VOLUME 35, NUMBER 42 BANDERA, BANDERA COUNTY, TEXAS 78003 THURSDAY, APRIL 24, 1980 20 CENTS PER COPY

(L to R) Bill Courtney, owner of the Courtney Mountain Ranch; Bobby Salyer, Ranch manager; and James Henson, biologist with the Soil Conservation Service, discuss types of vegetation used by native and exotic wildlife. Courtney was selected as Outstanding Wildlife Conservationist in Bandera SWCD and in Region II of Texas.

Courtney to be Honored

Bill Courtney, owner of the Courtney Mountain Ranch at Bandera, will be honored for outstanding contributions to the Texas soil and water conservation program at a Region II Awards Banquet on May 13. The banquet will be held at 7:30 p.m. in the Houston Harte University Center at Angelo State University in San Angelo.

Courtney was selected by the Bandera SWCD and entered in the regional contest where he was selected Outstanding Wildlife Conservationist in Region II of Texas.

Region II consits of 51 counties in Southwest Texas.

Categories in which awards will be presented include outstanding conservation district, resident conservation farmer-rancher, absentee conservation farmer-rancher, business-professional man or woman, conservation teacher, wildlife conservationist, public media award and conservation homemaker.

The purpose of the awards program is to recognize and honor a soil and water conservation district and individuals who have dedicated their efforts and talents to making wise use of renewable natural resources.

Sponsors of the regional awards program are the Texas State Soil and Water Conservation Board, the Association of Texas Soil and Water Conservation Districts, and the 200 local Soil and Water Conservation Districts in Texas.

Bandera County Water District Gets Loan

The Texas Water Development Board has approved a $125,000 loan to Bandera County Fresh Water Supply District to finance improvements to its waterworks system.

The district plans to drill two new deepwater wells, purchase a 65,000-gallon ground storage tank and other equipment.

The loan will be financed with combination tax and revenue bonds authorized by district voters in an Oct. 28, 1978, bond election.

C.R. Baskin, director of the Data and Engineering Services Division of the Texas Department of Water Resources, said there are potential problems with the proposed project because of erratic availability and quality of water in the Glen Rose Aquifer.

Baskin, said, however, the district had no other solution to its water supply problem.

"This is the most feasible means of meeting the district's long-term needs for water supply," Baskin said.

The district includes 175 acres of land near Medina Lake. It serves 280 homes in Pebble Beach Resort Community, located 30 miles west of San Antonio and 9 miles southeast of Bandera. —San Antonio Light

Absentee Voting Continues

Absentee balloting for the May 3 primary election continues at the office of County Clerk Olga Schmidt in the courthouse.

As a convenience to voters her office will remain open during the noon hour on Monday and Tuesday, April 28 and 29. April 29 is the final day to vote absentee.

Talent Show Re-Scheduled

Talent scouts are in Bandera County looking for performers for the second annual Amateur Night, sponsored by the Bandera County Child Welfare Board which has been rescheduled for May 23 starting at 7:30 p.m. at the Recreation Center. Cash prizes will be awarded with proceeds helping pay for medical, clothing, educational, and recreational expenses of deserving children in Bandera County.

The board is looking for assistance from the local community. If you would like to donate time, money, talent, or items for the Amateur Night door prizes, please contact Bungy Grant at 796-4517.

Area students can contact Lonette Wilton at Bandera High School, Barbara Lesturgeon at the Junior High School, Alicia Romo at the Elementary School, or Garland Davis in Medina.

Donations are also encouraged.

Elementary Students Enjoy Play Equipment

Bandera Elementary Students are enjoying playing on the new playground equipment paid for with funds designated for that purpose by Mr. and Mrs. A.B. Alkek.

The once almost barren play area now has seven new pieces of equipment, including a funnel ball game, a wooden fort, tire swings, a triple arch climber, a tunnel for crawling, a cargo climber and six new swings. They were selected to encourage creative play, as well as develop physical skills and endurance.

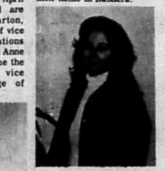
The steadily increasing student enrollment created a need for additional play equipment, for which teachers, students and concerned citizens have been raising funds. The money from these projects will be used for future playgrounds needs.

Contributions to Mini Bus

Contributions of $295 were received last week to apply to the balance of $1,725 remaining due for the Senior Citizens' mini bus, according to Bandera County Treasurer Elizabeth James. This leaves a balance of $1,430 to be raised to complete the payment.

The Commissioners Court expresses appreciation to the following who made cash donations for the mini bus last week: Mr. and Mrs. Mike McCoy of True Value Hardware and Lumber, Mrs. Florence Jennessa, Mrs. Emaline Schoff, Mrs. Louise Liebold, Mrs. Jeanette L. Hood, Mrs. Elizabeth James, Mrs. A.W. Dewoody, and Mr. and Mrs. B.F. Evans.

The Senior Citizens have raised $50 towards the bus fund by quilting, and the proceeds will soon be remitted to the county treasurer. They have also scheduled other fund raising events on election day, Saturday, May 3, which include a flea market and bake sale. That night the Senior Citizens will be selling refreshments in front of the Bandera County Library, so stop by and purchase something to eat and drink while you wait for the election returns to be posted on the bulletin board. If you have any items to donate to the sale they will be welcomed.



Anyone else who would like to contribute to this worthy cause may do so by sending their tax deductible contribution to Senior Citizens' Mini Bus Fund, care of Elizabeth James, county treasurer, P.O. Box 563, Bandera 78003.

Donations to Fire Department

Donations to the Bandera Volunteer Fire Department have been received from Roy Bohlen—$50, Mr. and Mrs. Rugeley Ferguson—$100, and Glenn English—$25.

Promotions to greater responsibility for two long-time officers of the First State Bank, Bandera, were announced by Sully S. Woodard, executive vice president, following action of the board of directors April 18. Officers involved are Mrs. Ada G. Medina Lake Claims Life

As we go to press, the body of a 15-year-old San Antonian who drowned Saturday in Medina Lake has not been recovered.

Robert Benavidez was riding in a 12-foot, flat-bottomed aluminum boat with four other youth near Haby's Cove. According to investigating officers, Benavidez stood up and the boat over-turned, dumping the five in the 35-foot-deep water. Reportedly Benavidez was not wearing a life jacket and could not swim.

The group was on a DeMolay outing at the Moose cottage on Pebble Beach.

Scuba divers from Dive World, under the direction of Riek Wadle, headed the underwater search. They included Linda White, Bill Miller, Dohn Bubley, Jim Feldman, Dennis Palmer, Mike Solomon, Lewis Alexander, Clifford Reed and Jerry Gonzales.

TO THE VOTERS OF BANDERA COUNTY
While campaigning I have been unable to get in touch with some of you. I chose to pay my filing fee rather than use the petition. This, along with the high cost of gasoline will not permit me to travel over the entire county again due to the expense. Therefore, I would like to take this as one means of asking for your vote for Bandera County Sheriff in the May 3 election.

Thank you.

Church Plans

The LUM church plant has doubled in size. The sanctuary will seat 194. The fellowship area will serve a like number and the church has three Sunday School rooms. A happy day is planned for May 4. The day will begin with worship-consecration at 11 a.m., led by Dr. Don Peavy, district superintendent of San Antonio. A covered dish dinner will follow in the fellowship area.

Rev. Bill Henderson To Leave

In February it became evident to the Helotes Hills United Methodist Church that they had outgrown their present facilities. It was financially impossible to add to their present sanctuary or to build another; therefore their only solution was to have two Services each Sunday morning. This means that beloved Rev. Henderson cannot serve Lakehills United Methodist Church at all. The Rev. Jeanne Devine, whom the members love and repect, will serve the LHUMC the next church year.

Surprise Birthday Party

Friends surprised Vernon Petrie (grandpa) with a beautiful birthday party at the Misc Inn Wednesday evening. Goodies 'n things and a birthday cake were enjoyed. Grandpa was 81 years young.

No Place But Texas

It was tuxedos and long dresses for the Guy Picketts and the Gene Otts at the recent 100th anniversary party of the YO ranch which they attended along with 2,800 other guests. It was a memorable evening. The food and drinks, which ranged from plain to exotic, was delightful—truly a great party—snow and all. Henry Flores was also a guest.

Farewell Party For The Yankee

'Tis rumored that a fabulous farewell party was hosted for "The Yankee" at a fabulous restaurant in Lakehills last week. Afterwards to group toured the local watering holes. The Yank will head for yankee country Tuesday.

Mrs. Nair Leaves

Mrs. Jeanne Nair of Phoenix, who has been visiting her son, Don Kirk of Lakehills, and her grandson, Paul Kirk and family of Pipe Creek, departed for her home in Phoenix Friday. This lovely lady who will celebrate her 87th birthday in June is a former music teacher, pianist, editor of a newspaper and a member of the Lake Country Baptist Church in San Antonio. Mrs. Lloyd Mays of San Antonio honored Mrs. Nair with a pre-birthday luncheon in San Antonio recently. It is interesting to note that Jeanne who always looks chic sews her own clothes.

Medina Lake Shrine Club

The MLSC will not hold their regular meeting on April 26. The meeting has been cancelled because the members and their ladies attended the annual Alafar Shrine Circus Kick-off dinner at the Shrine Temple on April 16. Last year the MLSC sent many children and senior citizens from the area to the Shrine Circus. The same procedure will be followed this year. Circus dates are October 21-26. The club will also sponsor "clown for a day" contest for all the area children. Details will be published as they become available.

Surprise Birthday Party

Tonya McMullen was surprised on her 13th birthday Saturday evening by her parents with a lovely party at Pop's Place. Twenty-five guests enjoyed a buffet and a pink birthday cake. Tonya received many gifts. Her parents gave her a beautiful wrist watch.

Girl Finds Wallet

Tuesday afternoon a local resident made some purchases at Tuck's Store. When she put her packages into her car, she laid her wallet on the top of the car and drove away. As she was driving down Park Road 37, Mari Dennis of Converse, who was on a fishing trip with friends and parents at Lakeside, saw the car go by with the wallet on top. By this time the lady in the car had evidently missed her wallet and turned around to go back to Turk's. As the lady turned around, the wallet flew off the car. Mari ran down the road and retrieved it. In the meantime the lady who had lost her wallet was driving down the road looking for it. Mari spotted the lady, waved her down and gave her the wallet. The lady very graciously rewarded a reluctant Mari who is a student at Kirby Jr. High and plays in the school concert band.

Service of Consecration

The Service of Consecration for the new sanctuary of the LUMC will be held on Sunday, May 4, at 11 a.m. Dr. Don Peavy, the district superintendent, will be the guest preacher. There will be no nine o'clock service. Sunday School will start at 9 a.m.

Republican County Chairman's Report

"Conservative in Texas Means Republican"

"Let's get government back to the People."

The other party has demonstrated that they are democratic in name only because:

1. Guberally the politicians representing the party are against Gov. Bill Clements' Initiative and Referendum which will give the people a voice in legislation.

2. The Bexar County fiasco of attempting to eliminate Republicans by judicial decree by judges who are members of the Democratic Party.

3. The Democrat Primary which lists a choice for two people wishing to be President is an exercise in futility. The choice of delegates will be made by the same liberal clique in smoke filled rooms as it has always been.

This shows that the other party does not trust the people to make decisions or even pick their nominee for the presidency.

On the other hand: Republicans in Texas have demonstrated that they are a party of the people by:

1. Electing nominees instead of eliminating opponents by Republican or Democratic judges.

2. The selection of the presidential nominees at the primary, is binding on delegates to the convention.

3. Showing that they are for "Initiative and Referendum."

It is up to the voters in Bandera County to renounce a party that callously disregards the will of the people. By voting in the Republican Primary you can show that you—like Eddie Chiles—are tired of what's going on in Washington and Austin.

The Republican Executive Committee of Bandera County wants to be a full time body which will stay close to the people throughout the year and do something to improve your condition in the county, state and national level. The other party seems intent in meeting only when there is an election.

It is important that the people of Bandera County vote in the Republican Primary because we have a fine selection of candidates for state representative, district attorney, district judge, as well as state candidates and most importantly a vote for the next president of the United States.

Because we want to be a full time party of the people it is very important that we elect able representatives on the County Executive Committee. This can be accomplished by writing in names of people in your precinct as precinct chairman. These will be the members of the Committee. At 7 o'clock each precinct will hold its convention at which time people in the precinct will be given a chance to show their concern by submitting resolutions and picking delegates to the county convention which will select delegates to the state convention which will pick delegates to the national convention. You will have a part in picking our next president. In order to make known whether you want to be represented by a Reagan or a Bush delegate you must attend these meetings.

Let's show the state that we are not happy with the way the other party is running things.

(Pol. Adv. Pd. For By Bandera County Republican Committee, Box 1088, Bandera, TX, Charles Densford, Trea.)

A THOUGHT FOR THE WEEK

By John M. Grimes

Thomas Edison once said, "Genius is one percent inspiration and ninety-nine per cent perspiration."

Genius is only the power of making continuous efforts. The line between failure and success is so fine that we scarcely know when we pass it; so fine that we are often on the line and do not know it. How many a man has thrown up his hands at a time when a little more effort, a little more patience would have achieved success! As the tide goes out, so it comes clear in. In business, sometimes, prospects may seem darkest when really they are on the turn...and what seemed a hopeless failure may turn into a glorious success. There is no defeat except from within, no really insurmountable barrier save your own inherent weakness of purpose.....

A tribute to Norman David Koller

Norman was known across the states by many as "the best parts man anywhere." He started his career in the automotive field at a very young age in the states of Wisconsin and Illinois. In 1949 he found the state of Texas and brought his parts knowledge to Dumas Milner Chevrolet where he began working. His personality and knowledge was sought by many companies and he was working at Newt Godfree Chevrolet when, as one person recently put it, "Henry Adams stole the best parts man that Newt Godfree ever had and took him to Bandera in 1962, to work at Adams Chevrolet as his parts manager."

Norman was married to Cecil Maass McKay in June, 1961, and they continued to make their home here. In July of 1967—a dream came true for Norman—he and his wife opened their own Auto Parts business in Bandera, Koller Auto Supply, which he operated until his death. His motto was, "we have it—we can get it or it isn't being made." He carried this out to his best in his business for 13 years.

Norman had an illness many persons can never overcome. He did try very hard to cope with it. Many times and so many of you "stuck" by him personally and in his business. For the past year Norman was tired and his strength was gone—he wanted to be with God and rest. On April 11th, 1980, at 9:15 p.m.—still a young man of 53, Norman's brain—so full of part numbers and tired—went to sleep and at last he rested.

Norm, affectionally called by his sisters and brothers, loved people and never met a stranger, and the many people that did have the pleasure and opportunity to know him and love him along with Cecil, Marlene, Sharon, "Tiger"—his step-grandson, sisters, brothers, nieces, and nephews—will never forget him!

JOE MIKE EGAN, candidate for District Attorney, with family, "Bear," Kathy, and Frances. "I'm proud of my family," stresses Joe Egan. "And I've been fortunate to be able to raise them here in the Hill Country. I'm dedicated to our community and concerned about it. That's why I want to help by serving as District Attorney. Voters can count on me to be a full-time D.A. and to bring willingness, integrity, and 16 years of legal experience to the job." Support Joe Mike Egan for District Attorney in the Republican Primary. (Pd. Pol. Adv., J.W. Young, Jr., D.D.S., Treasurer, 2822 Goat Creek Rd., Kerrville, Tex.)

Mrs. Marie Krueger

On Tuesday night, April 17, the First National Bank of Bandera honored Mrs. Marie Krueger with a surprise party to celebrate her 30 years with the bank. It was on April 1, 1950, when Frank Montague, Sr., president of the bank at that time, told Marie she could have the job and since that time she has been promoted to assistant cashier, cashier and now vice president and cashier. She has worked in bookkeeping, loans, as teller and now in savings and new accounts.

Mrs. Krueger was tricked into going to the Recreation Center and, upon her arrival, was greeted by the music of Los Gringos Band and many of her friends. Food and drinks were served throughout the evening while the guests danced and visited. Terry Joe Morrow, president of the bank, and Frank Montague, Jr., chairman of the board, presented Marie with a gold pendant watch.

The Bandera Bulletin was asked to re-print the following story which appeared in the Thursday edition of the *San Antonio Light* and was written by Randy Salzman.

Tempers Erupt at Telephone Co-Op Meeting

By RANDY SALZMAN

INGRAM — A long simmering labor-management dispute at the Hill Country Telephone Co-operative erupted this week during the monthly meeting of the board of directors.

Triggered by a managerial inquiry into alleged falsification of time cards, about 10 employees, their spouses and a few subscribers accused General Manager Anthony Thorne of mismanaging the 9,000-telephone system.

The mostly long-time employees were led by Medina installer-repairman Tim Green and Paul Garrison, the last head of the now defunct employees' association.

They asked board members what became of a several-month-old promise to investigate the employees' claims of mismanagement.

The board, after an eight-hour meeting including two executive sessions, voted to hear Green and his just-demoted brother's complaints, as well as any other detailed problems, at a special meeting May 2.

"My one thought is to get this [illegible] in the co-op, get harmony and everything running smooth for everybody's benefit," President Jack Tucker said, explaining she need for the May 2 executive session.

In this case, everybody's benefit is an $11 million low-interest federal loan with which the co-op expects to rebuild the 3,400-square-mile telephone system.

Tucker, Thorne and the employees say the Rural Electrification Administration money is crucial to replace outdated and overworked equipment and renovate the 15-county exchange.

"It's imperative we get it (the loan)," Thorne said. "We should of had it years ago."

Without the money, he said, Hill Country soon will have to curtail service, included the expansion of lines in the fast-growing Hunt/Ingram area.

He said the REA money is earmarked for improvements in all of the co-op's 15 counties with $3 million to be spent in Comfort and some $2.5 million in Ingram.

But these labor problems could hold up that federal loan.

Louis Dougherty, operations [illegible] phones in the REA's Washington office, said the labor hassle "might be a problem if it gets in the way of operation."

He said the loan is set for processing this quarter but the labor problems or a lack of funds to cover needed loan requests could cause a postponement.

The employees say their problems are holding up the operation of the company, if for no other reason than the time spent discussing the manager's policies.

They say Thorne's policies — including disbanding the employee's association and not allowing employees to talk to the board of directors — have fragmented the co-op's 47 workers and led to constant infighting.

For example, they claim Thorne "leaned on" his supervisors to intimidate their workers to vote against unionizing in this month's National Labor Relations Board election.

Garrison said central office equipment supervisor Gordon Green was demoted, at least partly, because he failed to pressure his three employees to vote negative in the April 18 election.

However, Thorne said Green was demoted for "non-performance" on the job. He declined to elaborate beyond saying Green is "entitled to his hearing before the board."

Green, an 11-year employee, said actions such as his demotion have led to a "paranoia" around the co-op.

"The situation here, this animosity, is creating the need for a labor union," he said. "These people want protection.

"We've got people who are afraid (for their jobs). I'm afraid."

In the NLRB sanctioned elections, 22 employees voted for a union while 21 voted against it with one vote in dispute.

The disputed vote, belonging to a man who apparently could be considered a manager, is crucial. With it, the vote is tied and the move to unionize is defeated.

Without it, the employees will have the right to collective bargaining for wages, hours and conditions of employment, NLRB lawyer Ruben Armendariz said.

Armendariz expects a decision on whether to investigate the vote in a week or two." Without an investigation or another board hearing, he said the election results will stand.

The NLRB set the election date and decided who was eligible to vote at a Feb. 20 open hearing in Kerrville. The NLRB's Houston regional director set a vote of the entire work force, rather than just technicians as was originally requested, Armendariz said.

The co-op was represented by their attorney, Laverne Harris of Kerrville, and specialized Dallas labor lawyer Allen Schoolfield.

The grieved employees have objected to the retention of the labor specialist. They say hiring a special attorney is in effect fighting them with their own money, since they are also subscribers to the telephone co-op.

The co-op general manager said, however, he has paid no money to Schoolfield. Nor, he said, has he paid any money beyond the normal $500 per month retainer and the usual fees to Harris.

However, at Monday's meeting Harris said he paid Schoolfield and the fee would be charged to the co-op. He declined to discuss the co-op's problems on the record Tuesday.

Thorne said the labor-management problem has gone on for five years — he has been with the co-op one year and about five months — and has led to the resignation of his four immediate predecessors.

"You're four managers deep already and you're heading for the fifth one," Thorne said. "I'm tired."

"This has been going on for five years and I just happen to be the goat in the chair (this time)," he said.

Garrison said the earlier managers quit for an assortment of reasons not related to the employees — but, he said, his co-workers would like to see Thorne's departure.

"He's the root of the problem," he said.

Both sides say the board of directors' special meeting will help defuse the in-fighting.

"I think the board finally realized that whether they want to or not, they've got to do something," Garrison said.

"The board has got to take the bull by the horns and resolve this thing," Thorne said. "The subscribers are starting to hurt."

"TIME is money

...ours!"

"If you don't read TIME Magazine, you should. You're paying for it.

"In the fall of 1978, voters approved a constitutional amendment allowing family farmers to pay property taxes based upon the *production value* rather than the sky-rocketing *market value* of their land. Unfortunately, it took an act of the legislature to put this change into effect, and the special interest lobbyists descended on the Capitol like a swarm of locusts.

"Before it was all over, the legislators (including our own state representative, Don Rains) voted to give the family farmers' tax break to the agribusiness corporations (that are buying out Texas family farmers), to land speculators, and to the giant timber companies. In fact, Temple-Eastex, a subsidiary of New York-based TIME, Inc., will be the biggest single beneficiary of the tax break that was designed to save the family farmer.

"How does that affect you and me? It means that instead of giving a *real* tax break to family farmers and the elderly (as the constitutional amendment was intended to do), Mr. Rains voted to give the biggest tax break in Texas history to real estate speculators and big corporations. And who's making up for the lost tax revenues? You and I are.

"So the next chance you have to read a copy of TIME, read it cover to cover. You're paying for it."

We can do better.
We can't afford not to.

Regional Results

By David Barnet

Regional qualifiers from the girls track team traveled to Kingsville this past weekend, and broke two school records, and placed 16th out of 32 schools. Kathy Moore set a new BHS school record in the long jump when she jumped 17'10½" in the prelims. Then she jumped 18' to place 4th overall in the finals. By doing this she missed going to State by only 1¼". The first place jump was 18'1¼". Kathy's new record replaces the one set by Bunny Callahan's 17'8"—in the early 70's. Dee Anne Doebbler also broke the BHS record for the mile run. Dee Anne placed 7th in the mile at Kingsville, by running a time of 5:38.7. The old record, held by Dee Anne also, was with a time of 5:39.

Rhonda Fleming placed 5th in the 100 meter hurdles. Our 880 relay team composed of Claudia Cowan, Kathy Moore, Armella Montague and Sheila Montague placed 6th.

The qualifiers were composed of five seniors, two juniors, one sophomore, and one freshman. The team will be losing five outstanding athletes, but there are many girls coming-up to help make-up for this loss.

Choir Performs at BHS

By Toni Batto

"Go Out With Joy". Some of the other songs on the mixed choir's program were "Alma Redemptoris Mater," "Song of the Bird", and "When You've Going Away."

The last and perhaps most entertaining group to perform was the girls' choir. Their performance consisted of three songs. They were "Skylark" (from Two Idylls), "He's Gone Away," and "Come at Dawn" (from Three Spanish Ballads).

The mixed choir was the next to perform. Their selections were mostly classical in nature with the exception of one contemporary selection entitled "I Just Fall in Love Again" which was made famous by Ann Murray's recording of the song.

PUBLIC NOTICE

All Developers and Subdividers planning projects in Bandera County are urged to obtain and follow the Regulations Governing Subdivisions in Bandera County. Failure to follow these established regulations will almost certainly result in costly delays. Some of the most critical items are:

2. Utility easements indicated by survey.
3. Road dedication indicated by survey.
4. Construction and maintenance bonds on roads.
5. All lots or tracts adequate in size.
6. Plats to be drawn to a scale of 200 feet to the inch, on 18" by 24" sheets. Key map shows the entire area to be drawn on U.S.G.S. maps which are available in the County Judge's Office.
7. Compliance with Bandera County Regulations covering sanitary facilities and water wells.

These directives, most of which have been in force since 1972 by order of the Bandera County Commissioners' Court, are available for any developer at the office of Permits and Inspections, County Courthouse. I urge all concerned to obtain this document and follow it closely during the course of your planning and development schedule.

Doctor Attacks Sports Mental Violence

Rules and equipment to protect young athletes physically are not enough. They also need protection against the mental violence that harsh parents and coaches can inflict.

With training and tryouts starting for baseball, soccer, track and other sports, parents need to look at coaches' attitudes as well as their own, the Texas Medical Assn. says.

If a coach imposes military-like discipline on young athletes or if parents and coaches emphasize winning over helping the athletes mature physically and mentally, then there will be problems. Young athletes can become dehumanized and become pawns carrying out orders "on a large chessboard, whether you call it a gridiron, a floor, an arena, or anything else," a University of Washington psychiatrist told a recent American Medical Association meeting in San Antonio. Speaking at a symposium on sports medicine, S. Harvard Kaufman, M.D., said that when the need to win overwhelms all, rigid discipline on the field may become an entire way of life for the young athlete.

To avoid such problems, parents need to ask themselves if they are acting out their own dreams through the child and expecting too much from the child. Then parents need to look at the coach. Instead of living out unfulfilled wishes through the athletes, the coach should be motivated by a desire to help young people get along in groups, develop athletic skills, learn to accept frustration and compete positively, he said.

All this emphasis on aspects besides winning does not mean a season of defeat? Dr. Kaufman said, "It has been shown definitely that a Little League coach, who is aware of the needs of children and the basic factors in psychological development, is a better coach, has winning teams if he has some player talent, and is better liked."

Hicks To Compete In State Track Meet

By Kari Weeks

For the first year since Bandera has been a AA school, the Bulldogs have an entry in the state track meet. The Bulldogs are extremely proud of Greg Hicks, who has qualified as one of the best AA 440 men in the state of Texas. Greg ran a time of 50.06 in the 440 yard dash for a second place finish in the regional meet in Kingsville.

Greg finished fourth in the regional meet last year and has won most of the meets since then. Greg has also done extremely well in the 220 yard dash.

Coach Pfeiffer feels that Greg is capable of running in the high 48's or low 49's. He will have to run this fast in order to finish high in the state meet.

Hicks will run Friday, May 2nd, in a state qualifier's track meet in Karnes City. This is a meet composed of state qualifiers from classification AAAA to B. Then on Friday, May 9th, Greg will run at 8:15 p.m. in the University of Texas Memorial Stadium in Austin.

Bandera County Takes Part In Library Texas Reading Club

The Bandera County Library is among nearly 400 libraries throughout Texas participating this year in the Texas Reading Club, sponsored by the Texas State Library and participating libraries.

Young readers will take part in activities built around "Sports Splash," the theme selected for 1980. The nearly universal interest in sports that range from solitary activities like jogging to team sports like baseball and football gives them appeal for most young readers. And libraries have books about sports that range from books on how to play the games through biographies of famous players to novels and stories with sports themes.

Most important of all, young Texans who participate will sample the fun of recreational reading. Today's public libraries include a wide range of books and other printed materials for young readers.

Summertime is vacation time, but skills honed by vacation time reading will be sharp for the year ahead.

VFW Auxiliary president Mickey Kalka presents Martin Smith an award as an outstanding citizen in Bandera County. Smith was chosen for his exemplary leadership and efforts with the Emergency Medical Service.

Former Fire Chief Kenneth Pawvlik accepts the award given annually to an outstanding firefighter in Bandera by the Ladies VFW Auxiliary. President Mickey Kalka makes the presentation. Pawvlik has dedicated many years to the Bandera Volunteer Fire Department and was chosen for his outstanding and consistent efforts.

Mrs. Frank Mansfield Succumbs

Mrs. Frank (Ruby Jane) Mansfield, beloved wife and mother, passed away Wednesday, April 23, in Sid Peterson Memorial Hospital in Kerrville following an illness of several weeks.

Ruby Jane Mansfield was born November 2, 1904, in Southhaven, Kan., the daughter of Abram and Hannah Belle Mumaw. The family moved to Rosenberg, Tex., in 1913 and Ruby Jane attended school and was graduated from high school there. She attended the College of Industrial Arts at Denton and after graduation taught the third and fourth grades in the Beasley School System for two years.

On June 17, 1928, she was married to Frank H. Mansfield in Boerne. She operated a variety store here in Bandera, and, after she disposed of her store she worked with her husband in Mansfield Appliance Co. for about 33 years.

She is survived by her husband, Frank H. Mansfield of Bandera; one daughter, Mrs. John (Cora Belle) Nunn of Kerrville; one grandson, J.M. Nunn of Kerrville; one sister, Mrs. Lois Lynch of San Antonio, and numerous nieces and nephews. She was preceded in death by one son, Donald, two sisters, Mrs. Frank (Alice) Billings and Mrs. Ruth Boehmer.

Mrs. Mansfield had many friends and relatives here who will miss her and who offer sympathy to her bereaved family.

Funeral services were conducted at Grimes-Plummer Funeral Chapel Friday, April 25, at 2:30 p.m. with Rev. Harvey Hulse, pastor of the First Baptist Church, officiating. She was laid to rest in the Bandera Cemetery.

Active pallbearers were Irving Billings, A.J. Lynch, Billy Ed Mansfield, Keith Mansfield, J.O. Evans and Leslie Bill Short.

Honorary pallbearers were Ross Bailey, John R. Langford, Raymond Hicks and Alton Reininger.

Parker Resigns As Principal

Meeting in special session on April 25, the Bandera Independent School District's Board of Trustees accepted, with regret, the resignation of James Parker as Junior High Principal. Parker's resignation will be effective June 19, and he will be reassigned in the system as a classroom teacher.

The board also approved the 1980 board of equalization consisting of Paul Laskowski, Edward Howard and Robert Lockwood.

The board discussed bids for metal building for the transportation department, and after viewing prospective sites, moved to construct the new bus garage at the present Junior High-Elementary campus. Trustees Patty Adamson and Katie Ruede were opposed to this location.

The trustees also moved that all April 9, 1980, bids for the construction of a metal building for the transportation department be rejected, and that the superintendent be instructed to draw up specifications for rebid of the building.

There being no further business, the meeting adjourned.

Rec Center Is VFW Project

The VFW and Ladies VFW Auxiliary to Post 9176 of Bandera met the dawn of the first day of daylight savings time, armed with paint, paint brushes, mops, brooms and every constructive tool it requires to give a building a "face-lift." The recipient of this project was the Bandera County Recreation Center, better known today as Mansfield Park. Several days this week were set aside for the completion of the work. The painting crew was treated royally at the noon hours with food brought by several members of the Ladies Auxiliary.

In 1976 these same organizations completely remodeled the Recreation Center and with the passing of four years, the recreation room and kitchen in the main building were badly in need of painting and repair. The members unanimously agreed a better community project could not be found that would benefit as many county citizens and hope the community enjoys the "new look."

The members wish to thank all persons who have so faithfully supported their causes and projects.

From beautiful Lakehills comes the thought for the week. People are discovering that no matter what else life has to offer, it is incomplete without a relationship with Christ.

A bouquet of roses for Mrs. Carl (Jodi) Miller on her 88th birthday May 7.

AROUND LAKEHILLS

Personalities of the Week

Faith Chapel of Lakehills who is presenting Brig. Gen. Charles M. Duke, Jr.(USAFR), who spent 71 hours on the moon during Apollo 16 mission, at the Lakehills Civic Center Sunday evening, May 4, will also present two outstanding personalities in a musical. Rev. Ray Smothers, pastor and gospel pianist, is a graduate of the University of Texas. After teaching in a secondary school for one year, he served in Vietnam for a year, then served as a minister in evangelism, rescue, nursing homes and pastored two churches. Rev. Smothers is currently pastor of the Church of the Living Word in San Antonio. His wife, Jo Ann, started singing at the age of three. She sang her first solo at the age of seven in the Cathedral of Austin. During her high school days Jo Ann presented several recitals. Some of her training was received at Southern Methodist University in Dallas, where she was a featured soloist in choral groups. Today she sings as a professional musician with a wide repertoire of semi-classical, classical, contemporary, pop, and country western. Although highly successful in these areas, she chose to pursue a career in the field of gospel music. Ray and Jo Ann devote all of their time to gospel music. They appear at all various churches, groups and conventions.

Lee Neal of Arkansas is visiting with friends and relatives.

MEDINA ROSE GARDEN CLUB

The Rose Garden Club of Medina met at the Garden Center on April 9. Mrs. Homer Stevens, Sr., gave the Garden Tip, telling of her experiences growing trees from seeds and transplanting them successfully. Most of these trees were native trees growing on their ranch.

Mrs. A.S. McComb's report from the National Gardner concerned World Gardening and how the world benefits from exchanging seeds, plants and technical knowledge. The seeds of the sweet orange brought to America by Columbus in 1493 have resulted in a great industry in the U.S. Plant explorers in jungles and mountainous areas have enriched the variety of plants over the world and the discovery of life-saving plant drugs have been a great blessing in the field of medicine. Mrs. Jeff Keese read a poem from the Lone Star Gardener.

The club decided to purchase a tree and plant it in Oak Rest Cemetery as a memorial to Mr. Foote. Part of Mrs. Foote's gift to the Garden Club will be used for this project. The planting of the Memorial Tree will take place Thursday, April 18, at 10 a.m.

Mrs. E. M. Anderson, our San Antonio Garden Representative, reported that she had tickets for the ... now entitled "House Beautiful in Flowers" which will be held May 3-4.

Our club is one of the hostess clubs at the San Antonio Garden Center on April 16. Members were requested to bring cookies to the home of Mrs. W. Hatfield on Monday.

Chairmen of various booths for our Market Sale ... [illegible] ... our corner on Thursday to set up tables, ... [illegible] ... sale.

The May meeting will be held on Wednesday, May 14, at 10 a.m. at the Garden Center for installation of officers and the business meeting. Bring a sack lunch. Members will proceed to Mrs. C.E. Jackson's home for a pilgrimage of her garden.

Dues are to be paid in April. On May 28 Rose Garden Club is a hostess club for the Hill Country Garden Club council meeting, which will be held at the Holdsworth Library in Kerrville at 2:30 p.m. Members were asked to bring cookies for refreshments.

Ms. Lucille Broe introduced panel members who presented a program entitled "Planning Flower Arrangements Suitable for our Homes." Mrs. C.E. Jackson was the panel moderator. Panel members were Mesdames Geo. T. Williams, Jr., Henry Heinen and Louise Adams. Each presented her arrangement and told how she tried to carry out the principles of design such as scale, balance, harmony, rhythm, texture, color, etc. Mrs. Jackson gave helpful suggestions to each panelist and commented on the good points carried out in her arrangement.

Mrs. Williams had an arrangement of purple iris in an unusual glass container. It was a free standing arrangement for a table or buffet. A gold cloth, held in back of the arrangement, enhanced its beauty.

The yellow iris in a green pitcher was beautiful. Beauty of line below the water was commented on.

Ms. Heinen had a white ceramic container filled with yellow iris and yellow heather. Colorful accessories were used in her asymmetrical triangle arrangement which was suitable for a T.V. Mrs. Jackson said yellow is a color which is happy with all colors.

Mrs. Logan Adams had an arrangement of dried material in a basket suitable for a breakfast table. A table setting of pottery on a brown table mat carried out the harmonious colors of the dried arrangements.

Mrs. Jackson had a lovely arrangement of iris in a carnival glass container. The curved vine lent an airy grace to the lovely iris which harmonized with the colors of the vase.

Hostesses for the day were Mesdames R.E. Hart and A.L. McComb. A purple Iris arrangement on the table gave a spring-like atmosphere to the serving table. Punch, cookies and mints were served to the guests and members.

PRECINCT 3

I would like to ask your vote and support for re-election to Commissioner, Precinct 3 in the Primary Saturday, May 3. I have not been able to visit with each of you, but I want you to know that your support will be deeply appreciated.

My personal thanks to each ... for your help, understanding, and patience after our disastrous flood.

Federal and state engineers came to our precinct and made rough estimates of the cost to repair individual sections of roads and or bridges. This money could be used only in these specified places and not on any other roads or bridges in the Precinct. The engineers have since inspected and approved the work done.

By using low bids, and getting the work accomplished as economically as possible, approximately $85,000 was saved.

It has been a pleasure to serve as your Commissioner for the past term and I hope I am worthy of your support in the coming election.

Sincerely,
Bob Ashley

Thoughts

IT CAN BE DONE

Somebody said that it couldn't be done,
But he with a chuckle replied,
That "Maybe it couldn't"
but he would be one
Who wouldn't say so till he'd tried.
So he buckled right in with a trace of a grin
On his face. If he worried, he hid it.
He started to sing as he Tackled the thing
That couldn't be done, And he did it.
Somebody scoffed "Oh, you'll never do that,
At least no one ever has done it,"
But he took off his coat and took off his hat
And the first thing he knew he'd begun it.
With the lift of his chin and a bit of a grin,
If any doubt rose he forbid it;
He started to sing as he tackled the thing
That couldn't be done, and he did it.
There are thousands to tell you it cannot be done,
There are thousands to prophesy failure;
There are thousands to point out to you, one by one,
The dangers that wait to assail you.
But just buckle right in with a bit of a grin,
Then take off your coat and go to it.
Just start in to sing as you tackle the thing
That cannot be done, and you'll do it.

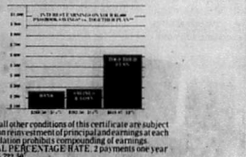
How to take out a loan. And make money.

You know as well as we do that it takes money to make money. But we have a new wrinkle on how to make it.

We call it THE TOGETHER PLAN.
And it's unique.

Because THE TOGETHER PLAN allows Gill Savings to lend you the additional money you need to earn those higher interest rates offered through Money Market Certificates.

Now, you don't need the entire $10,000 required for the minimum Money Market Certificate deposit. Not when we work TOGETHER. All you need to earn rates of interest approximately double those offered by regular savings accounts is $5,000.



Gill Savings' new idea in borrowing -- and saving -- combines your money and our loan.

HOW IT WORKS

The bar graph offers a comparison of what your $5,000 would earn in a regular savings plan vs. what you could earn with Gill Savings TOGETHER PLAN.

If you have sizeable savings, but have been shut out of the high interest/short term certificates because of the minimum deposit requirement, here's your opportunity to cash in. With our cash, and yours. Working TOGETHER.

Rates on these certificates change weekly. For specific rate information or more details, get TOGETHER with a Gill Savings officer today at any of our seven convenient locations.

* Figures based on maximum interest allowed by law for bank (5.5% / 5.33% effective annual yield) of savings and loan (5.5% / 5.50% effective annual yield) on regular savings account, compounded continuously, for one year.

** Figures based on example of maximum rate of interest paid (12% annual yield 12.36% based on maximum ANNUAL PERCENTAGE RATE (11.49%) with annual yield based on reinvestment of principal and earnings at each maturity date.

NOTE: TOGETHER PLAN annual percentage rate and all other conditions of this certificate are subject to the annual yield of the Money Market Certificate based on reinvestment of principal and earnings at each maturity date. Rates subject to change at renewal. Regulation prohibits compounding of earnings. Example shown based upon loan bearing 11.49% ANNUAL PERCENTAGE RATE. 2 payments one year term, with finance charge of $722.50, total of payments $5,722.50.

A THOUGHT FOR THE WEEK

By John M. Grimes

Throughout our lives failures come to all of us. Sometimes no matter how hard we try things will go wrong. We should all remember that whatever we may look like to the world, whether it be hopelessly inefficient or brilliantly successful, most of us know that according to our own guideposts we have failed at some time or another.

Take for example the baseball player who struck out 1330 times. This was a record in futility unapproached in the history of baseball. Yet that isn't what we remember about Babe Ruth. His 714 home runs completely obliterated the 1330 strikeouts...

Then there was the man who was one of the failingest men who ever lived. He was always trying experiments that were unsuccessful. Yet we never think of Thomas Edison as a failure.

At Fort Necessity, during the French and Indian War, there was a young American officer who capitulated to the enemy. Yet we never think of George Washington as the man who surrendered to the French...

Isn't is true we would feel a lot less sensitive about failure if we remembered it just doesn't matter except as a guidepost for ourselves? Isn't it true that there is no such thing as utter failure to one who has done his best?....

At a luncheon held at the Ft. Sam Houston Officers' Club in San Antonio they were awarded stuffed koala bears by the Cookie Bear from the Salerno-Megowen Biscuit Co. of Chicago. They want to thank all the generous folks of the Bandera Area who helped to make the cookie drive a success. Junior Ingenuity

By Rushe Vay

This years Junior-Senior Prom proved to be a thoroughly enjoyable function due to the efforts of the junior class officers and their special prom committee members. The decorations were beautiful and unique; the program ran smoothly and flawlessly; the slide presentation was entertaining; and the senior class motto, colors, song, and flower were all excellently displayed in the theme, decorations, and program.

From the outset, prom organizers were faced with a major disadvantage. The junior class had been unable to raise sufficient funds for the prom. This is illustrated by the fact that the estimated prom cost was set at $2,000 in accordance with the expense of last year's prom, while this year's available funds were only approximately $1,200.

Juniors appropriated money for the meal, the band, and the slide presentation. This left the decoration committee, consisting of Brenda Boyle (chairman), Patricia Studstill, Andy Adams, Russell Hevenor, and Ann Tobin, with merely $60 to decorate the Bandera Recreation Center. To overcome this dilemma, the committee made paper roses, decorated with ivy, and decorated the walls with ten exquisite geometric design murals all of which required approximately 140 man hours and several bottles of aspirin.

The success of the prom can be attributed to the ingenuity and relentless toil of the junior class officers and special committee members and they are certainly to be commended for their efforts.

Reminiscence of the Old West

By Charles Jackola

Western-Day, which was held Monday, April 21 at Bandera High School was the day of the year for all of those who love to play cowboy. Students were allowed to ride their horses to school, and leave them behind the ag. shop in the care of F.F.A. adviser, Telvy Robbins and a staff of wranglers headed by George Montague.

For some, Western-Day is just another day of school, but for the "Drug Store" cowboys, it was a day of great fun and excitement. As the dawn cracked, it was "up and at 'em" for all who were going to revert back to the old 19th century method of transportation. We have been informed, by very reliable sources that some of our so called cowboys cheated on us and took the easy way out. Whether it was just good old fashioned "horse sense" or sheer laziness is beside the point. Some of our western-day participants brought their horses, in trailers, to within about two blocks of the school and rode then in, complaining of the long gruelling ride and how saddle sore they were.

You have heard the story of the fish that got away. Well if you could have been at Bandera High on Western-Day, you would have heard the one about the horse who got away, as students tried to explain to Principal Ted Dockery, why they were late.

Bandera Tracksters Score Well At Regional Meet

By Lynne Fitzpatrick

The Bandera Boys track team scored 20 points to tie with Hondo for 6th place in the regional meet Friday in Kingsville.

Joe Romo started the Bulldog's scoring, winning a bronze medal in the high jump with a jump— 6'3". Romo had jumped 6'6" on his last jump. Romo also competed in the long jump where he recorded a personal best of 20'11¼" but failed to place.

Prelims in the running events followed the field events and the Bulldog 440 yard relay team, consisting of Johnny Cardenas, Joe Romo, Lee Hornbeak and Greg Hicks (Chuck McCay was the alternate), qualified for the finals with only the eighth best time. Joe Romo alsoqualifiedfor the finals in the 120 yard high hurdles with the eighth best time and Greg Hicks had the seventh best time in the 440 yard dash. Romo failed to qualify in the 330 yard intermediate hurdles and Hicks sustained a slight muscle injury in the 220 yard dash and did not finish the race.

The evening finals in the running events started well for the Bulldogs when the 440 yard relay team placed 5th. Then Romo improved on his hurdles, finishing 5th also. In the 440 yard dash, Hicks ran his best race of the year to finish behind Needville's Anthony Ketchum, the defending state champion in this event. His 2nd place finish earned him a trip to the state meet May 9 in Austin.

Congratulations are due to these boys and all the others who competed in track this year. Each and every one contributed to Bandera's finest AA track year ever.

Team scoring in the regional meet are as follows: Needville 116; Giddings 68, Refugio 40, Luling 31, Van Vleck 22, Bandera and Hondo 20, Karnes City, Yoakum, and Boerne 16, La Feria, Benavides, and Hays 14, Edna 12, Kenedy, Mathis, and Rio Hondo 10, Somerset 8, Freer 2, and Medina Valley 1.

Rome Is Outstanding Athlete

By Kari Weeks

Joe Romo, a senior at Bandera High School, has a very impressive athletic record. Bulldog fans should be proud of his varied accomplishments. Joe has gone to the district track meets during his sophomore, junior, and senior years in high school. More amazing is the fact that Joe has gone to district in five different events. Joe placed first in high jump, the long jump, 120 yard high hurdles, 330 intermediate hurdles, and placed second participating in the 440 yard relay team. In the recent regional competition, he placed third in high jump, fifth in the 120 yard high hurdles, and fifth in the 440 yard relay team.

Besides an impressive record in track, Joe has also been an all-district basketball player and an all-district baseball player.

Melissa Parker, Yvette Pearson, Robbin Peck, Keri Joe Pitts, Lisa Popham, Kenneth Ryan, Lisa Schwarz, David Shackelford, Debbie Schimandle, Nicole Swonke, Nancy Thompson, Krishna Vander Zee, Becky Walker, Todd Weber and Chris York.

Baseball Team Leads District

With a 4 win 1 loss record for sopsun, the Bulldogs lead the district. A most important game was won against Cole last week with a 2-1 score. The Bulldogs have 3 district games to play this season: May 1 here, against Hays; May 6, against Boerne, there; and May 8, here, against Smithson Valley.

Gifted Student Will Attend UTSA

By Joan Turner

Patricia Studstill, a junior at BHS, will be attending the UTSA Gifted Student Program this summer.

Patricia was selected from ten areas of students competing for this honor. Her past achievements and future potential were taken into consideration when she was chosen.

She will be attending UTSA this summer, going four days a week. Geometry and humanities will be her courses of studies, taking each course two days a week. She will be attending these courses for six weeks.

Tony Jennings of Pipe Creek and Nolan Bynum of Comfort caught this 52 pound yellow catfish Thursday night on a trotline baited with perch in the Medina River. They caught another weighing 20 pounds and a third weighing 15 pounds. They also caught several smaller fish.

The next day these fishermen caught a 43 lb. yellow catfish.

5 Outstanding Track Stars Will Graduate

By Phyllis Goodenough

Mella Montague, Kathy Moore, Rhonda Fleming, Claudia Cowan, and Doris Tschirhart have all won outstanding acclaims in track at B.H.S. during the past four years. Each senior girl competed at the 1980 regional track meet.

Claudia Cowan competed at regional in her sophomore and senior years. In 1978, she placed 4th in the hurdles and 5th in the 880 relay at regional. At district this year, she placed 1st on the 880 relay team, 2nd on the mile relay, and 3rd in hurdles. She placed 4th on the 880 relay team this year at regional. During her junior year at the All-Sports Banquet, she received the Spirit Award. Claudia also ran on the Cross-Country team for four years.

Jan Steven's school hurdling record was broken with the time of 10.95 seconds by Rhonda Fleming in 1978. She broke the record at regional where she placed 3rd. Rhonda had previously placed 1st at district.

She has traveled to Kingsville to compete at regional for four years. Rhonda placed 4th her freshman year, 3rd her sophomore year, and 4th her junior and senior years in hurdles. Also during her freshman, sophomore, and junior years she competed on the sprint relay.

During the past track season, she set the school record in the 100 meter hurdles with the time of 14.9 seconds. This is the first school record in this event because the 100 meter race is a longer distance than the 80 yard hurdles. All races have now been converted to the metric system.

Rhonda has won 41 medals in the hurdles, sprint relay, long jump, and the mile relay at various track meets during the past four seasons. She received the Spirit Award at the All-Sports Banquet in 1978.

After graduating, she hopes to run on the track team at Angelo State University.

Mella Montague and Kathy Moore have also competed at regional for four consecutive years.

Mella placed 4th in the 220 yard sprint, 2nd in the triple jump, 2nd in the sprint relay, 1st in the 880 yard relay, and 3rd in the broad jump. These first and second places at district qualified her to compete at regional this year. The 880 yard relay team placed 6th.

Kathy Moore has competed in the sprint relay, 880 relay, triple jump, long jump, and the 100 meter race and won 40 various medals. She won 20 of those medals this past season. She received the Most Dedicated Award in 1979.

Kathy's freshman year, she competed in long jump and triple jump at regional. She went in long jump her sophomore year. Her junior year, she went in long jump and the 880 relay.

This past season, Kathy broke the school record held by Bunny Callahan, 17'8", in the prelims at regional with a 17'10½" jump. In the finals, she set her own record of 18'. She also competed in the sprint relay and the 880 relay which placed 6th.

In 1978, Doris Tschirhart set a new school record with a discus throw of 104'4" at the Randolph meet, where she placed 1st. This year, Doris placed 2nd at district with a throw of 101'10½".

Mella Montague, Kathy Moore, Rhonda Fleming

Claudia Cowan

Doris Tschirhart

This throw allowed her to go to regional for the first time. Doris placed 8th with a 95' throw.

Over the years, she has won six medals including two bronze, three silver, and one gold.

Hard work and determination have paid off for these girls in the past and we wish them the best of luck in the future.

Aggie Muster Held

The Bandera County A&M Club held it's 1980 muster Monday, April 21, at the Flying L Guest Ranch. The traditional Muster program was presented and followed by the evening meal and business meeting.
Officers elected for the upcoming year are Sue Holt Lowak, muster chairman; Dan Alanis III, president; Homer Stevens, Jr., vice president; Buddy Wells, secretary; and Frank R. Anderwald, treasurer.
Speedy Hicks, who was recently elected as vice president of the association of former students, gave a short presentation on the progress and growth patterns at the Texas A&M campus.

Be informed.

The Texas Railroad Commission is far too important to the proper conservation and management of Texas energy resources to elect a Commissioner on the basis of vague information, mistaken identity or a general "feeling" about a candidate.

Make sure you know the facts before you vote!

Did you know Jim Nugent:
- Is uniquely qualified to handle the complex technical and legal matters that come before the Commission, thanks to his background in law and engineering.
- Has almost 20 years of service to Texans, first as a State Representative, now as our Railroad Commissioner.
- Successfully introduced and passed the first "ethics laws" for elected Texas officials . . . and completely revised the state's penal statutes improving criminal prosecution procedures without violating individual rights.
- Is supported by a broad cross-section of conservative, moderate and liberal Democrats who know he's the best man for the job!
- As a member of the State Legislature and as our Railroad Commissioner, is respected and known as a tough, independent and dedicated public servant who has consistently fought for the rights of Texas consumers.

Did you know that Jim Nugent's *opponent*, **Jim Hightower:**
- Has no qualifications to serve. His only background is having worked as editor of a radical left-wing newspaper (he calls himself an "investigative reporter") and working for a former liberal senator.
- Is the candidate of Ralph Nader, George McGovern, labor organizer Caesar Chavez and a group of Northeastern liberals intent on buying a seat on the Railroad Commission so the Northeast can continue to buy cheap energy from Texas.
- Is basing his campaign on hopes that the electorate will confuse his name—Jim Hightower—with well-known conservative Congressman Jack Hightower.

Jim Nugent has been endorsed by major newspapers throughout the state. They have carefully considered qualifications of the two candidates, and have chosen Jim Nugent as the best man for the job.

*Jim Nugent has been endorsed by the Austin American-Statesman, San Antonio Light, Houston Chronicle, Dallas Morning News and the Dallas Times Herald. As of April 22, no major newspaper in Texas has endorsed his opponent, Jim Hightower.

DON HAS SERVED THREE TERMS in the Texas House of Representatives. During this time, he has become a very influential legislator having earned the Vice-Chairmanship of the House Appropriations Committee. He has also served as Vice-Chairman of both the Higher Education and Election Committees and was a member of the Agriculture Committee.
As a legislator from a primarily rural district, he was a strong advocate of the agricultural productivity tax exemption and was co-author of the Family Farm Security Act. Don is also a strong opponent of any legislation to add governmental restraints on small business.
Don is highly respected as a man of integrity and for his expertise in the areas of higher education and rural problems. He is a businessman, a farmer and a ranchet, and a family man. He is our representative in Austin. Let's keep him working for us.

TEXAS DUSTS CALIFORNIA IN WORLD MINI GRAND PRIX
By Stephanie Parker
Two area riders won high honors in the Mini World Grand Prix moto cross held at Saddleback Park, Irvine, Cal., April 11, 12, and 13.
Bryan Taylor dusted stiff competition to win the 125 expert class. Brent Freed, son of Phillis and Darryl Freed of Kerrville, won a first, place in the 82cc modified class and second in the 82cc stock class.
Taylor and Freed are both Yamaha of San Antonio support riders. They were two of nine Texas riders at the Mini World Grand Prix.
Taylor was further honored by being one of only 18 mini-bikers to be invited to ride in the mini-bike "Race of Champions." He was the only rider from a four state area which included Texas, Oklahoma, New Mexico, and Louisana. Having been off the mini-bikes for three months, Bryan found it hard to change back from the bigger bikes. He was pleased with his eighth place win. "The honor was in being invited," Connie Taylor said.
All 18 riders, each a champion in his own right, were presented with specially designed helmets, Griffin pants, goggles, jerseys, and other valuable pieces of riding gear.
Taylor and Freed battled a 70 mph dust storm during the two-day race. "The wind was blowing so hard that I was afraid I would crash into a downed rider," Taylor said. "It was nearly impossible to see! Racing on California tracks is different too. The track was hard-packed and slick, unlike anything I've ridden on before. It took me two motos just to figure out how to ride on the track and what to do to win."
In view of his recent win, Bryan wants to give a special thanks to Raymond Hicks for allowing him to have a practive track on his ranch. "It helped me to prepare for this big race," Bryan

Whatever happened to free enterprise?

Ask our state representative, Don Rains.

He talks a good line about free enterprise and too much government regulation but when it comes to backing up his speeches with votes, he seems to be a little confused.

For instance, he sided with the lobbyists of the big beer companies in voting to establish a beer distribution system designed to put small brewers and many small wholesale distributors out of business, thus increasing the monopoly the big companies have in the market.

Another example: Rep. Rains voted to authorize the Texas Railroad Commission to consider freight rates proposed by "rate bureaus," organizations of trucking firms, railroads and/or bus companies that meet to discuss and agree upon rates. This amounts to little more than price-fixing, and the Antitrust Division of the Justice Department warned against passage of the bill. In fact, it was so blatantly anti-competition that the Governor vetoed it... *after* Rep. Rains voted for it.

Now, in 1980, special interest lobbyists have already contributed over $10,000 to keep Don Rains in office.

Patrick Cox says: "Free enterprise means the freedom to compete in othe open market-place, and we all lose when some companies get so big they can manipulate our legislature and run the little guys out of business."

We can do better. We can't afford not to.

Patrick Cox

Davenport Retires From State Bank

J. Burgin Davenport, executive vice-president of the First State Bank, retired from active service with the bank this week after nearly 30 years there.

He retires with a splendid record of achievement in the operation of the bank. The bank has grown from $91,000 in capital accounts in 1950 to more than $1,200,000 in 1980.

Son of the late William J. (Short Bill) Davenport, Sr., Burgin J. Davenport started his banking career with his father when a young man of 21. After attending the Bandera Schools, Southwest Texas State College in San Marcos and San Antonio Business College, Davenport joined his father who opened a private bank here. That bank later converted into the First National Bank, a strong financial institution, under the direction of the late Aaron Meadows.

On September 16, 1950, Davenport came to the First State Bank where he served until his retirement.

Mr. Davenport's sound business practices have enhanced the bank's standing and advancement in this community, as well as the entire Hill Country.

His many friends wish him happiness and contentment in his retirement.

Davenport Is Honored

The directors, officers and employees of the First State Bank of Bandera honored Burgin Davenport with a surprise party to celebrate his 30 years with the bank on Tuesday evening, April 29, at the Flying L Ranch.

Davenport retired at the end of April after serving many years as executive vice president and director of the bank.

He was presented a gold dome clock, and John R. Langford presented him with the typewriter he had used for many years.

On Wednesday, April 30, open house was held at the First State Bank. Friends and well wishers called to visit with Davenport and enjoy delicious homemade cake, cookies and coffee served by the bank personel throughout the day.

April Rainfall Less Than Average

April's rainfall, recorded at the Soil Conservation office, totaled 1.18 inches, 1.76 less than the month's average.

The total rainfall for 1980 is 5.76 inches, 2.61 less than the average for the first four months.

On April 25, .64 inches of rain fell, the most in any 24-hour period during the month.

No Court Held Monday

Petit jurors, called for service Monday, were released when no cases were tried that day. In two cases the defendant was hospitalized, in a second the complaining witness declined to testify, a third was continued and a fourth was settled out of court.

Tax Announced

In Bandera County $5,973.24 was collected for mixed drink tax during the first quarter of 1980 and of that amount 15 percent of $895.99 was the county's share.

Of this tax $5,502.05 was collected in the city of Bandera with $825.31 being the city's share.

The mixed drink tax is collected by the Alcoholic Beverage Commission and the city-county rebates are sent out quarterly by the comptroller's office.

Only $265.66 Remains To Pay Off Mini Bus

County Treasurer Elizabeth James reports that she has received contributions totaling $1,498.34 for the Senior Citizens' Mini Bus fund, which leaves a balance of $265.66 that is needed to make the final payment of $1,725 on the vehicle.

The Bandera County Commissioners Court expresses appreciation to everyone who has contributed to this worthy cause as well as to each one who worked so hard at the Senior Citizens Center with the fund raising projects they sponsored on May 3. Mrs. May Bachelor, chairman for the Senior Citizens fund raising events, turned in a total of $578.17 to the County Treasurer on Monday, and Ron Roberts has turned in a total of $226.17 that he collected from the miniature mini busses that are "parked" at various places of business throughout the county. These busses will remain in business houses for donations until May 12, so if you haven't dropped your contribution in yet, there is still time in which to do so.

Among those who gave contributions to the mini bus fund last week were Mr. and Mrs. Charles M. Blucher, Mrs. Elma S. Jenkins, Mrs. Ann E. Frost, Mr. and Mrs. W. Upton, Mr. and Mrs. James H. McLean of San Antonio, Mrs. M.R. Sandidge, Marvin Moody, Mrs. Dirls Jean Scott, and J.E. Justice. Contributions to the mini bus fund given in memory of Mrs. Allen Fee were received from Mrs. Ruth Whitehead and Mrs. Jewel Loessberg. Mrs. Della Mae Cox of the Senior Citizens Center turned in $60 which she received from collections made by Clarence Gene Covey, Jr. of Uvalde and citizens in Bandera County.

Anyone else who wishes to contribute to the fund may do so by sending your tax deductible contribution to Senior Citizens' Mini Bus Fund, in care of County Treasurer Elizabeth James, P.O. Box 563, Bandera, 78003.

Lakehills News

Mrs. Temple — 751-3185

From beautiful Lakehills comes the thought for the week: Knowledge that is not shared is wasted.

A bouquet of roses for all of the mothers of Lakehills and the area on Mother's Day, May 11.

AROUND LAKEHILLS

Mother's Day

Sunday, May 11, is Mother's Day. Remember your mother with a visit, telephone calls, flowers or candy. Do you know how Mother's Day originated? Mother's Day, has been celebrated in the U.S. for 66 years; however mothers have actually been honored in different lands in different ways. In 1908, Anna Jarvis of Philadelphia originated Mother's Day in the U.S. as a memorial to Mothers, and in 1914 President Wilson proclaimed the second Sunday in May as Mother's Day.

