STATE ACRES

DELCO-LICHT

"Electricity for every Farm"

The Delco-Light engine is the valva-in-the-head type—used in the best and most powerful sirplane engines and in hundreds of thousands of automo-biles.

It is air-cooled -runs on kerosene in any climate -has only one place to oil and has a simple mix-ing valve in place of carburetor.

The storage battery is exclusively designed and built for Delco-Light with thick plates, wood and rubber separators and many improvements that insure long life.

Delco-Light long ago passed the experimentage and has gone through the refining influod three and one-half years of production as usage by 75,000 customers.

You will find plants in the homes of your com-munity. Just ask your neighbor about his Delon-laght plant.

Delco-Light makes happy homes; it saves time and labor, taking away lots of hard, unpleasant siks. It "Pays for liselt" by the work it does and a time it saves.

Of the more than 75,000 Satisfied Users of Delco-light, the first are among the most enthusiastic-toof that the simplicity and durability of Delco-ight meets the requirements of its customers.

There's a Delco-Light Man Near You

BANDERA.

To Our Customers and Friends:

I take this means of thanking each and everv one of you for the liberal patronage that you have given us during the past year, which has not been altogether one of prosperity, as the war and two years of successive droughts had heavily drained the assets of every one of us, and it was only through your co-operation us, and it was only through your propersion as a whole, pledging your credit through one source, that enabled us to care for your wants during these trying times. Now that conditions the sound the tions look more prosperous, there should be nothing in the way, if we still stand together. to handle all of the legitimate business that our community needs. This will be easily accomplished if we have your hearty co-operation now, as we have had in the past. I can assure you that we stand ready to help anyone that is deserving of same, and our ser ices will be courteous and in every manner safe.

Wishing you all a prosperous New York.

Respectfully,

I. E. ADAMIETZ. Cashier First State Bank of Banders.

the beat in the world.

He saw the foreign roads—in England at Pance, the best in Europe—and in other Castioners—beat in Europe—and in other Castioners—and le knows.

The part railroads have played in the destignment of the Knited States is beyond measure.

American railroads have achieved high dashacks of public service by far-sighted and comparison invocations of capitals, and by the contact striving of managers and men for newards for soid well done.

elimination of grade crossings— and for mis-struction and engineering consumes that will re-duce the cost of transpartation.

To attract to the railroads in the future the inventment funds of many theifly eithens, the direc-ing persion of the most capable builders and man-agers, and the skill and loyalty of the best web-men— in competition with other industries of ding for capital, imanagers and most,—the railroad industry must had out fair rewards to capital, its managers and to the men.

American railroads will continue to set until standards and adopuntely serve the Nation's needs of the continue to be built and operated on the American principle of rewards for work well data.

How Competition Helps You

The competition that exists among the hundreds of meat distributors, large and small, means

> Rivalry in Prices Rivalry in Service Rivalry in Economy

Swift & Company sells meat at the lowest possible price, consistent with quality and service. Our profit of only a fraction of a cent a pound on all products is evidence of keen competition.

Rivalry in Quality

Swift & Company must provide the best service to your dealer or he will buy from our competitors. This means a supply of fine fresh meat always on hand for you at your dealer's.

Swift & Company must keep down manufacturing and selling costs, and use all by-products to avoid waste, or else lose money meeting the prices of competitors who do.

Swift & Company must make its products of the highest quality, or see you turn to others. This means bet-ter meat for you and a greater variety of appetizing, wholesome food.

We are as glad for this competition as you should be. It helps to keep us on our mettle.

The Successful Farmer Raises Bigger Crops

and cuts down costs by investment in labor-saving machinery. Good prices for the farmers' crops en-

courage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads-like the farms-increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion, which invariably results in poorer service at higher cost

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.

This advertisement is published by the Association of Railway Executives.

These deriving information exacerating the railroad eithe-ation may obtain literature by writing to The Associa-tion of Railway Econotics, 41 Brandson, How York.

and cuts down costs by investment i labor-saving machinery.

Good prices for the farmers' crops es courage new investment, more production and greater prosperity.

