The additional cost of the above items can be anywhere from \$750,000 to 1 Million Dollars which would bring the scope of the project in somewhere between \$1,250,000 to \$1,500,000 Dollars.

All but \$20,000 dollars of the insurance money collected from the old building was spent for the land purchase. If you do the mush according to FEMA's rules, there is doubt that FEMA will find a balance of \$1.480,000 Dollars when the old Road and Bridge Facility was valued between \$150,000 to \$200,000 Dollars.

THANK YOU!

A Special Thanks to Our Customers

at Texaritas

Texaritas has been open to serve you for about seven months now. During this time, you have tolerated our dust during construction and sometimes food and service that was not always at the standard it should have been. But you still kept coming back and telling friends . . that we were the best in Bandera. During this time we have been listening to you, have made changes, and also have implemented many of your great suggestions. Just a few examples:

- Express Dining Lunch in 30 minutes or less;
- Prime Rib on Friday and Saturday Nights; Sunday Social on Sunday afternoons:
- Live music on our outdoor patio;
- Private Parties and Social Events; No smoking and smoking sections;
- A wide variety on our menu:
- Great steak specials;
- Big 2000 Sq Ft Game Room;
- Cocktails, beer and wine.

see why our customers are coming back again and again and again

As of 8/27/04, not one of you County Commissioners or County Judge Richard Evans had called any other building contractor to se if \$500,000 dollars for a 5,875 sq. ft. building was even in the ballpark.

"Please note that this \$500,000 dollars does not include the following: parking lot, roads to the building, septic system, water well and water storage tanks, nor the sub-grade work to have to site ready for the above items.

The additional cost of the above items can be anywhere from \$750,000 to 1 Million Dollars which would bring the scope of the project in somewhere between \$1,250,000 to \$1,500,000 Dollars...

All but \$20,000 dollars of the insurance money collected from the old building was spent for the land purchase. If you do the math according to FEMA's rules, there is doubt that FEMA will find a balance of \$1.480,000 Dollars when the old Road and Bridge Facility was valued between \$150,000 to \$200,000 Dollars.

10 Things You Need to Know About Hospice ...

2. Hospice is not a place - it's a service. We bring physical, emotional, and spiritual care Hospice isn't just one person. It's a team of physicians, nurses,

chaplains, nursing assistants, volunteers, and other prof the individual needs of each patient and family. 4. Hospice is not just for cancer patients. Hospice is designed to provide care to anyo the last six months of life. This care is extended to both the individual patient and to the fa

Hospice care doesn't stop with the patient, VistaCare offers bereavement services for 13 months following the passing of a loved one, providing valuable counseling and support.

6. Hospice is not just for the last few days or weeks of life. The benefit is designed to provide care for the last six months of life, and longer if needed. Hospice doesn't mean giving up hope or current treatments. VistaCare recognizes the value of hope and the importance of faith.

8. Hospice is caring and support that is available at all times. VistaCare staff members are accessible to patients and families 24 hours a day. Hospice should not be restrictive. VistaCare believes there should be no barriers to high-quality end-of-life care and accepts anyone who is eligible for hospice, regardless of the complexity of the care needs.

And hospice isn't just for some people. It's a benefit designed to support of all people facing a life-limiting illness, without regard to culture, religion, ag

Fitting That New Or Used Car In To Your Family's Budget

It's been said that buying a car is the second biggest investilient any-one will make in his or her lifetime. But those who try stretching their budget to afford that car can turn the investment into one big headache. Before setting out on the journey for your new ride, it's best to know the limits of what von can afford and the limits of what von can afford and

A good rule to follow is that your monthly loan payment should be no more thin 20 percent of your remaining monthly income. Lenders will typically expect a minimum down payment of 10 percent, but if you can afford to put down more, do so. Increasing the down payment will cut down on the principle of your loan and lower your monthly payments.

* Estimate and include fuel costs in your expense calculation, especially if the vehicle will be driven to work or school everyday.

Check insurance rates. They're normally lower for used cars versus new ones, but will vary based on the individual and specific vehicle.

Take into consideration other associated costs like-personal prop-erty taxes, license and registration fees
