Hondo Owls 27 — Bulldogs 0

Boyd on good gainer

By Kevin Riley

Hondo was the scene of the yearly clash between the Bulldogs and the Owls with the Owls taking the game 27-0.

It was a hard fought battle all the way. The Bulldogs did some real hard hitting and played a lot better than the score indicates. Our offense really perked as they had many good drives, but failed to score. The score at half time was 21-0 and the Bulldogs defense came out all fired up and only let Hondo score once in the second half, making the final score 27-0.

Bandera Bulldogs will travel to Blanco on Friday night to beat the Panthers. Be there at 8:00 to cheer the team on!

South African Newspaper Reporters Visit Bandera

Toekie and Ivan Oberholzer of Port Elizabeth, South Africa, newspaper reporters with Oosterlig, and Mrs. Judy Pue, Bandera real estate woman, are shown here as they visit in the Bandera Bulletin.

A stop-over in Bandera, some seven weeks ago, so much delighted South African journalists Ivan and Toekie Oberholzer, backpacking through the U.S.A., that they returned here last week after heading as far north as Alaska, convinced that Bandera is their favorite place in America.

Both reporters on an Afrikaans daily newspaper in Port Elizabeth, South Africa, Ivan and Toekie left home on May 21 for an extensive tour of the U.S.A. arriving in New Yrok June 4. In four months the couple have hitch-hiked and journeyed some 15,000 miles by Greyhound bus to all four corners of the U.S.A., including Niagara Falls, Key West, Florida; Fairbanks in Alaska, and the West Coast.

Although they enjoyed visiting the exciting cities of America and seeing such natural wonders as the Yellowstone National Park, the Grand and Bryce Canyons, the Nevada Desert and the Kentucky Mammoth Caves, it was in Bandera they first experienced the "magic" of the American West.

"Not having cattle ranches in South Africa such as you have here, we always visualized cowboys only belonging in Western movies", Ivan told the Bandera Bulletin. "When we arrived in Bandera one Summer evening we were delighted to meet a bow-legged guy on Main Street actually dressed in cowboy hat and boots."

"The next surprise was upon walking into the Silver Dollar Saloon, with its authentic Western atmosphere, and being welcomed by Arkey Blue, a genuine cowboy singer, who responded to our wide-eyed wonder by entertaining us with a few country tunes on his guitar.

"The hospitality of Bandera folks we experienced the next day when invited to Ted Grant's antique shop for coffee and shown around town by Judy Pue, was again put forward upon our second visit two weeks ago. We were invited to meals at the homes of Walter Acton, Harvie and Kate Jones, treated to a hot shower and a soft comfortable bed for the night by Ted and Bungy Grant (to escape the bug-colony on the riverbank in the city park where our little tent was pitched) and invited to Jim Shaw's ranch were we were happy to be "no company, but home folks".

"Numerous other Banderans have been kind to us, like Louis Stein and his wife, who helped us to make a parcel and post it off home, and the librarian, Mrs. Judy Blucher, who allowed us to borrow books", said Toekie.

The couple moved tent to Jim and Linda Shaw's ranch on Saturday where they are presently camping next to a creek for a few days before they start traveling again.

Hill Country Fire Fighters Association

The Hill Country Fire Fighters Association held its third regular meeting at The First State Bank September 15. Member fire departments represented were Castle Lake, Center Point, Kerrville, Medina Lake, Mico, and Pipe Creek.

One item discussed was equipment needs of the departments. Mico requires 2 reels and hose; Medina Lake is looking for bunker gear; Kerrville needs 900x16 tires as well as low band radio equipment and Castle Lake must get a pump. If you know of any way to help these departments obtain this equipment, please call them.

All member units are acutely aware of the necessity for better communications, especially in emergency situations, and there is much discussion on communications. Studies now under way soon will result in a more effective communications system. Likewise, the subject of mutual aid in the event of fire or natural catastrophe is under constant study and updating. Dedicated members take time from home and family to drive from Kerrville, Center Point, Mico, Tarpley, Castle Lake and Pipe Creek to Bandera to attend these meetings, exchange ideas, experiences, and information. This alone makes for better communication and mutual aid while promoting a healthy social environment among members.

A Defensive Driving Course is being held in Fredericksburg on Oct. 2. It is an 8 hour course which costs $8. All are invited to attend.

Mico Volunteer Fire Department is holding a barbecue on October 2. Take advantage of this opportunity to enjoy some extremely good food and meet some mighty fine people, while at the same time helping a sister volunteer fire department.

A training course is being conducted by the Texas Forest Service in conjunction with AACOG. It will be on September 27, 28, and 30th commencing at 7:30 at the Pipe Creek Fire Hall. The chemistry of fire, natural cover fires, and small structure fires, all subjects of prime importance to any rural fire department, will be covered. This is a well planned course taught by experts of the Forestry Service. All firemen regardless of their unit are not only cordially invited to attend but are urged to do so. Plans call for attendance by at least 10 volunteer fire companies from this area.

The next regular meeting of the association will be December 15.

A short business meeting, followed by cocktails and dinner attended by wives of members, is in the planning stages. Where the dinner will be held will be announced.

Support your local fire department and remember Fire Prevention Week is coming up soon. If nothing else, teach every member of your household how to escape in case of fire. Devise an escape plan and practice it. The life it saves will be that of a loved one.

J.R. Turner
Pres., Hill Country
Fire Fighters Assn.

All Farm Bureau members and prospective members are invited to attend the dance.

Music for the dance will be provided by Sherrill Johnson and the Hilltoppers from Medina. Insurance agent Sue Holt and Bandera Ranch Store manager Tim Tobin urge all those interested in the Farm Bureau to attend.

Krueger To Speak At Kerrville

Bob Krueger will be the speaker on October 4, at 8 p.m. when the Hill Country Telephone, Inc., Annual Membership Meeting is held in the Kerrville auditorium.

Registration will begin at 7 p.m. and all members are invited to attend.

Purple Hills Tidings
By Ida

We had a full house Sunday afternoon when the United Methodist Church of Bandera gathered for their regular third Sunday service. We enjoyed Mrs. Vernelle Mullenax playing the organ and Mrs. John Goodenough playing the piano. Rev. J. Wesley Jones brought a message on "Forgiveness". Those who joined in the singing were Mr. and Mrs. H.H. Hamrick, Mrs. J. Wesley Jones, Mrs. Nora Thallman, Leigh Ann Walker of Medina, Mrs. Lois Hayes, Mrs. Josephine Hamilton of Kerrville, Mrs. Fred Mansfield, and Mr. and Mrs. B.C. Fleenor.

We thank the family of Mrs. Lizzie Ward for sharing with us the memorial flowers and we extend our deepest sympathy to the family.

Mrs. Sophia Krueger enjoyed a visit with her son, Walter Krueger of Uvalde, last Tuesday.

Just about all the "Bosses" of this place escaped what could have been danger last Tuesday when they attended a school in San Antonio and just missed injury when that wall collapsed when several people were hurt. One was killed...Those who were there from here were Zula Martin, Director of Nursing; Eloise Nixon, Administrator; Elizabeth Standard, Charge Nurse, and Lois Schulte, Director of Activities. The school was sponsored by the Department of Public Welfare and was taught by the University of Texas Health Science Center of Dallas.

George Dale of Camp Wood, visited his mother, Mrs. Lena Dale, last Wednesday.

Mrs. Pike Davis had the pleasure of visiting with her great-grandsons, Mitchell and Clinton Hicks of San Antonio, several days last week when they spent the week with their grandparents, Mr. and Mrs. Raymond Hicks.

Mrs. Cynthia Mayberry spent Thursday and Friday at the home of her daughter and husband, Mr. and Mrs. Bill Allen in Medina.

Lottie Anderson and Lois Schulte, our Director of Activities, were in Kerrville Wednesday.

Mr. and Mrs. J.J. Anderson of Medina, visited with his sister, Lottie Anderson, last Wednesday.

Mrs. Isabelle Stokes and Mrs. Doc. Stokes of Medina, visited Cynthia Mayberry and other friends one dav last week.

We thank Dr. and Mrs. T.B. Samsel of Lakehills for the beautiful flowers they placed in Grace Lutheran Church last Sunday, and to Mrs. Amelia Dickens for bringing them to us. You are nice people to remember us.

Mrs. Ivydelle O'Neill was still celebrating her birthday, which was the 10th. Monday her son and wife, Mr. and Mrs. Frank O'Neill of San Antonio, and daughter and husband, Mr. and Mrs. Charles Webber of Lakehills, came with more gifts.

Mrs. Robert Holdsworth and Britt Rodgers of Kerrville, visited with Mrs. Holdsworth's mother, Mrs. Grace Dorow, last Wednesday.

We enjoyed having a visit from the Baptist Girls Auxiliary last Wednesday when they came for a visit. Those in the group were Michelle Tondre, Becky Calloway, Warren Clingon, and their directors, Kathie VanderZee and Margie Hoffer. We always look forward to this group of young people's visits.

Lottie Anderson, Ivy O'Neill, Leona Salors, Emma Strum, Hester Hay, and Louie Allsup report a nice time at the Golden Age party last Thursday.

We had a nice staff meeting last Thursday and as always the employee's birthday party. The honored guests that day were Hi Mott and Edna Pipkin.

Mrs. Joe Green of San Antonio, visited her aunt, Mrs. Lillian Hawes, and friend, Mrs. Alice Mellis.

Mr. and Mrs. Johnny Johnson and daughter, Kathy, of Medina, came Friday with a beautifully decorated cake and we celebrated by having a party to welcome Fall. Zula Martin played the organ and several games were played after they served the cake and punch.

Our thought for the week—"There isn't much I can do, but I can share my songs with you, and I can share my mirth with you, and sometimes come and laugh with you - as on our way we go."

Mrs. Hester Hay's guests last week were Lanell Olsen, Mrs. Mary Haby of Utopia, Mrs. Janet Ferguson, Mrs. Elizabeth James, John James, George and Ila Fee, Mrs. Myrtle Hay of San Antonio, Mrs. Frances Cox, Glen and Gene Hay of San Antonio, Jay Carpenter, Ola and Bennie Fleenor, Mrs. Nora Thallman, Leigh Ann Walker of Medina, and Mrs. Minnie Hayes. Mrs. Hay enjoyed a picnic Saturday evening with her son and wife, Mr. and Mrs. Glen Hay of San Antonio.

Mrs. Fred Wheddon and Edgar Loyd of San Antonio, visited Lottie Anderson last week.

We enjoyed more of that wonderful singing by those nice folks from Pipe Creek Friday evening when the First Baptist Church of that city came for their regular third Friday service. Mrs. Evelyn Rosentreter played the organ, Mr. Leonard Dacy, of San Antonio played the piano, and Mrs. Jeanene Mansfield led the singing of several specials. Among them was the beautiful "Whispering Hope". Those singing the specials were Rev. Randall Hilburn, Rev. H.B. Mifflin, Mrs. Mifflin, Elaine Ryan and Jeanene Mansfield. The highlight of the service came when the pastor, Rev. Hilburn, brought the message on "Let not your hearts be troubled". Others joining in the singing were Mr. and Mrs. George Ford, Mr. and Mrs. Paul Lico, Mr. and Mrs. Weldon Jones, Esther O'Bannon, and Mrs. Randall Hilburn.

We enjoyed having Sandy Harrison of San Antonio, with us a few days last week. Sandy is secretary and office manager for Mr. D.W. Hicks' real estate office in San Antonio. She is also a realtor on her on. She reported that our good friends Mr. and Mrs. W.A. "Doc" Ruhmann of Austin, are visiting in Canada as guests of Sandy's parents, Mr. and Mrs. William W. Jolliffe. Mr. Ruhmann will be remembered as having contributed to this column.

"Mom" Hoy had a real good weekend when her granddaughter and family, Mr. and Mrs. Darrow McEvers and son, Gebe, of Houston, came with her son and wife, Mr. and Mrs. Jimmie Richards, for a visit.

We are enjoying the visits by the classes from Bandera High School. Some come each week. The past week we had Mrs. Lonette Wilton's Child Development Class. Those in this class were Tate Schmitchel, Yvette Alexander, who played the piano for us, Tommy Taylor, Dana Clark, Danney Cummings, Mrs. Pete Martinez, Jr., and Bret Edwards.

On Sept. 14, Mrs. Wilton's Homemaking II Class came. Those in this group were Jan Herring, Tammy Richardson, Kay Storms, Joslyn Edwards, Sharon Morgan, Susie Brown, Kim Quarles, Kevin Gibbs, Tate Schmitchel, Debby Clark Don Huffman.

Mrs. Alice Mellis was out for a nice rainy drive last Monday, thanks to Mrs. Ruth Horton and Mrs. King Buchanan of Camp Bandina.

We thank the children of our good friend Mrs. Cordelia Buckelew, Mrs. Veda Mansfield of Houston, Mrs. Edith Currie of San Antonio, Mrs. Alice Adams of Uvalde, and Earl Buckelew of Medina, for the books donated in their mother's memory.

AMERICAN LEGION ACTIVITIES

Auxiliary Hosts Party

The Ladies Auxiliary of American Legion Post 410 hosted a bingo party for 71 VA patients in Kerrville Saturday afternoon. Eight Legion members participated in this worthy venture. They were Barbara George, Ruth Cowley, Odessa and Walter Roach, Roy and Laura Bennett, Helen Ahr, and Tina Dilley. Sandwiches, cakes, cookies, coffee and punch were served.

Next Party

Post 410 will host another party at the VA Hospital for the ambulatory patients on Dec. 4. It would be nice for more Legionnaires and their Auxiliary members to attend and assist with entertaining these wonderful men, who are so appreciative.

Time To Pay

The time comes when everyone must pay the fiddler. All Legionnaires should pay their dues to Stanley Tschirhart. The auxiliary members may pay their dues to Helen Temple. Remember, it is a privilege to be a Legionnaire or auxiliary member. Contact Commander Travis Latham for eligibility.

Legion Playgrounds

The AL Post 410 playground is jumping with action. Every evening and every day finds groups playing tennis or volleyball. Thursday morning, Laura Bennett who keeps an eye on the flowers and trees which are planted at the Legion Home, was surprised to find seven members of the "Lakehills Jet Set" playing tennis. Dot McCracken, Iris Durham, Elsie Word, Peggy Galland, Sandy Mauer, Carole Schmitchel, and Trudy Zoller were the girls who really appreciated the playground.

Fun Night

That's what it was on September 21 at the Legion Home. Fellowship, games and refreshments were enjoyed by 50 members and guests. If you enjoy an evening of fun, plan to attend October 5 at 7 p.m. Refreshments will be served.

The Young Set And Volleyball

Wednesday evenings usually find Ronnie Turner, David Roach, Ralph, Carole, Paul, and Talz Schmitchel, Floyd, Peggy, Mike and Gary Galland, Rusty Jackson, David Odom, Derrick, Jewel, and David LeCrone, playing volleyball at the AL playgrounds.

Pleasure and Fellowship

The AL of Lakehills provides a place for pleasure and fellowship in the community. This is free. One does not have to be a member of the American Legion to participate.

AROUND LAKEHILLS

Texas City Guests

Mr. and Mrs. Robert L. Hunter of Texas City, were welcome guests in Lakehills over the weekend. They joined the After Dark Crowd at Adolph's and had a ball. They enjoyed all the people they met and liked the Hill Country. Mr. Hunter is a captain in the Fire Department and Mrs. Hunter is associated with the Kroger Supermarkets. They spent the night with H.T.

Pete Bourgesis and Carl Everitt from the Dam finally set Adolph's Juke Box. Guests now enjoy a beautiful sound system. Everyone wondered when we would see Pete and Carl next. It wasn't long. They went directly to the Hawk's Nest and installed a new juke box.

BETTERMENT ASSOCIATION ACTIVITIES

From the desk of Lucille Moore, Reporter —

Back To School Dance

The Back to School Dance was a huge success, with the beautiful music of the Star Dusters and with a very large and enthusiastic crowd in attendance. Door prizes were won by Josie Baird of Corpus Christi (refund of ticket money); and by Billy Verstuyft of San Antonio, (men's hair styling from Edel's Hair Care). Bob Larsen, from his hospital sick bed, directed the following members to carry on and set up and clean up the Civic Center in the manner in which he had trained them - Bob Travis, Joe Talk, Howard Jack, Ted Seideman and Bob Moore.

Dance

The next activity will be held October 2, 1976 - the Harvest Moon Dance, with the Star Dusters. Two door prizes will be awarded.

Barbecue

October 16, 1976 will see the debut of our second barbecue this year. This time it will be a chicken barbecue, spaghetti salad, green beans, pickles, onions, home style bread and oleo, coffee or tea. All for $2 per adult plate, $1.50 per child's plate. Plates to go willl be served. And that's the best bargain in the country. Ye Olde Treasure Cheste will be in full swing. If anyone would like to donate to this booth, please call 751-2082 or 751-3072. Joe Talk has volunteered to pick items up. Homemade cakes and pies will be available. The proceeds from this affair will go toward retiring the final $500 of the ceiling debt. Adren Heisler donated all the materials necessary for the construction of the barbecue pit.

Another Dance

October 30, 1976. Decorations Chairman Ann Jack is going all out for this Halloween Dance. Many surprises are in store for those attending. It's certainly not mandatory, but costumes will be very much in order. A lovely special prize will be awarded tothe best "character" present. So gather your favorite "spirit" together and come to the Halloween Dance.

Club Mexicali

November 6, 1976. The Civic Center will be transformed into an intimate supper club — "Club Mexicali." The menu will feature gourmet Mexican food, and afterwards, a special floor show with typical Mexican dances and other acts to bring an international flavor. Negotiations are now underway with eight big acts—all simply great! Raffle tickets are now on sale for the drawing that will take place at this affair. First prize, a crocheted stole (on display at Edel's Hair Care); second prize, two tickets to the gala New Year's Eve Ball ($10 value); third prize, $5 cash. Tickets may be purchased from Raffle Chairman Ted Seideman, Edel's Hair Care, or from the other directors.

Appreciation Corner

Ted Seideman has been the lay-out artist on a great number of signs we'll be using throughout the balance of the year. Ann Jack and Lola Heisler have been painting the letters. Bob Moore's Secret Pal (?) has donated another Chinese Tallow Tree to be planted in Memory Lane. Great news! The new hot water heater was installed this week by Joe Talk, Howard Jack and Bob Moore.

RUMORS

Phil says, "Hang on" I'll be back soon. Everyone wants him back. A truck load of garbage piled up on one's premises isn't what Lakehills wants.

Was it a surprise party for well known entertainer and guests last week???

Will an engagement be announced soon?

Will a Steak House open in Lakehills soon?

THANK YOU NOTE

The American Legion expresses their thanks to the MLVFD for the volleyball net which they presented to the Legion playgrounds.

OWLS OVERWHELM BULLDOGS

By Kevin Riley

Tragedy strikes the Bandera Freshmen and J.V. teams as they drop both of the games to the Hondo Owls Thursday night in Bulldog Stadium. The results were 42-0 and 44-0.

Both teams played a better game than the score indicates, but careless mistakes hampered numerous Bulldog drives giving Hondo many advantages to score. The freshmen were victimized on Hondo's very first play from scrimmage as an Owl running back scored on a 40 yard run. From then on it was down hill. Mike Miller started the J.V. off right as he ran the opening kick-off back 70 yards to the Hondo 5 yard line. But a clipping penalty killed the return and the Bulldogs enthusiasm at the same time. It was a long night for the Bulldog teams as Hondo capitalized on every opportunity they received leaving the Bulldogs far behind.

Thursday the Bulldogs will play at home against Southside at 6:00 p.m. Be sure to come and cheer the boys on to a victory!

BAND WASHES OUT MANY

By Seaward Grant

Bandera High School Band gave their first annual car wash Saturday, Sept. 18.

The three locations which were Bandera, Pipe Creek, and Lakehills, brought the band one step closer to buying their marching hats.

The students in the band really worked hard to make it the success it was. From 9:00 a.m. to 4:00 p.m., cars were piled up all around the block waiting for their turn. It really showed how the community stands behind the band.

The band is happy to announce that they made a total of $400 toward the purchase of the hats.

Special thanks to the Thallman's Conoco, Avalon Cafe, and Jenning's Store for the help and the facilities. Also, a special thanks to the communities for their support!

SCHOOL SPIRIT!

F.H.A. MEETING HELD

By Tammy Richardson

Monday, the 13th, the first F.H. A. meeting of the new school year was held. These officers from each class had been selected earlier. This year there will be a president, vice president, secretary-treasurer, and reporter. While the head F.H.A. officers put together a year-book and discussed the State F.H.A. Meeting, the class officers got together and made up an agenda for meetings to come. This will be a great year for F.H.A.!

FRESH FROM THE PRESS!!

By Anette Bates

1976 Bulldog Yearbooks arrived on the scene at B.H.S. Thursday, September 16. Students spent the last 20 minutes of school drinking sodas sponsored by the Student Council, and reading, signing and admiring their new Bicentennial yearbooks.

If you were too late to order your BULLDOG SALUTE TO AMERICA last year, now is the time to start thinking about buying a 1977 yearbook. Sales begin October 1; further information will be posted.

FAREWELL TO A FRIEND

By Krista Connors

Good-byes are difficult to express when it concerns one who has been attending Bandera schools since the sixth grade. Karl Backstrand, a senior, will be moving to Oregon this week.

Before coming to Bandera, Karl had lived and traveled throughout Europe. He has been living in Pipe Creek for the last seven years. Karl participated in basketball for five years, and has been a member of the National Honor Society for three years.

Everyone will miss Karl's great smile and personality. He has been a friend to many students and teachers. I'm sure that wherever Karl goes, he will be a great success. Good luck, Karl! We will all miss you!

MISS WATSON, NEW AND SPIRITED

By Frances Head

Miss Watson is new at teaching and new at our school. She is the assistant physical education teacher and also works with our pep squad.

She attended Baylor University and decided to take up physical education because she has always enjoyed sports and feels like girls' athletics is just now coming into its own. She hopes eventually to go into physical therapy and physical education. This year will provide her with the background she needs.

When asked what she liked best about B.H.S. she said, "The kids I'm working with. They are really a great bunch."

Miss Watson enjoys working with Mrs. Mazurek also. She is learning a lot and feels as though her education is just beginning.

"Mrs. Mazurek is a great person to work with even though she did go to T.W.U.," quotes Miss Watson.

She also said,"The athletic girls are hard working and dedicated. They're ready to win district."

FORMER STUDENT COMES BACK

By Pam Foster

Devry Schoadoer, a former student of Bandera schools, is back as a freshman.

She went to school here in the seventh grade before moving to Copan, Oklahoma, where she attended Copan High School in the eighth grade.

Devry said she likes Bandera better than Copan High. She is a rooting member of the pep squad.

She lives in Bandera with her mother.

MRS. SUSIE BATMAN

Mrs. Susie Batman

By Tammy Richardson

Mrs. Susie Batman is a new teacher's aide at B.H.S. She has lived in Bandera for 25 years and is a graduate of B.H.S. After graduation she attended Sul Ross University in Alpine, where she majored in art. Susie went to a beauty college in San Antonio, where she got her license as a beauty operator. Before coming to work as a teacher's aide, she was employed at Joe McMullan's Insurance office.

Mrs. Batman has one child, Hunter, in kindergarten, and is very well liked in her community.

One of her duties is to help in the library, where she makes certain that things stay in order, and also helps check out books and assist whenever possible. She also does a very good job of keeping the display case well decorated and is just an all-around help. Thank you, Susie, for your great determination and assistance.

A NEW FACE IN B.H.S. FACULTY: MISS WINKLER

Miss Nora Winkler

By Krista Connors

A teacher who has been to Europe? Yes! Miss Nora Winkler, a new English teacher at Bandera High School has traveled to seven major cities in Europe, among them were Paris, Lisbon, London, and Copenhagen. In fact, she claims traveling is one of her favorite past times ; another hobby is teaching herself how to play the guitar.

Miss Winkler was born and raised in Hondo, and is presently living there. She attended Texas Lutheran College in Seguin, and taught in the San Antonio School District. Miss Winkler teaches all sophomore English classes, and only one junior class.

She is impressed with the enthusiasm that the students have for extra-curricular activities. Like other teachers, however, she wishes they also had the same enthusiasm for their school work. One of Miss Winkler's favorite philosophies in life is described on her bulletin board, the inscription says, "I Think I Can....".With this optimistic lady on our faculty, I'm sure Bandera High will be producing many outstanding English students.

Bandera Represented At State Convention

Bandera County was represented at the State Democratic Convention in Fort Worth on September 16, 17, and 18. Bandera County was allowed three delegates and those attending the convention were Mr. and Mrs. D.W. Hicks of Bandera and Calvin DeHart of Tarpley.

D.W. Hicks was a floor leader for Calvin Guest in his race for Democratic State Chairman for another two year term. Our 25th Senatorial District gave Mr. Guest a "whopping" 92-39 victory over John H. Tatum which was a real victory for the conservative's cause. Mr. Tatum, the liberal candidate, led in every large city in the state, so it was the rural counties that gave Mr. Guest the final 600 lead victory.

The 25th Senatorial District elected two conservatives to the State Democratic Executive Committee. They are Mrs. Patty Ivy of Robert Lee, Committee Woman, and Mr. Ben Boch of New Braunfels, Committeeman.

The rural counties have decided they must organize, beginning at the precinct level in order to have any voice at the state or national level regarding platforms or candidates in the Democratic Party.

ICA FLASH!!!

We Win, We Win, We Win!

The Estate Tax Bill has already passed in the Senate where it hit a snag on the House floor when liberals loaded it down with 25 amendments. It was a real battle. Finally, we came out of the House with a $30,000 credit, which will equal about $120,000. When the Senate and the House get together, we hope to come out with at least $150,000 with all the agricultural language left in.

All of the county boards are requested to get busy and get as many letters as possible written to our congressmen and senators thanking them for all the effort they have put forth.

We have won one of the hardest battles that can be fought for agriculture. This should prove to all that with united effort we can win.

HERE COME THE PENTECOSTALS

I'm glad to get to write you, again. I didn't get to write last week. I want each week's letter to be the perfect will of God and I had no message to write. There was, without a doubt, plenty of God's wisdom or word that I wanted you to hear and learn, but as there is a time for all things there was no message for you last week.

Just as Paul had to write to young Christians or babies in the faith and feed or tell them the milk or easy wisdom of the Gospel before he could feed them the meat or tougher or deeper things (1 Corinthians 3:2), so I have to write you what you can understand or even more important, what you need to hear each time. Those of you who desire and love these teachings grow in them as Peter wrote in 1 Peter 2:2 can and will receive the deeper things. God's Spirit will help you to understand the Bible and let what I write, fit together for you, but wait till you receive the Holy Spirit. The Bible really becomes alive. I can't wait to hear that some of you have started visiting the church at San Antonio and then that some of you have received the Holy Spirit. I am so thankful for all of you who gladly receive these writings.

I don't know what you think of preachers or churches, but try visiting just one more church and hearing one more preacher.

Did you know that everyone needs a preacher to understand God's word? As in Acts 8:26-31, when Phillip was sent to the Ethiopian, Phillip, guided by the Spirit, asked him if he understood what he was reading. The Ethiopian answered, how can I except some man guides me? Paul in Romans 10:14 said, how can the people believe in God, if they haven't heard? And, how can they hear without a preacher? Paul was sent to be a preacher and God chose preaching of the cross to save them that will believe because, through preaching, those who will believe can be saved and anyone else can see it as just foolishness. (1 Cor. 1:17, 18, 21) Preachers, since you have to stand by your own faith, are helpers for you to understand the truth and then live in it as Paul said in 2 Cor. 1:24.

You are really going to enjoy Life Temple.

I know you have heard that Jesus died for you and all men's sins, but you will hear the story like you have never heard it before. It will be full of the truth and power of the Holy Spirit. You will hear about Jesus dying so He could give up His Spirit so you can now receive it for power over sin, for peace and joy, and life forever. What will be really great, will be hearing that there is only one God and not two and a Spirit or not three or not three that make up one. There was in the past, is now, and always will be only one God. (Isaiah 43:10-11, 44:8, 41:4, 1 Cor. 8:4-7, Revelation 1:17-18, Revelation 22:9, 12-17) The One who created the world and man and then loved all men so much that He became flesh to suffer and die for us and now waits patiently for all, who will call on His name, to give them what He has promised.

God set aside one day for going to church, for worshipping Him. Sunday morning doesn't have to be uneventful, dull with nothing to do. It can be happy and exciting. Come to Life Temple, you'll enjoy it. Church doesn't have to be just sitting very still and quiet for an hour. Church should be a place of love, happiness, and encouragement. Come and find out what it means to worship God.

Everytime I meet someone who says he doesn't believe in going to church because of the rigidness of them, it hurts me, terribly. There are so many religions that have a rigid or set pattern to their services. That is so restricting to the movement or working of the Spirit of God. They will follow a routine for services decided on by men rather than following the leading of the Spirit in the services. The Bible teaches that in the last days there will come churches and men, who will have a form of godliness, but deny the power of it. It says, turn away from them. (2 Timothy 3:1-5)

The people that have been turned away from churches are very correct in not wanting to go back. It is so hard to feel God. But, not all churches are like them. It is so hard, though, to get them to try going to just one more church and listening to just one more preacher. I know many of you feel this way and I could probably never say enough, even if I could afford all the space I could use, to help you feel better about trying again, so I need you to try Life Temple on your own faith and interest. Let your curiousity get the best of you.

You are right. You don't have to be in a building to feel or worship God. (Acts 7:47-51, 1 Chronicles 17:5, 1 Cor. 3:16, 2 Cor. 6:16, Acts 17:24, 27), but it is just common practice for believers to meet in a building, since they are safer from weather conditions and more pleasant. (Acts 1:4, 1:13, 2:1, Acts 4:23-24, 31, Acts 10:25-48, Hebrews 10:25) Most important is for all that are gathered to be of one mind and worship in truth and in spirit for wherever two or more are gathered in His name, he will be there. (Acts 1:14, Romans 12:16, 2 Cor. 13:11, Philippians 1:27, 2:1-2, John 4:23-24, Matthew 18:19-20) There is still truth and something strong and sturdy to hold on to in this world. Just give Brother Steve Fender a try.

Field Trip For 'Little People'

The Land of Little People went on a field trip recently to the Buckhorn Museum in San Antonio. The group was taken on a tour of the Hall of Horns, Hall of Feathers, and the Hall of Fins, by a host of the museum. Following the tour the "Little People" were treated to a picnic lunch at a nearby park. Mrs. Margaret Paradee, director, was assisted by Mrs. Carolyn Maier in the absence of Mrs. Frieda Spannagel, who was ill. The Land of Little People is for 2-5 year olds and offers educational opportunities for these pre-schoolers. Field trips are taken on a regular basis; the next one being a trip to the San Antonio zoo in October.

On the way home the group stopped at MacDonald's for a Coke. This stop was really the "most exciting" stop of the day for the "Little People."

Rev. Spannagel Returns From Tour

Rev. Roy Spannagel, pastor of the Bandera First Baptist Church, has just returned from an evangelistic Mission tour in the country of Belize, formerly known as British Honduras, which is a Central American country located northeast of Guatemala. This country has received its independence from Great Britian and is an English speaking country with approximately 65 percent black people in residence. The population is made up of Indian (Carib, Spanish, and black) people.

Rev. Spannagel left Bandera in September to join the mission group in Fort Worth. Those going with him were Jack Shelton, Jim Kelly, Don Moore, and Mr. and Mrs. Arlis Motley. Jack Shelton sponsored Rev. Spannagel, making it possible for him to go. The First Baptist Church of Marathon, Texas provided "wordless" gospel tracts and non-electric record-players and records for the group to use in Belize.

The group left Fort Worth on Tuesday morning on their way to Belize, arriving there the same afternoon. During most of their ten day stay in the small country they stayed at the only motel in the capital city of Belmopan. The motel had six available rooms and "cold" running water. Rev. Spannagel reports that while Belize is a very primitive, backward, country it is a clean country with friendly people.

The native population was very eager to hear what "clear-skinned" preacher had to say about Jesus Christ. Most of the mission tour took the group back into small villages and bush country. Several of the trips could be made only by boat through a jungle swamp river. On one such trip, Rev. Spannagel "enjoyed" a meal of wild pig with a native family. In order to not offend the host and hostess, you must eat what is served, even if the meat has been killed and kept four days without refrigeration.

Many such experiences were shared by the group during their tour of the country. Rev. Spannagel shared a lot about these happenings with his congregation this past Sunday. Many pictures were taken and will be shown in a "Slide Presentation" to any interested groups.

Rev. Spannagel states that it was a very rewarding trip for him and that every American needs the opportunity of being in a foreign, primitive country, just one time, in order to help them appreciate what America has to offer.

He returned to Bandera on Friday, September 10. He found it to be a very refreshing opportunity to share the gospel of Jesus Christ with people who are eager to hear.

Kerrville Bloodmobile Report

The September 14th and 15th visit of the Bloodmobile to Kerrville resulted in a total of 252 units being donated. This total is below the average for the other three visits during 1976, but according to John Whittleman should be adequate for current needs.

A Bandera citizen, Mrs. Idabelle Farr, was given special recognition for having completed her second gallon of blood. The sixteen pints that she has donated have been instrumental in saving at least one persons life and in addition has hastened the recovery of other seriously ill or injured persons. Her unselfish giving of time and her blood entitles her to a sincere word of "thanks".

Current plans are to schedule another visit to Bandera County on November 15. The time and place have not been arranged at this date but details should be available shortly and will be announced through the Bandera Bulletin.

CHAMBER CHATTER

The Shrimp Boil-Covered Dish Dinner Thursday, September 23, marked the conclusion of the 1976 Chamber of Commerce membership drive. We would like to take this opportunity to list the numerous activities with which your Chamber of Commerce is affiliated during the year.

The annual Chamber of Commerce banquet, a community affair, is held in recognition of the past year's events, and also the people who helped make it a success.

The Bandera County Beauty Pageant is held for the purpose of selecting young ladies from this county to represent Bandera at parades, festivals, and celebrations in area communities to which the Chamber of Commerce has been invited.

The annual Fun-Tier Celebration, held each Memorial Day weekend, is a two day event which includes a big Western parade, river float, art show on the Courthouse lawn, trail ride, barbecue, food booths, live music, and generalized fun.

The Jackpot Youth Rodeo, which has been a Rodeo Club project in the past, was co-sponsored by the Chamber of Commerce for the first time this year. This two day event, which brought young people and their families from all over the state, was climaxed by a big Western dance Saturday night after the rodeo and proved a huge success.

The Hunter's Barbecue is held the night before the opening day of hunting season. This annual event has done more to create good will toward Bandera than any single project. This is due to the fact that the hunters who have leases in Bandera County are treated to a free barbecue dinner and dance, and to the friendly hospitality of Bandera people.

We, the editors of this column, would like to make our readers aware of the various activities with which your Chamber of Commerce is involved. Any suggestions, constructive cticicism, and-or help will be greatly appreciated.

—Your Chamber of Commerce Reporter

CAMP BANDINA MESSENGER

By Vicki Romigh

This past few weeks have been busy times for all of us, and fun as well, with trips, visiting and trying to keep up with the oak leaves that are falling in our yards.

Out-of-towners who have been here were Mr. and Mrs. Loyd Swindle of Abilene, Texas, Mr. and Mrs. Keith Haynes of Corpus Christi, Texas, Mr. and Mrs. Pullin of Corpus Christi, Dr. and Mrs. Paul Boren of Dallas, Mr. and Mrs. Gordon Kramer and daughter, Christi, of Houston, and Mrs. Kramer's parents, Mr. and Mrs. Lowe, who were here for the weekend also.

Mr. and Mrs. Clyde Taylor of San Antonio were here for the past two weekends.

The Ebb Everetts drove to Corpus Christi to pick up their granddaughter, Ebba Lea Forester, who is spending about three weeks here with them. On their way the Everetts stopped in Pleasanton to attend a dinner party in the home of Mr. and Mrs. Fred Rhodes.

Mrs. Ruth Horton told me her sister, Mrs. Mary Carter and Mrs. Howett of Elgin, Texas, were visiting her a couple of days and they all enjoyed driving around the beautiful countryside.

Mr. and Mrs. C.E. Wilson of San Antonio, had as their guests Mr. and Mrs. Earl Campbell, Mr. and Mrs. Richard Cole and Mr. and Mrs. Gary Nash. You could hear the joyous sound of laughter and shuffling dominoes "all over the place."

We saw Bill Burchard and Earl Jones canoeing down the river. It looked like much fun!

Thursday we met the most interesting and attractive Dr. Sieyit Mansingh, who is teaching political science at the University of Texas at San Antonio. She is from India and was gowned in her native dress. Dr. Mansingh is married to Dr. Charles Heimsath, III, who is professor at the American University in Washington, D.C. They have two sons, nine year old Arjun and 7 year old Kabir. Dr. Mansingh is living at the Vircnuclo Ranch at Medina, Texas, while she is teaching this semester at UT. Her in-laws are Dr. and Mrs. Charles Heimsath, who I'm sure many of you know. He is a former pastor of St. Christopher's Episcopal Church in Bandera.

Lt. Col. and Mrs. Bob Smith served delicious refreshments for the Board of Directors after their meeting Saturday, September 18, in their home.

Mr. and Mrs. Lee Thompson of Snyder, Texas, parents of the Travis Thompsons, and Mr. and Mrs. Mack Thompson of Lipan, Texas, an uncle and aunt, were having a wonderful time here this weekend.

Mr. and Mrs. Floyd Burns of San Antonio were out for the weekend as was also Mr. and Mrs. Horace Hines and Mr. and Mrs. Arnold.

John Allen Chalk of Abilene and Fred Allen of Corpus Christi, directed an adult retreat Labor Day weekend with about 70 or 80 in attendance.

Last week the Junior group from Sunset Ridge Church of Christ, under the direction of Mike McAllister, youth director, had a wonderful retreat here.

Claude Sessions' brother who passed away in Arkansas was laid to rest on Tuesday, September 21. The Sessions have gone to Arkansas to be with the family.

Bye for now. May all your days be good ones.

Committee members are now collecting items large or small. Donations of usable clothing, furniture, toys, books, records, small appliances, sports equipment and other miscellaneous items are welcomed. The deadline set for receiving rummage will be Wednesday afternoon, October 6. Items you may no longer want may be just the thing that your neighbor wants and will buy at the Rummage Sale!

Our Thanks

We want to say "Thank You," to every one who was so thoughtful during our sadness, when we lost our daughter, Margie Fish; to the Historical Ladies for the beautiful hanging basket; to Mr. and Mrs. J.O. Evans, Jr., for the donation to Cal Farley's Boys Ranch in memory of Margie; to my neighbor, Edna Pipkin for watering and caring for my plants; and to all for the lovely cards and telephone calls. God bless each and every one.

Howard and Gladys Graves

Card Of Thanks

We offer our grateful thanks to all who extended comfort and sympathy, as well as many other kindnesses, in our recent bereavement. We especially offer thanks to Rosa Crowell who was hostess to a lunch at the Maverick for our family.

Joe Mike Egan Is Write-in Candidate

Joe Mike Egan has authorized the Bandera Bulletin to announce his candidacy as a write-in for the office of District Attorney for the 216th Judicial District in the General Election to be held November 2, 1976.

Egan's victory over the present encumbent in Bandera, Gillespie, Kendall and Sutton counties in the May 1976 Republican Primary was not enough to offset his deficit in Kerr (No Republican Primary in Kimble) County, hence his name will not be on the ballot in November and he is working to come back as a write-in candidate.

Egan, 48, took his law training at the Southern Methodist University School of Law in its evening division, graduating in June, 1964 in the top 10 percent of his class. Order of the Woolsack.

Upon graduation from law school Egan left the Sun Oil Company, where he has been employed for eleven years, to accept a clerkship with the Honorable James Noel, United States District Judge for the Southern District of Texas. He served as law clerk to Judge Noel for three years, from July 1, 1964 until June 30, 1967. Egan then moved from Houston to Kerrville, where for the past nine years he has been engaged in the general practice of law.

Egan said: "While in Kerrville I have gained experience in trial and appeal of felony cases, as well as of misdemeanors at the County Court level. In my employment in Federal Court in Houston and Galveston I benefited from considerable opportunity to observe criminal trials from an objective view of the court, and particularly from concentrated experience gained working on federal habeas corpus petitions filed by state prisoners. I am licensed to practice in the State of Texas, the United States District Court for the Western District of Texas, the United States Court of Appeals for the Fifth Circuit, and in the Supreme Court of the United States.

"Our reason for moving to Kerrville was to make our permanent home on a place at the end of Goat Creek Road (about 6 miles out of town, just inside Gillespie County) that my Dad, the late J.M. Egan, started working in 1940. My wife, Mary, is the third grade teacher at Ingram and our three children; Kathy (17), Mike (14), and Frances (13) all attend school at Harper. We are members of Kerrville's First Presbyterian Church and I am a member of the Kerrville Rotary

City Sales Tax Rebates

AUSTIN—Comptroller Bob Bullock said that an analysis shows that his procedure of rebating city sales taxes monthly rather than quarterly has turned out to be a real help to Texas city governments.

Bullock mailed checks totaling $56.8 million Wednesday to the 855 cities and towns collecting the one-cent tax as their September rebate.

He noted that city sales tax rebates have totaled $230 million so far this year, nearly 18 percent ahead of the $195 million rebated during the same period in 1975.

Bandera's allocation for this period was $6,146.48.

Absentee Balloting Begins October 13

According to County Clerk Olga Schmidt absentee balloting for the November General Election will be held October 13 to October 29. Voting will be held Monday through Friday from 8 a.m. to 5 p.m. Voting may be made by personal appearance or by mail. Mrs. Schmidt pointed out that registered voters over 65 years of age may vote absentee without having to state their reasons for doing so.

Miss Short To Be Installed Worthy Advisor

Miss Clare Jo Short will be installed Worthy Advisor of the Bandera Chapter Order of the Rainbow for Girls on Saturday night, October 2, at 8 p.m. at the Masonic Hall and extends a cordial invitation to her friends to attend.

ECA Course To Be Offered

Plans are presently being formulated for conducting an ECA course, a prerequisite for the Emergency Medical Technician.

If you are interested in obtaining this training, call the Bandera County Treasurer for further information as details are available.

Year Book Sales

Yearbook sales begin Friday, October 1. They will be sold before school, between classes, and after school. The cost will be only $7.00 and the books are well worth while. Everybody save your pennies and be ready to buy your "1977 Bulldog".

Admitted to Sid Peterson Memorial Hospital in Kerrville from Bandera County have been Miss Cheryl Lynn Beaton of Bandera on September 24; Jap White of Medina, Mrs. Mattie O. Davenport of Utopia, September 26, Stan Kendrick, Mrs. Mike Pember, Miss Cathy Johnson, and George Bradley of Bandera.

Blanco Team Overcomes Bulldog's Efforts

Photo By Zigler

By Seaward Grant

Bandera Bulldogs gave a good try for their first football win of the season against the Blanco Panthers Friday night, September 24. But a win was denied them with Blanco winning 21-0.

The unfortunate game started with Blanco scoring the first seven points. During the first quarter Johnny Hay was taken out of the game with the misfortune of three broken ribs.

In the second quarter no points were scored as the Bulldogs defense held up well. At the end of the half the score was Blanco 7 and Bandera 0.

A 13 yard run scored seven points for Blanco in the third quarter and another touchdown for Blanco in the fourth quarter on a short run. In the last seconds of the game, Bandera tried for a touchdown, but was unsuccessful. As the game ended the score was Blanco 21 and Bandera 0.

The loss last Friday will not affect Bandera in the next challenging game against Hays Consolidated. This will be the Bulldogs' first district game and will be in Bulldog Stadium Friday night, October 1.

Quarles At Sul Ross

Gary Quarles

ALPINE—Gary Quarles, son of Mr. and Mrs. Lloyd Quarles of Bandera, joins the Sul Ross State University football team at offensive end this season as the Lobos enter their first year of competition in the new non-scholarship Texas Intercollegiate Athletic Association.

The 47-member squad will compete under the direction of Dr. Paul Pierce against TIAA member schools Trinity University, Tarleton State University, Austin College and McMurray College, for the conference crown.

The new conference places emphasis on the student-athlete rather than the athlete-student. All scholarships in TIAA will be given to students on an academic or need basis rather than according to the student's athletic ability.

Quarles, a sophomore majoring in animal science, is a 1974 graduate of Bandera High School. While at BHS, he was named All-District in both football and basketball for two years.

Mrs. G.M. Mickelsen is at home again from Sid Peterson Memorial Hospital in Kerrville and getting along well at this time. Many friends hope she will improve fast and be well again.

Medina Bobcats Win 14—0

Halfback John Fuller scored two touchdowns to lead the Medina Bobcats to a 14-0 District 14-B victory over the Rocksprings Angoras Friday.

Fuller gave the Bobcats all the points they needed when he plowed his way into the end zone from the seven in the third quarter. Eddie Pratt kicked the first of two extra points.

Fuller scored again in the fourth quarter on a 15-yard sweep and the tough Medina defense led by Mike Fausett and Johnny Adams did the rest.

Medina saw its record climb to 4-0 on the season and 2-0 in District play as Rocksprings fell to 1-2.

Purple Hills Tidings
By Ida

Churches of Christ of Bandera and Medina conducted our Sunday afternoon worship service. Martin Smith, minister for the Bandera church, opened the service with prayer and delivered a sermon entitled, "Seeing the Unseen," using portions of Bible readings from Corinthians, Ephesians, Acts, Psalms, John and Hebrews. Peter Masik, choral director of Medina Children's Home, directed a number of best loved hymns and the sweet voices of the Medina Home youths blended with the adults and produced beautiful harmony as the group worshipped. Mr. Masik, a native of Pakistan, has a beautiful voice and the singing was superb. Mr. Masik and his lovely wife have been in residence at the Children's Home for about two months.

Those who registered at the service were Mr. and Mrs. H. Hamrick, Inez Abernathy, Mr. and Mrs. A.E. Cullom, Virginia Johnson, Mr. and Mrs. Martin Smith and Penny, Mrs. Calvin Wedgworth, Beth Brock, E.A. Everett, Dike Sanders, Beth West, Lynn Fuller, Cindi Lee, John Fuller, Shirley Philipe, Eddie Pratt, Randy Simpson, Dawn Curtis, Pat Brown, Davina Shepherd, Mary Fetters, Richard Nickles, Penneth Pratt, Rui Silva, Willie Matthews, Tim Shand, Cindy McClaugh, Larry McNeely, Cliff Prater, Jennifer Cunningham, Mike Fausett, Kathryn Anderson, Becky Bollier, Vicki Nichols, Mr. and Mrs. Peter Masik, Russell Harendean, Mary Fuller, Nora Trattman, Clifton Fuller, Mrs. John Saul.

Clifton Fuller conducted the closing hymn and Cliff Prater offered the benediction.

We had a wonderful service.

Mrs. Louise Lucius celebrated her 81st birthday Saturday. At noon her daughter, Mrs. Vercella Evans, came with a beautifully decorated cake which was served to her and all her friends at Purple Hills after they sang Happy Birthday. In the afternoon her daughter, Mrs. Ben Ferguson, and Mrs. Mitze Bradford, granddaughter, and great-granddaughter, Samantha Bradford, came. They served cake and cokes on the patio and she received gifts.

Mrs. Sophia Krueger enjoyed a visit with her son, Walter Krueger of Uvalde, Friday. They drove to Kerrville for lunch.

Last Saturday was a nice day for Lottie Anderson when her dear friends, Mr. and Mrs. Tracy Whidden and family, Terri and Newton, and Mrs. Whidden's parents, Mr. and Mrs. Edgar Loyd of Canyon Lake, came for a visit. Mrs. Whidden brought her a cake. The only way I can describe it is a Christmas cake. It had a little house of gumdrops, candy sticks and several other kinds of candy on a cake base. A little cart and deer in front loaded with gumdrops along with a little Christmas tree in the front yard. Just come by and Lottie will be glad to show it to you.

Mr. and Mrs. Jim Dale of Camp Wood, visited his mother, Mrs. Lena Dale, Sunday afternoon.

Ruth Rhodes' guests last week were George Chapman, Lee Wharton, Charlie and Anita Whitley of California, Ruth Risinger and Billie Crowell.

We are happy to have Mrs. Billy Burns join our family for a few weeks. We hope she likes us and will enjoy the good times we have here. We hope all her friends will come to see her often.

Mrs. Hester Hay's guests last week were Myrtle Hay of San Antonio, Sallie Lewis, Ila Fee, Janet Ferguson of Cotulla, Nora Thallman, Glen and Gene Hay of San Antonio, Mr. and Mrs. Edgar Loyd of Canyon Lake, Arnetta Whelden of San Antonio, Minneana James of A & M, Speedy Hicks, Elizabeth James, and Minnie Hayes.

Mrs. Myrtle Lewis' guests last week were Mr. and Mrs. Olan Buck of Bandera, Mrs. Paul Lico of Pipe Creek, Fannie Dean, Laura Bolton of Robstown, Texas, Vida Stevens, Maudie Harrison of San Antonio, Ethel Lewis and J.D. Jones of Pipe Creek.

We enjoyed a visit by the Home and Family Living class of Mrs. Lapette Wilson's last week. This included Tandy Williams, Julie Schulte, Julie Evans, Lisa Veselka, Nancy Tschirhart, Margie Rice, Basil Boatright, Terri Fernandez, Annie Rodriguez, Mary Kalka, Jon Clark, and Bud Schaefer.

We thank Mr. Tom Stevens for the gift of his mother's walker. You were nice to think of us and someone will enjoy using it.

Mr. and Mrs. J.J. Anderson of Medina, visited his sister, Lottie Anderson, last Wednesday.

We thank Mrs. Vera Loneke for all those nice things she sent to us and to Mr. and Mrs. J.W. Langston for delivering them.

Thanks to all you nice folks who helped us with our Service Sunday afternoon. Mr. and Mrs. H.H. Hamrick, Mr. and Mrs. A.E. "Fritz" Cullom, Mrs. Johnny Johnson, and several others whose names we failed to get.

Mrs. Lois Cullom enjoyed a nice picnic lunch Sunday at noon with her family, Mr. and Mrs. John Cullom and Mr. and Mrs. A.E. Cullom of Pecos, Texas.

Sharon Daniel and daughter, Janet Lindsey, and Jeff Lindsey of San Antonio and Lakehills, visited friends here Saturday. They were also visiting their mother who is one of our good cooks, Mrs. Onetta Lindsey.

Mrs. Mildred Cohen and friends, Mr. and Mrs. Loring Casimi all of Victoria, spent the weekend visiting with Mildred's mother, Mrs. Grace Dorow. Mrs. Dorow's daughter, Mrs. Lucille Holdsworth of Kerrville, was also with them.

I really enjoyed again last week when I said Elizabeth Standard attended the school in which I taught. Most of them have said Carra "Cookie" Standard, who is with our Nursing Staff Elizabeth, her daughter, is in Nursing School in Kerrville.

"I find politicking to be a humbling experience. Particularly in this write-in effort is brought home to me daily my absolute dependence on each of you. One summer-long anxiety I have been troubled with has, however, been relieved. Only recently, have I learned that you need not possess the find of memory supposedly enjoyed only by elephants to cast a WRITE-IN vote. Prior to leaving for the polls on November 2, you may, yourself, make a written notation of my name and where it is to be written-in on your ballot. You may then properly take the notation you have made into the polls with you and copy it onto your ballot. As you see, this is, again, asking extra effort of you. Herein, however, could lie the difference between realistic prospects of success, or their lack.

Egan is of the opinion that the controlling issue for voters in the November 2 election should be deciding which lawyer in the race would most likely give the state the best legal representation.

(Political adv. paid for by Joe Mike Egan.)

Mr. George Bradley, who resides at Little River Ranch Motel, suffered a broken leg in a fall at his home Monday and was taken by Bandera Emergency Medical Service to Sid Peterson Memorial Hospital in Kerrville for treatment, where he remains at this writing.

CADETTE GIRL SCOUTS "KICK-OFF"

Mrs. Toni Hanna and Mrs. Marilyn Seale, leaders for the Cadette Girl Scout Troop 158 of Medina, kicked off their year of scouting last weekend with a "fun-learning" experience at the Adult Weekend at Camp La Jita near Utopia. This is a weekend set aside for the Adult Girl Scouts to go camping. While there, they have a choice of many fun activities and learning activities as well as time to just goof-off and relax. It is always an enjoyable weekend and all the ladies have a great time and come home relaxed and happy as well as full of ideas for things to do with their troops for the year. It is a wonderful way to learn and encourage each other in scouting. If you are an Adult Girl Scout and have never been, try to go next year. You'll be glad you did!

Mr. and Mrs. Manuel Faris and son, Ned, have returned from a pleasant visit in West Texas. In Odessa they visited Mr. and Mrs. R.W. Faris for a few days and then went on to Stanton where they visited Mr. and Mrs. Preston Faris and baby.

College Girls Visit Homefolks

CHAMBER CHATTER

As reported in last week's Bulletin, the annual Chamber of Commerce Shrimp Boil and Covered Dish Supper was held at Flying L Ranch Thursday, September 23. We would like to thank Marilyn Deane, Eugene Maier, Jack Jones, Lorenzo, Rags Ragsdale, Sue Holt, Betty Mendle, Linda McAdams, Mary Kunz, Paul Guzzardo, Richard Weber, Joe and Cindy McMullan, and Dorothy Canfield for making it such a success. We hope that no one's name who worked to make this event such a success has been omitted from this list. We, the editors, would like to take this opportunity to state that as in so many past Chamber of Commerce activities the above mentioned list of names includes many of those who have been mentioned time and time again. We simply want to ask when will we be seeing the names of other good members of your Chamber of Commerce added to the active list of volunteers.

Coming up the weekend of October 9th, the Over 40 Roping will take place at the Bandera Recreation Center. This will be the eighth year this annual event has been held and has always been a huge success. Make a point to go out that weekend and enjoy the roping.

October 16th is the date for the "Oldies but Goodies" record hop sponsored by the Chamber of Commerce Float Committee at the Bandera Recreation Center. Banderans Attend Camp

SAN ANTONIO (Spl.) — Tabulations at the Grand Lodge, Order of the Sons of Hermann in Texas, reveal that 1,502 youngsters received a week of partially free camping at the Hermann Sons Youth Camp for junior members in the Hill Country at Comfort in 1976, Grand President Henry Reimer reported from his office in San Antonio.

Eight hundred and eighty of the campers were girls and 622 were boys. All of the campers were residents of Texas, except for eight former Texas children now living in other states and abroad. Spending their vacation with relatives in Texas, one girl came all the way from England to take advantage of the camp, and there was a girl camper from Arabia as well as a boy camper from Saudi Arabia.

The camp was founded in 1954 as a fringe benefit for junior members of Hermann Sons and, besides air-conditioned dormitories, includes horseback riding, archery, canoeing, swimming, soccer, golf, tennis, leathercraft and a host of other activities. The number of campers who have enjoyed a week there is approaching 30,000, said James C. Wicker, camp director.

Attending this year's camp from Bandera were four youngsters, Kelly Ann Kindla, Suzanne M. Kindla, Laura A. Wilton, and Keith A. Kindla.

4—H Week Theme

National 4-H week will be celebrated October 3-9 with youth all over the USA working towards this year's theme "4-H — Room To Grow".

The 5.6 million 4-H'ers across the nation will try to increase membership and leadership during the weeklong observance.

Bandera County Extension agents, Peggy Edwards, and Werner Lindig report that National 4-H Week is scheduled annually by the Cooperative Extension Service to bring public attention to the values of 4-H as an informal youth educational program of practical skill, leadership and citizenship.

There are 120,000 4-H'ers enrolled in Texas. A little over half of the Texas members live in towns with populations over 10,000. The rest of the youth live in the ever-increasing suburbs and on farms and ranches. Bandera County had 217 4-H members last year. The agents are presently meeting with the newly formed community clubs in Medina, Bandera, Pipe Creek and Lakehills to re-enroll last year's members and get new members.

The 14 Extension Service districts in Texas will have a variety of activities during this special week. Look for posters made by the local 4-H members in each Bandera County community.

Join 4-H! It's for you!

Commander Latham called a work party for Saturday morning at the Legion Home. Much was accomplished with Travis Latham, Stanley Tschirhart, Irvin Cowley, J.B. George, Ralph Schmitchel, Floyd Galland and Walter Roach providing the man power. Young men of the community lending muscle power to help with the hole digging and setting of additional standards were Robert and Paul Schmitchel, Doug Walker, Mike Galland and Robert Tschirhart. The men erected a light pole. Soon the entire play area will be well lighted. George Wallace graciously loaned his air compressor to help make the work easier. We are grateful to him. Walter Roach kept the men going with his strong coffee and leg work.

WHY IS THIS MAN SMILING?

You'd be smiling too.
He just received his dividend check from Community Savings. Because like so many other Hill Country residents, who have received a total of over $3,526,000 in dividends this year alone from Community Savings, he saves his money where it earns high interest compounded daily.
Which is a good reason to be smiling.
Because the more you save at Community Savings, the more you receive. And the more you receive, the closer you come to realizing the financial goals you've set.
We make people happy.
Community Savings is proud to be able to mail out checks like these each quarter. As the Hill Country's total financial center, it's a good feeling to be able to help your neighbors like this.
Because we're a Hill Country resident too.
Working together with you. And for you. To meet all your financial needs. To make our community the kind of place we can be proud of.
Get on our mailing list.
Community Savings is the Hill Country's largest and most convenient savings and loan. Largest because we offer the widest range of financial services around. Most convenient because we have more branch offices than anyone else.
So come to Community Savings soon.
And let us put a smile on your face.

L' Alsace Tour II

By Walter and Frances Haby
Helotes, Texas

In November 1975, three couples from Alsace visited at our ranch and had dinner with us. My husband, Walter, is able to speak Alsatian and I can speak some German, so we were able to converse with these friendly people. They asked us to visit them. L'Alsace Tour II was in the making, so we planned to go.

We left home June 19th from San Antonio's airport. We boarded a DC-8 Trans-International at 3:55 p.m.

We enjoyed traveling with so many people we knew. A big party of 225 from around the area, plus 29 people from the Houston area made the trip.

The pilot would announce the towns we flew over, the speed we were traveling, the altitude, and temperature.

We landed in Bangor, Maine, at 7:45 p.m. for refueling, and took off again at 9:30 p.m. toward Paris, France. We flew over Ireland, landed Sunday, June 20, at Le Bourget Airport in Paris, and boarded a bus to Nikko Hotel, a new modern Japanese hotel.

Father Mueller from San Antonio, Texas, who has been staying in Paris, celebrated mass for our group in the hotel.

Monday, June 21—After breakfast at the hotel, we took a bus tour of Paris. Our guide was a French girl. A group picture was taken at the Eiffel Tower, then we saw the Arch of Triumph, Marie Antonette's quarters, Napoleon's tomb, Sacred Heart church, Painters' Square, beautiful gardens, the leading perfume company, and numerous other places.

June 22nd—We left Paris by bus. The highway was lined with planted trees on both sides along with the golden wheat and oat fields. The corn was short and wilted, due to the drouth and heat. We saw sugar beets growing. There is no space wasted, no weeds.

We drove 400-plus miles and arrived at Burnhaupt Le-Bas. Police escorts with sirens blaring led our buses to a huge hall where we met our hosts, then a reception of speeches, wine and Kugeloop (a coffee cake).

Our hosts drove us to their home where they own and operate a hotel in the mountains near Colmor. Two brothers own the Marschal Hotel.

June 23rd—After breakfast, our hosts took us on a tour to Red Well, a dairy where they make cheese and also have a place to dine. We had wine, cheese, and French bread. This place is high in the mountains and is operated by a family. From there we went to Hotel Schallern, which has a restaurant adjoining a ski slope.

We walked up a distance; only jeeps drive to this place. We had a delicious dinner here. Later we drove to a lake and then joined the regular tour at Turchheim.

June 24th—We went by bus to Equisheim, Castroville's sister city. First we went by some castle ruins nearby. The castle is being restored. We walked up the hill to see it. In Equisheim we walked upon the narrow cobblestone streets and shook hands and greeted the townspeople. They stood on their doorsteps and leaned out the windows. There are no screens or flies, but beautiful windowboxes filled with geraniums and petunias. Across the streets from their homes were their livestock and hay in immaculate barns.

We had a reception nearby where wine was served. Then we went to a hall where we were served a delicious onion pie, sauerkraut, sausage, ham and hocks, and much other good food. A band played while we ate. There were more speeches and presentations.

Then we drove to Riquewihr for another reception. That evening we attended a show at Mulhouse, followed by a big feed.

June 25th—We went through the old part of Colmor today. We saw the Bicentennial exhibit in the Museum of Bartholdi, creator of the Statue of Liberty. Then half of our group ate lunch at Hotel Marschal, where we were staying.

Later we toured to Hout-Koenigsbourg, a fortress or castle high on a mountain overlooking the great valley. The castle was bombed during a war. It was later restored by Kaiser Wilhelm.

June 26th—Our hosts took us to Colmor to shop; then to an uncle's place, Hotel Marchal, in Le Hohwald. We had a delicious dinner and a visit.

June 27th—Attended Mass in an old (built 1030 to 1040) octogon shape church in Ottmarsheim. We had dinner with Mrs. Marschal's father and brother at their home.

June 28th—We drove by bus along the Vin Route through many villages and saw grapevines growing to the mountain tops. Colmor is the capital of the wine country. The remark was made, "People are never on welfare here. There is always work." Mrs. Vander-Walle shared some huge, delicious strawberries on our bus that her hostess sent with her.

We came to Strasbourg where we boarded a sightseeing boat on Strasbourg Canal. The bridges we passed under are named after famous people. There is much industry here—sugar refining, chocolate factory, flour mills, gas cooking plants. A pipeline from the Netherlands supplies gas for Alsace.

We are traveling on the Mine Rhine now. We see the Old Customs House, and oldest protestant parish and seminary. The river is divided in four channels. Here we were in a lock. There is a River Toll House, a light that controls traffic and a hospital dock accessible to canal traffic. The canals were completed in 1843.

We got off the boat and went to a Holiday Inn for lunch, then to a radio station where we saw a movie of Castroville. Then we went to Notre Dame Cathedral; huge and beautiful. There is an astronomical clock which shows the time of sunrise and sunset, eclipse of the sun and moon and the planetary system. I failed to get more information on this, but it is so interesting.

From there we went to Colmar and back to our hotel.

June 30th—On the bus toward Lucerne, we went to a monastary which was too beautiful to describe. We ate lunch, shopped, and walked across the Reuss on an old covered wooden bridge built about 1333. On one side of the bridge were pots of blooming red geraniums, and there were hand painted pictures in the gables.

July 1st—On our way to Germany, we saw sugar beets growing. There were oats, wheat, and corn, farms on mountainsides, and barns and houses with wood stacked next to the houses under shelter. We came to the Black Forest. Every 5 Kilometers there are roadside parks. We saw lumber mills and (tonnerbaum) trees. We were on the Auto Bahn built by Hitler.

We saw the American airport on our left; also the German airport.

July 2nd—On the bus to (Kolon) Cologne, we saw many Opal cars and haystacks set on legs. Near Lecifingraff are two television stations for all of Germany.

We enjoyed going along the Rhine River. Along it is the longest stretch of railroad in Europe, our guide informed us. The castles and grape vineyards were beautiful. We came to Kolon, Germany, and went through the Kolon Cathedral. Then we traveled by bus to Amsterdam. We entered Holland about 5:30 p.m. It looked greener there. We saw tiny windmills; the water in places is 6 feet from the surface. We saw sheep and hogs.

July 3rd—On our tour of Amsterdam, we saw Rembrandt's home, saw a Rembrandt painting (The Night Watch) which was mutilated a year ago and has been restored and is back in place with a glass to protect it. Also, we saw a self portrait of Rembrandt. We saw the Tower of Tears where the women cried when their husbands went out to sea. In the Coster Diamond Shop we watched them work. Then we went to a market place in the street. You can buy fruits, vegetables, cheese, fish, meat, jewelry, clothing, etc.

In the evening we had a boat ride on the canal with a cheese and wine party given by Mr. and Mrs. Charles Kilpatrick and saw points of interest.

July 4th—Following breakfast at the hotel, we attended Mass, rested, visited with tour members, and prepared for our trip home. After stopping in Bangor, Maine, and Houston, Texas, we arrived in San Antonio, where a light rain was falling and the weather was cool. It was a great trip.

Stricker Family Gatherings

The summer of '76 has certainly been a busy one for the Adolph Stricker family. In fact, this has been one of the fullest summers since most of the eleven children were still living at home.

The hustle and bustle all started in May when the youngest daughter, Lou, graduated. The early months of the year were filled with preparation for that event. The night of graduation a lawn party was given at the Stricker home in Lou's honor. Guests enjoyed a variety of refreshments including a graduation cake which was decorated with a red rose, a royal blue graduation cap, and the phrase "The Spirit of '76". Out of town guests were Adolph, Jr., Becky, Mary, and John Stricker of Wallace, Texas; Inez Timmons of San Antonio, Texas; Mike and Janet Evans of Ingleside, Texas; Fred and Louise Stricker and Ruby, Diann, and Clayton Neal of Pearsall, Texas; and Raborn and Ella Calloway of Medina. Other guests from Bandera included Montie and Avis Chipman, Tressa Trowbridge, Charlie Toon, Dolores Martinez, Walter, Virginia, Walter, Jr., and Linden Stricker, Euna Wagner, Jane and Jean Dry, and Lillian Ferguson.

In the month of June, the eldest child, Katherine, and her husband, Randy, arrived for a week's visit. It had been four years since their last visit from Topeka, Kansas, so the family had much to catch up on. While Katherine was here, she attended her 20th year reunion of the class of '56. Also visiting during this time were Willie and Billie Stricker and their infant daughter, Shawnee Lynn, who now live in Ruidoso, New Mexico. This was the first opportunity the Strickers had to get aquainted with the "new arrival" and they enjoyed it immensely. A barbecue was held for the visitors and other family members, Laura, Stephanie, and Kenny Pichot of Laredo, Texas, on June 13.

On the 4th of July, the family celebrated with friends by having another barbecue at their home.

On August 10, Harriett Stricker's brother, Bernard Buck, of West Plains, Missouri, arrived with his family for a short visit. The group included Deryl, Greta and Charles Buck of Fort Worth, Texas, and their granddaughter, little Greta; and Ardell and Jody Boden of Lincoln, Nebraska. While they were here, the group enjoyed visiting many old friends in this area and also seeing the sights of Bandera.

Labor Day weekend visitors were Janet and Mike Evans of Ingleside; Mr. and Mrs. Raborn Calloway, Elbert Wheeler, and Mr. and Mrs. Ed Evans of Medina; Mrs. Laura Pichot, Stephanie and Kenneth of Laredo; Inez and Bruce Timmons, Shannon and Cindy of San Antonio; and Walter and Virginia Stricker, Walter, Jr., and Linden of Bandera.

DAR Meeting

The regular meeting of Bandera Chapter DAR was held on September 16, 1976, in the Community Room of the First State Bank at 2 p.m., with Mrs. John C. Focke, Regent, presiding.

Mrs. Ross Bailey, Chaplain, gave the prayer; and the Regent led the members in the pledges to the Flag and the American's Creed.

Mrs. Marjorie Miller was welcomed as a guest at the meeting.

Mrs. John Harrell, Sr. gave a talk on the objects of the National Defense Committee and Patriotism. The National Defense Committee was established by NSDAR in 1926 to be of assistance to members in carrying out the patriotic, historical, and educational purposes of the National Society; and to promote and enlighten public opinion. This Committee has advocated an adequate defense for our nation; and its purpose is to do all possible to preserve the priceless heritage of freedom, protect the Constitution, and the sovereignty and solvency of this country.

Our founding fathers worked hard to build America; and they were endowed with strong minds, brave hearts, enduring faith and everlasting ideals. Like our forebears, the people of the United States must know what our system of government is, have passionate faith in it, and be prepared to defend it. Since we have been given the privilege of freedom, we likewise have the obligation and the opportunity to hold to that ideal of freedom and to the system of government it guarantees.

In observance of Constitution Day, Mrs. James B. Brady gave an enlightening talk on the Constitution of the United States. An "assembly" of delegates met in the Pennsylvania statehouse in Philadelphia during the period May 25-September 17, 1787, and drafted the Constitution of the United States, which replaced the Articles of Confederation. The convention was called as the result of a demand for a stronger central government. Only fifty-five men actually took part in the proceedings at Philadelphia; of these, thirty-nine signed the Constitution. The convention quickly decided to make a new Constitution rather than try to amend the Articles of Confederation. Its basic elements were contained in the Virginia Plan, prepared by the Virginia delegation before the opening of the convention and proposed by Edmund Randolph. This plan called for the creation of a powerful central government; and it was arranged that the Constitution should have as its basis the solemn will of the people.

Our founding fathers took good care to ensure that the American government would be an instrument to serve the best interests of the people in their aspirations for freedom, dignity, and a rewarding life. It was precisely because they understood so well how vicious an enemy of the people government can become, that they sought to contrive a governmental system in which power could not be concentrated in one man or in too few.

Americans who understand the foundations upon which liberty was erected realize that a world order could well be the greatest enemy of individual freedom, not a means to achieve it. To have freedom depends on local self-government, on effective access of the people to their individual rights.

In closing, Mrs. Brady recommended that everyone should reread the Constitution and understand what it really means, because today it is being sorely tried.

Members attending the meeting were Mesdames John C. Focke, James B. Brady, Eugene Byers, Ross Bailey, Joseph Tajan, J.W. Edwards, John S. Hammonds, John K. Harrell, Sr., and guest, Mrs. Marjorie Miller.

Two Bandera Families Qualify For 1976 Land Heritage Program

AUSTIN—Two Bandera County families have qualified in the 1976 Texas Family Land Heritage Program, Agriculture Commissioner John C. White has announced.

Included among the recipients are Mrs. R.J. Cielencki, Bandera, and Roy E. Dugosh, Bandera.

"In this, our third year's search for century farms and ranches, we have qualified 160 properties, putting us over the 1,000 mark in total registrations since the Program first began," Commissioner White said.

Plans are now underway for a special honors day presentation at the State Fair in Dallas, Oct. 8, when Commissioner White will present honorees with certificates commemorating their participation in the Program.

Information concerning each farm and ranch will also be included in the Texas Family Land Heritage Registry Vol. III, which will be published in early 1977.

Commissioner White instituted the Heritage Program in 1974 as a means of honoring those farms and ranches in the state which have seen continuous, productive operation at the hands of one family for 100 years or more.

Since its inception, the Heritage Program has received national attention from the American Association for State and Local History as well as the praise of state and local historical groups and people.

Lands and their owners included among the honorees span the spectrum of agricultural endeavor, White explained.

"Some are the result of mammoth Spanish Land Grants, passed from the 18th Century by their original holders through succeeding generations, while others are lands now farmed by descendants of slaves freed at the end of the Civil War," he said.

"Participation in the Land Heritage Program has been one of the most rewarding experiences in my tenure as agriculture commissioner," White added.

"The contributions of these families in maintaining productivity throughout the years are monumental and we, as modern Texans, owe them a special debt of gratitude," he concluded.

