the Texas A&M University System have begun the first phase of a project involving the aerial distribution of oral rabies vaccine bait in south Texas.

The hope of the USDA and the Texas Department of Health is that the serial program will be effective.

"It costs \$100 per sample for the State to process tissue to test for rabies," said Nightingale. Because of the cost, it is recommended that the sick animal simply be destroyed without sending off the tissue for testing unless there has been juman contact.

"Dog, cuts and no there are, said Nightingale. "It's important to realise that even bease pets go out for periods of time, and in that time they can be exposed to the virus."

Texas legislators have large cash balance to deal with

When the Texas Legislature convenes Jan. 10, lawmakers will have a luxury they haven't seen in a long time: a \$2.2 bil-lion cash balance," State Comptroller John Sharp said. Almost every state ended its 1994 fiscal year with a balanced budget except for California and Hawaii.

Hawaii.
Texas' \$2.2 billion surplus at the end of the 1994 fiscal year was by far the largest of any

rent biennium, Sharp caplained.
The success of the Texas Lottery has contributed to the surplus.
Nearly \$800 million in lettery proceeds went into the state!s general revenue fund during the 1994 faceal year.
Lawmakers should have little trouble providing all of the necessary services and avoiding a tax increase, but they can't do it without adopting sizes of the \$2.1 billion in money-saving suggestions contained in "Gaining Ground, the latest Texas "Performance Reyiew"

report," Sharp said.

Job growth is spurring the growth is spurring the concernity recovery in Texas and other states. More than half of the states exceeded the national 2 percent job growth rate between June of 1993 and June

What is Money?

Edna Fay and Dean Wilson, my great aunt and uncle, were around the 3rd or 4th grade when they were walking home from chool one day. Dean told his dad they had seen a check in the road. His dad questioned him as to its size color shape and what it had on it. When Dean had described what he had seen, his dad took him back up the road to where he had seen it, It was then they discovered a \$1 bill in the weeds. Later in the week his dad took Edna Fav and Dean to town and bought them a pair of striped overalls and a dress with 2 cents left over. Up until this time they had never seen money and still did not know what a check was.

A Thought For The Week

by John M. Grimes

We like this saying by Daniel Frohman: "Half the secret of getting along with people is consideration of their views; the other half is tolerance in one's own view."

It seems that today to many people tolerance means, "I will go my way with me beliefs, my ideas, my views and you go your way! Let us not annoy one another with dissent or arguments." Is this true tolerance? Of course not ... This is a

understanding, and love. It does not condemn, but lifts up. It behavies toward other with respect and helpfulness. It never tries to get the better of those a little more unfortunate, and it is even willing to sacrifice that others may rise to higher levels.

An old chinese proverb says. . . Deal with the faults of others as gently as with your own.

Bulletin Stoff Writer
James Stewart, superintendent of the
Banders School District, is uniquely qualified to know the school system from the

naide out.

After all, how many school superintendents can say they have worked as a school custodian on their way up the administra-

custodian on their way up the sammaru-jive ladder? "It's an advantage, because it helps me remember that there are people other than just teachers and administrators working here," Siewart said. Siewart worked as a custodian in the summers while his wife, Sherry, was still in college and money was

tight.

Stewart has amassed 25 years of experi-ence working in public school administra-tion. During that time he has been a coach, teacher, assistant principal, inter-im superintendent, superintendent and, of course, a custodian. He also has driven a school bus on the occasional field trip or to a scorting event.

One time when our children were small, the Civil Defense called, telling us to prepare for a tornado, spotted S.E. of Leakey and headed toward Vanderpool, and headed toward Vanderpool, and that's when we used the lit-tle house for a refuge. Bill (our youngest, and a baby) was sound asleep and we put him in the cardboard box in the cement nouse. He slept through the whole deal. If the tornado came over us, we surely were not aware of it, and returned safely

Game wardens share unusual illegal hunting stories In early December, Raymond Kosub, Jasper County game warden, received word that a hunter on a lease in Newton County had killed an illegal deer and alipped it out of the Jases.

November and December may as well be labeled the months of the deer. That's what keeps the attention of state game wardens during the winter throughout much of the state.

An old Turkish proverb states: "Who gossips to you will gossip of you." So much of what we hear about somebody is usually exaggerated. To repeat it only adds further exaggeration.

Robert Louis Stevenson once said: "There is so much good in the worst of us, and so much bad in the best of us, that it behooves all of us not to talk about the rest of us." We're sure you have all heard this much quoted saying. You probable have also heard: "If you can't say anything nice about someone, don't say anything nice about someone, don't say anything at all." There is much wisdom in this advice because much damage can be done by gossip unintentionally or intentionally.

It isn't the things that go in one ear and out the other that hurt, as much as the things that go in one ear and get mixed up before they slip out of the mouth!

An old Turkish proverb states: "Who gossips to you will gossip of you." So much of what we hear about somebody is usually exaggerated. To repeat it only adds further exaggeration.

Robert Louis Stevenson once said: "There is so much good in the worst of us, and so much bad in the best of us, that it behooves all of us not to talk about the rest of us." We're sure you have all heard this much quoted saying. You probable have also heard: "If you can't say anything altoe about someone, don't say anything at all." There is much wisdom in this advice because much damage can be done by gossip unintentionally or intentionally.

unintentionally or intentionally.
It isn't the things that go in one ear and out the other that hurt, as much as the things that go in one ear and get mixed up before they slip out of the mouth!

Got a Tiger by the Tail...

My great great grandmother, Nancy Isabell Pace Milner, and my great great aunt Lillie were at their log cabin home

A big mountain lion came up to their cabin and tried to get in. He stuck his tail through a crack in the cabin and my aunt grabbed his tail. She wrapped his tail around her hand and put her feet up against the cabin wall.

My grandmother took the iron and ran around and beat the lion to death.

A Thought For The Week by John M. Grimes

Did you ever put something in the wrong place and onder later where it was? Of course you have. We all ave. Sometimes when the things show up, we ask the silly uestion, "How did it get here?" We know the answer. It got

question, "How did it get here?" We know the answer. It got there because we put it there. Similar reasoning can apply, in a way, to religion. People put God in the wrong place. It may sound peculiar, but we can put God in the right place. It can never be said we can put God in his place, if we want to. And this is said without "ament alecky" seamantics. We know God is in heaven. But he is elsewhere too. Instead of placino, bin in the uncharted reas "way up there."

But one family has found a number of ways to conserve the most precious resource and raise the level of their well with-out going to a lot of expense. We'll call them Jack and Dee, since they are shy of publicity and don't want their real names used, and they live in the cen-tral area of the county, on less than 10 acres on a hillside. During dry spells, they go to extreme conservation methods that include washing dishes in

yard.

Buckets are placed in the shower to catch some excess water, which is also used to water plants or to flush the

unnecessarily, even for a moment.
When Dee showers, she wets down, turns off the water and soaps up, then turns the water back on to insee off.
Outside, Jack has done a lot og et grasses, especially KR Bluestem, started in the bare spots on his "ranch."

The reason behind the gates, of course, other than the by-product of snob appeal, is safe, y. And that is a real concern. Your family's safety is first and foremost regardless of where you live or what lifestyle you can afford.

Affluent Mexicans have had to deal with the problems of crime for as long as anyone can resembler.

much rather have the voter wrath directed at the poor than to be feeling the heat that they would get from lowering inter-est rates and causing double digit inflation.

When a country's economy is eroded to third world levels don't be surprised to see third world problems unemployment, inflation, crime, and on and on. Porgive. I have discussed from sexchained communities.

In addition to being a gasted community "The Dominion" has great snob appeal just in its name.

The Dominion is that excha-sive community set on top of a hill overlooking the poons on 1-10 between San Antonio and Hoorna.

had pneumonia before," says Womack.

Womack says early treatment is the key to quick resolution of codar fewer. At the first sign of the sinus pressure, sneesing, runny nose, and scratchy threat, you should begin antihistamines, decongestants and increased fluids.

"The trick is to keep the sinusee and airways open and the secretions thin. Some people recommend vitamin C and in moderate doses this may help the body to fight infection off," says Womack.

The doctor cautions that if other more serious symptoms develop, or if you have other bealth problems, then the earlier you seek medical care the soonser you will feel better.

authority to regulate outside of subdivisions. Kenneth Tidwell, another citi-sen, asked the court "how many people have been killed or unjured in these circum-stances?" He suggested that such regulations should be included in deed restrictons.

In response to a citizen's question, Schneider said that contiguous lots of under 10 acres owned by one person would have to be re-platted to qualify as being over 10 acres.

Commissibner Bennie Barker moved that the court rescind the Dec. 14 order and remand the creder to the Country Attorney, the Country Judge and a committee for study and re-consideration. Commissioner Ralph Chancy seconded the motion and it carried unanimanaly.

Judge Basser stated that in the fluture the court would attempt to do a botter job of keeping track of proposals and inferming the public bedure passing ordi-

We have all heard the expression, "It's the little things that count." With this thought in mind, we would like to share with you this story. . .~

It is about an older gardener who, while laying a stone wall, was asked by the owner why he used so many small stones along with the large ones. "It's like this," he replied. "These stones are like men. Many small men, like me, are needed to keep the big ones in place. If I leave the small stones out, the big ones will not stay in place, and the wall will fall. Many big men forget this and their wall falls down."

"It is the little things that count. What is it that keeps the earth fruitful--that is, that keeps the soll which we depend on from producing vegetable life from becoming sodden and unproductive?...Earth worms!...Edward Yeomans.

regular household trash and put them in your blue bin.