Sanctuary Consecrated

The sanctuary of the LUMC was consecrated in an impressive ceremony Sunday morning. After an organ prelude, call to worship, invocation, the collect and an anthem, the chairperson of the building committee, D.V. Lloyd, presented the key to the sanctuary to Dan Alanis, chairperson of the 1979 Board of Trustees, who, in turn, presented the key to Bill Henderson, the pastor. It was a very happy occasion and a memorable step forward. In 1956 the members met in a tent; today they meet in a modern building with all modern facilities. This "House of worship was made possible by the work of volunteers and the generous contributions of money and materials by members and friends. Congratulations to everyone who made this milestone possible.

To Whom It May Contern

Carol Hamilton, an outstanding citizen of Lakehills, is not going to Ohio. She has no intentions of moving to Ohio. She will continue to live in Lakehills and will reopen her fabulous Red Hen Restaurant in the near future.

Visitors

Mr. and Mrs. Walter Roach, of Kerrville, Mrs. Montie Markolf of San Antonio, Lloyd Murphy, of Comfort and Mr. and Mrs. Dan Alanis, Jr. of Bandera were visitors of the LUMC Sunday morning.

damage. These rains have been a welcome sight.

Eight women, members of the Flower Basket Garden Club of Corpus Christi and friends of Gloria Swantner, spent Tuesday and Wednesday at the Swantner Anibelle Ranch in Vanderpool. They enjoyed a pilgrimage through Lost Maples Park, taking a trail and touring the wilderness and undeveloped area. They report this was one of the most beautiful outings they had ever seen.

Weekend visitors in the R.C. Cutter home were Dorothy's sister, Frances Alexandra, her aunt, Bobby McLeroy, and a cousin, Ouida Sims, all from Corpus Christi.

This week's guests in the Paul Troxler home were his cousin, Charley and Leora Fowler of Lubbock.

Mr. and Mrs. Bill Thornton, who recently bought property on Mill Creek from John Houghs, moved their letter from Ozona to First Baptist Church, Utopia, Sunday. Mrs. Thornton is a daughter of Mr. and Mrs. Jack Rotan of Utopia.

Many guests enjoyed fellowship, refreshments and a tour of the Deadmon new home of Elby and Helen Hutto Sunday. The grandest part of this new home is that their three children, Jay, Glenn and Janice, are young enough to enjoy growing up in the new home. So many new homes are build when the children are grown and gone.

Lecil and Ruby Howard attended funeral services for Bill Nickelson, a great nephew of Lecil's, at Kerrville Thursday. Mr. Nickelson, a contractor at Ingram, suffered a heart attack when eating lunch.

We regret to report Johnnie Thompson is seriously ill in Northeast Baptist Hospital in San Antonio. For friends who would like to visit or call his room number is 151 and phone number is 653-2330.

Fred Kelley has been a patient in Methodist Hospital, San Antonio, for several weeks. We wish him a speedy recovery and hope he will be able to come home soon.

Mrs. Selma Morris was unable to find a location in or around Utopia so she located at Pipe Creek where another of her sisters, Mrs. Edith Edwards, lives.

Norma Hoover had quite an experience Friday when mowing the yard. She noticed something moving near the trunk of a tree. Taking a closer look, she discovered a rattlesnake crawling away so without a hoe or anything to kill it, she gave her lawn mower a hard push with the right hand and ran the other direction to keep any part of the snake from flying and hitting her. Needless to say the snake was cut into small chunks and the mower choked down.

Mr. and Mrs. Fitis Thompson were Thursday through Saturday visitors of their son and wife, Bobbie and Mary, in Odessa, while there they all drove to Ruidoso, N. Mex., spending two days at Bobbie and Mary's cottage. The snow-capped mountains were beautiful and the climate so cold they had to build fires and use their electric blankets.

Mr. and Mrs. Michael Olson and two children of Midland, have moved to Vanderpool community and were Baptist Church visitors Sunday.

We are happy to welcome old friends and neighbors back to our community. Colie and Mavis Snow have moved back to their place from Clovis, N. Mex., where they have been living for the past 17 years.

Well Ed Jennings did it again! Married a young San Antonio couple under the Marrying Oak behind Jennings Store in Pipe Creek. Gene Crozier and Tina Tierney were joined in the holy bonds of matrimony May 3. The reception for more than 40 guests was hosted by Ray and Betty Heinen at the Heinen Ranch on Highway 16 in Pipe Creek.

Just a reminder that the Pipe Creek Volunteer Fire Department is holding their semi-annual barbecue this next weekend, May 17 and 18. Please plan to attend and enjoy excellent food and fellowship with your Pipe Creek neighbors and help this worthy cause.

Dr. and Mrs. David Cardwell and son, Eric, of Pleasanton were visitors in the home of Mr. and Mrs. John G. James in Bandera Sunday evening.

Card Of Thanks

Words are totally inadequate to express my gratitude and appreciation to the volunteers of the EMS program in Bandera. Thursday's accident compelled to say "thank you" to Mary Wheeler, Gloria Cummings and Don Cummings for the professionalism and unselfish giving of their time and ability while caring for me enroute to the emergency room at Sid Peterson Hospital after my fall off a ladder. The doctors in Kerrville were most complimentary of the manner in which they had provided splints, neck brace, and treatment for shock. My broken and dislocated shoulder could have been much worse had they not known what to do and how to do it.

The citizens of the Bandera County can take justifiable pride in the EMS program which truly makes Bandera a safer place to live. EMS people are really tops in my book! Thank you again.

Let Pat Walker Help You
START LIKING YOURSELF AGAIN

Losing unwanted pounds and inches the easy way of Pat Walker's obviously will make you much more attractive. And besides improving your appearance, it also will make you feel better — younger and more vigorous.
Perhaps most important, though, is the effect the Pat Walker program has on your attitude toward yourself. As you succeed in trimming down to the size you've always wanted to be, your morale climbs and you gain new confidence in yourself. Best of all, you eliminate your old bad habit of putting yourself down because of your weight.
For as every overweight person knows, what really hurts is not so much what others think of you (although that's bad enough), but the low opinion you have of yourself. If you're too heavy, you're always conscious of it — and the knowledge eats away steadily at your self-esteem.
Begin shedding those extra pounds at Pat Walker's today — and start liking yourself again!

Senior Citizens News

Our Yard Sale and Bake Sale on Saturday, May 3, was a huge success. Everyone except the weather helped to make it so. We are indeed grateful to all those who made donations. A special thanks to those who worked from daylight to cloud burst. There was Amelia Dickens who acted as our cashier, Ron Roberts whose strong back helped us lift the heavy things and was most helpful when the rain came in speeding our wares inside; May Bachelor with her flea market know-how spearheaded the whole thing. And to the staff and volunteers here at the Center who wish to remain anonymous, thanks a bunch.

May 13 is birthday luncheon time again. All those with May birthdays please come as our guests; all others bring a covered dish.

We are still serving those good noon meals at the Center at 13th and Hackberry. The donation is $1. Please call 796-3969 before 9 a.m. for reservations. The Center is open Monday through Friday, 8 p.m. to 3 p.m.

GOD'S REFLECTION
Geraldine Combs Thallman
Today, I saw God's Presence
Reflected in the still
Waters of the lake,
The flash of a Cardinal's
Wings in a nearby tree;
The whirr of a Hummingbird's wings
Hovering above scarlet sage blossoms;
The smiling wonder on a small child's face;
Seeing tiny, brown-speckled Wren's eggs;
The beauty of a flower upturned
Translucent in the sunlight;
The whisper of the wind;
Sighing through the tree-tops;
The effulgent glow of an
Early summer sunrise;
The understanding smile
Of a much beloved friend.

A THOUGHT FOR THE WEEK
By John M. Grimes

Mothers are pretty special people to all of us. We take note of their existence and honor them a single day each year on Mother's Day...It is a day of remembrance, appreciation and love. They, in turn, are aware of us day and night...They are aware of us all year round in all our goings and comings...in all our fears...in all our hopes...in all our dreams.

Mothers show their love in many ways...in many roles. They are homemakers. They are hostesses. They are helpmates and confidants. They are cheerleaders. They are our audiences and our entertainers. In all roles, mothers are the very heart of the family.

In this world where nations, races and even individuals are striking out at one another, either by word or act...mothers set an example for all of us. On this very special day let us proudly say "Thank You" to all mothers, by word or deed, who are with us. And too, it is a day of thankful remembrance and prayer for those who have gone before us...a day of reflection and sweet recollection.

For all mothers and families everywhere, we hope you have a truly HAPPY MOTHER'S DAY.....

Lori Robison

By Karan Rettko

What does being a senior mean? To Lori it means that her high school years are coming to an end and that her future is fast approaching.

Lori is the daughter of Mr. and Mrs. T.J. Robison, of Bandera. A few of Lori's hobbies and interest include swimming, reading and most of all being with her boyfriend. Lori has many friends at Bandera but her favorites are Mike Galland, Claudia Cowan, Sharon Halliday, Angel Kelley, Debbie Blair, and Darlene Tindle.

Besides attending Bandera schools since eighth grade, Lori has attended Starkey Elementary and Peterson Jr. High in Kerrville. Lori has traveled in New Mexico, Louisiana and Mississippi. Her favorite was Mississippi because of its pretty trees, and the beautiful countryside.

Lori's philosophy is "Do your best at whatever you attempt." Knowing Lori you would know this is true, because no matter what she does she gives it her best.

Lori's high school accomplishments include being a member of the National Honor Society for the last two years, belonging to Future Homemakers of America for the last two years—she was class vice president both years, and chapter vice president this year; also is OEA for the last two years, and was a member of 4-H her freshmen year.

When Lori was asked what she plans to do after high school she replied, "probably work, but I'm not really sure just yet."

Looking for our friend . .

We are certain he was dropped off in front of the Post Office in Bandera on or about March 28, which was one week prior to previous advertisements. He's a small long-haired dog, gold with a grayish haze on tint and sports a black beard. Fluffy is his name and he has a chrome choke chain.

Any information will be appreciated. Generous Reward!!

Armella Montague

By Kari Weeks

To Armella Marie Montague being a senior ends the first chapter in her life. Armella, better known at BHS as Mella, has many fond memories. Mella was born in Iwakuni, Japan, to Lt. and Mrs. Bruce Montague. Later she attended school at Holy Trinity in Virginia.

Mella has also traveled extensively. The areas which she has journeyed to include Pennsylvania, Maryland, North Carolina, Mexico, Wisconsin, California, and Arizona. Mella has aspirations to either become an architect or live in a tree house in the jungles of South Africa. When she is not planning for her future, Mella enjoys sailing, scuba diving, music, painting, writing, drawing, singing in the shower, eating, dancing, and riding.

Mella does not seem to have a favorite holiday, because she feels that any day can be a holiday if you spend it with people that you love. The people that Mella enjoys being around especially include Lynne, Darcy, and Sheila. Mella considers all the girls whom she participated with in sports very special as well as all the Seniors of 1980.

Mella has quite a list of accomplishments to show for her years in high school. She was the freshman class president, the junior class secretary, and the senior class vice president. Mella was also a Miss BHS candidate her sophomore, junior, and senior years in school. She was a member of the student council for four years and a vice president her junior year. Mella was a member of the National Honor Society her junior and senior years in school. Mella represented BHS as a mascot her junior year and a cheerleader her senior year. She was also in band her freshman year. Mella was in Who's Who Among American High School Students.

Along with such impressing academic records goes an equally impressive athletic record. While participating in basketball, she was named for the all-district second team in her sophomore year. She went to regional her freshman, sophomore, junior and senior years in track. Her sophomore and junior years she was high point in track. To top that off, Mella played volleyball her sophomore and junior years.

Certainly success is in store for Mella with such a positive outlook on life as this one: "Life is only the beginning of a long journey home. Death does not mean that your road has been run or your race has been won; it merely opens the next door. In this journey we search for truth, for guidance, wisdom to light the path, friendship to support us. We tend to stumble, and an inner peace leads us beyond the dark moment when truths trick may be misguidance, friendships folly, loss of self, and the lights that lend lease to shadows; beyond these diseases that make us human." —Armella Montague.

Sharon Halliday

By Beth Mulqueeny

Abraham Lincoln's beliefs and heroic additions to our country have helped Sharon Elaine Halliday's interest in American History. Perhaps this outstanding senior has attained her leadership abilities through this interest. Sharon is the daughter of Mr. and Mrs. John T. Halliday, Jr. of Lakehills, and was delivered "via la stork" to the proud parents in San Antonio, Texas.

This radiant blonde is a firm believer in "making yourself happy by doing the things you like and not worrying about what other think. Be original!"

Not only has Miss Halliday attended Bandera schools but also she attended grades 1-4 at Bellaire Elementary in San Antonio, Texas.

Some of the memorable friends that Sharon has met along the way are Jenny MacMillan, Angel Kelly, Mike Adamietz, Vicki Morris, Mrs. Welch, Andy L., and her favorite of all, Jody Thompson.

Sharon enjoys going dancing and skiing, but she likes to enjoy them with her boyfriend, Jody.

She has traveled to Oklahoma and throughout Texas and likes the Texas countryside the best.

Sharon has been active in many extra-curricular activities such as: National Honor Society, her sophomore through senior years; F.H.A., which she was vice president of in her junior year; Student Council representative in her junior year; OEA, which as a junior, she went to Area contest and placed third in Communication I, and her senior year she was Secretas.; she was the freshman Miss B.H.S. candidate for the class of 1980, and last but not least proving her leadership potential, she was nominated to "Who's Who Among American High School Students."

Lamar Lindley

By Darcy Word

"Being a Senior means I finally made it!", says Claude Lamar Lindley, III, Lamar, son of Mr. and Mrs. Claude Lamar Lindley, Jr., has attended Bandera schools since the first grade and says there's no other place he'd rather be.

Lamar says that he has never traveled outside of Texas, but has been to many places inside the state. He has been to San Marcos, Astroworld, and several other sights, but he says his favorite place was Big Bend, in West Texas.

"My interests are girls and cars. My hobbies are horses, trapping and, football," says Lamar. His interest in football was evident to all Bulldog fans who attended any of the football games this year. He has played football four years and lettered his junior and senior years. This year he received honorable mention as a defensive back.

Not only did Lamar play football, but he was also a member of the track team for three years. Right now he is a member of FFA, and has been for four years.

With his witty humor and friendly personality, Lamar has become friends with many people throughout his life. A few of his favorites are Lynne Fitzpatrick, Mella Montague, Darcy Word, Alan Buxkemper, Bill Slove, Mike Grogan, Debbie Blair, and Miss Hahn. "But," says Lamar, "my favorite of all is my girlfriend, Dana Cloud."

After graduation from BHS, Lamar plans to go to college and study in the field of animals. He says that what he does after that is yet to be decided.

In closing, Lamar said some wise words that should certainly secure him a happy future. "If you want to succeed in anything, you have to reach out and go for it," he said with a knowing smile.

Beverly McMeans

by Nicole Vay

If one were to ask Beverly Kay McMeans what her favorite hobby or interests were, she would say camping out, skiing and getting a sun tan.

Beverly is the daughter of Mr. and Mrs. J.O. McMeans. She was born in San Antonio. She attended school in San Antonio until her sophomore year, when she moved to Pipe Creek and began to attend BHS.

In high school, Beverly has been in the following organizations, FHA for 4 years, FFA her sophomore year, Encounter her senior year, Pep Squad her sophomore and 2nd Lt. her senior year, 4-H her junior year. She also played tennis all four years.

Beverly has traveled through out the United States, but her favorite places were Colorado's mountains and Florida's beaches. She knows that they are both very different but she feels each has its own advantages.

Beverly's favorite people are her family, Jeff Hearn, Kathy Moore, Tudi Glasscock, Peggy Swienbrick. Her favorite teachers are Miss Hahn and Coach Pfeiffer.

When Beverly was asked what being a senior meant to her, she replied, "A reward for 12 long years."

Beverly's philosophy is, "If you don't try new things you can't be successful."

After Beverly graduates she planss to attend UTSA and get married.

Rushe Vay

By Tamby Laskowski

"You may as well change me but you cannot change me," is the philosophy of one of the senior class' born leaders, Nicolas Ronkovanyi Vay, II, alias "Rushe Vay". He is the son of Lt. Col. Nicolas R. Vay and Mrs. Jane Vay.

Being from San Antonio, Rushe has traveled and lived in many states including North Carolina, Georgia, Rhode Island, and New York where he attended his elementary and junior high years. Shenandoah Valley in Virginia remains his favorite place because of the "breath-taking" scenery. Hunting and fishing are a few of Rushe's favorite hobbies when he's not being a leader at BHS.

Rushe has held many offices during his "reign" at BHS. During his sophomore year, he was elected class secretary-treasurer. He also served as the vice-president for the junior class and he is currently holding the office of Senior Class President. During his sophomore and junior years, Rushe was nominated for Mr. BHS.

Rushe has also been active in many organizations and clubs including the National Honor Society, Student Council, Pen-o-Paw Staff, and the Bulldog Annual Staff. In journalism, he has served as a photographer and is currently business editor for the 1980 Bulldog. This year, Rushe placed first at the District Meet in Editorials and will advance to regional this month. A four-year member in F.F.A., Rushe has been reporter and has served as president for the last two years. In District F.F.A., he was reporter during his sophomore year, vice president his junior year, and he is presently Serving as the district president. Rushe has also been active in Student Council, being a representative last year and serving as president this year.

Rushe has been honored numerously for his leadership abilities. Soil Stewardship Week is May 11-18

The Bandera Soil and Water Conservation District will join in the nationwide celebration of Soil Stewardship Week to take place [illegible] according to an announcement by Warren Long, chairman of the Bandera SWCD.

The theme of this year's celebration is "The Judgement of Nature." It's focus is especially appropriate as the United States considers the current conditions of its soil, water and related resources, said Long.

Through Nature, we are linked with the past and committed to the future," it is said in the 16-page "Judgment of Nature" reference booklet, which presents thoughts for consideration not only during Soil Stewardship Week, but throughout the year. Nature is defined in the publication as the continuing system of life created by God.

"Nature is neither fixed nor static; it is a continuing process and inherently dynamic . . . it rewards care and constructive attention, even as it penalizes negligence and deliberate damage," the booklet states.

"The loss of some 3 million acres of productive agricultural land each year through urbanization and other uses, the decline in productivity of the topsoil as the result of destructive erosion, and continuing pollution of the nation's waters is serious cause for everyone's concern," the sponsors believe. Participation in Soil Stewardship Week activities offers an opportunity to reflect on the nation's natural resource problems and consider actions to resolve them or reduce their impact.

The National Association of Conservation Districts has sponsored Soil Stewardship Week in the United States since 1955, in cooperation with the nation's nearly 2,000 soil and water conservation districts. Informative material on the Soil Stewardship Week Theme each year is distributed through local conservation districts to clergymen, lay leaders, civic and educational organizations and to individuals interested in participating in the celebration. More than 6.6 million pieces of literature were distributed last year.

Transport Truck Overturns

A large tractor-trailer flipped over on its side on SH 16 approximately 10 miles from Bandera toward Medina Saturday at about 5 p.m. The refrigerated rig, enroute to California from the Rio Grande Valley, failed to negotiate a turn, causing the load of Bell peppers it was transporting to shift to the left side of the trailer. The driver said the weight-shift caused two tires to blow-out and the truck to turn over on its side before skidding to a stop. The windshields popped out on impact, and the driver escaped through the resulting opening. He said that he had been traveling SH 173, headed for IH 10 near Kerrville when he apparently missed the turn on SH 173 in Bandera, continuing on toward Medina.

A large wrecker, dispatched from Kerrville was not able to upright the wreckage. An especially equipped wrecker was then sent from San Antonio and arrived at about 8 p.m. By 1 a.m. the vehicle was back on its wheels. The skillful wrecker crew dug holes under the trailer in order to position large rubber air-bags, which were inflated to lift the heavy weight, inch by inch. After a long and tedious series of careful maneuvers with the air-bags, the job was accomplished. Little or no damage was done to the cargo.

Payment For Mini Bus Has Been Made

According to County Treasurer Elizabeth James, a total of $2,420.62 has been received in contributions for the Senior Citizens' Mini Bus fund. The balance of almost $700 which remains in the Mini Bus Fund after the final payment of $1,725.00 was made on May 13, will be set aside to be used for any non-budgeted expenses in connection with the operation and-or maintenance of the mini-bus should those expenses occur anytime in the future. A small portion of this balance will be used to pay for having painted on the bus the name "Bandera County Senior Citizens' Mini Bus" and the phone number (796-4584) where people should call when in need of transportation within the county.

The Bandera County Commissioners Court and the Senior Citizens express appreciation to everyone who has contributed to the Mini Bus fund and to everyone who has helped to raise funds or secure contributions. Ron Roberts, who made the miniature Mini-Bus banks and placed them at business places throughout the county, collected a total of $218.82 ($128.82 in coins and currency and $90 in checks) in these little busses. Roberts serves as president of the local Senior Citizens Center and is an active volunteer in all their activities. He also serves as a volunteer driver for the mini bus when the regular driver, Lola Linney, is off duty.

Among the contributions received this past week by the county treasurer were those from Mrs. Lee Anne Click, Don Hain, Mrs. Dorothy Berne of Berne's Fabric Shop, Archie Gallant, Doyle and Carolyn Ely, Mr. and Mrs. P.W. State Board Of Education Rules In Favor Of Bandera ISD

The State Board of Education denied the appeal of Joy Vawter and Lonette Wilton in the case styled Joy Vawter and Lonette Wilton v. Bandera Independent School District, affirmed the order entered by the Commissioner of Education on March 4, 1980, and adopted the Findings of Fact and Amended Conclusions of Law as stated by the commissioner.

The commissioner had concluded that the petitioners (Vawter and Wilton) had not complied with the mandatory time limitations, that they were not parties properly aggrieved, and that the determination in limiting materials and techniques to be used in teaching sex education is within the broad discretionary powers granted to Bandera ISD's Board of Trustees.

At Commissioners Court

A delegation from Rio Hondo subdivision met Monday with the Bandera Commissioner's Court to again ask that the county take possession of and maintain certain roads in that subdivision. The court explained the county must have easement through the property which separates Rio Hondo from the highway, as previously stated. Cloma Huffman will act as chairman, with assistance from O.D. Feland and Raymond Hicks, to contact the owner of the property in question.

In other business Ed Gondeck discussed the police and detention facility with the court, but no action was taken.

Keith Hames, J.B. Edwards and Carl Hildebran presented to the court for approval matters concerning their various subdivisions.

Sheriff Bill James and the court discussed a resolution, patterned after one used by Bexar County, outlining the duties, responsibilities and restrictions for reserve deputies.

The 1980-81 Hunting Proclamation from the Department of Parks and Wildlife was read and approved with the exception of this paragraph: "Provide for an either-sex (hunter's choice) , standard white tailed deer season, without asterless deer permits, bag limits, 3 deer—either sex—no more than 2 bucks."

A delegation from the Lakeshore Fire Department sought aid in making purchases from Texas Surplus Property. They were advised to obtain a charter through the office of the Secretary of State as a non-profit organization.

A public hearing will be held May 27 from 7 to 8 p.m. on the use of Revenue Sharing funds in the county budget. The meeting will take place in the commissioners court room at the courthouse.

Repairs to the courthouse roof were discussed.

Houston and San Antonio Avenues in Bandera Estates can no longer be maintained by the county, as they are not county roads as previously believed.

Approval was given for payment of monthly bills, to the reading of the minutes of the previous month's minutes and to monthly reports.

Present at the meeting were Rein Vander Zee, county judge; Jim Russell, Stanley Tschirhart, Bob Ashley and Curley Thompson, commissioners; Ron Jackson, county attorney; and Vera King, deputy clerk.

Lakeshore NEWS

After many hours of work by the volunteer firemen of the Lakeshore Volunteer Fire Department, the fire truck is pumping water. The tank, pump, hoses, etc. were all mounted during this last week. Also several have been working and have the cab covered and they are installing other accessories needed.

Now the grounds are being prepared for the barbecue coming up on May 31. Ross Bailey was first on the job, loading one pickup to be carried off. Others will be working on the planned work days during the week.

Dell Lackey has been asked to head the Country Store committee. She will be calling everyone to arrange for foods that she needs.

Barbecue tickets can be purchased from any of the people at Lakeshore and are also available at True Value in Bandera, Jennings Store at Pipe Creek, and Pop's Place at Alamo Beach. And also for anyone who hasn't already purchased a ticket, there will be tickets available at the door the day of the barbecue.

What are you actually getting for all those insurance premiums?
If You're Not Sure, Take This ONE-MINUTE QUIZ
1. Are you getting, through your present agency, the protection of a national company like Ætna Life & Casualty, a company that can provide protection for all your insurance needs: individual, family, home, car, and business?
2. Are you getting the satisfaction of being protected by an independent insurance agency, one that is both able and willing to recommend the right protection at the right price?
3. Are you getting personal service — the kind of service that comes only from an agent that lives near you, knows you, and really wants to help you?
If you answered "no" to even one of these questions, you're getting less than you deserve. But cheer up! You can call us! Then all your answers will be positive.

'Thank You' to Kerry Hevenor

The V.F.W. and Ladies VFW Auxiliary to Post 9176, Bandera wish to take this opportunity to thank Kerry Hevenor, owner of the Hevenor Lumber Co. Upon repainting the Recreation Center main building at Mansfield Park, our organizations obtained two cases of gallon ceiling paint at the Hevenor Lumber Co. Upon the receipt of our invoice we had the most pleasant surprise, the balance was marked "0"—a donation to our organizations and indirectly to the citizens of Bandera County. Citizens such as these give volunteer groups more renewed enthusiasm and energy.

From all V.F.W. and V.F.W. Aux. members we thank an "Outstanding Community Citizen," Kerry Hevenor.

Sabinal Canyon NEWS

Lillie Thompson

Sunday, May 11, was Mother's Day. Aren't we glad we have this time to honor those who have had such a great part in our lives? The oldest mother, Mrs. J.T. Blalock, and youngest mother, Mrs. Becky Preston, were presented beautiful corsages at the Baptist Church. A flower arrangement on the Alter table was presented by all the youth in church in honor and memory of their mothers.

At a meeting of the Cemetery Association officers, a get-together, clean up day for the Vanderpool Cemetery and community grounds. Along with a picnic lunch and a business meeting was planned for Saturday, May 24, beginning at 10 a.m. This is being held each year so that the cemetery will be especially cleaned and spruced up before Memorial Day, a day set aside for visiting our cemeteries and paying tribute to all our veterans. Bring your family a picnic-type lunch, a card table and folding chairs. Drinks, paper and plastic supplies will be furnished. Hough Schryver, president, says tell your neighbors and friends to come out to help make this day a big success.

Roy and Lera Johnson have returned from Fresno, Calif., after a two week visit with Roy's brother and wife, G.J. and Jackie Johnson.

The Poeple's Church, where Pastor Johnson serves, gave him a surprise program honoring him for being a minister for 50 years.

Then on Sunday, May 4, they celebrated the 25th Anniversary of the People's Church of Fresno—where Pastor Johnson has been for 17 years.

Roy and Lera spent two days in San Francisco and one day in Yosemite National Park. They also drove through the San Joaquin Valley, viewing the grape, almond and olive orchards.

Visitors of Hough and Carmen Schryver this week were Mr. and Mrs. Claude Smith and Bernice of Corpus Christi. The two ladies are sisters of Carm, Jack Hawkins and Pauline Wilkins and have all enjoyed a family get together in the different homes during the week.

Kent and Linda Leighton recently flew up from McAllen for the weekend bringing Craig Schutz, his mother and Sheri Hefley. Linda stayed for a few more days with Betty and Kenneth Leighton before returning to the valley. Kent has recently accepted a sales position for industrial construction with Andis and Brunson, Inc. and he and Linda are in the process of moving from Houston to a new home in McAllen.

Ward and Jerry Southern are able to be up and around. Ward is still using a walker. They are spending some time at their home in Vandepool, getting things in readiness for their retirement and move to the canyons.

Bern Stier has been visiting here from southwestern Africa, looking after his ranch interests and working cattle at Las Companas for the past two weeks. His step-children, Ernst and Charlotte Schneider, who attend Trinity University, have enjoyed his visit too, and come out each weekend from San Antonio. Ernst leaves soon for Germany, but Charlotte will remain at the University and will weekend at the ranch this summer. They are in hopes that their mother, Erika, and little brother, Phillip, will be able to come along with Bern when he returns in September.

Lecil and Ruby Howard enjoyed their three children and families, Iona and J.B. Alley and their three daughters from Uvalde, Dahl, Gale and their children of Kerrville, Tommie and Barbara and family of Sabinal and Ruby's brother, Ernen, and family of Wharton. All were visitors and dinner guests Sunday on Mother's Day.

The Vanderpool-Utopia Friendship Garden Civic Club made it's annual pilgrimage April 21, going by chartered bus to Bandera where Betty Leighton pointed out and told the background of some of the old buildings. Then they went on to the Hicks family ranch known as Hickaley, where Carmen Hicks told about the restoration of the old residence and escorted the club members through her home, relating the history of the antique furnishing. She served the guests coffee from a coffee service at one end and at the other end punch was available, with cookies in between. Elma Padgett, long-time garden club member, enjoyed the day so much along with her guest, Milton Padgett, because the Hicks' home was also Elma's grandparent's home. Elma recalls many good times there. The Hicks family reunion is held there each summer and Elma looks forward to going back soon.

From there the group went to Kerrville for lunch at the Yellow Ribbon, which is housed in a Victorian home that has been recently restored to preserve a bit of Americana. The cafe had prepared a special lunch for the club. After lunch the group went to Comfort, where Roberta Smith boarded and gave a commentary as points of interest were toured in and around the town. They then went to Boerne and Grimm's Nursery to admire and purchase some of the plants available there. The bus resembled a mobile greenhouse on the way home. As the group rode, Mary Haby, joined by Anzalee Burns and Lucille Matthews, lead the group in singing old and familiar songs. Betty Leighton, Annalee Burns and Lillian Real planned the tour.

A family get-together and dinner on Sunday, May 11, Mother's Day, at the home of Nick and Carmen Schryver was enjoyed by Claude and Thelma Smith, Bernice Richey of Corpus Christi, Richard and Pauline Wilkins, their daughter, Jo Ellen Smith, and granddaughter, Jack and Nita Hawkins and their son, Pat, Dorothy and family of San Antonio and Hub and Lillie Thompson also attended.

Mr. and Mrs. Marvin Traylor and family of Abilene were last weekend visitors of his parents, Jack and Nita Hawkins.

Hoyt and Doris Foster returned May 6 from a trip to Chicago where Hoyt had a special meeting with Underwriters Laboratories. He is a technically oriented consumer for Underwriters. The meeting was held April 29 and 30. From Chicago they went to Minneapolis to do some genealogy and to Osage, Ia., to visit cousins of Hoyt's. One night was spent in Moore, Ok., where they enjoyed a visit with Eddie Schimmelpfenning of Norman.

Mrs. Flora Ivy, 90, was taken by ambulance to Sonora. She suffered a stroke and has been ill for some time. Her daughter and husband, Pearl and Jack Whiteaker, have cared for her here and now she will be under the care of another daughter, Jewel Jennings.

Special Thanks

To Amelia Dickens as cashier, Edith Edwards and June Mathis for plants, the fire department for the space for election returns and refreshments, to Ron Roberts for his help, to all who gave so many delicious baked goods, to Tommy Adams, Jr., Tony Rodriguez and Tom Adams, Sr., who put up the election returns and to many others who helped. To Voters In Precinct No. 3

I extend my thanks and appreciation for your votes and support.

You have my assurance that I will continue to work for the privilege of representing you as our commissioner of Precinct No. 3, Bandera County.

To The Voters Of Precinct No. 3

There will be a run-off election in Precinct No. 3, June 7 between Bob Ashley and myself. So please mark your calendar so you will not forget to go vote

Do not be MISLED by local rumors that a woman cannot do the job, as I did it for 3 years and 3 months, and I will stand on my record.

There are many women in county government even in our own county. You would be surprised how many are commissioners and also county judges in the State of Texas.

Roads are one of the jobs for a commissioner but by no means are they the only things. Some of the present crew worked for Buddy Hubble as well as myself.

None of the Federal Disaster funds were saved as such. This money is only allocated for disaster repairs and replacement, and if it is not used it reverts back to the Federal Government and some other area that has a disaster receives it. It should have been used as our roads in general need improvement, especially the school bus routes.

Yes, I'm sure some of the Federal Disaster funds were for a specific thing, such as bridges, road base bedding and etc.

Some roads were not worked to the extent of the allocation. All roads in our precinct that had damage should have been repaired to the full extent as this was the purpose for the Disaster Funds.

Sincerely,
Stella Keese

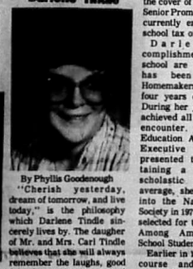
Students Visit UTSA Campus

By Darcy Word

Six students from Bandera High School visited the campus of the University of Texas at San Antonio, Monday, May 12. These students were: Lynne Fitzpatrick; Mella Montague, Gina Macon, Darcy Word, Trey Ryan, and Tim Persyn.



As a senior, each student has the right to miss one school day to visit the college campus of their choice. This day is called Senior College Day. The trip must be approved by the Student's parents, teachers, and the college itself. The absence is counted but it does not hurt the students chance for exemptions.

The six students that visited the UTSA campus walked around and viewed the classrooms, labs, administrative offices, and the cafeteria and recreation rooms. A young woman employed at the college pointed out all the buildings and explained what took place in each.

This visit helped the students to view college life and to experience what they have to look forward to in the future.

Sophomore Meeting

By Kari Weeks

Anxious sophomores piled into the BHS library on May 9th, to discover how they could celebrate finishing another year of high school. Brad Stevens, president of the sophomore class, opened the meeting with a "get down to business" attitude. It was quickly decided that a swimming party would be an appropriate way to celebrate the end of the '79-'80 school year.

There will be a $2.00 admission from all sophomores attending. Although this will be an after school event, permission slips will be necessary.

Jim Bob Robbins volunteered to find a day which will fit into most of the sophomores' schedules. Another meeting will be held to discuss Jim's findings as well as further details involving the party.

Greg Hicks

By Dee Anne Doebbler

"There is no royal road to anything. You must do one thing at a time, and take all things in succession." This is the philosophy of life of Greg Berry Hicks. This motto is true to most activities in Greg's high school years. Greg is highly active in all scopes of sports, and as his motto says, he has worked hard for all of his achievements. Greg has participated in baseball, basketball, football, and track and field. His junior year he went to the Regional Track Meet held in Kengsville, and placed 4th in the 440 yard dash. He also set a new school record, by running a time of 49.5. This year Greg was picked as the All-District Defensive Secondary in football. In track, this year, Greg went to Regional in three track events, and placed in all three. In the 440 yard dash, Greg placed 2nd, and will go on to the State Track and Field Meet, which will be held in Austin, Texas.

Greg's parents are Mr. and Mrs. Don Hicks. Greg has lived in Bandera all his life and would like to attend college and continue to participate in athletics. When asked his favorite interest or hobby, Greg suprisingly answered, "all sports!"

Greg is active in other school affairs as well as athletics. His senior year, Greg was chosen as the senior Class Favorite, as well as Mr. B.H.S. Greg has also been chosen to Who's Who Among American High School Students. Yet with all this activity Greg still found time to travel. He has been to Spain, Portugal, Canada, New York, Tennessee, and Florida, and enjoys Florida most of all because of the over-all atmosphere.

Jolene Morrow

By Rushe Vay

Jolene Morrow, daughter of Mr. and Mrs. Terry Joe Morrow, is a senior of outstanding academic achievement and notable extracurricular success.

During her three years of attendance at BHS and one year in Edcouch-Elsa High School, Miss Morrow has taken "upper level" courses and, in spite of this fact, has maintained high academic status. This is illustrated by the fact that Jolene has earned the honor of Salutatorian with a grade point average of 95.38.

Miss Morrow has been active in numerous extracurricular activities. She has been a member of FFA three years, NHS two years, band four years, forensics two years, and on the district champion golf team. The positions of esteem held by Miss Morrow have been FFA secretary, Band secretary-treasurer, and Bulldog Band Drum Majorette.

Jolene has also competed in literary and band contests. She has been an alternate for regional competition in prose reading, and her Thespian talents, coupled with other actors of BHS, have won first place in the district One Act Play Contest. In band, Miss Morrow achieved first division flute trio, flute quartet, and flute solo, and achieved a second division rating at the state contest for a flute solo. She has been a member of the Bulldog Band which has won all district for the last two years and all regional this year.

Miss Morrow's merit has been duly acknowledged by awards and recognition. She was elected to attend the Farm Bureau Citizenship Seminar last year, was an A's award recipient, has been recognized by the NHS as an outstanding Senior, and has been elected by her peers as the Senior girl with the most promising future.

After graduation, Jolene plans to attend Miss Wade's Fashion Merchandising College in Dallas with her philosophy, "Let God guide you."

Adams-Gomm

Mr. and Mrs. Robert Adams

On April 4, Carole Sue Gomm and Robert Lewis Adams were married at the Bar 7 Ranch on Benton Creek outside of Medina. Although the wedding was formal, the reception included plenty of food and refreshments, a hayride, fireworks, cannon, musical entertainment, and dancing.

The ceremony was held at sunset beneath the old oak tree where a yellow ribbon was promptly tied. The bride was given in marriage by her father, Terry Gumm. She wore an old fashioned Victorian-styled dress of satin and lace, with scooped neckline, full length lace sleeves and ruffles of lace on the long train. On her head she wore a lacy western-style hat with a long veil trailing behind her. She carried a bouquet of spring flowers with multicolored ribbons.

Christy Warren served as maid of honor and wore a floral pattern on a white dress and a pink lace hat. Rhonda Kay and Charlene Adams, the groom's niece, were bridesmaids. They wore long pink dresses with white lace jackets and white lace hats. Kimberly Gumm, the bride's sister, was flower girl and wore a long white dress with pink accents and white lace hat. Tonya Gager carried the bride's train and wore a long white dress with blue accents and white hat. All of the attendants carried bouquets of long stemmed white and pink roses.

The groom chose to be married in an all white tuxedo with long tails, ruffled white shirt and vest. Cal Potter was best man with Morris Kalt and John Ramirez as groomsmen. They wore long tailed-white tuxedos, with pink ruffled shirts. Dawson Ramirez served as ring bearer and also wore a white tuxedo.

The bride's mother, Inez Gumm, chose a long dress of turquoise with a floral caftan, with a corsage of spring flowers.

The groom's mother, Annie Adams, wore a long lime-green dress, with matching lace jacket. She also wore spring flowers in a corsage.

Although the pianist arrived late, a one-finger rendition of the traditional wedding march was quickly composed and played by Robert's brother, Lee Roy Adams. When Robert and Carole were pronounced "man and wife," a 50 millimeter cannon was fired to salute the bride and groom.

After the service, a large meal was served and the three-tiered wedding cake with miniature bride and groom under a tree on top was cut. Then everyone changed for the hayride to the lake to enjoy the fireworks. As the guests toasted Robert and Carole with champagne, the fireworks display spelled out their names, reflecting in the water and sending beautiful colors across the sky against the mountainous background. It was claimed that they were seen from Medina. Then it was back to the ranch house for music and dancing to the small hours of the morning.

Approximately 200 people attended and about 50 stayed until Sunday. Many brought tents or campers, and three couples even brought authentic Indian teepees. Robert and Carole wanted to spend this special weekend with their closest friends and family. It also gave them a chance to share another special occasion as it was on April 4th, ten years ago that Genie Adamir and Victor Strickland were married. The weather could not have been more perfect. Warm and sunny during the day and cool and comfortable during the evening.

The groom is the son of Mr. and Mrs. Henry Adams, Sr., originally from Medina. His grandfather, Henry (Pop) Adams, and sister, Paula Shackelford, presently reside in Bandera. Carole's parents are Mr. and Mrs. Terry Gumm of San Antonio.

Carole and Robert have played locally in Bandera in a band called River City Pleasure. They plan to continue their careers in music and also work for River City Music Co. in San Antonio. They plan a honeymoon later in August.

A THOUGHT FOR THE WEEK

By John M. Grimes

Lady Luck, Luck of the Irish, Fate—whatever name we call it by—we all seem to be looking for it...Will this "one lucky break" change our lives? Will this "one lucky break" make our lives more exciting—more fulfilling? Is this "one luck break" just around the corner? So we all hope and believe and eagerly await it—and stand still while we wait!

We all know that hard work (usually) results in success. Yet, sometimes the "hardworking" people seem to be lost in the rush of the "lucky" ones passing them by! We are not deriding the hardworking people. On the contrary, without hard work no success story would ever be written. We are saying that rigid engrossment in one area is not enough. We may be deaf to the opportunities that are knocking...

The way to accomplishment is to have imagination, awareness of opportunity and the courage to attempt something new...It is said that being in the right place at the right time is the true definition of "luck"...This may be true—but you may not be ready?...You can't say to "opportunity," "If I knew you were coming I'd have baked a cake!" Isn't it true that the "cake" composed of ability, knowledge, and courage must always be there and READY to be served?.....

Schaefer Honored For 25 Years Service

Sherrill L. Schaefer of the State Department of Highways and Public Transportation's Bandera County maintenance section, has been honored with service and safety awards reflecting a quarter century of working for the people of Texas. He was presented his awards by District Engineer Raymond Stotzer, who praised Schaefer's fine performance. "It's dedicated employees such as Sherrill who are responsible for the department's successful maintenance program," Stotzer noted.

Schaefer grew up and attended school in Bandera. He joined the department in 1954 and was assigned as a truck driver. Presently he is in charge of pavement patching operations in the section. His 25 years of accident-free driving represents one of the best safety records in the 13-county San Antonio district. With the exception of Clifford A. Flach, his supervisor, Sherrill has more years of service than any other employee in the Bandera section.

Also recognized for their safe driving performances were Willis W. Causey, Juan Fernandez, Urban A. Jureczki, Raymond V. Pawvlik, Louis Rodriguez, and Wesley Williams.

The District Safety Officer, Tim Mercer, and his staff conduct a continuing program for all department employees. Working in a cooperative effort with all district officials, supervisors and employees, the accident prevention programs are proving to be of real benefit to personnel, the department and the Texas taxpayer.

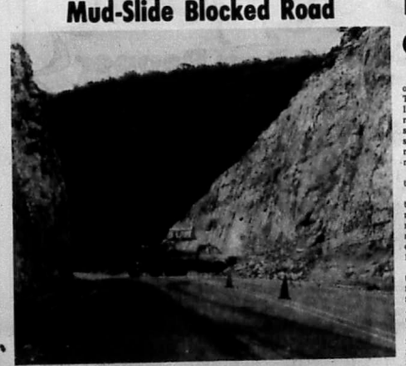
Bandera Jail Could Be Closed



Bandera County officials have been notified by the Texas Commission on Jail Standards that unless the major provisions of their regulations are complied with by June 30, 1980, the jail will be closed.

When asked for comment, Sheriff Bill James said that it would be extremely difficult and costly to comply with the requirement for full time jailers. He said we have three options.

1. Close the jail and transport the prisoners to Kerrville. This would involve paying Kerr County $10 per day for each prisoner and a minimum of two round-trips to Kerrville per prisoner. As most activity occurs on weekends, our law enforcement capability would be severely diminished while officers are transporting prisoners at the time they are most needed.
2. Build a new jail.
3. Renovate the existing facility and utilize the present dispatchers as jailers.

Sheriff James feels that option 3 would be the most economical and desirable solution.

Mud-Slide Blocked Road

A mud-slide blocked R.M. 337 near Vanderpool late Sunday evening. Heavy rains which fell earlier in the evening added to the moisture saturating the caliche embankment of the newly completed highway which connects Medina and Vanderpool. The Texas Department of Highways and Transportation dispatched this equipment to the site soon after midnight and the crew continued to clear the area Monday morning.

A San Antonio man died as a result of injuries received when his pickup truck overturned on FM 1283 near the Red Bluff Creek crossing.

James R. Martin of San Antonio was traveling toward Pipe Creek at the time of the accident, at approximately 10:15 p.m. Saturday. According to Tony Jennings, Martin drove off the edge of the road in passing the Jennings vehicle, and as he pulled back on the pavement he lost control of his pickup and it overturned. Bandera Enjoys Rains

Heavy rain storms covered most of Bandera County Sunday evening. In Bandera, 3 inches was recorded. Cheryl Waid reported 3 inches fell in the Castle Lake area and Helen McKandles recorded 3 inches at her home near Pipe Creek. Mary Hyde also reported 3 inches fell at her home south of Bandera. The Lex Short ranch near Vanderpool reported receiving more than 2 inches.

Two vehicles stalled in the water which backed up on SH 16 near Mansfield Park about 10 p.m. Sunday. The rain water draining from the nearby fields exceeded the capacity of the culverts beneath the highway for a short time. No one was injured.

A car was pulled from Bandera Creek on SH 16. The driver, who had left the scene, later reported he parked his car near the creek and it was washed into the creek.

Another car drove into Julian Creek near the home of Mrs. Cotton Hamilton.

What are you actually getting for all those insurance premiums?

If You're Not Sure, Take This ONE-MINUTE QUIZ

1. Are you getting, through your present agency, the protection of a national company like Ætna Life & Casualty, a company that can provide protection for all your insurance needs: individual; family, home, car, and business?
2. Are you getting the satisfaction of being protected by an independent insurance agency, one that is both able and willing to recommend the right protection at the right price?
3. Are you getting personal service — the kind of service that comes only from an agent that lives near you, knows you, and really wants to help you?

If you answered "no" to even one of these questions, you're getting less than you deserve. But cheer up! You can call us! Then all your answers will be positive.

Think Positive. Think Ætna. Think...

Lakeshore NEWS

Glenda Haley
796-4948

The Lakeshore Volunteer Fire Department will hold its monthly meeting this Saturday, May 24, at 2 p.m. and it is very important that everyone attend. Final plans for the barbecue and the adoption of the proposed by-laws are on the agenda. Everyone is asked to turn in all money for tickets this weekend and John Ciarlo has asked that all flea market items be given to him Saturday, Sunday or Monday. He will pick up items or contributions can be left in the Parks building located across the street from Bethel Lackey.

The fire truck has been entered in the parade in Bandera on May 24. Anyone interested in being in the parade and helping with the preparations is asked to contact Mattie Sanford or one of the firemen.

Working parties are being held to prepare the grounds for the barbecue. Some of those helping with this job are Butch and Irene Highnote, Wayne and Frances Hildenburg, Buddy Pinson, Bethel Lackey, Dick and Deanie Newman, John Portman, John Ciarlo, Mattie Sanford, Leroy Buford and Mary Kay Andreas.

Everyone will be interested to hear that one nozzle has been purchased for the fire truck and another has been ordered and should arrive in a few weeks. Much of the major work has been completed on the truck, thus training in the use of the equipment for all firemen can begin right away.

Several from the Lakeshore Fire Department enjoyed the activities at Pipe Creek's Volunteer Fire Department's barbecue over the weekend. Some of those attending were John Portman, Dick and Deanie Newman, John and Marietta Overholser, Wayne and Frances Hildenburg, Lloyd and Joy Bastin and Allen and Glenda Haley.

Monk and Lucille Searcy recently visited with their son, Joe Searcy in Ozona. Visitors in their home now are Merl and Mary Welty of Ozona and John Wayne Cason of Ingram. Mary is Monk's sister and John Wayne is Mr. and Mrs. Welty's nephew.

Welcome home, John, Marietta and Dewey Overholser. They have just returned from a vacation in Tennessee. Upon leaving Lakeshore a few weeks ago, they traveled to Dallas where their daughter, Debbie joined them. While there they visited with John's brother and family, Mr. and Mrs. Wayne Overholser, at Tullahoma and also with a niece and her husband, Mr. and Mrs. Lynn Phillips, of Lenoir City. They said that the countryside was absolutely beautiful with the wild flowers blooming and all the gorgeous trees they saw while there. They traveled to the Smokies, Gatlinburg and also went on several fishing trips.

The community extends sincere sympathy to the family of Harlan Ontjes. Sorry to hear of his death this past week. He had owned a vacation home here at Lakeshore for several years.

Bill Burge has been here at his home this last week. He had a friend, Warren Bowen of Corpus Christi, with him and also his son, Doug, and several of his friends arrived for the weekend.

John and Mary Wells were happy to have as guests this weekend Mrs. Bob Thompson and Veda Finger of Hondo and Polly Denman and Pat Bennett of Little Rock, Ark. These four ladies are sisters and long-time friends of Mary Wells.

Welcome to Mr. and Mrs. Milton Huffman of Uvalde who are newcomers to the community. They are living in Andrea Tondre's and Meridean Talley's mobile home while working in this area.

Bob and Linda York are happy to have her son, Tommy Henley of Fort Sill, Okla., and her sister, Betty Rowan, of Houston visiting with them.

Guests for Sunday dinner in the home of Mr. and Mrs. Roy Lich were her mother, Mrs. Mildred Thornberry, of Medina and her aunt, Inez Thornberry, and her daughter, Bonnie of Utopia. They were also joined by their friends Marvin and Betty Gazaway of Ingram.

Visiting in the home of Mr. and Mrs. John Ciarlo are her brother and his wife, Mr. and Mrs. Jim Hewitt of Vacaville, Cal.

Mrs. Aliene Haynes was the representative working on the cancer drive at Lakeshore this last week. If you were not home when she called and you would like to make a donation to the Cancer Fund, please call her and she will be happy to pick up your contribution.

The monthly Birthday and Anniversary Party was held Saturday night at the Copper Lantern. Those celebrating birthdays in May were John Overholser, Dewey Overholser, Josie Ellis, Clint Pollard, Tim Bledsoe, Ronnie Richards, Fleda Jo Searcy, Buddy Byrd and Ken Parks. May anniversaries recognized were Ronnie and Betty Newman, Lloyd and Joy Bastin, Jim and Fleda Jo Searcy and Allen and Glenda Haley. Congratulations to all!!

Glad to report that Joy Bastin came home from the hospital on Saturday and is doing very well. She had been hospitalized since April 26. She was at Kerrville for a week and then later was in a San Antonio hospital.

Many thanks to the Medina Lake Volunteer Fire Department for the hoses, nozzles, sirens, lights and other miscellaneous equipment which they donated to the Lakeshore Department. John Overholser brought these supplies to the fire station on Sunday.

Mrs. Annie Thetford is spending a few days in San Antonio with her son, Thomas Thetford. While there, she has a doctor's appointment but will enjoy having a chance to visit also.

It is reported that there has been 4¼ inches of rain at Lakeshore this last week. The rains were certainly welcome and all the lawns, gardens etc. are looking beautiful.

May artist-of-the-month Harold J. Sherman started painting several years ago as a relaxing hobby, because it seemed appropriate for an ex-painter and decorator. Due to frequent transfers as a federal employee, he never had time for more than "dabbling" and subsequently gave up painting only to begin again after retirement. He received instruction from the late Edwina Lintel of Fredericksburg, at the YMCA in the Canal Zone and recently from Jim Tidmore, all of short duration, so that he is mostly "self-taught." His paintings are on display at the Old Jail Art Gallery and the First State Bank

NOEL GETS HIGHEST AWARD IN CIVIL SERVICE

James A. Noel, deputy chief of the item management division at Kelly AFB, has been presented the Meritorious Civilian Service Award, the highest civilian award given by a major air command. James grew up in the Vanderpool community. He is the son of Mrs. Mattie Noel who taught school for many years at Taylor and later at Utopia until her retirement.

Mr. and Mrs. J.F. Thompson attended gravesside funeral services for Al Rehm, 66, at Sabinal Thursday, May 15, at 3 p.m. Born Oct. 29, 1913, in Sabinal, Mr. Rehm died May 13, in a Waco hospital after a lingering illness. He was a lifelong resident of Sabinal, a prominent rancher and contractor well liked by everyone, always doing a good deed for a neighbor or fellow man in need. Survivors are three sister, Mrs. Willie Rehm Brooks of San Antonio, Mrs. Mary Jane Rehm Denney of San Marcos and Mrs. Mable Rehm of San Antonio; a niece, Mrs. George Ann Mosely of Houston, and nephew, Peter Blackburn Denney of San Marcos. A cousin of the Rehms family, Msgr. Ralph Smith of Bandera, officiated.

Finis and Marg Thompson were Mother's Day visitors and dinner guests of their son, Gordon, and family at Carrizo Springs. They spent two days at Uvalde working on their home

Severe thunderstorms moved in with a cold front Sunday evening, dumping one inch of rain. This makes a total of 3 inches at our place. Last Thursday morning 3 inches in one hour fell at the Olsen ranch northwest of Vanderpool, while 3½ inches fell at the McBurnett place on the West Sabinal.

Randy Burgess returned from a San Antonio hospital last week and is greatly improved.

Sonny Chaney is home from a Son Antonio hospital, suffering from a diabetic condition.

Thoughts

TIME

Lots of time for lots of things.
The it's said that Time has wings.
There is always time to find
Ways of being sweet and kind.
There is always time to share
Smiles and goodness everywhere.
Time is send for frowns away.
Time a gentle word to say.
Time for helpfulness, and time
To assist the weak in climb.
Time to give a little flower,
Time for friendship any hour;
But there is no time to spare
For unkindness anywhere.

The Power of Words

A careless word may kindle strife.
A cruel word may wreck a life.
A bitter word may hate instill.
A brutal word may smite and kill.
A gracious word may smooth the way;
A joyous word may light the day.
A timely word may lessen stress;
A loving word may heal and bless.

YOU ARE INVITED

We would like to invite everyone to a going-away party for Jack Jackola on May 24 at 7:30 p.m. at the Pipe Creek Fire House.

PHILIP POTTER ON USS CONCORD

Navy Fireman Apprentice Philip Potter, son of Vester J. and Erma Potter of Pipe Creek, has reported for duty aboard the combat store ship USS Concord, homeported in Norfolk, Va.

A 1979 graduate of Poteet High School, Poteet, he joined the Navy in October 1979.

Pipe Creek Fire House buzzed with activity Saturday and Sunday as members and friends served the regular semi-annual barbecue. The food was delicious, the games were fun and the friendly hellos were heard everywhere. All effort and hard work seems to fade away when you see such a group of nice people really enjoying themselves. Even the late afternoon showers on Sunday didn't seem to dampen the spirit.

The following is a partial list of the people who have donated to the Pipe Creek Volunteer Fire Department since April 1: E. Cavin III; L. Kreger; L. Karr; Freedom Springs Ranch; A.R. Half Century Celebrated

On April 27th, Bobby D. Newcomer, son of Mr. and Mrs. Felix M. Newcomer, celebrated his 50th birthday with a family dinner at his parents home.

A meal of turkey, dressing and all the trimmings was served. His niece, Michelle Morrison, baked and decorated his chocolate cake and his aunt, Mrs. Robbie Stewart, baked his favorite jelly cake, which were served along with homemade ice cream.

Bobby received many nice gifts and well wishes. The highlight of his day came when he received a long distance call from his cousin, Ray Smith, of Fairfax, Va.

Those attending the celebration were Mr. and Mrs. Mike Morrison, Michelle and Mrs. Loura Belle Smith, all of Pipe Creek; Mr. and Mrs. Jim Newcomer of Kerrville; Mr. and Mrs. F.M. Newcomer, Mr. and Mrs. Jack Morrison, Mrs. Kathryn Saathoff and Mrs. Robbie Stewart, all of San Antonio.

departments for all age groups through junior high grades.

Last Sunday evening the combined choir from Tarpley, Bandera and Pipe Creek Baptist Churches presented a contata on the home.

Every third Friday evening the Pipe Creek Baptist Church sponsors a service at the Purple Hills Nursing Home in Bandera with Rev. H.B. Mifflin as director.

A special revival week is planned for June 16-22 with Rev. Charles Bush, pastor of the Devine First Baptist Church as guest preacher. Henry Talbott of San Antonio will direct the singing.

Jim Tidmore has been ill again and in the Audie Murphy Hospital in San Antonio. Also ill is Lizzie Sasse who is in the Kerrville hospital.

Students Produce Filmstrip

Fourth grade students in Mrs. Karen Zickler's class at Bandera Elementary school have produced their own colorful filmstrip on traffic safety with materials provided free of charge by the Traffic Safety Section, State Department of Highways and Public Transportation.

In "The Safest Show on Earth," class members create their own illustrations for a full color, sound filmstrip exploring key aspects of passenger, bicycle and pedestrian safety.

The Traffic Safety Section makes available to the school all necessary materials without cost for "The Safest Show on Earth." After the students finish their illustrations, the drawings are processed into a filmstrip by Media Intensive Learning Corporation, designers of the program.

The filmstrip is returned to the class originating the drawings, along with a lively soundtrack cassette narrated by children. Both the filmstrip and cassette become the property of the school.

A study of more than 15,000 students in Texas by the Southwest Educational Development Laboratory has shown that participants in "The Safest Show on Earth" registered a 10 percent gain in knowledge and a 25 percent increase in positive traffic safety attitudes.

Do not be MISLED by local rumors that a woman cannot do this job, as I did it for 3 years and 3 months, and I will stand on my record.
There are many women in county government even in our own county. You would be surprised how many are commissioners and also county judges in the State of Texas.
Roads are one of the jobs for a commissioner but by no means are they the only things. Some of the present crew worked for Buddy Hubble as well as myself.
None of the Federal Disaster funds were saved as such. This money is only allocated for disaster repairs and replacement, and if it is not used it reverts back to the Federal Government and some other area that has a disaster receives it. It should have been used as our roads in general need improvement, especially the school bus routes.
Yes, I'm sure some of the Federal Disaster funds were for a specific thing, such as bridges, road base bedding and etc.
Some roads were not worked to the extent of the allocation. All roads in our precinct that had damage should have been repaired to the full extent as this was the purpose for the Disaster Funds.
Sincerely,
Stella Keese

School To End Soon

By Edward Alaiis

Students—despite the risk of inflicting sorrow and heart-broken depression, you must be advised of the fact that the week ahead will bring the last of school.

Friday, May 23 marks the last day for all seniors. Senior testing will be on May 20 and 27, but those who are exempt need not be present. Seniors will be rewarded for their twelve years of work (whether it was hard or not) on May 30, the night of graduation ceremonies. May 30 is also the final day for grades kindergarten through eleven.

Final days of the school year—for many this simply marks the start of a fulfilled summer vacation before school will be in session again. However, for the seniors it marks the start of a new lifestyle. As graduates enter into college, the job market, or even marriage, outlooks will change. As life goals are pursued, one can always look back on high school and have something to treasure as an accomplishment.

Eighthgraditis Epidemic Strikes BJS

by Mary Bolan

"Eighthgraditis" has struck! As the '79-'80 school year draws to a close, the contemptuously proud eighth graders at B.J.H. are experiencing a most dreadful disease, better known as eighthgraditis.

This highly contageous malady is rapidly transmitted from eighth grader to eighth grader by an "airborn bacterium." Symptoms range from egocentricism, supercilliousness, superiority, seniority, ostentatiousness, or in other words, absolute stupidity to bazaar behavior. "It/Are affects" include several trips to detention and teachers with "strained senses of humor." A quick cure is some special therapy prescribed by Mr. Parker. This therapy is usually applied with a wooden implement to the lower posteriors. Unfortunately, this treatment isn't always effective. In some cases, the "medical authorities" decide that it would be best for the "patient" to stay home during the recovery period. Mr. Parker does have a prevention though. "Keep working, count the days left, and not the ways to get into trouble. It's unfortunate when an eighth grader has to enter high school on probation for some foolish act committed during the last few days."

Youth Conservation Corps

By Phyllis Goodenough

Darlene Tindle has been accepted to participate in the United States Youth Conservation Corps. YCC is a well-balanced earn-work-learn program that is administered by the Department of Interior.

