Wurphy's statement on the power of negative thinking: It is impossible for an optimist to be pleasantly surprised.

The King was in Banderal He was photographed by Bandera Bulletin staff writer James H. Frasar in the winners circle at Bandera Downs recently. Elvis said that he had been spending most of his time in his powerboat on Medina Lake since the lake level has come up. The King's appearance at Bandera Downs squashed the rumors that he had assumed another identity and had been running a restaurant in downtown Pipe Creek.

#### Tip Sheets

Learning to Handicap requires the use of a lot of information. A very useful source of information found at Bandera Downs are Tipsheets! A tipsheet may be nurchased at any program booth and involves picks made by handicapping experts. All tipsheets are different with a wide range of helpful betting tips. Some tinsheets give explanations of why horses were picked, while others give ventages and short comments.

FIGURING THE ODDS! The "odds" is a term that tells the bettor the approximate payoff per \$2 wager

FOR EXAMPLE: Let's say you want to wager on horse #2 to win. The Tote Board shows current odds of 5-1 on #2 to Win, with \$2430 watered by everyone at the track on #2 to win, \$1002 wagered to place, and \$914 bet to show. This means you'll win \$12 for every \$2 you bet to win on horse #2 if he finishes first at

You may also see odds such as 3-2, 5-2, 7-2, or 9-2 on the Tote Board. In the case of 5-2 odds, for example, you would receive \$5 for every \$2 wagered, plus your initial wager back, for a total return of \$7 for every \$2 win bet.

DO NOT THROW AWAY YOUR MUTUEL TICKET UNTIL THE RESULTS HAVE REEN MADE OFFICIAL! On some occasions, you may see an "Objection" or "Inquiry" sign flashed on the Tote Board immediately following a race.

An "Objection" means that one rider has claimed a foul against another jockey in the race and the Board of Stewards, or the judges, will determine if the infraction affected the outcome of the race and, in doing so, may change the order of finish.

An "Inquiry" means that the Stewards saw a possible infraction in a race and are looking at various camera angles to determine if the outcome of the race was affected. In the case of either an "Objection" or "Inquiry". do not throw away your ticket until the final results have been declared official. The decision of the Board of Stewards is final.

Official Results have been posted on the Tote Board, simply take your winning ticket or tickets to any window to collect your payoff!

Rather, petition signers asked the district to pursue acquisition of water rights from the state. Becker stated that no negoti-ations had been made with BMA to purchase water from Medina Lake and that there were no water rights along the Medina River to acquire for Banders County.

Median River to acquire for Both and the Median River to acquire for BMA has specified a comment of the Median River to acquire for the Median River District for the San Antonio-based water supply company to buy any excess water of BMA's 66,000 acrefeet allocation that the BMA doesn't use for irrigation. However, the contract has not yet been approved by the Texas Water Commission, even though it was signed by BMA and Bexar Met over six months ago. In that contract, there is a provision that allows Springhills to buy as much as 5,000 acre-feet of the excess water before Bezar Met gets theirs.

#### Opposing views on water

Dear editor:
I attended the quarterly meeting of the
Springhills Water Management District
Thursday at Mansfield Park. It was most educational. I especially enjoyed the ques-tion and answer session with Mr. (James) Kowis from the Texas Water Commission. I

Kowis from the Texas Water Commission. I feel certain that he left no questions in anyone's mind regarding the laws that govern Texas water and water rights.

I do have a couple of questions for your newspaper, however. When I read the articles in The Bullatin calculate to the Water of the Commission of the Commissio have anything of merit to say at these meetings but this Mr. (Jim) Hannah, who, as it turns out, didn't have his facts straight

Such was not the case at Thursday's meeting. In fact, Mr. (Phil) Becker, Joe Cantu. Donnie Walker and several others had some very interesting comments. I found it curious that in response to some of Mr. Han-nah's claims, Mr. Becker made it clear that he has addressed Mr. Hannah's allegations repeatedly during the SWMD meetings. However, it seems that your newspaper primarily focuses on the incredible statement being made by Mr. Hannah. Wouldn't it be interesting, and perhaps even more accurate, if both sides of these discussions made t into print. You know, a couple of years ago, James Henry Frazar was still capable of writing a fairly decent article. These days, I just wonder whose input his reporting really reflects.

Dear editor:
After attending the Springhills Water District meeting last week, I feel compelled now more than ever to write this letter. At this meeting, The Bulletin was represented by a young boy that Mr. Frazier had posi-tioned on the front row with a tape

On April 1, you printed a spoof on The Bulletin name. Little do you realize that the journalism standards of this newspaper over the past two years has earned that "spoofed" name of The Bandera Bull by many of your reading population.

This is not what we have been receiving in our newspaper. We have been inundated with biased, backstabbing, screened, yellow journalism. What has happened to the facts? Are we deemed to be so illiterate and gullible that we need someone to decide what we need to read? I, for one, think not.

I implore you to bring The Bulletin's reporting up to standard. Print the facts and let the readers draw their own conclu-

The April 2 meeting of the Springhills Water District was proof again that we do not have a water problem as much as we have a water administration problem. Of course, the board disregarded a petition from hundreds of citizens to take a stand that Medina River water is care, in part, if we can ever show proof of needing it for

numan consumption.

An informative discussion by a Texas Water Commission spokesman shed light on just how hard such a claim would be to make under current laws. In reality politic would determine the outcome legislatively, doubt that we will ever need surface water to make it worth the trouble. Further, knowledge about our underground sources of water backs this up. So, if the BMA (Bexar-Medina-Atascosa Counties Water District) deal (to buy water rights) does not come about, let's not be too disappointed. Even I agree that it will be fine if our district can arrange a contingency contract with BMA that will not commit us or our future generations to paying for surface water unless it is needed.

Someone stood up the other night and said that he would like to see the district's specific intentions of a BMA water deal in writ-It was also good to hear denials that Springhills would ever try to broker or transport water outside our county's bound-

Our differing ideas about progress, conservation and peoples' needs should not be bottled up and hard to talk about. Frustration with the Springhills system showed up all around Thursday night when the president of the board let it all hang out. Well, public ares know that we are free to criticize and openly speculate with anyone, any-where, any time about the motives of elect-ed officials and their bureaucrats when policies are unclear.

Phil Becker should be reminded of his first Springhills newsletter (Fall 1991). It begins with a child's "Communications Exercise" in which a statement is passed by work of mouth until it comes back around to the originator of a misconstrued and laughable

and profane behavior from your fellows se it demeans your endeavors. Argument in the public forum is where ideas and fear of the unknown strike like steel or flint, sometimes igniting a spark that can make darkness visible

#### Likes Corpus

Dear editor:

When my mother, May Bachelor, called and said you had published an article regarding the exhibition of the replicas of Columbus' ships in Corpus Christi, I felt this would be a super trip for her and my 7-year-old grandson, David Cox of Alvarado. However, I began having second thoughts the day the trip was to commence. First, my car broke down two blocks from home. A neighbor loaned me a char which was out of

The trip from Arlington was great with nets lining both sides of the highway all the way to Bandera.

and me striking out for Corpus, and just outside the city we stopped an an information station where the ladies were extreme ly helpful and informative. Via their directions, I drove right to the exhibition with no problems at all. The festival had food booths with just about any type of food you

could want, Finally we showed David the ships, and he was very excited. He wanted to go on board the Santa Maria, but the line was about two hours waiting time, so he settled for boarding the Nina. After we left the Nina,

Our trip didn't end there. On Wednesday the three of us ventured to the Texas State Aquairum where David was allowed to hold a live crab and other sea creatures. This is a very educational and interesting place.

Later that day we were able to ride a cruise boat around the harbor so we were able to see Columbus' ships from a different

All in all, this was a super spring break for your article we would not have known about this once-in-a-lifetime experience. Thanks from all of us.

#### Wants to be 'de'ed'

Dear Editor

I want to thank everyene who called me about the extended area telephone service had no idea that there are so many folks truly annoyed by our phone service (really the lack of such) and our outrageously high phone bills. The offers to help with this project were definitely heart-warming, but as I tried to tell every caller: ask your individual commissioner to support this and go to whatever hearings this will necessitate. Every last one of us needs to do this. It is ridiculous for any resident of Bandera County to be paying more to call into Helotes than I pay to call my sister in New

York State! My initial concern was getting a toll charge every time I called the school-I am in the Northside school district. I am still working on getting out of that district, and I could really use some help on that project Bexar County is most reluctant to give up our tax monies, but I want my kids in Bandera. That is part of the reason I moved out here! TEA regulations for de-annexation are not as easy as asking our commission ers to file a petition, and we have to be "de'ed" before we can move.

