CAt School ... and after

OARDS OF EDUCATION have provided that your children shall have well lighted classrooms. Modera schöolhouses are constructed with plenty of windows to aid nature houses, are constructed with plenty of windows to aid nature in furnishing light during ordinary days. On full days and late alternooms in winter when artificial light becomes necessary it, is supplied by well planned lighting systems. . . well cared for so there will be no empty sockets, and no burned out lamps.

At home ... during the evening study periods .. do you co-operate with your Board of Education? Do you see that your chil-dren have well lighted rooms in which to study? Do you see that, there are no empty sockets and no burned out lamps?

Not only should your home be well lighted—it should be sup-plied with good light, soft light of proper intensity. Harsh glaring lights are just as harmfuff, if not more so, than poor lights.

Edisofi Mazda Lamps furnish good light . . they are the product of twenty-three years lamp making experience. They are frosted to give that soft light so easy on the eyes. The frosting is on the inside leaving the outside smooth for easy cleaning.

60 watt lamps are ideal for home use. Buy a carton of them during the October Lamp Sale at the reduced price of \$1.32 a carton, six lamps to the carton. Pay for them on your next two bills—66c on each. Fill up the empty sockets, replace the burned out lamps, and

Ask any employee about our Special October Offer on these new inside frosted Edison Mazda lamps.

BLACK & DECKER METHOD to Grind Valves Clean Carbon

Look for the "SIGN OF THE WINGS," it identifies the shop equipped to grind Valres and clean Cerbon by the Black & Decker method.

WE have installed specialized equipment for grinding valves and cleaning carbon by what is known as "The Black and Decker Method." Carbon is removed and valves and valve seats removed and valves and valve seats refaced by means of special elec-tric-driven machines and, before the motor is re-assembled, each valve receives an individual com-pression test to prove that it is ab-solutely gas-tight.

You will be surprised at the tre-mendous improvement in the op-eration of your motor if you will let us grind the valves and clean the carbon. It doesn't take love and it doesn't cost much.

LOOK

BEFORE YOU BUY!

Prora childhood days, you have been told to 'Look before you Leap.' That's a mighty good maxim. We all think it unquestionably good advice.

But newadays, the ethics of good business does not approve of uch methods. A good business house frankly enjoys fair compe-tion. No business man wants to sell a customer something that he customer later on finds he dishry want.

IT HAS ALWAYS BEEN THE POLICY OF LEE MASON AS SON to urge their customers to "Look before you buy"—and to "Shop before you Buy."

For Instance, When It Comes to

It does burt our feelings like everything if some of our old riends in Bandera. Medina and vicinity it lant our fault ever, if veryone in the Hill Country lant our friend bury an automobile eithout giving us a chance to show them our Chryslers.

We tray such clock infect it would not not seen to see whether the conting to sure and see us. Now, as sendedly don sold, "There's reache the table?" Please records on the sone, as yes read the reaches on the stable?" Please records on the stable? "Please records on the stable?" Please records as one of spice or previous consideration, until you have first seen the ew Chrysters, and obtained the new low prices."

Mr. D. C. Greer is now our Salesman in Bandera, Medina and vicinity.

You will find him thoroughly capable of answering all our questions about our great Chrysler Astomobiles. Look for his Teenmontraille car." Drop us a line, if you can be about to drop in, and see you, without the slightest like him to drop in, and see you, without the slightest will appreciate all contraines extended the

CONSTANT EXPANSION

-to serve Chevrolet owners better

INCE January 1st more than a million new Chevrolets have been delisered to owners mole Motor Company, for the second consecutive year, the world's largest builder of automobiles

This outstanding achievement has been attained not only be-cause of the quality and value of Chevrolet cars—but also be-cause there has been a constant expansion of Chevrolet service facilities.

facilities.