Place your filled blue bin on your curb along with your regular household trash. BFI will provide curbside pick up of your recyclable materials on your collection day.

Dear Citizens of Bandera,

Beginning February 24, 1995, your garbage collection service will take on a whole new look. The service will be transferred to Browning Ferris Industries.

This means some changes that we think you will find are for the best. Here are the details.

THE NEW SYSTEM

For many families, get-ting those overstuffed cans and bags to the curb for collection is a real hassle. They are just too heavy to handle. BFI's new toter cart will lighten your trash day load. Your new toter cart holds up to 95 gallons of garbage, replacing about five 20 gallon cans. The easy rolling cart features a permanently attached lid eliminating spilled or blown trash,

and it resists entry by animals.

Please make sure that the cart is not obstructed by parked cars, trailers or any other objects, etc....

Important: All of your trash must fit inside your cart with the lid completely closed. THE NEW SCHEDULE

What does this mean to residents? Once a week on your schedule pick-up day, just roll your toter

points.

Rattlesnake Killer

My great aunt Elsie lived in Mason County throughout her whole life on the Premier Ranch, Her yard was all dirt and sand with no grass at all. She would go out every day and rake the ground so that she could see where the rattlesnakes would crawl through the yard. When she would find their trail, she would track them down and kill them with a hoe. Aunt Fise did not have a car or a telephone and once when she was bitten by a nearest neighbor so that they could take her to the hospital. She survived.

- Place your filled blue bin on your curb along with your regular household trash.
- BFI will provide curbside pick up of your recyclable materials your collection day.

Dear Citizens of Bandera,

Beginning February 24, 1995, your garbage collection service will take on a whole new look. The service will be transferred to Browning Ferris Industries.

This means some changes that we think you will find are for the best. Here are the details.

THE NEW SYSTEM

For many families, get-ting those overstuffed cans and bags to the curb for collec-tion is a real hassle. They are just too heavy to handle. BFI's new toter cart will lighten your trash day load. Your new toter cart holds up to 95 gallons of garbage, replacing about five 20 gallon cans. The easy rolling cart features a permanently attached lid elim-inating spilled or blown trash, and it resists entry by animals.

Please make sure that the cart is not obstructed by parked cars, trailers or any

other objects, etc....
Important: All of your trash must fit inside your cart with the lid completely closed.

THE NEW SCHEDULE

What does this mean to residents? Once a week on your school-ule pick-up day, just roll your toter

out to the curb by 7am.

BFI will be observing the following holidays: New Year's,

Thanksgiving and Christmas.

The new toters will be delivered the week of February 20th.

The billing and collection of the fees for the service on both

commercial and residential will be handled by the City of Bandera. You will continue to pay your bill at City Hall.

BUSINESS ACCOUNTS

What does it mean to commercial business? Depending on the amo of trash your business generates will depend on the SIZE and NUMBER of carts you will need. Remember to be collected once a w Cost of this service will vary depending on the service selected.

We're proud to join the Bandera community, and look forward to serving Bandera citizens.

skills. Under the guidance of
VisionQuest 'parents,' youths
deal with the issues of abuse.
Treatment plans for each
youth are tailored to meet spetific physical, educational, psychological and behavioral needs.
By the time a teenager makes
it to the wagon train, they have
already undergone 6-8 months
at what is called Impact Camp.

A Great Name!

When my father's grandfather was on the boat coming to America from Poland, he decided to change his name so American people would not think he was a foreigner.

Because of this he opened the Bible, closed his eyes and placed his finger on an unknown word. His finger landed on the word Joseph. It was the Christmas story about Joseph and Mary traveling to Bethlehem

When he got off the boat, he signed all the American citizenship documents under the name of N. Joseph, and that's what he went by from then on.

WHAT IS A CHRISTIAN?
Just try it. Just try walking down
Main Street and see if you can tell. Can you
tell who is and who is not a Christian?

Bible
Speak "I who is and who is not a Christian? Sometimes it's not so easy to determine. In the first century, it was much easier to know who a real Christian was. I mean, real Christians were getting thrown to the lions and losing their heads over their faith. How world what a real Christian is?

world what a real Christian is?
What does it mean to be a Christian? Are we one if our parents or grandparents were "religious?" What about if we were simply born in the United States? Does that prove that we are real Christians? What if we are just one of the masses that can be found in any church across the country come Sunday

real Christians? What if we are just one of the masses that can be found in any church across the country come Sunday (or as some prefer, Saturday)?

Let's first look at the definition of the word Christian. It simply means: to be adherent to Jesus, the Christ (W.E. Vine Greek Dictionary). The word adherent gives us the idea of being Christ-like, resembling Christ, or, in its purest sense, being stuck like give to Jesus.

Secondly, let's see what 'God's word, the Bible, has to say about the question, "What is a Christian?" In Acts 11:26, we learn that the word Christian was used in reference to the clickless. A disciple is a learner or pupil. It is literally, 'one who follows one's teachings' (Thayer's Greek English Lexicon). So we can see that a Christian is one who follow Christ and not just his own desires. It is a person who not only believes God (even the demons believes and tremble-James 2:10) but who desires to obey Him. That's how you can lell who the real Christians are; if they obey God! How do we do that' We follow the teachings of Christ and we become more and more Christ-like. We become Christian!

Come sorroble with us at 10:30 am. Sundeys at the Church Christ. Located on Hvy, 16 & Vanderpool Road, Medina, Texas and let us assist you in obedience to the gospel. Write to HCR 1, Box 45, Medina, Texas 78065.

To Our Friends:

We, the family of Lois "Sam" Raser, wish to thank all our friends for their support and kindness during the recent illness and loss of our beloved wife and mother.

The beautiful flowers, food, cards, donations, prayers and comforting words helped us through this tragic event and reaffirmed our faith in God. Your thoughtfulness and responses show

that "Sam" was truly loved by so many wonderful friends, as well as her family.

Memories of her shall live forever.

Quest....cont. from p. 1

The program is funded through the county that the teenager comes from. An estimated \$40,000 to \$60,000 is spent on each child as they complete the Vision@uset program.

The majority of our kids leave here with a high school diploma, Johnston said, adding that the Vision@uset program.

The kids take five hours of instruction daily in regular subjects such as math, English, history, science and an optional Bible study.

Since they are all at different places in their learning, three is not allowed the study.

They gat a lot of individual with the study are traveling, setting up or the study are traveling, and they are traveling, setting up or the study.

The group is on the road five days a week, and they cover from 15 to 20 miles a day. There are 10 covered wagons pulled by muchs. Everybody has four mammoth tee-pees that sleep 20, or to take care of the animals.

There is one adult for every two kids on the train, Johnston anys they read the money.

Everybody that works here

Everybody that works here

"Everybody that works here makes a commitment to us and for the kids, just to be here for the kids," Johnston said. "It's a 24-hour deal, and they make only slightly above minimum wage."

Most of the adults do get two days off every week, and VisionQuest pays for them to spend the time off in a botel.
The quest is comparable to a rite of passage, enabling the youth who conquers it to gain self-esteem, and deal with sees of the basic problems facing today's seciety.

VisionQuest monitors each kid for five years after they leave the program, and they report a very high success rate.

We want to thank the hundreds of people in the community who attended Winnie's memorial service, sent flowers and cards, visited and phoned to express their concern. It is won-derful to be part of a community that is so earing. Winnie had 89 wonderful years as a teacher, wife, mother, grandmother and finally great-grandmother. She loved her students, friends, family and God. We hope that her life will-

inspire many to do their best.

TRASH DAYS WILL BE A LOT EASIER WITH THESE TWO SERVICES FROM BFI.

With the BFI Cart System, you can dispose of more the curb on collection days:

- Cart holds up to 95 gallons of garbage, replacing 5 20-gallon
- cans.

 Easy rolling-cart design features permanently attached lid.

 Resists entry by animals and eliminates spilled, blown trash.
- Saves money-no costly plastic bags, no worn-out garbage cans to replace.
- BFI will deliver your cart and replace it for FREE if it become damaged.

Recycling gives each of us the opportunity to conserve natgarbage with fewer trips to ural resources, energy, and most important of all-valuable landfill space:

- · BFI will deliver your new
- recycling bin to your curb Just separate newspaper, glass containers, aluminum cans and plastic 2-liter soft drink bottles and milk containers from your regular household trash and put them in your blue bin.
- Place your filled blue bin on you curb along with your regular household trash.

 BFI will provide curbaide pick
- up of your recyclable materials on your collection day.

Dear Citizens of Bandera,

Beginning this Friday, February 24, 1995, your garbage collection service will take on a whole new look. The service will be transferred to Browning Ferris Industries and will only be picked up once a week.

This means some changes that we think you will find are for the best. Here are the details.

THE NEW SYSTEM

For many families, getting those overstuffed cans and bags to the curb for collec-tion is a real hassle. They are just too heavy to handle. BFI's new toter cart will lighten your trash day load. Your new toter cart holds up to 95 gallons of garbage, replacing about five 20 gallon cans. The easy rolling cart features a permanently attached lid elim-inating spilled or blown trash, and it resists entry by animals.

Please make sure that the cart is not obstructed by parked cars, trailers or any other objects, etc...

Important: All of your with the lid completely closed.

THE NEW SCHEDULE

What does this mean to resi-dents? Once a week on your sched-ule pick-up day, just roll your toter out to the curb by 7am.

BFI will be observing the fol-lowing holidays: New Year's,

Thankogiving and Christmas.

The new toters will be delivered the week of February 20th.

The billing and collection of the fees for the service on both commercial and residential will be handled by the City of Bandera. You will continue to pay your bill at City Hall.