The program will be in San Angelo, Texas and will be eight weeks in duration. Darlene will be provided with food and lodging and wages for doing conservation work. These projects often include building trails, maintaining fences, cleaning up campgrounds, improving wildlife habitat, and thinning timber stands. The participants in the program will have to do hard physical labor and may have difficult working conditions, but they will also be gaining a great environmental experience.

Hopefully, Darlene will receive many rewarding opportunities from her outdoor employment-environmental education program this summer.

A THOUGHT FOR THE WEEK
By John M. Grimes

Among the qualities of character, one to be highly prized is Dignity. Today we see many beleaguered and worried people. Yet we see these people face their problems and seek solutions with the energy and equanimity which lends the strength of dignity to all they do. They somehow manage to keep calm...exude confidence...keep cool in circumstances which would chip the veneer of lesser men.

The other day a friend told us about a letter he had just received. The letter was from a small public relations firm, really just two guys who had worked principally for one large account.

The letter said: "Client X has decided that his needs can be better served by a larger and more diversified public relations counsel. So they are leaving our firm. We've had a warm and productive relationship with them and they carry with them our friendship and our thanks for the opportunity of having worked with them. Meanwhile, you probably won't be hearing from us quite so often. We wanted you to know why and we hope we'll be ringing your phone again soon."

Dignity. No alibis. No sour grapes. Nobility of style in a painful business situation.

Fire At Ryan Home

Bandera volunteer fire fighters were called to a residence fire at the home of Mrs. Eddie Ryan Tuesday morning.

Mrs. Ryan had come home from Bandera to find her home filled with smoke and located the source in the kitchen. Apparently the range had short-circuited. Mrs. Ryan said, and the nearby cabinets were smoldering. She immediately turned off the electricity and called the fire department. Her quick action and that of the firefighters kept the damage to a minimum.

MR. SPARKLES Chimney Sweep
Three Good Reasons Why Your Chimney Should Be Cleaned!
1. Creosote buildup chokes down the diameter of storage flue, reducing draft, reducing the efficiency of the unit.
2. Creosote's high acid content makes it extremely corrosive to flue tile and mortar.
3. Most importantly, it heated by direct flame or by temperature over 1000°F, it will ignite and become a chimney fire, likely to destroy your home, yourself or others.
Do not despair—PROFESSIONAL Chimney cleaning is now available. Fireplaces and wood stoves. NO MESS. Call NOW for appointment 995-3711.

Buy A Buddy Poppy

"In Flanders fields the poppies blow.—So went the immortal words of Col. John McCrae's poem. Little did he realize when he penned those lines that some day the very poppies of which he wrote would be the true symbol of all those who gave their lives in our nation's wars. But that is the case today. Annually, the Veterans of Foreign Wars sponsors the Buddy Poppy Sale in the Bandera area to raise money for needy and disabled veterans. This is their way of "honoring the dead by helping the living." You too can pay your respects on May 23 and 24 when the Buddy Poppies will be on sale in this community.
Do your part—Buy a Buddy Poppy and wear it proudly.

Summer fishing is near and a sure sign is when the bull sharks begin to appear. This 411 pounder was landed last week on Bill Easum's Island Delights after a two hour battle. The 8½ foot shark ranks with the big bulls seen landed here during the past few years. Along with Easum (r) was Phil Kindla, serving as crew on the boat. Party boats as well as the smaller charter and private boats are now turning in reports of catches of kingfish and ling from their trips. The nice weather and fast-warming water are also resulting in catches of Spanish mackerel and some jackfish. It looks like the summer fishing season is on at Port Aransas. —Port Aransas South Jetty

H.L. Mansfield Succumbs

Henry Lee Mansfield, a highly esteemed ranchman of Tarpley and a life-long resident of Bandera County, died in Sid Peterson Memorial Hospital in Kerrville May 20, following an extended illness.

Mr. Mansfield was born November 23, 1895, in Bandera, the son of Bandera County Judge Andy Mansfield and Mrs. Matilda Dorow Mansfield, members of early pioneer families to this region. He grew up here and as a young man operated a grocery store. He later moved to Tarpley where he engaged in ranching for more than 50 years.

On September 19, 1920, he was married to Miss Clara Lee Hicks in San Antonio. Their union was blessed with one son and one daughter. Mrs. Mansfield preceded him in death on October 12, 1977. His parents and three brothers, Harold, Eric and Fred Mansfield, also preceded him in death. Mr. Mansfield was a member of the Baptist Church.

For many years he was a member of the board of directors of the Bandera Electric Cooperative, Inc.

Funeral services were held Friday, May 23, at 3 p.m. at Grimes-Plummer Funeral Chapel with Rev. Harold Evans of Lee's Summit, Mo., and Rev. Harvey Hulse, pastor of the First Baptist Church, officiating. He was laid to rest in the Bandera Cemetery. Active casket carriers were M.R. Sandidge, Willie Schmidt, Elzie Dean, Felix Billings, Bill Craddock and Glen Gooding. Honorary casket carriers named were Raymond Hicks, Walton Hicks, Rhea Mansfield, Frank Mansfield, Bob Mansfield, Paul Garrison and Adolph Schott.

Survivors include one son, Norman Mansfield of Lakehills; one daughter, Mrs. Harold (Eva Marie) Evans of Lee's Summit, Mo.; four sisters, Mrs. Clara Belle Housh and Mrs. Evelyn Pittman of Houston, Mrs. Emma Dahse of Waco and Mrs. Tommie La Motta of Chapel Hill; seven grandchildren and three great-grandchildren.

Methodist Minister Retires

Rev. J. Wesley Jones, pastor of the Bandera United Methodist Church for the past five years, retired at the session of the Southwest Texas Conference which closed Wednesday, May 28, in San Antonio.

Rev. Jones, who served 40½ years as a Methodist minister, said he and Mrs. Jones decided to take early retirement so as to enjoy retirement before old age over takes them.

Rev. Jones was graduated from Northwestern University, Natchitoches, L.A. and received a Master's Degree from Perkins School of Theology, Dallas. He did graduate work at Chandler School of Theology, Atlanta, Ga., and Worden's School of Social Work, Our Lady of the Lake, San Antonio.

Rev. and Mrs. Jones will move to their home in Boerne on June 2. They invite all their friends to visit them in Boerne.

Rev. Robert Bauer is the new pastor for the Bandera United Methodist Church. He and Mrs. Bauer and two children will move to Bandera June 3.

Motorcycle Flips Dodging Overturning Car

Five persons were injured, none seriously, Thursday evening when a car failed to negotiate a turn and rolled over on SH 16 in Medina County one half mile east of the roadside rest area. A motorcycle, traveling just behind the car, overturned when the driver tried to dodge the careening auto. Both vehicles were headed toward San Antonio when the Chevrolet Vega failed to make the turn, went off the left side of the pavement into the gravel, skidded back across the road and landed in a clump of trees and brush on the other side of the road, headed toward Bandera. The motorcycle driver said he tried to avoid hitting the car and went off the left side of the road. Driver of the car, Gilbert Reyna of San Antonio, received shoulder injuries. His passengers were David Ortiz of San Antonio and Patrick Kamenicky of Irving. Ortiz had lacerations and bruises and Kamenicky had a laceration on his left arm. Adrian Lopez of San Antonio, owner and driver of the Suzuki motorcycle, received injuries to his left ankle. His passenger, Ben Perez of San Antonio, had head lacerations and an injured left leg. Bandera EMS gave aid at the scene and transported the five to Methodist Hospital in San Antonio.

What are you actually getting for all those insurance premiums?

If You're Not Sure, Take This ONE-MINUTE QUIZ

1. Are you getting, through your present agency, the protection of a national company like Ætna Life & Casualty, a company that can provide protection for all your insurance needs: individual, family, home, car, and business?
2. Are you getting the satisfaction of being protected by an independent insurance agency, one that is both able and willing to recommend the right protection at the right price?
3. Are you getting personal service — the kind of service that comes only from an agent that lives near you, knows you, and really wants to help you?

If you answered "no" to even one of these questions, you're getting less than you deserve. But cheer up! You can call us! Then all your answers will be positive.

Think Positive. Think Ætna. Think...

We thank the parade chairman, Johnny Boyle, for asking the members of the parade to come by the Nursing Home Saturday. It was just wonderful. The Bandera Bulldog Band, directed by Tome Walters, stopped and played for us. Then the clowns came by, visiting each person watching. The Medina Bobcat Band directed by Herbert Bilharts, and Michell Raina, drum major, gave us a good show. Also playing was the Shrine Band. They were nice.

We were honored with visits by the Kendall County Fair Queen, Molly Erben, Princess, Denice Nehgen, and Duchess, Dawn Phillips. They all visited with the residents who were gathered out front. Also visiting were the Berges Fest Queen, Tara Trial, Duchess, Barbie Parvin, and Duchess, Wendy Schlader. We thank all of these fine people who came by with friendly "hellos." The residents were heard to say it was the best parade ever.

A TRIBUTE TO OUR DAD

Written by Hattie Harrison of Lakehills for Eva and Norman

The man of my heart
Who became one in the number but was not a start
He was clean as good and kind
Who always kept me on his mind
He was happy and laughed a lot,
But his family he never forgot.
He was a dad and a teacher, too.
When he spoke you knew what to do.
And there will be times when the way seems dim—
Always remember God is with him.
And your heart will be heavy with sorrow;
Don't give up—There's a bright tomorrow.
Now that God has called him
It is time to yield,
And his name was Henry Lee Mansfield.

THANKS TO MY PARENTS

With this little note I want to say THANKS to my parents, Mr. and Mrs. Tony Kruse. I thank you for your love and guidance, the nice home you have for me, your help at my school life and graduation, and all the nice things you have done for me. I love you both.

MEMORIAL SERVICE

Dick Paxton of Rio Hondo had charge of the Memorial service which was held Monday at the Tarpley Cemetery. Rev. Keith Mansfield presented a reading and Willie Schmidt sang The Lord's Prayer. Rev. Mansfield closed the service with a prayer.

Following the service a business meeting was held at the Tarpley Community Center.

Mr. and Mrs. Claude Krause of San Antonio visited Mr. and Mrs. J.E. Dean last week.

Our column is dedicated to our friend, Lee Mansfield, who left this earth last Tuesday nigh, after one week of serious illness, having undergo a severe heart attack one week before. Our hearts were saddened and our day was darkened by the news. Mr. Lee had passed away after a good day of laughing and visiting in his usual jovial way. No words can express so well our fellings for him, as those spoken by his son-in-law, Rev. Harold Evans of Lee's Summit, Mo. We shall long remember the tribute made to him and what his life meant to his loved ones and his friends and we each knew in our hearts it was all true. The beautiful flowers and the host of friends showed the respect for him.

A MEMORIAL POEM

Though you've left us for a while,
And you've walked that last long mile,
Your footprints on the sands of time
And good memories ever on our minds
Death can never take the memories of him.
And what his life and friendship meant to each of them.
Our wish to those who are in sorrow
To his friends and loved ones dear
Cherish all the love he gave you
For he wouldn't want your tears.

Results of Baseball Competition

By Kari Weeks

Under the direction of Coach Sides, the '79-'80 BHS Baseball Team earned the 27AA District Title to compete against Medina Valley for The Bi-district title. Their winning district record was 7-1. The Bi-district title was decided by the best two out of three games. The first game was held Tuesday. Medina Valley was the victor, with a score of 7-5. Then Wednesday, Medina Valley captured the title with a score of 9-1.

Coach Sides felt the deciding factors in the games amounted to experience. Medina Valley, being experienced in playoffs had an edge over the less experienced BHS team. The experience gained from these games will prepare the team for future successes. Coach Sides also expressed his pleasure with his team and commends their team enthusiasm.

There are five BHS players who excelled during the 27-AA District games. The following players have been named All-District Players: pitcher—Johnny Cardenas, catcher—James Kling, infield—Joe Romo and Richard Stein, outfield—Jerry Cardenaz.

Last year she was elected as vice president of encounter and this year she is currently serving as secretary for the chapter. Joan was also initiated into the National Honor Society this year as well as being nominated for Band Sweetheart.

Joan enjoys many students and faculty at B.H.S., and her favorite people are Tamby Laskowski, Patricia Studstill, Linda Abbott, Ada Beth Wood, Bryan DeLeonSerier, Jake Short, Jim Muller, Beth Muiqueeny, Edward Alanis, Toni Batto, David Barnet, Rushe Vay, Brenda Boyle, Ann Tobin, Valerie Pickett, Mrs. Vakey, Mrs. Hunter, Mr. Walters, Mrs. Wilton, and Mrs. Richey.

Joe Romo

By Kari Weeks

Most students graduate from high school with a varied amount of accomplishments. This isn't so with Joe Romo. He's graduating from high school with a giganite list of achievements. Since Joe was a freshman, he has participated in baseball, basketball, and track. Joe hasn't just participated in these events; he has broken records, and he has won numerous awards for outstanding performances.

Joe was a four year letterman in baseball. Both his sophomore and junior years he was an All-District player. During his senior years, the baseball team won the District Championship with Joe receiving the "Best All-Around Player" award.

While playing basketball, he was a three year letterman, as well as one of the senior team captains. Joe was an All-District player his sophomore, junior and senior years. Then in his senior year he became an All-Regional player. Besides these feats, Joe has been an All-Tournament player at the following tournaments: Boerne (1975 and 1977), Marble Falls, (1976 and 1977), Blanco (1977), and Burnet (1978). Joe also earned the Offense and Defense award during his senior year in basketball.

During his four years in high school, Joe has been a four year letterman in track. He has received 41 medals for his accomplishments; this includes two regional medals. He was the most valuable track man for the '79-'80 school year. Joe has attended the district track meets during his sophomore, junior, and senior years. What really is commendable is the fact that Joe has gone to district in five different school events. These events include: high jump, long jump, 110 meter hurdles, 300 meter hurdles, and the 400 meter relay team. While Joe participated in track, all old school records were in danger of being broken. He set school records in the 110 meter hurdles with a time of 15.17; in high jumping, he set a record with a jump of 6'8", and he also broke the high jumping record during his sophomore year at the Mason Meet.

If by now, you're telling yourself that he couldn't humanly accomplish anything else. Well, you're wrong. Joe also earned the Outstanding Male Athlete Award at BHS for the '79-'80 school year. He also participated in F.F.A. during his four years in high school.

Joe plans to attend Texas A&I College in Kingsville after graduation. This distrance of travel will not be too difficult, since he has traveled to a multitude of places. These include: Mexico, Mazatlan, Puerto Vallarta, Durango, Monterey N.L., Saitillo, Jalisco, San Luis Potosi, Nayarit, and all over Texas. His favorite place was the Puerto Vallarta Beach. Besides traveling, Joe enjoys hunting, fishing, intertubing, horseback riding and almost any sport.

Joe's twelve years at Bandera schools have been very profitable. This could be attributed to his philosophy, "What you are is God's gift to you, and what you make of yourself is your gift to God." His favorite people include his parents, Mr. and Mrs. Joe Romo, his two sisters, all the coaches, the faculty and anyone else who considers Joe their friend.

Lillie Thompson

Mike Hardy, grandson of Mr. and Mrs. J.F. Thompson and his friend, Chuck Platt, both of Texas City, visited here during the Memorial weekend. They both signed up to work with Western Geophysical Co. of Houston at Galveston by boat for California. The trip took them through the Panama Canal. The canal is 50 miles long, has two sets of locks [illegible] has three separate locks. The locks are 1000 feet long and 110 feet wide. After 21 days by boat, the crew of 40 men landed at Los Angeles, Calif., while the boat was being checked out and some off shore geographic work done. Mike and Chuck were allowed to fly home. In two weeks they will fly to Alaska [illegible] boat for offshore seismographic work.

Mrs. Carmen Schryver underwent surgery on Sid Peterson Hospital last Wednesday. She is doing nicely and will come home this week. We wish her a speedy recovery.

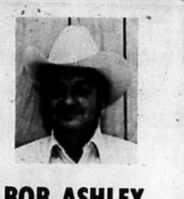
A severe thunder storm and high winds moved across our area Sunday night dumping .04 inches of rain. At Uvalde, winds did a lot of damage, uncovering some houses and blowing out windows at the football stadium and also doing lots of damage at Honey Hut.

Ben and Ray Reavis and their families of San Antonio weekended with their parents, Ira and Olamae Reavis.

Hooter and Martha Lee Clayton of Longview are doing some finishing work on their home over the weekend. Another sister of Martha Lee, Mary Ann, and husband, Frank Metz, of San Antonio weekended at the old Tampke home Memorial weekend.



A large crowd turned out for cemetery and tabernacle work day Saturday at Vanderpool. Large quantities of food were spread under the tabernacle and every one enjoyed a feast, especially the working men. Last year at work day a large concrete slab was run for musicians or song service and other occasions and this year the south side was panneled to keep out cold winds and rain. The cemetery was freshy mowed, many flowers put on the graves and all in all it was beautiful. Among those attending from out of town were Mrs. Blance Mobley of Comfort, Mrs. Maude Nelson of San Antonio, Mr. and Mrs. James Noel of San Antonio and Mrs. Wedgeworth of California.

Lecil and Ruby Howard attended the Hough and Erma Stockton reunion above Lakey Sunday. About 30 family members and friends enjoyed the barbecue dinner. Six sisters were toihether for the first time in many years.

Ernest Hiedeman was transported by ambulance to Methodist Hospital in San Antonio last week. He is somewhat improved, but more tests were to be run Tuesday.

Mrs. Janet Nabb of San Antonio, niece of Mrs. Lena Fincke, spent Saturday over night visiting her aunt.

Your vote and influence will be appreciated.

Vote in 2nd Democratic Primary
Sat. June 7, 1980
for
STELLA KEESE
Bandera County Commissioner
Precinct No. 3

Stella Keese was born and raised in Kerr County but has lived all her married life in Bandera County, where she and her late husband, Howell Keese, raised and educated four children. Bandera County is a wonderful place to raise a family and if I am elected I will work hard to help keep it this way. I will do my very best for all the people in Precinct No. 3 and not just a special interest group. I will also work with the other commissioners for the betterment of Bandera County as a whole as we will all benefit from it in the end.

I will work to see that we have the best possible roads with the money at hand and other services that are needed and can be done within the law and will benefit the most people.

Vote absentee May 28 thru June 3 at the Bandera County Courthouse at the clerk's office between 8:00 A.M. and 5:00 P.M. 46-2tp

HILL COUNTRY CHAPEL BUYS VAN

The Hill Country Chapel thank God for blessing us the way He has. We were in great need of a van for use in our youth group. We have activities every month for young people because we feel it's important for young Christians to be with one another in fun, fellowship, and Bible study. Our latest activity was an over night canoe trip on the Guadalupe River. We took 17 young people and had a wonderful time! We are now planning a trip to Astro World and to the Coast.

We also use the Van for picking up anyone interested in our Sunday Worship Services that begin at 10:30 a.m. We welcome anyone interested in being a part of the youth group, or attending services on Sunday. For more information you may call Skip Marks at 535-4268. 47-1tc

YOUR COUNTY GOVERNMENT REPORTS

These columns are being resumed now that the first primary elections have been held.

Again this spring, as in every year, your Commissioner's Court has been struggling with formulation of the county budget for the next fiscal year, 1980-1981, which begins in October of 1980. Our task has been made more difficult than ever before. Inflation, while not the only problem, is the number one culprit and by the time the next fiscal year begins, inflation will in all likelihood have shrunk the value of our resources by nearly 30 percent during the preceding 36 months. Inflation was 12 percent in 1978, 13 percent in 1979 and is presently running at a rate near 20 percent. This has, of course, been the period of the greatest inflation of this century, if not in the entire history of our nation.

As if that were not bad enough by itself, we have suffered during the same period an actual decline in the number of dollars available to the County. Those declines have been experienced principally in the following areas:

1. Reduction of approximately $100,000 of Comprehensive Employment and Training Act (CETA) funds for the employment of persons in various public service capacities.
2. Decline of approximately 10 percent per annum in General Revenue Sharing funds.
3. Cut-off of the constitutional Lateral Road and Bridge funds by Governor Clements of nearly $20,000. These funds have been annually appropriated to the counties of Texas since 1951.

While the foregoing events have been occuring with their nearly calamitous consequences for our County's fiscal wellbeing, our costs of operating county government have continued to increase due to the relentless pressures for increased government services brought on by an ever-increasing county population. Some examples follow:

1. Around-the-clock dispatching service from the Sheriff's department for law enforcement, fire departments, and emergency medical service.
2. Increased ambulance service with three vehicles in operation and emergency medical service provided by 40 trained personnel.
3. Funds for senior citizens activities, including meals and transportations.
4. County Library open four days a week in place of three, with added salary for assistant librarian.
5. Additional county roads to be maintained in the commissioner's precincts as subdivision roads meet standards and are accepted by the County.
6. The tremendous unbelievable increases in the costs of fuel, machinery, and maintenance as compared to other costs.
7. Increases in salary levels for county employees, while only compensating for half or less of their lost purchasing power, have been made necessary so that we can maintain our trained employees and thus not become unable to deliver even the present level of services which many in our County feel are inadequate.

None of the foregoing takes into account other large but unavoidable expenditures that we are facing in our immediate future which have been imposed either by law or circumstances. An example of costs imposed by law is the expense of re-appraisal of all property within the County before 1 January 1982. This is pursuant to the new tax law passed by the Texas Legislature in its last session, a subject upon which I have reported to you previously. While we have a Countywide Tax Appraisal Board constituted within the County to carry out the purposes of this law, the County will have to contribute a substantial portion of the funds necessary to support the operations of that Tax Appraisal Board.

An example of costs imposes by circumstances is the fact that we must immediately repair our Courthouse roof which has fallen into serious disrepair with the resulting damage to the interior of the structure when rain enters the building. Our Courthouse is an architectural jewel which was designated last year as a National Historical Landmark. We who hold public positions of responsibility are trustees of our public property and are duty-bound to protect and to preserve if for future generations.

Now some of you might be saying to yourselves, "Since the County has all those financial problems, why don't you simply raise taxes." It would be nice if our situation were that simple. I will address in a future column the reasons why your Commissioner's Court is virtually powerless to take steps toward relieving our County's financial crisis during 1980 and 1981. Despite the financial difficulties we face and must overcome in the near term, the day-to-day business of the County seems to be going smoothly at the present time.

On another subject, the 4th of July is rapidly approaching. You may recall that last year our Commissioner's Court inaugurated on July 4th the annual Outstanding Citizen's award to be given in recognition of the outstanding achievements one of our men or women has made in behelf of the County and its citizens. Last year's Award was made to Mr. Vernon Williams of Medina for his life-long ministrations and help to the people of his home area. Again this year, the Commissioner's Court requests that you, the public at large, send us nominations for anyone you consider deserving of this recognition.

Sincerely,
BANDERA COUNTY COMMISSIONER'S COURT

Parovirus Attacks Dogs

A vaccination program has been developed to immunize dogs against the deadly parovirus that has been sweeping across Texas. This deadly and highly contagious virus has been attacking dogs across Texas, but, according to the Texas Veterinary Medical Association, the disease can be prevented by pre-exposure vaccinations. Parvovirus may be a new disease possibly caused by a mutated virus. While the virus is most devastating to young puppies, it can attack dogs of any age group.

Dogs that have contact with other dogs are the prime candidates for infection by the virus. The time from exposure until the symptoms occur is from 7 to 14 days, with the first signs being depression and loss of appetite accompanied by feverish symptoms. This is followed by vomiting and diarrhea. Bloody diarrhea may occur.

Since death can occur quickly, care should be started when symptoms occur, as dehydration is the primary concern. Treatment involves intravenous fluids to combat the dehydration, intestinal relaxants to relieve the vomiting and administration of minerals and antibiotics. With prompt treatment, many dogs can be saved. Mortality rates are much higher in puppies.

All puppies should immediately be vaccinated along with the normal vaccination program. Adult dogs with a probability of exposure to other dogs should be vaccinated. Dogs with high exposure tendencies should be re-vaccinated at 6 months.

While this disease has not yet reached epidemic proportions, the number of dogs diagnosed this year as having parvirus has more than tripled in number from the same period in 1979.

All Developers and Subdividers planning projects in Bandera County are urged to obtain and follow the Regulations Governing Subdivisions in Bandera County. Failure to follow these established regulations will almost certainly result in costly delays. Some of the most critical items are:

1. Written request to proceed accompanied by a statement from Bandera Electric Cooperative that electricity will be furnished.
2. Utility easements indicated by survey.
3. Road dedication indicated by survey.
4. Construction and maintenance bonds on roads.
5. All lots or tracts adequate in size.
6. Plats to be drawn to a scale of 200 feet to the inch, on 18" by 24" sheets. A key map shows the entire area to be drawn on U.S.G.S. maps which are available in the County Judge's Office.
7. Compliance with Bandera County Regulations covering sanitary facilities and water wells.

These directives, most of which have been in force since 1972 by order of the Bandera County Commissioners' Court, are available for any developer at the office of Permits and Inspections, County Courthouse. RHONDA FLEMING WILL VISIT EUROPE

AM4758 is a magic number for Rhonda Fleming. It is the [illegible] except for a trip through major European capitals.

Rhonda will be vacationing for almost eight weeks this summer, some of that time in New York with her brother who lives there and works as an illustrator. After graduation Rhonda will board a jet for a week of shopping in New York prior to departure. She'll squeeze in just enough time for lunches, parties and the theater, but won't really see New York until she returns from Europe, in time to celebrate her 18th birthday.

On June 15 she and her brother, Jon Anthony, will board the midnight flight to London where they will be guests of Cristopher Kyd, manager of the Chesterfield Hotel, so Rhonda will have the advantage of seeing the sights through the eyes of a native. The National Galleries, the crown jewels at the Tower of London, tea at the Ritz and the boat trip up the Thames to Windsor Castle fascinate the first-time traveler. If time permits, she will weekend at Kyd's country home or train to Brighton, England's Victorian seaside resort, for a quiet Sunday.

A special treat will be her meeting Wayne Drew, producer at the BBC in London. Rhonda will get to go behind the scenes to see how programs are filmed.

She hopes to see her first ballet at Covent Garden, the Royal Theater, or try disco dancing at Tramps.

In Paris Rhonda will have to work full-time to see all the sights. With every minute filled, she intends to keep up with her running to be in shape when she returns for college at Angelo State University in the fall.

From the Hotel Hassler, high on one of Rome's seven hills, Rhonda will view St. Peter's and the Vatican, the Campidoglio, the Ancient Forum and the Colliseum. That evening she will board the overnight train for Venice. One night in Venice will include dinner at Harry's Bar, so close to the Piazza San Marco that a long stroll among the crowds is the perfect after-dinner dessert.

Returning to Rome, She will meet Martieri, the European "couturier, and visit his atelier to see his seamstresses at work on high-fashion clothing.

The meanderings through castles, palaces and museums will come to a close when Rhonda leaves Rome for Naples and Capri. Following the July 4 luncheon given annually by Evans Tiziani for American expatriates, Rhonda can revert to the simple life.

ADAMIETZ'S RETURN FROM GERMANY

Felix and Eunice Adamietz have returned from a 24-day visit with friends in Germany. They traveled by air from San Antonio to Frankfort to Sarrbrucken where the Frank Cooper family met them and took them to their home in Homburg. They enjoyed numerous dinners and parties with several families with whom they had worked over the past 30 years in various parts of the world.

In telling of their trip the Adamietzs said, "We were also fortunate to attend a 'May Day' celebration in the town square. It amounted to a 'Mini-October Fest' and was really a wonderful experience. The Coopers took us on a weekend trip through the famous Black Forest, which was very beautiful and interesting, even though it rained throughout the entire trip. We did manage to have a snowball fight in the rain at the top of the mountain. The wonderful trip ended all too soon. The Patrick Dorsey family drove us back to Frankfurt where we began our return flight to San Antonio and beautiful Leon Valley. Now we are all set for a week or ten day camping trip with a lot of fishing on South Padre Island."

A THOUGHT FOR THE WEEK

By John M. Grimes

Memorial Day is an occasion of inspiration and sorrow. We are inspired by the valor of those who placed the nation's safety above personal survival; saddened by the loss of bright and honorable lives...

Since that first official Memorial Day—May 30, 1868—the United States has been engaged in many wars and battles. Many have died. They died to preserved this country and all it has stood for...all it stands for... and all we earnestly hope it will continue to stand for in the years to come...

Many patriotic organizations pay tribute each year to these fallen heroes. Sadly, though, as our casualties have mounted with passing years, our tributes to these brave men, in some areas, have become less heartfelt. It has become a day to symbolize fun and games more than for remembering the thousands of war dead...

Is this the direction we really want to go? Even though we live in such a sophisticated, fast-paced age, wouldn't life be made a little more meaningful with a few moments devoted to remembrance and rededication? They most certainly deserve it.....

Doane Scholarships Total $4,000

—Photography by Evans

Doane Scholars are (l-r) Rushe Vay, Lynne Fitzpatrick, Mike Adamietz, Claudia Cowan, Tim Word, Alan Buxkemper, Veronica Romo, Jolene Morrow, Armella Montague and Rhonda Fleming.

Four thousand dollars in Doane Foundation scholarships was awarded to 10 graduating Bandera High School seniors at commencement exercises held Friday evening at the school auditorium.

Awarded the top scholarships of $1000 each were Lynne Fitzpatrick and Rushe Vay. Awards of $700 each were given to Claudia Cowan and Mike Adamietz. In addition, six scholarships of $100 each were given to Rhonda Fleming, Armella Montague, Jolene Morrow, Veronica Romo, Alan Buxkemper and Tim Word.

There were 18 applicants for this year's scholarships. Doane Scholarships are awarded annually to deserving graduates of Bandera High School to help defray college costs. They are provided by the Doane Foundation which was established by the late Foster B. Doane.

Announcement of other scholarships granted to Bandera graduates was also made during the graduation ceremonies. The Business and Professional Women awarded a $500 scholarship to Claudia Cowan and a $250 scholarship to Veronica Romo. A $25 runner-up award was given to Armella Montague. The B & PW used a new method of selection this year. Each applicant wrote a letter telling why she would like to receive a scholarship. In the past, recipients were recommended by friends or relatives.

The Herman Schlemmer award of $500 given annually by the Bandera County A&M Club, went to Tim Word. Selection is made by a committee of club members from those planning to attend A&M University who apply for the scholarship.

Two scholarships, $500 each, are awarded annually by St. Stanislaus Catholic Church to members of their parish. These went to Veronica Romo and Toni Batto. Money for these awards is raised at the St. Stanislaus Festival held the first weekend in May each year.

Toni Batto (l) and Veronica Romo (r) are recipients of scholarships from St. Stanislaus Catholic Church. They are pictured with JoAnn Calcos, chairman of the selection committee. Mary Evans and Marie Schindler also served on that committee. The selections were announced Sunday, May 25, at a mass honoring the senior class and again at graduation. The scholarships are awarded according to a point system, based on church activities, community service and scholarship, and are funded by proceeds from the annual St. Stanislaus Festival held the first weekend in May.

Injured Man Found By Roadside

A San Antonio man was found lying unconscious by the side of SH 16 near the Medina-Bandera county line about 2 a.m. Monday. A passing motorist who found the injured man, identified as James E. Aldridge, Jr., brought him to the Bandera County Courthouse. Bandera County EMS were called to give him emergency treatment. He was then transported to Peterson Hospital in Kerrville for further treatment. He was reported to be in serious condition from internal injuries.

It was determined that Aldridge was injured in a one-vehicle accident. His vehicle was found wrecked a distance from where he was found.

73 Are Graduated From Bandera High

Seventy-three Bandera High School Seniors were graduated Friday evening in ceremonies held at the school auditorium.

Speaker for the event was Dr. Robert E. Lindberg of the University of Texas at San Antonio, whose brief message held the interest and attention of the graduates and audience alike. His formula for a happy life was given by equation P plus E equals R.

P stands for pictures, the mental images we form when we hear or read certain words. Plus E means to add to the pictures emotions, how we feel about the pictures. P plus E equals R, reality. He concluded that success can be a reality if we have a positive self image.

Mrs. Walker Mullenax, who retired from teaching during the past school year, was presented with a gift in recognition of her service to the school.

The Bandera Bulldog Band under the direction of Tome Walters, played both the processional, Pomp and Circumstance, and the recessional, Fanfare in Recessional. Ted Dockery, high school principal, welcomed guests, and Jolene Morrow, salutatorian, gave the invocation. Rhonda Fleming led the group in reciting the Pledge of Allegiance to the U.S. flag, followed by the valedictory address by Lynne Fitzpatrick. Angela Kelley introduced the speaker before scholarship winners were revealed.

Thomas H. Keese, president of the board of trustees, accepted the senior class as qualified for graduation, and each one, in turn, received his diploma.

Superintendent Ronald Calcos (l) honored Mrs. Walker Mullenax on her retirement from teaching. Mrs. Barbara Rees Stevens was in Mrs. Mullenax's first class in 1947-48 and Beckie Clements (r) was in her class this year. They presented Mrs. Mullenax a gift of appreciation from the school.

One Contest Sparks Saturday's Run-Off Election

The race for commissioner of precinct 3 (Medina) is the only county-wide contest in the Second Democratic Primary (Run-off) Election which will be held Saturday, June 7.

A mere five votes separated the incumbent, Bob Ashley, from the challenger, Stella Keese, a former commissioner. Ashley polled 206 votes to Keese's 201 in the May 3, First Primary, when a total of 460 votes were cast, including 52 absentee votes, in the three-man race.

Others listed on the ballot are as follows:

Associate Justice, Supreme Court, Place 1—James P. (Jim) Wallace, John C. Phillips.

Judge, Court of Criminal Appeals, Place 2—W.T. Phillips, Mike McCormick.

Judge, Court of Criminal Appeals, Place 3—Tom Davis, Edith Roberts.

Voting places will be the same as for the first primary: precinct 1—Courthouse; 2—Pipe Creek Community Center; 3—Medina School; 4—Bandera Junior High School; 5—Tarpley Community Center; 6—Taylor voting house; and 10—Medina Lake Fire House in Lakehills. Polls will open at 7 a.m. and remain open until 7 p.m.

There is no Republican run-off election. Anyone who voted in the Republican First Primary Election is not eligible to vote in the Democratic Second Primary Election, according to Texas law.

VFW To Give U.S. Flag to City

The Veterans of Foreign Wars Post 9176 have announced they will give to the city of Bandera a U.S. flag to fly on a pole which will be erected in front of the municipal building on Main Street. The city plans to purchase a Lone Star flag to fly on the same pole below Old Glory.

In other city business, the city recently rezoned two locations for day-care centers, 605 11th Street for Daisy Day Care and 404 3rd Street for Kingdergarten, following a public hearing.

Petitions are being prepared to offer to extend the city limits to include areas now supplied with water or sewer service or solid waste disposal. Advantages to the proposal include reduction in fire insurance costs, elimination of water surcharges and addition of road maintenance.

The budget for the next fiscal year was approved at the June 2 meeting. A copy of the budget is published on page 11.

May's Rainfall More Than Average

Bandera gauged 7.48 inches of rain during May, according to Millard Schuchart of the Soil Conservation Service. This is 3.49 more than the average for May. The total for the first five months of 1980 is 13.34 inches, .88 more than the average.

Days with the largest measures were May 8 when 1.09 inches was measured and May 18 with 3.27 inches.

Notice of Meeting

Water District Has Authority Over Traffic Across Medina Lake Spillway

Legal authority of the board of directors of Bexar-Medina-Atascosa Counties Water Control and Improvement District No. 1 to regulate traffic over Medina lake spillway, as well as to enforce regulations to clean up pollution on the lake has been affirmed by a ruling of the 38th District Court, according to a news release from the water district.

In a recent hearing in Hondo, the jurisdiction of the board of the irrigation district was upheld against a challenge in a suit filed by Medina Lake Protection Association in 1977, seeking an injunction to stop enforcement of regulations on the lake.

Clifford Mueller, board president, pointed out that the litigation was first brought about as a result of an order from the Texas

A Tribute

Hattie Harrison, local poet, penned the following poem in memory of the late Irvin Cowley.He was a man so honest and kind; a wonderful family he has left behind; He has gone where sin, sorrow, pain and sickness never come. He has made the journey safely, and at last arrived home; he will welcome us in heaven and we will meet him face to face; and together tell the story of our Saviour's matchless grace; now he is gone and we will miss him so; but it is time to say goodbye and time to go. Mr. Cowley, who was a long time resident of Lakehills, had a host of friends. He was a retired post engineer from Ft. Sam Houston and Kelly Field in refrigeration, heating, and air conditioning. He was active in Boy Scouts in San Antonio, the American Legion in Lakehills and one of the founders of the Medina Lake Betterment Association.

Mrs. Rines Sends Ash From Mt. St. Helens

Mrs. Leona Clark Rines, daughter of Mrs. B.H. Clark of Bandera, sent the Bandera a sample of the ash from Mt. St. Helens. Mrs. Rines lives in Yakima, Wash., and wrote us as an addition:

"May 23—Hi! from the 'Ash Capitol of the World,' Yakima, Wash. Bet you thought I would say 'Apple Capitol.' A present all we see, feel and taste is volcanic ash. We hope the crops will survive this disaster. Today I mailed you a sample of ash from our yard. It is 3 to 4 inches deep and visibility through the day is very dusty, even five days after the eruption. All schools, stores, and such are closed, so everyone can clean their property. The sky went completely dark when the ash cloud came about 10 a.m. We live two blocks from the Terrace Heights Community Presbyterian Church and when the radio announced the mountain had blown, we went to the church even though we were warned to stay home. The darkness and rumble of the eruption made it difficult to understand the minister, but the church seemed like a fitting place to be."

The ash is on display at the Bandera Bulletin.

What are you actually getting for all those insurance premiums?

If You're Not Sure, Take This ONE-MINUTE QUIZ

1. Are you getting, through your present agency, the protection of a national company like Aetna Life & Casualty, a company that can provide protection for all your insurance needs: individual, family, home, car, and business?
2. Are you getting the satisfaction of being protected by an independent insurance agency, one that is both able and willing to recommend the right protection at the right price?
3. Are you getting personal service — the kind of service that comes only from an agent that lives near you, knows you, and really wants to help you?

If you answered "no" to even one of these questions, you're getting less than you deserve. But cheer up! You can call us! Then all your answers will be positive.

Think Positive. Think Aetna. Think...

STELLA KEESE
Bandera County Commissioner
Precinct No. 3

Stella Keese was born and raised in Kerr County but has lived all her married life in Bandera County, where she and her late husband, Howell Keese, raised and educated four children. Bandera County is a wonderful place to raise a family and if I am elected I will work hard to help keep it this way. I will do my very best for all the people in Precinct No. 3 and not just a special interest group. I will also work with the other commissioners for the betterment of Bandera County as a whole as we will all benefit from it in the end.

I will work to see that we have the best possible roads with the money at hand and other services that are needed and can be done within the law and will benefit the most people.

Vote absentee May 28 thru June 3 at the Bandera County courthouse at the clerk's office between 8:00 A.M. and 5:00 P.M.

TORNADOES ARE THE MOST VIOLENT STORM ON EARTH

By definition, a tornado is a violently rotating column of air extending from a thunderstorm to the ground. The tornado is usually accompanied by a smooth, funnel-shaped cloud, but some tornadoes appear quite ragged and still others may have a weekly-formed vortex cloud. If the rotating column of air and its attendent cloud remain aloft it is called a funnel cloud or funnel aloft.

Tornadoes have been called twisters, cyclones, and whirlwinds, but all of these terms are synonyms for the most violent storm known to man. Wind speeds extend up to 300 mph in the strongest tornadoes even though the forward motion of a tornado is usually only 20 to 40 mph. About three out of four tornadoes move from southwest to Northeast with most other tornadoes moving from Northwest to southeast. Tornadic thunderstorms are usually quite severe in other respects and often produce torrential rain, large hail, and damaging straight line winds.

100 deaths, thousands of unjuries, and millions of dollars damage. In an average year, about 120 tornadoes will strike within Texas. The greatest concentration of tornadoes is in north and west Texas, but tornadoes can occur within any portion of the state. Tornadoes are a definite threat within Texas, especially during the spring months in the late afternoon and early evening.

Your vote and influence will be appreciated.

Bagworm Control

Bagworms are among the most economically important pests of many woody ornamentals in Texas, say entomologists with the Texas Agricultural Extension Service and Texas Agricultural Experiment Station, Texas A&M University System. Evergreen bagworms produce the most damage and also attack plums, sycamores and many other plants. Native parasites and predators often keep bagworms from causing serious damage. Where this is not the case, the pests can be controlled by handpicking or spraying with the insecticides malathion, Sevin, Depel or Thuricide.

WATER DISTRICT

Continued from page 1.

Water Quality Board, directing irrigation district officials to take steps to clean up pollution on Medina lake.

The issue involving traffic across the dam and spillway was an outgrowth of an effort on the part of the irrigation district board to enforce regulations against the principal polluters of the lake, Mueller said.

Property owners across the dam on the West side of the lake found it more convenient to drive in and out across the dam and spillway rather than use county roads, and they sought to have the hazardous spillway declared a public road and asked that it be paved.

Meantime, Medina county commissioners court and officials of the irrigation district agreed to share the cost of building an access road on the West Side of the lake for convenience of property owners there, and this is expected to be completed before the end of the year, Mueller said.

Mrs. Thallman Attends Reunion

THE JOYS OF A SUMMER'S DAY
Bandera, County, Texas, August 6, 1966
By Geraldine Combs Thallman

Let us Count the joys of a summer's day:
Melodious bird-song fills the air;
The lake's still waters reflect puff-white clouds;
Sunlight filters through morning glories blue;
Smoke-grey haze hangs low over the foothills;
A southerly breeze blows across the meadow;
Lace-like patterns of oak and chinaberry leaves fall upon the grass;
Laddie, the collie, dozes peacefully on the porch;
A sheep-bell tinkles in the distance;
A squirrel scurries past to a favorite cache in a hollow pecan tree;
Dragon flies sail by on gossamer wings;
Doves coo, softly, to fledglings in the nest;
A white-tailed deer minces by—ears alert—
Quickly, effortlessly, she vaults the fence disappearing in the distance;
A water-fall ripples across rocks in the draw;
A small child shyly murmers,
"I love the joys of a summer's day."

A THOUGHT FOR THE WEEK

By John M. Grimes

"Is it possible to wave the Flag too much? No. We are not waving the Flag, not nearly enough. The Flag is a symbol of our national unity. It is the Spirit of our undying devotion to our Country. It stands for the best that is in us—for loyalty, character, and faith in democracy.

Should not every home own and proudly display the colors on holidays? Isn't it the Flag of Patrick Henry, Jefferson, Washington, Gettysburg and Valley Forge, Andrew Jackson and other great men and women who have given us our heritage? The great events of our past and present are wrapped up in our Flag. Our great Country is the haven for the oppressed and persecuted and truly God's gift to mankind. This is what our Flag means. No. We cannot wave it too much.

Dixie Dude Ranch Listed In Guide

Dixie Dude Ranch has been listed in the 1980 edition of the Mobil Travel Guide, according to an announcement made by Mrs. D.H. Crowell. The ranch has been operated as a guest ranch for more than 44 years.

More than 20,000 restaurants, hotels, motels and resorts are listed and rated on a one-to-five-star basis in the seven volume Mobil Travel Guide. To be listed, the establishment must be personally inspected by an impartial, trained inspector, employed by a completely independent organization. The inspector's findings are reported to an editorial board of the organization, which has instituted a set of standards for listings and ratings.

Each of the seven regional editions provides valuable information on local history, sightseeing, amusements, sports, and recreation facilities, in addition to the star-rated food and lodging listings. Also included are regional road atlases and detailed maps of major cities, special auto-tour routes, and helpful advice to travelers.

The 1980 Mobil Travel Guide books are available at Mobil service stations, bookstores, magazine outlets, and other places where books and magazines are sold.

The American Cancer Society, long known for its anti-smoking efforts, announced today its plans to discourage another form of highly advertised tobacco use, chewing and dipping "smokeless tobacco."

Prompted by the increasing popularity of this practice among children and young adults, including high school and college athletes, the ACS has produced a variety of materials citing the health risks involved and clearing up misconceptions.

Included in the series of materials is a pamphlet intitled, "Everything You Wanted to Know About Chewing and Dipping...But Were Afraid to Ask," written by San Antonio dentist Arden Christen of Brooks AFB, and ACS volunteer who has worked for several years with the Society's Helping Smokers Quit (HSQ) program. He was assisted by Dr. Dewey Mays, a reading specialist with Fort Worth I.S.D.

According to Christen, while letters on the subject have been published in numerous professional journals, including the New England Journal of Medicine and the Journal of the American Dental Association, a dipper or chewer's mouth frequently reveals white leathery areas called "leukoplakia." Tobacco has been cited most frequently as one of the causative agents of oral leukoplakia by pathologists. It is known that a certain, but low percentage of cases of leukoplakia, about 3 to 6 percent, undergo malignant change to various types of cancer. The dangers of the practice are realized when considering an estimated 24,400 new cases of oral cancer are discovered each year and 8,650 die from the condition annually.

"Smokeless tobacco" also involves these health risks as cited in the pamphlet: greater tooth wear, gum recession; alters user's ability to taste, smell; contains nicotine; and it may delay wound healing, especially after oral surgery.

More information regarding the chewing and dipping materials or other cancer information may be obtained by calling the local units of the ACS.

Popham Is Delegate To Boys State

The 40th annual American Legion Boys State, sponsored by the Texas American Legion and held on the University of Texas campus, was scheduled to get under way Saturday, June 7, as 957 high school boys from all parts of Texas began registration, State Commander Mike D. Mireles announced.

Among those registering from Lakehills was Raymond Edward Popham who was sponsored by local American Legion Posts.

Following registration, each citizen was assigned to one of two political parties—the Nationalist or Federalist. Each citizen then functions as a member of his party, he attends its precinct, county and state conventions and votes in its primary.

Boys State helps to develop civic leadership and pride in American citizenship. This program arouses a keen interest in the detailed study of our government and brings about a better understanding of our national traditions and beliefs to the more than 28,000 young men throughout the nation who are participating this year.

Highlight of Boys State will be a trip to the Capitol on Friday morning where each elected Boys State official will be given an opportunity to serve in his respective office for a day.

Texas Boys State enrollment this year brings the total to 23,783 high school junior who have attended since 1940, when Boys State was first inaugurated in this state.

Library Will Again Have Summer Reading Program

It's time again for all young readers to sign up for the summer reading program at the Bandera County Library. This program, sponsored by our library and the Texas State Library System, is for all school age children. Each student who reads ten or more books during the program will receive a certificate and a "Read It" button. Parents, bring your readers in and sign an address card if they don't already have one.

Beginning next week, June 12, there will be a story hour each Thursday at 2 p.m. through the middle of August. Mrs. Mormando is in charge of the story hour this year and has planned stories for different age groups with the help of other volunteers. A movie, mostly for older children and adults, will follow the story hour.

Future Homemakers Attend Conference

Raymond Popham, 1979-80 chapter president and 1980-81 area vice president in charge of recreation, and Pat Foster, FHA member, attended the Area VII Future Homemakers Leadership Conference at Fischer, Tex., June 3-4.

Mrs. Anna Laura Vaughn is sending the Bandera Bulletin as a birthday gift to her daughter, Dottie Burge of Houston, and her granddaughter, Debbie Boyle of Denton.

Lee Roy Vaughn is hospitalized in San Antonio at Metropolitan General Hospital for tests and treatment. Friends wish him a speedy recovery.

Objectives of the meeting were to improve leadership abilities and develop plans for the area meeting next March, for attending the national meeting in St. Louis next month, and for the November area workshop.

We received greetings this week from Mrs. Dottie Davis who recently moved to Ogden, Utah. She wrote, "Am enjoying everything here but the weather. Had snow on May 24 and 25. Has been nice the last two days. It is fun being with my family, but I miss all my Bandera friends. Really do enjoy the Bulletin."

MR. SPARKLES Chimney Sweep
Three Good Reasons Why Your Chimney Should Be Cleaned!
1. Creosote buildups choke down the diameter of a flue/chimney, reducing draft, reducing the efficiency of the unit.
2. Creosote's high acid content makes it extremely corrosive to steel & mortar.
3. Most importantly, if heated by direct flame or to temperatures over 1800°F, it will ignite and become a chimney fire, likely to destroy your home, yourself or others.
Do not despair—PROFESSIONAL Chimney cleaning is now available. Fireplaces and wood stoves. NO MESS. Call NOW for appointment 995-3711.

What Makes Grass Grow?

In livestock production grass management is very important. In order to manage grass properly, it's good to know how it grows. Starting from the seed, the primary root appears. Its purpose is to supply the young plant with nutrients for two to three weeks. At this time tillers and secondary roots will take over the job of feeding the plant. It is essential for the plant to establish a good root system to supply the plant with nutrients, minerals, and water from the soil needed for its survival. Other functions of the root system are to compete with other plants for the nutrients, storage of food reserves needed for current and following years growth, and anchoring the plant. Although the roots play an important part in the growth of the plant, only 5 percent of the plant food comes from the soil.

With the appearance of the leaves, the plant is now ready to take carbon dioxide, sunlight and elements from the roots to produce the other 95 percent of its food. Nutrients are transported from the roots to the leaves and use carbon dioxide to produce chlorophyll, which gives plants their green color. Together with sunlight, the chlorophyll breaks down water and carbon dioxide compounds into nitrogen, hydrogen and oxygen. These are then converted into sugar and starches; this process is called photosynthesis.

A good leafy plant can produce sufficient food to carry the plant throughout the growing season. It also helps produce good root systems and seed production. Short tops mean short roots.

Grasses must be rested (not grazed) at certain stages of their growth. They should be rested after seeding to allow for establishment. They must be rested periodically throughout the growing season to give time for replenishment of food reserves and gain vigor. When properly grazed and rested, food storage for growth in the spring is insured. Perennial grasses must rely on food stored in roots to begin the following year's growth.

A good way to insure good grass production is to practice proper use of available forage. This is take half, leave half, of current years growth. Also a good grazing system will help. Good grass production depends on good management and mother nature.

Party at First State Bank Is Well Attended

The First State Bank's Customer Appreciation Party, held Friday evening at their banking facility on Main Street, was attended by 1,000 persons who came from across Bandera County, as well as nearby towns and cities. The festivities could well be termed the social event of the season, with old friends greeting each other and visiting far longer past the 9:30 appointed close of the party. Guests were welcomed by officials and personnel of the bank and then were treated to unusual and tasty hors d'oerves, which were served from beneath a shading tent which had been erected on the vacant lot next to the bank building. The Just Jazz Quartet played music for the guests' enjoyment, and some couples chose to dance to their toe-tapping music.

Officers of the First State Bank, pictured at the customer appreciation party Friday, are Sally Woodland, Raymond Barker, Magdalen Kalka, Burgin Davenport, Margaret Short, John R. Langford, Dr. Hubert Lee Risinger and Dr. Donnie Risinger.

Sully Woodland, executive vice president of the bank, said, "We appreciate the enthusiastic response to our party. It was given not only to show the bank's appreciation for our customers, but also to let the new officers and directors meet all of our fine customers. We are pleased that so many could attend and hope they enjoyed it as much as we enjoyed having them."

Tasty Foods and friendly conversation are enjoyed by guests of the First State Bank.

Bank guests dance to the music of the Just Jazz Quartet.

Thoughts

A PRAYER FOR FATHER

Mender of toys, leader of boys,
Changer of fuses, kisser of bruises,
Bless him, dear Lord.
Mover of couches, soother of ouches,
Pounder of nails, teller of tales,
Reward him, O Lord.
Hanger of screens, counselor of teens,
Fixer of bikes, chastiser of tykes,
Help him, O Lord.
Raker of leaves, cleaner of eaves,
Dryer of dishes, fulfiller of wishes...
Bless him, O Lord.

GOSSIP

There is so much that is bad in the best of us,
And so much that is good in the worst of us,
That it doesn't behoove any of us.
To talk about the rest of us.

From beautiful Lakehills comes the thought for the week: A red rose and a salute to all of the fathers of Lakehills and the area.

A bouquet of roses for Diamond Kreusel of San Antonio on her birthday, June 17 from H.T.

AROUND LAKEHILLS

Father's Day

When the first Father's Day was celebrated 70 years ago, the originator had no idea the observance would catch on as it has. Mrs. John Bruce Dodd of Spokane, Wash., lead the first observance June 19, 1910. Father's Day caught on, not only in the United States, but in other parts of the world as well including Canada, England, France, Belgium, Australia, New Zealand and the Scandinavian and Latin American nations. The inspiration for Father's Day came to Mrs. Dodd while listening to a sermon on Mother's Day in 1909. Her own father, William J. Smart, was a widower who had reared six children after the death of his wife in 1898. The sacrifices he had made on their eastern Washington farm called to mind the unsung feats of fathers everywhere. Mrs. Dodd took her idea to her minister, then to the Spokane Ministerial Association. The clergymen agreed to hold citywide Father's Day services the next year. The original day picked was June 5, 1910, William Smart's birthday. The date was pushed back two weeks, however, because the ministers needed more time to prepare their sermons. The third Sunday in June was chosen and has been set aside every year since. Mrs. Dodd died in 1977 at the age of 96.

Bandera Fresh Water Supply

Two wells are being drilled for Pebble Beach No. 1 and Jones Beach. The wells should be completed by the end of July. The new rates as of June 1 became 90 per month for metered lots and $18 for unmetered lots. Everyone can look forward to better tasting water. The office hours are 8 a.m. to 12 noon, Tuesday through Saturday. The telephone number is 751-3020.

Come Play in the Son-Shine

Children 5 years of age through the eighth grade are invited to attend the Faith Chapel Vacation Bible School. There will be crafts, music and Bible study. The instructors will be Mrs. Jean Cannon, superintendent; Mrs. June Bennack and Rev. Jim Colley. The date is June 16-20.

Birthday Celebration

More than 60 guests from Lakehills, Pipe Creek, Austin and San Antonio gathered at the pavilion at Pop's Place Saturday afternoon to celebrate the birthday of Jean Baker of Austin. The guests enjoyed a barbecue which was especially prepared by that all time great barbecuer, Larry Hill. Members of the house party included Star Roberson, Wilma Monaco and Corinne Hill, who graciously welcomed guests and passed hors d'ouevres 'n things. Tall red tapers in brass candleitra flanked a birthday cake on the gift table. The party was hosted by Paul Reed, HT and friends.

There will be judging for those 14 and younger and for those who are 15 and older. After the parade, there will be a festival at the Legion Home. Games, food and a country store will be some of the attractions.

The Chili Cook-Off

It isn't too late to enter the chili cook-off at Pop's Place on the 14th. One must be registered by 12 noon. Three pounds of meat must be used and the chili must be cooked on the premises. Showmanship judging will take place at approximately 2 p.m. Judging for the best chili will take place at 3 p.m. The auction will take place immediately afterwards. At 8 p.m. Doyle Wilkinson, who specializes in the "Golden Oldies," will play for dancing. Thank You

To All Personnel At The First State Bank:

Thank You!

What a marvelous idea to honor your customers! To show such appreciation in today's world of profit margins, computerized services, and drive-thru, fast food joints is rare.

Overheard comments from the other customers at the Friday night Mexican buffet echo similar sentiments. Some of the comments I personally heard from the diversified crowd included, "At this bank you are a name, not a number." "They called us all by name as we walked through the line! Imagine that!" "They know me by my name—not by account number 2567451AZ." "Gosh—do we even have an account number!" "This is nice. Really nice." "What a nice idea!" "I can't believe this, this is so NICE!"

Suffice it to say that "Customer Appreciation Night" turned your customers into lasting friends. And, as everyone else was saying, that is nice!

Sincerely,
Larry G. and Stephanie Parker

MEDINA ROTARIAN ATTENDS CHICAGO CONVENTION

Stephen Hurter of Medina was one of approximately 20,000 Rotarians and their guests from some 100 countries who attended Rotary's 75th anniversary convention June 1-5 in Chicago, where Rotary was founded in 1905.

Hurter, a member of the Rotary Club of Medina, was accompanied by his wife, Debra.

The convention theme was "Let Service Light the Way," representing Rotary's concern for the welfare of others. Special presentations and workshops encouraged Rotarians to be more active in helping others in need within their communities and in promoting international understanding.

First of the world's service clubs, Rotary International has more than 18,600 Rotary clubs with more than 860,000 members in 154 lands worldwide. "Service Above Self" is a Rotary motto.

Maly Extols Medina Lake

Fred Maly, who writes for the San Antonio Light, has long been a booster of Medina Lake. In the Sunday edition of the Light he again had some kind words for the area.

Years ago Medina Lake was fished hard and often. Not only was the fishing there simply great but it was the only fishing hole the fishermen of this area had.

Nowadays, of course, Medina has a lot of competition getting attention from the San Antonio anglers. Calaveras and Braunig lakes, for example, not only are in our town's backyard but also are far better fishing holes than Medina.

Yet, Medina maintains its hold on many San Antonians. Its shoreline is becoming residential. Retired folks have moved to the lake, and are enjoying it.

The upper lake regions have developed into quite a community. Better homes have been built but there still is room for improvement on the lake front. Some of those shantys have been there for 60 years or more. Perhaps in time these will give way to more substantial and attractive homes.

Medina has had a sad history of ups and downs in water levels. In 1950, or thereabout, lake waters had dwindled into a mere t.tickle.

Of late, however, the lake has been holding its own against drought and intensive irrigation rather well. When I toured the lake this past week it lacked only a dozen feet or so from spillway level.

On the whole, the lake still is the most scenic of any other body of water in Texas. That's a blessing that simply can not be overlooked. For the beauty is there, and you stare at it from every direction of the lake.

Most of the lake's shoreline landmarks remain unchanged and have retained the names given them by fishermen and lakeside landowners years ago.

Turk's Head, for instance, is still Turk's Head. So is Morman's Bluff, Goat Hill, Spedcie's Cove, Angel's Cove, Masterson's Point and even Whitley's Cove, although it may give way to Lakeside because of the fine facility there the boat docking and that active business place on its shore.

The lower lake at the dam has Sportsman's Place, where boat rentals are available as well as launching pads. I suppose Red Cove, however, a property owned by Joe Granieri, and leased by Bill Humphrey, gets the biggest play from boaters on the dam area of the lake.

But Camp Medina, owned by Alton Seekatz, and Haby's Cove have their regular patrons.

On the upper lake there are many camps. I didn't visit them all, but did spend some time at Bob's Cove, an establishment founded within a year or so after Medina became a lake.

Operated by Ralph Lehman, son of the founder, Bob's Cove seems to be quite popular with campers and picnickers and, of course, fishermen. Fishing, in the words of Ed Burell, caretaker, the only person to talk to when I was there, is probably the best in that camp's area than on any part of the lake.

But I expect Elm Creek, Mescall Creek and the other hot spots of old, are still capable of putting out a lunker or two for wall mounting purposes.

I don't mean to dismiss some of the other fishing camps as unimportant but I simply didn't get to all of them during my short visit to the lake.

Medina is a great place. It always has been. And if some of you newcomers to our city have yet to visit, go soon and get an eyeful of the Texas landscape at its best.

Paved roads get you quickly to the lake. For a spectacular route, go to the dam, or lower, area of the lake, and drive over that new road that leads to the upper part of the lake.

Stop at the Outlook on the highest hill of the lake area, and take your time gazing at the appealing view of a large part of the lake.

Your Blood Is Needed

Don't wait until your protection is lost. Come to the Bloodmobile at the First Baptist Church, Bandera, between 12 noon and 6 p.m. on June 16.

Give the gift of life, give blood!

Many people say, why should I give blood? I'm not ill. I have never needed blood. Let others do it.