#### 'Hung' without hearing?

Due to my resignation from the Bandera County EMS, I feel compelled to apologize to the community for not being available to assist them at this time. Additionally, I would like to shed some light as to how my resignation came about.

I do not feel comfortable belonging to an

erence the suspension by the County Commissioners of two paramedics, these suspensions were at Judge (Ray) Mauer's suspensions were at Judge (tray) Mauer's request. The commissioners accused, tried, sentenced and "hung" Lloyd (Hickman) and Mark (Burke) without giving them a chance to defend themselves. Lloyd and Mark were to detend themselves. Lloyd and Mark wer never given notice of any wrongdoing and, to this date, still — not know the specific reason for their release from service. They were told it was because of "violation of EMS protocol" which is the same saying, "You're under arrest for 'breaking the

law"—no specifics.

The people ought to know how Judge Mauer, who oversees the EMS system, works. There is already a shortage of EMTs and paramedics in Bandera County and now more have resigned or gone on reserve status (unwilling to make ambulance calls) because of Judge Mauer's politics and now because of the suspensions. There are only a handful of EMTs and approximately two paramedics left to cover the entire county. The judge was quoted as saying, "So, let them quit - We did without EMS before, we can do it again." People, we are in a crisis

se volunteers' first priority is patient These volunteers first priority is patient care. The judge's first priority is politics. Dear Editor:
The headline read "Controversy Swirls
Around EMS Firing" (The Bandera Bulletin, April 1). My dictionary defines 'firing'
as "removal from employment and compensation." I realize it's a matter of semantics, but it raises an interesting point. Bandera County emergency medical technicians are uncompensated. That's right, those dedicated; civic-minded people who provide our emergency medical care are unpaid volun-teers. They do it because they care.

I knew of Lloyd Hickman's suspension before he did. My wife, Lynda, who is an Describe the talk My Man, Agrand Tanouncing the suppension before Lloyd, himself, was told. How's that for aloppy handling? And, the same people who mishandled it have accused Lloyd of protocol violation...give me

Lynda says that Lloyd gives some of the best patient care she has seen. I've heard the same about Mark Burke. Apparently, Lloyd and Mark are excellent paramedics, but damn poor politicians. That's OK; considering the performance of some elected officials, would you want to receive emergency medical care from a politician?

Doesn't hat make a strong case for hiring a professional EMS director for Bandera?

The citizens of Bandera County had better

wake upl If we want emergency medical care for ourselves and our families, we had better remove the politics from the adminis tration of our EMS program. Our new 9-1-1 system will be useless if there is no one to

#### More on Agent Orange

Reference "Not unshaven protesters," by Ralph Dresser, (Letters, April 1) concerning the Agent Orange controversy

Force and involved in the loading and maybe distribution of the chemical Agent Orange during his tour of duty in Vietnam. The Air Force had strict regulations on the handling of this "chemical" and provided their people with all the protection that was needed, including rubber gloves, boots and especially the luxury of daily showers.

What I'd like to ask Mr. Dresser: In his

I served as a "grunt" in a light infantry unit during the end of 1966 through the end of 1967. I started in Tay Ninn and through combat operations worked the entire "Iron Triangle" in the south of Vietnam. This area, from Saigon to Chu Chi was devastated by the defoliate Agent Orange. I then moved to the mountains of Tam Khe and Chu Lai in the north of Vietnam and also saw what this defoliate could do. This is where the controversy begins because the government seems to pick the veterans in Mr. Dresser's category for their surveys and not the veterans that are actu-ally suffering from the after-effects of this

I associate now with veterans that do suffer from many of the symptoms of Agent Orange. Mr. Dresser, how many of the "at risk" 1,282 veterans that you served with and were surveyed by the government actu-ally got sprayed and accepted it as mosquito spray? How many went into defo-liated areas and actually dug in and lived on the contaminated ground? How many drank the contaminated water? How many really experienced open wounds in a con-

taminated area?

I am one of the 20 percent of Vietnam veterans that were actually in combat. Mr.
Dresser claims he doesn't represent the unshaven, cam o-wearing and protesting veteran. Maybe it's time that he wakes up and supports not only the veterans of Viet-nam but also the veterans of all foreign

As an American veteran Mr. Dresser when you pass away, you will no longer get an honor guard, or a 21-gun salute at your funeral because of our nation's budget cuts but you can always count on our longhaired, protesting and patriotic Vietnam veterans to be there to do what I consider the ultimate honor.

In the ongoing campaign for commissioner Precinct 1, Mr. Barker

In the ongoing campaign for commissioner Precinct 1, Mr. Barker has continually made accusations about me and my office as commission-er Precinct 2. During my 9 1/2 years in office, I have always planned and worked within the budget process and through the Commissioner's Court oget the job done. This is the way it must work as county government is by law on a pay-as-you-go basis.

County government only has the annual funds provided by local taxes, therefore, all monits spent for county services must be planned ahead within the budget according to planned revenues. The revenues are estimated by setting the tax rate in accordance with property values to meet the planned budget. There can be no wholesale deficit spending as in state and federal governments.

to meet the planned budget. There can be no wholesale deficit spending as in state and federal governments.

Mr. Barker has little or no understanding of this concept. This is proven by the following facts:

Precinct 1 finished budget year 90-91 with a \$13,152.24 deficit.

Mr. Barker refused to make a budget for the current budget year. By this he failed to address the 90-91 deficit that had to be paid from other departments.

• Precinct 1's 91-92 cash flow continues further red ink. Any paving of roads this year will only increase the deficit. Estimates of further precinct 1 spending already programmed in the budget show red ink totaling as much as \$35,000 before paving any roads.

\* Mr. Barker annually votes against the tax rate and or the budget. These are the very tools he must utilize to plan the paving and maintenance of your roads.

· Mr. Barker has used road and bridge funds and equipment to

Mr. Barker in successful property.
 Mr. Barker pledged his road and bridge funds for work on the track at Bandera High School without court approval.

track at Bandera High School without court approval

The above are all facts that can be documented with county records, statements taken by law enforcement officers, and newspaper reports. For these reasons, I sak you to seriously consider the question, "Should Mt. Barker be allowed to continue as commissioner Precinct 1 come April 14,

But the process to cancel is

long and requires public hear-ings where the water rights holder can show cause why he or she should continue to hold the water, says Kowis.

While Kowis never mentioned BMA, BMA has not been able to use its entire 66,000 acrefeet allocation every year dur-ing the last 10 years, so it could be argued that BMA should loose part of its water rights.

However, all water rights in

Texas were "adjudicated" (reviewed) from the 1970s to 1985 by the TWC and a district judgs, so that restarted the 10-year clock for almost all water rights holders, and Kowis said until the persons with water rights had, a piece of paper in front of them "that defined their water right and a the defined their water right and the extent of it," the TWC was not coins to try to cancel awnows's water-nead office of the leaves Water Commission, who extent of it," the TWC was not attended the meeting at going to try to cancel anyone's Springhills request, in a water right until the individu-calmer talk, backed Becker on al water rights holder's clock

Surface water has been surfaced, but not in this particular area at this time.

So any attempt by anyone to cancel all or part of BMA's water rights by the 10-year clock program is not going to

Kowis also said that if a water right was canceled, that water would not go to the per-son or organization that had pointed out the need for the cancellation.

Rather, the water would go

back to the state and the state would allocate it to the next person on the waiting list that had applied for water from

that stream.

Further, if Bandera County or Springhills were to apply for a water right, they'd just be put on the waiting list. "There is no water available for appro-priation upstream of Medina Lake."

His only recommendation was to capture the water before it gets to a water course "and then it belongs to you."

# One EMT reinstated

### Commissioners negate firing, 'take steps' to correct problem

By James Henry Frazar

Bulletin Staff Writer

Bandera County Commissioners reinstated Lloyd Hickman as a Bandera

EMT Monday after a two-hour executive session while over 30 persons —
mostly EMTs — waited in the district
courtroom for their decision.