BUSINESS ACCOUNTS

What does it mean to commercial business? Depending on the amount of trash your business generates will depend on the SIZE and NUMBER of carts you will need. Remember to be collected once a week!

Cost of this service will vary depending on the service selected.

We're proud to join the Bandera community, and look forward to serving Bandera citizens.

If you should ever have a question or concern about your service, please

penalties for cattle

theft, fence cutting

In its ongoing effort to represent the diverse interests of cow-calf producers, the Independent Cattleman's Association of Texas (IcA) is endorsing efforts to strengthen Texas laws against fence-cutting and cattle thest, while promoting a move in Congress to cut estate taxes.

Each of these issues is expected to be considered by lawmakers next year.

When we're adults there is work, work, work, and car main-tenance. Of course let's not leave out that we have to work long hours because of the house payment, car payment, sports stuff payments, dothing payment, and 'boy, those kids sure can eat.' Sleep?'
When we're middle aged adults everything needs mainte-nance; house, car, kids allowance and our health. Our finan-cial security necessitates work, and temember the kid's college tuition. Sleep (O can't, it worry too much.

When we're older, our financial security is "social" security which is no security at all, so we work part-time. Then we are helping the kids with their kids, doing the necessary maintenance on the worn out stuff, including the old body. Tired and trying to sleep but it's too noisy.

Anything in this sound familiar? We are busy, active people. There is ALWAYS something the old. AUWAYS somewhere to go, ALWAYS something that needs to be done. When will you have time to stop and face the reality of life's purpose, and

have time to stop and face the reality of life's purpose, and eternity?
You must TAKE the time! Jesus asked, "Is not life MORE than food, and the body than clothing" (Matthew 6:25) Our life has a purpose that is greater than just doing things that continue life, life eating "food." How is your life "MORE than food," We must answer this question. Take the time, NOW! You don't law? all the time in the world. "STOP PROCHASTI-time to day." Bandera Downs rooted in **Hill Country history**

Constructed in 1964 and named Lost Valley Downs, Bandera Downs was first operated as a part of Lost Valley Ranch and Old Western Town located

The track itself is a seven-furlong oval with a six furlong chute, a 550-yard chute and a 990-feet stretch length (distance from final turn to finish line) and an 80-foot width. Backside stable accommodations number 980 stalls. Seating capacity in the Jocksy Club is 350, Turf Terrace Club accommodates 650, and the sheltered grandstand seats 1800.

Total cost of material for the grandstand was \$11,000 with a total labor

cost of \$2,500 in 1964. Ownership of the track passed through several hands over the years until its current President Stan Scruby and a partner purover the years until its current reesident Stan Scrupy and a partner purchased it in June of 1984. Chairman of the Board William N. Allan came on board as majority stockholder in 1990 when pari-mutuel wagering became a reality in Texas. Former Lt. Gov. of Nevada and owner of Casino/Entertainment Complex Management Group, Robert Cashell, joined the ownership of Bandera Downs in 1995.

Bandera Downs is the longest continually operating horseracing track in Texas, and is considered the "Grandfather of Texas Racing."

ANDERA DOWNS IS THE LONGEST CONTINUALLY OPERATING HORSERACING TRACK IN TEXAS, AND IS CONSIDERED THE "GRANDFATHER OF TEXAS RACING."

Bandera is known as the "Cowboy Capital of the World," with the great-est concentration of Dude and Guest Ranches and Resorts in the state.

A destination resort, the area offers abundant natural ecology, a huge number of exotic animal venues within a 30-mile radius of the town, legendary dancehalls and saloons, water sports, golf and other recreational activities. Clean water and great climate are also part of the Bandera

Experience.
The Hill Country State Natural Area and the Lost Maples State Natural Area are near Banders. Many RV parks and campgrounds are available, as well as hotels and motels, bed and breakfasts, and condos and cabins.

Bandera County features rodeos, museums, arts and crafts, woodworking, blacksmithing, cook-offs, trailriding and the overall authentic Cowboy

experience.

The Apple Capital of Texas in Medina is a fascinating feast for the eyes and tastebuds. Mile after mile of apple orchards produce numerous varieties of the fruit, and the annual International Apple Featival attracts over 200,000 visitors each year. Medina Lake, the Medina River, and the Guadalupe River promise great fishing and various water sports.

It seems that when he was in the first grade, he asked for and received a cowboy hat and a pair of boots, not the usual attire for your typical Indiana resident. Although the hat was extremely ugly (black and the hat was extremely ugly (black and white checks) and so large that he could brely spin it around his head (even after be had packed the rim with newspaper) he still wore his "cowboy" dothen with pride. training horses and all that it entails. He felt more sure about his spititude for business, and so decided to move into the management and of racing. Coming in through the back door gives Elmore a unique perspective in his job. He understands the problems encountered by the trainers as well as the concerns of the horse owners. Thope that I can be more fair, he said. "Sometimes at racing facilities there seems to be a lot of friction between management and horsemen - that doesn't happen here."

The thing that I am really blessed with here is an excellent staff, "Elmore said. They make my job easier and I'm real proud of them."

He has never taken his job lightly, however, and credits his parents, and especially his father, with instilling in him the desire to give 100 percent to whatever he undertakes.

Love of horses wins respect for female trainer

harlotte Calhoun is a woman working in a man's world. But, she says, her love of horses has made it possible for her to win the respect and admiration of her male co-workers.

Coming from a family of horse-trainers, it was not sur-prising that Calhoun chose to follow in the footsteps of her father and grandfather.

Calhoun knew from an early age that horses were going to play a part in her future. She grew up on a ranch in the Blanco area, and learned to rodeo. Later she attended college at Southwest Texas State University in San Marcos, paying for her tuition

by rodeo scholarships. She graduated with a degree in agricurnalism.

66My WHOLE THING IS THAT I LOVE HORSES, AND I LOVE GIVING TO THEM BECAUSE THEY GIVE IT BACK." CALHOUN SAID.

"My whole thing is that I love horses, and I love giving to them because they give it back." Calhoun said.

She has worked as a professional horse trainer since 1985, and went independent in 1991. That's when she had to prove that she could make it

in a world dominated by men.

"You get tough real fast," she said. "A lot of it was just earning their respect and proving that you are a horseman."

Calhoun insists that she is not a woman's libber.

"I like my door opened for me," she said, "but it's nice to get the credit when your horse wins."

Calhoun trains both quarterhorses and thoroughbreds, and works seven

days a week from before sunrise till dark or after.

"It's very demanding," she said, "if you don't love this, it'll kill you." But for someone like Calhoun, who says she has "horses in the blood," it's the only way to live.

Jockeys reach out in caring

The "Jockeys in the Community" program begun at Bandera Downs in 1994 was an immediate success

Small in stature, but large in heart, these athletes visited hospitals, chil-dren's homes, shelters and schools, dressed in full silks including boots.

Banders Downs furnished free posters of the 1994 jockeys-for the chil-dren, personally autographed and distributed by the jockeys. The riders brought equipment to describe and demonstrate for the interested sudience.

Saddies, girths, helmets and goggles, and safety vests were available for the kids to touch and examine.

The jockeys receive no payment for these visits, which are scheduled between workouts and race days.

"Jockeys in the Community" was established by Wendy Parenti, market-ing assistant at Bandera Downs, whose husband is Jerry Parenti, Jr., one of

ing assistant at Dimes in Lorents, whose indicated in the first jockeys to participate.

Scott Orm, Johnny Maldonado, Russell Brown, Tad Leggett and many other jockeys are involved in this program. Many of these participants have overcome great obstacles in their own lives to become role models for others.

This program seeks to familiarize the public with the beauty, heart and

The Voice of Bandera Downs

Dave Culver is Bandera Down's pop-ular Track Announcer. Starting mid-season last year, Culver is famil-iar with every facet of horseracing.

His parents owned and operated Ruidoso Downs and La Mesa Park in New Mexico in the 1960s and '70s. As a boy, Culver functioned at every racetrack job from stall-mucker to clocker. During this period, he watched many legendary quarterhorse runners. like Jet Deck, Easy Jet and Goetta. The Culvers successfully promoted the first \$100,000 + thoroughbred stakes event in the Southwest. the Land of Enchantment Futurity in 1967 at La Mesa

The highlight of Culver's youth occurred when family-owned Tonto Parr won the Kansas Futurity and was voted the A.Q.H.A.'s Champion 2-year-

Probably the youngest individual ever to make the leading quarterhorse breeder's list, today's Culver remains today committed to the success of the

sport of horseracing.

Culver's technique in the announcer's crow's nest includes the use of common crayons, spot memorization and absolute focus.

With high-powered binoculars trained on the gate, Culver keeps a color-With high-powered uncoulars trained on the gate, Curver keeps a color-coded program for handy reference. The crayon color-codes help Culver identify horses with only a glance.

From his signature "They're off!" to the announcement of the official

placing, Culver is the consummate professional, providing the important and entertaining link between the action and the fan.

Add to your fun at Bandera Downs by wagering on your favorite horses. Here are some ot the more exciting possibilities:

The Daily Double: Win by picking the two winners of the two designated races. Largest Daily Double pay-off to date: \$6,036.40 on a \$2 wager.

Quinella: The most popular bet at the track - won by picking the first and second place horse in either order. Largest Quinella pay-off to date: \$680.40 on a \$2 wager.

Exacts: Win big by picking the horses finishing first and second in exact order. Largest pay-off to date: \$1,353.60 on a \$2 bet.

Trifecta: Big jackpot potential! You'll win by picking the top three winners in exact order of the designated Trifecta race. The biggest Trifecta pay-off to date was a hefty \$10,903.