But the success of agriculture depend on the growth of railroads—the mode beasts of burden that haul the crops the world's markets.

The railroads-like the farms-increatheir output and cut down unit costs the constant investment of new capital.

With fair prices for the work they d the railroads are able to attract new capi for expanding their facilities.

Rates high enough to yield a fair retu will insure railroad growth, and prese costly traffic congestion, which invarial results in poorer service at higher cost.

National wealth can increase only as o railroads grow.

Poor railroad service is dear at a price. No growing country can long the price of inadequate transportati facilities.

This advertisement is published by Association of Railway Executive

Cash and Carry GROCERY

Cheer up! The worst is yet to come! Prices are still going up and the end is not in sight. But the stuff you produce is up more than the stuff you buy, high as that is, so don't get excited.

Just buy from the Cush and Carry Grocery and you will be assured of getting the lowest possible prices. That is the best that can be made of the situation, and kicking about high prices don't help any.

Strike Oil Sand in Peterson Well

Reports in the Express of Tuesday rmation from Kerrville are to the effect that oil sand has been struck in the Peterson well eighteen miles east of Rock Springs at a depth of 3900 feet.

Sem O'Bryant, field manager for Wood-Texas Campany, and who has been instrumental more than any other man in bringing the oil possibilities of Bandera County to the front, is gratified that this test has proven successful as it is in close proximity to the Vanderpool test for which he has the derrick up and rig and ca Miss Eva Thaliman, Lynn, Mass.

Judge O'Bryant has given much study to the geological formations in this section and the Peterson well had estimated over a year ago. He estimates the oil sands will be found in the immediate vicinity of Banders at from 1100 to 1409 feet according to location. His estimate for the Vanderpool well is 3100 feet.

Uvalde County.

The Century Oil & Gas Company' No. 1 Houston, 13 miles east of Uvalde, is drilling at 2230 feet, changing back to lime after abo forty feet of sand. The Bell Oil & Gas Corporation No. 1 Walcott, 5 miles northeast of Uvalde, is re-set-

REAL ESTATE

Bandera County lands are the finest to be found in the Southwest for stock-farming, and at present good farm and ranch land can be bought at prices below those of any county in this section.

We are in a position to bring sellers and buvers together and will be glad to list lands for exclusive sale at the usual rate of commission.

Let us know your wants, whether you desire to sell or to buy.

California's O-K

The State of California has placed her unqualified O-K on Horse-Shoe Tires by specifying them exclusively for all state owned cars.

This sixty-five thousand dollar con-tract was placed after Horse-Shoe Tires had proven their actual superi-ority. If a tire can make so good on the heat shrouded deserts, the finow clogged mountain passes and jagged mountain trails of California, do you wonder it is making so good right here? Let us tell you more about them.

Great Saving in Price

DR. PRICE'S Baking Powder

Only 25c for 12-oz. Can

Scientific methods of producing Dr. Price's Baking Powder with PURE PHOSPHATE make it possible to sell this excellent and wholesome baking powder at just about HALF the price charged when the powder contained Cream of Tartar.

Millions of women know Dr. Price's Baking Powder. The name has been a household word for sixty years. A multitude of women have never used any other kind.

The desire to reduce the cost of living has kept some women from using it, although they have often said to themselves: "My, I wish I could afford Dr. Price's Baking Powder." Now their wish may be realized.

Here are the Prices:

25c for full weight 12-oz. can 15c for full weight 6-oz. can 10c for full weight 4-oz. can

There is no longer any excuse for using a doubtful baking powder because it is cheap

WOMEN BEAT OLD THE COST

Sergeant 328 Infantry Colonel Governors Staff Tennessee ALVIN C. YORK WIFE

On October 8, 1918, Sergeant Alvin York and seven privates, advancing on a German position in the Argonne, faced an entire machine gun battalion. Official records show that York killed 20 Germans with his automatic pistol and rifle, captured 132 prisoners, and put 35 machine guns out of action. York received the highest American military decoration—the Congressional Medal of Honor. Upon his return from France, the Tennessee Legislature commissioned him a Colonel, for life, on the Governor's staff.

