19 years old. For nearly two years she has been a faithful and efficient employe of the New Era office as linotype operator. We regret to lose her, to say the least.

This couple had set the date of their wedding for June 18, but were persuaded to postpone it until July 4th to make it one of the interesting features of the Old Settlers' Reunion. And we hope they will be given foolproof and hearty good wishes by everyone present on that glorious occasion.

Old Settlers' Meeting.

The meeting of the Old Settlers Association at Cox Hall last Saturday afternoon was attended by about fifty members, and final steps were taken to bolster the big reunion in Bandera on July 4th and 5th.

Chas. Eckhart was appointed Director of finances, and will name his own committee to assist him in securing money to meet expenses. Mrs. Chas. Eckhart will have charge of all concessions and will appoint assistants to help conduct the different stands. J. M. Hunter will have charge of the old fiddlers' contest, the shingle makers' contest and other features of the entertainment. W. E. Mansfield will be marshall of the day, and will direct the parade. Pete Lax son will be in charge of the tournament. Other committees will be appointed to lend their aid to the meeting of the reunion. Workers are needed, and while we all realize that it is a busy season just now, it is hoped that everybody will do all they can to help make the reunion all that it is expected to be—the biggest event ever pulled off in Bandera.

The meeting Saturday afternoon was harmonious and satisfactory in every way. Many matters which had been misunderstood were adjusted and every person there was satisfied with the arrangements that were made. We are pleased to see the ladies taking such active interest in the association's affairs. We have always said that no great thing could be successfully accomplished without the help and inspiration of the good ladies of the community, and now that the ladies of the county have lined up in this movement we feel that it is going to be a grand success in every way. The New Era hopes to be in position to publish the full program in our next issue.

Pastor Resigns.

Rev. M. J. Scott has tendered his resignation as pastor of the Baptist church, effective July, and will leave for another portion of the state, possibly Houston. Rev. Scott will take a much needed rest for a few months. During the time he has been pastor of the Baptist church here he and Mrs. Scott have made many friends, who will regret their departure.

Abandons Well

We learn that the Thompson Well No. 1, drilled at Vanderpool by the Humble Oil & Refining Co., has been abandoned at a depth of about 3600 feet, no oil has been found. We understand another test is soon to be started in that vicinity by the same company. The outcome of this venture is somewhat a disappointment, not only to the promoters, but also to the general public, as it was confidently believed the location was a good one and full of promise. The well was drilled not a great distance from the Wood-Texas well which was put down about a year ago and in which [illegible] oil was found.

We are pleased to learn that Rev. H. L. Atkins, who has been seriously ill, is able to be up again.

For County Judge

W. S. Ethridge announces this week for the office of County Judge of Bandera County, subject to the action of the Democratic Primaries. Mr. Ethridge has lived here for several years, is well known to the public of the county, and possesses the qualifications to fill the office to which he aspires in a highly satisfactory manner. He is recognized as a good lawyer, and if elected will be in position to render efficient service. His name will appear on the ballot used in the democratic primary and he requests his friends to remember him when they go to cast their votes.

Good Picture Tomorrow Night

Another good picture will be shown at the Cox Opera House tomorrow night. We have not been supplied with the title of the picture, but the public can rest assured that it will be a high class production.

Tom Stevens has been quite sick at his home on Bandera Creek. He is reported improving.

Mr. and Mrs. L. Hicks and little daughter, Dorothy, were here Saturday, returning to their home at Tarpley from a visit to relatives and friends in San Antonio.

Mr. and Mrs. L. N. Stevens and daughter, Miss Lue Elbs, visited Mrs. Len Rayfield at Bandera last Thursday.

Mr. and Mrs. L. B. Jones spent the week end in Center Point.

Mrs. Wm. Cherry and Miss Edna Ensley, of Medina Lake are visiting their uncle and aunt Mr. and Mrs. Heck Jones.

Mrs. Vic Stevens and sons are spending a few days with her parents, Mr and Mrs. B. F. Denton, near Kerrville. She was accompanied by Misses Aimee and Jessie Phillips.

Mrs. John Mansfield and Miss Aimee Phillips entertained their guests, Misses Aleen Wagner and Jessie Phillips of Little Rock, Ark., and Misses Lorraine and Ione Ford of San Antonio, with a lovely appointed party last Thursday night. The living and dining rooms were decorated with masses of wild flowers. Games of different kinds to please the guests were played, with several selections of music on the Victrola.

Lemonade and cake was served to about forty guests. When the guests departed at a late hour, they expressed themselves as having had a most delightful time.

Little Patsy Anna Risinger celebrated her ninth birthday last Thursday by giving her little friends a party. She was the recipient of a number of nice presents. Refreshments of cake and lemonade were served. Those present were Elizabeth and Doris Peters, Lucille and Mildred Langford, Edith and Lela North, Lucille Gray, Ruth and Loy Ellen Davenport, Allene and Jewel Burris, Blanch Adamietz, Anita Risinger, Louise Arceneaux, and Patsy Anna Risinger.

Game Warden S. O. Durst nabbed a couple of San Antonians last Sunday who had unlawful fish in their possession. They seemed rather independent about it and were asked to contribute the usual fines for their folly.