Twin Trifecta: a wager with a wallop! Pick the top three winners in exact order of both Twin Trifecta races. The largest Twin Trifecta payout to date paid off a monstrous \$206,609.60.

Superfecta: A super pay-off. Win by picking the first four horses in exact order. Largest Superfecta pay-off to date: \$21.416.80.

Pick-3: An exciting way to win big! Win by picking the winners of three consecutive races. Largest pay-off: \$1,951.40 on a \$2 wager.

Tex-6: New to Bandera Downs this year! Win big by picking the winners of six consecutive races.

A Cowboy Poet

My great grandfather, E.E. "Tex" Spencer was me ried at the courthouse in Bandera in 1907. He was a poet and a cowboy who wrangled on many ranches. In a book of his poems is this one about Bandera, written in the early 1900s. Most of his poems were about him and his life and family.

Finally the firefighters who time and sigain respond from everything to an unattended campfire to may incidents and then go to work with little or no aleep. I guess the point of this sleep. I guess the point of this letter is that sometimes maybe we need to stop and look at what we've got here. There's a lot of people in big cities who wish they had what we do.

I see more and more govern-ment bodies beginning their public meetings with an invo-cation, and that bothers me. Cy of their office and anyone who wants to join in is wel-come to do so. But I do object to that same

every other variation, too.

This whole public prayer

This whole public prayer thing strikes me as somewhat Phariasical. People who might have trouble actually locating their copy of the Bible in their home, take great pride in standing with heads bowed while someone recites a bland, inoffensive prayer. I use the word "inoffensive" in reference to the human hearers. I have my doubts about how God feela about such prayers.

such prayers.

I have no objection to a public official saying that he intends to spend ten minutes prior to a meeting in Christian prayer or Buddist contemplation, or whatever, in the priva-

mouth."

I am opposed to the prayer in public schools movement for the same reasons.

To be fair, every faith must be free to pray in their way, and that may impose an offense on many believers.

and that may impose an offensie on many believage.

I'm sure that an Orthodox Jew would feel very uncomfortable listening to a Christian praying in Christia name, just as a Christian should not care to participate in a chant to the orthodox of the bothles in a chant to the orthodox of the control of the c

Daniel was not thrown to the lions because he led an invocation in the Babylonian senate. He was imprisoned because he worshipped faithfully in the privacy of his own home, and because he refused to worship any god but his own.

Perhaps the reason I'm concerned about all these public meetings starting with prayer is that I may soon have to be a Daniel and I really don't like lions.

A Thought For The Week by John M. Grimes

While most people do not like to think about their own death or that of a close family member, uneral pre-planning and even pre-financing can ease possible problems associated with death. There are possible problems associated with death. There are many reasons that people pre-plan their own funerals. One of the most important is that pre-planning permits free choice. It makes one's wishes known, and eases the burden placed upon the family at a time when clear decisions may be difficult to make.

Pre-planning does away with any possible diagreement among the bereaved as to what to do and how much to spend. Pre-planning gives one a peace of mind in knowing that arrangements have been made in advance.

made in advance.

If you have any questions concerning pre-planning please feel free to contact us by phone or stop in foconsultation. We will answer any questions honestlend frankly. At no obligation, of course...

Our area has been in a cloudy misty time for several days, but very little rain with some of us -only 2/10 bere, but 1/2 inch in Tarpley. Harold Jackson reports one inch at his place. February is usually consid-ered a user month but not as for

ined them and therw's a possibility it may be a mountain lion.

The Hamiltons live a few miles from Tarpley, adjoiring Willie and Olga Schmidt. So they would like the neighbors to know the dangers to their stock as well.

We had a good call from our former neighbor, Bill Thompson of Pt. Myers, Pla., last week. He sends his greetings to his friends and neighbors. He said the heavy rains went of the Tarpley Volunteer Fire Department grounds are taking on a new look since the volunteers met Saturday to clean and burn the dead trees on the grounds from "Wilt Disease."

and the fires were burning on the mixty day.

On Feb. 25, Willi Morria, Sandra duPerier, Pricilla Montgomery, Idabelle Farr, Mary Hietalahti, and Margaret Cain, all of Rie Hondo, enjoyed a day in San Antanio.

They were part of a group of 122 members and gueste of the First Sate Bank of Bandern to bus to the Barn Door Restaurant where lunch had been preselected and then on to the Municipal Auditorium to attend the standing-ovation play, The Phantom of the Opera.

Well, folks, I think winter might be just about over! The red buds are blooming folds peach trees are loaded with blooms. We have a small Spanish eak growing under the protection of a large cedar and the oak is in full leaf now. Apparently it expects the big cedar to protect if from any late freeze.

The folks in Pennsylvania have the grounding with the long name to tell them when winter is over. We have something even more accurate to rely on. The lowly mesquite tree is every rarely folded by a late frost! Having looked at a few today, I would say the red buds and peach trees had better have a more street of the say a series of the say that the say is the say of the say of the say as a veck on FM thanks, guyd. Here is another poem by the great-grandfather of Brent Morris, B.E. "Der" Spencer, a poet and a cowboy who wrangled on many ranches. In a book of his poems is this one about Banders, written in the early 1900s. In ninsteen hundred and seven I rode into Bandera Town And bought a set of License And My Wife a wedding Gown.

Today Just out a driving I thought I would look wound My Wife asked where we going And I said Old Bandera bound

e drove into that village That's what it used to be ad The Things That we say mean They autonished Me

We walked in & got seated The waitress asked Our need And The way she handled Java I mean She showed us speed

Old Dick and Ruth runs That Place And I mean it's on The square When you get up & leave your booth You have still got steak to spare

I mean They meet Their trade And They really have a cook & There is something you don't know Aak Ruth-it's in Her book

I pitched Her down some mone She pushed it back to me With a Smile. "Not here, Dad, The drinks are all on me."

We spent four hours a driving Just to see who we could meet And kinda looking for another place Where we could park and eat

We saw a big sign a swinging With three letters O.S.T. If youv'e ever been a cow poke You know what That meant to me

We walked in That Tavern To see why all the rush And The reception That We got Would make Old Truman blush

pped a bottle of Pear

then I went to see The Sheriff He is Just a country Lad Approach Him half way right He is not a darned bit bad

He will loan you all He's got And help you all He can Do any Thing in His power To avoid the frying pan

I asked Him where old So & So Was a living now a days We will find Him if He's here For That is why the county pay

Now you take Old Man Hunter Like Ma He is antique But you can never say Old Marvin was a freak

He has a natural talent And He stays right on His line The first thing That you say Old Boyl You're doing fine

Drive up and look Him over When you have time to stay You will receive a cordial wek And His place is on display

They all take That attitude And greet you with a smile But when you hit Those dance halls Is where They show you style.

Those Folks have really got it I mean Their Pose complete Oh Boyl When They do That two step Those Galal use both Their feet

But There is something wrong I will figure it by and by I have played with cards a bit And watch The other Guy

But My Wife's still craving coffee And hums That Bandera Waltz Sometimes I sit and wonder If Her love could be false

Yet if I was young and skittish And looking for a place to stay a I would head for Old Bandera For Those Folks love to play.

Growling Stomache Stales Money for World Visions II was noon, February 26th, as the clock struck 12-00, eight Utopia students knew that their journey had begun. As time ventured on at the Methodist semiors to the senior citizen's seniors to the senior citizen's talent above, we all knew that the stomach growling was sure to come.

them and a several providing was sure to some.

We played games and watched movies, and had a lot of fun, hardly even noticing our hunger. By Sunday morning, we were eager to end our journey, but knew it was well worth the effort.

In fact, by this time tomorrow, 35,000 children will have died. In fact, by this time tomorrow, 35,000 children will have died sarvation and disease. Fortunately, our lives in Utopia are safe and secure, and we don't werry much about whem the same of the

Several participants com-mented on the fast.

"It was a very sacrificial expe-ience," Toni Clark said, while ohn Baumer revealed that the est way to shake off hunger is paleer.

Sunday at 6:00 p.m., 30 hours had passed, and the fast was concluded by a delicious spaghetti supper that filled empty stomachs and celebrated the cause behind the fast-help-

the cause behind the fast-helping to end hunger by raising money to support children across the world.

A tremendous thanks goes out to participants Natalie and Robin Hall, Heather Clark, Elizabeth Dunn, Toni D. Clark, Jennifer Davis, John Baumer,

By the way, for you quilting enthusiasts, the Quilt Guild now meets at the Center on the 3rd Wednesday of each month, joining forces with the Heritage Club at 9:30 a.m.
In spite of the cold weather, almost 60 people turned out for the March 3 paneake and tace breakfast. Ken Clark did a fine job of cooking, and serving and cleanup was all handled by volunteers.

Daniel Metcalf, 37, of Spring Branch walked away from this one-car accident on Hwy. 16 Monday.

Three accidents keep EMS, officers busy

Three accidents over the last few days have kept DPS offi-cers, sheriff's deputies, and county EMS busy saving lives and taking reports.

In the first accident, on Friday, March 10 at 6:05 p.m., a vehicle driven by Glenn Dean, 22, of Ppe Creek struck a vehicle almost head-on driven by Brenda Caldwell, also of Pipe Creek.

According to DPS Officer Dan Butts, Dean's vehicle, trav-eling south on FM 1283, ran off the road to the sight. The vehicle then re-entered the road and struck Caldwell's vehi-

wehicle then re-entered the road and struck Catawells vent-calculated has a transported to University Hospital with multiple injuries, and remains in critical condition. Dean was transported to Methodst Hospital.

