The raid, which was a joint
effort by officers from the Bandera Sheriffa Department, the
216th Judicial District Narcotic Task Force, the Texas
Department of Public Safety
Narcotic Service and the feder-

al Drug Enforcement Agency resulted in the seizure of over 200 growing marijuana planta, piles of growing and smoking paraphernalia, pounds of seed, a large cache of firearms and bags of dried and processed weed ready for use.

Officers rammed through the locked gate of the Helmie property just off F. M. 1283 south of Red Bluff Creek and stormed the trailer house residence and the several nearby outbuildings about 1-46 p.m. A number of surveillance officers were already in place around the property to cover lany attempted escape efforts. However, the raid went without a problem since the owner and his family were absent at the problem since the owner and his family were absent at the time of the entry. Helmle did return to his property while officers were on the scene and he was arrested at that time. Illegal plants were found

# Fireworks, parade, music set for July 4

By James Henry Frazar Balletis Staff Writer
Parade, barbecues, fire-works, music, dancing, games and horse racing fill the Independence Day activities in Bandear County Saturday.
The American Lagion-spon-sored Lakehills parade begins at 11 a.m. on Park Road 37 near St. Victor's Chapel and continues west to Turk's Store. Following the parade is a barbecule, music by the Whoosit's And games at the Lakehills Legion and a barbecue and music by the Hilltopers in Medina.
Then in the evening, the Bandera Volunteer Fire

At least two locations are open in Bandera County that sell fireworks. The celebration Saturday begins in Lakehills. At least 15 entries have signed up for the Legion parade so far and at least 30 more are expected by Saturday, reports parade chairman Sam Brown.

Entries include the Medina Lake Shrine Club, Imagination Station in Pipe Creek, Lakehills Lumber and Hardware, St. Victor's Catholic Chapel, the Lakehills American Legion and "Hazel

and Robert with a pick-up truck entry, says Brown. Bandera county judge Ray Mauer will serve as parade grand marshal. Last minute parade entries will be accepted. "Anytime up until 10:30 a.m. July 4th," said

But if you want to be considered for the judging, be in line behind St. Victor's Chapel by 10:30 a.m., says Brown.

Trophies will be awarded for first-, second-, third- and fourth-places and will be awarded for urth-places and will be awarded at 10:50 a.m. so winners can carry the trophies with them in the parade.

While parade entries can theme their entry any way they want, to get the best shot at a trophy, the theme of an entry should be Americanism, patriotism, or the red, white and blue.

Persons, organizations or Persons, organizations or

Persons, organizations or businesses interested in par-ticipating in the parade should contact parade chairman Sam Brown at 751-3656 for details. Next, it's a harbecued chiek-no dinner at the American Legion Post 410. Plates for adults will sell for 34 and plates for children (under 12 years of ago) will sell for \$2.50. Take out plates will be available. Also available in the food category will be homemads

pie-a-la-mode prepared by the Legion's Ladies Auxiliary.
Games offered include ring-pop, rainbow dies and darts during the afternoon.
The Whoosits Good-time Big Pile Garbage Pail Band will perform their hand clapping, foot stomping, sing-a-along, foot stomping, sing-a-along, act-a-slong hand-motion music from 2 to 3 p.m. and again from 4 to 5 p.m. in the Legion's "beer garden."
The auxiliary will also conduct a drawing for 30 prises.
In the northern end of the county, the Hilltoppers are expected to start playing at the Medina Texas Apple Festival Grounds about 11 a.m. as part of the Medina Rotary Club's Independence Day celebration.

Back yard barbecue turns into tragedy

A back yard barbecue turned into a raging inferno for Aubrey Jo McKay Saturday evening, June 27, when embers from his outdoor cooking fire set the roof of a stone and wood home ablase.

According to Banders Deputy Lynn Holt, McKay and some friends were cooking on a barrel type barbecue pit when some embers dropped into the tall grass around the 1800 square foot residence. The group successfully beat the grass fire out with did rugs but in the process they must have flipped a hot ember onto the wood shake roof,"

said Holt. The people had moved inside about 20 minutes later when the house began filling with smoke, said Holt. After running outside and discovering the roof ablane, McKay ran back inside and called 911. "He had just enough time to say 'My house is on fired My house is on fired." House is on fired My house is on fired My house is on fired. The had just enough time to say 'My house is on fired My house is on fired. Yet had been so the say the said the deputy. "Fortunately, the dispatcher was able to use a cross reference book and identify the location of the call from the suttomatically recorded telephone number," he said. "911 works."

The older stone and wood con-

of trayeury
structed home destroyed in the
fire belonged to a partnership of
lawyers who live in San Antonio.
The owners are Michael Pulton,
Bill Quirk, and Melvin Krenek.
According to Holt, McKay was
temporarily living at the house
with Pulton's permission.
Fire fighting units from
Medina Banders Pipe Creek
and Wharton's Dock responded
to the 6 p.m. alarm. The blare
was tapped out at 8 p.m.
The monetary loss caused
by the fire is undetermined at
press time but is expected to
exceed \$10.000 for the house
and its contents.

# Why don't we fix it?

I was so sorry to read of another drowning negative for Bandera.

" how what the problem is, It's the Why don't works M.

The city has opted to put together an expensive (\$800,000 plus) city park that fences out the people and animals that love and use the area around the river. Why not use a fraction of money to either remove the dam or correct it (a slope would do) and save human lives...(Yes, we know, "if they

The dam is a real temptation on hot summer days, and I can't believe that rational, intelligent people would not make our river safe for visitors before they use grant money to alter the area that all people have

been able to use for years.

If trash is the problem, then how about more trash receptacles and a crew to moni-tor them. Again, it would cost only a fraction of the money that the park will cost facilities that will be wiped out in the next flood – and we all know it will happen.

My condolences to the families of those people who have died in the Bandera city

# Singers' fans speak up

Normally I consider anonymous letters worthy only of contempt, but I could not resist responding to the one from "Name Withheld" complaining about the Crawfish Festival whose "main theme is vulgarity," and whose own letter had to be edited to

remove offensive material.

Dusty Britches is indeed a fine young man and worthy of admiration. He is not deserving of a shot in the back by an anonymous aniper. If this person was so offended by the actions of someone who obviously was in bad taste, why didn't "Name Withheld" speak to the person, reminding them that there were children present? Why didn't they come to Dusty or to me or someone else working the festival (we were all wering special T-shirts) and ask that they

speak to the offensive person?

People who work at trying to make things better are always subject to criticism from

Dear editor:

Thank you for removing the vulgarity from the letter written about Dusty (Britches) by "Nameless." However, it is a shame that Dusty's character was viciously attacked by someone so appalled by last year's event that he/she brought the family back for yet another dose.

"Nameless" has a very good point concern ing the vendor displaying his obviously fake (not "life-like" as "Nameless" suggests) organ in public. It was vulgar

But Dusty did not do it. Dusty did not print vulgar T-shirts. Dusty did not do anything but play music and visit with friends like he always has.

It is not fair to blame the behavior and taste of others on someone else. Especially when you consider the fund-raisers like this one that Dusty sponsors, without pay, and community events that he has participated in over the years. Dusty cannot control

everyone just because he organizes a party. I like the events that Dusty sponsors, and personally, I hope "Nameless" never sees

#### Wants to write to rancher

Would it be possible to place an advertise ment in your paper? I have been trying very hard to gain genuine co spondence from cattle ranchers, but unfortunately I've had no luck so far. If it is possible, I would like the advert, to go as follows:

"Pretty English lady, late 20s, seeks genuine correspondence from cattle ranchers, preferably of similar age so that interests outside of work can be shared too "

Since I come from an agricultural/horticultural background, I'm keen to have correspondence about ranching life throughout the seasons. It has always been my wish too that one day I might live and work on a ranch, and I sincerely hope this isn't impos sible. It would be so nice to have genuine friendly correspondence and be able to visit. I sincerely hope, though, that I might hear from people of good character, since I am a nice person and don't wish to know those

FFA rodeo organizer Doug Townsend congratulates Codie Rainey, 13, best all-around junior cowboy. He won the ribbon roping event and was second in both break-away and tie-down roping.

Junior steer rider K.C. Morris scored a 64 on this Fridsy-night ride at the Medina FFA rodeo. Unfortunately, his stylish ride was good for only fourth place-out of the money. All-round winners were seniors Jenny Volght of San Antonio and Johnny Grimes of Kerville, juniors Jennifer Smith of Zepher and Codie Rainey of Tarpley, and poe wees Brandon Benke of Sabinal and Julie Adams of Trinity, and novice Rebecca Schultz of Helotes. Organizer Doug Townsend said it was once again a successful rodeo and the club would net an estimated \$1,000 on the event.

thousand people that filled out track Sunday

Defore he lith race, the ten came to the winner's circle, each was paired with a horse

They each wore a jockey silk They each wore a jockey sur-representing their horse.
Jockey Jeff Jones brought the no. 8 horse, Master Deck-hand, to the finish line first.

Abney said he had never been to the race track before and his friend that brought him Sunday and had to teach him how to bet.

