In all the family of foods, HREAD is man's truest friend. No other one food item plays as important a part in our nation-ri diet. No other one food offers the friendly estifaction to be found in pure, good bread-truly the Universal food.

And breed, to snewer such a demand, must come from high-grade floor. LIBERTY IFILL FLOUR has won the heart of the big Sauthwelt-won on its worthiness-on the fact that producers of Liberty Bell use the best wheat grown-and the most scientific milling process known to man.

Drilling is now nder way on the first test well at Vanderpool. Splendid progress is being made and barring mishaps the work will go forward rapidly,

The stock allotted me is for Uvalde and Bandera counties The property has the endorsement of the best geologists. The company is bonded to drill 4,000 feet with ample provisions to go much further; all necessary materials are on the grounds and paid for and the proposition is one that I have invested money in myself and can conscientiously recommend to my friends.

Those desiring to subscribe for stock in the Wood-Texas Oil Co. may send money orders or checks to me. I will personally be responsible for your money until your stock certificate has been delivered

Remember -- the block of stock ellotted to me amounts to but \$5,000 and the price goes up to \$15 per share on Oct 15 -so act without delay. Stock is now selling for \$10 per share.

I extend a cordial invitation to my friends to visit the property and view the drilling when in the neighborhood of Vanderpool.

FOR MY FRIENDS BEFORE THE PRICE GOES UP

At the instance of persistent solicitations I have prevailed upon the offcers and directors of the WOOD-TEXAS O'L COMPANY to allot me a \$5,000 block of stock to be disposed of to my friends before the price goes up.

October 15 is the day scheduled for the advance of stock from S.o per share to \$15 per share and those desiring to participate in Bandera's first real big oil test should act without delay.

Drilling is now under way on the first test well at Vanderpool. Splendid progress is being made and barring mishaps the work will go forward rapidly.

The stock allotted me is for Uvalde and Bandera counties The property has the endorsement of the best geologists. The company is bonded to drill 4,000 feet with ample provisions to go much further; all necessary materia's are on the grounds and paid for and the proposition is one that I have invested money in myself and can conscientiously recommend to my friends.

Those desiring to aubscribe for stock in the Wood-Texas Oil Co. may send money orders or checks to me. I will personally be responsible for your money until your stock certificate has been delivered

Remember--the block of steck elletted to me amounts to but \$5,000 and the price goes up to \$15 per share on Oct 15 -- so act without delay. Stock is now selling for \$10 per share.

I extend a cordial invitation to my friends to visit the property and view the drilling when in the neighborhood & Vanderpool.

UR BIRTHDAY SALE

10 to 25 per cent Discount on Our Entire Stock

The patronage and friendship of the people of Bandera county, has been an important factor in the building up of our business. Apprecating this, and anxious to show our appreciation, we extend a cordial invitation to them to attend our birthday sale.

You will find here no special lines offered at an unreasonable discount, to catch trade. The sale discounts sweep the entire stock, ranging from 10 to 25 per cent. We have an immense stock of furniture and household goods. We were more fortunate than many others, during the time when factories of all sorts were refusing to fill orders, on account of shortages of all kinds. We succeeded in getting the goods, and now we are offering them to our customers at prices they can easily afford to pay.

If you are in need of anything for your home, you will find it here. The quality is right. The price was right, even before the green tag went on, and with that reduc-tion every piece is a bargain. We shall be glad to have you come to see us at any time during our big Birthday Sale. If there is something you need, and with to buy, it shall be our pleasure to sell it. If nothing is wanted, we shall have had the pleasure of again meeting you, and welcoming you to our store. welcoming you to our store.

OUR BIRTHDAY SAL

10 to 25 per cent Discount on Our Entire Stock

The patronage and friendship of the people of Bandera county, has been an important factor in the building up of our business. Apprecating this, and anxious to show e appreciation, we extend a cordial invitation to them to attend our birthday sale.