Photo By Zigler

Over 300 people attended the annual meeting of the Bandera County Farm Bureau held at the Recreation Center on Saturday, September 25, 1976. A barbecue supper was served to all who attended.

After supper the activities of the Farm Bureau during the previous year were discussed. Presentations to the general membership meeting were made by high school students Gilbert Bower, Maxine Lindig, and Nancy Tschirhart, who attended the Citizenship Seminar in Waco. Mr. Pete Hohon showed three short films on the Fireman's Training School which he had attended in July.

Re-elected to the Farm Bureau Board of Directors were R.E. (Ned) Adams, Ellis Browning, Cotton Fitzgerald, Johnny James, and Lane Langford, along with Allie Allsup, G.W. Ender, Tim Tobin and Stanley Tschirhart.

After the meeting ended, a dance was sponsored by the two service departments of Farm Bureau, Insurance agent, Sue Holt, and Tire & Battery dealer, Bandera Ranch Store. This was held outside on the slab at the Recreation Center. Sherrill Johnson and the Hilltoppers provided the music for friends and neighbors from all over Bandera County. Everyone had a grand time dancing and visiting.

Superintendent States Philosophy And Objectives

Education is a process of continuous growth. Bandera Schools should be concerned with the mental, physical, emotional, and social growth of every student. The education provided by Bandera Schools should be within each pupil's limit of understanding. It is essential that educational experiences should be meaningful to the individual student at the time it is presented, should challenge the individual, and not exceed the child's rate of development.

Skills in reading, writing, listening, speaking, observing, arithmetical learning, and the ability to understand and follow directions are essential tools for desired growth and development.

The responsibility for a child's continuous development as a functioning student and citizen must be shared by both parents and the school. Each citizen in the community should feel an obligation to familiarize himself with the entire school program, and the school should make available all useful information regarding the school. Close cooperation between the school and community is essential to the development of a good school program and will lead to the improvement of the community.

As your Superintendent, I will do my best to help the Bandera Independent School District achieve the following objectives:

1. To teach the essential skills.
2. To challenge every pupil and to teach within the limit of his or her understanding.
3. To make available educational opportunities to every educable child.
4. To teach the rights, privileges, obligations and responsibilities of an individual in a democracy through experience.
5. To develop in each child self-confidence and assist him in being an acceptable member of a desirable group.
6. To approach the community-school idea through (a) Helping each child become a responsible citizen; (b) Using all available resources material and resource persons in the training of the child.
7. To encourage the professional growth of teachers.
8. To encourage good health and physical fitness.
9. To provide activities through which the child may better understand his own problems and himself.
10. To provide guidance, counseling, and opportunities for Career Education.

GYMNASTICS
TWICE A WEEK

The Hill Country Gymnastics Association is proud to announce that Bandera will hold gymnastic classes two days a week, Wednesday and Thursday. Due to the popular turnout of pre-schoolers through high school, Glenn Herring, director of HCGA announced Thursday that the association will hold classes at the Bandera Ranch Store starting Wednesday, September 29.

Bette and Glenn Herring are directors of HCGA, including Bandera, Fredericksburg, Kerrville, Junction, Uvalde, and Boerne. Approximately 500 students are presently enrolled in the recreational-competitive gymnastics program.

Bubba Garner, teacher of the Bandera satelite school, stated that all present classes are full, and a waiting list is filling up rapidly. Maxine Lindig is Mr. Garner's assistant, and is presently conducting twirling classes for all interested. All students wishing to enroll for Wednesday gymnastics classes should see Mr. Garner Wednesday, September 29, at the Bandera Ranch Store.

In addition to the classes, The HCGA will sponsor a Gymboree to be hosted at the Municipal Auditorium, Saturday, October 16. Five of Texas' top female gymnasts will be the main attraction, as well as one of the U.S. top gymnast to be announced at a later date. Children and parents will also see the Hill Country Gymnastics products from the past three to four years. The Gymboree will be unlike anyone has seen in the state of Texas. The Nissen Corporation will supply two fully equipped gymnasiums for the presentation. A trampoline expert will also be present to demonstrate the trampoline's versatility. Tickets may be purchased from Bubba Garner or Maxine Lindig.

Drug Awareness

The Bandera PTA is sponsoring a drug awareness program. A committee has been formed consisting of people of the community.

On June 17 and 18, seven members of the group attended a workshop by Drug Central of San Antonio at the Menger Hotel. On August 18, 19, and 20, three persons attended the Hill Country Sheriff Association course in Kerrville.

The first year tentative goals of Drug Awareness are (1) to make all in our community aware of our drug and other related problems through speakers and publicity, (2) establish a Crisis Line, (3) train at least 10 people to handle the Crisis Line, (4) have available a referral list of professional help, (5) have at least 10 homes in the community available for emergency care.

A tentative date of October 11 has been set to have Mrs. Kay Keating speak to the community. She is a clinical psychologist specializing in child management and family problems. Further notice will be made.

It is our hope that as this program progresses all people of the community will become involved in some of the many facets of this far-reaching human relationship problem which faces all families. Would you help when called upon?

Band Booster News

On September 16, the booster club held their first meeting of the year with co-president Mrs. Ed Merris calling the meeting to order.

First on the agenda was the introduction of the officers for the year. Introduced were Mr. and Mrs. Ed Merris, co-presidents; Mrs. James Hansen, vice-president; Mrs. Raymond Batto, treasurer; Mrs. George Wyrick, secretary. The band director, Ron Pierce, was also introduced to the group and he introduced our new high school principal, Mr. John O'Neill. We wish to thank Mr. O'Neill for taking time out of his busy schedule to attend our first meeting of the year.

Minutes of the executive meeting were read. Following this, a few members of the high school band showed us different instruments in the band. Each instrument was played separately to show how each one sounded, then together they played a small part from the song, "Tommy". The group really enjoyed this entertainment. A big thanks to these students who came out on a school night to entertain us—Toni Batto, Brenda Boyle, Brenda Brient, Sheri Darden, Jamey Hansen, Ruby Haver, Bubba Jennings, Tamby Laskowski, Maxine Lindig, Jimmy Mangold, Debbie Merris, Armella Montague, Beth Mulqueeny, Barry Murrell, Dawn Neuman, Leanne Neuman, Paul Neuman, Tammy Petty, Janie Saathoff, Ann Tobin, Cliff Tomerlin, Doris Tschirhart, Wanda Wedgworth and Ada Beth Wood.

The treasurers' report was given and the minutes of the May meeting were read and approved.

A discussion was held on the concession stand and a report given.

A discussion was held on a membership drive for this year. Dues will be 50c per person for the year and notes will be sent home with each band member. We will also have a table at the home football games for people who wish to join though they do not have children in band, but would like to be a Band Booster. If you don't go to the games, but wish to become a member, you may send your name, address, telephone number, and dues to Mrs. Raymond Batto, Rt. 2, Box 36, Bandera, Texas 78003. Our meetings are held every third Thursday of the month at 7:30 p.m. in the band hall, with the exception of December, which is the one month during the school year that we do not have a meeting. Our goal for this year will be buying sound equipment for the band hall at the new school. Anything we have over the amount needed for the sound system will be used to buy instruments-which are still needed.

At these games we will also be selling Band Booster decals for 50c each. Be looking for our table and boost your band. The meeting was adjourned by Mrs. Ed Merris.

The Booster Club would like to thank everyone who helped at the car wash held Saturday, September 18. Even though this was not a Band Booster project, we're behind them 100 percent. They want new hats very badly, and are willing to work for them. The students worked hard Saturday, and they did a great job. We would like to thank the Conoco, Jennings Store, and Avalon Grocery for the use of their equipment and places of business. We had people who came by and helped the band members work even though they have no connection with the band at all. Also, there were people who came by and gave donations. A big "Thank You" to all of these great people. It was great seeing the school and community working together.

Feldman.

Mrs. Edwards offered the invocation.

Mrs. Howard Graves read the minutes of the last meeting and gave a good treasurer's report. She invited all to visit the Old Jail on Saturday, September 25, when a group of Children of the American Revolution visit there. This group will also visit Polly's Chapel, the Frontier Times Museum and other places of historical interest in this area.

During roll call Mrs. Lewis read the interesting story of the placing of the Amasa Clark monument on the Bandera Public Square, and a report on the historical tour to Polly's Chapel and the old fort on Privilege was received with interest.

Mrs. Lewis read a letter from Truett Lattimer, Director of the Texas Historical Commission, in regard to a special meeting at Round Top, Texas.

The group discussed securing markers for Frank Buckelew, famous Indian captive; and a site marker to honor the first Bandera County officials. Mrs. Lewis appointed Mrs. J.W. Edwards and Mrs. John Saul to prepare the proper application for this project.

The group also discussed a tour to Hondo and a visit to the Museum there as well as other important historical sites.

Historical Survey Group Meets

Mrs. A.B. Lewis, county chairman of the Bandera County Historical Survey Association called the meeting to order. Present for the interesting meeting were Mrs. Lewis, Mesdames Howard Graves, Howard Denson, Minnie Hayes, Connie Villemain, John Saul, Fred Mansfield, J.W. Edwards, John Hammonds and Mr. Warren Feldman.

NOTICE
TO ALL STUDENTS!
By Carol Teich

School spirit is great, but the yelling in the halls is going to have to be limited to the 5 minutes between classes. Yelling during classes is disturbing other classes who might be taking a test or busy in some other type of important work. Between classes let's bring the roof down, but please try to control yourselves during class.

We've got spirit, yes we do! We've got spirit, how about you?

FISH FLOUNDER
By Kevin Riley

Thursday night in Bulldog Stadium the Freshmen team played the Southside Cardinals with the Cardinals winning 20-6.

Penalties plagued both teams all night long. ..ne Bulldogs stopped Southside many times when the Dogs were backed up to their own goal line. Southside scored on two long runs and a short pass to make the score 20-0, but this did not stop the Bulldogs. In the third quarter Greg Hicks put six points on the board after a three yard run. David Sab recovered two fumbles and gave the Bulldogs two more chances to score, but the Bulldogs could not put any drives together. The final score was 20-6.

Southside's J.V. team forfeited to our J.V. team so there was only one game Thursday night.

Hays Consolidated will be the site of the games next Thursday night at 6:00, so be there and cheer your team on to victory!

OUR FAVOR,
THEIR FAVOR
By Susan Andreas

Volleyball teams had an exciting time in Dripping Springs last Tuesday, September 14. The J.V.'s won with the scores of 2-15, 15-12, 15-11, and the varsity lost with the scores of 15-10, 15-4. The trip as a whole was a rather exciting one. While the teams were preparing for the game, they learned of a misfortune of the officials. It seems they had a wreck, however to everyone's advantage no one was hurt. On the team's return trip they were stuck in the mud and had to be pulled out. The girls tried their hardest, but were unable to budge the bus. As a result another bus did the pulling.

Thursday, September 16, the next volleyball games with Comfort the J.V.'s won with the scores of 15-11, 15-5 and varsity lost, although they played a good game, with the scores of 8-15, 15-5, 10-15.

NEW ON CAMPUS*

By Jeanie Hickman

Have you seen this new face around campus? Well, it belongs to 15 year old Donna Williams, daughter of Mr. and Mrs. De Williams, Jr. She was born in Frankfurt, Germany, January 24, 1961 and attended Buena High School until moving to Sierra Vista, Arizona, and living there for 4 years. In Sierra Vista, she attended Sierra Vista Jr. High (7-10 grades). Then she decided to spend a few years at Bandera High with us.

Donna's hobby is horseback riding. She owns her own horses and is active in rodeos. She was princess for the Sierra Vista Little Britches Rodeo.

Donna's attitude toward Bandera is very strong. She says, "I wish I would've lived here before. Everyone is so friendly, not at all like Sierra Vista. People are more willing to make friends here." As long as she is here in Bandera, we are going to try to make her stay worth while.

A NEW FACE
AT AN OLD PLACE!

Mr. John W. O'Neill

By Kim Kramer

This year the students and faculty of Bandera High School have the privilege of working with a very fine man, Mr. John W. O'Neill, our new high school principal.

Mr. O'Neill was born and raised in Victoria, Texas. He holds a B.S. degree from Sam Houston University in Huntsville, Texas, and a M.Ed. from the University of Houston. Mr. O'Neill taught in the Victoria school district for nine years and spent one year at the Devereux Foundation in Victoria.

Mr. O'Neill has been married for six years and has two "fantastic" little boys. Brian, the oldest, is 4½, and Cody is 7 months old.

Mr. O'Neill loves Bandera High School. He stated, "This is a great school and it has the potential to be number one in academics and athletics. With student and teacher cooperation it will be."

There is one last message from Mr. O'Neill...BEAT HAYS CONSOLIDATED!

MR. PARKER,
ADMINISTRATIVE
ASSISTANT

Mr. Jim Parker

By Frances Head

Mr. Parker, who teaches culture studies, world geography, and anthropology, is also an administrative aide to the superintendent this year.

The former elementary teacher says he enjoys teaching his high school classes and also likes working with Mr. Caloss. He is anxiously looking forward to finishing his masters degree next summer and continuing his studies in administration.

Mr. Parker's duties as administrative assistant include public relations, student accounting (system wide), student insurance, student injury reports, attending all meetings pertaining to B.H.S., preparing an annual inventory of equipment and supplies on hand and estimating needs for the next school year, preparing the extra curricular activity calendar (system wide), and maintaining a definite public information program.

About his administrative duties, Mr. Parker says this position is giving him first hand experience that could never be gained in the classroom.

Mr. Parker is looking forward to a great year for the Bandera Independent School District, and to working for and with the students, faculty, administration, and school board of the Bandera public schools.

NEW STUDENT
AT BANDERA

Don Williams

By Jeanie Hickman

Don Williams, age 17, is a new student at Bandera High School this year. He is the son of Mr. and Mrs. Donald E. Williams, Jr., and was born in El Paso, Texas, on August 9, 1959. Before coming to Bandera this year, Don attended several schools beginning with East Terrel Hills in San Antonio. Moving to Frankfurt, Germany, he attended school through the 6th grade. In Leavenworth, Texas, he attended General George Patton Jr. High for the 7th grade. For the last four years Don has lived in Sierra Vista, Arizona, finishing Jr. High and then going on to Buena High School through the 11th grade. Now Don has moved to Bandera to finish his last year of school and says it is the best school he has gone to. Don thinks that everyone in Bandera is friendly. We wish you the best of luck, Don.

SPIRIT
By Alice Rae

There are many ways to express spirit at Bandera High School. There are pep rallies, signs, yells, smiles of enthusiasm, ribbons, and cheers. Each of these is shown throughout the school week, but only a few ribbons are seen on the students, and some have not even seen a ribbon or bought one so far this year. The Puppets sell ribbons as one of their activities, but they are not getting around as they should to high school students or faculty.

Let's support our team and boost our school spirit by expanding the distribution of spirit ribbons. The more spirit the better support our Bulldogs will have!

BUS DRIVERS TO ATTEND DRIVER TRAINING AND CERTIFICATION COURSE

The bus drivers of the Bandera Independent School District will be undergoing an intensive training and certification course this fall and winter. This training course is designed to promote competency of school bus drivers throughout the State of Texas.

The course will include classroom instruction as well as actual operation of buses.

In the classroom the bus drivers will cover many topics. Some of the areas of instruction are as follows: National and State traffic safety statistics on school bus operation; The School Bus Driver's image; preventative maintenance, regulations and driving procedures; defensive driving; safety and emergency procedures; first aid; procedures for loading and unloading students and transportation of the exceptional child.

Following completion of the classroom phase of training and instruction the drivers will spend one Saturday in actual operation of the buses. Here they will put to practical application the ideas learned in the classroom.

After completing the course the drivers will be fully certified as Texas School Bus Drivers.

NEW DISCIPLINE POLICY FOR SCHOOL BUSES

In an effort to improve students' conduct on school buses the Bandera Public Schools are instituting a new Bus Discipline Policy. Realizing that a small percentage of students misbehave on buses and by doing so present a potential hazard to the other students as well as themselves the following procedure has been instituted:

(1) The first time a student misbehaves on a bus the driver will report the fact to the Principal or Superintendent who will keep a record of such misconduct and the student will be subject to reprimand.

(2) The second time the student misbehaves on a bus the Principal or Superintendent will advise the Parents or Guardian of the student by phone and-or registered letter, and the student will be subject to reprimand.

(3) Any further misconduct will cause the student to be subject to suspension from the bus for up to three days.

(4) Any further misconduct may result in suspension from the bus for the semester.

ANY FLAGRANT ACTS BY A STUDENT WILL RESULT IN IMMEDIATE SUSPENSION OF BUS PRIVILEGES.

The Bandera Independent School District is also asking parents' cooperation in refraining from using the street between the Ag. Shop and the Main campus. This street is closed to all traffic during all school hours.

There also exists a potential problem of bus overcrowding due to students riding buses home to visit friends. The Bandera Independent School District is pleased to transport students to friends' homes so long as it does not create an overcrowded situation on the bus. If overcrowded conditions occur, students will not be allowed to ride buses other than those to which they are assigned.

Pipe Creek NEWS

BARBECUEFEST

Mexico has Diez y Sies, Germany has Octoberfest, New Orleans has Mardi Gras, San Anttonio has Fiesta Week, Bandera has Fun-Tier Days, and Pipe Creek, determined not to be outdone, is having a 2 day Barbecuefest October 30-31.

While some Fests are held solely for fun and frolic, our Barbecuefest is for the purpose of helping pay for the fire truck. Of course this noble purpose will not preclude some coincidental fun and frolicing. In addition to chicken personally selected and barbecued to exquisite perfection by Chef Pierre Lindley, there will be games, dancing, a turkey shoot and drinks from pure artisian water and 1001 mountain springs.

Do you have any memorabilia, antiques or junque you will donate to the fire department? We want to have a sale in conjunction with the barbecuefest. If enough items are received we will have the sale. You may set the minimum price to be received for any item. For pick up please call 535-4541 or leave items at the fire hall Saturday.

By the time this is read the Pipe Creek V.F.D. will have hosted the 3 evening fire fighting course conducted by the Texas Forest Service. The fact that Pipe Creek has a facility capable of handling such an event is a tribute to the foresight of those who planned and built it.

Can Pipe Creek demonstrate that there can indeed be a cold day in hell, that the proverbial snowball can survive there, and that a month of Sundays is possible by having an overwhelmingly successful fall Barbecuefest? Of course! It will take the active support of all members and the same generous community support given in the past. Will you help?

Have you devised and had the family practice an escape plan in the event of fire which most often comes like a thief in the night?

Bob Turner

HOUSE WARMING TO HONOR MORRISONS

Friends and relatives are invited to a house warming for Mr. and Mrs. Mickey Morrison and daughter, Michelle, at their new home in Pipe Creek on Sunday, October 10, from 2 to 4 p.m. Mrs. Morrison will be remembered as the former Mona Newcomer.

"PLANT TRADING PARTY"s PLANNED

There will be a "Plant Trading Party" at my home in Pipe Creek on Friday, October 8th at 10 o'clock in the morning. It is a fun way to meet new people and get lots of new plants.

Anyone who would like to attend is welcome. Call me at 535-4215 for directions and more information.

Ingrid Wallis

4-H CLUB NEWS

The corrugated tin for the roof was donated by Earl White, Sr. The concrete was donated, delivered and poured by Roger Stevens of Bandera. Construction labor was donated by Milton Lewis with some assistance from Allen Meyer. Commodes were donated by Richard Fitzgerald and H.A. Haby, Sr. The lavatories were donated by Milton Lewis. An 800 gallon water storage tank was donated by Millie "Sarge" Schenkat, of Lakehills.

When the Bulletin first published news of the restrooms being constructed a young lady from a pioneer family was overheard saying..."Who ever heard of restrooms in a graveyard?"

A gentleman, several weeks later, contributed $5.00 toward construction cost of the restrooms and remarked, "That is just fine...do you know I've not been able to go to a funeral in over a year and a half...because when I have to go, I have to go! I don't get much warning...and at 84 years old I can't move very fast."

So be it!

NEXT, A WATER WELL!

A water well will soon be drilled on cemetery property.

Mr. Sam Byrd, owner of Byrd Drilling Service, Bandera, Texas, offered to drill a well and case the well for free! He offered to install the submersible pump, pressure tank, etc., and bill the Cemetery Association at his cost!

The Trustees were overjoyed with the generosity of Mr. Byrd and agreed among themselves to "go a note" at the bank to pay for the equipment if the funds in the Association are insufficient at completion date of the well.

A water well on the property will afford the ability of watering the cemetery and keep it green; also installation of a water drinking fountain.

These projects are in the distant future.

When Sam Byrd was first approached on drilling the well, he said, "When do you want a (expletive) well?" The answer came back..."Tomorrow!" Sam said, "What? Why you (expletive) it takes time to move a (expletive) rig!" "Anytime, Sam, any time," came the answer.

INTRODUCTION OF NEW TRUSTEE

Mr. Luther Edwards, Sr.

The Pipe Creek Cemetery Association wants to introduce the newly elected trustee, Mr. Luther Edwards, Sr.

Mr. Edwards was elected to a 3-year term of trustee at the September general meeting of the association.

Luther Edwards, Sr., was born December 11, 1911 in Pipe Creek, the tenth son of George and Lucy Edwards.

Although a descendant of a pioneer family of goat and sheep ranchers he found Bandera County unchallenging for his ambitions. He left the Pipe Creek area for military service at the beginning of World War II. He served in the army and saw action as a tank driver in Germany.

After the war, Luther Edwards established residency in Yuba County, California.

He retired in 1972 and returned to the old homestead in Pipe Creek.

Earl White, Sr., Trustee

Local B&PW Members Attend Dist. Conference

The annual District II Conference, Business & Professional Women's Clubs was held September 25 and 26, at Oak Hills Motor Inn in San Antonio. Women attending from Bandera County were Punkie Camp, Joy Short, Gwen Akin, Mimi Lavarre and Susie Batman.

Each president from the different clubs in the district gave reports of their club's activities throughout the year. The following was submitted to the general session by Punkie Camp.

This year the Ruth Chandler Memorial Scholarship Fund, a permanent club project, awarded two scholarships in the amount of $500 and $250, to outstanding senior girls from the county. These are awarded each year by letters submitted to the club from interested people throughout the county. The monies in this fund are raised solely through fruit cake sales by our members.

The club has also undertaken projects to increase our General Fund. Memorial Day, we sold popcorn and lemonade on the Courthouse Lawn. Labor Day, at the annual River Art Show, we had an old fashioned General Store with pickles, preserves, aprons, plants and even a straw doll, all made or donated by our members. We also sold ice cold lemonade and were quite successful for our efforts.

This Bicentennial Year is also the 10th Anniversary of our Club's Charter, and we celebrated this event with a Silver Tea.

We have plans to post an election board for the November election to inform the citizens of voting results as polling places are counted throughout the county. At this time we also plan to sell coffee, hot chocolate, and doughnuts.

The club has also volunteered to help with the Swine Flu Vaccination Program.

We have established alternate meeting dates each month, one month for an evening meeting, the next a brown bag luncheon. This is for the convenience of our members and to increase participation.

The club would like to thank Hill Country B & P.W. for helping us co-host the District Meeting at Flying L Ranch. If you ever need an abundance of homemade cookies, call on these girls; they really know what they are doing.

Our membership is down this year, but we have new members filled with enthusiasm and older members with a renewed interest in our projects and goals, and are looking forward to a busy and rewarding year.

Mr. and Mrs. George Hohon are the proud parents of a baby son, born in Methodist Hospital in San Antonio on September 24 at 7:22 p.m. The young man weighed seven pounds and three ounces.

Genealogical Society Welcomes Members

Mrs. James B. Brady, Mrs. Henry Burns, Mrs. John K. Harrell, Sr.

Mrs. John K. Harrell, Sr., President of the Heritage Genealogical Society, welcomed members and guests to the first meeting of the fall at the Flying L Ranch on September 22, 1976.

Guests and officers were introduced by Mrs. Harrell, who then stated the object of the Society. She invited those interested in membership to join and receive the aid of other members in researching family histories.

Certificates to the Past Presidents were presented to Mrs. Margaret Bridges Focke by Mrs. Dan C. Alanis; to Mrs. Margaret McFarland Alkek, in absentee, by Mrs. James B. Brady; to Margaret Short Evans, in absentee, by Mrs. Harrell.

The First Vice-President, Mrs. James B. Brady, introduced the speaker, Mrs. Henry Burns, historian and columnist, of Utopia. Mrs. Burns shared some anecdotes and historical facts gleaned from interviews with family, friends and willing and sometimes unwilling oldsters, in her pursuit of records of the past. Her enjoyment in this research was evidenced by the vivid pictures she painted of the people who forged the links that preserve the physical and historical environs of Utopia. There was urgency in her plea for families to keep the treasures in family albums, letters and old news clippings. She suggested writing the stories you know so your children can feel the strength in the ties cemented by hardships and love. "The human beings in these stories belong to the towns and to the families who live in them. Our nineteenth century people are dwindling in numbers and we must not lose their valuable contributions to our lives," she said.

Those registering were Mesdames John K. Harrell, Sr., John C. Focke, William P. Jordan, Vaughan Winn, Cecil Arnim, T.M. Woodley, Jr., C.P. Arnim, Vernon Smith, Jack Ware, Mildred Bolding, Horace B. Wood, Dudley Althaus, Ross Bailey, Mary Tajan, P.R. Freeman, Sterling Fisher, Bud Thompson, Sid Mauldin, J.K. Leighton, Dorothy Spears; Marjorie F. Langford, D.W. Matthews, Henry Burns, J.B. Brady and Dan C. Alanis.

Road Case Appealed To Higher Court

On September 30, 1976, a judgment was rendered in the 216th District Court of Bandera County by Judge Jim Weatherby in Cause No. 2606 entitled Don F. Tobin, et al, vs. The Commissioners Court of Bandera County and Edna Coulter, et al, granting a Summary Judgment in favor of the Defendants, that the Plaintiffs take nothing of the Defendants and dissolving the temporary injunction previously granted in the case. The Court held that the road which runs from Highway 16 through the Tobin property and to the property of Edna Coulter is a public road and that the Commissioners Court, acting through W.B. (Mack) Joiner, Commissioner Precinct No. 1, had a right to maintain the road and construct cattleguards thereon.

The Plaintiffs gave notice of appeal to the Fourth Court of Civil Appeals at San Antonio.

Death Claims Orion H. Welborn

Many friends here were grieved to learn of the death of O.H. Welborn, age 70, who died on October 2, 1976 at 10:17 p.m. in Sid Peterson Memorial Hospital in Kerrville.

Orion Herman Welborn was born October 16, 1905 in Laurel, Mississippi, the son of Alonzo Washington Welborn and Candace Ardell Dykes Welborn. He grew up in Mansfield, Louisiana, where with his brother, Gaius, he still owned the old home.

Mr. Welborn came to Bandera in early 1935 with the Milam Drilling Co., which at that time was drilling for oil on the Garrison Ranch near Medina. On December 14, 1935 after a whirlwind courtship, he was happily married to Miss Jewel Surber, one of Bandera's charming young ladies.

He was a member of the Masonic Lodge from the time he was 21 years of age. He served as Worshipful Master for the Bandera Lodge 1123 AF&AM, was a past Worshipful Master; was a member of the Bandera Order of the Eastern Star No. 643 and a past Worthy Patron. He was a member of the Baptist Church.

During the years from 1962 to 1973, the Welborn family resided in Connecticut, where he was manager of the L.F. McCollum Estate. Mr. and Mrs. Welborn returned to Bandera in 1973 to retire and enjoy living. Mr. Welborn was highly esteemed by all who knew him and hundreds of friends mourn his death.

His survivors include his wife, Mrs. Jewel Welborn of Bandera; two sons, Buell N. Welborn of Bandera and James B. Welborn of Storrs, Connecticut; two grandchildren, Gina and Kyle Welborn of Bandera; one brother, Gaius Welborn of Ventura, California.

Funeral services were conducted from Plummer Funeral Chapel Tuesday morning, October 5, 1976 at 10 a.m. with Rev. Roy Spannagel, pastor of the First Baptist Church officiating and he was laid to rest in the Bandera Cemetery. Casket carriers were his brother members of the local Masonic Lodge, who also had charge of the graveside rites.

Plummer Funneral Chapel was in charge of arrangements.

Restoration Program Underway

The Ladies V.F.W. Auxiliary to Post 9176 met September 27 at the Post Home. An open discussion was held in conjunction with the painting, paneling, and general repairing of our Recreation Center in Bandera. A committee was appointed to investigate the needs required. It was unanimously elected to hold a dance October 23rd at the Recreation Center to raise funds for this rehabilitation program. Upon investigation as to the amount of money needed to do everything that is needed, we contacted our mayor, Wilvie Smith, about perhaps getting financial aid from the Federal Profit Sharing Fund, since this money is allocated for such purposes. He immediately put the necessary wheels into motion. The Councilmen voted through a sizeable amount which will cover the bulk of the cost; thanks to our city. Our Auxiliary will follow up with any additional money needed and if not needed will still contribute a cash donation to the Recreation Center treasury for general operating money.

The V.F.W. men and V.F.W. Auxiliary ladies are donating their labor to the task and any carpenters who wish to volunteer a few hours please contact either Edna Brown at 796-3202, or Helen Rhodes at 796-3854. Work will begin immediately, hoping to have this completed by the hunter's supper.

Bill Erhardt, our local notable western artist, is going to make an effort to find time in his busy schedule to paint western murals on the newly painted walls.

Thanks to everyone who has already volunteered in any way to help us. Anything and everything is possible if enough citizens get behind it and push.

A bake sale will also be held by the Auxiliary on Saturday, October 30, at Petersen's Fruit Stand to substantiate our funds.

Both the V.F.W. and V.F.W. Auxiliary are distributing "Get Out and Vote" posters.

The veteran is keenly aware of the price paid for all of us to retain the privilege of free vote, so let's all get out and vote!

Hays Consolidated On Top

Photo By Zigler

By Kevin Riley

Bandera dropped their first district game Friday night in Bandera to Hays Consolidated 42-0.

Due to the inability of the Bulldog offense to move the ball, the Bulldog defense was on the field all night and made several good plays. Gene Morris and Johnny Hay each recovered a Rebel fumble to stop the Hays offense. Many of the Rebel scores came on long runs and after missed tackles which broke the Bulldogs' backs. The offense did have a few good drives in which Tim Hicks showed his receiving talent by pulling down numerous passes, but it was not enough, as the Rebels won 42-0.

Come to Randolph on Friday night and watch the Bulldogs make duck soap out of the Ro-Hawks.

Mr. Glenn Fisher will speak on the economics involved in managing the deer herd and its importance to the income of the ranch.

This program has been planned by the Extension Wildlife Subcommittee with the assistance of the Extension Specialists. J.B. Edwards is chairman of the committee.

The time is fast approaching another opening of the deer season. The information presented during this program will be applicable to your ranching and wildlife program.

TO THE VOTERS OF PRECINCT NO. 3

I have been asked by a number of people if I would object to having my name written in for Commissioner of Precinct No. 3 in the General Election November 2nd.

After careful and thoughtful consideration and after talking to other people I have decided that I would be honored to have them do so.

I would like to say now that I will not actively campaign, but will be happy to answer any questions that I might be asked. It will be left up to the people, if they want to work for me and then write my name in, I will surely be glad to serve.

I made no promises before and will not make any now, but to do the job honestly and fairly.

I won the 1st primary with three people in the race and only lost the 2nd by eighteen votes.

In the General Election you can vote any way you so desire regardless of how you voted in the 1st or 2nd primary, and I also might add that the Republicans can cross party lines and vote for whomever they choose in the General Election November 2nd.

Thank you

Purple Hills Tidings

By Ida

Thanks to God for nice folks like those of the Pipe Creek Baptist Church. About 4 p.m. Friday we learned that we had no church service for Sunday afternoon. This just would not do; since we had not failed in about nine years, we couldn't start now. We called the Pipe Creek Church, as they always come each third Friday night, and twenty people came. Jessie Myers played the piano and Leonard Dacy, their director of music, played the organ. He played and sang several solos; Rev. H.B. Mifflin brought a message on the "Importance of Faith". Those joining in the singing were Mr. and Mrs. Weldon Jones, Mr. and Mrs. J.W. Langston, Mrs. Paul Lico and grandson, Kenneth Ryan II, Mrs. H.B. Mifflin, Helen Hamilton, Mr. and Mrs. H.H. Hamrick, Mrs. Roland Thallman, Mrs. Fred Mansfield, Mrs. Minnie Hayes, Mr. and Mrs. G.H. Ford, Mrs. George Fee, Mrs. Janett Ferguson, Mrs. Johnny Johnson, and Edna Mae Coroly of Devine, Texas.

Mrs. Pike Davis enjoyed the weekend with her daughter and granddaughter, Mrs. Ed Geisen of San Marcos, and Mrs. Terry Green of San Antonio. They were all at the home of Mrs. Davis' daughter and husband, Mr. and Mrs. Raymond Hicks.

Mrs. Emma Jenschke's guests last week were her grandson, Bill Jenschke, and Mr. and Mrs. Louis Pfeiffer of Comfort. On the weekend Mrs. Jenschke enjoyed four generations. Mr. and Mrs. Mark Wade

Wade—Pyka Vows Exchanged

Miss Elaine Pyka and Mark Wade were united in marriage in a beautiful poolside garden ceremony at 6 o'clock Saturday evening, August 7, at the home of Mr. and Mrs. Jim Shaw of Bakersfield, California, sister and brother-in-law of the bride. Judge K. Steele officiated.

The bride is the daughter of Mr. and Mrs. Tommy Pyka of Medina, and Mr. and Mrs. Robert J. Wade of Bakersfield, are the parents of the groom.

The garden was decorated with arrangements of daisies, mums, rosebuds, carnations, baby's breath and English ivy in the bride's chosen colors of pale blues, green and white. Floating arrangements of yellow, blue, pink, and white daisies with ivy decorated the pool. Ivy and clusters of colored daisies entwined the pool railing.

Jim Shaw, at the piano, presented the nuptial music, "Something", "Close to You", and "Bride's March".

The lovely bride, given in marriage by Eddie H. White, Jr. of Boerne, Texas, brother-in-law of the bride, wore a floor length gown of white cotton and lace fashioned with an empire waist. Lace fashioned the elbow length sleeves. Lace and blue ribbon trim outlined the front of the bodice and skirt. Her headpiece was a crown of blue baby's breath with white streamers.

The bride's bouquet was white daisies and blue baby's breath with white streamers.

Attending the bride as matron of honor was Mrs. Eddie White, Jr. of Boerne, sister of the bride. Mrs. White wore a floor length gown of pale blue ribbed cotton with butterfly sleeves. She carried a bouquet of blue and white daisies, blue baby's breath, and blue ribbon streamers.

Serving the groom as best man was Keith Wade of Bakersfield, brother of the groom.

The bride's mother, Mrs. Tommy Pyka, wore a floor length gown of pale orange and white cotton with butterfly sleeves, with which she wore a corsage of orange rosebuds and white mums. The groom's mother, Mrs. Robert Wade, wore a printed floor length gown with tiny yellow, white, and gold flowers, and a corsage of yellow rosebuds and white mums.

Following the wedding a reception was held in the garden. The highlight of the bride's table was a tall three-tiered sprayed blue and white wedding confection topped with white wedding bells, lily of the valley, and blue ribbons. Sixty guests were served refreshments of champagne and fruit punch, trays of finger sandwiches, cheeses and relishes.

Following a honeymoon to Texas, the couple is residing in Bakersfield, where Mark is employed as County Air Pollution Controller, and Elaine is employed with Tenaco Oil Co. Reported

Thomas S. Keese is a patient in the Nix Hospital in San Antonio where he has been receiving tests and treatment this week. We hope he will soon be improved and able to return home.

Thomas Coleman Retires

Thomas Coleman, who resides in San Antonio, and has worked for Karotkin's for many years, retired last week.

A party was given in his honor, and a beautiful gift was presented to him. Mr. Coleman was one of their "top" salesmen. His wife is the former Sue Evelyn Click.

Mrs. Maude Stokes left Sunday to spend several days with her sister in Abilene.

D.R. Krisch was taken by ambulance to Colonial Nursing Home in Kerrville Wednesday. We hope he will feel better soon.

Fernanda Bacellar

A NEW PERSONALITY AT BHS

By Carol Teuth

Fernanda Bacellar or Dry as she would rather be known, as it is easier to pronounce, is a new student to not only BHS, but a new student to the United States. She is an International Fellowship Exchange Student to be here in the U.S. for 9 months. She came to the U.S. from Bauru, Sao Paulo, Brazil. She was born in Bauru on July 9, 1960. That makes her a 16 year old 11th grader.

When asked what her favorite pastimes were, her immediate answer was horseback riding, but that wasn't the only thing she enjoys. There is also swimming, reading, basketball, and many others. Her favorite teachers so far are all of them, she said. She will not pick one so no other teacher will get mad at her. Among her favorite subjects are math, English, and American history. She speaks three different languages, Portuguese, English and Spanish.

Fernanda likes Bandera and the people very much and now calls Bandera "her" city. She finds only two faults with her city and they are that the people talk a little too fast and that there isn't any snow. Travel is one of Fernanda's many pleasures, and she has traveled extensively around Brazil, wants to go to Europe, and would also like to come back to the U.S. While in the U.S. she will tour the West Coast and see many sites including the Grand Canyon, Hollywood, Disneyland, and many other places.

Fernanda is not the only Exchange Student in her family. Her sister Fatima is studying in London, but her other sister, Fla via, is studying at home. Her mother is a school teacher and her father is a business man. When Fernanda graduates she would like to become an architect and interior decorator. She also plans to marry someday and have two children.

Her favorite American foods are cherry and chocolate pies, and raisin bread. Her favorite drinks are Big Red and 7-Up. She really likes her foster family, and loves her bed and sleeping.

Fernanda would like to have an American Exchange Student come to her home in Brazil when she gets back so she can make them as welcome as she said we made her feel.

Bandera would like to give Fernanda a good 'ole U.S.A. welcome!

REBELS WIN

By Kevin Riley

Hays Consolidated Rebels swept both games Thursday night from the Bandera Bulldogs 30-0 and 44-6.

Bandera's Freshmen team moved the ball extremely well against the Rebel defense, but fumbles and mistakes kept the Bulldogs from scoring. Running backs Lawrence Jurecki, and Doug Walker did a fantastic job of running with the ball and giving the Rebels a hard time. The Bulldogs recovered many Rebel fumbles during the night. Joe Connors recovered two, and Charles Garcia recovered one. The Freshmen could not score and the game ended 30-0.

Allen Hayes scored the only J.V. touchdown of the night after he had galloped 34 yards to the Rebel 3 yard line. The conversion attempt was unsuccessful. The score at half-time was only 8-0, but the Rebels, with the help of numerous Bulldog injuries, came back to blow the game wide open. Besides the many costly injuries there were many Bulldog penalties and fumbles in the course of the game. The Bulldogs caused many Rebel fumbles with Pat Wright recovering three, Mark Johnson two, and Henry Salzman one. When the clock ran out the final score was 44-6.

Both teams will be at home against the Randolph Ro-Hawks Thursday night, October 7, and all I can say is "Randolph get ready, our teams are primed and ready to win." Be at Bulldog Stadium at 6:00 and let the guys know that you are behind them!

COLUMBUS DAY

By Krista Connors

The three ships, Nina, Pinta, and the Santa Maria sailed smoothly through the waters, in a search for new land. Christopher Columbus led this expedition, and was soon rewarded by discovering a new land, later called America. King Ferdinand and Queen Isabella of Spain had financed Columbus' voyage, when he returned to Spain he became a great hero.

Columbus Day, October 11, honors Columbus' first voyage to America in 1492. It is a legal, Federal holiday throughout the United States. It has been celebrated annually on the 2nd Monday in October since 1920.

Columbus's voyage to America ranks among history's most important events. It led to lasting contacts between Europe and America, and opened new windows to Science and to all knowledge. To few men in modern history does the world, as we know it, owe so great a debt as we, to Christopher Columbus!

Drug Awarness

Cancer. Heart Attacks. Drugs — three of the most dreaded illnesses of our time. Statistics show that the lives of many friends, relatives and families will be touched and affected by these ailments. One way to combat these afflictions is to inform the general public and let the individual take his own course of action.

How informed are you about drugs and drug abuse? Do we really have a drug problem in Bandera County? What is the best way to approach the problem: in our "community" Rehabilitation" or Prevention" Will your children be affected by drugs? Why are some children more susceptible to drugs than others?

Our P.T.A. Drug Awareness Committee Members have attended four different workshops since June. One fact has surfaced in each of these workshops — a breakdown in the family — a lack of communication, an togetherness, few management skills.

With these thoughts in mind, our committee has set as one of its goals "to make parents aware" and to meet this goal we have planned a series of lectures, workshops, films and forums.

Kay Keating, our first lecturer, has been described as a "terrific speaker" by all members who have attended her workshops. She has a rich and varied background in working with children, parents and teachers. She has worked as an individual and family therapist, as elementary school teacher and college instructor, and a religious education director in San Antonio. she has worked as consultant to a number of school districts, conducted workshops for married and engaged couples through the different churches, and served as a therapeutic educator for emotionally disturbed children.

This Monday night Mrs. Keating will speak on Parental Styles and their impact on children, increasing child management skills. We would like to invite everyone whether they have children or not. This speaker is unique. She will provide much food for thought and clues to positive parenting. So mark your calendar. Monday, October 11, at 7:30 p.m. in the Bandera School Cafeteria.

EGAN IS EASIER

Joe Mike Egan
WRITE IN EGAN
for District Attorney
216 th Judicial District
MAYBE A WRITE-IN really is as hard as they say. It's just that it's hard to see why.
There Couldn't be more than two things to watch our for — (1) WHAT to write and (2) WHERE to write it.
Looking first at the WHAT, all that matters is that the election judges be able to tell which candidate you wanted to vote for.
Votes for Joe M. Egan, Mike Egan; J. M. Igen or just plain EGAN, for example, would all do the job.* EGAN IS EASIER.
vote was cast. (I am a candidate for D.A. of the 216th district — I don't even live in the 198th — do not write me in against Murray Johnson in the 198th.) My opponents are Brown and Tuck. Write EGAN in the write-in space exactly in line with Brown and Tuck.
By the way, the safest way is to make a note of my name and where it goes on the ballot beforehand — then take your note into the polls November 2nd and copy it.
THANK YOU, JOE MIKE EGAN
* Variations in the manner of writing on the candidate's given names or initials, or a misspelling of either a given name or the surname, will not prevent the vote from being counted as a vote for a party candidate in cases where it is evident that the voter intended to vote for that individual. For example, if John E. Smyth is an announced write-in candidate for an office and a voter writes in "John Smith" or "John E. Smith" or "John Smyth" or "John E. Smyth" or other similar variation, the vote will be counted for John E. Smyth. On the other hand, if the voter writes in only a given name, such as "John," the vote will not be counted for Election Judges and Clerks, January, 1975, issued by Mark White, Secretary of State.)

The Irvine Country Club at Newport Beach, was the setting for a beautifully appointed dinner for the same group. This dinner was hosted by Dr. and Mrs. Frederick Summers. 4-H CLUB NEWS

The Lakehills 4-H Club had its organizational meeting on September 29, 1976, with our new County Extension Agent, Mrs. Peggy Edwards and County Agent Werner Lindig present.

Plans for the year were discussed, followed by election of officers for the 1976-77 term. President, Nancy Tschirhart; Vice President, Doris Tschirhart; Secretary, Dana Alanis; Recreational Leader, Rose Tschirhart; County Delegate, Robert Miller.

The week of Oct. 3-8 is National 4-H Week. The purpose of National 4-H Week is to inform the Community what 4-H is all about. Look for our posters in business places in Lakehills.

Our next meeting is scheduled for October 27, 1976, at St. Victor's chapel at 7:30 p.m. The program will be "gun safety". All members are urged to attend and bring a friend.

CHAMBER CHATTER

The Chamber Chatter column would like to spotlight two of our members for the outstanding work they have done and the time they have devoted to our organization. For the past three and one-half years, Conrad and Nancy Nightingale have been very active in our Chamber of Commerce. Conrad served as treasurer for one year and has served on the Board of Directors. Both Conrad and Nancy have worked diligently in helping to organize the Annual Hunter's Barbecue for the past three years. Even though Conrad is the community's only veterinarian and puts in many long and sometimes grueling hours being dedicated to his profession, he and his wife Nancy still manage to find extra hours to devote to the Chamber of Commerce. Conrad and Nancy, we thank you for all the support you've given to Bandera and the Chamber of Commerce.

Saturday, October 16, is the "Oldies but Goodies" record hop being sponsored by the Chamber of Commerce Float Committee. Make your plans now to come out and join us at the Bandera Recreation Center that night.

We are sure that all of our readers are aware of the many people in need of assistance of one kind or another in our community. It has come to our attention that a group of concerned citizens is now forming and plans are being made to help these needy persons. A meeting is scheduled for Monday, October 11, at 7 p.m. in the meeting room of Community Savings and Loan to discuss this county-wide project. At this meeting plans will be discussed for the collecting and disbursement of food and benefit dances. Numerous members of your Chamber of Commerce, along with other organizations and community leaders, have given their support to this project and plan to be at the meeting. Please make your plans now to come to the meeting and give us your support.

Mrs. Rutherford Speaks To Garden Club

Mrs. Brittan Rutherford of New Braunfels, was the guest speaker for the Madrona Garden Club at the September meeting. She gave a book review of Uhl Gibbons' "Stalking the Wild Asparagus". Everyone enjoyed the comments and the extra footnotes of each herb or plant that each chapter contained.

Mrs. Pat Freeman read an article from the Lone Star Gardener and Mrs. Solomon Berlad read from the National Gardener.

At the regular business meeting the club decided to table the discussion of tree sales until the October or November meeting.

At noon the ladies of Madrona Garden Club entertained with a luncheon at the Maverick Restaurant.

Mrs. Felix Billings and Mrs. Taylor Wootton served delicious refreshments.

The Garden Club members are looking forward to a real treat when they visit Mrs. Hedy Twiefel at 3298 Verde Drive in Helotes, when she will discuss and demonstrate growing and propagating African Violets.

Mrs. Rutherford was accompanied to the meeting by Mrs. Sally Hunter, also of New Braunfels.

Moffett–Brooks Nuptials Solemnized

Mr. and Mrs. K.W. Brooks

Miss Deborah Norine Moffett and Kenneth Wayne Brooks of Saginaw, exchanged their marriage vows in an impressive double ring ceremony Saturday, October 2, 1976, at 7 p.m. before Judge W.O. Hatfield, Jr., in the Sidney Baker Church of Christ in Kerrville. Parents of the couple are Mr. and Mrs. W.F. Moffett of Medina, and Mr. and Mrs. G.H. Hilderbrand of Saginaw.

The bride was given in marriage by her father, W.F. Moffett. She was beautifully gowned in the traditional wedding gown of white lace, with an empire waist, long cuffed sleeves, and pearl buttons up the sleeve. The round neckline and the veil outlined with seed pearls, made her a beautiful bride.

The bride's cousin, Karen Keese, was maid of honor and was dressed in a long flowered dress of two shades of blue. Best man was Joe Boone and the flower girl was a cousin of the bride, Miss Shannan Bates, of Kerrville, who was dressed in a blue flowered print gown. Ushers were Gary Fries of Bandera, and the bride's brother, Stephen Moffett. Candle lighter was Darrell Moffett, the bride's brother.

The bride's mother was dressed in a beautiful mauve rose dress with matching jacket, and the groom's mother wore a flowered print dress.

The bridal bouquet was made up of yellow roses and white carnations and all the corsages were white carnations.

Mrs. Ruth Lich and Donna Faglie presided at the bride's table, which was beautiful with cake and punch, and Mrs. Barbara Moffett and Mrs. John Derry presided at the groom's table.

After a wedding trip the couple will make their home in Hurst, Texas.

Others attending the wedding were Mrs. Jamie Kitchens of Irving, Mrs. Laura Bates of Kerrville, Mr. and Mrs. Bill Moffett and Shanna of San Antonio, Mrs. Barbara Moffett and daughter, Kelley of Kerrville, Judge and Mrs. W.O. Hatfield, Jr., Mrs. Irene Hatfield, Mr. and Mrs. Carl Moffett, Mrs. Eula Mae Faglie, Mrs. Stella Keese, Mr. and Mrs. John Derry and son, Michael, Mr. and Mrs. Hugh Carpenter, Mrs. Leo Moffett, Mr. and Mrs. Jessie Faglie, Shawn and Scott, all of Medina, Mrs. Evelyn Reese of Ingram, Mrs. Charlotte Rodriguez and April Lynn of Kerrville, Mr. and Mrs. J.A. Faglie, of Groesbeck, Mrs. Dolores Anderson of Center Point, Mr. and Mrs. Alton Reininger of Bandera, Julie Crockett of Dallas, Al and Gary Chavette of Kerrville, Stephen and Darrell Moffett of Medina, and Mr. and Mrs. G.H. Hilderbrand of Saginaw.

Who May Vote Absentee

Mrs. Olga Schmidt, Bandera County Clerk, clarifies the question as to "Who May Vote Absentee", as follows:

2. a qualified voter who will be 65 years of age or older on the day of the election; or

3. a qualified voter who will be unable to attend the polls because of sickness or physical disability which includes impending childbirth; or

4. a qualified voter who will be unable to attend the polls because of confinement in jail; or

5. a qualified voter who will be unable to attend the polls because of religious beliefs.

A qualified voter may vote by mail or by personal appearance at the County Clerk's Office.

Absentee voting will be conducted at the County Clerk's office October 13 through October 29, 1976. The office will be open from 8 a.m. to 12:00 p.m. and from 1:00 p.m. to 5:00 p.m. Monday through Friday.

GENERAL ELECTION NOVEMBER 2, 1976.

Medina Bobcats Take 5th In Row

The Medina Bobcats scored in the final minute with a pass to Mike Fausett from quarterback Glen Davis to spoil Johnson City's homecoming last Friday night. The game marked the fifth straight win for the Bobcats, having victories over St. Anthony (an "A" school); Natalia (an "A" school); Harper+, Rocksprings+, and Johnson City+. The defense of Medina has been outstanding and with the exception of the six points scored by Harper, they have shut out all opponents to date. Since many of the Bobcats play both offense and defense, their splendid efforts to date are a tribute to Coach Britt's superb conditioning of his squad.

Friday, October 15th, the Bobcats take on Leakey+ at Medina, so let's have a good turnout and support the team.

Randolph Runs Over Bandera

Photo By Zigler

By Kevin Riley

Freezing was the main word Friday night as the Randolph Ro-Hawks skatted by the Bandera Bulldogs 20-0 in Randolph Stadium.

Randolph dominated the entire first half by running through the Bulldog defense at will. The Bulldog offense could not mount a drive the first half, so the half ended with Randolph on top 20-0.

Bandera came out for the second half all fired up and ready to play. The defense was sparked by the play of Keith Boyd and Mike Foster both of whom recovered a Ro-Hawk fumble while Gene Morris, Gary Edwards, and Preston Jennings each intercepted a Ro-Hawk pass. Bandera's offense began to roll and threatened to score many times, but could not put the ball in the end zone. Although Randolph did not score the second half, they won the game 20-0 leaving the Bulldogs standing out in the cold.

Dripping Springs will be in Bulldog Stadium Friday night at 8:00, so be there and support the team!

THDA Honorees

Mrs. J.W. Edwards, County Extension Agent Mrs. Peggy Edwards, Mrs. A.H. Schott, and Mrs. Minnie B. Hayes

On the morning of September 22, 1976, our Bandera County Home Demonstration Agent, Mrs. Peggy Edwards, left Bandera with Mrs. Minnie Bruce Hayes to pick up Mrs. A.H. Schott and Mrs. J.W. Edwards. These ladies are the three 50 Year Honorees from Bandera County in what is now District 13.

The Historical Meeting was held in the theater on the campus of A&M University and told much about the accomplishments, number of memberships, home demonstration agents, and future aims of, and activities of this friendly achieving group.

There was much renewing of old friendships and the beginning of new friendships before the 2:30 program in recognition of the 50 Year Members.

Bandera County had only three participating fifty-year members, Mrs. Minnie Bruce Hayes of Bandera, and Mrs. A.H. Schott and Mrs. J.W. Edwards, of Pipe Creek. Pictures were taken of each honoree as she received her 50 Year Certificate. All names of Texas Home Demonstration Club Fifty Year members were called and certificates were routed to their District Representatives for delivery to these absent members. Mrs. Harold Preston, vice president, presided, and Mrs. Ken L. Elliott gave the Historical Revue.

At the conclusion of the afternoon program which was the presentation of candidates for state offices for 1977 by the nominating committee, it was interesting to hear their speeches and qualifications. There was a Candidate's Parade at the interval of the honor meeting, also several musical numbers by "The Singing Cadets" with Mrs. Wayne Jenkins at the piano.

This was a beautiful, well carried out program which all will remember.

We visited with our Bandera County T.H.D.A. "Representatives, Mrs. E.C. Morgenstern, Mrs. Mack Joiner and Mrs. Hazel Billings at their motel after having been served delicious refreshments of home baked cakes and cookies punch and coffee, by District 13 in the room assigned us in the college.

We returned home Thursday afternoon after a most enjoyable and memorable trip.

Mrs. J.W. Edwards

The little one was born on September 28, 1976. Besides his parents his survivors are one brother, Gene H. Fahey, Jr.; grandparents, Mr. and Mrs. John Adamietz, Mrs. Doris Gray and great-grandparents, Mr. and Mrs. Joe Mazurek of Bandera.

TO THE VOTERS OF PRECINCT NO. 3

I have been asked by a number of people if I would object to having my name written in for Commissioner of Precinct No. 3 in the General Election November 2nd.

After careful and thoughtful consideration and after talking to other people I have decided that I would be honored to have them do so.

I would like to say now that I will not actively campaign, but will be happy to answer any questions that I might be asked. It will be left up to the people, if they want to work for me and then write my name in, I will surely be glad to serve.

I made no promises before and will not make any now, but to do the job honestly and fairly.

I won the 1st primary with three people in the race and only lost the 2nd by eighteen votes.

In the General Election you can vote any way you so desire regardless of how you voted in the 1st or 2nd primary, and I also might add that the Republicans can cross party lines and vote for whomever they choose in the General Election November 2nd.

Thank you

Band Booster News

The Band Boosters will meet on Thursday, October 21, 1976, at 7:30 p.m. in the Band Hall. We'll be planning for the concession stand, which will be November 5. This will be our Homecoming Game and we hope to have a large crowd, so we'll be needing more workers this time. Please try to help in the stand for at least a little while. Half time and clean-up time is usually when we run the shortest on help, so please try to come to our meeting so we can plan a successful and profitable concession stand.

After the business meeting, the Concert Band will be playing for our entertainment. This will be the first time this year for them to play for the public, so we're really looking forward to hearing this young group perform.

The Booster Club is very proud of our Varsity Band and the show they put on Friday night at the football game between Randolph and Bandera; it was an outstanding show. Even though we didn't win the football game our band the pep squad cheered them on 'till the end. They will be there again Friday night, playing for them and cheering them on to a victory against Dripping Springs. With all of us working together as one, win or lose the game, we'll still come up a winner in school spirit. Bulldogs, get in there and fight for a victory; everyone's behind you all the way.

We were also very proud of our band Saturday, October 9, when they traveled to Seguin for Band Day. It turned out to be a great success. The band left Bandera about 10:30 a.m. Saturday morning, and upon arriving in Seguin, they had a picnic lunch. Then they practiced that afternoon with other high school bands for their performance for the half time activities for the football game between Texas Lutheran College and Arkansas Tech. After practice they had some free time to relax and have a good time, talking with band members from the other schools, playing games, and really enjoying themselves. They ate dinner; then it was on to the football game. It was a great half time show and a good game, with Texas Lutheran winning the game. During the game the Bandera band and Randolph band took turns playing, and every now and then they would play a piece together. It was a great experience for them and they had lots of fun. They arrived back home about 1:00 a.m. Sunday morning.

Be sure to mark your calendar for the 21st so you won't forget the Booster meeting. See you there.

CHAMBER CHATTER

This Saturday, October 16th, is the date for the "Oldies but Goodies" record hop being sponsored by the Chamber of Commerce Float Committee. If you remember having crew cuts, pony tails and wearing bobby socks, then you'll remember the music from the 50's and 60's era. The committee has a wide selection of this music for your listening and dancing pleasure. Come dressed for the 50's and 60's; there will be a prize for the best dressed. BYOB or beer—ice and setups will be available at the dance. Admission is $1.00 if dressed for the 50's and 60's and $1.50 if you're not. Dancing will begin at 8:00 p.m. at the Bandera Recreation Center. We will be there, will you? Sure hope so!

The 13th Annual Hunter's Barbecue will be held November 12th at the Bandera Recreation Center. The barbecue, which is sponsored by the Chamber of Commerce, is a big event in Bandera County. It is held the night before hunting season opens and draws a large crowd of hunters not only from our county but from other counties as well. Serving will begin at 6:30 p.m. and will continue until 8:30 or 9:00 p.m. A gun raffle will be held that night with a deer rifle and scope to be given as first prize. Binoculars and a hunting knife are second and third prizes. For a donation of $1 you will have the opportunity to win one of these prizes. If you would like more information on the barbecue or if you would like to volunteer your services for that night, please contact the Chamber of Commerce office at 796-4312 or go by and talk to the secretary. She will be happy to give you all the information you need.

We would like to take this opportunity to thank the Ladies VFW Auxiliary to Post 9176 for the painting and repair work which they have done at the Bandera Recreation Center. They will be having a dance October 23rd at the Recreation Center to raise funds for the rehabilitation program. We urge everyone to attend the dance that night.

Card Of Thanks

A mere "Thank You" seems so inadequate to express our sincere appreciation for the many kindnesses shown us during the sadness over the loss of our loved one. For the prayers, food, flowers, cards and all acts of kindness, we can only say "Thank You" and may God bless you all.

Kerrville Luncheon

A luncheon and meeting was held by the Michael Upchurch Chapter of the National Society Colonial Dames XVII Century in the Tick Tock Room of the Alpine Lodge at Kerrville, Texas, on October 6, 1976. Guests at the luncheon were Mesdames Alfred M. Wier, Sylvester B. Howell, Thomas Daniel, John Reynolds of Kerrville and Mrs. Robert Awe of Bandera.

Mrs. John C. Focke, Chaplain, gave the invocation for the luncheon and led the members in the opening ceremonies for the meeting. The meeting was presided by Mrs. A.B. Alkek, president.

The new members to sign the chapter charter were Mesdames Morris G. Morgan, John C. Jacobson, Louis Domingues and Misses Catherine and Novella McCaleb of Kerrville; Mesdames Frederick John Schluter and Alexander Patton Bolding, Jr., of Fredericksburg; Mesdames J.W. Lowery and Joseph L. Montag of Victoria were announced by the registrar, Mrs. J.O. Evans, Sr.

An informative national defense report was presented by Mrs. John K. Harrell, Sr. Mrs. John R. Langford, vice president, gave a report on the Board of Management Meeting held at Salado on September 15 at the Stagecoach Inn. The meeting was also attended by Mrs. A.B. Alkek, president, who announced that the State Conference will meet February 17 and 18, 1977, at Corsicana at the Holiday Inn. It was also announced that last year the Michael Upchurch Chapter sold more copies of "A Dame's Cookbook" than any chapter in the National Society, and hoped the record would be obtained this year.

The new President Chapter Pin that will be the property of the chapter, for each new president to wear with pride was shown to the members. Members pledged to donate toward the President General's Project which is the Garden Level Renovation. The plan for the Garden Level is to outfit the rooms to be used as offices which will be near the vault that has just recently been installed to hold the records of the society.

Other members present were Mesdames James Brady, J.W. Edwards, W.P. Jordan, John S. Hammonds and Mesdames R.B. Arnold and Sam W. Gardner of Kerrville.

Mrs. J.O. Evans, Sr., was introduced by Mrs. Langford, who told the members that four members of this chapter visited national headquarters at Washington, D.C. this summer and thought the other members would enjoy viewing the headquarters.

Mrs. J.O. Evans, Sr., presented the program by narrating and showing colored slides of the headquarters of the National Society Colonial Dames XVII Century, Washington, D.C.

The National Society Colonial Dames SVII Century have many generous and dedicated members who have contributed in the planning and furnishings of national headquarters. The headquarters is furnished with American Antiques of intrinsic and artistic values made before 1801 and fine reproductions.

Bronze plaques on the door frames designate the state societies responsible for the room furnishings. Bronze plaques on the pieces of furniture designate the donors.

Exterior views were shown of the headquarters building, followed by slides showing the front door and front entrance hall. The Endowment Fund Plaque has 27 brass name plates, each plate representing $500.00 or more.

FRESHMEN WIN!
By Kevin Riley

During a steady downpour Thursday night in Bandera, the Bulldog Freshmen team slipped by the Randolph Ro-Hawks 6-0. The J.V. lost to the Ro-Hawks 10-0.

Lawrence Jureczki scored the only touchdown of the Freshman game, on a three yard dive. They moved the ball up and down the field against the Ro-Hawks all night long, but the cold and rain caused many fumbles by the Bulldog team that stopped numerous drives. The Freshman defense proved their enthusiasm by gang tackling during the entire contest. The final seconds ticked off the clock with the Freshmen yelling and screaming at the top of their lungs as the thrill of victory set in.

Before the J.V. game, the rain let up and the cold became colder. With the Bulldogs deep in their own territory, Randolph trapped Chris Lansford, the Bulldog quarterback, in the end zone, for a safety and two points. Randolph later scored a touchdown on a five yard plunge to make the score 8-0 at the half. The second half saw only two points being scored and another safety by Randolph. This made the final score 10-0 with Randolph on top.

Be in Dripping Springs Thursday night at 6:00 p.m. to watch both teams beat the drip!

Mr. Ronald Caloss

A FRIEND TO ALL
By Patricia Godkin

Mr. Ronald Caloss was raised and attended high school in Florida. While in high school he participated in the high school Rotary Club; Letterman's Club for three years, secretary his senior year; played half-back on the football team; and was vice-president of his class his junior year.

After graduation he attended college at St. Mary's University in San Antonio. Mr. Caloss received his Masters Degree from St. Mary's University and his Administrative Certification from Texas A & I University.

Mr. Caloss was assistant football coach at Holy Cross High School in San Antonio. He then advanced his career by accepting the position of head football coach and athletic director at Riviera High School, Riviera, Texas. He served as Riviera High School Principal for four years before accepting the position of Superintendent at Bandera High School.

His hobbies include fishing, playing pool, reading, and playing football with his boys.

Mr. Caloss has a unique philosophy of life which most people can benefit from. His philosophy is "I feel that all of us are here for a purpose and that we should all strive to help mankind."

When asked how he felt about Bandera he said, "I am greatly impressed with the Bandera Schools. We have an excellent faculty, and the students are number one. I had heard so many negative comments about the school system before arriving that I expected the worst. However, in a little over two months I have come to feel that this is a wonderful community, with a very good school system, and I hope to help make it better."

Mr. Caloss is accustomed to working with students and regrets that he hasn't had time to get to know everyone, but he said that any student who has some extra time would be welcome to come and visit him.

How about showing Mr. Caloss a good Bandera welcome?

Mrs. Parker, club sponsor, explained that the club's purpose is to help students who wish to enter any literary event. She also explained about the different events, such as Poetry Interpretation, Persuasive Speaking, Ready Writing, and Prose Reading. If you are interested in participating in any of the U.I.L. events, contact Mrs. Parker or your English teacher.

FIFTY'S FRIDAY

One Friday in September was designated as "50's Friday", and the students and faculty dressed accordingly. Mr. O'Neill and Mr. Kneupper were both dressed as "The Fonz".

At the pep rally the gym was in an uproar. The 8th grade was so loud that they were awarded the "spirit stick" and the 7th grade had made a sign which won them the "spirit jug".

During the pep rally Gerald (Elvis) Boyd gave a special performance featuring the song "You Ain't Nothing But a Hound Dog!" He was accompanied by Bobby Boyd.

These spirited students were behind with their fashions, but were really up with the times with spirit.

By Susan Andreas

Spirit is here again!! Students at B.H.S. showed their spirit Friday, October 1, with a backwards day. They wore their clothes, shoes and anything else they could wear, backwards.

Then the pep rally went up in a "bang!" Students popped balloons and rattled their noise makers to get their adrenaline pumping. B.H.S. had great spirit.

STUDENT COUNCIL MEETS
By Alice Rae

September 27 the Student Council met to discuss this year's activities. Some of them included projects for raising money, such as a flag contest in which each organization will submit an idea in the form of a poster representing their flag to be judged. When the winner is selected, the Student Council will pay for the construction. The flag will serve as a permanent symbol, and will be flown over the new school when it is completed.

The theme for homecoming was also discussed. Suggestions are welcomed from students, and they should talk to a Student Council member about their ideas.

BUMP! SET! SPIKE!
By Anette Bates

Volleyball teams held exciting matches against Randolph in the Bulldog gym September 21 beginning at 6 p.m. J.V. came back to win their second game 15-8 after scoring only 7 points in the first. J.V. lost the final game 5-15 after a hard battle. Randolph defeated Bandera's Varsity 0-15, but the Bulldogs revenged the Ro-Hawks by winning the second game 15-12. Bandera was again defeated with a final score of 2-15.

Freshman and J.V. teams met with Blanco in a second home game of the week Sept. 23 at 6 p.m. This was the first official match for the freshmen, who played an outstanding ball game over Blanco with scores of 15-11 and 15-9. Bandera's J.V. also played excellent volleyball against Blanco's Varsity. High-point server Terre Morris served 15 straight serves in the first game, as the Bulldogs easily bombed the Panthers 15-0. Bandera slowed down in the second game and lost 3-15, but again upset the Panthers in the third game 15-2.

BURGERS! CAKES! ICE CREAM!
By Kevin Riley

The football players and coaches gathered at Coach Foster's house for an extremely fitting meal.

We feasted on hamburgers with all the trimmings, chips, and beans provided by Coach Foster and his lovely wife. Ice cream and cake were brought by the football players to further add to the discomforts of over-eating. Everyone enjoyed it immensely as smiles and laughter dominated the evening.

Our Bandera Bulldog team would all like to thank Coach Foster and of course the marvelous lady behind it all, Mrs. Foster, for a fabulous evening which proved that Randy Taylor could out-eat Tim Hicks but much more important it brought the team closer. From your district Champs of '76, thank you very much!

By Jeanie Hickman

Wednesday, October 6, the girl's cross-country team traveled to Churchill for a duel practice meet. The girls ran a rough course of 2 rugged miles trying to better their individual times. Out of the 20 total entries, Barbara Welch placed 5th with a time of 8:53, Susan Riedner ran a 9:05 placing 8th, Rhonda Fleming placed 12th running a 9:52, Armella Montague placed 13th with a 9:54, Linda Miller placed 15th with a 10:14, and Georgina Macon ran a 10:17 placing 17th.

Each of these girls is trying their hardest to get in shape for their meets, so show them you care and give them your support!

HILLBILLIES HIT BANDERA
By Anette Bates

Last Friday's theme, Hillbilly Day, was illustrated with a wide variety of ideas. Students came to school clad in coveralls, brightly colored shirts, patched blue jeans, mis-matched socks, and made up faces.

Hillbilly Day was carried through the pep rally as twirlers, cheerleaders, and mascots all dressed accordingly. An unusual highlight of the pep rally which aroused the laughter of even the football players was a skit provided by seniors and cheerleaders to the theme of television's famous "Hee Haw"!

This Friday will be "Kiddy Day". Be sure and support your school spirit by taking part in these fun activities!

Social Security News

Social security checks will be delivered on a Friday whenever the third falls on a Saturday or Sunday. The same schedule will apply to beneficiaries who have their social security checks deposited directly in a bank or other financial institution.

Formerly, checks were delivered on Saturday when the normal delivery date fell on Sunday, but many people had to wait until Monday to cash the checks. The new policy will eliminate that inconvenience, Gipson said.

The delivery of SSI checks will not be affected by the new policy.

Gymnasts Perform

The largest exhibition of top flight female gymnasts ever to appear in the Texas Hill Country, will be in Kerrville, October 16-17, at the Municipal Auditorium.

A public show will be presented at 8 p.m., Saturday night, October 16, when five of Texas' top female gymnists will perform in a two hour demonstration on a wide variety of equipment specially imported for the event.

This exhibition is sponsored by the Hill Country Gymnastics Association.

Forum At Schreiner

A forum for discussion of "The Aged, the Humanitites and Public Policy" will be held on October 19, 1976, at 1 p.m. at the Dietert Auditorium at Schreiner College, south of Kerrville on Texas Highway 27.

"I Never Sang for My Father", by Robert Anderson, starring Melvyn Douglas, Dorothy Stickney, Gene Hackman and Estelle Parsons, will be shown depicting the dilemma of the aging parent and the middle-aged child as each faces the issues of long-term care and its alternatives, and protective services for the vulnerable aged.

This film is an emotional experience for most viewers.

The program is being sponsored by the Center for Studies in Aging, School of Community Service, North Texas State University in cooperation with Schreiner College.

All interested are cordially invited to attend. It is free.

Pipe Creek NEWS

HOME DEMONSTRATION CLUB MEETS

The Pipe Creek Home Demonstration Club met Tuesday, October 5, at 2 p.m. with Mrs. Keith Mansfield in Pipe Creek.

Mrs. J.B. Edwards called the meeting to order and all recited the "Lord's Prayer" and Club Prayer.

Roll call by Mrs. Becky Bononcini was answered by "What Holidays Mean to Me." Many interesting versions were given.

Mrs. Rosentreter read the minutes of the last meeting which were interesting and approved as read. Plans were made for our part in the Golden Age Party at the Bandera United Methodist Church Fellowship Hall on October 21 at 2 p.m. Two hostesses from our club will assist during the afternoon.

We hope many of our drivers will attend the Drivers Course being held at the Recreation Center. This course helps to keep insurance at a minimum.

Mrs. Peggy Edwards gave a very general and interesting program on "Happy Heart" dealing with cardiovascular problems, hypertension and arterial sclerosis, using a chart she made to show blood movement to and from the heart, explaining the need for good food and proper exercise to keep our bodies in order through everyday living.

Those in attendance were Mesdames Margarite de la Guerra and Keith Mansfield hostesses and Mesdames A.H. Schott, Mickey Morrison, Becky Bononcini, L.C. Mathis, J.B. Edwards, E.C. Morgenstern, Ray Heinen, Tony Jennings, Wayne Marrs, L.F. Bachelor, E.M. Rosentreter, J.W. Edwards, and Home Demonstration Agent, Mrs. Peggy Edwards.

Jess and Justin Edwards and Connie Mansfield made in and out appearances.

Reporter

We regret to loose Mr. and Mrs. Tommie Newman and little daughters, who are moving to Houston.

We are still missing Mr. and Mrs. John Carr and sons, who moved to Springs, Mississippi, last month. Also Mr. and Mrs. Richard Jureczki, who now live in San Antonio. We are sure they will make useful citizens wherever they are and have many friends.

The Chuck Colson Story was shown Sunday night to a very large crowd and all seemed to enjoy it immensely.