In order to bring these manmoth facilities of the Chevrolet
factories to Chevrolet dealers
and owners everwhere, there
have been erected, 26 huge
pars warehouses in the principal centerool distribution. This
expansion program is continually going on-fer four great
additional warehouses will be
and seven more by the nummer of 190 and seven more by the nummer of 190 and principles.

under the supervision of Chew-rolet engineers. This equip-ment definitely assures maxi-mum speed-and precision and the lowest possible cost in the performance of sever, Chevfo-letservice and repair operation— which are charged for on a flat rate basis.

flat rate basis.
Furthermore, all of these tremendous facilities have been
made available to 15,000
authorized service stations
manned by skilled mechanica,
factory trained to efficiently
handle every repair operation
on a Chevrolet car. In addition,
there are over 4,000 other
points where granuine Chevroter pars may be obtained.

ter parts may be obtained.
Uniformly efficient, uniformly reliable and within easy reach of everybady everywhere—thia great service organization is maintaining at peak efficiency the fine performance for which Chevrolet, cars have always been renowned.

Wecordially invite you to come in and see how our service facilities reflect the influence of this great national service

VOLUME

PRODUCTION

Has Meant Greatly

Reduced Prices

Ther's a Chrysler for EVERY Income

The result of volume means that today you can buy a Chrysler "Plymouth" Coupe, delivered completely equipped, for \$550.00; a Roadster is \$840.00; a Fordor Sefan is \$500.00

Y can buy a "85" for \$1375.00 in a Coupe, 1375.00 in a Coach of \$1353.00 in a Fordor Sedan. The "65" not only is greatly re-duced in price over its predecessors, the "60" and "63" but is now a car that compares in general size to the original Chrysler "70".

There is a Chrysler for EVERY Income. Before you buy any car, come in 'and inuestigate the Chrysler.

And one other thing! After some fifteen years' experience building automobiles, at the head of many of the largest compa-les, some did not know Chrysler well'enough to believe in h when he built his own car.

But now he has been building his own car for an additional five year! We believe that in this time it has made the most phenomenal success of any automobile erre built. The reason for this success has simply been VALUE: field for wourself just how far ahead Chrysler Automobiles ore—and find out for yous-elf the VALUE that is built into them!

The new Modela—the still lower prices—the greatest demand for them in all Chryslerhistory—is still making it hard for us to get cars. We urge you to let us demonstrate, and then give us your order for this model that you prefer.

Likewise, the "75" has been vastly improved—and yet its has been graduated to a lower plane. A Coupe or Fordor S is now \$1775.00. It compares today to the original Chrysler

In 1224 12,000 Cars
In 1225 127,226 Cars
In 1226 176,414 Cars
In 1227 122,720 Cars

The Initialed Napkin Ring

Who gives initialed napkin rings for Christmas presents? Absurd? Perhaps a bit, but many, many

Christmas gifts are as valueless to the owner as an initialed napkin ring.

An electrical gift is prized because it is always a convenience and in daily use. Beauty and utility are admirably combined in the electrical appliance.

A large array of gift suggestions are open for your choice: For the women there are percolators, waffle irons, heating pads ... an electric range or washer . . . perhaps a toaster or a new iron. An equally diverse selection is here for the man. Whenever it's electrical, it's sure to be liked.

See the excellent selection of gifts now in our showroom . . . you'll solve your gift problem

知何知知知知知知知知知知知知知知知知知知知 terminist acceptation to the content of the content

The real Christmas spirit is most fascinating. It is one of the most wonderful elements known to civili-zation. The earlier it starts in the annual holiday season, and the longer it lasts, the better. In this December of the year 1928 we sincerely wish you a Merry Christmas and a Happy New Year.

Fred L. Cosgrove GROCERIES

Once more the Holidays are with us and as they come to you they bring our kindest wishes for a very Merry Christmas followed by a happy, prosperous-New Year. In following out this good old custom of extending the season's greetings may we also express our appreciation of your Good Will and of our desire to serve faithfully and conscientiously during the New Year and the years to come.

First National Bank

As the Christmas Holidays approach, our thoughts are filled more and more with the value of Friendship. We cannot enthuse over business which is founded purely on Friendship, but the Friendships which result from 'mutually satisfactory business relations, are the finest byproducts of business. We cherish just such a feeling of Friendship toward you, and we cannot help but express it in the old-time hearty greeting. "A Merry Christmas and a Prosper-ous-New Year."