On Monday, March 13, a motorcycle struck a truck on Hwy. 16 between Banders and Medina at 130 p.m.. According to witnesses, the driver of the motorcycle, Edward Williams, 50, of San Antonio was attempting to pass an RV, and pulled into the left lane.

His motorcycle struck a truck driven by Richard Roney, O'T. would imagine they would consider him critical, Butts said. *He had some postty bad injuries from the impact.

Williams was transported to University Hospital by Alt-Life.

AirLife.

In the third accident, also on Monday at 3:20 p.m., a vehicle driven by Daniel Metcalf, 3:7 of Spring Branch, left they. 16 south in front of the Barrel House and climbed an embankment, then flipped.

According to witnesses, Metcalf was walking around when rescuers arrived on the scene. He refused transport to a hospital.

County Commissioners, Springhills strike deal for Bandera County water

After months of being at odds with one another, Bandera County Commissioner's Court-and Springhills Water District have teamed up to pursue the acquisition of water rights for Bandera County. Joe Cantu, president of the

acquisition of water rights for Bandera County.
Joe Cantu, president of the Springhills board, and Ray Buck, Springhills board, and Ray Buck, Springhills manager, appeared before Commissioner's Court on Wednesday, March 8 to ask the Court to consider a resolution to support Springhills and Representative Bob Turner on possible legislation that would allow Bandera County, through Springhills, to procure and hold surface water rights for future use.

use.
The County and Springhills have been in opposition to each other during the recent TMRCC (Texas Natural Resource Conservation Commission) hearing process regarding the change in permit for water use by the Bexar Medina Atascosa

Irrigation District (BMA).

Bandera County opposed the change in the permit, but springhills did not oppose the change and, in fact, made an agreement with BMA for the future purchase of 5,000 acre feet of water per year by Springhills for the use of Bandera County citizens. The agreement was reached at the Judge of the Springhills for the use of Durbny Welnesday's meeting, Cantu told the Commissioners that the proposed bill would "give us a tool, if water becomes available. There is a need to change the water law and Springhills feels this (bill) would provide that change. Commissioner Dan Alanis commented that the proposed legislation asks for rights to "unappropriated water." Alanis pointed out that there is no unappropriated water above Medina Dan, and he felt the legislation would be a waste of time.

County Attorney Kerry
Schneider suggested a compromise to unite the two groups.
Could we work toward amending the legislation to ask for
unused appropriated water.

Schneider pointed out that in
the past BMA has not used its

legislation to procure a right to
that unused portion.
Cantu and Buck assured the
court that they would be willing.

For many years, Bandera had a baseball team that, at times, was second to none around the Hill Country and the surrounding area. However, there were times that the team did have its problems, especially during its organizational period.

Judge Charles Montague helped organize the team, and became its coach and manager. His wife, Laura, machine and by hand.

Donations made the meager equipment possible. There seemed to be only one thing missing - a book on how to play the game and the rules. The Judge himself said that what he had seen was easily copied.

At first it seemed to be all bedlam However, by the coach's quick thinking and ingenuity of making up rules us they went along, some semblance of order, and a team, was gradually forming. The came the eventful the substantial for the substantial that the firm one can, Judge Montague, actually went out, dug down in his own pockets, and paid four this for a coach's manual on the rules and regulations and proper methods of playing baseball.

A short time after this failure, Banders became a team to contend with. Was the Judge doing his homework?

I love words. I guess you could say that I am a wordmonger. And if you don't know what a monger is, look it up.

In particular, I love the English language because there are so many different ways to say the same thing. For instance, if I am writing a story with an emphasis on traditions. I can substitute "customs," habits, and practices so my story won't get boring, hopefully.

Anyway, back then, there went's puricular piace called a dining room. Wherever the master or lord happened to be sitting, in whatever room in the castle, when he got hungry, is where he ate.

The servanta would carry the table to that room and position it in front of his chair. The table was called 'the board.' Thus, the master was the chairman of the board.

I am surprised and delighted when I find out new words or new meanings for words. For instance, Pegg Tobin used the word 'drouth' in her column, in place of drought. I thought she word 'drouth' in her column, in place of drought. I thought she mistyped. But no, it is a legitimate word which means the same thing.

A Thought For

The Week by John M. Grimes

Whether you want to be assured that your uneral will follow your beliefs and wishes, or

funeral will follow your beliefs and wishes, or you want to relieve your family of the financial burden your funeral could bring, pre-planning makes sense.

We realize that so many aspects of the relationship between a funeral home director and those he is serving is of a highly confidential nature and that is why we value most, both personally and professionally, the trust so many families in our community have reposed in us over the years.

If you wish to discuss pre-planning or pre-financing, we are available at any time to help you. This, of course, is without cost or obligation. . . As your friend and your neighbor, we consider this a privilege.........

Steps Into Jesus Christ

The

Bible Christ is savior of the body, His church, Speak Colossians 118, Matthew Hist, Therefore it is Speak Colossian 118, Matthew Hist, Therefore it is saved. How do we get into Jesus Christ? It is necessary to walk by faith, not by sight." Corrinthians 57. There are certain things a person must do in order to be saved. In acts 240, Peter said, "Save yourselves from this untoward (erooked) generation." Every step we take in becoming a Christian must be an act of faith and may be referred to as a step of faith. The First step is to HEAR the truth, the word of God, Romans 1617. Without faith, it is impossible to please god, Hebrews 116. The third step is to REPENT of sins or perish-Luke 113. All men are commanded to repent because the judgment day is coming, Acts 1738-31.

That was the year that Jack Phillips was killed in Seco Canyon. He was the last person to be killed pladians in Bandera County. This killing delayed the starting of the town of Medina. Mr. H.H. Carmichael, a graduate of Columbia University, had just married and come to Bandera County. He was having a nice home built where the two story house at the edge of Medina, known as the Nesting House, now stands on land once owned by John Jagnes. When Carmichael heard that Jack Phillips, the deputy sheriff, had been killed, he decided that Medina was not a safe place to live.

While most people do not like to think about their own death or that of a close family member, funeral pre-planning and even pre-financing can ease possible problems associated with death. There are many reasons that people pre-plan their own funerals. One of the most important is that pre-planning permits free choice. It makes one's wishes known, and eases the burden placed upon family members at a time when clear decisions may be difficult to make.

By Faith Abraham Obeved

The The lie apress saved by faith alone, works alone, or a combination of the two? The Bible says that, "For by grove 2.8 by the Bible says that," For by grove 2.8 by the Bible says that, "For by grove 2.8 by the same through faith (Ephesians 2.8). This eliminates works alone, as some religious groups teach, because, "tis not of yourselves" (same verse), We are saved by the wonderful grace of Cod-we could never do enough to please thim or do enough to earn our salvation. However, God doesn't force His grace on you against your will (as some Calvinistic groups teach). A person must have faith (Hebrews 11.6). Remember: we are saved through our faith! All of the great heroes of faith" in Hebrews 11.8 the Bible records, "By faith Abraham obeyed." You see, Abraham did not just say, "I believe in God" or a some would say today, "I believe in Jesus". He proved or showed his faith (James 2:18). His "works of obedience" were the result of his faith. What about you are you showing or proving your faith (II Corinthians 13:5)." God said, 'GOl' That was enough! Why would Abraham take such a-risk.' Pay faith Abraham obeyed!' You see even the 'demons believe and tremble.' Because of Abraham's strong faith in God, he couldn't sit still. His faith would not allow him to be disobedient or complacent. See how faith and obedience (workshie together? 'by faith Abraham obeyed.'

If we believe in an almighty god with infinite wisdom and power, then it only makes sense to do things His way. It takes faith to love your enemies. It takes faith to put others needs ahead of our own when we'd rather be doing 'our own thing'. But, 'By faith Abraham obeyed.' May the same thing be said of you and me! Reveal your faith today. Threat of rabies continues with discovery of rabid bat at Alkek

A rabid bat was found at the front door of Alkek Elementary School last week, reports Bandera Country Animal. Control Officer Billy Graham. The bat was successfully expured said Graham. The cool district sent a flyer home with all students warning parents of the control of th

the dauges animals.
"We want people to know not to handle any animal they sus-pect has rabies," said Graham. "You do not have to be bitten to have exposure to the disease." The Bulletin erroneously reported that a Medina woman had been bitten by a rabid for

last week. The woman had been touched by the animal when it attacked her. That is an exam-ple of exposure, says Graham, and that is the reason the vic-tim is taking the series of rables shots.

"If you kill a suspected ani-ial, do not touch it," says

Graham.

It is vitally important that every dog or cat in Bandera County be vaccinated in order to keep the epidemic under control.

There will be a rabies clinic in Medina this Saturday from 1-3 p.m. conducted by Dr. Steve Sells of Bandera Vet Clinic.

A variety of homestead exemptions could lower your property taxes!

A homestead exemption lowers the property taxes on your home by lowering its taxable value. If your home is valued at \$50,000 and you receive a \$5,000 homestead exemption, your home will be taxed as if it were worth \$45,000.

Who qualifies for an exemption?

Anyone who owned a home on January 1st [and used it as their primary residence on that date] is entitled to a \$5,000 homestead exemption to lower their school taxes this year...and it doesn't matter if your home is a house, condominium or mobile home. (Counties, cities and special taxing districts may also offer homestead exemption.)

Are other exemptions available?

If you're disabled—or if you're 65 years old or older—you are entitled to an additional \$10,000 school tax exemption on your home. And if you qualify for the over-65 exemption, you're also entitled to a permanent you're for the property tax of the you're for the your f

Do I have to apply each year?