October 31 has been set for our High Day in Sunday School. We are working to get 100 or more again in Sunday School, which we had before vacation time.

FIRE DEPARTMENT WILL HOLD ANNUAL MEETING

The annual meeting of the Pipe Creek VFD will be held at the fire hall at 8 p.m. November 11. This is your fire department. Protect that ownership by attending and voting for officers to serve in 1977.

Don't forget the Barbecuefest October 30-31st. Do you have any junque you will donate for a sale those two days? If so, call 535-4541.

Pete Hobon is going ahead with plans for the turkey shoot and pumper races. Claude Lindley, whose past performance proves he can bring out its succulent best, is getting set up to barbecue the chicken. Since you can't beat either the quality or the price, why not bring the family both days?

Historically, the Ladies of the Auxiliary have helped in a most efficient and effective manner. They did it again during the 3 evenings the Forest Service conducted classes at the fire hall when they made coffee and served cookies for the average of about 70 volunteer firepersons who attended.

If you haven't done it yet, won't you please devise and practice an escape plan in the event of fire? Do your children know what to do to escape the building and where to meet once outside? Every father who reads this would go charging into a burning building to rescue a child who might already be safe outside but did not know where to go once they got out. Plan now and practice now. Even tomorrow could be too late.

Our County Courthouse

Have you really LOOKED at the Court House lately?

Get out of your car—the walk will do you good. See the well-kept trees and shrubs, the flower-lined walks, the round bed of blooming flowers in back, the beautiful grass.

Take time to go inside the building and notice the immaculate halls and offices. Go upstairs to the courtroom and admire the blending of modern efficiency with the charm of the original antique furnishings. Look at the many old Captain's chairs, restored and refinished, the desks and tables, some nearly a century old.

Too, at night, notice how beautifully and effectively the building is lit. Many of our guests have remarked on this.

Somebody, and it must be the Court House staff, has spent a lot of time, thought and love on this project. They deserve our appreciation and thanks because the Bandera County Courthouse is definitely something to be proud of.

Who Could Be So Mean?

Someone killed the exotic Barbadoe sheep which belonged to Mrs. Frances Garren, while she was at work. Not only did they kill the exotic animals but left the hoofs and heads in the yard. Mrs. Garren was crushed when she arrived home, as she valued these animals very highly. Dame rumor has it that the culprit or culprits will soon be apprehended.

Joe Holt, Former Resident, Dies Suddenly

Joe Holt, age 75, a former resident of Bandera, died suddenly on October 3, 1976, at his home in Pulaski, Tennessee. He was the last surviving child of Joseph Holt and Elizabeth Buckelew Holt.

He grew to young manhood here in Bandera and married Miss Ida Marquis. They celebrated their Golden Wedding anniversary in Uvalde on July 17, 1973. They had made their home in New Mexico and Uvalde before moving to Pulaski, Tennessee, about two years ago.

He is survived by his wife, Mrs. Ida Holt of Pulaski; two sons, Cecil Holt of Crystal City, Texas, and Elzben "Red" Holt of Las Vegas, New Mexico; three daughters, Mrs. Hazel Dishman of Mexico, Missouri, Mrs. Grace Evans and Miss Patsy Holt of Pulaski, Tenn.; nine grandchildren and seven great-grandchildren.

Memorial services were held in Pulaski with graveside services in Crystal City, Texas.

Those attending from Bandera were Mrs. Ethel Kutzer and Buddy, Mrs. Edna Pipkin, Mrs. Calvin Wedgworth, and Mrs. Ella Archibald of Seguin.

Mr. and Mrs. Les Short of Vanderpool visited with their children, the Bill Shorts and Joe Shorts last Friday and also with Mrs. Short's mother, Mrs. J. Marvin Hunter, Sr.

Union Stock Yards And Cattle Industry

Competition is the lifeblood of the cattle industry; it creates the best market price for your product. A "fair price" may be what a willing buyer is willing to pay and a willing seller is willing to take, but a fair market price is the best price that any one of a number of willing buyers is willing to pay and it is the least price that any producer can afford to take. The greater the volume of livestock at the price-setting market place, the better the price.

One of the proofs of competition at Union Stock Yards San Antonio is the increasing dollar returned to the producer. In 1975, $46,809,058 was returned to producers at Union Stock Yards. From the sale of 357,312 head of cattle, calves, hogs, sheep and goats, over 2,500 different buyers and many hundreds more that were represented by order buyers and dealers, competed for 307,408 head of cattle. Over 50 buyers purchased at least 500 head each.

Producing livestock is a fulltime job. So is selling it. That's where your commission man comes in at Union Stock Yards. Seven different commission companies are all well-known and highly respected. They are equipped with latest market facts, know buyer needs and are experts in current livestock conditions. It's their job to get top prices for your livestock.

In today's economy you can't afford to sell. You can only afford to market. At Union Stock Yards San Antonio there is a difference.

Indian Waters H-D Club

The new season opened for Indian Waters Home Demonstration Club on Wednesday, September 15th. The first meeting of the fall season was held at the home of Mrs. Irving Krannick with eleven members in attendance.

The meeting was opened with acting president Sylvia Sterling leading us in the club prayer. She then introduced us to our new home demonstration agent, Mrs. Peggy Edwards, who enthusiastically explained the new programs planned for the 1976 season and stressed the need for 4-H volunteers.

After the business meeting was adjourned, our vice president, Betty Burton, presented a very informative program on the art of macrame to a very eager group of beginners. She told us how to do, and what not to do, with those strands of rope and cord string.

Delicious refreshments were then served by our hostesses, Kathleen Krannick and Amelia Dickens.

Those in attendance were Mesdames Hank Kruger, Gordon Heitz, Amelia Dickens, Ray Wyatt, Peggy Edwards, Thelma and Alma Jurecki, Irving Krannick, Betty Burton, Max Fullbright, and Lewis Sterling.

UMYF YOUTH MARCH FOR UNICEF, OCTOBER 24, 1976

The United Methodist Youth Fellowship of First United Methodist Church, Bandera, will be canvassing door-to-door with the familiar orange and black UNICEF cartons hoping to collect pennies, dimes, and dollars for the world's neediest children on Sunday evening, October 24. They will be joining over 3 million other Americans in the celebration of National UNICEF Day this Halloween week of October 24-31.

WHAT IS UNICEF?

UNICEF considers children's needs—not their race, religion, sex, or politics.

UNICEF gives supplies, equipment, and training assistance—not unrestricted dollars.

UNICEF helps developing countries of the world—not developed countries.

UNICEF works as a partner—not a benefactor.

UNICEF is financed voluntarily—not by assessment.

Carrol O'Connor, award-winning star of "All in the Family", and his real-life wife, Nancy, will be Chairpersons for the 1976 National UNICEF Day Campaign. It is a special honor that Mrs. Betty Ford, for her second year, will serve as Honorary Chairwoman. They join in urging the people of Bandera to open their hearts and give generously when UNICEF Trick or Treaters come to their door.

These UNICEF volunteers will be identified by UNICEF Volunteer name tags along with the traditional UNICEF orange and black donation cartons. A report will be made to the BANDERA BULLETIN as to the amount that was donated and sent to UNICEF, United Nations, New York.

UMYF Co-ordinator

When The Nation Mourns

When should the United States flag be flown at half staff? There has been some misunderstanding about the correct answer to that question.

The Stars and Stripes should be flown at half staff, or in mourning, only under two conditions, (1) from sunrise to noon on Memorial Day, May 30, and (2) following the issuance of a Presidential proclamation declaring a period of national mourning.

The United States flag belongs to all the people and it should be flown at half staff only when the ENTIRE NATION mourns. That is the answer to those who believe it proper to lower the Stars and Stripes in honor to a deceased state or city official, a club member, or anyone else whose death is mourned locally. The practice of half-staffing the United States flag on such occasions is NOT correct. State, city and club flags may be flown half-staffed, but not the Stars and Stripes.

Sometimes the United States flag has been lowered to half staff in honor of an individual deceased war veteran. Arguments for doing so are that "those men gave their lives for our flag and country therefore "they are entitled to the highest honor we can give them."

However, that is wrong. The rule still is — the United States flag should be lowered to half staff for our battle heroes only when the ENTIRE NATION MOURNS them between sunrise and noon on Memorial Day. At noon on May 30 the flag should be hoisted briskly to full staff and flown there until sunset.

Section 3, paragraph "m" of the Federal Flag code says "the flag, when flown at half staff, should be first hoisted to the peak (of its staff) for an instant and then lowered to the half-staff position. The flag should again be raised to the peak before it is lowered for the day."

"Half staff" does not necessarily mean lowering the flag to exactly one-half the distance between the top and bottom of the pole. The flag should be lowered to a point sufficiently below the peak of the pole to indicate clearly that it is intended to be at half-staff. The length of the pole is the deciding factor. In many instances the flag flying at a point nearly three-fourths up the pole would appear most appropriate.

Historical Association Will Meet Today

The Bandera County Historical Survey Association will meet in regular session today at 3 p.m. in the Community Room of the First State Bank. This promises to be a most interesting meeting as Mr. and Mrs. Tim Tobin will give a report of a meeting held at Round Top on September 24-25, which they attended. They will report on the agenda of that meeting which featured preservation of community historical elements. They attended this meeting at the Winedale Museum which was hosted by the Texas Historical Commission when experts on the preservation of United States and Texas communities, were speakers.

All persons interested in the preservation of our historical communities are invited to attend this meeting.

National Convention Of Realtors

John Connally's address at the Nov. 9-18 Houston convention of the National Association of Realtors is sharpening the interest of members of the Bandera County Board of Realtors.

C.D. Nicholas, president of the board, said this week that "we haven't had a national convention in the state in 16 years, and I feel sure that we will work hard to make this one of the biggest conventions ever. Connally will keynote the session, and other well known speakers will include Carla Hills, national Secretary of the Department of Housing and Urban Development, and former mayor of Houston, houie Welch."

Nicholas said also that the national convention gives our members a chance "to choose specialized areas of discussion in such areas as selling, psychology, national legislation affecting the housing industry, innovative marketing techniques and investment analysis by nationally-known executives. A convention program always provides practical, down to earth knowledge to be taken back and implemented at the office."

Frank Nix of Waco, Texas Association of Realtors president, has been speaking across the state urging members of the Texas Association of Realtors to attend the Houston meetings. Two well known Texas real estate executives, Ebby Halliday of Dallas, and Dave Stirton of Houston, will share the chairmanship of the convention. Stirton is vice president of TAR.

Joe Perrone of Austin, past president of TAR and its current legislative committee chairman, and Julio S. Laguarta of Houston are both expected to have prominent roles in the convention program. Perrone serves as vice president for Texas and Louisiana, NAR, and Laguarta, past president of TAR, is NAR legislative committee chairman.

Marriage Plans Revealed

Mr. and Mrs. Don Cummins of Crowville, Louisiana, announce the engagement and forthcoming marriage of their daughter, Beth, to Mark Allert, son of Mrs. Bob Allert and the late Mr. Allert of Bandera.

The wedding will take place at the First Baptist Church of Wisner, Louisiana, on December 18 at 6:30 p.m.

A reception will be held in the Fellowship Hall of the church following the wedding.

Friends and relatives are invited to attend.

Pipe Creek Fall Festival

In conjunction with the fall festival at Pipe Creek this year, a turkey shoot will be held. With that first cool snap of the year, the hunters of the area turn their thoughts to the coming hunting season, so we at the Pipe Creek VFD felt a turkey shoot would help the hunters of the area to steady their hand and sharpen their eye for that big first shot; and, in addition, maybe take home a nice turkey for the holidays. Since the turkey shoot is held with our chicken barbecue, and for safety reasons, the department will provide the guns and ammo for each shooter.

In addition to the turkey shoot, there will be other games for the entire family as well as lots of good food and drink.

Also on Sunday, starting at 2 p.m., the various fire departments from our area will compete against each other to determine who has the fastest team. There will be men and women competing in races that require both skill and speed, and that show actual fire department operations.

The Pipe Creek VFD would like to extend a warm and sincere invitation to each person in the area to come out and spend a weekend with us at Pipe Creek. Your support of our festival will enable the Pipe Creek VFD to better serve you. It is only with your generous help that we continue to exist.

'Slippery' Game Ends In Stalemate

Photo By Zigler

By Kevin Riley

Bandera and Dripping Springs fought to a stalemate Friday night on a flooded field with neither team scoring.

Many turnovers occured during the game with the Tigers committing most of the mistakes. The Bulldog defense totally dominated the game by decking the Tiger running backs every time they touched the ball. The secondary intercepted many of the Tiger's passes to end possible drives.

Water affected the Bulldog offense immensely by making the ball slippery and hard to hold. The team moved the ball well, but fumbles and penalties killed key drives.

Bandera will be idle this week, but will return to action Thursday, October 28, at Smithson Valley. The Bulldogs are on the march to victory, so be at the game to cheer the team on. Remember, Thursday, October 28.

13th Annual Hunter's Supper

The 13th Annual Hunter's Supper, sponsored by the Bandera Chamber of Commerce, will be Friday evening, November 12, at 6 p.m. at the Bandera Recreation Center.

Menu, prizes and music for the event will be the same as last year, even the price of the delicious barbecue brisket dinner with all the trimmings, $2. This $2 donation is only for local residents, family and friends. **Registered Visiting Lease Hunters** are fed absolutely free.

This supper is Bandera's way of kicking off the deer season. Bandera County landowners lease more than 60 per cent of their land for deer and turkey hunting annually and hunters contribute more than one-half million dollars to the county's economy. The Bandera Chamber of Commerce, with the help of countless residents, believes this free supper for visiting lease hunters is a way we can say thank you.

Last year over 850 hunters ate free and as you can imagine, the work and expense of this undertaking, was tremendous. Through the generous donations of businesses and interested persons, this event has been a success in the past. This year we are planning for an even bigger and better supper. Will you please support us by your donations of time, money and materials? Please make money donations payable to the Bandera Chamber of Commerce and mail to or drop by the Chamber of Commerce office, Box 171, Bandera, Texas 78003, or Hill Country Veterinary Hospital, c-o Dr. Conrad Nightingale, Chairman, Hunter's Barbecue Committee, Rt. 1, Box 1-D, Bandera, Texas 78003.

This year promises to be a good one for hunters in this county. Let's show them we care about the business they bring to our county.

We had a nice visit with Mrs. Margaret Salsgiver Compton of Cisco, this week. Mrs. Compton for several years was a member of our nursing staff.

Mrs. Sophia Krueger's son, Walter Krueger of Uvalde, came last Monday. He and his mother spent the day visiting relatives in Boerne and San Antonio.

We are happy to have Miss Edythe Paintger of San Antonio as a new member of our family. We hope she enjoys living with us. Her guests Sunday were her friends from San Antonio, Mr. Joe Scobbi and his daughter, Mrs. Victoria Fontana, her daughter and children, Mrs. Rosemarie Schaffer, Kathleen and Seon.

We thank the ladies of the First Baptist Church for the beautiful flowers.

Mr. and Mrs. Lum Holloway of San Antonio, visited with his brother, Jack Holloway, last Tuesday.

Mrs. Margaret Davenport Davis of San Antonio, and Mrs. Lucille Holdsworth of Kerrville, visited with their mother, Mrs. Grace Dorow, Wednesday and were luncheon guests of our administrator, Eloise Nixon.

Mr. H.H. Hamrick and Penny Smith came for Jack Holloway last Thursday. They had a nice visit at the home of Mr. and Mrs. Thomas Keese.

We thank Joy Short for the big box of costume jewelry to be given as Bingo prizes.

Our people completed their voting by mail this week.

We enjoyed a nice visit last Tuesday from Miss Lonette Wilton's Homemaking Class of Bandera High School. Those in the group were Sharon Morgan, Kay Storms, Kim Quarles, Jan Herring, Joslyn Edwards, Talz Schmitchel, Debbie Clark, Laurie Gibbs, Don Huffman. We enjoy these young people very much.

They sang several songs which all enjoyed. Hope you come again soon, girls!

Mr. and Mrs. J. Anderson of Medina, visited his sister, Lottie Anderson, last Wednesday.

Mr. and Mrs. Andy Reed and daughter, Mrs. Elva Keeling of Medina, visited last Friday with his sister, Mrs. Cynthia Mayberry, and his brother, Mr. Louis Reed.

We enjoyed visiting with Rev. Roy Spannagle, pastor of the First Baptist Church, last Monday morning when he came by to bring a magazine rack, big box of magazines, and box of quilt scraps.

Our deepest sympathy to our Mrs. Myrtle Lewis in the loss of her sister, Mrs. Gertrude Spinks of Harwood. Mrs. Spinks passed away Sunday morning. Mrs. Lewis' guests last week and over the weekend were Rev. and Mrs. J.D. Jones of Pipe Creek, Joslyn Edwards, Ethel Lewis, Mrs. Paul Lico of Pipe Creek, Ethel and Leroy Brister of Dallas, Olan and Edna Buck of Bandera, Milton Lewis, Gladys Callahan, Mrs. F.L. Hughes, Leland and Randy of San Antonio, Mary Webb, and Mrs. D.R. Rippey.

Our sympathy to our co-worker, Onette Lindsey in the death of her mother-in-law, Mrs. Hester Lindsey, of Uvalde. Funeral services were in Uvalde. There were 42 grandchildren at the service.

Carra Standard, of our nursing staff, and her son, Dennis, spent a few days last week visiting with her son, Gary, who is a student at Texas A & M University at College Station.

Well, I really goofed last week and this is bad. The grandchild who arrived last week at the home of the Herman and Albine Mazurek's son, was a BOY, not a granddaughter. Now there, Albine, I did it!

Our thought for the week— "A faithful friend is a strong defense: and he that found him, hath found a treasure. Nothing can be compared to a faithful friend, and no weight of gold and silver is able to countervail the goodness of his fidelity." — Ecclesiasticus

CHAMBER CHATTER

The Bandera Chamber of Commerce Float Committee held their "Oldies but Goodies" record hop on October 16 at the Recreation Center. A great time was had by all who attended. Susie Batman won two chicken fried steak dinners at Lorenzo's Restaurant at Flying L Ranch for the best dressed person from the 50's & 60's era and Scooter Fries took honorable mention with a prize of an all day sucker. The float committee would like to thank everyone for coming to the record hop and a special thanks to those of you who helped us clean up after the dance was over.

The 13th Annual Hunter's Barbecue is coming up on November 12 at 6 p.m. at the Bandera Recreation Center. Last year more than 850 hunters enjoyed barbecued beef and sausage with all the trimmings. All of this is free to all visiting Bandera County hunters. The work and expense of putting on this barbecue is tremendous and with the generous donations from businesses and other interested persons it has always been a big success. Won't you support us again by your donations of time, money and material? We also hope to see a large turnout of our county residents at this event. For only a $2 donation, where else can you enjoy a full meal and an evening of dancing with all your beer or cold drinks included.

The fruit cakes which are sold each year during the Thanksgiving and Christmas holidays by the B&PW club are now on sale. If you would like to purchase one of these delicious cakes, please contact one of the B&PW ladies or Punkie Camp at Eckhart's Flower Shop.

DR. THOMAS M. HATFIELD RECEIVES APPOINTMENT

AUSTIN—President Lorene Rogers of The University of Texas at Austin announced Tuesday, Oct. 12, that the new position of dean of continuing education will be filled by Dr. Thomas M. Hatfield, now president of Austin Community College.

Dr. Hatfield will assume his duties at UT Austin as soon as his present administrative responsibilities can be transferred.

He also will have a faculty appointment as associate professor of curriculum and instruction.

As dean of continuing education, he will coordinate already existing programs in the professional schools and colleges and help to create new programs in other areas, particularly in the arts and sciences, President Rogers said.

In addition, Dr. Hatfield will be responsible for certain other activities in the former Division of Extension.

Dr. Hatfield said the new program he will head will attempt to make continuing education an integral part of the University, rather than a collateral enterprise such as the Division of Extension has been.

In her announcement, Dr. Rogers said "Dr. Hatfield's education and experience make him ideally suited for this position and we count on his ability and his enthusiasm in leading this new enterprise."

The founding president of Austin Community College and John Tyler Community College in Richmond, Va., Dr. Hatfield also served three years on the staff of the Coordinating Board, Texas College and University System. As assistant commissioner for junior colleges and head of the program development division, he was the staff officer responsible for analysis and study of state programs in higher education from junior college through the graduate and professional levels.

Throughout his professional career, Dr. Hatfield said, he has been trying to open up opportunities for more people to participate in higher education, but without compromising quality.

A native Texan, Dr. Hatfield was educated at Trinity University and UT Austin.

Dr. Hatfield is married to the former Carol Sutherland, and they are the parents of three children.

Dr. Hatfield is well known in this county as he is the son of Mr. and Mrs. Marvin Hatfield, former residents of Medina; the grandson of the late Mr. and Mrs. William Hatfield, also of Medina, and the nephew of Judge W.O. Hatfield, Jr.

Many friends and relatives here offer congratulations.

WELL KNOWN MEDINA RESIDENT DIES

David R. Krisch, age 76, a well known Medina resident, died on Wednesday, October 13, 1976, in a Kerrville hospital.

Mr. Krisch had been a resident of the Medina community for the past 26 years, where he was highly esteemed and had many friends who mourn his passing. He came to Medina from San Antonio to spend the rest of his life in the Hill Country.

Mr. Krisch was an electrician with Martin Wright Electrical Company in San Antonio for many years and for a time went to Venezuela where he was employed with Standard of New Jersey for 12 years.

He was a great lover of nature and the handiwork of God and he enjoyed the beautiful surroundings of this country. He always took the time to tell his friends how much he enjoyed living here with his beloved wife, Elsie.

He was a member of Alamo Masonic Lodge No. 44 AF&AM and Retired International Brotherhood of Electrical Workers.

He is survived by his wife, Mrs. Elsie Krisch of Medina; daughter, Mrs. Donald N. (Kay) Hallock of Tulsa, Oklahoma; sons, Richard Opperman of Fort Worth, and Lt. Col. Donald E. Opperman of Guam; nephew, Gilbert Krisch of San Antonio; also 11 grandchildren.

Funeral services were held Saturday, October 16, 1976, at 11 a.m. in Mission Burial Chapel in San Antonio with Rev. C. Herman Murph officiating. He was laid to rest in Mission Burial Park with services under the auspices of Alamo Masonic Lodge No. 44 AF&AM.

Casket carriers were Orville Wier of Medina, Neal Keiser of Helotes, James Keith, Conrad Carr, David Schwarz, III and Frank Allen of San Antonio.

Others were Kim Britt, Gina Garrison, Vicki Meinhart, Abby and Gilbert Bowers, Joan Crider, Glenn Davis, Casey McHaney, Ronnie Carter, Dennis Standard, Connie LeStourgeon, and Debbie Walker.

Tom Megraw was moved to Colonial Nursing Home last week in Kerrville and is doing better. He enjoys visitors and we do hope he will continue to improve.

TO THE VOTERS OF PRECINCT NO. 3

I have been asked by a number of people if I would object to having my name written in for Commissioner of Precinct No. 3 in the General Election November 2nd.

After careful and thoughtful consideration and after talking to other people I have decided that I would be honored to have them do so.

I would like to say now that I will not actively campaign, but will be happy to answer any questions that I might be asked. It will be left up to the people, if they want to work for me and then write my name in, I will surely be glad to serve.

I made no promises before and will not make any now, but to do the job honestly and fairly.

I won the 1st primary with three people in the race and only lost the 2nd by eighteen votes.

In the General Election you can vote any way you so desire regardless of how you voted in the 1st or 2nd primary, and I also might add that the Republicans can cross party lines and vote for whomever they choose in the General Election November 2nd.

Thank you

Our County Disgrace

I would like to compliment Mrs. Grace Kitzman on her article in last week's Bandera Bulletin about the County Court House. We should be indeed proud of it, for it is a tribute to our County Workers.

It is then a paradox that we have such a beautiful Court House and such disgraceful offices for our County Agent and County Extension Agent. The building itself is not the problem, for it could be restored and refurbished such as the Court House has been.

Go by and climb the dark, rickety stairs, stumble on the warped boards on the floor, feel the cold wind coming through rattling windows and notice the bare light bulb hanging from the ceiling. It will shock and shame you.

Why hasn't the County done something years ago?

We have a beautiful Library and our Welfare Offices have certainly gotten their share of money and the county spends thousands on expensive road equipment which they have an over-abundance of.

Isn't it about time we gave our County Agent and County Extension Agent an office they can be comfortable in and proud to receive visitors in?

Mrs. Patty Adamson

Y.H.T. Meeting

The Young Homemakers of Texas met Tuesday night, October 5, in the Homemaking room. Carmen Koch from the D'Hanis Y.H.T. chapter spoke to us on what Y.H.T. is all about. She also gave us some suggestions on programs.

We made the following plans for our next meeting and exercise classes:

November 3, at 7:30 p.m. we will meet in the Homemaking room and learn macrame. Also, bring a few cuttings of your plants to swap with someone else. We will have baby sitters.

It is time to pay your $2 dues.

Every Wednesday night those women interested, come join us in our exercise class. Just wear a pair of comfortable shorts or slacks and bring a towel.

There will be baby sitting, so mom, bring your little ones.

Don't forget, every Tuesday at 7:30 p.m. for exercises.

UMYF YOUTH MARCH FOR UNICEF, OCTOBER 24, 1976

The United Methodist Youth Fellowship of First United Methodist Church, Bandera, will be canvassing door-to-door with the familiar orange and black UNICEF cartons hoping to collect pennies, dimes, and dollars for the world's neediest children on Sunday evening, October 24. They will be joining over 3 million other Americans in the celebration of National UNICEF Day this Halloween week of October 24-31.

WHAT IS UNICEF?

UNICEF considers children's needs—not their race, religion, sex, or politics.

UNICEF gives supplies, equipment, and training assistance—not unrestricted dollars.

UNICEF helps developing countries of the world—not developed countries.

UNICEF works as a partner—not a benefactor.

UNICEF is financed voluntarily—not by assessment.

Carrol O'Connor, award-winning star of "All in the Family", and his real-life wife, Nancy, will be Chairpersons for the 1976 National UNICEF Day Campaign. It is a special honor that Mrs. Betty Ford, for her second year, will serve as Honorary Chairwoman. They join in urging the people of Bandera to open their hearts and give generously when UNICEF Trick or Treaters come to their door.

These UNICEF volunteers will be identified by UNICEF Volunteer name tags along with the traditional UNICEF orange and black donation cartons. A report will be made to the BANDERA BULLETIN as to the amount that was donated and sent to UNICEF, United Nations, New York.

Dinner To Honor Tuck

Senator John Tower will join voters in the six county 216th Judicial District for a dinner Sunday, October 24, 1976 honoring incumbent District Attorney Joe Tuck.

A spokesman for Tower pointed out "The Texas Criminal Justice system must be kept as strong as possible by prosecutors such as Joe Tuck, who can prosecute effectively and with diligence."

"Tuck has demonstrated such ability, and if ever there was a time when we need men in the court who command such respect, the time is now."

Since his election in 1972, Tuck has prosecuted will over 1,000 felony cases.

Commenting on the Tower appearance, Tuck said, "I consider it a great honor to have Senator Tower speak in my behalf. I hope that all area residents will join me in giving our senior U.S. Senator a hill country welcome."

The dinner will be held at 7:30 p.m. at the Inn of the Hills. Those who would like to meet Senator Tower and District Attorney Tuck may do so by calling 896-2556 for reservations.

Rep. Rains Survey

Property taxes, school finance, sale of firearms, and regulation of the oil and gas industry are a few of the subjects included in a questionnaire sent to all of the registered voter households in Bandera, Blanco, Northwest Bexar, Hays, Frio, Kendall, and Medina counties by Representative Don Rains of San Marcos.

Rep. Rains has stated that the results of the survey will directly influence his decisions on proposals which will be presented to the Texas Legislature in January. All questionnaires returned to his office will be acknowledged and specific questions will be answered. Because this is an opportunity for citizens to increase their voice in state government, Rep. Rains hopes that anyone who failed to receive a questionnaire will obtain one by writing to him at P.O. Box 2910, Austin, Texas 78767.

1976 MARCHING BAND CHOOSES MASCOT
By Patricia Godkin

Who's the pretty little twirler in the band? Stephanie Evans, the band's 1976 mascot. This is the first year the band has had a mascot since 1962.

Stephanie is seven years old and in the second grade. She is the daughter of Mr. and Mrs. Alton Evans. While in the first grade, Stephanie was named Little Miss Bandera County.

Good luck to a pretty little girl with a big future!

TIGERS TAKE TWO
By Kevin Riley

Bandera's Freshman and J.V. teams lost both games Thursday night to Dripping Springs 20-6 and 42-0.

Alan Buxkemper, one of the Freshmen powerful running backs, scored the only Bandera touchdown of the night on a six yard sweep. They also recovered a Tiger fumble. Charles Garcia recovered another fumble for the Bulldogs.

Jerry Word recovered two Tiger fumbles for the J.V., but they could not put a scoring drive together.

Freshman and J.V. will not play this week but will be back in action in Bandera Friday, October 29, against Smithson Valley.

KID DAY
By Krista Connors

Baby bottles, pacifiers, and teddy bears were just a few of the strange things seen on campus Friday, Oct. 15. This day was designated "Kid Day" and many students showed their spirit by dressing up as a miniature Shirley Temple and Minnie Mouse. Each week there is something new and different which makes Friday pep rallys more exciting.

At the pep rally, spirits and voices were at their peak. The cheerleaders led the students in cheers, and the twirlers entertained them by doing routines to the music of the band. The spirit jug and stick were awarded to the senior class for their outstanding sign and spirit. A skit was performed, and over all everybody did their best to show the football team that we're 100 percent behind them.

YEARBOOK SALES

Yearbook sales began Friday, October 1. They will be sold before school, between classes, and after school. The cost is only $7.00 and the books are well worth while. Everybody save your pennies and be ready to buy your "1977 Bulldog."

MOLA!

Recently Roland Ramirez, a Home Economics Cooperative Education student, made an informative presentation to the HECE class.

Roland brought a variety of the garments and hand bags which are made at Cross Roads where he is currently employed. The students enjoyed hearing how the garments are made and about the mola, the handmade applique designs made by the Cuna Indians of Panama, which are characteristic of the items made at Cross Roads. (If you look in the picture, the mola shows up very well on the front of the garment Roland is holding.)

We would like to thank Roland for the interesting presentation and also we would like to thank Mrs. Mary Baker Stough of Cross Roads at Lakehills for the loan of the attractive garments!

FLAG CONTEST AT B. H. S.
By Tammy Richardson

Student Council is sponsoring a flag contest at B.H.S. The purpose of the contest is to arouse more enthusiasm and unity. Not only this, but the winner of the contest will have the honor of having their flag flown over the new school. All organizations are encouraged to participate. However, everyone is welcome to enter. All organizations or students interested should have their design, plus an explanation on poster board, turned in during December, to Mrs. Thompson. All designs will be judged and Student Council will pay for the construction of the flag!

BULLDOGS CAPTURE COUGARS
By Tammy Richardson

Much improvement took place last Tuesday at Cole, when the J.V. girls volleyball team rolled over the Cougars. The girls walked in with a tremendous will to win. In the first set the girls were just getting warmed up, by winning 15-11. Despite the low roof, the girls had an overall good serve, which Cole could not break. The final score was 15-2! Remember girls, where there's a will, there's a way!

Wildlife Seminar

A deer management seminar will be held in Kerrville on November 10, 1976, at 7:30 p.m. in the Community Room of the First National Bank to discuss management of the white-tailed deer. Texas Parks and Wildlife Department game biologists will present a program to discuss conditions of the local deer herd, deer census techniques, deer nutrition requirements in relation to antler development, body weight and reproductive potential of a well managed deer herd, advantages of a balanced buck:doe ratio in relation to range carrying capacity, importance of native brush as a preferred food and brush control methods beneficial to wildlife species. On November 11, in conjunction with the seminar, a field day will be conducted on the Kerr Wildlife Management Area located 15 miles northwest of Hunt, Texas, on FM highway 1340. The tour will begin at 1 p.m. from the Area headquarters. Participants will observe research studies being conducted on the effects of nutrition and genetics on the formation of deer antlers, studies concerning competition between exotic big game and white-tailed deer and various livestock grazing systems utilized on the Area and their effect on deer production.

All interested persons are urged to attend.

Tax Rebates

AUSTIN—Comptroller Bob Bullock said Friday that his auditors turned up more than $9 million in additional local sales taxes owed Texas cities and towns during fiscal 1976, more than double the amount turned up the two previous fiscal years.

Bullock said city sales tax audit production during the fiscal year ending Aug. 31 was $9,056,072, compared to about $4.5 million each of the two previous fiscal years.

The Comptroller Friday also mailed checks totaling $9.1 million to 478 cities and towns as their October rebate of the one-cent city sales tax.

He added that city sales tax rebates have totaled $239.1 million so far this year, well ahead of the $209.2 million rebated during the same period of 1975.

Net payment to the city of Bandera was $1,065.85.

"We Will Bury The National Rifle Association Within Five Years!"

says Morris Dees, Jimmy Carter's money raiser and General Council for the Committee for Jimmy Carter. Dees is a strong possibility for a cabinet post either as Secretary of the Treasury or Attorney General in a Carter Administration. As a cabinet member, he could utilize the power and money of his office to further his aims as an anti-gun fanatic to disarm the American public.

Other members of Dees anti-gun group include:

Patrick Murphy, former Police Commissioner of New York City, who is in line for a cabinet job possibly as head of the Federal Bureau of Investigation. Murphy is quoted in the October 1976 issue of the American Rifleman in an article titled "Anti Gunners Surround Jimmy Carter", by Harlon B. Carter, Executive Director, NRA-ILA, "For too long we have indulged gun maniacs. I feel we must disarm the citizen".

Are You A Gun Maniac?

Maynard Jackson — Mayor of Atlanta, Georgia, and Chairperson of the Dees anti gun group favors a ban on all handguns. Jackson is one of Jimmy Carter's closest supporters.

Andrew Young — Congressman from Georgia, is a member of the Dees anti-gun group, probably the most influential in the Carter campaign, is vehemently anti gun and anti hunting.

Jimmy Carter's list of close aides in his campaign for the presidency is literally the "Who's Who" of the anti gun movement. If these people attain power by a Carter victory, the rights of tens of millions of gun owners probably will be lost forever.

This Is The Time To Vote Carefully As If Your Right To Own Firearms Depended On It. There Might Not Be Another Chance. Fight Gun Control With Your Vote.

Graveside services and interment for Clyde McBeth, 75, who died Thursday morning of last week at his ranch home near Vanderpool, were held Saturday at 2 p.m. in Warren Cypress Creek Cemetery near Leakey. Rev. George Polvado officiated.

Kerrville Funeral Home was in charge of arrangements.

Mr. McBeth was born Sept. 10, 1901 in Runnels County. He had been a rancher all of his life and had lived near Vanderpool for about 60 years. He was a member of the Baptist Church.

Survivors include his widow, Mrs. Mellie McBeth; a son, Clyde McBeth of Kerrville; daughters, Mrs. Mary Ellen Kellett of Del Rio; Mrs. Mabel O'Bryant of Brawley, Calif.; Mrs. Dorothy Parks of Fort Worth and Mrs. Dell Tingle of San Antonio; 12 grandchildren and 10 great-grandchildren. Another close relative, Ellis Fairchild, lives in Gatesville.

Mr. and Mrs. Merlyn Green of Bayside, visited in the home of her uncle, Mr. Oscar Tampke, over the weekend.

Mr. and Mrs. Fitchie McGill have moved to Kerrville, where he will be employed on the ranch of Mr. and Mrs. Felix Fisher of Hunt.

The Arts and Crafts Guild Club met on October 7. Plans were made for the Fall Fair, which will be held on November 13, on the community square. Non-members can call 966-3511 to find out about showing and selling their arts and crafts. The fee will be $3.

Miss Bonnie Thornberry has returned to live with her mother, Mrs. Walter Thornberry, after working in San Antonio for a number of years.

Mrs. Annie Dorow has returned home after a visit to her daughter and family, Mrs. Clara Deavers, of Portland.

Mr. Murray Burns is employed in Houston with Petro-Marine Engineering, Inc. after being employed with Shell Oil Co. in New Orleans.

Funeral services for Robert Briggs, brother of Lee Briggs of Vanderpool, were held in Del Rio on October 9. He is survived by another brother, Louis Briggs of Anna, Texas.

At The Library

Some of the latest arrivals at the County Library are "All the President's Men", Bernstein and Woodward, "Natural Foods Cookbook", Hunter; "Homesteader's Guide to Raising Small Livestock", Belanger; "A Veterinary Guide for Animal Owners", Spauling, DVM., "Touch Not the Cat", Stewart, "The Deep", Benchley, "The Pride of the Peacocks", Holl; "The Moon's a Balloon", Nevin, "Delores", Susann, "The Golden Unicorn", Whitney; lots of new mysteries, crafts books, and some new children's books.

We are now receiving 16 6mm films per month and we will loan them out for short periods to anyone who is a patron of the library. The subjects are varied and are of interest to different age groups from five to senior citizens. We will be getting an advance list of "coming attractions" from the San Antonio Public Library and will try to publish this each month.

The total circulation for the past two months was 2,643 books. Lots of new folks are coming to the library and using the facilities. If we don't have a particular book, we may be able to get it through Inter-library Loan. This is a library network which goes the length and breadth of Texas. In the last two months there have been about thirty-five books obtained for patrons in this way.

The following people were remembered with a memorial donation given to the library during the months of August and September: Bob Carr, Eddie Stapleton, Cleofus Dugosh and Joe Hensley.

Remember the new winter hours: Monday, Wednesday and Friday: 9:30-4:00 p.m.

Librarian

PIPE CREEK FIRE DEPARTMENT HAS BUSY SCHEDULE

The Ladies Auxiliary of the Pipe Creek Volunteer Fire Department met at the Fire House in Pipe Creek on Monday evening, October 18. There were nineteen members present. We have a busy schedule coming up.

First is our Fall Barbecue on Saturday and Sunday, October 30-31. Our members are busy now making handmade items for the boutique. Why not buy your Christmas presents at our boutique at very reasonable prices.

Besides the barbecue and boutique there will be a dart board, cake sale, turkey shoot and weather permitting, a dunk board.

On Saturday, October 30, at 3 p.m. there will be a children's Halloween costume parade. Prizes will go to the most original, prettiest, scariest, and funniest costume.

Come out and see the pumper races on Sunday, October 31, at 2 p.m.

Our fall barbecue is a chicken barbecue. The price is $2 for adults and $1.25 for children.

To get ready for the barbecue, members of the Ladies Auxiliary will meet at the fire house at 2 p.m. Thursday, October 28. This will be our clean-up day this month.

On Friday, October 29, the members will meet at 9:30 a.m. to prepare the food and make any last-minute preparations for the weekend affair.

We want to thank the community for their participation in our past rummage sale and car wash.

During the eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic occupational fields.

Among the subjects he studied were seamanship, close-order drill, naval history and first aid.

A 1976 graduate of West Mesa High School, Albuquerque, N.M, he joined the Navy in December 1975.

GERMANTOWN

Because of the seriousness of the situation Congress fled from Philadelphia to York, Pennsylvania. The British occupied Philadelphia on September twenty-sixth, seventeen seventy-seven. A fierce charge by American forces at Germantown on October third hurled the British from the village. What seemed a certain American victory, turned to defeat due to tactical errors by inexperienced officers. American losses were large but in losing this battle Washington gained the admiration of many foreign leaders, who were amazed that a half-trained, ill-equipped army could attack and almost defeat the British. This data has been researched by the Daughters of the American Revolution in observance of our Nation's Bicentennial.

Historic Sites Toured

Bandera's wealth of nineteenth-century buildings of historic and architectural interest, hitherto little known outside the local area, has been introduced to members of the San Antonio Conservation Society. Sixty-five persons spent Saturday, October 16, touring Bandera County and left for home expressing interest and enthusiasm for what they had been shown.

The tour was sponsored by the Society as its official fall visit to an historic community. Overall tour chairman was Mrs. Peter T. Flawn, wife of the president of UTSA, with Mrs. Freda Hensley serving as chairman of the Bandera tour. Assisting the Society with plans and arrangements were Mrs. D.W. Hicks and Mrs. Don F. Tobin of Bandera.

Mrs. Tobin and Mrs. Margaret Focke served as guides and commentators on the two buses which followed an itinerary around town and through the countryside.

First morning stop was made at the Old Jail, built in 1881, now the museum and archives center of the Bandera Historical Commission, and the adjoining Old Courthouse, built about 1870. The visitors then walked down to the old wool warehouse, originally built in 1870 for Carmichael and Hay Mercantile, where a quilt show was hung for their enjoyment in the wool room of the present Bandera Ranch Store.

Next call was made at St. Stanislaus Church, celebrating its centennial this year. The neighboring Tobin-Jureczki House, also built in 1876, and the Polish Pioneer Museum, originally a convent built in about 1870, were also opened for the tour.

The outstanding Bandera County Court House, 1890, was noted in passing.

After stops at the Montague House, 1880, and the renowned Frontier Times Museum, the morning schedule was completed. The buses proceeded to Hicksley, home of Mr. and Mrs. D.W. Hicks, where luncheon was served under the Reunion Oak Tree. Guests enjoyed seeing the historic ranch house, recently restored and expanded.

Sixty-five members of the San Antonio Conservation Society toured historic sites in and around Bandera on their all day Annual Tour to an historic community. They were photographed in front of The Frontier Times Museum, founded by the late J. Marvin Hunter, Sr.

Bandera Pass, site of the 1841 battle between Texas Rangers led by Captain Jack Hays and a band of Comanches, was of particular interest to the San Antonians. The Conservation Society has recently purchased a house on South Presa Street, which, according to tradition, was once owned by Captain Hays.

An unscheduled crossing of the county line on the other side of the pass took the buses to Camp Verde in Kerr County, where the city folks were charmed with the authentic preservation of the old general store and post office, established about 1849.

Heading back toward San Antonio, the tour turned up Privilege Creek for a final debarkation at Polly's Cemetery and Polly's Chapel, built in 1882. Mrs. Focke presented a short talk on the history of the neighborhood and the life of Policarpo Rodriguez, who built the church.

Many Bandera people helped to create the warm atmosphere and good feeling on which all the tour members commented.

Mrs. Flawn, Mrs. Hensley, Mrs. Hicks, and Mrs. Tobin would like to thank the following friends who gave up their time to be at the various places to welcome the guests or who helped with arrangements: Mrs. Sallie Lewis, Mrs. Gladys Graves, Mrs. Arantha Stein, Raymond Hicks, Tim Tobin, Mrs. Jo Davidson, Miss Sue Holt, Billy Clyde Wright, Monsignor Bruno J. Hubertus, the Misses Annette, Christine, and Emilia Kalka, Mrs. Tim Tobin, Mr. and Mrs. Charles H. Hundley of Marble Falls, Mrs. Mattie Mae Pue, Walter Acton, Mrs. John Saul, Mrs. Ruth Batto, the staff of Purple Hills, and Mrs. John Nixon.

Mrs. Focke deserves special thanks for her arduous day-long service as guide and resource person and for her generous donation of souvenir cards bearing copies of the classic photograph of Policarpo Rodriguez and his family in front of their old ranch-house which were given as mementoes of the tour.

BETTERMENT ASSOCIATION ACTIVITIES

From the desk of L. Moore, reporter —

The Barbecue

It was Friday, October 15, and the rains came! The Faithful, led by Chief Maida Wehmeyer gathered to chop vegetables, make salad, peel onions. It was difficult to tell what was making the group cry, the onions or the seemingly dim prospects of a successful barbecue. The men covered the barbecue pit and arrived with the wood for the fire just as the real deluge began.

Saturday dawned. What a relief. It was a pretty nice day after all. The chicken was a masterpiece of culinary excellence. What would we do without those chefs supreme, Gus and Adren Heisler; and their crew of assistants Howard Jack, Bob Moore, Bob Larsen, Bob Travis, Gus Gustafson, Del Wood, Joe Talk, backed up by the men who did countless chores inside the building, Charlie Turner, Ted Seideman, Cliff Waterman, Gene Shepard, Glenn Stufflebean, Wes Davis, Boots Laue. Gentlemen, you are the greatest!

We owe a large debt of gratitude to Food Chairman Maida Wehmeyer, who did a magnificent job of organizing and managing the preparation and serving of the food. She was given excellent cooperation by Lola Heisler, Minnie Turner, Polly Larsen, Helen Travis, Joy Seideman, Florence McMahan, Eleanor Laue, Gloria Gustafson, Gloria Wehmeyer, Jeffie Waterman, Hattie Harrison, Elaine Howard, Evelyn Halliday and Lucille Moore.

Ye Olde Treasure Chest was a huge success. Its chairmen, Ann Jack and Margaret Talk, worked many hours gathering items and potting plants. They were ably assisted by Millie Schenkat.

The cakes were terrific! Louise Marmor, Era Wilkinson and Fannie Davis did a fine job and join all the members in thanking the ladies of the community for furnishing these delicious desserts.

And last, but certainly not least, are the patrons who attended. Your presence was highly appreciated and we thank you for your support.

Club Mexicali

November 6, "Club Mexicali" will open its doors for a one night appearance at the Civic Center. You will be served a delicious Mexican plate for $2.00 adult and $1.50 child. This admission price will include, at no extra cost, a fantastic floor show beginning at 8:30 p.m.

Twelve big acts will be singing and dancing their way into your hearts. Starring the Drury Dancers (Mexican folk dances); Karen Rodgers, singing the show tunes you love to hear; Valerie Picket, acrobatics extraordinaire; Minnie and Charlie Turner, graceful ballroom dancers; Gloria Gustafsen singing the blues; Lila LaGrange in a dance of Old Mexico; Wayne and Sally Gustafsen, country music at its best; the Pat Delleney Exotic Ballet; the beautiful voice of Jo Faye Zimmerman, accompanied by the talented Helen Ahr; those Lakehills Living Dolls, Carie Sue Oehler and Debbie Shepard; and hopefully, a mystery act or two.

Halloween Ball

October 30, Baron Frankenstein has just been run to earth and has made plans to arrive in time for our 9 p.m. Halloween Ball at the Civic Center, music by the Star Dusters. Don't miss this ghoulish gathering!

Appreciation Corner

To Gus and Lola Heisler, plywood for the signs; Charlie and Minnie Turner for constructing a beautiful formica shelf for the steam table; Jackie Capps for loaning her indispensible food chopper; Panchita Thomson for her gift of a beautiful legustrum hedge; and to Lola Heisler and Ted Seideman for planting this hedge across the length of the back yard (finishing up in the pouring down rain); to Bob Stevens for paper supplies.

Condolences

We extend our heartfelt sympathy and affection to Mrs. Dan Tschirhart and her family. Dan was a very fine man and will be sorely missed by all of us.

AROUND LAKEHILLS

Malt Shop

Wilbur and Olga Bradford, who live in Pebble Beach, have opened a Malt Shop. The Bradfords will feature a number of Malt Shop Goodies. Read their ad elsewhere in the Bulletin. Next week will be their grand opening. What could be better than a regular hamburger with fries and a 16 oz. coke for only one dollar plus tax. Another attraction will be ten-cent ice cream cones (real Borden ice cream). Mrs. Jackie Capps, who is experienced in the food service and the Malt Shop business, will be general manager. See you there. The Bradfords have three children; daughter Willa, who is a teacher in Lakeland, Fla., son, Larry, who operates a Texaco Service Station in downtown Leon Valley, and a handsome five year old, Brad. Mr. Bradford is a realtor with an office in San Antonio. A hearty welcome to these fine people.

The Traveling Davenports

Aubry and Virginia Davenport returned recently from a tour of the Southeastern states. In Gulfport they attended the Jerry Ford Parade. They took pictures of his motorcade. Aubry waved to President and said "Hello Jerry". Not to be outdone, President Ford said, "Hello, Aubry."

EGAN IS EASIER

Joe Mike Egan
WRITE IN EGAN
for District Attorney
216 th Judicial District
FOR SOME JOBS PEOPLE COUNT MORE THAN PARTY

Sound argument can be made that for some offices PARTY counts more than People. As pointed out by Governor Reagan, it's in the Platform of the opposing parties that What They Stand For is spelled out. You care what parties stand for because this tells you what their candidates will DO either FOR you or TO you if elected. Thus you vote for the PARTY, not from Clubmanship, but because of what you expect its candidates to DO if elected.

This general guidance is of no help to you in predicting what candidates for ALL offices will do. GOD SAVE US IF EVER the Justice for place 2 on the Supreme Court of Texas or the District Attorney for the 216th Judicial District mixes his party's platform to the slightest degree with HOW HE DOES HIS JOB. Here the sole test is QUALIFICATION. Here it's the MAN, not the Party, that makes the difference in what you can expect him to DO. All you ever cared about anyway. Here you are thrown back on your own judgment — even to the extent of a WRITE-IN.

Good Luck,
JOE MIKE EGAN

Instructions for write-in:
(1) A WRITE-IN VOTE FOR EGAN IS SUFFICIENT.
(2) Note you have made beforehand of name EGAN may properly be taken into the polls with you and copied.
(3) CAUTION: Be certain to write-in in column for D.A. 216th Judicial District against Brown and Tuck.

ON OCTOBER 24 LET'S PROCLAIM
A UNITED NATIONS "DAY OF SHAME"

The United Nations brought immense shame upon itself on its own anniversary in 1971 — by expelling the government of Free China and welcoming into its midst the bloody Communist Chinese, the murderers of millions of their own people.

And it is the UN itself, which propagates that shameful image year after year by ignoring violations of human rights — such as forced labor in the Soviet Union and repeated massacres in Africa and Asia. The UN also jumps at every opportunity to vote against American interests — as clearly evidenced by the UN resolution condemning our bases in Guam — U.S. territory!

We must share in the shame of the UN and we shall have only ourselves to blame for the UN's continued anti-Americanism in the future — when we can so easily get out of the United Nations in the present.

Let's declare October 24 a "Day of Shame" and *Get US out!* of the United Nations!

TRAINING COMPLETED

Navy Fireman Charles E. Miller, son of Mr. and Mrs. Wilber W. Miller of Route 2, Pipe Creek, has completed recruit training at the Naval Training Center, San Diego.

During the eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic occupational fields.

Among the subjects he studied were seamanship, close-order drill, naval history and first aid.

A 1976 graduate of West Mesa High School, Albuquerque, N.M., he joined the Navy in December 1975.

Historic Sites Toured

Sixty-five members of the San Antonio Conservation Society toured historic sites in and around Bandera on their all day Annual Tour to an historic community. They were photographed in front of The Frontier Times Museum, founded by the late J. Marvin Hunter, Sr.

Bandera's wealth of nineteenth-century buildings of historic and architectural interest, hitherto little known outside the local area, has been introduced to members of the San Antonio Conservation Society. Sixty-five persons spent Saturday, October 16, touring Bandera County and left for home expressing interest and enthusiasm for what they had been shown.

The tour was sponsored by the Society as its official fall visit to an historic community. Overall tour chairman was Mrs. Peter T. Flawn, wife of the president of UTSA, with Mrs. Freda Hensley serving as chairman of the Bandera tour. Assisting the Society with plans and arrangements were Mrs. D.W. Hicks and Mrs. Don F. Tobin of Bandera.

Mrs. Tobin and Mrs. Margaret Focke served as guides and commentators on the two buses which followed an itinerary around town and through the countryside.

First stop-by was made at the Old Jail, built in 1881, now the museum and archives center of the Bandera Historical Commission, and the adjoining Old Courthouse, built about 1870. There a short film was shown down to the old wool warehouse, originally built in 1879 for Carmichael and Hay Mercantile, where a quilt show was hung for the occasion from the wool room of the present Bandera Ranch Store.

Next call was made at St. Stanislaus Church, celebrating its centennial this year. The neighboring Tobin-Jurecek House, also built in 1876, and the Polish Pioneer Museum, originally a convent built in about 1870, were also opened for the tour.

The outstanding Bandera County Court House, 1890, was noted in passing.

After stops at the Montague House, 1880, and the renowned Frontier Times Museum, the morning schedule was completed. The buses proceeded to Hicksley, home at Mr. and Mrs. D.W. Hicks, where luncheon was served under the Reunion Oak Tree. Guests enjoyed seeing the historic ranch house, recently restored and expanded.

Bandera Pass, site of the 1841 battle between Texas Rangers led by Captain Jack Hays and a band of Comanches, was of particular interest to the San Antonians. The Conservation Society has recently purchased a house on South Presa Street, which, according to tradition, was once owned by Captain Hays.

An unscheduled crossing of the county line on the other side of the pass took the buses to Camp Verde in Kerr County, where the city folks were charmed with the authentic preservation of the old general store and post office, established about 1849.

Heading back toward San Antonio, the tour turned up Privilege Creek for a final debarkation at Polly's Cemetery and Polly's Chapel, built in 1882. Mrs. Focke presented a short talk on the history of the neighborhood and the life of Policarpo Rodriguez, who built the church.

Many Bandera people helped to create the warm atmosphere and good feeling on which all the tour members commented.

Mrs. Flawn, Mrs. Hensley, Mrs. Hicks, and Mrs. Tobin would like to thank the following friends who gave up their time to be at the various places to welcome the guests or who helped with arrangements: Mrs. Sallie Lewis, Mrs. Gladys Graves, Mrs. Aranha Stein, Raymond Hicks, Tim Tobin, Mrs. Jo Davidson, Miss Sue Holt, Billy Clyde Wright, Monsignor Bruno J. Hubertus, the Misses Annette, Christine, and Emilia Kalka, Mrs. Tim Tobin, Mr. and Mrs. Charles H. Handley of Marble Falls, Mrs. Mattie Mae Pue, Walter Acton, Mrs. John Saul, Mrs. Ruth Batte, the staff of Purple Hills, and Mrs. John Nixon.

Mrs. Focke deserves special thanks for her arduous day-long service as guide and resource person and for her generous donation of souvenir cards bearing copies of the classic photograph of Policarpo Rodriguez and his family in front of their old ranch-house which were given as mementoes of the tour.

Monthly Meeting

The monthly meeting of the MLVFD was held on October 12, with President Mooney presiding. The minutes of the previous meeting were read and approved. The minutes of the board of directors were discussed by the members. The members voted to change the plans on the supply truck from a pumper to a utility truck. This would be used to haul fighting equipment that cannot be carried on the fire trucks. The purchase of twelve fire coats for protection of the fire fighters was approved.

Training Session

Seventeen members from the MLVFD were present for the three-night training session, September 27, 28 and 30, which was held at the Pipe Creek Fire Station. This training was sponsored by the Texas Forest Service. BETTERMENT ASSOCIATION ACTIVITIES

From the desk of L. Moore, reporter —

The Barbecue

It was Friday, October 15, and the rains came! The Faithful, led by Chief Maida Wehmeyer gathered to chop vegetables, make salad, peel onions. It was difficult to tell what was making the group cry, the onions or the seemingly dim prospects of a successful barbecue. The men covered the barbecue pit and arrived with the wood for the fire just as the real deluge began.

Saturday dawned. What a relief. It was a pretty nice day after all. The chicken was a masterpiece of culinary excellence. What would we do without those chefs supreme, Gus and Adren Heisler; and their crew of assistants Howard Jack, Bob Moore, Bob Larsen, Bob Travis, Gus Gustafson, Del Wood, Joe Talk, backed up by the men who did countless chores inside the building, Charlie Turner, Ted Seideman, Cliff Waterman, Gene Shepard, Glenn Stufflebean, Wes Davis, Boots Laue. Gentlemen, you are the greatest!

We owe a large debt of gratitude to Food Chairman Maida Wehmeyer, who did a magnificent job of organizing and managing the preparation and serving of the food. She was given excellent cooperation by Lola Heisler, Minnie Turner, Polly Larsen, Helen Travis, Joy Seideman, Florence McMahan, Eleanor Laue, Gloria Gustafson, Gloria Wehmeyer, Jeffie Waterman, Hattie Harrison, Elaine Howard, Evelyn Halliday and Lucille Moore.

Ye Olde Treasure Chest was a huge success. Its chairmen, Ann Jack and Margaret Talk, worked many hours gathering items and potting plants. They were ably assisted by Millie Schenkat.

The cakes were terrific! Louise Marmor, Era Wilkinson and Fannie Davis did a fine job and join all the members in thanking the ladies of the community for furnishing these delicious desserts.

And last, but certainly not least, are the patrons who attended. Your presence was highly appreciated and we thank you for your support.

Club Mexicali

Mexicali — "Club Mexicali" will open its doors for a one night appearance at the Civic Center. You will be served a delicious Mexican plate for $2.00 adult and $1.50 child. This admission price will include, at no extra cost, a fantastic floor show beginning at 8:30 p.m.

Twelve big acts will be singing and dancing their way into your hearts. Starring the Drury Dancers (Mexican folk dances); Karen Rodgers, singing the show tunes you love to hear; Valerie Picket, acrobatics extraordinaire; Minnie and Charlie Turner, graceful ballroom dancers; Gloria Jacobsen singing the blues; Lila LaGrange in a dance of Old Mexico; Wayne and Sally Castaldo country music at its best; the Pat Delleney Exotic Ballet; the beautiful voice of Jo Faye Zimmerman, accompanied by the talented Helen Ahr; those Lakehills Living Dolls, Carie Sue Oehler and Debbie Shepard; and hopefully, a mystery act or two.

Halloween Ball

October 30, Baron Frankenstein has just been run to earth and has made plans to arrive in time for our 9 p.m. Halloween Ball at the Civic Center, music by the Star Dusters. Don't miss this ghoulish gathering!

Appreciation Corner

To Gus and Lola Heisler, plywood for the signs; Charlie and Minnie Turner for constructing a beautiful formica shelf for the steam table; Jackie Capps for loaning her indispensible food chopper; Panchita Thomson for her gift of a beautiful leguntrum hedge; and to Lola Heisler and Ted Seideman for planting this hedge across the length of the back yard (finishing up in the pouring down rain); to Bob Stevens for paper supplies.

Condolences

We extend our heartfelt sympathy and affection to Mrs. Dan Tschirhart and her family. Dan was a very fine man and will be sorely missed by all of us.

AROUND LAKEHILLS

Malt Shop

Wilbur and Olga Bradford, who live in Pebble Beach, have opened a Malt Shop. The Bradfords will feature a number of Malt Shop Goodies. Read their ad elsewhere in the Bulletin. Next week will be their grand opening. What could be better than a regular hamburger with fries and a 16 oz. coke for only one dollar plus tax. Another attraction will be ten-cent ice cream cones (real Borden ice cream). Mrs. Jackie Capps, who is experienced in the food service and the Mall Shop business, will be general manager. See you there. The Bradfords have three children, daughter Willa, who is a teacher in Lakeland, Fla., son, Larry, who operates a Texaco Service Station in downtown Leon Valley, and a handsome five year old, Brad. Mr. Bradford is a realtor with an office in San Antonio. A hearty welcome to these fine people.

The Traveling Davenports

Aubry and Virginia Davenport returned recently from a tour of the Southeastern states. In Gulfport they attended the Jerry Ford Parade. They took pictures of his motorcade. Aubry waved to President and said "Hello Jerry". Not to be outdone, President Ford said, "Hello, Aubry."

RUMORS

A garage will be opened in Lakehills.

The Horseshoe Inn will be opened under new management.

BOUQUET OF ROSES TO —

Irby Dearham, who was injured recently.

Mr. and Mrs. Adolph Mazurek, the host and hostess with the mostess.

CONDOLENCES

Condolence are extended to the family of Daniel Tschirhart. The entire community was saddened to hear of the death of this wonderful husband and father. The future years cannot take away the fond memories which his sorrowing family have of Dan. Although their hearts are heavy with their loss and sorrow, the community hopes that it will comfort them to know that others care very deeply.

Condolences are also extended to the Tommie Conways.

Tommie's sister died recently in San Antonio.

Condolences to Mr. and Mrs. Ernest Kinard. Mr. Kinard's mother died Saturday in San Antonio.

EGAN IS EASIER

Joe Mike Egan

WRITE IN EGAN
for District Attorney
216 th Judicial District

FOR SOME JOBS PEOPLE COUNT MORE THAN PARTY

Sound argument can be made that for some offices PARTY counts more than People. As pointed out by Governor Reagan, it's in the Platform of the opposing parties that What They Stand For is spelled out. You care what parties stand for because this tells you what their candidates will DO either FOR you or TO you if elected. Thus you vote for the PARTY, not from Clubmanship, but because of what you expect its candidates to DO if elected.

This general guidance is of no help to you in predicting what candidates for ALL offices will do. GOD SAVE US IF EVER the Justice for place 2 on the Supreme Court of Texas or the District Attorney for the 216th Judicial District mixes his party's platform to the slightest degree with HOW HE DOES HIS JOB. Here the sole test is QUALIFICATION. Here it's the MAN, not the Party, that makes the difference in what you can expect him to DO. All you ever cared about anyway. Here you are thrown back on your own judgment — even to the extent of a WRITE-IN.

Good Luck,

JOE MIKE EGAN

Instructions for write-in:
(1) A WRITE-IN VOTE FOR EGAN IS SUFFICIENT.
(2) Note you have made beforehand of name EGAN may properly be taken into the polls with you and copied.
(3) CAUTION: Be certain to write-in in column for D.A. 216th Judicial District against Brown and Tuck.

ON OCTOBER 24 LET'S PROCLAIM

A UNITED NATIONS "DAY OF SHAME"

The United Nations brought immense shame upon itself on its own anniversary in 1971 — by expelling the government of Free China and welcoming into its midst the bloody Communist Chinese, the murderers of millions of their own people.

And it is the UN itself, which propagates that shameful image year after year by ignoring violations of human rights — such as forced labor in the Soviet Union and repeated massacres in Africa and Asia. The UN also jumps at every opportunity to vote against American interests — as clearly evidenced by the UN resolution condemning our bases in Guam — U.S. territory!

We must share in the shame of the UN and we shall have only ourselves to blame for the UN's continued anti-Americanism in the future — when we can so easily get out of the United Nations in the present.

Let's declare October 24 a "Day of Shame" and *Get US out!* of the United Nations!

Rate Increase

Bandera, Oct. 26, 1976—Lone Star Gas Company's local manager, C.M. Ferguson, today filed an application for a rate increase to provide the company an 8 percent rate of return.

Ferguson said Lone Star's distribution system serving Bandera earned a 3.33 percent rate of return in 1975 and that $9,113, is required to correct the utility's revenue deficiency. He explained that Lone Star has experienced increased costs of operation due to the current inflation, and unrecovered costs of purchased gas which substantially eroded utility earnings.

In June of last year, the Railroad Commission authorized Lone Star to recover 85 percent of its increase in the average cost of gas (above a base of .72 cents) from residential and commercial deliveries at the city gate. During the fourteen months ended August, 1976, Lone Star had unrecovered gas cost of $14.2 million for gas delivered at the city gate for residential and commercial customers.

"These costs reault from the rapidly rising gas prices during the last few years. For example, our average cost of gas climbed from 18c per thousand cubic feet in 1971 to $1.03 in June of this year, a 472 percent increase. Utility earnings declined from 23.3 million in 1971 to $13.1 million in 1975, or 44 percent Ferguson said.

The company's application would raise the average monthly customers bill about $2.36 per month, based on 8 MCF (thousand cubic feet) consumption.

Chest X-Ray Nov. 5

Last year the American Lung Association-Alamo Area alerted over eight hundred residents in the twenty counties served by the association, of not only suspected tuberculosis, but of emphysema, cardiovascular irregularities, and other pathology. These people for the most part were totally unaware that a problem existed, and yet, the few minutes time they took to get a chest x-ray from the ALA-AA Mobile Chest X-Ray Unit, may give them added years to a healthier, happier life.

The Mobile Chest X-Ray Unit of the American Lung Association-Alamo Area will make its fall run to Bandera on Friday, November 5, 1976. Mrs. Lon Fisher of Bandera has arranged for the Unit to locate at the Post Office. Hours of operation will be from 11:00 a.m. to 1:00 p.m. and from 2:00 p.m. to 6:00 p.m. Mrs. Fisher, along with Mrs. Minnie Mayes, represents Bandera County on ALA-AA Board of Directors.

Mrs. Littlejohn Enters Rest

Mrs. Elizabeth S. Littlejohn, a resident of Purple Hills Nursing Home for several months, died in Sid Peterson Memorial Hospital in Kerrville, on Tuesday, October 19, at the age of 74 years. She had been in the Kerrville hospital for about two months.

Mrs. Littlejohn was well known in this area as she had lived in Lakehills since 1955. She had been associated with Avalon Cafe in Lakehills and was a former owner and operator of a restaurant in Ashtabula, Ohio. She was for some time a kennel operator.

She was born May 5, 1902, in Pennline, Pa. Her beloved husband, Ralph W. Littlejohn, preceded her in death on May 6, 1970. She was the daughter of Robert Stoddart and Mary Eunice Stoddart and was a member of Jehovah's Witnesses.

She is survived by two daughters, Mrs. Roberta Mulqueeny of Lakehills, and Mrs. Frances Klingerman of Decauter, Michigan; one son, Staff Sergeant Isaac McGuire of Hamburg, Germany; seven grandchildren and 16 great-grandchildren.

Funeral services for the beloved lady were conducted from Plummer Funeral Chapel on Friday, October 22, at 10 a.m. and she was laid to rest in the Fort Sam Houston National Cemettery in San Antonio by the side of her husband, at graveside services at 2 p.m.

Many friends here offer sympathy to the bereaved family.

Fund Raising Dance

A fund-raising dance Saturday night climaxed a week of hard work and fun by the VFW Auxiliary ladies, VFW men of Post 9176, and American Legion of Bandera.

A project has been launched to re-paint, panel and decorate our County Recreation Center. With the fine cooperation of the directors of the center, a new face is gradually appearing on the county playground, a complete new paint job, paneling 37" up from the floor, western paintings, and a new paved road, plus a paved parking area. All work is being done by donations of time and enefrgy.

This project will also eliminate dust from the Little League Field.

A program to sell your ranch brand to the center to be painted in a decorating scheme is how this paving will be paid for. For $10, your brand will be displayed publicly and you will also be contributing to a community cause.

The Ladies VFW Auxiliary is a young organization and with the help of the VFW men this is their latest and most successful project. Their goal is to have this project completed by November 12, the Annual Hunter's Barbecue. With Mrs. Edna Brown as president of the Auxiliary, her drive will see that it is completed by that date!

A special thanks to Crickett Kalka, as without his expert carpentry knowledge many right angles would have ended up to be wrong angles.

With the fine work the Chamber of Commerce negotiated at the center last summer, the completion of this project will put our center back in top condition.

To The Voters Of Precinct 3

I would like to encourage all of you to vote in the General Election November 2.

To assure a vote for me for County Commissioner an X should be marked in the square by my name on the ballot.

Your vote and support will be deeply appreciated.

Sincerely,

Purple Hills Tidings
By Ida

God's love was the theme of the sermon Sunday afternoon when Martin Smith, minister for the Bandera Church of Christ, brought the message at our fourth Sunday service. Peter Masih, chorus director for Medina Children's Home, directed the singing of beautiful hymns in which the sweet voices of the Home children blended with the residents of Purple Hills. John Fuller and Peter Masih offered the prayers.

Six of our folks enjoyed the Golden Age party last Thursday at the United Methodist Church. They were Ivydelle O'Neill, Louie Allsup, Sophia Krueger, Lottie Anderson, Lola Harnish and Alice Mellis.

Mrs. Cynthia Mayberry had a very big day last Thursday when we celebrated her birthday. I think it lasted from Wednesday through Friday. She received one dozen red roses from her daughter and family in Washington state; another beautiful arrangement of flowers from her nephew and wife, Mr. and Mrs. Boyd Reed of Hondo; Mrs. Johnny Johnson of Medina, brought the beautiful cake which she served to the members of her family who were with her in the afternoon and to the employees who were holding their Staff meeting at that same time. Members of her family who were with her on that day were her daughter, Mrs. Bill Allen, her brother and wife and daughter, Mr. and Mrs. Andy Reed and Elva Keeling, all of Medina, and her brother, Mr. Louis Reed, who is a member of our family.

Loss Walker's big day was last Friday when he celebrated his 80th birthday.

Mrs. Vivian Hintshell and sons of La Port, Texas, visited their grandmothers, Mrs. Lois Cullom and Mrs. Hallie Landreth, last week. Another guest was a great-grandson, Jimmy Hogue, who was here for the weekend.

We were deeply grieved last Wednesday morning when told of the death of our friend, Bettie Littlejohn, who had been so very sick for so long. Bettie passed away in Sid Peterson Hospital in Kerrville. She had been with us in Purple Hills for several weeks. She was the mother of our co-worker, Roberta Mulqueeny, and at one time was a member of our cooking staff. We thank members of the family for sharing with us the memorial flowers and shall respect their wishes by planting the pretty purple mums in our Memorial Garden. Our sympathy to all the loved ones.

We enjoyed the Homemaking Class of Mrs. Lonette Wilton's last week. Those in the group were Talz Schmitchel, Yvette Alexander, who played the piano, Dolores Martinez, Dona Clark, Jack B. Stofer, Bret Edwards, Ken Rettko, Tommy Taylor and Donny Cummings who played their guitars.

Those in the group were Mrs. Kathy Vander Zee, director, Krishna Vander Zee, Becky Calloway, Paula Maier, Michelle Tondre, Kelly Maier, Paula Maier, Leticia Ybarra, Zale Gray, Sherry Anderson, and Angelia Williams.

Thanks to that nice group of people of the Pipe Creek Baptist Church who couldn't come on the 3rd Friday night because of the rain. They came last Friday night. Rev. Randall Hilburn brought the message and Mrs. Jessie Myers played the piano. Those joining in the singing were Mrs. Randall Hilburn, Mrs. Paul Lico and grandson, Kenneth Ryan, Mr. and Mrs. Weldon Jones, Esther O'Bannon, and Mr. and Mrs. George Ford. We missed Rev. and Mrs. H.B. Mifflin.

May I say thanks to all those who were so kind as to give me one of the nicest birthdays, Tuesaay, Oct. 19, I have ever had. There were several flowers, a luncheon, gifts, and just about as many cards as at Christmas, and if the Lord gives me another year I will receive a card from the President of the good old U.S.A.

Our thought for the week — "He prayeth well, who loveth well, both man and bird and beast. He prayeth best who loveth best, all things both great and small. For the dear God who loveth us, He made, and loveth all." Samuel T. Coleridge

Mrs. Timothy Sanchez and daughter, Mrs. Mike Bazzy, of San Antonio, flew to Winston Salem, North Carolina, lasty Saturday morning to visit Mary's mother, Mrs. Lula Smith. It was Kathy's first flight and Mary said, "She loved every minute of it." Friday, Mr. Bazzy drove to North Carolina and picked them up. On the way home they stopped in Houston to visit Mike's parents, Mr. and Mrs. Ronald Bazzy, who have recently been relocated there from San Antonio, with the State Farm Insurance.

Until next time, may all your days be good ones!

CHAMBER CHATTER

Bandera County ranchers who lease their land for hunting are reminded to go by the Chamber of Commerce office and pick up their meal tickets for their hunters. David Valdez and Joe McMullan are in charge of donations for the Hunter's Barbecue this year, so if you would like to contribute, please contact these people or mail your donation to the Chamber of Commerce, P.O. Box 171, Bandera, TX 78003.