A Black-Draught Family

To a reporter, who visited the York home, Colonel York authorized the publication of the following statement:

"My mother has used in our family for years, Thedford's Black-Draught for torpid liver, stomach trouble, headache and other troubles. We certainly can recommend it and gladly do so.

"We use it constantly and call it our family medicine. My mother doesn't think she could get along without it, and we, when children, dared not complain unless we wanted to be dosed with

HE'S THE OLD RELIABLE

GRAND old "Bull". He's the best there is. He sold over 300,000,000 bags last

year.
You know genuine "Bull" Durhamnever an enemy; millions of friends.
Genuine "Bull" Durham tobacco — you
can roll 50 cigarettes from one bag.
That's some inducement, nowadays.

GENUINE

To pipe smokers: Mix a little "BULL" DURHAM with your favorite to-bacco, It's like sugar in your coffee.

THE BANDERA NEW ERA

As expressed by one of the delegates from Medica, the last seen of Jacks from Medica from Medica from Medica for Medica Medica from Medica M

What are we going to do about aivantages of a first-class school when we have an opportunity to give it to them? Let us at least give it to them: Let us at least vote the extra ten cents school tax allowed by law, and then support the amendment that will give us the right to vote as much more as we

We call attention of the candi-ates for office in this county that dates for office in this county that the New Era announcement tolumn is open and our readers' are expect-ing to see the names of office seekers therein. In most counties in they section the candidates announced two months ago. What is the matter with ours, or are the offices to go begging?

Remember I am still buying poul-try and eggs, also boney and other produce. Phone me for prices before selling. F. R. Caffall. Pandera.

Methodist Sunday School Day, infactory. Schools may be classified temporarily as arbools of the second class and 3rd class with only eight and seven months' free term.

High schools of the 2rd class must family to be present, especially those elementary and one high school; a full report of the informa

and those of the second class, four ementary and two in high school. Teachers of high schools must

hold certificates not lower than feet

schools must have a high school library to cost not less than \$250 and \$25 worth of books for each room of the siementary grades. Third class high schools must have a \$150 high school library and \$25 worth of broks for each room.

Every classified high school of the cond class must have one unit of aboratory equipment costing not less \$125; third class schools the

There are numerous other reulrements all of which are naturally overcome by those mentioned

the way which is not metioned above, which if not overcome will continue to hold our school down, not hope to advance our achool or even hold it up to its present standard with a maintenance tax of 15c.

everal vital requirements to be met any one of which, if not met, would prevent us from attaining classification as a high school, or affiliation. This is a deplorable and regretable

situation we are in from an educational standpoint, but we can reme dy conditions if we will. We have the same laws and opportunites under which other towns have built up their schools to affiliation.

As a first move to improve the situation we favor voting our full limit of 25c maintenance tax. What do you think about it?

Teachers Examination.

An examination for teacher's certificates was held Friday and Saturday at the Bandera Public School building, the board of examiners being Misses Mary Noonan and Jessie Johnson. Miss Eugenia Johnson took the examination in one subject and Mr. Douglas Hay was also before the board.

Hereafter through the summer a eachers examination will be held on the first Friday and Saturday in tificates.

That Shallow Oil Well.

Considerable excitement was caused by a report in Monday's Express that a "flowing oil well" had been this well, as far as the writer can learn, are these: E. T. Peters and John Heinen have been drilling an artesian water well for Elviou of town. They are now down 700 Last week after passing

through some sand they dispovered oil on top of water bailed out of the well. Mr. Chas. Bensley, head driller for the Rex Co., and an old driller, was invited out to see the well. He told this writer that he examined this sand and made čare and that is a lack of funds. We can ful tests, which convinced him that a five-barrel oil well could be brought in at that depth if the ex act location of the sand could be Thus it will be seen that there are found and the well plugged and screened in at that point.

Wool Prices Are Lowers No Bids Were Received.