Outstanding Chevrolet

of Chevrolet History

represents 4 years of Development and over a Million miles of Testing

Years ago, the Chevrolet Motor Company designed and built its first experi-mental six evilunter motor. This far-sighted step was taken because Chevrolet engineers knew that the six-evilunter motor is in-herefully the most perfect six-vlinder motor is in-berently the most perfect-ly balanced motor—the ideal power plant to meet the growing public de-mand, for greater reserve power, faster get-away and, above all—mooth,

Chevrolet engineers'
were perfecting other
parts of the chassis. And
another great automotive
organization—the Fisher
Body Corporation—was
devoting its gigantic resources, to the creation of
the finest, sturdlest and
most beautiful bodies ever
offered on a low-priced
automobile.

As a result, the Outstand-ing Chevrolet offers an

Let's Go! Admission 20 and 40c

THERE is surprise when you first taste the melting sweetness of Ferry's aweet corn. It is not ordinary sweet corn by any means. Nor is a plump, red, smooth-skinned Ferry tomato like an ordinary, tomato. Nor are the Ferry's Seeds that the Ferry's Seeds you can plant the seeds. is a plump, red, smooth skinned Ferry tomato like an ordinary to-mato. Nor are the Ferry's Seeds that grow these like ordinary seeds.

today came from parent plants and grandparent plants that were them-selves purebred. Sixty thousand rests are made annually in the Ferry gardens for germination. Thousands of other trials are made for size, form, color, resistance to disease. So far as is humanly pos-sible, we determine that every crop will meet the Ferry standards.

Ferry's Seeds are easy for amateurs to make grow well, and are naturally the choice of professional gardeners. They are fresh for gardeners. They are fresh lor planting now, at the "store around the corner." No packet of Ferry's Seeds is ever carried over by the dealer for sale the second season. Send for the Ferry's Seed Annual. It is more than a catalog. Address D. M. Ferry & Co., Dept. H, Detroit, Michigan.

Your garden will have its best possible start with Ferry's purebred Seeds.

Give these energetic seeds a chance in your garden

ENERGETIC seeds take no more dig-ging, or raking, or caring for in a garden, than seeds that are not so full of the spirit to live. But think of the difference at harvest time! The energetic seeds withstand disease better - grow better and

buy today at the "store around the corner" are surprisingly energetic. is most important, they are pure-bred! These Ferry's Seeds came from plants that measured up to the Ferry standard in size, color, flavor, productivity — plants that have handed their inheritance on. They are pedigreed seeds!—in the strict sense you mean when you say a race-horse is pedigreed. Their

The Ferry's Seeds that you can

parents, grandparents, great grand-parents — all were of fine true stock, without an inferior strain. Doesn't this mean something to your garden? Send for the Ferry's Seed Annual to plan what you want. Remember that Ferry

makes thousands of tests a year to determine the trueness of every seed you now can spill into your hand from a bright Ferry packet.
Garden facts in the Annual make it far more than a catalog. Address D. M. Ferry & Co., Dept. H, Detroit, Michigan.

San Antonio Orenesura

TO MY FORMER CUSTOMERS

The business formerly owned by the J. R. Wallace Lumber Company at Center Point and Bandera, was recently sold by me to Mr. C. D. Wallace, of Kyle, Texas, and by him resold to the Alamo Lumber Company of San Antonio, Texas.

The Alamo Lumber Company is one of the largest retail lumber concerns in our state, doing business in many of the larger towns and cities of the state. The people of Center Point and Bandera trade terri-tories will boon realize themselves fortunate-in acquiring a business concern of this kind

I thank you for your past business and hope you will be equally as loyal to the Alamo Lamber Company who will be prepared to give you much better service than I was able to give.

J. R. WALLACE

To the Citizens of Center Point, Bandera and Adjacent Territory

We are pleased to announce that we have acquired through Mr. C. D. Wallace the lumber yards at both Bandera and Center Point formerly known as the J. R. Wallace Lumber Company and it is our intention to carry both at Bandera and Center Point a full and complete line of lumber and building materials of all kinds.