The Bandera Chamber of Commerce Float Committee will have a sweet booth at the Hunter's Barbecue November 12. The committee needs donations of cakes, pies, and cookies. If you would like to bake something for the booth, please call Arlene Eliker, Float Committee Chairman at 796-4220 or Mary Kunz at 796-4568 after 5:00 p.m. The money made from the sweet booth will go into the float fund for maintenance and upkeep on the Chamber of Commerce float. The committee needs your help and support. They will also be giving out popcorn balls to all the little ghosts and goblins Halloween night at Stonehaven Apartments, 1005 Hackberry St. Bring your little one by for a treat.

Medina NEWS

Mrs. Orville Wier – 589-2515

Miss Karen Keese, a student at Southwest Texas Junior College in Uvalde, spent the weekend in Medina with her mother, Mrs. Stella Keese.

TO THE VOTERS OF PRECINCT NO. 3

I have been asked by a number of people if I would object to having my name written in for Commissioner of Precinct No. 3 in the General Election November 2nd.

After careful and thoughtful consideration and after talking to other people I have decided that I would be honored to have them do so.

I would like to say now that I will not actively campaign, but will be happy to answer any questions that I might be asked. It will be left up to the people, if they want to work for me and then write my name in, I will surely be glad to serve.

I made no promises before and will not make any now, but to do the job honestly and fairly.

I won the 1st primary with three people in the race and only lost the 2nd by eighteen votes.

In the General Election you can vote any way you so desire regardless of how you voted in the 1st or 2nd primary, and I also might add that the Republicans can cross party lines and vote for whomever they choose in the General Election November 2nd.

Thank you
Stella Keese

DISPLAY YOUR BRAND

As you all know by now, the ladies of the Veterans of Foreign Wars Auxiliary to Post 9176, have a great goal in mind, that is to restore our Bandera Recreation Center. The labor is being volunteered by our VFW men, VFW Auxiliary ladies and American Legion.

Up to this date much has been accomplished, many thanks to our city and all the wonderful citizens who braved the rain and attended our fund raising dance Saturday night, October 23, but we have further to go!

As you all know, a good paved road and parking lot is needed at our County Recreation Center, so we have launched a crash program!

For a small fee of $10 we will paint your personal brand on the wall of the Center. Not only will your brand be publicly displayed, but you'll also be helping build that much needed road!

Anyone who wishes to make a donation to this project even though you do not have a brand, may do so. Your donation will be gratefully received.

This program was launched Monday, October 25, with a few ranchers contacted that day and they responded 100 percent.

The brands will be painted in good taste and add to the western decor.

We are hoping to get this road project underway immediately and with everyone's response it can and will be possible.

Please contact Helen Rhodes 796-3854 or Box 565, Bandera, Texas 78003.

Thanking all of you,
Ladies VFW Auxiliary

A Message From NRA's President

On the 200th anniversary of their United States, all Americans pause to look back in time to the days our country began. On this occasion we reflect not only on the hardships of those days, but also on the great strengths of character, the high moral values, that brought our founders to victory in the birth of a great nation. The signers of the Declaration of Independence pledged to each other their "lives, and sacred honor." And while we consider the old moral codes, let us think, too, about the old rates or crime. Those founding fathers met crimes of violence with swift and stern justice. They faced violent crime squarely, not as people who feared crime, but as a people who would not tolerate crime.

Let us, today, not debate the narrow question, "should there be capital punishment?," but rather the broader question, "should justice be sure and swift?" To relieve our crime problem, we must convict the guilty. The rights of the victims must be recognized. Let me state a basic truth which must be remembered, "a society too weak to punish violent crime is doomed to an ever-increasing crime rate."

The absurd notion that we can curb crime by restricting legitimate gun ownership would have brought responses ranging from jeers to profanity from those early Americans. They would have asked, with stinging realism, "Who do you think you're fooling?" They would have dismissed such nonsense faster than you could dump tea in Boston harbor.

Modern Americans who are the realistic intellectual descendants of those early patriots, regardless of their own race, creed or ancestry, likewise refuse to be fooled by the anti-gun argument. Asked the clean, clear, unbiased question, "What steps do you think should be taken to reduce crime?" only 11 percent of Americans sampled in a recent major survey came up with gun control as their first recommendation. Three times as many favored more severe punishment of criminals.

The old-timers had the courage to control crime and criminals. Where did we lose that courage? Today we pamper and release and dismiss and parole, and we are up to here in crime!

We have listened to the appeasers and to "soft justice" thinking for most of the 20th Century. Our reward has been costly. Who dares walk the streets of any major American city after dark? Isn't it time to return to a way that worked? Let us demand Bicentennial Crime Control! Let us today demand that the convicted criminal be kept apart from his victims, the rest of our society! We need only insist that the "repeater" criminal be barred from us, and our homes, and our valuables.

In our Bicentennial year, we may well remember that the old values may well be good values. When you remember the worth of it all, and have the will to enforce it, then we can really cut crime, because "with no free criminals, there can be no crime."

Merrill W. Wright

THE YOUNGEST SOLDIER

Dick Jones was slightly over ten years old when the American Revolution began. Shortly afterward he enlisted in Captain James Watson's Company. Too young to carry a musket he was taught to play the fife. Taken with Captain Watson as prisoners to Newport, Rhode Island, he was matched in a fight with a British Boatswain's boy, several years older and larger. His performance won his freedom. The next day he climbed over the stockade, jumped down into the fortress and unlocked the gate, releasing Captain Watson. Dick served throughout the war with Arnold at Saratoga, with Washington at Valley Forge and shared in the victory at Yorktown. The Daughters of the American Revolution honor the youngest soldier of the War of Independence during the observance of our Nation's Bicentennial.

Card Of Thanks

We would like to express our appreciation to all our wonderful friends and relatives for their kindness during the time of loss of our loved one; for all the food prepared for us; the beautiful flowers, cards, mass offerings and gifts. Thank you ever so much and may God bless every one of you.

AMNESTY

President Ford offered draft dodgers a chance to work their way back to good citizen status. Less than 10 percent accepted the offer. The rest chose to stay in their self-imposed exile rather than admit that they ran away to avoid military service. Of those who accepted the offer, nearly half failed to fulfill their part of the bargain. Do they deserve any more consideration than that?

Governor Carter would give them a full, complete, unconditional pardon, without penalty for running out on their country in wartime.

Which position will you approve on 2 November?

Ford's or Carter's

If you smell natural gas, follow these 3 steps to safety.

The natural gas industry has one of the best safety records of any energy source in the United States.

The fact that you *can* smell natural gas is because we add a harmless chemical to it as an extra safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open.

If your equipment seems to be working properly and the odor intensifies and seems to be everywhere, please follow these precautions:

1. Do not switch anything electrical on or off. Don't use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.
2. Have everyone leave the house immediately, leaving doors open to help ventilate.
3. Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.

You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

Deer Census Completed

By Andy Briscoe

With archery hunters already enjoying the sport of deer hunting, very few people are willing to commit themselves to comment on what kind of hunting will prevail during the regular gun season. With deer census completed and several comments from landowners around this area, I hope to be able to paint some type of picture for you.

In this area, our deer census consisted of three different types. The main type of census is a two mile walking line across areas distributed over the county. This line is only walked in the late evening, about 30 minutes before sunset. This year we completed 8 of these lines for a total of 16 miles of this particular census technique. A second type of deer census consisted of driving 10 miles starting about 45 minutes before sunset, through areas which represent several types of terrain and vegetation. This year we completed 3 of these for a total of 30 miles. The third method which was used to survey our deer population is with the use of a spotlight driving line 15 miles long. We run this line about 1 hour after sunset. Two of these lines were completed in Bandera County, therefore giving us 30 more miles of deer census.

As a whole, the spotlight lines showed the heaviest population in Bandera County, which was a deer to 8.2 acres. The driving lines revealed a deer to 12.6 acres and the two mile walking lines showed a deer to 9.2 acres. With all three of these types averaged together, we estimated the average density this year to be about a deer to 9.7 acres. Other results of all three types showed a buck-doe ratio of 1 buck to 6.0 does county wide and a fawn crop of 26 percent. Overall, this shows us a 23 percent herd increment, which means our total deer herd increased in size by one fourth from last year in Bandera County. With all these figures in mind, the estimated deer herd this year is 49,092.

Comments of landowners indicate a variety of small and large antlered bucks available to hunters. The acorn crop was spotted with heavy to none being produced depending on your location in the county. Some landowners look for it to be a hard year for hunters and some have predicted an above average year.

Laws this year again protect the spike buck and antlerless deer are able to be killed if you are qualified and receive an antlerless deer permit. Qualifications, antlerless permit issuance rates, and issuance policies will probably appear in the next edition of this newspaper. The bag limit will remain the same as last year allowing a hunter to kill 3 deer, no more than 2 bucks. Please realize that this means a hunter can have a combination of 2 bucks and 1 doe, 1 buck and two does, or no bucks and three does. If you have any questions pertaining to the laws in Bandera County, please call the Parks and Wildlife Office in Kerrville (phone 257-7611) or contact your local game warden, Emil Krejci (phone 796-4132).

Ages and antler measurements will again be taken this year during the hunting season from deer which are brought into locker plants. This is to determine the condition of the deer herd and what type of management practices might improve the deer herd conditions.

Your help and interest in proper wildlife management is greatly appreciated.

Dear Householder:

Statistics show that less people are buying new homes and more people are making improvements on the homes they already have.

The purpose of this letter is to acquaint you, the folks of Bandera, with our company and what we do. We have been working around the Hill Country area for about two years now, and we have good references, both personal and in business. Whether it be an addition to your home, cabinet work, wall papering, roofing, concrete work, floor coverings, or painting, no matter how small or large the job, we are sure you will be happy with our work.

Many people have told us they have trouble getting someone to do small jobs, at times even having to get someone out of San Antonio or Kerrville, but we will be glad to give you a free estimate on any job you might have in mind. So, if you are planning anything of this nature in the future or if you have a friend who is considering making improvements, please give us a call. We will greatly appreciate your business.

Free Lunch Program Survey Of Families

Superintendent of Schools, Ronald Caloss, has announced that the Bandera Independent School District is now surveying families to determine their qualification for the free lunch program.

The Bandera Independent School District could receive Federal Funds through the Nonfood Assistance Program if at least 50 percent of students in grades 9-12 are eligible for free lunches.

The Nonfood Assistance Program is designed to aid schools which participate in the National School Lunch Program in the purchase of food service equipment. If enough students qualify for free lunches, the Nonfood Assistance Program could provide up to 75 percent of the cost of kitchen equipment for the new Bandera High School. First consideration for funds will be given to those schools in which 50 percent or more of the enrollment has been approved for free or reduced price lunches.

Since the Federal Government has increased the amount a family may earn and still qualify for free and reduced price lunches, there are probably many families that now qualify.

Families are encouraged to check the forms that were sent home with their children and see if they qualify for the lunch program.

It should be noted that even if the family does qualify, their children will not be forced to accept a free lunch.

All information on these free lunch forms will be held in the strictest confidence.

"GONE WITH THE WIND"

If Jimmy Carter is elected with a Democrat Congress, the programs he espouses would cost more than a trillion dollars.

The northern ultra-liberal socialist coalition, a large part of Carter's constituency, is working fanatically for the destruction of the free enterprise system, the breakup of corporations that are the backbone of American industry, and fatal weakening of the military establishment.

What better way is there to destroy the productive power of the United States than by increasing taxes through huge inflationary programs?

The left-wing group, through Carter, piously advocate tax reform. But what they would do would take more from the producer and give it to the non-producer, piling more burdens on the backs of the middle class that could destroy them as a political force. The confiscation of your holdings through the subterfuge of taxation or inflation is nothing more than outright thievery.

By 1980, people receiving government grants will greatly outnumber the producing population, permanently disfranchising those who work for a living. Under those conditions, Bella Abzug could be elected President.

Carter's program—the platform of the Democrat Party—if implemented through the ignorance of those who are misled by his syrupy entreaties of love and compassion for the underdog and promises of pie-in-the-sky, would destroy the American way of life as we have known it.

Don't let Carter-Mondale take it away from you — —

JOHN PAUL JONES

In seventeen seventy-seven, John Paul Jones successfully attacked the British port of Whitehaven, England. In seventeen seventy-nine, aboard his flagship "Bon Homme Richard", he fought one of the bitterest sea battles in an encounter with the British fifty-gun "Serapis" in the North Sea. Lashed together much of the time, the ships pounded each other. Hand to hand combat ensued. At the height of the battle, called upon to surrender, Jones shouted, "I have not yet begun to fight." But begin he did. As the "Serapis" began to sink, its Captain struck the colors and surrendered his sword. The "Richard" badly burned and disabled was abandoned and later sunk. BAND BOOSTER NEWS

The Booster Club met on Thursday, October 21, in the Band Hall, with Mr. Ed Merris, co-president, opening the meeting. The treasurer's report was given and the minutes of the last meeting were read and approved.

A discussion was held on the football concession stand that we will be responsible for Nov. 5th, which will be our homecoming game. It was voted that we would run the concession stand as we did our first one with a cafeteria-style line. We will also have one place at the end of the stand which will sell drinks only, for people who just want something to drink. There will be a cashier at the "For Drinks Only" and also a cashier at the end of the cafeteria-style line. There will be large signs stating which is which and an entrance and exit sign. We hope we will be able to serve you better and faster. It was brought out that we needed more workers for half time and clean up time and that the stand should be open and ready for business at 7 p.m., when the gates open. We will also need four extra workers to sell our decals and to take money from those who wish to join our Band Boosters Club. We also voted to buy a one-hundred-cup coffee pot for the Booster Club's use.

It was voted to put about one-half of our money that we now have in our checking account into a savings account so it will be drawing interest, since most of the money will not be used until the end of the year.

Our Christmas Concert this year will be held on Friday, December 17, 1976, at 8 p.m. in the gym. It was voted that there would be a charge of 50¢ per person for the concert. The Fifth, Sixth, Concert, and High School Bands will be performing at this concert and we know everyone will be looking forward to it.

The high school band will be playing at the Christmas tree lighting on December 12, on the Court House lawn.

A discussion was held on the new band hall and the much needed changes which had been approved by the school board. It was brought out by Director Ron Pierce that as we see the individual school board members, we give them a personal thanks for their support of the band this year. It is really appreciated by all band students and band boosters.

The meeting adjourned and then the Concert Band played two delightful pieces for our entertainment. Students there to play for us were Michelle Adamson, Dana Alanis, Dana Beman, Katherine Blackshear, Jeanelle Clingon, Esther Galvan, Pam Kalka, Eddie Laskowski, Jeanine Lane, Mary April Lopez, Sheila Montague, Mark Mullins, Troy Padgett, Jake Short, Rose Tschirhart, Elaine Villanueva, and Lee Wright. Everyone enjoyed hearing this group of young people play. Thanks to each of you.

We wish to remind everyone about the U.I.L. Marching Contest, which will be held Saturday, November 6th in Hondo. Our band will perform at 2:30 p.m. We hope a lot of supporters will go to Hondo to cheer our band on to a one rating. These next few weeks they'll be working very hard for that "One", so please come on out and support them.

JOE GRADY TUCK HONORED

An overflow crowd turned out for a dinner held to honor District Attorney, Joe Grady Tuck, in Kerrville on Sunday, October 24. More than 350 persons from the six county 216th judicial district heard Senator John Tower pay tribute to the incumbent District Attorney. On hand for the affair were residents from Gillespie, Kendall, Bandera, Kerr, Sutton and Kimble counties.

United States Senator, John Tower was the main speaker, urging the crowd to re-elect Tuck for another four year term. Tower stated that law and order was the primary concern of voters he has talked with, around the country. "Law enforcement is best maintained at the local level. Responsible conservative officials such as Joe Grady Tuck, must be kept in office, if we are to win the fight against crime," Tower noted.

Entertainment for the event was provided by the Querecho family of Kerrville, the Feller Family Singers of Harper, and Russ Cox with Vicki and Valerie Phillips of Fredericksburg.

Pol. Adv. Paid for by Spencer Brown

Can we afford four more years without effective leadership?

There is a critical decision to be made on November 2nd. It goes far beyond the question of which Presidential candidate can govern with integrity and honesty. We must determine which candidate has the ability and strength to lead our country out of economic chaos, and the vision to see that all Americans—not just the powerful and influential—have a better future.

During the past two years, the middle class has paid far too dear a price for a President lacking that ability.

Since Gerald Ford took office, the unemployment rate has risen 50%, from 5.5% or 5 million people, to 7.9% or 7-1/2 million jobless Americans.

Today's inflation rate of 6% is higher than it was at any time between the Korean War and the inauguration of Richard Nixon.

The 1968 food dollar is now worth 57¢.

Mr. Ford's budget will account for the largest single deficit and more than 1/3 of the public debt incurred during our entire 200-year history.

Real GNP has actually declined during each of Gerald Ford's two years in office.

And who is most affected by these distressing statistics? Not the Washington establishment, or the economic elite courted by the Republicans. The burden falls on the person who can least afford it: the average American.

Jimmy Carter means to change all that. As President, he will make government responsive to your needs.

Tax Reform: "The average family in this country actually pays a higher proportion of their income in taxes than the average family that makes more than a million dollars a year. That's disgraceful. We need to move toward a truly progressive and simplified tax system, with reduced tax rates for the average American."

Economy: "We'll never have a balanced budget nor an end to the inflationary problems as long as we have 7-1/2 million people out of work. Employment needs to be the major thrust of the whole domestic policy of our government."

Efficiency in Government: "We now have in the federal government the most bloated, confused, wasteful bureaucracy ever created. There's no way to get an answer out of Washington and no way to understand what's going on there. We need to reorganize completely the executive branch of government, making it fair, efficient, effective, and responsive to our people's needs."

Housing: "No government that cared about our neighborhoods would stack the tax deck against them. A landlord can let a building run down and make a good living on tax breaks. But when a home owner spends a little hard-earned money fixing up his home, the assessor raises his taxes. And the FHA no longer cares about families getting started in their own homes. I intend to restore the FHA to the time when, for a down payment, a family could get a mortgage which the government would insure."

Health Care: "We need a nationwide health care delivery system which will make adequate health care a right for all people."

Jimmy Carter has the strength to take charge of our government. If you are tired of paying the high price of Republican ineffectiveness, you have only one choice on November 2nd, and that choice is for change.

Vote for JIMMY CARTER. A leader, for a change.

Don't Be Deceived By Carter and Mondale

Mondale says Carter and the Democrats trust us. Here's how.

They want to take away our guns, raise our taxes, abolish the tax deduction for mortgage interest in the name of tax reform, increase government controls and run our lives from Washington. We don't need any more of that kind of trust.

Gold Star Awards

The coveted Gold Star Award, highest recognition of 4-H Achievement at the County level, was presented to Nancy Tschirhart of Lakehills and Preston Jennings of Pipe Creek, at the District 13 awards luncheon in Uvalde on October 30th. A total of 37 outstanding area club members received Gold Star awards at this event held at the Uvalde Civic Center. The meal was sponsored by the Central Power & Light Company of Uvalde.

The Honorable Susan McBee, State Representative from Del Rio, presented the awards.

Nancy and Preston were named Gold Star Winners on the basis of personal development, leadership, outstanding achievement in projects as well as contributions made to the over all county 4-H program.

"The Clovers" a musical group made up of Dimmit County 4-H'ers entertained during the luncheon.

Others attending were Mr. and Mrs. Stanley Tschirhart, parents of Nancy; Mrs. Tony Jennings, mother of Preston; Mr. and Mrs. Werner Lindig and Peggy Edwards.

Health Screening Clinic Rescheduled

The Health Screening Clinic which was to have been held here in October, but was rescheduled, will be held here on November 15 from 1 p.m. to 6 p.m. at the Bandera Recreation Center.

The clinic is being sponsored by the Registered Nurses and Licensed Vocational Nurses of the Texas Department of Health Resourses, Region 9.

This free clinic will provide screening for anemias, diabetes, malnutrition, obesity, skin disorders, hypertension, vision and hearing for age groups twenty-one (21) and over. The screening clinic is designed to identify health problems, not to diagnose.

Bloodmobile To Visit Medina

The Red Cross Bloodmobile will be at the Methodist Church in Medina on Monday, November 15, from noon until 6 p.m. The Medina Rotary Club, assisted by the high school students, are sponsoring this visit according to Floyd Mayfield, who is Rotarian Chairman for this visit.

This will be the last visit to Medina until late Fall 1977. It is planned to have another visit to Bandera during the spring, according to John Whittleman, who is the volunteer chairman for the Hill Country Bloodmobile. Whittleman added that it is not practical to try and have over 2 visits per year to Bandera County, one being at Medina and the other at Bandera. Since it is not likely that the normal goal of 180 units of blood can be donated in two visits, it has been decided to reduce the quota for the County to 120, or 60 units per visit.

The 120 unit goal will be acceptable by the Regional Blood Center in Waco as adequate to give every person in Bandera County full blood coverage. Persons using blood in hospitals other than Sid Peterson should contact Floyd Mayfield in Medina, Mrs. G.M. Merritt in Bandera, or John Whittleman at 1902 Danielle in Kerrville, for a form which will advise the hospital that the blood used will be replaced if they will accept it.

During the Holiday Season and during the hunting season quite frequently an abnormal amount of blood is used and those who can give are urged to do so knowing that someone will be a little closer to living due to their generous gift.

Beef Cattle Field Day

There will be a Beef Cattle Field Day on Wednesday, November 10, at 1:30 p.m., at the Bandera Recreation Center.

A good program has been planned. Dr. Leroy Hoerman will show some slides on pregnancy testing of cattle to start the program. Then we will go to the Raymond Hicks ranch to palpate some cows to determine pregnancy. Some classes of cattle will also be judged.

At 7:30 p.m. at the Recreation Center, the program will consist of Dr. J.W. Stewart, District 13 Entomologist, who will talk on internal and external parasites, their control, and how they affect cattle. Dr. James M. Armstrong will talk on cattle diseases and the latest Brucellosis developments. Mr. Dorian David will speak on beef cattle nutrition.

If you can't make both meetings, make one.

Homecoming Scheduled

By Kevin Riley

Rain poured down as a stiff north wind blew during the entire game Thursday night. Bandera had too many turnovers, which led to Smithson Valley running away with the game early. The final score was 37-0.

Bandera's offense could not maintain a scoring drive due to the extremely bad weather. Ralph Lemus made a lot of super run-backs on kick-offs during the game. The Bulldog defense did not really play that bad a game considering the score. David Welch, Gene Morris, Daniel Jureczki, and George Fernandez each recovered a Ranger fumble.

The weather was so miserable that the stands were almost empty. This was Smithson Valley's Homecoming game and it was a total flop due to the weather.

This Friday night Bandera will burn the Cole Cougars in Bandera at 8:00 p.m. This is Bandera's Homecoming game, so everyone turn out and cheer the guys on.

REMEMBER THE CHEST X-RAY VISIT TODAY

The Mobile Chest X-Ray Unit of the American Lung Association, Alamo Area, will be in Bandera today, November 5, and is located at the Post Office parking lot from 11:00 a.m. to 1:00 p.m. and from 2 p.m. to 6 p.m.

The local association offers special thanks to Town and Country Cleaners for donating the electricity for the Unit's operation while here.

Annual Hunters' Supper

It takes a lot of help to put on a feed like the 13th Annual Hunter's Supper. Pictured are three workers preparing for this year's event.

Committee in charge of donation collections locally are Joe McMullan, "Duts" Ryan, and David Valdez.

Another group not recognized in the past, are the bean cookers who will clean and prepare 130 pounds of pinto beans. The Chamber of Commerce can only express its gratitude by recognizing you and saying Thank You for your service towards making this another successful Hunter's Supper.

Bean cookers will be Trina Sandidge, Linnie Sandidge, Mary Ann Sandidge, Cindy McMullan, Mary Anderwald, Alice Hoencke, Othel Ryan, Mayan Ranch, Mitzi Bradford, Bobby Jo Henry, Maverick Restaurant, Meleese Rugh, Anna Laura Vaughn, Maple Cowan, Dorothy Jones, Nancy Nightingale.

Contributors towards the Hunter's Supper this week include Circle J Ranch, $15; Peach Tree Ranch, $40; J.F. Langford, $10; B.F. Evans, $10; R.E. Adams, $10; Triple Oaks Store No. 2, $25; Eva L. Garrett, $9; Circle R Guest Ranch, $20; H.S. Kerr, $15; Community Savings and Loan, $50; J.O. Evans, $12; Diamond "T" Trading Post, $15; Petersen's Fresh Fruit and Vegetable Market, 60 pounds of onions. Thanks also to Bandera Electric Cooperative for hanging the Hunter's Supper Banner on Hwy. 16 downtown.

Workers for Friday night are reminded to be prepared to pick up your meal ticket and name tag at the front door no later than 5:00 p.m.

Medina Bobcats Win 40 To 6

The Medina Bobcats showed surprising strength and versatility in their win over the La Pryor Bulldogs Friday night at Medina with a score of 40-6. It was the seventh win of the season for the Bobcats. Only Leakey has posted a win to otherwise mar a perfect season for Medina's team.

The cold evening did little to cool the enthusiasm of those venturing forth as they watched the Bobcats take command from the initial kickoff. It was the fourth quarter before the Bulldogs could reach their 35 yard line.

Medina's scores came on running drives from quarterback Glenn Davis to backs John Fuller and Johnny Adams. Jay Wicker caught a pass for a touchdown. The penetrating and persistent running attack of Medina's backs combined with the overpowering drive of the offensive line kept the Bulldogs on the defensive most of the evening.

On November 5, Coach Britt's Bobcats face Center Point in Medina's Homecoming, which should prove to be an interesting game. It is hoped the weather will favor a large turnout to cheer the Bobcats on to another victory. You all come and support the future district champs!

Purple Hills Tidings
By Ida

Thanks to the nice people of the Medina First Baptist Church for the service Sunday afternoon. Rev. Larry Louks brought the message and Mrs. A.J. Flowers played the piano. Those joining in the singing were Mrs. Johnny Johnson and son, Johnny, Mr. and Mrs. H.H. Hamrick, Mrs. Minnie Hayes, Mrs. George Fee, Mrs. Larry Louks and daughters, Tracy and Beth. Tracy and Beth played the piano and sang for us. We hope these nice young ladies come again soon. Also singing with us were Mrs. Nora Thallman, Mrs. Carra Standard and daughters, Elizabeth, Lora, Janice, Marcie, Mrs. G. Wendt, Larry Adams and daughter, Linda, and Maude Stokes.

We have enjoyed visiting with our friend, Mrs. Margaret Salsgiver Compton of Cisco, the last several days. She has been visiting her sister, Mrs. Julia McDaniel, who is a member of our nursing staff. Margaret was for several years a member also.

Mrs. Myrtle Lewis' guests were Rev. J.D. Jones, Ethel Lewis, Mr. and Mrs. Olan Buck and Mrs. Paul Lico.

Mrs. Hester Hay enjoyed Sunday with Mr. and Mrs. Johnny James and daughter, Minneana, who was home for the weekend from Texas A&M.

It was nice having Minneana James home for the weekend. She always visits her friends here and brings them flowers. She is a student at Texas A & M University at College Station.

My heart was touched by the following birthday message that I received from our dear Alice Mellis: "Birthday Joy - If instead of a gem, or even a flower, we would cast the gift of a lovely thought into the heart of a friend, that would be giving as angels give." And Dearest Ida that is just what you do. God bless you! -A.E.M.

The Spanish Oak

By Steve Nelle, SCS

The Spanish Oak, also known as Texas Oak and Red Oak, grows as a shrub or small tree in the dry upland limestone soils of Central Texas. The leaves, which turn red in autumn, are mostly 2 to 5 inches long and have 3 to 7 lobes. Each lobe has several pointed tips.

The acorns take two years to mature, making them an important deer and turkey food in years when Liveoaks make a poor acorn crop. The leaves and twigs of Spanish Oak are a very important deer food and are readily eaten by goats and cattle also.

Spanish Oak is widespread in Bandera County, especially in the poorer soils of the hillsides and hilltops. It is commonly used as an ornamental tree in yards and urban areas.

Wet Weather For Wildlife Field Day

Over a hundred people braved the wet weather to attend the Annual Range and Wildlife Field Day Saturday, October 23rd.

The Field Day, held on Harry Jersig's Auerhahn Ranch northeast of Pipe Creek, was sponsored by the Bandera Extension Service and the Bandera Soil and Water Conservation District.

The Field Day was started by Millard Schuchart and Harvey Faris of the Soil Conservation Service at Bandera. Mr. Jersig gave a brief history of the ranch, then everyone was taken on tour to see the game and range management practices on the ranch.

Everyone enjoyed the noon meal of barbecued brisket, prepared by county agent Werner Lindig and Steve Nelle of the SCS.

After lunch, Vernon Porter, SWCD secretary, presented conservation plaques to the following: Tony Jennings - Distinguished Service to the SWCD; Willie Schmidt - Comeback Farmer of the Year; Archie Gallant - Wildlife Conservation; and Lester Schockner - Absentee Farmer. Hugo Bausch, who earned the Outstanding Conservation Award, was not present.

Werner Lindig then introduced the speakers: Milo Shult, Biologist with the Extension Service from Uvalde gave a talk on exotic game management. Andy Briscoe, Biologist with the Parks and Wildlife Department from Kerrville, discussed census methods and whitetail deer management. David Synatske, Parks and Wildlife Biologist from Rocksprings, discussed turkey census and management. It was a very good program on a beautiful ranch.

Bill Taylor Dies After Heart Attack

Many friends and relatives in this area learned with sorrow of the death of Elmer (Bill) Taylor, who died on October 26th in a San Antonio hospital following a heart attack he suffered on Oct. 24, 1976.

Mr. Taylor was a resident of San Antonio, though he had farming interests in Devine. He was also a heavy equipment mechanic.

He was born July 30, 1916 in Camp Verde, Texas, the son of J.E. Taylor and Fannie Dean Taylor. In June, 1949, he was happily married to Vesta Dawson in San Antonio. He was well known and highly esteemed by many people in this area.

Mr. Taylor was a member of the Baptist Church.

Funeral services were held at Mission Burial Chapel in San Antonio and he was taken overland to Kyote, Texas, where he was laid to rest in the cemetery there near Devine.

Only A Matter Of Time And Help

Hi! Here we are again, the VFW Auxiliary, camping on your door step, phoning, working, hoping and praying we can raise $800 more for our Bandera County Recreation Center paved road and parking lot. Honestly! We cannot believe ourselves we've raised all but an $800 balance. Thanks to all who have submitted their pledge and have given a donation. This proves Bandera County has a majority of wonderful, county-minded citizens. So, in order to have the full amount within 15 days to reach this goal we will continue to work tirelessly! All of you who have made a pledge please help us by submitting as soon as possible.

Ranchers! We will paint your personal brand on the Center wall for a $10 donation. Please make check to "V.F.W. Auxiliary" and enclose a picture of your brand.

Businessmen and Citizens! Any cash donation will be gratefully received as this is a county wide community project ranther than being confined to one organization.

Weather permitting, this paved road will be there for you by the Hunter's Annual Barbecue.

Please contact Ginny Heitz, phone 796-4671; Lois Bailey, 796-4590, or Helen Rhodes, 796-3854 or write Box 563, Bandera, Texas 78003. We are listening for your calls and watching the mail!

FLAG FOOTBALL
By Tammy Petty

Saturday, the 7th and 8th graders battled it out at the flag football game sponsored by the Quarterback Club.

A large crowd watched the Blue Dolphins beat the Colts 6 to 0 in the 7th grade game and in the exciting 8th grade game the Cowboys were victorious over the Oilers 12 to 8.

Congratulations to the winning teams!

HOMECOMING '76
By Tammy Richardson

Homecoming is once more at B.H.S. Bandera will take on the Cole Cougars Friday night at Bulldog Stadium. Also, Mr. and Miss B.H.S. will be announced.

Following the game, the Student Council is sponsoring a dance at the Bandera Ranch Store, with disc jockey Trigger Black as entertainment until 1:00. Everyone come and back the Bulldogs'.

BANDERA WINS!
By Kevin Riley

Friday night Bandera's Freshman and J.V. played Smithson Valley Rangers. It was a new experience for the boys to play on a Friday. The Freshman lost 0-6, while the J.V. won 8-0.

Scott Macune made the first big play for the Freshman when he intercepted a Ranger pass on the 50 yd. line. Tim Eden covered a Ranger fumble in the second quarter to give the team another chance. Alan Buxkemper intercepted another Ranger pass late in the fourth quarter giving the Bulldogs their last chance to score. The Freshman offense could not start a drive after all the Ranger's turnovers and were left behind 0-6.

Jerry Word was the big player in the J.V. victory over the Smithson Valley Rangers. He scored the only touchdown of the contest on an 85 yard jaunt into the end zone. Mike Miller carried over the conversion to make the score 8-0 with Bandera on top. The J.V. defense played a great game in the mud and cold. Jerry Word, Larry Carnes, Mike Galland, and Pat Wright recovered Ranger fumbles to put the game away. It was a good total team effort for the J.V. as they won 8-0.

Thursday night the two teams travel to Cole in San Antonio to burn Cole on their home field, so do not miss these exciting games.

SPOOKS AND GOBLINS RALLY BULLDOGS!
By Clare Jo Short

Witches and warlocks cheered the Bulldogs on at last Thursday's pep rally. The gym was full of excitement and the Bulldogs were ready to travel to New Braunfels to play the Smithson Valley Rangers.

The "spirits" were in the air as the cheerleaders and twirlers performed.

This week is our Homecoming game with Cole, so everyone get ready to cheer the Bulldogs on to VICTORY!

BONFIRE, GAME AND DANCE
By Krista Connors

Flames will be roaring, and sparks will be flying at the Homecoming bonfire, Thursday, November 4. The location for the bonfire is the new school site, and the time is 7:00 p.m. Students wishing to show their spirit should come to the bonfire and support their team.

Bandera will be playing against Cole High School here on Friday at 8:00 p.m. The fighting Bulldog Band will perform their U.I.L. Marching Contest show before the game.

The crowning of the new Mr. and Miss B.H.S. will be held at half-time. Sixteen candidates from the freshmen, sophomore, junior, and senior classes will be waiting while Mr. Roger Stevens, the school board president, crowns the winning couple.

After the game 'til 1:00 a.m., a dance sponsored by the Student Council will be held at the Bandera Ranch Store. Trigger Black, the disc jockey from KTFM, will play disco, rock, and western music. He will also play any requests which you may have.

If you want to have an enjoyable weekend, start it off right by going to Bandera's homecoming bonfire, game, and dance. Your support will be greatly appreciated.

From beautiful Lakehills comes the thought for the week: "Some people think a sermon is too long so they substitute a hundred column newspaper."

SOCIAL ACTIVITIES

Gala Birthday Party

It was a swinger for the Libras at Adolph's Tuesday evening. More than seventy Libras gathered for a mass birthday celebration. Dancing and refreshments were enjoyed.

Open House

Beginning at four in the afternoon, Dr. Mary L. Baker, Ms. Edwina Adami and Mrs. Madlyn Mitchell greeted their guests graciously and warmly. The two hundred twenty-three guests from Lakehills, Bandera, Center Point, Pipe Creek, San Antonio, Converse, Bonke, La., Layton, Utah, Universal City, New Braunfels and Seguin had their choice of sparkling champagne or beer. A table covered with a white cloth was laden with finger food. Mr. Chris Stark from San Antonio, who is one of the few true German accordianists, provided the dance music which was beautiful. Mr. Stark played to all age groups. There was no sitting out a dance when he began to play. This open house was one of the loveliest social affairs of the year in Lakehills. The decorations were in Halloween motif and Arthur Lich served the beer.

Scorpios To Have Their Day

The management of the Avalon will host all Scorpios and their friends with a dance on Saturday evening at the Avalon Cafe. Refreshments will be served. The live music for dancing will be the courtesy of Mr. and Mrs. John Clark.

Era Visits in Austin

Mrs. Era Wilkinson visited Mrs. Alice Mosier and Mrs. Kate Matlock this past weekend in Austin while her daughter, Mrs. June Settlemeyer from Jefferson High School in San Antonio, attended the Conference for the Advancement of Mathematics Teaching at the Driscoll Hotel.

A Wonderful Seventieth

Birthdays come and go. One that will always be fondly remembered — her 70th. It was a week long celebration. It began at the Country Shopper annual picnic in Bandera on Oct. 24. On the 28th, friends hosted a party in San Antonio. Saturday night, Oct. 30th, friends surprised her with a late supper party in her home. Sunday the 31st, found a flower arrangement of white daisies and glads, created by Charlotte's, at the Methodist Church in Lakehills in her honor. They were the courtesy of her niece, Mrs. Jean Baker, of Austin. There was a birthday party after church, where coffee and donuts were served. This was also the courtesy of Mrs. Baker. The grand finale came on November 3, (her birthday) when Miss Lois Clark hosted a luncheon in her home in San Antonio for the birthday lady. Guests were her former colleagues from Harlandale High School. You guessed it. It was H.T.'s birthday!

Leon And Dorothy To Celebrate

Mr. and Mrs. Leon Hauck will host a happy wedding anniversary (1 year) party at the Hawk's Nest tomorrow evening. Everyone is invited. There will be dancing and refreshments.

Tammy Has A Guest

Miss Nancy Amberson of Bandera, was the weekend guest of Tammy Laskowski.

Claudia Has Guests

Recent guests of Mrs. Claudia Mathis were Mr. and Mrs. T.T. Meeks and Mrs. Stanley Fulcher of San Antonio.

A Surprise For Nancy

Threesome Visit Lakehills

Marg and Steve Stephens and Elaine Fritsche from San Antonio were weekend visitors in Lakehills.

Halloween Party

Fifty children attended the Halloween party at St. Victor's Sunday evening. The party was sponsored by the Altar Society.

Happy Anniversaries

Mr. and Mrs. Bob Malone will celebrate their wedding anniversary on Nov. 4. The Malones were married Nov. 4, 1967, in a formal ceremony at St. Victor's. Mr. and Mrs. Charles Mazurek, who are Mrs. Malone's parents, will observe their wedding anniversary on Nov. 6. They were married in a formal ceremony November 6, 1929, at St. Stanislaus Church in Bandera.

Monthly Meeting

The Legionnaires and the Ladies Auxiliary of Lakehills met in joint session Oct. 28. Ruth Tschirhart, president of the Ladies Auxiliary, and Commander Travis Latham presided jointly. Thank you letters from Barbara Faurie and the Director of the Veterans Hospital in Kerrville were read. Plans were finalized for the gift shop which the Lakehills Post will help maintain at the Veterans Hospital on Dec 8. The Post provides gifts, wrappings and postage. These gifts and services are free to the veterans. Other Legion Posts will join Lakehills in this project. Also, plans were discussed for the third annual Christmas Eve Dinner which the Legion will host on Christmas Eve at the Legion Home.

BETTERMENT ASSOCIATION ACTIVITIES

Club Mexicali

Tomorrow! Nov. 6, 1976! A treat awaits you at the Civic Center. See — The Exotic Pat Delleney Dancers; Jo Faye Zimmerman; Helen Ahr; Lila LaGrange; Gloria - Wayne - Sallie Gustafsen; The Drury Dancers; Valerie Pickett; Carie Sue Oehler, Debbie Shepard; Karen Rodgers, and hopefully, a mystery act. Something for everyone, from show tunes and ballads to country western. Show time is 8 p.m. and serving line for gourmet Mexican food opens at 5:30 p.m. and will continue until 8 p.m. (See our ad, this page, for full details).

Halloween Ball

The Halloween Ball was a riot. It will go down in the history of Lakehills as un unforgetable night. Guests were ushered into the noisy little black room containing Count Dracula (Cliff Waterman), Baron Frankenstein (Sammie Brown), and the Hunchback of Notre Dame (David Mauer). The fatal black widow spider crouching in her glittering web on stage kept her evil eye on all proceedings of the evening. The costumes were sensational and we thank everyone for joining in "the spirit of the season". Uncle Willie Leibold won first prize for best costume and Roland Ramirez, second. It was the concensus of opinion that Raggedy Ann and Andy (the Joe Talks) were truly living dolls.

A Tribute —

We feel a tremendous debt to our Decorations Chairman, Ann Jack, for spending such a lot of time, effort and talent in designing and having a hand in making all the props. We think she's the greatest! We really appreciate her first-class assistant, Margaret Talk, too.

All sorts of planning and hard work have been going on all week. The performers in the floor show had a rehearsal Saturday. A crew of Bob and Tom Moore, Charlie Purdy, Bob Travis, Gus Gustafsen and Howard and Cindy Jack transported Panchita Thomson's beautiful piano to the Civic Center for use in the show. Our appreciation to Panchita for the loan of this piano is boundless.

Mexican Dinner

Lola Heisler, Director in charge of the Mexican dinner, called a meeting Friday to finalize food plans. Adren Heisler will be in charge of chili and beans and Elinor Laue will be in charge of enchiladas. Polly Larsen, Florence McMahon and Elinor Laue are the purchasing committee for this event.

Work

Joe Talk and Howard Jack have spent two days taking down the temporary lights in the Center and installing the wire in the ceiling with the beautiful new floodlights. Set-up and clean-up committee for the dance were Bob Larsen, Gus Gustafsen, Bob Travis, Charlie Purdy and Del Wood.

Following the business meeting, a very informative and interesting program was presented by County Agent Werner Lindig on Gun Safety. He had a demonstration followed by the presentation of a film furnished by the National Rifle Association. The program was well received by all present.

Several games were then enjoyed by the group led by Rose Tschirhart. Refreshments were served by Mrs. Jackie Blakemore and Mrs. Pat Spoonmore. Twenty-one members and ten adults attended this most interesting meeting.

Nov. 24, 1976, is the scheduled date for our next meeting.

Social Security News

Beginning in January 1977, a person who goes to the hospital under Medicare will be responsible for the first $124 of his hospital bill. The present deductible of $104 will remain in effect for Medicare hospital admissions during the rest of 1976.

In announcing the new $124 deductible, James B. Cardwell, Commissioner of Social Security, noted that the law requires an annual review of hospital costs under Medicare and an adjustment of the portion of the bill for which a Medicare beneficiary is responsible, or these costs have risen substantially. The law provides a formula for determining the amount of any adjustment in the deductible amount.

Commissioner Cardwell said the increase in the deductible results from continuing increases in hospital costs. He pointed out that hospital costs have been increasing over twice as fast as the overall cost-of-living and said that these inflationary increases in hospital costs are largely responsible for the 19 percent increase in the inpatient hospital deductible.

The hospital deductible amount, Commissioner Cardwell explained, is intended to make the Medicare beneficiary responsible for expenses approximately equal to the average cost of one day of hospital care. At the present time the average hospital stay under Medicare costs about $1,600.

Mr. Cardwell said that when the hospital deductible amount changes, the law requires comparable changes in the dollar amounts that a Medicare beneficiary pays toward a hospital stay of more than 60 days, or a posthospital extended care stay of more than 20 days.

When a Medicare beneficiary has a hospital stay of more than 60 days, he will pay $31 a day for the 61st through the 90th day, up from the present $26 per day.

Should a beneficiary wish to draw on his "lifetime reserve" days, the extra 60 hospital days a beneficiary can use when he needs more than 90 days of hospital care in a benefit period, he will pay $62 for each reserve day used, instead of the present $52 per day.

If he has a posthospital stay of over 20 days in a skilled nursing facility, he will pay $15.50 per day toward the cost of the 21st day through the 100th day, up from the present $13 per day.

About 24.7 million persons are covered by hospital insurance under Medicare in 1976 and this number will increase to 25.3 million persons in 1977. The cost of Medicare hospital insurance is expected in increase from $13.6 billion in 1976 to $16.1 billion in 1977.

PCVFD HAS SUCCESSFUL BARBECUE

Last Friday morning our hopes for a successful barbecue were as cold and soggy as the weather. Then Providence gave us two days that were beautiful as only two beautiful days in October can be. The sun was as bright as the smile of a pretty girl and our barbecue was a success. We netted about $1200, maybe more.

We like to think of it as a success in other ways for other reasons. Some of them are: the people who took the time and trouble to come by with cakes, cash and other donations even though they could not eat with us, the joining together in a cohesive team effort of all members of the department and the auxiliary, the good manners and conduct of our guests, and the warm, friendly support of Pipe Creek and sister communities.

Our bookkeeping tells us that any private enterprise paying minimum labor costs would go broke on these barbecues. All of our labor is donated. Those pleasant ladies who served food standing on a concrete floor for two days, also mixed 200 pounds of potato salad, made iced tea and coffee, did clean-up work before and after, sewed, knitted and all sorts of things making items to sell, and performed many other necessary chores. All of this is done out of sheer dedication.

Too many people worked too many hours to attempt to name them here at the risk of leaving out someone who should head the list. You know who you were and we know who you were. There is one person, however, I think the department and community should thank. He is our constable, Milton Lewis, whose tasks of directing traffic and keeping order are just a small part of his effort in department activities.

As the weather grows colder, stoves and fireplaces will be fired up and chimneys will begin to smoke. Some will flame and that's what has us concerned. Clean out your chimney and devise and practice a fire escape plan, please.

Bob Turner

HIGH DAY

High Day at our church Sunday was very successful. Many people attended and all felt that indeed it was a good fellowship day as well as instructive day in the version of the Scriptures received and admonished by our pastor, Rev. Hilburn.

The choir was in good form and songs chosen for audience participation were those in which even the children were familiar.

Now that the election is over we can see that Georgia has legalized bingo; California has done away with the right to work law, and Texas has endorsed Mr. Carter, so we should fare pretty well politically for the next four years.

Visitors of Mr. and Mrs. J.W. Edwards Sunday were W.E. Edwards of Gonzales, Mr. and Mrs. W.R. Bowie and Royce of San Antonio, and many of the immediate family members of Pipe Creek.

HERE COME THE PENTECOSTALS

I am so glad to get to write you.

You have possibly wondered why I write you, well, Jesus said in Acts 1:8 that, after you receive the Holy Spirit, you shall be witnesses for Him and, once you receive the Holy Spirit, you will have a strong, burning desire, to tell everyone what you have found. Anytime anyone has something good happen to him, he wants to tell his friends about it.

Also, many of you know that it is your faith or belief in the Son that saves us (Jn. 3:16, Rm. 5:1-10, 1 Jn. 5:1, Rm. 10:9-13, Eph. 2:9-11), but as Jesus said you must be born of the water and the Spirit (Jn. 3:5). You must believe and be baptized to be saved (Mark 16:16).

When God saved the Jews from Egypt by what Moses did, He didn't save them so they could live and act anyway they wanted to. He saved them to be His people. He handed down the Ten Commandments for them to follow. When God created man He was pleased with what He had done (Gen. 1:31). We are still for God's pleasure even today (Rev. 4:11). God is pleased by those people who love Him and live the way He wants them to live (Heb. 11:6, 1 Jn. 4:19, 1 Jn. 5:3, Jn. 14:21 & 22, Jn. 8:29-32, Rm. 15:3, Rm. 8:8, Gal. 1:10-12, 1 Peter 3:12, 1 Jn. 3:22).

As God had commandments in the past for His people He has commandments for us today (1 Jn. 3:22, 1 Jn. 2:3-6, Mt. 5:18-20). God doesn't save a person to live the same way he has lived all His past life. When you are buried in baptism, your old self should be crucified and killed out, so that you rise out of the water a new person, reborn; A brand new start on life (Rm. 6:3-6, 2 Cor. 5:17). Now with this new life you should live to God not to the sins of the world (Rm. 6:7-23). Living to sin brings only death, but living to God brings evidence of your new life in holiness and life everlasting. The Holy Spirit is God's gift to you for the power or strength to overcome the world and its sins (1 Jn. 4:4, Rm. 8:2, 1 Jn. 3:9, Gal. 5:16, 2 Peter 1:4, 1 Jn. 2:15-17). As Steve Fender preached, a couple of Sundays ago, "If what you want is something to live like you have lived all your life, you don't need the Holy Spirit."

It is true, when we are saved by the Grace or love of God, we are free from the law or God's commandments for salvation, but this does not mean we shouldn't do what God commands. We are free from the law because we should now do things God wants, not because we have to, but because we love Him and want to do them (Jn. 14:21, 1 Jn. 5:3, Rm. 3:31, Rm. 7:4). Jesus, as He said, didn't come to end or do away with the law, but to complete or fulfill it (Mt. 5:17-18).

So, if you have already been saved, you should ask as the men, who heard Peter's first sermon, asked, what shall we do? (Acts 2:37). You should, as they did, change from your old ways of living or repent and be baptized, which comes from a Greek word which means to be submerged, in the name or Jesus Christ, every one of you. You shall receive the Holy Spirit because it is a promise from God, who is always faithful to His promises (Heb. 10:23), to all people (Acts 2:38-39).

These are the keys to the kingdom of heaven which Jesus gave to Peter (Mt. 16:17-19) who was to pass them on to the people who want to hear them.

Receiving God's Holy Spirit is so wonderful. You not only receive an indescribable joy and happiness but a wonderful calmness and peace with God and the world (Rm. 14:17). That is the truth, not only by Biblical scripture, but also personal experience.

I hope you will visit Steve Fender at the church in San Antonio. I know you will be pleasantly surprised by him and the message that he will bring you.

There is so much more that I'd like to teach you all. There is so much more of the Bible that can show, that what Peter said in Acts 2:38, was correct and to be followed exactly and that it is still valid today. Like, did you know that repentance is a symbol of dying like Jesus died for us that that being baptized is symbolic of being buried as He was buried under ground, except we use water because water was what saved Noah and his family in God's first cleansing of the earth (1 Peter 3:20-21). The receiving of the Holy Spirit is symbolic of Jesus' being raised from the dead to a new life (Rm. 6:4-5). So, we should suffer a spiritual death, and go through a spiritual burial and then live a very real and evident spiritual life (Rm. 7:6-14).

Peter said, in Acts 2:38, to be baptized in the name of Jesus Christ. This is very important. Peter said (Acts 4:12) there is salvation in no other name and Paul said to be baptized into Jesus Christ (Rm. 6:3). Paul also said that whatever you do, do it all in the name of the Lord Jesus (Col. 3:17) and being baptized is something you do. All through the Book of Acts there are recorded instances that people of the early church were baptized in the name of the Lord Jesus Christ (Acts 2:38-39, 41-42, 8:12, 16, 10:48, 19:5, 22:16).

There is only one God (Eph. 4:6, 1 Tim. 2:5, James 2:19, 1 Cor. 8:5-7) The Father, Son, and Holy Spirit make up that God. That is why when Jesus said to be baptized in the name of the Father, Son, and Holy Spirit, He meant to use, Lord Jesus Christ. You'll notice He said name which is singular and not names. The different manifestations of God all make up the one God or else you believe in three Gods which would be against the scriptures of God. Father, Son, Holy Spirit are only titles, not names. There is no power in titles, but there is in a name. The Son said He came in His Father's name (Jn. 5:43) and the Son's name was Jesus (Matt 1:21, 25) and the Son said the Holy Spirit would come in His name (Jn. 14:26).

Isn't all of that great. God's word really is simple and so great to study and learn. And, the more you learn the better it gets. You begin to understand so much.

Any of you, who would like to help publish these letters, I can sure use your help. Send your letters and any donation you'd like to make to, "letters", 1504 E. 51st Street, Austin, Texas. I will be glad to answer any specific questions you might have.

I hope you will take the time to visit the church, Life Temple, in San Antonio at 806 Ridgewood which is two blocks from the corner of Hildebrand and Blanco. Service is at 10 a.m., Sunday morning. Call 734-0330 for any information.

Ride with a friend and split the gas.
You'll enjoy the ride.

Mrs. Stevens and her son continue to reside at Bandera.

Visits Gallagher Ranch

The November meeting of the Fine Arts Club was well attended Tuesday when thirty-five members and guests gathered to spend a day together. They first visited Polly's Chapel, , where a short business session was held with the leader, Mrs. Lane Langford, giving a resume of the Chapel. The group also visited historic Privilege Creek Cemetery where members of the Policarpo Rodriguez family rest.

From the Privilege Creek community the group went on to the famous Gallagher Dude Ranch. There they enjoyed their sack lunches after which Mrs. V.H. McNutt, their hostess, took them on a tour of the ranch and in her own charming way told the story of the coming to America of the first Peter Gallagher from Ireland. After the tour Mrs. McNutt served delicious refreshments.

Many who attended the day's activities said it was one of the best meetings the club has had.

Hostesses for the occasion were Mesdames David Valdez, hostess chairman, and Mesdames Solomon Berlad, Art Kitzman, Rhea Mansfield, John McCool, Charles Reiley, Rudy Schott, and Edwin Vawter.

Those who enjoyed the day were Mesdames A.V. Pue, John McCool, David Valdez, Marianne Sandidge, Mary Alice Flach, M.R. Sandidge, Don Tobin, Marjorie Miller, Nelle Chen, Mary Tajan, Margaret Mueller, E.L. Caffall, A.J. Landreth, O.K. Worley, Homer DeViney, Lane Langford, Edwin Vawter, A.J.Ahr, J.M. Cornelison, Charles Reiley, Joyce Mullins, Mary Sealy, Rudy Schott, Alice Leibold, Julie Lehman, Ruby Lewis Jones, Annie Laurie James, Felix Billings, Rosemary Singleton, Elva McCollough, Art Kitzman, W.P. Jordan, Miss Eva Thallman and Mrs. V.H. McNutt.

Notice Of Meeting

The Bandera Home Demonstration Club will meet in the home of Mrs. Christian Kalka (Mickey) on Monday, November 8, at 2 p.m. All members are urged to attend and bring a friend.

Indian Waters HD Club

The Indian Waters Home Demonstration Club met on Tuesday, October 19, in the auditorium of the Bandera Electric Cooperative, Inc.

The Home Demonstration Agent, Peggy Edwards, gave the Council Report and asked for volunteers to serve at the October Golden Age Party, with our ever helpful Thelma Jureczki, volunteering.

Mrs. Edwards then reminded those interested in taking the Defensive Driving course, to be held at the Bandera Recreation Center on November 2, 3, and 4, that it is always an excellent idea to increase our knowledge and is also an incentive to get your car insurance premiums lowered. Every little bit helps!

Mrs. Edwards then presented a very informative program on "How and What" we ourselves can do, to help keep our "Hearts" and "Bodies" healthy and reasonably happy. She passed out sheets with informative questions and answers pertaining to "how to take care of our cholesterol in connection with our heart." Very interesting! I am sure that all members and their families could benefit from information derived from this program. We were also presented a list of interesting reading that can be obtained from our library.

The next regular meeting of the Indian Waters Club will be held on Wednesday, November 17, at the Bandera Electric Cooperative, Inc., auditorium.

Our new year of fresh and interesting ideas and programs in under way. We urge all members not to miss this next meeting. If you do, you will be sorry. A program on cloth flower making is being planned. Do come and bring a guest.

Let me note here that in the absence of our president, Mrs. Betty Burton, our vice-president assumed these duties and did an excellent job of conducting the meeting and presenting the new programs for the coming year.

You may call Betty Burton for further information and materials needed at 535-4229.

Present to enjoy the meeting were Mesdames Max Fullbright, Robert Dyer, Peggy Edwards, Betty Burton, Ervin Krannick, G.E. Heitz, and Thelma Jureczki.

Hostesses for the occasion were Mrs. Fullbright and Mrs. Dyer. Decorations in keeping with the Halloween motif were used. There was a very lovely centerpiece loaned to us for the day by Mrs. Fullbright's nephew, a very talented young man. Delicious pumpkin pie with whipped cream was served.

Hunters' Barbecue

Tonight, Friday, at 6 p.m., Bandera Recreation Center—BE THERE for one of the best barbecues of the year. This annual benefit for our Bandera County lease hunters will again feature barbecued brisket, sausage and all the trimmings—$2 donation, a chance at winning a .243 deer rifle, hunting knife, or binoculars and plenty of good music by Los Gringos.

In the last few articles we have tried to let you know who is donating time and monies towards this event. The Bandera Chamber of Commerce would like to invite you to patronize those businesses in our greater Bandera community who help put on the event. As you know, hunters and hunting bring a large amount of revenue to Bandera County each year.

At Mansfield Appliance the thieves peeled the safe and took the currency amounting to $188. At Clint Dowell Chevrolet the thieves broke open the safe and took about $400 in currency and two Colt automatic (target) pistols, one a .45 calibre and one a .38 Special.

In both places they left the silver and checks which the safes contained.

Deputy James reported that both robberies are being investigated.

Local Game Laws

Game Warden Carlton Becker advised today that with the deer season opening on November 13 and closing on January 2, 1977, that hunters may harvest the limit of three deer, not to exceed two bucks and antlerless deer with permit only.

Bucks must have forked antlers.

He called the attention of hunters to the necessity of filling out and dating their tags when fastening tag to their deer.

He urges the assistance of all landowners in notifying Game Warden Emil Krecji or Game Warden Becker of any game violations observed on their places.

Bulldogs Try Hard

By Kevin Riley

November 5, was the Bulldog Homecoming and the team was ready to play. Cole Cougars were the targets for the evening as the Bulldogs punished the Cole team on every play, but this was not enough as Cole won 23-6.

Bandera played a very impressive first half by letting Cole score only three points a few seconds before the second quarter ran out. Keith Boyd caught a 22 yard pass from Preston Jennings to give the Bulldogs first and goal to go on the one, but Cole held.

Cole came out after the half-time to score a quick 20 points on the Bulldogs. This did not stop the Bulldog team from mounting a scoring drive. It was late in the fourth quarter when Gary Edwards rolled out right and threw a perfect pass to Gene Morris for a touchdown. The play covered 18 yards and gave the Bulldogs a great lift. The conversion pass to Keith Boyd was knocked down.

Defensive play was spurred by Randy Taylor, who recovered a Cougar fumble and George Fernandez, who picked off a Cougar pass.

Boerne is the site for the last Bulldog game on Friday night, so be there at 8:00 p.m.

Moeller – Tax Increases

Texans, concerned about skyrocketing property tax increases over the past two years, have not likely seen the end of it. According to the Executive Director of Texans for Equitable Taxation, Michael Moeller, property taxpayers in Bandera County school districts face drastic increases again next year unless current state laws are amended to head it off.

According to the November 1st report from the Governor's Office of Education Resources, the total market value of Bandera County will be increased substantially. This could mean a huge increase in ad valorem taxes for Bandera County property owners unless the legislature in the upcoming session makes some major changes in the present school finance law.

Moeller will speak at the Bandera Electric Cooperative, Inc., in Bandera at 7:30 p.m. on November 15.

All concerned taxpayers who would like to hear this address by Mr. Moeller are cordially invited to attend.

Medina Homecoming Smash

Bobcats Win 28 – 0

The Medina Bobcats' Homecoming shut-out of Center Point with a 28-0 win Friday gave Coach Britt's team an eight and one loss record for the season. To date Medina has had 5 shut-outs and now ranks second behind D'Hanis.

The Bobcats showed an effective passing game to compliment the hard running of their backs. The Center Point quarterback had a frustrating evening with only 7 completions of 30 tries. Eight were intercepted.

The offense and defense shared equally in the Medina victory.

All the marbles are up for grabs, November 13, when Medina journeys to D'Hanis for the District Championship. A good turnout of Medina fans can help the Bobcats in a win over the D'Hanis Cowboys, who have dominated the crown the past several years. Game time is 8 p.m. Saturday.

Come, cheer, and celebrate!

Education Program

To address the problem of adequate financing of public schools, the 64th Legislature (1975) passed House Bill 1126.

In summary House Bill 1126 accomplished two main goals of the State's educational community. First, it increased the level of the Foundation School Program. Second, it reformed funding formulas to reflect the varying capabilities of the school districts to support their local programs. However, while the aim of House Bill 1126 was to promote equity in educational opportunities, the Legislature recognized that House Bill 1126 had not provided the complete solution.

On Monday, November 1, 1976, Governor Briscoe introduced his "proposed" plan for financing public education. The Bandera Independent School District was represented by School Trustees Richard Evans, Thomas Keese, Rudy Schott, and Superintendent Ronald Caloss.

The proposal, announced by the Governor would pump $850 million into school districts over the next two years. However, Bandera Independent School District would receive only $11,100 for the 1977-1978 school year, which is a very tiny percent of the $850 million total.

There is also the question whether the Governor's plan might cost the school district more money in the long run. This possibility arises from the fact that the Governor's "proposed" program sets the 100 percent market value of Bandera Independent School District at $173,397,230, an increase of $75,487,042 over the present 100 percent market valuation of $97,910,298.

If the State should later require that Bandera Independent School District tax at the present rate of 25 percent of the Governor's Committee valuation of $173,397,230 instead of the present $97,910,298, this could in effect make taxes on school patrons unbearable.

It is because of this and other reasons that the Board of Trustees and the Superintendent of Bandera Independent School District are carefully studying Governor Briscoe's proposed plan before announcing support for or opposition to the plan.

Again, this plan by Governor Briscoe is a PROPOSAL and would have to be passed by the 65th Texas Legislature which meets in January, 1977.

Those school patrons who wish to discuss Governor Briscoe's plan and wish to have input into the tax program of Texas should attend the meeting of Texans for Equitable Taxation on Monday, November 15, at 7:30 p.m. at the Bandera Electric Cooperative Meeting Room.

The couple is making their home at Lancaster, Texas.

Farm Bureau Wins Trophy

The Bandera County Farm Bureau was awarded the District 10 membership drive trophy at an annual banquet held at the Inn of the Hills in Kerrville on October 30. Receiving the trophy for the Bandera County Farm Bureau were G.W. Ender and Lane Langford. Mr. Ender served as county president and Mr. Langford as membership chairman for 1976, when the Farm Bureau recruited over 100 new members.

Also in attendance at the banquet were Mr. and Mrs. Cotton Fitzgerald and daughter, Paula, Mrs. Jo Davidson, Miss Sue Holt, Mrs. G.W. Ender, Mrs. Lane Langford and Tim Tobin. All have pledged to work hard to continue the growth of the Farm Bureau and are soliciting the help of each and every member.

There will be presented also the film, "Man, Freedom, and Government," which raises the questions: What is the proper roll of Government in our Constitutional Republic? What is the source of our rights and freedoms?

We welcome the participation of all persons who are concerned about such timely and significant issues affecting our private and public lives in these critical days.

We extend a very special invitation to young citizens, the quality of whose lives will be determined by the direction of the issues of today.

TARPLEY NEWS

NOTICE

There will be a covered dish supper and games party November 19, 1976, starting at 7 p.m. There will be no meeting. Those who wish to come, just bring your favorite covered dish and your cards and dominoes.

Clay Billings is at it again! They had their first College Rodeo and Clay won 2nd in calf roping, 3rd in dogging, and 4th in steer roping. Keep up the good work Clay, and maybe some day we'll put a sign up saying Tarpley is the home of Clay Billings!

I think we had better explain the goblins and witches that were around our area Halloween night. They weren't "for real" but Bob and Helen Padgett threw a party. Lots of good food and witches brew and even a treasure hunt. The community Center was beautifully decorated and everyone had a real good time.

Just thought we would mention the yellow bird that has been soaring our skies. If you wave, it may tip a wing, because that is G.T. and-or sons.

Should you see a blue streak on the road, look out, as that is our Dr. (Mrs. Paul) Hughey. She has returned to teaching at Incarnate Word College. Dr. Hughey is a Professor of Biology. Lots of luck, Dr. Hughey.

The ladies have been at it again. They have whipped out another quilt. We would like to thank Mesdames Nettie Dean, Nora Anderson, Lorene Billings, Edith Jeffers, Mary Lou DeHart, Rena Sandidge, Laura Walzem, Viola Jackson and Lillian Haner for all of their work.

Mr. and Mrs. Donnie Newcomb of Dilley were here to visit with Mrs. Newcomb's parents, Mr. and Mrs. J.E. Dean. Mrs. Dean's nephew and wife, Mr. and Mrs. Charles Krause of San Antonio, were here to visit also.

Matthew went to Lubbock to the TCU game!

Lynn Jeffers and family were here working on his mother's (Mrs. Edith Jeffers) porch fixing a hot house. Ethel Mae was helping to visit along with Laura Walzem.

Bandera Hill Country On TV Monday

Bandera's historic places of interest will appear on TV Channel 12 early Monday at 6:30 p.m. Mrs. J.C. Focke reported that she had a telephone call from Joe Goodenough in Houston that he had seen the feature on a Houston TV Station.

Watch your TV for this interesting program which features the Bandera Hill Country.

Can Someone Tell Me?

Can someone tell me why our ballots are printed in both English and Spanish? To vote in our country you must be a citizen and to become a naturalized citizen you must be able to read, write and speak English.

Certainly no one has anything against the Mexican Americans or our good neighbors to the South who speak Spanish, but you can't vote unless you are a legal citizen and you can't be a legal citizen unless you can read English. It's as simple as that.

Someone has suggested that perhaps some people who are born in the United States and are therefore citizens still can't read English. If anyone who has been born here and spent 18 years here, presumably some of them in school, and still can't understand English, surely they aren't qualified to vote. They will have to be told what to do, and this too, is illegal. Voting is such an important privilege, should we make a travesty of it?

The Bells

There are a number of people who truly enjoy the chimes that have been reminding us that we're getting older every 15 minutes. Nevertheless, these people were not remarkably unhappy without them were they? This group could achieve even more happiness if they were to install a chiming clock of the grandfather type in their own home and would not be polluting the sound waves of others.

There is another group for whom the bells do not toll — who cringe at the regular automated interruption of their auditory senses actually finding that they approach the threshold of pain at times.

Should the pleasure of the first group impose this on the remainder of us? Please give this your consideration if asked for an opinion or contribution on the matter.

MEDINA HOMECOMING

Many ex-students were in Medina over the weekend for the Homecoming activities. Also, a number of ex-teachers were present. Ex-teachers living away from Medina who registered were Mr. Andy Nichols and Mr. Marvin Hatfield of San Antonio, and Mr. Charles Wood of Yorktown.

The honored classes this year were those who graduated in a year ending in seven. These classes participated in the parade Saturday morning and attended the carnival in the afternoon. Also, they and their families were honored with a reception at the school on Saturday night. Following the reception, a delightful program for the public was presented in the auditorium. Mrs. Don Anderson, president of the AIMS Club, welcomed all and presented ribbons to each class group, one to the person who had traveled the farthest to come, and one to the person with the most children.

An ex-student, Mr. Terry Stokes served very efficiently as master of ceremonies. All enjoyed the program tremendously. Some classes were enjoying being together so much that they squeezed in some additional "get-togethers" during the day. The activities of the week were concluded with a homecoming dance.

Honored class members who registered and who participated in the activities were:

Class of 1917 — Mrs. Vannie Shuptrine Stevens, Houston; Mrs. Dimple Pate Medford, Medina.

Class of 1927 — Hough LeStourgeon, Medina.

Mrs. Paul Garrison, 4th Vice President of Texas Garden Clubs, Inc. attended the 49th State Fall Convention held in El Paso on Oct. 26-28 at the Sheraton Hotel with nearly 200 members and special guests present. The National President, Mrs. Connors, challenged the convention's delegates to "Teach today's Youth to Become Tomorrow's Gardeners."

MEDINA HOMECOMING PARADE AND CARNIVAL

Medina swelled to capacity as large crowds watched the parade last Saturday. The beautiful fall weather lifted the spirits to further the success of the occasion. Receipts from the carnival and dance will be used to purchase needed equipment for the school by the AIMS Club.

Many floats by classes and civic organizations depicted important areas of the school's past in the Bicentennial theme. It was a tribute to the school's alumni and their contributions to the community.

Highlighting the parade were the Duke and Duchess of each grade, followed by their Highnesses, King Gilbert Bower and Queen Casey McHaney, both seniors at Medina High School. They will reign for the ensuing year.

The large crowd found a variety of foods and entertainment at the many booths located next the the old Stokes Store. It was indeed an enjoyable day for Medina "Exes", whose memories of the day were further enhansed by the evening dance with music by "Kountry Rhodes."

SHOWER INVITATION

Everyone is cordially invited to attend a miscellaneous wedding shower honoring Mr. and Mrs. Wayne Brooks on Saturday night, November 13, at 7 p.m. Mrs. Broks iis the former Debbie Moffett.

EARLY THANKSGIVING

Mr. and Mrs. Vernon Williams were so happy to have all of their children and their families home over the weekend. Those present were Mr. and Mrs. Buddy Blair of Trinidad, Colorado; Mr. and Mrs. Charles Wood and children of Yorktown; Mr. and Mrs. Stephen Williams of Alpine; and Mr. and Mrs. Arlen Williams and Scott of this city. They all attended church services at the Methodist Church and then enjoyed their early Thanksgiving dinner at the home of their parents before leaving for their separate homes.

To Whom It May Concern:

I would like to say an humble Thank You, to my dear friends, family, and neighbors who have stood by me so faithfully thru the last three years.

I will finish my term in office as Commissioner of Precinct 3 on Dec. 31, 1976, and will do the job to the very last day, to the best of my ability. I have not heard directly or indirectly that I have not done my job.

I realize that the taxes were a big issue, and I understand why. After having gone thru the tax roll in Precinct 3 for three years, I know they are not equal.

The tax office sent out last year and again this year as many as three notices to some of the property and livestock owners and still some have never rendered one head of livestock. Then there are others who have not rendered new improvements and additions to their homes or in some instances new homes, trailer homes, equipment, etc. And in some cases if they do render any livestock it is a very small percent of what they really have.

But let me add that we also have a great number of people who come in the first of each year and render everything they have honestly and fairly. So in reality, those who do not render only place a greater burden on their friends and neighbors who do.

I think the ad valorem tax is very unfair but I did not make the law. For those who do not own property or land and in other instances those that are otherwise exempted, enjoy the same privileges of our system without paying one cent and also have a voice in our government and in many instances set the standards for those who do pay the tax.

I would hope that in the very near future that someone could come up with a solution that would be more equitable to everyone.

Again let me say Thank You for your past support.

CAMP BANDINA

By Vicki Romigh

Mr. and Mrs. Olen Hughes have been pretty busy lately. Their eldest son, Max Hughes of Amarillo, Texas, spent Friday night and Saturday with them after holding a Men's Leadership Training Class at the Oak Hills Church of Christ in San Antonio. Their daughter and husband, Mr. and Mrs. Les Biermann, spent the weekend in Austin, where they attended a "Marriage Enrichment Seminar" and Grandma and Grandpa Hughes were so happy to keep Little Mark Allen.

The Kenneth Hughes are enjoying touring the country in Germany, while Kenneth serves a tour there and young Kenny is said to like his school and is playing football there.

Mrs. Clyde Putt, Mrs. Olen Hughes' mother, is still ailing but is feeling some better. Mr. Hughes brother, Carl Hughes, is back in the hospital in Vineta, Oklahoma. The Jim Schuberts of San Antonio, were guests of the Hughes Monday.

Ruth Horton's grand-daughter, Vickie Berger of San Antonio, spent last week with her.

The Gordon Kramers of Houston flew in Thursday and spent the weekend here as did also the Floyd Swindles of Abilene.

Mr. and Mrs. Burns of San Antonio were out for the day and Lt. Col. Bob Smith spent the weekend working on his home.