V.J. Abney of San Antonio won a new car from Jenni Anderson Ford Sunday at Bandera Downs after he was paired with the winning horse in the 11th race. Jockey Jeff Jones, who rode the winning horse and Jennin congratulate him. Kubata

Augustin Gonzales picks ripe Jerseymac apples in an orchard near Medina. Growers report a bumper crop of the fruit this year with a predicted 30 percent increase over last year's yield. Orchard man Chip Landry says the popular anna and molites varieties will be in full harvest by the time Medina's fifth Texas International Apple Festival rolls around Saturday, July 25. Local bands Delta Blue, Fiddlers Three and The Spirit of Texas are among the groups scheduled to play at the annual event. "This should be the best festival ever," said event organizer Genie Strickland. A giant fireworks display, an apple ple baking contest, pageant, arts and carfat, food and games are among the many forms of entertainment scheduled for the apple festival. Sculptor Jim Justice is putting the finishing touches on a giant apple sculpture. The sculpture, which will be on display on the festival grounds. Is made of Ilmestone quarried in Bandera County. on display on the festival grounds, is made of limestone quarried in Bandera County. on July 17. Bulletin publisher Nick Johnson will be one of the judges. The first-place photo cited was by The Bulletin's photographer and art director, Larry T. Williams, and depicted winners of Lakehills' annual Gumbo Cookoff during the Cajun Festival.

Judges called especial attention to the faces of the persons in Williams' photo. 'Good expressions on part of all subjects,' they said. '(The photo) could have been cropped a little the tighter on the left, but overall a goof feature shot.'

The advertising award was based on two inuses of The Bulletin, including one that contained the newspaper's semi-annual visitors' guide.

Judges called special attention to the newspaper's "nice looking church directory" and

the ads in the visitors' guide tied in with the overall pur-pose of the special section. First place was won by the

Alvin Sun.

The features award was based on a pair of stories by staff writer Janna Sandidge, including one on the joys of an

doptive family.'
First place was won by the

Cauyon News and second by the Lampassa Dispatch-Record. In awarding The Bulletin a certificate for its use of photos, the judges said they were especially impressed by the newspaper's 'excellent use of photography on page I and for the horse-racing photographs used in the newspaper's spe-cial section celebrating the annual opening of races at Bandera Downa.

### Sheriff 'doesn't operate department that way'

wanted their name withheld should have no fear of recrimination, as I do not operate the (Sheriff's) Department in that manner. With years of experience, I have always strove to keep personalities and politics out of law enforcement, for it does not belong

I appreciate the opportunity to respond to the drug money rumor, however. It started with a very misleading petition calling for an investigation. Many, many well meaning citizens signed it, not realizing that it was totally false and politically motivated. In breaking down the percentages, 65 percent was from Lakehills, the home base of my opponent. I am sure the majority of these good folks from Lakehills saw it for what it was right from the beginning.

I was given a clean bill of health from the county auditor and from the commissioe court. I urge anyone having any further questions about the matter to give me a call or talk to the county auditor.

Our department has come a long way in the time I have served as sheriff. During the past three and one-half years, we have used the drug money to purchase equip-ment, pay overtime, and train our person-nel to give the taxpayers a progressive and professional sheriff's department that they can be proud of. We saved the taxpayers about \$500,000 00 by using the drug money for the department. Also, our statistics show that it has all been worth the effortburglaries are down to about one-half of what they were when I took office. In all areas, we show a tremendous improvement

I firmly believe that the sheriff's depart-ment and the EMS units are of the highest priority in our county, when it comes down to protecting the health and safety of our citizens. I will contine to maintain those priorities if I am re-elected in Novembe

# Is a 4-way stop practical?

Too had Bandera City Council did not consider taxpayers more wisely in their recent decision to install a four-way stop when leaving the city and entering a county

How foolish to install four-way stop signs on Mulberry at 15th Street! Mulberry is the main entrance into Indian Waters, and reet is only one block long on either

side of Mulberry.
Small children can be seen frequently on
Mulberry Street. Seems stop signs on 15th,
and the "Children at Play" and speed limit and the Children at Play and speed limit signs on Mulberry are sufficient. If children in the area were better supervised and if they and their toys and dogs, and the kids' "mooning" and rock-throwing at passerbys were not allowed by their parents, the prob lem might not exist. Mulberry Street is for the use of taxpayers and their vehicles, and is not intended as a children's play area.

I hope the City Council will reverse their previous decision and remove these inexpedient stop signs on Mulberry at 15th Street. Marianne Sandidge

### **Dusty supports Bandera**

Dear editor:

Anonymous, I don't know who you are or where you come from, or who you grew up around, but where I came from men come to one another, face to face, to settle their problems. Had you come to me first (since you hold ME responsible for someone else's actions) then your problem would have been settled instantly.

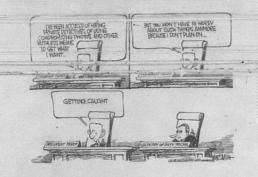

I have worked hard in this community I nave worker means in mass community for almost seven years to present myself in a positive light. To pick one day to throw it all away is a little ridiculous, don't you think? I have had absolutely no other negative comments about the party, and I appreciate all the support I'm getting because of

your response.
You neither saw anyone on the stage wear garments like you suggest, nor did you hear any profanity from me or any of my musical guests during the nine hours of ntertainment we provided!

I will continue our direction to support

Bandera, and we will have a great time I hope your family is real proud of you for

Treasury Saves \$5 Million

The Texas Treasury, using a new tax-exempt commercial paper program, will save the state an estimated \$5 million by Aug. 31, said Treasurer Kay Bailey Hutchison.

Although Texas has a balanced

budget by law and will end the fiscal year on Aug. 31, 1992 with a cash balance in excess of \$200 million, the general revenue fund routinely has temporary cash flow deficits throughout the year. These cash shortages have generally been covered by short term notes and interfund borrowing among Treasury funds.

"This year, we substituted commercial paper for most of the interfundability and the state of the control of the c

fund borrowing. Interfund borrow-ing would have cost 6 percent; the commercial paper was 2.25 to 3.2 percent," Mrs. Hutchison said. Court Master Hearing

Of course, this sort of thing is more easily said than done. Yet is can be done because people have done it. Actually, an attitude is a human resource, it can be drawn upon, revamped, replaced, revitalized. It is a human resource that provides replaced, revitalized, it is a human resource that provides mental grooming. A properly groomed attitude can change a feeling of failure to an expectation of success. An attitude of hopelessness can never induce an attitude of hope. No one can ever gain happiness with an unhappy attitude. No one ever gainst friendship with an unhinting without the gainst friendship with an unhinting without the gainst friendship with an unhinting thitude. When an attitude needs changing, change it. With faith and acceptance of God's help aided by your own determination and intelligence, IT CAN BE DONE.

1. Use a KEYWORD. This immediately tells the reader exactly what it is you have to sell. Putting the keyword in ALL CAPS or Bold costs only 50¢ extra

2. Make your description CLEAR and FACTUAL State the year, make, model, color, size, and tell in what condition the item is. Also state the special features.

3. State the PRICE. The price in an ad helps increase the chances for results.

4. If there's a genuine sense of URGENCY, say so. The words, "We're moving" or "Must sell fast" suggests that readers respond immediately.

5. Include your PHONE NUMBER. Classifieds get results fast and often generate immediate sales. If you cannot be available to answer the phone at all times, be sure to specify special calling times such as "after 6 PM" or "Before 11 AM."

Happy trails, Pardner!

P.S. I firmly support an individual's right to express his opinion. However, I also believe that when an opinion is published and could damage someone alse's reputation the party responsible should be accountable.

Many people enjoyed the afternoon Craw-Ball Peeting Crawlish Feeting.

fish Festival. I think that it would be wrong for one person, with the stroke of a pen, to discourage others from coming next year. Many, many people worked very hard to make this event possible. We will all stand up and take credit for it. The anonymous letter-writer should do the same.
(Editor's note: We of course not only

support but defend individuals' freedom of expression rights. Isn't it a shame that it often takes something negative to provoke a positive response like the deluge of rebuttal let-ters received at the Bulletin this week? from all this-if you see someone like Dusty or Arkey doing something good for the community, positive feedback is always welcome too! Read on.)

Let's focus on the positive for a moment. Arkey and Dusty work harder than anyone to promote Bandera. People from all over the world return year after year to enjoy

### Sne nad a wonderful time

Crawfish Festival, and particularly Dusty Britches, I would like to say that I attended the Festival and had a wonderful time.

I too saw the "costume" the anonymous letter-writer complained about. I was not impressed or offended. Had I been offended, I would have taken my complaint to the person wearing the costume. I believe that is what the offended party writing the letter should have done too.

I will add that as you enter Arkey Blue's

Silver Dollar there is a sign on the door indicating the establishment is for adults, or children accompanied by adults. The environment of a bar is one in which adults may have to explain things to children. For instance, nude paintings. Mr. Anonymous were you not worried or offended by nude paintings of women's breasts? Or how about the lady sitting on the toilet? That didn't bother you. Why did a penis? I would also add that in my opinion it was a little larger than a "full-size replica." Could that be what offended you?

To a very nasty person about the ugly nings said about Dusty Britches and the Crawfish Festival-

(You) failed to mention all the good things Dusty has done for our community such as benefits for needy families and Christmas dances where all goods and presents are given to children who wouldn't have any if it weren't for Dusty. He donates his time and musical talents to help many people. We thing he is a great person. We leed more like him.