We trust we may have the opportunity of serving you for anything you may need in our line and assure you your patronage will be appreciated. Very truly yours ALAMO LUMBER COMPANY

Watch This Newspaper for Big Announcement Next Week

On Saturday morning, April 6th, at eight o'clock, the people of Bandera county will have an opportunity to at-tend the Grand Opening of one of America's most beautiful, modern and lowest priced grocery stores.

City prices will prevail—a full variety of high class goods will be carried, and from then on city service will be yours here in good old Bandera.

Bring the kids--we'll have souvenirs for them; bring the old folks--we'll have refreshments for them; bring everybody--we'll have music for them and low price groceries. Be here April 6th.

Big Celebration Opening

Saturday, April 6th, Bandera County will experience the greatest grocery event of its existence. A new low price record will be established and Bandera will have one of America most beautiful stores operating right here at home. City prices and city service will prevail. Mr. and Mrs. D. O. Tallman invite all their friends to come. There'll be red hot music all day, Aviation Coffee served free, and Fair-Maid Cakes, too, and balloons for the kids. Take the day off. Come to Bandera. Help us celebrate Bandera's greatest day. Come early, stay late. Be here.

The Man---President Hoover

From laundry boy in Stamford University, Herbert Hoover has arisen to President of the United States. When he entered his senior year his total assets in cash were \$14.75. "Saving a nickle on a quarter" by buying groceries from Jitney-Jungle would have certainly appealed to Herbert Hoover. How many of you who read this ad realize the importance of saving 20 percent on your

grocery budget?

1925 MODEL FORD COUPE. This car is in good shape, and has lots of service left in it. We are offering it offering to the pery low price of only \$150.00.

the famous Chevroles Red O. K. Tag system. Under this plan, we attach the Chevrolet Red. O. K. Tag to the radiator cap of every fecondi--showing exactly what vital units of the car have been checked or reconditioned by

chandising has ever been worked out-for it

Due to the great popularity of the new Chevrolet Six, we have on hand at this time a wide seleccars. Come in and look them over. You are sure to find exactly the car your want at a price that will amare you. Terms are exceptionally easy.

Mansfield & Blakeney Chevrolet Company

Look for the Red Tag "with an OK that counts"

Are You Hoping For Better Days?

How many times have you heard your friends remark, "When my oil well comes in, etc." It means that he is waiting for better days. Often he has invested a few dollars in worthless stock. He days. Often he has myested a few dollars in worthless stock. He is letting the ship of prosperity ride at anchor, depending on luck or chance to bring it in, or that unexplainable thing to "turr up." Be your own power boat and bring it in: The money saved at Jitney-Jungle is better than finding it. It's a steady income---a source of satisfaction and thrift.

After Careful Study-

IS it any wonder the Texas State Highway Department and many counties and cities in this great state build portland cement con-

The Bates Road, built by Illinois Highway officials to test pavements, contained 63 sections of three principal paving materials iri various combinations and thicknesses.

At the end of the tests, after 377,460 tons had passed—motor trucks gradually loaded until each rear wheel carried 8,000 pounds—only thirteen sections remained undamaged.

Ten were portland cement concrete; the other three had heavy portland cement concrete foundations

Experience and use prove also-there is no other pavement like it!

School Tax Carries --

Next Saturday, if the School Tax carries, property in this town increases in value. Property values, like commodities, are regulated by the law of supply and demand, and with the betterment of our High School facilities there will come an increasing de-mand for Bandera residence and business property, for people will want to come to this town to take advantage of an affiliated school. More population makes more business, so in a financial way an increased school tax is a good thing.

But the Greatest Benefit is the Investment wemake, if the School Tax carries, in Educational Advantages, for our boys and girls

The children of Bandera will be given High School advan-tages that will entitle them to enter college, without having to go to some other school ing to go to some other school to take a preparatory course to secure the necessary credits to enter college. With our present High School facilities we are not giving our boys and girls even half a chance. Really, we placing a premium on ignorance. So, from an educational standpoint the increased tax is a point the increased tax is a good thing.

Bandera Goes Forward--If the School Tax Carries!