Can you count on that being true tomorrow? Next week? Are you the one that will never have an accident? The one whose family will never have a leukemia victim? Who will never need surgery? Somewhere in the United States, every 12 seconds, someone needs blood! Tomorrow, it could be you, and what if you needed blood and there wasn't any?

From Bandera County, the V.A. Medical Center in Kerrville admitted 12 patients each month in 1979 and treated 106 out-patients each month. From Bandera County, Sid Peterson Memorial Hospital admitted 430 patients in 1979, an average of 36 per month. Some of those Bandera County patients received blood furnished by the American Red Cross Blood Services because the two hospitals transfused 1,580 pints of blood and blood components during 1979.

Bandera County can retain its protection under the Red Cross program by supporting the Bloodmobile with donors. If 50 or more donors will come to the Bloodmobile during each of its visits, there will be no problem in continuing the visits. The June 16th visit will determine whether the necessary support is forthcoming. If there are only a few donors, Red Cross will be forced to drop Bandera County from its roster. —Reported

Lakeshore NEWS

Glenda Haley 796-4948

The Lakeshore Volunteer Fire Department held its second training session Wednesday, June 4, with 15 persons attending. Instruction was given on the use of the truck and equipment on it. The group practiced using the hoses, pumps, etc. on actual fires. All felt that the meeting was very beneficial. Ross Bailey was in charge, with Allen Haley, fire chief, assisting. Others taking part in the training were Dick Newman, John Portman, Warren Bowen, Glenda Haley, Frances Hildenburg, Wayne Hildenburg, Lloyd Bastin, Bill Haynes, Bob York, Bethel Lackey, Eldridge Bond, John Ciarlo and Buddy Pinson. All interested persons are urged to attend the next training session scheduled for Wednesday, June 18, at 10 a.m.

There is no way to thank every person who has contributed to the Lakeshore Volunteer Fire Department since its beginning a few months ago but the following is a list of some of those who have made donations: Gabe Anderwald of Rockin' A Welding Shop, First National Bank, First State Bank, W.W. The Chili Cook-Off at Pop's Place is next Saturday, June 14. Everyone at Lakeshore is urged to attend and give them your support. SCHOOL BOARD WILL MEET TONIGHT, THURSDAY

Thursday, June 12, the regular meeting of the board of Trustees of the Medina Independent School District will be held at 7:30 p.m. in the board room of the Medina Public School.

Dicy Glenn, Medina High School valedictorian, won the Woodman of the World award for having the highest average in American history.

Mrs. Douglas Watkins spent last week in Bryan visiting in the home of her daughter and family, Mr. and Mrs. Glen Wilkinson and Courtney.

Orville Wier was rushed to Peterson hospital Saturday morning, but was brought back home on Sunday and is feeling much better.

George Whitehead was able to return home Monday from Peterson Hospital and will return to the hospital in a couple of weeks for major surgery. We are happy he is feeling better.

Bill Tabor was thrown from a horse Saturday evening and was rushed by the EMS to Peterson Hospital in Kerrville and was kept overnight. He returned home on Sunday afternoon. We hope he will soon be completely recovered.

Mr. and Mrs. Guy Pickett, Valarie and Sue and Mr. and Mrs. Tom Clark and Ronnie have returned from a vacation to Del Rio, Big Bend National Park and Park Chalk Bluff near Uvalde. They report having a very enjoyable time.

Maly Extols Medina Lake

Fred Maly, who writes for the San Antonio Light, has long been a booster of Medina Lake. In the Sunday edition of the Light he again had some kind words for the area.

Years ago Medina Lake was fished hard and often. Not only was the fishing there simply great but it was the only fishing hole the fishermen of this area had.

Nowadays, of course, Medina has a lot of competition getting attention from the San Antonio anglers. Calaveras and Braunig lakes, for example, not only are in our town's backyard but also are far better fishing holes than Medina.

Yet, Medina maintains its hold on many San Antonians. Its shoreline is becoming residential. Retired folks have moved to the lake, and are enjoying it.

The upper lake regions have developed into quite a community. Better homes have been built but there still is room for improvement on the lake front. Some of those shantys have been there for 60 years or more. Perhaps in time these will give way to more substantial and attractive homes.

Medina has had a sad history of ups and downs in water levels. In 1950, or thereabout, lake waters had dwindled into a mere trickle.

Of late, however, the lake has been holding its own against drought and intensive irrigation rather well. When I toured the lake this past week it lacked only a dozen feet or so from spillway level.

On the whole, the lake still is the most scenic of any other body of water in Texas. That's a blessing that simply can not be overlooked. For the beauty is there, and you stare at it from every direction of the lake.

Most of the lake's shoreline landmarks remain unchanged and have retained the names given them by fishermen and lakeside landowners years ago.

Turk's Head, for instance, is still Turk's Head. So is Morman's Bluff, Goat Hill, Speddie's Cove, Angel's Cove, Masterson's Point and even Whitley's Cove, although it may give way to Lakeside because of the fine facility there for boat docking and that active business place on the shore.

The lower lake at the dam has Sportsman's Place, where boat rentals are available as well as launching pads. I suppose Red Cove, however, a property owned by Joe Granieri, and leased by Bill Humphrey, gets the biggest play from boaters on the dam area of the lake.

But Camp Medina, owned by Alton Seekatz, and Haby's Cove have their regular patrons.

On the upper lake there are many camps. I didn't visit them all, but did spend some time at Bob's Cove, an establishment founded within a year or so after Medina became a lake.

Operated by Ralph Lehman, son of the founder, Bob's Cove seems to be quite popular with campers and picnickers and, of course, fishermen. Fishing, in the words of Ed Burtell, caretaker, the only person to talk to when I was there, is probably the best in that camp's area than on any part of the lake.

But I expect Elm Creek, Mescall Creek and the other hot spots of old, are still capable of putting out a lunker or two for wall mounting purposes.

I don't mean to dismiss some of the other fishing camps as unimportant but I simply didn't get to all of them during my short visit to the lake.

Medina is a great place. It always has been. And if some of you newcomers to our city have yet to visit, go soon and get an eyeful of the Texas landscape at its best.

Paved roads get you quickly to the lake. For a spectacular route, go to the dam, or lower, area of the lake, and drive over that new road that leads to the upper part of the lake.

Stop at the Outlook on the highest hill of the lake area, and take your time gazing at the appealing view of a large part of the lake.

Mrs. Isabel Stokes had as guests Tuesday, Mrs. and Mrs. Harold Rieber of Hondo.

Mrs. Tressa Trowbridge has returned from a visit with her sisters who live in Independence, Mo., Kansas City, Mo., and Adel, Iowa.

Mr. and Mrs. Forrest Staner returned Saturday from a three-weeks visit in Wyoming and Colorado. Mrs. Staner reported that the fall-out from Mt. St. Helens volcano was very heavy in some areas they visited. They were glad to be back at home in Texas, she said.

Mr. and Mrs. John G. James attended the Rabe family reunion held last weekend at St. Paul Community Center near Sinton.

Mrs. Davenport Starts 2nd Term

Mrs. Lurline Davenport of Bandera was recently installed for her second term as president of the Comfort Porcelain Art Club. She will be presiding at the next meeting of the club on June 14 at the United Methodist Church in Comfort, starting at 10 a.m.

Mrs. Mary Bylsma of San Antonio will demonstrate luster work, and members are asked to bring a porcelain cup or mug and to be prepared to paint.

For more information call 1-512-249-8555.

Your Blood Is Needed

Don't wait until your protection is lost. Come to the Bloodmobile at the First Baptist Church, Bandera, between 12 noon and 6 p.m. on June 16.

Give the gift of life, give blood!

Many people say, why should I give blood? I'm not ill; I have never needed blood. Let others do it.

Can you count on that being true tomorrow? Next week? Are you the one that will never have an accident? The one whose family will never have a leukemia victim? Who will never need surgery? Somewhere in the United States, every 12 seconds, someone needs blood! Tomorrow, it could be you, and what if you needed blood and there wasn't any?

From Bandera County, the V.A. Medical Center in Kerrville admitted 12 patients each month in 1979 and treated 106 out-patients each month. From Bandera County, Sid Peterson Memorial Hospital admitted 430 patients in 1979, an average of 36 per month. Some of those Bandera County patients received blood furnished by the American Red Cross Blood Services because the two hospitals transfused 1,580 pints of blood and blood components during 1979.

Bandera County can retain its protection under the Red Cross program by supporting the Bloodmobile with donors. If 50 or more donors will come to the Bloodmobile during each of its visits, there will be no problem in continuing the visits. The June 16th visit will determine whether the necessary support is forthcoming. If there are only a few donors, Red Cross will be forced to drop Bandera County from its roster. —Reported

The Lakeshore Volunteer Fire Department held its second training session Wednesday, June 4, with 15 persons attending. Instruction was given on the use of the truck and equipment on it. Others taking part in the training were Dick Newman, John Portman, Warren Bowen, Glenda Haley, Frances Hildenburg, Wayne Hildenburg, Lloyd Bastin, Bill Haynes, Bob York, Bethel Lackey, Eldridge Bond, John Ciarlo and Buddy Pinson. What are you actually getting for all those insurance premiums?

If You're Not Sure, Take This ONE-MINUTE QUIZ

1. Are you getting, through your present agency, the protection of a national company like Ætna Life & Casualty, a company that can provide protection for all your insurance needs: individual, family, home, car, and business?

2. Are you getting the satisfaction of being protected by an independent insurance agency, one that is both able and willing to recommend the right protection at the right price?

3. Are you getting personal service — the kind of service that comes only from an agent that lives near you, knows you, and really wants to help you?

If you answered "no" to even one of these questions, you're getting less than you deserve. But cheer up! You can call us! Then all your answers will be positive.

Think Positive. Think Ætna. Think...

Straiton-Bauldwin

University Christian Church in Ft. Worth was the setting for the marriage of Verna Kay Bauldwin and David Lynn Straiton on May 30. Rev. Edward O. Dowell officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Edwin Prim Bauldwin. Parents of the groom are Mr. and Mrs. David Straiton.

The bride, given in marriage by her father, wore a formal gown of ivory organza with a wedding-band neckline and an empire bodice of chantilly lace and pearls with puffed sleeves and lace cuffs. The two-tiered ruffled skirt flowed to slipper length in front and swept to an apron effect in back, to form a chapel train. A Juliette cap in ivory with matching lace and illusion veil completed her ensemble. She carried a bouquet of white roses and baby's breath in a cascade design. For something old she carried a Bible which her mother had carried in her wedding.

Charlotte McCoy was matron of honor. Bridesmaids were Lisa Cox, Ramona Simpson, and Linda Hay. Their gowns were mauve pink with short trains trimmed with ivory lace. They carried nosegays in spring colors. Laura Magnussen was flower girl. She wore a floor-length cream pique with lace bodice. She carried a silk spring flower.

John Gibler, the ring bearer, wore a white tuxedo with matching ruffled shirt.

The groom wore a white tuxedo with white ruffle shirt and matching accessories and a white boutonniere. Attending as best man was Paul Reynolds. Groomsmen were Larry Cox, George Cowan and Boone Almanza, who also served as ushers. They wore cream tuxedos with rose boutonnieres.

For her daughter's wedding, Mrs. Bauldwin wore a floor length mauve gown with matching overlay trimmed in seed pearls with an empire waist. The groom's mother wore a light blue empire knit with a beaded collar with keyhole cutouts. Both wore especially designed silk flower corsages.

Betty Bowles, organist, accompanied John Reasoner, soloist, in the nuptial music. The bride paused enroute to the altar, kissed her mother and presented her with a flower. During the recessional she paused, kissed her mother-in-law, and presented her with a flower.

A receptionfollowed in the fellowship hall. Presiding at the guest book were Misses Beth Almanza, Mallie Vineyard, Ann Cowan, Sharon Hamilton and Marleen Holfman. Two hundred fifty guests from Austin, Lakehills, Midland, Mineral Wells, Houston, Ft. Worth and Oklahoma attended.

The groom is the great-nephew of Helen Temple of Lakehills.

After a Galveston honeymoon the couple will reside in Ft. Worth.

Goodpasture-Settlemeyer

Betty Jean Settlemeyer and James Goodpasture were married Saturday evening in Trinity United Methodist Church in San Antonio. The Rev. Tom C. Price officiated. The bride is the daughter of Mr. and Mrs. Warren W. Settlemeyer of Lakehills. Parents of the groom are Jenevieve Goodpasture of San Antonio and the late Dr. John E. Goodpasture.

Matron of honor was Mrs. Gregory Trimble, sister of the bride, from Killeen. Bridesmaids were Mrs. Joseph Settlemeyer, sister-in-law of the bride, of Greeley, Colo.

Attending as best man was Dr. John E. Goodpasture, brother of the groom. Groomsman was Dr. Russel Catterlin of Northridge, Cal. Ushers were James Campbell, George Fillis, Brian Hindelang and Miller Settlemeyer, brother of the bride.

Mrs. Shelbie Stone, organist, accompanied the soloist, Ms. Mary Moore, in the nuptial music. Matching bouquets of yellow gladiolas, yellow daises and white mums adorned the altar.

The bride, presented in marriage by her father, was attired in a bridal gown of ivory, complimented by a lace bodice, high neck and sheer inset. She wore a picture hat and carried a bouquet of white and yellow glamelias. The bride's attendants wore sky-blue gowns with empire line accordion pleated skirts and sheer capes. Floral arrangements in their hair and wrist length gloves completed their ensembles. They carried white and yellow cascades of spring flowers.

The groom wore an ivory tuxedo with tails; his attendants wore ivory tuxedos with brown trim. The ushers wore brown tuxedos. The bride's father wore an ivory coat, brown trousers and waistcoat. For her daughter's wedding, Mrs. Settlemeyer wore a floor-length orchid gown, with an overlay of accordion pleats. The groom's mother wore a gown of pink and beige. Both mothers wore white carnation corsages. The bride's grandmother wore a pink gown and the groom's grandmother wore beige. After a honeymoon in San Antonio, the couple will reside there. The bride is the granddaughter of Era Wilkinson of Lakehills.

Mrs. Jenevieve Goodpasture, mother of the groom, hosted the rehearsal dinner at her home. The dinner was a poolside luau for the wedding party and their families.

A THOUGHT FOR THE WEEK

By John M. Grimes

A prosperous business man asked a well known writer, "Would you like to know what I'm going to give my boy for Christmas?" The writer was curious and said "yes."

The business man pulled out his wallet and took from it a piece of paper which he handed to the writer which read, "To my dear son: I give you one hour of each week day and two hours on my Sundays, to be yours, to be used as you want them, without interference of any kind whatsoever."

The writer was obviously surprised and reflected, "I wonder how that boy will feel and what he will think when on Christmas morning he reads that slip of paper. If he is just an average boy, he will be very much dissatisfied. If he is an unusual boy, he will realize his father has given him something he can never repay."

Does not this story illustrate a point that lots of fathers and sons could profit from?

The soil judging team was made up of Brenda Boyle, Brenda Mayfield, Trish Montague and Edward Alanis, who tied for 8th and 9th place. Brenda Boyle was 14th high individual.

MR. SPARKLES Chimney Sweeps
Three Good Reasons Why Your Chimney Should Be Cleaned!
1. Creosote buildups choke down the diameter of stovepipe/flue, reducing draft, reducing the efficiency of the unit.
2. Creosote's high acid content makes it extremely corrosive to steel & mortar.
3. Most chimney fires are caused by direct flame or to temperatures over 1000°F. It will ignite and become a chimney fire, likely to destroy your home, yourself or others.
Do not despair—PROFESSIONAL Chimney cleaning is now available. Fireplaces and wood stoves. NO MESS. Call NOW for appointment! 995-3711. 4-1tc

Farm Bureau Urges Defeat Of Health Insurance Bills

The Texas Farm Bureau is urging Congress to defeat a proposed compulsory national health insurance program, according to Carrol Chaloupka, president.

Several health insurance bills are under consideration, including Senator Edward Kennedy's "Health Care For All Americans Act—S. 1720," said Chaloupka. Projected costs to taxpayers for these proposals, he said, run from the $25 billion needed to begin Senator Kennedy's proposal, down to about $7 billion for the Republicans' "Medical Expense Protection Act."

"Costs would, of course, increase rapidly each year of operation," he said.

In a letter to Farm Bureau county leaders, Ed McKay, TFB national affairs director, asked members to write their Congressmen and urge defeat of all compulsory national health insurance legislation.

GROSS SALES NEAR 88 MILLION IN COUNTY

Gross sales in Bandera County during the 4th quarter of 1979 were $7,934,332 as reported by 348 outlets, according to Bob Hilbel, state comptroller. Of this amount only $2,416,342 was subject to the state sales tax.

Church of Christ Announces Vacation Bible School

Beginning Monday, June 16, the Bandera Church of Christ will host a Vacation Bible School at 13th and Sycamore Streets. The theme will be "Doing God's Will"—in the world, nation, church, home and individual lives.

Classes will begin each day at 9 a.m. and end at 11 a.m. The final class will be on June 20. Refreshments will be served.

Transporation is available within local area by calling 796-4732.

Comptroller's Rep Visits Wednesday

Oleta Boles, enforcement officer of the comptroller's office, will be in Bandera on Wednesday, June 18, from 2 to 4 p.m. at the Bandera County Courthouse. This is one day earlier than her scheduled visit of June 19.

She will assist local residents with any questions they might have in regard to sales or franchise taxes. She will also provide assistance in filing tax returns.

Mrs. Fred Ender is improving nicely from surgery performed last week at the Comfort hospital.

Prior to working in Bandera, he held similar positions at Fox Tech High School, Antonian High School, Connell Middle School, Jeff Davis Middle School, all in San Antonio.

Write-In Candidates Must File To Have Votes Counted

In the general election for state and county officers which will be held this year on Tuesday, November 4, no write-in vote may be counted for a person unless that person files a declaration of write-in candidacy no later than 5 p.m. of the last day which is not a Saturday, Sunday or official state holiday preceding the beginning of the period for absentee voting in the election.

The declaration must be filed with the county judge for county offices. The declaration contains the same information as the application of a candidate whose name is to be printed on the ballot except that it states that the person is running as a write-in candidate instead of requesting that his name be printed on the ballot.

This is a recent change in the law. In the past, write-in votes could not be counted for party primary elections, but could be in the general election without having to file before the election.

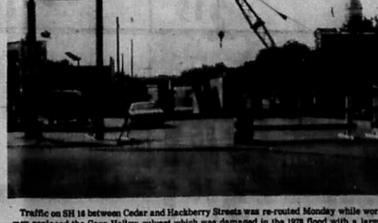
Mrs. Doerfler will be recruiting community volunteers to help plan and carry out a CF Breath of Life Campaign this fall.

The purpose of this Campaign is to provide the community with information about Cystic Fibrosis and to raise funds to support research, education and care programs for CF patients.

The number one genetic killer of children, Cystic Fibrosis is inherited and incurable. An estimated one in 20 Americans is a symptomless carrier of the recessive CF gene. One in every 1500 babies born in this country is a victim of CF. Currently, half of all children born with CF will die before they leave their teens.

To volunteer for the Breath of Life Campaign, please contact Mrs. Letha Doerfler.

Gill Savings Shows High Profit



Gill Savings, formerly Medina Savings, Hondo, has been cited by the leading savings and loan industry trade journal as being one of the most profitable and highest performing associations in the country.

National Thrift News, New York, N.Y., ranks Gill in the top 3 percent of more than 2,000 associations with assets of more than $50 million.

Christopher Gill, chief executive officer, said, "1979 was our best year ever with after tax earnings of $771,000. However, as of May, 1980, we have already earned $760,000 after taxes. Savings have grown from $57 million to $80 million and our total assets, which were $66 million on January 1, have now passed $100 million. 1980 will continue to be the best year in the company's history."

Gill Savings has offices in San Antonio, Hondo, Pearsall, Castroville, Cotulla, Devine, Lytle and Bandera.

Watch For That Hole . . .

Some May Have No Increase

Trustees Ask For Tax Increase

The trustees of Bandera ISD are publishing this week a notice of intent to increase the tax rate 12 percent. A public hearing, as required by law, will be held at the Bandera High School library at the high school campus Tuesday, July 1, starting at 7:30 p.m.

If the tax rate increase is approved, it may not mean a tax increase for certain taxpayers.

For persons 65 years old and older, taxes on their homestead (with a maximum of two acres) are frozen at the current level and they will not pay more taxes on their homestead.

Homeowners who neglected to file for the homestead exemption in the 1979 tax year, but who filed for that exemption in the 1980 tax year, in many cases will pay less tax.

Taxpayers who applied in the 1980 tax year, for the first time, for ag use or open space values may pay less in taxes than they paid in the 1979 tax year.

The added revenue is needed because of several factors. Tax reductions for those older than 65 years, homestead exemptions, and ag use and open space valuations have decreased the amount of tax money collected by the district, while costs have risen sharply.

Anyone who has questions should call the school tax office.

School Board Report

At the June regular session of the Bandera ISD Board of Trustees, held June 11, Charles Purdy, tax assessor-collector, informed the board that the calculated tax rate is $1.34. This may not be exceeded by 3 percent without holding a public hearing, as required by state law. The board then approved the publishing of a public notice of intent to adopt a tax rate 12 percent higher than the maximum calculated. (See related story)

The trustees accepted the low bid of $6,813.10 by Griggs Equipment, Inc., for school furniture for the two new portable classrooms at the elementary school and for the Merrick Educational Building.

Charles Graves, counselor, presented to the board results of the Texas Assessment of Basic Skills (report on page 10) and SRA testing.

In other action, the trustees:

—Increased the student fee for drivers education behind the wheel instruction from $45 per student to $60 per student.

—Moved to request the Bandera City Council approve an ordinance to vacate that portion of Oak Street that runs between the old Ag Shop and the present Junior High building.

—Approved the Complaint Resolution ESEA Title I as recommended by attorney William C. Bednar.

—Adopted School Board Policies as revised of the 1980-1981 School Year.

—Adopted Student Policies as revised for the 1980-1981 School Year.

Superintendent Caloss then presented the following items for information to the trustees:

—Elementary student residence survey.

—Report on the Texas Education Agency's April 15, 1980 audit, of the tax office.

—An updated tax report.

The Board then went into executive session and returning, took the following actions:

—Accepted, with regret, the resignations of Ruth Magness, high school English teacher, and Timothy Johnson, custodian.

—Employed Gus Pfeiffer as Junior High Principal for the year 1980-1981 school year. (See related story)

—Approved the Superintendent's Food Service Employee Compensation recommendations.

Notice

A special meeting of the members of the Lakeshore Volunteer Fire Department has been called for Sunday, June 22, at 11:30 p.m. at the Copper Lantern. Everyone is urged to attend as a decision must be made about the site for the fire station.

Chili Cook-Off

The Chili Cook-Off at Pop's Place, to benefit the Lakeshore Volunteer Fire Department was a grand success, both financially and fun for all who attended. More than 50 Lakeshore people travelled across the river by boat and also by road to show their support for the Cook-Off. And it was a very happy but surprised Lakeshore entrant, Warren Bowen, who was awarded a first place trophy for his "Medina River Chili." Warren has just recently moved to Lakeshore from Corpus Christi. Second place went to Debbie Pittman of San Antonio for her "Free Wheelin' Chili" and said that she gave all credit to Pearl Lite Beer. Third place went to the Boozers of San Antonio with Butch and Mary Jo Johnson as chief boozers-in-charge. The Boozers also walked off with the showmanship trophy, of which they were most deserving. Seems the Boozers were used to working together as a team. Former baseball players who said they guessed they got too old to play ball so they started cooking chili. Of special interest is the fact that none of these people had ever won a chili cook-off before. Helen Temple, Star Roberson, Randy Courtney, Joe Pechacek and Bob Hoffman were the judges and Randy Courtney also was the auctioneer.

At the auction, the Boozer's chili went to Mike Carrola of, M. Carrola Trucking Co. of San Antonio for $25. Debbie Pittman's Frog Wheelin' chili went to Jim McLean for $35 and Gene Brawley of ABC Truck Salvage of San Antonio and also the Mico Fire Dept. bid $66 for Warren Bowen's winning Medina River chili. This auction plus other donations that day gave the Lakeshore VFD a grand total of $18925 and all the fire department members want to say thank you to Pop's Place, the entrants, and everyone who made it such an enjoyable occasion for all who attended.

Two other entrants from Lakeshore with some very good chili also were Dick and Deanie Newman and Gloria and John Carlson.

A THOUGHT FOR THE WEEK

By John M. Grimes

There is probably not a human being anywhere at any time who does not experience a certain amount of frustration. At one time or another we all have been sick with disappointment, heartbroken or dejected by a bad turn of events. We are told that frustrations are the common lot of human beings, which makes it no easier to take when our way is blocked...How can we cope with these frustrations? Do we simply give up the fight? Of course not. That is the worst possible way to meet one of life's commonest experiences.

A far better way comes from the wisdom of Harvard's great president of some years ago—Dr. Charles W. Elliot. Here is how he managed his frustrations:

"When necessarily involved in contests or critical undertakings, I tried first to do my best in the actual struggle, then not to concern myself too much about the outcome. That ended my responsibility.

"And where I was blocked and defeated, I always turned at once to some other field of my work where progress looked possible; meanwhile biding my time to return to the blocked road...Thus a man can avoid waste of energy and a constant state of worry and disappointment."

What are you actually getting for all those insurance premiums?

If You're Not Sure, Take This ONE-MINUTE QUIZ

1. Are you getting, through your present agency, the protection of a national company like Ætna Life & Casualty, a company that can provide protection for all your insurance needs: individual, family, home, car, and business?
2. Are you getting the satisfaction of being protected by an independent insurance agency, one that is both able and willing to recommend the right protection at the right price?
3. Are you getting personal service — the kind of service that comes only from an agent that lives near you, knows you, and really wants to help you?

If you answered "no" to even one of these questions, you're getting less than you deserve. But cheer up! You can call us! Then all your answers will be positive.

Lillie Thompson

Mrs. Jessie Clayton became seriously ill Monday and was transported to the Nix hospital in San Antonio. At last word she had improved and was able to be moved out of intensive care.

Mrs. Nita Cornelius is still a patient in the Uvalde Memorial Hospital. Her condition is slightly improved.

Mr. and Mrs. Emmett Trader of Corpus Christi and their two grandsons of Houston spent this week at their Vanderpool place. They were joined over the weekend by their daughter, Salley, and husband, Roy, who came for Father's Day and to pick up their children.

Curley Thompson caught a plane in San Antonio Wednesday to fly to Fourney for a week's visit with his daughter and husband, Betty Jo and Gene Yeager.

Ardell and Peg Nelson of Galveston came to their Vanderpool Ranch Saturday night, accompanied by two of their children who are just out of school. They will move their household goods and belongings from the Camp Wood Ranch, which they recently sold, to their ranch here.

Joe and Mable Haynes of Kerrville are spending the weekend at their Vanderpool home.

I would like to share Elizabeth Wiebold's recipe for "Old Time German Red Cabbage." 1 med. cabbage head, sliced and chopped; 1 med. onion, finely chopped; 2 med. apples, finely chopped; 1 cup water; 2 T. sugar; 2 T. white vinegar; 2 T. olive; 1 tsp. salt; throw all into a stew pot and bring to a boil. Stir and lower heat. Put lid on and simmer 1½ hours.

Visitors at Baptist Church Sunday were Mr. and Mrs. L.L. Tubbs daughter-in-law, Betty, and her two daughters, Sherri Lynn and Susan of San Antonio and Betty's parents, Mr. and Mrs. Alvin Fey of Selma. Afternoon guests on Father's Day at their Vanderpool home were her other daughter and family, Mr. and Mrs. Jimmie La Crosse and son, Jerry, all of San Antonio.

Other church visitors on Father's Day were Mr. and Mrs. Ray Tampke, of Freer, their daughter and their 5-month-old son.

Mr. and Mrs. Paul Troysler had their old time friends, Mr. and Mrs. Charles Fowler of Lubbock as house guests and church visitors.

Guests of Mr. and Mrs. Hawkins over Father's Day were their children, Richard and Marva Ann Hill of Corpus Christi.

Michael Cornelius, and two children, the son of Bill and Doris Cornelius, who served 2 years overseas in Signonella Sicily Naval Base, arrived in Washington D.C. May 16. They were met by the children's grandfather, Mr. Norris and spent three weeks in Lexton Park, Mo., getting all the paper work straightened out.

Michael arrived here June 11 for a few days visit with his parents, before entering school on instruction duty for five weeks at Memphis, Tenn. He will then pick up his children in Maryland and bring them for a visit with his parents while he is stationed at Chase Naval Base, Beeville.

Lecil and Ruby Howard enjoyed having their three children, Iona and J.B. Alley and daughters of Uvalde, Dahl and Gale and family of Kerrville and Tommie and Barbara and family of Sabinal as Sunday afternoon visitors and supper guests.

TEXANS WARNED OF SPOTTED FEVER

John Hughes of Vanderpool sent the Bulletin this clipping from the El Paso Times which may be of interest to our readers.

The death of a Thorndale boy from Rocky Mountain spotted fever has brought a warning from a state Health Department official that Texans have to take precautions against ticks.

Floyd Roberts, Jr., 4, died recently of the tick-borne disease at Scott and White Hospital in Temple, where his sister, Michelle, 6, now is hospitalized with the same illness.

Dr. Michael Taylor of Temple, a Health Department veterinarian working on the case, said about two dozen cases of Rocky Mountain spotted fever are reported in Texas each year, mainly around Dallas and in East Texas, and deaths are rare.

Symptoms include a fever and rash, along with aches, and the disease can be misdiagnosed.

He said there is little the Health Department can do to eradicate ticks. Taylor suggested checking lawns and pets for ticks and using insect repellents.

"The main thing is to keep checking for ticks every four hours," he said, because a tick must stay attached for six to eight hours to transmit spotted fever.

Medina NEWS

Mrs. Orville Wier

TO PRECINCT NO. 3 VOTERS

I want to thank each of you from the bottom of my heart for the confidence you placed in me by voting for me and all the other things you did to help me in so many many ways. It is very rewarding to know I have so many friends who still believe in the same principles that I hold dear to my heart, equal justice for everyone under the law. These are the things that have made our nation great.

Even though I didn't win, I still gained a lot of knowledge and experience that I could not have gotten any other way.

Thank you once again for your support.

Stella Keese

Mr. and Mrs. W.C. Johnson of Medina are the parents of a boy, born June 15 at 4:10 p.m. in Sid Peterson Memorial Hospital in Kerrville.

Bandera Results on the Texas Assessment of Basic Skills Test (TABS) Is Given

In February and March Bandera 5th and 9th grade students took the TABS test, a criterion-referenced or objective-based instrument designed to measure subject matter skills in reading, writing (composition), and mathematics. Approximately 500,000 students from across Texas took this required test. Each student competed against the objectives on the test itself, not against other students. A person's scores indicated that he mastered or did not master the objectives in each major skill. In order to master he had to answer 3 or 4 questions correctly which were asked on each objective.

The ninth grade test is an exit level (high school completion) test. Students who demonstrate mastery of the minimum level skills set by the state at this level of school do not have to retake the test. All others have three additional years to correct achievement deficiencies. Bandera will give all non-masterers the opportunity to retake the assessment instrument each year the assessment instrument is administered.

Overall, the ninth graders with 79 students taking the test, did well with 73 percent of them mastering math, 72 percent reading, and 62 percent writing. Plans have been made to give non-masterers additional assistance next year through curriculum planning and staff development. Such activities include scheduling them into basic English and mathematics classes, obtaining motivating filmstrips and tapes to encourage better work, and giving teachers specific objectives to emphasize next year.

The chart below gives the percentages of students in the fifth and ninth grades who mastered each given objective on the TABS test. For example, 97 percent of the ninth graders mastered adding and subtracting whole numbers by correctly answering three questions in that area. Writing was scored differently. In addition to multiple-choice questions, students wrote short essays demonstrating penmanship and the ability to organize ideas.

Ross Family Reunion Held

On Saturday, June 14, the families of the eleven children of John H. Ross and Caroline Ross enjoyed a day together with a barbecue at the R.L. Walker ranch near Medina. The six brothers and sisters, Edd Ross of Weatherford and his twin brother, Fred Ross of San Antonio, Caroline Stevens of Corpus Christi, Nora Thallman of Bandera, Inez Havins of Burleson and Clyde Ross of San Antonio enjoyed visiting with more than 90 family members, some coming from as far as Oklahoma and California.

A full day of visiting, picture taking and good food was topped with a tour of John Steen's River Ranch, the early day home of the John Ross family and the birthplace of the Ross family where this group of brothers and sisters grew up.

The group also visited the old home of their grandparents, Judge and Mrs. Edward M. Ross, on Julian Creek, which is now owned by Mr. and Mrs. Albert Alkek.

They were delighted with their visit to these historic homes and the courtesy of the Steens and Alkeks for their invitation to visit the beautiful old homes.

Mullers Hold Reunion

The Muller family reunion was recently held in Houston and those attending from Bandera were Buster, Joyce and Kim Quarles, Bubba and Shelly Quarles. Gene and Yvonne Quarles and girls from Kennedy also attended. Others came from Fredericksburg, San Antonio, Schertz, New Braunfels, Katy, Pasadena, and Houston.

Jesus Christ tells it like it is. He never deceives us with false promises. He tells us His way is not easy or cheap. He says, "For the gate is small, and the way is narrow that leads to life, and few are those who find it." (Matthew 7:14) The only way to real freedom is to discover spiritual truth in Jesus Christ. There is no need to be slaves to vicious habits or attitudes. Jesus Christ says, "You shall know the truth, and the truth shall make you free." (John 8:32) Those who belong to Him are free. They are free to say "No" to things that hurt self and others. They are free to say "Yes" to His will.

Faris Named By SWCD

Alton Reininger, SWCD director, congratulates Harvey Faris of the Bandera Ranch Store as Raymond Hicks, also a director, looks on.

Harvey Faris, manager of the Bandera Ranch Store, was selected Outstanding Business-Professional Man in the Bandera Soil and Water Conservation District (SWCD) for this year. He was presented a plaque by Raymond Hicks and Alton Reininger, directors on the SWCD board.

Faris includes conservation ideas when working with landowners or operators on their livestock feed programs and often refers them to the SWCD for assistance with conservation problems. Census '80 Asks 'Were You Counted?'

Were you counted in the 1980 Census of Housing and Population?

If you think you or your family might have been missed, fill out the "WERE YOU COUNTED?" form printed in today's newspaper as a public service. Cut it out and return it by mail to U.S. Census Office, Hacharda Annex, 1102 Farragut, Laredo, Texas 78040. The form will be checked against the master address list for your area so there is no chance of an individual or household being counted twice.

This appeal to the public is made by Arnold Garcia, manager of the Laredo area District Census Office. Garcia says that the "WERE YOU COUNTED?" campaign is an additional effort to insure that no one is overlooked during the 1980 Census.

A few days before April 1, Census Day, questionnaires were mailed to all residential addresses in this area. They were to be filled out and mailed back on April 1. Since that time, the Census Bureau has hired and trained local residents as census takers and sent them out to call at homes from which no questionnaires have been received. They are also now contacting households that have returned inadequately filled-out questionnaires to gather complete information. The Census Bureau hopes that any households missed in these previous operations will respond during the "WERE YOU COUNTED?" campaign.

Garcia noted, "A check is now being made to ascertain that a questionnaire for every known household has been completed and shortly we will be able to turn over to local officials the population counts for their communities."

These preliminary population counts will be subject to a review by local elected officials. The purpose of this Local Review Program is to give city and county officials an opportunity to spot errors while census workers are still in the field. This allows the Census Bureau to recheck any questioned population counts and should contribute significantly to the accuracy and success of the 1980 Census.

Garcia also pointed out that local officials will see only the population totals for their communities, not the census questionnaires containing personal information, which are kept in complete confidence.

From beautiful Lakehills comes the thought for the week: Character is better collateral than capital.

Last week I said that Warren Bowen bought first place chili at Pop's chili cook -off. That was an error (unintentional). Mico Fire Department bought the first place chili at the auction. Warren Bowen was the first place winner. Sorry.

Thanks For Your Support

St. Victor's Chapel would like to thank all businesses and persons that donated prizes for the raffle and bingo for our annual festival, to everyone that donated cakes for the cake booth, items for the country store and auctions, and to everyone that helped and spent the day with us.

A special meeting was held for the members of the Lakeshore Volunteer Fire Department this last Sunday morning. The group present listened to descriptions of four different tracts of land and then made a unanimous decision on one of the offers.

The offices of secretary and treasurer have been separated. Harold Bentley will continue as treasurer and Fran Hildenburg was elected as the new secretary. There had been one secretary resign recently, so Bill Haynes was elected to be the new director.

LVFD Wins Five Trophies

There were 30 persons from the Lakeshore Fire Department who went to Tarpley Sunday afternoon to see the pumper races. Kim Miller, Midge Santagelo, Mary Kay Andress, Al Strong, Delbert Milton, Warren Bowen, Lloyd Bastin, Mark Hall and Allen Haley all participated in the [illegible] winning one first place and three seconds. Because of the good turnout, [illegible] also won mileage trophy. Other fire departments represented were Pipe Creek, Medina Lake and Mico. Dick Newman, our official photographer, was there taking pictures of all the proceedings for the scrapbook and anyone who couldn't be there Sunday will surely enjoy seeing the pictures when they come in.

Fire Training Meeting

The largest group thus far attended the fire training on Wednesday morning. There were 18 participating in the training program this week. Everyone is reminded that training is held every first and third Wednesday at 10 a.m. It is hoped that more people will attend the next meeting on July 2 so they will know the procedures whenever the fire department is called.

Fire Department Party

The party on Wednesday night for the people who had worked on the Barbecue and Flea Market was a lot of fun for all who attended.

Some 65 persons enjoyed the barbecue chicken and all the other delicious food brought in. And a big "Thank You" to Bob and Linda of the Copper Lantern, who donated the keg of beer. They continue to help the fire department in so many ways and it is appreciated very much.

Duquettes Attend Republican Convention

Mr. and Mrs. Louis Duquette have returned from Houston where they attended the State Republican Convention. Mr. Duquette was one of the delegates from Bandera County.

Delbert Milton of Kinney, Minnesota, arrived this week and is staying temporarily with good friends, Joy and Lloyd Bastin. He has gone to work for Roger Stevens and is presently desperately looking for a place to live at Lakeshore as his family is due to arrive this week.

Visitors from Dayton, Ohio

Visiting from San Antonio

Buddy Pinson was happy to have his son and wife, Ken and Jan Pinson, come to visit on Sunday.

Visiting Wayne and Fran Hildenburg on Saturday was Linda and family, Mr. and Mrs. Jerry Hildenburg and Jeremy, and then on Sunday Mr. and Mrs. on Jones, Joshua and Aaron came to visit. Mrs. Jones is their daughter.

Linda is the daughter of Mr. and Mrs. Buddy Pinson and they are thrilled to have this new little granddaughter. She has one brother, Justin Lee, who is three and a half years old. Mrs. Pinson is in New York at the present time to be with her daughter, and Buddy is leaving this week to join her.

Enjoy Fish Dinner

Mrs. Lucille Williams entertained a group of friends from the Palm Heights Baptist Church in San Antonio this last week. Present were Freda Heisler (formerly of Bandera), Dorothy Hatfield, Pauline Reynolds and daughter Betty and nurse, Murel Jackson. Winnie Chaddock of the First Baptist Church of Bandera was also a guest. And assisting Mrs. Williams with frying the fish was Warren Bowen of Lakeshore.

Admitted to Hospital

Sorry to report that when Mrs. Joy Bastin went to the hospital on Thursday for a checkup, that she had to be admitted to the hospital for treatment. Then on Thursday night she underwent surgery and at latest report isn't feeling too well. Surely hope that she will improve this week and can return home soon.

Hildenburgs Return...Home

Steve, Sallie and Chris Hildenburg have been here the past couple weeks visiting with his parents, Mr. and Mrs. Wayne Hildenburg, and also with other friends here at Lakeshore. So everyone would like to say goodbye and hope you can come back to visit again soon. Thoughts

One trouble with trouble is that it usually starts out like fun.

****

A half truth is a whole lie.

****

The best way to be understood is to be understanding.

****

Unhappiness is in not knowing what we want and killing ourselves to get it.

****

What is the use of running, when you are on the wrong road?

****

It is twice as hard to crush a halftruth as a whole lie.

****

Small ills are the fountains of most of our groans. Men trip not on mountains, they stumble on stones.

Senior Citizens News

Bandera Senior Citizens Council will host a Mini White House Conference on Aging at the Senior Citizens Center on July 8 at 1 p.m. The conference will follow the July birthday luncheon.

Our birthday luncheons are held on the second Tuesday of each month to honor our Senior Citizens that have a birthday during the month. Those without their birthday during the month will bring a covered dish.

Program manager Frank Adamo of the Alamo Area Council on Aging will speak briefly about the 1981 White House Conference on Aging.

Ronald Roberts and Frank Adamo will conduct a program to obtain your thoughts and recommendations for subjects, topics and issues you would like to be considered by the National Conference in December 1981. The end result of this will be congressional legislation and governmental activities pertaining to Senior Citizens. This is a good chance for you to express your opinions.

This meeting is not restricted to the Senior Citizens, but is open to all. How do you feel about economic well-being of older Americans? Health care? A more comprehensive 'social service? Housing? Retirement? Employment? Overcoming aging stereotypes? All ages need to think of these things. Come speak up.

A record of the results of this meeting will be forwarded through the state and other channels to the White House Conference on Aging. Let's let them know we are interested.

Our monthly clinic will be held at the Senior Citizens' Center on July 2. This is a good opportunity to get a free check-up, so we urge our community to participate.

We will be closed on July 4. Please note this on your calendar.

Our monthly birthday dinner is July 8. This is one of our big events each month. There will be games; fun and fellowship. Please come and bring a "citizen" to come for lunch each day.

PUBLIC NOTICE

All Developers and Subdividers planning projects in Bandera County are urged to obtain and follow the Regulations Governing Subdivisions in Bandera County. Failure to follow these established regulations will almost certainly result in costly delays. Some of the most critical items are:

1. Written request to proceed accompanied by a statement from Bandera Electric Cooperative that electricity will be furnished.
2. Utility easements indicated by survey.
3. Road dedication indicated by survey.
4. Construction and maintenance bonds on roads.
5. All lots or tracts adequate in size.
6. Plats to be drawn to a scale of 200 feet to the inch, on 18" by 24" sheets. A key map shows the entire area to be drawn on U.S.G.S. maps which are available in the County Judge's Office.
7. Compliance with Bandera County Regulations covering sanitary facilities and water wells.

These directives, most of which have been in force since 1972 by order of the Bandera County Commissioners' Court, are available for any developer at the office of Permits and Inspections, County Courthouse. I urge all concerned to obtain this document and follow it closely during the course of your planning and development schedule.

why is it.....
A man wakes up on the morning after sleeping under an advertised blanket on an advertised mattress and pulls off advertised pajamas. Takes a bath in an advertised tub, shaves with an advertised razor, washes with an advertised soap, puts on advertised clothes, sits down to breakfast of advertised coffee, puts on an advertised hat, rides to his office in an advertised car, writes with an advertised pencil . . . Democrats Report On Convention

Representing Bandera County Democrats at the Texas Democratic Convention last weekend, June 20 and 21, were Teresa Prater of Lakehills, County Judge Rein VanderZee and Telvy Robbins of Bandera. The three are members of the 25th Senatorial District, the largest in the state, stretching north to Midland, east to New Braunfels, south to Uvalde and west to Presidio and beyond.

Even though coming from a county with only three delegates, as compared to several counties with representatives numbering more than 20, Bandera County was able to place two of its delegates, VanderZee and Prater on important convention committees. In these committees the work of the convention is done, and later ratified by the convention as a whole.

There are six committees and each senatorial district is allowed one representative per committee. Therefore, Bandera County controlled one third of the committee seats for the entire senatorial district (3 of 6).

VanderZee was a member of the committee to recommend nominees for national Democratic committeewoman and committeeman. Because of the political importance of these posts, he was under considerable pressure throughout the convention from the campaigning candidates for the positions.

Prater served on the committee on resolutions, a group charged with submitting various interest groups demands in the form of resolutions to the convention as a whole for ratification. Debated in the committee, which met for eight hours, were pro and con resolutions on subjects as diverse as nuclear energy, national, health insurance, migrant workers' rights, gun control, the Equal Rights Amendment, etc.

Although not placed on a committee, Robbins represented Bandera County as a member of the 25th District on the floor of the convention.

Aside from committee and 25th district business, the three Bandera Delegates heard speeches from Attorney General Bob Krueger, Lt. Gov. Bill Hobby, Jim Granberry, Gen. Mark White, former U.S. Senator Ralph Yarborough, former Atty. Gen. John Hill and one-time candidate for Governor, Francis "Sissy" Farenthold, and were able to talk to many of them during the two days of the convention.

VanderZee, Prater and Robbins are also Bandera County delegates to the Fall Texas Democratic Convention to be held in Houston Sept. 26 and 27. Reported

Forms Available

Nomination forms for the 1980 Family Land Heritage Registry have been received in Bandera by Mrs. Don Tobin, chairman of the Bandera County Historical Commission. Sponsored by the Texas Department of Agriculture, the registry lists farms and ranches continuously operated by a single family for 100 years or more. Bandera County families who believe their places qualify, should contact Mrs. Tobin at 796-4420.

Several Bandera County farms and ranches have been listed over the years in the registry, which is updated annually.

A THOUGHT FOR THE WEEK

By John M. Grimes

Did it ever occur to you that God left many things undone in this world? Evidently this is by divine intention. Perhaps God arranged things this way in order to keep us creatively busy. . .

Recently I came across words of an unknown author. I pass them on to you with the conviction that they will be helpful. . .

"The wisdom of God is shown in that he left the world unfinished that we might have the interest and delight in taking the Raw Material and putting the world together. He left the oil in the trap rock; the paper in the pulp; the electricity in the clouds. He left the forests unfelled; the mountains unsurveyed; the canals undug. He left the field unplowed and unplanted. He left the music unwritten, the poetry undreamed. He left mind and character unperfected, that we might really be the children of God . . . created in His own image, with latent powers to take the Raw Material and put the old world together."

We are made in God's image and after his likeness. We are partners with Him—creatures honored by being allowed to be His colleagues. Isn't this both a responsibility and a privilege?

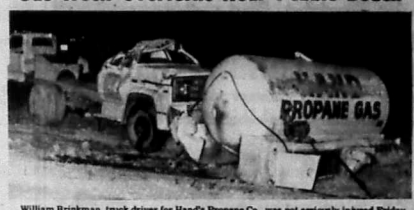
Thermometer Registers Record High

The thermometer at the First State Bank's time and temperature sign registered 113 degrees Friday afternoon, as recorded in this photograph. Unseasonally hot temperatures that have plagued most of Texas recently have not missed Bandera County. Fields, pastures and lawns are parched from the high temperatures and lack of rain.

While the 113 degree reading is not official (Bandera County's U.S. Weather Observers at the Soil Conservation office have an official rain guage, but no thermometers to record high and low temperatures) most citizens will agree that the high temperatures are unusual. Many years in Bandera County the temperature never reaches the 100 degree mark all summer long and 90 degree highs are fairly unusual during June.

Notice



The Board of Trustees of the Bandera Independent School District will meet in regular session on Tuesday, July 8, at 7:30 p.m. at Bandera High School.

"As an observing resident, I sincerely hope that the unions will leave us alone here at Purple Hills. When there is a shortage of help in one department, someone from another department cheerfully and efficiently fills in. For instance lately, I observed one of the laundry aides taking residents down to activities and later saw her hammering on a wobbly dining room table 'till it stood firmly."

We welcome Mrs. Lydia Smith to our family. We hope she enjoys her stay with us.

Mrs. Mihok Writes From Florida

We were pleased to have a letter this week from Mrs. Leeta G. Mihok, a former Bandera resident, who is now residing in Winter Park, Fla. She writes, "Hi to everyone. I wait every week for the arrival of the Bandera Bulletin so I can get the news of all my friends. This is a lovely place where I live. The Venetian Garden has all kinds of beautiful flowers, blooming right out-side of my patio. It is a georgeous place. Last November I fell and broke my hip, and I am recuperating nicely. Please say 'hello' to everyone for me." Mrs. Mihok's address is Leeta G. Mihok, 1201 Village Lane, Winter Park, Fla. 32792.

Thoughts

MY FATHER IS A RICH MAN

He has given me priceless jewels:
A brilliant sapphire ring,
A tiny silver locket
I wear with everything,
A crown that holds, in elegance,
A costly stone of old,
And a rare and precious treasure
From a case of purest gold.

The jewels are years of happiness
Knowledge, is the ring,
Humility, the locket
I wear with everything,
Pride the crown of elegance,
Faith, the stone of old,
His love, the precious treasure,
His heart, the case of gold.

Lakeshore NEWS

Glenda Haley
796-4945

Tuesday was a red letter day for the Lakeshore Volunteer Fire Department because the papers were signed, buying the lots that had been chosen at the recent meeting of the members. These lots are located in the drive coming into Lakeshore and will be an ideal location for the fire station. Then on Wednesday and Thursday morning a group of workers gathered to begin cleaning up the lots. Many thanks to the following people who showed their support of the fire department by working so hard on the cleanup: Irene and Butch Highnote, Fran and Wayne Hildenburg, Bill and Doug Burge, Joe Baker, Jerry and Terry Hodges, Bethel Lackey, Glenda and Allen Haley, Lloyd Bastin, John Portman, Dick Newman, Earl Evans, Warren Bowen and Doris and Louis Duquette. And Marie Bentley took pictures to have for the scrapbook.

SPECIAL BULLETIN

There is now a place for everyone to leave their aluminum cans if you want to donate them to the fire department. Lloyd Bastin built a container which is located right behind his mail box along the fence. He asks that you put your cans in plastic bags and leave them there and he will take them in to sell. This money from the aluminum cans has been designated to buy gas for the fire truck.

Doug and Chris Smith have just returned from a two-week vacation in Tampa, Fla. While there, they enjoyed visiting with his mother, Mrs. Hortense Stensaker and also his brothers, Ken and Dick Smith. They also stopped in Boston, Ga., to visit an aunt, Mrs. Pearl Williams. Accompanying the Smiths on this trip was Mrs. Eva Mickna of Kerrville.

Congratulations to Roy and Wanda Lich. They are so happy to have their very first grandchild, a baby boy, named Brian Temple Henderson. Brian is the son of Rhonda and Rusty Henderson of Kerrville and he was born on June 12 which is the Lich's wedding anniversary. Very best wishes to all.

Mr. and Mrs. Ronnie Richards and family and their good friend, Ruth Shaw, are all enjoying a vacation in Wyoming.

Warren Bowen has been nicknamed "chili king" since winning the chili cook-off recently so he decided to invite some friends to a chili supper on Monday night. Those present and enjoying the meal were Irene and Butch Highnote, Louise Williams, and Bill Burge.

Welcome to Mr. and Mrs. Myron Jones and son, Wayne, who have moved here from Chicago, Ill. So glad that you decided to make Lakeshore your new home and hope you will enjoy living here. A friend of Wayne's, Don Elam of Chicago helped with the move and is spending a few weeks visiting with them.

Mary and Floyd Portman are here visiting his brother, John Portman, and his sister-in-law, Mrs. Portman, and husband, Dick and Deanie Newman. They live in Arlington, Va., and he works in Washington, D.C. We understand that they will be moving here when he retires in a couple of years.

So glad to report that Lyn Sturm is home again after spending several weeks in the hospital and is recuperating in her daughter's home. Her daughter and family, Penny and Lynn Faslar and children, brought her home this last week. Lyn says that she is feeling much better now and everyone hopes that she will continue to improve and will be really well again.

Joy Bastin is home from the Bexar County Hospital in San Antonio. She is feeling much better and it is hoped that this well be the last hospital stay for Joy for a long time.

Gene Peckins of Arlington, Tex., has been here visiting with his friend, Earl Evans, this last week.

Everyone is reminded that this Saturday, July 5, is the monthly covered dish dinner at the Copper Lantern. There will be special music for your dancing and listening enjoyment.

Pipe Creek NEWS

Robert Klein
535-4054

Pipe Creek's Justice of the Peace, Ed Jennings, performed the hottest marriage ceremony of his career this past Saturday, June 28, 1980. It was 104 degrees under the "Marrying Oak" in back of Ed's store when William Johnson and Betty Addie were joined together in the holy bonds of matrimony. Best man was Gerald Johnson and the matron of honor was Paula Matthews. All parties held up real well in the extreme heat and the wedding ceremony went off with only one hitch.

Navy Airman William R. McMullen, son of George W. and Shirley McMullen of Pipe Creek, has returned from a deployment in the Western Pacific and Indian Ocean.

He is a crewmember aboard the aircraft carrier USS Coral Sea, homeported in Alameda, Calif. While deployed, the ship operated as a unit of the U.S. 7th Fleet.

During the seven-month cruise, the Coral Sea steamed more than 71,000 miles as it also conducted operations in the Philippine, East China and South China Seas.

The Coral Sea spent 102 consecutive days in the Indian Ocean, more than doubling its previous record of 50 days in 1972 while operating in the Tonkin Gulf.

The Coral Sea is 979 feet long, carries a crew of 2,600 and can accommodate 2,700 personnel and 75 aircraft assigned to an attack aircraft wing.

A 1977 graduate of John Jay High School, San Antonio, McMullen joined the Navy in August 1976.

Bradford Promoted

Donovan Dean Bradford, son of Rilla Stephens of Bandera, was promoted to the rank of boiler technician third class in the U.S. Navy on April 16. Bradford is shown being awarded his certificate of appointment by Cdr. T.E. Ferguson on board the U.S.S. Roark.

An Invitation

Frank and Carolyn Maier invite you to attend a reception honoring his parents, Joe and Hallis Maier, on their 50th wedding anniversary.

It will be held at the Bandera Recreation Center at Mansfield Park on July 4 from 3 to 5 p.m. No gifts, please. 52-1tc

A TRIBUTE TO JOHNNIE THOMPSON

A tribute to a life long resident, friend and neighbor, Johnnie Thompson, was held at the street of the evening performance of the Utopia rodeo, 28 June 1980.

After the colors had been posted and the officials had been recognized, Kelli Goodson rode into the arena leading a horse with an empty saddle. Kelli positioned herself and the horse she was leading between the flag bearers. The tribute, which follows, was read by Hoyt Foster.

Tribute to Johnnie Thompson

There's an empty saddle in the canyon tonight! One of the greatest of the old time cowboys was laid to rest in Vanderpool Cemetery this afternoon. Johnnie Thompson never missed a Utopia Rodeo and Barbecue. As a young man he rode and roped with the best of them. As the years passed he came to visit with friends from all over the area and to "see what these young cowboys can do with a rope." He and his four brothers - Hale, Tex, Hub and Curley, affectionately known as the "Thompson Brothers," became a cowboy legend in their own time. No Utopia Rodeo ever really got going until they arrived, handsome men in Stetsons and boots. To see Johnnie astride old Paint was like poetry in motion, man and horse almost as one.

Johnnie has gone to the big Roundup to join the canyon's other old time great cowboys, Will Robinson, Willie and Newman Patterson, Rollie Harper and brother, Ham Thompson.

It's easy to believe his faithful old paint horse will be waiting for him, and that Johnnie will say, with a twinkle in his eye, "How about gettin' up a little matched goat ropin' boys! Us Sabinal Canyon boys against you cowboys from the Frio! I don't think they'll care up here for us havin' a little fun on our old ponies."

It is also easy to believe God will smile and say gently--"You boys go right ahead."

Rev. Homer Stevens then gave the invocation starting with a moment of silence in memory of Johnnie. The National Anthem was then played after which Kelli led the procession front the arena.

Kelli Goodson is the 9-year-old great-granddaughter of A.W. (Wilson) Clayton. The horse with the empty saddle was furnished by Sally Lofton. The tribute to Johnnie was written by Annalee Burns. 52-1tp

Note of Appreciation

I wish to express my sincere appreciation to the neighbors, friends, and relatives who were so thoughtful while I was a patient in Nix Memorial Hospital in San Antonio and since I've returned home.

I wish to especially thank Mrs. Gloria Cummings who drove for me.

Sincerely,
Geraldine Cemba Thallman

Card of Thanks

I wish to thank my many friends who were so kind to me while I was in the hospital and since coming home. I thank all who sent the beautiful get well cards, for food and for the many visits after I returned home. May God bless each of you for your many kindnesses shown me.

In Memoriam

Johnnie A. Thompson

Johnnie A. Thompson, age 77, well-known rancher of Utopia, died Thursday, June 26, in the North East Baptist Hospital in San Antonio. He lay in state at Rushing-Estes-Knowles' Funeral Chapel in Uvalde until Saturday, June 28, when he was brought home to Utopia for last rites at the Utopia Methodist Church. He was laid to rest in the Vanderpool Cemetery.

Thompson was married on February 19, 1921 to Gaynelle Norman who preceded him in death on September 4, 1972.

On February 6, 1976, he was married to Alice Coultas in Utopia.

His survivors include his widow, Alice Thompson; five daughters, Mrs. John (Mayzelle) Ross of San Antonio; Mrs. Dalton (Naoma) Oliphant of Port Handcock, Tex., Mrs. George (Jonnie) Bowers of Austin, Mrs. Tennie Margarette Langlinais of McQueeny, and Mrs. Dugie (Reva) Mobley of San Antonio; 14 grandchildren and five great-grandchildren; one sister, Mrs. Claude Wood of Dilley; three brothers, Lon Thompson, Hub Thompson, and Curley Thompson of Utopia; and numerous nieces and nephews.

Pallbearers were all grandsons: John Ross, Jr., Michael Oliphant, George III, Robert W. and Larry Bowers, Timothy Langlinais, and Grady and Steven Mobley.

Orley H. Keese

Funeral services were conducted June 13 at 3 p.m. in Mission Funeral Chapel in Menard for Orley Henry Keese. Ed Hamil, minister for the Brady Church of Christ, conducted the service. Keese was laid to rest in Rest Haven Cemetery in Menard. He passed away on June 11 at 6:30 in the Brady Hospital.

He was the oldest child of the late Mr. and Mrs. O.A. Keese, former residents of Medina. He was born September 24, 1908, in Kimble County and had lived in Menard County since 1927. He was married to Inez Lambert on June 28, 1941, in Richland Springs.

He was a retired service station owner.

His survivors include his widow, Mrs. Inez Keese of Menard; one daughter, Mrs. Paul (Neva) Kothmann, also of Menard; one son, Wade Keese of Glen Rose; three brothers, Arthur Keese, Ollie Keese and Morgan Keese, all of Menard; one sister, Mrs. Gordon (Angie) Walston of San Angelo; four grandchildren, Lynette, Loretta, Louis and Rex and one great-grandchild, Justin.

Honorary pallbearers were Max Menzies, Comer Linn, Edgar Bradford, William Carter, Melvin Decker, Lawrence Castleberry and Virgil Smith.

Orley Keese lived in the Medina and Lima communities in his youth and will be remembered by many friends and relatives in this community.

We extend our deepest sympathy to his bereaved family in their sorrow.

Michael Moravietz

Michael Moravietz was born January 22, 1904 in New York and came to Bandera 69 years ago. He died in Purple Hills Nursing Home June 29, following an extended illness.

The life story of Michael Moravietz reads like interesting fiction. Michael Sweeney was an orphan in New York and was sent by the Catholic Church to Bandera to Mr. and Mrs. Tom Moravietz, a beloved couple, who had no children of their own and were happy to have the little boy of six years become a member of their family.