Miss Helen Rugh returned Friday from an enjoyable visit to friends in San Antonio.

LIST OF LANDS AND LOTS DELINQUENT ON MARCH 31, 1924,

For Taxes of 1923, in Bandera County, Texas

REPORTED IN COMPLIANCE WITH PROVISIONS OF CHAPTER FIFTEEN, REVISED CIVIL STATUTES OF 1911.

THE STATE OF TEXAS
COUNTY OF BANDERA.

I, Henry Stevens, Tax Collector of said County, do hereby certify that the land and lots listed on the following three pages and assessed on the tax rolls of said County for the year 1923, are delinquent for the taxes of 1923, and that there was no personal property for "seizure and sale" as required by Article 7692, Revised Civil Statutes of 1911, and therefore I am entitled to credit for the taxes shown and herein reported delinquent.

THE STATE OF TEXAS.

COUNTY OF BANDERA. In the Commissioners' Court:

LIST OF LANDS AND LOTS DELINQUENT ON MARCH 31, 1924,
For Taxes of 1923, in Bandera County, Texas

REPORTED IN COMPLIANCE WITH PROVISIONS OF CHAPTER FIFTEEN, REVISED CIVIL STATUTES OF 1911.

THE STATE OF TEXAS
COUNTY OF BANDERA.

I, Henry Stevens, Tax Collector of said County, do hereby certify that the land and lots listed on the following three pages and assessed on the tax rolls of said County for the year 1923, are delinquent for the taxes of 1923, and that there was no personal property for "seizure and sale" as required by Article 7892, Revised Civil Statutes of 1911, and therefore I am entitled to credit for the taxes shown and herein reported delinquent.

THE STATE OF TEXAS.
COUNTY OF BANDERA.

In the Commissioners' Court:

WE CERTIFY that we have examined the following three pages of Collector's report of lands and town lots assessed on the Tax Rolls of Bandera County, for the year 1923, which are delinquent for the taxes of 1923, and find the same correct, and that Henry Stevens, Tax Collector, is entitled to credit for the taxes shown thereon, as follows, to-wit:

Given in open Court, this the 13th day of May, A. D. 1924.

A. L. MANSFIELD, County Judge.
J. B. HOLT.
J. L. EDWARDS.
R. L. MORRIS.
J. V. PORTER.

Attest: MARK McBRYDE, County Clerk.

VANDERPOOL VISIONS.

The Baptist revival began on the 19th, conducted by Rev. J. W. Storms, the pastor, who will be assisted by Rev. J. L. Watson of the Second Avenue Baptist church of Dallas. Captain Rice and wife, of New York, are doing some excellent singing in the meeting. They are guests of Mrs. Rice's parents, Rev. and Mrs. J. W. Storms.

Barney VanCleave and family left Monday for their home at Cline, after a few day' visit to Mr. Van Cleave's parents Mr. and Mrs. C. M. Van Cleave of Mill Creek.

Mr. and Mrs. Thomas Leonard, in company with Mrs. Grumbles and C. C. Grumbles, departed a few days ago for El Paso and Las Cruces. They have leased their places here to T. M. Clayton, who has just arrived from Selma, California.

Word has been received of the marriage of Miss Nellie Wood, of Spicewood, Texas, to Mr. Sank Wedgeworth, which occurred June 18th. Bothbride and groom are well and favorably known here, the bride being a sister to Mrs. J. P. Casparis. They will reside at Melvin, Texas.

Mrs. Kelpie Huges and children, of El Paso, are summer guests of Mr. and Mrs. E. J. Rainey of Mill Creek.

G. M. Foster came in Friday from a three weeks' visit to relatives in California. He had a delightful stay but says that country does not compare to good old Texas and Bandera county, and others who have gone there are contemplating returning in the near futu'e.

Edwin L. Foster, youngest son of Mr. and Mrs. J. F. Foster, formerly of this place but now residing at Selma, California, was married June 18 to Miss Lucile Gardner of Corcoran, California. We wish them a long, happy and prosperous life.

The Social Club met at the hospitable home of Mr. and Mrs. Clyde Long Saturday night, and all had an enjoyable time.

The handsome residence of Miss Rosa Thompson is going up rapidly. And the homes of Joe Lawless and Henry Schemmerhorn looks inviting with neat additions. The ranch home of W. W. Chisum has taken on a lovely appearance since remodeling.

Mr. and Mrs. Thomas Nelson have returned to their home at Barksdale after a week's visit to Mr. and Mrs. Thomas Massey of West Vanderpool.

O. M. Clayton, T. M. Clayton, Abner Clayton and L. S. Foster came in Friday from Rocksprings where the first named gentleman purchased 600 young goats.

The Old Settlers' Reunion.