Be It Mesolved, That the Banders Chamber of Commerce, in regular session, fully endorse, and use its best efforts to further and promote the proposition to om Saturday, May 11, 1929, vote an increase in the school tax in Common School District No. 1, Banders county, not to exceed \$10.00 the \$100 valuation, and said increase being about 75 cents on the \$100 valuation, and said increase being about 25 cents on the \$100 valuation, to supplement the present maintenance tax for the purpose of affiliating Banders High School.

UNANIMOUSLY ADOPTED.

Bandera Chamber of Commerce **Endorses This Proposition**

Bandera needs a school affiliated with all State Colleges and Universities. An affiliated school is a standardized school in which certain requirements set forth by the State Department of Education are met. We need an extra teacher in Bandera High School, more Laboratory equipment in Physics, and a larger Library for research in History, Civics and English. If our school is brought up to this standard our boys and girls can go direct from this to any college with clear entrance, and will not have to take examinations or do preparatory work for several months to prove their work. The Chamber of Commerce asks every tax paying citizen of Bandera School District to go to the polls Saturday and vote for the school tax. The following resolution was passed at last meeting, and signed by members:

Be It Resolved, That the Bandera Chamber of Commerce.

Vote for the School Tax Next Saturday

WHY CAMELS ARE THE BETTER CIGARETTE

Camels are made of the choicest tobaccos

The Camel blend of Domestic and Turkish tobaccos bas never been equaled. Camels are mild and mellow. They do not tire the taste,

They leave no cigaretty after-taste. Camels have a delightful fragrance that is pleasing to everyone.

Friendship or-Money

The fellow with a lot of money might wonder where his friends come from, but let him lose his fortune and his friends are gone. JITNEY-JUNGLE values the friendship of the poor man equally with the well-to-do. We derive as much satisfaction from a family saving all possible that they may give their children advantages, or it may be a payment on a home, or debts contracted for. Whatever it may be we are mighty glad to help them. "JITNEY-JUNGLE SELLS GROCKRIES FOR LESS"

New CHEVROLET Sixes on the road since Jan. Ist

Today's Chevrolet is scoring a huge nationwide success because it represents one of the most sensational achievements in automotive history —a Six in the price range of the four.

The Chevrolet six-cylinder engine delivers its power freely, quietly, and easily throughout the entire speed range—delightfully free from annoying vibration and rumble. Combined with this remarkable six-cylinder smoothness are equally remarkable speed, power and accelera-tion—and an economy of better than twenty miles to the gallon.

In addition to such sensational performance the Chevrolet Six offers the outstanding advan-tages of Bodies by Fisher. And no car ever provided a more impressive array of modern and VV one-piece windshield in closed models, easy action clutch and gear-shift, ball bearing steering, and instrument panel complete even to theft-proof Electrolock and electric motor

BUYING POWER GIVES SAVING POWER

Your jitney-jungle store is a nome-owned, home-operated institution and still has every chain store advantage. Jitney-jungle stores in 1928 combined bought more than 10 million dollars from manufacturers and wholesalers and this tremendous buying power was passed to the public as dividends by saving Jitney-jungle customers a "blickel on a Quarter"

OUR OBLIGATION instant response to your touch

hen you touch a switch you expect—and get—imme-There can be no compromise and no diate action delay. Public Service carries with it an obligation to serve instantly.

To fulfill that obligation we have evolved an efficient organization of machinery and menchinery reflecting the best and most modern knowledge-men imbued with the thought that, irrespective of conditions, despite obstacles, difficulties that must be surmounted-"Service must go on".

Planned Dependability

The territory we serve is growing rapidly. To parallel that growth, and to provide for the in-creased demand made by it for public utility service, we are constantly investing large sums in additional equipment, and training additional men to recognize, and appreciate, that our watch-word must ever be, "Service must go on".

Make or Break a Date and Be There

DON'T GAMBLE ON HEALTH!

We know it's a mighty hard problem to select proper food these hot days, and it is one most exacting. You cannot depend on some clerk to suggest what you should eat. Your menus would be constantly unbalanted if you did. The only sure way is to go to Sitney-Jungle personally and select the foods that will protect your family's health.

"JITNEY-JUNGLE ALWAYS THANKS YOU"

HE success of any enterprise must always be in direct proportion to the extent to which it enjoys the confidence of those it seeks to serve.