The Gene Byars drove to Port Aransas last week; both are feeling badly with allergies.

Many of you will remember Mr. and Mrs. Hardy Cannon, who used to live here. We received word that Mrs. Cannon lost her mother last week. Our deepest sympathy is extended to the family.

Mr. and Mrs. Travis Thompson's daughter, Mrs. Jerry Gillaspia and sons, Michael and Steven, were out Sunday afternoon. Michael's friend, John, saw his first deer and was simply enthralled with the beautiful animals. Their other daughter, Mrs. Joe Campbell, and her two children were out for the afternoon also.

Mr. and Mrs. H.L. Goff report that their son, Captain Wayne Goff, who lives in Houghton, Michigan, called and said they had had snow on the ground for six weeks and that it was 20 inches deep. Mrs. Goff said she was so glad that she lived in the beautiful Hill Country. Last week, Mrs. Goff's cousin, Johnny M. Marrufeck of Rotan, Texas, spent the weekend with Mr. and Mrs. Goff and they caught up on "visiting and eating". This week the Goffs visited Mr. and Mrs. Alton Fey at Lakehills and Mr. and Mrs. Irvin Cowley at Pebble Beach and Mr. and Mrs. M.L. Potter in Bandera. They report Mrs. Potter is getting along better from her surgery.

Mrs. Larry Pullen of Corpus Christi spent a couple of days here with her parents, Mr. and Mrs. Claude Sessions.

Col. and Mrs. E.J. Romigh, Jr., spent the past weekend in Grand Prairie, Texas, with their children, Mr. and Mrs. E.J. Romigh, III, and children, Jess and Tracy, and then visited with Mrs. Romigh's brother and wife, Mr. and Mrs. King L. Buchanan in Grand Prairie for a couple of days. The men went fishing and "we girls" shopped.

Mr. and Mrs. Cecil Justice of Arlington were here for the weekend resting and cutting grass.

Pattie Sanchez came in from San Antonio Thursday and spent a couple of days with her parents, Mr. and Mrs. Timothy Sanchez.

Bye for now, and may all your days be good ones!

Trees and Shrubs of Bandera County

OSAGE ORANGE

By Steve Nelle, SCS

This medium-sized, spiney tree also called Bois d'Arc and Horseapple occurs throughout south-central United States. In Bandera County it grows on field edges, fencerows and in ravines.

The leaves grow to 5 inches long and turn clear yellow in the fall. The fruit is a many-seeded globe 4 to 5 inches in diameter, and pale yellow or green in color. The wood of Osage Orange is strong, hard and heavy, and was used by Indians to make bows.

Squirrels feed on the fruits called "horseapples" in the fall and winter. The tree is used in windbreaks and hedgerows in many parts of the country.

Santa

Your local Sears Authorized Catalog Sales Merchant reports to the delight of area children extensive area-wide "Santa Nights" promotions. Santa's personal visit to the children of Bandera will be Wednesday and Thursday, November 17 and 18, from 6 to 9 p.m.

Card Of Thanks

I wish to extend my sincere thanks to all who were so kind and concerned while I was in the hospital for surgery and since I have returned home. The beautiful flowers and cards, the telegrams, calls and many other expressions of love and kindness, as well as the services of Dr. Meador were appreciated very greatly.

May God bless each one.

Mrs. M.L. Potter

Public Hearings Set

Following a series of six public hearings held throughout the state during the months of June, July and August for the purpose of collecting information regarding the adequacy of existing boat sewage pump-out facilities on the state's lakes and reservoirs, the Texas Water Quality Board has set dates for three hearings to determine if the Board should adopt an order requiring certain governmental entities to provide needed facilities on specified lakes.

A hearing commission will convene in Longview on Dec. 7 to consider the establishment of pump-out facilites for Lake Tawakoni and Toledo Bend Reservoir by June 1 of next year.

A hearing will be held the following day in Comanche to consider the establishment of one pump-out station on Lake Granbury and one on Lake Brownwood to be in operation by June 1 of 1977.

Consideration of an order for the establishment of one pump-out facility on Lake Medina by the same date will be discussed at a hearing on December 10 at 10:00 a.m. in the Lakehills Civic Center located on Park Road 37 adjacent to Lake Medina in the community of Lakehills.

Any orders adopted by the Board will require that the proposed pump-out facilities be maintained and operated in accordance with the Water Quality Board Order relating to the collection and disposal of sewage from boats. The entities would also be required to consult with the TWQB concerning site selection, and obtain written approval prior to installation.

Attention, Householders!
Dear Householder:
Statistics show that less people are buying new homes and more people are making improvements on the homes they already have.
The purpose of this letter is to acquaint you, the folks of Bandera, with our company and what we do. We have been working around the Hill Country area for about two years now, and we have good references, both personal and in business. Whether it be an addition to your home, cabinet work, wall papering, roofing, concrete work, floor coverings, or painting, no matter how small or large the job, we are sure you will be happy with our work.
Many people have told us they have trouble getting someone to do small jobs, at times even having to get someone out of San Antonio or Kerrville, but we will be glad to give you a free estimate on any job you might have in mind. So, if you are planning anything of this nature in the future or if you have a friend who is considering making improvements, please give us a call. We will greatly appreciate your business.

BONFIRE AND HOMECOMING 1976
By Alice Rae

Load after load of wood was hauled by trucks of all sizes, Thursday, November 4, for the 1976 Homecoming bonfire.

The bonfire is a traditional spirit-raising activity for the homecoming football game the next evening. Many students helped build it up for the burning. Even Mr. O'Neill gave a hand in unloading the trucks of wood. Thursday evening the crowd gathered to watch the bonfire as the band played and cheers were led by the cheerleaders.

With the spirit raised from the bonfire, the candidates walked out on the football field during half-time for Homecoming, 1976. All of the candidates were introduced in front of the background which held the theme, "Do You Know Where You're Going To?" Mr. Roger Stevens then presented red roses and gifts to Mr. and Miss BHS of 1976, Keith Boyd and Sherry Jack.

AN ELECTION COMPARISON
By Alice Rae

A very important and exciting nation-wide event took place November 2, 1976. Many people voiced their opinions by voting for their presidential choice in the 1976 election. The Bandera County election and the mock election at Bandera High School (which was put on by the Government classes for the students), both differed when compared to the state and national elections.

In the state election, there were 1,667,696 votes cast for Gerald Ford, while there were 1,839,853 votes for Jimmy Carter. This resulted in a victory for Carter with 53 percent of the votes. Ford had 46 percent, and 1 percent went to other candidates. The state election resembled the national election with the greatest percentage going to Jimmy Carter.

In the national election, 51 percent of the votes went to Carter, leaving 48 percent to Ford and 1 percent to other candidates. Ford received 38,500,000 votes, and 41,500,000 went to Carter.

In the Bandera County election, 3,725 people were registered, and 2,838 or 76 percent actually voted. Bandera County decided on Gerald Ford for office, as he received 1,554 votes or 54 percent. Carter received 46 percent, or 1,183 votes. The county election was similar to the mock election at B.H.S. in that Ford received the greatest percentage of the votes.

The High School's mock election was held November 2, too, and had 85 percent of the students voting, while the county had only 76 percent of those who registered voting. The students, like the people in Bandera County, chose Gerald Ford with 52 percent. Carter received 48 percent of the student's votes.

These comparisons of the elections, reveal the people's interest in America. Although most of the students who voted in the mock election were not yet of age to actually vote, it shows their concern and interest in government and the leaders of America.

SENIOR SPOTLIGHT

Joanie Wallace
By BBB III

Gene Morris
By Kim Kramer

When Joanie Wallace was born in Bellvue, Ohio, on September 8, 1958, little did people know he would become one of the many great seniors of B.H.S.

The daughter of Mr. and Mrs. George Wallace of Lakehills, Joanie attended John Jay High School in San Antonio before coming to Bandera. She enjoys horseback riding, water skiing and especially likes watching the Dallas Cowboys play football on TV.

Joanie has been to Greece, where she lived for almost two years with her family on the island of Crete. She has visited many states in the U.S., but says that Nashville, Tennessee, was her favorite city.

Two of her favorite people are Mrs. Edwards, and of course Gene Morris.

When asked what being a senior meant to her, she said that it's just a good feeling to know that you've almost completed 12 years of school and you're finally the highest of the upper classmen.

Joanie's future plans include going to Colorado, but she hasn't decided anything for sure yet.

Her favorite holiday is Christmas because, she says, it is a time for giving and showing love.

Joanie was a member of the Rodeo Club at John Jay and has been an active member in FHA for two years at BHS. She ran track her sophomore year and had a fun year in tennis her Junior year.

Good luck to Joanie with her future plans and her senior year.

Christopher Eugene Morris is the son of Mr. and Mrs. R.D. Morris of Pipe Creek, Texas. He was born on June 28, 1959, in San Antonio, Texas. He has attended school in Bandera since 7th grade.

Christopher Eugene, better known as "Gene" to his friends, is an outstanding personality in the senior class. He has been involved in many school activities and organizations. Gene has played football for 4 years, and baseball and basketball for 2 years. His junior year he served as class reporter. Gene has been in FFA for 4 years and this year is serving as FFA secretary. He has belonged to Lettermen's Club for two years and Drama Club for 1 year. This outstanding senior was elected a candidate for Mr. BHS for this year's Homecoming 1976.

Among Gene's hobbies and interests are playing football, money, cars and his favorite people: Joanie Wallace, Keith Boyd, Johnny Hay and Daniel Jureczki. Gene believes that you must "live life to its fullest and try to be yourself rather than what other people would want you to be." When asked what does being a senior mean to you? Gene replied, "It means that I've made it!"

Gene has traveled extensively in Texas and has visited Arkansas. His favorite place is Arkansas because of the mountains, snow and the pine trees. Gene's favorite holiday is Christmas because he enjoys getting together with all of his friends and family and sharing memories.

After graduation Gene plans to go to Colorado and to visit other parts of the country. Good luck to an outstanding senior of 1977!

YEARBOOK SALES
By Carol Teich

November 1, was the last day of yearbook sales and the goal of 400 was not reached. Only 330 annuals were sold between the dates of October 1 and November 1, and this will not be the final number students would want. Students still wishing to buy annuals may do so, but only for a short time and only if they come to the journalism students. No one will be coming to rooms to sell yearbooks hereafter. only a few extra yearbooks will be ordered, so if you would still like to purchase a 1977 Bulldog Annual, you need to get your pennies together and get to a journalism student as soon as possible.

LAST GAME TRAGEDY
By Pam Foster

Tuesday, October 26, the Bandera Bulldog Volleyball teams were defeated by the Smithson Valley Rangerettes. The Varsity lost by the scores of 15-1; and 15-6. The team just could not get it together.

The Junior Varsity also lost but their scores were not quite so bad, 15-11; and 15-10. They were doing fine for a short time, but soon lost it to the Rangerettes.

AAHSRA RODEO

Two Alamo Area High School Rodeo Association members from Bandera High School, Jay Chesson and Cindy Short, participated in the AAHSRA rodeo sponsored by the McCollum High School Rodeo Club last weekend.

In addition to entering youth events, Cindy also entered and won the open barrel racing.

By Trudy Bailey

Les Short will try to fight for our natural resources. Les, a 1975 graduate, is attending ASU, Angelo State University, in San Angelo. He is majoring in Forestry. Les also participates in intramural football.

Bill Schmidtke, another 1975 graduate, joined the Navy when he graduated. He was stationed in Ireland for a few months, but is now stationed in Virginia. When he joined the Navy, he signed up for five years.

Diana Jones Brown, a bicentennial senior, was united in marriage with Royce Brown of Dallas. They were married in October of this fall, and are now living in Lancaster, Texas, near Dallas.

Benny Rae, a 1975 graduate, lives in Denver, Colorado. He has been libing in Denver since August of this year.

Mike Schulte, a 1975 graduate, joined the Navy after he graduated. He is stationed in Bremerton, Washington, on the ship, Kitty Hawk.

U.I.L. MARCHING AND TWIRLING CONTEST
By Patricia Ann Godkin

Saturday, November 6, the Bulldog Band participated in Marching Contest, where they received a rating of II. Although this spoiled any hopes of making Sweepstakes, the band plans to receive a I at Concert and Sight-reading Contest.

Immediately following Marching Contest, a group of twirlers performed in the U.I.L. Twirling Contest. The results in the Class III solo competition were as follows: Veronica Romo, II; Sharon Wyrick, II; Brenda Boyle, III.

Class I solos are graded the hardest and require hard work and perfection in performance. This year Bandera had four girls participating in this class. The results were: Cindy Bates, II; Jenice Evans, II; Patricia Godkin, II; and Debbie Boyle, III.

The high school twirlers also performed an ensemble which received the rating of II.

The Bulldog Band would like to thank the Band Boosters for providing the band with a delicious meal after the contest, and everyone who went to Hondo to support the band. Your support was deeply appreciated. Thank you.

CHAMBER CHATTER

In the spring of this year a writer's tour spent several days in Bandera and the surrounding area. These writers were not only from the United States, but Canada as well. An article about Bandera written by a travel writer, Hal Butler from Michigan, will be published in the "Ford Times" probably in December of this year. A wide variety of interesting and informative articles on Bandera have been written by many of the other travel writers who were here on the tour and as a result the Chamber of Commerce office received 43 inquiries a week ago requesting information on our area and our guest ranches.

Don't forget, tonight is the Annual Hunter's Barbecue at the Recreation Center. The meal is free for hunters who have leases in the county and a $2 donation to all others. The Float Committee will be sponsoring a "Sweets Booth" featuring cakes, pies and cookies available to the public. This will be a good opportunity to stock up on desserts for the holidays.

At this point in our column, we, the editors, would like to thank several organizations in our area for their spirit of community involvement.

First of all, a very grateful thank you to the V.F.W. Auxiliary for the mammoth job they have undertaken in refurbishing the Recreation Center. The entire county is indebted to these ladies and their helpers for their tremendous work in improving a facility which benefits everyone.

Another thank you is in order to the Bandera County B&PW Club. These ladies sponsored the Election Board at the Library on Tuesday evening, Nov. 2, which gave the voting results of each polling place as they came in from throughout the county. They also had refreshments available to the public for a nominal donation.

It is encouraging to live in a community that has organizations which are aware of the community's needs and are willing to put forth the effort to do something about them.

Mr. Henry Adams is at home again and getting along nicely after undergoing major surgery in Sid Peterson Memorial Hospital in Kerrville.

BETTERMENT ASSOCIATION ACTIVITIES

From the desk of L. Moore, reporter —

Club Mexicali, A Success

A packed house applauded enthusiastically as the last act was rung down on our dinner theatre presentation of Club Mexicali. We extend our thanks and congratulations to the entire talented cast and master of ceremonies Cliff Waterman. You were all sensational!

Thank You

We would like to extend our thanks to all who contributed in so many ways toward the success of our Club Mexicali.

Photos

Clinton Oehler presented the Association a complete set of pictures taken at the Halloween Costume Ball. Anyone who desires a personal copy may secure one by contacting Clint. These pictures will be on display at the Civic Center.

Raffle

The raffle drawing was conducted prior to the floor show. The Spanish shawl was won by Johnie Bartlett; two tickets to the New Year's Eve Dance by Gus Gustafsen, and a $5 cash award was won by Wes Davis.

Ceiling Paid For

And now, the best piece of news we've had for a long time, one of the MLBA members who resides in San Antonio and who prefers to remain anonymous, has sent his personal check to the Association in the amount of $400 to pay off the balance owed on the ceiling. This has really been a week!

With our connections, we can supply all the gas you'll need.

Lone Star's existing gas reserves will meet the requirements of all of our customers for the next 12½ years, based on 1975 consumption rates.

What about the thirteenth year – and beyond – when these reserves are depleted?

Fortunately, Lone Star is in a position to buy new gas reserves that could last our customers far into the 21st century.

We're in the right place at the right time. And we have all of the right connections.

Lone Star's pipeline system enters eight of the nine major gas producing areas in Texas and Oklahoma.

Our transmission lines cross areas which contain over 50% of the remaining on-shore gas reserves in the continental U.S.

This strong network puts Lone Star in one of the most favorable buying positions of any natural gas company.

All we need is the money to buy ahead. The price of gas will keep increasing, because producers will have to drill much deeper and more costly wells to develop new reserves.

It's going to take a lot of money to secure this area's share of these reserves. Unfortunately, Lone Star's ability to bid successfully for new reserves hinges greatly on the existence of adequate rates for the gas we sell.

The time to begin an aggressive resupply program is now, while we have a competitive buying edge and while economical gas is available.

With a fair return on our necessary investment, we can make the long-term financial commitments that will assure our customers all the natural gas they'll need for decades to come.
And we will.

Lone Star Gas Company

Bucks, Boar Bagged Monday

Mr. and Mrs. Boots Morris of Pipe Creek are shown here with two fine bucks and a Russian boar they killed early Monday morning while hunting at a ranch in the Pipe Creek Community.

Mr. Morris said, "Louise did it again. She beats me fishing by catching the biggest and most fish. Now she beat me hunting. She killed the huge 300 pound boar and the six point buck. I was lucky to get the nice 8 point buck."

Annual Hunters' Supper Well Attended

Thanks to all who helped with the 13th annual Hunters' Supper. Approximately 1,100 hunters and local residents turned out for the barbecued brisket and sausage supper last Friday night.

The first place raffle prize, the .243 Savage deer rifle, was won by C.E. "Pinky" Miles of Pasadena, Texas. Dan McNiel of Texas City, won the binoculars, and Ricky Schappa of Bay City, won the hunting knife, reports Frank R. Anderwald. The support given this project is sincerely appreciated.

In addition to those previously mentioned donations for the Hunters' Supper, we include the following: Free soft drinks totaling 35 cases were donated by the Texas Beverage Packers, Inc.; Coca-Cola Bottling Co., Kerrville; Big Red Bottling Co.; Dr. Pepper Bottling Co.; and Huntress Bottling Co.; with the help of Pat Boyle coordinating the effort. Hatfield Elected Second Vice President

Officers of the County Judges and Commissioners Association of Texas for 1976-77 are, from left: Commissioner Clyde Anderson of El Paso County, first vice president; County Judge Derwood Wimpee of Rockwall County, president; and County Judge William O. Hatfield, Jr. of Bandera County, second vice president.

County Judge William O. Hatfield, Jr. of Bandera County was elected second vice president of the County Judges and Commissioners Association of Texas during the organization's 54th annual conference held recently in Amarillo. In the association's usual advancement of officers, he will become president for 1978-79.

Other officers elected at the Amarillo meeting are County Judge Derwood Wimpee of Rockwall County, president, and Commissioner Clyde Anderson of El Paso County, first vice president.

Judge Hatfield, who was first elected County Judge of Bandera County in 1970, served as president of the South Texas County Judges and Commissioners Association in 1974-75.

At the South Texas Association's 1976 conference in Laredo, Judge Hatfield was named by the membership to receive award plaque as "1975 Man of the Year".

Judge Hatfield is currently serving as a member of the executive committee of the Alamo Area Council of Governments. He is a non-lawyer member of a committee named by the State Bar of Texas to recommend methods whereby non-lawyer County Judges may be admitted to the state bar's judicial section.

Judge Hatfield, who holds a MA degree from Texas A&M University, is a member of the Bandera Lions Club and is a past president of the Medina Rotary Club.

Mail Early

Postmaster Joe Short of the Bandera Post Office announced today that the Postal Service has advanced its suggested Christmas mailing deadlines for domestic parcels and letter mail to December 3 and 10 respectively, in anticipation of an exceptionally high mail volume.

Citing the impact of greatly increased mail volumes generated by the 15-state United Parcel Service strike in the east and south, and its residual effect on other parts of the country, the Postal Service said it is compelled to ask the public to mail even earlier than normal.

The Service said that because of the dedication of its employees, many of whom have been working long hours, it has had little trouble handling the increased mail volume since the parcel strike began in mid-September. It expressed confidence it will continue to be able to cope with the increase, with the cooperation of the public and major mailers.

Parcel volume has already more than doubled in the strike area and is up significantly nationwide, and letter mail is also on the rise. It said most of the increase, to date, has been from large volume business mailers, who presort their mail and deposit at scheduled, non-peak hours in plants prepared to handle it. For example, the service said it is working closely with shippers of perishable goods to handle millions of gift packages normally moved by other shippers.

As Christmas nears, however, more and more of the mail will be from the general public, deposited at neighborhood post offices, branches and stations, on top of the already unprecedented business mail volume.

As a result, while priority will be given to letter mail, many postal facilities normally dedicated to letter mail may have to be used to prevent an unmanageable backlog of parcels.

Therefore, Postmaster Short strongly urges the public to deposit their parcels by December 3 and their letters and greeting cards by December 10 to assure delivery by Christmas.

He asked that customers mail as early as possible, use proper packaging materials and techniques, and properly ad-

Health Screening Clinic Held Here

Bandera's first free health screening clinic sponsored by the Registered Nurses and Licensed Vocational Nurses of the Texas Department of Health Resources, Region 9, was held at the Bandera Recreation Center Monday afternoon.

This free clinic provides screening for anemias, diabetes, malnutrition, obesity, skin disorders, hypertension, vision and hearing groups ages 21 years and over.

The screening clinic is designed to identify health problems, not to diagnose.

Shown here is Mrs. John F. Langford, one of the first Banderans to take advantage of the service, and from left to right, Rebecca Ross, RN, of Kerrville, Geraldine Pettyjohn, RN, of New Braunfels, and Lynn Bergfield, LVN, of New Braunfels. Seated is Mrs. Julie Newman, LVN, of Kerrville.

Plans are being made for the clinic to be held at least once a month here. Watch the Bandera Bulletin for the date of its next visit.

Purple Hills Tidings
By Ida

We had a nice service Sunday afternoon, thanks to the First Baptist Church of Bandera. Jerry and Janis Perritte, who were leading the music and singing for the revival at the church last week, had charge of the service. Jerry brought a devotional and many beautiful songs were enjoyed. They sang several specials. Those joining in the singing were Mrs. Nora Thallman, Mr. and Mrs. H.H. Hamrick, Mrs. Roy Spannagel and children, Shane, Shana and Shad, Mrs. Ruth Mansfield, Mrs. Lena Mansfield, Devery Schladoer, Regina Salmon, Connie Calloway and Gwinn Salmon.

We thank our good friend, Mrs. Tressa Trowbridge for the pretty gold mums and also thank her just for the visit.

It was sure good to see our Mrs. Max Fullbright last Wednesday. She spent some time just visiting her many friends here. Please come often.

Mr. and Mrs. Andy Reed came last Wednesday and brought us the nicest turnips and greens. Thank you.

Mrs. Margaret Mayfield enjoyed the day last Wednesday when she celebrated her birthday.

REACT Coffee Break

Standing (L-R) Lee Hornbeek, Owen Baker, Jack Taylor, Russ Pumphrey, and Joe Baker.

Cold was the "word-of-the-day" as members of Bandera County REACT handed out free coffee to weary travelers and chilled deer hunters. In addition to distributing nearly 150 cups of coffee, REACT members assisted one stranded motorist, handled traffic to the Highway Patrol and Game Warden and assisted motorists with road and weather information.

The next coffee break will be the new year's weekend. REACT will have a cup of coffee for you then. Until then, if you need assistance on the highway— Break channel 9 for the Bandera County REACT.

Bandera HD Club

The Bandera County Home Demonstration Club met November 8, in the home of Mrs. Christian Kalka. Mrs. Nick Abrescia, president, conducted the business meeting and heard reports from committees.

The program planned by Mrs. Mack Joiner was given by Mrs. Dan Alanis and included a sample of the art of "quilling". The ladies of yesteryear used pen quills to wrap decorative designs with strips of paper, which they then pasted to packages or plaques to form butterflies, kittens or other designs of their imagination. This was one of the fine arts acquired by Mrs. Joiner at the THDA meeting at College Station. The other workshop she attended was regarding genealogy. She noted that one man paid a goodly sum to have his family researched, and then paid the same amount not to have it publicized! Mrs. Alanis explained how to start a family chart and use the Genealogy Section publications in the county library.

Our hostess conducted the games after the meeting, and had a beautiful table of refreshments.

Attending were Mesdames Minnie Hayes, Sarah Mazurek, Minnie Turner, Alma Juenke, Nick Abrescia, John F. Langford, Mildred Kramer, Dan C. Alanis, Mrs. Kalka, and Miss Beth Cummings.

Ballard Services Held Monday

Ernest Irvin Ballard, age 90 years, died at his home in Medina on Thursday, November 11, 1976. He had resided in Medina for the past 13 years.

Mr. Ballard was born in Oakville, Texas, on October 1, 1886, the son of Daniel Ballard and Alice O'Neil.

He was a member of the Church of Christ.

Survivors include one son, Irv Ballard of Sabinal; one daughter, Mrs. Ozella Johnston of Yale, Oklahoma; seven grandchildren, and 19 great-grandchildren. His wife preceded him in death several years ago.

Funeral services were held at Plummer Funeral Chapel Monday with Everett Perkins, officiating. He was then taken to San Antonio, where he was laid to rest in Roselawn Cemetery.

SCHOOL OFFICIALS REQUEST BUILDING GRANT

The Medina Independent School District has filed an application with the United States Economic Development Administration for a grant of $1,100,000. for the remodeling of existing school facilities and the construction of new facilities.

The grant, if received, would enable the school district to do a full-scale remodeling and construction project without calling upon the general taxpaying public for a building bond.

The availability of the grant is made through a recently enacted Public Works Law designed to increase employment opportunities in areas with high unemployment rates.

Grants are awarded on a competitive basis and are determined by a point system with points being earned by such factors as the number of workers employed, the per capita income of the area served, ratio of labor costs to program cost, geographic distribution, and long term use of facilities. Counties, cities, and other local governmental units are eligible to apply for the grants.

If the school district is successful in its request for the grant, it would provide possible job opportunities for local area people during the time of construction.

ROSE GARDEN CLUB MEETS

The Rose Garden Club of Medina, has had two very interesting meetings in October and November.

On October 13, our president, Mrs. R. Hart, called the meeting to order. Mrs. Max Johnson presented the Thought for the Day. She also told some interesting facts about roses.

The topic for the program was "Growing in the Knowledge of Traditional Flower Arranging". Moderator for the program was Mrs. C.E. Jackson. A panel demonstration and discussion was presented by Mrs. R.E. Hart, Mrs. N.N. Stansell, Mrs. W.O. Hatfield, Sr., and Mrs. Paul Garrison, Jr. Each member of the panel discussed the merits of the arrangements which they presented to the club. The backgrounds for the various arrangements helped to emphasize the color of the blossoms which had been used.

Mrs. G.T. Williams gave a report on roses from the Lone Star Gardner.

After the business session, the hostesses, Mrs. Maude Stokes, Mrs. S.F. Powell and Mrs. R.E. Hart, served delicious refreshments to the members and guests.

On Nov. 3, the Thought for the Day was presented by Mrs. A.J. Flowers. She read a poem which suggested that we give flowers to people while they are living, rather than sending them at their death.

The topic of the day was "Sharing International Awareness." Mrs. Logan Adams, our program chairman, introduced Mrs. Paul Garrison, Sr., who was moderator of the program. She gave a brief review of the work being done for "World Gardening" by the clubs in the United States and in other areas of the world. Among the projects are furnishing seeds and tools to people so they can learn to help produce food; supporting work in the field of health care and nutrition; training young people and mothers in home activities; a project in the U.S. known as "The American Land Trust", which is active in saving some of our endangered land areas for future generations. Our club gave a donation to send Care packages to a needed area.

Four of our members had arranged exhibits of clothing, crafts, products, food, and exports from various areas. They gave interesting facts about the country and people.

Mrs. E.M. Anderson exhibited many things she had obtained on her visit to Africa. Her detailed description of the area she had visited was most interesting.

Mrs. Robert Porter's exhibit on Europe was very interesting. She had lovely flowers arranged in the exhibit, as many European countries have beautiful gardens and hanging baskets at street corners. A large map showed where items of the exhibit came from.

Mrs. Richard Dickerson's exhibit on the Orient had many intriguing and beautiful items. The cloisonne vases, colorful kimonas, and games were well displayed.

Our Senora Adams greeted us in Spanish. She then explained items from Mexico, Central and South America. Hers was a very colorful and varied exhibit. She had little souvenir sacks of coffee beans which she distributed to the members and their guests.

The club members who presented the program and our hostesses wore colorful costumes of the various areas of the world which had been presented in a most interesting manner.

The hostesses for the day had prepared refreshments which were typical of some of the areas presented. They were displayed in the beautiful cart from Sicily, which Mrs. Isabel Anderson presented to our club. The hostesses were Mrs. Walter Ford, Mrs. Paul Garrison, Jr., Mrs. W.O. Hatfield, Jr., Mrs. Ward McCullough, and Mrs. Leonard Ashley.

Mrs. Homer Stevens gave a report from the National Gardener. Mrs. Paul Garrison, Sr. gave a report of the Texas Garden Clubs, Inc. meeting which she attended in El Paso.

Members of the Medina Future Homemakers of America and the Home Economics Classes and their instructors were our special guests at the meeting.

As this is just one of the Bandera Chamber of Commerce's functions during the year, we would like to hear your comments pro or con. If you were turned down or weren't asked to help this year, it was because such a large group volunteered earlier, but we do urge you to put your name on the list for next year.

Next year's calendar of events will include a Chamber of Commerce banquet, Canoe Rally, Memorial Day Celebration, Beauty Pageant, Hunting Symposium and the Hunters' Supper. We want each and every one of you to contact the Chamber of Commerce office Tuesday through Saturday from 10 a.m. - 3 p.m. if you are interested in a specific committee.

Appreciation Letter For Bandera Ladies

Members of the Bandera County Chapter of the American Red Cross, Mrs. Tressa Trowbridge, Mrs. Burgin Davenport, Mrs. A.W. Huseby, Mrs. Lon D. Fisher and Mrs. G.M. Merritt, have received the following letter of appreciation from Travis Lee, Chief, Voluntary Service of the Veterans Administration Hospital in Kerrville:

"Dear Mrs. Merritt: I want to express my appreciation to you and the members of the Bandera County Chapter of the American Red Cross for sponsoring the Coffee Hour for our patients during 1976. As we look forward to the coming year, we again hope to have your assistance in providing this service. We would like to advise you ladies of the dates for your Coffee Hours during 1977. They are as follows: March 13, July 10, and November 13, 1977.

"Thanks again for your service and we look forward to working with you again during the coming year." Travis Lee.

The Bandera ladies baked delicious cakes for the Coffee Hour at Legion.

CHAMBER CHATTER

The Annual Hunters' Barbecue held Friday, Nov. 12, was a big success. Approximately 1100 people were served a delicious barbecue supper with all the trimmings. The Chamber of Commerce would like to thank the merchants and citizens of Bandera County for all the donations which were made to the barbecue; also to all workers who helped decorate, serve and clean up after the barbecue was over. Without all of these fine people it would be almost impossible to have this barbecue each year. They are always willing to help and we do appreciate all of you! The Float Committee sponsored the Sweets Booth at the barbecue and this also proved to be a success. The Committee thanks all of those who donated pies, cakes and cookies for the booth and a special thanks to Joe Walters for auctioning off two of the cakes.

The Mayan will have eighteen Paris Travel Agents at their ranch this week from Nov. 18-20. These travel agents will be touring Bandera on those days and there will be four girls from Trinity University who speak French here to interpret for them.

If any of the Bandera citizens are interested in getting the Little League lights up before next summer, please let your presence be known. As you know, the Chamber of Commerce is planning to undertake the responsibility of getting the poles up—whether they be pipe or wood.

The Chamber of Commerce would like to say a thank you to Butch Bradford for his donation of 4 gallons of roofing paint which finished the painting of the refreshment stand at the Bandera Recreation Center. Thanks also to Frank Anderwald for helping with the painting and all those who helped on the remodeling project this summer.

Friends here will be interested to learn that Alton Fey of Lakehills is recovering nicely from major surgery which he underwent in Wilford Hall Hospital in San Antonio this week.

H—E—L—P!

The ladies V.F.W. Auxiliary to Post 9176 is determined to get this ornery critter over the hump! Our balance is slowly coming and we still need help. Ranchers! For a donation of $10 we will paint your brand on the County Recreation Center wall.

Businessmen and Citizens! Any donation will be gratefully received.

Remember, this paved road is needed by our whole County. So, help us achieve our goal.

Thanking You,
Ladies V.F.W. Auxiliary

Unrelated Business Income Taxes

A guide to cover reporting of unrelated business income by religious, philanthropic, and other organizations exempt from federal income taxes, is available, the Internal Revenue Service announced today.

IRS Publication 598, "Taxes on Unrelated Business Income of Exempt Organizations," may be obtained free of charge at many local IRS offices.

Exempt organizations are not required to pay taxes on income from business activities related to their tax-exempt purposes. They may be liable for income taxes on unrelated business activities, and be required to file Form 990-T, "Exempt Organization Business Income Return," the IRS said.

For example, religious Organization "A" was left a factory manufacturing popular styles of men's shoes. Because the factory's operations are not related to Organization "A"'s tax-exempt purposes, any profit from the shoe manufacturing business is taxable.

The IRS publication covers rates and computation of tax on unrelated business income, due dates for filing returns, obtaining extensions of time to file, and exclusions and exceptions relating to certain sources and types of income. Publication 598 also includes examples of taxable unrelated business income and nontaxable income, and discusses debt-financed property transactions.

Band News

On October 30, if you had been a mouse out at the Recreation Center, and had been peeping around the corner, you would have seen a swinging Band Party.

It was their Halloween party, and to get in you had to wear a costume. There was a big mixture of fantastic and original costumes. There were cowboys, Indian squaws, Gypsys, witches, little girls, bums, Frankensteins, a girl dressed as a "Flapper of the Twenty's", baseball players, Merlin the Magician, and even a Mr. Pierce, who turned out not to be Mr. Pierce at all, and lots of others, too many to name.

There was dancing, apple bobbing, lots of laughter, and just plain good old fashioned fun.

The band students, with the help of Director Ron Pierce, (who, came as a cowboy, chaps, boots, hat and all!), did all the planning and made all of their own refreshments and decorations.

The Recreation Center was really decorated for the occasion with Jack-O-Lanterns, ghosts, skeletons; even a graveyard complete with tombstones. And what great refreshments; homemade pumpkin pies, cookies, punch, and hot apple cider.

Our band learned a very important lesson last year and is carrying on what they learned this year, working together as a team, no matter what the occasion. If it's marching, playing their instruments, or giving a party, the only way to be successful is through teamwork and respect for your fellow student.

They've proven this by the way they have performed at the football games this year and also Saturday night at their Halloween party.

Band, you're the "Greatest" and will always be "No. One" with your Band Boosters.

This is to remind you about a favorite holiday tradition—Christmas Seals. For seventy years, Christmas Seals have been fighting against lung disease. Today they also battle pollution and cigarette smoking. This year, use more, to do more. The American Lung Association-Alamo Area says the defense of your lungs is a matter of life, and breath.

STEVE SELLERS BRINGS IN FIRST DEER

Steve Sellers, son of Mr. and Mrs. Joe Sellers, is a happy hunter. He brought in the first buck to the C&S Lockers on the first day of the season. The buck was a nice six pointer.

Guests last Sunday in the home of Mr. and Mrs. John James were their daughter, Miss Minneana James, a student at Texas A&M University, Mrs. R.P. Cox, a resident of Purple Hills Nursing Home and Mrs. James' mother, Mrs. G.M. Mickelsen.

Miss Kimberly Ann Keese, a student at Texas A&M University, spent last weekend here with her parents and grandparents, Mr. and Mrs. Thomas (Bub) Keese and Mr. and Mrs. Thomas S. Keese.

Many people have told us they have trouble getting someone to do small jobs, at times even having to get someone out of San Antonio or Kerrville, but we will be glad to give you a free estimate on any job you might have in mind. So, if you are planning anything of this nature in the future or if you have a friend who is considering making improvements, please give us a call. We will greatly appreciate your business.

Colonial Dames Meeting

Members and guests of the Michael Upchurch Chapter Colonial Dames XVII Century met at the Community Room of the First State Bank, November 3, 1976. Mrs. John C. Focke, Chaplain, led members in the opening ceremonies with the Pledge of Allegiance to the United States Flag, Salute to the Texas Flag and to the Flag of the Colonial Dames XVII Century followed by the American's Creed.

Mrs. John K. Harrell, Sr. related the national defense message on "The Press and Freedom" by Edward H. Levi, United States Attorney General: "If the people are to rule, then the people must have the right to discuss freely the issues relevant to the conduct of their government...but it is equally clear that it is not enough that the people be able to discuss the issues freely. They must also have access to the information required to resolve the issues correctly. Thus, basic to the theory of democracy is the right of the people to know about the operaption of their government."

Mrs. A.B. Alkek, president, read the proclamation directing a day of Thanksgiving in the Berkeley settlement of Virginia, dated 1619. Thus four years before Governor Bradford's celebrated Thanksgiving in Plymouth Plantation.

George Washington issued a proclamation for The National Thanksgiving at the city of New York, on the 3rd day of October, A. D. 1789 after both houses of Congress requested George Washington to recommend to the people of the United States a day of public thanksgiving and prayer, to be observed Thursday, the 26th day of November.

Mrs. John R. Langford introduced Mrs. John Focke who presented a program on "Our Lives, Our Fortunes, Our Sacred Honor" by Paul Harvey. Mrs. Focke expressed her desire that this inspiring book should have a place in every family library.

Our ancestors blazed the trail that helped to transform this land into the America of today. Together they worked, fought and led in public service, built our institutions and moulded our character.

Our country was conceived 169 years before that great group of men with rare courage and vision met in the Assembly Chamber of Philadelphia State House or Independence Hall on the morning of July 4, 1776. Two days earlier these men—delegates of the Colonies to the Second Continental Congress—had voted to declare that "these United Colonies are "Free and Independent States." Our country was founded, through the Declaration of Independence and the Constitution, on the ideal of freedom.

The Declaration of Independence, in July 1776, was a formal proclamation to the world that the United States had broken its ties with Britian. Freedom was the word that launched the greatest political experiment in history when the American colonists demanded the freedom to govern themselves.

The rebel delegates would be known as traitors and punished for treason by hanging. They also knew that they would loose everything, their families would be persecuted; and if they won, they would have to face the hardship of starting all over again in a new formed country. Yet, these God-fearing men, who in their stress, never thought to shrink or cower....signed under the last paragraph: "We mutually pledge to each other our Lives, our Fortunes, and our sacred Honor".

These fifty-six well educated men of means with their tremendous amount of self-respect provided the backbone of the cause during the struggle for American Independence.

Thomas Jefferson, Virginia lawyer-squire, was mainly responsible for writing the birth certificate of the United States of America, the Declaration of Independence.

John Hancock, President of the Congress, wrote his signature in such a way that "the King of England can read it without his glasses". He escaped capture by the British in the first Battle of the War of Independence and then had his ship confiscated and burned.

Benjamin Franklin was rightly known as the Patriarch of the Revolution.

John Adams, a Massachusetts lawyer, who was to become the second President of the United States.

Philip Livingston, a New York merchant, who organized the ban on importing British goods.

Thomas Nelson, a Virginia planter, who gave the order to his own soldiers to blow up his splendid house as the British commander approached to occupy it.

Charles Carroll of Maryland, an Irish American Catholic squire, lawyer, and businessman died at the age of ninety-five as the wealthiest man in America.

John Witherspoon, a Scottish clergyman immigrant, the first president of what is today Princeton University.

The rest of the signers were a variety of lawyers, shippers, merchants, planters, who would not strike us today as revolutionary types. They faced hardships, some were captured and tortured by the British, some lost sons, their families had to flee in many directions, estates were lost, etc. They risked everything to sign this great political document and inspired piece of 'literature which is worthy to be cherished through the centuries by the American people. The same spirit that moved them to take a stand against tyranny and independence is alive today.

Those who enjoyed the meeting and program were Misses Catherine and Novella McCaleb and Mrs. Sam W. Gardner of Kerrville. Mesdames James Brady, J.O. Evans, John R. Langford, John K. Harrell, John Focke, W.P. Jordan and A.B. Alkek.

Summer Camp

An expanded summer camp program and 13, two-week treks to Philmont Scout Ranch are on the program for Alamo Area Council Scouts next year.

As of the end of October, 67 of the 175 dates and sites for summer camp in the Hill Country near Hunt already had been filled. There will be seven weeks of camp at Camp Friedrich and six at Camp Rickenbacker. Both camps are in Bear Creek Scout Reservation west of Hunt.

A "Pathfinder" camp week for inner city Scouts has been set for the week of July 9, and at Camp Rickenbacker a special camp for Explorers is scheduled for the week of July 24.

Meanwhile, Charles Denison, council chairman for Philmont, says his goal is to get 500 Scouts and Explorers to the big Cimarron, N.M., Scout Ranch. There will be 13 treks to the New Mexico ranch beginning June 19 and ending Aug. 3.

Major W. D. Adams Receives Oak Leaf

William D. Adams, Medical Service Corps, is pinned with the oak leaf of his newly promoted rank of major by Lt. Col. David E. Redman, director of management information systems for Army Health Services Command.

A 1964 graduate with a bachelor of science degree in genetics from Ohio State University, Adams entered the Army that year as a Distinguished Military Graduate of ROTC. Since then he has served at Ft. Riley, Kansas, two tours in Vietnam, and previously at Ft. Sam Houston with Brooke Army Medical Center.

Before joining HSC in 1973 as a data processing manager, he headed the military science committee of the Medical Training Center at Ft. Sam Houston (now a part of the Academy of Health Sciences.)

He and his wife, the former Ramona Budd of Columbus, live with their three children in Pipe Creek, Texas. He is vice president of the Bandera County REACT Team, a citizens' band international emergency network. A volunteer fireman, he is also active in the Alamo Great Dane Club.

The San Antonio offices' audit detections and field collections totaled $5,325,756 during fiscal 1976, which ended August 31, while the state invested $822,841 to operate the offices during the year, the Comptroller said.

The San Antonio Northwest Office, which serves Bandera County, is headed by Richard Martinez, and is located at 4242 Piedras East, Suite 120, telephone 732-0211.

SHARE YOUR BLESSINGS This Thanksgiving

THANKSGIVING
By Kim Kramer

As Thanksgiving approaches, we should all take time to think of the many things we can be thankful for. Thanksgiving is a time when we can stop and think just how lucky we really are.

As an American citizen we have the right to be ourself and we are free to feel and say what we want. We are free to choose our own way in life and live our lives as we please. Children in America, regardless of their race, are entitled to an education. We should be thankful we live in a democracy as we do.

GIVE THANKS!
By Tammy Petty

Giving thanks! That is what Thanksgiving is all about. It's a great day for sitting back and thinking about all the really great things we have to be thankful for; our great family and friends being all together eating turkey and dressing and watching the football games on TV. Also we should thank the Lord that we have enough food on the table and a roof over our heads. And we can't forget our great country and the great people who make up our nation. All in all, we have a lot of things to be thankful for, so on Thanksgiving Day don't forget to say "Thank You."

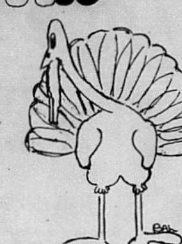
THE DAY OF MEMORY
By Trudy Bailey

In the middle of November, Thanksgiving is in the air. Friends and relatives are talking about getting together over the Thanksgiving holidays. College students and relatives are coming back to the old hill country and fresh air. They will give thanks for what they have, friends, the place they live, and the food they eat.

The cold, brisk feeling of fall will raise everybody's spirits. The feeling of warm love and friendship will be spreading throughout the household. The home will be warmed by a big fireplace which the men will gather around and talk of the late happenings and the good old days.

The women of the house will be in the kitchen cooking a delicious dinner. You can just smell the aroma of the basted turkey, simmering dressing, baked sweet potatoes, pecan pie, mincemeat pie, and pumpkin pie. The cranberry sauce will be chilling in the refrigerator and the corn warming on the stove.

When the time comes, everybody will seat themselves and say grace. The dinner will be enjoyed and everybody will be gratefully full. Each will gradually leave the table. The elders will sit in the living room while the children go outside and play.



EAT HAM

THANKSGIVING AND WHAT IT MEANS TODAY
By Krista Connors

Many people have heard the story about the original Thanksgiving day: the pilgrims shared their meal with Indians, and then gave thanks to the Lord for their survival, and prosperity. Since that historical day, Thanksgiving has been celebrated annually. Although the main idea has remained the same, the way in which it has been celebrated has drastically changed.

The mother of a family has a hectic schedule; starting from early in the morning until late in the evening. It is her job to prepare the feast for the day, clean house, and make sure everything is perfect for the Thanksgiving dinner.

While mother is working in the kitchen, father finds this a perfect opportunity to relax, and watch the football games that are on T.V. Screaming and yelling can be heard throughout the house as each touchdown, and penalty is made.

What seems like a million flies enter the house as the children run in and out of the front door. As mother, with flyswatter in hand, frantically chases the flies, the children meanwhile, sneak a bite to eat behind her back. After this scheme runs its full course, it is time to attack "Good old Dad". They patiently hide behind a chair, until father leaves the room, then as quickly as they can, they change the channel of the television. An enjoyable five minutes is spent watching their favorite cartoon, but their pleasure doesn't last long because father spoils it with his return, and his football game.

At 5:00 in the evening, a solitude surrounds the small house. The entire family is in the dining room; their hands are joined, and their heads are bowed. Father interrupts the silence with a prayer: "Thank you Lord for watching my family, and for this feast which you have so graciously bestowed upon us, in Jesus Christ's name Amen"....

As you can see, customs and traditions have changed, but the main idea of giving thanks has not. The day always ends with a prayer.

HOLIDAY FOLLIES
By Anette Bates

Primarily, Thanksgiving is a time of remembering the hard work of our forefathers and for being thankful for all the things God has given us. To me, it also means something else; it means that the busy rush of Christmas is about to begin and it is time to prepare for the season. Out come boxes of bows, wrapping paper, tinsels, and ornaments. Lists are written of what to get friends and family for Christmas. Grandma's needlepoint pillow is sewn over the holidays, and big brother's shirt is also made. Cookbooks which have been handed down for generations containing all time favorite recipes are once again opened and the next major production of a feast is planned. Mom pulls down the frilly lace Christmas table cloth and sends it to the cleaners. Everyone joins in the fun of picking a new spot to put this year's tree which, of course, will be the biggest and grandest of all. This is a portion of what begins over my Thanksgiving holidays.

THANKSGIVING DAY
By BBB III

Thanksgiving Day brings many activities including parades, reunions, eating, and one of America's favorite sports, which is football! This year the 25th of November holds a full day of enjoyment for American football fans. What Thanksgiving Day brings for your favorite football team is anybody's guess. One of the hottest contests will be between the Dallas Cowboys and the St. Louis Cardinals when they meet to decide the Eastern Conference title. The big game will begin at 2:30 and promises to be the excitement of the day.

PILGRIMS
By Seaward Grant

The pilgrims took a voyage
For you and for me.
They supported their rights
By taking to sea.
It was a long and hard voyage,
But it was for thee,
For they landed in this country
And fell to their knee.
They prayed and rejoiced
For the plants and the seeds,
And they had a great party
Where they met all needs.
So on this day of eating and living,
Remember why they called this
day Thanksgiving.

A DAY IN THE LIFE OF A TURKEY
By Carol Teich

Around November 1, I began to wonder what on earth was going on. The people that owned me had started feeding me better in October, but now they seemed to be feeding me constantly. I've noticed other things happening around here, too. They've hauled in pumpkins, fruit, nuts, corn, and many other good things. I've smelled things cooking and noticed a lot of people coming around. Well, would you look in that window? Pumpkin pie, mincemeat pie, and pecan pie, all sitting in that window just waiting to be eaten. Looking farther through the window, I can see a lady with sweet potatoes, corn, and a ham cooking. A ham! You know what that means? I'll be spared. They are going to have fruit salad, corn, sweet potatoes, mincemeat pie, pumpkin pie, pecan pie, nuts, and ham! Ham instead of turkey. That is the best news I've heard in my whole life (which was fixing to be terminated). Wait a minute, they've been feeding me too good, and I've got a feeling something is wrong. Oh no, look over there, they are sharpening an ax, and I don't believe it's to carve the ham with. Here they come, well at least I can give them a run for their money. Well, I'm caught, so I guess I'll be seeing you at dinner.

THE TURKEY'S THANKSGIVING
By Ballan Grant

"Here Turkey, Turkey, Turkey!"
Said the man looking murkey,
With a hatchet behind his back,
He begins his turkey attack.
"I'm Looking, Looking, Looking!"
Impatient for his cooking,
With a twinkle in his eye,
He was thinking turkey pie.
"Oh Hurry, Hurry, Hurry!"
He was getting in a flurry,
For his turkey wasn't there,
And his wife would pull his hair.
"Then Gobble, Gobble, Gobble!"
And he heard a little Wobble
So he crept up to the shed
To the sound where he was led.
"Eat Ham, Ham, Ham!"
Said the turkey with a slam,
As he came out of the door
Knocking hatchet to the floor.
"So Bye, Bye, Bye!"
Said the turkey oh so sly,
As he opened up the gate,
For the pigs to all escape.

Texas Economy Improves

AUSTIN—Comptroller Bob Bullock released a computer analysis showing there was a total of $33.9 billion in gross retail sales in Texas during the second quarter of 1976, more than 17 percent over the $28.9 billion in sales during the same period of 1975.

Bullock said the 17 percent growth rate far exceeds every estimate of inflation during the past year and shows the Texas economy continues to improve.

The analysis lists gross sales in Texas of $31.5 billion by in-state firms and $2.4 billion by out-of-state firms during the second quarter of this year, the Comptroller said.

Reporting outlets in Bandera were gross sales, $3,551,977; gross taxable sales, $2,274,496; deductions $202,518; Use tax purchases, $2,993 and amount subject to tax, $2,074,971.

Mrs. Tajan's Daughter Stars In Play

Ster Dubberly

Ster Dubberly will star in "Happy Birthday" opening Nov. 5 at the City Spirit Arts Center. The nostalgic comedy from the late 40s will feature a cast of 21 Lamp-Liters.

Author of the comedy is Anita Loss, who became famous for her "gentlemen Prefer Blondes". The show was produced in New York by Richard Rodgers and Oscar Hammerstein in 1946. John Logan directed and Helen Hays starred.

"Happy Birthday" tells the story of a shy little librarian, Addie Bemis, who falls in love with a handsome bank teller. Addie, played by Ster Dubberly, has never had a drink in her life. She follows her bank teller into a Houston bar where wonderful things begin to happen to her.

Ster will be playing her fifth role with the Lamp-Liters. She played the Widow Loveless in the melodrama, "Dirty Work at the Crossroads," and the charmingly inept ballerina in "You Can't Take It With You". Ster had meanwhile established herself as a dramatic actress in "The Miracle Worker". She starred as the indomitable Annie Sullivan, teacher of Helen Keller. She also played the Angel Gabriel in the Lamp-Liters' Christmas production of "The York Nativity" and the woman with the crippled child in Tolstoy's "What Men Live By".

Ster is married to O'Neil Dubberly. She works parttime at the Gold Leaf Art Gallery and Frame Shop and is associated with the Driver Real Estate Agency. She is a volunteer worker at the Nacogdoches Medical Center Hospital and is currently at work on a rummage sale at her church, Christ Episcopal.

Ster is a native of Houston who has made Nacogdoches her home for a number of years now. She is the mother of two young children, Aaron and Mary.

She is the daughter of Mrs. Mary Tajan of Bandera.

Parents' Drug Awareness

Rearing children in this day and age is a full time job, one which should be one of our most enjoyable and cherished responsibilities. Continued interest in their activities and positive communications are essential if we hope to pass our values on to our children and rear them properly.

"We Have An Attic in the House" is a very revealing film on how parents get caught up in their own day to day routine. Young people discuss their involvement with drugs and how relationships with their families were affected by their drug use. Parents also discuss their reactions to their children's drug use and lack of communications that were so much a part of the whole family predicament.

Following the film, Sharon Parten, Drug Abuse Coordinator from San Antonio, will share with the audience an experience of several simple exercises to improve family communication skills. The film and exercises should be useful to young people, parents, teachers and anyone else interested in improving their relationships with the people around them.

Plan to join us on November 23, at 7:30 p.m. in the High School Library.

Community Relations Committee

Quarterback Club Renamed

The Bulldog Athletic Booster Club, originally The Quarterback Club, has been renamed in order to include all the Bandera Bulldogs' athletic events. We are behind the girls' teams as well as the boys'.

The Booster Club is in the process of buying a Universal Gym with 16 stations for our school's athletic program. The cost of this equipment is $3,500. This will be purchased and delivered by mid-December through memberships, fund-raising projects and donations. Anyone interested in helping, contact any of our coaches or a Booster Club member. A family membership is $5.

A pump shotgun (gauge of your choice) and a week of dove hunting at the Raymond Hicks Ranch will be raffled off during the Jan. 4th Varsity basketball game. Tickets are 50c each or 3 for $1. Ask any coach or member about them.

Next meeting is Thursday, Dec. 2, and the first Thursday of each month thereafter.

Thanks to all members and coaches who helped with our rifle raffle, concession stand, and flag football game. The rifle was won by David Edwards of Pipe Creek.

A free call to the operator before digging can save a lot of grief, Alice points out. Southwestern Bell reports that some private residents occasionally dig up cable in their yards. The company says if a contractor or resident cuts a cable whose route is marked, knocking out phone service, they may be billed for restoration.

AN ORDINANCE FIXING AND DETERMINING THE GENERAL SERVICE RATE TO BE CHARGED FOR SALES OF NATURAL GAS TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF BANDERA, BANDERA COUNTY, TEXAS, AND PROVIDING FOR THE MANNER IN WHICH SUCH RATE MAY BE CHANGED, ADJUSTED AND AMENDED.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BANDERA:

SECTION 1. Effective with the first gas bills rendered from and after thirty (30) days from the date of final passage of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Bandera by Lone Star Gas Company, its successors and assigns, is hereby fixed and determined as follows: First 1000 Cu. Ft. or Fraction Thereof $3.000. Over 1000 Cu. Ft. at $2.345 Per MCF.

No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period, except that where customer's only use for gas service is in an outdoor grill and-or a fireplace starter, the amount shown for the first consumption block shall constitute a minimum monthly bill.

ADJUSTMENTS

The amount of each monthly bill computed at the above-stated rates shall be subject to the following adjustments: Plus or minus the amount of any increase or decrease, respectively, above or below the $1.3488 per Mcf level in the intracompany city gate charge as authorized by the Railroad Commission of the State of Texas or other regulatory body having jurisdiction for gas delivered to Lone Star Gas Company's distribution system for sale to residential and commercial consumers where such changes are caused by increases or decreases in the cost of gas purchased by the Company; plus an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed or imposed subsequent to July 1, 1976, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract. Company, at its option, may forego the application of any adjustment if such adjustment would result in an increase in the monthly bill; however, failure of Company to apply any adjustment shall not constitute a waiver of Company's right from time to time, or at any time, to make any adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

All bills shall be due and payable when rendered.

The above rate is applicable to each residential and commercial consumer per meter per month or for any part of a month for which gas is used at the same location.

In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

SECTION 3. It is hereby found and determined that the meeting at which this ordinance was passed was open to the public, as required by Texas law, and that advance public notice of the time, place and purpose of said meeting was given.

PASSED AND APPROVED on this the 1st day of November, A.D. 1976.

Pipe Creek NEWS

De La Guerra Is Winner

Karl de la Guerra, of Pipe Creek, who is a Bandera High School student, was a winner in the South Texas Vegetable Day held on November 6. Karl was a winner in the home garden section, in the miscellaneous vegetables. He won second and third place ribbons. Karl's entry was the only one from Bandera County.

PCVFD AUXILIARY

The ladies of the PCVFD met at the firehouse in Pipe Creek on Monday evening, Nov. 15. There were 20 ladies present.

December 15 is the date for the Christmas party. It will be held in the home of Pat Lindley beginning at 7 p.m.. Each lady will bring a covered dish of her favorite food. At that time the newly elected officers will be installed. They are Jo May, president; Nita Taylor, vice president; Diane Sharp, secretary; Ann Kling, treasurer; and Anita Booher, assistant treasurer. Two members were elected to attend the executive board meeting. They are Alice Lundblad and Mae Vion Meyer.

Each year the books of the Auxiliary are audited before the installation of the new officers. The three members of the auditing committee are Nita Taylor, Jo May, and Betty Bower.

The Auxiliary, thanks to your patronage of our affairs and thanks to the catering of the Ard Richardson cattle sale, transferred its earnings of $1,000 to the men, who will use the funds for fire truck repairs and to reduce our bank loan. We have retained only a basic operating fund.

We are all indebted to Barbara Hohon and her outgoing officers for an active, enjoyable and remunerative year.

HOME DEMONSTRATION CLUB

Mrs. Mickey Morrison, assisted by Mrs. L.W. Hoenecke, entertained the club in her new home last Tuesday afternoon.

Mrs. J.B. Edwards opened the meeting with the Lord's Prayer and Club Prayer rendered in unison. In the absence of the secretary, Mrs. Evelyn Rosentreter, Mrs. J.W. Edwards called the roll which was answered with "Your Recipe for Happiness". This proved to be very interesting and thought-provoking. Minutes of the last meeting were also read and approved.

Mrs. E.C. Morgenstern gave the Council report and told us that the Drivers' Program sponsored by THDA given at Bandera in October was larger in attendance than had been expected and that another term would be held later.

Volunteers to help give the Swine Flu shots here at the Community Center Nov. 18, at 10 a.m. were Mrs. Mona Morrison, clerk; Mrs. Lois Morgenstern, who will assist in giving the shots as she attended the school to prepare for this work, and Mrs. A.H. Schott, who will assist with registration.

Our club Christmas party will be at the home of Mrs. Darlene Vasquez on Dec. 7, at 1 p.m. Each member is to bring a covered dish and an exchange gift not to exceed $1.50.

Mrs. E.C. Morgenstern gave for our demonstration, information regarding choking on food, which is very important because one choked on food cannot talk or breathe. They should always put their hand to their throat so that others might know what is wrong. Do not leave the table to be alone, as this could prove fatal, as has been cited in many cases, before anyone really knew the cause.

Then, as our Centennial Program, the membership discussed The American "Constitution of These United States", realizing the turmoil from which our Constitution emerged and the trials of our forefathers.

Refreshments were served to Mesdames Odessa Heinen, Wayne Marrs, A.H. Schott, Ray Heinen, L.C. Mathis, E.C. Morgenstern, Keith Mansfield, J.B. Edwards and J.W. Edwards and children Bo and Connie Mansfield, Jess Edwards, Chris Marrs, and Michelle Morrison.

Don't forget the Christmas party Dec. 7!.

Miss Lindig Wins In Century III Leader Contest

Maxine Lindig has won the Century III Leaders' scholarship competition at Bandera High School, according to Mr. John W. O'Neil, principal.

The local contest at Bandera High School is part of the nationwide competition for $116,500 in scholarships at the state and national level. The Century III Leaders scholarship program is administered by the National Association of Secondary School Principals and funded by Shell Oil Company.

Runners-up in the competition are Dayna Brolliar, first runner-up; and Marshall Ardis, second runner-up.

Members of the local selection committee were Mr. Jim Parker, Mrs. Virginia Smith, Mrs. Katrina Wood, and Ernest Murrell.

Graduating seniors' entries were judged on the basis of their leadership potential with emphasis on community and extracurricular activities, high scores on a current events exam, and on their writing viewpoints about America's needs and challenges for the future.

Maxine Lindig now competes with other high school winners from around the state for two $1,000 scholarships and an opportunity for the $10,000 top national scholarship.

The two Texas winners will receive an all-expense-paid trip to the second annual national Century III Leaders Meeting in Colonial Williamsburg, Va., in March, 1977, to participate in seminars on current issues.

Thanksgiving Day — Gift Of Life

Florence Girvin, Memorial Committee Chairman for the Bandera County Unit of the American Cancer Society today announced a special Thanksgiving Day — Gift of Life Program. In the spirit of Thanksgiving, all Texans are asked to give a Gift of Life in the honor of the progress being made in Cancer Control. The ability to cure and control ten kinds of cancer has been developed since 1960. These cancers frequently occur in children, cause great emotional and economic strains and a staggering loss in years of life. A recent report by George J. Race, M.D., Ph.D., Director of the University of Texas Health Science Center Cancer Center in Dallas, indicated that some cancers like Hodgkin's disease have changed from an almost 100 percent fatality rate to approximately 85 percent cure rate if the patients are treated by a team of surgeons, medical onocologists, immunologists and chemotherapists. And that according to National Cancer Institute figures, over 3,000,000 Americans have now been saved from cancer.

Mrs. Girvin indicated that all contributions given during the Thanksgiving Day — Gift of Life campaign would be used to support the Society's three part program of research, education and service to Cancer patients. She also encouraged anyone interested in learning about cancer or the various programs of the Society, to attend the next regular board meeting on November 29, in the Community Room of the First State Bank.

For more information call Florence Girvin, Route 1, Box 102, Bandera, 796-3694.

TREES AND SHRUBS OF BANDERA COUNTY

TEXAS ASH

By Steve Nelle, SCS

Texas Ash is the only true ash native to Bandera County. It is also known as Mountain Ash because it grows on bluffs and rocky slopes. The leaves are 6 to 10 inches long and have 5 or 7 leaflets, one being terminal and the others opposite. The one-seeded, winged fruits are borne in clusters below the leaves.

Livestock and deer will browse the leaves some, but due to its relative scarcity, Texas Ash is not an important food plant.

Unless you want to know more about the new Lakehills deputy. Guy Pickett is retired from thirty-two years with the Postal Service in San Antonio. He has been a Reserve Commissioned Peace Officer in Bexar County for 30 years, performing duties with the Bexar County Sheriff, the Texas Parks and Wildlife, and the Texas Cattle Raiser's Association on patrol.
The deputy worked with the Coliseum Police for twenty-four years, as well as civic organizations and the Bandera Stompede. There should be no doubt in anyone's mind as to the experience and qualifications of this family man and dedicated public servant. Guy and Marie Pickett moved to Lakehills in June with three of their six children. Mrs. Pickett commutes to San Antonio daily. She is employed at the department of Public Safety. The Picketts are anxious to participate in community affairs.

Band Booster News

Our Booster meeting for this month will be Thursday, November 18, at 7:30 p.m. and will be held in the Band Hall. We'll have reports on the last football concession stand and a report on the marching contest held in Hondo Saturday, November 6. We'll also be discussing and making final plans for the Christmas concert, which will be held December 17. After our business meeting our band director, Ron Pierce, will be showing the film taken of the marching contest, so if you didn't get to make it to Hondo to see the band march, this will be a great opportunity to see what a great job they did.

We were very proud of our band Saturday at marching contest, even though they did not receive a one rating, which of course we were all hoping for. We did receive a two, and we thought the band looked and sounded great, and they're still No. 1 in our books. We had a large crowd from Bandera to go to Hondo this year to cheer our band on, and the students appreciated this very much. To have your townspeople backing you means a good deal to these fine students, so a big "Thanks" to everyone who came out to support our "Great Band".

The Band Boosters would like to give the band director, Mr. Pierce, and the band students a standing ovation for the fine performance they gave Saturday. A lot of hard work and long extra hours went into the last two weeks to put on such a fine show.

Don't forget Thursday, November 18. See you then.

Reported

Mrs. Gladys Blackwell spent a pleasant weekend in San Antonio visiting her grandson and family, Mr. and Mrs. James Davenport.

The V.F.W. and Auxiliary says, "Please Come, Let Us See You There!"

Nutrition Management For Deer

Good nutrition is the key to larger, heavier-antlered deer. Through wise range management and sufficient deer harvest, deer will get this needed nutrition. A number of Bandera Soil and Water Conservation District Cooperators attended a wildlife field day at the Kerr Wildlife Area on November 11. Biologists and range specialists are conducting research there on the effects of proper range management on deer herds.

Good range management is essential to healthy deer populations. Two grazing systems are now in operation on 5500 acres of the area. A four-pasture three-herd and a three-pasture one-herd rotational grazing system are now being used. A short-duration grazing system will be started soon. Only when a planned grazing system is coupled with proper stocking rates can range improvement be expected. Deer nutrition can then be high enough for large body size, large antler size, and twin fawning even in dry years.

Area manager, Donnie Hormel, said that in order to get the deer in good shape across the hill country, deer numbers would have to be reduced considerably. This reduction would result in plenty of nutritious food for the deer in the crucial winter months. One reason there are so many large, healthy deer on the Kerr Wildlife Area is that the ratio of does to bucks is kept as even as possible.

According to biologist, Bill Armstrong, if deer are not managed properly their numbers would increase to the point that they would literally eat themselves out of a place to live. A die-off would then occur, reducing the numbers, but the deer range would already be severely damaged. To prevent these die-offs and depleted ranges, deer populations must be kept in balance with the amount of food available.

Special research on antler development is also being conducted on the area. It was found that protein content of deer foods in addition to adequate mineral intake was the most important factor in antler growth. By examination of stomach contents, it was found that typical south Texas deer received twice as much protein in their diets as hill country deer. This is why south Texas deer are consistently heavier and have larger antlers.

Research on several generations of bucks show that spikes are genetically inferior deer and usually give birth to inferior deer. Bucks which had forked antlers their first year produced young with better antlers provided they had adequate nutrition.

Work Progressing At Recreation Center

Paving work on the road to the Recreation Center and paving the area around the building has been progressing very nicely. Shown here is Leroy Vaughn and a number of his assistants who have been hauling gravel and making preparation to put on the tar.

Pictured here is Clyde Wright, LeRoy Vaughn, Jerry Sides and Bruce Alanis.

Mr. Vaughn reported that the black-top would go on as soon as weather permitted.

This is certainly a great improvement to the Center where so many meetings and affairs are being held.

Also pictured here is one of the very picturesque murals on the walls of the interior of the Center, painted by Bandera's own artist, Bill Erhard.

Stephen Nelle Is Garden Club Speaker

The Madrona Garden Club met in the Bandera Electric Cooperative, Inc., auditorium on Friday, November 12, with sixteen members and one visitor, Mrs. Lee Pickens, present.

Stephen A. Nelle, the guest speaker, was introduced by Mrs. Florence Girvin. Mr. Nelle of the Bandera Soil Conservation District, showed slides of wild flowers and conservation practices of them. He pointed out the names and places of where one could buy the seeds of many wild flowers throughout Texas. Some are on the conservation list as far as people gathering the seeds from plants along highways and parks.

After his informative and enjoyable discussion, regular business of the club was conducted, and plans for the Golden Age Tea to be held Thursday, November 18, were discussed.

Mrs. Amelia Dickens was named chairman and she in turn appointed several members of the club to help serve refreshments, and all members of the club were named to assist in setting up the party.

Mrs. Girvin, the club's delegate to the recent District meeting in Rockport, gave her report to the club.

Mrs. Sylvia Sterling read an article, "In the Beginning", from the Lone Star Gardner and Mrs. Dickens read from the National Gardner, "Designing of Natural Materials."

Announcement of the "work day" at the Veterans Administration Hospital will be announced as soon as a date is set.

The Club's Christmas Party will be held at St. Christopher's Episcopal Church on December 10, 1976, at 12 noon. Bring a covered dish and a gift to cost not less than $2 or $3. Gifts should pertain to gardening.

Mailing Tips

Postmaster Joe Short offers the following tips on how to prepare Christmas parcels for mailing:

A single item in a package should be cushioned with shredded paper, excelsior, compressed tissue paper, cloth, or expanded plastic foam.

If two or more items are mailed in the same carton or box, cushioning material should protect all items from contact with each other, and each item should have its own individual inner carton.

Fiberboard containers, including large soap, cereal boxes, etc. larger than the gift being mailed should be cut down to about the size of the gift to minimize shaking and breaking in transit. However, breakable items should have at least one inch clearance between the sides of the boxes and the item to provide adequate room for cushioning.

Fiberboard should have "pound test" strength of at least 175. This is usually shown in the box maker's certificate on the bottom of the box.

Fragile articles must be individually cushioned, and all four sides of the container should be padded with cushioning material.

Tape used to close containers should be reinforced and should cover and firmly secure all flaps.

When paper must be used for the outer wrapping it should be at least equal in quality and strength to the kraft stock used for grocery bags. However, it is preferable that pepre wrappers be omitted if the box itself constitutes an adequate shipping container.

All packages should be closed and reinforced with tape plus durably and clearly marked.

Proper packaging is particularly important for books and records. Because of their

weight, books should be cushioned so they cannot shift within the box. It is not desirable to ship more than 25 lbs. of books in one package.

The thin, long-playing records should be placed in a carton which is at least one-half of an inch thick.

All packages that contain delicate articles should be adequately cushioned and marked - FRAGILE.

Each package should contain the name and address of the person to whom it is being mailed inside the package as well as outside. An address contained inside is assurance that it will be received promptly even if the outside address should become lost or obliterated.

Be sure to put your return address on the package.

And, finally, address the package correctly and legibly, so that it can be read at two feet. Be sure to include the ZIP Code. Mail with the proper ZIP Code is processed more rapidly.

Be sure to put only one mailing address on the outside of the parcel. Do not address on more than one side.

Indian Waters HD Club

The Indian Waters Home Demonstration Club met Wednesday, Nov. 17, in the Dining Room of the Bandera Electric Cooperative, Inc.

Acting president Betty Burton called the meeting to order, with all reciting the Club Prayer.

Thirteen members answered roll call by commenting on their favorite recreation. Some varied and different ways to relax were heard that day.

Minutes of the Oct. meeting and the treasurer's report were read and approved.

Election was held and Sylvia Berlad was unanimously elected president for the ensuing year, with Ginnie Heitz assuming the office of secretary. In the interim, our vice president, Mrs. Burton, did a fine job conducting the meeting.

Upon assuming office, Mrs. Berlad gave tribute to outgoing president Sylvia Sterling for her many years of servic'e to the Indian Waters Home Demonstration Club. Members then gave Mrs. Sterling a deserved round of applause.

The program on making cloth flowers was ably presented by Betty Burton.

Hostesses for the day were Thelma Jureczki and her sister Agnes Kalka, who served delicious refreshments from a beautifully decorated table.

Members in attendance were Mesdames Solomon Berlad, Austin Burton, Amelia Dickens, J.W. Fulbright, Florence Girvin, Thelma Jureczki, Ervin Krannick, Agnes Kalka, Henry Kruger, Lewis Sterling, Earl Weed and G.E. Heitz. We cordially welcomed a new member, Shirley Lauver, and hope she enjoys being with us.

A Christmas party is planned for our next regular meeting day, Dec. 15. Reservations are being made at The Alpine Lodge in Kerrville. See you there.

Mrs. Paul Laskowski is recovering nicely from an operation on her hand. She underwent surgery last Wednesday in the Community Hospital in San Antonio. We hope she will soon be well again.

Bandina Messenger
By Vicki Romigh

We were all sorry to say "Goodbye" to Ruth Horton, who is moving to San Antonio, but we will be looking forward to her return visits and hearing about her trip to Florida.

Mr. and Mrs. Ebb Everett had a wonderful time at her family's reunion in Kennedy, Texas. Her brothers and sisters are ranchers, so they hunted quail for four days. Before leaving, the Everetts and the Gordon Kramers shared dinner together in the Everett's lovely home.