A. C. and L. A. Schreiner went to San Antonio the first of the week from Boston and Philadelphia, where sealed bids were expected to be received on the wool stored at Kerrville in warehouses of the Schreiner Wool and Mohair Commis sion Company, amounting to more than one million pounds. However, not a bid was received, nor is it known how soon any bids will be

It appears, that recently, the English government put on the market at Hoston quite a quantity of Australian wool, which was sold at from 20 to 30 per cent less price than wool had formerly been bringing, and this of course affected the price of wool in the United States. bringing the prices down and also causing the manufacturers to witheach month for all grades of cer- draw from the market until they could ascertain how much lower the price would go.

In addition to the more than one million pounds offered for sale by the Schreiner Company, as agents, Bring your corn to my new mill, there is over a half million pound I will gried it into meal or chops, to come in yet. This represents a or bring me your wheat, and I will large amount of money tied up in make you some good Graham flour, wool that is owned by people in this They say my meal is goode Try it section, and it is to be regretted and see. Must Pay State Land Interest.

Land Commissioner J. T. Robin-son has written the County Clerk that owners of State School Land must pay all interest due to Nov. 1, 1918, if they don't want their land forfeited in August. The Commis-sioner says he will not be able to sand personal notices and hopes all interested will take notice from this

school land, on which ten cents per acre due the state and to owner of the surface, will be forfeited withut notice unless payment is made

discussed, and from that specting the bonus committee will be set to work. Let every citizen interested in the welfare of county, the town and himself, come to this meeting

next hundred years.

A meeting will be at Medina Monday afternoon at 3 o'clock and the promoters will be present and fully

discuss the proposition there.

Talk up these meetings and if you haven't any enthusiasm upon the subject attend the meetings and try to become enthused. It is not a proposition to help somebody else, it is simply a matter of self interest that we help to put this proposition through.

LIFT OFF CORNS!

Why Dr. PRICE'S "Cream" **Baking Powder**

is made with pure Phosphate

Because our scientific methods of production make Dr. Price's Baking Powder the "Cream" of Phosphate Baking Powders.

Because the use of this pure phosphate makes it possible to sell Dr. Price's "Cream" Baking Powder at about HALF the price charged when the powder contained Cream of Tartar.

Because we knew there were thousands of women who would welcome, at this low price, a good, pure, wholesome baking powder, guaranteed by a name famous for quality for 60 years.

Contains no alum. Leaves no bitter taste. Never disturbs digestion. Here are the prices:

25c for 12 oz. 15c for 6 oz. 10c for 4 oz.

It Pays to be Honest

capital, two to one. We heard of a first about in my matter he un- have executed the same. young man recently who refused to dertakes the is a successful salroad. Witness Mark McDryde, Clerk of I hereb do a dishness set for his employer of has built salroads on the County Court of Banders of the county of Banders of the county Court of B and so list his job. He fest rather due to the house are constructed and woodcools whether his dress matches have a substitute and woodcool whether his dressmances. He sequentations by a not. Soon the telephora range with the incremental of the sequentation of the s

teaching was airight. It pays to be

honest .- Devine News.

A man telephoned from Bandera this week to the effect that Bendera County had raised ner part of the railroad becus, and he wanted to know what Edwards county had done. The Randers people are to be commended for their energy and

enterprise .- Etwards County Leader. The above would be good news if true, but we are sorry to say it is a mistake. Banders has not even gotten to work on the bonus proposition good yet. We hope to go a long way towards raising our part of the bonus, but we don't want any false impressions to go out

The corn crop is the best ever seen in this county. Cotton, however, is a failure on account of boil weevils. Many fine crops that were promising a big vield are now said to be literally ruined by the weevil. Corn and hogs is the safest combination our farmers can adopt for sure returns. Of course the micks of sheep and goats and a few cowe must not be overlooked.

Don't forget your subscription.

BETTER BREAD ... LESS CARE. BAKE WITH

Bread baked with Liberty Bell Flour is always appetizing --- always tastes better be-cause it is milled pure and clean.

Liberty Bell Flour makes bread nutritious -bread that contributes to the health and delight of the whole family. It gives strength, yet fails to weight one as does some foods in summer.

And bread is not the only flour product food item that the use of Liberty Rell improves. Use it for cakes, pas-tries, pie-crusts, bisecults, rolls and mflins. He sure to ask your grocer for Liberty Bell Flour.