That was just one of the dramas
played out Monday as the EMS crisis
came to a head and consumed almost
five hours of the commissioners' meeting time.

five hours of the commissioners' meeting time.

Another suspended EMT, James Terry, remains suspended, but will have his case reconsidered soon.

A resigned EMT spoke out that the system of discipline, and how suggestions, recommendations and grievances are handled in the Banderse County EMS needs to be revamped.

But the commissioners told the crowd they were taking stops to correct faults in the EMS system — mainly personnel matters when personalities clashed—and said they would look into an EMS coordinator, a position that started all

the funs.

And the funs was heightened by personality conflicts between some individual members of the EMS system.

In a round-about way, most of the facts were laid on the table Monday.

The fuss — actually a crisis — that has seen the resignation of at least four EMTs, started when the now famed March 18 meeting of paramedics happened to discuss a possible EMS director.

tor.

An EMS director would be responsible to the county judge, who is the current EMS director, and would help trobleshoot problems, mainly personne brought up by the chapter represent tives.

The EMS director would not decide medical issues — that would still be left up to the county's EMS medical director, Dr. Leonard Marks of San

antonio.

At least one EMT, not identified by ounty officials, reported to the county

## 'Richest race' carried record \$388,911 purse

It started 10 years ago and reached a high point Sunday at Bandera Downs with the richest purse in Texas racing history.

But the race president has more plans for a race that may be one of the top five races in the country this year.

And almost \$100,000 was wagered on the race from other tracks in the first simulcast race over from a Texas track.

The Grade I Graham Farms Futurity, the only Grade I race in the state of Texas, carried a record \$388,911.80 total purse for the 10-2-year-old quarter horses to race \$360 yards for.

The horse that came way with the \$156,390 first prize was Zip Dash.

Trainer Cody Brock said Saturday his charge was in "real good shape" for Sunday's futurity and he was, running the race in 18.08 seconds.

seconds.

Brock said he will point Zip Dash to the
400-yard Hertiage Place Puturity at Remington
Park in Oklahoma and the 440-yard All-American Puturity at Raidose Downs in New Mexico.
Even though Zip Dash won the 350yard dash at Banders by 344 length, Brock said

I've always been curious as to why editors of the media, in this case the newspaper, allow filthy or suggestive language into print. Is it for their own gratification or their reporters' prestige, or do they just feel that readers can't understand an incident unless it is colored with expletive words and graphic explanations?

Bandera readers don't need this kind of display in their paper, so why is it in it? Was the most important statement heard at the last Springhills Water management's public meeting that of using God's name in vain? Was that so beneficial to all of your readers that it had to be enlarged and underlined on the front page of the paper? Or even put in

Surely there were other statements and words said at that meeting that didn't warrant use nor ended up in the article.

Due to my resignation from Bandera Coun Due to my resignation from Bandera Coun-ty Emergency Medical Service, I feel com-pelled to apologize to the community for not being available to assist them at this time. Additionally, I would like to shed some light

as to how my resignation came about.

I do not feel comfortable belonging to an organization with an administration that suspends members for voicing a need for change. The paramedics that were suspended and the "investigation" into my behavior was a result of a meeting that focused on improving patient care. The administration was given false and malicious information concerning what was discussed at this meeting. No attempt was made to verify this information. A Thought For The Week. By John M. Grimes

Easter is a time for rejoiding one of the most joyous days of the year. It symbolizes the reawskening of life that is universally associated with springtime. The season of robins' singing, meadows turning green\_of life renewed. It is the heppy time of people's fath.

Easter commonrates the resurrection of Jesus Christ but, supprisryly, the theme of Easter is older than Christianity, itself, Among the most another civilizations, rituals of respirit were very common... Sunties services date back to the medieval customs of common...Sunfree services date back to the medieval customs of praying while the sun frees. The present-day parades that mark the dy had that beginning in the original Easter walk of Europe, when devour men and women congregated and walked in a orderly manner reclaim prayers and singing. And one of the most charming of all customs is the Easter egg hunt for children-renewing the custom far older than Christiansiy. In pre-Christians time, the egg was the symbol of children that the children are the egg became a symbol of the rock tomb out of which Christian energed in this resurrection. This, Easter is a symbol of Carbon and Carbon

ting session to overthrow the elected administration of Bandera County. Had any one ared enough to ask all those "damn para-gods" to get together an charges of mutiny and power hungur, they would have learned that nothing could have been farther from the truth.

What distortions have come out of the lack of asking for the truth I can only guess. Since they have resulted in the almost immediate suspension of two of the mos

work with or train under, they must have

As one of the two people who were at that gathering who is still active in Bandera County EMS, I would like to answer some of the questions that everyone seems to have but no one has been brave enough to ask.

There were questions in the minds of some niy's upper skilis EM I's as to whather there was some remote chance t more smoothly run operation, and more effi-cient patient care. Like questioning minds everywhere, these people sought to discover if anyone else saw the same problems, or envisioned similar improvements, so they asked their peers in EMS, others with the same training level, and, likely, the same frame of reference, to gather and discuss

It was agreed that if there was a consensus about the problems, challenges and opportu-nities for improvement, this small group who agreed would put the questions to the entire-ty of the EMS and check for agreement there. If there was agreement, then ques-tions raised and potential answers would be pursued. If not, we all agreed that we would ontinue to function under the current guidelines, or bow out gracefully, as our current protocol directs.

There was no conspiracy, no mutiny and no power play, merely a gathering of minds to

Of the 6 EMT-paramedics gathered in Ban-

dera's firehouse that night, there was not one who voiced anything but unanimous which are challenges in our by a non-partisan, impartial EMS director.

There was also unanimous agreement that we did not care who this director was – there was no discussion of qualifiers or specificauons or training level other than that this perceived EMS director would have field ience, would be conversant in the lan-of EMS, and would be familiar with

the problems endemic to EMS systems.

No one ever said it should be an EMTparamedic, and no names were ever menioned. There were, however three people who said they did not want the job — Mar Burke, Lloyd Hickman and Jonathan Story

The only negative thing that these three men said was that the reputation of Band County EMS has degenerated to the point that it affects their shility to market their skills as EMT instructor/examiners outside of Bandera County.

Yes, every person in that room agreed that they have encountered negative receptions at area emergency rooms, that they have heard the snickers, and the characterization of Bandera County EMS as "housewife medicine."

The general consensus that came out of that March 18 brainstorming session was that we have a need for an EMS coordinator who would not be a dictator, as Judge Mauer has been led to believe; but would be a liaison between the EMS population and the administration as it currently stands. This coordinator would be an added link to make the chain of command strong, and be the sal-vation of many hours of the judge and rounty commissioners' time, because they would hear the concerns, desires, requests, and yes, the problems of EMS from one voice, rather than a multitude - all clamoring to be the most important voice heard.

This coordinator would not be elected and,

therefore would not be faced with concern

church members and long-time faithful church members will all be a part of the celebration when Bandera United Methodist Church celebrates its 125th anniversary Satur-day, April 25, with special

guests including Bishop and Mrs. Ernest T. Dixon Jr. of San Antonio. Bishop Dixon presides over the entire Southwest Texas Conference of the Unit-ed Methodist Church.

There are also special plans for the Sunday morning wor-

Bandera County is looking forward to a banner tourist season. Medina Lake is full, horse racing season is off to a strong start, the apple trees have set a bumper crop, local dude ranches are doing brisk business and the Medina River is the prettiest it has been in years. Read about it in the Bandera Bulletin's Spring/Summer Visitors' Guide. It will be published and inserted in next week's Bandera Bulletin, Pick up your copy April 29, and get an extra copy for an out-of-town friend. Also included in the Visitor's Guide are listings of local dining and lodging establishments and a calendar of summer events.

ship service on April 26.
Saturday's festivities will begin with registration at the church starting at 10 a.m. Friends and former church members are expected to come from all parts of the state to join in the festivities.

A lunch-time barbecue will be

held at Mansfield Park, with serving from 10:30 a.m. to 1 p.m. Plates will be \$5 each, n.m. riates will be 50 each, and will include barbecued sausage with all the trim-mings, beans, cole slaw, dessert and a beverage. Tickets must be purchased in advance, according to a spokesman for the church.