No. If you had a homestead exemption on your home in 1994, you won't need to reapply for 1995 underst received an exemption on your pretent home-or if you've moved to a new home-you'll need to file for he additional exemption for 1995. And if you turned 65 or became disabled during 1994, you need to file for the additional exemptions.

When and where should I file? File applications by May 1 at your appraisal district office. If you need more time, contact us at:

Representative Bob Turner as submitted HB 2903 to the has submitted HB 2903 to the House of Representatives as the result of a joint resolution of support he received from the City of Bandera, Bandera County and Springhills Undergound Water District. The bill was the result of a compromise offered by County Attorney Kerrie Schneider at the March 8 commissioner's ceut meeting.

the March 8 commissioners court meeting.

The bill, as suggested by Springhills, asked for the rights to unappropriated water in Bandera County to be turned over to Bandera County as those rights become unavail-

able.
Schneider asked if the bill could be worded to ask for trunsed appropriated water, which would give Bandera County the right to ask for some of the water historically unused by BMA from Medina Lake.

Bandera Beauty Shops...

Bandera Beauty Shops have come a long way since their beginning. In the mid-1930s when I moved here,

We made our own shampoo by shaving up a bur of castle soap and dissolving if. Then a vinegar rinse was rinse, she brought a lemon to be squeezed at the shop. There were also oil shampoos, usually heated olive oil applied to the scalp, then either hot towles wrapped around the head or put the customer under the "steamer," then shampood. The sets were fingerwaves and flat pin curls, sometimes pin curls all over the head. Later he-Hollywood "aluminum curlers came along. A Thought For The Week by John M. Grimes

From mountain tops, hills and valleys, cities and villages as a joyful day. They profess belief in life after death. The meaning of Easter may well be summed up in the one word-LIFE. on Easter we echo the psalmist joyful cry: "I shall not die but Live!" We shall not die but live, because we have a living God, who is a God "Not of the dead but of the living..." We shall not die but live, because we have a living Savior, who has assured us, "Because live, ye shall live able but live, because we have a living Savior, who has assured us, "Because live, ye shall live all the but live, because we have a living some one of the resurrection morn; hope in the eternal vision of our risen Lord.

But Easter is more than hope. Easter also means witness. We who have beheld the glory of our Lord's resurrection and felt the surge of life within us must also—as the psalmist bids us "Declare the works of the Lord."

n Easter we have the promise of life, in Easter we have n immortal hope......

*A BILL TO BE ENTITLED AN ACT

Relating to water rights of the Springhills Water Management District BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Chapter 654, Acts of the 71st Legislature, regular session, 1989 is amended by adding section 11A to read as follows:

Section 11A. WATER RIGHTS. (a) The Texas Natural Resources Conservation Commission shall, not later than September 1, 1996, conduct a study of water rights in the San Antonio River Basin, including the Medina River Watershed, to determine the availability of unappropriated water and appropriated water that has not been put to beneficial use.

(b). The Texas Natural Resource Conservation Commission shall issue one or more permits authorizing the district to appropriate and apply to any beneficial use any unappropriated water or appropriated but unused water in the Medina River Watershed that becomes available for appropriation until the amount authorized by permit equals 5,000 acre-feet each year. The permit must authorize the district to transfer water out of the watershed for use at any place in the district regardless of the water's place of origin. The district is not required to comply with the application procedures provided by Subchapter D, Chapter 11, water code, to acquire the permit.

(c). Before issuing a proposed permit to the district, the commission shall notify all persons who the commission considers may be affected by the permit, including each claimant or appropriator of water from the watershed and each navigation district within the Medina River Basin. The notice must indicate the amount of water proposed to be permitted and any additional information the commission considers necessary.

(d). on the request of a commissioner, the executive director, or any affected person made before the 15th day after the notice is given, the commission shall order a public hearing on the issuance of the permit and its potential impairment of water rights to be held before the permit is issued.

(e). After considering evidence at the hearing, the commission may:

(1) determine that water is not available for the permit;

(2) adjust the amount of the proposed permit to ensure no other water right is impaired; or

(3) issue the permit as proposed, if it will not impair another water right. The commission shall issue the permit if no request for a hearing is made.

(f). The district shall pay all applicable fees under section 5.235, water code, associated with the use of water appropriated under this section, except the district is not required to pay a filing fee or cost of notice ordinarily required with an application for a permit under that section. The district shall pay all watermaster fees associated with the use of water appropriated under this section.

(g). Any water right acquired by the district under this section may not be canceled, in whole or in part,

under Subchapter E, Chapter 11, Water Code.

SECTION 2. The importance of this legislation and the crowded condition of the calendars in both the houses create an emergency and an imperative public necessity the the constitutional rule requiring bills to be read on three several days in each house be suspended, and this rule is hereby suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

Rodeo! It's non-stop excitement...

If you are visiting the Cowboy Capital of the World, you have Levery right to expect to see some real cowboys, and there is no better place to see cowboys in action than

YOUTH RODEOS-Rodeo season gets off to an exciting start with the Bandera County Youth Rodeo Association Family Rodeo beginning at 10 a.m. at Mansfield Park Saturday, May 13. Anyone can enter this fund raising event to support youth rodeo activities throughout the summer. Books open at 8

Other youth rodeos are sched-uled for May 19, June 2, 16 and 30, July 7 and August 11. All youth rodeos are held at Mansfield Park Arena and begin at 7 p.m. There is no admission charge, but some young person will probably pass the hat for donations sometime during

PRCA RODEO--The Cowboy Capital Rodeo Association is gearing up for the 12th Annual Cowboy Capital PRCA Rodeo to be held Memorial Day weekend at Mansfield Park in Bandera.

Crowds can expect to see all

Professional cowboys such as World Champion All-Around Cowboy Ty Murray, from Stephenville, Texas; Women's Professional Rodeo Association's World Champion Barrel Racer Kristie Peterson: and Gary "Roach Hedeman, PRCA Rodeo Clown and Bullfighter may be on hand to thrill the crowd.

The CCRA is at work improving and expanding the seating facilities at the Mansfield Park Arena for the pleasure of the fans. Extra box seats will be added to the arena to accommodate a larger crowd.

This is your chance to see professional rodeo cowboys up close and

COUNTRY RODEOS--Every Saturday during the summer visitors can enjoy the laid back style of the country rodeos held at Twin Elm Ranch on FM 470. The rodeos start at 8 p.m. Admission is \$2 per person, children under 12 are free. This family-run rodeo has been a local tradition for guest ranch visitors for many years. But you don't have to be staying at a guest ranch to go on out and enjoy the fun!

OPEN RODEOS-The Bandera County Bureau will sponsor Tuesday night Cowboy Capital Open Rodeos produced by John Singleton. The rodeos will begin May 30 and continue each Tuesday throughout the summer until August 15.

The Cowboy Capital Open Rodeos will be held at the Mansfield Park Arena, beginning at 8 p.m. Admission is \$4 for adults, \$2 for children, age 5 and under

ishing and boating are two of completion of the Medina Dam in the favorite pastimes at 1912. Medina Lake.

The Lake is home to black bass, white bass, crappie, striped bass and perch, all catchable if the right bait is offered in a proper manner in a correct location. But catfish are the real secret of Medina Lake.

Anglers will find fishing from a boat most successful since Medina Lake is surrounded by private property. The general public can launch a craft from a public boat ramp located at the state park at the end of PR 37.

Shore fishing is available and boats may be launched from privately owned ramps for a fee. Some launch sites on the lake include Cedar Point Landing, Bob's Cove, Red Cove, Goat Hill Camp, Pop's Place and Wharton's Dock.

Fishing license information and TPWD boating safety information is available at local tackle shops and sporting goods stores, including Bandera Ice House and Lakehills Ice House

Lakehills, located near Medina Lake on PR 37 can trace some of its early settlers back to 1854 and the Mormon colony of Lyman Wight. Real development arrived with the

The actual construction of the dam was a wonder in 1919, and still is today. It took only two years to construct the largest dam in Texas, and the fourth largest in the United States. And it was done with private funding.

Don't forget to stop in Pipe Creek...

Pipe Creek, on Hwy. 16 and 1283, is small in size but big in opportunities for fun. Shop for bargains at the Pipe Creek Trading Post and Flea Market on weekends, eat the best chicken fried steak in the county at the Pipe Creek Junction Cafe and get mouthwatering homemade sausage kolaches at Darcy's Ranchhouse Bakery. Or drive down 1283 for barbecue at Phil's.

Shop for antiques at the Victorian Emporium and Country Accents Antiques. Check the gifts at the Mooo-D Lady.

Buy landscape and garden plants, rent a movie and do your laundry at the Pipe Creek Plaza.

Pipe Creek Feed and The Feed Barn can take care of the needs of your animals and provide ranch supplies.

Sunday morning, attend church with the friendly folks at The Little Rock Church or First-Baptist Church on Hwy. 16, or Hill Country Chapel on Hwy.

You can visit Lightning Ranch and Bluebonnet Ranch for horse back rides, camp and fish at Pop's Place or spend the night at Hill Country

Bandera County Courthouse...

quarried limetone and massive cypress trusses are two noteworthy features of the County Bandera Courthouse

The county celebrated the 100th anniversary of the two-story structure that continues to dominate Bandera's skyline in 1991.

The courthouse stands on Main Street between Pecan and Hackberry Streets. across from the Bandera County Library. Housed in the

courthouse are the offices of the county judge, county clerk, county tax assessor, and county treasure

Upstairs is the courtroom where District Judge Steve Ables and County Judge Roger Raser preside. Bandera County Commissioners

also hold their regular monthly meetings in the upstairs courtroom. For many years, the courthouse served as the centerpiece of Bandera's community life. Dances and social events featuring old-time fiddle and guitar music, church revivals and ice cream socials were held regularly on the courthouse

In May of 1890 the county fathers decided it was time to build a new courthouse and time to move from the old courthouse on Cypress.