Michael grew to young manhood here and on November 22, 1933, was married to Wanda Hohenberger at St. Stanislaus Catholic Church. He was a good husband and the couple enjoyed ranching and farming in the Bandera community. He was highly esteemed by neighbors and friends. He lived quietly and worked hard. For more than ten years he was associated with Joe Greene in the construction business. In speaking to a Bandera Bulletin reporter Monday, Greene had the highest praise for Michael and said he was one of the best employees he had ever had. "He was honest, fair and totally reliable. He was a fine man," said Greene.

Rosary was recited at Grimes-Plummer Funeral Chapel Monday evening at 7:30 p.m. and mass was celebrated at St. Stanislaus Catholic Church, Tuesday, July 1, at 3 p.m. with Msgr. Ralph Smith, celebrant. He was laid to rest in the Tarpley Cemetery. Casket carriers were, Elmer Hargrove, George Callery, Ed Mauldin, Maj. Clements, Willie Schmidt, and Leonard Hohenberger.

Mr. Moravietz's only survivor is his widow, Mrs. Wanda Hohenberger Moravietz of Bandera.

Ruth Knoggs

Many friends here learned with sorrow of the death of Mrs. Fred (Ruth Callahan) Knaggs, who died Tuesday, July 1, in Sid Peterson Memorial Hospital in Kerrville following a long illness.

Mrs. Knaggs was born January 17, 1921, in Bay City, the daughter of Drs. E.T. and Ruth Cannon Callahan. She had lived in Bandera for about 20 years.

On December 31, 1950, she was married to Fred Knaggs here in Bandera.

Mrs. Knaggs had engaged in the real estate business here for several years.

She is survived by her husband, Fred Knaggs of Bandera; father, Dr. E.T. Callahah of Bandera; one brother, Leroy Callahan of DeQueen, Arkansas; and several nieces and nephews.

Funeral services will be held today, Thursday, July 3, at 10 a.m. at Grimes-Plummer Funeral Chapel. She will be laid to rest in the Bandera Cemetery.

Mrs. Knaggs was a member of the Christian Church and Order of the Eastern Star.

PLAY IT SAFE DON'T PLAY WITH FIRE!

A THOUGHT FOR THE WEEK

By John M. Grimes

In our 4th of July celebration we ought to thank God our fore-fathers were so deeply religious. Some of them could have made a name for themselves in the pulpit as well as in affairs of state.

For example, Washington wrote, "I am sure that there was never a people who had more reason to acknowledge a divine interposition in their affairs than those of the U.S." John Adams Wrote, "I have been a church going animal for 76 years, from the cradle". Franklin wrote "I believe in one God, Creator of the Universe" and it was he who moved, "That henceforth prayers imploring the assistance of Heaven be held in this Assembly every morning." Congress continues the practice to this day. Jefferson, during his trying days as President, began a writing, "The Life and Morals of Jesus of Nazareth." It was later translated into 3 languages. Alexander Hamilton, just before his duel with Aaron Burr, wrote his wife, "The consolation of religion, my beloved, can alone support you; and these you have a right to enjoy. Fly to the bosom of God and be comforted."

These sort of men founded our nation with faith. They differed in their religious beliefs but they all agreed the religion of every man must be left to the conviction and conscience of every man. This is our heritage. Let's give thanks for the "Faith of our fathers-living still".

Ellen Saner Davis

Mrs. Ellen Saner Davis of Boerne, aunt of Jack Saner of Bandera, died at the age of 86 years in a San Antonio hospital Tuesday, July 1. She was born in Boerne on September 3, 1893. Doe Gives Birth To Twins In Front Yard At Nicholas Home

C.D. Nicholas, who lives near Pipe Creek, reports a most unusual happening at his home Sunday, June 22.

His wife, Bettie, looked out the window into the front yard at about 4 p.m. and saw a doe lying about 30 yards from the house. Next to the doe was a newly born fawn about the size of a young cottontail rabbit. Nicholas said, "She proceeded to clean it up... and the second was born. Then she pushed and prodded them for the next hour until 5 p.m. and finally, after many attempts, they were able to stand up. It was quite comical to watch their attempts—front legs first, then finally the back legs, then they'd fall down. By 5:30 they could take a few steps and by 6 they were nursing with their little tails switching back and forth. Then about 6:15 or so she got them across the black top drive farther away from the house, but still in the short grass. They nursed and walked around for another hour and then she got them into the tall grass."

The twin's mother was born years before last Nicholas said, to a three-legged doe which had showed up at their place after hunting season in about 1968 or 69. These deer are not tame pets but are familiar visitors at the Nicholas home where they get water and supplementary feed.

State Property Tax Board Explains 'Truth In Taxation'

During the next two months a number of local governments throughout Texas will be publishing newspaper advertisements titled "Notice of Tax Increase."

The notices, which include the percentage of proposed tax increase, are required under the state's "Truth in Taxation" statute. They are intended to insure that taxpayers have notice that a jurisdiction's tax revenue is likely to increase, and that they have a right to appear at a public hearing to speak either for or against the increase.

According to Kenneth E. Graeber, executive director of the State Property Tax Board, the notice is required whenever a jurisdiction proposes to adopt a tax rate which is three percent or more above a maximum tax rate calculated by the jurisdiction's assessor. This maximum tax rate is a rate which would provide sufficient revenue for the current year's debt service and provide operating revenues equal to those of the prior year.

Graeber pointed out that some confusion exists due to the calculation and wording of the "Notice of Tax Increase." For this reason, many jurisdictions have chosen to run explanatory advertisements adjacent to the notice required by law.

"It is important that taxpayers be aware that the percentage of increase shown in the notice relates to the jurisdiction as a whole. A specific individual's taxes may increase at a greater rate, may remain the same, or may decrease," Graeber noted.

As an option, the jurisdiction may mail the notice by first-class mail to each registered voter. If published in a newspaper, it cannot be in the section with legal notices and classified ads.

At the public hearing, the discussion of the tax rate should be the only item on the agenda. Taxpayers should be given ample opportunity to express their opinions and discuss the issue with members of the governing body.

At the conclusion of the hearing, another record vote must be taken for the purpose of a second public notice. In addition, the officials must orally give the date, time and place of the meeting to adopt the tax rate. The second notice will be identical in form to the first except it will include a statement that "a public meeting to vote on the proposed increase will be held on (date), (time) at (meeting place)."

The second notice must specify a date which is not sooner than the 3rd day after the public hearing and not later than the 14th day. If the meeting to adopt the higher rate is not within 14 days after the public hearing, then a new public hearing must be held and notice properly given.

At the final meeting, at which the vote to actually adopt the tax rate is taken, other items of business may be on the agenda. Again, however, the vote of the tax rate must be separate from the vote on the jurisdiction's budget.

Popham Is Delegate

Raymond Popham, senior at Bandera High School, will be one of the 180 Texas delegates attending the 1980 Future Homemakers of America National Youth Leadership Meeting, July 14-17, in St. Louis, Mo. Representing more than 62,000 members of the Texas FHA Association, he will be among approximately 2,000 delegates throughout the nation attending the four-day conference.

Popham is currently area vice president in charge of recreation and local officer ex-officio. Last year he served the local chapter as president.

Charlie Montague returned this past week from several weeks stay in the hospital in San Antonio where he underwent major surgery. At last report he was making fair recovery. Many friends here wish for him a speedy recovery.

Be Careful With July 4th Fireworks

Texas Safety Association suggests that attending a public fireworks display would be an enjoyable and safe way to celebrate the Fourth of July this year.

"Spectators can sit back, relax and watch the show—safely," said Dave Coslett, TSA president. "There would be so many fewer July Fourth accidents if people would only consider this alternative to playing with fireworks themselves," he added.

State Fire Marshal Ernest A. Emerson estimated that more than 200 persons in Texas will be injured by fireworks in 1980 and that at least 2,000 fires will be caused by "indiscriminate use" of the explosives.

Emerson noted that: "It's the young people who are most often victims of fireworks accidents." Figures from the U.S. Consumer Product Safety Commission support this statement. Last year, out of 8,028 injuries nationwide during the Fourth of July holiday, 44.5 percent were in the 5-14 age bracket.

In light of these statistics, Emerson emphasized the important role of parents in supervising fireworks handling.

"Until there is good enforcement of fire safety legislation, it's vital that parents do their own enforcement for the sake of the health and lives of youngsters," Emerson said.

Those who plan to play with fireworks should consider these safety guidelines gathered from the fire marshal and from the consumer product safety commission:

Always have adult supervision.

Read and understand directions before using any fireworks.

Ignite fireworks outdoors only, in a cleared area.

Wet down the area used for your display and keep a garden hose or bucket of water close at hand.

Ignite fireworks individually.

Move back after lighting the fuse and never attempt to relight or pick up fireworks that have malfunctioned. Douse them with water.

Never ignite fireworks in glass or metal containers.

Never experiment with fireworks.

TSA urges all Texans who get a "bang" out of playing with fireworks to handle them carefully this Fourth of July.

An Oklahoma friend from World War II days would like to locate Elsie Vargas who lived in Bandera in the early '40's. If you have any information about her or her husband, please call collect, 405-356-2762 or write Box 666, Bandera, Tx. 78003.

Rodriguez-Rios

Mr. and Mrs. Thomas Rodriguez. Photography by Lynn Post

St. Stanislaus Catholic Church in Bandera was the setting Saturday, June 21, for the marriage of Linda Christine Rios of Bandera and Thomas Rodriguez of Lakehills. The Rev. Ralph Smith officiated at the double ring ceremony. Dawn Newman played the nuptial music during the ceremony.

The bride is the daughter of Mr. and Mrs. Jose Rios of Bandera. Mr. and Mrs. Joe Rodriguez of Lakehills are the parents of the groom.

Sylvia Rodriguez was matron of honor. Bridesmaids were Virginia Rodriguez, Rose Martinez and Chayo Villanueva. Flower girl was Corina Diaz and Adam Diaz was ring bearer.

Attending as best man was Ricardo Lopez. Groomsmen were Andy Rios, Gilbert Juarez and Leo Serinea.

The bride, given in marriage by her father, wore a gown of white sheer over taffeta. The V-neckline and fitted bodice were appliqued with Alencon lace embroidered with seed pearls. Her floor-length veil carried the same design. She carried a bouquet of carnations, daisies and baby's breath with pink, blue and white streamers.

The groom wore a maroon tuxedo with matching accessories and boutonniere.

The bride's attendants wore floor-length gowns in pastel colors, with matching picture hats. Each carried a single long stemmed white rose. The groom's attendants wore tuxedoes and white boutonnieres.

For her daughter's wedding, Mrs. Rios wore a soft orange floor-length gown. The groom's mother wore a floor-length soft blue floral print. Both wore corsages.

Other attendants included Mr. and Mrs. Ramiro Gonzales, Mr. and Mrs. Eloy Diaz, Jr., Mr. and Mrs. Luis San Miguel, Mr. and Mrs. Abran Oranday, Mr. and Mrs. David Brown, Mr. and Mrs. Juan Garza, Gloria and Joe Rodriguez, Mr. and Mrs. Ralph Alfaro, Mr. and Mrs. Rudy Alfaro and Mr. and Mrs. Carlos Rosas.

A reception followed at Mansfield Park where the bridal party enjoyed a seated dinner. Two hundred guests enjoyed a five-tiered wedding cake with a bride and groom atop and the traditional groom's German chocolate cake. After champagne toasts and a buffet dinner, guests danced to El Conjunto de Juan Lopez band.

After a honeymoon in Corpus Christi the happy couple will reside in Bandera.

DKG Members Attend Lubbock Convention

Local members of The Delta Kappa Gamma Society International joined 1045 of their sister members from throughout Texas in Lubbock in Mid-June to observe the 31st Anniversary meeting of the International Society in Austin on May 31, 1929.

Mrs. Mary Rowlette of Lubbock, state president, selected Shakespeare's quotation from Hamlet as her convention theme: "To thine own self be true..."

Newly-elected president of 270 chapters met with area coodinators in a leadership development workshop to train them for their two years in office. Bernice Conoly of Portland, Ore., international president, discussed special challenges of this decade.

State and international scholarship recipients were introduced by Mrs. Donna McElroy, outgoing president of Epsilon Theta chapter, Naomi Snyder, incoming chapter president, and Yvonne Fenner, parliamentarian.

A special ceremony honored the dozen women who founded the society 51 years ago in Austin. Gaily-wrapped souvenirs marked each place at tables decorated with roses and brass candelabra.

A planning session for the next state convention took place following the regular convention. Members also discussed plans for a Texas Bluebonnet Breakfast set for the international convention in Detroit in late July when members representing nearly 150,000 members in the United States, Canada, Mexico, Guatemala, El Salvador, Puerto Rico, Norway, Sweden, Finland, Iceland, Costa Rico, The Netherlands, and Great Britain will hold a biennial meeting.

Local members participating in the anniversary celebrations included Annie McElroy, outgoing president of Epsilon Theta chapter, Naomi Snyder, incoming chapter president, and Yvonne Fenner, parliamentarian.

Rainbow Girls Attend Assembly

June 16, 17, and 18 marked the 57th session of the Grand Assembly of Texas Order of Rainbow for Girls. Three members from the Bandera Assembly attended this year, Valarie Pickett, chaplain, Dana Alanis, worthy associate advisor, and Ruth Becker, mother advisor. Dana and Valarie participated in the color guards at the grand assembly.

The three-day session opened Monday evening at 7 p.m.

Dana Alanis and Valarie Pickett attended the grand guard luncheon where Dana gave the response to the welcome. Mrs. Becker attended the mother advisor luncheon.

The session closed Wednesday morning. Wednesday evening new officers were installed.

Thursday was fun day for those from Bandera Assembly, for Mrs. Becker took the girls to the Galleria Mall where they shopped around and went ice skating.

It was an enjoyable week and the girls from Bandera assembly are looking forward to next year's grand-assembly session.

Plans To Attend Convention

Harvey Faris of Bandera Ranch Store of Bandera plans to attend the 1980 Grand National Purina Dealer Convention in St. Louis, Mo., this summer. Bandera Ranch Store in Bandera services Ralston Purina customers in this area.

The Grand National Purina Dealer Convention will be the largest and most comprehensive dealer meeting that Ralston Purina has ever had. Early estimates indicate that there will be about 5,000 people in attendance, including owners and managers from approximately 2,000 of Purina's strongest dealerships.

Students Named To Honor Roll

Students making the A and B honor rolls and the Distinguished Students list totaled 643 for the 1980 Spring semester at Tarleton State University, according to TSU registrar John Whiting.

Delegates Attend B&PW Convention

President-elect, Betty Dee, and vice president elect, Sylvia Berlad, of the Bandera County Business and Professional Women's Club attended the Texas State Convention of Business and Professional Women in San Antonio June 19-22 as delegates.

They reported the convention was both instructive and inspiring. They returned with ideas for programs that should prove of interest to the club members and those who are planner gated professional women in the local community.

The time and place of the monthly meeting will be announced at a later date. Mrs. Berlad said she hopes to see a large attendance in order that more can be reported about the state convention.

Films Will Be Shown At St. Christophers

The summer family movie season at St. Christopher's Episcopal Church will get underway this Friday, July 4, with the showing of "Johnny Tremayne." The film, with an exciting Revolutionary War theme, was chosen to fit into the Holiday mood of Independence Day.

The show will start just at deep dusk in the outdoor area behind the church, located on the Kerrville Highway. Episcopal Church wardens John Wheeler and Jan Hevenor suggest that show-goers bring their own lawnchairs to augment seating provided.

Movies will be shown each Friday evening through August at St. Christopher's and each Saturday afternoon at 2 p.m. at Purple Hills Nursing Home.

Other local church's have joined the Episcopal group in making the program possible.

Bandera Splits Doubleheader

The Bandera ball team won the first game 19 to 2. Kenney Witte was the winning pitcher. The Bandera Reds have hot bats in more ways than one. The Reds had 19 hits in the first game with Johnny Cardenas hitting a home run his first time up. In the second game Bubba Jennings started, Johnny Cardenas took over in the third inning, but the Reds couldn't pull it out although they tied it up in the 7th inning. The final score was 8 to 9. The Reds next game is July 12 here with Comfort starting at 2 p.m.

You baseball fans are missing a treat if you don't come out to see these boys play. Hitters in both games went as follows. Johnny Cardenas 5 for 6, Chuck Tondre 6 for 7, Kenney Witg 6 for 8, David Weynand 5 for 7, Bubba 3 for 6, Gary Rowlett 2 for 4, Jerry Cardenas 2 for 6, Jim Bob Robbins 2 for 7, Bubba Cheney 1 for 5, Russell Hevenor 0 for 1, Mark D'Spain, Jimmy Mangold and Chris Robbins drew walks. We wish to correct an error made last week. Johnny Cardenas was 2 for 3 in the second game.

At The Library . . .

Thanks to the Friends of the Bandera County Library, we now have new window blinds in the building and new books on the shelves! For the first time in months, we have been able to purchase some of the current best-sellers for Bandera County Library users. More new books will be ordered in the near future with the financial assistance of the Friends. A few of the newest books are The Spike by de Morchgrave and Moss, Sins of the Fathers by Susan Howatch, The Girl in a Swing by Richard Adams, No Love Lost by Helen Van Slyke, Rage of Angels by Sidney Sheldon, and others. Through the Texas State Library System, we have recently acquired Spanish lessons on cassett tapes. These are available for use in the library at our listening center.

The summer reading program is in full swing with 85 young readers working toward their goal of reading ten books. It's not too late to sign up, but the program will end on August 15. The Thursday story hours and movies, beginning at 2 p.m., have been a success, with 40 to 45 children participating each week. We have learned about dog obedience training during a demonstration and talk by Mary Bolan and her golden retriever, and we learned about tap dancing during a performance and talk by Anne Muller. The movies shown at 3 p.m. have been "Flight of the Gossamer Condor," "The Ransome of Red Chief," and "Phillip and the White Colt." This week's movie will be "Elsa and the Lioness." Adults are welcome. Remember, your library is one of the coolest spots in town!

Double Header Slated For Saturday

Everyone is invited to come out and watch the contest.

Don't Waste Water

Water users served by the Bandera County Water Control and Improvement District, No. 1, are urged to restrict their use of water as much as possible during this dry period, but no water rationing is planned at the present time, according to Melvin King, manager with the district.

While the water level is dropping steadily, it has not yet reached a critical low, he said.

Southwestern Bell Telephone Co. Requests Rate Increase

Inflation and the continuing need to pour billions of dollars into Texas telephone growth are prime factors in Southwestern Bell's request for $326.3 million in new rates filed with the Texas Public Utility Commission, according to a news release from Southwestern Bell.

"Our need for new rates is basic," said Doyle E. Rogers, the company's vice president for Texas. "As a utility company, we have no choice but to stay up with Texas' rapid growth. Billions of dollars are essential to meet that growth. We cut expenses. We gain revenue through increased sales. But soaring double digit inflation eats up all the gains we make. We're at the point where a request for additional rates is our only alternative.

"The $326.3 million is our full financial need," Rogers said. "Our case presented to the Commission supports that need."

If the request is approved, Southwestern Bell would net an overall increase of 11.65 percent in intrastate revenues. "Percentage increases for individual services will vary," Rogers said. "The 11.65 percent increase applies only to the overall revenue increase for the state, and not to specific services."

Rogers said Southwestern Bell has spent about $3 billion in construction in Texas during the past three years, and will add more than another billion this year.

"We have an investment in excess of $6 billion in Texas," he said. "It is imperative that we earn at a reasonable level on that investment in order to secure the additional huge sums necessary to continue growing with Texas."

In 1979, the PUC authorized Bell to earn 10.17 percent on its Texas operations. "We need to earn in the range of 12.5 percent in Texas to provide the incentive for investors to pour in the dollars necessary to provide continuing good phone service for the state," Rogers said.

Rogers pointed out that telephone rates have gone up at a much slower pace than other goods and services.

Bell standard rotary dial set, the increase would total $1.75 per month, $1.25 for the access line and 50 cents for the instrument. A one party, flat-rate residential customer using a standard TouchTone set would have an increase of $2.05 per month, $1.25 for the access line, 60 cents for the TouchTone instrument, and 20 cents for the TouchTone line.

In the proposal to modify the optional measured service offerings, Southwestern Bell would change the monthly allowance from number of calls to dollar amount.

Currently, depending on location, residential and business measured service customers pay a specific monthly rate. For that rate, measured residential customers receive 25 monthly calls, while measured business customers receive 100 monthly calls. Any calls over the allowance are charged for at 4 cents per call.

Under the proposal, measured service customers would continue each month to pay a specific rate, depending on location. However, instead of the 25 or 100 calls, residential customers would receive $1.85 monthly usage allowance while business measured customers would receive $3.80 monthly usage allowance.

The dollar allowance means that a measured service customer would be billed only monthly usage which exceeds the allowance. For example, if a residence customer's monthly usage was $2.55, the customer would be billed 70 cents for usage or the amount over $1.85.

Also, Bell proposes to begin charging for each measured service local call on the basis of how far the call travels, the duration of the call, and the time of day the call is made. For measured local calls from 0 to 15 miles, the rate would be 4 cents for the first minute and 1 cent per each additional minute. Calls from 16 to 30 miles would be billed at the rate of 5 cents for the first minute and 2 cents for each additional minute. Calls of 31 miles or more would be at the rate of 6 cents for the first minute and 3 cents for each additional minute.

The phone company also proposes to decrease the directory assistance call allowance from 10 calls per month to 5, while increasing the charge for each call over the allowance from 20 cents to 25 cents. The change is necessary in order to recover as much cost as practical from customers who use the service. Studies show the cost of handling a call to directory assistance is now about 24 cents.

The cost-recovery concept also applies to the proposal to change one-time charges for moving or connecting telephones. Under the company proposal, the maximum one-time charge to install one new residence telephone would increase $2.25 to $50.50. Meanwhile, a customer utilizing PhoneCenter service could save more than $20 of the $50.50 under the company proposal.

Increases for other types of services, such as dedicated private lines, are designed to cover the cost of providing the services.

Prospects Slim For Cable TV

Mayor Wilvie Smith reports that prospects now appear slim that Bandera will have cable TV in the near future. Four cable companies attended the city's hearing, but only one indicated an interest in submitting a proposal, and that proposal has not yet been received.

At the monthly council meeting held Monday, July 7, the council approved a building permit for Gill Savings to make improvements and additions to the old Callahan home located at Cypress and 13th Streets.

The council also approved giving to the Bandera Independent School District the end of Oak Street, starting at 11th Street and going toward the Medina River. This street separates the playground and practice field from the junior high campus.

The newly employed city secretary, Roxie Sandidge, was introduced. Mrs. Sandidge replaces Cheryl Waid who has accepted employment at the Bandera Bulletin.

Two Injured At Rodeo

Bandera County EMS transported two persons injured during the rodeo at Bo's Rodeo July 4.

Chris Gibson of San Antonio was thrown from a horse about 8 p.m. and was transported to Sid Peterson Hospital in Kerrville.

Gregg Perry of Lockhart was thrown from a bull and also taken to Sid Peterson Hospital about 9:40 p.m.

Neither was believed to be seriously injured.

Rain Moistens Bandera

A brief rain shower fell in Bandera Monday morning at about 9:30 a.m. The U.S. Weather Bureau gauge at the Soil Conservation office on Main Street in Bandera registered .07 inches. This was the first measurable rain to fall in Bandera since May 27 when .16 fell. The brief down-pour produced enough water to run down the paved streets and to cool the air for a short time.

The heaviest rainfall report comes from Mrs. Louis Duquette who lives at Lakeshores. She said they collected about ½ inch of rain in a 20 minute shower.

Very light rainfall was also reported from the Tarpley and Middle Verde areas.

FREE IMUNIZATION CLINIC ANNOUNCED

A free immunization clinic for all pre-school aged children (2 months to 6 years) will be held Tuesday, July 15th, 1-3 p.m. at the Bandera High School Nurse's Office.

Living Costs Rise, Salaries Don't

A news story in Sunday's San Antonio Express-News cites examples where crime has increased in small cities and towns. One Lubbock police officer points out that criminals are moving into areas where towns and cities have to struggle to keep good law enforcement officers—the less populated areas. At the same time, the officers are moving to better-paying jobs.

Bandera County is one of the places where keeping good law enforcement officers is a problem. Deputy Jess Brawner, who will be leaving the Bandera Sheriff's Department soon, is one example. Brawner told a Bulletin reporter that his $525 a month take-home-pay salary just will not stretch far enough while living costs continue to rise. He added that he feels there is little hope for a pay increase this year as the county is short of funds. With only four full-time deputies to police the entire county—24 hours a day—seven days a week—supplementing his income by moonlighting is out of the question, he said.

Jess Brawner

Brawner, who joined the local department Aug. 1, 1979, said that after living in a large city for many years he has enjoyed living in a small Hill Country town. He says he has the greatest respect for the Bandera County Sheriff's Department and has enjoyed his association with all of the law enforcement officers in the county. He adds that he deeply regrets leaving Bandera and his many friends in the community.

Masonic Officers Installed At Saturday Meeting

Newly installed officers of Bandera Lodge No. 1123, AF&AM, are (l-r) Melvin Smart, tiler; Calvin Cartrett, junior steward; DeWitt Leibold, treasurer; Donnie Walker, senior warden; J.R. Chafin, master; Raymond Workman, junior warden; William Bentley, senior deacon; and Charles Purdy, secretary. They were installed Saturday, July 5, at an open meeting of the lodge. Following the installation, John E. "Jack" Kelly, grand orator, spoke to the group on masonry. Rev. C.H. Murph of the Medina United Methodist Church gave the benediction.

Medina Rotary Officers Installed

New officers for the Medina Rotary Club for 1980-81 were installed recently at a barbecue dinner held at Medina Children's Home. Dempsey Simpson, MCH superintendent, is pictured with the new Rotary president, Ward McCollough. Other officers installed were John Derry, vice president; Randall MacNaughton, sergeant at arms; and Dean Isaacs, secretary-treasurer. Directors are Herbert Bilharts, George Williams, Garland Davis and Steve Hurter.

The Rotarians, their Rotary Anns and guests were entertained by music furnished by the Medina Hilltoppers, Bobby Johnson on drums, Randy MacNaughton on guitar, Murry LeStourgeon on guitar and Sherrill Johnson on violin.

Eighty-five persons were in attendance, including several from Kerrville. They were served by young ladies from Medina Home.

From beautiful Lakehills comes the thought for the week - Honesty is not merely the best policy, it is a basic principle.

Congratulations to John & Margie Mullaley on their 30th Wedding Anniversary, July 11 from All.

AROUND LAKEHILLS

Independence Day

Independence Day, Friday, July 4, was a wonderful holiday in Lakehills. As usual, despite the heat, hundreds lined Park Road 37 to view the annual American Legion sponsored parade. If you haven't seen a parade in Lakehills--you haven't seen a parade. In the adult division, Heisler Well and Construction Co. won first place with their Boat and Hermes Car of Mico won second. In the junior division, Keith Ott won first place and Faith Chapel won second. Honorable mention went to The Arts and Crafts Club of Lakehills, American, Camping and Recreation and the Mico Isln. Turk's Store and D&H Mobil had beautiful floats which also were not judged--by the request of Gene and Barbara and Harold and Doris. They entered for fun and spirit. The Judges were Helen Temple, Ray Mauer and Mark Pickett.

Bible School To Begin

The Lakehills United Methodist Church will conduct its Vacation Bible School Monday, July 14, through Friday, July 18. Alice Lundblad, director, announced that classes for young people from three years through junior high will be offered. They will feature Bible lessons, music, recreation and refreshments. All children of the church and community are invited to attend. The instructors will be Mrs. Dan Alanis III, Mrs. Ralph Willis, Mrs. Robert Schneider, Mrs. Jack Trenkel-bach and Mrs. Clinton Oehler. The time is 9 a.m. to 11:30 a.m.

Everybody Is Happy Again

Why is everyone happy? Because word has just come through that Hulda of the Avalon Restaurant will be serving your favorite food again very soon. Hulda is in the process of having her restaurant air conditioned for your summer eating pleasure. At the present, beverages and ice are available. Hulda has been besieged by telephone calls of concern from her customers (she appreciates that) wanting to know if illness was the reason for her closing during the summer. Hulda is not ill, just too hot in the kitchen. Soon everything will be fine. Hooray for air conditioning!

Did You Know?

Did you know that "Have A Nice Day" is out--Have A Safe Day" is in! Have a nice day is now out of style, director of the South Texas Chapter, Veterans of Safety. Her honor Mayor Lila Cockrell of SA says that the much-used phrase, "Have a Nice Day," has lost much of its meaning, while the new, "Have A Safe Day," is a constructive, meaningful expression, showing a specific concern and a friendly caring attitude. Have A Safe Day is endorsed by the National Safety Council, the Texas Safety Association, the Greater SA Safety Council, Veterans of Safety International and the South Texas Chapter American Society of Safety Engineers.

Pipe Creek News

The 18th annual Pipe Creek Homecoming and Barbecue will be held Sunday, August 3, at the Community Center in Pipe Creek. Everyone is invited to bring a covered dish and paper plates with plastic utensils to the festivity. For further information, please call Ken Edwards at 535-4651.

Mrs. Selma Morrison, longtime resident of Fresno, Cal., has just purchased the Albert Roche place in Pipe Creek where she will now reside. Mrs. Morrison is the sister of Mrs. Edith Edwards of Pipe Creek and Mrs. Grace Fisher of Utopia.

Mr. and Mrs. Fred H. Smith of More Ranch, Calif., visited Mr. W. Edwards and family last week. On Wednesday, Mrs. Edwards and the Smiths visited Mrs. Ben Johnson and Mrs. Sherrill Johnson near Medina. Also visiting at the Johnson home was L. C. Hinds. On their return to Pipe Creek, the trio, visited with Mr. and Mrs. John D. Hinds and Dick Hinds at Medina. The Hinds are nephews of the late Florence Hinds Buckner, mother of Mrs. Smith and Mrs. Edwards. While the Smiths were here, they had a chance to go with Mrs. J. W. Edwards on Thursday to Gonzales to visit Mr. and Mrs. W. E. Edwards.

This week Mrs. Selma Morrison will be staying at the home of Billy Fisher in Comfort, while Billy is recuperating from a stroke suffered last Saturday while working in the intense heat. We are glad to report that Billy is recovering at a Methodist Hospital in San Antonio.

Weekend guests of Bob and Lee Klein of Madrona Valley were Jimmy and Elizabeth Klein and their five children, Jim, Jr., Beth, Gus, Joanie and Waverly. Saturday they visited all the sights in downtown Pipe Creek and some of the beautiful scenery around Medina Lake. While they were here they also visited San Antonio with its many interesting attractions.

Happy birthday to 5-year-old Wes Upton who celebrated his birthday on July 6.

Jim Hannah and his demolition crew did a good job setting off the fireworks display on July 4th. This display, sponsored by the Pipe Creek Community Center, could not have been possible without the full cooperation of the Pipe Creek VFD, Fire Chief Norman Butler and volunteer fire fighters stood by with Indian tanks and other equipment in the event of fire during this incendiary season.

Hopefully this activity is only the beginning of more public events at the Center. Don't forget the 19th annual Pipe Creek Homecoming on August 3rd at the Community Center.

Joan Turner visited in the home of her parents, Mr. and Mrs. J.R. Turner, this weekend. Joan is an apartment-mate of Ada Beth Wood and plans to attend Tarleton State University this fall. She plans to major in accounting and minor in music, in which she received a scholarship.

A brush fire discovered about 10 p.m. Saturday was extinguished in good time by the PCVFD. The best thing to do with a fire is to PREVENT it. Please be careful.

Happy birthday to Michael Waid who reached 4 years of age yesterday, Wednesday, July 9. His family honored him Sunday with a barbecue, topped off with cake and ice cream. He celebrated again with his friends and playmates at Kingdergarten on Wednesday.

Mrs. Erle Mansfield of Houston spent the Fourth of July weekend visiting relatives and friends here.

ADMITTED TO THE HOSPITAL

Admitted to Sid Peterson Memorial Hospital in Kerrville this past week have been Hugh M. Carpenter, Mrs. Delia D. Ortiz of Medina; Mrs. Arena R. Hager, J. Curtis Young of Randera, July 7.

Also Mrs. Koubek's parents, Mr. and Mrs. Johnny Forehand are with them.

During the 4th of July holidays, there were several families who had visitors from San Antonio. Visiting Mrs. Ida Klaus were her granddaughter and family, Benny and Frances Ann Bendele and children. Also Lottie and Roy Morales are visitors of Ida Klaus and Dolly Sarran.

Visitors of Mr. and Mrs. Bethel Lackey were Jimmy, Glenda and Timmy Lackey, Hazel Smith, Danny Street and Betty Johnson.

Merldine, Buster and Pace Talley spent the holidays with her parents, Mr. and Mrs. Dick Newman.

Mr. and Mrs. Ronnie Westbrook, Michael, Dave and Terry of Chicago flew in to San Antonio on Sunday to come here to visit her parents, Mr. and Mrs. Myron Jones, and her brother, Wayne.

Butch and Irene Highnote took some of their friends on a scenic drive recently on the Vanderpool to Medina highway. Ida Klaus, Lucile Williams and Warren Bowen accompanied them on this tour and stated that if you hadn't seen the area between Utopia and Vanderpool, you had really missed a most enjoyable time. They visited the new state park, Lost Maples, which is located about four miles past Vanderpool and report it is really beautiful.

So sorry to report that Joy Bastin is at present in intensive care in a San Antonio hospital after suffering a heart attack at her home on Satyrday night. Do hope that she will be improved by the time this article is printed.

Sincere Sympathy to Mrs. Dell Lackey as her sister, Mrs. Effie Dentler died Sunday night in Corpus Christi. Mr. and Mrs. Lackey left on Monday to attend the funeral which was held Wednesday at Cage-Mills Funeral Home in Corpus Christi.

Mrs. Nettie Dean
562-3464

A thought to live by: "Careful with fire" is good advise we know; "careful with words" is ten times doubly so.

Mr. and Mrs. Erhard Walzem of JB2 Ranch were happy to have as their guests last week her sister and husband, Mr. and Mrs. LeRoy Nall of Andalousia, Ala. They really enjoyed being in Texas and some of the places they visited with the Erhards were Johnson State Park at Johnson City, River Walk in San Antonio and shopping in the malls.

Also they enjoyed being in Uvalde and having a barbecue supper at Garner State Park. They left Friday for home. They said they liked Texas more than any place they had been.

Guests of Mr. and Mrs. Anton Haner last weekend were their son and wife, Mr. and Mrs. Doyle Haner of Dallas, Mr. and Mrs. H.E. Haner of San Antonio, their daughter, Judy and Steve Johnson of SunnyMeade, Calif. The Johnsons left Friday.

Guests of Mr. and Mrs. Victor Purvis on the 4th of July were Rev. and Mrs. Ira Garrison and Mrs. Ida Davis of Bandera.

Mr. and Mrs. Harold Jackson of JB2 Ranch left Thursday for Ft. Worth to attend the Bessie Jackson family reunion. They report an enjoyable trip. There were 48 present including five generations of Jacksons. Since returning home, they have as guests Mr. Jackson's daughter and family, Mr. and Mrs. Kenneth Collaway and daughter, Sandra of San Juan. The Collaway's daughter and family Mr. and Mrs. Troy Deam and children, Beau Jaffes and Shawna of San Juan.

Mrs. Jan Turner and children, Kathy Janna and Coke of Bonham are spending this week with her sister and family, Rev. and Mrs. Keith Mansfield and family. Other guests of the Mansfields were Mr. and Mrs. Jerome Edwards and children of Pipe Creek. They all attended the Tarpley Baptist Mission Church services Sunday.

Little Molly Newcomb of San Antonio, accompanied by her mother, Marie Newcomb, enjoyed spending the week on the farm with her grandparents, Mr. and Mrs. J.E. Dean. Other guests on the 4th of July were Dennie Newcomb and his mother, Elsie Mae Newcomb, and also Jackie and Steven Hutchison and Jim Foster of Dilley. They brought home Dilley watermelons and a barbecue dinner was enjoyed. They report Frio County is getting critically dry from the heat and lack of rain.

Everyone will be happy to know that Glenn Rhines is home recuperating after surgery in the Community Hospital in S.A. last week. Everyone wishes him a speedy recovery. He is the newly installed worshipful master of the Utopia Lodge No. 964.

Card of Thanks

I would like to take this means of communication to thank all of my friends in Bandera for the many prayers, calls, cards, and cakes, but most of all for being my friends and remembering me during my recent illness. Also I want to give special thanks to my neighbors, the Rodrigues. I couldn't have made it without any of you. I love you all. I would also like to thank my six children for being here from San Antonio and Houston and my two children at home. A great big thanks to all of you.

Thank you one and all and may God bless you always.

Have you ever had a yen to "get away from it all" ... to go someplace—do something—forget everything and everyone for a while? Grinding pressures and tensions upset equilibrium and create a feeling of wanting to be alone. Unpleasantries of sorrow, grief, dismay and disappointments can also cause a yearning to distance yourself from others. The plain fact is no one can ever be completely alone. You have your thoughts, your memories, your emotions with you and you can not forever separate yourself from them.

There is a way though to satisfy an overpowering need to go someplace ... do something ... Go ahead. Go someplace. Any place. Quickly. The closer the better. In a Biblical figure of speech that close by someplace—anyplace is called the "Upper Room". A place of prayer can be anywhere—in your home or elsewhere. Visit "The Upper Room" ... There is no better way to gain relief or renewed hope. Millions of people know this is true. If you doubt it, try it.

Dardon-Trott

Sharlene Elizabeth Trott and Terrell Jay Darden of San Antonio were married Saturday, June 21, in the home of the bride's parents in Dallas. The Rev. Jim Easley officiated.

The bride is the daughter of Mr. and Mrs. Raymond C. Trott of Dallas. Parents of the groom are Mr. and Mrs. Sam L. Darden of Bandera.

For her wedding, the bride selected a white organza and Venice lace gown by Piccione. Fashioned in Empress silhouette, the full skirt had appliques forming an apron effect, and bands encircling the entire skirt and border. Soft gathers at the center back formed the full chapel train. Her veil was a garland of Venice lace blossoms, which held a single, fingertip length tier of lettuce leaf edged illusion.

Matron of honor was Susanne Hodek. Serving as bridesmaid was Roxanne Trott. They wore red chiffon full-length gowns.

Heather Carlson, niece of the groom, attended as flower girl. Her dress was ankle length white eyelet with a red sash.

Jeff Hearn was best man. Serving as groomsman was Steven Franks. Usher was Bill Schmidtke. The groom and his attendants wore grey tuxedos.

At the reception in the home of the bride's parents, friends of the bride served as members of the house party. They were Beverly McMeans of Lakehills, Lisa Dixon of San Antonio, Kim Cathkart and Becky Beisel of Waco.

Following a honeymoon in the Bahamas, Terry and Sharlene are living in San Antonio.

Young-Rosenbaum

Wedding vows between Donna Kaye Rosenbaum and James Phillip Young were exchanged in St. John's United Church of Christ in Rosenberg at 7:30 p.m. June 7. The Rev. Ernie Williams, pastor of Central Christian Church, performed the double ring ceremony.

Nelda Barton of La Grange played the organ, accompanying Nancy Hencil as she sang "The Wedding Song" and "The Lord's Prayer".

The bride is the daughter of Mr. and Mrs. Clifton W. Rosenbaum of Rosenberg and the granddaughter of Mrs. Robert L. Rosenbaum of Rosenberg and the late Mr. Rosenbaum and Mr. and Mrs. Alvin Ivy of Vanderpool. Mr. and Mrs. Ed Young of Fort Worth are parents of the groom. His grandparents are Mr. and Mrs. James Bedell and Mrs. Ola Harrell, all of Fort Worth.

The church altar held twin arrangements of yellow gladiolus and white daisies flanked by candelabra.

Escorted down the aisle and given in marriage by her father, the bride wore a gown of white chiffon in classic styling with lace outlined shadow yoke and full bishop sleeves. The fitted waistband was covered in lace above a full skirt which extended into a chapel length train. Rows of Alencon covered her brimmed hat which was banded in chiffon and lace and held in place her layered veil of illusion. She carried a natural cascade of yellow sweetheart roses and white daisies accented with fern and baby's breath.

Linda Rosenbaum attended her sister as maid of honor and bridesmaids were Debbie Marek, Mignon Bowers, Joe Waldrip and Patricia Young, sister of the groom. They wore long gowns of yellow dotted Swiss organza designed with off-shoulder butterfly sleeves, fitted waists and flounces at the hemlines. They carried old-fashioned nosegays of white daisies and baby's breath and had sprigs of baby's breath in their hair.

Tammy Barrett was flower girl and Chad Band served as ring bearer.

Best men for their brother were Greg and Bob Young. Groomsmen were Leroy Jowiak, Ken Brookner and Clifton Rosenbaum Jr., brother of the bride. Seating the guests were Kenneth Rosenbaum, Robert Rosenbaum III, Dan Puckett and Wesley Puckett Jr.

For the wedding, the bride's mother wore a gown of green Silesta with a yellow cymbidium orchid corsage. The groom's mother chose a beige chiffon and lace gown with an ivory orchid on her purse.

In the house party for the reception at the church hall were Joy Gordon, Lea Gorka, Regina Barton, Susan Frederick, Charlene Jowiak, Carol Netardus, Vickie Netardus and Wanda Barrett.

The bride's table was centered with a four-tiered wedding cake decorated with sugar daisies and green leaves. One layer held a wishing well and another, a white swan. At the top was a bride and groom figurine.

On the groom's table were the silver coffee service and his cake which was decorated with an oil derrick in a field of daisies.

Trays of finger sandwiches and chips were on a separate table along with the fishbowl punch bowl, encircled with ivy.

Serving champagne were the bride's uncle, Robert Rosenbaum Jr., and her cousin, Max Band III. Rice bags tied with yellow bows were in a brown basket on the champagne table.

When Mr. and Mrs. Young left for a honeymoon trip to San Francisco, the bride wore a green dress with a corsage of yellow roses and white daisies.

She will be teaching at Quail Valley Junior High School in Missouri City and her husband is employed by Dresser Industries in Houston and working toward his master's degree at the University of Houston.

They are making their home in Houston.

Griffin-Faris

On June 14, Rosemary Faris and Dan Griffin were united in marriage in Las Vegas, Nev.

Rosemary Faris is the daughter of Bill J. Faris of Bandera and Emma Rose Faris of Boerne and granddaughter of Mr. and Mrs. M. V. Faris of Bandera. Dan Griffin is the son of Louise Griffin of Houston.

Accompanying Dan and Rosemary and serving as witnesses of their marriage were Ray Dromgoole and Bonnie Kuebel of Boerne.

While in Las Vegas, the wedding party enjoyed gambling at Binion's Horseshoe, the world's largest poker room, shows, including Flip Wilson and Vic Damone. They also visited the Grand Canyon, Painted Desert, Petrified Forest, Ruidosa, N. Mex. and Carlshad Caverns on the way home, making it a very enjoyable vacation for all.

Dan and Rosemary are making their home in Houston where they both are employed by Summit Sports Arena.

Notice

The Golden Age Party will be held at the Fellowship Hall of the Bandera United Methodist Church Thursday, July 17.

Mrs. Ferguson's Niece

From Germany Visits Bandera

Mrs. Klara Ferguson has had as a guest for the past four weeks Miss Marion Dick, her niece, from Frouneau, Germany. Miss Marion's father operates a tourist hotel in the mountains. She is a secretary for a glass factory in her home town, on weekends plays an accordian in a local dance band. She enjoyed a tour of the Mayan ranch and went on a trail ride at Billie Crowell's Dixie Dude ranch. She loves Bandera and wants to return to the Cowboy Country.

In County Court . . .

Two cases were disposed of in Bandera County Court with Judge Rein J. Vander Zee presiding.

Mary Jane Walker of Bandera pleaded no contest to a charge of DWI, was fined $200 plus court costs and sentenced to 3 days in jail.

Troy Lee Cherry of Kerrville pleaded guilty to making an improper start. He was fined $27.50 plus court costs. This case was appealed from J.P. court.

Enthusiastic But Well Behaved

July 4th Celebration At Lakehills

The 4th of July parade and celebration in the Lakehills-Medina Lake area were well attended, and the sheriff's department reports that they had few calls for assistance with motor vehicle accidents, unruly celebrators or other incidents which sometimes increase during holidays.

The visitors seemed to be well behaved this weekend," Deputy Guy Pickett reported. He added that most of their calls involved livestock that had strayed from home.

Mrs. Stricker Surprised With Shower

Virginia Stricker was honored with a surprise baby shower on Tuesday, July 1, at the home of Mrs. Lane Langford.

Guests were members of her bunco group. She received many useful gifts.

Hermann Sons Will Meet

Presidents, vice presidents, secretary and treasurers from the 159 Hermann Sons lodges in Texas will convene at Villita Assembly Building in San Antonio Sunday, July 13, for a statewide party launching the order's traditional three-month membership campaign, Louis B. Engelke of San Antonio, grand president, has announced.

The event is expected to draw about 800 fraternalists from some 138 cities and towns in Texas, Engelke said. Because of space limitations, attendance must be by invitation only.

Mrs. Ferguson's Niece From Germany Visits Bandera

Mrs. Klara Ferguson has had as a guest for the past four weeks Miss Marion Dick, her niece, from Frouneau, Germany. Marion's father operates a tourist hotel in the mountains. She is a secretary for a glass factory in her home town, on weekends plays an accordian in a local dance band. She enjoyed a tour of the Mayan ranch and went on a trail ride at Billie Crowell's Dixie Dude ranch. She loves Bandera and wants to return to the Cowboy Country.

In County Court . . .

Two cases were disposed of in Bandera County Court with Judge Rein J. Vander Zee presiding.

Mary Jane Walker of Bandera pleaded no contest to a charge of DWI, was fined $200 plus court costs and sentenced to 3 days in jail.

Troy Lee Cherry of Kerrville pleaded guilty to making an improper start. He was fined $37.50 plus court costs. This case was appealed from J.P. court.

Enthusiastic But Well Behaved July 4th Celebration At Lakehills

The 4th of July parade and celebration in the Lakehills-Medina Lake area were well attended, and the sheriff's department reports that they had few calls for assistance with motor vehicle accidents, unruly-celebrators or other incidents which sometimes increase during holidays.

"The visitors seemed to be well behaved this weekend," Deputy Guy Pickett reported. He added that most of their calls involved livestock that had strayed from home.

Mrs. Stricker Surprised With Shower

Virginia Stricker was honored with a surprise baby shower on Tuesday, July 1, at the home of Mrs. Lane Langford.

Guests were members of her bunco group. She received many useful gifts.

Hermann Sons Will Meet

Presidents, vice presidents, secretaries and treasurers from the 159 Hermann Sons lodges in Texas will convene at Villita Assembly Building in San Antonio Sunday, July 13, for a statewide party launching the order's traditional three-month membership campaign, Louis B. Engelke of San Antonio, grand president, has announced.

The event is expected to draw about 800 fraternalists from some 138 cities and towns in Texas, Engelke said. Because of space limitations, attendance must be by invitation only.

Fireworks Keep Fire Department Busy

Persons careless with 4th of July fireworks kept the Bandera Volunteer Fire Department busy last weekend. Calls were made to grass and brush fires near Thalman crossing on the Medina River, at Dripping Springs on the Medina River near Bandera, and near Lost Valley. Another brush and grass fire was fought near Mason Creek.

Everyone is cautioned to be very careful with fire. The high temperatures and lack of rain have dried out the grass and increased the fire danger.

Want To Travel To Spain?

C.A. Thormalen has visited Spain and he would like to re-visit all the enjoyable places he saw before. If he could find other persons who would also like to tour Spain, perhaps they could negotiate for group rates for a trip there and stretch their travel dollars.

Anyone who is interested in joining Mr. Thormalen on a tour of Spain is encouraged to call him after 8 p.m. at 535-4068.

Art Club Will Meet

The Bandera Art Club will meet at the Old Jail, Tuesday, July 15, at 7:30 p.m. Marvin Moody will give a demonstration on pottery. Visitors are welcome.

New officers elected at the last meeting are president, Olga Bolduc; vice president, Lucille Broe; secretary, Gordon Spencer; treasurer, Mabel Kentner; publicity, Doris Langston; and calendar, Harold Sherman.

Card of Thanks

Thanks....you dedicated men with the Utopia, Tarpley and Bandera Volunteer Fire Departments. We especially wish to thank those who came to help put out the grass fires at our ranch on Mill Creek near Vanderpool last week. We had a series of fires and without the VFD and hard work from these men and young men....the fires might still be burning. So we say, "much obliged."

Martin Smith: Bandera County's Outstanding Citizen

Bandera County's Outstanding Citizen Award was inaugurated by the Commissioners' Court in 1979 and is made each year on July 4, Independence Day. The first person so honored was Vernon Williams of Medina. This year's recipient is Martin Smith.

Martin Smith is a man who "wears many hats," and they all signify service to the community of Bandera County.

A chef's hat would be appropriate for each time he cooks pancakes or barbecues chicken for the PTA—or perhaps a baseball cap when his efforts are directed toward helping the Little League Baseball teams.

If bus drivers wore special hats, he'd have one of those, too, for the many daily trips he makes, as well as those all-day—all-night journeys for extra curricular events.

A hard hat with the EMS emblem would be useful to go along with his compassionate heart and understanding ear while he serves as an Emergency Medical Technician and coordinator of the Bandera County Emergency Medical Service.

Then, also, there is the cemetery association where far-sightedness and business management are necessary; and don't forget the hours spent each election day, serving as an election official.

A special "Wednesday morning" hat might be provided at Purple Hills Nursing Home as he conducts Bible study each week.

Less obvious, perhaps, would be the hats of a helper—a farmer's straw when he helps a neighbor care for stock or haul hay; or the carpenter's cap as he repairs a roof or lays a floor; or any of the other head-gear that would be worn by a person who is there to help with any kind of a chore where assistance is needed.

Some might describe Martin Smith as the minister of the Bandera Church of Christ, but hundreds would say his way of life is a symbol of citizenship and concern for the welfare of the community in which he lives and the people with whom he comes in contact.

Behind every good man, they say, is a good woman. Mary Ann Smith, Martin's wife, is a teacher aid in the Bandera Schools. She and Martin are parents of three daughters, Debbie, Joy and Penny.

The Smith family has lived in Bandera 10 years since Martin was named minister of the Church of Christ here.

County Judge Rein Vander Zee (r), in behalf of the commissioners court, presents to Martin Smith a plaque honoring him as outstanding citizen of the year, as Mrs. Smith and Penny Smith look on.

Those bids will be opened Tuesday, August 12, at the regular school board meeting which will convene at 7:30 p.m. Approval of this construction was made at the regular monthly meeting of the board held Tuesday, July 8, at the high school.

In other business Jeanne Tull of ARA Food Services presented the annual school lunch report for 1979-80, which showed a balance in the school lunch fund of $1,046.29. Following Miss Tull's presentation, the board approved the following charges for the 1980-1981 year: elementary and junior high students—50c for breakfast, 75c for lunch and 9c for milk; high school students—50c, 90c and 9c; faculty—60c, $1.15 and 15c; visitors—70c, $1.60 and 15c.

The board approved the July bills in the following amounts: treasury bills, $85,000.00; Title IV, Part B, $158.87; State Compensatory, $33.64; Consolidated Application, $1,000.00; Operating, $21,750.92; Merrick Construction, $41,307.30; Total $149,250.73.

In other action, the trustees took the following actions: Approved participation in KLRN educational television for the 1980-81 school year. Approved bus routes as submitted by the Superintendent for the 1980-1981 school year.

Superintendent Caloss presented the following items for information to the board: The board was given a financial report on all activity fund accounts for their review. Subcomittee report on compentency testing of teachers. UIL transfer rule change proposal was discussed.

The board then went into exqutive session and upon returning took the following actions: Accepted the resignation of Jim and Jackie Parker. Employed Linda Kittredge and Anita Palomo under the Manpower program. Employed Neil Peterson as teacher-head basketball coach. Approved the recommended salary schedule for bus drivers commencing with the 1980-81 school year.

There being no further business, the meeting adjourned.

All Stars Win

The Bandera County Little League All Stars won their first game against the Kerrville All Stars Tuesday night.

The score was 3-2. They had to play 8 innings—2 extra.

Two CETA Awards Given

Elizabeth James (c), Bandera County Treasurer, was awarded a plaque for her work with the CETA program in the county. She is pictured with Judge Rein Vander Zee and Leanna Svoboda, at the presentation made Monday at Commissioners Court. Mrs. James, in expressing her thanks, stated that Joe Martinez and Nona Mae Click had been of great help to her in working with the CETA program and she felt that they should share this honor.

Estella Garcia (c) is presented a plaque as the outstanding participant in the CETA program in Bandera County. Elda Perez, coordinator, makes the presentation.

Peterson Named to Coaching Staff

John Wesley "Neil" Peterson has been added to the coaching staff at Bandera High School according to Ronald Caloss, superintendent.

Peterson has been head basketball coach at Pettus for the past three years. Last year his team won 14 games and lost 7. He was also junior varsity football coach, assistant track coach and golf coach.

Before going to Pettus, Peterson spent one year at Texas Military Academy in San Antonio. There he was assistant basketball coach, assistant football coach and golf coach.

During his high school days at Pawnee High School, he lettered four years in basketball and was named to all district honors two years. He also lettered two years in golf and was a district medalist one year. In addition, he was named valedictorian of his graduating class in Pawnee in 1972.

Neil, Becky, Garner and Landon Peterson

Peterson attended Concordia Lutheran College in Austin one year where he lettered in basketball. He next attended Southwest Texas University in San Marcos one year and then attended for two years the University of Texas at Austin where in 1976 he was graduated with honors and awarded a B.S. degree in physical education.

Peterson and his wife, Becky, and sons, 3½-year-old Garner and 1½-year-old Landon, plan to move to Bandera soon.

Treasurer's Report Is Published

The quarterly report of County Treasurer Elizabeth James is published on page 11 of this issue of the Bandera Bulletin, and gives the financial status of Bandera County at the close of the last quarter on July 30, 1980.

The county's 1978 flood damage replacements and repairs have been inspected and the financial records have been audited by the Federal Disaster Assistance Administration, but no reimbursement has been received by the county to date for the balance of $237,420.06 which was spent from the county's current operating funds to complete the disaster work. Therefore, many of the county's fund balances are very low at this time and will remain low, and in some instances overdrawn, until reimbursement is received from the FDAA. Negotiations are being made with the First State Bank of Bandera, the depository bank, for a loan to cover the county's operating expenses until federal reimbursement is received.

Salaries For County Officials Are Compared

Have you ever wondered how the salaries of Bandera County's elected officials compare with the salaries of elected officials in other Texas counties of similar population?

In a compilation of the figures issued for 1980 by the Texas Association of Counties at Austin, Bandera County is one of 50 counties grouped together as having population less than 9,000. Counties are not identified by name, so no comparison of taxable wealth for these counties can be drawn from this data.

Offices listed are judge, commissioners, clerk, tax assessor-collector (In some

County Budget Includes 15% Raise For County Officials & Employees

The Bandera County Commissioners Court, at their monthly meeting Monday, July 14, adopted the budget for the next fiscal year, Oct. 1, 1980-Sept. 30, 1981,, which includes an across-the-board cost of living increase in salaries of 15 percent for all elected county officials and hired county employees. The proposed budget was also amended to include $1,500 to pay the salary of a relief radio dispatcher for the sheriff's office, at the request of Sheriff Bill James. Precinct 1 Peace Justice Lou Miller's request for a pay increase of $1,800 per year, or nearly 29 percent of her present salary, was turned down by the court. She presented to the court a detailed outline of the work processed in her office, comparing it to the work load in precincts 2 and 3 and pointing out that the number of cases handled by her office has increased over the last 18 months by nearly 20 percent. She will instead receive the 15 percent increase earmarked for all other county personnel.

Presentations

In other business, Martin Smith was given a plaque designating him the outstanding Bandera County citizen for the year. He was chosen for this honor by the commissioners court earlier and the choice had been announced July 4th, Independence Day.

Two CETA awards were also made—one to Estella Garcia as the outstanding participant in the local CETA program and a second to Elizabeth James, county treasurer, who has worked closely with the CETA program. Mrs. James gratefully acknowledged the help of Joe Martinez, who supervises the CETA workers who groom the courthouse grounds and tidy the interior of the courthouse. She also praised Nona Mae Click, who keeps records of the CETA program.

Coming Before the Court

Ruth Sellner came before the court to request that Bear Creek Road, near which she lives, be paved. The court agreed that paving would improve that road, but noted that funds are not now available, nor do they expect that there will be funds for this project in the near future.

Dick Paxton, Republican county chairman, submitted to the court recommendations for presiding judges and assistant judges for each of the voting precincts in the county to serve in the November general election. Some of his suggestions were accepted and the following persons were appointed by the court: precinct 1—Telvy Robbins (judge) and Glenda Haley (assistant); 2—J.B. Edwards and Margarita de la Guerra; 3—A.J. Flowers and D.W. Hicks; 4—Melvin King and Nita Jenkins; 5—Arthur Erfurt and William Morris; 6—Charlsie Porter and John Hughes; and 10—Dorothy McCracken and Lucille Moore.

Jack Fanning, sales representative for Holt Machinery Co., announced to the court he has been recently appointed to this area.

Subdivisions

Jerry Gray, subdivision inspector, discussed the status of several subdivisions now being developed. Judge Vander Zee noted that 22 subdivisions have been development in the last 12 months. Of these 22, all except two are located east of the town of Bandera.

Gray also noted that he had received a report of one instance where a septic system was installed without first obtaining a county permit. The judge noted that this offense is a class C misdemeanor with a fine of $10-$200.

Guy H. Ranson and J.B. Edwards met with the court seeking approval of Bear Springs subdivision.

W.E. Lehr, representing Lake Country subdivision came before the court seeking final plot approval.

Fire Reporting Phone

Martin Smith spoke for the Communications Committee, asking that a fire reporting phone be installed in the sheriff's office. He noted that the only new cost would be for installation of the phone, since the EMS phone, not listed in the new phone book, will be removed from his house and the funds now used to pay for that phone could pay for the fire phone. The number for the fire phone is expected to be 796-HELP (796-4357).

Board of Equalization

Marguerite Stevens, tax assessor-collector, asked that the court convene as a board of equalization on July 28 from 9 to 11 a.m. and the court gave their approval.

District Court Phone

Judge Robert R. Barton, 216th Judicial District, has requested that a phone with a buzzer be installed in his chambers on the second floor of the courthouse, with extensions in the clerk's and sheriff's offices, according to Olga Schmidt, county and district clerk. The court discussed the request, but did not take final action.

Loan

The court authorized Elizabeth James, treasurer, to negotiate for an operating loan, pending receipt of reembursement of disaster funds expended.

Audit

C.O. Balsar, CPA, of Balsar and Davidson, Public Accountants, discussed in detail the audit of the county records. He commended and gave high praise to both Treasurer Elizabeth James and Tax Accessor-Collector Marguerite Stevens and the staffs of their offices for their efficient and accurate accounting. The court voted to renew their contract with Balsar and Davidson to audit the books for the next fiscal year.

Elby Hutto Appointed

At the recommendation of Curley Thompson, Elby Hutto was named to complete the Veteran's Land Board, along with Clarence Rhodes and J.B. Edwards.

Other Business

The quarterly reports of the treasurer and the clerk were approved by the court.

The delinquent tax roll was also approved.

Minutes of the previous meeting were approved and monthly bills were approved for payment.

Present for the meeting were Rein Vander Zee, judge; Jim Russell, Stanley Tschirhart, Bob Ashley and Curley Thompson, commissioners; and Olga Schmidt, clerk.

counties this office is a part of the sheriff's office), treasurer, auditor (Many counties of this size do not have an auditor), and sheriff.