A special worship service and celebration begins at the church at 2 p.m. Bishop Dixon will be the guest preacher, and Kerrville District Superintendent Shirley Hill will also be present, and planning the pro-gram are the Rev. A quartet of candidates came forth to offer themselves as write-in candidates in each
of the May 2 races that failed to draw candidates in time to have their name written on
the ballot. Body shop operator Johnny Rodríguez, VFW commander Bill Bryce, businessman Irvin Stevens and former council member Rilla Stephens registered as writein candidates for two seats on the city council. Write-in candidates seeking place 5 on
the school's board of trustees are Patricia Cleaver of Bandera; Joe Kincade and former
trustee Ken Vakey, both of Pipe Creek; and Scott Parker of Lakehills. The extended voting period began April 13, and will continue through April 28, with voters casting their
school trustee ballots at the superintendent's office at Bandera High School between
the hours of 8:30 a.m. and 4:30 p.m., and city voters casting their ballots at the city
office during regular business hours. May 2 voting in the school board election will be
conducted at Bandera Junior High School, at Pipe Creek Community Center, and at
Lakehills Civic Center. Voting in the city election will be held at the city office.

### Live from Springnills

Obser editor:
On April 2 I attended a Springhills Water
District "puppet show" and "donkey barbe-cue." Phil (Becker) did the eating, (Jim)
Hannah and the (other) petitioners fur-slabed the.

Phil: 1. Reading of minutes of previous ahow, 2. Report by a board member, 3. Swearing in new board member (Moore), 4. "Donkey Barbecue," 5. Close, 6. Forum. All of you folks owe it to yourselves to attend the next show. But there are a few things you need to keep in mind, if you do

· Pick a chair without strings attached to

it. Those are pre-assigned.

Stay away from your own ideas and notitions. If you so against the grain, you may get a plate of donkey harbecue.

These shows are live, not pre-recorded,

just pre-planned.

By the way, the new board member (Moore) lives in Medina County. Just a thought: If you guys have to replace another board member, consider a guy named Ned. He lives in Duval County and receives

At the Springhills Water Management meeting this past week, James Kowis of the Texas Water Commission did an excellent job of explaining the Texas water laws regarding surface water. It became appar-ent once again that the only way for the cit-izens of Bandera County to be assured of a supply of surface water is to acquire it by continued negotiations with BMA. Fortu-nately, BMA is willing, at this time, to pursue an agreement with SWMD assuring us water in the future.

I would strongly urge the board to continue negotiations with BMA and any other sources of water that may become available in the future. We appreciate the efforts of the SWMD and support them in their efforts on behalf of Bandera County.

## Supports Lakehills EMTs

I would like to say a few words in support of the Lakehills emergency medical techni-cians. There have been several occasions during the past three years when it has been necessary for my family (and in one instance, my hunters) to call for their assistance. Each time their response has been prompt and effective.

I have heard comments later from others

Dear editor:

"Alamo City Heat" recently performed in Bandera. I thank The Bulletin for the photograph of the event, although I doubt the readers were able to get the full impact of

part of the Bandera County Extension Service and its Parenting and Drug Education efforts. Securing Alamo City Heat took almost two year's effort by several individuals. In the meantime, other programs with messages to prevent drug and alcohol abuse and to promote self-esteem have been spon-sored by this group. One outstanding speaker, Dan Clark, was highly received by the high school and junior high school stu-dents and faculty. Over \$600 in donations were raised for that event by the Students Against Drugs group, chaired by Tiffany

Moseley.

### LCRA announces \$220,000 refund to Bandera Electric customers

The Lower Colorado River Authority filed a request with the Texas Public Utility Commission Thursday, April 23, to refund \$220,437 to customers of Bandera Electric Co-op for the overcollection of fuel costs. The overcollection occurred primarily because heavy rains between December and March allowed the LCRA to generate large amounts of cheaper hydropower, the agency said. Tower than expected natural gas prices also contributed to the lower fuel costs, the LCRA said.

### 9-1-1 worked for her

Dear editor:

Relieve me 9.1.1 works On Treader April 21, I left my home for no more than

front door to find my jewelry box and tape player sitting on the floor by the door. I stayed outside on the porch, then started calling my husband's name. About 5 seconds later a (man) walked out of my bedroom. I immediately started to scream,

### Wants to tar and feather

Dear e<sup>3</sup> tor:
It is obvious we need to get rid of the person that is writing the articles for The Ban dera Bulletin. I am sick and tired of his method of twisting the facts and his favorite comments, such as "secret meet

into executive session, and so-called "drug money when our sheriff uses funds seized in illegal activities, and his obvious one-sided reporting of the activities of our water

water district, it was very obvious our newspaper reporter has attempted to mis-lead us, as usual. Also, the paper stated members of the so-called Taxpayers Association were not given the opportunity to speak.I listened to several comments from them, including the usual crap Jim Hannah puts out. If somebody wants to start a peti-tion to tar and feather this so-called reporter and run him out of Bandera County. I will be the first to sign it.

David Elkins

(Editor's note: The reporter wrote that Jim Hannah was not allowed to speak during the meeting, but did speak after the meeting was djourned. The newspaper calls execu tive sessions "secret meetings" because what goes on is secret. And it calls money seized from drug dealers "drug money' because that's what it is, For another view of the water district meeting, see below:)

Why was the Springhills Water Manage-ment District board of directors so upset during its last regular meeting over an innocuous petition? It was merely a request that the SWMD board channel some of their efforts toward obtaining water rights for Bandera County.

That was not an unreasonable request, and I can't imagine how it came to be construed as a threat or a personal attack against board chairman Phil Becker. That evidently was the case, however,

because why else would he feel compelled to buy expensive advertising space in Bulletin to justify his position? Or why would he feel compelled to have armed deputies present while he cursed out the petitioners at what was supposed to be a

For that matter, why did chairman Becker find it so necessary to defend his personal motivations at all? Until that very meeting, I was not even aware that he was the owner of a pipeline construction company, nor did I particularly care.

This would all seem to be pretty trivial stuff and even funny if it concerned some-thing other than future water for our children. The unfortunate truth is that while board chairman Becker is charging around like John Wayne, ridding the county of unpopular petitioners, millions of gallons of Medina River water flow into the Gulf of

Mexico each day.

If water is so scarce in Bandera County, why isn't the SWMD doing something about it? While it's true that the state owns all the water, and that all available water rights on the Medina River are taken, what about record flow years such as the one we

allocated, and another z number of gallons allocated, and another z number of gailons must be allowed to continue the normal flow, in record years such as this, Bandera should be able to make application for that extra amount and pump it down into our Trinity Group aguifers as storage for future

If the past is any indication to the future, we will shortly be in the midst of another drought here in Bandera County. I submit that we'll wish we had some of this bonus

I'm reminded of a quote which appeared some time back in this very publication. It was made by Ray Buck of the SWMD. He

Dear editor: Last Thursday (April 16) I was one of the chosen to serve as a petit juror for the sec-ond time in April at the Bandera County courthouse. Serving as juror is a responsibility and sometimes a burden, but I never laim an exeption. I try to do my duty and give the accused their day in court.

What compels me to write is the way jus-

tice was meted out on this particular day.

From what I could gather, the accused were allowed to plea bargain their cases down to

"public intoxication" and pay a fine. Both cases were Driving While Intoxicated cases and both were settled without trial. Why?

friends, died in Bandera, Texas, on 13 April 1992. Willie spent his early years in Bandera and Kerrville, graduating from Tivy High School. He attended Schreiner College's School of Nursing, earning an LVN degree allowing him to better care for the elderly patients at Hillton Nursing Home, where he had worked for several years. He devoted most of his nursing service to the care of the elderly, handicapped and homebound at Hilltop and the VA hospital in Kerrville, and with a nursing service in San Antonio. His business interests involved real estate and raising registered longhorn cattle.

in the aftermath of the terrible earthquake that struck Mexico City in 1985. He organized and spearheaded the collection of urgently needed nedical relief supplies, and with pilot Joel Smith, personally made the 10-hour round trip airlift mission to deliver the supplies to officials of the Interior Ministry in Mexico City.

Willie later moved to Alaska to assist in managing a restaurant and lodge. He was in Alaska at the time of the Exxon Valdez oil spill, and immediately went to work for Exxon to assist in the cleanup effort. While participating in the cleanup effort, he became seriously ill due to the

recuperate from severe respiratory problems.