Courthouse Square Monuments...

andmarks honoring war heroes and veterans, rodeo cowboy champions, and commemorating Camp Montel and Bandera County pioneer Amasa Clark, stand on Bandera County Courthouse sourre. The five monuments stand in a line across the front of the courthouse along Main Street.

The rodeo cowboys' champions' monument honors local rodeo champions including Toots Mansfield, Ray Wharton, Buddy Groff, Todd Whitewood, Scooter Fries, Clay Billings, and Jimmy Adams.

The war heroes monument is a memorial to Bandera County men who sacrificed their lives in World War I. Some 23 names are inscribed on the granite monument that has stood since 1924.

The veterans' monument is the newest monument on the courthouse square, and is placed in honor and memory of all war veterans by the Bandera County veterans and auxiliaries. It is pledged as a "tribute to valor" in "patriotic allegiance to sanctify God and country."

The Camp Montel monument is a memorial to the Texans who served in the Confederacy. It commemorates Captain Charles de Montel and the Texas Civil War Frontier Defense. The monument was placed by the state of Texas in 1964.

The monument reads ... "Texans had 2,000 miles of coastline and frontier to defend from Union attack, Indian raids, marauders, and 'bandits from Mexico'. Defense lines were set to give ... protection with the few men left in the state."

The Clark monument is a huge granite boulder erected as a memorial to Bandera pioneer Amasa Clark, who died in 1927 at 101. Clark, the first permanent settler in Bandera county, was led here in 1852 by Indian friends. A veteran of the Mexican war, his stone marker originally stood in the National Cemetery at Ft. Sam Houston.

In 1945, the granite monument was moved to Bandera. Clark is buried in a family cemetery about four miles west of Bandera.

Dude Ranches offer a variety of fun activities and specialties

Bandera has been catering to "dudes" since at least 1895 when the old Duffy Hotel was built on Main Street. Girls and their families would travel out from Houston for the summer, and young cowboys from the surrounding ranches would ride their horses in on Saturday and Sunday to show

Dixie Dude Ranch

Go south on 173, over the bridge to Dixie Dude Road, take a right and go nine miles.

This ranch has been in the same family since 1901 as a working stock ranch. In 1937, it was opened by the family as one of the first working guest ranches in Bandera. Billie and Dee Crowell took the ranch over from her father and ran it for 51 years. Her "chicken every Sunday" dinners were renowned world-wide. Clay Conoly, Billie's grandson, is running the ranch now. as a full-blown Dude Ranch. There is a 100-year-old working barn on the ranch, and an honest-to-goodness old cowboy range war cemetery. 796-4481 LH7 Ranch

In 1946, Col. John Lapham, a WWII flying ace, created the Flying L on 542 acres of beautiful Texas hill country. His motto was "where a modern person can go and find himself in the midst of vesterday." With his love of flying he built the air strip and operated a flying school. A Frank Lloyd Wright associate redesigned the original single cabins into elegant villas. The layout of the ranch is such that an overview shows it to be laid out in the shape of an airplane.

Lightning Ranch Located on FM 1283, .7 miles west of Pipe Creek, this ranch offers three separate cabins on a horse ranch with 2 BR, 1 BA, living area, full kitchen and deck. Swimming pool, shuffleboard, horseshoes, picnic area, regulation-size sand volleyball court, covered pavilion and horseback riding. Refrigerator stocked for breakfast. Party facilities for up to 100. Overnight camping available for four or more with tents and full guest facilities. Fullsize arena offers team roping activities on Tues, and Thurs, evenings, Spectators welcome. 535-4096.

Lightning Ranch, Brighter Days Horse Refuge in Pipe Creek able, including short trips, and half-

Sybilmand family, are ready to welcome visitors to Pipe Creek.

Sybil Broyles says that one of the greatest rewards of running the Lightning Ranch is watching the children that visit the bed and breakfast establishment located in Pipe Creek

"The thing that is really great for kids is the hands-on experience," Sybil says. "The reward is watching them bloom while they are here."

The main house at Lightning Ranch is one of the first homes built in Pipe Creek, According to Sybil. the first residents routinely shot at raiding Comanches from the kitchen window.

Sybil was born and raised in San Antonio, and graduated from Texas Tech University with a degree in

advertising design. She and her for-mer husband founded Texas Monthly magazine, then moved to California.

In an attempt to get back in touch with her Texas roots, and to show her two children what life was like in the Hill Country, Sybil visited the Mayan Dude Ranch in Bandera in 1991. While there, she met a wrangler named Lightning.

"I felt that after the hustle and bustle of Los Angeles, the only sanity was with nature," she says.

Two months later, she came back and entered into a partnership with Lightning that resulted in The Lightning Ranch. Four years have passed and the ranch, and Sybil and Lightning, are still going strong

"It has not been boring," says Sybil, with a laugh.

From their early beginnings, the establishment has become three complete houses available for rent. There is a swimming pool, basketball court, volleyball, horseshoes, trampoline, shuffleboard, ping pong, and a pool table. And, of course, horses,

"One of the things we wanted was a place where people could just ride." Sybil said.

There are many packages avail-

day trips. They have 22 quarterhorses, and will provide lunch.

On Tuesday and Thursday evenings, visitors can go and watch team roping, and eventually, on weekends, barrel-racing.

"I hope the community will take advantage of it." Sybil said. "because people can just rent it out, possibly for play-dates, 4-H and horsemanship clinics."

Many of the guests to the ranch are repeat visitors, and after meeting the beautiful, down-to-earth Sybil, and Lightning and his welcoming crew of wranglers, it is easy to see why.

Lightning will take guests horseback riding through the beautiful Texas Hill Country.

ving force behind Brighter Days Horse Refuge, located just south of Pipe Creek off of Hwy 16

Weatherholtz, who is from England, and her husband, Bill, had never owned a horse before her first "rescue."

At first, she planned on just res-cuing a few horses, and that first year all the money they spent came out of their own pockets.

Word got around fast, however and before the year ended; the Weatherholtzs had 18 horses.

There are 33 horses, 3 goats, and a bull that got hit by a car living at the refuge now.

Brighter Days gets more visitors n warmer months and many of these are children. The public is welcome to drop by and visit the animals. The goats love to be petted and cuddled

Brighter Days runs solely on contributions and donations, most

of them from private individuals. "It would be wonderful if we didn't need places like this." Jeannie says with a wistful expression, "but it doesn't seem to be get-

ting any better." The number for Brighter Days Horse Refuge is 210-510-6607.

Botany Cut preserves native plants...

The Native Plant Society and the Bandera County Roadway Maintenance Department have agreed to leave unmowed a 600 foot section of Highway 16 so that approximately 135 species of plants native to the area will be allowed to flourish for the public's viewing pleasure. Some of the more unusually named plants that can seen at various times during the year are: the Scrambled Egg, the Frogfruit; the Eyeva Necklace, and the Dog's Ear.

The new attraction is called a

"botany cut" and is a wildflower.

habitat area. This is the only "botany cut" in our district of 16 counties and may be the first one in Texas.

The Botany Cut is on Hwy. 16,

The Botany Cut is on Hwy. 16 just 5.2 miles north of Bandera.

The Native Plant Society has future plans to build steps leading into the area and meandering gravel paths with signs and pictures to identify the various plants.

In the meantime, native plant enthusiasts can obtain a list of the resident flora from the Chamber of Commerce.

Mistoric Hiti Ckberry Lodge One Block West of Main St., Bandera, Texas Historic elegance in a 1890 mansion filled with antiques. Comfort and intimacy with private baths and private entrances. Casual elegance for the perfect getanay! Long and short-term stays. The perfect setting for weddings, family retunions, corporate retreats, etc. For Reservations: (210)460-7134, S.A. Metro P.O. Box 1745, Bandera, TX 78003

Hidden among laurels, liveoaks, and cedars, Wandering Aengus Cottage is a romantic and picturesque hideeway in the hills near Medina Lake. Complete to the smallest detail, it has a large, comfortable living room, a luxurious bedreom, a fully appointed bath, a country kitcher, and an airy, latticed smoking porch. Antiques, Old English stained-glass panels, a fireplace, and vauled ceilings with fans create an atmosphere of grace and ease.

The Cottage is heated and air conditioned, with a color television, a video cassette player, and its own library. The well-stocked kitchen holds exceptionally hearty breakfast provisions, along with complementary snaeks and soft drinks. On our twenty wooded acres, paths wind to the Treehouse of the August Moon, meander through a border of laurels, and ascend to a tranquil observation deck; from its bench, a succession of hills unfolds, one behind another far into the sunset.

Ideal for couples or small families—anyone seeking a relaxed, relaxing, and thoroughly lovely retreat.

Out of the way and off the beaten path...

A medallion and plaque designate Polly's Chapel as an officially recorded Texas land-

The serenity of the site befits the historic and religious importance of the 102-year-old chapel erected east of Bandera by pioneer Jose "Poli" Policarpo Rodriguez.

Inclusion in the United States Department of the Interior's National Register of Historic Sites has been recommended.

The hand-hewn native rock place of worship is sometimes spelled "Poh's Chapel."

Rodriguez, a man described by historians as a fearless dreamer, was possibly the most towering figure in the history of the Hill Country. He was known as an Indian fighter, scout, frontier-guide and surveyor.

Texas was still part of the Republic of Mexico when Rodriguez was born in Zaragosa, Mexico in 1829.