Confidence is the inevitable result of the Golden Rule in Business—of the consistent practice of straight-forward dealing, of meticulous, unswerving honesty, of a dominant desire to perform a valuable, needed service.

Confidence is the intangible yet priceless asset that gives prosperous continuity to business: and, we think, this is particularly true of the utility business, which, more than most others, is dependant upon the regard and esteem of those whom it serves.

The Central Power and Light Company is constantly striving to maintain service of a standard sufficiently high to fully justify the confidence of its customers.

The Christmas Fund

People who think ahead are now thinking about Christmas. Throughout the twelve states in which Jitney-Jungle stores operate, thousands of families are now accumulating their Christmas fund by "saving a nickel on a quarter" on their grocery budget. When Christmas comes they will be ready with the cash in hand, and there will be no after Christmas bills. Think this over, and start today.

-the Car of Universal Appeal!

 $S^{
m INCE}$ January 1st, over a million one hundred and thirty-five thousand six-cylinder Chevrolets have been produced. Naturally, this is an outstanding industrial achievement. But it is more than that. It

is a great public endorsement of Chevrolet's policy of progress: to build a quality automobile whose design

incorporates every possible feature of progressive engineering . . . whose beauty is distinctive, smart and

satisfying . . . whose reliability is assured by fine

materials and precision manufacture . . . and whose

price is so low as to be within reach of the great majority of the people. We want you to know what

this policy has meant in the development of the Chev-

rolet Six-the modern car of universal appeal. We

want you to know that Chevrolet has brought within

the reach of everybody, everywhere, all the advantages of smooth, six-cylinder performance. Come in today!

THIS IS CHEVROLET NATIONAL DEMONSTATION WEEK

ALSO NEWS REEL AND COMEDY

Today - Chevrolet announces

THE GREATEST

Today, Chevrolet presents the Greatest Chevrolet in Chevrolet History-a smoother, faster, better Six-with beautiful new bodies by Fisher.

Basically, it is the same sturdy, substantial Six which won such tremendous popularity in 1929. But it is a greater car in every way-for there are scores of vital

to comfort, performance, endurance and safety!"

An improved six-cylinder valvein-head motor, with its capacity increased to 50 horsepower; four Delco-Lovejoy hydraulic shock absorbers; fully-enclosed internal-expanding weather-proof brakes; a new dash gasoline axle; new Fisher non-glare windshield; larger tires-

these are typical of the many improvements which make this car the Greatest Chevrolet in Chevrolet History.

But most impressive of all-this smoother, faster, better Six has

-at greatly reduced prices!

During 1929, more than a million three hundred thousand sersons bought six-cylinder Chevrolet. This enormous voluments made possible many savings in the Chevrolet factories—and, in keeping with its long-established policy, Chevro-ride in it—and judge for yourself its sensational value.

Money Is of No Value!

Emerson said, "Money is of no value; it cannot spend itself. All depends on the skill of the spender." There were no Jitney-Jungle stores in Emerson's time, but in the back of the old sage's head good common sense abided. He undoubtedly was thinking about saving when he penned the above quotation.

IN POPULARITY CONTEST

The Bandera New Era ANNOUNCEMENTS

We wish to announce that, starting February I, we are going on strictly a cash basis, with absolutely no credit to anyone. We entered into business with the intention of fixing fair and satisfactory service to all of our customers and in order to do this, it is very necessary that we collect our money. This will mean a saving of hundreds of dollars for us each year, and we intend to pass a part of it on to our customers by giving a one cent cut in gasoline prices, which last year would have amounted to \$72.894, and also a 5 per cent discount on tires which would have saved our customers \$251.10 last year. We will be able to quote better prices on parts and and accessories. This will give us more time to do satisfactory repair work and also keep a better stack of parts and accessories, both of which are necessary for efficient service.

CUT COST OF DISTRIBUTION

How FORD METHODS

Lower profits in selling save you at least 850 to 875 in addition to the many savings in manufacturing

TWENTY-SEVEN years ago the Ford Motor Company was formed to provide reliable, economical transportation for all the people. That original purpose has never changed. The constant effort in every activity is to find ways to give you greater and greater value without extra cost -frequently at lowered cost. This applies to distribution and similar important factors, s well as manufacture.