It wasn't his idea to have the T-shirts or

### City to close most of riverfront while park under construction

By Nick Johnson.

Bandera city council Monday closed most of the city's river-front area, citing another death at the dam, continued littering, drinking, and construction work in the littering, drinking, and impending construction work on a new \$800,000 park in the

on a new \$800,000 park in the area.

But the council rejected a bid by city inspector Jon Murrell to fence off both sides of the entire riverfront area inside the city limits and prohibit access to anyone for any purpose until the park is completed.

Instead, they voted to erect a cable prohibiting vehicular entry but to permit access to the river for swimming and other recreation in areas far removed from the dam, specifically the so-called Dripping Springs, a favorite swimming spot for local people and visiters alike.

tors alike.

Three persons have drowned this year at the dam and five since 1990 when they were caught in strong undertow caused by the hydraulies of a large amount of water plunging over the sheer dam.

In addition, survey work is under way for the construction of a park in the entire river bend area, partly with a state grant.

The council Monday decided prehibit possession of alco-

holic beverages in the area and prohibit entry into the area along the river upstream from the First Street bridge, an area many at Monday's meeting complained is mainly a target of elicit trash dumpers. In addition they will widen the area at the dam in which swimming is prohibited during periods of high water and passed an ordinance to give legal standing to these measures.

signs standing to these measures.

Their ordinance also authorized Murrell to issue citations (ticketa) to persons who ignore his orders to stay out of the water and gave him the sole power to determine when swimming in the dam area is hearardous' and when it is not. The ordinance was offered by council member Bill Byree after Murrell made his ples to close the part completely.

That move was opposed by Clint Dowell and Porethy Darden. Kids have no place else to swim, noted Darden.

"I would oppose closing off that whole river (area)" at a

time when the kida are out of achool and have no place else to go, said Dowell.

I want to stop people from getting hurt, but I wouldn't want and I don't think we can prohibit people from going down there, he said.

But Murrell persisted. 'I need control of the dam and the loop area, 'be said.

The vote on the new ordinance was 3-2 with Vera King and Darden joining Bryce while Irven Stevens and Dowell demurred.

They were unanimous, however, in prohibiting the possession of alcoholic beverages in the park.

sion of alcoholic beverages in the park.

In a related matter, Billy Griffin of the U.S. Soil Conser-vation Service told the council that engineering assistance for renovating the dam may be available through the newly-organized Alamo Resource Conservation and Develop-ment area.

The city agreed to write a let-er seeking aid.

### Is statehood for D.C. constitutional?

The legal theory invented by statehood advo-cates is a house of cards. Statehood advocates have rewritten the historical meaning of the Constitution's "District Clause" and have constructed a logic that is internally inconsistent.

Bill Walker and Michael Phipps have been huse conthe Bandera area.

The youth of Walker Memorial Baptist Chapel presented a 15-minute skit "Prob-

lems with Parents" Sunday evening, July 12.

The plot involved Harvey Bill Walker and Michael
Phipps have been busy constructing what is called an
Eagles Nest Climber. This unit
has a rope ladder, a fireman's
pole, monkey bars, a climbing
rope and a slide. They had
Climentiae and a slide already of his "friend
rope and a slide already of "his" ittle sister.

Coffer and "his" little sister. the help of "his" mom - played by Linda Slade, "his" friend Clementine - played by Nicole Coffey and "his" little sister, Tina, played by Sarah Phipps, learned that they shouldn't blame others for their prob-

rope and a slide. They had swings and a slide already up in the area between the fellow-ship hall and the main chapel. Church members hope that parents in the area bring their children to enjoy the play lems.

Their message was that

ometimes problems are each
person's own fault, too and
that persons should try to be
easy to live with and try to
make things better at home.
The skit was directed by ground.

### Sales tax collections here continue to outpace 1991

Bales tax collections in Bandera and Bandera Corty continue to run more than 30 percent abead of clections a year age, according to figures released it week by the state compriseller's office.

The city received a check for \$15,134 as its share the 7,75-percent sales tax collected by merchants, a that's 19.5 percent more than the \$12,862 received was age.

For the year, Banders County's share of taxez col-cted totals \$65,911, up fully \$7.0 percent over the first a months of 1991.

### Court's appead offed

I would like to publically thank Judge (Ray) Mauer and our (county) commissioners for act ing so quickly and positively to my request to

positions continuencers less and the Tunner Ultim-ty Commission for extended metro telephona-service. It took me forever to get enough infor-mation to present this to the court, and those gentlemen got right on it when I finally got my facts and figures togother. The service will cost us \$22 or \$28 per month in additional fees, depending upon where we live, if we opt for the service. However, \$22 does not seem "whopping" compared to my \$156 current bill for calls into San Antonio.

### Apples: The choices are nearly endless with 7,000 different kinds

Only five varieties available at festival, however

A crew harvests one of

7.000 varieties of apples in the United States, at least 50 have been tested in Texas and five major varieties are expected at the fifth annual Texas International Apple Festival in

Festival goers can expect to find Mollies Delicious, Gala, Dorsett Golden Anna and Jersymac apples.

Mollies Delicious is a big, attractive, red and yellow apple, says Baxter Adams of Love Creek Orchard. in his address to the 1992 Texas Apple Growers Conference held in Kerrville during July.

This variety, which are in harvested mid-July, have a year are Fuji, Crispin, Braeburn and short shelf life, so get 'em and eat 'em. The apple is easily 6/10 of a pound and if some growers thin their orchards, the apple can get as large as a softball.

On the smaller side is Gala, which is harvested at the same time as Mollies Delicious. If the grower doesn't thin enough, the fruit can be ping pong hall size.

The variety has a distinctive orange-red color and according to Adams, an "outstanding flavor." The variety is an import from New Zealand and may become one of the top varieties

The variety has commanded premium prices - up to \$2.43 per pound. Anna is a large, red with vellow background apple that originally came

It is a low chill apple (doesn't require a long, cold dormancy phase) and is generally harvested starting in mid-June, That's it's main advantage, it's on the shelf before most any apple

The only apple that is any earlier is Dorsett Golden, which is harvested beginning June 10. It is a tender, golden with a pink blush apple

Jersymac - a variety of Macintosh - has a good red color and an excellent tart flavor, according to Adams. The harvest date usually starts

July 7, but this year, the Jerseymacs were three weeks early.

Red Delicious - the most popular apple in the United States - is not the commercially ideal for Texas apple growers and few and far between will

While all the local sunshine makes the Texas Red Delicious sweeter than anything that can possibly come out of the northwest, the warm southern climate doesn't make the deep, polish-like red color the apple is known for.

Braeburn is a reddish apple. "Braeburn is a great eating apple with outstanding flavor and good storage qualities." Braeburn is new to the market and was originally imported from New Zealand. Braeburns harvest starting Sept. 15.

Granny Smith can be grown better in Texas than in the northern climates. as it takes about 200 days to ripen and Washington Staté has a 160-day growing season, "Granny (Smith) is known to most consumers as a pretty green apple with tiny white spots and a tart flavor," says Adams.

Because Texas Granny Smiths will be ripe when they go to market, they will be 40 percent aweeter, estimates Adams. Northern Granny Smiths will not be able to compete with the Texasgrown variety.

Harvest dates start about Oct. 1.

The Rangers may also be investigating possible conflict-of-interest voluctions in association with county purchases of insurance. Investigator lynn D. Holt of the Bandera County sheriff's department confirmed Tuesday that such an investigation is in progress, but woult reveal little more.

# Likes child-care program

Finally, our government is putting our tax money into some programs that are actually geared towards getting people off the system

and out of the taxpayer's pockets.

There are now monies available for persons who are low-income which pay for child care services. The best part of this program is that it only pays if the parents are working or

Parents can go back to college, obtain up to Dear editor: a two-year degree, and the government pays for tuition, books and money enough to get back and forth to school. These monies are also available if parents want to get job training to upgrade job skills rather than go to col-

lege.

The best part of this program is that child care doesn't stop when the fledgling parent first goes out into a new job situation. It pays for one, full "transition" year so that familie have time to get financially "on their feet."

What an amazing way to help families and especially children, while gradually reducing the amount of welfare money going out of the

system....
I hope that everyone reading this gets as exited as I am and calls their senators and congressmen to let them know that programs like these are where we want our assistance

## They want to borrow county equipment too

Van Cook letin I see where someone is bashing one or another of our county commissioners. I would like to take this opportunity to express my appreciation for the efforts expended by one of these unsung and much ualigned public servants.

Some time back, Danny Alanis III, commissioner of Precinct 1 loaned several pieces of county equipment to one of the residents of Lakehills. The man's roads were in need of repairs, and evidently Commissioner Danny didn't have the time to include them in his busy schedule. Included were a large road maintainer, a front-end loader and a large dump truck. I understand that quite a bit of roadbase material was also

Since then, there has been much grumbling and carping here in Lakehills about the illegality of such an act. Many have asked who would pay for the equipment in the event that it should become damaged. and others have quibbled about the missing

I really feel sorry for the residents of the other precincts. Their commissioners obviously insist on following every little letter of the law and refuse to loan out much-coveted county equipment for individual repairs. We here in Precinct 1 are truly blessed.