Wednesday was the time for lots of talking and lots of eating as Mr. and Mrs. Claude Sessions honored Mr. Charles Hodge of Fort Worth, and other guests included Mr. Keith Haynes of Corpus, and Mrs. Ruth Horton and Mr. and Mrs. Ebb Everett.

Saturday was a beautiful day for our board meeting. Mrs. Horace Hines, one of our best cake makers, had a delicious cake when the Board assembled.

San Antonioans here for the weekend were Mr. and Mrs. C.A. Arnold, Mr. and Mrs. Horace Hines, Mr. and Mrs. Bill Berchard and Mr. Clyde Taylor.

Out-of-towners here were Mr. and Mrs. W.D. Lee, Sr., of Houston, Dr. and Mrs. Paul Boren and Mr. Keith Haynes of Corpus Christi.

Last weekend Col. and Mrs. E. J. Romigh, Jr., drove to Lubbock to visit their son, Robert, who is a Senior at Lubbock Christian College. While there a 7½ inch snow fell. It was beautiful! Looked like a picture postcard.

Thursday the Romighs entertained with a dinner honoring Mr. Charles Hodge of Fort Worth. Other guests present were Mr. and Mrs. Peter Masih, Mrs. Gladys Nichols, Mrs. Elva Keeling and Mrs. Betty Montgomery.

Nearly all of us here have been ill these past two weeks, but most are on the mend now and perhaps with a few days of this beautiful weather, we'll all feel much better.

Jason Screeton is spending a few days with his grandparents and his great-grandparents, Mr. and Mrs. King Buchanann.

With Thanksgiving upon us, we are getting ready for the "old Gobbler" and relatives and friends.

Bye for now and may all your days be good ones.

MEDINA OAK REST CEMETERY

Last year about 174 families paid Perpetual Care dues to the Medina Oak Rest Cemetery Association. Those families are no longer obligated for dues payments, but are urged to attend the annual meetings each year held in February. Watch the Bulletin for the exact date.

Dues notices to the other 160 or so, who did not enroll in the Perpetual Care Plan, will be sent out within the next few weeks. Letter To Editor:

An Easterner's idea of a Texan, or what we have heard, is inhospitable, unfriendly and unsociable. But this was not our experience upon meeting the people of Bandera, Medina and some of the surrounding towns. We found everyone extremely friendly, in fact, the friendliest we have ever met.

We thought of Texas as flat and dusty, but this too was not the case. We saw some of the most beautiful countryside we have ever seen anywhere. From now on when we hear someone talk of Texas, or Texans, in a derogatory manner, we will set them straight.

Sincerely,
George and Betty Deegan

WHO CONTROLS OUR FOREIGN POLICY?

The question, "Who controls our foreign policy?" is the subject of a film to be presented during the next Issues Forum on Tuesday, November 30, at 8 p.m. in the Bandera Electric Cooperative, Inc., auditorium. Other questions raised are: What is the goal toward which our foreign policy has been directed for the past several decades? How will the culmination of this policy effect our individual lives and the lives of our children? What is the significance of our policy of detente? What is the explanation of our intervention into the internal affairs of African nations?

Who controls the U.S. news media? This question is answered in the second film presentation of the evening, "The Opinion Makers". Another question: "What is the relationship between these two questions: Who controls our foreign policy and who controls our news media?

As we give thanks this season for the many blessings of our heritage, let us keep in mind that the "price of liberty is eternal vigilance," that we may continue to enjoy these blessings by bearing the responsibility passed on by our forefathers—from the Pilgrims to those who signed for us that divinely inspired document, promising us a Constitutional Republic to be governed by law rather than by the whims of men. With this thought in mind, amidst all the joys and distractions of families reunited at this season, let's mark our calendars for November 30, lest we forget.

For information call 796-4578.

Chamber Chatter

This Saturday night, November 27, the VFW and Ladies VFW Auxiliary will hold their "Remodeling Celebration" dance and barbecue at the Bandera Recreation Center. This organization has been working hard during the past weeks to give the Recreation Center a new look. They have paneled and painted the inside of the center and are in the process of paving the road and parking area. For a $1.50 donation at the door you will get a free barbecue, keg beer and dance. Serving will begin at 6:30 p.m. and dancing will start at 8:30 p.m. We urge all Bandera County citizens, especially Chamber of Commerce members, to attend the barbecue and dance November 27.

The Chamber of Commerce Float Committee has been hard at work rebuilding and redecorating the float this past week. They are presently making plans to attend the "Happy Holiday Christmas Parade" in Kerrville on December 4. The committee wishes to thank Eugene Maier of Flying L Ranch for allowing them to use one of the hangars while they are working on the float.

We, the editors of Chamber Chatter, would like to take this opportunity to wish everyone a warm, peaceful and Happy Thanksgiving.

Munns Have Baby Son

Mr. and Mrs. James E. Munn are the proud parents of a baby boy born November 2, 1976, at Baptist Memorial Hospital in San Antonio. The little boy was named Kevin Alan and he weighed 8 pounds and one-half ounce. He is being welcomed by his two year old brother, Danny, and his grandparents, Mr. and Mrs. Warren Wheeler of Bandera, and Mr. and Mrs. James F. Munn of San Antonio; and great-grandparents, Mr. and Mrs. Allie C. Allsup of Medina and great-grandmothers, Mrs. Clara Munn of Fort Worth and Mrs. Gladys Crownover of Miami, Oklahoma.

Mrs. A.W. Dewoody of Dilley is here to spend the Thanksgiving holidays with her daughters and families, Mr. and Mrs. Bill Brient and Mr. and Mrs. Marvin Hay.

Historical Survey Association Meets

Mrs. A.B. Lewis, chairman of the Bandera County Historical Association, presided Friday at the regular monthly meeting of the Association held at 3 o'clock in the Community Room of the First State Bank. She opened the meeting with prayer and Mrs. Howard Graves called the roll, read the minutes and gave the treasurer's report.

Roll call was answered with interesting or historical facts. Mrs. Lewis read the following interesting paper on on one of Bandera County's noted early day citizens: T.M. Knatcher:

All over Bandera County there are people whose last name is Keese. They were early settlers in this part of the state, but the man I want to tell about was not a Keese but a grandfather of a Keese who still lives in Bandera County. Miss Vivian Keese' grandfather, T.M. Knatcher, was born in Karnes County on the San Antonio River in 1856. His father, Jim Knatcher, a blacksmith, moved the family to Gonzales County in 1857, and later to Lavaca County. T.M. Knatcher's first job at age 12 was driving a horse powered cotton gin. Later he delivered mail and in 1871 started up the trail for White and Adkinson with a herd of 2500 cattle.

Other drives followed, some good, some ending with cattle dying on the trail during the severe drought of 1873.

In 1874, T.M. began driving a team of fine yoke of oxen hauling lumber from Austin to Prairie Lea.

He lived in Uvalde County, still working cattle going all the way to the mouth of the Rio Grande to bring cattle up into the hill country. On this trip he followed the Frio River to its head not far from the head of the Nueces on across the divide to the head of the Llano and San Saba rivers camping one night where Rocksprings now stands and on to Fort McKavett and Brady.

In 1878, he married Miss Lursa Leach of Gillespie County. They had nine children. They lived in Gillespie County, Hays County, Atascosa County, and Bexar and finally in 1899, moved to Bandera County where he lived 15 years, before going to Mason County where he was a farmer.

After his wife died, he lived with various children, some of that time in Medina, Texas.

He died in 1927 at the ripe age for that day of 71 years—a Texas pioneer who was a trail driver, drove oxen, worked on ranches, farmed, and brought up a fine family.

The group discussed the printing of an historical 1977 calendar, which is hopefully to be ready for the Christmas season, and plans were made for its presentation at an autograph party. Mrs. Lewis appointed the following committees for this purpose: Mrs. Connie Villemain, Mrs. Minnie Hayes, Mrs. John Hammonds, and Mrs. J.C. Focke.

The group voted to dispense with the December regular meeting and will meet again in January.

Present at Friday's meeting were Mrs. Lewis, Mrs. Howard Graves, Mrs. Minnie Hayes, Mrs. Connie Villemain, Mrs. Ray Bennett, Mrs. Fred Mansfield, Mrs. John Hammonds and Mrs. John Saul.

Mail By Dec. 3

The Postal Service has advanced its suggested Christmas mailing deadlines for domestic parcels and letter mail to December 3 and 10 respectively, in anticipation of an exceptionally high mail volume, reports Postmaster Joe Short of Bandera.

The impact of greatly increased mail volumes generated by the 15-state United Parcel Service strike in the East and South, and its residual effect on other parts of the country, necessitates asking the public to mail even earlier than normal.

The Service expressed confidence it will continue to be able to cope with the increase, with the cooperation of the public and major mailers.

Parcel volume is up significantly nationwide, and letter mail is also on the rise. Most of the increase, to date, has been from large volume business mailers, who presort their mail and deposit at scheduled, non-peak hours in plants prepared to handle it.

As Christmas nears, however, more and more of the mail will be from the general public, deposited at neighborhood post offices, branches and stations, on top of the already unprecedented business mail volume.

While priority will be given to letter mail, many postal facilities normally dedicated to letter mail may have to be used to prevent an unmanageable backlog of parcels.

Therefore, the public is strongly urged to deposit their parcels by December 3 and their letters and greeting cards by December 10 to assure delivery by Christmas.

It asks that customers mail as early as possible, use proper packaging materials and techniques, and properly address and ZIP Code their mail.

The previous suggested mailing dates had been December 10 for domestic parcels and December 17 for letter mail.

Suggested mailing dates for international mail are unchanged. However, customers are strongly urged to deposit overseas packages and greetings immediately, and to send them by airmail if they want to assure delivery by Christmas.

Banderan In Competing Team

UVALDE—Southwest Texas Junior College fielded the first place girls' rodeo team Nov. 12 in the Wharton Junior College rodeo competition in Simonton.

The SWTJC boys' rodeo team placed sixth out of 23 schools entering the season's first regional National Intercollegiate Rodeo Association competition.

"The points we made in this first rodeo," commented team coach Chilton Stoner, "count toward going to the national finals in Montana. It's a good start."

Girls' team members who rode their way to a championship finish are Charlotte Gulley of Uvalde, Suzanne Snyder of San Antonio and Sita White of Three Rivers. Miss Gulley won the barrel racing competition with a time of 15.49 seconds, and Miss Snyder placed third in breakaway calf roping.

Members of the boys' team competing in the rodeo are Clay Billings of Bandera, Tim Barton of San Antonio, Jerry Speer of Carrizo Springs, Scott Brauchle of San Antonio, Sam Garza of Tilden and Robin Brittain of Sinton.

Brauchle placed third in bareback riding while Garza and Speer placed fifth in head and heeling.

Mr. and Mrs. H.L. Goff and Mrs. Irvin Cowley visited Al Fey in Wilford Hall Hospital Monday and found him much improved from major surgery which he underwent last week. He is presently recuperating in 2T, Wilford Hall Hospital, San Antonio, Texas, and has many friends here who hope he will soon be well again.

Friends here will be pleased to learn that Mrs. Martin Smith's father, Floyd Powell of Stephenville, is recuperating nicely from recent surgery.

Property Owners Face Tax Increases

Bandera County property owners may be facing ad valorem tax increases of unbelievable proportions next year unless the 1977 session of the Texas Legislature enacts major changes to House Bill 1126. According to the executive director of Texans for Equitable Taxation, Mike Moeller, the property appraised value in Bandera was recently increased 300 percent by the Governor's Office of Economic Resources. The Medina property appraisals went up 41 percent.

Moeller, who spoke at a meeting of concerned property taxpayers in Bandera Monday evening, said that the higher property appraisal by the Governor's Office and the current statewide effective tax rate of 35c per $100 value will force closure of many public schools and put an intolerable tax burden on most property owners throughout the state.

At the same time the new appraised values were released, Governor Briscoe stated that he would recommend to the Legislature that the effective tax rate be reduced from 35c to 9c. Moeller emphasized that the Governor could only recommend a reduction and that chances of the Governor's proposal passing both houses of the Legislature were only marginal. Even if the proposal should pass unchanged and the tax rate lowered to 9c per $100, Moeller said that because of the higher appraised values in Bandera County, Medina ISD faces a 300 percent increase next year in its financial share of the school foundation program. Bandera would face an increase of 42 percent. Both school districts have already had their school finance share increased 150 percent by the state since the 1974-75 school year.

Texans for Equitable Taxation is a statewide coalition of ad valorem property taxpayers and school boards who are working together in an effort to reverse skyrocketing property taxes.

Moeller further emphasized that the cause for these property tax increases rests at the state level and not with local tax districts. If relief is to come, it must come from the state Legislature."

As a concerned citizen, anyone can help by joining Texans for Equitable Taxation. Anyone interested in TET should contact Barbara LeSturgeon, Bandera County Coordinator, at 796-4509 or write directly to TET, 1011 Congress, Suite 513, Austin, Texas 78701.

Miss Tacy Tajan of Yelcapa, Jal; Mexico, was here last week for a visit with her mother, Mrs. Mary Tajan.

THANKS FOR THE THANKSGIVING HOLIDAY
By Kevin Riley

Thanksgiving Day, a special day set aside each year so that people can sit down and give thanks to whomever they wish. But for me it is several days together with my family, to relax and unwind from the hectic everyday school life.

Today most teachers do not realize that the student is as busy or even busier than they are. To prove this I will use one student as an example.

He rises at 6:45 every day to prepare himself for school. First period is government where he takes notes every day; he has a special project each six weeks. This is not counting tests or homework which occur regularly. All this just to make a decent grade in government.

Second period rolls around which is journalism. There are a million things to be done in the class. To name a few: a write-up or two each week, preparation of the year book, and running here and there getting people for pictures. When third period arrives he is usually tired and not really mentally ready for trig and elementary analysis. It is a real small class, so he can get a lot of needed help. English IV comes up at fourth period. In English there is always something to take home to do. Whether it be studying for a test or a composition to write.

Now the student is allowed a break so that he may worry about the things he has to have done by the next day. The bell rings due to the fact that it is time for fifth period. During this period our subject is teacher's aid for a biology I class. In the class he keeps the lab clean and prepared the lab for the next class. Atheletics during sixth period presents a new problem. The perfect athlete is supposed to forget about everything in life except sports.

If this is not enough to drive the student insane then comes the organizations. He is active in Student Council programs which require a lot of time. Everyone in the school wants everything done and he just can not find time to accomplish this.

Home life comes as soon as the bell rings. He must go home and here face obligations at home. There are chores to be finished by dark. Cars must be worked on to keep them in shape. Mom and Dad always have something that they need help with. Everyone tells him that he should be planning for the future, but when does he have the time?

So I say thank you for the Thanksgiving Holiday. It gives me a chance to relax, unwind, and enjoy my family.

SNACK BAR, WOW!
By Carol Teich

Friday, November 19, Student Council officers, Pen-n-Paw editors and sponsor, and the administration of the high school met to discuss the possibility of a snack bar in the lunch room. Items discussed were the possibility of the snack bar, and what foods would be availabe. As of this moment, the snack bar is not definite, but is being considered. These are some possible items on the menu: a hamburger basket, containing a hamburger, French fries, milk, and fruit. Possibly chicken, chalupas, hot dogs, and pizza.

A suggestion box will be placed outside the office on top of the book-drop for other suggestions on the food that might be served.

PICK AND DRIVE TO VICTORIES
By Susan Andreas

Bandera girls basketball teams enjoyed sweet revenge on the Hondo Owls by winning three straight games November 18.

Freshmen played a good game with Shorty, alias Sharon Boyd, who was the talk of the night. The score was 70-23, our favor. Then the JV won by playing a little football here and there, and with Connie Buxkemper sinking 35 points. The score was 66-28 our favor. Varsity took control of the night by breaking 80 points and winning. The score was 81-37.

Come support both the girls and boys teams as they are predicted to win district.

J. Marvin Hunter Historical Contest

Following are the top four essays of the recently conducted J. Marvin Hunter Historical Contest.

Students of Mr. Acton's Advanced American History Class participated.

J. Marvin Hunter Historical Journalism Contest
By Debbie Boyle

On October 13 and 14, Mr. Acton's advanced American History Class visited the Frontier Times Museum. In this old museum are to be found many unusual and interesting items collected by the late Mr. J. Marvin Hunter.

Pottery was one of the most interesting exhibits. On the shelves of pottery, one of the really outstanding items was an antique bowl made by Aztec Indians. There was also beautiful Mexican Glazed Pottery from Reynosa, Mexico.

Bottles and jugs of every size, shape, and color can be found. One of the interesting jugs was a rather large one, which had been used to hold Vinegar. This jug was approximately 86 years old. There were also soda bottles made by the Bay City Bottling Works in 1880. In this collection of bottles, were some beer bottles more than 50 years old. The bottles made then are much larger than todays. A Mexican demojohn was another thing from the past. The one at the museum is a real collectors item.

Glassware and pottery have played an important role in history. In the museum there are several dishes which date back over a century. One platter which is over a 100 years old, has a beautiful rose pattern. Another brought from Scotland had an unusual and interesting design. Another unique object from the past was a rare old dish from ironstone. There were many other pieces of China on exhibit, one of which was a sugar bowl used on a ranch here in Bandera County more than a century ago.

Goofus Glass, because it is so unusual, was the most interesting of all. This glass is extremely thin, with rose or water lilies in the design. The interior was sloshed with black and the designs on the outside had been touched up with colors, much as finger painting is done today. This art form started in the 1880's.

The museum has many other things of interest to offer a visitor, but no one should overlook the beautiful glass and pottery exhibit in this fine museum.

The Frontier Times Museum
By Max Tibbett

Recently, our History Class took a field trip to the Frontier Times Museum. The last time I was there I was only four years old and this time I was really amazed at the amount of truly interesting objects that a town of this size has amassed.

I would recommend that you would go there even if just to see the collection of bells. There are Chinese bells and gongs; one made in 200 B.C. There are some British chimes and one bell that rings a few seconds after you pull the chain. It really is a marvelous collection.

Another interesting item in the museum is a shrunken head which I have heard used to have fairly short hair but it now is very long. Who knows?

There is an interesting collection of music boxes, most of which probably don't work but are fascinating just to look at. One, brought from Switzerland, at one time had bells and a sort of drum accompaniment to the music.

In the museum there is a collection of paintings done by local artists on display, some of which are by Bic Doane, a fantastically brilliant man, inventor, philanthropist, and lover of western art.

Even the building itself is interesting. There are two fireplaces, each with it's own interesting design. One has marbles implanted on the front that spells out "J.M. Hunter". The other one also has shells arranged in an unusual design on the front and the original mill stone out of the old grist mill operated by the Mormons.

Mrs. Batto, the curator, is a very interesting person and another good reason to go there.

Frontier Times Museum
By Pat Wright

Our visit to the Frontier Times Museum was a very interesting trip into the past. There are all types of history about people and their culture.

In the museum there is a kid goat with two heads and four eyes which was born on the Henderson Ranch in Edwards County in 1930. The goat was presented by Ted Hillman of Bandera. Another interesting type of animal was Albert the alligator, and how he got there is a mystery, for only J. Marvin Hunter knows.

Another weird thing was a harpoon found in the Medina River. There are types of ringing bells that date back 2000 years B.C. and when you ring them, they still have a beautiful tone. There are also army rejects that are in the museum like the bombs. An interesting story about one of the bombs, was that it was still alive and if it had been dropped on the floor, it would have gone off. Luckily a bomb expert disarmed it. If you are proud of your history, go into the museum and learn more about history.

Typewriters Of The Frontier Museum
By Leslie Robbins

The Frontier Times Museum is the home of many interesting things which have very fascinating stories behind them.

One item of interest to me in the museum, are the many different types of typewriters. Typewriters have improved and changed drastically over the years. One of the early typewriters displayed in the museum is a Blickens Derfer Typewriter. It is one of the first portables which was patented in 1892.

The keyboard as we know it today is a lot different than keyboards on the older models. Many of the keys are rearranged and the typing element comes from either side and are shaped in an arc.

The typewriters on display are only a few of the historic articles found in the museum. So, if you are interested in seeing some earlier models of typewriters or many other early American displays, go to the Frontier Times Museum.

AN ORDINANCE FIXING AND DETERMINING THE GENERAL SERVICE RATE TO BE CHARGED FOR SALES OF NATURAL GAS TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF BANDERA, BANDERA COUNTY, TEXAS, AND PROVIDING FOR THE MANNER IN WHICH SUCH RATE MAY BE CHANGED, ADJUSTED AND AMENDED.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BANDERA:

SECTION 1. Effective with the first gas bills rendered from and after thirty (30) days from the date of final passage of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Bandera by Lone Star Gas Company, its successors and assigns, is hereby fixed and determined as follows: First 1000 Cu. Ft. or Fraction Thereof $3.000. Over 1000 Cu. Ft. at $2.345 Per MCF.

No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period, except that where customer's only use for gas service is in an outdoor grill and-or a fireplace starter, the amount shown for the first consumption block shall constitute a minimum monthly bill.

ADJUSTMENTS

The amount of each monthly bill computed at the above-stated rates shall be subject to the following adjustments: Plus or minus the amount of any increase or decrease, respectively, above or below the $1.3488 per Mcf level in the intracompany city gate charge as authorized by the Railroad Commission of the State of Texas or other regulatory body having jurisdiction for gas delivered to Lone Star Gas Company's distribution system for sale to residential and commercial consumers where such changes are caused by increases or decreases in the cost of gas purchased by the Company; plus an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed or imposed subsequent to July 1, 1976, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract. Company, at its option, may forego the application of any adjustment if such adjustment would result in an increase in the monthly bill; however, failure of Company to apply any adjustment shall not constitute a waiver of Company's right from time to time, or at any time, to make any adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

All bills shall be due and payable when rendered.

The above rate is applicable to each residential and commercial consumer per meter per month or for any part of a month for which gas is used at the same location.

In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

SECTION 3. It is hereby found and determined that the meeting at which this ordinance was passed was open to the public, as required by Texas law, and that advance public notice of the time, place and purpose of said meeting was given.

PASSED AND APPROVED on this the 1st day of November, A.D. 1976.

Richard T. Pawly, Jr. Receives Commission

Richard T. Pawly, Jr., son of Mr. and Mrs. Richard T. Pawly, Sr., of Lakehills, has been commissioned a second lieutenant in the U.S. Air Force upon graduation from Officer Training School at Lackland AFB, Texas.

Lt. Pawly now goes to security police training school at Lackland.

The lieutenant, a 1964 graduate of Medina Valley High School, Castroville, received his B.A. degree in 1976 from Texas Lutheran College.

PCVFD NEWS

Elected to office at our annual meeting were Phil Martin, Fire Chief; Robert Jordon, 1st Ass't. Fire Chief; Jim Sharp, 2nd Ass't. Fire Chief; George Hohon, President; Alley Meyer, Vice President; Ed Costello, Treasurer; Walter Baker, Ass't. Treasurer; Bob Turner, Secretary; Milton Lewis, Sergeant-at-Arms; and Jack Taylor, Communications Officer. They assumed office immediately following the election and are working at their new jobs.

Final figures show we earned $1,355.25 at the fall barbecue.

The Ladies Auxiliary gave us $1,000, but wouldn't you know the Green Monster (our grass and brush fire fighting water carrying giant) needs repairs which could cost that much. It runs but we cannot be certain for how long. Fortunately, this does not come as a complete surprise and we have funds for repairs. Chief Phil Martin is donating his labor for these repairs once they are approved by the membership.

Five members are attending the fire fighting classes being conducted by Texas A & M at Medina Lake. Subjects covered so far are pumps, nozzles, ventilation and electricity.

Chief Clint Oehler of Medina Lake invites you to attend the remaining three classes December 1, 8, and 15th at 7:30 p.m. at the fire hall. Departments represented at these classes are Medina Lake, Geronimo Village, Mico, Castle Lake and Pipe Creek. The opportunity to learn together should make for greater efficiency and safety if we ever have to work together.

Our next business meeting will be December 9th. As a member, you have the right to attend meetings, debate, make motions, vote, nominate and hold office. Also, as a member, you have the duty to attend. We hope to see you there.

Bob Turner

MR. AND MRS. MYERS WILL BE HONORED ON ANNIVERSARY

The ladies of the "Joy Sunday School Class," will honor their teacher, Mrs. Homer Myers and her husband on the occasion of their 50th wedding anniversary at a reception at the Pipe Creek Baptist Church on December 11, 1976, at 2 p.m. Friends are cordially invited to attend. No presents, please.

This date fell on Saturday, December 11, fifty years ago.

THANKSGIVING RECEPTION

A Thanksgiving reception was given after church services Sunday night at the Baptist Church, which was enjoyed by many people. The food was wonderful.

Mr. and Mrs. John Carr of Mississippi attended church services here in Pipe Creek Sunday.

Mrs. Keith Mansfield and children, Bo and Connie, came in by plane to San Antonio Saturday after they spent the week with Judge and Mrs. David Turner and children in Bonham.

Mr. and Mrs. James Holt were here this past week from California. They visited many relatives and friends while here. Mr. Holt grew up in Bandera and has many old friends here who are always pleased to have a visit from them. While in the city, he paid the Bandera Bulletin a pleasant visit.

At The Library

To talk of many things.....

A lot of folks have been requesting special books through the Interlibrary Loan Service lately, which is fine, but it would help tremendously if the title, author, and other information were correct. Also helps to have the publisher and date of publication, and where you heard about the book, such as a talk show, Sunday newspaper, etc. All such special requests are sent to the San Antonio Main Library to their Interlibrary Loan Department. If the information is not correct, or is incomplete, they cannot process the request and ask us for more information. Since they process up to several hundred requests per day, they generally do not have time to do a great deal of research on one book. We try, here at Bandera County Library, to verify all requests before they go in, but the very new books are not yet in the Books-In-Print, which is our main tool to use in verification. The more information you can give, the faster you will get the book.

A reminder that we do swap paperback books one for one, but please only books with the covers in tact, in good condition, and with no missing or loose pages. We have paperback books in romances, westerns, Gothics, science fiction, general fiction and general non-fiction. We also accept donations of paperbacks.

If you would like a long-lasting rememberance for a deceased friend, relative or loved one, the library would be happy to accept your donation, of either cash or a book or books. We send cards to the persons whom you designate, telling them of your contribution in memory of their loved one.

We have a new "Encyclopedia of Antiques", "The Pleasure of Crewel", "A Book of Memories", (Poems), "Jefferson", (a biography), by Smith, "The Complete Book of Camping", "Enterprising Women", by Bird, and some new hardback mysteries.

There are numerous over-due books, some of which have been over-due a long, long time. If you feel you maybe guilty in this respect, please look and see if you can find them and drop them off at the library. We are excusing all fines from Nov. 29 through Dec. 10. So you can bring back the overdues for freebies during that time.

During the month of October, 1051 books were circulated. There were 12 Interlibrary Loan books received for patrons, sixty-nine people used the library for reading, study and reference, and four 16 mm films were checked out.

Band Booster News

The Band Boosters met November 18, at 7:30 p.m. in the Band Hall. The meeting was brought to order by Mrs. Ed Merris, Co-President. Minutes of the last meeting were read and approved and the treasurer's report was given.

A report was given on our last concession stand. It was reported that we had not done as well this time as we had done on our first one. It was felt this was due to the fact that we didn't have as large a crowd, plus the fact that we did not ask for any free items this time; (in lieu of sending cupcakes or sandwiches and 50c) we asked each family for 75c and bought all items which were sold. Everyone has not sent their money in as of yet and a reminder note has been sent out, to be taken home by the students. We hope this will bring our stand's profit up a little more.

The Christmas Concert was discussed. It will be held Friday, December 17, at 8 p.m. in the high school gym. A charge of 50c per person will be made for the concert, and there will be pre-ticket sales. Refreshments will be served in the Cafeteria following the concert. The Fifth, Sixth, Concert and our High School Band will all be performing that night, so be sure to come out and listen to some beautiful Christmas music. Get into the spirit of Christmas, by listening to beautiful music, while thinking of the true meaning of Christmas, "Peace on Earth and Good Will to all Men." It will also be a great time to gather with old and new friends and wish each and every one of them a Merry Christmas. We think you will be pleasantly surprised with this year's concert.

Presentation of Band Beau and Band Sweetheart candidates will also take place at the Concert.

A report was given by Band Director Ron Pierce, on the Marching Contest held in Hondo, November 6, and a film was also shown of it. After seeing the film, we all "still" agreed we deserved a One Rating, but we're proud of our band for the Two they received.

Band Director Ron Pierce, all of the Band Students and the Booster Club wishes everyone a very Happy Thanksgiving.

The refreshment table held a beautiful cake in the shape of a baby carriage, fruit punch, nuts and mints, and a fresh flower arrangement of yellow and white mums.

Heisler, Lucille Wernette, Geneva Dowell, The Allerts, Nancy Foster, Mr. and Mrs. Marion Heisler and children, Doni, Missy and Ray, Pearl Edwards, Lanona Hearn, Joe and Sherry Heisler, Judy Rody, Mr. and Mrs. W.R. Attention, Householders!

Dear Householder:

Statistics show that less people are buying new homes and more people are making improvements on the homes they already have.

The purpose of this letter is to acquaint you, the folks of Bandera, with our company and what we do. We have been working around the Hill Country area for about two years now, and we have good references, both personal and in business. Whether it be an addition to your home, cabinet work, wall papering, roofing, concrete work, floor coverings, or painting, no matter how small or large the job, we are sure you will be happy with our work.

Many people have told us they have trouble getting someone to do small jobs, at times even having to get someone out of San Antonio or Kerrville, but we will be glad to give you a free estimate on any job you might have in mind. So, if you are planning anything of this nature in the future or if you have a friend who is considering making improvements, please give us a call. We will greatly appreciate your business.

Martin - Jackson Vows Read

Mr. and Mrs. Wesley Martin Photo by Oehler

On Saturday, November 20, at 7 o'clock in the evening, Miss Janice Jackson became the bride of Wesley Martin. Vows were exchanged at the Park Road 37 Baptist Church in Lakehills.

The bride is the daughter of Mr. and Mrs. Buster Jackson of Lakehills and the groom is the son of Mrs. Walter Prescott.

The bride was given in marriage by her father. She wore a floor length dress of Chantilly lace with long tapered sleeves. Her floor length veil was of tulle and was trimmed in lace matching her dress. It was held in place by a crown of lace. She carried a bouquet of carnations and a removable corsage and a white Bible.

On either side of the altar were tall candelabra holding red, white and blue candles. On the altar were two white candles for the bride and groom. Candle lighters were Rhonda and Randy Newman.

Mrs. Kathy Ellis accompanied Chuck Prescott on the organ as he gave a beautiful rendition of "Because", "Until the Twelfth of Never" and "We've Only Just Begun."

Officiating at the ceremony was Brother Pat Patterson, minister for the Park Road 37 Baptist Church.

Maid of honor was Denise Tomlinson. Bridesmaids were Debbie Jackson, Susan Newman, and Sherry Jackson. The bride's attendants were gowned in floor length dresses of polyester with chiffon sleeves trimmed in red, white and blue. They each wore white straw picture hats and carried bouquets of red, white and blue carnations.

Flowergirls were Cindy Jackson and Amanda Tomlinson. They wore floor length dresses of chiffon and polyester and carried wicker baskets of flower petals.

Attending the groom as best man was his brother, David Martin; and groomsmen were David Roach, Rusty Jackson, and B.J. Jackson, Jr. Ring bearer was Paul Prescott.

Ushers were Joe Jackson and Mike Ellis.

For her daughter's wedding Mrs. Jackson chose a floor length dress of red polyester, trimmed in white lace. The groom's mother was unable to attend due to illness.

Miss Mary Tomlinson presided at the guest book.

Following the wedding a reception was held in the Fellowship Hall of the church. The lovely four-tiered wedding cake was made by Walter Roach. It was decorated with red, white and blue flowers. The cake was served by Mr. and Mrs. Walter Roach and Mrs. Patterson. Mrs. Kathy Ellis served the punch.

The groom's table was attended by Mrs. B.J. Jackson, Jr., and Mrs. Felix Berlinger. They served German chocolate cake and coffee.

After a honeymoon touring different places in Texas, the couple will be at home in Fort Worth, Texas, where the groom is stationed with the U.S. Air Force.

Nov. Sales Tax Rebates For Bandera

AUSTIN—Comptroller Bob Bullock announced that his office mailed checks totaling $13.2 million to 640 Texas cities as their November rebate of the one-cent city sales tax.

Bullock said this raises to $252.2 million the amount that the cities have received in rebates this calendar year, an increase of $28.5 million—or nearly 13 percent—over the same period a year ago.

"This increase in consumer spending is a good sign that the Texas economy is on the right track," Bullock said.

The rebate checks ranged from $2,532,776 for the city of Houston to $501.38 for Springtown.

The city sales tax is collected along with the state sales tax by retailers. The Comptroller's Office rebates to the cities their share on a monthly basis.

The City of Bandera's city sales and use tax allocation for this period was $1,718.83.

Successful Celebration

The "Remodeling" celebration at the Bandera County Recreation Center Saturday, November 27, was a huge success. It was a rejuvenation of spirit, friendships, attitudes, memberships and communication among our good county folk.

After a barbecue supper was enjoyed, dancing was started with the Kountry Rhodes Western Band furnishing the music.

Speakers for the evening were Jeff Brown, VFW Commander of Post 9176, Mrs. Edna Brown, President of the Ladies Auxiliary of the VFW Post 9176; Ross Bailey, District Commander and Master of Ceremonies; Judge W.O. Hatfield, Jr., Mayor W.D. Smith, Telvy Robbins, Chairman of the Bandera Recreation Center Board and Richard Weber, who represented the Bandera Chamber of Commerce.

We wish to thank everyone who braved the cold and came out to help us celebrate, and a very special "thank you" to everyone who has helped in any way, large or small, to keep this "up-grading" of the County Center moving.

To this date an enormous percentage of our citizens, county-wide, are contributing in some manner to this project.

With spirit like this, Bandera County will win any battle it goes into.

Thanking you all,
VFW Post 9176
and Ladies Auxiliary

Purple Hills Tidings

By Ida

Though the weather was very cool Sunday afternoon, our residents gathered in the living room for the worship service conducted by Martin Smith, minister for the Bandera Church of Christ. Hoyt Hamrick offered the prayer and Marvin Hay directed the singing of beautiful hymns. Among those who registered for the service were Mr. and Mrs. Hoyt Hamrick, Mrs. Beth Brock, Mrs. Mada Wedgworth, Mrs. Roland Thallman, Mrs. F.A. Mansfield, Mrs. Elmo Reeves, Mr. and Mrs. Martin Smith and daughter, Penny, Marvin Hay, and Mrs. John V. Saul.

Mrs. Emma Jenschke's guest last Monday was her grandson, Bill Jenschke.

Mrs. Zula Martin, R.N., our director of nursing, was in San Antonio last Friday for the nurse's convention.

Miss Maggie Causey was in Leakey Tuesday for the funeral of her cousin, Dick Causey. We extend our sympathy to Maggie and all the loved ones.

We had a good staff meeting Tuesday and, as always, our employees' birthday party. The honored guests for this month were Albina Mazurek and Ethel Kutzer.

Mr. and Mrs. Scott McKay of San Antonio, visited Miss Emma Strum Tuesday. We thank these nice folks for the wonderful coffee cake.

Miss Joy Vawter and her Homemaking Class No. 1, came last Monday. Members of the group were Cindy Bates, Deddie Blair, Betty Cummings, Brian Cummings, Paula Chastain, Mike Foster, Jose Lopez, Ricardo Lopez, Bridget Nothe, Maria Rodriguez, Melinda Rodriguez, Terry Cardenas, James Rettko, Thomas Rodriguez, Mike Macon, Darlene Tindle, Carl Tindle, Beth Mulqueeny, Clifton Wilkinson, Terre Morris, Robin Williams, Cindy Short, Paul Schmitchel, Irene Villanueva, Roger Stevens. We thank these young people for giving of their time to visit us.

We had a real treat last week when the Cherub Bell Choir of the United Methodist Church came for a concert. These youngsters are good and how we enjoyed them! Members of the group were Brenda Hazekamp, Scott January, Gayla Adams, Thomas Howell, Lorie Robbins, Tommy Adams, and Sharon McMullan. The director is Mrs. Gloria Robbins. Accompanying the choir were Mrs. Earl Howell, Mrs. Peggy Adams and Troy, and Mr. and Mrs. Joe McMullan.

Sure is nice having Mr. Henry Adams around after his surgery.

Those in a group of Bandera High School Homemakers who came Wednesday were Raymond Carolan, Juan Huerta, Pat Ross, Jeanine Saur, Lee Wright, Lana Schaefer, Joanie Wallace, Denise Evans, Debbie Ziegler, Marcia Erfurt, Norma Rodriguez, Tonja Pollard.

There were many, happy people in this home Wednesday when the Girl Scouts came for a visit with their "adopted" grandparents. This is a wonderful and good thing for these young ladies. Those in this group were Sandra Riedner, Christine Caloss, Tina Doebbler, Laura Wilton, Lisa Vakey, Wendy Valdez, Joy Smith, Nancy Herriott, Penny Smith, Debra Mangold and leaders, Mrs. Mary Ann Smith and Mrs. Elouise Mangold. These young ladies sure bring a lot of good cheer when they come to visit their "adopted" grandparents and these folks look forward to their coming.

George Dale of Ingram visited with his mother, Lena Dale, Thanksgiving.

Ella Archibald of Seguin, and Mada Wedgworth visited with their many friends here Friday.

Mrs. Ray Haycraft and son, Lester of Medina, visited with Mrs. Cynthia Mayberry and Mr. Louis Reed Friday.

Mrs. Cynthia Mayberry's son, Andy Shipman of Ft. Worth, left Saturday for his home.

Miss Karen Fay Foltermann of Bryan, Texas, spent Thanksgiving with Mrs. Carra Standard and Mr. and Mrs. Gilbert Wendt. Miss Folterman is a student at Texas A & M University.

Mrs. Ivydell O'Neill reports a nice Thanksgiving at the home of her son and family, Mr. and Mrs. Frank O'Neill at Boerne, where her daughter and husband, Mr. and Mrs. Charlie Webber of Lakehills, joined them.

Mrs. R.C. (Faye) Christian visited with her mother, Mrs. Billie Burns, Thanksgiving.

Miss Jeanine Hicks of Waco, visited her grandmother, Mrs. J.B. Connally, and her aunt, Miss Estelle Harris, last Friday. She spent Thanksgiving with her parents, Mr. and Mrs. D.W. Hicks (our Big Bosses).

Mrs. Myrtle Lewis' guests the past week were Mr. and Mrs. Olan Buck and their special pretty music, also Betty Jean, William J. and Sarah Rogers, and Myrtle Lewis all of San Antonio, and J.D. Jones of Pipe Creek.

Mrs. Alice Mellis had a nice week visiting with Florence Swanson, Elva Keeling, Eva Jean Keese, Mrs. Leroy Keese and daughter, Nancy Kay of Brady. She is still enjoying the Thanksgiving "goodies" they brought.

Lottie Anderson's guests last week were her brother and wife, Mr. and Mrs. J.J. Anderson of Medina, Mrs. Lydia Loyd of Bandera and Mrs. Judy Loyd and young son, Jerry of Watauga, Texas.

Mrs. Hester Hay's guests were Mrs. A.V. Pue, Mrs. Nora Thallman, Mrs. Lena Mansfield, Miss Sabinita Herrera, Mrs. Elizabeth James and daughter, Minneana James and Gene and Glen Hay of San Antonio.

It has been real nice having Minneana James, who spent the Thanksgiving holidays at home, visit with all her friends here. She is a student at Texas A&M.

We are deeply grieved at the loss of our Mrs. Emma Jenschke, who passed away Saturday morning. Mrs. Jenschke celebrated her 90th birthday the 18th of November. We extend our sympathy to all her loved ones and please come see us sometime.

We had a nice visit last Saturday with Mr. Elmer Hertel and Mrs. Arthur Roberts, who are Gideons, from Kerrville. We thank these nice folks for the Bibles to be placed in our rooms.

Mrs. Billie Burns enjoyed visits the past week with her son, Allan Burns of Freeport, Texas, Mrs. Lena Mansfield, Mrs. Helen Rugh, Mrs. A.V. Pue and Mrs. Harriett Stricker.

Mrs. Lois Cullom's son "Fritz" Cullom of Center Point, came Sunday afternoon. He also visited with Mrs. Landreth.

Mrs. Carl Moore of San Antonio and Mrs. Wesley Moore of Jourdanton visited with Mrs. Lillie Rawles last week.

With all the activities going on around here one would think something exciting is going to happen. Smell of cookies coming from the kitchen, big boxes of pretty colored lights and strange looking boxes. Really, it is looking a little like Christmas. As we hear and see more we will keep you posted.

Our thought for the week — It may only be a hand-shake, or a pleasant "Howdy-do?", but it's worth a lot of money, when you're feeling sad and blue. — Anon.

Big Changes Eyed In State Property Tax

AUSTIN — A study committee of legislators and citizens put the final polish Saturday on a proposal that, if passed by the 1977 Legislature, would make sweeping revisions in the way Texas assesses and collects property taxes.

However, taxpayers throughout the state will get a chance to have their say before the proposed new tax code gets to the 65th Legislature.

Rep. Wayne Peveto, D-Orange, chairman of the committee, said the "tentative final draft" of the 193-page bill would be presented at a news briefing Dec. 3.

It will be followed by a series of public hearings that begin Dec. 13 in Austin, followed by others at Arlington, Midland, San Antonio, Victoria, Amarillo, Corpus Christi, El Paso, Longview, Lubbock, Harlingen, Houston and Lufkin.

Awaits okay

"The final vote by the committee will not come until after we have heard from the people," Peveto said Saturday.

In a long session Saturday the committee, aided by a citizens advisory group, put its final approval on a plan that would set up a new statewide organization to guide and watch over all property tax assessing and collecting in Texas. It would be tied into local units not only on assessing and collecting but also on tax appeals.

The committee approved Saturday the creation of a new State Property Tax Board of six members appointed by the governor and confirmed by the Senate that would be responsible "for coordinating the appraisal activities of local appraisal offices and for assisting local property tax officials to ensure that the property tax system is administered efficiently and equitably."

New groups

There also would be established a Council of Appraiser Examiners of six members to oversee the registration of all property appraisers in the state.

Present county-tax assessor-collectors would be exempt from the registration. The plan also would provide for certification of appraisers with specialized skills and professional ability.

A third new state body to be created would be a Property Tax Appeals Commission of three members to handle taxpayer appeals at the state level.

At the local level, if the legislature approves the committee's recommendations, the responsibility for appraising taxes and for assessment and collection would be divided.

There would be a County Appraisal Office with a chief appraiser to set the market value of all property within a taxing unit.

Then there would be a County Property Tax Council, of five members in larger counties and three members in the smaller, to oversee assessing and collecting taxes.

There also would be an Appraisal Review Board in each county.

Rabies Summary—1975

A total of 2,677 laboratory-confirmed cases of rabies were reported in the United States in 1975 — 478 fewer cases than for 1974 and 29 percent below the average for the preceding 5 years. Forty-seven states and Puerto Rico reported infected animals; only the District of Columbia, Hawaii, Idaho, Vermont, Guam, and the Virgin Islands reported no rabies cases. The states reporting the most cases were Texas (326) and California (290). Thirty states reported fewer cases of rabies in 1975 and in 1974, and 17 reported more. Infected animals most frequently reported, by percentage of the total cases, were the following: Skunks, 46 percent; bats, 19 percent; foxes, 10 percent; raccoons, 7 percent; cattle, 6 percent; dogs, 5 percent; and cats, 4 percent. Three human rabies deaths were reported — 1 each in Minnesota, California, and Puerto Rico.

On Christmas Mailings

"Thumbing through a sales catalog, choosing merchandise and dropping an order in the mail can be fun and an easy way to Christmas shop," according to Postmaster Joe Short.

"Most mail order firms rely on repeat business and usually provide fast shipment and quality merchandise. That's good business," he said.

"However," Postmaster Short warns, "if you order merchandise by mail and must wait a long time to receive it or never get it at all — that's bad business."

Postmaster Short points out that a Federal Trade Commission rule now protects customers who order merchandise by mail. The rule gives customers:

—The right to know when to expect shipment of the merchandise. For example, if an ad indicated a "rush" shipment in less than a week, the manufacturer must do so within that time. If no date is stated, the items must be shipped within 30 days.

—The right to cancel the order when shipment is not made within the stated time or the maximum 30-day period. The firm must indicate the delay and provide a free means for the customer's response, such as a postage-paid post-card. Customers may cancel the order or agree to the new shipping date.

—The right to receive a refund when canceling an order because shipment cannot be made within the prescribed time period. The seller must mail the refund within seven days after a customer cancels. If there is a credit sale, the firm has only one billing cycle to make the proper adjustment to the customer's account.

The rule, however, does not apply to the following mail order services: Photo finishing; magazine subscriptions; serial (more than one) deliveries except for the initial shipment; seeds and growing plants; COD (collect on delivery) shipments; and credit orders where the customer's account is not charged prior to the merchandise shipment.

When dissatisfaction occurs and the mail order company does not comply with the rules, the customer should contact the firm once more. If no results follow, two courses of action may be taken.

If the customer feels the company has not fulfilled its obligations under the Federal Trade Commission rule, a short letter — outlining all of the circumstances — should be mailed with a copy of the ad to: Director, Bureau of Consumer Protection (MO-P), Federal Trade Commission, Washington, DC 20580.

"On the other hand," Postmaster Short said, "when customers feel that they may be victims of a mail order fraud or believe that the Postal Service may help resolve a dispute with a company, they should immediately contact local postal officials at 796-4111.

"We are interested in protecting the public from promoters who exaggerate in their advertisements and try to erode confidence in shopping by mail, especially at Christmas time," Postmaster Short said.

Leo Mansfield of Lemon Grove, California, spent several days during the Thanksgiving holidays here with his parents, Mr. and Mrs. Fred Mansfield.

Social Security Eligibility

Social security payments account for one of the two largest shares of the income of the Nation's 23 million older people, according to Jules R. Gipson, social security branch manager in Kerrville.

"A Social Security Administration study indicates that social security payments account for 32 percent of their total income," Gipson said. " Wages and salaries account for another 32 percent."

The social security payments are a partial replacement of pre-retirement earnings. Social security pays about $3.7 billion a month to retired workers and their wives or husbands—and about $737 million a month to older widows, widowers, and dependent parents of deceased workers.

Eligible workers can start getting their full social security retirement benefits at 65, or reduced benefits as early as 62. Widows and dependent widowers can start getting reduced social security survivors payments at 60, or as early as 50 if they're disabled.

Assets account for 17 percent of the income of older Americans, according to the social security study. Other sources include private pensions, 6 percent; other government pensions, 4 percent; public assistance, contributions from friends or relatives, etc., 9 percent.

The Social Security Administration is an agency of the U.S. Department of Health, Education, and Welfare.

Anyone who wishes to apply for Social Security benefits or other Social Security business may see Mr. Tom Avant in the Commissioners' Courtroom, County Courthouse on Monday, Dec. 13 at 9:30 a.m.

Pledge of Allegiance

"I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

The original draft of the pledge is said to have been written in 1892 by James B. Upham, one of the publishers of Youths Companion, until 1929 a Boston, Mass., magazine.

The first version was, "I pledge allegiance to my Flag and to the Republic for which it stands; one nation indivisible, with liberty and justice for all."

At the first National Flag Conference, held in Washington, D.C., June 14-15, 1923, to adopt a flag code, delegates from patriotic societies, civic and other organizations substituted the words "the Flag of the United States" for "my flag". That change was made because it was thought that the foreign-born might have in mind the flag of their native land when they said "my flag".

Still another change was made at the second National Flag Conference in 1924 when the words "of America" were added. So, for 30 years the version was — "I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

Then in 1954 Congress added the words "under God" to the pledge and now we recite — "I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

The pledge of allegiance should be rendered while standing with the right hand over the heart. However, the federal flag code says that civilians will always show full respect to the flag when the pledge is given by merely standing at attention, removing their headdress. Persons in uniform render the military salute.

Trees and Shrubs of Bandera County

Mountain Laurel

By Steve Nelle, SCS

Mountain Laurel, also known as Mescal Bean is an evergreen shrub in the Legume family and grows in western Texas, New Mexico and northern Mexico. It grows to a height of 35 feet but is more commonly found as a shrub to 5 feet in poor limestone soils on steep hillsides and hilltops.

The leaves are 4 to 6 inches long and have 5 to 13 leaflets. Mountain Laurel flowers in March and April with a long showy cluster of violet flowers. Fruits are a pod appearing in September, with 1 to 8 constrictions, each containing one red seed.

Mountail Laurel is a problem on rangeland in Bandera County, competing with the native grasses and forbs. It increases after mechanical brush control and burning. The leaves and seeds are toxic to livestock and the seeds have narcotic properties and were used for this purpose by Indians.

JUNIOR HIGH GIRLS START BASKETBALL SEASON
By Charlene Teich

Thursday, November 18, the 7th and 8th grade teams traveled to Kerrville to play Peterson Junior High. The 7th grade lost 13-36 and 8th grade lost 8-32.

This was the 7th grade's first time in a real game, so give them time and they'll come around.

The 8th grade just couldn't get it together, but this is only the beginning of the season.

BIG LOSS!!!
By Charlene Teich

November 22, the Bandera Girls Varsity Basketball team met the Tivy Antlers at the Antler gym. It was a tough game but the Antlers pulled it through 45-35.

The Bandera girls couldn't seem to get it together. The offensive shots were off and they couldn't keep the ball on their end of the court. The defense had some bad spots too, but they were working very hard.

This makes the Bandera girls' record 2 wins-1 loss. The Antlers also have the same record, 2 wins-1 loss.

SENIOR SPOTLIGHT

Sheri Lyn Darden
By Anette Bates

Sheri Lyn Darden, daughter of Mr. and Mrs. Sam Darden, was the first baby born in Kerrville, Texas, in the year of 1959. Although she has lived in Bandera for all 12 of her school years, Sheri has had much experience in traveling; she has visited New Mexico, Arizona, Utah, Colorado, Nevada, California, Mexico, Washington, D.C., and Virginia. Of these, Colorado was her favorite because of the snow and beautiful mountains. Some day, she hopes to return to this scenic mountain region.

Sheri is active in all types of outdoor sports such as water-skiing, bike riding and swimming. She also has a horse named Tic-a-Dee which she rides for pleasure. The people who have influenced Sheri the most are Mr. Hundley and Mrs. Hay. She likes all of her teachers this year and feels they are the greatest. Franklin D. Roosevelt is an outstanding figure in American history in the mind of Sheri Darden. She says, "Even though he was struck with polio, he led us through the depression and World War II. He loved the people and gave them confidence through the hard times."

Miss Darden has a bright outlook on life. She feels you should always try to do your best in everything and have goals. Then when you reach a goal, find new goals to reach. Being a senior means a great deal to Sheri. It means having fun and goofing off with friends, but "it is also a time to think seriously of what you want to do with your life. It should be the best year of all 12, and it is! Being a senior is to remember all the good things that have happened in those 12 years." After graduation, Sheri plans to attend college and also hopes to raise and train horses.

Band plays a major roll in Sheri's life as she has been an active member of the Bulldog band for five years. She also participated in Junior Historians, N.H.S., and is this year's Secretary-Treasurer for the Student Council.

SENIOR SPOTLIGHT

Margie Rico
By Krista Connors

"Don't try to live up to other people's expectations, just be yourself." This great line of wisdom is Margaret Rico's main philosophy in life. Margie, as she is known by her friends and admirers, is the daughter of Mr. and Mrs. Juan Rico. She was born January 7, 1958, in San Antonio, Texas. Margie attended the Catholic school until the third grade and was then transferred to Bandera Elementary. She is now a senior at Bandera High School, and is a friend to many students and teachers.

Margie has participated in many organizations and activities. She has been in Junior Historians for one year, F.H.A. for two years, and the pep squad for two years. She also plays tennis on the tennis team.

Collecting turquoise, playing tennis, listening and dancing to disco music, and being a friend to everyone are just a few of the many talents and hobbies that Margie has. Her favorite people are Mr. Robinson, Mrs. Edwards, her parents, and her sisters and brothers. Being with Robbie and Bobbie Madrid is also something Margie loves.

Christmas is Margie's favorite holiday. She says, "Everyone is happy, and happy people make the world go round." She also feels that John F. Kennedy was a great president because of his great vitality and understanding of the young.

Being a senior to Margie means that it is time to face the world and its responsibilitiues. Most of all you have to make goals for yourself.

After graduation, Margie plans to attend the School of the Ozarks in Missouri. Because of her love for traveling, Margie will surely spend most of her time doing just that. Good luck, Margie, with everything you do.

BULLDOGS START SLOWLY
By Kevin Riley

Basketball has arrived in Bandera and the Bulldogs are off to a slow start. Varsity boys lost to Crystal City 36-33 and to Fredericksburg 61-45.

Bob Riley led the Bulldogs scoring in each game with 15 and 12 points. Fouls seemed to dominate the games, while hampering the Bulldogs' effort.

INTRAMURAL
By Jeanie Hickman

Intramural was the name of the cross-country track meet in which the girls Jr. High and High School cross-country teams competed Saturday, November 13, at Cotulla. It was their last practice meet before District.

These girls ran well, considering the cold weather of 35 degrees and a chill factor of 20 degrees.

In the Jr. High Division, running one mile, DeAnne Doebbler placed 1st, Dawn Bates 5th, Tina Foster 6th, and Sheila Montague 8th.

The High School Division ran 1½ miles, placing as follows: Barbara Welch 9th, Susan Reidner 15th, Rhonda Fleming 22nd, and Armella Montague 24th.

Congratulations girls, for a job well done. We are very proud of you!!

THE COUNCIL IN ACTION
By Anette Bates

Student Council has had a busy year thus far. After a month's work on Homecoming, the Council immediately began other activities. Several members attended a San Antonio workshop November 16 to learn what other Councils are doing to improve their schools. The student Council is now working with the administration on possibilities for additions and changes in our school lunch program.

If you have any suggestions or ideas for improving our school, contact Kevin Riley, president, or a student council member of your class.

VARSITY BOYS WIN FIRST GAME OF SEASON
By Pam Foster

Bandera varsity boys basketball team won their first game of the season on Monday, November 22. The score was Bandera 51, and Medina Valley 42.

It was a very exciting game, with the score very close during the whole game. The high point scorer was John Houser with 13 points. There were many fouls during the game by both teams.

During the third quarter, a time out had to be called when one of Bandera's players, Jeff Persyn, lost a contact lens on the floor. After a long ten minutes the contact was found and the game resumed.

J.V. BOYS WIN AGAIN
By Pam Foster

Bandera's Junior Varsity boys basketball team won their game on Monday, November 22. The score was Bandera 64, and Medina Valley 39.

As you can see from the score, the Junior Varsity team ruled throughout the entire game. The high point scorer was Joe Romo with 27 points.

As the second half started, Bandera had the ball and headed for the wrong basket, so you can see, no team is perfect. After this incident, Bandera straightened out and went on to win the game by a large margin.

Tax Audits Beneficial

AUSTIN—Comptroller Bob Bullock reports that his San Antonio Enforcement Offices collected $646,402 in taxes during the first two months of the current fiscal year (September and October). Audits by the office yielded $447,482 in additional taxes owed the state.

The offices conducted 74 audits yielding an average $153 in additional taxes owed the state per audit hour.

"I'd say that that's a pretty good return on our investment," said Bullock. "These audits produce money that otherwise would have gone uncollected if we hadn't dug it out."

Bullock emphasized that the collections by his San Antonio offices are in addition to the state taxes routinely paid directly to Austin by San Antonio-area taxpayers.

The Comptroller's 36 district offices collected a total of $9,777,919 in taxes for the two months and uncovered through audits $5,112,000 in additional taxes owed the state.

AN ORDINANCE FIXING AND DETERMINING THE GENERAL SERVICE RATE TO BE CHARGED FOR SALES OF NATURAL GAS TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF BANDERA, BANDERA COUNTY, TEXAS, AND PROVIDING FOR THE MANNER IN WHICH SUCH RATE MAY BE CHANGED, ADJUSTED AND AMENDED.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BANDERA:

SECTION 1. Effective with the first gas bills rendered from and after thirty (30) days from the date of final passage of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Bandera by Lone Star Gas Company, its successors and assigns, is hereby fixed and determined as follows: First 1000 Cu. Ft. or Fraction Thereof $3.000. Over 1000 Cu. Ft. at $2.345 Per MCF.

No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period, except that where customer's only use for gas service is in an outdoor grill and-or a fireplace starter, the amount shown for the first consumption block shall constitute a minimum monthly bill.

ADJUSTMENTS

The amount of each monthly bill computed at the above-stated rates shall be subject to the following adjustments: Plus or minus the amount of any increase or decrease, respectively, above or below the $1.3488 per Mcf level in the intracompany city gate charge as authorized by the Railroad Commission of the State of Texas or other regulatory body having jurisdiction for gas delivered to Lone Star Gas Company's distribution system for sale to residential and commercial consumers where such changes are caused by increases or decreases in the cost of gas purchased by the Company; plus an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed or imposed subsequent to July 1, 1976, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract. Company, at its option, may forego the application of any adjustment if such adjustment would result in an increase in the monthly bill; however, failure of Company to apply any adjustment shall not constitute a waiver of Company's right from time to time, or at any time, to make any adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

All bills shall be due and payable when rendered.

The above rate is applicable to each residential and commercial consumer per meter per month or for any part of a month for which gas is used at the same location.

In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

SECTION 3. It is hereby found and determined that the meeting at which this ordinance was passed was open to the public, as required by Texas law, and that advance public notice of the time, place and purpose of said meeting was given.

PASSED AND APPROVED on this the 1st day of November, A.D. 1976.

Joint Meeting

Members of the Heritage Genealogical Society met in conjunction with Bandera Chapter DAR on November 18, 1976, at the Bandera Electric Cooperative, Inc. Auditorium, with Mrs. John C. Focke, Regent, presiding.

Mrs. Ross Bailey, Chaplain, gave a Thanksgiving prayer, and members were led in the pledges and American's Creed. Mrs. James B. Brady read the President General's message from the latest issue of the DAR Magazine.

Mrs. John R. Langford, Registrar, welcomed Mrs. Anna Reininger and Mrs. Eva Stevens as new members of the National Society Daughters of the American Revolution, and the Bandera Chapter.

Mrs. Focke and Mrs. John Harrell, Sr. related information about the Division VII Workshop which they attended in Austin on November 6. Mrs. Harrell, President of The Heritage Genealogical Society, told of some of the proposed plans for that Society for 1977. In order to benefit members, and prospective members, it is hoped that trips to the Genealogical Libraries in San Antonio and Austin can be planned.

Mrs. Focke introduced Miss Novella McCaleb of Kerrville as guest speaker for the meeting. Miss McCaleb told about the American Indians and the contributions they made to our American heritage. She was dressed in colorful attire depicting the dress of the American Indian Woman. Miss McCaleb told how the Indians and the pilgrims celebrated the first Thanksgiving, and how the Indians taught the white men to plant maize. Some of the contributions made by the Indians, which are still widely used today are corn, tomatoes, squash, beans, pumpkins, avocados, gourds, tobacco. The Indians introduced the hammock, snow shoes and stucco houses to the white man. Other vital contributions made by the Indians are sassafras, peppers, peanuts, cocoa, the Irish potato, and yams. The Indians taught the settlers how to hunt wild turkey, quail, pheasants, rabbits, and how to dig and bag clams. They also taught the settlers how to harvest wild rice, and the usefulness of chestnuts and black walnuts.

The Indians knew how to use herbs to make medicines, and this art was taught to the white man — some of the useful items were balsams, sweetgums, wintergreen, quinine, chico and the rubber plants.

American Indians were skilled in many crafts such as the art of making pottery, and sand painting. They used shells and beads for decoration of their headdresses and breast plates. They made beautifully colored totem poles which were symbolic to their respective tribes. They were learned in weaving baskets from reeds, roots and cactus fibers. Indian crafts, camping methods, and physical fitness are taught in Boy and Girl Scout Clubs throughout America today. The Indians were the earliest participants in physical fitness programs in America, such as relay races, kickball, LaCrosse, archery, and rubber ball. They were also very conscious of ecology in their need of pure food, water and air, and they practiced conservation by killing only what they needed for food.

The Indian alphabet has eighty-four syllables which represent all the sounds of the Cherokee language. Indians once referred to paper documents as "magic talking leaves." Twenty-four of our fifty states have Indian names.

Miss McCaleb reminded us that we should not forget all of the valuable foods, arts and crafts, and medicines the Indians have contributed to our heritage and culture. The DAR supports Bacone Indian College and St. Mary's School for Indian Girls through scholarships and monetary contributions.

After the meeting, refreshments were served to the following: Miss Novella McCaleb and Mrs. Sam Gardner of Kerrville; Mrs. John C. Focke, Mrs. John R. Langford, Mrs. Anna Laura Vaughn, Mrs. Duderstadt, Mrs. Jon Dowell, Mr. and Mrs. Jack Davenport, Jr., Mrs. James B. Brady, Mrs. John Hammonds, Mrs. Naomi Lavarre, Mrs. Maxwell Fulbright, Mrs. Eva Freeman, Mrs. A.B. Alkek, Mrs. W.P. Jordan, Mrs. Anna Reininger, Mrs. Eva Stevens, and Mrs. J.K. Harrell, Sr.

Highway Financing

AUSTIN—Comptroller Bob Bullock said that an analysis by his office of Texas highway financing shows that while Texans pay less at the gas pump for highways than do residents of other states, more of their highway costs show up in local taxes or assessments.

Drivers in this state pay the lowest motor fuel taxes in the country, Bullock noted. However, he added, the percentage of highway money coming from the local property tax in Texas "is more than twice the national average."

The analysis—contained in the Comptroller's monthly financial statement—includes a look at the McKinsey and Co., Inc. study of the Texas Department of Highways and Public Transportation.

The analysis presents current highway financing problems and possible solutions, as well as recommending a study—similar to the McKinsey study—of the total state transportation picture.

Bullock's financial statement also includes a recap of state revenues over the past 20 years and a review of revenue estimating procedures.

The Comptroller said that state expenditures for September were $711.8 million—about one percent below those for the same month a year ago. Revenues for the month totaled $426.8 million, a one percent increase over last year.

The state ended the month of September with a cash balance of $344.9 million, Bullock said.

Can Market Selection Help Cattlemen Maximize Profits?

SAN ANTONIO—Producing cattle for a particular segment of the beef market is one way Southwest Texas cattle producers can increase income.

Learning what types and grades of animals the various segments of the market are favoring could help cattlemen gear their management in the direction of producing those kinds of animals. With this goal in mind, people representing Texas feedlots, western feedlots and packers will be present for a one-day Beef Cattle Marketing Workshop here Dec. 3.

The workshop will be held in the Auction Building at the San Antonio Union Stock Yards beginning at 1 p.m.

"We are going to have a grade, type and pricing demonstration utilizing live animals," said Dr. LeRoy Hoermann, an area livestock specialist with the Texas Agricultural Extension Service in Uvalde.

"We think this kind of knowledge will assist our Southwest Texas producers in making management decisions which will lead to the production of calves for a particular segment of the market. We think this is one way to maximize income within the depressed cattle business."

During the demonstration, representatives of the various markets will tell producers what type of animal they favor and what they would pay for that animal. A federal inspector also will grade the animal during the demonstration.

"It is hoped that this demonstration will give our producers some hints as to what these various buyers are looking for in terms of types and grades of cattle," Dr. Hoermann said.

The livestock specialist said this is not an easy subject to deal with, especially since two distinctly different types of cattle might grade the same. "It boils down to what the particular market is looking for in terms of cattle," he said. "Knowing this will help producers decide what market they would like to aim for in their production arrangement."

The panel discussion will be moderated by Dr. O.D. Butler, head of the asnimal science department at Texas A&M University. Panel participants will include Leon Miller, president of Alta Verde Industries in Eagle Pass; Maurice Harrell, owner of the Harrell Cattle Co. in Gonzales; Dudley Campbell, president of Chaparrosa Agri-Services Inc. of San Antonio; Joe Bray, officer-in-charge of the Texas Federal Marketing News Service in San Antonio and Dave Folger, a buyer for Swift and Co. in San Antonio.

Other participants will include Lewis Watson, chairman of the Southwest Texas Agricultural Resources (STAR) program; and Willie Mund, chairman of the STAR Beef Cattle Task Force.

Sponsors for the workshop, in addition to STAR, include the Texas Agricultural Extension Service and the Union Stock Yards.

Retiring Officials

Bandera County officials and employees honored retiring and out-going county personnel with a dinner party at Mayan Ranch on November 30 at 7 p.m. Over sixty people enjoyed the gala affair and delicious turkey dinner. County Judge W.O. Hatfield, Jr. served as master of ceremonies for the event and W.J. Schmidt gave the invocation.

Mrs. Pauline Stevens, who retired in August after having served as County Agent for thirty years, was presented a plaque as a token of appreciation for her services to the residents of Bandera County. She in turn replied that she was grateful for the cooperation given her during those years and stated that she would continue to make her home here and would still be available to help our people if her assistance is needed at any time.

Judge Hatfield then recognized Sheriff R.B. Miller, who is completing his 20th year in service as Sheriff of Bandera County, and will retire January 1, 1977. Sheriff Miller was also presented a plaque and commended for his loyalty and service.

Glendon Roberts, who has served as Bandera County Attorney for 22 years, was unable to be present, but was also commended for his service and was later presented a plaque by Judge Hatfield in behalf of the county group.

Out-going Commissioners, W.B. "Mack" Joiner, who served as Commissioner of Precinct 1, and Mrs. Stella Keese, who has served as Commissioner of Precinct 3, were honored and commended as they were presented appropriately engraved silver charms on key rings. Mrs. Keese has the distinction of being the first lady to serve as a county commissioner in this county.

At the conclusion of the program, Judge Hatfield introduced Mrs. Peggy Edwards, Bandera's new County Agent, who is providing leadership and many services through the extension service in our county.

Others present in addition to the honorees and county personnel were their guests and spouses.

Pump-Out Facility Hearing Set

Adoption of an order requiring the Bexar-Medina-Atascosa County Water Control and Improvement District No. 1 or some other governmental entity to establish at least one boat pump-out facility on Lake Medina will be the subject of a public hearing scheduled by the Texas Water Quality Board for Dec. 10 at Lakehills on Lake Medina. The hearing will be held at the Lakehills Civic Center beginning at 10 a.m.

The order, if adopted, also would require that pump-out facilities be maintained and operated in accordance with TWQB regulations and that the entity responsible for installing the facilities consult with the TWQB concerning site selection for the station and obtain written approval from the Board prior to installing each facility.

Presently there are no pump-out facilities on Lake Medina. Establishment of such

Kindergarten Program

The Kindergarten Program in the Bandera Schools is funded by the State Minimum Foundation Program. All children who have become five years of age on or before September first, 1976, are eligible to attend classes all day for one-half of the school year. Students who are classified as "Educationally Handicapped" may attend all year. There is hope that the State Legislature will fund the Kindergarten Program as a full year program for all students during the 1977-78 school year.

Local school policy requires that all children enrolling for the first time in any grade must present a birth certificate, baptismal certificate or an affidavit as proof of age.

State Law requires that all students enrolling in the Public Schools of Texas must present a doctor's or nurse's certificate (shot record) showing the following immunizations: Rubella, Polio series, D.P.T. series and measles.

The following children are registered for the spring semester which will begin on Thursday, January 20, 1977. Tamela Renee Byrd, Joseph Wayne Cielencki, Branda Clingon, Faye Ann Comingore, Elizabeth Garza, Gilbert Wayne Garza, Anthony Tom Gonzales, John Maltsberger, Chris Marrs, Richard Anthony Martin, Tamme Lyn Pylate, Alfredo Lopez, Ignacio Rios, Helena Marie Robertson, Abel Salazar, John William Scott, Barbara Sue Snow and Sharon Ann Wehmeyer.

Purple Hills Tidings
By Ida

We enjoyed our first Christmas program Sunday afternoon when we found ourselves without a church service. We called our good friends, Mr. and Mrs. Johnny Johnson of Medina. They came with their son, John, and daughter, Kathy. Mr. Johnson led the service by reading the Christmas Story, and led in the singing of many beautiful carols. Others joining in the singing were Mr. and Mrs. H.H. Hamrick, Mr. and Mrs. Martin Smith and daughters, Joy and Penny. Mr. Johnson had Danny Robinson read the very lovely poem by Longfellow, "I Heard The Bells On Christmas Day." Our first Christmas program was a great joy to our residents.

We have just heard from Santa Claus! He will be starting on his way soon and will arrive here Wednesday afternoon, December 22. Plans are already working for a big day. Employees met Tuesday to complete the decorating and put the tree up. We hope the families of our residents will try to be here. They are welcome!

Mr. and Mrs. Andy Reed and daughter, Mrs. Elva Keeling of Medina, and Mr. and Mrs. Pete Warzecha of San Antonio, visited with Mrs. Cynthia Mayberry and Mr. Louis Reed last week.

We thank the family of Mrs. Emma Jenschke for sharing the memorial flowers with us. There are some to go in our memorial garden.

Thanks to the Home & Family Living Class of Mrs. Lonette Wilton for their visit last Friday. In the group were Cindy Williams, Tim Fernandez, Annie Rodriguez, Lisa Veselka, Iona Clark, Mary Ligon, Julie Schulte, Laura Wilton, Susan Connors, Mike Foster, Robert Duquette, Charlie Martinez, Paul Tindle, and Cindy Bates.

Mr. A.E. Cullom of Center Point visited with his mother, Mrs. Lois Cullom, and Mrs. Hallie Landreth.

Col. and Mrs. M.F. Brinegar, Ret., of McAllen, visited with Mrs. "Mom" Hoy and Mrs. Ruth Rhodes last week.

Christmas Stamps

Two 1976 Christmas stamps, featuring an 1855 Nathaniel Currier print and a Madonna with Child painting, executed two hundred years ago, provide attractive and appropriate postage for holiday cards and packages, Postmaster Joe Short said today.

"Winter Pastime," the Currier lithograph, was placed on sale two years before Currier teamed with James Ives and went on to fame as Currier & Ives. This is the second Currier lithograph to be reproduced on a U.S. Christmas stamp. Currier's "The Road-Winter" was used in 1974.

After forming their partnership, Currier & Ives achieved their greatest success. They published more than 7,000 titles, many of which today draw premium prices from collectors.

John Singleton Copley's painting, "Nativity," was completed in 1776 in London although Copley was born in Boston. He is best known for his portraits of distinguished Bostonians and English noblemen.

The Madonna and Child is one of his few religious works. Copley painted the Virgin in a long white dress which reflects the taste of the 18th century. The original painting hangs in Boston's Museum of Fine Arts.

The two Christmas stamps, Postmaster Short said, continue the Postal Service's tradition of offering holiday mailers a choice of an art masterpiece or a contemporary design.

The 50th Anniversary celebration being given by the Sunday school class of Mrs. Homer Myers, honoring Mr. and Mrs. Myers' fifty years of marriage, will be held from 2-4 p.m. Saturday, December 11, at the Fellowship Hall of the Pipe Creek Baptist Church.