A comparison of the salaries of county judges shows that some have only a salary, some also have a car allowance, and, some have an additional allowance for travel expenses. Of the 50 counties listed, six pay their judge more than Bandera County and 43 pay less.

For commissioners, 12 counties pay more than Bandera County and 37 pay less.

For both the clerks and treasurers, 37 counties pay more than Bandera County and 12 pay less.

Twenty of the 50 counties listed do not have a separate office for tax assessor-collector, but of the 30 which do, 16 pay more and 13 pay less. In our county the clerk, treasurer and tax assessor-collector are paid equal salaries.

In Bandera County the current county attorney chose to draw no salary, but the county pays annually $1,800 in office expense—secretary, [illegible] car allowance. (His office is not housed in the courthouse.) Because of this, no comparison can be made.

The salaries for sheriff are the most difficult to compare. In some counties, including Bandera, a car, gas, etc. are furnished. In other counties, the sheriff must furnish his own car, but a car allowance is made. In others, one sheriff is compensated with a base salary and a specified amount per mile driven. Some have a base salary and have a car, [illegible] apartment and utilities furnished. It is estimated that in 36 counties the sheriff's total compensations is more than in Bandera County, in one it is the same and in 12 it is less.

Salaries for justices of the peace are not listed in the report because of the wide variation of case load from precinct to precinct.

WHY GAS IS PLENTIFUL, EFFICIENT AND RIGHT FOR THE TIMES.

It's time to kiss rumors goodbye and settle down with reassuring facts, one of which is that gas is plentiful for the residential and commercial customers of Lone Star Gas Company.

Rumors are usually more exciting than fact, but the fact is that approximately 2,500 drilling rigs were at work in the United States in December 1979. This was the highest active rig count since 1956.

Despite persistent rumors that America is running out of natural gas, industry statistics reveal an increase in the ratio of successes to failures in gas-well completions in 1979.

As a result, the United States has about 14,700* *new gas wells* it didn't have a year ago. And exploration is expected to increase — not decrease — as higher gas prices offset the increasing cost of drilling.

Another reassuring fact is this: 50% of this nation's estimated remaining onshore gas reserves are in nine major basins in Texas and Oklahoma. Lone Star's pipelines connect with eight of these basins, so we'll have *plenty* of opportunities to buy new gas.

The new gas appliances can help you hold down your utility bills.

Gas is the naturally efficient energy that works in its original form, free of energy conversion costs. Direct use of it in your appliances actually conserves energy and saves you money.

Now, with the new energy-efficient appliances that use up to 30% *less* gas to do the same jobs your old appliances do so reliably, economical natural gas becomes even more economical.

The new gas appliances can help you *hold down* your utility bills without cutting back on the comforts and conveniences energy can provide. It's why natural gas *and* the new gas appliances are so *right* for the times!

Pipe Creek NEWS

Robert Kiely
535-4054

The Scottish poet Robert Burns once wrote, "Oh, wad some power the giftie gie us to see ourse'l's as others see us. It wad free mosht a blunder free us, and foolish notion."

Attempting to do just that—avoid as many blunders as possible—the Pipe Creek Community Center will be seeking your opinions to identify and solve problems in a constructive way.

A project the center currently is working on is improving the gravel driveway leading to the parking area. Chuck Hackebeil, engineer for the Texas Highway Department, has offered his expertise to do all that is possible to design an adequate and attractive entrance to the Community Center, located on Hwy. 16 and FM 1283.

Saturday, July 12, was clean-up and paint day for Pipe Creek residents Jim Hallam, Ken Edwards and Bob and Marte Turner. All came determined to finish painting the hall, and possibly the restrooms, before Homecoming on August 3. Any volunteers who would like to help them meet their goal are welcome to stop by—with brushes in hand.

The center is also making an all-out effort to furnish the grounds with picnic tables. A minimum of 10 is needed. Much appreciation goes to the four business establishments which already have donated tables—First National Bank, First State Bank, Hevenor Lumber Co. and True Value Hardware. The names of the donors will be carved on the table top. If you are interested in contributing, call Mona Morrison, Ken Edwards or Bob Turner.

The center also needs a refrigerator and a freezer. If you wish to donate either, or both, contact any of these persons.

Keeping everyone informed of the Pipe Creek Community Center activities will be the new publicity director, Bonnie Downie. Employed by USAA in the public relations department, she is editor of employee publications there. She has high credentials, having earned her degree in Journalism at U.T. at Austin. She and her husband, Patrick, are new members of the community and are helping to plan upcoming events at the Center.

—Reported

The Home Extension Club of Pipe Creek had their annual get-together in the Gold Room at the Country Corner Restaurant in Boerne Tuesday, July eighth. There were 12 members present including 4 new members. It was such an enjoyable occasion that they decided to have their annual meeting every year in a restaurant instead of an individual's home.

Hostesses for the next meeting, to be held the first Tuesday in September at the University Savings building in Bandera, were Mrs. Alma Mae Martin and Mrs. Ahr. The meeting will begin at 2 p.m. Incidently Mrs. Martin, who recently had surgery on her foot, is improving nicely and hopes to be completely back to normal by the time of the next meeting.

Mr. and Mrs. Danny H. Hughes are the parents of a baby girl, born July 9 at 10:22 a.m. in Sid Peterson Memorial Hospital.

PIPE CREEK HOMECOMING

Don't forget the Homecoming and barbecue Sunday, Aug. 3 at the Pipe Creek Community Center. Bring picnic food of some kind for the table and your own paper plate. Knives and forks will be supplied by the Community Center.

A thought—"You are best to yourself when you are good to others."

Mrs. Clay Taylor was happy to have a visit last week from her sister-in-law, Mrs. Delson Fish, of Ceres, Calif. On Monday and Tuesday Mrs. Taylor and Mrs. Fish visited their cousins in Sonora—Mrs. Lena Roe, Carl, Jimmy and Busker Harris. They are the children of Mr. and Mrs. Jeff Harris of Utopia. On Friday and Saturday they visited Mr. and Mrs. Emory Holder of Thorndale who are cousins of the late Pat Taylor. Other visitors of Mrs. Clay Taylor and Mrs. Fish were Mr. and Mrs. Mickey Taylor of Bandera.

Mr. and Mrs. J.E. Dean enjoyed a good day Sunday visiting in the home of Mr. and Mrs. Leonard Rogers, at Canyon Lake area.

Mr. and Mrs. Earl Hood of Rio Hondo were in Kerrville Wednesday and drove out to visit their daughter and husband, Mr. and Mrs. Roy Cheatham in Kingsland. They returned home on Friday. They report it is dry at Kingsland but there has been rain since we've had any.

LIVE BY FAITH AND NOT BY FEELINGS

When everything is pleasant and bright,
And the things we do turn out just right,
We feel without question that God is real
For when we are happy how good we feel.
But when the tides turn and gone is the song,
And misfortune comes and our plans go wrong,
Loved ones ill, and we can't sleep or eat,
And our thoughts about God are torn asunder,
For we feel deserted in times of deep stress,
Without God's presence to assure us and bless,
And it is then our senses are reeling,
We realize clearly it's faith and not feeling.
For it takes great faith to patiently wait
Believing God comes not too soon or too late.

The Medina Oak Rest Cemetery Association will hold the annual meeting on Friday, July 25, at 8 p.m. in the Youth Center. Everyone is invited to attend.

Hugh Carpenter and his wife, Maedell, left Monday for Houston where Hugh will undergo more tests at M.D. Anderson Hospital. We hope he will soon feel better.

Ray Melton was taken by ambulance back to the Veterans Hospital in Kerrville Monday morning, and we hope he is feeling better.

CARD OF THANKS

I've managed to bang myself up again. This time I broke my leg. It has been a week of pain, despair, depression and self plain pity. But the love and concern my family and friends have shown me are by far worth it all. The flowers, calls, cards and food have delighted me so much that I am so glad to be a part of this community. A community we can finally call home. My special thanks also to the Medina Baptist Church, EMS people, Mrs. Amy Harloff, the nurses at Sid Peterson Hospital 6th floor, Dr. Allen and my husband, Joe S. Ortiz.

Your friend in Christ,
Delia Davis Ortiz

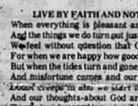
CARD OF THANKS

The children of Lucille and Marvin Hatfield would like to thank all the family and friends for their help in making their 50th Wedding Anniversary a joyful celebration. We know that many of you came cheerfully despite long distances, the heat and other adversities. Please know how very much we appreciate your efforts and enjoyed being with you. It is the presence of such friends that makes any occasion a celebration.



We would especially like to thank Mr. and Mrs. Rodney Goss of the Navarro Piano Company for their incredible kindness in bringing us a lovely piano as courtesy of the Navarro Piano Company. Without it we could not have enjoyed the music of Larry Herman and his group from the "Roaring 20's" Nite Club. We would like to apologize for the heat which we could not control and are sorry for the discomfort.

Thanks should also go out to our Aunt Irene Hatfield for her help decorating, Amy Brieger of Amie's Flower Shop for the complementary work that she did, and also for the delicious catering of that wonderful lady Erna Koenig, Alice, Dorothy and others.

But most especially we would like to give thanks to the Good Lord for the once-in-a-lifetime opportunity to bring all our family and friends together for the joyful celebration of life and love.

With fond memories,
Jerry and Sara Jane (Hatfield) Smith

A THOUGHT FOR THE WEEK
By John M. Grimes

Why do we have funerals anyway? There are many reasons. Actually, the funeral has existed since the beginning of recorded history...It is a time when people gather together to express their concern and provide support for someone who is experiencing one of the most difficult crises of life. The funeral has always been the keystone example of the adage—"Grief shared is grief diminished."

The funeral fulfills several main functions: it provides an outlet for the grief that is naturally felt on the part of family members and friends; it allows the community of friends to lend their support to the bereaved. It is the community's way of letting friends know that despite a loss of a loved one, they do not have to face the future alone. For the bereaved the funeral can be that first important step toward emotional adjustment to their loss. A funeral is representative of the life of the deceased. It is a ceremony that has much meaning to the survivors....A funeral is for the living, too.....

The monthly birthday party was held on July 8th with 32 attending. Special entertainment was provided by Billie Morris and Helen Ahr. Billie played the piano and Helen Ahr, the organ. Thanks to them for their melodious contributions.

A bountiful covered dish luncheon provided pleasure for the palats of our birthday people and all others present.

Following the luncheon, a Mini White House Forum on Aging was held to give an opportunity for each person present to speak their thoughts on the needs of the elderly in Bandera County. Frank Adamo, aging advisor for the Alamo Council of Governments Aging Committee, said that 44 delegates from Texas would attend the White House Conference on Aging held in Washington in 1981, representing us and taking our recommendations before the group. The 22 people involved in the forum made recommendations on health care, transportation, financial needs and housing. The Bandera County report has gone on to the next step to the White House Conference.

We still have room for those 55 years of age or older in our Spanish class every Wednesday at 10 a.m. and art class at 9:30 a.m. Thursday. We need you for our classes.

If you would like to try a good lunch deal, call the Senior Citizens Center any day of the week, Monday through Friday, before 9 a.m.

25th Wedding Anniversary Celebrated

Mr. and Mrs. Stanley Tschirhart of Lakehills observed their silver wedding anniversary Sunday afternoon, June 29, at the Civic Center at Lakehills with a reception and dance. Hosts were their children and spouses, Mr. and Mrs.

Mr. and Mrs. Stanley Tschirhart

Eddy Joe Clark (Shirley), Mr. and Mrs. James MacMillan (Nancy) and their son Robert. Among the guests were their wedding attendants of yesteryear—Harley Odom, groomsman; Theresa Tschirhart Stein, bridesmaid; and Mr. and Mrs. Louie J. Zinsmeister (Maxine Maurer), was maid of honor, and Louie was best man.

Mrs. Tschirhart wore a silver lame floor length gown with a red rose corsage and Mr. Tschirhart wore a blue suit and a red rose boutonniere when they greeted their guests promptly at 2 p.m. and bade them to partake of refreshments in a fantasy land of blue and silver decor. Two hundred guests from Lakehills, Bandera, San Antonio, Castroville, Houston, Knippa, Hondo and Fredericksburg enjoyed a buffet and a six-tiered white wedding cake with silver and blue trim and the groom's cake, which was a double German chocolate with a bride and groom atop. The bridal party dined at a table covered with a white cloth and a center piece of white gladioli flanked by silver tapers in silver candelabras. The background was an assortment of potted plants with Stanley and Ruth and the numeral 25 written above.

Stanley and Ruth attended a thanksgiving mass at St. Victor's on Saturday evening before the wedding celebration.

Members of the house party included James, Lila, Jennie, Joe, and Jill MacMillan, Arlie Pingleton, Doris and Elton Evans, Betty Ruede, Harley and Estelle Odom, Marie Daina, Lavon Honea, Hulda Cartwright, Sherry McMullin and Stephanie Evans. The wedding cake was designed, baked and decorated by Arlie Pingleton, Betty Ruede and Doris Evans. The Bobby Davenport band played for dancing.

Friends are pleased to have Mrs. Frances Shear at home from an extended stay in Florida. She is moving this week into her new home on Delightful Hill.

NSDAC Learn About Stagecoach Roads
"Along the Stagecoach Roads in Texas" was the program presented by Mrs. John R. Harrell, Sr. at the meeting of the Capt. Francis Eppes chapter, National Society Daughter of the American Colonists held in the Community Room of the First State Bank on June 12.
Sixty slides on well-known stagecoach inns, stands and stops of early Texas were narrated by Mrs. James B. Brady, who related, "It has been pointed out that transportation has been the key factor in expanding the known world. The principal retarding force throughout most of Texas' early history was lack of transportation. If the state had been traversed by great navigable rivers, the story would have been different. As a result, wagon and stage routes came into existence, the oldest being along the San Antonio road, known as El Camino Real, across Texas from the Spanish to the French dominion.
Short lines brought Texans and their towns nearer together. Until late in the 19th century the chief means of overland transportation were the horse, mule and the coach.
The gold rush in California was the principal reason for establishing two commercial lines through Texas, the Butterfield from St. Louis to San Francisco and the Birch mail stage line from San Antonio to San Diego.
The Moos homestead, Argyle house and the Menger Hotel of Bexar County, the Trade house and Landmark Inn of Medina County, the Nimitz Hotel of Gillespie County, Kendall Inn of Kendall County and Schmitz Hotel of Comal County were a few of the inns shown.
Until outmoded by railroad and motor vehicles, stagecoaches sped widely over the primitive roads, through prairies, and over the Texas hills, making stops every twenty miles or so at these and other historic old inns."
A brief history on the "Sons of Liberty" learned on the night of December 16, 1773, that East India Co. teas were to be landed at Boston harbor, despite their protests. Taking matters into their own hands, they dumped 342 chests of tea into the sea. The "Rebellious Stripes" became popular in the colonies, with a nine-striped flag appearing in 1765 when nine colonies participated in the Stamp Act Congress. The patriots of that Congress were called "Sons of Liberty" by a Parliament by British Col. Isaac Barre. From 1765, as this group took on prominence in American politics, so did the flag of alternating red and white stripes.
The Capt. Francis Eppes chapter received a certificate of appreciation presented by the Texas Society, DAC, in recognition for presenting 48 classroom U.S. flags to the Bandera Schools. The chapter voted to donate U.S. flags to the remaining 28 classrooms of Bandera.
The Friends of the Bandera County Library were presented with a check from the chapter. Members and guests were urged to attend and bring saleable items for the Friends of the Bandera County Library Trash and Treasure Fun Fest on Saturday, June 21, at the Bandera Fire Department in the City Municipal Building at 9 a.m. and the auction at 1:30 p.m.

Rabbit Breeders Claim More Rabbits Than People
Guadalupe Valley Rabbit Breeders claimed this week that there are more domestic rabbits than people in Bandera County and the seven-county association's area of interest, according to Maureen Dunckel, president of the group.
To help prove their point, the rabbit breeders have asked the Bandera Bulletin to help take a "Rabbit Census" during the month of August, which is Rabbit Month.
The association has offered a 50 pound sack of rabbit food to the owner who registers the most rabbits as an incentive to persons who have one or more rabbits to register them in the census.
Tallies will be kept by the association and final results will be announced after the close of the June 30 deadline for postmarking your entries.
The census form follows:

Thoughts

He who is virtuous is wise; and he who is wise is good; and he who is good is happy.

Wealth is not his who hath it, but his who enjoys it.

All married women are not wives.

A man remains wise as long as he seeks wisdom. The minute he thinks he has found it, he becomes a fool.

DeViney Is Grape Specialist

Homer DeViney, experimenting with the Arkansas seedless grape, has produced a delicious, light (purple-pink) seedless grape. He produced it by grafting the Arkansas seedless on a wild grape stock. The grapes developed after one year. Though small now, next year's grapes are expected to be much larger.

Mrs. DeViney brought a sample of these grapes to the Bandera Bulletin office Thursday.

Water Tank Explodes, Injures Youth

Deputy Guy Pickett views the high pressure water tank which ripped apart Friday, flinging a piece of metal which struck Stanton Childress in the head.

A freak accident at Medina River Ranch Friday resulted in critical injuries to an 11-year-old Lakehills boy.

A pressurized water tank, which was being serviced, exploded, hurling pieces of metal in all directions. Stanton Childress, who was watching nearby, was struck in the forehead by a piece of metal from the tank.

He was rushed by Bandera County EMS to Methodist Hospital in San Antonio where, at last report, he remains in critical but stable condition.

Dr. Risinger To Shear Sheep

Dr. Don Risinger, Waco radiologist, enjoys discussing his practice, but when questioned about hobbies, he gets a bit sheepish.

Risinger will demonstrate his hobby—sheepshearing—July 31 through August 3 at the Texas Folklife Festival in downtown San Antonio. Risinger will join more than 6,000 other participants representing 31 cultural and ethnic groups at the ninth annual Festival, which celebrates the ethnic and pioneer backgrounds of early Texas settlers.

"I haven't seen Don shear a sheep since medical school...and that was at least 18 years ago," Mrs. Don Risinger said.

Although he hasn't practiced shearing in several years, Risinger developed the skill as a child. His great-grandfather, one of Bandera's founders, was a sheep and goat raiser.

"His daddy sheared sheep, too," Mrs. Risinger said. "But he wasn't a sheepman—he was Bandera's postmaster." Mrs. Risinger, originally from Lancaster, never raised sheep, but anticipates that the Festival will be sheer enjoyment.

The Texas Folklife Festival will be held on the 15-acre grounds of The Institute of Texan Cultures on Hemisfair Plaza.

Advance tickets are now on sale at $3.00 for adults and $1.00 for children under 13. Children under six are admitted free. Tickets purchased at the gate will be $4.00.

Light Rains Fall

Light and scattered rainshowers dotted the county with moisture this week, giving hope that the long dry spell which has parched the area may soon be over. One shower early Tuesday morning left .32 inches in the U.S. Weather Bureau gauge in Bandera.

Another shower fell Tuesday afternoon.

Temperatures dipped briefly, during the rainstorms and afternoon highs have moderated a little.

MORNING PRAYER

Good morning, Lord
Another lovely day
Help me to keep it so,
Dear Lord, I Pray
May no small, careless word
Or deed of mine
Let fall a shadow there
To spoil the shine;
No act of kindness,
Thoughtlessly undone,
Make dim this lovely morning.
Bright, clean sun.
Help me to keep this day
As good as new!
Till at its close I give
It back to you.

Tarpley NEWS

Mrs. Nettie Dean

562-3464

A quote—"He who blackens others does not whiten himself."

Mr. and Mrs. Arthur Erfurt left on July 2 for a vacation, through several states. In Adkins, Ark., they visited Arthur's sister, Hilda and Jack Caldwell and family, and Mr. and Mrs. Gene Caldwell and family. They enjoyed sightseeing in Missouri and Mississippi and came on to Freeport where they visited Mr. and Mrs. Kenneth Anderson and family. In Houston they enjoyed visiting Mr. and Mrs. Ike Tellschow and Jean and Charlie McKee of Pasadena. The Tellschows and McKee's were former residents of Tarpley. They also visited Mr. and Mrs. Clyde Lloyd in Waller. They report a wonderful trip.

A bad grass fire got started on the Chester N. Posey ranch last Thursday afternoon, burning off a large number of acres of land. It was started by trash being burned in a ditch and the wind spread the fire on to the Posey Ranch (the former Willis place) and then it spread on to the Bill Lindley place (formerly the R.N. Padgett place). This is up the Williams Creek road. The Tarpley Volunteer Fire Department responded, and also the Bandera Volunteer Fire Department came and assisted. The Hondo Fire Department was standing by if further help was necessary. Some of the high-way county men trenched around the fire area to prevent further spreading. It is a very dangerous period with the grass so dry and the temperatures continuing to hold around 100 degrees.

For three years he received an award as "Outstanding Teacher."

Golden Wedding Celebration

More than 300 relatives and friends of Marvin and Lucille Hatfield gathered at the Bandera Recreation Center Sunday afternoon, July 13, to celebrate the Hatfield's golden wedding anniversary.

Guests began arriving at 2 p.m. and continued throughout the afternoon.

Mrs. Esther Garcia and Mrs. Leona Barry, friends of the honorees, provided piano and violin music between 3 and 4 p.m. Larry Herman and his "Roaring 20's" band provided music of the 20's and 30's from 4 to 7 for dancing and enjoyment.

The mood of the afternoon was a joyous, happy one as guests reminisced with old friends, met new friends, danced and had a genial time.

Hosting the party were the children and grandchildren of the honorees—Dr. and Mrs. Jerry Smith, Kim and Mark Smith of Plano, Dr. and Mrs. Tom Hatfield, Sara, Alice, and Tom Hatfield of Austin.

Duke-Harralson

Martha Harralson and Joe Duke were united in marriage July 12 in a double ring ceremony at Magnum Oaks Baptist Church in Houston.

The bride is the daughter of Mrs. Inez Brown of Houston and the groom is the son of Mr. and Mrs. Leslie R. Duke of Utopia.

The bride's dress, which she made, was of beige quiana with a matching lace cape. Her jewelry was a pair of pearl earrings which belonged to the groom's mother and had been worn by all the girls in her family, including her other three daughters-in-law, at their weddings, and a gold chain necklace.

The groom wore a brown pin stripe suit with a beige quiana shirt.

Their attendants were their five children, Crystal Duke, bridesmaid, wore a lime green dress with a ruffled top. The best man, Joe Ray Duke, and the other attendants, Darryl Duke, Rickie Harralson and Eddie Harralson, were beige pin stripe suits with lime green shirts. Ushers were Rip Duke and Sam Duke of Utopia.

The bride's mother wore a white dress with a blue carnation corsage. The groom's mother wore yellow with a yellow and white daisy corsage.

The reception was held at the home of the groom's uncle and aunt, Mr. and Mrs. R.L. Duke of Houston.

The bride's three-tiered white cake and the groom's chocolate cake were made by the bride. They were served with punch, iced tea and coffee.

The couple are at home at 6436 Menwood Circle, Houston.

Gould-Griffin

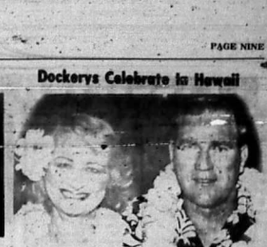
Victoria Griffin announces the engagement and approaching marriage of her granddaughter, Billie Griffin, to David Gould, son of Mr. and Mrs. Lloyd Gould.

They plan to be married September 6 at Grace Lutheran Church in Bandera.

Celebrate 50 Years of Marriage

Mr. and Mrs. Joseph Harvey Maier celebrated their 50th wedding anniversary on July 4 at the Recreation Center at Mansfield Park. Red, white and blue streamers, balloons, and flags made this a doubly festive occasion.

Mr. and Mrs. Maier were honored by their children with a barbecue dinner which was shared with some 70 family members and close friends.



Later, at the reception, the bride and groom of fifty years cut the bride's cake which was set upon a table covered with a bright red cloth and topped with an open-lace overlay. Punch was served from a white milk glass bowl. Granddaughters Connie and Bonnie Schmidt of Comfort served at the bride's table.

The groom's table was covered with a bright blue cloth with white open-lace overlay. It held a German Chocolate cake and gold coffee service. Granddaughters who served at the groom's table were Leigha Maier of Montgomery, Ala., and Kelly Maier of Bandera.

The Maier's children presented the honorees a cash gift laid on a gold-prospector's pan engraved noting the occasion and their names—Mrs. Chester (Sarah) Schmidt of Comfort, Mrs. Jim (Zada Jo) Morrill of Anchorage, Alaska, Frank Maier of Bandera, Glen Maier of San Antonio, Mrs. Emory (Patricia) Averitt of Bryant, Kenneth Maier of Colorado Springs, Colo., Jerry Lee Maier of Montgomery, Ala., and Charles Maier of San Angelo.

Mr. and Mrs. Maier also have approximately 40 grandchildren and great-grandchildren, most of whom were present. Four generations were presented at the party.

Dockerys Celebrate in Hawaii

Mr. and Mrs. Ted E. Dockery of Bandera and Leon Springs recently celebrated their 25th anniversary with a trip to Hawaii.

While on Oahu they visited various points of interest, including Pearl Harbor, the Biship Museum, the Iolani Palace, the Polynesian Cultural Center, the War Memorial Cemetery and the Byodo-In Temple. They also enjoyed the Don Ho show and the Tavana Polynesian Spectacular.

Before leaving on this trip, their sons presented them with a hardwood rocking chair as Ted and Jody will become grandparents for the first time in August.

Mr. Dockery has been the principal of Bandera High School for the past two years and Mrs. Dockery is an administrator in the Northside School District in San Antonio.

A THOUGHT FOR THE WEEK

By John M. Grimes

"Passing the buck" is something that is common to all of us when we don't want to be held responsible for certain actions.

It is something we do when we don't want to admit that maybe we were at fault...maybe part of the blame should be on us...maybe the other person or persons involved weren't totally at fault. After all, do we really want to admit that we were "WRONG"? CAN we admit that we were "WRONG"?

Isn't it a lot easier to blame someone else than to take the responsibility ourselves? Isn't it a lot easier to say "It's his fault", than to say, "Maybe I'm partly to blame for what happened"? Also, isn't it easier to ask someone else to do something you should have done yourself?

If we're honest with ourselves we'll recall at least one, probably several times when we've been guilty of "passing the buck"...when we've shirked our responsibility for something that went wrong or for something that wasn't done.

The late president Truman put a sign on his desk; "The Buck Stops Here!" Not a bad idea....What do you think?

Air-She Slated In Hondo

The attack on Pearl Harbor back in 1941 was a blast heard around the world, a smoke and fire slam at the integrity of the United States.
That blast, including the smoke and fire, will be re-enacted at Hondo Air Base on Sunday, September 21, when the Confederate Air Force presents a two-hour narrated AirSho. Some 40 World War II vintage aircraft, including the B29s, will participate in the show from 2 to 4 p.m. that date.
CAF flyers tell the action-packed story of air power in the critical days of 1939-1940.
The AirSho admission will be $10 per each person over six that day but advance tickets are on sale at $5 per person. These savings may be had by mailing a check or money order to CAF AirSho, P.O. Box 4, Hondo, Tex., 78861. Enclose a stamped, self-addressed envelope. And when you come bring your own chairs.
For a full weekend of fun plan on attending the first official Medina County Fair slated about 1922. It will hold forth at Hondo City Park September 19-21 with a rodeo and dance slated to kick it off the night of Sept. 19.
Fair activities range the entire gamut of fun, including chili cook, bluegrass festival, fiddlers contest, sheep shearing contest, cowboy horse races, carnival, livestock and crops judging, home arts judging, art show and sale, live entertainment and plenty of food. Fun and refreshments.
For additional details contact: Diane Wolff, Medina County Fair Association, P.O. Box 4, Hondo, Texas 78861.

Class of '55 Has Reunion

Front row (l-r)—Dr. H.L. Risinger, Barbara Frerich Packard, Pat Cardwell D'Spain, Travis Tucker, Annette Kalka, Jerry Word, and back row—Anthony Kalka, Dr. James Cottingham, Sue Nesting Chandler, Helen Rees Hansen, Virginia Brewer Gambrell, Leroy Sanders, and Ray Lee Preston.

On July 19 the Bandera High School senior class of 1955 met at the Bandera Elementary and Jr. High buildings. They then went to the new High School which many had never seen. Although they had never attended classes there, it was most enjoyable to visit the new building which everyone agreed was very nice.

They then proceeded on to the Flying L. Guest Ranch and Country Club where the remainder of the reunion was held.

Due to the absence of the class president and the vice president of '55, Pat D'Spain, class secretary, presided and Barbara Packard took the minutes. The next reunion is planned for the third weekend in July 1985.

Each person was asked to relate their most embarrassing moment, happiest moment and biggest mistake they made in school, and responses added to the humor and excitement of the meeting. Lost Valley newspapers, which contained pictures taken at the 1975 reunion, were then handed out.

Pat D'Spain gave each a copy of a poem depicting the character or position in life of each classmate who was expected to attend.

Helen Hansen had decoupaged wall plaques which were given as special awards. Travis Tucker won one for coming the farthest distance and Pat D'Spain won for being the first grandparent.

Virginia Gambrell was presented a corsage made by Doreen Wheeler for being the class member who had traveled most extensively.

Drawings were held for door prizes, including a painting donated by Ray Preston in a frame made and donated by James Hansen. This prize was won by Dr. H.L. Risinger.

An antique glass basket was donated by Anthony Kalka and won by Ray Preston.

A silver dollar tree adorned with red roses and old fashioned clothes pins was won by Barbara Packard. Each clothes pin was painted blue with the inscription "Class of '55" and "Reunion '80" and made into keyrings. She gave each person a key ring clothes pin as a souvenier.

A memento fashioned by Helen Hansen was presented by Annette Kalka to Mr. and Mrs. Willard D'Spain in observance of their silver wedding anniversary July 8, 1980.

Those who felt they deserved a plaque engraved "World's Greatest Lover, Seniors 1955—Class Reunion 1980" competed in a drawing.

Travis Tucker was the lucky winner and he then made a humorous short speech of appreciation.

Card of Thanks

I would like to say a big "thank you" to the nice people at the Senior Citizens Center for my birthday party on July 8. Also to members of the Golden Age Club for my birthday party on July 17. The lovely dinner at the center and the beautiful pot plant at the Golden Age party were deeply appreciated. Thanks to the hostesses at both parties.

MR. CATTLEMAN

The cost-price spread has squeezed all of the "romance" out of the cattle business.

For an efficient and profitable operation it is necessary to supplement range and field grazing in the late summer as well as in winter.

So, let's look for some answers —

IT IS TRUE THAT, if you are not very careful, you can feed all of the profit out of a cow.

IT IS TRUE THAT in no way can you starve a profit into a cow.

BUT, IT IS ALSO TRUE THAT—a balanced and nutritional supplement, that can utilize existing forages, is the most economical and feasible way to get the heavier weights needed on today's market.

PRO-LIX LIQUID FEED is a proven supplement that can help your cow through stress periods, both summer and winter.

HAVE YOU BEEN MISINFORMED? Have you been told that one liquid feed is as good as another? Have you been told that all liquid feeds are just a mixture of molasses and a synthetic protein with vitamins and minerals added? Let's be very generous and say that when a "molasses peddler" tells you that there isn't any difference in the result-cost ratio among liquid feed he is, to say the least, misinformed.

PRO-LIX is a liquid feed, but it is as different and as superior over molasses blended liquid feeds as alfalfa is over grass hay. They are both hay, but you would never expect to get the same results from a bale of grass that you could get from a bale of alfalfa. Don't be satisfied with grass hay when you can easily have alfalfa. Look into the supplement that you are buying, compare analysis sheets and performance data.

PRO-LIX is the only liquid feed that contains a fermented tuna fish base with built-in fermentation solubles as well as distiller solubles and has a guaranteed energy factor for proven performance and service.

FERMENTED IN PUERTO RICO FORTIFIED AND HOMOGENIZED IN M.O.B.I.L.E., A.L.A.

Turbulent Winds Up-End Building

A freakish wind storm, accompanied by rain, blew through an area west of Pipe Creek near the Bear Creek Road intersection with S.H. 16 Monday about 4 p.m. The wind gusts toppled a small wooden office building which was located by the front of Wehmeyer's Machine Manufacturing building.

The wooden building came to rest roof down on a small foreign car which was parked behind it. The strong winds severely shook the main metal structure, according to Edwin Browning who was at work in that building when the storm struck.

Reds Split Double Header

The Reds continued to work their bats on opposing pitchers last Saturday afternoon by winning the first game from Kerrville by the score of 16 to 1. Bubba Jennings was the winning pitcher of this game, allowing 5 hits while striking out 5 batters. Bandera collected 18 hits, including 4 homeruns by Kenney Witte, Johnny Cardenas, Jim Bob Robbins and Bubba Jennings.

The Reds got off to a slow start in the second game. Kerrville scored 7 runs before the Reds could get on the scoreboard. Bandera was unable to pull ahead in this one. They pounded out 10 hits but could only get 5 runs.

Final score in this game was 8 to 5. Johnny Cardenas was the losing pitcher in this contest. He was able to pick up 12 strikeouts while giving up 11 hits.

This Saturday the Reds play Comfort at Comfort. Everyone is invited to come out to watch the action. Game time is 2 p.m.

Playing with the Bandera Reds are, front row (l-r), Jaime Gonsales, Chris Robbins, Jim Bob Robbins, Kenny Witte, Russell Hevenor, Johnny Cardenas, Jesse Cardenas; back, J.W. Jennings, Chuck Tondre, David Weynand, Bubba Jennings, Mark D'Spain, Gary Rowlett, and Jerry Cardenas.

Rabies Increases 11% In Texas

Laboratory confirmed cases of rabies during the first half of 1980 are skunks, 458; fox, 29; bat, 39; raccoon, 00; other species, 5; dog, 63; cat, 17; bovine, 27; equine, 15; other species 10 for a grand total of 646 confirmed cases.

This level of rabies activity is of major concern to the Texas Department of Health and all of the people of Texas.

The disease is spreading throughout the state, especially in wild animals. Skunks continue to be the major species affected, but the fact that man has populated many rural areas causes domestic species to come into contact with wild carriers of the disease. During 1979, domestic animal rabies cases (dog, cat, cattle, horse, goat and sheep) totalled 179. Dogs accounted for 46 percent of domestic rabies and cats 27 percent. The incidence of domestic animal rabies for the first six months of 1980 has increased by 11 percent over the same period in 1979, which indicates a greater risk to humans, since man is in close contact with domestic animals.

Nita Hamell of Alamo Beach, Judy Zahn and Frances Shomaker, both of SA, hosted a surprise birthday party in honor of Leroy Guillory Sunday afternoon at Pop's Place.

A Weekend At Alamo Beach

Ret. Sr. M. Sgt. and Mrs. Warren Gebler of SA spent the weekend at their mobile home at Alamo Beach. Their son, Paul, who is a meteorologist at UTSA, and his friend, Marc Endsley, a Trinity University, business major, joined them for the weekend. Paul recently returned from a tour of duty in England.

Condolences

Condolences are extended to Mr. and Mrs. Phil Bronson. Phil's grandmother, Marguerite Drain of San Antonio, died recently. Mrs. Drain formerly lived in Lakehills.

Western Laue

Once again 100 guests from Lakehills, Bandera, Tarpley, Medina, San Antonio, Rockport, Schertz, Pipe Creek, Houston and Denver sailed to the enchanting "Aloha Isle" via Luv Boat for another of Norman Mansfield's and Jean Logsdon's festive occasions. After going ashore the guests were greeted by their genial host, Norman, and the lovely hostess, Jean, with the traditional lei greeting. As the tunes of the ever popular Western Lu-walian Band filled the quiet and serene atmosphere of the beautiful Lake Medina, the guests danced beneath a full moon. Later in the evening they enjoyed a sumptuous buffet under the bright stars and natural surroundings of "The Best of Texas." Highlights of the evening included Hawaiian dances by Louise Fernald and pickin' and singing by Pat Howard and Randy McNaughton and a vocal duet by Norman and Ed. The memory of the gala will linger on; however the hospitality of the host and hostess will be uppermost in the minds of the guests.

It isn't too late to enter the menudo cook-off at the Sportsman Inn on August 2. 11:30 a.m. August 1 is the deadline. Judging will begin at 5 p.m. An auction will follow. Other items will be auctioned besides the menudo. If you wish to donate something for the auction take it to the Sportsman Inn. All proceeds will go to the Mico Volunteer Fire Department.

Where Else But The Mico Inn

The Mico Inn did it again. Their Friday evening Hawaiian party was beautiful. The Hawaiian delicacies prepared by Penny, Marg, Bill and Fay were delicious. Flowers and leis made by Barbara Goolsby which were presented to guests made them feel that they were in Hawaii. It would be impossible to list all of the guests; however I did see Fred and Dorothy with matching hair and Hawaiian attire, Pete and Pat, PR, HT, Teri and Traci, Matt and Tootsie, Freda and Billy, Irene and Arnold, Judy and Ruth, Byron, Pearl and Jerry and many others.

The Cue Crowd

In the pool tournament Wednesday evening at Punkin's Lakeside Palace, T.J. of SA placed first, John Akin was second and Linda Warlick was third. The tournament will be held each Wednesday evening and winner takes all. The first place winner will not be eligible to compete for a month. This gives everyone a chance. On Tuesday evenings the tournament will be for ladies only, winner takes all. Play will begin at 8 p.m.

Harvest Does, Get Bigger Bucks

A South Texas game biologist has summed up his philosophy for improving Texas deer herds in a five-word bumper sticker—"Harvest Does, Get Bigger Bucks."

Jim Mullen, manager of the 5200 acre Campo Maria ranch northwest of Carrizo Springs, hopes wide exposure of the bumper strip will convince skeptical Texas landowners and hunters that the quality of Texas deer will continue to decline unless recommended harvest methods are followed.

The 1975 Texas A&M graduate is promoting the use of the blue and gold sticker through fellow biologists and others interested in effective game management. Single stickers are available for $1 or 60 cents each in quantities of 10 or more.

Mullen's address is Route 1, Box 48A, Carrizo Springs, Tex., 78834.

Lakeshore NEWS

Glenda Haley
796-4948

The members of the Lakeshore Volunteer Fire Department met Saturday morning with 35 members and several guests attending. The president, Louis Duquette, stated that he would appoint a fund raising committee to plan future money raising projects as the fire department is hoping to have its own building and other facilities as soon as funds are available. The members decided to build restrooms at the present time and a committee of Bethel Lackey, Wayne Hildenburg and Allen Haley was asked to be in charge of plans and construction. It is hoped that the restrooms will be completed by the end of August. A special fund was established to pay for these restrooms and if you haven't already made your donation, it can be turned in to any of the officers or directors. All contributions of money, labor and materials will be appreciated.

Rosa Bailey and Allen Haley returned Friday from Texas A&M where they attended the 31st session of the Texas Firemen's Training School and received 30 hours of training. Allen was enrolled in Fire Fighting I and Rosa took Fire Prevention I. Both reported that the training was very thorough and they hoped to pass on what they learned to the Lakeshore firefighters at their training meetings.

The next training meeting for the Lakeshore VFD will be Wednesday, August 6, at 10 a.m.

Visiting Mrs. Annie Thetford this last week was her cousin, Mrs. W.W. Schmidt, and her husband and family of Hondo.

A checking account pays your bills.

If you deposit most of your paycheck in a checking account so you can pay your bills once or twice a month, we've got news for you: That's very uninteresting.

Paymaster pays your bills. And pays you interest.

Paymaster lets you pay your bills by phone. Just phone us, tell us whom to pay and how much. We'll write the checks, mail them, even pay the postage. And Paymaster is like a checking account that earns interest. We pay you 5½% interest on money you normally have sitting idle in a checking account. And your money earns money right up to the date of withdrawal.

Paymaster is free.

On most accounts, Paymaster costs nothing. If your balance falls below $250 and you have more than three transactions that month, you pay a nominal service charge.

Paymaster is safe and insured.

Your money is insured to $100,000. And once you and your Paymaster department have the information required to make a transaction on your account,

Paymaster is also a savings account.

You don't have to pay your bills by phone. You can give us written authority for recurring payments, such as house payments and car payments. Then simply use your Paymaster account like a savings account.

Paymaster isn't new.

Unlike similar services you've heard about, University Savings has tested and proven Paymaster over the past 5 years. We've made more than 837,000 Paymaster transactions in Texas, and paid more than $4.2 million in interest.

Earn 5½% on your "checking account" money.

Call us and ask for New Accounts. Or stop by any of our area offices today and sign up for Paymaster, the savings account that just made checking accounts obsolete.

PIPE CREEK COMMUNITY CENTER NEWS

The Pipe Creek Community Center has exceeded its goal for picnic tables. Thirteen individuals and business establishments each donated a table.

Most recent contributors are Tony Jennings Ranches, Barrel House Hardware and Feed, David and Geri Valdez of Pipe Creek Realty, J.B. and Helen Edwards of Edwards Ranch Realty, Hal Olson of Pop's Place, Bill and Betty Studstill, Charles Coker of Fuzzy's Place, Karen and Al Walburn of Merle Norman Cosmetics, and Ken Edwards, Bob Turner and Mona Morrison, Community Center trustees.

These are in addition to those donated by First National Bank, First State Bank, Hevenor Lumber and True Value Hardware.

An election is coming up to fill the position now held by Ken Edwards, board director. His term expires in September. According to the bylaws, "Anyone in Pipe Creek shall be placed on the ballot upon request, provided such request is made on or before the second Tuesday in August." If you want to submit a nomination, write the Pipe Creek Community Center, P.O. Box 74, or call Mona Morrison at 535-4532 or Bob Turner at 535-4541.

It's been an active summer for members of the center. Thanks to the efforts of Jim Hannah, Ken Edwards, and Bob Turner, along with the Jay Edwards family, the kitchen area and hallway to the rear of the auditorium are painted. And now, the old folding chairs all have been sold, so there's plenty of room in the auditorium for receptions, reunions, parties, classes and for a meeting place for clubs or organizations. Call one of the trustees if you're interested in helping to put the building to good use. Also, watch for the new sign soon to go up in front of the Community Center. You won't be able to miss it. Julius Guillory is working on the lettering and plans are to have it up by Homecoming on August 3. Plywood was donated by Pat and Bonnie Downie.

Do you have an old hay rake, seat, buggy wheel, some trace chains, a set of hames, a clevis, scythe or hayhook? Take advantage of the current nostalgia kick and bring them to the Pipe Creek Community Center's first annual flea market and auction. It's scheduled for October 4. Dig out all your "valuable junk" and reserve a space for a booth. But be sure to set aside at least one item to donate to the auction. Jack Nottingham of the Helotes Auction has offered to donate his talents as auctioneer. If each family chips in an item, it will be a success. Mark your calendars. You'll be seeing more details in the weeks to come.

Don't forget the Pipe Creek Homecoming Sunday, August 3. If you now live or ever lived in Pipe Creek, won't you make your favorite covered dish and come share it with us?

There will be no strangers there—only friends who haven't met.

A group of youth and sponsors from the First Baptist Church of Pipe Creek have spent the past week in Glorieta, N. Mex., at the Youth Training Assembly. Those attending were Carla Rastetter, Lisa Vakey, Wade Marrs, David Marrs, Skipper Swonke, Pete Rastetter, Mary Anna Simpson, and Willie Simpson. On their return, they plan to visit Carlsbad Caverns.

The Baptist Church is making plans for a special musical concert on August 8 at 7:30 p.m. Henry Talbot, manager of Channel 24, the new Christian broadcasting channel, will bring gospel singers from San Antonio. There will be a variety of performers. The public is invited.

A good group of youth is enjoying Monday evenings during this summer at the First Baptist Church. Activities include volleyball, pitching washers, croquet, and a period of devotions and refreshments. These activities will continue through August.

Mr. and Mrs. Forest Stevens had as their guests last weekend their grandson and his new bride, Mr. and Mrs. Jimmie Moore of San Antonio. Mrs. Jean Stevens and sons, David and Troy, and Bill Reeves were also visitors in the Stevens home.

Lillie Thompson

Guests of Mr. and Mrs. L.L. Tubbs last week were Rev. and Mrs. Charles Noble, their former pastor of Jourdanton.

Scattered thundershowers fell Monday and Tuesday in the Vanderpool and Utopia area, accompanied by high winds. Some folks were fortunate and received .09 to 1.5 and 2 inches below Utopia, while others received only a trace.

Son and Irene Moore of California have moved to their property above Vanderpool. They plan to build a home or move a trailer on their place.

Hough and Carmen Schryver are spending some 16 days vacationing in Ruidoso, N. Mex. They were joined by their son, Douglas, who is employed in New Mexico and several other family members. Margrete Thompson is in charge of Vanderpool Post Office.

Visiting in the L.L. Tubbs home this weekend are a nephew and wife, Mr. and Mrs. Lavoy Tubbs of Austin.

Ardell and Peg Nelson and three children, Harold, Sharon and Debra of Galveston at their Vanderpool ranch fencing a horse trap, constructing a road up to the lake and clearing the grounds, in readiness for their new home.

Betty Lewis was proudly showing off her handsome little two-week-old grandson, Justin, at Baptist Church services Sunday morning. He is the son of Glenn and Dianne Lewis and is being welcomed by an older brother, Lenard Austin.

In the absence of the Baptist pastor, Rev. Homer Stephens, both messages Sunday were brought by Rev. Lonnie Webb. The Stephens family is gone on a week's much needed vacation.

Due to change in plans at the Baptist Church, the young people from Bryan will be here next Sunday night. The regular fellowship supper will be just before evening worship service. There will be 17 extras for supper. Come and bring a covered dish and help welcome the Bryan Young People to Utopia for another exciting week. On August 9 the youth choir will present Celebrate Life.

Attending Baptist church services Sunday morning was Mrs. Johnnie (Alice) Thompson of San Antonio, accompanied by her sister, Mrs. Mildred Broden of Kalamazoo, Mich. They were brief visitors in the Thompson homes, also stopping in at the Elby Hutto's, Clara Custer and the Hamilton Gabriels.

George and Louise Moore received word Sunday of a 6 pound baby boy born to Ann and Johnnie Moore in Bryan. Other grandparents include Charles and Lois Easley of Rio Hondo.

Bud and Nancy Thompson were Wednesday over-night visitors with Gene and Betty Jo Yeager at Marble Falls.

Mr. and Mrs. Frank (Doc) Schmidt of Kingsbury and Mrs. J. Pennington and son of Houston were Sunday guests of Mr. and Mrs. Les Short. Mr. Schmidt, county clerk at Seguin, and Mr. Short are life-long friends and were roommates at Texas A&M in the 20's.

Tom Fielder reports catching a big Russian hog Sunday morning in a snare on the old Mason Foster place, now Seabird Ranch. These hogs are a real menace to ranchers and it is always good news to hear of another one being caught. This one was caught around the tusk.

Dick and Gloria Swantner and three of their children, Rick, James and Michael, weekended at their Arribella Ranch. They hosted a barbecue supper Saturday night for friends.

Visiting Lecil and Ruby Howard, Sunday were Carol Alley and friends of Uvalde. Dahl, Gail and children of Kerrville and Tommie and family of Sabinal. Tommie Howard was guest speaker at Church of Christ services Sunday morning in the absence of their pastor who is on vacation.

Tarpley News

Mrs. Hattie Dean

An old saying: "Nothing ventured—nothing gained"

The Tyman, Wm. Riley reunion was held on July 26 and 27 at the Hondo City Park. The Riley family came to Bandera in 1884 and after living there 15 years bought a home north of Tarpley in 1899. A memorial service was held to begin the reunion and approximately 50 of the family were present. Sim Riley descendants were represented from Tarpley, Center Point, Kerrville, Leon Springs and Castroville. Four generations were present also. Annie "Riley" Oeliff descendants came from Taft and Odessa. Ben Riley descendants came from Jasper and Port Arthur. Patricia Riley Odecendants came from D'Hanis, Hondo, Houston, Dallas and Lubbock. Four generations were present. Those coming the greatest distance was the Richard Dean family. He is the grandson of Mr. and Mrs. Lewis Dean of D'Hanis. His baby daughter won as the youngest one present. Richard's family also made the four generations of the Lewis Dean family. Barbecued brisket was enjoyed with all the goodies one could wish for. It was voted to have a covered dish reunion for another year.

Happy to report Tarpley and surrounding areas had from .07 to 09 tenths of rain last week. Many remarked it was good to hear the thunder once more. Temperatures continue from 100-105 degrees.

WALKER REUNION

The annual Walker reunion, held July 6, was a success inspite of the 100 degree weather. There was a good turnout with some cousins and friends who had never attended before who enjoyed themselves and said they would be back next year. Some regulars were unable to attend and, since last year, one of our "family" Mrs. Jim (Lois) Daniels, was lost. She was missed by all. Jim's sister, Peggy, and her family surprised everyone by coming in for the reunion. Others came from Breham, Beeville, Palestine, Buchanan Dam, Kerrville, Bandera, San Antonio, Pearsall, Uvalde, Mesquite, Utopia, Brownwood, Harler Heights, Houston, Sanderson, Freedom, Calif., Rosenburg, Helotes, Pleasanton, Boerne, Converse, Hawthorne, Calif., and other places. Aunt Ruby Sides, the only living child of James W. and Melvina (Bandy) Walker was the reunion queen. The oldest man attending was Manuel Faris and oldest woman, Sarah Jackson.

Barrel race winners were 1st, Charlie Sandefur; 2nd, Jennifer Sandefur, and 3rd, Virgina Jackson. Charlie and Jennifer are the great-great-great grandchildren of James and Melvina.

The egg toss game winners were teams of, 1st, Charles Sandefur and Mary Cook (Mary is the great-great-granddaughter of James and Melvina); 2nd, Lisa Britt and William Tabor; 3rd, Charlie and Jennifer Sandefur. Several children got their licks in on the pinata to break it open for all the goodies. The children always enjoy these games.

Everyone is already looking forward to next year and seeing more of our "kin" and friends. Don't forget the date—"First Sunday after the 4th of July."

D'Spein-Harris

Mr. and Mrs. Forest Stevens enjoyed a visit recently from Mr. and Mrs. Bob Mansfield.

Robie Jean Harris and Michael Wayne D'Spain were married in the Bandera United Methodist Church on July 11 at 4 p.m. Rev. Robert Beaver performed the ceremony. About 40 relatives and friends attended as the couple spoke their vows.

The bride is the daughter of Mrs. Bob Peak of Giddings and Robert Vitale of Fredericksburg. The groom is the son of Mr. and Mrs. Carel D'Spain of Bandera.

The bride wore a floor-length gown of white peau de soie over soft white ciana with re-embroidered lace daisy appliques at the high old-fashioned collar, wrists and along the hemline. She wore a long white veil and carried a white Bible, adorned with various shades of blue silk flowers and blue lace and ribbon streamers. For the traditional customs, she wore something old, her engagement and wedding rings, handed down to the groom by his maternal grandmother; something new, her dress; something borrowed, the Bible she carried, which was the groom's mother's; and for something blue, she wore a blue lace garter.

The groom wore dark blue trousers and a light blue jacket with dark blue tailoring around the collar, pockets and cuffs and a blue silk flower boutioniere.

After the ceremony a reception dinner was given by the Glenn Clark family on the shady lawn of their home. A barbecue dinner was served. The guests were served a three-tiered wedding cake, decorated with miniature bride and groom and several tiny wedding bouquets. Later the bride gave away the bouquets as souvenirs of the wedding.

The couple is making their home here in Bandera.

Hicks Reunion Held

The descendants of Fabian L. Hicks and Hedviga Anna Hicks and their family, Paulina Hicksey on July 12, and 141 relatives and 7 visitors attended.

Carmen and Speedy Hicks out did themselves in preparing the old homeplace of the Hicks family. Some of the descendants and their fathers and mothers have been visiting the site all of their lives and it is very unusual to have a reunion in a plot of ground that has been in the family more than 120 years.

Rev. Harvey Hulse of the First Baptist Church of Bandera gave the invocation and then the family settled down to 'eating a scrumptious meal. Those on diets forgot all about the diet for this day.

Following the meal, a memorial service was given for four in the family who will not return to our reunions—Georgs Fee, Lee Mansfield, Justin Linney, and Allen Toby Fee. Speedy Hicks led this service.

At the business meeting these officers were elected for 1981: Alvin Hicks, president; Kenneth Wantzloeben, vice president; Bonnie Fowler, secretary, and Paul Lavon Garrison, treasurer.

The historian announced that the ten-year book would be out next year and everyone completed forms describing their marriages, education, honors, and other information which will go in to the book.

A THOUGHT FOR THE WEEK

By John M. Grimes

There are two kinds of people in this world; those who go ahead and do something, and those who sit back and ask why it wasn't done the other way. In every human enterprise there is always somebody who says it can't be done. William James said, "First a new theory is attacked as absurd: then it is admitted to be true, but obvious and insignificant; finally it is seen to be so important that its adversaries claim that they themselves discovered it."

At the turn of the century there was a young man who got up every morning and climbed into a contraption that looked like a buggy without a horse. People laughed as they watched him pull levers which produced loud snorts and a few convulsive movements of the wheels. His name was R.E. Olds, and that was the first Oldsmobile...A New York newspaper ridiculed another young inventor who thought he could get light from a round glass bulb...Another Eastern publication made the comment about a man named Bell: "Well informed people know it is impossible to transmit the human voice over wires. Even if it were possible it would be of no value to anyone!"

Progress is almost always attributed to people with the spirit of the man described in a poem that begins something like this:

THEY SAID IT COULDN'T BE DONE, BUT HE WITH A CHUCKLE REPLIED THAT MAYBE IT COULDN'T BUT HE WOULD BE ONE WHO WOULDN'T SAY SO TILL HE TRIED.....

Montague Performs At Folklife Festival

A lariat is as much a part of the cowboy legend as cowboys are a part of the Texas Folklife Festival. Bandera's Bruce Montague began roping as a youngster, practicing on posts and unsuspecting animals on his father's ranch. After roping posed no more challenge, Bruce taught himself the art of trick roping. He'll show off his sleight-of-hand skill at the ninth annual Texas Folklife Festival, July 31-August 3. Sponsored by The University of Texas Institute of Texas Cultures in downtown San Antonio, the Festival will give Montague a statewide stage for sharing his tricks and history of roping.

Now that hot weather is on us, you will want to cut down on the heat in the kitchen. One way to do it is to plan more dishes to prepare in your microwave. Microwave cooking can be very successful if you will read your instruction manual rather than guessing at instructions. One thing we are warned about is making microwave popcorn. There's a slight danger of damage, and the popcorn may be dried out. If you're popping corn in your microwave, you could damage the oven itself—even if you have a special popper for the oven. There are so many variables involved that at least one major manufacturer recommends against the practice. Another manufacturer can recommend only their brand of popper for use—only in their oven with strict adherence to the popcorn times.

If you still want to try microwave popcorn, first check the cookbook that came with your oven. Although many food-product packages offer inormation and directions, these may not apply to your oven. MR. CATTLEMAN
The cost-price spread has squeezed all of the "romance" out of the cattle business.
For an efficient and profitable operation it is necessary to supplement range and field grazing in the late summer as well as in winter.
So, let's look for some answers —
IT IS TRUE THAT, if you are not very careful, you can feed all of the profit out of a cow.
IT IS TRUE THAT in no way can you starve a profit into a cow.
BUT, IT IS ALSO TRUE THAT—a balanced and nutritional supplement, that can utilize existing forages, is the most economical and feasible way to get the heavier weights needed on today's market.
PRO-LIX LIQUID FEED is a proven supplement that can help your cow through stress periods, both summer and winter.
HAVE YOU BEEN MISINFORMED? Have you been told that one liquid feed is as good as another? Have you been told that all liquid feeds are just a mixture of molasses and a synthetic protein with vitamins and minerals added? Let's be very generous and say that when a "molasses peddler" tells you that there isn't any difference in the result-cost ratio among liquid feed he is, to say the least, misinformed.
PRO-LIX is a liquid feed, but it is as different and as superior over molasses blended liquid feeds as alfalfa is over grass hay. They are both hay, but you would never expect to get the same results from a bale of grass that you could get from a bale of alfalfa. Don't be satisfied with grass hay when you can easily have alfalfa. Look into the supplement that you are buying, compare analysis sheets and performance data.
PRO-LIX is the only liquid feed that contains a fermented tuna fish base with built-in fermentation solubles as well as distiller solubles and has a guaranteed energy factor for proven performance and service.
FERMENTED IN PUERTO RICO FORTIFIED AND HOMOGENIZED IN MOBILE, ALA.

Fight, Taxes, Fight

Are Texans arming themselves for a tax revolt?

You may recall in my last column that I reported to our county's citizens concerning the county's financial plight, namely, that as if the 25-30 percent inflationary shrinkage of our available dollars over the past 24 months were not bad enough, our county revenues have actually been declining while costs have been going up. I promised to inform you of the reasons why the County could not take immediate steps to relieve itself of this financial dilemma.

The principal reason is the passage in the spring of 1979 by the Texas Legislature of the 1979 New Property Tax Code, otherwise known as the Peveto Bill, a piece of legislation about which I have resorted to you a number of times.

While the legislation which is, naturally, mandatory for every county in the state, removes the County Commissioners' Court from any future roll in taxing or tax policy, I still feel as locally elected officials, that it is our duty to keep the public informed in any and every way that we can. For that reason, I am reprinting here an article from the August, 1980, issue of Texas Monthly magazine. It discusses in an intelligent manner many of the misconceptions and misunderstandings which have arisen in various local taxing jurisdictions and which get blamed upon, but are in fact unrelated to, the Peveto Bill, which will be the law governing property taxes in Texas from this time forward. We hope that a close reading of this article will be of value to you in gaining a better understanding of the future of Texas real property taxation.

Respectfully submitted,

For many years Texas homeowners have made a killing on inflation, but now the tax man is catching up. News and editorial writers, either predicting or hoping for a tax rebellion comparable to California's famous Proposition 13, point out that rumblings are being heard all over Texas. In Corpus Christi, for example, the city council threatened to sue an obstreperous taxpayers' group and was in turn intimidated by a recall petition. There have also been outcries in Dallas, Amarillo, Lubbock, Irving, Houston, Galveston, and Baytown.

By far the loudest noise has come from Dallas, where the entire city has been transfixed for several months by an ongoing civic melodrama. Angry groups of shouting, fist-shaking homeowners protesting sharply higher valuations have confronted abashed city council members (only three of whom were in office when Dallas decided to reappraise) and demanded relief in various forms. Under fire from the local news media, especially the *Dallas Times Herald*, the city has admitted that it isn't sure whether its reappraisal represents 1978 or 1980 taxable values; that it has overlooked or misappraised whole neighborhoods; and, most damaging, that while city appraisers claim to have eyeballed each and every privately owned lot, they have been taking the unexamined word of businesses about the value of their inventories, resulting, naturally, in what appear to be multimillion-dollar discrepancies.

"Murphy's law was reinvented here in Dallas in the last few weeks—it's hard to find anything that didn't go wrong," says David Kerr, who heads the Dallas Tax Information Committee, a group of citizens who tried to help the city sell its new property tax revaluation plan to the voters. The resulting furor has raised emotions and political pressure to such a pitch that a group of Dallas-area officeholders, including Councilman Steve Bartlett, Representative Lee Jackson, and Senator Ike Harris, prevailed upon Governor Clements to make several pronouncements about "fine-tuning" the 1979 New Property Tax Code, widely known as the Peveto bill after its sponsor, Representative Wayne Peveto of Orange.

But the Peveto bill—establishing single countywide appraisal boards to replace the current school, city, and county hodgepodge; calling for 100 percent valuations statewide; and giving taxpayers powers of initiative and referendum on local spending that would satisfy even the most ardent anti-tax activists if they sat down to read the law—isn't scheduled to take effect until January 1982. Its reforms have exactly nothing to do with Dallas's problems, which are entirely of its own making.