Personally, I can't wait to get my hands on one of them maintainers or front-end loaders. I just know I can learn to run it. M.A. Walker

Several weeks ago the county commissioner out here at Lakehills loaned a bunch of county equipment to a private citizen to fix his roads with

Isn't that against the law? It doesn't seem right that a private citizen should get to use all that expensive county equipment at taxpavers' expense. What if he busted something? We (the

taxpayers) would have to pay for it. Is someone looking into this? I called the sheriff's department, but they wouldn't tell me anything.

Commissioner Bennie Barker reports \$1,200 worth or signs stolen, commissioner Dan Alanis \$1,500, commissioner Roger Raser \$1,000, and commissioners N.P. "Bud" Thompson \$1,500.

Commissioners ask citizens who see the acts of vanishment of the propert it to the sheriff department functional county. If commissioners have a stack of signs or information on who might be stealing the signs, they should contact one of the commissioners. The street signs cost approximately \$18 apicoc.

"We need the signs for the 911 system," said Barker. When the rural addressing portion of the 911 system is complete, the sheriff's office dispatcher will give directions to emergency responders — sheriff's deputies, EMS, and fire departments — based on the reads and the responders finding the road signs for locations and directions.

Raser said he has also barriendes that cost the targay-ers \$75 apice.

Vandaliting signs is a misdemeanor and if a person is caught vandallting signs, they could be subject to a \$300 fine in justice of the peace court or a \$2,000 fine in county court, Bandera County Judge Ray F. Mauer and.

Conrad was a high achiever at High School. He set the state record in the mile and went on to even greater track achievements at Kansas State university on a partial track scolarship, he adds proudly! Dr. Nightingale attributes his accomplishments mainly to hard work and discipline. "It is difficult to accurately convey that sense of loneliness that the long distance runner comes to know intimately",

Dr. Nightingale entered college and majored in Chemical Engineering and even considered Pharmacy as a career, but Econo Lodge eventually realized those pro-fesions would "not be for me", says Conrad. His thoughts Hill Country

turned to a different carrer direction. It was as if so from deep inside pulled at him.
Perhaps, the magic of Dr.
Stuckey and the Kansas farm
had lured Conrad to his earliest childhood memories and in typical Conrad Nightingale determination the course was set to become a Vet. Even the Olympics took second place to education, the newspapers quote Conrad as saying. From USAF to Bandera

school and 2 years in the Air Force at Lackland, Dr. Nightinrorce at Lackiand, Dr. Nightin-gale eargerly entered his first civilian practice in Bandera. Con-rad was ready to use all of the modern techniques such as modern techniques such as acupunture, laser, sonogram and even chiropractic techniques in his new world of the healing arts. Perhaps, the young doctor could alomst hear a faint whisper from alomst hear a faint whisper from Dr. Stuckey saying "its your turn my boy". # **Public Notice**

Southwestern Bell Telephone Company is asking the Public ty Commission of Texas (PUC) for approval to offer a new onal service called Remote Access to Call Forwarding (RACF) permanent basis beginning September 7, 1992.

RACF is an optional service that is intended for use by residence and business customers. RACF permits a customer who subscribes to the optional service Cali Forwarding to activate, deactivate or change the Cali Forwarding destination from a location other than the customer's premises. In order for RACF to function, it must be accerted from a push-button telephone.

The proposed morthly rate for PACF for residence customers is \$1.00, and the proposed morthly rate for business outcomers is \$2.75. These rates are in addition to the rates for basic local exchange service and regular Call Forwarding. (The monthly rates for Call Forwarding are \$2.10 for residence outcomers and \$2.65 for Call Forwarding are \$2.10 for residence outcomers and \$2.65 for

RACF is expected to generate first-year revenues of roximately \$643,000.

# Thomson to appear

H. Rogers Thomson, eut will be at the Utopia Senior Activity Center Friday, Aug. 14, for a presentation on Meal-ing from Lesses.

A covered-dish luncheon for the author will begin at 11 a.m. Thomson will give a short talk before the luncheon.

Price of admission is "one covered dish," says spokeswoman Kay Barrow

from Utopia.

Accompanied by Madlin Stevenson, his neighbor from the community of Shoreacres, Thomson will share his understanding of the spiritual prin-

ciple of forgiveness.

Thomson also serves as president and spiritual director of The Fellowship Foundation. "a fellowship of self-dis covering and recovering men and women bonded by a com-mon belief in universal spiritu-

should be written on the persistent tendency of human nature to procrastinate. There are a good many things we know we can and should do but we put them off just as long as we can. This an't necessarily wise but that's what we do! And so often it is

needless.

For example, how long does it take to write a letter to a friend or to someone within the circle of your own family? How long does it take to make a phone call or pay a visit in preson to someone? How I long does it take to express a compliment or a congratulation, especially when it is well deserved?

It is sed to hear someone say: "I was going to do it, but just never got around to it...larnt it true that a lot of seafces can be avoided by doing things when they ought to be done?...

# **Taught differently**

It amazes us that so often when we open The Bulletin, we find letters that could defeme someone. We were taught by our parents that if we had a problem with they had done, we were to ask that person It was not open for discussion with others. This is what The Good Book teaches, too.

After reading the front-page article and the two letters in last week's Bulletin in reference to the Precinct 2's county com-missioner (Dan C. Alanis III), we knew thing was not right. So we simply con tacted Danny Alanis to ask about the supposed loan-out of county equipment.

A man in our community needed to

work off a court sentence of community ser vice, so our commissioner volunteered the Precinct 2 equipment and supervised the man on a weekend (when Bandera County employees were off) as the main repaired two roads that were not maintained by the county. The two roads had become almost impassable because of the 1992 rains. The work was done in accordance with the laws and the rules of Bandera County.

Danny Alanis has been a personal friend of ours for over 20 years. About a year ago, our business driveway was being washed away by the state's drainage ditch. We asked Danny if the county could help

## **Defends Jewett**

Regarding your headlined store "To Rangers investigate misconduct," July 29.
This sensational story, full of insecuracies and innuendo, is totally consistent with the yellow journalism we have enjoyed while editor Nick Johnson has been at the helm of our county newspaper.

First of all. Oak Hills is not a subdivi-

sion. The property adjoining Oak Hills Road is a part of the Medina River Ranch subdivision. Mike Jewett has never been a property developer. The Medina River ch subdivision was developed in the early 1970s by Calvin Vick and others. (I'm quite certain Mr. Jewett was in high school at that time.)

All of this road building work on Oak Hills Road was completed in 1984, long before Mike Jewett moved to the area.

Steve's stressful

I was quite amused at Sheriff (Steve) Forest's statements in the July 15 issue concerning the personnel changes on his staff. His remarks about the dispatcher job were accurate - to a point. It is an extreme ly stressful and low-paying job, but he causes most of the stress. He does not stand behind his personnel in any way. If any complaint, large or small, is noted against his employees, he does not check out the accusation to find out if it is valid or not. the sheriff wants votes so badly that he will "kiss up to" the public and not irritate the oters. The accused employee is given a thorough verbal thrashing and sometimes in front of the public. He actually convicts and sentences his personnel without due process, even if an employee can prove an ation is incorrect.

Ask the sheriff why it is that any male dispatcher can be promoted to jailer and then sometimes to deputy, but female dispatchers will always remain just that - dis-

He takes pride in that He has been quoted as saying, "If I had my way, I

wouldn't have any wonien on my staff."

He keeps reminding his dispatchers
that their first priority is "law enforcement," yet he has deputies who refuse to answer a call if the call isn't "interesting." and the sheriff does nothing about it.

The dispatcher is the one who has to listen to an irate public on the phone. Also, dispatchers work an 8- to 12-hour shift without a lunch break or coffee break + a straight shift. They must remain at the deak the entire time. This is truth, not exaggeration. Dispatchers are usually unable to eat a hot meal, ,but the sheriff and his deputies are free to eat a hot meel anywhere in the county (usually for a dis-count). Now, perhaps this can better explain the reason that three dispatchers have left (the sheriff's department) in recent months. In fact, since that article (of July 15) was printed, another dispatcher has quit. She had only been on the job for two months! Stress of the job is under-standable, but Sheriff Forest's added stress is unwarranted.

If a department is well run, people would be anxious to get the job and stay with it – not ready and willing to "get ou

At first, "P.D." just stood for "Puppy Dog—" the Myhres didn't want to give him a real name because they already had three other dogs and didn't plan to keep him. They thought if they named him they would become too attached to him. Then, a few days later Barbara went shopping at one of the major malls in Houston, and all four dogs were in her car. "After shopping, I returned to the car, greeted by P.D. and Bridget who were in the back seat, and Emily and Foster, who were in the front," Barbara says. "I got in and carefully relocked my door, but I hadn't had time to close the (darkened) windows, when I felt fingers around Dawes of Chula Vista, Calif;

P.D. very quickly changed the man's mind as well as the conformation of his right forearm. The man ran off, screaming obscenities, holding his bloody arm." Needless to say, Barbara kept the dog, and his name became "Peter Daniel." Soon after, the Myhres retired to Bandera County, where their various pets have plenty of space to run and play.