For the Ford Motor Company believes that its full duty is not only to make a good automobile at the lowest possible price, but to see that there is no waste, extravagance, or undue profit in any transaction from the time the car leaves the factory until it is delivered to your home. It is obvious that hard-won savings in production will be of little value if they are sacrificed later through excessive selling costs.

Every purchaser of a motor car has the right to know how much of the money he pays is for the car itself and how much is taken up by dealer charges. If these charges are too high, one of two things must happen. Either the price of the car must be raised or the quality lowered. There is no other way. The money must come from somewhere.

In the case of the Ford, the low charges for distribution, selling, financing and accessories mean a direct saving of at least \$50 to \$75 to every purchaser in addition to the still greater savings made possible by economies in manufacturing. Ford charges are not marked up or increased to cover a high trade-in allowance on a used car.

The profit margin on the Ford car has always

been fair to both the dealer and the public. Within the past three months, it has been possible to effect still further economies. Today, the discount or commission of the Ford dealer is the lowest of any automobile. dealer. The difference, ranging from 25% to nearly 50%, comes right off the price you pay for the car.

THE business of the Ford dealer is good because he. makes a small profit on a large number of sales instead of a large profit on fewer sales. He knows, too, that the extra dollar for dollar value of the car makes it easier to sell and more certain to give satisfactory service after purchase.

Consider also that the Ford car is delivered to the purchaser equipped with a Triplex shatter-proof glass windshield, an extra steel-spoke wheel, and bright, enduring Rustless Steel for many exterior metal parts, in addition to four Houdaille double-acting hydraulic shock absorbers and fully enclosed fourwheel brakes.

If for any reason you wish to buy certain small accessories, you will find that these, too, are sold at the usual Ford low prices. Replacement parts are also available at low prices through Ford dealers in every

THESE are important points to remember in considering the purchase of a motor car. They show why it possible to put so much extra quality into the new

Ford and still maintain the low price. They are also the reasons why more than 35% of all cars sold today are Model A Fords.

THREE IMPORTANT FACTORS ENTER INTO THE COST OF Your Automobile

- 1. How much it costs to make the car
- 2. How much extra you pay the dealer
- 3. How much it costs for operation and up-keep

THE PURCHASE of an automobile involves a considerable amount of money and it should be carefully considered from all angles before a final decision is made.

The value of the car to you depends on the value built into it at the factory, how much extra you pay the dealer for dis tribution, selling, financing and accessories and what it will cost to operate and maintain the car after purchase. Each of these factors, as it relates to the Ford car, is frankly explained below.

Economy in production

THE FORD CAR is made economically because of the efficiency of Ford production methods. The money saved through this efficiency is put back into the car in improved quality of material and in greater care and accuracy in manufacturing. The constant effort is to eliminate waste and find ways to make each part better and better without increasing cost-frequently at lowered cost.

Because of Ford economies in large production and because the Ford organization operates on a low-profit margin, the price you pay for the car is much less than it would be under any other conditions. Yet it brings you many unusual features of construction and performance.

At least \$75 extra value is repres alone by the Triplex shatter-proof glas windshield, the Rustless Steel, the four Houdaille double-acting hydraulic shock absorbers, and the five steel-spoke wheels

fine steel forgings instead of castings or stampings are additional features that reflect the high quality built into every part of the car. Throughout, it is a value far above the price you pay.

Low dealer charges

THE SAME PRINCIPLES of efficiency and economy that characterize the manufacture of the Ford car are applied also to distribution. Obviously it would do the public little good to save in production if ese savings were sacrificed later in excessive costs of selling, financing and

The Ford dealer, therefore, operates or the same low-profit margin as the Ford Motor Company, his discount or commission being the lowest of any automobile dealer. He does a good business because he makes a small profit on many sales instead of a large profit on fewer sales

NOTE THESE LOW PRICES

	Ros	dster	\$435	
Phaeton		\$440	Tudor Seda	n \$500
Coupe .		\$500	Sport Coup	e \$530
Two-wine	low	Forder	Sedan	\$600
Three-wir	ndov	Fordo	r Sedan .	. \$625
Cabriolet		8645	Town Sedan	\$670

(All prices f. o. b. Detroit)

The lower cost of selling, combined with the low charges for financing and accessories, means a direct saving of at least \$50 to \$75 to every purchaser of a Ford, in addition to the savings made possible by economies in manufacturing. The money you pay for a Ford goes into value in the car. It is not wasted in high dealer

Low up-keep costs

IT IS IMPORTANT to remember that the cost of your automobile is not the first cost only, but the total cost after months and years of service. Here again there is a decided saving when you buy a Ford.