You will find here no special lines offered at an unrease sble discount, to eatch trade. The sale discounts sweep the entire stock, ranging from 10 to 25 per cent. We have an immense stock of furniture and household goods. We were more fortunate than many others, during the time when factories of all sorts were refusing to fill orders, on account of shortages of all kinds. We succeeded in getting the goods, and now we are offering them to our customers at prices they can easily afford to pay.

If you are in need of anything for your home, you will find it here. The quality is right. The price was right, even before the green tag went on, and with that reduction every piece is a bargain. We shall be glad to have you come to see us at any time during our big Birthday is also like the property of the property Sale. If there is something you need, and wish to buy, sale is there is something you need, and wish to buy is shall be our pleasure to sell it. If nothing is wanted, we shall have had the pleasure of again meeting you, and welcoming you to our store.

Then how fine it would be for Bandera to have a general county fair where all the "arious community fairs could bring their displays together and compete for e-mmunity and county honors. The writer can testify to the splendid success of the Tarpley fair. Many of the exhibits would have done credit to a state fair. We hope to give a list of the prizes next week,

It is being strongly suggested that our county commissioners have pub-lished once each quarter an itemized report of all receipts and dispursements of the county funds so that the tax payers can see just how the ney is being expended. Of course the finance books of the county are open for inspection by any citizen, but it is a good deal of trouble to go to the court house and hunt all through a lot of books to get the deaired information. In nearly every county in this section, the county papers have this statement in full each quarter and it is paid for out of the county funds. In fact we believe the law implies that such should be done.

Phone Cr. 6080

As the intermittent typic insappears from America, men are developing greeter appetties. Their teste sense is keener. Food is in the lime-light And to make sure it may pass without criticism from the men of your household, it is es-sential that a wholesomely good flour be demand-ed, because bread that is palateable—satisfying goes a long way towards perfecting any meal.

Bread baked with Liberty Bell Flour is uniformly good. Use your best re-cipe, and bake with Liberty Bell Flour. Demand it by name,

Sheriff, Bandeca County, Texas

At Rowena, Texas, Thursday, Oct. 14, at 4:50 o'clock, a.m., the death angel entered our home and took she from us our dear, faithful mother, from us our dear, faithful mother,

Carrie Spencer. Her body was \$25 Montery St., Phone Travis 476,

San Antonio, Texas.

She has crossed the dark river; She has suffered all her pain; She has gone from earth to heave But in heaven we can meet her

waiting
And beconing us all to come on
How happy will be this meeting,

we stood by her bedside grievi we stood by her besided grieving.
And saw her breasthe her last,
While her spirit was gently leaving
From life into death she passed;
I kissed the sweet face of mother,
And his her a long and adjeu;
On such there; will be he odder.
That was more faithful and true,
She brought me to this world of

And cared for us night and day, For sin she had a horror.

But God has taken her away.

He has taken her home to glory.

She is resting now at perfect as

Sine is resting now at perfect.
God, fulfill that sweet story.
And take me to mother pleas.
Savior, our blessed redeemer.
My heart is filled with grief,
Seen the death angel for me,
It will give me aweet relief.

The Cause.

When Coffee Disagrees—Use POSTUM CEREAL

Coffee drinkers, who switch from their accustomed table drink, almost always turn to Postum because of its deli-cious coffee-like flavor.

There's no harm to health in Postum. Much as it tastes like coffee, there is no coffee in it. Boil Postum a full fifteen minutes, and you develop that rich flavor you so much like.

The State of California has placed her unqualified O-K on Horse-Shoe Tires by specifying them exclusively for all state owned cars.

This sixty-five thousand dollar con-tract was placed, after Horse-Shoe Tires had proved their actual superi-ority. If a tire can make so good on the heat shrouded deserts, the snow degged mountain passes and jagged spountain trails of California, do you wonder it is making so good right here? Let us tell you more about them.

The State of California has placed her unqualified O-K on Horse-Shoe Tires by specifying them exclusively for all state owned cars.