We didn't plow up the hill country so much as overgraze it. To quote Marshall Enquist in his preface to "Wildflowers in his preface to "Wildhowers of the Texas Hill Country", the hill country of today is not the country the first settlers saw. Both Mary Maverick and Amasa Clark, early journal writers, gave the same descriptions of the 19th centu-ry Bandera County as does

Enquist, when he says,
"They (the settlers) saw the

Their nts describe the unspoils We all think a lot of hills as an endless sea of wildhills as an endices sea of which flowers in the spring, Imagine your favorite patch of readside flowers multiplied a million times, stretching as far as the eye can see in all directions, and you begin to have an idea of what has been lost.

"Currently most of the hill country is covered in scrub and juniper. In the early 1800's, many of the same hills were covered in tall grasses. It is difficult to imagine, but in those days buffalo and ante-lope, both of which are ani-mals of the open plains and

prairies, were common in the hill country."

It is hard to imagine, isn't it? Enquist goes on to quote Texas Ranger James Gillett, who rode this range after the Civil War, as saying that "in the springtime one could trav-el for hundreds of miles on a

Among these will be Kevin Fitzpatrick, Dusty Britches, the Spirit of Texas cowboy band, Tom Reece and Manuel Flores, and Bruce Montague. The best way to attend the Festival is to catch the park and ride bus that is a charge for the service but you don't have to worry about parking when you get there. Remember to dress according to the weather. Wear comfortable shoes as you will be walk-ing a lot. While you are at the Festival stop by the poultry exhibit and stay and rest for a while. We usually have some-

thing cold to drink. • On July 22 the Senior Cit-izen Exercise Class had 19 members present to honor four birthday gals with a breakfast at the River Oaks Restaurant

The honorees were Mar-garet Callahan, Lois Hayes, Margnerita Stevens, and Judy Goodenough.

The early morning mist made it necessary to move the celebration inside but the group reports that they had a great time, enjoyed great food and that they hope to break-fast on the deck before cold

### Bertram celebrates oatmeal Sept. 4-5

Barbecue, live music and the selection of Oatmeal Royalty are featured events at the Bertram Oatmeal Festival scheduled for Sept. 4-5.

The festival continues with a "Run for Your Oats" Oat-A-Thon, an oatmeal cook-off, trail rides and exhibits. Games for the kids include an oatmeal sandbox, sack races, goldfish dip and calf-chip kick-off.

An eatmeal eating contest and oatmeal box stacking round out the entertainment. Festival goers can enjoy the weightwith washtub, bathtub and com

Trio repeats as champions of annual ranch rodeo nere

The three-man team of Speedy Hutcheson, Balley O'Neill and Robbie Graff, representing Joe McMullen Insurance, took first place homora at the Bandera Ranch Rodeo Saturday, Aug. 1 Manafield Park Arena. The rodeo henefitted the Bandera County Junior Livestock Show Barn

"The rodeo cleared well over \$1,000," said
Steve Sells "and it was a lot of five."

The money will be used to help retire the
debt for the livestock show barn that was built
several years ago. Sells said that money is still
owed at two local banks, but that the group is
"getting close to having it paid off."

Prizes for the event were donated by Bandera Veterinary Chine and Kay Hutcheson.

The McMullen team took first place in steer
roping and wild cow milking, second place in eaf
roping, and third place in trailer loading.

The Silver Dollar team, including Willy Pember, Nacho Bermea and Earl Bermea, took second
place in the charity rodeo event. The team placed
first in calf roping and trailer loading, and second place in wild cow milking.

Teich Construction team, including John
Teich, Robert Sapp and Garland Gallagher, took
third place. That team placed second in steer
roping and third in wild cow milking and calf

# The Landera Metin

already? Yes, believe it or not, teachers begin the new school year Friday and students will be back in the classrooms bright and early Mor day morning in Bandera and Medina schools!

Medina counselor Sandy Vanatter advises three underclassmen as they register for school Monday, Aug. 10. Medina principal Dale Naumann expects his school's total enrollment to exceed 300 students this year. Bandera officials expect to see 435 high school students, 360 junior high students and 803 elementary students when the doors open Monday morning, Aug. 17.

Monsignor Ralph Smith, who served Bandera's St. Stanialaus Catholic Church for many years, died Aug. 11. Rosary is scheduled Thursday, Aug. 13 at 7 p.m., and funeral services are scheduled Friday, Aug. 14 at 10 a.m. at Blessed Sacrament. Monsignor Ralph Smith, Blessed Sacrament Church. #### **GOP** justice candidate due here

The Republican nomines for justice of the Texas Supreme Court, Craig Enoch of Dallas, will visit with voters here Thursday, Aug. 13, at 9:30 a.m. at the Econo Lodge.

His campaign stop here is being coordinated by Kerry H. Schneider, his campaign chairman for Banders County. She points out that Judge Enoch is currently chief Justices of the First Court of Appeais in Dallas, and was first elected to the bench as a district judge in Dallas more than 10 years ago.

He challenges incumbent justice Oscar Maury of Dallas, a justice that Schneider called an Toutspoken liberal judicial activist concerned only with his own personal political agenda.

### Medina county group to join suit against TWC

The Medina County Underground Water District recently announced they will join the Texas Farm Bureau in a suit against the Texas Farm Bureau in a suit against the Texas Water Commission, but for now, anyway, the Springhills Water Management District will stay out of the fray. At least until the state legislature has its say, according to SWMD executive Ray Buck. "Everyhody is waiting to see what the legislature is going to do," Buck said Monday. "The lawsuit is based on the designation they that the Ledwards Aquifer as an underground river."

Stating that the TWC has no authority to control county water, the Medina County group is helping to lead an effort to regain local control of water. "We joined the Texas Farm Bureau as an intervenor as the only governmental entity autho-

#### Bandera Downs will be 'dark' the next two weekends

n you want to bet on the horses this weekend, you'd better head up to Fredericksburg.

Bandera Downs will be dark, i.e., closed for the next two weekends, both
Aug. 14-16 and Aug. 21-23, while the Gillespie County Fairgrounds conducts two
consecutive weekends of parl-mutuel racing.

There will be no Wednesday-Thursday simulcasting Aug. 12-13 and Aug. 1920, either.

Gillespie will host live races Saturday and Sunday, Aug. 15-16, and Friday through Sunday, Aug. 21-23, without competition from Bandera or Manor Downs.

Downs.

Bandera closing for the two-week season break was a compromise that allows Bandera to run at other times that Gillespie does — the Memorial Day weekend, July 4th weekend and the weekend in July when Gillespie conducts its Night in Old Fredericksburg.

# Medina woman drowns in children's home pool

Denise Duplex Scafidi, 38, drowned Thursday afternoon, July 30, while swimming with friends in a pool at the Medina Children's Home located north of Medina on State Highway

of Medina on State Highway 16.

Scafidi lived with her son and daughter in a mother, child care unit at the home and was employed at the facility day-are center.

According to MCH director George Rose, Scafidi was awimming with Vivian Perez and Perez's 11-year-old daughter Tina and three other youths at the home swimming pool. "She could not swim, aid Rose," Sut had been really getting used to the water." She was in the shallow end of the pool mear the dividing rope when last seen by her companions, said Rose. "Vivian looked up and missed her but thought ahe had gore to the tollet facilities at the tennis coun net to the pool." When Tina Peres got ut of fith pool to check, she saw Scafidi motionless under the water. The 11-year-old went in and pulled the victim up above the surface and then

left to get help. Vivian Perez pulled Scaffidi out of the pool and started C.P.R.
Rose said that Medina EMT Harold Zirkel was first on the scene and took over the C.P.R.
"We worked on her for about 15 minutes before the ambu-lance arrived and then all the way to Kurrville (Sid Peterson Memorial Hospital), said Zirkel who lives just beyond Memorial Hospital), said Zirkel who lives just beyond the children's home. EMTs. Dennis Winright, Joyce James and Barbara Evans all responded from Medina, he said. "We never did get a response," seid Zirkel. "Some-one said Scafdi was under the water probably 15 minutes before discovery," he said. Zirkel said that doctors at the hospital managed to

Zirkei said that doctor at the hospital managed to restore Scafid's heartbeat, but ahe never produced any brain wave patterns. She was pro-nounced dead on Friday, July

All my life I have felt gratitude for the privilege of growing up among the people of Banders. But never was my gratitude stronger than last week after I rounded a curve and found my niece's car overturned in the middle of my parents' ranch road.

#### Bandera in music

My wife and I spent the winter of 1989 in South Texas. In early spring we moved up to Bandera and stayed at the RV camp for about a week. From there we took side

grips to the usual tourist places - San mio, New Braunfels, Kerrville, Fredericksburg - and enjoyed the visits there. But what we most enjoyed was the Hill Country itself, the scenery and the sky.

My bicycle and dulcimer go along with me oh all our trips, and I use the bicycle to explore the countryside. (The Bandera Bulletin) was helpful, telling me about your

cycle routes around Bandera.... My dulcimer (mountain or lap dulcimer) is a companion in the evening when I play ballads, folk songs, renaissance music game songs and other sounds I like. It is a lovely instrument, visually (it is crafted from fine woods) and musically (it has a range from simple sweet melodies to resonant harmonies and complex chords).