What happened was this: The 1970 Dallas City Council, heeding studies that showed local property taxes were violating the "equal and uniform" provision of the state constitution as well as the city charter, told the tax office to conduct a complete reappraisal of Dallas real estate. The city went from 75 to 100 per cent valuation not because of the Peveto bill but because the Dallas Independent School District (which contracts with the city to provide its valuations) had reached its legal limit in setting a tax rate and could not raise money it said it needed. In any case, the effort to put all 288,500 properties in Dallas on tax rolls at their full value as of 1978 (or 1980, depending on which bureaucrat you listen to) took city tax director Max Noller, his staff, and computers more than eight years and cost over $4 million.

It is the term "100 per cent valuation" that has tempted some local politicians to try to shift the blame from the city government to the Legislature, a move that has been fairly successful because most people know so little about how property taxes are figured. The method traditionally used throughout Texas has three steps. First the city appraises the value of a property. Next it decides how much of that value it will tax (in taxoffice parlance, it adjusts the value according to the assessment ratio, which in Dallas was 75 per cent). Then it multiplies the adjusted amount by the tax rate. In Dallas it worked this way: a house appraised at, say, $100,000 would be taxed on 75 per cent of that amount, or $75,000. At a tax rate of $1.33 for every $100 of value, that worked out to a city property tax bill of $997.50.

This fractional assessment technique has allowed taxing authorities to hoodwink taxpayers for years. "Many local politicians," says Jim Robinson of the newly created State Property Tax Board in Austin, "have been prone to say, 'I've never voted to raise the tax rate.' But they've voted to raise the assessment ratio several times." The Peveto bill, should remove the obfuscation factor; when your school taxes go up it will clearly be because the school board voted a rate increase.

The problem in Dallas, especially in North and East Dallas, was that very few properties were on the tax rolls at anything like their actual worth. Haphazard reappraisals had failed to keep pace with inflation and real estate speculation, which had driven values up as much as 200 per cent in the last decade alone. A house on the old rolls at $100,000 has been reappraised at a much higher value. Mayor Robert Folsom's North Dallas home, for example, had previously been listed at $194,418, but the new revaluation brought it up to $1.3 million, a figure Folsom says is 10 per cent more than he could sell it for.

Some of the early protest in Dallas was caused by the taxpayers' mistaken belief that in going to full valuation the city would continue to levy at the $1.33 tax rate, thus creating a fiscal windfall for itself. But although the city council has yet to decide on a rate, it has pledged to increase revenues by less than 5 per cent, and the figure they most frequently cite has been 59 cents per $100. At that rate a $100,000 house would cost its owner $590 in city taxes. But today's $100,000 house, remember, may have been on the old tax rolls at $30,000 or $40,000, regardless of what its owner paid for it.

Peveto himself, a Democrat whose expertise in tax matters is respected by his fellow legislators, thinks the state depends far too heavily on property taxes to generate revenue, particularly for education, which consumes over half the public money spent in Texas. "During the Briscoe years," Peveto says, "property taxes went up an average of thirteen per cent a year while he was campaigning on 'No new state taxes,' and Clements has taken up the same song. As long as the governor runs around the state saying, 'No new state taxes,' he's in effect saying, 'Higher property taxes.'"

Part of the problem in Dallas, in fact, is that the Dallas Independent School District (DISD), although lowering the tax rate from $1.58 to at least 87 cents, has effectively raised taxes with the higher appraisals and expects to double last year's tax revenue of $23 million. Wracked by financial scandals during the regime of former superintendent Nolan Estes and performing worst among the state's urban districts in the recent Texas Assessment of Basics test, DISD is less than popular among voters these days. City councilman Lee Simpson, who has faced down more than one angry audience of constituents in his East Dallas district, says he thinks much of the heat that council members have had to take stems from misplaced anger at DISD. Simpson says he has little sympathy for speculators and bargain hunters who bought into far North Dallas or the rapidly rejuvenating neighborhoods in his area and who now bellow at having to pay taxes reasonably in line with what their properties are worth. But he does worry about the majority who bought their houses to live in, particularly persons on limited or fixed incomes for whom increased taxes are more than an inconvenience.

Tax Information Committee head David Kerr says, "My house was way undervalued and my answer to my friends and neighbors in North Dallas who are in the same situation has been, 'You've been getting the gravy train for seven or eight years.'" He thinks the tremendous animosity in Dallas is based upon not just property taxes but also a generalized discontent with everything from Jimmy Carter to the Ayatollah Khomeini.

One obvious conclusion to be drawn from the flare-up in Dallas is that while everybody wants good police and fire protection, sewers, garbage collection, street maintenance, libraries, parks, and schools, nobody likes paying for them. A more useful analysis, though, might be that Dallas tried to do too much at one time—move to 100 per cent valuation, make up for ten years without regular reappraisals, and raise taxes all in the same year. Technically feasible, perhaps, but politically very unwise. There's a lesson to be learned here: with less than two years before the Peveto bill becomes law, local authorities and state legislators have barely enough time to stem an uninformed reaction against what most tax experts believe is a very good law.

COLEMAN RECALLS POTENTIALLY LEAKING STOVE AND LANTERN FUEL

The Coleman Company, Inc. reported that approximately 7,000 one-gallon containers of liquid camping fuel marketed by it in Texas and areas of Oklahoma, Louisiana, Arkansas and New Mexico bordering on Texas may leak. Leakage of the fuel, which is extremely flammable, could cause a fire hazard.

The fuel was packaged during early February 1980. Each container may contain a few drops of water which could eventually cause rust and leakage from the affected containers. Affected containers are identified by the brand Coleman and by the code L020 stamped in ink on the container bottom.

Persons who find they have these fuel containers should remove them to the outdoors and call their local fire department for disposal instructions. The containers should not be returned to place of purchase or transported in motor vehicle until emptied. Empty containers marked as mentioned above will be exchanged free of charge if returned empty to the place of purchase.

Contact The Coleman Company, Inc., 250 N. St. Francis, Wichita, Kan., 67201 or telephone toll free (800) 835-3278 for further information.

Deaths from cancer continue to decline for those under age 45 and within the last few years deaths in the 45-59 year age range also have begun to decrease.

PREGNANCY AND ALCOHOL DON'T MIX
Pregnant? Don't drink!
Pregnant women who drink alcoholic beverages can damage their unborn babies, says Dr. Mary Ann Shirer, a health education specialist.
Many children born to women who drink "excessively" while pregnant have shown recognizable patterns of physical and mental birth defects, known as fetal alcohol syndrome, she explains.
Dr. Shirer, on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System, says that no one knows what the "safe" levels of drinking for a pregnant woman are. Hence, her advice—"Don't drink."
Of course, there is one other alternative, she adds. Since safe levels of drinking are unknown, pregnant women and those likely to become pregnant should discuss their drinking habits—and the potential dangers—with their physicians.
The "do's and don'ts" associated with pregancy may seem overwhelming, but underlying all the advice and recommendations you get is this important message: WHAT YOU DO MAKES A DIFFERENCE

DID IT HAVE RABIES OR DIDN'T IT?

This question very frequently and usually after the fact is asked by someone who is accidentally or intentionally bitten by an animal.

During the month of March, a person in our county was bitten in the neck by a bat. The bat was destroyed immediately. Due to this' hasty action, the person that was bitten has had to undergo a 21-shot series of anti-rabies therapy—a painful if not necessary experience. Such therapy should only be necessary in the event of a positive rabies test which in this case could not be performed.

Concern for possible rabies carriers should be borne in mind whenever persons are bitten or scratched. Detection of this dread disease lies in the analysis of brain tissue of the biting animal or after proper quarantine of domestic animals. Please don't find yourself wondering: "Did it have rabies or didn't it?" Contact your veterinarian, doctor or sheriff's department for proper advice as to how the biting incident should be handled.

Elizabeth "Pete" and Joy Stein, daughters of Mr. and Mrs. Richard Stein and Tina Macon, daughter of Mr. and Mrs. Ron Macon, were among more than 100 Junior Charolais enthusiasts attending the 11th American-International Junior Charolais Assn. Leadership Conference and 5th National Junior Charolais Heifer Show, held in Sedalia, Mo., July 8-11. The junior event was sponsored by Charolais Breeders of Missouri Department of Agriculture, American-International Charolais Assn. and the American-International Junior Charolais Assn.

Close to 90 heifers were exhibited.

County Judge Asks Your Help To Complete Census Count

Preliminary and unofficial Census figures for 1980, which have been furnished to Bandera City and County officials, indicate that Bandera County has had an increase in population between 1970 and 1980 of 38.4 percent.

On the other hand, County, Bandera Independent School District, and Bandera Electric Cooperation records indicate the following for the period 1970-1980:

Registered voters in the County have increased at least 43 percent.

Residential electric meters in the County have increased 59 percent.

Average daily attendance in the Bandera ISD has increased 66 percent.

As you see from the above, it has been somewhat difficult for those of us engaged in the local review process to reconcile these figures and it is felt that we may possibly have been substantially undercounted.

During the spring and early summer, a considerable number of our citizens informed me that they had not received census forms and had not been contacted by a census enumerator. Therefore, this is to request that citizens in Bandera County who did not return a census form or who were not contacted by an enumerator, or who may, for any reason, suspect that they or members of their family were not counted, advise my office at 796-3781. Those of you living within the Bandera city limits are requested to notify the city secretary at 796-3241.

Your prompt cooperation in this matter is urgently requested. An accurate census count is vital to Bandera County's interests for the next 10 years. Please help us out!

Rein J. Vander Zee
Bandera County Judge

Bandera Water Use Is At All-Time High

Bandera County Water Control District No. 1, which serves the city of Bandera and other nearby residents, pumped 11,978,000 gallons of water during July, according to Margaret Callahan, secretary. This is more than ever in the past, she noted.

The water level in the wells has dropped about 20 feet.

Mrs. Callahan stressed the need to conserve water during this extended period of unusually high temperatures and lack of rain.

Help Prevent Crime

Burglaries increase each year during the warm summer months, and this year especially, as inflation makes it harder to make salaries cover expenses, some persons have turned to burglary, according to a sheriff's department spokesman. In addition, San Antonio has increased their pursuit of this type of crime, which in turn drives some would-be city burglars to rural areas such as Bandera County.

Every citizen is asked to help the sheriff's department prevent as many burglaries as possible and catch those who do commit these crimes. Write down the license number of anyone you see who acts suspicious and report it immediately to the sheriff's department, 796-3771. Ask your neighbor to watch your home when you are gone and do the same for him.

Each citizen is asked to do his part to help.

New University Savings Mortgage to Help More Hill Country Families Qualify For Home Loans

The lowest home mortgage interest rate in the Hill Country and a mortgage plan that is predicted to burst wide open the slowly recovering local housing market was announced this week by University Savings.

University Savings' new Rollover Mortgage is being offered at 10¾ percent.

"This is the lowest conventional interest rate in the Hill Country area, and to our knowledge, in the entire country," said Oliver Deike, senior vice president of University Savings.

"The new mortgage plan means thousands more Hill Country families will be able to qualify for home loans immediately," Deike said.

Under the plan, the borrower has a conventional loan with a term of 30 years.

The loan rate, which is readjusted each year, can either go up a maximum of 1 percent a year or go down a maximum of 1 percent per year. Maximum increase or decrease during the life of the mortgage is limited to 5 percentage points.

"While home owners traditionally have been attracted to a fixed rate of interest, this Rollover Plan offers them some distinct advantages over fixed-rate mortgages," Deike said.

"In addition to getting a lower interest rate than traditional fixed-rate mortgages, the buyer also has a mortgage rate that can actually decrease, and there is no penalty for prepayment," he said.

Published quotations from the Federal National Mortgage Association's Free Market Auction System are used as the index for rate adjustments.

When a rate decrease is indicated by the index, it is mandatory that University Savings decrease the Rollover Mortgage rate.

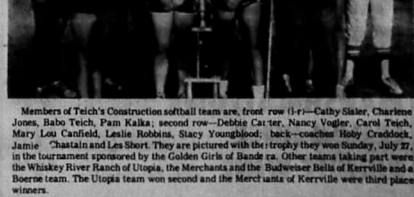
However, when the index indicates an increase, the decision to increase or not increase the rate is left to the discretion of University Savings.

"Since 10¾ percent is so much lower than market mortgage rates, the Rollover Mortgage means lower monthly house payments," said Deike.

"This means that hundreds more Hill Country families will be able to qualify for home loans," he said.

Karen Crenwelge, assistant vice president of residential lending, noted that the Rollover Mortgage is an entirely new plan and does not replace any of the other mortgage plans offered by University Savings.

"University Savings will continue to offer our complete line of other mortgage plans," she said.



"Introduction of the Rollover Mortgage will be a tremendous factor in accelerating activity in the construction industry," Crenwelge added.

Applications for the Rollover Mortgage can be made in the Hill Country area through University Savings' Community Division offices in Fredericksburg, Marble Falls, Llano, Kerrville, Boerne, Bandera, Blanco, and Comfort. New offices will open soon in Johnson City and Burnet.

University Savings is the fastest growing savings association in the Hill Country and has been active in many community projects.

An organization with more than $1.5 billion in assets, it has offices throughout Texas and is currently the third largest savings and loan in the state.

Let's Talk About You and Me...
(I'm Lloyd Murphy)
Your Conservative Choice for State Representative

You and I probably have a lot of thoughts in common. Eventually we will meet and talk about where we stand on every issue affecting our future and our freedom.

Until that day when we do have a chance to visit, here are eight points for you to consider.

LLOYD MURPHY BELIEVES:
Fiscal responsibility begins at home, and should be practiced at all government levels;
Tax dollars should stay at home;
We should eliminate the frills from our school programs and get back to basic education.

LLOYD MURPHY ALSO BELIEVES:
We must protect our "Right to Work."
There should be opportunity for prayer in school;
We must de-regulate Predator Control.

LLOYD MURPHY IS OPPOSED TO:
Any form of Gun Control, and any form of State Income Tax!

You See, We Do Have a Lot in Common.

PIPE CREEK COMMUNITY NEWS

The Pipe Creek Community Center's new picnic tables got a thorough breaking-in August 3 when approximately 200 persons showed up for the homecoming. Gene Buede, Jerome Edwards and Claude Lindley kept an all-night vigil over the brisket served at the annual event.

A last-minute contribution came in from Jr. Food Mart, bringing the total number of picnic tables donated by area businesses and individuals to 14.

Community Center members managed to fit another day of painting in on Saturday. No one is too young—or too old—to help out, as was demonstrated when Jess and David Edwards and Michelle Morrison assisted. Thanks also go to Vernon Covey for his help and the use of his truck on several occasions.

While preparations for the homecoming were in full swing, Bandera County REACT members were busy moving equipment into a storage room, assigned to them by Community Center trustees. REACT plans to use the center as a base for future operations, coordinating its efforts with the EMS. A modulance is now located at Jennings Store on weekends for emergencies in the Pipe Creek area.

A nominating committee has been elected to fill the position of Ken Edwards, whose term as a Community Center trustee expires next month. If you wish to add your name to the running, write to this address. Pipe Creek Community Center, P.O. Box 741 Pipe Creek, Tx. 78063. Your request should be in no later than August 9.

However, further nominations will be taken from the floor at the election on September 8.

Charles "Fuzzy" Coker will check into the VA Hospital at Kerrville on September 8 for major surgery.

Anyone interested in shaping up is invited to the new dance exercise every Wednesday at 7 p.m. at the Pipe Creek Community Center. Susan Covey will be conducting the exercise classes.

Richard Towers is doing well and should be coming home from Audie Murphy Hospital soon.

The Studstills just returned from New Mexico where they were vacationing. While there they checked on the colleges available for their children.

Betty Heinen is recovering nicely from surgery. Her sister, Mrs. Barbara Conner, is visiting from Oklahoma while Mrs. Heinen is recuperating.

Please remember Mrs. Irene Smith's daughter in your prayers. She is in the Villa Rosa Hospital in San Antonio recovering from a stroke.

Sunday visitors of Mrs. J.W. Edwards were Mrs. Sue Burkhart and Jennifer of Austin and Mr. and Mrs. W. E. Edwards and her son of Gonzales. Mrs. Selma Morrison, Jay, Jesa, and J.B. Edwards of Pipe Creek visited Sunday afternoon after attending the Pipe Creek Homecoming.

Every Saturday and Sunday one of the EMS ambulances will be parked next to Ed Jennings Store in Pipe Creek. It will still be necessary to call the sheriff's office to report an emergency, since the unit will be dispatched from that office.

Ed Jennings had a busy weekend. Saturday at 10 a.m. the judge married George Kelly and Kelly Hall. Jack T. Hall was best man and Ann P. Hall was the bridesmaid. They are the father and mother of the bride. Then at 5 p.m. Steven Naylor and Carlene Alexander were married with Barney Allen as best man and Pat Schwartz serving as bridesmaid. Finally at 7 p.m. he married Roger Clark Brietzkf and Sharon Brandt with Ronnie and Patricia Culak serving as best man and bridesmaid.

Then on Sunday, August 3, the judge married Orville Milliken as Bill Nuernberg and Gorda Nuernberg stood as best man and bridesmaid, respectively.

Visitors in the Hager home the past two weeks were Kelly, LoRena, John and Jeffrey Scott, Arlene Elker, Clara Duff, Betty and Kenneth Peters, Dollie Schoenert, James, Margaret, Dorothy and Dennis Duff, Elizabeth James, Evelyn Habenicht, Martha Habenicht Mueller of San Antonio.

MR. CATTLEMAN

The cost-price spread has squeezed all of the "romance" out of the cattle business.

For an efficient and profitable operation it is necessary to supplement range and field grazing in the late summer as well as in winter.

So, let's look for some answers —

IT IS TRUE THAT, if you are not very careful, you can feed all of the profit out of a cow.

IT IS TRUE THAT in no way can you starve a profit into a cow.

BUT, IT IS ALSO TRUE THAT—a balanced and nutritional supplement, that can utilize existing forages, is the most economical and feasible way to get the heavier weights needed on today's market.

PRO-LIX LIQUID FEED is a proven supplement that can help your cow through stress periods, both summer and winter.

HAVE YOU BEEN MISINFORMED? Have you been told that one liquid feed is as good as another? Have you been told that all liquid feeds are just a mixture of molasses and a synthetic protein with vitamins and minerals added? Let's be very generous and say that when a "molasses peddler" tells you that there isn't any difference in the result-cost ratio among liquid feed he is, to say the least, misinformed.

PRO-LIX is a liquid feed, but it is as different and as superior over molasses blended liquid feeds as alfalfa is over grass hay. They are both hay, but you would never expect to get the same results from a bale of grass that you could get from a bale of alfalfa. Don't be satisfied with grass hay when you can easily have alfalfa. Look into the supplement that you are buying, compare analysis sheets and performance data.

PRO-LIX is the only liquid feed that contains a fermented tuna fish base with built-in fermentation solubles as well as distiller solubles and has a guaranteed energy factor for proven performance and service.

FERMENTED IN PUERTO RICO — FORTIFIED AND HOMOGENIZED IN MOBILE, ALA.

Special Opportunity Center Aids Handicapped

Several Bandera County residents met on Thursday, July 31, at the Flying L restaurant to receive information about the Special Opportunity Center in Kerrville.

They learned that the Special Opportunity Center is the only available resource for mentally handicapped individuals aged 21 and more and children younger than three years of age in a five-county area—Kerr, Bandera, Gillespie, Edwards and Real. Without such a center, many of these persons would be placed in a state institution, away from their families and friends.

The goal of the Special Opportunity Center is to provide a facility and service which permits these persons to have an opportunity to develop to their fullest and become self-sufficient members of their community, where possible.

If you would like more information about this facility which now serves Bandera County, please contact David Doerfler or Mary Evans.

July Rainfall

Rainfall in July, recorded in the U.S. Weather Bureau gauge at the Bandera Water and Soil Conservation office, totaled 4.5 inch. On July 7, .07 inch fell, followed by .33 inch on July 22. This is 1.68 inches less than the average July rainfall.

So far this year, 13.69 inches have fallen, leaving Bandera about 4 inches below the average total for the first seven months of the year.

THANK YOU

We would like to thank each and everyone of our neighbors and friends who were so thoughtful and kind while Coach was in the hospital in San Antonio. Your prayers, cards, phone calls, flowers and visits were deeply appreciated. To those of you who "taxied" the children, fed them, and watched over everything, we owe a special thanks. Without these outstanding friends, this time would have been so difficult. We are really fortunate to live in a community that lives and practices its Christianity.

May God bless you all

Embalming Is Not Required Before Burial

Embalming of a dead human body may be performed at the request of a family, but recent state legislation--backed by an Attorney General's opinion--has changed the compulsory requirement of embalming.

State Health Commissioner Dr. Robert Bernstein said Senate Bill 277 of the 1979 66th Legislature did away with mandatory requirements pertaining to compulsory embalming of dead human bodies. Families still may request embalming.

Section 10 of SB 277 states: "This board (State Board of Morticians) shall promulgate no rule or regulation requiring embalming. No other state agency shall promulgate or enforce a rule or regulation requiring embalming without a finding that such rule or regulation is necessary to protect the public health."

In his opinion on the new legislation, Attorney General Mark White stated that embalming cannot be required "unless and until the State Board of Health makes a finding that the rule is necessary to protect the public health."

The State Commissioner of Health said there are situations when embalming is appropriate and for aesthetics the family may desire to have it done. He said this is a personal decision in which the state cannot interfere unless there is a public health necessity.

Dr. Bernstein said the Texas Department of Health currently knows of no situation in which embalming is necessary to protect public health. "I don't know of any disease which would be affected by embalming," he said.

The State Health Commissioners said there are means to handle and transport bodies of those who died of a transmissible disease without danger.

Ranchers May Need A Drought Plan

The hightemperatures and lack of rainfall are making times hard for local ranchers. There is little or no grass production. Most grasses have gone dormant, due to the lack of moisture usually used for cooling this time of year. For this effect a drought plan should be put into effect.

A drought plan is one where the rancher will reduce his herd to the amount of forage on the land. He can do this by culling out his worst cows and selling calves. This would help to reduce the burden of buying hay and feed. Drought plans may also include supplemental feeding, to provide nutrients not available from the grass. It can also be that a rancher will feed until forage production begins in early fall, providing we get the needed rainfall, or till market prices are suitable.

A good way to possibly survive a drought is through correct stocking rates, deferred grazing, and proper use. All three are good ways of insuring sufficient grass for livestock. grazing 50 percent of annual growth by weight is proper use of grass. It allows plants to gain strength and doesn't put stress upon the plant. Used with deferred grazing (resting of pastures) it will allow time for plant grow or to have sufficient forage for later on. Proper stocking rates allow for livestock to be in balance with forage production.

Personnel at the Soil Conservation Service will be happy to help you set up a drought plan, as well as determining stocking rates, and a planned grazing system. Come by the office or call 796-3334.

CORN FED BEEF CUT FRESH DAILY

A Big Thank You!

I would like to take this opportunity to thank my friends, neighbors and loved ones for doing so many nice things for me while I was in the hospital five weeks for surgery, and after I have returned home. Thanks for the phone calls, visits, cards, flowers, prayers and all the good food. A big thanks to my family and grandsons, John and Jeffery Scott, Joey and Jason Gran on cloud nine. May God Bless all.

Love Ya!!

Mrs. Arena (Gran) Hager

Mr. and Mrs. Gene Byars had as guests during the past weekend their daughter, Ida Jean Byars of San Antonio, and Bryan Close of Shamrock.

AUGUST MORNING
GERALDINE COMBS THALLMAN

A humming bird of iridescent hue
Sips nectar from morning-glories blue,
Four o'clocks laden with honey dew
And brilliant spires of scarlet salvia new.

A tanager calls across the way
The wren greets the day with carol gay;
The mockingbird trills from every high
A goldfinch sings from zinnias nigh.

A vermillion zooms down on a butterfly
From his lookout perch so high;
A cardinal flies to her nest nearby
An oriole wings her way across the sky.

During the six weeks at Lackland Air Force Base, the airman studied the Air Force mission; organization and customs and received special training in human relations.

The airman will now receive specialized instruction in the fire protection field.

Mixed Drink Tax Report

The sale of mixed drinks in Texas during the second quarter of 1980 pushed the yearly total during the first six months to nearly a half-billion dollars, according to Bob Bullock, state comptroller.

Bandera County will receive $905.12 or 15 percent of the $6,034.14 total collected in the county during April, May and June. Of this amount, $4,812.46 was collected in the city of Bandera for a 15 percent amount of $721.87.

The tax is collected by the Alcoholic Beverage Commission and the city-county rebates are sent out quarterly by the comptroller's office.

Attention Little League Parents, Coaches & Managers

Please turn in all keys to the ball park to Barbara LeStourgeon. Uniforms should be turned in to your manager as soon as possible.

Also team mothers are asked to make sure all uniform money, concession stand money, and fund raising money is turned in to Melanie Elkins. The season is over, but the bills are still coming in, and these uncollected funds are needed to cover our expenses. We would like to close out the books as soon as possible.

Thank you for your time and effort in support of Little League Baseball.

Hermann Sons Launch Campaign

A campaign to expand the membership of the 77,200-member Order of the Sons of Hermann in the State of Texas will be conducted August 1-October 31 in all 179 lodges of the fraternal order, Louis B. Engelke, grand president, has announced.

The lodges are located in 136 cities and towns across the state.

In July 880 lodge leaders from across Texas met in San Antonio, home office site of the fraternal society, in a rally for the campaign which followed a seminar attended by 116 local lodge membership representatives.

The order in Texas operates a youth summer camp and a retirement home for aged members near Comfort and sponsors 19 dancing schools for junior members. Local lodges sponsor both social and benevolent activities. As required by law, the fraternal benefit society also provides life insurance for the benefit of adult union members.

Lodge membership representatives in the Bandera area are Horace Brucks and Dan Barth of Bandera Lodge No. 81.

INTRODUCING THE LOWEST CONVENTIONAL HOME MORTGAGE RATE IN THE HILL COUNTRY.

Rollover Mortgage

Get the house now. Get the interest rate that can actually reduce itself.

It's the lowest current conventional home mortgage rate in town. Starting about 1% lower than our fixed rate mortgages.

With some distinct advantages for you. Advantages never before offered in this area.

A rate that can reduce itself.

Our Rollover Mortgage isn't a fixed, high rate.

It's a lower rate. A rate that can actually go down. And monthly payments that can actually go down.

The Rollover is a conventional loan with a term of 30 years.

And, more important, the rate can either reduce itself a maximum of 1% a year. Or it can increase a maximum of 1% a year.

Maximum rate increase or decrease is 5 percentage points over the 30-year mortgage term. Many competitive plans don't offer this feature.

A protective rate ceiling.

No matter how high mortgage rates skyrocket, you have a protective 5% rate ceiling.

And remember, the rate can actually decrease 5 percentage points.

The rate index.

The index for University Savings' Rollover Mortgage is the Federal National Mortgage Association's Free Market Auction System.

When the index indicates a rate decrease, it is mandatory that we decrease your rate.

However, when the index indicates a rate increase, it's up to us whether or not to increase your rate.

Easier loan qualification.

The higher the mortgage rate, the harder it is to qualify for the loan. Since our Rollover Mortgage has a lower rate, you can find it easier to qualify.

University Savings
Rollover Mortgage

Act now. And you'll be guaranteed a low mortgage rate with a protective ceiling for the entire 30-year term. But call us soon. Because University Savings does reserve the right to change its policy on mortgages made at later dates.

If you want to buy a home this year, get all the facts on our Rollover Mortgage.

Mrs. Chenoweth is with the Texas Agricultural Extension Service, The Texas A&M University System.

A THOUGHT FOR THE WEEK

By John M. Grimes

The vacation season is here. This is an appropriate time to consider what a vacation is or is supposed to be.

We all know emotional fatigue can result from the daily routine. We all need time to unwind and the right kind of vacation can do this for us. A change of pace and scene is necessary. It need not be expensive if you like to read, walk, sleep, swim, or just putter around the house.

Vacation is a time to get away from the daily jobs and tasks. It is an especially opportune time to let life pause for a while, to rest, to contemplate, to regroup one's resources, and to recharge depleted energies.

Vacation is more than a time for physical rest. It should also include an opportunity for treating the mental and spiritual part of life to treasured resources. When such considerations are attended, one returns not only physically rested but also recharged to assume responsibilities with greater care.

Vacation periods should be a time to look forward to the future, not to complain about the past. When a vacation is only a backward look, it is time spent existing when it could be time spent renewing the energies of life.

Heat Exhaustion: Do You Know The Symptoms?

Thousands of people have been stricken by heat exhaustion during the hot heat wave in the country's history. Many victims could have been spared the physical trauma, however, if they had followed a few simple precautions.

Who's most affected by heat? Although people who work outdoors, such as construction workers, city service employees, firemen, window washers, painters and gardeners are primary victims—anyone who undergoes physical exertion when the temperature soars above 90 degrees F. is susceptible—this includes joggers, bikers and even sun bathers.

Of course, the elderly must observe every precaution for heat exhaustion.

According to researchers at Wagner Thirst Quencher, the most common warning signs of which everyone should be aware are: clammy skin, profuse perspiration, tiredness, weakness, headaches, cramps, nausea, dizziness (possible vomiting), fainting (the victim will regain consciousness when he falls down and blood rushes to his head).

If you or a passerby experience such symptoms, the following corrective measures can be taken for relief.

Give the victim sips of salt water (1 tsp. of salt per 8 oz. glass. half a glass every 15 minutes, over the period of one hour) or the favorite drink of physically active people, Wagner Thirst Quencher.

Have the victim lie down and raise his feet off the ground 8 to 12 inches.

Rest in a shady or air-conditioned area and loosen clothing.

Apply cool, wet cloths and fan the victim.

If the victim vomits, do not give him any more fluids. As soon as possible, take him to a hospital where he can be given intravenous salt solution. People seriously afflicted with heat exhaustion should rest for several days and avoid exposure to abnormally warm temperatures.

Keeping your body properly hydrated is an important year-round as it is during the summer. Balanced and adequate body fluids are crucial to good health and well-being, especially while working and exercising.

Drought & Hunting Help Balance Deer Herds With Forage

The lack of rain experienced in Texas this year is evident among deer populations in the Texas Hill Country and Rio Grande Plains. There are fewer deer and with smaller antlers than would occur in normal years. Both factors relate directly to deer food supply, according to Dr. Dwight Guynn, area wildlife specialist with the Texas Agricultural Extension Service in Uvalde.

"The lack of rain means less green forage for deer to feed on," says Guynn. "This lack of feed has caused many deer herds to starve."

He explains that 30 to 60 percent of some deer herds in the Hill Country and South Texas were estimated to have died from starvation resulting from the drought. A shortage of food supplies for deer resulted in poor nutrition for does prior to fawning. Consequently, the survival of this year's fawn crop is expected to be low.

Even a milder development is also highly dependent on ample food supplies and a high intake of nutrients. Because of the drought, fawns may be smaller than those produced in past years with more rainfall.

However, the outlook for ranchers and hunters may not be as bad as some project, Guynn feels. Many areas of the Hill Country and areas south in the South Texas brush country have been experiencing overpopulations of deer in recent years. In short, there were too many deer for ranges to support in good condition, resulting in large numbers of small "inferior" deer.

Guynn says reducing the deer population has been difficult in recent years by legal hunting season harvests. "An average harvest in the Hill Country is about 10 percent of the herd," he notes. "But a 25 percent harvest is necessary to keep the herd from increasing and a harvest over 25 percent is needed to decrease the size of a deer herd significantly."

Since females represent the "reproductive factory" of the herd, does as well as bucks should be harvested to maintain a good balance of deer and forage. Past hunting harvests averaging 10 percent of deer herds has led to continually increasing deer numbers and nutrition problems.

Guynn believes the drought has accomplished what many landowners and hunters have been unable to do—reduce deer numbers significantly. "With fewer deer populations at more manageable levels, landowners have a better opportunity to balance their herds with the available forage on rangelands," he says.

What this means to hunters and landowners, the Texas A&M University wildlife specialist notes, is that deer may not need to be protected from hunting this fall. In fact, hunting may be more effectively used to manipulate deer numbers and buck-doe ratios this fall than in past seasons. In some instances, continued harvesting, specifically does, may be what some areas need to hold the lower deer numbers in check.

A census of deer numbers and buck-doe ratios are considered the most reliable methods for landowners to determine how many (if any) deer should be harvested on a particular ranch. Information on census techniques is available from county extension agents, who along with Extension wildlife specialists, can provide census analysis and forage availability information to help landowners determine a suitable number of deer to harvest this season.

USDA Issues Final School Lunch Meal Pattern Changes

The U.S. Department of Agriculture today issued rules that will change lunches served to children in schools starting next fall.

The rules based on recent surveys of children's eating habits and nutritional needs, encourage schools in the national school lunch program to tailor meal and portion sizes to the eating habits of children. This flexibility is expected to reduce plate waste among younger children and better the nutritional needs of older children.

These rules are the second and final part of a major change in school lunch meal patterns, originally proposed in 1977. The department implemented interim regulations in August 1978 to field test the proposed changes, and also solicited public comment. Today's final regulations reflect findings about the impact of the meal pattern changes gathered during the test phase.

The rules recommended that schools served different sized portions of food to children of different age groups. For instance, schools will have the option of providing smaller servings to younger children and offering larger portions to older children. Department officials feel this is more in line with the eating habits of young children.

The new rules also require schools to:

—Increase the required servings of eggs and dry beans to make them nutritionally equivalent substitutes for meat and to reduce plate waste among younger children and better the nutritional needs of older children.

—Increase the number of bread servings required to provide children with the higher levels of iron and other nutrients specified in the 1974 RDA's.

Under the school lunch program, meal patterns are used to insure that lunches served across the nation meet nutritional requirements. The approved pattern, currently called Type A, includes meat or a meat alternate, fruit and/or vegetable, bread or bread alternate and milk. These requirements are reviewed periodically to reflect new knowledge about nutrition and children's eating habits.

Prevent Roundworm Infestation in Dogs & Human Beings

1. Keep down the numbers of uncontrolled, ownerless dogs and cats as well as unwanted or poorly supervised pets.

2. Prevent fouling of pavements and public places with dog feces, especially those from children's playgrounds and areas of parks where children play.

3. Enforce leash laws and promote the social concept of responsible pet ownership.

4. The special risks of children with pica (dirt eating) should be considered.

5. Eliminate roundworms from dogs by appropriate preventive treatments. This responsibility traditionally assumed by veterinarians involves using a correct dose of the appropriate anthelmintic according to an optimal schedule.

6. Responsible pet ownership. 7. Treat puppies by the time they are 4 weeks old with a proper anthelmintic—deworming medication—and repeat in 2-3 weeks.

Insurance Dividend Hoax Plagues VA

A GI insurance dividend hoax that has plagued the Veterans Administration for more than 25 years has reared its ugly head in widely separated parts of Texas, the agency reported today.

Bearing the brunt of the added workload in processing the false information are VA insurance centers in Philadelphia and St. Paul, Minn. More than $250,000 is spent each year in responding to requests for the bogus dividend.

Dorothy L. Starbuck, VA Chief Benefits Director in Washington, said that publication of erroneous information in a Texas union publication has resulted in some 200 daily requests for a dividend in GI insurance that does not exist. The publication has agreed to a retraction in lieu of the VA responding to hundreds of clipped coupons.

The hoax, which recurs irregularly, usually follows distribution of application forms complete with the address of the VA insurance center. The bogus application form, often crudely reproduced, alleges that dividends are payable for the asking, even though premiums have not been paid since 1945.

A special GI insurance dividend paid in 1950 and 1951 is believed to be one source of the VA headache. A law enacted in 1970 stipulated: "No claim by an insured for payment in case of a special dividend declared prior to Jan. 1, 1951, shall be processed by the VA, unless such claim was recorded within six years after such dividend was declared."

Annual dividends on current GI insurance policies are paid to veterans who have continued to pay their premiums. These payments are made automatically, usually on the anniversary of the policy, and application is necessary, the VA explained.

Webworms Make Presence Known

Those unsightly webs visible in many pecan trees throughout South Texas are the product of the fall webworm. The second generation of this pest is currently in action according to Dr. J. W. Stewart, an entomologist with the Texas Agricultural Extension Service in Uvalde.

"We normally see or experience four generations of the webworm during a given year," says Stewart. "We're now seeing the tail end of the second generation for this year. The more that homeowners and commercial producers can do now to control the webworm, the easier it'll be this fall when the problem becomes traditionally more severe."

Stewart says relatively low numbers of webworms are being detected, but he points out that such infestations are subject to increase. Hot, dry weather, the Texas A&M University entomologist notes is not favorable to webworm survival, which is perhaps the only positive factor resulting from the current drought.

Most residents are aware of the potential devasting effects webworms can cause on pecan trees. Besides disrupting appearance, the worms reduce a tree's vitality. They do this by forming a webbing over the leaves and devour liberal amounts of foliage. The tree must then use reserve or stored energy to maintain life and produce new leaves. This process lowers the overall vigor of the tree and trees weakened by defoliation are more susceptible to damage by diseases and other insects.

Control options vary from pruning to chemical sprays. Stewart recommends that webs be pruned from small trees and destroyed as the first line of defense. This method, he says, is the most obvious, but is effective only if the webs are within reach. For larger, mature pecan trees Stewart says chemical applications of sprays containing Sevin, Malathion or Bacillis thuringiensis are highly effective when used as directed. The latter chemical is sold under trade names Dipel, Thuricide, Bactur and

Apprehension Brings Award

M.G. Davis, a Plano title attorney who thwarted the getaway of a would-be robber, has won the Involved Citizen Award from Everts Jewelers and The Dallas Morning News.

Davis apprehended the suspect shortly after he threatened a drive-in teller of a Plano savings and loan institution with what was later determined to be a homemade bomb.

Davis said he saw the suspect approach the teller's window as he drove up to his office adjoining the savings and loan association. He said he grew suspicious because of the man's appearance and because "people don't usually walk up to drive-in windows."

"About the time I walked in the door of the savings and loan institution," Davis said, "the teller said very calmly that the man had a bomb and 'let's get out of here.' "

The suspect then fled.

Davis and the teller ran through the adjoining hallway to Davis' office, where he retrieved his .38-caliber pistol and asked his secretary to call the police.

Unaware the suspect was unarmed, Davis apprehended him as he passed the north side of the building.

"I caught up with him and put a gun on him," Davis said. "He had his hands in his coat pockets like he was pointing a gun at me. So I told him three or four times to get his hands out or I'd shoot.

"Instead, I shot in the air and he took his hands out. I was real nervous. I came close to shooting that guy. Thank God I didn't."

Davis held the man until police arrived.

Plano police officers removed the bomb from the tray, and the Dallas Bomb Squad was called to dismantle it at the Plano police station.

"I was an intelligence officer in the service," Davis said. "That old training just came back."

Tom O'Connell, criminal district attorney in Collin County, wrote in a letter praising Davis' actions: "Mr. Davis is certainly to be highly commended for his actions taken at what he could only presume to have been at his own personal risk."

Anyone may submit a nomination for the Involved Citizen Award if he or she knows of a private citizen who has aided law enforcement agencies in the prevention of a crime, in the apprehension of a criminal or in other performance of their duties.

Photos of County Judges Adorn Courthouse Hallways

Photographs of Bandera County Judges have been hung on the walls of the halls in the Bandera County Courthouse as a project of the Bandera County Historical Commission. Unfortunately the commission has been unable to locate pictures of some of the judges and they request your aid in locating photographs of H.W. Noonan, George Noonan, David Sheek, I.N. Everett, Thomas Peacock, G.T. Lincoln, J.L. Harper, F.W. Currie, M.P. Epperson, Sam O'Bryant, and Carl F. Wheeler. If you have aphotoof one of these former judges or know of someone who does, please contact Peggy Tobin, commission chairman. Your picture will be copied and returned to you. If yours is a group photo, a copy can be made of just the person sought.

Pictures of county judges that have already been secured include Thomas Buckner, who was appointed March 18, 1837, and was also the first district judge to serve Bandera County. Others are J.A.V. Pue, F.W. Dorow, J.A. Eames, A.L. Mansfield, Granville Wright, A.V. Pue, O.O. Adams, Roy H. Adams, W.O. Hatfield, Jr., and Rein Vander Zee.

Funds for this project came from a grant from the Texas Commission of Arts and Humanities, with the assistance from the Bandera County Historical Commission and Mrs. Ruth Risinger.

Allen Leaves Little Rain

Hurricane Allen failed to bring as much moisture to Bandera County as many area ranchers had hoped for, but there was also little wind damage done by the storm.

A total of 2.11 inches of rain fell early in the week, 2.07 being measured Monday morning and .04 measured Tuesday, according to Millard Schuchart of the Soil Conservation office.

The welcome precipitation for a short time moderated the high temperatures which have plagued Bandera and most of Texas this summer.

S. Joe Rodriguez, Jr., son of Mr. and Mrs. S. Joe Rodriguez, Sr., of Bandera, represented Bandera County Farm Bureau at the 18th annual Texas Farm Bureau High School Citizenship Seminar on the Baylor University campus in Waco, July 14-18.

This seminar was designed to provide a better understanding of the American heritage and the country's capitalistic private enterprise system for the 389 students representing 150 counties who attended this five-day school.

Guest speakers included Dr. Clifton Ganus, president of Harding University, Searcy, Ark.; Alex Sheshtel, Waco; Dr. C.L. Kay, president of the Institute for Business and Economic Education, Lubbock; W. Cleon Skousen, founder of the Freemen Institute, Provo, Utah; Dr. Thomas Cunningham, family life specialist, Stillwater, Okla.; and Jack Jackson, flight instructor for American Airlines, Fort Worth.

9 Constitutional Amendments Will Be Offered To Voters In November Election

Nine amendments to the state constitution will be presented to the voters for their approval on the November general election ballot.

An analysis of these amendments has been prepared by the Texas Legislative Council made up of the lieutenant governor, speaker of the house of representatives, five senators and 10 representatives.

The Bulletin will be publishing one amendment at a time, in the hope that the voters will be better informed.

AMENDMENT NO. 1

Senate Joint Resolution 35, proposing a constitutional amendment permitting the legislature to authorize banks to use unmanned teller machines within the county or city of the domicile on a shared basis to serve public convenience.

The proposed amendment authorizes the legislature to permit state and national banks to establish and operate electronic teller machines located away from the banks' buildings. A bank would assign to each participating customer a unique form of identification, such as a card or identification number, so that the customer could use the machine to communicate with the bank in confidence. Without the assistance of a bank employee, the customer could withdraw or deposit money, transfer money between accounts, or perform any other banking function. The use of a machine permits a bank to provide services for its customers at convenient locations away from the bank building and at times other than normal banking hours.

The amendment would permit a bank to place machines in the county or city in which the bank is located or, if the bank is located in a city that lies in two or more counties, to place machines in both the county and the city in which it is located. The amendment provides that a bank must be allowed to share with other banks in the use of a machine that is located in its area if the machine is not located at another bank's office, and that a bank may share in the use of a machine with savings and loan associations or credit unions located in the same area.

BACKGROUND

Article XVI, Section 16, of the Texas Constitution, prohibits state and national banks (while national banks are subject to the paramount authority of the United States, they are also subject to the laws of the state in which they are located unless the state's laws impair or destroy the national banks' efficiency as federal agencies or conflict with the laws of the United States. The United States Supreme Court has held that a state may prohibit national banks from participating in branch banking in the state.) from participating in branch banking, which is engaging in the business of banking at more than one location. The prohibition, which dates from 1904, is the result of a distrust of branch banking based on reasons that include concern for the

Pickup Hits Parked Car

A San Antonio man failed to negotiate a curve in Bandera Ranch Acres early Sunday morning and his pickup truck hit this parked car. Leon Campbell sustained an injured knee in the incident at about 12:30 a.m. He was transported to Sid Peterson Hospital in Kerrville for treatment and then returned to Bandera where he was charged with driving while intoxicated.

Rains Benefit Landowners

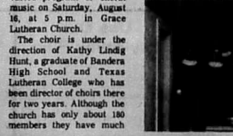
Recent rains have given Bandera County landowners new hopes and croplands are now being prepared for fall planting. Some of this land will be planted to small grain for harvest, but most will be used for grazing for livestock and wildlife.

Fertilizing will help to grow more and healthier crops. A healthy plant will produce healthier animals when grazed, or heavier and richer grain if harvested.

If small grain is planted only for grazing, we should consider planting a mixture using a legume such as sweetclover with it. The legume, when inoculated, will make more nitrogen available in the soil, so the small grain will be healthier. A good clover crop can make as much as 50 pounds of nitrogen per acre available in the soil.

Clover is high in protein and can be expected to stay green and furnish grazing one or two months after the small grain has finished growing. This mixture will be extra helpful in this area since deer need a high level of protein and Hill Country plants are usually low in protein.

When buying seed for fall planting consider using legumes in a mixture for these extra benefits of added fertility, improved diet, and a longer grazing period. For additional information on cropping systems, contact the Soil Conservation Service in Bandera.



Karnes City Choir To Perform

Grace Lutheran Church in Bandera will host the First United Methodist Church choir from Karnes City on August 16 and 17. The choir will be spending a "working-retreat" weekend in Bandera and will present a varied program of choral music on Saturday, August 16, at 5 p.m. in Grace Lutheran Church.

The choir is under the direction of Kathy Lindig Hunt, a graduate of Bandera High School and Texas Lutheran College who has been director of choirs there for two years. Although the church has only about 180 members they have much talent.

The 12-voice choir will present a selection of shorter works by composers ranging from Handel to Jane Marshall, and Zingarelli to Charles Buffham.

The public is invited to the 5 p.m. performance on Saturday, August 16, which should be completed with ample time for you to go about your normal Saturday evening activities. There is no admission, so please come.

Boats Are Also Storm Refugees

Among the refugees from Hurricane Allen who sought shelter in Bandera over the weekend were several boats like this one, which did not appear to be bound for Medina Lake. Local guest ranches and motels were filled with visitors from the coast and many local residents housed relatives and friends who fled their homes to escape the storm.

At Commissioners Court

Tom Fielder Appointed Constable For Precinct 4

Tom Fielder was appointed constable of precinct 4 by the Bandera County Commissioners Court, which met for their regular monthly meeting Monday, August 11. He was recommended and nominated by Curley Thompton, precinct 4 commissioner, who noted the increased need for law inforcement in that section of the county since the opening of Lost Maples State Wilderness Area. The budget, which goes into effect on October 1, was ammended to include the approximately $1,400 needed to fund this position.

Sanitation Inspector

Mack Green was chosen as sanitation inspector, with Commissioners Jim Russell, Bob Ashley and Curley Thompson voting for his selection.

Subdivision Report

Jerry Gray, subdivision inspector, gave a progress report on Red Bluff Ranch, Lake Forest, River Oaks, Timber Creek, Freedom Springs, Enchanted River, Medina Shores, Oak Hollow, River Bend, Lake Country, Valley View, Exotic Acres, Lacey Acres and Geronimo Springs subdivisions. He noted that 24 subdivisions are now being developed. A representative of Geronimo Springs met with the court, seeking approval for platting. Approval was granted.

County Roads

The judge reminded the commissioners to complete identifying and indexing county roads in their precinct. Deadline for completion was set for September 1.

Cancer Insurance

A representative of National Teacher's Associates presented a cancer insurance program for county employees and compared it with the plan presently used. The court took the plan under advisement and asked that Al Plummer, Jr., who represents the firm which holds the presently used policy, meet with the court at the September meeting.

Flag Poles

The judge presented a proposal to replace the two mis-matched flag poles, which fly the U.S. and Texas flags in front of the courthouse, with new matching poles. Cost was estimated at $300. No decision was made on the proposal.

Ambulance Fee

Because fees charged for Ambulance service are not covering the costs involved, $2 per mile will now be charged. Presently the charge is a flat rate of $50 to Kerrville and $65 to San Antonio, without regard to the distance travelled. Voting for the motion were Vander Zee, Russell and Tschirhart. Voting against were Ashley and Thompson.

Depositary Bank

The court signed a letter authorizing the transfer of securities from the National Bank of Commerce, San Antonio, to Frost National Bank, San Antonio, as requested by the First State Bank of Bandera, the county's depository bank.

Retirement Coordinator

Because of the increased workload of the county and district clerk, responsibility as county coordinator with the Texas County and District Retirement System was transferred by the court from the clerk's office to the treasurer's office.

Tax-Deferred Retired Savings

Jim Herridge and Roy Erwin, representing Gill Savings, presented to the court a plan for tax-deferred retirement savings for county employees. The plan is voluntary and would supplement other retirement income. After a thorough discussion, the plan was approved.

Sheriff's Department Report

Deputy Mel Lemons gave a report of manpower distribution from the sheriff's department for the court's information. Earlier in the year, the court asked that the sheriff's department keep a record of all cases handled and the county area which was involved. Areas designated by the sheriff's department were Bandera city (although Deputy Lemons said this was not strictly within the corporate bounds of the city), Bandera area, Pipe Creek area, Lakehills area, Medina area and Tarpley-Vanderpool area.

From Jan. 15, 1980, to Aug. 1, 1980, 1027 cases were tallied, but percentages were tabulated only for the period from February through August 1, for 953 calls. Deputy Pickett made 272 calls or 40 percent of the total recorded; Deputy Roach made 222 calls, 24 percent; Deputy Brawner made 213 calls, 23 percent; and Deputy Lemons made 127 calls, 14 percent. The sheriff did not record the calls he made. Working from the percentages given in the report, approximately 350 calls were made in Bandera city (including some nearby areas, not within the city limits). In the Lakehills area approximately 262 calls were made; 156 in the Bandera area; 78 in the Pipe Creek area; 60 in the Medina area; and 30 in the Tarpley-Vanderpool area. These numbers parallel the distribution of population as reflected in election votes. Not included are the cases worked by state troopers Reed Bennett and Ray Dietzel.

The court discussed installing a phone in the district judge's chambers upstairs, as requested by Judge Robert Barton and previously discussed at the July meeting. Clerk Olga Schmidt explained that the district judge gets many calls while he is in the courtroom, from other counties concerning other cases. These calls are presently made through the clerk's or sheriff's office. The phone would also be used when information from downstairs offices is needed upstairs for court. The request was turned down with Tschirhart and Russell voting for the motion and Ashley, Thompson and Vander Zee voting against it.

Salary Increases

Notice was received by the court of a salary increase to $15,000 annually for the court reporter, starting Sept. 1, 1980. Bandera's share is increased to $1,950.

Routine Business

The court passed an order requesting the state treasurer to remit the county's portion of the Lateral Road Fund.

Payment of monthly bills was approved.

The treasurer was authorized to re-invest the permanent school funds on time deposit for a maximum yield.

The minutes of the last meeting and monthly reports were approved.

Present for the meeting were Rein Vander Zee, judge; Jim Russell, Stanley Tschirhart, Bob Ashley, and Curley Thompson, commissioners; and Vera King, deputy clerk.

Donations To The Fire Department

A donation of $299.46 has been received by the Bandera Volunteer Fire Department from the Bandera County Water Control and Improvement District No. 1, according to Rosie Sandidge, city secretary.

People Are Different

Recently two lovely ladies of Lakehills ran out of gas on Texas Highway 16. Along came a good samaritan and helped them out of their dilemma. At approximately the same time on the same day a Lakehills couple were enroute home from Natalia when they had a flat one mile out of Castroville. Twenty motorists passed them and not one of them offered assistance. The wheel had frozen and could not be removed without a large hammer which they did not have. They drove into Castroville on the flat.

If there is anyone else who would like to practice, you are urged to come to the next meeting.

There has been 2½ inches of rain as of 10 a.m., August 11. It certainly has been a welcome rain for this area and it is hoped that there might be more before all the effects of Hurricane Allen are over.

Speaking of Hurricane Allen, there have been quite a lot of "refugees" here at Lakeshore this last weekend, arriving from the coastal areas.

Monk and Lucille Searcy had their son, Jim Searcy of Alvin, and coming with him were John "Chig" Searcy, and his wife, Totie, and also Jo-Tappe Mr. and Mrs. Ronnie Searcy and family of Corpus Christi also spent the weekend with his parents, Mr. and Mrs. Monk Searcy.

Mr. and Mrs. Johnny Forehand spent a couple of nights with friends, Wayne and Frances Hildenburg. Then on Sunday they were going to Kerrville to visit Jack and Audine Searcy before trying to get back to their home in Portland, near Corpus Christi.

Mr. and Mrs. Bill Burge of Corpus Christi arrived early on Saturday morning after a 7½ hour trip. They brought a friend of theirs, Harry Adams, with them and they all said they were sure glad to be in their home here instead of trying to stay in Corpus. Donald Clock, also from Corpus, came to visit his friend, Doug Burge.

Myrna Koubek of Rockport spent Saturday night with Kay and Caesare Masse. She had traveled to San Antonio with a group of refugees and her daughter, Debbie Mercer, also of Rockport, who was visiting friends at Lakehills, picked her up and she came over to Lakeshore to visit. Mrs. Koubek formerly lived here.

Visitors in the home of Tom and Mary Kay Andreas included their daughter, Susan Andreas of Houston, and son, Bubba Cherry and Kenneth Andreas of Kerrville, Bruce Cherry was also here this weekend. Sharon and Todd Anderwald of Freeport are staying with his parents, Mr. and Mrs. Alfred Anderwald of Bandera, but also visited with her parents, Mr. and Mrs. Tom Andreas, while here.

A recent visitor in the home of Lyn Sturm was her nephew, David Hill, of Ingram.

Mr. and Mrs. John Overholser were happy to have her aunt, Genie Orines of Laredo, visiting them this last week.

Linda Hodges was honored with a surprise birthday party at the Copper Lantern on Saturday night. Bob furnished the birthday cake and Caesare Masse, Monk and Lucille Searcy and others entertained all those present.

Charlie and Betty Highnote of Dallas, accompanied by their granddaughter, Kelli Smithson of Mesquite, spent the weekend at their home here. While at Lakeshore, they visited his brother, Butch and Irene Highnote, and also their many friends.

Mr. and Mrs. Jeff Brown had his sister, Mrs. Ruth Woodfin and her daughter and family, Bill and Pat Bennet and Mark, as visitors. They are from Seabrook.

Frances Ann Bendele and her children of San Antonio visited her grandmother, Mrs. Ida Klaus, this last weekend.

Visiting with Mr. and Mrs. Bethel Lackey on Thursday were her niece, Thelma Jendl, and her husband, Gilbert. They live at Sunset Beach at Kingsland.

Bonnie and Ron Keller entertained her brothers and sisters, Kim, Ruby Dell, Lance and J.R. Andrus, with a day of shopping and movies in San Antonio. They all reported having a wonderful time.

Tom and Mary Kay Andreas had their grandson, Bruce Lloyd Hickman, accompanied by his father, Bill, as visitors. They are staying with Bill's parents, Mr. and Mrs. Lloyd Hickman of Bandera.

Ronnie Miller wants to let all his friends know that he is out of the hospital and home again. He still gets some letters and cards which have been forwarded to him from the hospital.

Buddy Pinson returned recently from New York after accompanying his grandson, Justin, back home to his parents, Mr. and Mrs. Jimmy Jones and his new baby sister, Kristen Michelle. Justin had spent several weeks visiting his grandparents.

Thanks to Billie and Jack of Billie Jack's who furnished the fish for everyone who was at the Copper Lantern on Sunday afternoon. Tom Andreas did the cooking and it was an afternoon of fun for all who were there. Jimmy Nolan of Massachusetts, who was with his dad, Jack Nolan, was also present.

Next Saturday, August 16, the August birthdays and anniversaries will be celebrated at the Copper Lantern. Call Linda for further details as to the food arrangements.

Everything O.K. and no rain their, although they drove through some heavy rain.

Nick and Carmen Schryver had 22 relatives come Friday night. His two brothers-in-law and wives were gone on vacation so all their children came by. Jack and Nita Haskins children, Richard and Mark, were there with their son, Richard; their daughter, Jeannette Wheeler, her husband and baby all of Corpus, Richard and Pauline Wilkins, son, Kristin, Mrs. Thelma Smith and husband, Mrs. Bernice Rickey, both sisters of Louise Schryver, their children and grandchildren were visitors at the Schryver home.

Harold Sherman and his daughter have returned from a trip to Paris, France. They report that the weather was ideal and they were able to visit many points of interest and to just sit at sidewalk cafes and "people-watch." Emily is a flight attendant for a major airline.

NEWS FROM THE PIPE CREEK COMMUNITY CENTER

Bandera County REACT team members were on hand over the turbulent weekend, ready to do their part in assisting any would-be victim of Hurricane Allen. Their post was the Pipe Creek Community Center. They set up operations Saturday, erecting an antenna on the roof, as the storm worsened for residents throughout South Texas and remained on call until Monday morning.

Trustees of the Pipe Creek Community Center would like to remind area residents that the building is available to individuals and organizations, such as REACT. Profits from having sold the old auditorium seats bought 32 metal folding chairs for use by those who are interested. Further plans call for a new security light to go up outside the building.

Community Center trustees ask, however, that any public announcements concerning the center be made through Bonnie Downie, publicity director, or one of the trustees, Bob Turner, Ken Edwards or Mona Morrison. This is essential to avoid any confusion or misunderstanding.

Slow rains, with strong north-easterly winds blowing, started falling early Sunday morning. There were reports of several tornadoes touching down in different places, but not too much damage. Everyone is praying for good rains and a break in this drought, and yet praying for no damaging floods. One-half inch of rain fell Sunday, with 3½ inches recorded by Monday morning.

Mrs. Johnnie (Alice) Thompson of San Antonio, accompanied by Lela Wood of Dilley and Alice's sister, Mildred Braden, left last week to take Mildred back home to Kalamazoo, Mich., stopping over in Oklahoma the first night and on to Ohio to visit Alice's daughter and a sister in Illinois.

The Baptist Vacation Bible School had 108 enrolled in the morning session and 65 for the evening session, for 173, with an average attendance of 156.

FRIDAY NIGHT IS FAMILY NIGHT

MR. CATTLEMAN

The cost-price spread has squeezed all of the "romance" out of the cattle business.

For an efficient and profitable operation it is necessary to supplement range and field grazing in the late summer as well as in winter.

So, let's look for some answers ...

IT IS TRUE THAT, if you are not very careful, you can feed all of the profit out of a cow.

IT IS TRUE THAT in no way can you starve a profit into a cow.

BUT, IT IS ALSO TRUE THAT—a balanced and nutritional supplement, that can utilize existing forages, is the most economical and feasible way to get the heavier weights needed on today's market.

PRO-LIX LIQUID FEED is a proven supplement that can help your cow through stress periods, both summer and winter.

HAVE YOU BEEN MISINFORMED? Have you been told that one liquid feed is as good as another? Have you been told that all liquid feeds are just a mixture of molasses and a synthetic protein with vitamins and minerals added? Let's be very generous and say that when a "molasses peddler" tells you that there isn't any difference in the result-cost ratio among liquid feed he is, to say the least, misinformed.

PRO-LIX is a liquid feed, but it is as different and as superior over molasses blended liquid feeds as alfalfa is over grass hay. They are both hay, but you would never expect to get the same results from a bale of grass that you could get from a bale of alfalfa. Don't be satisfied with grass hay when you can easily have alfalfa. Look into the supplement that you are buying, compare analysis sheets and performance data.

PRO-LIX is the only liquid feed that contains a fermented tuna fish base with built-in fermentation solubles as well as distiller solubles and has a guaranteed energy factor for proven performance and service.

FERMENTED IN PUERTO RICO FORTIFIED AND HOMOGENIZED IN MOBILE, ALA.

BUY THE NATION'S NO. 1 LIQUID FEED AND PROFIT THE PRO-LIX WAY!