Final plans have been made for holding the Old Settlers' Reunion here July 4th and 5th, and preparations for making this big event are going steadily forward. At a greeting of members of the Association held at the court house one day last week the expense of the big barbecue both days was estimated and it was found that the association did not have and could not raise the necessary funds to meet the expense of the barbecue, so a committee of three, Messrs. Lee Risinger, Chas. Eckhart and W. S. Ethridge, was appointed to confer with other parties who had expressed a willingness to take over all concessions and the gate receipts to operate same for the benefit of St. Joseph's School. After negotiations had been under way several days, arrangements were duly made, and the problem of feeding and caring for the great multitude was finally made last Monday, according to the following plans:

The reunion will be held at W. E. Mansfield's place west of town, where there is shade and water in abundance and the crowd can be easily handled.

Members of the association who have badges will be admitted free each day.

All who are not members of the Association will pay admission at the gate. Admission charges will be 50c for adults and 25c for children each day.

The admission charge covers the dinner and all amusements given.

OUR SLOGAN:
Large Enough to Serve
Strong Enough to Protect
Small Enough to Appreciate

On account of lack of time for preparation and the fact that the busy threshing season is at hand, when some who were on the program cannot find time for practice, several features of the entertainment have been abandoned. The program as it now stands will be pulled off as follows:

There will be no Indian fight.

There will be calf roping, horse race riding, and other amusements.

At 10:30 July 4th the Old Settlers of Bandera County will be given an address of welcome, following which the Declaration of Independence will be read.

Afternoon will be given over to various forms of entertainment—foot races, sack races, and other forms of amusement.

Dancing for the old settlers and for the young folks will be provided. Two pavilions will be erected, one for the old timers and one for the young people. Only the old time dances to old time music will be allowed on the old settlers' platform, and young people will not be permitted to participate in the old folks' dances.

Late on the evening of July 4th the wedding of Mr. Harold Young and Miss Eunice Price will occur on the platform of the old settlers. This is to be a "Rainbow Wedding" and will be very prettily arranged, and will be managed by Mrs. Chas. Eckhart.

Immediately following the ceremony an old fiddlers' contest will be pulled off. Several have fear or favor, entered this contest and the old boys are "tuning up."

Following the old fiddlers' contest old time dancing will be enjoyed as long as the old folks can hold out. Square dances, waltzes, quadrilles, polkas, schottisches, and jigs will be in order, and only old tunes such as "Cotton-eyed Joe," "Molly Put the Kettle On," "Wagner," and other old time melodies will awake the echoes at that dance.

The program on July 5th will be along the same lines of the first day. There will be amusement galore for old and young, and plenty to eat for all.

Much confusion has resulted during the past two or three weeks in preparing for the big event, but it has about all been adjusted, and the reunion will be handled in such a way as to be generally satisfactory to the old settlers. It has been very unfortunate that misunderstandings have occured to handicap and embarrass those in charge of the reunion, but now that everything has been arranged as stated above everybody is assured of a good time, and the old settlers will once more greet each other as in days gone by. It is expected that between 8,000 and 10,000 people will attend this reunion and let it be said that they will be royally entertained in Bandera.

O. L. Coughran, one of the New Era's staunch friends, was over from Tarpley last Thursday and advanced his subscription to the little old home paper.

For District Judge.

Judge R. H. Burney announces this week as a candidate for re-election to the office of District Judge of the 38th Judicial District, subject to the action of the Democratic Primaries. Judge Burney has held this office for several terms, and has proved himself a faithful servant of the people. He is in every sense a self-made man, starting out in life as a cowboy, trail driver, and later became a school teacher. He afterward entered the University at Georgetown and by hard study made his degree in less than the usual time required, and then took up the practice of law. Then he was elected to the State Senate and served a number of terms there, afterward being elected Judge of this distract, which office he has held continuously ever since. On the bench he is a true type of the able jurist, and it is a remarkable fact that but very few of his decisions have been reversed by the higher courts. He stands for a strict enforcement of the laws of the land, and the purity of the ballot, the sanctity of the home, and the perpetuation of American ideals. With a clean record as a private citizen and as a public official he again comes before the people asking their support at the polls, assuring them that if he is again elected to serve them as District Judge he will as in the past, discharge the duties incumbent upon him without fear or favor.

Miss Lue Elba Stevens spent the past week in Bandera.

Erle Denton, of Kerrville was a guest at the home of Mr. and Mrs. Vie Stevens, Saturday.

Messrs. Lue Stevens and John Mansfield spent Tuesday night on the river fishing. They reported enough "catch" for breakfast.

Earl and Rhea Mansfield passed through our neighborhood on their way to Center Point with a bunch of sheep.

Mr. and Mrs. L. B. Jones were shopping in Kerrville Saturday. A. G. Jones and Dave Vardeman were business visitors in Bandera last Saturday.

Several of our boys are pulling off rock stunts, practising for the big 4th and 5th of July.

Merry Go Round.

The big picture of the season, to be shown at Cox's Opera House tomorrow night, is "Merry Go Round." It will please and delight you. Wherever shown this picture has created a great sensation and a return is generally demanded. Don't miss it next Friday night. White Bros. are giving Bandera people a good picture show and bring on only the best feature pictures. Since they have been coming to Bandera the playhouse is well packed each night, and tomorrow night the largest crowd is expected. "Merry Go Round" will be winner. Don't miss it.

Boost for good roads.