My stay in the (Bandera) area was the

inspiration for my composition, "Bandera Blue." The long middle part is improvisation between a noted beginning and end.
(Its) music and feeling expresses for me the Texas Hill Country.

#### Reauthorize the Endangered Species Act?

Should the Endangered Species Act

Yes. The Endangered Species Act (ESA) pro-Yes. The Endangered Species Act (ESA) pro-vides a fundamental "safety net" for the protec-tion of our nation's rich natural heritage. The Act establishes a process for identifying and protect-ing species on the brink of extinction such as the hald eagle, the Florida parther, and hundreds of other animals and plants. The diversity of life on the form of the form of the control of the con-Earth gives us crops and medicines and is the foun-dation for the very health of our planet. The ESA

Since the first European settlers arrived, nearly 500 species of plants and animals native to the natural communities, while minimizing adverse impacts on employment and economic growth. The history of the ESA is a history of resolving conflicts between economic development and the protection of endangered species. It is very rare (in less than 1 percent of all cases) that such

Even for many of the listed species, the government has not yet developed plans to provide for their recovery. Promptly list-ing and developing recovery plans for species at-risk will help reduce both costs and conflicts. We risk will help reduce both costs and conflicts. We also should make a more serious effort to identify and protect areas that are important habitats for multiple species. America's wild plants and animals represent one of our greatest endowments, we cannot allow that andownent to be diminished.

Should the Endangered Species Act

e reauthorized?

No. This costly program has been a gross No. This costly program has been a gross failure. Our bungling government has rescued only four creatures — three tropical birds in Palau and a weed called Rydberg's milk vetch — from a list of 681 threatened and endangered species. A few more like the brown pelican and American alligator have partially recovered. For that, our bureaucrats spent hundreds of millions of dollars were the last opened in 1072 — some these seconds. since the law was passed in 1972 - even the with private property rights sparking frustration and rebellion. Congress never intended that.

What impact has the law had on our nation? Everyone knows about the spotted owl putting thousands of Pacific Northwest forest folk in the unemployment lines. The way the law is written — with \$50,000 fines and a year in prison written — with \$50,000 thres and a year in prison for harming critical habitat — every one of those 681 species hurts somebody. The red-cockaded woodpecker costs logging jobs from Georgia to Arkansas, the golden-checked wardler thwarts home builders in the Texas hill country and the desert tortoise ruins ranchers in the Southwest

#### What changes, if any, would make the law more effective? Scrap the whole idea and start over. Junk those

punitive fines and the threat of imprisonment. They make people dread finding endangered species make people dream maning endangered species on their property. Instead, offer fax credits and outright cash payments to people who welcome endangered plants and animals on their land, or otherwise nurture them. How to pay for it? Perhaps local diarist Louis Postert will volunteer for the taak. Louis has kept a record of everything else hereabouts. — Jack Kemp keeps turning up every day on somebody's interview show on radio or TV; up every day on somebody's interview show on radio or TV; making the calls for President Bush to step down from the election race seem real. One editorial headline referred to the president lately as a "figure of genuine pathos".

# Notice of Public Hearing on Tax Increase The Bandera County Edge, ion District. will hold a public berring on a progress to increase tibelicas economis from proporties on the tax million 1991 percent Your individual taxes may increase at a greater or esservate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all puber property.

FOR the proposal Andy Lautzenheiser, Linda Martour, Bub Keese & Emmett Matter AGAINST the proposals antione ABSENT: None

The public bearing will be held on August 19, 1992 at 1:00pm Medina 150 Cafer

The statement above shows the percentage increase the proposed rate rep tax rate that the unit published on <u>August 12, 1992</u> The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your indi taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	\$_41,850_	\$_41.850_
General exemptions available  (amount available on the average home, not including senior citizen's or disabled person's exemptions)	\$13,370	\$ <u>13,370</u>
Average taxoble value	\$ 28,480	\$ 28,480 (proposed)
Tax rate	82 /\$100	95 /\$100 (proposed)
Tax .	\$ \$233.54	\$ \$270.56

Under this proposal taxes on the average home would <u>increase</u> by \$ \$37.02 or 15.85 percent compared with last year's taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would increase by \$ 0.13 per \$100 of taxable value or \$15.85 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

#### Rural land values should increase says A&M economist

Rural land values in Texas should rise gradually through-out the 1990s after decreases in the previous decade, accord-ing to a Texas A&M Universi-

"Barring some unforeseen economic problems, it would appear that between now and the year 2000, we're going to the year 2000, were going to have appreciation generally in farm land values across Texas," said Dr. Ivan Schmedemann, a professor of agricultural economics at Texas A&M and a researcher with Texas Awishland with Texas Agricultural

Experiment Station.

Much of that increase will be caused by improved net returns to the land. That, Schmedemann said, in turn depends on what happens to demand for agricultural prod-

the 1990s," he said.

Parm subsidies also have a positive impact on ner returns and land value, he said, although they will be reviewed by the federal government during the 1990s.

The assuming that energy costs and other production costs will continue to rise, but we probably won't find an exorbitant rise in the cost of production between now and the year 2000," he added.

Energy costs that began spi-

the year 2000," he added.

Energy costs that began spiraling in the 1970s, other production costs, inflation, and rising sinterest rates all contributed to falling land prices, he said. The statewide average cost per acre of farmland peaked at approximately \$1,050 in 1986, but fell to year more than \$600 an acre by 1991, figures at the Real Estate Center at Texas A&M indicate.

"The only thing that could give was land values," he said.
Some regions began bottoming out by 1988, he said. While the center's 1991 figures are not yet complete, indications are that the statewide average price per acre will not rise for the war.

During his presentation, Sime expressed his support for local control of water resources. He cited his support and assistance in aiding in the creation of numerous single-county water districts during his tenure in the Legislature. He added that he supports single-county districts because these districts have the opportunity to manage the water resource locally.

Sims said that he believed that the fight over the water resources in the Edwards Aquifer would not affect Bandera County. He added that he favored locally managed single-

Presidential candidates Pat Buchanan and Pat Robertson will also get them, as will Sens. Orin Hatch and Jeses Helms and cabinet member Jack Kamp.

According to Sims manager Lindy Billings, the \$8,000 worth of souvenirs were ordered in

early July by convention efficial billoan

"We were asked to design and construct the apura," said Billings. "We were picked because Patterson) saw a set of spura we'd made for (former Houston Oiler ceach) Bum Phillips. It also helped that swerything we make uses 100-percent U.S. materials – 100-percent American made, "she said.

Each pair of the of spura bears an inscription about the time and place of the convention as well as the initials of the 14 individuals receiving the gifts.

Others who will receive Banders-made spura include John Heins, Chris Smith, John summe, Gary Banser, Rush Lymbaugh, Beverly Lepha, Phyllis Schladly, and one other woman identified only by her initials, CGP.

Three bids for the polyurethane foam reofing were reviewed by Brooks prior to the meeting. He said that receiving three bids for such a highly specialized job was good. He said that tall the bids came in higher than expected and indicated that supply and, demand during the prime time for roof repair might be reflected in those prices.

Superintendent Ted Dockery as did the cafeteria roof

ery said the cafeteria roof needed immediate repair.
"We've patched and patched it
until it just can't be patched

anymore."
Trustee George Welsh agreed, calling the roof "criti-cal." His motion to accept the \$33,600 bid from Pierdolla carried.

Board members voted to

wait on other needed roof repairs until the cost can be covered from the maintenance budget. Currently, there is \$59,000 in that budget. The Junior High roof was \$26,010.
The bid for repairing the roof on the dressing room was \$16,575.

\$16,575.

Brooks told board members that the high-tech polyurethane foam roof is a new system. It will be tested on the cafeteria roof before a decision is made on the other two damead roofs. two damaged roofs - Stephanie Logue

Terry D'Spain, 17, Warren Wheeler and Kenneth Welch, all three from Bandera, were injured Tuesday after-noon, Aug. 26, when their two vehicles collided nearly head-on on the Old Hondo Road approximately 1/4 mile south of FM 1077 Olxie Dude Road). It took rescurs approximately 10-15 minutes, using the "jews of life," to remove D'Spain from his vehicle. According to witnesses who arrived at the scene shortly after the incident occurred, the accident obviously involved a collision at a high rate of speed.

D'Spain was transported by helicopter to Medical Center Hospital in San Antonio where he was listed in critical condition Tuesday night. His injuries included head wounds.

Wheeler and Welch were both transported by Bandera County EMS to Baptist Memorial Hospital in San Antonio, where they were admitted with multiple injuries.

According to Department of Public Safely trooper Glen Scales who was investigating the crash, the cause of the accident has not yet been determined, but he said that 'apparently one driver failed to give adequate space to the other (vehicle).

The two vehicles collided front-left fender to front-left fender.

The Bandera Bulldogs' scrimmage Friday with LaVernia will be in Bulldog Stadium, not in LaVernia as was originally announced, Bandera coach Chris Storer said this week.

The LaVernia stadium is undergoing repairs and renovation and is not yet available for football, Storer said. It becomes the second home-field scrimmage for Bandera, who ran plays with Jourdanton in Bulldog Stadium last Thursday.

Freshmen will begin knocking pads at 5:30 p.m.