This sixty-five thousand dollar con-tract was placed after Horse-Shoe Tires had proven their actual superi-ority. If a tire can make so good on the heat shrouded deserts, the snow degged mountain passes and Jagged mountain trails of California, do you wonder it is making so good right here? Let us tell you more about them.

Women of Middle Age

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change in her life without experi-encing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, smothering spells, fainting spells, nervous troubles and irregularities are symptoms that should have prompt attention. These two letters prove what a successful remedy Lydia E. Pinkham's Vegetable Compound is for women at this time of life.

for the locusts and the widerness, but it may be, after all, that we need a long rest and plenty of exercise in the open air.

Democracy's old Ship of Zion, It has been said that The Youth's plenty of exercise in the open air. Democracy's nid Ship of Zion, with her sails tattered, her masts riven and's hole in her bottom, rode the storm out, but to the dry docks she must go. Soon again she shall like her spreading canvas to the America. There is good re-believe this to be true. But the important thing is that the influence of the paper upon its millions of res-ders has always been directed to building character. "East, West building character. "East, west gale's acreaming challenge and she'll plow the billows to the haven ders ins always been directed to building character. "East, West home's best," has been its unutterd siogan. In its articles, editorial and otherwise, it has dwelt upon the im-portance of good eitzenship. In all its contents it has almed to give not only entertainment, but "stepping-stoom to higher things." A Word About Our Rates

The price of print paper is not one cent lower than it was six months ago and indications are that it will not go lower this year. The \$2,00 and some to \$3,00 and \$3.50 The New Era hopes to maintain it \$2.00 rate. We will not go higher even if we have to stop publication Some may wonder why the Express can offer a 75-cent rate on its Semi-Weekly. The Express is getting rich from its high advertising rates The larger its circulation the mo-it makes on its advertising, for i rates are based on circulation. It could afford to send the paper out for nothing if the postal laws would permit. The New Ern is getting the same advertising rate as when we took charge of the paper al-though our circulation is three times what it was then. We tried to raise half of our local advertise we hope our subscribers will under-stand that we are doing the best we can under present conditions, and that all will renew their subscrip-

Ford

Out of more than 4,000,000 Ford cars now in use, about sixty percent have been sold to farmers. Probably no other oner thing has brought to the farm so much of confert and profit as has the Ford car. It has ealinged the social life, doubled the facilities for marketine, brought the town next door to the farm, suitiplied for the farmer the pleasure of living. A family car without an equal in low cost of operation and maintenance. We solicityour order for one now because the demand is large and continually increasing.

O-K

The State of California has

placed her unqualified O-K on Horse-Shoe Tires by specifying them exclusively for all state owned cars.

This sixty-five thousand dollar contract was placed after Horse-Sine Tires had proven their actual superiority. If a tire can make so, good on the heat shrouded deserts, the snow degged mountain passes and jaged mountain trails of California, do you wonder it is making so good right here? Railroad Meeting at Medina.

At the railroad meeting Tuesda night more enthusiasm, was shown among the local citizens than at any among the local cifficing than at any previous meeting. Takis were made by G. W. Panta, Rev. Dpnn and Raymond McHaney, After which the time was given over to an open diseasion. It seems that all har-riers and misunderstandings have been disposed of. Chaftman J. E. Browning read some clippings he had taken from the San Astonio Ex-press which showed that if we did had taken from the San Astonio Ex-press which showed that if we did not come across with our part of the bonus notes, we would miss getting the road. We believe, from the interest shows at this secting, that Medica is going to do her part toward raining the required amount to get this road. For the most part their people seem to be of the same time to be a second of the second results of the second of the second raining the second of the second of the raining right of way. Monday convessing will begin. It is bough that the most of the efficiency will sign the notes while in town Starriow. the notes while in town Saturday and save the trouble of canvassing.

We are all happy to see so much interest shown and hope that it will not weaken until after every land owner of this county has signed a bonus note for the largest amount it is possible for him to.

A meeting will be held at Tuff
Saturday night and at Lima
and Rocky on the 10th, when
committees will be appointed to solicit signatures to the bonus.