The cost of operation and up-keep is lower because of simplicity of design, the high quality of material, and the reduction of friction and wear through unusual accuracy in manufacturing and assembling. The reliability and longer life of the car contribute to its low depreciation per year

The intelligent, painstaking service rendered by Ford dealers is under close factory supervision and is a factor in the low up-keep cost of the Ford. All labor is billed at a flat rate and replacement parts are always available at low prices through Ford dealers in every section of the United States.

In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will int to even more than the saving on the first cost of the car.

Admission

In Popularity Contest!

To encourage the contestants and stimulate them to greater en-deavor we will give a beautiful \$4.50 Richard Hudnut Vanity Set to the contestant who leads in the contest next week. This is an additional prize for next week only; other extra prizes will be an-nounced each week, only one extra prize to a winner.

Leaders This Week Are:

MISS LOUISE RUGH, 12,875 Miss Hedwig Adamietz, 9,885 Miss Mada Hamilton, 7,695

See result of Tuesday's count on first page of the New Era. All of the contestants are climbing. With the contest three weeks old the interest of the whole community has been aroused and everybody is voting. It is going to be lively from now until its close.

When making purchases ask for your tickets, write name of your favorite on each ticket and deposit in ballot box at the drug store. Ballots are counted each Tuesday afternoon at 4 o'clock. See the three-prizes on display in our window, a Victrola, a Diamond Ring, and a Victor Portable.

FORD MOTOR COMPANY

ALLOWANCE ON YOUR

USED CAR

If a dealer pays you more than the true worth

of the car he must make up the difference by extra charges on the new car or re-sell

it to some one else at too high a price

on your old car.

You may not get the largest used-car allowance

from the Ford dealer, but that very fact should

give you confidence that you are receiving full

value in the new car. Ford charges are not marked

up or increased to cover a high trade-in allowance

Because there is no waste, extravagance or undue

profit in manufacturing, distribution or selling,

every dollar you pay for a Ford brings a full dollar

in return. In lower first cost, in reliability and long

life, in the low cost of operation, service and

replacement parts, the Ford will save you much

more than the seeming difference in trade allowance.

FERTHERMORE, at least \$75 extra value is given to

you in the new Ford in the Triplex shatter-proof

glass windshield, the Rustless Steel, the five steel-

spoke wheels, and the four Houdaille hydraulic

double-acting shock absorbers. The unusually

large number of ball and roller bearings, and the

extensive use of fine steel forgings instead of

eastings or stampings, are other features that show the extra quality built into the Ford car.

The Owner Saves; the Buyer Saves

Your Red and White store owner is your neighbor. His interests are serving his own neighborhood. His money is invested in his own store; his income is spent supporting his church, his community charities, his home. No chain store executive officer governs his contributions to the welfare of his neighborhood. He simply has been modern enough to affiliate his store with an international co-operative group of merchants, who, by utilizing the advantages of mass purchasing and distribution are giving their communities better values, better food products, carefully selected at their source by expert buyers, quicker service, courteous attention, and satisfaction for you in trading with LOCAL INDEPENDENT MERCHANTS.

WE THANK YOU!

We thank our friends and pa-trons for the successful outcome of our Popularity Contest, in-auguarated several weeks ago and which created so much inextend congratulations to those estimable young ladies who participated in the contest, for the splendid vote each our received. It gives us much pleasure to deliver to Miss Hedwig Adamietz the Victrola for receiving the largest number of votes in the contest; and the Diamond Ring to Little Miss Louise Rugh, who received the next largest number of votes; and the Victor Portable to Miss Lora Thallman, who received the next largest number of votes.