Willie was employed at Bandera Downs as a teller and was proprietor of the newly re-opened Frontier Village Hotel at the time of his passing.

He was preceded in death by his father paternal grandfather, Col. Charles F. Densford of Pipe Creek, and his maternal grandparents, Robert and Barbara Faurie of Medina Lake. Survivors include his mother. Rosemary Lewis Katy, his grandmother, Cora G. Densford of Pipe Creek: numerous aunts, uncles, cousins and nature, his lively sense of humor, and his sincere empathy for people in need will be greatly

The Densford family would like to thank all who have expressed their sympathy and support, and those who have assisted the family during our time of grief.

Willie was buried next to his father in the cemetery at St. Stanislaus Catholic Church in Bandera. May he rest in the peace of God's love.

## **Hill Country State** Natural Area

If you want trails through natural Hill Country, be they walking trails, horseback riding trails or all-terrain bicycle trails, your destination should be the Hill Country State Natural Area.

After a year or more of revision. the state facility has developed a final draft of its 32-mile trail system. "We've deleted some of the duplication in the trails," says park superintendent Shaun Heavey.

While park visitors will find only minor changes in the trails, what clists. they will be seeing are small directional signs that mark the trails.

Also coming soon is a map with trails, a legend, and a listing of park rules.

Most of the trails are multi-use, bicycles are excluded from three number is 796-4413.

From 10 to 12 live races are offered Friday, Saturday, Sunday and holidays through Aug. 9 and then from Aug. 28 to Nov. 29 of this year for a total of 116 race days in 1992. (The season began Feb. 28.)

Races are conducted on Memorial Day, May 25, and Labor Day, Sept. 7. July 4th is on a weekend this year.

Post time is 3 p.m. Fridays and 1 p.m. Saturday and Sunday. The gates open

Bettors don't have to go out of state to wager on the Kentucky Derby, the Belmont Stakes, the Preakness and the Breeders' Cup races. They can watch and wager right at Bandera Downs when those races are televised as simulcast races. The same wagers are available on the simulcast as are the live races.

From two to five simulcast races are offered each day, generally after the live races are over. Some televised races of "national and historic" importance are offered between the live races.

Numerous television monitors located all across the track and under the grandstands allow race fans to watch the races, whether live or simulcast The track offers the usual win, place, show, daily double, quinella, exacta and trifecta wagers and the superfecta (pick the top four finishing horses in exact

The track has two jackpot wagers - wagers where if no one wins the wager exactly, part of the money bet is "carried over" to the next racing day -- the twin trifecta and the Tex Six.

Bettors try to pick the top three finishing horses in the two consecutive races to win the twin trifecta and six winners in six races in a row to win the Tex Six. Well over 100 pari-mutuel windows are available for betting. Windows for beginning, Spanish-speaking and over \$50 minimum customers are available.

General admission - seating wherever you can get it - is \$3. Numerous theater-style seats and benches are located all over the track.

Military and senior citizens can get in for \$1 admission with a valid id. Open-air reserved grandstand seating is \$5. Senior citizens get free reserved grandstand seating each Friday. Seating in the Turf Club Terrace is \$7 and each patron has a "sports desk" in

front of them. Food and drink service available at the desk. The Lower and Upper Jockey Clubs are enclosed and climate controlled.

Complete bar and restaurant services are available in both rooms. Seating in the smoking section Lower Jockey Club is \$10 and the non-smoking Upper Jockey Club is \$12.

No children under six are allowed in the Turf Club Terrace or either Jockey Clubs. The older children in those areas must be accompanied by a parent, as in general throughout the track

General parking is free, \$3 for preferred parking close to the entrance and \$6 valet parking at the admission gate.

Discount group packages for persons of 20 or more are available. The track has a new video game room and that offers something for children as well as adults to do between races

Bandera County is new haven for

duce an "outstanding" spring bloom and fruit set, according to Love Creek Orchard manager Chip Landry, All indications are that the 1992 apple season in Bandera sauces, apple sop (a meat sauce) and apple County may produce as much as 12,000 bushels when the harvest is completed in

the fall. However, apples are not the only produce highly sought after in the new Bandera County agri-market, Related fruit products

and an ever increasing demand for grafted apple trees has produced spin-off businesses and even more opportunities for interprising merchants.

Love Creek Orchards' Cider Mill Store in Medina is a retail outlet for their apple trees and also 34 different apple goodies which are produced in Medina

"with absolutely no waste," according to Carol Adams who manages the store.

Apple fanciers can choose among apple chutney. Or pick an apple jelly or a jug of cider or an apple coffee cake. Or sample sun-dried apples or the newest recipe, spicy apple butter.

"And we use it all." says Adams. "Even the peelings are used to feed our quail and pheasants," she says. Those exotic birds are another taste treat that will be available soon at the store, smoked and ready to eat.

Located in western Bandera County on the Sabinal River, five miles north of Vanderpool, on Ranch Road 187, the park was named for relict and unchanging stands of the bigtooth maple trees.

The maple trees are a modern-day reminder of Ice Age glaciers that deposited the seeds 12,000 years ago.

The park is a combination of steep, rugged limestone canyons, springs, plateau grasslands, wooden slopes and clear streams.

Because of its unique features and biological significance, the area was designated a National Natural Landmark by the Heritage Conservation and Reclamation Service in 1980. but the lands were purchased by the Texas Parks and Wildlife Service in 1973 and 1974 to preserve and perpetuate this outstanding and scenic natural

The bigtooth maples, or canyon maples, are the outstanding feature of Lost Maples State Natural Area.

The species grows today in the Rocky Mountains from Idaho to West Texas and northern Mexico.

Small populations at Sabinal Canyon, Fort Hood in Central Texas and the Wichita Mountains in Oklahoma are believed to be the surviving relics of the Pleistocene Ice Age, when these trees migrated from ancestral sugar maple stock eastward across Texas.

As the climate became more not and dry in recent times, the Texas maples were restricted to sheltered canyon pockets like the park. This same explanation can account for other rare and isolated plants and animals in the canyon, and other rugged, dessicated portions of the Hill Country.

Bigtooth maples (Acer grandidenta-

First of all, yes, I made a mistake. Jim Hannah was indeed allowed to speak April
2 at the recreation center in Mansfield
Park, but it was after the meeting was
ruled over by chairman Phil Becker.

So let's talk about the mistakes made by the president of the board of directors of the county-wide water district.

After he quickly dispensed with most of the business on the agenda, he then stopped before the last item on the agenda, a talk by James Kowis of the Texas Water Commission, and proceeded to verbally abuse Hannah with a tirade that can best be described as a defense of his own person-al business dealings. Where was that on the

agenda?

He accused Hannah of slander, but he prented no evidence beyond hearsay – that uldn't stand up in court. If anyone slandered, it was Becker whose statements

Water future at stake

Dear editor:

Having been in the water industry now for many years, I am still mystified how the general public views important water issues. It never ceases to amaze me how no one really cares until the well runs dry or they feel that someone's getting into the

rounding Springhills Water District. I won-der where the general public gets its infor-

mation?

Here is a fact that might be of interest to Bandera County: The state has just awarded the sum of \$75,000 to the Bexar Metropolitan Water District. This money will be used to study the feasibility of transferring water from Medina Lake to the Choke Canyon Reservoir near Corpus

Christi.
It is too late now to change the water rights which were issued years ago. But it is not too late to assure future water rights

Cub Scouts Chris Schneider, left, 11, of Bandera, Kenneth Lewis, 11, of Medina, and Woston Kincade, 11, of Pipe Creek, participated in the Arrow of Light ceremony Thuraday, April 23, as they were promoted from Webelos in Pack 146 to Boy Scouts in Troop 146. The boys participated in the Arrow of Light program, which is like the Eagle Scout program in Boy Scouts, but for this program is for Cub Scouts. They will be able to keep the Arrow of Light award on their uniform as a Boy Scout.

A Production Services of San Antonio film crew works with Canadian country/western singer Dyanne Halliday Monday, May 11 in a scene from a music video of her latest release "Small Texas Town." "We wanted a small Texas town that was alive," said Halliday's husband and manager David. "We looked at several other towns in the area but when we saw Bandera we knew it was the place." The video is due for release in June and will be alined at CTV and MTV, says Halliday. A compact disk and cassette will be released at that time also.