Mrs. Ed Welch, beloved mother and grandmother, died Wednesday morning, August 6, in Sid Peterson Memorial Hospital in Kerrville, following a brief illness.

Minnie Hodges was born March 19, 1898, the daughter of Franklyn and Rebecca Hodges, in Pipe Creek. On November 9, 1913, she was married to Ed Welch and had resided in the Pipe Creek and Bandera communities. She was 92 years of age. Seven children were born to Mr. and Mrs. Welch.

Survivors are her husband, Ed Welch of Bandera; four sons, Frank O. Welch of Talpina, Okla., Douglas O. Welch of Kingsland, Luther Welch of Laredo, and Clayton Welch of Rosenburg; three daughters, Mrs. Edna Kelly, Mrs. Emogene Pawvlik of Bandera and Mrs. Lucille Nieman of Wisconsin Rapids, Wisc.; 15 grandchildren and 21 great-grandchildren.

Mrs. Welch was the last surviving member of the eight children of the Franklyn and Rebecca Hodges family.

Funeral services were conducted at Grimes-Plummer Funeral Chapel on Friday, August 8, at 2 p.m. with Bro. Allen Martin, assisted by Bro. Love, both of San Antonio, officiating. She was laid to rest in the Pipe Creek Cemetery. Casket carriers were grandsons, and nephews and grandson-in-law: Kenneth Pawvlik, Raymond W. Pawvlik, Bud Hodges, Randy Welch, Dean Welch and Dale Porterfield. Rickey Welch, grandson, was named an honorary pallbearer.

Mrs. Welch was a faithful member of the Re-Organized Church of Jesus Christ of Latter Day Saints.

IN MEMORY OF MRS. LOIS CULLOM
Did you know my little friend?
She was sweet as she could be
She served her Lord with gladness
Praising His name continually.

To know her was to love her
Kindhearted and gracious was she.
Now she's gone to be with Jesus
Forever with Him to be.

We'll miss our friend, Mrs. Cullom
But we know she's happy there
No more pain, heartache nor sickness
She's resting now in the Saviour's care.

Hugh Carpenter

Funeral services for Hugh Carpenter were held at the Medina First Baptist Church Saturday, August 9, at 1 p.m. with the pastor, Rev. Bill Moseley officiating. He was laid to rest in the West Prong Cemetery.

Pallbearers were J.M. (Mode) Rollinson, Warren Wheeler, King Stokes, Bill Craddock, Ken Whitehead, D.D. Moore.

Carpenter passed away in Sid Peterson Memorial Hospital in Kerrville August 7.

Hugh Means Carpenter was born September 21, 1916, in Medina, the son of Hugh Logan Carpenter and Callie Amelia Means Carpenter. He grew to manhood in the Medina community where he was highly respected by a host of relatives and friends.

On December 25, 1935 he was married to Maedell Faris in Kerrville.

He was a member of the First Baptist Church in Medina.

His survivors include his widow, Mrs. Maedell Carpenter of Medina; one daughter and son-in-law, Lois and John Derry of Medina; two grandsons, Michael and David Derry of Medina; three sisters, Lucille Samples of California, Sue Adams of Medina and Daisy Belle Newby of Junction; two brothers, Bill Carpenter of Zepher, Tex., and Tom Carpenter of Medina; and numerous nieces and nephews.

Justice of the Peace Lou Miller returned home from Sid Peterson Hospital in Kerrville Monday after a 5-day stay. She is now recovering slowly from hepatitis.

Mr. and Mrs. Mike Rogers of Kerrville, Mr. and Mrs. Forest Stevens and Mr. and Mrs. Stevie Forest visited Mrs. J. L. Garrett on Wednesday afternoon.

Jocille Buck

The news of the death of Mrs. Greydon (Jocille) Buck on July 30 brought sorrow to a large number of relatives and friends. She died at her home in New Braunfels.

Mrs. Buck was the daughter of Mrs. Ina Walker and the late Joe Walker of Medina. She was born Jan. 17, 1922 and on May 17, 1946, she married Greydon Buck of Bandera. They were the parents of sons, Joe Buck of Arlington and Harold Buck of Austin.

She was a faithful member of the Church of Christ.

She will be greatly missed, especially by her classmates of the class of 1939 of Medina High School at their class reunion. She was the "life" of her class—jolly, always with a smile and a kind word for all.

Funeral services were conducted Friday, August 1, at 5 p.m. at the Church of Christ in New Braunfels with Norman Starling officiating and Delbert Clark assisting. She was laid to rest in the Guadalupe Valley Memorial Cemetery.

She leaves to mourn her husband, Greydon Buck of New Braunfels; mother, Mrs. Ina Walker of New Braunfels; sons, Joe Buck of Arlington and Harold Buck of Austin; and six grandchildren.

A THOUGHT FOR THE WEEK

By John M. Grimes

We all know that an alphabet is a system of using certain marks, which we call "letters" to stand for certain sounds. The origin of the alphabet is lost in the receding centuries of the past. But the fact that a sound made by the human voice could be represented by a symbol is unquestionably man's greatest invention. Without the invention of the alphabet many of the other inventions and discoveries of early man might have been lost to future generations. The world depends upon, and has long depended upon, the records of the past. Writing has made these records available.

Lest we forget, however, the use of words is no assurance of thought behind them. Our ideas may be vague or not clearly expressed. We are prone to repeat what we hear, or read, with but small understanding of what it is all about! Too often we confuse fluency of words with fluency of thought.

Language provides an efficient kit of tools for the thinker in all of his jobs of thinking. But, isn't it true, we must know how to use these tools if we are to get the most out of them?

McHANEY REUNION

The descendents of James Lafayette and Sarah Elizabeth Hatley McHaney gathered to camp-out and renew fellowship in Medina, August 1,2, and 3. There were 115 family members present and 10 guests to enjoy the food, games, entertainment and Sunday morning worship service.

All eight of the surviving McHaney offspring were present and proved to be seasoned campers. Several of them chose to sleep under the stars rather than move in to the tents and campers. Those eight were Robert McHaney of San Antonio, Frank McHaney of Odessa, Pearl McHaney Ox of Brownsville, Cora McHaney Pence and Leslie McHaney of Seminole. Billie McHaney, Emma McHaney Juffman and Harry McHaney of Snyder.

Cora McHaney Pence, age 87, was able to attend for the first time in many years, and she was one of those sleeping under the stars. She shared many memories of her parents and grandfather, and the move from Oklahoma to Medina in 1907. Her vitality and alertness was an amazement to all.

Saturday night is traditionally the "talent program or "McHaney Gong Show." This year there was so much talent that everyone was "shanghaied" into it. There were five guitarists and a "fiddler" to provide the live music.

Each year sound movies are taken so these special times can be captured on film. The theme of this year's movies was to have the older family members share memories of their parents or grandparents.

The host family which prepared the area and made everything run smoothly were the descents of Dennie and Dora McHaney Mayfield.

Mr. and Mrs. E.C. Whitehead, Jr., are rejoicing over the arrival of their son, who arrived August 11 at 12:55 p.m. at Peterson Hospital in Kerrville. He weighed 7 pounds, 5 ounces. He is welcomed by his brother, Christopher; his grandparents, Mr. and Mrs. Earl Kinsey of Bandera, and Mr. and Mrs. E.C. Whitehead of Medina, great-grandmother, Mrs. Ruth Whitehead of Medina, Mrs. Eva Mae Kinsey of Bandera and great-grandparents, Mr. and Mrs. Ahr of La Coste.

Mr. and Mrs. Orville Wier were happy to have their relatives who were fleeing Hurricane Allen to be with them a few days. Mrs. George Morris of Sandia, Mrs. Billy Don Morris and sons, Jarrod and Jason, of Robstown, and Mrs. Darrell Morris and daughter, Lisa, of Alice.

Mrs. Eleanor Pendaz, Celeste and Larry Joe of Ingleside spent the weekend with her sister and husband, Mr. and Mrs. Carl Moffett.

AMENDMENT 1
Continued from page 1

stability of banks, fear that many banks could fail in a short period desire to control the influence of large banking interests, and fear of a banking monopoly. (Distrust of financial organizations is shown by fact that before 1904 the Texas Constitution prohibited the incorporation of banks by the state.)
The federal courts have ruled that an electronic device that performs banking function and that is installed away from the primary location of a bank is a branch bank. Texas courts if faced with that issue probably would reach the same result. An opinion of the attorney general indicates that the use of machines to perform banking functions is branch banking and is therefore unconstitutional.
The legislature passed this proposed amendment to lift the constitutional ban on the use of unmanned teller machines and enacted legislation for the use of those machines in anticipation of the adoption of the amendment.
ARGUMENTS
FOR:
1. Unmanned teller machines allow customers to transact business at convenient locations and at any time.
2. Because each bank has the right to share in the use of the machines, a bank will be able to serve a larger area than it currently serves. Competition among banks will increase.
3. The use of unmanned teller machines allows banks to better compete with savings and loan associations, which currently have more than one business location while banks are restricted to a single location.
AGAINST:
1. The cost of installing a network of unmanned teller machines would probably be passed on to the consumer, raising the costs of services currently provided by the banks.
2. The amendment provides a method to circumvent the long-standing prohibition on branch banking in Texas.
3. Instead of increasing competition among banks, the use of unmanned teller machines will allow a large bank to serve the entire community and to force banks operating on a small profit margin out of business, ultimately decreasing competition.

15 Indicted On Drug Charges

This large quantity of marijuana was found when law officers searched Nelwyn Carr's home Friday.

This array of drug paraphernalia was among the items found Friday in Nelwyn Carr's home by investigators.

Nine persons were arrested in Bandera County Friday evening, August 15, by law enforcement officers on a variety of drug charges.

The arrests were made after 20 indictments for 15 persons were returned by the 216th District Grand Jury earlier in the afternoon.

Those arrested Friday were as follows:

Sue Cooper Adams, 27, of San Antonio, charged with delivery of methamphetamine and two counts of delivery of cocaine. Bond was set at $10,000 on each of the three counts.

Nelwyn Carr, 52, of Bandera, charged with delivery of secobarbital, delivery of diazepan, possession of marijuana and possession of hashish. Bond was set at $2,500 for each of the first two counts and at $10,000 for each of the last two.

Tony Randall Fries, 20, of Bandera, charged with delivery of marijuana. Bond was set at $2,500.

Gregory Rex Smith, 22, of Bandera, charged with delivery of marijuana. Bond was set at $2,500.

James Robert Fender, 20, of Helotes, charged with three counts of delivery of methamphetamine. Bond on each of the three counts was set at $10,000.

Luciano Ybarra, 24, of Bandera, charged with delivery of methamphetamine. Bond was set at $10,000.

Robert Deenard Gaconnet, 28, of Bandera, charged with delivery of methamphetamine. Bond was set at $30,000.

Robert William Jones, 33, of Bandera, was charged with delivery of marijuana. Bond was set at $2,500.

Sheila Gaconnet, 22, of Bandera, charged with delivery of methamphetamine. Bond was set at $10,000.

All were released after posting bond.

Monday Randle Lee Alanis, 28, of Bandera surrendered himself at the sheriff's office. He is charged with delivery of 2 pounds of marijuana and bond was set at $10,000. He was freed on bond Monday.

The arrests came as the result of about four months investigation by Bandera County Sheriff's office.

Working with the Bandera County sheriff, deputies and reserve deputies were the Texas Department of Public Safety Narcotics Service from Kerrville and San Antonio, the Highway Patrol, Texas Parks and Wildlife Department, and Texas Rangers. District Attorney Joe Grady Tuck was assisted by two representatives from the State Attorney General's office.

"We were concentrating on picking up the dealers and pushers," said Deputy Larry M. Findley. Findley has been a sheriff's deputy since early spring, when he was certified by the state and deputized by Bandera County. He has 13 years experience with the San Antonio Police Department and worked with the canine division. Findley said he has found the concentration of drug traffic to be unusually high in Bandera County, much higher than in neighboring counties.

"We need the active support of all citizens to rid our community of this menace," Sheriff James said.

There are no narcotics available now, but the sheriff's department has information that more than 50 percent of the people in Bandera County between the ages of 18 and 25 years are using some type of controlled substance on a regular basis.

The investigation is not over, according to Sheriff James. The federal and state authorities have expressed an interest in the investigation. Bandera law enforcement officers emphasize that the problem is not solved. They will continue to pursue the problem and ask for the support of all citizens.

In Medina County drug arrests were made on Friday also. Those arrested included the following:

Mary Wannamaker, 22, of Hondo, charged with delivery of methamphetamine (bond set at $25,000) and delivery of marijuana (bond—$10,000).

Samuel H. Faseler of Hondo, charged with delivery of marijuana on two counts (bond—$15,000 on each count).

Bruce Alanis, 27, of Hondo, charged with delivery of methamphetamine (bond—$25,000).

Craig Kasprak of San Antonio, charged with delivery of methamphetamine (bond—$25,000). He was also wanted for a drug related offense in Atascosa County.

David L. Staten of San Antonio, charged with delivery of methamphetamine (bond—$25,000). He was arrested in Bexar county jail where he was serving time on another drug charge.

Randle L. Alanis was charged Monday with delivery of marijuana (bond—$15,000).

More than 2,400 pills were confiscated at the home of Nelwyn Carr by law enforcement officers Friday.

Death Threat Made

Robert Deenard Gaconnet of Bandera was arrested and arraigned in Hondo, Medina County, on Monday, charged with threat to retaliate against a public officer. His bond was set at $50,000.

He is alleged to have threatened the life of Deputy Larry Findley.

Several more threat cases are pending.

Bandera Will Scrimmage New Braunfels Canyon Friday

Bandera High School will play New Braunfels Canyon in a scrimmage football game at Bulldog Field in Bandera on Friday, August 22, at 7 p.m.

Admission price will be one bar of soap.

The Bulldogs get ready to scrimmage Friday.

Pickup Overturns

This pickup truck overturned and came to rest in a field near G.M. McGregor's home on SH16 west of Bandera at about 3 a.m. Tuesday. Larry Park received head lacerations and an injured nose in the accident. He was treated at the scene by Bandera County EMS, but declined transport to the hospital. He was charged with driving while intoxicated.

Bandera County Is Eligible For SBA Drought Assistance

Bandera is one of 178 Texas counties now eligible for disaster recovery assistance because of drought and other extreme weather conditions, the U.S. Small Business Administration (SBA) announced.

"SBA disaster recovery loans are available to agricultural producers in the affected counties who have suffered crop and livestock losses," said SBA regional administrator Mercurio Martinez, Jr. "The loans are low-interest and may compensate losses not already covered by insurance or other disaster or deficiency payments."

The administrative limit restricts business disaster loans to the actual amount of the damage or loss, up to a maximum of $500,000. Larger loans may be considered in some cases and must be approved by the regional SBA office. The interest rate on the loan is either 5 percent or 8.25 percent depending on whether SBA determines that the producer could receive credit elsewhere from commercial or non-federal sources.

Martinez noted that it is not necessary for a producer to be turned down by a bank before applying for SBA assistance. Loan maturity is based on individual needs and repayment ability and has a maximum of thirty years.

The following formula is used in computing the amount of eligible loss on crops: acres planted X established normal yield X percentage of loss X market price—recovery equals eligible loss. Up to 50 percent of the eligible loan amount may be used to pay outstanding obligations such as accounts payable, notes payable and operating expenses including reasonable living expenses. At least 50 percent of the loan must be held for planting and operating expenses in the new crop year.

The filing deadline for physical disaster loans is February 12, 1981. Economic injury disaster loan applications must be filed by May 12, 1981.

Plant Construction

Hudson Corporation using large crane to install aerator on existing water storage tank.

The plant construction is due to begin within the next week. This phase of the project will include connecting the new well to the existing line and will mean that two wells will be pumping water soon, to provide better service for the customers. Also included in this phase will be the construction of a new 65,000 gallon storage tank. The existing tank will be sandblasted and repainted, and then will be fenced with a six-foot chain link fence. Work on the project has been delayed because of sale of bonds and construction delays; however it looks as though completion will be within the next three months.

BFWSD thanks all of the customers for their patience and cooperation. Thanks is also extended to all of he board members who devoted countless time and effort to this project, which will benefit every member of the community. Thanks are also extended to the engineers and financial advisors who have made all of this possible.

Notice

The Bandera County Fresh Water Supply District No. 1 collected 2 bacteriological samples during the month of June. The results of the coliform bacteriological samples exceeded the Texas Department of Health's "Drinking Water Standards," which were promulgated as required by the "Safe Drinking Water Act," Public Law 93-523. Drinking water containing coliform bacteria in excess of the standard may constitute a potential threat to public health. Your water system has collected additional check samples as required by the "Drinking Water Standards." These check samples were reported to be within the standard for drinking water. Additional samples will be taken as deemed necessary. Coliform organisms are common to the intestinal tract of man and animals. Their presence in water is an indicator of bacteriological contamination of the sample either from the water system or from a sampling error.

Increased monitoring (check samples) and customer notification of the public when the standards are exceeded are required by law as a means of keeping the public informed. 6-3tc

NOTICE

IF YOU SMELL NATURAL GAS, FOLLOW THESE 3 STEPS TO SAFETY.

The natural gas industry has an excellent safety record.

The fact that you can smell natural gas is because we add a harmless chemical to it as an extra safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open.

If your equipment seems to be working properly and the odor intensifies and seems to be everywhere, please follow these precautions.

1. Do not switch anything electrical on or off. Do not use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.
2. Have everyone leave the house immediately, leaving doors open to help ventilate.
3. Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.

You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

Sabinal Canyon NEWS

Lillie Thompson

Thunder showers, with gusges showing .2 inches since noon Sunday, fell in this Vanderpool area. This rain, with the 4 inches last Sunday should really green up the grass and put things in good shape for fall planting.

The second Thompson-Norman reunion was held at Utopia Park Sunday, August 16, with 87 attending. Games of "42" horseshoe pitching, baseball games, pitching washers, swimming and a barbecue dinner were enjoyed by all.

A "Memory Book" about the family members is being started. Everyone who has old newspaper clippings, pictures, photos, or negatives, please get in touch. Everyone was asked to register and names were drawn for various prizes: pot plant, Donna Frazier; piggy bank, Steve Thompson; measuring cup, Curley Thompson; 2 cup measuring cup, Raleigh Shaw; towel and pot holder, Genevieve Word; scrub board, Frank Mueller; Uno game, Rob Turner; and a corsage for the oldest lady there—Grace Word.

St. Mary's Catholic Church of Vanderpool is holding a variety sale for the building fund Aug. 23 from 9 a.m. until 3 p.m. There will be new and used items, wall decorations, antique trinkets, toys, few pieces of furniture and baked goods. Funds will go toward rest room facilities. The ladies of St. Mary's of Vanderpool have formed a prayer group, St. Mary's Society, and meet once a month. Officers are Mary Haby, president; Gerry Southern, vice president and spiritual leader; Laura Jacobs, secretary; Jeanne Lysay, treasurer; Margrete Cain, sacristan and organist; Ines Monsees, social director; and Dorothy Jackson, church director.

Franklin and Velma Neff of Vanderpool just returned from a two week vacation visiting with two daughters and families, Edna and Walker Freeman and children, Eva and Alvin Hollis and children of Follett. They also visited Mrs. Neff's brothers, Preston in Cheney, Kan. and Clyde in Garden City. Then they met their two daughters and families at South Fork, Colo., where they attended camp meeting several days by driving to La Vern, Okla., each day.

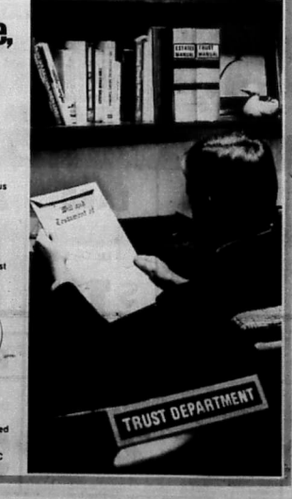
Alvin and Jessie Ivy enjoyed having their daughter, Edna McFadden, and son, Richard, of Pasadena, visit from Tuesday until Saturday and their son, James Ivy, from Tucson, Ariz., visited Sunday through Wednesday.

Sympathy is extended to the Henry Fisher family in the tragic accident and death of their grandson in New Mexico.

We regret to report Mrs. Ira Reavis is not doing well and was taken back to the hospital Sunday morning.

Mark Crahen of Idaho spent several days as a guest in the Ardell and Peg Nelson home. Then the Nelsons took their children on a raft ride up the Snake River in Idaho. Mark was their river guide on the raft trip.

La Donna Frazier, Randy Harp and Shawna McDougal were weekend visitors of their grandparents, Hub and Lillie Thompson and also tended the reunion.



Four women from the Baptist Church attended the WMU house party at Ft. Worth last week. They included Selma Stephens, Lillimae Smallwood, Nancy Webb and Helen Hutto. They report a successful trip.

An ice cream social was given at Baptist Church Sunday evening in honor of David Mazurek, song leader, who will be leaving for college.

Word came of heavy rains falling up Wedgworth Creek, putting the Sabinal River on a rise. Several bridges and numerous water crossings were uncrossable Sunday evening.

PIPE CREEK COMMUNITY CENTER NEWS

The sign is up! With the help of many hands, the Pipe Creek Community Center now has a four foot by 16 foot sign mounted on a knoll in front of the building. A major part of the work can be attributed to Julius Guillory, who painted the lettering, and Pat Downie and Gene Ruede, who welded the frame. Watch for it the next time you pass by.

With all the improvements completed over the past few weeks, the Community Center is ready (or almost ready) for open house. To carry out the event, members have planned a games party and covered dish supper, all in one, starting at 7:30 p.m. on Saturday, September 27. Games will be provided, so bring a dish for dinner and even more important, bring a friend.

The center is already receiving donations for its October 4 Flea Market and Auction. Jack Nottingham of Helotes is offering his expertise as auctioneer. If you have an item too valuable to donate, bring it anyway. You'll receive the main proceeds, while Mr. Nottingham's commission will go to the center. For those who just want to take part in the flea market, the center will rent 12x12 spaces for $10. Even if you don't have some useful item to sell, don't forget to attend. Goats and homemade goods.

Visiting in the home of Mrs. R.S. Waid of Castle Lake for the last two weeks were her daughter and children, Mrs. Bob McFadden, Greg and Kelly of Purchase, N.Y. While here they also visited relatives in San Antonio and enjoyed swimming at Lost Valley Ranch.

The ever popular wedding cake behind Ed Jennings store in downtown Pipe Creek was the site for Don White and Barbara Chandler to exchange wedding vows Saturday, August 16. Best man was Charles O'Hara and his wife, Piggo O'Hara, served as bridesmaid. And, Judge Ed Jennings performed the ceremony, of course.

SPARKMANS WELCOME DAUGHTER

Dan and Kim Sparkman of Pipe Creek proudly announce the arrival of their daughter, Lauren Lee Sparkman, who was born at 2:03 p.m. August 13 at Sid Peterson Hospital in Kerrville.

She is being welcomed by her sister, Katherine, and grandparents, Dorothy Nolen of Bandera and Mr. and Mrs. C.B. Jones of Lampasas.

MR. CATTLEMAN

The cost-price spread has squeezed all of the "romance" out of the cattle business.

For an efficient and profitable operation it is necessary to supplement range and field grazing in the late summer as well as in winter.

So, let's look for some answers —

IT IS TRUE THAT, if you are not very careful, you can feed all of the profit out of a cow.

IT IS TRUE THAT in no way can you starve a profit into a cow.

BUT, IT IS ALSO TRUE THAT—a balanced and nutritional supplement, that can utilize existing forages, is the most economical and feasible way to get the heavier weights needed on today's market.

PRO-LIX LIQUID FEED is a proven supplement that can help your cow through stress periods, both summer and winter.

HAVE YOU BEEN MISINFORMED? Have you been told that one liquid feed is as good as another? Have you been told that all liquid feeds are just a mixture of molasses and a synthetic protein with vitamins and minerals added? Let's be very generous and say that when a "molasses peddler" tells you that there isn't any difference in the result-cost ratio among liquid feed he is, to say the least, uninformed.

PRO-LIX is a liquid feed, but it is as different and as superior over molasses blended liquid feeds as alfalfa is over grass hay. They are both hay, but you would never expect to get the same results from a bale of grass that you could get from a bale of alfalfa. Don't be satisfied with grass hay when you can easily have alfalfa. Look into the supplement that you are buying, compare analysis sheets and performance data.

PRO-LIX is the only liquid feed that contains a fermented tuna fish base with built-in fermentation solubles as well as distiller solubles and has a guaranteed energy factor for proven performance and service.

FERMENTED IN PUERTO RICO FORTIFIED AND HOMOGENIZED IN MOBILE, ALA.

IN MEMORY — ROGER DALE BYRD

Roger Dale Byrd, son of Sam and Adelle Byrd, would have been 21 years old on August 21, 1980, if he hadn't lost his life on October 1, 1977. This message was received by his parents shortly after his death from a San Antonio friend and at this time, they wish to share it with their friends and family.

Dear Sam and Adelle,

It's been a little while now since Roger left us all. And everything that has happened since somehow seems so small. Roger was more than just a boy to us, I'm sure that you both know. He was a very very special boy, and we always loved him so. No one knows how you two feel, and maybe never will, but I know that when we think of him, it makes our hearts stand still. You both should be so very proud that you had a boy like him. There was love between you for 18 years, and that love will never dim. Roger knows about our sadness; and if he could, he'd say, I don't know what your crying about. You will all be here someday.

Sincerely,
Arley Banks

Constitutional Amendments In November Election

AMENDMENT NO. 2

House Joint Resolution 97, proposing a constitutional amendment to grant to state the right of appeal in criminal cases from certain rulings of the trial court.

The proposed amendment of Article V, Section 26, of the Texas Constitution grants to state and the defendant in a criminal case the right to appeal before the conclusion of the trial from a pretrial ruling of the trial court on certain motions or on the constitutionality of a statute.

The constitution currently denies the state any right of appeal in criminal cases. The main purpose of the amendment is to grant to the state a limited right of appeal. The state's appeal will always precede the conclusion of the trial. The defendant's right of appeal is also affected by permitting appeal of these same matters preceding the conclusion of the trial, whereas under existing law the defendant must wait until the conclusion of the trial to appeal.

BACKGROUND

Article V, Section 26, has been construed to deny appeals by the state not only from acquittals from pretrial rulings as well. Even if the section were repealed, an appeal by the state from an acquittal would be prohibited by the double-jeopardy clauses of the state and federal constitutions. The prohibition of a state appeal in criminal cases developed from the English common law along with the guarantee against double jeopardy and eliminated the question of what kinds of appeals would be permissible without invoking double jeopardy.

The state was afforded a limited right of appeal in criminal cases during part of the last century. The 1876 constitution was the first Texas constitution to prohibit appeals by the state in criminal cases.

ARGUMENTS

FOR:

1. Granting the state this limited right of appeal provides the only effective way of testing the constitutionality of certain statutes and the legality of certain pretrial practices. The state, like the defendant, should be afforded a fair trial free of error.

2. The amendment will provide a criminal defendant with a method of terminating the criminal action at any early stage of the defendant's contentions on appeal are meritorious.

3. Granting the state of right of appeal will eliminate to some extent the tendency of some judges to rule in favor of the defense, when in doubt, to avoid appellate review of their rulings.

AGAINST:

1. The duration of a criminal trial will be substantially lengthened when the state makes an appeal. The trauma and expenses incurred by criminal defendants and their families will be increased.

2. The amendment would cause an increase case load for the court of criminal appeals and a greater work load for prosecuting authorities and court-appointed attorneys. It would accordingly increase the cost of the criminal justice system.

3. Granting the defendant a right to appeal before the conclusion of the trial is a mistake because frivolous appeals may be used as a stalling device.

County Judge and Mrs. Rein Vander Zee flew to Jacksonville, Fla., Friday to join a group of friends for a fun-going adventure on their sailing vessel. They will sail along the coastline of Florida and back to Texas, hoping to reach port at Corpus Christi by the first week of September.

ADMITTED TO MEDINA MEMORIAL HOSPITAL

At Medina Memorial Hospital, Hondo Lila B. Young of Bandera was admitted August 2 and dismissed August 5.

Mildred Wolfman of Tarpley was admitted August 4 and dismissed August 8.

Mr. and Mrs. H.A. Rabe of Normanna spent last week in the Hill Country visiting their son and daughter-in-law; Mr. and Mrs. Hubert T. Rabe at Comfort and their niece and family, Mr. and Mrs. John G. James and daughter, Minneana, at Bandera.

A THOUGHT FOR THE WEEK

By John M. Grimes

It has been said that living is a little like driving an automobile. We keep our eyes on the road ahead, but now and then we glance at the rearview mirror to see what is coming from behind. Life is both forward looking and backward looking. Often the experiences we see in the rearview mirror saves us from the false turns and dangerous moves ahead.

Life, too, can be compared to the road that we are driving our automobile over. Life is a winding road through the years that are allotted to us. It passes through pleasant valleys and over steep hills. It threads its way through wastelands, too. No one can see far enough ahead along the road to know which he will be required to travel on any given day. But each has within him the strength for the hills and the courage for the wastelands. Only those who childishly insist that all the roads must be through pleasant valleys fail. And they fail because they never learn to use the inner strength God gave them for the hills, nor to call upon the inner courage He gave them for the wastelands.

Hubble Stars At Rice University

Listed in Rice University's 1980-81 football information booklet recently published is Robert Hubble of Medina who plays tight end on the Owl team. The 247 lb. junior stands 6 feet, 8 inches tall. The booklet says, "Strong All-American candidate and certainly one of the best SWC players, this personable young giant is high on every pro scout checklist....Tight ends at 6-8, 247 and still growing do get attention! This is fourth year at Rice for "Hub" but has another year to go since got special redshirt status in '77 after suffering broken arm in opener to miss rest of season....But the big guy turns 22 the very day Owls play Tulane in Superdome in New Orleans....And Greenies will remember him since Hubble caught TD pass from Randy Hertel in final minutes for dramatic Owl upset triumph at Rice Stadium last fall..."Hub" went on to catch 32 passes, for 405 yards and 4 TD's, second in SWC only to celebrated team-mate Earl Cooper, who was 10th in NCAA receiving...the Big Guy can block well, catch in a crowd, and has all the tools to be a national grid celebrity this fall....After a varsity letter in basketball (he also played in Texas All-Star cage game), Robert this past winter concentrated on Rice grid off-season weight program and he is bigger and stronger than ever now...He majors in political science, and his father was in politics as well as construction foreman in Medina, near Kerrville in the famous Texas "Hill Country"....Robert likes to play tennis, dance, and is a car expert."

Field Day Set For August 27

A field day will be held at the Soil Conservation Service Plant Materials Center at Knox City on August 27.

Millard Schuchart, district conservationist for SCS at Bandera, said the public is being invited to the event. The center serves both Texas and Oklahoma.

Billy Carr, manager of University Lands (surface interests), Midland, will be the principal speaker. Carr will speak at 12:30 p.m.

Guided tours will be conducted through the 90-acre center from 9 a.m. to 2:30 p.m. The center is located on FM 1293, 2 miles north and 2½ miles west of Knox City.

A barbecue lunch will be available on a prepaid basis at $4 per plate. Payment should be sent to Doris Crownover, Chamber of Commerce, Box 91, Knox City, Tex., 79529 by August 23.

These producers then grow seed and sell it to the public.

Several hundred strains of grasses, legumes, forbs, and woody plants are being tested at Knox City.

THE BEST OF ALL THE REST

When Laura Pichot hears an official utter those very timely words 'Play ball', the jack-of-all-sports lady might well wonder exactly to which ball the ref is referring. And, for all of us that know and love this much respected athlete there is a definite cause for the lady to be a little confused.

Pete Solis, Laura's softball coach last year, says, "She is one of the most consistent hitters in softball - a natural. She works so hard at being good. She's always in a good fielding position on grounders and plays the ball well. She is one of the best infielders in the league as far as her positioning and fielding goes."

W. B. Weatherford, the Martin High School tennis coach, says, "I've coached tennis here for ten years and at the present time she's at least in the top two. When she practices, she's just a tremendous tennis player. She has a strong serve, she covers the court well, and she has a good backhand. Laura is just one good athlete - probably the best woman athlete in Laredo."

The long list of admirers goes on and on. And, there's also an assortment of trophies to attest to the facts.

They say some people are born in the saddle, but as sure as the Bandera (Laura's hometown) Waltz, Laura Jane Stricker Pichot must have been born sporting the mark of a Babe Didrickson. Laura is the fifth child out of 11 born to Adolph and Harriet Stricker on January 27th, 1945, in the little hill country town north of San Antonio.

According to Laura, she really doesn't remember a time when she wasn't involved in sports. "Being from a large family, we got out in the yard and played ball (softball), and when we got in school I started playing volleyball in the second grade and then track in the third grade. Volleyball was played in the recesses and track was really the only organized sport in the elementary. The first time I ever competed was in track in the third grade and I won the 50-yard dash out of the whole elementary and went to Kerrville to compete," she recalled.

It was during her junior high years at Bandera that she picked up the two sports that play the most prominent role in her athletics now - softball and tennis. Ironically, Laura recalls that she remembers thinking how "dumb" tennis looked to her the first time she saw it. "I did try tennis, but since I didn't have my own racket I had to borrow my cousin's. My mother told me that if I made the team, she would buy me a racket.

Pichot shines at Laredo sports

So, I made the team as a sixth grader and played doubles with an eighth grader. My mother finally bought me a racket," she said.

That same year she was the only sixth grader on a seventh and eighth grade softball team. And, in the meantime, little Laura Jane was busily involved in volleyball and track, too. Track, she admits was her least favorite of all the sports.

Then came high school and a new sport was introduced - basketball. Here, just possibly, Laura had her most success. She lettered all four years, copped three all-district awards and numerous all-tourney awards, and maintained a .-point average. And, when she was finished with her basketball season, she managed to letter four years in volleyball (earned an all-district, also), lettered in tennis four years won district in singles three years and advanced all the way to the semi-finals in regionals), lettered two years in softball as a fast-pitcher before the program was deleted, and earned two letters in track. At one point, Laura was a five sport letterman. Needless to say, she was elected by her classmates as the Best Athlete in the class.

That's pretty good for someone who only wanted to be as good as her sister. My sister, Rose, was a very good basketball player and I always wanted to do as well or better than she did. I guess we were really pretty equal. And, if I'm honest, it was really Rose's participation in athletics that made me so competitive," she said.

How did Mr. and Mrs. Stricker feel about their daughter's determination to play sports My father was a blacksmith and a farmer and he had to work very hard with such a big family. He always felt like we had better things to do, but he never forbade us to play sports. Our whole family was active, but my brothers had to help my father, so the girls were really the most active," she replied.

Oddly enough, after high school graduation, Laura laid out of any sport for about eight years. According to Laura, not only was she a little burned out on competition, but she had to work. Later, she married husband Dennis and began to build a family.

It wasn't until **Stephanie**, the oldest child, was pre-school age that Laura re-entered the sports world. And, then, it was only softball and volleyball church leagues.

The family moved to Laredo. There was really very little organized here at that time, so I picked up tennis again and played with some ladies for about a year. I got a job at El Nopal as the assistant tennis pro and my tennis really picked up then. At the same time, I started playing softball with some of the wives of Border Patrolmen for exercise. **Dale Squist**, one of the Border Patrol and our softball coach, really organized the Tri-County Softball League. Later, it evolved into the Parks and Recreation Department women's league. I've been playing since the beginning," recalled Laura.

Anyone that's played in both softball leagues definitely remembers the second baseman. She won three highest batting average trophies and one runner-up trophy during the Tri-County League tenure. There are no official statistics kept on the averages in the PARD league, but most of us who play would be willing to place our money on Laura. She's that consistent at the plate.

And, anyone that plays in a tennis tournament knows that if Laura's entered - whether it be singles, doubles, or mixed doubles, it's almost a sure thing she'll carry home a trophy.

How does such an appetite for sports affect the family of Mrs. Dennis Pichot Laura says, I think it takes a special type of family to allow all the participation I give to activities. However, I don't believe it really interferes. Sports have always been my thing.

There is an old adage that simply states, The family that plays together, stays together." Dennis, Laura's husband and co-owner of Arnold's Distributing, is a former high school athlete that now serves as an official umpire for the Parks and

Recreation Department. Daughter Stephanie is very active in basketball and volleyball at Lamar Junior High School, as is the youngest member of the family, **Kenneth**, who runs track, plays Little League, and competes in the Swim Club.

Laura also officiates volleyball on the junior high, high school, and the college level.

Yes, it's been a love affair for Laura Pichot and athletics for years. I think she sums up all our feelings about that time when the end of the game draws near Sports are what I like. I don't want to think about the time when I can't compete. You think about the time when you'll be a hindrance instead of a help to your team. But, it would be a big decision to quit. Competition is what I like."

I guess you said it all, friend. *THE LAREDO NEWS*

At The Library . . .

The summer children's program at the library has come to an end, with 67 young readers, and story hour participants receiving certificates for achievement. The success of the program would not have been possible without the organization by Pat Normando and her volunteer helpers, Merry Patton, Lissie Schneider and Alice Lundblad. We also appreciate all the volunteers who provided entertainment each week: Mary Bolan, Anne Muller, Donna and Kerry Willingham, Veronica Romo, Arkie Blue, Wade Marrs, Jim Mormando, Shannon Mormando, Nancy Patton and Patty Adamson. The students who received certificates and "Read-It" buttons for reading 10 or more books during the summer are: Deana Adamietz, Colvy Anderson, Scott Anderson, Rebekah Bates, Willie Bates, Becky Bauer, Derrin Berg, Nikki Callahan, Tammy Callahan, Weston Callahan, Dennis Duff, Dorothy Duff, Mark Evans, Kelly Evans, Gene Fahey, Carrie Fellows, Lacey Fellows, Lynn Garcia, Winkie Garcia, Kristi Henry, Molly Hughey, Patty Kindla, Anita Klein, Clint Koenig, Heather Koenig, Bart LeStourgeon, Lance LeStourgeon, Anne Mauldin, Brenda Miller, Michael Miller, Aracelie Molina, Mary Moline, Michelle Morrison, Jillina Moseley, Tiffany Moseley, Jeanie Parades, Nancy Patton, Carolyn Pearson, Gavin Pearson, Yvette Pearson, Lorri Robbins, Emilio Rodriguez, Bernadette Rodriguez, Ray Rodriguez, Rene Rodriguez, Shawna Santos, Jason Schneider, Dorian Hatcher and Heath Hatcher. Twenty story hour participants received certificates for good attendance.

Heading the program presentation is Ann Tobin, state conservation chairman, assisted by her DAR senior, Delilah Baird of Rotan. TSCAR members, parents, and friends from around the state will also enjoy the traditional Dixie Dude hospitality. Swimming, horseback riding, luncheon, barbecue, and dance are planned.

Athletic Booster Club Will Meet

Since the Bandera Bulldog Athletic Booster Club was organized in 1964, the members have helped the athletic department of Bandera High Schools in many ways. They have purchased a whirlpool, Exer-Genie equipment, weight machine, clothes dryer, storage shed for equipment, movie camera, film and processing, sideline jackets, basketballs, trophies for two basketball tournaments, and sponsored three All-Sports Banquets and award ceremonies.

Originally the club was called the Bandera Quarterback Club and helped the football team. In 1978 the name was changed to the Bandera Bulldog Athletic Booster Club and all phases of the athletic program of the school were promoted. The club needs active members and welcomes anyone interested in the young athletes of our school to come and join the club. Yearly membership for families or business places is $5 a year. A small fee that provides a lot of food.

One money raising project is sponsoring concession stands for both junior varsity and varsity games. Parents of participating students are asked to donate food or time working in the concession stand. The club hopes to sponsor concessions for some football, basketball and volleyball games when the schedules are set. A meeting will be held Tuesday, August 26, at 7:30 p.m. in the High School library. The new football coaches will be introduced. A short business meeting will also be held. Everyone is welcome to attend.

Ed Howard Contest Chairman

Ed Howard has been named chairman of the circus committee and the Clown For A Day contest of the Medina Lake Shrine Club announcement by Melvin Fitzgerald, club president.

All area children between 8 and 14 years of age are invited to participate in the contest. Before the contest day, which will probably be held in October, a clown will meet with the contestants to give detailed instructions on applying and removing three types of make up: white face, tramp and auguste.

Ed Howard

Further details on this contest will be given later.

Bandera Featured In LCRA Magazine

Just published is the third quarter issue of Lower Colorado River Review, the magazine of the Lower Colorado River Authority, which features A Day In Bandera in a five-part series.

Author John Williams briefly reviews the historic background of the area in an item entitled Remember the Wild West? It Settled Down Here! He says that Bandera was named for Bandera Pass, noting that a white flag, bandera, was posted as a sign of truce between early-day Spaniards and Apaches. Many historians say this is but one speculation as to the origin of the name of our town. In Pioneer History of Bandera County, first published in 1923 by the late J. Marvin Hunter, it states, "This pass was named for Gen. Bandera, a Spaniard, who, in 1733, defeated there a large body of Apaches, who made these mountains their rendesvous for attacks on the Spanish missionaries around San Antonio." Then in the 1953 edition of One Hundred Years in Bandera, also published by Hunter, it states, "There are several versions as to how the famous pass was given its name, the most acceptable version being that in about 1732 Spanish troops from San Antonio de Bexar engaged in a great battle with Apache Indians there, and after the battle, in which the Indians were severely chastised, a council was held between the Indian chiefs and the Spaniards, when a treaty of peace was made by which the Indians agreed to never again come south of the pass and depredate upon the Spanish settlements at San Antonio de Bexar, and in turn the Spaniards agreed to never go north of the pass and intrude on the Indians' hunting grounds. In token of this agreement a red flag was placed on the highest peak of the pass as a warning to both the Indians and the Spaniards that they were to keep the terms of the treaty." Hunter was never able to verify either version, or any other less accepted story, during his lifetime.

In the second article, Dude Ranches: A Taste of Old Texas, Randy Hicks, who was interviewed at the Mayan Ranch, described the ranches and the clientele who visit them year after year. With the story are pictures of a trail ride, the cypress-lined Medina River photographed near the picnic grounds at the Mayan Ranch and Lou Coburn tending horses.

A Saddlemaker Who Has Toured The Rodeo Circuit features Bo Chesson and pictures him at work repairing a saddle in his shop on Main Street. This colorful story traces Bo's life rodeoing, making saddles and then building his own rodeo arena.

The next article, Memories of the Flood, retells the story of the August 1978 flood, still vividly pictured in the memories of most Banderans. One sentence states, "But sheep and horses reportedly stampeded through downtown streets, and the Highway 173 bridge became a focal point of the flood's carnage." While this is a colorful description, none of the three Bulletin reporters roving the streets of Bandera during the flood taking more than a hundred pictures saw any sheep, and the only horses seen were those ridden by sheriff's deputies and local citizens searching for persons stranded by the flood waters. But then, Bandera is known for its tale-spinners, also.

The feature concludes with A Link to an Earlier, Simpler Time, which mentions the Mormon and Polish settlers, and the camels at Camp Verde. The story says soldiers from San Antonio came to Bandera for recreation during both World Wars. While the impact of visiting soldiers was great during the World War II days of rationed gas and tires, travel to Bandera during world War I was not easy, for SH 16 was not paved until the mid '30s.

"The most dynamic factor in Bandera's growth came in the late 1950's, when Lake Medina south of town was filled," according to the article. While the rains in 1957 broke "the drought" which had started in the early '50s, it is doubtful that the filling of Medina Lake triggered Bandera's growth.

William's account of Bandera has some minor inaccuracies, but he gives a warm friendly review of a warm, friendly town.

MR. CATTLEMAN

The cost-price spread has squeezed all of the "romance" out of the cattle business.

For an efficient and profitable operation it is necessary to supplement range and field grazing in the late summer as well as in winter.

So, let's look for some answers —

IT IS TRUE THAT, if you are not very careful, you can feed all of the profit out of a cow.

IT IS TRUE THAT in no way can you starve a profit into a cow.

BUT, IT IS ALSO TRUE THAT—a balanced and nutritional supplement, that can utilize existing forages, is the most economical and feasible way to get the heavier weights needed on today's market.

PRO-LIX LIQUID FEED is a proven supplement that can help your cow through stress periods, both summer and winter.

HAVE YOU BEEN MISINFORMED? Have you been told that one liquid feed is as good as another? Have you been told that all liquid feeds are just a mixture of molasses and a synthetic protein with vitamins and minerals added? Let's be very generous and say that when a "molasses peddler" tells you that there isn't any difference in the result-cost ratio among liquid feed he is, to say the least, misinformed.

PRO-LIX is a liquid feed, but it is as different and as superior over molasses blended liquid feeds as alfalfa is over grass hay. They are both hay, but you would never expect to get the same results from a bale of grass that you could get from a bale of alfalfa. Don't be satisfied with grass hay when you can easily have alfalfa. Look into the supplement that you are buying, compare analysis sheets and performance data.

PRO-LIX is the only liquid feed that contains a fermented tuna fish base with built-in fermentation solubles as well as distiller solubles and has a guaranteed energy factor for proven performance and service.

FERMENTED IN PUERTO RICO FORTIFIED AND HOMOGENIZED IN MOBILE, A.L.A.

Lakehills News

Helen Temple — 751-3185

From beautiful Lakehills comes the thought for the week: "It isn't your position, but your disposition that makes you happy or unhappy."

A bouquet of roses for Shirley McCallum & Jean Black on their respective birthdays August 27 and 30. from H.T.

AROUND LAKEHILLS
Like Mother—Like Daughter

Mary Beth Noack of SA is joining the family nursing tradition. Her mother, Mrs. Maudie Mussey, was one of 11 sisters, eight of whom were registered nurses in several San Antonio hospitals. Many doctors remember the Tollett girls. Three of them served in World War II, and Life Magazine once had a story and pictures about the 11 Tollett R.Ns. After rearing a large family (seven) Mary Beth became a teacher's aide for eight years. Now she's attending classes at SAC. She's taking preliminary courses this summer and will begin the two-year nursing curriculum this fall. Mary Beth's husband, Milton, is very proud that his wife's 25-year-old dream will become a reality in the near future. Mrs. Maudie Mussey (retired RN) and the late Harold Mussey are Mary Beth's parents and former residents of Lakehills where they were prominent members of St. Victor's Chapel. Congratulations Mary Beth.

While in the windy city, Julie toured the museums, went swimming, picnicing and took a long boat cruise on Lake Michigan. The highlight of her visit was tennis lessons (4 hours daily) at McSetridge Tennis Camp under professional teachers. Julie was accompanied home by her cousins, Bobby, Lorna and Lisa Simmons and Tony Reilly who spent two weeks with her.

Eagle Pass Vacation

Mr. and Mrs. C.E. McMahan, Buck Gibbs and Betty Collins have returned home from a vacation in Eagle Pass. The group went especially to attend the grand opening of the Basse Truck Lines mammouth warehouse of which Buck was one of the builders. 'Tis rumored that it was a wonderful three days—they dined in elegance and lived it up South of the Border—Ole!

Old Home Night

It was "old home night" at Adolph's Friday and Saturday evenings. From far and near they came to visit, dine and reminisce.

Brothers Visit

Mr. and Mrs. John Klein of Fayetteville, N.C., have been the guests of Mr. and Mrs. Earl Klein and Julie. John and Earl, who are brothers, had not seen each other in 19 years. They are Earl's mother and sister respectively.

She Wears Many Hats

Congratulations to Carolyn Smith of Geronimo Village, who has been appointed chairperson of the Better Speakers Association of Greater San Antonio. Friends were not surprised because Carolyn wears many hats. After she and husband Smitty reared a lovely family (4), Carolyn went to college; after graduation she accepted a position at Kelly AFB in personnel. She takes advanced training yearly in other states, conducts seminars, is an after dinner speaker, plans family parties and is active in her church. Last but not least she finds time to visit her mother, Claudia Mathis, of Lakehills regularly.

Beth Goes to College

Friends were happy to learn that Beth Mulqueeny has enrolled in Henderson College. Beth, who was outstanding in band at BHS, will be in the marching band.

Notice

The Bandera County Fresh Water Supply District No. 1 collected 2 bacteriological samples during the month of June. The results of the coliform bacteriological samples exceeded the Texas Department of Health's "Drinking Water Standards," which were promulgated as required by the "Safe Drinking Water Act," Public Law 93-523. Drinking water containing coliform bacteria in excess of the standard may constitute a potential threat to public health. Your water system has collected additional check samples as required by the "Drinking Water Standards." These check samples were reported to be within the standard for drinking water. Additional samples will be taken as deemed necessary. Coliform organisms are common to the intestinal tract of man and animals. Their presence in water is an indicator of bacteriological contamination of the sample either from the water system or from a sampling error.

Increased monitoring (check samples) and customer notification of the public when the standards are exceeded are required by law as a means of keeping the public informed. 6-3tc

TRUSTEE ELECTION DUE

The sixth annual general meeting of the Pipe Creek Cemetery Association is scheduled for September 6, 1980. The meeting will be held at the Pipe Creek Cemetery starting at 7 p.m. All citizens of the Pipe Creek area are encouraged to attend.

An election will be held to elect a trustee for a three year term.

Presently the three trustees are Milton Lewis, Jerome Edwards, and Luther Edwards, Sr.

Absentee Ballot

Due to the fact many former citizens of the Pipe Creek area now reside out of Bandera County, the Trustees approved use of the absentee ballot permitting these people a voice in the election of Trustees.

Accompanying this article is an absentee ballot. This ballot should be filled out, clipped and mailed to the Cemetery Ass'n, P. O. Box 237, Pipe Creek, TX 78063

One candidate's name is printed on the ballot and a blank line for a write-in selection of your choice. The person selected as a write-in candidate MUST reside in the Pipe Creek area in order for that person to be actively involved in management of the cemetery.

The absentee ballot can also be used by anyone physically incapable of attending the election meeting. Only members of the Pipe Creek Cemetery Association are eligible to vote. All ballots will remain sealed and held in the Post Office until the sixth of September election meeting, at which time they will be opened and counted in the presence of those in attendance.

A facsimile of the ballot will be accepted by the Trustees.

A Thought for the Week
By John M. Grimes

Labor Day is a typically American holiday. It is an important day...not only for those in the ranks of labor, but for every citizen in this land. It is a day when the nation as a whole does honor to those who labor—whether it be with hands or head.

In Europe, the great day of labor is May 1, May Day. It has often been racked with demonstrations and many times it has been marked by riots. Not so in America. We celebrate by simply enjoying the fruits of our labors. This country was founded on the theory that a nation could be welded out of peoples from all sorts of backgrounds—provided they were willing and ready to work together.

It took labor of all kinds to carve this nation out of a wilderness...to cross treacherous rivers...to carve roads through trackless forests...to clear lands and build towns...

Labor Day is not a day set apart for any one group, but a day which all of us may celebrate. With this in mind, let us on this Labor Day rededicate ourselves to work to the best of our abilities—so laboring that we may pass on to the next generation a nation better and stronger for our having lived and toiled.

Constitutional Amendments In November Election

AMENDMENT NO. 2
House Joint Resolution 98, proposing a constitutional amendment to require a single appraisal and a single board of equalization within each county for ad valorem tax purposes.

This proposed amendment of Article VIII, Section 18, the constitutional provision that requires equalization of property values for tax purposes, would eliminate the requirement that the county commissioners court sit as a board of equalization. It would also require the legislature to enact a law providing a single entity in each county to appraise property for the taxing purposes of the county and of all cities, school districts, and special districts within the county. That entity could appraise property outside the county or when two or more counties choose to consolidate appraisal services and use only one appraisal office. The amendment would also require a single board of equalization for each county and disqualify elected officials from serving on the board of equalization.

BACKGROUND

Article VIII, Section 18, of the constitution now requires the county commissioners court, to act as a board of equalization, and under the statutes, they do so for the state and county and for other political subdivisions that tax on the basis of the county tax roll. Another section of the constitution, Article VIII, Section 14, requires the county tax assessor-collector to appraise property for county taxation.

Currently, cities, school districts, and many special districts are permitted to have their own tax offices to appraise property for taxation and many of them do so. Those political subdivisions that do their own appraising also have a separate board of equalization. Thus most properties in the state are appraised at least twice, and some are appraised by as many as five separate offices. When a property is appraised more than once, the owner, if he wants to challenge the values given his property, has to appear before a different board of equalization for each appraisal.

In 1979, the legislature enacted a new Property Tax Code to take effect in 1982 and eliminate most of the duplication of appraisals and board of equalization hearings. It establishes an appraisal district for each county, which will provide for appraisal of property for all political subdivisions and will appoint a single board to hear taxpayer challenges to the appraisals. Because of the constitutional provisions relating to the county tax assessor-collector and to the commissioners court's board-of-equalization duties, counties will not be required to participate. They are authorized to participate voluntarily, and approximately 215 of the 254 counties have already voluntarily joined the appraisal district.

The proposed amendment would require the legislature either to eliminate the exemption counties now have from participating in the appraisal districts in 1982 or to choose some other entity to make the appraisals for all political subdivisions, including the county, within each county.

ARGUMENTS

FOR:

1. Separate appraisal offices and separate boards of equalization for different political subdivisions covering the same territory wastes tax dollars, confuses taxpayers, and obstructs taxpayers' efforts to be treated fairly. Adoption of this constitutional amendment will allow the legislature to complete the job it has already begun of eliminating this wasteful duplication.

2. A board of equalization should be a neutral, fact-finding body making decisions based solely on evidence presented to it. County commissioners are highly political, as are elected members of governing bodies of other political subdivisions, and are too subject to political pressures to be expected to make impartial decisions. A board of equalization should be composed of citizens who do not run for office and have no political friends to reward or political enemies to punish.

3. Since most counties have already joined the appraisal districts established by recent legislation, the amendment would make little significant change outside those few remaining counties that chose to continue the wasteful, inefficient duplication of appraisals.

AGAINST:

1. Counties now have the option of joining the appraisal district or of having the county tax assessor-collector make the appraisals and the commissioners court equalize them. Most have joined the district voluntarily and the goal of eliminating duplicate appraisals and duplicate equalization hearings has been largely achieved voluntarily. The state should not compel those counties that have not joined because of their particular local problems just on principle when it will have little statewide effect in streamlining tax administration.

2. Currently, county ad valorem taxes are relatively low. They are low because county property values are determined by the county tax assessor-collector, who is elected, and are equalized by the county commissioners court, members of which are also elected. Adoption of this constitutional amendment would eliminate direct control by the electorate of the officials who appraise and equalize, ensuring that county taxes would increase.

3. If this amendment is adopted and county appraisal and equalization functions are transferred to the recently created appraisal district, rural taxes will increase. County commissioners courts and tax assessors-collectors have been sympathetic to the problems of agricultural Texas, but the appraisal district boards will be dominated by urban cities and school districts and will not understand those problems.

PUBLIC NOTICE

Developers and Subdividers planning projects in Bandera County are urged to obtain and follow the Regulations Governing Subdivisions in Bandera County. Failure to follow these established regulations will almost certainly result in costly delays. Some of the most critical items are:

1. Written request to proceed accompanied by a statement from Bandera Electric Cooperative that electricity will be furnished.
2. Utility easements indicated by survey.
3. Road dedication indicated by survey.
4. Construction and maintenance bonds on roads.
5. All lots or tracts adequate in size.
6. Plats to be drawn to a scale of 200 feet to the inch, on 18" by 24" sheets. A key map shows the entire area to be drawn on U.S.G.S. maps which are available in the County Judge's Office.
7. Compliance with Bandera County Regulations covering sanitary facilities and water wells.

These directives, most of which have been in force since 1972 by order of the Bandera County Commissioners' Court, are available for any developer at the office of Permits and Inspections, County Courthouse. I urge all concerned to obtain this document and follow it closely during the course of your planning and development schedule.

Bandera County Judge

Drive Carefully Labor Day

The Texas Department of Public Safety has urged motorists to be "exceptionally careful" during the long Labor Day weekend because of the increased volume of traffic which can be expected.

Jim Adams, DPS director, said, "Labor Day, the last holiday of summer, becomes the last holiday-period for far too many Texans and many more have their holiday ruined by a traffic accident.

"Our statistical serviced division has predicted that 45 persons may die during this 78-hour period. In order to provide maximum protection for the driving public, we are placing additional troopers on the highways. Most will be in unmarked, black-and-white units, although unmarked units will be utilized to detect those determined violators who make the highways unsafe for others." He also said they will be especially watchful for drunken drivers.

Col. Adams said the DPS

Peter H. Nealley, Jr., of Bandera, is among some 400 members of the new cadet class at Virginia Military Institute, Lexington, Va., which this week began its 142nd academic year. He is a graduate of Bandera High School.

The new cadets—officially designated fourth classmen, but popularly known as "rats"—are members of VMI's class of 1984 and spent their first days in orientation, drawing uniforms and equipment, learning the basics of military drill, and generally becoming acquainted with cadet life at the Institute. Academic classes began August 26.

Drug Seminar Announced

The Bandera County Legal Secretary's Assn., in conjunction with the Sheriff's Department will be sponsoring a drug education seminar. Everyone is invited to attend. The date, place and time will be published next week. The program is being designed to educate the public in what to look for and how to cope with drugs if you should be confronted with this problem.

We have read about drug problems in other cities, but now it has become a great problem in our own backyard. Let's unite in the fight against drugs in Bandera. We can all do our part to get rid of these drug peddlers who have no scruples about ruining our youths' lives.

Remember the youth of today are the future of America.

The Sheriff Says . . .

The Bandera County Sheriff's Department is in the process of making several positive changes in attitude and administration. In keeping with this plan, we are going to do our best to keep the public we serve informed by having a weekly column to advise the people of our progress and our problems.

Since the recent drug arrests numerous citizens have called for information and offering their help. It is our hope that with the information we plan to offer, that you, the public, can help us achieve our goals.

In this, our first column, we are happy to announce that we have organized a crime investigation division (CID), which will place special emphasis on narcotics. We feel that due to our recent drug campaign, narcotics use and delivery is at an all-time low. With this new department and public support, we can keep it this way.

Your questions and suggestions are welcomed.

Werner Lindig Retires After 24 Years As County Agent In Bandera

Werner M. Lindig retired Friday, August 29, completing 24 years as Bandera County Extension agent. His retirement was marked by a party held at the Extension office in Bandera Friday. Many friends came by to congratulate him and wish him well on his retirement.

"Lindig has spent a total of 29 years with the Extension Service. Before coming to Bandera in June 1956, he was Extension Agent in Van Horn, Culberson County. He served there from January 1954 to June 1956. Prior to that he was assistant agent in San Angelo, Tom Green County, from August 1951 to December 1953, after starting his career with the Extension Service in Sweetwater, Nolan County, in June 1951 as assistant agent in training.

Lindig was graduated from Fredericksburg High School, but it was five years later, after spending some time in the U.S. Armed Forces, that he entered college in 1947 at Texas Lutheran College in Seguin, where he spent one year. At that time TLC was a junior college. In the fall of 1948 he transferred to Texas A&M University, where he was graduated in 1951, earning a bachelor's degree in animal husbandry. As the years passed he took numerous graduate courses, and in 1973 he earned his master of education degree.

"The greatest change I have noted in the 24 years I have spent in Bandera County is the decrease in goat and sheep production," Lindig said. "I would estimate that there were 70,000 goats in the county when I came and there are perhaps 3,000 to 4,000 here now. Also there were approximately 64,000 sheep here in 1956, and I would estimate there are 5,000 sheep here now.

"Ranchers now are raising more cattle, animals that are not as easily bothered by predators. Another change is the increased interest in wildlife. Conditions have been improved to enhance their increase in numbers and increase in quality. The harvest of wildlife has had a large impact on the ranchers' income.