## Commissioners consider road study

#### Federal grants may be in the cards

By Janna Sandidge

Bulletin editor Bandera County Commis sioners Monday considered a request by state highway engi-neers to conduct a formal study of the county's roads and

liminary ground work for the county to apply for federal grant money for road improve-ments and repairs, according to Bandera County Judge Ray

to Banders Mauer.

"They suggest that (the study is necessary) if we are ever going to get money from the government (for road repairs)," Mauer said Monday after the meeting.

Barlier, Commissioners Court had asked the state for assistance through State Gen-ter Bill Sims and state Repre-sentative Troy Fraser, accord-ing to Banders County Com-missioner Bennie Barker. "We have saked (for nasis-tance) for the entire county as food damages are in excess of one million dollars," Barker said. "G utpgo citisens to con-tact our representatives and

lend support to the effort."

The commissioners were also told Monday by a representa-tive of the architectural and tive of the architectural and engineering first of Johnson/Dempsey and Associates Inc. that it would take some \$500,000 to do various repairs on county buildings and facilities including the courthouse and law enforcement buildings. Suggested renovations and repairs of a building in town donated to the county by Phil Becker would cost some \$225,000, Mauer said. That's more than we want to

#### Bandin PRCA Rodeo dances promise three big shows

Besides three consecutive days of action packed rodes, Banders's PRCA Labor Day Weekend Rodes will feature traditional rodes dances with music to suit every style of country listener.

Priday night's dance features local talant Dusty Britohes and his band, performing from 9-1 p.m. at the pavillon adjacent to the rodes areas. Dusty performs regularly at the Silver Dollar, and he and his band perform at many Banders awonts.

Saturday night country newcomer Mark Winston Kirk brings his Hird Guns to Banders. Kirk band recently opened the XIT Rodes and Reunion in Dalhart for Joe Diffie and Sammy Kerabaw. Kirk is currently under recording contract negotiation with a major label and hopes to be signed by this fall. Kirk will be performing his own material as well as the standard crowd pleasers.

his own material as well as the standard crownpleasors.
Sunday's dance brings to town one of Central Texas',
newest dance groups, Mike Biler and the Neon Cowboys. Biler's band combines pesterday's traditional
and westers swing with today's. He has recently performed opening shows for such tours as Lorrie Morgan,
Mike Reid and Marty Stant.
All bands are clients of music presenters d and h productions of Horseshoe Bay and seem to be kept in contineous routings throughout Texas.
Admission for all three nights shown will be \$5.00 per

### Extended hand to president

I was fortunate to attend the Republican National Convention as the guest of the family of U.S. Rep. Bill Archer of Houston. On Tuesday evening, Congressman Archer hosted a party in honor of the Republican members of the U.S. Senate and House which was attended by the President and Barbara Bush. The president was strong and vibrant, eager to tackle the challenges which lay ahead. Mrs. Bush's smile and charm brought a sparkle and warmth to all gathered. As the president left that evening, and I extended my hand to his among the throng of friends and well-wishers, I truly sensed that here was a man of ers, I truly sensed that and character and compassion.

### Labor Day weekend coming up!

PRCA Rodeo, dances, feature races and Gary P. Nunn at Bandera Downs and fund-raising barbecues are only a part of the upcoming excitement!

By Bungy Ellington

Bulletin correspondent

Can you feel the excitement in the air? The upcoming
Labor Day weekend is going to be a lallapaloon of a weekend for business and civic groups all over the county.

Banders's annual PBCA rodeo Friday, Saturday and Sunday is brimming with rodeo stars and cowboys coming from all over the U.S. to compete.

Entertainer Gary P. Nunn will appear as Banders Downs, and the track also features four days of racing, both quarterhorse and thoroughbred.

The weekend will host two annual Volunteer Fire Department barbecue fund-raisers at opposite ends of the county-one in Tarpley and one in Lakehills. Both will feature barbecue with all the trimmings, and live entertainment.

Tarpley's annual VFD harbecue Sunday

will feature barbecue with all the trimmings, and live entertainment.

Tarpley's annual VPD harbecue Sunday, Sept. 6 will be kicked off at 11:50 a.m. with the traditional parade through downtown Tarpley. Serving will begin at noon on the grounds of the Tarpley Community Center, and the afternoon's feativities will include music by Ban-dera County Sheriff R.S. "Steve" Forest and his Sher-iff's Posses Band, and an auction.

part of the upcoming excitement!

The Medina Lake Volunteer Fire Department's annual Labor Day harbecus will be held Saturday and Sunday, Sept. 5-8. To support fire flighting operations, the department conducts two barbecuses a year. Sarbecused beef brisket serving begins at 11:50 a.m. Saturday, Sept. 5, at the new central firehouse on Park Bond 37. Saturday night, the Sheriff's Posse Band will play from 5 to 5 pm. at the firehouse. After 8 pm., the fire department will serve chopped barbecus sandwiches while the sheriff fiddles.

Serving begins again Sunday at 11:30 a.m. and Delta Blue, sponsored by Bandera County Republican party sheriff's nomince James MacMillan, will play from 1 to 4 p.m.

sheriff's nominee James MacMillan, will play from 1 to 4 p.m.
The hotels and ranches are bursting at the seams the shops are stocking up on loads of extra ice, picnic good-les and tourist Hems, restaurants are hiring extra helps the dance floors all over town will be loaded, and "there'll be a hot time in the old town tonight," all weekend long!
Have fun, enjoy your friends and relatives and all the activities appoint a designated driver and make the most of this Tast hoorah of aummer, before the busy fall season officially starts.

N Labor Day let us pay tribute to the workers of America.

the men and women whose love and labor have made our country great. Let us remember those who brought it. rom a wilderness to a land of plenty with opportunity for all. Le from a wilderness to a land or plently with opportunity for all. Let us take time to reflect upon the dignity and the privilege of productive labor. Let us honor those craftmen who have taken the brain children of scientist, engineer and inventor and turned them into products of mass production. This melting pot of talent has resulted in a better life for all Americans.

Yes, strong backs, hands and hearts mined the gold in our west, laid the railroad tracks across our country and put America

west, lad the railroad tracks across our country and but America on wheels in Detroit.

On this Labor Day let us remember that even with the automation in industry today, the strength of America still lies in the strength of its work force.

# Simulcasting at Bandera Downs will undergo significant changes

By James Henry Frazar
Bulletin Staff Writer
Bandera Downs race fans
saw their last regular simulcast race from Trinity Meadcows this Labor Day weekend.
That means no Wednesdey,
Thursday simulcasting for the
time being, including this
week.

And Bandera track officials will be looking for a new source of simulcast signal and it looks like that source will be

it looks like that source will be Louisiana Downs.

Trinity is advancing its post time from 4 to 2 p.m. on Wednesdays, Thursdays and Pridays and From 2 to 1 p.m. on Saturdays and Sundays, thereby leaving little opportunity for Bandera to televise Trinity races on the weekend, since Bandera's post time is 1 p.m. Friday, Saturday and Sunday.

since Bandera's post time is 1 p.m. Friday, Saturday and Sunday.

According to Bandera Downs general manager Billy Bowers, Trinity officials said simuleasting to Bandera would not be economically feasible for the few races Bandera would be able to take, aspecially since no other track was taking the signal. Manor took the signal in the spring, but is no longer.

again to longer.

Bowers said Bandera officials are working on a plan to simuleast races from Louisiana Downs, but awaits negotiations with the Bandera

horsemen's association and the approval of the Texas Racing Commission before a go-ahead can be signaliated. But there will still be simulated races of national and historic importance.

If Louisiana Downs ruplaces Trinity Meadows as Bandera's source of simulcast races, Bandera will probably be able to show simulcast races from

Wednesday, Thursday simul-casting as soon as possible. At least Bandera race fans will no longer have to listen to Trinity's announce: — who acreams "floid all tickets" at the end of almost every race and their handicapper, "Stormin' Norman' d show — compared to the "Gong Show" — by some between the races.

# County budget process comes 'down to the wire' on Oct. 1

The clock is ticking and the Bandera County commissioners and the county judge are coming up to the deadline to finish the county's 1992-93 budget before it starts Oct. 1.

Questions of where to cut and tax increase will aloom Thursday beginning at 10 a.m. when commissioners hold a budget workshop.

Also on the agenda is discussion of tax rate and 'take record vote and schedule a public hearing.'

Also on the agenda is discussion of adding the option for the county to have a 'unit system' for county roads and a road supervisor to the November ballet.

But exactly what commissioners will act on is not quite

settled. According to Bandera County Judga Ray F. Mauer, overall the budget is "pretty well close to what we want to do."

The problem remains, though, will there be enough tax dollars?

"There is not enough money to attech around, especially with the present tax rate. We'll see if we have to cut any experience of the well be is attill somewhat premature. "The tax rate is hased on need," and Mauer. We have to first establish the need, then discuss the tax rate to meet those needs.

"We may not establish a tax rate (Thurnday)."