After more years of hemming and hawing about hiring a person or firm to round up stray dogs in the county, commissioners Monday pledged to do it.

Though an "animal control officer" will have to wait until after the start of the county's next fiscal year, which begins in October.

Other dog problems were cited at Monday's commissioners meeting — Bandera sioners meeting — Bandera

the Children's Miracele Network Telethon on San Antonio

Rebecca Gustin says Brent's condition is a metabolic disorder—he's missing an enzyme in his atomach as well as missing other enzyme in his body.

"When he was diagnozed with the problem, they thought only 76 children in the world suffered with the problem. Since then, they discovered that about 220 children have the problem worldwide," says Gustin. The condition has also boen faund within the Arnish community, probably because of inter-marriage, alse ages.

Gustin says Brent's problem is a genetic birth defect derived from her and her husband's gene pool. "Our children have a one in four chance of it

happening."
The Gustins have a 4-year-daughter, Nalicha. "She's fine.

Brent acted normally until he was five months old, says Gustin. She noticed his body

The Gustins took Brent to a neurologist and went through several testing sessions at Methodist Hospital in San

His doctors are vague about how long hell live. Gustin guesses another one to two years.

While it is difficult to over have too many EMTs, this county is home to many commu-nity-minded individuals who have taken it upon themselves to provide the best emer-gency medical assistance possible. The resignations of a few of our EMTs, while

Lunch will be served along the trail for the riders, expected to number about 200,

according to Moczygemba.

"Some of the riders like to come early and camp overnight," Moczygemba added. That will be perfectly alright and they can pre-register on Priday night and then attend.

For adulta, a donation of \$20 to Santa Ross Children's Hospital will be good for breakfast, the ride, lunch and admission to the Saturday evening dance that will begin at 5 pm. and last until 10 p.m.

Participants are urged to secure piclogues for the hospital. For every \$25 accumulated, individuals will receive one chances to win prizes in a raffet to be held at the dance.

The top fund raiser will be awarded the traditional silver embossed Children's Hospital Trail Ride belt buckle.

For additional information, Moczygemba can be reached at 366-4141 in San Antonio.

This trail ride was originally scheduled for the Blue Bonnet Palace on April 8, buy heavy rains on that day forced post-pomement and a move to a different site.

covered side dishes to compliment the meat.
Hildenburg said it takes a lot of money to equip a volunteer fire department and part of that money comes from the regular bings effects.

— The Mother's Day service and covered dish dinner-felloweship that followed at Waller Memorial Chaple was attended by over 40 persons.

Memorial Chapel was attended by over 40 persons. Ham with many fancy side dishes were served at the din-ner and Nell and Tom King were recognized for their strong support of the chapel since it was established. The Kings are moving to San Antonio to be within a short driving distance to Wilford

The Order of the Eastern Star will host a runmage sale at the Pipe Creek Community Center Saturday, May 16, from Jam. to 5 pm. to 5 pm. The group will also offer barbecue sandwiches, cold drinks, coffee, plants, cakes and cookies for sale.

The U.S.R.

"We traveled 23,000 miles in 19 daya... our observation is that in the government stores, where the government supplies the food, most of the shelves are bare," Crows reported of his trip. 'In many of the markets there are open places where the merchants can gather and provide food.

"Some food is there, but it is so high that the people cannot afford to buy it... by the time they pay their rent, there is not money left to buy food," he said. "They simply cannot afford it."

Crows synleined these the contractions of the contraction of the said. They simply cannot afford it."

afford it."

Crews explained that the first food sent will be given to the churches for distribution "as a tool of evangeliam." He said that the "kiming is critical," because the KGB is still very much present in the new "Commonwealth of Independent States," and that it could very easily revert back to communism very quickly.

## **Bandera Downs hosts second** million dollar racing weekend

Memorial Day racing to bring third big weekend

By James Henry Franar Bulletin Stoff Writer Banders Downs heated its second million dollar weekend May 15-17 and could easily heat its third this coming four-day Memorial Day weekend.
The best weekend handle of the year, a total of \$1,097,104, was bet last weekend, of which \$490,528 was bet in one race—the Preakness Stakes Saturday.

"Pine Bluff, Pine Bluff, Pine Bluff," as they watched the Preakness Stakes winner Pine Bluff eith Alydeed in a powerful stretch drive in the simuleast from Pimilio.

The amount they bet was just \$113 short of the highest single-race handle of 1992, when 4,042 race fans bet \$89,641 in the Kentucky Derby May 2.

The highest single-race handle ever was \$145,000 bet

The highest single-race handle ever was \$145,000 bet Sept. 7, 1990, when bettors were chasing the \$200,000

twin trifecta jackpot.
Those 4,366 race fans Sat-urday betting \$550,541 set the highest attendance and daily handle of the year.
"It's our biggest day this year, in both attendance and handle," said director of mar-keting Doug Vair.
The previous highest daily handle of the 1992 meet was May 2, the day Bandera simul-cast the Kentucky Derby

## Phone service report

Dear editor

Dear editor:

As promised, I have followed up on the
Extended Metro Telephone Service into San
Antonio. I would like to explain this and
tell people what to do to get this.

Extended Metro is exactly what it says: it will extend our local telephone service into San Antonio. It will not affect our current local service. From Pipe Creek, I can now call Medina Lake and Bandera. That will not change if we get the EMTS. It will simply allow me to call San Antonio for free

To have that, my telephone number will change and my base monthly telephone rate will go up to \$30.10. And none of this will cost the county any money. In addition to that, this service will be optional.

That sounds pretty good to me.

How do we push this through and get those outrageous charges off our bills? First, call your commissioner and tell him you want this. Second, call Mr. Johnson in Austin (another toll call) at (512) 870-1376 and tell him you want this

Mr. Johnson can and will go to a court meeting to answer questions and help us with this process. It would be a good idea to request this in both of your telephone calls

I cannot imagine anyone not wanting this service, but even if you do not, please help those of us who need it and simply opt "no when we get it.

A Thought For The Week

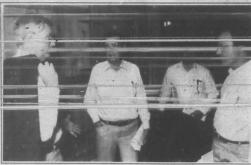

On this Memorial Day let us remember that this day signifies, perhaps more deeply than any other patriotic observance, the soul of America. The patriots to be emembered on this day represent every generation Americans. They fell in battles widely separated b distance and time. Some came from families lonestablished in America; many others were new to the land. These patriots differed in color, in religious beliefs, in political faith and in other ways which historically have divided the human family... And so, on this Memorial Day, let us solemnly pay tribut

to these fallen heroes...Let us spare a prayer of thanksgiving that there have always been men and women willing to offer the ultimate sacrifice so that ou national ideals could endure

A United States Marine Corps color guard marches proudly past the Bandera County Courthouse as the annual Memorial Day weekend parade gets underway Saturday, May 23. Heavy rains Thursday and Friday washed out scheduled rodeos and wagon races along with a collection of picnics, ball games and other events. However, the sun chose to shine on the parade and other goings on set on Saturday and Sunday.

## **Bulldogs lose to Halletsville** in second round of playoffs

Reported by Dan Sandidge New Braunfels (Special) — Bandera's baseball Bulldogs were blanked, 6-0, by Hal-letaville's Brahmas here Tues-day evening to bring an abrupt end to their season after a dis-trict title and one playoff victo-

trict title and one playoff victory.

Halletaville erupted for three runs off starting pitcher Paul Mangold in the third inning, including one that came in on a Mangold balk.

Then sophomore right fielder: Shame Michalke tagged Mangold for a three-run homerun in the fourth frame to provide the Brahmas with plenty of insurrance runs. It was Michalke's only homerun of the season.

## Basic Bandera

How wonderfully encouraging it was to see in the Bandera Bulletin of May 13 such extensive coverage and so many bright photographs of high achievers among the young people of the Banders schools. All those shining faces are testimony to the patient work of teachers, the caring encourcrucial to the survival of our themselves to sleep, who have teachers, the caring encouragement of parents, but most of all to the determination of the student themselves. It's a full afternoon of enteraniment calculated to give the 
writers possible story lines for 
their work in the coming year, 
says Banders County Convention and Visitors Bureau president Clay Condoly.

Conoly is also manager of 
the Dixic Dude Ranch.