Poli was a central figure in the

U.S. Cavalry's bizarre camel corps at Camp Verde near Bandera Pass.

Having acquired land on nearby Privilege Creek, Poli stayed in the area after the war. He became devoted to the well-being of the Privilege Creek community and to the church he built there.

Policarpo Rodriguez is buried in Polly's Cemetery on Privilege Creek Polly's Chapel does not hold regular worship services, but remains a favorite site for weddings and special gatherings. The Rio Grande Conference of the United Methodist Church oversees the welfare of

Polly's Chapel.

The steeple on the building was replaced a few years ago, but care was taken to reproduce the original as closely as possible.

Echoes from the past are loud and clear at Bandera's Frontier Times Museum

The Frontier Times Museum began as a private collection of old west and pioneer artifacts belonging to the late J.M. Hunter, Sr. The 40,000-piece collection includes some rare artifacts, even prehistoric items.

Each year, some 12,000 visitors

Rotating exhibits are featured in the Doane Gallery, Different area artists are selected each month to display art work which includes watercolors, leather work, needlework, quilting, oil painting, and ceramics.

The Louisa Gordon Collection contains a full-size totem pole, many items of oriental art, and a fabulous collection of 400 bells from all parts of the world.

These bells range from Russian sleigh bells, elephant and camel bells, and a Siamese dancer's collar and necklace to a Chinese gong from the Ming Dynasty. The oldest bell in the collection is a gong from China's Han Dynasty, 207 B.C. to 220 A.D.

One unusual item in the Gordon Collection is a throne chair from the Dog's Palace in Venice, Italy. This ornately-carved chair of Circassian walnut is over 400 years old. it was used by the royalty of Europe when they visited the Doge, or chief mag-

istrate of Venice, to pay their

Perhaps the rarest item in the collection is the reincarnation plate which comes from the Krishna temple in Benares_India - the birth-place of Hinduism. The plate, intricately carved in silver, copper, and brass was used by the Hindu priests to teach their followers the cyclic theory of reincarnation.

The Charles Fagan Collection includes many items of South American origin. It includes a 400-year old pair of brass conquistador stirrups, a porcupine fish, a wooden idol from Easter Island, an iguana Ilīzard, an alligator tooth necklace, and two shrunken heads:

Jivaro Indians, a tribal people living in the jungles of southeastern Ecuador and northern Peru, shrank the heads. According to legend, the tribe carries on blood feeds among themselves and in order to prevent the 'spirits of their dead enemies from inhabiting their bodies, they perform an elaborate ceremony that involves shrinking the victim's head

head.

Texas, and the southwest, are not left out of the exhibits at the Frontier Times Museum. Pioneer items include assorted tools, saddles, furniture, weapons, and clothing.

Tapley's old telephone switchboard is on exhibit. It was used from the early 1930s to the mid-1960s. Several early mode phones, music boxes from the 1880s, an early permanent hair wave machine, a primitive baby incubator, and a full-sized replica steam engine are among the Taxassouthwest artifacts.

Fiber netting, presumably used by a prehistoric man who lived in the Chisos Mountains of the Big Bend territory nearly 3,000 years ago, is perhaps the oldest artifact.

A camel hair pillow that belonged to Bandera County Pioneer Amasa Clark is on exhibit at the Frontier Times. Clark was a camel herder during the "great Camp Verde camel experiment" carried out in the 1850s.

Clark secured enough camel hair to stuff a mattress and two pillows. The mattress eventually fell apart. One of the pillows was placed in Clark's coffin when he died at the age of 101. The other pillow was enshrined in the museum.

Turn-of-the-century school books and encyclopedias, a two-headed goat, stuffed wildlife from the Hill Country area, and wonder after wonder; it is all on display for visitors and residents to enjoy.

Walkin' Bandera...

Put on your walking shoes and take a stroll!

Patering Bandera from the east via State Hwy. 16, one of the first historic buildings a visitor can spot is the impressive Schmidtke-Callahan House at the intersection of Cypress and 13th Streets, currently the home of McMullan Insurance. The house was built in 1870 by James Henry White of Georgia, for Charles F. Schmidtke, an early-day merchant, sawmill and gristmill operator. The Schmidtke-Callahan House is a recorded Texas Historic Landmark

Taking a left on 12th Street off Cypress, visitors can "round the block" and see four historic buildings. The old Bandera jail was built in 1881. Designed by Alfred Giles, an English architect from San Antonio, it was built by James A. Courtney. Prisoners' initials scratched into the stone walls are still visible. It is a recorded Texas Historical Landmark and on the National Register of Historic Places. Adjacent to the old jail building is Bandera's old courthouse building. Built by Henry White in 1865 as a store, it was purchased in 1877 by Bandera County, and used as a courthouse

The Carmichael and Hay Store, built in 1886, (also by Henry White) is a limestone structure that operated as a general store and is now Bandera Ranch Store. Next to it is the Fred Thalmann Marker (1949) under a pecan tree on the corner of Maple and Main Streets. The small park was dedicated to Thalmann, an early leader in the local wool industry.

Near the intersection of Cypress and Main Streets, Huffmeyer Store was built by B.F. Langford in 1873 for Emil Huffmeyer's general store. For many years a drug store was located in the corner where Shoe Biz is now located, and The Trading Post has occupied the other portion of the building since the

Further down Main Street is the Old First National Bank. Built in 1875 by W.J. "Short Bill" Davenport, it was operated as a private bank for several years. Later it operated as an art gallery and architect's office, and currently, houses Harvey's "Old Bank" Steakhouse

Directly across the street is the

Lee Risinger Store, also the second home of the First State Bank. In the next block over from Main

Street, on 11th Street, are the next five stops on this walking tour. The building that houses Stein's

of Bandera was built as a feed store operated by Henry and Tom Stevens. Later it was the hardware store of B.F. Langford and Son, and later a funeral parlor operated by the Langfords.

Also on 11th Street, on the corner, facing into Cypress Street, is the oldest stone building in Bandera. This much-altered building on the corner of Cypress and 11th Streets has been a courthouse. store, school, funeral home, and res-

Across the street, on the corner of 11th and Cedar Streets is the old First State Bank. On a site bought by the city's founder, John James, in 1842 the old two-story rock building was built in the 1840s. It was used as a school between 1860 and 1879. In the 1880s it was known as Bandera Institute and operated by a Professor Ryan, thought by some to be the fugitive John Wilkes Booth, assassin of Abraham Lincoln. It is a recorded Texas Historic Landmark.

Next door to the old bank is M. Boyle Store. The frame building with a false front was built in 1908 and recently purchased and reno-

vated by the Community Assembl of God. The store was established by Irish immigrant brothers, and was an active turn-of-the-century

Another stone structure built in the 1850s was the old blacksmith shop was used by John James and Charles De Montel when they were laying out the town of Bandera. It was used by the Methodist Church in the mid 1860s; by B.F. Langford for a cabinet shop; blacksmith and wheelwright shop around the turnof-the-century; and as an office and clinic by physician J.O. Butler.

A few blocks down Cypress, at

the corner of 8th Street and dating from the 1850s, is the Catholic Cemetery. The cemetery was established after 16 Polish families colonized in Bandera in 1855 to

establish the second oldest Polish community in the United States. Names of these early immigrants are listed on a monument in front of the church and some of their descendants live on in Bandera today. St. Stanislaus Catholic Church was established in 1876 by the Polish colonists who came to

Bandera in 1855. Their log church was located where the present Gothic vernacular stone structure stands. The building is a recorded Texas Historic Landmark

Built in 1876 by Mr. and Mrs. Franz Jureczki, early pioneer colonists from Poland, the Tobin-Jureczki House is a registered Texas Historic Landmark that appears on the National Register of Historic Places, across the street from St. Stanislaus Church.

St. Joseph's Convent-Parish Museum (1874) was originally erected for the Sisters of the Immaculate Conception as a convent. It was later used as a school for children of early Polish settlers, and other Catholics, and is a recorded Texas Historic Landmark.

At the corner of 11th and Hackberry Streets is Bandera United Methodist Church. The original frame building was later replaced by a stone structure that has since been enlarged to its pre-sent architectural plan. Andrew "Fighting Jack" Potter was the first Methodist minister in this area. It is a recorded Texas Historic Landmark and United Methodist Church national historic site. On Main Street, between

Hackberry and Pecan Streets. Bandera County Library was built in 1934 as a WPA project of the Great Depression era. It was substantially remodeled in the 1970s. Bandera County Courthouse, directly across Main Street from the library, was built in 1890. Designed by B.F. Trester, Jr., work was started by Ed Braden and Son of San Antonio, and was completed by E. Huffmeyer, a local merchant and contractor. Stone for the building was quarried locally and laid by itinerant Russian stonemasons. Bandera County Courthouse is a Texas Historic Landmark.

Historical postscript: Anglo-American settlers began arriving as early as the 1850s to live in the Sabinal Canyon. Some of them, to their sorrow, thought the maple trees they found there could be tapped for sugar, New England style. They killed the trees from which they attempted to extract syrup but made a success of farming with an unusual system of irrigation ditches by means of which hey diverted river water to their

They were unwittingly carrying out the dreams of a French socialis of the 19th century, Victor Prosper Considerant, who acquired 20,000 acres in the canyon, to which he hoped to move his colony of politi-cal dissidents after a failure at La Reunion, now part of Dallas.

Operating from San Antonio, considerant and his backers went broke again and never realized their grandiose plan

Strangely enough, these dreamers and doers were not the first Europeans to see the Sabinal. Juan de Ugalde, a Spanish army officer. whose name was misspelled when the town of Uvalde was named for him, conducted forays against the Indians in the century before.