But a tax rate incresse may

the the only way out. "To get the same money as last year, we'd have to raise it (the tax rate) because our tax base has gone down," said Mauer. Commissioners will also dis-cuss putting the unit road sys-tem on the November general election ballet. The county presently has four separate road crews— based on the commissioner' precincts— each hasded by a forman, each with their own equipment, and each super-vised by the commissioner of the precinct. Under the unit road system, all the precinct workers and precinct sequipment operates as one organization headed by

Dear Editor,
I would like to give some additional information to what was printed in the wonder mation to what was printed in the wonder-ful article last week written by Stephanie Logue. There is an existing program which serves those children in Bandera County which qualify for an early childhood educa-

The class is called the "multihandicanned the class is called the multinanticapped class"and has a wonderful teacher, Kathy Gardner, and several aides. Kathy has her early childhood certification and is qualified to teach an early childhood class. However, she will be the first to tell you that her teaching situation is less than ideal. This class is located on the Jr. High school campus and includes children of all ages and needing a huge varitey of services. Many of the older children have been with Kathy ted to seeing that they receive the higest quality life skills and vocational training possible in order to reach their full poten-tial as adults. Her class has a wonderful success rate in this area. You can imagine the time and energy it takes to put a cohesive vocational/ life skills program together AND manage it successfully, which Kathy does with true style.

However, you can also imagine being entrusted with the education of SEVEN more younger children whom ALSO have intensive learning needs at the same time! No way is this a fair shake for Kathy and her staff, or for the children she works so hard to serve! Bandera must find a way to over to the elementary campus, but must also hire another teacher who can focus her

year,old range. The other is the logistics involved in the time, energy and disruption of the school day for these children who are shipped back and forth.

You may wonder why I am even address-ing this issure at all since my son, who is blind with learning disabilities, is already 10 years old. Yes, I am a busybody! But, I am also sympathetic to the parents whose young children are in desperate need of the above changes. It is such a demanding, frustrating and ENDLESS job just dealing with the day to day needs of a handicapped child. Sometimes fighting for the appropri-ate services for your little loved one is just one straw too many for a young parent's back. I sincerely hope that the school district will seriously consider hiring this much needed extra teacher and placing these children in the location where their total needs can best be met.

Prior to the exercise class a group has been arriving at the center at 7:30 a.m. and walking a mile or two before the class. If you would like to join us, be at the center wearing your comfortable shoes each Monday, Wednesday, and Friday.

In recent columns I have

stated that we are working on ses at the Silve Sage Corral. Mrs. Maple Work. What really sets this class apart from others offered at the center is the fact that it will be held each Monday evening at 7:00 p.m. There is no age limit, so this means anyone can come and learn to quilt. We must have a miniim of twelve to make maximum of twelve, to make this class a workable one. The first class will meet on Mon-day, October 5, and each Mon-day thereafter through

One of the favorite events is the Early Christ-mas Ideas program. It will be held Tuesday, Sept. 15 in the Turpley achoolhouse starting at 10 am. There will be a covered dish huncheon immediately after the demonstration.
The Extension Homennakers are a vivacious.

group of intelligent women who take advantage of the researched programming available through the Texas Agricultural Extension Ber-vice. The Bandera County Extension Home Eco-nomics agent teaches these skills to improve

the family, the community and the self.
Club members attend trainings given by the
county extension agent-home economics. They
are then certified volunteers who go to others and spread the knowledge.

The diversity is evident in their training and

knowledge of recycling/waste management, health and well-being through nutritiou pro-grams on fats, cholesterol and the USDA

Entries for the 1992 Bandera County Hay Show
should be turned in to the Bandera County
Extension office or Soil Conservation office by Sept. 10. The show will be held Thursday, Sept 24 at Mansfield Park.

24 at Manafield Park.
At least 1/2 bale (square bales) or a large trash-bag (about 20 lbs. for round bales) is needed for each sample. Classes for the hay show include: Class I- Coastal Bermuda-dryland; Class II- Coastal Bermuda-irrigated;

Class III- Other Bermuda:

Class IV- Other Perennial:

Class V- Mixed grasses; Class VI- Summer annual grasses; Class VII- Winter annual grasses;

Class VIII- Legumes.

Inclinectly leads to A Bandera Deputy's suspicion of a burglary victim's behavior indirectly led to the eventual arrest of that victim as a major drug trafficker. It seems a lake area man filed a burglary complaint with the Bandera County Sheriffs department in late July and Deputy Rick Guerra was sent to investigate. Guerra interviewed the victim and was told that among other things, six to eight guns were missing and a Visa credit card was also stolen. Through investigative processes officials found that the eard had been used to order items which were to be delivered to a Bears store in Georgetown. The local police were informed and a sting was set up. Sure enough, in walked a man who attempted to use the stolen card and Geor victowa police arrested

County jail. But the story doesn't end there.

While questioning the burgiary victim, Onerra noticed that the man was "nervous and protective of his property." The deputy gathward his information and left but the attitude of the victim stayed in Quera's sind. He reported to his superiors that "something just didn't seem right about the man." As the investigation progressed a person who was questioned in regard to the burgiary also provided information that caused officers to remember that suspicion and to look into the doings of John Vernon Petty, victim of a thief and now, also an accused drug dealer.

## They disagree with Brady

Sarsh Brady last week (Sept. 9, 1992). I would like to state that more os-called "gun control laws will not help. What we need is a "crime control" bill that punishes the offender and keeps them there. The waiting period called for in the "Brady Bill" will not help, crooks don't care about gun Iswa, most of them do not obtain them legally anyway.

If you'll look at her address and check, you will find that Washington, D.C. has the strictest gun-control laws in the U.S. It also has the highest murder rate in the U.S. New York City is another good example of gun control at work. Gun control only disarms the honest citizen and helps outlaws.
She states that most law enforcement officers

officers know that it will not help. They have citizen contact every day and know that they cannot be everywhere at once. Look at the Cali-fornia riota, the only property not looted was property where owners were there protecting it with guns and their own lives. The police and National Guard had their hands full.

National Guard had their hands full.

So call your Representatives and Senators and tell them how you feel and don't let them push more control down our throats. We already have enough laws protecting the criminals and their "rights", we need laws so the honest citizen can at least protect their own property.

Raymond Adamietz

Brady supports the total confiscation of all finearms.

Let's ask the residents of New York or Los Angeles if they are asfer. During the riots, thousands of people were denied the means to protect themselves. Washington, D.C. has bandera the possession of handguns for years, yet it leads the nation as the number of murders.

I would suggest that what America needs is to get tough with criminals, and support curright to keep and bear arms. The National Riflet Association (NRA.) has always been the leads the nation of democracy. The NRA can be reached at 1-90-368-8714.

Like a good neighbor. State Farm is there

An eighteenth-century German philosopher, Johann Schiller, cnce stated, "He who neglects the present moment throws war a least of the present moment throws the present moment throws the present moment throws the present was easy. It was easier when the children were little," or we say, "Everything will be better, once the children are grown, or I get that raise, or pay off the mortgage," But as Daphne Du Maurier reminds us in "The Scapeopot," The future begins today. This throught reminds me of the story of a woman who was being unged by a freed to obtain her family history so the could become a member of a particular organization. She thanked her friend and said, "Its important to know who your ancestors are, each in proud of mine. But I'm too busy now trying to be a good ancestor for my grandchildren. In this I'll wall!

The only time we have is the present. We need to adjust to this fact and isens to live, making the best of the time, and transhing Goot. This makes each todge worthwhile....

Justice Ron Carr Court of Appeals

Dear Bandera County Voter,

In 1988, you elected me to the Fourth Court of Appeals by giving me your vote of confidence.

All Texans deserve to have judges on our Texas courts, with the highest integrity, honesty and experience, who merit your highest confidence. You need to know and understand our Texas court system so that you can always know that your confidence in our courts is justified.

Thave served as a Judge in several of our Texas courts for almost fourteen years. With this experience in mind, I'll be visiting with you over the next several weeks about our Texas Courts of Appeal and my service as your elected representative.

I hope these visits will give you a better under-standing of our Texas courts, which will result in a better system of justice for all.

I'm proud to serve as your rural Judge on the Texas Fourth Court of Appeals and to be your voice of experience and integrity.

# **FORFEITED LAND SALE**

The Texas Veterans Land Board will conduct a sealed bid sale on 550 forfeited tracts of state land at 1 p.m. Oct. 27, 1992.

- Only qualified Texas military veterans are eligible to participate. The Texas Veterans Land Board will finance the full amount of winning bids with no down payment at 7.99% interest.
- ☼ Located in 128 counties (with the majority in East, Central, and North Texas), tracts range in size from 5 to 66 acres.

## **Home Loan Update**

Texas veterans can now receive \$45,000 home loans at 6.99% interest, 30-year financing on a fixed-rate note through VLB lenders. Veterans who want to buy a home costing more than \$45,000 can combine a Texas VLB loan with a FHA, VA or conventional loan to get lower monthly payments.

Utopia schoolboard member Mark Hall pours sealer for Scott Johnson of Australian Court Works, Monday, Sept. 14 as work nears completion on a new tennis facility.

# Tennis courts at Utopia school near completion

Workme are putting the (re)-finishing touch on two tennis courts at Ulopia school. According to Utopia local Lyan Scotty, two existing asphalt courts are being upgraded with new green surfacing, new neets, wind scross, bleachers and lights. "we've been living with two old...tatered...courts," said Scotty-Two of our girls won district in doubles last year...just think how far they will get next year with real courts," she said.