The travel writers represent 
the largest and most widelyread media in the country and 
their attention is vigorously 
courted by tourist-related 
areas. Members include editors, writers, photographers, 
broadcasters and public relations professionals.

Their appearance here is the 
result of a c-operative venture

Downs at about 3:30 p.m., too late for the first couple of races but in plenty of time for the Society of American Travel Writers race, a race named in honor of the writers.

The "showdeo" is an abbrevi-

ated rodeo put on mostly for show. There will be a grand

couple of bronc riders, barrel racing, a cowdog steer-loading exhibition, and a chuckwagon

During the showdeo, society members will be treated to tethered hot-air balloon rides and a trick roping exhibition with Kevin Fitzpatrick.

#### Hunting season here to open on Nov. 14 this year

On NOV. 14 this year

The white-tailed deer hunting season in Bandera County will open Nov. 14, nearly two weeks later than opening day in 1991, and extend for 58 days through Jan. 10.

The Texas Parks and Wildlife Commission last week set the season as Nov. 14-Jan. 10 after a public hearing Thursday, May 21. The 58-day period of legal shooting is fully eight days shorter than last year's 68-day season that extended from Nov. 3 through Jan. 5.

Rio Grande turkey season will coincide with deer season, and the spring turkey season will be April 3-May 2.

Commissioners also approved adding one day to the end of the 1992 archey deer and turkey season, giving bowhunters five complete weekends in the woods. Their season is Oct. 1-Nov. 1.

five complete weekends in the woods. Their season is Oct. 1-Nov. 1.

Other commission action on hunting clarified the rule allowing hunters to possess both archery equipment and firearms in camp or a vehicle during archery only seasons, and amended the late South Texas untleriess season to begin on a weekend, Jan. 16-31.

The white-tailed deer season in North Texas will be Nov. 7-Jan. 3. 34,000 lottery tickets sold in five days?

There were at least that many state lottery tickets sold in eight locations in Bandera County from Friday through Tuesday morning.

And there could have been more if three locations had not have run out.

It was definitely lottery ver this weekend in Bandera

with a bang in Bandera Coun-ty Friday.
When Mini-Mart manager
Ann Wilson arrived at her store at 5:30 a.m. Friday morning, two people were waiting for lottery ticketa.
When the magic 6 am. lot-tery kick-off moment arrived, there were 15 people in line.
Before 8 am., she had sold 404 tickets.

404 tickets.
But 7,000 tickets were not enough for her store.
Wilson said the store sold out Monday evening and were expecting a new shipment mid-week.
"We had no problems (with lottery sales. Just busy, busy, bury," said Wilson.

(See LOTTERY, Page 4.)

Judy Shudde tries her luck at lottery early Friday morning, May 29 while Banders storekeeper Herb Syring looks on as the Texas Millions scratch-off game of chance got underway. "At this rate t worn't be able to afford much of this," Shudde said after ahe found no winners in 35 worth of tickets. "I didn't do any better," said Syring. He bought the first ticket sold in his Banders lee House-and lost.

### TexSCAN...A Lone Star Steal

For as little as \$250, you can place a classified ad in two papers across the state of Texas with a combined reulation of 1.7 million. This is truly a Texas-size bargain.
TexSCAN, the Texas state-wide classified ad-

recognition in the state-wise classified an-vertising network, is now in its second year of providing results for every type of client. We have helped sell products, sell land, find employment, announce auctions, sell vacion property, announce siness opportunities and even find homes for exchange

We can work for you, too. You should try us. After all, we reach more than 3 million people in the Lone Star State for only \$10 per word. Now, that's a steal.

This pedestrian got soaked in spite of her jumbo umbrella as torrential rains once again soaked Bandera County early Tuesday, June 9

#### More rain, more flooding hit, then the clouds rolled away

By James Henry Frazar Bulletin Steff Writer

It's the same old story. Clouds roll in followed by rain, the river rises, and roads are closeed.

Then bright sunshine the same day. Bandera County citizens were eplaqued sgain by too much of a good thing when as much as 3 12/8 inches of rain fell Tuesday.

That rainfall brought the total rainfall in Bandera to over 30 inches sincedan. 1, just two to three inches below the average annual rainfall for an entire 13-month year.

This time, most state highways stayed open and county roads with the usual low water crossings were closed.

The rain started about 5:30 a.m. north and west of Medina Tuesday, stated its drizale to strong shower at 7 a.m. in Bandera and then moved east. Water was reported over the highway in many places along State Highway in many places along State Highway was closed at 8:55 a.m.

State Highway 187 was closed at 9:30

a.m.
About 9:30 a.m., four inches of runoff water was flowing across Bear
Creek Road.
By 9:45 a.m., 1-34 inches of rains had
fallen along the North Prong Road.
At 11 a.m. the waters of the Medina
River were hitting the bottom of the
Mayan Bridge Road. The water was
going over the bridge sometime
between 1 and 3 p.m.
At 11:30 a.m., the Medina River was
just inches below the bridge on State
Highway 470 near the Bandera Electric
Cooperative.
The rain essentially stopped in Bandera at 1 p.m.

The rain essentially stopped in Bandera at 1 pm.
One particularly large rainfall amount was over 5 inches in the Bandera River Ranch subdivision Tuesday.
The Medina River reached 10-34 feet shortly after the rain stopped, but continued to rise slightly, cresting between 1 and 3 pm. The river's level was 10.9 feet at 3:30 pm. Five to 5.5 feet

## SA phone service may soon come to part of county

Residents of Pipe Creek, Lakehills, Mico and Bandera could be making "local" calls to could be making "local" calls to San Antonio a year from now if a plan prompted by citizen input and county commission-er action goes forward as expected. Bandera County Commis-sioners took the first step Monday to getting "extended" telephone service into Bandera County.

telephone service in the plan is approved, persons in the 535, 751, and 796 exchanges could apply through Southwestern Bell Telephone Company to change their phone service from the regular Bandera Cannty service to one that County service to one that allows them to call San Anto-nio without long distance toll

nio without long distance toll charges.

They would also continue to be able to make the same Bandera County calls toll-free as they call now.

The "win-win" scenario would only apply to those that want it, sak for it, and pay for it. No one has to convert their phone that doesn't want to. But it will cost more for those that want it.

Pipe Creek and Lakehilla residents opting for the service whose basic service rate is \$8.15 a month now, would see an increase to \$30.10 a month, a whopping \$22 a month extra charge in addition to the 911 fee, taxes, optional services, and additional line charges those customers already pay.

But with long distance ser-

and additional line charges those customers already pay. But with long distance ser-vice rate ranging from 15 cents a minute to 33 cents a minute, it wouldn't take too many calls to rack up the \$22 each month.
(Example: If a person made more than nine 5-minute calls to San Antonio each month, they could save money.)

Businesses can also take

Businesses can also take advantage of the San Antonio-added service, but their charge will be higher.

Also, San Antonio persons will be able to call the Bandera County-residents with the service as if they were a local number. Likewise, Bandera County calls that are local now will remain local.

Persons optime for the service will remain local.

Persons opting for the ser-

Persons opting for the service, however, must get a new phone number — it will be one with a new prefix for the extended service exchange. Possibly the best part of the plan is that if a person doesn't want the service, they don't want the service, they don't want the service, they don't want the service and the phone bills will not be increased. According to SW Bell representative Randall Johnson, the Pipe Creek exchange qualifies for the service. The 1,203 customers in the 535 exchange make an average 20.7 calls to San Antonio a month. (The first of two requirements for the service is a minimum ser-age of 10 calls per customers age of 10 calls per customer per month to the extended

#### Cut U.S. Foreign Aid?

Should U.S. foreign aid be cut?

appropriations are either being borrowed from fu ture generations or denied to needy Americans ture generations or denied to needy Americans— undermining the moral argument for aid. Further, it is now clear that Western experts know little about economic development and that few Third World countries are structured to use aid resources effectively. The same is probably true for most former communist lands. Future U.S. aid should be restricted to short-term, humanitarian assistance and financed only through tax increases.

What impact would cutting foreign aid have

on the United States?