Visitors of Mr. and Mrs. J.W. Edwards last Sunday were W.E. Edwards of Gonzales, Mr. and Mrs. Scott Burkhart and Jennifer Ann of Austin, and Mr. and Mrs. W.H. Bowie and Royce of San Antonio.

Mr. and Mrs. Keith Mansfield and Miss Joslyn Edwards of Pipe Creek, Mr. and Mrs. T.R. Flowers of New Braunfels, and Mr. and Mrs. Leo Whitehead, Mr. and Mrs. Randy Whitehead and Mr. and Mrs. Roy Whitehead of Houston, returned last Monday from their hunt in West Texas. Each family got their buck.

The children of Mrs. Kitty Mansfield of Bandera, Mr. and Mrs. Tim Green, Kyla and Timmy of Medina, Mr. and Mrs. Keith Mansfield, Bo and Connie of Pipe Creek; Othro Mansfield and Miss Jane Mansfield of Austin, gave their mother a surprise birthday supper at her home Saturday night. Her sister, Mrs. Irene Hatfield, was also a guest. Everyone enjoyed it immensely and hope for many more such happy birthdays.

Mr. and Mrs. A.H. Schott came home Friday from West Texas with a nice buck, one of the largest killed in the hunting party.

Dinner guests in the J.W. Edwards home Sunday were Mr. and Mrs. Hop Campbell, Mr. and Mrs. J.B. Edwards and Joslyn, and Mr. and Mrs. Keith Mansfield, Bo and Connie. Mr. and Mrs. Hop Campbell live in the H.H. Wagner place. They are a young couple which everyone will enjoy meeting.

Christmas Party At Dixie Dude Ranch

Mrs. Allie O. Thallman, Mrs. A.J. Ahr and Jo Faye Zimmermann

Members and guests of the Fine Arts Club enjoyed a gala Christmas party Tuesday afternoon at Dixie Dude Ranch. The beautiful ranch was decorated for the occasion with a sparkling Christmas tree and the ladies, gowned in colorful dresses for the festive party, came bearing gifts which were distributed following the program.

Mrs. Don Tobin opened the meeting with a prayer dedicated to the late Mrs. Leo D. Fisher, a club member who died recently, followed by a moment of silent prayer in memory of Rodolph Schmidt of Fredericksburg, who recently died an accidental death.

Mrs. Sam Darden, hostess chairman, introduced her committee members as follows: Mrs. D.H. Crowell, co-chairman, and Mesdames Robert Dyer, Howard Eckhart, Ira Garrison, Florence Girvin, George Harrison, M.H. Jones, Ernst Lindner and Miss Eva Thallman.

Mrs. Rudolph Schott, program chairman, introduced Mrs. John Saul, program leader for the occasion.

The group was delighted with the program, Jo Faye Zimmermann of San Antonio, soloist, sang "Gesu Bambino" by Pietro A Yon and "Toyland" by Victor Herbert. She was accompanied in her rendition by Mrs. A.J. Ahr at the piano.

Mrs. Ahr then played her own arrangements of "Jingle Bell Rock", "I Saw Mamma Kissing Santa Claus", "White Christmas" and "Christmas Island."

Mrs. Allie O. Thallman chose to play a number of traditional favorite carols, including "Joy to the World" and "Silent Night", with the entire assembly joining in singing.

Those who registered were Mesdames Don Tobin, Florence Girvin, George Harrison, Ernst Lindner, Robert Dyer, Sam Darden, Lane Langford, Edwin Vawter, A.J. Ahr, Joe Faye Zimmermann, Julie Lehman, Rudolph Schott, Lewis Sterling, Kathleen Krannick, Roland Thallman, Eddie Ryan, Ashley Ruth, Al Zumwalt, Leon Perry, Homer DeViney, Doris, Ward, Lee Mansfield, Fred Mansfield, Rhea Mansfield, Shirley Lauver, Taylor Wootton, O.H. Welbern, Marianne Sandidge, J.O. Evans, Jr., G.M. Merritt, Ray F. Wyatt, M.R. Sandidge, Minnie B. Hayes, John F. Langford, Allie O. Thallman, Felix Billings, Howard Hay, George Fee, W.P. Jordan, Aura Reiley, Dolores Reiley, Glendon Roberts, J. Wesley Jones, Grace Hicks, David Valdez, Thomas A. Schoolcraft, Howard Eckhart, D.W. Hicks, John H. Nixon, A.V. Pue, Annie Laurie James, Lucille Broe, John V. Saul and Miss Eva Thallman.

Tobins Attend Meetings In Austin

Mr. and Mrs. Don Tobin have returned home after spending several days in Austin. Mr. Tobin attended a Texas Bar Association seminar at University of Texas School of Law on estate planning for farms and ranches as altered by the new tax reform law recently signed by President Ford. The meeting, well-attended by attorneys and accountants from all over the state, was jointly sponsored by the School of Business Administration of Texas A&M University and the UT School of Law.

At the same time, the board of governors of the Texas Arts Alliance, of which Mrs. Tobin is the member from Bandera County, was meeting in the same conference center of the University of Texas. The group launched plans for the first three projects of the Alliance to further its efforts in encouraging the arts in the state of Texas.

An Arts Showcase, featuring art and artists in all fields of endeavor, will be held at the LBJ Library on March 31. Displays of paintings and sculpture will be augmented by performances of music, dance, and drama. At the same time the first official State of Texas awards for outstanding work on the part of individuals and organizations, public and private, in promotion of the arts in Texas will be presented.

An ongoing project of the Alliance, which is particularly interested in discovering and fostering activity in the arts in rural areas of Texas, is the "Texas Arts Journey"—which will map out "trails" to hitherto little-known events and art centers away from the big city concentrations of activity.

Mrs. Tobin has been assigned to take part in the research and work setting up the Arts Journey concept.

Chairman of the Texas Arts Journey task force is Alliance president, Steven Oaks, of Houston. Showcase chairman is Charles Scarborough of Abilene, while John Ben Shepperd of Odessa is in charge of the awards presentation.

The $24,000,000 can...
Get a piece of the action.

In 1975, the public was paid over 24 million dollars for 174 million pounds of aluminum beverage cans which were turned in to recycling centers. Most were purchased at 15 cents a pound.

Now, collecting 15 cents a pound is a little easier for you, because of the addition of a new collection center which may be more convenient for you.

You can easily pick out the aluminum cans. And you'll find a lot of them in restaurants, lounges, apartments or anywhere people consume beverages.

Just bring them to a recycling center listed below.

You'll be doing your community and nation a favor by improving the environment, conserving energy and recycling a valuable natural resource.

You'll be doing your pocketbook a favor, too.

Alcoa in cooperation with aluminum can recycling centers coast to coast.

SENIOR SPOTLIGHT
Krista Connors
By Alice Rae

Krista Lynn Connors, one of the great Seniors of '77, was born in Lafayette, Indiana to Richard and Ruth Connors.

Krista's hobbies include tennis, horseback riding, water skiing, and back-packing. She has traveled to Indiana, Florida, Alabama, New Mexico, Tennessee, Mississippi, Illinois, Georgia, Ireland, Scotland, and England. New Mexico is her favorite because of the beautiful countryside, and the many places to go camping in the mountains.

The favorite people in Krista's life include her parents, as "they have been through a lot trying to raise me". Also Coach Foster, for his patience and understanding. Last but not least are Krista's friends at B.H.S.

Krista's favorite figure in American history is Harry Truman because he showed strength while he was in office, and he led the people gallantly. He also had a spirited personality and showed his honesty in many ways.

Her philosophy for life is "Life is full of many problems, but don't let them hold you back, just enjoy life to the fullest, because before you know it, ten years have passed and you'll be able to say you've lived your life the best way you know how."

Christmas is Krista's favorite holiday because everyone is full of excitement and seems to be very happy.

To Krista, being a senior means that it is time to think seriously of one's future. It also means a great responsibility and setting the right examples for younger students.

After graduation, Krista plans to attend nursing school to get her degree. Later, she plans to live in the mountains of New Mexico.

Good luck to this great and pretty Senior of 1977.

SENIOR SPOTLIGHT
Bobby Wickliffe
By Alice Rae

"You only have one life to live, so live it to the fullest. If you want a second life, live the first one for God." This is the firm philosophy of Bobby Glenn Wickliffe, who is the son of Mr. and Mrs. L.E. Paradee.

Being a senior at Bandera High School to Bobby means the last year of high school and then a future in the Marines as a military policeman, "to become something greater than just a student".

Favorite people in Bobby's life are Trudy Bailey, Sharon Morgan, Susie Brown, Paula Wilcox, Alice Rae, Talz Schmitchel, Don Williams, Kyle Welborn, Mike D'Spain, and "just about everyone in school". His favorite figure in American History is Thomas Jefferson because he is Mr. Hundley's favorite.

Bobby was born in Waxahachie, Texas, and has traveled to Oklahoma, Missouri, New Mexico, and Arkansas besides Texas. His favorite is Missouri because of his grandparents who live on the Lake of the Ozarks.

Bobby's hobbies include shooting guns, building things, especially balsawood models of airplanes, and reading one western story after another.

Christmas and Thanksgiving are Bobby Glenn's favorite holidays because of the closeness between relatives and friends, and because of the traditional nationwide activity of these two holidays, which is to eat and eat and eat.

Bobby is one of the great treasured Seniors of '77, who is always tossing a smile around toward everyone.

We wish this future Marine the best of luck!

SENIOR SPOTLIGHT
George Fernandez
By Krista Connors

With seniors like George Fernandez, Jr., one can readily understand why the class of '77 is so outstanding. George, the son of George and Janie Fernandez, was born in Kerrville, Texas. He lived in Fort Worth, Texas, for one year while he was in the 5th grade, but otherwise George has been a loyal student of Bandera schools.

George has been active in many sports and school organizations. He participated in baseball and football for three years, basketball for four years, and FFA for three years.

Fixing cars, playing football, basketball and baseball are a few of George's favorite interests and hobbies. He also enjoys watching Clint Eastwood movies.

Mr. and Mrs. Boyd and Keith are George's favorite people. John F. Kennedy is his favorite person in American History, because of his excellent record as President.

George loves to travel and intends to devote a major part of his life to traveling throughout the world. Bay City is his favorite place to visit because of the gulf and the whales which can be seen from a distance.

After graduation George plans to join the navy. By doing so, he will be getting the perfect opportunity to do the traveling which he desires.

"Life is to be free to do what you want to." With this great line of wisdom as George's philosophy in life, one can see that George's future will be full of excitement and a free spirit.

U.S. CONGRESSMAN
IS GUEST SPEAKER
By Patricia Ann Godkin

Congressman Henry B. Gonzalez was the guest speaker at a special assembly November 29 in the high school gym.

Congressman Gonzalez gave a short speech on the responsibilities concerning other areas of government. After the speech, Congressman Gonzalez answered questions put to him by the student body. It was an enjoyable hour and everyone hated to see the Congressman leave, but he did promise to return.

A very special thanks to Congressman Henry B. Gonzalez for taking time from his busy schedule to visit Bandera.

Crime Prevention/Drug Education

Forty-two school districts in Southwest Texas are participating in the Education Service Center, Region 20, Regional Cooperative Program for Crime Prevention and Drug Education.

The crime prevention and drug education program gives students the opportunity to find answers to problems that might otherwise lead to drug taking or delinquent behavior.

"Research has shown that most crime and drug involvement begins between the ages of 14-16 and that the major influences that lead young people into involvement are lack of self-concept, a need for determining one's own values and acting upon those beliefs in the face of peer pressure, a lack of decision-making skills, and a need for skills in communicating and relating interpersonally," says Bille Cherry, Region 20 Project Manager for Crime Prevention and Drug Education Services.

"Through curricular and extracurricular opportunities the needed skills are provided which help students develop ways of coping with crises, anxieties, frustrations, tensions, concerns, and depressions in responsible ways rather than responding to a temporary solution or relief found through irresponsible behavior and misuse of drugs," says Mrs. Cherry.

School districts in the Regional program elect to co-op with the service center for program planning, implementation and evaluation or they may receive funds directly from the Texas Education Agency for developing their own crime prevention and drug education program with limited assistance from Region 20.

The Region 20 crime prevention and drug education component assists districts in defining the existing needs, behavior traits of students and priorities of each district; examining and interpreting these needs; assisting in developing an effective program with the emphasis on individualized district needs; determining what teachers need to know to implement such a program; providing staff development; and providing technical assistance in planning, implementing, evaluating, and revising such programs.

The crime and drug education programs are designed to assist school districts in implementing by 1980 a curriculum which addresses itself to the Desirable Student Outcomes developed by the Texas Education Agency. Desirable Student Outcomes are a listing of students' actions and reactions that the program intends to bring about. In addition, the program furnishes resources and materials, provides research findings and coordinates the efforts of community agencies with those of school districts.

School districts in the Regional Cooperative Program for Crime Prevention and Drug Education are: Alamo Heights, Asherton, Bandera, Brackett, Carrizo Springs, Center Point, Charlotte, Cotulla, Crystal City, Devine, D'Hanis, Dilley, Eagle Pass, East Central, Floresville, Fort Sam Houston, Hondo, Hunt, Ingram, Jourdanton, Kerrville, Knippa, Lackland, La Pryor, La Vernia, Leakey, Lytle, Medina, Medina Valley, Natalia, Pearsall, Pleasanton, Poteet, Poth, Randolph, Sabinal, Somerset, Southside San Antonio, Southside, Stockdale, Utopia, and Uvalde.

CHAMBER CHATTER

Saturday, December 4, was the date of the "Happy Holiday Christmas Parade" in our neighboring city of Kerrville, Texas. Approximately 70 participants were entered in the parade and all entries were decorated in the Christmas spirit. Our Chamber of Commerce float received much applause from the spectators along the parade route. Immediately following the parade, all participants were treated to a meal with keg beer at the Louise Hays Park in Kerrville. The Chamber Float Committee would like to thank Elsie Eckhart for the Christmas decorations which she provided for the float and a special thanks to Toni Kunz, Jana Camp, Randy McHaney, Amy Nightingale and Katherine Caruthers for riding on the float. These young ladies added a lot of Christmas spirit.

The General Membership Meeting of the Chamber of Commerce was held Thursday, December 2. Among the topics discussed was the Chamber Calendar of Events scheduled for the coming year. The second week of February 1977 will begin the San Antonio Stock Show and Rodeo. The parade will be held on February 11, and we urge Bandera to make a good showing for this event. Frank R. Anderwald will again be taking the Cowboy Capitol Trail Ride to San Antonio. The ride will leave Bandera on February 8. For more information please contact Mr. Anderwald at Twin Elm Ranch, Bandera.

In late February or early March the Chamber will again be sponsoring the Bandera County Beauty Pageant. The Beauty Pageant Committee will be meeting with Mr. Jimmy Goodman, producer of the pageant, some time in the very near future to set a final date. We will have more information on this when all plans are finalized.

Other Chamber of Commerce events coming up are the Chamber of Commerce Banquet, which has been tentatively set for some time in March; the Canoe Ralley being co-sponsored by the San Antonio Optimist Club, tentatively scheduled for the month of April; and the Fun-Tier Celebration, which will be held May 28 and 29.

As you can see, we have a busy schedule coming up in the new year and much manpower will be needed to make these events a success. We hope to see all our members involved in these projects. All other interested individuals who would like to help are urged to contact the Chamber of Commerce office for further information.

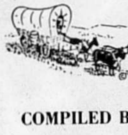
Mr. and Mrs. H.L. Goff enjoyed having as guests in their home their children, Mr. and Mrs. Bobby Goff of Corpus Christi, this past week. On Tuesday, David Goff of Corpus Christi came for a day long visit in their home.



Not many folks today can remember the days of the first settlers and the covered wagons. But their faith in the future and their ambitions to conquer new horizons helped make our country and our community what they are today!

Open House Held At Parsonage

On Sunday afternoon, December 5, from 3 to 6 p.m. Reverend and Mrs. J. Wesley Jones welcomed the members of the Bandera United Methodist Church and their friends to an Open House at the Parsonage.

Christmas decorations both inside and outside the house set the mood for a lovely afternoon in spite of the weather which responded with a constant drizzle.

The Christmas light post and an unusual pie-plate Christmas tree spelled welcome in the yard. At the door various members of the congregation made each new guest welcome.

All through the afternoon there were gracious ladies serving sandwiches, cookies, punch, tea and coffee from a beautifully appointed table covered with a pink Christmas cloth. The centerpiece was made of Christmas balls made from pink carnations and baby's breath. At the end of the room was an arrangement of white Fugi mums and lavender daisy mums with purple statice.

Some 75 people signed the guest book. A few may have been too busy looking at the gold pine cone Christmas tree with winking lights or chatting with friends to sign the book.

Guests who registered during the afternoon were Emma Langford, Tandy Jordan, Mr. and Mrs. Roland Thallman, Glendon and Dorothy Ann Roberts, Alvin and Adell Clark, Melvin and Stella Fitzgerald, Bill and Virginia Brient, Jane Allert, Judy Goodenough, Lois Hayes, Evelyn Habenicht, Eph and Linnie Caffall, Cdr. and Mrs. M.H. Culley, Ernest and Merrilyn Culley, Ashley and Meleese Rugh, John, Tom, and Charles Rugh, Ben and Ola Fleenor, Bob Wyatt, Mr. and Mrs. Alton Reininger, Mr. and Mrs. Telvy Robbins, Lori, and Jim Bob Robbins, Brenda Brient, Fran, Bob and Tim Riley, Jean Heep, Sallie Lewis, Reverend and Mrs. Allen Schoff, Ernestine Behrens, Mr. and Mrs. Allie O. Thallman, Claudia Cowan, Bob and Maple Cowan, Mrs. J.F. Langford, Mrs. Avelinda Winslow, Mr. and Mrs. E.F. Saathoff, Allan Hazekamp, Pamela and Brenda, Janie Whitewood, Lenna Short, Marianne and Buddy Sandidge, Fred and Annie Ender, Conrad and Nancy Nightingale, Amie and Todd, Shannon McMullan, Edith Tuell, Peggy Edwards.

Reverend and Mrs. Jones extend a welcome to visit the Parsonage to those who were unable to attend Sunday's Open House.

DAR Luncheon

The Bandera Chapter Daughters of the American Revolution was represented at the luncheon of the San Antonio de Bexar Chapter DAR Saturday, December 4, at the Oak Hills Country Club by Mrs. A.B. Alkek, Vice Regent, Mrs. John K. Harrell, Sr., Recording and Corresponding Secretary and Mrs. James Brady, Historian. Mrs. Alkek was the recipient of a Chrysanthemum pot plant which was a door prize.

Mrs. Don P. Dixon, national defense chairman, introduced the speaker, Major General Spurgeon Neel, Commander of the Army Health Service Command, Ft. Sam Houston. "The Army Serves the Nation" was his topic.

Miss Nancy Brown, national defense committee chairman, presented 22 Good Citizenship Awards and Medals to 22 outstanding high school students.

A puff quilt, made by chapter members, was given as a door prize. Chairman of the quilt workshop was Mrs. Hugh S. Tullos.

Mrs. Thomas J. Walthall, regent, presided at the luncheon. Mrs. Hubertus Strughold, program chairman, and Mrs. W.T. Wolfe was in charge of the luncheon.

CAR Christmas Skating Party Planned

A Christmas skating party at the Northporte Rollercade in San Antonio is being planned by the Captain Andrew Walker Society of the Children of the American Revolution. The trip will take place on Saturday, December 18, as was decided at the regular CAR meeting on December 4 at St. Christopher's Church.

Max Tibbitts, president of the society, was in charge of the meeting. Others present were Jerry and Tim Word, Debbie and James Beakley, Debbie and Brenda Boyle, Janie Saathoff, Ann Tobin, and founding president, Mrs. Margaret Focke.

Mr. and Mrs. V.F. Kalka enjoyed having as their guests for the Thanksgiving weekend their children, Ken of Houston, and Donna of St. Mary's University in San Antonio. Also visiting in the Kalka home were Janet and Rob Adkisson of Dallas, Greg Pagenelli of San Antonio, and Mr. and Mrs. Allen Clark of Austin.

Shoppers Beware

Shopper, beware this holiday season. According to law enforcement officers, it's a prime time for burglars, thieves, pick pockets and confidence artists.

Deputy Sheriff Mel Lemons of the Crime Prevention Unit of the Bandera County Sheriff's Department, explained that not only are people careless about locking up valuables, but are also susceptable to criminal activity during this festive season.

"We're asking people to take some basic precautions to prevent burglary and theft while they're out shopping. We're also warning them to be aware of what they're buying to guard against fraud and to avoid receiving stolen property."

"The first rule is Lock Up. When you leave home, don't leave the opportunity for someone to gain easy access to your house and walk off with your property," Lemons said.

He explained that burglary is a crime of opportunity. Eliminating that opportunity is what Crime Prevention is all about.

Lock up are the key words when shopping too. Deputy Lemons emphasized the importance of locking packages or any valuables in the trunk of the car to keep "temptation out of sight."

"It's important, too, that you lock the car for your personal protection," he said. "Also, separate your home keys from your ignition key when leaving your car in a parking lot or garage."

"We discourage leaving home with only Christmas tree lights lit since it calls attention to the presents arranged around the tree. That's like a neon advertisement that there are new items to be had, and that no one's around to see them taken."

Deputy Lemons said that the Crime Prevention Unit of the Bandera County Sheriff's Department has more information on personal and property security precautions. He suggested that individuals call for printed materials on the subject.

"There's more to reducing crime than the work of the law enforcement agencies. It takes action on the part of the individual to prevent crime by eliminating the opportunity for it to take place.

We want everyone to have a happy holiday season; so protect your valuables by locking up. When you leave your home, leave it with a "somebody's there" appearance.

"At this time of year, be particularly wary of the door-to-door salesman and of "fly by night" street sales," he concluded.

It's a matter of life and breath!

Bicentennial Theme For 4 Society Meet

"Proclaim Liberty Throughout the Land" will be the Bicentennial theme for the Christmas meeting for four societies: Bandera Chapter Daughters of the American Revolution, Lt. Abraham Cantine Chapter Sons of the American Revolution, Michael Upchurch Chapter Colonial Dames XVII Century and The Heritage Genealogical Society. The meeting will honor those who took part in the American Revolution and the early settlers, who made so many sacrifices; and to be grateful for the 200 years of liberty our country has enjoyed. The meeting will be held Thursday, December 16, at 2 p.m. at the Auditorium of the Bandera Electric Cooperative, Inc.

Mrs. Jane Allert will present the junior high girls bell choir relating the history of the Schulmerick Hand Bells and Christmas Hymns. "Jingle Bells" will be by the younger group directed by Mrs. Gloria Robbins.

Mrs. William P. Jordan, chairman, will award the American History Pin and the DAR Good Citizens certificate of award and pin to the qualified students.

Mrs. John K. Harrell, Sr., national defense chairman, will award the Good Citizenship medals to the outstanding students of Bandera County.

Mrs. John K. Harrell, Sr., has made an extensive study of the Acadians and will speak on "The Acadians and Their Part in the American Revolution". The French-speaking refugees from Acadian (in Nova Scotia), settled in the bayou country southwest of New Orleans, after 1760, when the British vanquished the French in Canada.

Mrs. A.B. Alkek, president Michael Upchurch Chapter CDXVIIC, will be in charge of Christmas decorations and refreshments (and also door prizes). The refreshments will be delicacies from recipes of the thirteen colonies, such as: an elegant sweet pastry, Little Ears with Praline Sauce, an age-old Acadian favorite. Lucious cakes as Boston Cream Pie, Williamsburg Orange, Rum, Colonial Sponge and Maryland Gingerbread. Some delicious bread will be Boston Brown, pumpkin, cranberry, fruit and many assorted cookies and sandwiches.

Members may bring guests to this memorable Christmas meeting.

AN ORDINANCE FIXING AND DETERMINING THE GENERAL SERVICE RATE TO BE CHARGED FOR SALES OF NATURAL GAS TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF BANDERA, BANDERA COUNTY, TEXAS, AND PROVIDING FOR THE MANNER IN WHICH SUCH RATE MAY BE CHANGED, ADJUSTED AND AMENDED.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BANDERA:

SECTION 1. Effective with the first gas bills rendered from and after thirty (30) days from the date of final passage of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Bandera by Lone Star Gas Company, its successors and assigns, is hereby fixed and determined as follows: First 1000 Cu. Ft. or Fraction Thereof $3.000. Over 1000 Cu. Ft. at $2.345 Per MCF.

No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period, except that where customer's only use for gas service is in an outdoor grill and-or a fireplace starter, the amount shown for the first consumption block shall constitute a minimum monthly bill.

ADJUSTMENTS

The amount of each monthly bill computed at the above-stated rates shall be subject to the following adjustments: Plus or minus the amount of any increase or decrease, respectively, above or below the $1.3488 per Mcf level in the intracompany city gate charge as authorized by the Railroad Commission of the State of Texas or other regulatory body having jurisdiction for gas delivered to Lone Star Gas Company's distribution system for sale to residential and commercial consumers where such changes are caused by increases or decreases in the cost of gas purchased by the Company; plus an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed or imposed subsequent to July 1, 1976, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract. Company, at its option, may forego the application of any adjustment if such adjustment would result in an increase in the monthly bill; however, failure of Company to apply any adjustment shall not constitute a waiver of Company's right from time to time, or at any time, to make any adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

All bills shall be due and payable when rendered.

The above rate is applicable to each residential and commercial consumer per meter per month or for any part of a month for which gas is used at the same location.

In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

SECTION 3. It is hereby found and determined that the meeting at which this ordinance was passed was open to the public, as required by Texas law, and that advance public notice of the time, place and purpose of said meeting was given.

PASSED AND APPROVED on this the 1st day of November, A.D. 1976.

"Gold Miners"

AUSTIN—Comptroller Bob Bullock says his field auditors have turned up $12.4 million in additional taxes owed the state during the first two months of the current fiscal year, September and October.

During fiscal 1976, which ended Aug. 31, the field audits revealed an additional $66.8 million owed the State Treasury.

"Personally, I like the name 'gold miners' better than 'field auditors' for these people because that is exactly what they are doing—digging out gold that otherwise would have escaped the State Treasury," Bullock said.

Bullock said the 1,517 audits during the two months yielded an average $83,196 each in additional taxes owed the state.

"If that's not mining gold, I don't know what is," Bullock said.

The sales and use tax proved prime digging ground, producing an additional $7.3 million in taxes owed, the Comptroller noted. Local sales and use tax audits yielded an additional $1.6 million, the franchise tax $1.7 million and the natural and casinghead gas tax $1.3 million, he added.

Some of those audited got some good news in the form of refunds totaling $581,000 for overpayment of taxes," Bullock said.

Permits In Mail Soon

AUSTIN—Comptroller Bob Bullock asked Texas retailers Monday to be on the lookout for new state sales and use tax permits that should be arriving in the mail later this month.

Bullock said his office is issuing new permits to the 290,931 holders of the "Limited Sales Tax Permit" and the 4,594 holders of the "Texas Use Tax Certificate." The new permits are scheduled to be mailed December 10, he said.

Because of the Christmas mail rush, however, he said retailers should not be alarmed if the new permit arrives late in the month.

The Comptroller said the new gold-colored permits will replace all existing green permits, which will then become void.

Only those retailers currently holding valid permits will receive a new one, Bullock emphasized. "Those businesses which have become delinquent and have had their permit suspended will not get a new permit until they pay up," he said.

He reminded all retailers that law requires the permits to be prominently displayed in their place of business.

"I am asking the news media to help us get this message out to minimize any confusion," Bullock said.

Bullock also urged retailers to read the new permit closely to make certain all information on it is correct. If it is not, he added, they should contact the Comptroller's field office nearest them.

Sales and use tax permits have never been reissued since the inception of the sales tax, he said. Retailers are supposed to get their permits corrected should their address or ownership change, but many have not, he added.

"The result is that many of the old permits—some dating back to the early 1960's—are illegible, incorrect or, in some cases, lost," Bullock said.

Bullock said the issuance of new gold permits will be followed by a statewide effort to get all retailers to properly display them.

"Consumers ought to be able to glance up at the wall of a business and be assured by a gold permit there that the sales tax pennies and nickles they pay are being properly remitted to the state," Bullock said.

Bandera VFW Auxiliary Serves At VA Hospital

In October the ladies of the Veterans of Foreign Wars Auxiliary Post 9176, went to the Veterans Administration Hospital in Kerrville, where they served pie, cake and cookies to the patients. It seems the patients always enjoy the homemade goodies prepared by the Bandera County women.

MRS. TAJAN RETURNS FROM MEXICO

Mrs. Mary Tajan has returned from a trip to Mexico and tells as follows of the interesting trip:

"I flew back with my daughter, Tacey, to her home in Yelcapa, Jal, Mexico. Our first night was spent in Guadalajara. There we visited friends and went to the world's largest market, which was really something to see. The next afternoon we flew on to Puerto Vallarta, where we spent the night. The next morning we took the boat to Yelcapa. Tacey's house has a waterfall in the back yard, with fruit trees, oranges, lemons and coconuts. The front faces the Pacific Ocean. The flowers are beautiful with crotons and bamboo trees 15 feet tall. The bay is dark blue. The natives of the little town are very friendly. They make and sell the most delicious coconut and cheese pies. Tacey has a seamstress who makes dresses for her which she tie dyes and are sold in Puerto Vallarta. I had a delightful time, but it's nice to be back in Bandera."

Legion And Auxiliary Serve At VA Hospital

On November 29th members of the American Legion and Legion Auxiliary Post 157, gathered their homemade cakes and cookies and traveled to the Veterans Administration Hospital in Kerrville to serve at the recreation hour.

Mrs. Virginia Turner, Hospital Representative, presented the ladies with beautiful Christmas corsages.

After serving some eighty patients punch, coffee, cookies and cake, the ladies of the Auxiliary and Legionnaires sponsored games for the patients.

It makes a person feel very good to see how appreciative these shut-in veterans are when you do a very small service for them. Also the Christmas Spirit of giving is shown in a small way.

Deworming Of Cattle

Cattlemen have been confused about whether or not they should deworm cattle. Here are some points to remember regarding this routine procedure.

First, the origin of the cattle is not significant. Cattle from all states have been found to be parasitized.

Second, species of roundworms involved are important. Some cause more damage even though only a few adult worms are present.

Third, the danger stage of worm infestation is when the immature worm attacks the wall of the intestine.

Fourth, older animals have more immunity to worm parasites than do young animals, thus worm egg counts in an individual fecal sample may be lower for older animals.

Fifth, feed efficiency is a better measure of the effects of worm parasites than rate of gain. Few cattlemen weigh their cattle or their feed thus they do not know the effect worms have on feed efficiency. **Field trials have shown a saving of 0.5 lb. to 1.0 lb. feed per animal per day when animals are dewormed.**

Sixth, it has been determined that your return on the dollar investment for worm medication is 4 to 1.

In view of these facts, and because of the increasing cost of feedstuffs for all types of cattle, it is recommended that routine deworming programs be accomplished on all types of cattle.

TIME LINE

History was being made in America between seventeen sixty-nine and seventeen eighty-three on both the East and West Coasts. While the colonists in the thirteen original colonies were protesting taxation without representation and fighting for independence, Gaspar de Portola and Father Junipero Serra led expeditions into Alta California to claim the West for Spain from Mexico to San Francisco; twenty-one Mission Churches were founded by the Franciscan Padres and Captain Juan Batista De Anza established a land route across the western desert to supply stations in California. This data is provided by the Daughters of the American Revolution in honor of our Nation's Bicentennial.

St. Christopher's Bazaar A Success

With the support and help of our parishioners and friends, we had a very successful bazaar and bake sale. We want to extend our thanks to everyone.

The first place raffle prize, a handmade quilt, was won by our own Father Frank Jarrett, the hand-knitted poncho was won by Sterling P. Baber of Bandera, Otto Gaulm of Helotes won the Old Baggy Holder, and Mrs. Zadie McCarter of Elmendorf, won the set of pot holders, reports Lee Callery.

The next meeting of St. Christopher's Women's Guild will be held at the church on Tuesday, Dec. 21, at 1 p.m. Our friends and members are welcome.

Fifty Years Of Wedded Bliss

Mr. and Mrs. Arthur Lich — Photo by Oehler

Mr. and Mrs. Arthur Lich of Lakehills, observed their Golden Wedding Anniversary at the Civic Center on December 4. Beginning at 3 p.m., the bride and groom of yesteryear greeted their guests warmly at the reception which preceded a dance. Mrs. Lich was lovely in a floor length floral gown, with a carnation corsage, and Mr. Lich was handsome in a coordinated blue suit with white boutonniere.

The bride's and groom's table was covered with a white linen cloth, and held an arrangement of white and golden daisy mums created by Charlotte's. Four golden wedding bells were suspended over the center of the table. The three-tiered white wedding cake with the numeral 50 and golden doves atop was created by Mrs. Howard Haby. The groom's cake was created by Mrs. Alvin Lieck.

Red roses and the numeral 50 graced the gift table.

A large heart with Happy 50th Anniversary, white wedding bells and golden streamers enhanced the bandstand. The Leroy Grohman Combo played pop standards, Western and old time waltzes for dancing. Mrs. Aubry Davenport of Lakehills, was featured as guest violinist. She rendered beautiful waltzes and Christmas Carols. Dancing began with the grand march, which was led by Mr. and Mrs. Bruno Bielke of St. Hedwig. Mrs. Bielke is the sister of Mrs. Lich. The beautifully gowned ladies and the handsome gentlemen made for a colorful spectacular.

Mr. and Mrs. Lich were married December 4, 1926, in Kerr County. This happy wedding was blessed with eight children, six of whom are living. The Lich's have eighteen grandchildren and three great-grandchildren.

They lived in San Antonio, until Mr. Lich's retirement in 1971, when they moved to Lakehills.

The oldest guest attending was 91 years young and the youngest was Dawn Elane Strub, who was ten days old and the first great-granddaughter. Mrs. Howard Haby, Mrs. Dan Tschirhart, Mrs. Alvin Lieck, Mrs. Bill Bernatchez, daughters of the Lichs, and Arthur Lich, Jr. were the hostesses and host. Mr. Earl Lich, a son of Manheim, Germany, and Mrs. Elton Hauschild, a daughter of Missouri, were unable to attend.

Two-hundred fifty guests from Seguin, Converse, Canyon Lake, Comfort, Kerrville, San Antonio, Pipe Creek, Dunlay, Mico, Boerne, Corpus Christi, Ingleside, Erwin, Helotes, St. Hedwig, Kennedy, and Lakehills attended.

Sheriff-Elect James Attends Week-Long Course

AUSTIN—Eighty-six law enforcement officers—including 66 newly-elected Texas sheriffs—attended a one-week long course at the Department of Public Safety which teaches the officers the basic duties and functions of their offices.

The five-day school was sponsored jointly by the DPS and the Sheriffs' Association of Texas.

Representatives of the law enforcement community are pointing out a broad overview for the newly-elected Texas sheriffs, who assume their new offices on January 1, 1977.

Among the visiting law officers attending the course was William S. James, sheriff-elect from Bandera County.

Colonel Wilson E. Speir, DPS director, said the officers were learning of the extensive and complex facilities that are available to them and other officers through the department.

Instructors for the course represented various federal and state agencies who explained the assistance available to the new office holders.

Twenty of the class members are deputies or chief deputies in Texas sheriffs' offices.

Have A Safe And Joyful Christmas

The Hill Country Fire Fighters Association, made up of the departments of Mico, Kerrville, Bandera, Center Point, Tarpley, Castle Lake, Medina Lake and Pipe Creek, wish you a safe and joyful Christmas. In order to have one, please observe the following:

1. Keep your home—closets, garage, attic, yard—free and clean of trash. Each day in the U.S. over 100 homes are damaged or destroyed by fire which starts in rubbish.
2. Store gasoline only in certified safety containers.
3. Check your house for electrical defects, check lamps, cords, wall outlets and Christmas tree lights.
4. Never leave a pan of cooking grease on the stove unattended.
5. Buy only clothing (especially childrens sleep wear) that meets Federal flammability standards. (This is the time of year such items are purchased).
6. Do not wear loose, frilly garments near the stove or barbecue grill.
7. Buy a fire extinguisher for your home or as a gift for Christmas.
8. Smoke that last cigarette before going to bed and be certain it is out.
9. Devise and practice a fire escape plan.

Home fire prevention measures are mostly common-sense precautions, but too many people ignore even those basic steps that would save their life and the lives of their families.

Merry Christmas and Happy New Year.

Mixed Drink Tax Brings Christmas Bonus

AUSTIN—Comptroller Bob Bullock said Monday that 49 Texas cities and 34 counties will soon receive a Christmas bonus in the form of checks totaling $1.5 million because of a court ruling upholding the state's mixed drink tax.

An additional $3.8 million will be deposited in the state general revenue fund, the Comptroller announced.

Only those cities and counties having mixed drink establishments within their boundaries that were a party to the suit will receive the remittances, Bullock explained. The regular mixed drink rebates are made quarterly by the Comptroller's Office.

The Texas Supreme Court recently concurred in a lower court ruling upholding the law, clearing the way for release of the tax money to the state, cities and counties, Bullock said.

Bullock said his office had been holding the taxes—which were paid under protest—in a suspense account pending a review of the case by the State Supreme Court.

A number of mixed drink establishments in the 49 cities and 34 counties had challenged the constitutionality of the law which assesses a 10 percent tax on gross receipts from the sale of mixed drinks, the Comptroller said.

He said they argued unsuccessfully that they were being discriminated against because the gross receipts tax is not levied also against establishments serving only beer and wine.

Under the law, the Comptroller's Office remits to the cities and counties 15 percent of the tax collected within their boundaries. The balance is deposited in the state general revenue fund.

Bullock said the 49 cities will receive remittances totalling $774,788 and the 34 counties will receive a total of $805,923. The checks were mailed on Friday.

Burglary Prevention Tips

It's not too soon to start thinking about protecting your property while you are away for a holiday vacation.

This message comes from Deputy Sheriff Mel Lemons of the Crime Prevention Unit of the Bandera County Sheriff's Department.

Burglars can ruin a Christmas if homeowners don't take steps to safeguard their homes. Good burglary prevention techniques are especially important at this time of the year when burglary rates soar.

Deputy Lemons, whose department is working with the Alamo Area Council of Government in a burglary-prevention program, suggests the following precautions persons should take if they plan to be away from home during the holidays:

—Call your local law enforcement agency and let them know that you'll be away so that they can watch your home.

—Alert your neighbors. Ask them to report anything suspicious or unusual that they might see inside or outside your house.

—Stop deliveries for the time you intend to be away and ask someone to pick up your mail and newspapers.

—Ask a friend or neighbor to turn lights on and off in your house, giving it the appearance that someone is at home. Or, invest in an automatic timer which will turn lights, radio and television on and off to give your home an occupied appearance.

If you are going to be out for the evening, don't leave curtains open in front of a Christmas tree surrounded by gifts. This is an open invitation to a burglar. And, don't turn out all house lights leaving only the Christmas tree lights lit. This advertises that no one is at home.

Deputy Lemons says that the objective of Crime Prevention is to eliminate the opportunity for crime. This can be accomplished only if citizens and law enforcement officers work together to stop burglaries. Law enforcement officers are only a phone call away, Lemons said, but if area residents use burglary precautions then they won't have to make that call.

CHRISTMAS CANTATA

On Sunday evening, December 19, at 7 p.m., the choir of First Baptist Church, under direction of choir leader Leonard Dacy, will present the Christmas Cantata, "The Night of Miracles." All are invited to attend and be inspired.

ANNIVERSARY CELEBRATION

The Fiftieth Anniversary Celebration of Mr. and Mrs. Homer D. Myers, former residents of Pipe Creek now residing at Bandera, given by The Joy Sunday School Class Saturday afternoon was well attended.

The Fellowship Hall of the Baptist Church was decorated in gold and white and members serving wore formal attire with corsages.

Mrs. Jessie Meyers wore a blue formal and lovely white orchid, while Brother Myers was dressed in black with white boutonniere. They both looked younger than their years.

Their daughter, Mrs. William Rippey of San Jose, California, and granddaughter, Mrs. David Leaver, of Seattle, Washington, flew in for the joyous occasion.

Those who attended the affair were Mr. and Mrs. Paul Lico, Ken Ryan, Jr., Mr. and Mrs. George Ford, Mr. and Mrs. Luther Mathis, Rev. and Mrs. Randall Hilburn, Mrs. J.W. Edwards, Joslyn Edwards, Mr. and Mrs. Jay Edwards, Mr. and Mrs. J.W. Langston, Mr. and Mrs. M.J. Nanney, Debbie Krause, Mr. and Mrs. Keith Mansfield, Homer Adams, Pipe Creek; Mr. and Mrs. Walter Roach, Lakehills; Rev. and Mrs. J.D. Foster, Mitzi Hall, Mildred LaDuron, Elsie Gilliland, Leonard Dacey of San Antonio; Mr. and Mrs. J.W. Langston, Mrs. Stella Bacon, Mrs. Bea Knight, Mrs. Zoe Eden, Mico; Mr. and Mrs. Stanley Lico, Mr. and Mrs. T.K. Flowers, Mr. and Mrs. Douglas Flowers of New Braunfels; Mrs. Esther O'Banon, Mr. and Mrs. Weldon Jones, Mrs. Amelia Dickens, Mr. and Mrs. Edward Rosentretter, Mr. and Mrs. Montie Chipman of Bandera.

We wish them many more happy years.

The Joy Sunday School class thanks Mrs. Faye Lico, Mrs. Lois Ford, Mrs. June Mathis, Mrs. Jack Nanney and all the other class members for the lovely cakes, snacks, punch and coffee and splendid cooperation throughout this lovely reception.

Mr. and Mrs. Amos Hilburn, of San Antonio, came out Sunday to attend church services and hear their son, Rev. Randall Hilburn, preach. People in Bandera County will be interested to know that Rev. Randy's mother was the daughter of Mr. and Mrs. Luther Coughran. Luther came to Tarpley with his parents, Mr. and Mrs. William Coughran, around 1902. His brother, Ed Coughran, was a barber at Bandera many years. Mrs. Edith Buckner Edwards and Mrs. Stella Coughran Moore of San Antonio, were classmates at Tarpley School many years ago.

WHAT HAPPENS TO YOUR DONATION?

What happens to your donation to the fire department?

No part of it goes to "administrative cost", as is the case in most charitable organizations. Our officers charged with administration donate their services. No part of it goes to labor cost. All labor from floor sweeping to fire fighting is donated.

Slowly but surely our training is progressing. We have members who attended some, though not all, of the classes for certification as a volunteer fire fighter. We have members who attended the fire fighting course of the Texas Forest Service. We have members who are attending the fire fighting course being conducted by Texas A&M at Medina Lake and we have an ex-chief who attended fire fighters school at Texas A & M this past summer.

All time spent training is donated.

Eliminating administrative, training and labor costs, you can see that your dollar is going to equipment and its maintenance-tangible assets belong to the community of Pipe Creek.

We know of no way to get more for your dollar.

A Message From Our Pastor

By Rev. Randall Hilburn, Pastor

First Baptist Church

Pipe Creek

Last week, while trying to catch up on my reading, I saw some figures that caught my attention. I found that 5.5 million spectators attend athletic events, of all kinds, every week while 85 million worshipers attend church in the same week. After I read this I began to wonder how many worshipers would be in church this Sunday, the Sunday before Christmas. Ever since I have been affiliated with churches I have found that attendance on this Sunday increases tremendously. Many people that never come the rest of the year show up in remembrance of the birth of Jesus Christ.

During this time of the year as I visit, I see numerous manger scenes from houses, businesses, and even hospitals. My wife and I as others did, sent out some Christmas cards with a picture of a baby on the front as a reminder of His birth.

In reality, though, looking at the birth of Jesus, we are overlooking something far greater, the reason of Jesus. Luke 19:10 and I Timothy 1:15 says to us that Jesus came to seek and to save sinners. Jesus Himself said in John 10:10 "... I am come that they might have life, and that they might have it more abundantly."

This year as you celebrate Christmas, look beyond the manger, and look to the cross and the empty tomb. It is only in the shadow of the ministry of Jesus, that you can fully understand His birth. 29-1tc

BIOLOGY II FIELD TRIPS
By Krista Connors

Mr. Wilton's pick-up, or the "White Snail", as it is affectionately called, makes routine trips to the river with the Biology II class. It slowly creeps down the thickly wooded trail, and eventually stops at a nearby pond. Ted Ostenson, Max Tibbits, Mike Macon, Terry Tomlinson, Corwin Snyder, Tim Hicks, Leslie Robbins, and last, but not least, their fearless leader, Mr. Wilton, all hop out of the "White Snail", and begin their experiment.

A path, overgrown with grass and weeds, leads to the source of their experiment. Hay infusions, or miniature ponds, are made by filling large jars with layers of mud, leaves, and air. The jars are then tightly closed until they return to the classroom. After returning to the classroom, the jar lids are loosened, and the jars are placed in a secure area. When several days have elapsed and the layers have settled, it is then time to observe deposits under a microscope.

By observing a sample under a microscope, one can see that bacteria formed and started a food cycle. Paremecium, plankton, hydra, planeria, gamerus, water fleas, cyclops, protozoa, and ditomes are just a few of the microscopic beings observed.

CLASS FAVORITES
By Krista Connors

On December 9th, the Junior High, and High School students voted for class favorites. Nominations were held, and then the final elections revealed the winners.

Darcy Word and Lawrence Jureczki, freshman favorites; Edith Head and Randy Taylor, sophomore favorites; Susan Connors and Mike Foster, junior favorites; and Krista Connors and Keith Boyd, senior favorites.

SENIOR SPOTLIGHT
Maxine Gail Lindig
By Anette Bates

Maxine Gail Lindig, a bright, familiar face in Bandera, is the daughter of Mr. and Mrs. Werner Lindig and was born in Kerrville, Texas; she has spent all twelve of her school years here in Bandera.

Maxine is a very active girl, participating in many interesting hobbies and activities. She enjoys sewing, ballet, eating, and raising sheep. During her spare time, Maxine teaches twirling and gymnastics. Traveling has been a major interest of Maxine's, as she has so far visited many states including Colorado, Idaho, Wyoming, New Mexico, California, Montana, Nevada, Tennessee, Mississippi, Arkansas, Kentucky, Virginia, and Washington, D.C. Of these, she favored Virginia because of the beautiful countryside and home of Thomas Jefferson. Also Kentucky because it is so picturesque with beautiful rolling hills, green meadows, and fantastic horse farms with all their white fences.

Miss Lindig has many close friends, but some outstanding personalities in her mind are Mrs. Thompson, Mr. O'Neil, Mrs. Smith, and Mrs. Jackson. He also idolizes Margot Fonteyn, her ballet teacher. Thomas Jefferson is her favorite person in American history. She feels he was a brilliant man who could use his talents in so many ways, such as architecture, education, government, and even in growing gardens. He is an enlightening inspiration for Maxine.

Maxine tries to do all she does to perfection and to the best of her ability. She says, "For myself I find self-satisfaction and enjoyment in the things I participate in by viewing them in this sense: Not until I am satisfied with myself can I begin to enjoy life."

To attend TCU and then dance professionally are a few things Maxine plans to do in the future. She would then like to open her own studio or teach in a private studio.

Maxine sees her senior year, not as an end, but rather as a beginning. It is a very exciting and rewarding time of her life, and she is enjoying it greatly.

Maxine is a fine asset to the senior class of '77 and we hope she finds happiness and success in all she does!

Texas Ranks Last

State Comptroller Bob Bullock said Tuesday an analysis by his office shows that Texas ranks last among the 50 states in per capita state aid to cities and counties.

Bullock said that Texas' 254 counties received $3.30 per capita from the state during the 1976 fiscal year, while the cities received $3.27 per person.

"Take this money away," Bullock said, "and then watch local property taxes."

Only $31 million of the $72 million allotted to cities and counties by the state in fiscal 1976 came from state revenues, according to Bullock. The remaining $41 million came from the federal government.

The counties received a total of $40 million in fiscal 1976, while the cities received $32 million.

The analysis is contained in the December financial statement published by Vernon McGee's Planning and Research Division.

The statement also reports that energy related taxes continued to play a vital role in the state's economy during fiscal 1976.

Taxes on the production of oil and gas, consumption of motor fuel and utility receipts brought in more than $1.2 billion, accounting for one-third of the total revenue raised by the state, according to the report.

Increase In Social Security Earnings Base

Beginning January 1, 1977, the social security earnings base, the maximum amount of annual earnings on which employees, employers, and self-employed people must pay social security tax, will increase from $15,300 to $16,500, but the tax rate will remain the same.

This means that people who earn $16,500 or more a year will be paying $965.25 in social security taxes, or $70.20 more than the $895.05 they paid in 1976. The contribution rate of 5.85 percent of taxable earnings for employees and employers, and 7.9 for self-employed people remains the same.

The increase is not welcome news for those already concerned about the pressures of inflation on their paychecks. That's why it's important that it be looked at in its proper perspective, understanding both its advantages and disadvantages.

First of all, the increase does not affect workers whose annual earnings are less than $15,300; this is about five out of six workers covered by social security. This is because they will be paying at the same rate on the same amount as last year.

Secondly, while some workers will pay more, they will also be able to count on bigger benefit checks when they retire, and for their families if they should become disabled or die. Benefits are based on average earnings over a period of years, but only earnings on which social security taxes are paid count in figuring the average. When more of a worker's earnings can count toward social security, monthly checks are higher.

And third, consider the alternative. In order to keep social security benefits up with the cost of living, it is necessary to change either the contribution rate or the earnings base. Increasing the contribution rate means that everybody would be paying more taxes. Increasing the earnings base means that only those with higher earnings will be paying more.

Traditionally the earnings base has been raised periodically to keep up with the increase in wages in the economy and to maintain the level of protection the program provides. Since the amount of the social security benefit is based on the amount of the average annual earnings, if the amount of taxable earnings were not raised more and more workers would have insurance protection related to an increasingly smaller part of their total earnings. Eventually the program would provide a flat benefit because almost everyone would be earning at or above the maximum taxable amount.

Since the 1972 amendments to the social security law the increase in the earnings base has been automatic. Whenever social security cash benefits are raised because of increases in the cost of living—as they were in 1976—the law requires a review of wages covered by social security. If average wages have gone up the earnings base must be raised too.

Average wages for the first quarter of 1976 were compared with average wages for the first quarter of 1975. The comparison showed that wages increased by about 7½ percent. That percentage was applied to the 1976 base to arrive at the 1977 base of $16,500.

It's a matter of life and breath!

Bureaucrats Propose Solution For Homeless Snakes

The ICA has joined forces with the people of Limestone, Leon, and Robertson county in efforts to stop the take over of more than 15,000 acres in those counties by the Federal Government. The controversy stems from the construction of a dam on the Navasota river near Groesbeck. The Brazos River Authority purchased 15,000 acres for the construction of Lake Limestone. After a year on construction, the Army Corps of Engineers decided that a permit would be required from them before the dam could be completed. The Fish and Wildlife Service, under the Department of the Interior, proposed that another 15,800 acres be purchased so that the displaced wildlife would have refuge. T.A. Cunningham sent a letter to Victor V. Veysey, Assistant Secretary, Department of the Army, urging that the permit for Lake Limestone be issued without requiring that an additional 15,800 acres of land be purchased for a wildlife management area. It is important that we get involved as an association in matters such as this before all our lands are taken through bureaucratic decisions made in Washington. It would be well that we all write letters urging that the permit be issued without the taking of the additional land to The Honorable Victor V. Veysey, Assistant Secretary, Civil Works, Department of the Army, The Pentagon, Washington, D.C. 20310.

Meeting
The most beautiful and interesting meeting of the year was held Dec. 8, by the Lakehills United Methodist Women. A Christmas program was presented using the childhood game of "Hold out your hands and shut your eyes and I will give you something to make you wise", to symbolize the receiving of the gifts of hope, music, trust, excellence, joy and love because of the birth of Christ. Alice Lundblad was the leader and the other participants were Connie Leibold, Irene Zigler, Era Wilkinson, Tussy Neumann, Blanche Lloyd and Helen Kerr. An open discussion was then held to give a resume of the year's activities to the charming guests, Mrs. Frank Hill and Mrs. John Westbury, who are officers of the San Antonio District. Mrs. Hill made several suggestions which we believe will greatly add to our 1977 program.
The fellowship hall was aglow with a sparkling Christmas tree - yes, the decorations did include Chrismons - and a beautifully appointed table laden with all kinds of good things to eat. Punch and coffee were also served to our guests and nine members.

AMERICAN LEGION ACTIVITIES
Service
It was a busy day at the VA Hospital in Kerrville for Ruth Tschirhart, Laura Bennett, Ruth Cowley and Marie Tomasini December 4. They spent the day working in the gift shop which is maintained by the various Legion Posts. They wrapped and prepared gifts for mailing for the Veterans. This is an annual service for Post 410.
Donations
Mr. and Mrs. Chuck Preston of Kerrville, Mr. and Mrs. Arnold Haby, and Mr. and Mrs. E.F. Tomasini of Lakehills, presented the American Legion in Lakehills with some generous donations.

BOUQUET OF ROSES
TO: Mrs. Pat Davis, Mrs. Dorothy Conoway, and Montie Markolff.

CONDOLENCES
Condolences are extended to the family of Ernest Stowe. Our beloved friend and neighbor, Ernest, died Sunday in Methodist Hospital. Ernest had been around Lakehills since the early forties, and was well known and liked. The loss of a loved one is painful, but the love and companionship experienced with him or her, will linger as a beautiful memory. The future years cannot take away the fond memories of Ernie.

BETTERMENT ASSOCIATION ACTIVITIES
From the desk of L. Moore, reporter —
Monthly Meeting
The regular meeting of the Directors of the MLBA took place Dec. 9, at 8 p.m. at the Civic Center. Twelve directors and 11 members were present. Membership chairman Florence McMahan presented us with 8 new members: Donald and Ramona Alff, Ethel and Charlie Purdy, Lola and James T. McMillan, Helen Brown and our superintendent of schools, Ronald Caloss. We heartily welcome each and every one.
Supt. Caloss was introduced by President Adren Heisler and gave us the latest information about education in our Bandera School system.
Two directorships were filled and it is a great pleasure to announce that Charlie Purdy and Joy Seideman will be working with us in that capacity. Bob Larsen was elected treasurer. We feel very fortunate to have him in this position as his wife, Polly, is an experienced bookkeeper and will be available for close consultation.
Plans were discussed for the New Year's Eve Ball. Please call Bob and Maida Wehmeyer for reservations for this gala event. You'll be glad you decided to welcome the New Year in a building with one of the largest dance areas in the county. The Kountry Rhodes have been engaged for the best music ever, and at the stroke of midnight, homemade corn bread muffins and black-eyed peas will be served. Decorations chairman Ann Jack has been dreaming up the decor for months, and it promises to be very elegant. The price is just $5.00 per person. Only 226 reservations will be available and admission will be by reservation only. (See ad, this page).
Party
The MLBA catered a very lovely Christmas party for the Experimental Aircraft Association Saturday night, complete with barbecued chicken and everything that goes with it. Our guests were mort complimentary of the food, decorations and treatment.
Donation
We acknowledge with appreciation the donation of a tree for Memory Lane by the Dirty Dozen Bunco Club in memory of Ted Seideman.
Appreciation
Appreciation corner: To Mrs. J.E. McDonald for her generous cash donation to the Civic Center; to Adren and Gus Heisler, Howard Jack, Charlie Purdy and Bob Moore for gathering wood and barbecuing the chickens; to Margaret Talk, Ann Jack, Ethel Purdy, Lola Heisler, Florence McMahan, Lucille Moore, Polly Larsen, Panchita Thomson, Joy Seideman, Jeffie Waterman and Fannie Davis for donating salads and cakes; to Bob Larsen, Joe Talk, Cliff Waterman and Harry Kentler for building chores.

Chamber Chatter

Plans for the 1977 Bandera County Beauty Pageant are now under way. On Monday, December 13, the Pageant Committee met with Mr. Jimmy Goodman to begin work on this upcoming event. A tentative date of Saturday, February 19, 1977, has been set for the Pageant.

The Beauty Pageant is open to all Sophomore, Junior and Senior girls who reside in Bandera County. One of the highlights of the Pageant will be the naming of a Little Miss and Little Mister Bandera County from among our county's first graders. Ads will again be sold for the program booklet and we hope to have as much county support in 1977 as we had for our Bicentennial Pageant.

The 1977 Pageant Producer and Pageant Director are Mr. and Mrs. Jimmy Goodman of Beeville; Pageant Chairman, Bruce Eliker; Committee Members, Punkie Camp, Arlene Eliker, Faye Wells and Paul Guzzardo. These people are looking forward to working with the young ladies of our county and hope to make it a memorable occasion for eah one of them.

Why 55 M. P. H.

We chug along in our little old gas-saving cars at 55 miles an hour, passed by everything on the road but a man on a bicycle. We feel futile and almost foolish sometime until we think of three very important reasons for going 55 m.p.h.

First, going 55 m.p.h. saves gasoline and this is certainly important because there is so little oil left in the world, and besides, do you want to give all your money to the Arabs?

Second, going 55 m.p.h. saves lives. It would certainly be useless to point out the importance of this one and besides, the life you save might be your own.

Third, going 55 m.p.h. is THE LAW and this has to be important. Without laws and obeying them we can have no civilization and without civilization we can have only chaos.

We Americans have forgotten how to save. With all the wasted gas and power, unnecessary lights and heat and cooling, foolish and unnecessary trips, it seems hopeless for one person to try to save, doesn't it? But each of us is only one person, and it has to start somewhere, so why not with you and me and 55 m.p.h.?

No Calf — No Profit

Recent studies at the USDA Range Livestock Experiment Station at Miles City, Montana, indicate that the greatest single loss in number of calves is failure of the cow to become pregnant.

This one factor alone accounted for nearly 17 percent of the potential calf loss.

How To Control Blackleg Disease

Blackleg is usually a fatal disease of young cattle familiar to most cattlemen. Specifically, Blackleg is caused by an organism known as "Clostridium chauvoei", whose spores may live in the ground and remain infective for years. Malignant Edema, caused by "Clostridium septicum," is so similar it may also be called Blackleg. Other clostridial organisms occasionally cause diseases that are generally indistinguishable from Blackleg except in the laboratory.

Familiarity with Blackleg hasn't prevented losses from continuing. Misconceptions and procrastination combine to allow Blackleg and its cousins to kill many cattle each year. Animals that contract Blackleg are usually in excellent health, gaining weight, and often the best of their group.

Clostridial diseases aren't contagious, but when conditions are favorable several animals may be affected in a short period of time. Spore forms of the causative organisms live in the ground for many years. Whether or not they multiply in the soil isn't known. Blackleg is more prevalent in areas, on some ranches in the same area, and in some fields on the same ranch. Reasons for the variations aren't fully understood.

The age of susceptibility to Blackleg is usually given as approximately six months to two years. A calf receives some protection by nursing an immune cow. But the resistance is variable and related to amount of antibody produced by the cow, response by the calf, condition of the calf's intestinal tract, and number of organisms to which the calf is exposed. Nursing calves as young as one month old may have Blackleg, and adult cattle are sometimes affected, also.

Blackleg usually develops rapidly with death following onset of illness by 12 to 48 hours. Affected cattle are more often found dead than sick. Body temperature rises initially as the animals' defenses respond to infection. Clostridial organisms produce potent toxins that may later cause body temperature to fall below normal. Toxins make the animal so sick that by the time its body temperature drops, its usually unable or refuses to get up.

In "typical" cases, gas produced in affected muscle collects under the skin. A crackling sensation comparable to crumpling crisp paper may be produced by pressing on the hide over the area where gas has collected. Gas that escapes from the cut surface is described as having a characteristic sweetish odor.

The affected muscle, usually in the heavy upper portion of one leg, is black and gelatinous. Frequently, infection localizes in such hidden muscles as the diaphram or base of the tongue. When this happens, no gas can be felt at the body surface. Misconceptions arise and many cases of Blackleg go undetected because of exceptions to the classical description.

Penicillin and several other antibiotics are effective in treating Blackleg, if given soon enough. However, the disease is rarely recognized in time for effective treatment. Even when its life is saved, the animal may be rendered useless by the extensive muscular damage.

Bacterins for protection against clostridial infections are among our most effective biologics available. Vaccination of healthy calves that are more than four months of age usually results in permanent immunity. Because of the likihood of some calves becoming infected before reaching four months of age, they should be vaccinated earlier and revaccinated. It isn't safe to wait and vaccinate all calves at one time if the calving season is longer than 60 days.

Multiple bacterins are needed in some localities and one safe adequate protection. A veterinarian should autopsy each dead animal and submit tissues to a diagnostic laboratory for identification of the causative organism. While one injection of the proper bacterin usually afford serviceable immunity, in some localities two injections a few weeks apart are necessary for solid protection.

Vaccination can result in a "negative-phase" lasting seven to ten days during which cattle are more susceptible than before vaccination. Therefore, if Blackleg has occurred before vaccination, losses can be expected to continue for up to two weeks. Animals dead of a clostridial infection must be removed, burned, or buried deeply to prevent permanent contamination of the area. Proper vaccination on a routine basis is effective and the only effective control for Blackleg and related infections!

Bandina Messenger

By Vicki Romigh

The past three weeks have been the busiest for me that I remember. So much has happened. Will try to get caught up.

Mr. King Buchanan entered Wilford Hall Hospital on December 5. On Wednesday morning he had surgery and then the next morning he had to return for more surgery, but at this time is doing well and expects to be at home this week. His son, King L. Buchanan of Grand Prairie, and Mrs. W.D. Lee, a daughter of Houston, were with him all week as well as Mrs. Buchanan of Camp Bandina.

Mr. and Mrs. Peter Masih have moved from Camp Bandina into their new cottage on the Medina Children's Home Campus. We will miss them but hope they will come to see us all often.

Our place was busy, busy, through the Thanksgiving holidays. Mr. and Mrs. Bob Bradshaw of Lubbock, Mr. and Mrs. Gordon Kramer of Houston, Dr. and Mrs. Paul Boren of Dallas, Dr. and Mrs. Paul Faulkner and family of Abilene, Dr. and Mrs. Holbort Rideout of Abilene, Mr. and Mrs. Buddy Sessions, Jr., of Friendswood, Mr. and Mrs. Larry Pullen of Corpus Christi, were here relaxing, visiting friends and celebrating Thanksgiving. San Antonians were Lt. Col. and Mrs. Bob Smith, Mr. and Mrs. M.L. Screeton, Jr., Mr. and Mrs. Claxton Wilson, Mr. and Mrs. C.A. Arnold and Mr. and Mrs. Horace Hinds.

Mr. and Mrs. M.L. Screeton, Jr., had a new arrival in their family on November 30, 1976. Jerimey Houston Screeton weighed in at 6 pounds and 11 ounces. He was 19 inches long and had red hair like his pretty mama and blue eyes like his handsome daddy. Daddy and boys are doing well.

Mr. and Mrs. Gene Byars enjoyed having their son-in-law, Mr. Joe V. Coleman of Albuquerque, New Mexico, spend the night with them as he was en route to San Antonio for a showing of his custom Indian jowelry.

Mr. Elmer Wells, who used to live here, was struck by a car in Lytle, Texas, last Thursday. He was taken to the Nix Hospital in San Antonio where he is recuperating at this time.

The Claude Sessions are in Dallas where they are visiting and being entertained this week.

Mrs. Billingsley sustained severe bruises, but no fractures, in a fall last week. She is up and about but is suffering from the bruises.

Mrs. Bess Wright spent Thanksgiving with her children, Mr. and Mrs. Fred Johnson, in San Antonio.

Mr. and Mrs. Fred Kupfernagel entertained their 42 Club with a gala Christmas party last Friday. Present were Mr. and Mrs. Claude Sessions, Mr. and Mrs. Gene Byars, Mr. and Mrs. Abels, Mr. and Mrs. Rucker of Hondo, and Mr. and Mrs. Bruchmiller of Boerne.

The house was festive with Christmas decorations, the food was delicious, and the ladies looked stunning in their lovely long dresses. Mrs. Kupfernagel, the hostess, was gowned in a red Christmas dress. Guests exchanged gifts and the evening was lots of fun.

Last night, after being gone 2½ weeks, we had a most pleasant surprise, when Dr. Surgit Mansinyh, wife of Charles Heimsath, stopped by to wish us Merry Christmas and to also say "goodbye for the holidays." She is leaving for Washington for the holidays and will be returning to UTSA, where she teaches, for the spring semester 1977, and her two sons and husband will be coming with her. Dr. Mansinyh was flown by request of the U. S. Government to lecture at the Foreign Service Institute in Washington, D. C. Last week she lectured at St. Mary's Hall School on Buddhism.

Col. and Mrs. E.J. Romigh, Jr., were in Houston over the weekend to attend the wedding of his niece.

This is all for now. May all your days be good ones!

GUEST AT LAKEHILLS DIES
Eugene H. Soefje, age 55, a guest in the Lakehills Community, died suddenly at the Civic Center Saturday night. He was taken to his home in Seguin for funeral servites at 2 p.m. Tuesday at the Cross United Church of Christ.

Mrs. Sterling Burke Enters Rest

Many relatives and old friends here learned with sorrow of the death of Mrs. Sterling C. Burke, Sr., who died Sunday, December 12, 1976, following a long illness.

Mrs. Cecille Faris Burke was the daughter of the late Mr. and Mrs. Milton Faris and she grew up in Bandera, where her parents operated the OST Cafe for many years.

She was a member of Christ Episcopal Church in San Antonio and was a partner in the Sterling Burke Realtors Company. For a number of years the Burkes were in business in Bandera.

She is survived by her husband, Sterling C. Burke, Sr., of San Antonio; one son, Sterling Burke, Jr., of San Antonio; one daughter, Mrs. Jackie Hagy of San Antonio; sister, Mrs. Elsie Brooks Smith of Bandera; three grandchildren; and many relatives in Bandera.

Funeral services were held Wednesday, December 15, at 1 o'clock at Christ Episcopal Church in San Antonio with Rev. John H. McNaughton officiating. She was laid to rest in Sunset Memorial Park in San Antonio under the direction of Porter Loring Funeral Home.

Bullock Will Ask For Inheritance Tax Relief

AUSTIN—Comptroller Bob Bullock has announced that he will ask the Legislature in January to grant Texans some state inheritance tax relief by increasing exemptions for surviving spouses to $100,000 and for surviving children, grandchildren or parents to $50,000 each.

Bullock estimated the proposal would exempt an additional 18,000 beneficiaries per year from the basic state inheritance tax. If enacted into law, it would mean 77.7 percent of all beneficiaries would be totally exempt from state inheritance tax, he said.

The Comptroller said current law provides an exemption of only $25,000 for all Class A beneficiaries—surviving spouses, children, grandchildren and parents.

"That law was written in 1923 and hasn't been changed since," said Bullock. "A $25,000 estate back then would have been sizable. Today it would be considered modest."

Because the dollar is worth so much less today, Bullock explained, "the state inheritance tax has become particularly burdensome to farmers and ranchers."

Bullock said his proposal was selected after extensive research by his Inheritance Tax Division of actual 1974 inheritance tax returns. He added that his office has worked closely with various farm and ranch groups and the House Ways and Means Committee in developing the proposal.

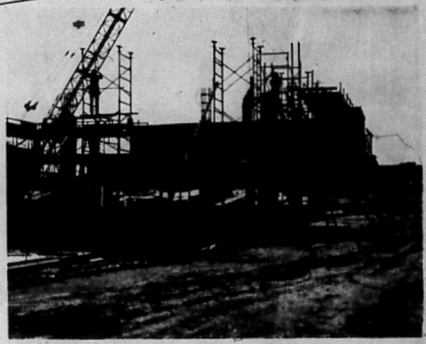
New School Progress Good Despite Weather



With completion of the new Bandera High School building nearing, to be some time in the spring, work is progressing nicely. Shown here are workmen on the scaffolding. In the foreground is the band hall and the stage portion of the spacious auditorium; then there is office space and in the rear of the photo is the gymnasium. At the extreme left in the background is one of the class rooms.

Bandera will have one of the finest school systems in the state when it is completed.

$302.8 Million For Texas Cities

State Comptroller Bob Bullock said that Texas cities received a total of $302.8 million in city sales tax rebates during the 1976 calendar year, a 14.4 percent increase over 1975.

"The jingling of those cash registers has been music to ears, both at the state and city level," Bullock said.

Bullock said his office mailed checks totaling $50.6 million today at 864 Texas cities as their December rebate of the one-cent city sales tax.

The December rebate was $9.8 million over that for the same month a year ago.

The biggest check—$10.3 million—went to the City of Houston. Tiny Bloomburg will receive the smallest—$4.42.

The city sales tax is collected by retailers along with the four percent state sales tax. The Comptroller's Office rebates to the cities their share on a monthly basis.

The City of Bandera's allocation for the period ending November 28, 1976 is $5,09.89.

New touches bring color to Christmas table

Every day can be a holiday through the Christmas season. A little imagination goes a long way in keeping your family full of that festive spirit.

Sprinkle a touch of candied fruit into hot oatmeal for a breakfast treat.

Give your favorite fruit salad that holiday look with a sprinkle of pomegranate seeds.

Cut bells from slices of canned cranberry sauce when serving.

Candy canes make flavorful stirrers in cups of hot cocoa or tea.

Year-round favorite casseroles have a holiday look topped with a cheese star.

Place a waxed paper stencil of a Christmas tree over a bowl of potatoes or rice — sprinkle with chopped parsley . . . remove stencil!

Pimento poinsettias make colorful garnishes on any one of many dishes or bordering a filled platter.

Addressing a long list of Christmas cards can really be fun! Gather the family around the table and keep them happily at work with cookies and hot fruit punch!

Ever try pancakes poured onto the griddle in Christmas tree shapes? It takes a steady hand and concentration, but think how they'll delight your family.

IDEAL TREE FOR SMALL APARTMENTS

Apartment dwellers with limited space will welcome the Norfolk Island pine, a natural mini-Christmas tree, that is a charming houseplant all year as well. It requires a little water about twice a week and flourishes in full sun through the winter. Trimmed with tiny ornaments it is lovely indeed. To keep the branches from sagging, hang the trimmings in a bit from the branch ends.

A Guide To Deworming The Horse

The horse has the rather dubious distinction of being host to more different kinds of worm parasites than any of the other domestic animals. Reference to a recent check-list indicated over 90 different species of worm parasites are capable of infecting the horse. Not only do many different kinds of worms occur in the horse but total numbers in a single animal are often measured in the thousands.

For purposes of both discussion as well as treatment, the various parasites of major concern fall into convenient groupings namely: strongyles, ascarids (large roundworms), bots, stomach worms, pinworms, intestinal threadworms (Strongyloides), and tapeworms.

A number of drugs are available which are effective against the stages of the large strongyles that occur in the gut of the horse. Many of these drugs are available in combination so that an additive effect or activity against other parasites is realized. To these commercially available combinations, still other drugs may be added to include activity against still more different worm species. The system of treatment involves periodic administrations of the drugs.