Decidedly positive. The debt crisis revealed how many of America's Third World markets were created mainly by outside resources and are, therefore, unsustainable. America's key Third World economic partners generally owe their prosperity to their own reforms and will continue to attract to their own reforms and will continue to attract private investment. Although U.S. aid always has been modest, the concrete benefits to America have been even smaller. At a time when every budget dollar counts, the moneysis better spent on domestic needs. Further, because most Third World countries are so poor, small and weak, their World countries are so poor, small and weak, their continued instability would have little effect on U.S. security. True, a nuclear civil war in the former Soviet republics could endanger America, but aid cannot work quickly enough to eliminate this threat. Only a missile defense system can

What effect would cutting foreign aid have internationally?

International turmoil would increase, but no

politically realistic amount of outside assistance can eliminate the root causes of Third World instability — exploitative social systems and pre-modern cultural outlooks. Moreover, instability is and prosperity in a disorderly world, rather than invest billions more in a futile quest for Utopia.

Should U.S. foreign aid be cut?

Should U.S. foreign aid be cut?

U.S. foreign aid needs to be overhauled, not scrapped. Eliminating Cold War relics from the foreign aid budget — like "ren!" payments for foreign military bases — makes sense. So does focusing our remaining aid on a few key, achiev-

LET THE BIBLE SPEAK! DO YOU KNOW: When the Bible says we must worship God in Spirit and in Truth (John 4:23-24) it is clear that there is false worship? (Rev. 22: 18-19): Mt. 15:9; Mt. 7:21-

DO YOU KNOW: That the Bible teaches what we are to do when the Church comes together? i.e.

1) BIBLE STUDY-- (I Cor. 14:14-40; II Tim. 2:15). The church is called together in one undivided assembly, that all may hear, learn and judge in the things that are being taught. Nowhers in the Bibls are 'Sunday Schools' men-tioned. Robert Raikes in 1783 started the first one. (Rev.

22 SINGING- (acapella, without musical instrumenta), ainging praises to God (Eph. 5:19). The first instrument of music was used in the year 666. Rev. 22:18)

music was used in the year 666. Rev. 22:18)
3) PRATER. (Rom. 12:12; Eph. 6:18)
4) BREAKING BREAD.— (Lord's Supper, Communion—
the use of one loaf and one cupl / Acts 20:7; I Cor. 10:16:17;
I Cor. 11: 23:38; Mark 14: 22-24). Nowhere in the Bible are
individual cups ddrinking vessels used in the Lord's
Supper. In 1884, J.G. Thomas invented the individual communion cups. (Rev. 22:18). Do you know there are congriggations all around the world which believe and practice the
use of One Lorf and One Cup in the Lord's Supper?

5) CONTRIBUTION— (I Cor. 16:2; II Cor. 9:7). Each
member gives as prospered.

b) CONTRIBUTION: (I Cor. 10:1; I Cor. 20:1; Academenber gives as prospered.

A Thought For The Week By John M. Grimes

o you consider yourself an "average person"? Is there such a thing as an average person? If there is, he most certainly is a phenomenon. No two persons in the world are exactly alike...not even identical twins...loentical twins and of first glance seem to be interchangeable but there is a difference. No one's mind is ever completely and always in tune with the mind of another. Every one of us has an individual

We are all children of God...but that does not mean we are a of a multitude. In God's eyes every man and woman is an individual. He has given us a world that is characterized by diversity. Only as individuals can we improve ourselves. Only as individuals can we make our world a better place to live in. No one else can do it for us.

to all the dads out there.

#### Fathers' Day... an every day tradition

Octogenarian George Whitehead of Medina halps his five-year-old great-grandson Scott with a pit of breakfast while grandson and father Randy MacNaughton looks on. The early morning ritual has been an almost daily tradition between MacNaughton and Whitehead. "This is a special time together for Pa and me," says Randy. "It's been an important time in our lives... and now Scott is continuing a tradition." Father's Day is Sunday, June 21, and fathers around Banders County will join in the celebration of their "special day."

tells track to 'clean up its act'
The water run-off from the Bandera Downs stable area must be corrected, says an official with the Texas Water Commission.
The TWC has been investigating water run off from the wash-down and stable areas of Bandera Downs and the track is "under an enforcement order," says Ed Clark, TWC public information officer.

"They will face fines unless they can reach an immediate agreement to rectify the problem," asys Clark. Apparently, water from the stable area is running across surrounding properly and eventually down into Bandera Creek. The water going into the creek has been found to carry feed colfform bacteria.

"They (the track) will have to provide for proper disposal of those materials," said Clark.
The problem has existed since the track first opened, though the track has taken some steps to correct the problem. A July 22 hearing deadline looms.
Clark said atte officials hope that an agreement between the track and the state can be reached before the July 22 deadline.
Bandera Downs general manager Billy Bowers had no comment about the commission's action. However, in other statements he indicated that construction in all areas at Bandera Downs had been aloved by rains.

Springhillis Water Management District general manager Ray Buck and that two of the water wells in the area were being monitored for pollution. ould college athletes be paid?

Colleges exist first and foremost to educate, not to support farm teams for the National Football League and the National Baskethall Association. The Knight Commission recommends that college: athletes receive enough in scholarship aid to cover their educational expenses, including spending money for the needy; to pay more than that, however, would be to surrender college sports to professionals. of the water (for a price) that BMA does not use for irrigation. According to the proposal worked out by the Springhills citizen advisory committee and Springhills directors earlier this year, Springhills asked BMA to reserve 845 acre-feet from the lake for Bandera County starting in the year 2010. Starting in the year 2020,

Springhills requested a yearly reservation of 1,745 acre-feet.

In 2030, 3,024 acre-feet and 5,000 acre-feet by 2040.

But that specific of an agreement is not necessary, said BMA board president John W. BMA board president John W. Ward III in a letter to Springhills board president Phil Becker June 8. According to Ward, after

advice from the board's legal counsel, "... the (BMA) board has concluded that it cannot consider the agreement as drafted because it exceeds the authorist to negotiate with Springhills that BMA and BMWD (Bexar Met) agreed to.

Apologies are now in order to both Joyce Kilmer and Ogden Nash. And perhaps even to the Texas Department of Highways and Transportation. Them boys are trying to do better. How come?

It could have been the telling photo in a recent Texas Monthly of the hideous and already eroding gash in the limestone hillside down by San Geronimo cut through a couple Highway to Nowhere.

It could have been the cries of

genuine aguish on the part of Hill Country residents over the proposed real estate overdevel-opment over the Glen Rose aquifer and the subsequent transforming of that anguish

into objective legal action.
At any rate, trying to break
the glaring view of the big cut
at San Geronimo, are brave little rows of trees looking like pot plants set in the expense of caliche. We can't help but remember the old live oaks burning away after being needlessly dozed down, but still say, "Thanks guys." Time was when the engi relented with any act of contr

Also, and thanks again, guys, we noted a brief blip on the ten o'clock news that several trees being taken out for the expan sion of the I-10-410 inte tion in San Antonio's Loopland were being saved and moved to sites along Highway 211.

When we have time, we want to go look for them As we have all known for years now, live oak trees suffer enough from the ravages of nature and the casual careessness of man without being subjected to systematic destruction for highways and

destruction for nignways and other public "improvements". Though known nationwide since the 1940s, oak wilt began to be noticed 20 years ago as a major threat to the aesthetic well-being of the Texas land-scape, especially in our imme-diate areas of Kerr and Bandera Counties.

A Thought For The Week By John M. Grimes

Je are often disappointed when we expect oti persons to follow our ideas of how they should live their lives. We are disappointed because we

ing 10 departments fighting

fire as one large unit

are forgetting that each person lives life according to hi her own inner light. Couldn't it be said that if we want to be happy and peace in our human relationships, we must try to give other persons the same freedom of expression that we desire for ourselves? Then we find that most persons are interesting and enjoyable as they are. We come tappreciate the distinctive traits of character that different

persons possess. And, most importantly, we are free fro conform to our ideals. Grimes Funeral Chapel

Fourteen Bandera High School girls were chosen for the 1992-93 high school fleg and dance team at tryouts recently. They include Stacy Corales, Erin Johnson, Shane Clark, Jennifer Moss, Kerri Countryman, Sara Flores, Heather Slade, Jennifer Stinson and Julie Traweek. Misty Maillis was chosen as fleg captain, Jean Flores as dance captain, and Misti Sloan, Joy Swett, and Leisl Schantz as senior lieutenants. Most of the girls are planning to attend summer camp where they will learn several routines for flags rifles and dance. They plan to hold fund raisers to help with the expense of camp.