In addition to the use of the appropriate drug, the period between treatments is an important factor in designing an effective strongyle control program. The interval between treatments will vary from one ranch to another and from one geographical area to another since a number of factors are involved such as the level of infection, stocking rate, soil and forage type, climate, and pasture contamination. For example, the treatment schedule for a commercial operation with 100 mares would differ considerably from that used for a single pet or saddle horse on a given farm.

All horses on the ranch should be treated and transients or new additions should be quarantined and dewormed before being included with residence horses.

No single drug or mixture should be used exclusively for control since strains of strongyles resistant to a particular drug have been observed.

After a herd or ranch has been monitored by periodic fecal examinations; the treatment interval may be adjusted and a program developed to fit the particular operation.

Alternating the use of these compounds is necessary for maximum activity against all the major parasites of the horse and also reduces the possibility of selecting or promoting drug resistant strains of parasites.

—Excerpt taken from "A Guide to Deworming the Horse" by Stanley E. Leland, Jr., Professor of Parasitology, Department of Infectious Diseases, College of Veterinary Medicine, Kansas State University.
—Submitted by Dr. Conrad K. Nightingale, D.V.M.

Lavish Feast

At Christmas, in the year 1492, when Columbus was spending his day in the New World, King Henry VII gave one of his most sumptuous feasts. The King (1485-1509), the Queen and members of the court dined on no less than 120 different dishes . . . with peacock as its climax! He observed holiday customs lavishly, to say the least, serving among the many delicacies a popular dish called "frumenty," made by adding sugar and spices to boiling hulled wheat.

CHRISTMAS BY ANY NAME

We simply take for granted that Christmas Day is December 25th, but that wasn't always the case. Long, long ago the holiday was celebrated on January 6th. Later it was changed to January 6th. Then, in the year 1752 Christmas was finally moved to its present date, December 25th.

Natural Decor for Christmas

The use of fresh, growing plants around the house for color and decoration has increased in almost staggering numbers . . . and there's really nothing lovelier to make a house look lived in. Combined with dried natural flowers and fruits they are perfect for the holidays. Here are a few ideas you may not have thought of, including some using traditional evergreens and mistletoe in not so traditional ways. With a little imagination, there's no end to the unusual Christmas decorations you can put together at home.

If you are lucky enough to have a bay or wide window, try massing pots of flowering plants together . . . poinsettias, azaleas, cyclamen, on a window seat or small table, covered with a pretty cloth. Decorate the pots with Christmas cutouts from your favorite magazine or with holiday decals.

Polish your best silver bowl and fill it with dried Lunaria (Honesty is its more commonly known name) and fresh holly. The silver-white translucent Lunaria is a perfect foil for the vivid red holly berries.

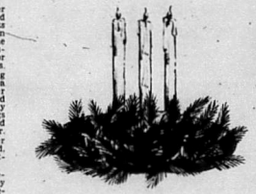
Your beach basket, lying idle in the pantry, makes a charming rustic holder turned its side and filled with green apples and shiny red Christmas balls. Sprigs of evergreens in and around the apples add extra color.

Grandma's old butter churn will be rejuvenated, filled with bittersweet, cattails and evergreen.

Make a hanging mistletoe ball for a doorway by sticking sprigs of mistletoe into a round potato, in which you have pierced holes with a nail. Add a perky bow at the top and hang. The moisture in the potato will keep the mistletoe fresh!

For a unique surprise centerpiece, insert small cuts of evergreen into a long loaf of bread, covering it completely. Choose your loaf to suit your table shape and length. As with the mistletoe ball, the greens stay fresh longer because of the moisture in the bread. Add two or three candles to your centerpiece by pushing them down firmly at the top. Tiny tree ornaments can be added too.

Have fun! Hope your holiday is merry!



SURPRISE CENTERPIECE made from loaf of bread covered with greens.

GREEN APPLES AND SHINY RED Christmas balls spill out of peach basket for unusual decorative arrangement.

Christmas Gesture

Robert Louis Stevenson (1850-1894), author of "Treasure Island" and "Kidnapped," was born on November 13 but "gave" his birthday to a girl born on Christmas Day. Stevenson made a gift of his birthdate to a friend, Annie H. Ide, to let her have "two joyous celebrations a year, with a proper birthday and a Merry Christmas."

Handicapped Boys And Scouting

A new program to bring as many handicapped boys into Scouting as possible has been announced by the Alamo Area Council, Boy Scouts of America.

"There are 12,000 handicapped boys in our 13-county council area, "said Pat Legan, council president, "and we want to bring as many of them into Scouting as we possibly can."

To do this, he said, a new program has been launched by the council: Scouting for the Handicapped Division.

Key objectives for the 1976-77 Scouting year, Legan said, are:

Organize at least 25 new units, Cub packs and Scout troops, including one for the blind; have seven of these troops in summer camp next year; have 50 percent participate in Camporees, and have 20 special units participate in at least one council or district event annually.

Control and direction of the Scouting for the Handicapped Division will be through Aztec District. This district already has had extensive experience handling Scout units for handicapped youngsters.

Herbert J. Wilkens, council Scout executive, said Jerry Horn, a retired Air Force officer and ex-scoutmaster, is heading the division. He will work under Don Slaughter, Aztec District executive.

Slaughter reported that the effort to extend Scouting to the handicapped already has met with enthusiastic reception in every quarter, area and person concerned with handicapped youngsters.

May the music of the heavenly heralds bring a touch of the Divine to your Christmas. At this holy time we extend sincere appreciation to you.

SENIOR SPOTLIGHT

Frances Head
By Krista Connors

Africa, India, and Arizona are a few of the places Frances Lorraine Annastasia Head wants to visit in the future. Irene and James Royce Head are the proud parents of this enthusiastic student.

Frances has spent the majority of her school years in Bandera Schools, but while in San Antonio she attended Little Flower Catholic school, and she was also a student at Leon Valley Public School in Leon Valley.

Weaving, and tanning animal skins are Frances' major hobbies. Her major interest is getting an education.

John F. Kennedy, because of his youth and vitality, is Frances' favorite person in American History. Her favorite person is her sister, Edy, as Frances says, "she's a million laughs". Christmas is her favorite holiday, because it's so cold outside, but warm inside.

Frances was a crew chairman in a one act play her junior year, and has been a dedicated member of the Pen-in-Paw and Bulldog annual staff for two years.

"Never wait or hesitate. Get in kid, before it's too late, for you may never get another chance." This line is taken from Rod Stewart's song, and is Frances' philosophy in life.

Being a senior to Frances means that it is the beginning of her education, and the lead to college.

Frances' plans for the future are to move to San Antonio, Oklahoma, or California. Wherever Frances goes she will spread her love and enthusiasm for life. She has many friends now, but in the future there will be many more, because she never fails to give a helping hand.

SENIOR SPOTLIGHT

Basel Boatright
By Alice Rae

One of the outstanding seniors at B.H.S. is Basel Butler Boatright III. Basel was born in Alice, Texas, on March 4, 1958. He attended Churchill High School the first half of his freshman year, and then he moved to Lakehills.

Basel's activities in his sophomore year included track, baseball, and he also provided his bulldog, "Casey Mack", for Bandera's mascot. He was PTA Olympics representative his sophomore and junior years. This year, he is parliamentarian for FHA.

Basel's hobbies and interests are hunting, motor cycling, and talking on his CB radio, in which his handle is "Chestnut". Another enjoyment was his job as a cook at the New Braunfels Smokehouse last summer, which he thought was fun.

Sherry Oehler, Mrs. Jackson, Mrs. Keese, 3rd Mr. Hundley are some of BBB's favorite people. His favorite figure in American history is Ben Franklin because "he had a lot of clever sayings".

Basel believes "one should set a goal in life and try to accomplish it—within reason." He is looking forward to getting out of school to get a fast start in the Air Force. While in the Air Force, he plans to travel, and go into Law Enforcement. Then after retirement, which is far in the future, Basel wants Jo come back to Medina Lake, and maybe become a deputy here.

Thanksgiving is Basel's favorite holiday, "cause you get to lay around, and eat, and watch football games."

Good luck to Basel Butler Boatright III, who is another dynamic senior of '77.

STUDENTS VISIT TREATMENT FACILITIES
By Tammy Richardson

Wednesday, Dec. 15, Mrs. Wilton's Homemaking classes visited various treatment centers around Kerrville.

The V.A. Hospital was the very first stop. Here the students examined the physical and corrective therapy wards. Many discussions were held at this time, and pursued in great depth.

The Kerrville State Hospital was the next observation center. Here the students just toured the rehabilitation center where the patients were making beautiful handicrafts.

After this the classes headed toward Ingram. While in the area they went to La Hacienda, which is an Alcoholic Rehabilitation center. Films were shown and everyone participated in a detailed rap session.

This was a very rewarding trip which gave the students a chance to see the many problems in life and the many ways to deal with them.

ALREADY TIME FOR CAPS AND GOWNS
By Carol Teich

Tuesday, December 10, 1976, excited seniors gathered at the library to measure for their caps and gowns. The room was filled with enthusiasm as each upcoming graduating student stepped up to the wall chart to be measured for their gown, but the enchantment didn't stop at the wall, for it continued on to the counter, where Mrs. Smith was wrapping a measuring tape around the head of each person.

This is one of the days every student looks forward to from the time he walks in to the first grade. Of course the biggest day for seniors this year will be May 31, 1977. This will be their last contact with BHS, unless they come back to teach, or at least until their children are old enough to attend. Seniors, Pen-in-Paw would like to wish each and every one of you the best of luck, this year and always.

"IT'S A GRAND OLE FLAG"
By Carol Teich

The Bandera High School design your school's flag contest has been lengthened. The new deadline date is Monday, January 10, 1977. The contest is open to any one person or any group, class, or organization. Only a few flags have been turned in, so your chances of winning are still great. To give you a little help, the school's colors are blue and white, and the symbol of BHS is the "Mighty Bulldog". Everyone get busy and draw your flag. All you have to do to draw it, is get a piece of plain white paper, write in the colors where they belong and draw in the pictures and words. It's not too late, but your time is limited, so hurry and get your entry in. Who knows, maybe your flag will be flying over BHS next year.

For this reason, Deputy Mel Lemmons was guest speaker to all the Homemaking classes today to help students be aware of the different degrees of rape, how to prevent it, and defense measures to use against an attacker. He also gave brief instructions on how to go about prosecuting the offender.

Deputy Lemmon's speech gave helpful knowledge and facts. Thank you, Deputy Lemmons, and those who made his visit possible.

STUDENTS VISIT TREATMENT FACILITIES
By Tammy Richardson

Wednesday, Dec. 15, Mrs. Wilton's Homemaking classes visited various treatment centers around Kerrville.

The V.A. Hospital was the very first stop. Here the students examined the physical and corrective therapy wards. Many discussions were held at this time, and pursued in great depth.

The Kerrville State Hospital was the next observation center. Here the students just toured the rehabilitation center where the patients were making beautiful handicrafts.

After this the classes headed toward Hunt, Texas. While in the area they went to La Hacienda, which is an Alcoholic Rehabilitation Center. Films were shown and everyone participated in a detailed rap session.

This was a very rewarding trip which gave the students a chance to see the many problems in life and the many ways to deal with them.

ALREADY TIME FOR CAPS AND GOWNS
By Carol Teich

Tuesday, December 10, 1976, excited seniors gathered at the library to measure for their caps and gowns. The room was filled with enthusiasm as each upcoming graduating student stepped up to the wall chart to be measured for their gown, but the enchantment didn't stop at the wall, for it continued on to the counter, where Mrs. Smith was wrapping a measuring tape around the head of each person.

This is one of the days every student looks forward to from the time he walks in to the first grade. Of course the biggest day for seniors this year will be May 31, 1977. This will be their last contact with BHS, unless they come back to teach, or at least until their children are old enough to attend. Seniors, Pen-in-Paw would like to wish each and every one of you the best of luck, this year and always.

"IT'S A GRAND OLE FLAG"
By Carol Teich

The Bandera High School design your school's flag contest has been lengthened. The new deadline date is Monday, January 10, 1977. The contest is open to any one person or any group, class, or organization. Only a few flags have been turned in, so your chances of winning are still great. To give you a little help, the school's colors are blue and white, and the symbol of BHS is the "Mighty Bulldog". Everyone get busy and draw your flag. All you have to do to draw it, is get a piece of plain white paper, write in the colors where they belong and draw in the pictures and words. It's not too late, but your time is limited, so hurry and get your entry in. Who knows, maybe your flag will be flying over BHS next year.

DEPUTY SPEAKS ON RAPE
By Tammy Richardson

Rape is a major problem in today's society and a problem that is increasing all the time.

For this reason, Deputy Mel Lemmons was guest speaker to all the Homemaking classes today to help students be aware of the different degrees of rape, how to prevent it, and defense measures to use against an attacker. He also gave brief instructions on how to go about prosecuting the offender.

Deputy Lemmon's speech gave helpful knowledge and facts. Thank you, Deputy Lemmons, and those who made his visit possible.

They lost to Lackland 62-66 on Thursday evening. Then on Friday they defeated Medina Valley 54-39; this gave them a chance to win the consolation trophy, but on Saturday a strong Uvalde team smashed the Bulldogs 50-70.

By Kevin Riley

It was a very exciting game for the Bandera fans. All the Bulldog players took part in the game and almost everyone scored. Greg Hicks was high point with 17 and Joe Romo had 15.

SOCIAL ACTIVITIES
Wedding Vows Read
Kutzer-Tomlinson
After a honeymoon at an undisclosed destination, Mr. and Mrs. J. Robert Kutzer will be at home in Pipe Creek, until the groom enters the Air Force January 6. Their marriage vows were exchanged before the Reverend Pat Paterson on Saturday, December 18, in Park Road 37 Baptist Church at 7 p.m. The former Denise Lynn Tomlinson is the daughter of Mr. and Mrs. Sam Tomlinson, Bump Gate Ranch Road, and parents of the bridegroom are Mrs. Ethel Kutzer and the late Major J. Robert Kutzer, Sr. of Bandera. Mrs. Betty Hausmann of Earth, Texas, provided the nuptial music. Merri Jean and Glenn Hausmann were the candlelighters. Mary Tomlinson, sister of the bride, was maid of honor; Scott Hicks of Bandera was best man; David Neeley and Jeff Green were the ushers. The bride was lovely in a floor length gown of chantilly lace with long tapered sleeves. Her floor length tulle veil was held in place by a crown of lace. The bride's mother was gowned in a floor length white knit with appliqued bodice and the groom's mother wore an orange knit with gold trim. Both wore yellow carnation corsages. A reception followed in the home of the bride's parents.

Surprise Party

Mesdames Peggy King and Naomi Stoll

Mesdames Naomi Stoll and Peggy King were two surprised ladies Thursday afternoon at the Arts and Crafts annual Christmas luncheon. It was their birthdays. Mrs. Mildred Anderson, club president, had created a birthday cake in the shape of a Christmas tree. Gifts were presented to the ladies.

Want To Have Fun?
For a fun-filled weekend, spend it with the Buster and Billy Jacksons at their Fun-Time Recreation Vehicle Trailer Park in Port Aransas. The Jacksons have developed this project and will make it their home in the near future.

A Note Of Thanks
Tommy and I want to extend our gratitude to our neighbors and dear friends, for their concern for Tommy while he was alone during the time I was hospitalized. Thanks to the Lord and to the wonderful surgeon for my recovery. Without the cooperation and continuing thoughtfulness of dear friends, our experience would have been most uncomfortable for us. May the Lord bless each of you.
Sincerely,
Tommy and Dorothy Conaway

Weekenders Capture Trophies
Ted and Carol Hoffman, Lakehills weekenders, showed the locals a thing or two about pool at the Lakehills Inn Wednesday evening. They walked away with the trophies in the mixed doubles. Veteran players Gwen Akin and Billy Slove received consolation trophies for second place. Friday evening at the LHI, Billy Slove won first and Ted Hoffman won second in the men's singles. This was the third men's singles at the Inn, and Billy has placed first each time.

Pool At The Lounge In Bandera
Look out Bandera and surrounding areas! Here come the Lakehills pool enthusiasts. Not only are they enthusiasts, but sharp shooters. The Lakehills pool champs have heard about your tournament, for man and wife or boy-girl team January 2, 9, 23, and the play-off on Jan. 30. The LH's champs have their two-dollar entry fee ready and will be there for the trophies, and the large trophy which will be given for the final winner on Jan 30. They will display their winning trophies at the Avalon and the Lakehills Inn on Jan. 31.

Pool At The Avalon
The brother and sister team (Billy and Theresa Slove) did it again. They moved their elders over for first place in the mixed doubles at the Avalon Sunday afternoon. Mildred Sanders did a repeat on the ladies singles.

That Is The Way Lakehills Neighbors Are
When the Lakehills American Legion serviced the Gift Shop at the Veterans Hospital in Kerrville on Dec. 4, Mrs. Clara Willis, a non-member of the auxiliary, accompanied the ladies and worked in the gift shop. Recently when Barbara Faurie was receiving daily medication in Kerrville, Dot McCracken, Polly Larsen, Sandy Mauer and Elsie Word took turns driving Barbara to Kerrville. Congratulations to all of these fine neighbors.

Note Of Thanks
I wish to thank my kind friends, relatives and neighbors for their acts of kindness and sympathy during my sad bereavement in the loss of my beloved husband, Ernest Stowe. I also thank you for the cards, flowers, telephone calls, food, and offerings. Sincerely,
Alice Stowe and The Family of Ernest Stowe.

The Youth Group meets each Sunday at 5:00 p.m. They sing, rap, and enjoy refreshments. All youths are welcome. On Tuesday evening the same group caroled again. They were accompanied by adults. BETTERMENT ASSOCIATION ACTIVITIES
From the desk of L. Moore, reporter —
'Twas the night before New Year's,
And all through the hall
Everyone there
Was having a ball.
The room had been hung
With adornments galore,
With fond hopes of making
Our enjoyment more.
And she in her formal,
And he in his tux (?),
Were waiting to sish
All some good "lux".
And there were those
In ordinary clothes,
They were having fun,
Heavens knows!
The party had started
Sharply at nine.
It wouldn't end
'Til 1 a.m. - Fine!
The music was gorgeous.
The Kountry Rhodes
At their very best
As everyone knows.
And then at the stroke
Of 12 p.m.,
Old Father Time
Spryly walked in.
With a mammoth surprise;
And all eyes did pop!
As a New Year's treat
It was rated the top!
Black-eyed peas and cornbread
Were served all around.
And it was clear
That good luck we'd found.
Wouldn't you like to
Be part of this scheme?
For $5.00 per person
You can enter this dream.
Call the Wehmeyers,
Maida and Bob,
And they will surely
Do a good job,
Of issuing you
A fine reservation.

The best in the nation!

Carols and Candles

Carols and candles bring added spirit and luster to Christmas.

The word "carol" comes from the middle English *carolen*, meaning "to sing joyously." The majority of our most familiar carols date from the nineteenth century. Some researchers believe that carol singing could be a carryover from the Roman songs of the Saturnalia. Francis Scott Key, noted lawyer and author of The Star Spangled Banner, also wrote carols. It is little known that the comedian Harpo Marx, of the famous Marx Brothers, also authored a popular Christmas carol.

Caroling on Christmas Eve is a tradition brought to America by our English forbears, that delights us all at holiday time.

CANDLES — Special lighting effects as we now know them, elaborate and colorful at Christmas, started with the romantic glow of holiday candles. Placing lighted candles in the window on Christmas eve is believed to have started in Boston. There are elaborate electric light shows in almost all large American cities, but candles still sell in the millions, showing that Americans enjoy their soft glow and associations.

Pipe Creek NEWS

PIPE CREEK BAPTIST CHURCH RECEIVES BALDWIN PIANO
The First Baptist Church of Pipe Creek received as a Christmas present a new Baldwin piano. We heartily thank the giver, or givers, for this lovely and useful instrument. We were told it was an anonymous gift. It sounded and looked its best Sunday.

The cantata, "Day of Miracles", presented Sunday night by a very large choir, directed by Leonard Dacy of San Antonio, was an inspiring and enjoyable blending of well trained voices, and was gladly received by all present. Kenneth B. Ryan was narrator and Mrs. Evelyn Rosentretter was at the piano.

After the cantata Sunday night, the children of the church were gathered in the Fellowship Hall, where a Christmas tree and packages had been beautifully arranged. Many were present to receive these colorful packets.

Monday of this week was a day of note in these parts because of the warm sunshine. Our pattern of rainy weekends has conditioned our appreciation for sunshine in December.

Mr. and Mrs. George Ford are in Florida to spend the holidays with Mr. and Mrs. Mickey Ford and son.

Mrs. J.W. Edwards and Mrs. Evelyn Rosentretter attended the joint meeting of the DAR, Colonial Dames of XVII Century and the Genealogical Society at the Bandera Electric Cooperative, Inc., auditorium in Bandera on December 16. Mr. J.K. Harrell of Utopia, organizer of Bandera's Chapter Sons of the American Revolution, spoke on the early Spanish, French and English settlements of the Louisiana Territory. He was followed by the lovely bell renditions of the children of the Bandera Elementary School and the Bandera United Methodist Church, which "brought the house down" with their superb performance. Their teacher instructors, Mrs. Telvy Robbins and Mrs. Jane Allert, have done "themselves proud", in the training of these youngsters.

Mr. and Mrs. Wayne Marrs entertained their Sunday School classes with a snack dinner Sunday night which was well attended and enjoyed by all.

CHRISTMAS WRAP
Aluminum foil makes any gift special looking and is especially marvelous for wrapping those odd shaped things that never seem to fit into any box. Wrap and tie with brightly colored yarn . . . several different colors at the same time!

GUESTS IN THE HOME OF MR. AND MRS. HEINEN
Mr. and Mrs. John Heinen had as guests this past week-end Mr. and Mrs. Jim Newcomer, Mr. and Mrs. Louie Hartman of Kerrville, Mr. and Mrs. Casey Faris of San Antonio, Mr. and Mrs. Glen Heinen, Mr. and Mrs. W.A. Griffin and Jack McKandles of Bandera, Mr. and Mrs. Durel Cline and two children of Louisiana.

Tender loving care for thriving poinsettas

Do you know the origin of the lovely plant we have come to identify with Christmas? These colorful plants were first introduced to America in 1825, by Joel Poinsett, then serving as our Ambassador to Mexico, who brought some 16 plants back to his South Carolina greenhouse. He gave them to friends and botanists with greenhouses who nurtured them carefully.

Poinsettias moved out of doors in the early 1900's when a Swiss horticulturist, Albert Ecke, started to raise them in California for local holiday selling. Now we have come to enjoy poinsettias, not only at the Christmas holiday, but all the year round as well. The most popular is the vivid red, but there are white, pink and marbled flowers as handsome and radiant.

Poinsettias need specific care if they are to flourish, but that care is not really complicated. They are happiest kept at room temperature, near a window, in full daylight, but out of drafts. Water when the top soil feels dry to your touch, keeping the soil moist but not wet.

If you decide to move your poinsettia outdoors for the summer, it will need cutting back to help it retain its shape. To encourage a shorter, fuller plant cut it back between the middle of July and the beginning of August, and repot in a pot one or two sizes larger than the original, and bring indoors again about Labor Day.

Poinsettias are photo-period sensitive plants that flower in response to the length of the day. Ten hours of daylight and fourteen hours of darkness will start flowers on their way, but the least glimmer of light during the dark hours will abort any flowering.

From about October 1 to mid-December, the plant should be in complete darkness from sunset to sunup. It can be put into a closet, in a room that remains dark through those hours, or under a table that is skirted to the floor. If you have a large enough carton available up-end it over the poinsettia to keep light out. Unless the plant is kept in the dark it will not flower.

The colorful bracts that develop from this period will be ample reward for your tender loving care, and will add much excitement to your holiday decor.

At The Library

The new books for the month are: "Stranger in the Mirror", Sheldon, "Your Erroneous Zones", Dyer, "Crockery Cookery", Hoffman, "Homemade Bread© Cook Book", Better Homes and Gardens, "Meat Stretcher Cook Book", Better Homes and Gardens, "Galveston", Morris, "Homemade Bread", Farm Journal, "High Hunt", Eddings, "Rabbit Redux", Updike, "Blood and Money", Thompson, "The Blue Hammer", MacDonald.

Circulation:

During the month of November there were 1,267 books checked out. Of that number, 372 were children's books and 899 were adult books. Ninety-two people used the library for leisure reading, study and reference and fifteen people used the library Interlibrary Loan Services.

New Hours:

Due to a great increase in circulation, the library will now be open four days a week instead of three. We will be open on Mondays, Tuesdays, Thursdays and Fridays from nine-thirty to six. We hope that this will help patrons return their books more readily and provide better library service.

Book Donations:

We are very happy to accept donations of either paperback or hard cover books. If our library cannot use or already has such a book on the shelf, they are stored at a central location, and may be selected by area librarians in surrounding towns. This is mutually beneficial, as we have received approximately 1,500 books in this way.

Films:

We receive a varied collection of 16 mm films each month. Some are children's films, some educational, comedy, travel and general interest. These can be loaned out for two days or less. The projector can be borrowed only by organizations, not by individuals, but films may be checked out by any responsible adult.

Book Renewal:

Please have both the name of the author and the title of the book you want renewed. All the cards are filed by date and author. You may renew by phone or in person, with or without the books.

A Very Special Thanks:

After numerous years of service as a Library Board Member, as Library Board Chairman, and a great gal who became a personal friend of your librarian, Mrs. C.E. Lautzenheiser is retiring from the Library Board. We are sorry Audrey's other duties do not enable her to continue, but we will remember with gratitude all her hours of work on behalf of the library.

And Finally:

Happy Holidays to everyone!

Librarian

Medicare Deductable Increased

The Medicare hospital insurance deductible will be $124 starting January 1, 1977, according to Jules B. Gipson, social security branch manager in Kerrville.

A Medicare patient who goes into a hospital and starts a benefit period after December 31 will be responsible for the first $124 of covered hospital expenses," Gipson said.

The 1976 deductible was $104. Under the Medicare law, the amount of the deductible is tied to the average cost of one day's stay in a hospital.

"The increase to $124 for 1977 is a result of a review of hospital costs during 1975," Gipson said. "However, the present $104 deductible remains in effect throughout any benefit period that started in 1976 even if the period of hospitalization goes into 1977."

Under the law, the increase in the deductible means there also will be increases starting January 1 in three other amounts Medicare patients pay for covered care.

For a hospital stay of over 60 days, the patient will pay $31 a day (up from $26) for covered services furnished on the 61st through the 90th day.

For a post-hospital stay of over 20 days in a skilled nursing facility, the patient will pay $15.50 a day (up from $13) for the 21st through the 100th day.

For reserve days used—after 90 days of hospital care in a benefit period—Medicare pays for all covered expenses except for $62 a day (up from $52).

Medicare hospital insurance helps pay for hospital stays and certain post-hospital care of people 65 and over, disabled people under 65 who have been entitled to social security disability benefits for 24 consecutive months or more, and many people who have permanent kidney failure.

Medicare is administered by the Social Security Administration, an agency of the U.S. Department of Health, Education, and Welfare.

Mistletoe for Luck

Today, mistletoe is hung in doorways at holiday time. Kissing beneath it brings good luck to those fortunate enough to meet there.

In ancient times, it was believed that mistletoe had more control over luck, good and bad. A bit of mistletoe hung over a doorway was said to ward off evil.

A later belief held that mistletoe boughs hung for Christmas had to be removed by Candlemas Eve (February 1), or each leaf would bring forth a goblin to harass the household for the rest of the year.

ANIMAL FEASTS

Ancient tradition has it that animals helped spread the joyous tidings of the Birth of Christ. Because of this, barnyard animals in many countries are served a special supper on Christmas eve.

Cattle kneel in their stalls at midnight, on Christmas eve, and for a moment have the power of speech. This belief, an old German legend, has been broadened to include all animals.

Fine Arts Club Meeting To Focus On Music

Dr. Charles Reiley of San Antonio will give an illustration of the history of jazz at the next meeting of the Bandera Fine Arts Club when it meets on January 11, 1977 at 2 p.m. in the auditorium at the Bandera Electric Cooperative, Inc.

Theme of the program will be "Music is the short-hand of emotion," Leo Tolstoy.

Mrs. Glendon Roberts will serve as leader for the program which promises to be a delightful interlude focused on music.

Hostesses for the occasion will be Mrs. Minnie B. Hayes, Chairman, and Mesdames Grace Hicks, Paul Hutchinson, William James, John F. Langford, Ashley Rugh, Marvin C. Schnelle, and Ray Wyatt.

Mrs. Rudy Schott is General Hostess Chairman and her committee includes Mesdames Glendon Roberts, George T. Sandidge, III, Mrs. W.W. Cardwell, and Mrs. Charles Reiley.

Burning the Yule Log

The burning of the Yule log is a custom handed down by the English who settled in America. On Christmas eve the log, set on the hearth, is kindled with the remains of the log from the previous year. Many superstitions surround the Yule log. It was thought by some to protect their home from evil spirits; others thought the ashes would help swollen glands! At Williamsburg Lodge, in Williamsburg, Virginia, the burning of the Yule log is still part of their traditional holiday celebration.

Mr. and Mrs. Nick Abrescia are visiting in Florida during the holidays.

Twirler Featured

Miss Brenda Schmidt

The Wayland Baptist College Band, directed by Greg Berry, has become a main asset to the Wayland basketball teams, both the national finalist, Flying Queens and the Pioneers. Because of not having a football team, the halftimes of the basketball games have special performances by the band and their twirler, Brenda Schmidt.

Being the first twirler Wayland has had, Brenda is a transfer from Howard Payne University in Brownwood, where she was a twirler for the Swingin' Stinger Marching Band. She was also a twirler in the Bandera High School for three years.

Brenda is the daughter of Mr. and Mrs. Buster Schmidt of Bandera.

Praiseworthy

The Triangle Engineering Company of Houston has provided three turbine roof vents and the crown jacks to install them, to the Tarpley Community Center restoration project. A new roof of corrugated metal was put on the old Tarpley School building in October and it was recommended that at least three vents be placed on the roof to improve the attic ventilation. When the need was made known to Mr. Gerald R. Dodson of Triangle Engineering Company and through his interest and the generosity of Mr. John V. Felter, the company president, a gift of the required equipment was made to Mr. Thomas Grant of Tarpley. The society of interested and concerned citizens of Tarpley very much appreciate this kindness and want to publicly express their gratitude to Mr. Dodson and Mr. Felter, and to Web Triangle Engineering Company prosperity and success through the New Year.

WHITE HOUSE CHRISTMAS TREE

In 1923, the first National Community Christmas Tree in the United States was set up on the White House lawn. The tree was a spruce from President Calvin Coolidge's home state, Vermont.

The following year, he presided at a ceremony under the sponsorship of the American Forestry Association, to urge the use of living Christmas trees.

One of the many joys of this dazzling holiday is the opportunity to say thanks to many friends.

Christmas in New Mexico

New Mexico, Land of Enchantment, is so called because of the beauty of the land and the history of its people. The Spanish conquerors who came to the area from Mexico, in 1540, to search for legendary gold, found only six small villages where Indians lived. The conquerors named the Indians *Pueblo*, a Spanish word for *village*.

In New Mexico, at the Santa Domingo Indian pueblo, the Christmas season is honored with a four day long, sacred ritual dance.

At 2 A.M. Christmas day Mrs. Frances Shear, accompanied by Mrs. Pauline Stevens and Mrs. Reagan, left last week for Stuart, Florida, where Mrs. Shear will spend several months with her daughter and family. Mrs. Stevens and Reagan will spend the Christmas holidays there before returning home by plane.

POPE'S YULE INSTRUCTIONS

Pope Gregory I in his instructions to missionaries on Christmas festivities sent out from Rome in the year 601: "The people should celebrate a religious feast and worship God by their feasting, so that still keeping outward pleasures, they may more readily receive spiritual joys."

1974 Farm Products Sales

The market value of all agricultural products sold by the 428 farms in Bandera County in 1974 amounted to $2,355,000 according to a preliminary report of the 1974 Census of Agriculture released today by the U.S. Department of Commerce's Bureau of the Census. Production expenses on these farms totaled $2,714,000 in 1974.

The figures are for farms qualifying under the definition first used for the 1959 Census of Agriculture: A farm includes all agricultural operations conducted at any time during the census year under the control of an individual management, provided that sales of agricultural products amounted to, or normally would amount to, at least $250 for places of less than 10 acres or $50 for places of 10 acres or more.

Figures for farms with sales of $2,500 or more are shown for 1974 and 1969. These farms accounted for $2,084,000 of all agricultural products sold in 1974 and $2,947,000 in 1969.

There were 172 of these farms in 1974 compared with 186 in 1969. The average size increased from 1,326 to 1,364 acres during the five years. The value per acre increased from $114 to $253 making the average value per farm from $211,326 to $516,871.

The market value of livestock and their products on farms of $2,500 or more of sales was $1,649,000 in 1974; poultry and their products, $267,000; and crop sales, including nursery products, hay and forest products, $168,000.

Farms reporting less than $1,000 in sales numbered 42 in 1974. The value of agricultural products sold on these farms totaled $9,000.

ST. NICK RESTORED

When Queen Victoria married German Prince Albert, Christmas visits of St. Nicholas (and the gift-giving) came back to England, three centuries after Henry VIII had banned the traditions when he broke away from the Catholic faith and formed the Church of England.

TEN WAYS TO WIDOWHOOD

Dr. Jean Mayer, Harvard nutritionist, recently offered the following 10 suggestions on CBS's Magazine program for ways a wife can kill her husband: (1) Fatten him up. (2) Keep him sitting down. (3) Use plenty of salt. (4) Plv him with coffee flooded with cream and sugar, of course. (5) Ply him with liquor. (6) Have him smoke cigarettes, the more the better. (7) Push his cholesterol up. (8) Don't let him relax. (9) Keep him up late. (10) Nag and worry him.

Operation Identification

Operation Identification makes lots of sense, especially during the holiday season said Deputy Mel Lemons of the Bandera County Sheriff's Office Crime Prevention Unit.

Burglars are "shopping" for Christmas gifts but they aren't doing their business in stores. They are taking advantage of the holiday season and finding their presents in other person's homes.

It is recommended that persons take extra precautions during the holiday season to secure their homes and belongings from burglary. The Operation Identification program is a simple, inexpensive way to mark your belongings so that they won't be a target for thieves.

The Bandera County Sheriff's Department Crime Prevention Unit has engraving pens which they will loan to area residents. These electric pens work like a writing pen only these actually engrave. Their purpose is to engrave your Texas drivers license number on your possessions like televisions, stereo equipment, guns, tools or appliances.

Marked items are less likely to be stolen said Lemons. And, if stolen, if by chance a marked item is taken and recovered, the owner has a 100 percent chance of getting it back.

The theory behind Operation Identification is to take away a burglar's opportunity to steal. If an item cannot be "fenced" then a burglar will be less likely to take. Marked items are difficult to sell, according to Crime Prevention surveys.

Operation Identification stickers, which can be displayed on windows and doors, come with engravers. Once items are marked with a Texas driver's license number, these stickers should be displayed to act as a further burglary deterrent.

Operation Identification has proven to be a successful means of burglary prevention. During the holiday season, it makes good sense to utilize Operation ID.

Oh where, oh where has "Billy Joe" gone, Oh where, oh where can he be. With six antlers on, And full of corn, Oh where, oh where can he be?

"Billy Joe" is a two-year-old buck that had become the Camp Bandina and Christian Youth Camp "mascot". He was born and reared at the Camp and became the pleasure of young and old alike. Soon, he was known to almost everyone in and around the camp grounds.

"Billy Joe" ate bread from the children's hands and brought more fun, laughter, and excitement than Santa Claus himself, because "Billy Joe" was there the year round.

Now, it is feared that hands of gun-toting hunters have killed him. "Billy Joe" will long be missed by the ones who loved and fed him and who now wonder, "How could anyone pull the trigger on a buck like "Billy Joe"?"

And how do we answer the little children who ask about him? Would you like to see their longing eyes?

The Friends of "Billy Joe"

Word 'Manger' Has 2 Meanings

The Bible tells us that the newly-born Christ-child was "wrapped in swaddling clothes and laid in a manger," a word derived from the French "mangeoir" or frame to hold animal feed.

It is interesting that the other common English word for a cattle-feeder, crib, which is derived from the German krippe, also means a baby's bed.

Even the French word crèche, which is often used to describe the nativity scene displayed in churches, homes, and other places at Christmastime, has the double meaning of "mangeoir" and a public shelter for the care of infants.

TRENTON, NEW JERSEY

Washington's attack plan against the British under Colonel Rall at Trenton, New Jersey, called for three separate forces to march against the city. Cadwalader and the militia would cross the Delaware downstream, Ewing would march to Assunpink Creek and the main force would cross at McConkey's Ferry. The success of the assault on the day after Christmas, seventeen seventy-six (1776) can be credited to John Glover and his amphibious forces from Marblehead, Massachusetts, who mastered high water, fast river currents, strong winds and ice floes to successfully transport the troops to their destinations. This information has been furnished by the Daughters of the American Revolution in honor of our Nation's Bicentennial.

From the Carolinas to Quebec City such names as King's Mountain, Saratoga, Morristown, Yorktown, Ticonderoga, Lexington and Concord are but a few of the famous battles of the Revolutionary War. "BIG JOHN" HAS ACCIDENT

Charles Johns, better known as "Big John", sustained painful injuries in an accident last Tuesday. It could have been more serious than it turned out to be. While he was working on his tractor, his foot slipped off the brake and the tractor threw him off, and ran over him! He was out in the pasture alone at the time and managed to get a stick and knock the mike down on his C.B. where he could call for help. He managed to call for help, and then passed out. Some of his friends recognized his voice and immediately assisted him and called for more help. He is hospitalized with possible internal injuries in room 621 of Peterson Hospital in Kerrville.

Notice

The Medina Public School Tax Office will be closed from December 23 until January 3.

BIG THANKS FROM "BIG JOHN"

"Big John" (Charles Johns) of Medina, takes this means to express his sincere appreciation to his friends and neighbors who gave him help when he had his recent accident. He also extends thanks to all who sent cards, messages and did many kind things for him while he was in the hospital, and wishes each a Merry Christmas and Happy New Year.

Mrs. Meda Bauerlein, who has been in the hospital in Webster, Texas, was moved last week to Hilltop Village in Kerrville, where she will be making her home. She would be happy to see some of her old friends from Medina.

Social Security

Most men and women who reach 62 in 1977 can collect monthly social security checks if they've worked as little as 6½ years in jobs covered by social security, according to Jules R. Gipson, social security branch manager in Kerrville.

People earn retirement benefits by credit for work covered by social security done in or after 1937, the year social security started. The work credit is measured in calendar quarters—January-March, April-June, July-September, or October-December.

"Most employees get credit for a quarter of work if they're paid $50 or more in that quarter for work covered by social security," Gipson said. "Most self-employed people get social security credit for 4 quarters in any year their annual self-employment net income is $400 or more."

Most jobs and self-employment are covered by social security.

"To be eligible for social security retirement benefits," Gipson said, "You need, at a minimum, quarters of work equal to the number of years between 1950 and the year you reach 62. So, if you reach 62 in 1977, you need 26 quarters—or 6½ years—of work credit."

Eligible workers can start collecting their full social security retirement benefits at 65 or reduced benefits at 62. Dependents can also get payments based on the worker's earnings record.

"Quarters of work credit help determine eligibility for social security retirement benefits," Gipson said, "but they don't affect the amount of your monthly check. Your monthly payment—or your family's payment—is based on your average earnings covered by social security over a set period of time.

"You can find out how much work and earnings are credited to your social security record free of charge," he said. "Call any social security office and ask the people there to send you a Request for Statement of Earnings post card."

Social security now pays over $4.1 billion a month in retirement benefits to over 20 million people—16.7 million retired workers and their families. The average monthly payment to a retired worker with no dependents is $217.

The Social Security Administration is an agency of the U.S. Department of Health, Education, and Welfare. The Kerrville social security office is at 1004 Junction Highway. The phone number is 896-1422.

Anyone who wishes to apply for Social Security benefits or other social security business may see Mr. Tom Avant in the Commissioners' Courtroom, County Courthouse, on Monday, January 3, 1977.

ASS ESSENTIAL TO EVERY DOMAIN

Although the ass, such as the one ridden by Mary, is sometimes described as a lowly beast, fit for those of humble station, there is considerable evidence that the docile and useful ass was ridden by many rich and prestigious people as well as the poor. The Bible often mentions the ass as a common part of many households.

Tonkawa Indian Works On Restoration Project

Rocky Stallings, a medicine man at the Institute of Texan Cultures, demonstrates a casting line used by Texas' first fishermen. Stallings restores and reproduces Indian and early pioneer artifacts for the Institute

Wondering what to do with that javelina head in the garage?

How about those elk antlers in the attic?

Your problem is solved.

In fact, if you want to get rid of any hides, hooves, heads, horns, antlers, legs, feet, tusks, teeth, bones, skins, shells or feathers from native Texan game, there is an Indian medicine man in downtown San Antonio who would like to talk to you.

Rocky Stallings, a Tonkawa Indian, works at The University of Texas at San Antonio's Institute of Texan Cultures. In addition to entertaining visitors with stories about Texas' first inhabitants, Stallings restores and reproduces tools, clothes, toys, hunting instruments and cooking utensils used by the Indians and early settlers.

Stallings said he has more than 2,000 projects in mind, but needs more raw material to accomplish his goal.

"There is one exception," Stallings said. "I've got enough turkey feathers to last through next Thanksgiving."

The restored items will be displayed on the Institute's exhibit floor. Reproductions are used by Institute guides in visits to local schools.

Elk antlers and javelina heads are the most needed items, but hunters who have parts from deer or any other native animal and would like to donate them to the Institute of Texan Cultures, should call Stallings at 226-7651.

section at the show.

Jerry Adamietz, a former Banderan now residing in Hondo, won a third place with his Stuart variety pecan in the show.

Rev. Victor G. Schmidtzinsky, another former Banderan, came in for his share of winning entries. He was among top winners when he won Reserve Champion Shelling Pecan honors with his Cheyenne variety.

Places won by Rev. Schmidtzinsky included Reserve Champion in the Shelling pecan variety with his Cheyenne; USDA Indian variety, first place and reserve with the Cheyenne; second place with the Apache; third place with the Imperial; first place with his Shawnee; third place with the lightest pecans (144 pecans to pound); and second place with his collection of six varieties.

R.A. Haby and Son, of Bandera, won third place with their Variety Seedling In-Shell.

In spite of the great shortage of the pecan crop this year in the State of Texas and across the United States, the 7th Annual Winter Garden Area Pecan Show held in Hondo recently was a success. Some 205 pecan exhibits were entered. Some 80 exhibits came from Medina County, and the rest came from Bandera, Bexar, Dimmit, Edwards, Frio, Kinney, LaSalle, Kerr, Maverick, Real, Uvalde, Val Verde and Zavala counties.

Christmas Eve Legend

In Iceland, Christmas Eve is the holiest night of the entire holiday season. Legend has it that on the night before Christmas, many years ago, dwarfs, elves and other "little folk" danced in the streets.

King Arthur's Round Table is traditionally believed to have been the site of the first Christmas feast. References to the famous king have been traced back to as early as 600 A.D.

Retiring Sheriff Feted

Sheriff Miller, at right, is shown here receiving a plaque of appreciation from Sheriff-Elect James.

Law Enforcement Officers, their families and other friends from far and near gathered at the OST Cafe Monday evening to honor Sheriff R. B. Miller and his family.

A group of friends organized the affair to honor the retiring sheriff with Sheriff-Elect W. S. (Bill) James acting as master of ceremonies.

Sheriff R. B. Miller, who chose to not run for re-election to the office, has served Bandera County for the past 20 years, and working along with him has been his wife, Bessie, who operated the police radio. For the past few years their daughter, Karen Saul, assisted with the radio and her young son, Robert, is beginning to "assist". Before his election as sheriff of Bandera County, Miller served as a deputy in the west end of the county.

Mr. James, on behalf of the various law enforcement personnel and private citizens of Bandera County, presented Mrs. Miller and the Sheriff with beautiful plaques, a fine camera and other gifts in appreciation of their dedicated work here.

A touching note came when Sheriff Miller presented to Mr. James a beautiful gold Sheriff's Badge bearing his name engraved upon it.

Ranger Jimmy de Lesdernier of South Texas Cattle Raisers' Association, spoke briefly and told of how Sheriff Miller had been of assistance to young law enforcement officers and how his family had helped in many phases of law enforcement.

District Judge Marvin Blackburn of Junction was on hand to express his high regard for Sheriff Miller and his work here for the past twenty years. Newly elected District Judge Bob Barton spoke briefly and told of the existing friendship with the Sheriff.

Sheriff Miller will retire on January 1, 1977, and Sheriff-Elect James will begin his duties as sheriff of Bandera County on that same day.

Mr. and Mrs. Miller were also celebrating their 35th wedding anniversary Monday evening.

The Miller family was seated at a special table prepared for them. It was centered with a beautiful arrangement of long stemmed, red roses.

A delicious supper of dips, chips, cold cuts, cake, tea and coffee was served to a large number of friends who came to wish the Miller family happiness and also to offer special "good luck" wishes to Mr. and Mrs. James and their family.

Sheriff-Elect James has been in law enforcement work for the past six years.

Many friends offer all kinds of good wishes to both the Miller and James Families.

Medina School Approved For Grant

The grant is funded under the Economic Development Administration and was created for the purpose of alleviating unemployment among laborers.

The Medina ISD applied for the grant in November 1976 and will begin construction activities by March 1977.

The construction project will be a combination of remodelling and new construction. Plans for the project may be reviewed by any and all interested patrons at the office of the school superintendent.

Purple Hills Tidings

By Ida

Using as his text 2 Timothy Chapter 4, verses 6 through 8, Martin Smith, minister for the Bandera Church of Christ, delivered a timely and much enjoyed talk to our residents and their guests Sunday afternoon. Planning To Retire?

Should you apply for social security benefits as soon as you retire or well before you retire?

You might say well before you retire so you'll know how much your check will be. But a surprising number of people walk into the social security office at the last minute with the announcement that they're ready for their checks to start. They're surprised and a little miffed when they find their check isn't ready for them.

People who want their checks to start as soon as they retire—and almost everyone does—should apply 2 to 3 months before they stop working.

Retirement checks can start as early as 62, but the amount will be at a reduced rate for as long as the person gets checks. Full benefits are paid to people who retire at 65 or later.

It's a good idea to contact the social security office to find out what you need to have with you when you apply for benefits.

For retirement payments, you'll need your social security card or a record of the number, your birth certificate or other proof of your age, your most recent W-2 form or, if you're self-employed, a copy of your last Federal income tax return.

If you're applying for benefits for your wife and children, for example, take your marriage certificate and birth certificates for your wife and children.

If you find you don't have all the necessary papers, you should not delay your application. When you apply, we'll start checking your earnings record, verify your most recent earnings, and figure your monthly payment and the payment amount for any eligible dependents. Then, when you give us the required proofs, your payments can start as soon as you retire.

When you tell us what month you plan to retire, we'll ask you to estimate your earnings for the entire year—January through December. We need to know how much you'll earn before you retire and what you expect to earn in the months after you retire if you plan to continue working. You should report any change in your estimated earnings to be sure you get all benefits due you and to avoid any overpayment.

This estimate is important because you don't have to stop working completely to get social security payments, but there are limits on how much you can earn and get full benefits.

In 1976 a person can earn $2,760 during the year and get full benefits. Benefits are reduced $1 for each $2 in earnings above $2,760. But no matter how much a person earns in a year, full benefits are paid for any month the person doesn't earn $230 in wages and doesn't do substantial work in his or her own business.

The yearly amount will increase to $3,000 in 1977 and the monthly amount to $250.

If you earn $10,000 from January through June, for example, then retire in July, you would be eligible for your full social security checks for the rest of the year if you don't earn over $230 in any month for the rest of the year.

Back social security payments can be paid for no more than 12 months after you apply. So apply as soon as you're eligible and you can ease the transition from the working life to the more relaxed lifestyle of retirement years.

New Cancer 'Weapon'

A new "weapon" against cancer is now available in Bandera County to provide the public with current, factual information on cancer, its prevention and early detection.

Called the Cancer Information Service, the new program utilizes a toll-free phone line (1-800-392-2040) to answer public inquiries on cancer. The service will be extended to all residents of Texas by late this year.

The CIS is part of a public educational effort sponsored by the University of Texas M.D. Anderson Hospital and Tumor Institute with assistance from the American Red Cross, American Cancer Society and many other health agencies in Texas which provide services to cancer patients and their families.

Funded by the National Cancer Institute, the CIS functions as part of a nation-wide network.

Open from 8 a.m. to 5 p.m. on weekdays, the phone lines are operated by trained American Red Cross volunteers. All background material used to answer questions is reviewed by physicians to insure accuracy.

The program is designed to help create a positive sense of awareness about cancer that will encourage the public to seek physician evaluation for early detection and prompt treatment of suspected cancers.

"Important diagnostic, treatment, rehabilitation and research developments are occuring more frequently now. If people could overcome their fear of cancer many more people would seek medical help at an earlier stage—when the rate of successful treatment is much greater," said Dr. R. Lee Clark, president of M.D. Anderson.

In addition to answering questions on the telephone, the CIS staff mails many pamphlets published by health organizations, professional societies, and government agencies involved in health-education.

Information not readily available from existing files can be obtained by the staff from an advisory panel of over 75 clinicians and other qualified sources outside Houston.

"Because the CIS is based at M.D. Anderson and is part of a national communications network, we have easy access to information on important work being done at many other cancer centers," explained Dr. Clark.

Similar programs are in operation at the other 18 Comprehensive Cancer Centers which were designated by Congress for outstanding work in cancer treatment and research.

The new program enjoys the support of the Texas Cancer Coordinating Commission and the Texas Medical Association, having been endorsed as a "worthwhile educational program" by TMA's committee on cancer.

We Are Grateful To Our Firefighters

We are grateful to the Bandera volunteer firefighters for their prompt and efficient response to our call for help Sunday afternoon when a grass fire on the nearby Bates and Dr. Montgomery places on Winan's Creek threatened the neighborhood. The Fire Department must have set a record in getting there.

Joint Christmas Meeting

The Bandera Chapter DAR met in conjunction with the Lt. Abraham Cantine Chapter, SAR, Michael Upchurch Chapter Colonial Dames XVII Century, and The Heritage Genealogical Society for their annual Christmas Meeting at 2 p.m. at the Bandera Electric Cooperative, Inc. auditorium in Bandera on December 16, 1976. Mrs. John C. Focke, Regent of Bandera Chapter DAR, presided.

The theme of the meeting was "Proclaim Liberty Throughout The Land" — To honor those who took part in the American Revolution, and the early settlers, who made so many sacrifices, and to be grateful for the 200 years of liberty our country has enjoyed.

The invocation was given by Mrs. Sam Gardner, Regent of Major James Kerr Chapter DAR, Kerrville; Mr. William P. Jordan, member of Lt. Abraham Cantine Chapter SAR led the Pledge of Allegiance to the Flag of the United States of America; Mrs. P.R. Freeman, member of The Heritage Genealogical Society, led the Pledge to the Texas Flag; Mrs. J.O. Evans, Sr., member of Michael Upchurch Chapter CDXVIIC, led the American's Creed. The President General's message was read by Mrs. E.M. Anderson, Jr., past Regent of Bandera Chapter DAR. Mrs. Robert Awe, member of The Heritage Genealogical Society, registered the members and guests, and welcomed them on behalf of the four Societies.

Mrs. James B. Brady introduced Mr. John K. Harrell, Sr., President of the Lt. Abraham Cantine Chapter SAR, as guest speaker. Mr. Harrell's topic was "The Spanish and Acadians — Their Part in the American Revolution". Mr. Harrell said that the help that Spain and Spanish Louisiana granted to the rebellious colonies waging a war to the death of each, with King George's England, is a fact long ignored by most historians, who nevertheless, always seem to underline the assistance given by other countries, mainly France. In fact, very few Americans today even know about the "Marcha De Galvez", and about the fight along the Gulf Coast of present-day Florida, Alabama, Mississippi and Louisiana, and of the fighting that took place up the Mississippi River Valley, in which Americans and Spaniards fought together against the common English foe. This is because we tend to consider the American Revolution as a series of dramatic events taking place in a comparatively small area along the Eastern seaboard, forgetting the crucial importance of the Mississippi River Valley and the Gulf Coast area. Spain, and of course, Spanish Louisiana, tried to maintain an official neutral position as to both England and the American Colonies until Spain actually declared war on England June 21, 1779.

However, as early as January, 1776, the leading newspaper in Madrid, Spain, stated that: "Everything would appear to make their (American Colonies) resistance sacred and worthy of respect and their demands of England seem just." Little in history has every been said of the incredible deeds of Bernardo De Galvez, the youthful Spanish Governor of Louisiana, whose troops penetrated hundreds of miles into the wilderness to capture three British forts, plus the English held cities of Natchez, Mississippi; Baton Rouge, Louisiana; and Pensacola, Florida, and finally all of Britain's hold (including almost all of its army) in what are now the states of Florida, Alabama, Mississippi, and Louisiana. Mr. Harrell paused to analyze some of the mixed ethnic army that Governor Galvez accumulated. The army is known to have included regular Spanish troops, Mexican troops, French Creoles, German Creoles, Choctaw Indians, free Negroes, and French Acadians. This would certainly have to be considered a "true democratic" army—fighting for the birth of our great United States of America. Mr. Harrell then gave some of the history of the French Acadian, stating that the French settled in Acadia at Annapolia Royal during 1605, and that they also settled Quebec, Canada, during 1608. The land of Acadia then covered an area which today includes the Provinces of Nova Scotia, New Brunswick, Prince Edward Island, as well as a part of the present state of Maine in the United States. History will indicate that France and England were often-time enemies from the earliest recorded times right on through the 1800's. Another war broke out between England and France during the middle 1750's, and when the Acadians refused to change their neutral position, England elected to use force and as a final result, all Acadians were declared to be prisoners of war. All of their worldly goods were confiscated, and they were arrested and forced to leave Acadia. They were for the most part shipped out to the American Colonies with the status "prisoners of war". Thus about 2,000 Acadians were deported to Massachusetts, 700 to Connecticut, 300 to New York, 500 to Pennsylvania, 1,000 to Maryland, 1,200 to Virginia, 500 to North Carolina, 500 to South Carolina, and 400 to Georgia. It is recorded that many of the Acadian families were split up, with the men going to one place and the women going to another. Many of the children were often separated from their parents. It is also known that a great many of these families were never able to re-assemble.

Upon arrival in the American Colonies, a good many of the Acadians were reduced to the status of "slave" or "vagabond". Of course, many of the Acadians escaped the original arrest and fled into Canada, to France, and even into French Louisiana. After the Treaty of Paris in 1763, between England, France and Spain, the many scattered Acadians were once again a free people. We do know that several thousand Acadians eventually reached Louisiana between 1755 and 1790. Today, approximately 800,000 descendants of these original Acadians are located within Louisiana, mostly in the southwestern part of the state. The unsuspecting Acadians were now knowledgeable of the side effects of the 1765 Treaty, and so they actually believed that in Louisiana they would once again be on free French soil. History will indicate that the Acadians were very much depressed and rejected upon learning that in Louisiana they would be expected to become Spanish subjects. However, the Spanish Government was really much more attentive to the needs of the Acadians than the French Government had ever been. These people were all given land at no cost and enough supplies to tide them over until they could produce their own living. Most of the Acadians eventually became Spanish citizens. The three Acadian settlements in Louisiana were St. Jacques De Cabahannocer (St. James Parish); La Fource Des Chetimachas (Ascension Parish); and St. Gabriel D'Iberville (Iberville Parish), all located along the Mississippi River. It is little wonder that when Governor Galvez was establishing the 1779-1781 Louisiana Campaign, the Acadian militiamen of Louisiana were more than agreeable to join up with him and fight the English again. The National Societies of the DAR and the SAR have, and will accept, descendants of the Galvez Expedition for membership.

Mrs. Focke announced the following new members of Bandera Chapter DAR: Mrs. Marjorie B. Alkek of Victoria; Miss Elisabeth Anne Dossmann of San Antonio; and Mrs. Pauline R. Dossmann of Tarpley. Mrs. James B. Brady and Mrs. J.O. Evans, Sr., proposed the following as prospective Junior members in Bandera Chapter DAR: Jacquelyn Karen Harrell of Utopia, and Betty Frances Tucker of San Antonio. Mrs. A.B. Alkek announced that Mrs. E.M. Anderson, Jr. was a new member of Michael Upchurch Chapter Colonial Dames XVII Century.

Mrs. John R. Langford introduced the Cherub and Wednesday Bell Choirs from the Bandera United Methodist Church, who entertained the members and guests with the Schlumerich Hand Bells. The Cherub Bell Choir, under the direction of Mrs. Telvy Robbins, played "The Bells", "Allejuia", "Jingle Bells", and "Silent Night". Members of the Cherub Bell Choir are Tom Adams, Shannon McMullan, Lorri Robbins, Gayla Adams, Tommie Howell, Scott January, and Brenda Hazekamp.

The Wednesday Bell Choir, under the direction of Mrs. Jane Allert, entertained with "Praise Ye Almighty", "O Little Town of Bethelehem", and "O Come, O Come Emanuel". Members of the Wednesday Bell Choir are Stacey Dyer, Shauna Sandidge, Darrell Sandidge, Todd Sandidge, Jim Bob Robbins, Chris Robbins, Kirk McMullan, and Shannon McMullan. The choirs were most impressive and very enjoyable.

Mrs. John K. Harrell, Sr., Chairman of National Defense Committee, reported on the foundation, aims and objectives of the National Defense Committee. She presented the Good Citizenship Medals to Barry Murrell, sophomore at Bandera High School, and son of Mr. and Mrs. Ernest H. Murrell, Jr.; and Miss Anna Lautzenheiser, senior student at Medina High School.

Mrs. William P. Jordan, Chairman of the American History Award, introduced Mr. John W. O'Neill, new principal of Bandera High School, who presented the American History Award to Corwin Snyder, a student at Bandera High School. Mrs. Jordan, who is also Chairman of the DAR Good Citizen Committee, presented the DAR Good Citizen Medals to the following students: Miss Maxine Lindig, senior student at Bandera High School, and daughter of Mr. and Mrs. Werner Lindig; Miss Ann Lautzenheiser, senior student at Medina High School; and Jacquelyn Karen Harrell, senior student at Utopia High School, and daughter of Mr. and Mrs. John K. Harrell, Sr.

Mrs. A.B. Alkek and Mrs. James B. Brady, State Vice Chairmen of Junior American Citizens Committee, presented the Thatcher Awards and Pins to Miss Ernestine Behrens, first grade teacher at Bandera Elementary; and Mrs. William P. Jordan, Chapter JAC Chairman, for organizing the first JAC Club in Bandera County Schools.

Mrs. A.B. Alkek, assisted by Mrs. Robert Awe, awarded door prizes to Mrs. Ernest H. Murrell, Jr., John K. Harrell, Sr., Mrs. John Focke, and Mrs. Sterling Fisher.

The social hour, with various recipes prominent of the thirteen colonies, was enjoyed by the Cherub and Wednesday Bell Choirs; the recipients of the Good Citizenship and Good Citizen medals and their sponsors; and the following members and guests: Mrs. Claude Stevens, Mr. and Mrs. William P. Jordan, Mrs. A.B. Alkek, Mrs. Joseph Tajan, Mrs. Eugene Byars, Mrs. J.O. Evans, Sr., Mr. and Mrs. Ernest H. Murrell, Jr., Mrs. James B. Brady, Mrs. John W. Fulbright, Mrs. John C. Focke, Mrs. John R. Langford, Mrs. Robert Awe, Mrs. John V. Saul, and Mrs. Alton Reininger of Bandera; Mrs. J.W. Edwards, Mrs. Evelyn W. Rosentreter, and Mrs. P.R. Freeman of Pipe Creek; Mr. and Mrs. E.M. Anderson, Jr., and Mrs. W.O. Hatfield, Jr. of Medina; Mrs. Sam Gardner, Mrs. Posie Weir, Misses Novella and Catherine McCaleb, and Mrs. Peggy N. McFarland of Kerrville; Mr. and Mrs. Sterling Fisher and Mr. and Mrs. John K. Harrell, Sr. of Utopia.

ETHAN ALLEN AND FORT TICONDEROGA

The Green Mountain Boys were organized during the dispute between New Hampshire and New York over land which later became Vermont. When news reached him of the British activity at Lexington and Concord, Ethan Allen, their commandant, called a meeting at Bennington Tavern. Leading one hundred volunteers through dense forests, he seized boats and sailed to Fort Ticonderoga. Entering through a hole in the wall of the fort, he was confronted by British officers who demanded by what authority he had come. "In the name of the Great Jehovah and Continental Congress," he replied. The surprise officers surrendered to Allen.

This historical summary has been prepared by the Daughters of the American Revolution in observance of our Nation's Bicentennial.

THE YOUNGEST SOLDIER

Dick Jones was slightly over ten years old when the American Revolution began. Shortly afterward he enlisted in Captain James Watson's Company. Too young to carry a musket he was taught to play the fife. Taken with Captain Watson as prisoners to Newport, Rhode Island, he was matched in a fight with a British Boatswain's boy, several years older and larger. His performance won his freedom. The next day he climbed over the stockade, jumped down into the fortress and unlocked the gate, releasing Captain Watson. Dick served throughout the war with Arnold at Saratoga, with Washington at Valley Forge and shared in the victory at Yorktown. The Daughters of the American Revolution honor the youngest soldier of the War of Independence during the observance of our Nation's Bicentennial.

Over fifty dinners were delivered and over eighty were served in the Legion Home. Santa, resplendent in his red and white suit, arrived in time to make all of the youngsters happy. Many of the older guests "buttered up" Santa in hopes that he would give them some goodies. Having so many chimneys to make, the best Santa could do was to give them a kiss and a peppermint stick.

PIPE CREEK VFD NEWS

During the coming year we hope to keep our community informed about their fire department. The fire department meets the second Thursday of every month at 8 p.m. in the firehouse.

The December meeting began with a proposed budget until our spring barbecue. There is about $3,000 in the checking account. This is to be used as follows:

1. $1,000 to be used to overhaul and repair (old green) our tanker. This must be done in order to keep this truck running properly which is vital to the efficiency of the new truck.
2. $600 to be used to develop a small but faster brush truck. This truck is a three-fourths ton, four-wheel drive army truck donated to by the county.
3. $860 for the operation of the fire department. This includes electricity, gas, oil, and other needed items.
4. $500 will go to the principal on the note of the new truck. This means that the fire department has paid about $11,000 this year on the new truck. This will give a balance of about $7,000.
5. The remainder will be used for unexpected expenses.

Another key point that was passed on was a list of driver qualifications for the operation of all fire department vehicles. These rules were adopted to protect the community, the fire department, and all its members. This list is available to anyone.

As everyone can see their money is being spent to keep the fire department in operation. The operation of the fire department is guided only by what the community wishes. Remember, the fire department belongs to the community. If anyone does or does not like what the fire department is doing, it is your responsibility as citizens to do something about it. The fire department depends on your support both physically and financially. There is a place for everyone. Give of yourself to help your sommunity. Try not to criticize others for trying to help. Just remember, when a fire truck responds the people on the truck are undertaking the most hazardous profession in the world, at their own risk.

A BIT OF BANDERA COUNTY HISTORY

By Ethel Smith

My story is about a one room school building and what it meant to an isolated rural community in the late 1800's and early 1900's before telephones, electricity, cars, mail service, radios or TV.

After the Indians had been driven from the cedar brakes on the head waters of the Medina River, a few white settlers began to bring their families and settle on the upper Medina River. In 1881, the citizens decided their children must not be allowed to grow up without any "book learnin'." Three of the men went to Bandera and petitioned Judge Peacock for a school. Permission was granted and a small log cabin with homemade benches and dirt floor was built at Horse Valley. Thereafter the entire community was known as Horse Valley, until a post office was obtained in 1896 and the name was changed to Lima. Twelve pupils enrolled the first year.

More settlers moved in and the number of children increased. A large one room, unpainted lumber school was built on the main road. It was the finest building on the Upper Medina River. It had a door at each end, windows down each side, long lumber benches on each side, a large wood stove and a long handled dipper. It was the pride and joy of the entire community.

It immediately became the center of all community activity, besides being a school, it was a church, a place for weddings, (my mother and father were married there, I myself when a child witnessed two double weddings there) basket suppers, traveling shows, Christmas celebrations, etc.

It was here I started to school with my primer, slate and slate pencil.

But alas, one night a tragedy occurred. Our school house burned to the ground.

My father, ever a resourceful man, and court being in session in Bandera, hurried to the typewriter and pecked out a petition to carry with him, seeking financial assistance in rebuilding. The amounts were considered adequate for that period in our County's history.

—This history of a Bandera County school was given by Mrs. Smith at a meeting of the Historical Survey Committee.

What a happy time for all of us here in Bandina! So many friends and good things to eat!

Mr. and Mrs. Loyd Swindle of Abilene, were here for a couple of days before motoring on to the valley for a visit. They brought back beautiful fresh fruit which they shared with us.

Mr. King Buchanan wants to thank all his many friends who offered prayers on his behalf, sent cards and food and visited him while he was sick. He is doing great now.

Robert Romigh is home for the holidays from Lubbock, where he received his wings in R.O.T.C. He will begin his flying when he returns in January.

Wish all of you could have seen the Everett's home this holiday. Mary is so artistic and decorated their place so beautifully and individually. Their daughters and families, Maggie and Dirk Forester, Jason and Ebba Lea, Ebba and Jim Saunders, Linda Lou, Jim, Ann enjoyed the holidays with their parents.

Lt. Col and Mrs. Bob Smith had as their guests for the holidays their son and his wife, Dr. and Mrs. Robert Smith of West Lafayette, Indiana. Dr. Smith is a professor of language at Purdue University. The Smiths went to New Braunfels to attend a mini-family reunion at the New Braunfels Smoke House. It was expected that a large number of people would attend.

Mr. and Mrs. Travis Thompson had been gone about 10 days before the holidays. They visited his folks in Lubbock where he was a "helping hand" on the farm. Travis said he was glad to get home to rest.

On Christmas the Thompsons, their children and grandchildren, Mr. and Mrs. Robert Judkin, Mr. and Mrs. Joe Campbell, and Mr. and Mrs. Jerry Gillaspia, followed the Christmas tradition of caroling their neighbors, which we all enjoyed. Mrs. Judkin will fly to Arkansas to show off their darling daughter, Tara, to her grandparents for the first time.

The Billingsleys enjoyed having their Christmas dinner cooked by her sister from San Antonio.

Mr. and Mrs. Tim Sanchez celebrated the holidays with their children, Mr. and Mrs. Mike Bazzi, Patty Ann and her fiance, James Vincent and David.

Mr. and Mrs. Claude Sessions spent a few days in East Texas visiting and then on to Dallas where they were honored with a dinner party and saw many friends.

Mr. and Mrs. H.L. Goff received a "Merry Christmas" call from their son, Captain Wayne Goff of Houghton, Michigan. He said they had 31 inches of snow and the temperature was 10 below zero.

The Goffs were Santa's helpers this weekend. They visitd the sick. They reported Mr. Elmer Wells in a very sick man in the Nix Hospital.

Our wish for all of you is one for health, happiness and contentment in the coming year with the prayer "May God Bless our country."

National Scout Jamboree, 1977

A total of 106 Scouts and 12 adult leaders have been allotted to the Alamo Area Council as its quota for the National Jamboree at Moraine State Park, Pa., next summer.

This total will make up four troops of 36 boys and four adult leaders each.

Dates of the Jamboree are Aug. 3-9, 1977. The Jamboree is expected to attract some 40,000 Scouts from every state, foreign bases, and the Commonwealth of Puerto Rico.

The Alamo Area Council troops will fly from San Antonio to Pittsburgh August 2 and will tour the "steel city" before going to the Jamboree site. The council contingents return August 11.

To qualify for the Jamboree, a Scout must be at least 12 years of age and be a First Class Scout by April 1, 1977, and not have reached his 18th birthday by September 1, 1977.

In addition, qualifications include earning of the Hiking, Camping, First Aid, and Cooking skill awards; pass a physical exam and participate in a three-day pre-Jamboree training exercise.

The qualifying Scouts must also have held posts of leadership in their troop patrol.

Ammunition Recall

MINNEAPOLIS, MN.— Federal Cartridge is recalling certain 30-30 rifle cartridges and empty unprimed 30-30 cartridge cases which have a structural weakness making them potentially dangerous to shoot.

The recall is for 30-30 ammunition or empty 30-30 cases with lot codes ending in -6288 through -6385. Lot codes are stamped on the back of each box. Boxes may have the brand names of Federal, Revelation, Wards, or Hiawatha.

Shooters who have this ammunition should call 800-328-7525 (in Minnesota call collect to 612-332-8255) or write Customer Service, Federal Cartridge, Anoka, Minnesota 55303 for proper disposition and refund information.

The case heads of a small number of these cartridges may separate on firing, resulting in a jammed rifle and possible injury from escaping gas. Although no serious injury has been reported, they should not be used.

Only a fraction of one percent of the several million cartridges and unprimed cases produced are suspect.

CHRISTMAS AT THE HOME OF MRS. EDITH JEFFERS

Christmas at the home of Mrs. Edith Jeffers in Tarpley was a gala event. At the get-together were four of her five children, six of her 18 grandchildren and one great-grandson.

"I have not yet begun to fight", the classic reply of John Paul Jones as he maneuvered his ship **The Bonhomme Richard** against the British ship **HMS Serapis** in 1779 catching it with grappling irons. It was a fierce battle but Jones won. When his own ship went down, he transferred his crew to the **Serapis** that he had captured.

MEDICARE "CARRYOVER

Doctor bills for October, November, and December may in some cases count toward the $60 annual deductible for both 1976 and 1977 under the "Carryover" provision of Medicare medical insurance, according to Jules R. Gipson, social security branch manager in Kerrville.

"Medicare medical insurance can't help pay for your covered medical expenses until your record shows you've had $60 in covered medical expenses in a calendar year," Gipson said. "But people who haven't had $60 in covered expenses before October should be sure to send in all the bills for covered services they receive in October, November, or December.

"Any expenses you have during the last 3 months of the year that can be counted toward your deductible for that year can also be counted toward the deductible for the next year," he said.

The carryover rule helps people who might otherwise have to pay the $60 deductible twice in a short period of time—at the end of one year and at the beginning of the next year, Gipson explained.

Bills for covered medical services should be attached to a filled-out **Request for Medicare Payment** form and sent to **Group Medical and Surgical Service, Dallas. Request for Medicare Payment** forms are available at any social security office and at many doctors' offices.

Medicare medical insurance helps pay for doctor bills and many other medical expenses of people 65 and over, of disabled people under 65 who have been entitled to social security disability benefits for at least 24 consecutive months, and of many people with permanent kidney failure.

Medical insurance is the voluntary part of Medicare, funded by individual premiums and Federal general revenues. Medicare is administered by the Social Security Administration, an agency of the U.S. Department of Health, Education, and Welfare.

The Kerrville social security office is at 1004 Junction Highway. The phone number is 896-1422.
